## Car Inspection Rush Is Seen

Texans, individualists that they are, have already started a potential waiting line at the State's automobile inspection stations.

H. C. Estes, Inspector of the Texas Department of Public Safety, said today that the waiting line was shaping up now to precede the inspection deadline next April 15th.

The Public Safety Inspector based his conclusion on the fact that auto inspections State wide at mid-December were running more than 200,000 behind the figure for the first two months of the 1953-54 inspection period. He said that undue waiting to secure a check of their vehicles may be averted by motorists if they will visit one of the 4,000 inspection stations at an early date.

"None of the 4,000 stations are too rushed to give you prompt attention at this time," Estes stated, "but if the figures for the first two months operation under the new inspection period are any indication, we can expect long lines at most of the stations in April. This situation can easily be averted if motorists will visit a station in the near future and secure the annual inspection."

Estes pointed out that members of the Dept. of Public Safety "handled some 112,000 violations of the Motor Vehicle Inspection Law" during the period from April 15th to September 1, 1954.

According to Inspector H. C. Estes, Supervisor of the inspection station in this area, some 4771 vehicles remain to be inspected by April 15th of this year. Registration in Lynn County for 1954 is 5672. Of this number, 901 have been inspected in the first three months of this period, leaving 4771 to be inspected in the last three months.

Now is the time to go soon and avoid the rush.

## Post Plays Here Next Tuesday

Tahoka basketball boys and girls play the Abernathy Antelopes at Abernathy tonight, Friday, and will entertain the Post Antelopes in the Tahoka gymnasium next Tuesday night.

At Abernathy, the B team boys game starts at 6:00, the A girls at 7:00, and the A team boys at 8:00. The same times apply to the Post games here Tuesday.

Friday night, Tahoka opened its conference season at home with losses to the aggressive Slaton Tigers, before the largest crowd of howling fans to see a game here in a number of years.

A team boys lost 51 to 45, A team girls 57 to 41, and B team boys 66 to 30.

The tall Tigers jumped into an early game lead, and were never headed by the Bulldogs who were "cold" at hitting the basket when pressed by the rushing Slaton team.

Slaton had a 14-6 lead at end of the first quarter, and pushed the advantage to 28-17 by half-time. Tahoka outplayed Slaton in the third and pulled up to within four points twice during the quarter and also at the end, when the score was 39-35. Slaton center, Bob Martin, fouled out midway in the quarter, and Tahoka guard, Garland Huddleston, went to the showers by the foul route a minute and a half later.

Early in the fourth, Gainard McNeely hit to cut the margin to two points, 39-37. Slaton's Smith hit a free shot, and then Tahoka narrowed the gap to one point on a goal by Junior Fitts. With three minutes to go, Tahoka was again within one point, 43-42, but the Tigers pulled away in the closing minutes to a 51-45 victory.

Junior Fitts, Tahoka stellar center, scored 22 points, and Gainard McNeely hit for 11 points, but the other Bulldogs could not hit the basket. Shearer (Cont'd. On Back Page)

## F. F. A. Boys At Fat Stock Show

Tahoka FFA boys are showing five steers and 23 hogs at the Fort Worth Fat Stock Show this week end. Judging of the junior event will be on Saturday morning.

V. P. Carter, head of the local school Vocational Agriculture department, said his assistant, Lester Adams, left Wednesday with a part of the boys, and that he was leaving Thursday with some more of them. The boys and their sponsors will return Sunday.

Boys showing calves are: Walton Terry, two; I. V. J. Melton, two; Robert Draper, one.

Boys showing barrows are: Joe Autry, two; Carroll Richardson, two; Milton, three; Walter Stice, three; Elbert Roberts, two; Lendell Norman, two; Wendell Norman, two; Lynn Strickland, one; Larry Simmons, two; W. H. McNeely, two; Garland Huddleston, two.

The boys will attend one performance of the rodeo, and will also do some sight-seeing in Fort Worth.

## Legion Meeting Set For Monday

Plans to help the March of Dimes for Polio will be discussed at a meeting of Marion G. Bradley Post 250 of the American Legion Monday night at 7:30 o'clock at the Legion Hall. Some event to raise funds for the drive will possibly be undertaken, members state.

The Legion membership drive is coming along very well, according to Adjutant John Wells. To date, 45 members have been signed. There were 57 last year. Dues are \$5.00, and any eligible veteran wishing to join is urged to see Wells or any Legion member.

## Baptist Rally At O'Donnell Monday

The Brownfield Baptist Association Youth Rally will be held at the First Baptist Church of O'Donnell next Monday, Jan. 24 at 7:30 p. m., according to Mrs. John Martin of Wilson, director.

Guest speaker of the occasion will be Mrs. John Parker, a missionary on furlough from Chili. Mrs. Parker is said to have a very interesting message of unusual appeal to young people.

## RONNIE GURLEY ON BASEBALL TEAM

Ronnie Gurley, son of Mr. and Mrs. Jesse Gurley, who is stationed at Camp Rucker, Ala., has made the base basketball team. As member of the team, he is playing against a number of other base teams over the Southern States.

## District 7 VFW Will Meet Here

Ten posts were represented by 29 visitors at a District 7 Veterans of Foreign Wars meeting held with the Tahoka Post here Thursday night of last week.

This was the first time a district VFW meeting had been held in Tahoka, according to N. T. Conner, commander of the Tahoka post. Towns represented were: Morton, Spur, Lubbock, Plainview, Lamesa, Brownfield, Seagraves, Levelland, Lorenzo, and Tahoka.

Talks were made by "Bud" Clark of Plainview, Peecos region instructor; Cecil Shonyo of Lubbock, state service officer; and E. B. Blumberg of Spur, district commander, who also presided at the meeting.

Purpose of the meeting was to make plans for the district banquet which will be held in the Tahoka school cafeteria on the night of February 22, when about 100 visiting VFW and Auxiliary members are expected to be in attendance.

The Tahoka post will be honored at the banquet for having shown the greatest increase in membership for this year of any VFW post district.

Officers of the Tahoka Post, in addition to Conner are: Roy Askew, senior vice commander; Deck Dunagan, adjutant; C. W. Conway, quartermaster; and R. R. Luttrell, chaplain.

## Post Man Hurt In Car Accident

R. B. Taylor, 85, of Post, father of Albert Taylor of Newmoore, is in Tahoka Hospital recovering from injuries received in a tractor accident near here Thursday of last week. He has several fractured ribs, but seems to be recovering nicely.

Mr. Taylor was en route home from Brownfield in his 1951 Chevrolet when the accident occurred. He was following a car. Suddenly the car he was following whipped around a tractor going down the highway in the same direction. Before he hardly knew what happened, Mr. Taylor is said to have crashed into the rear of the tractor.

The car was badly wrecked, and the tractor, driven by a Mexican and owned by A. N. Norman, was also badly damaged, a wheel being broken off.

Mr. Taylor was taken to the hospital here for treatment. Although most of the ribs down one side are fractured, he is not in a critical condition.

Curtis Harvick, son of Mr. and Mrs. Roy Harvick, was a medical patient at Tahoka Hospital Wednesday.

## Cotton Award Meet Saturday

Winners in the annual 4-H Club cotton production contest will be announced Saturday morning at 10:00 a. m. in the county court room, County Agent Bill Griffin announces.

Winners will be announced and prizes presented by Wilmer Smith chairman of the county cotton contest committee. The \$300.00 in prize money is being contributed by the co-op. gins of the county.

There are two contests, dry land and irrigated, and the winner of each will receive a \$75.00 cash award and a Stetson hat from Rutherford's. The winners will compete in the area contest, entries for which will be filed before Feb. 1.

Second place winner in each contest will receive \$50.00 cash, and third place, \$25.00 cash.

Twelve boys entered the two contests each submitting a five-acre block of cotton on which he has kept complete records.

## New Teams On 1955 Schedule

Coach Bill Haralson this week announced the 1955 football schedule for the Tahoka Bulldogs of District 5-AA.

There will be five games at home and five games away.

Because of changes made necessary by the addition of Floyd to this district, the traditional Tahoka-O'Donnell game has been dropped temporarily.

- The schedule follows: Sept. 2—Seagraves here.
- Sept. 9—Crand here.
- Sept. 16—Denver City here.
- Sept. 23—Seminole here.
- Sept. 30—Open.
- Oct. 7—Littlefield there.
- Oct. 14—Open.
- Oct. 21—Post here.
- Oct. 28—Abernathy there.
- Nov. 4—Slaton here.
- Nov. 11—Floydada there.
- Nov. 18—Spur there.
- Conference games.

## INFANT IS BORN DEAD

An infant son born to Mr. and Mrs. Bill Chancy at a Lubbock Hospital Tuesday morning was dead on arrival. Services were conducted by Doyle Keely, minister of the Church of Christ, Wednesday at 10:30 a. m. and burial followed in Tahoka Cemetery. The mother was able to come home Wednesday afternoon.

## Work Progresses At Country Club

With sufficient irrigation water assured by recent tests, work is now going forward at a rapid rate on the new T-Bar Country Club a mile northwest of Tahoka High School.

Lester Webb, formerly of Littlefield and Hereford, is supervising the building of the course.

Fairways were laid out and plowed before Christmas, and since January 1 Mr. Webb and others have been laying out greens and tee boxes, and hauling of fertilizer for the greens has been completed. Actual construction of the greens is about ready to start.

Work was underway this week fencing the 125-acre country club site and staking off and preparing the site for the club house.

A small water well was drilled before Christmas, and about 32 feet of water sand encountered. A large well will be drilled in the near future in which it is hoped that sufficient water will be secured. If one good well is secured, it will not be necessary to drill so many wells, Lester Storch, a director of the club told The News.

Little work has been done on the membership drive recently, but the club now has 83 members, 21 of whom are from O'Donnell and many others scattered over the county. The club is a county-wide undertaking, and those desiring memberships are requested to contact Ray Adams, secretary, immediately.

## School Census Near Completion

Anyone missed in the Tahoka School District scholastic census is requested to contact Mrs. Ruth Jolly, county school superintendent, in the court house.

Parents of all children of school age, or those who will be of school age next Sept. 1, are asked to make sure each such child is included in the census.

School age children are those who will become six years of age before next Sept. 1, 1955, and all children who will not have reached the age of 19 by this date. Parents moving into the district and parents whose first child is now approaching six years of age are especially urged to make sure census blanks have been filled out for their children.

## SISTER DIES

Mr. and Mrs. E. S. Tippit were called to Gatesville Monday, Jan. 17, by the death of her sister, Mrs. W. V. McBride. Their sons J. W. and Beryl accompanied them on the trip.

## Rotary Elects New Directors

Two new directors and a secretary were elected by Tahoka Rotary Club Thursday noon of last week, to take office next July 1.

Alton Cain is the new Secretary, succeeding Johnny Reason. Geno Jones and Dr. Skiles Thomas were named the new directors to succeed Winston Wharton and Ross Smith, outgoing directors. Holdover directors are Guy Wheatley, Mitchell Williams, Harold Green, and the outgoing president, Maurice Bray.

Directors of the club will name the in-coming president this week in order that he may have plenty of time to make plans for attending the Golden Anniversary convention in Chicago in June.

President Bray announced that the Tahoka Club will hold its Golden Anniversary banquet on the night of February 24, at which Rotary Ann's will be special guests.

Bill Thomson of the Lynn County Soil Conservation District office was the speaker on the day's program. He was introduced by Harold Green, program chairman.

Mr. Thomson told Rotarians some of the needs of this area in the way of soil conservation, spending most of his time on the practice stubble-mulching to conserve moisture, prevent plowing, and secure deeper water penetration of the soil, and on improving our soil fertility.

He also touched on the need for better pasture management to encourage better growth of nutritious grasses. This is of major consequence to Lynn county, he said, since this county still has 100,000 acres in pasture land.

## Child Dies After Fall From Car

A Midland Mexican baby died Tuesday from injuries received in Tahoka Hospital at 5:25 p. m. when it fell from a car four miles south of Tahoka on U. S. Hwy. 87 at about 10 a. m. the same day.

The child was Adan Vile Marmolejo, age nearly three, son of Mr. and Mrs. David Marmolejo, 907 East Walnut, Midland. The body was taken to that city Wednesday by a Stanley-Jones ambulance, and Catholic funeral services were to be held there Thursday.

The child's mother, and Mrs. Marmolejo's brother, were taking their parents to Lubbock as they approached Tahoka, the child, playing in the back seat, opened the door and fell out. As it fell, one of the adults caught the boy's clothing but could not hold on. It is believed the child was run over by the rear wheel, as it had a concussion of the skull and multiple internal body injuries.

The father, who works for a Midland lumber firm, was not with them.

## Mothers March Is January 28th

The Mothers March on Polio is set for Friday, Jan. 28, from 7 to 8 p. m. in Tahoka, when members of local women's clubs will canvass the residential section for donations to the fund.

The Pythian Sisters are again in charge of the Mothers March, and they will be assisted by Tahoka Garden Club, Child Guidance Club, Jaycee-ettes, and Phebe K. Warner Club. A committee from the Pythian Sisters, composed of Meedames Rosal Sherrill, Elnora Curry, and Paul Halamiczek, is in charge of this phase of the March of Dimes.

Mr. and Mrs. I. M. Draper and G. H. Chertnut made a business trip to Midland Tuesday.

The New Home Home Demonstration Club had an all-day meeting in the Educational Building of the New Home Baptist Church Friday, Jan. 14.

Nineteen members were present and each one made an aluminum serving tray. The glazed aluminum sheets used to make

the trays ranged in size from small coaster-type disc to large rectangular sheets. Individual designs were placed on the sheets, and covered with asphaltum, using an artist paint brush. The edges of the aluminum was fluted, and the etching material applied. This ate out the aluminum

around the design. The complete trays were very attractive with their designs in the center and around the edges.

A covered dish luncheon was served.

The next regular club meeting will be January 27, and will be in the home of Mrs. E. R. Buakney.

# Odds and Ends

(BY E. I. THE ELDER)

Since writing the Odds and Ends column which was published in this paper last week, I went on a trip to Canyon to visit my brother, J. A. Hill, and his wife Ola, who is quite seriously sick, and I had a wonderfully enjoyable visit with them, except for her illness. Apparently her condition was somewhat improved, however, and we are hoping that she continues to improve.

My daughter, Mrs. Myrtle Rochelle, and two granddaughters Anita and Sara, and two girlfriends from Lubbock and Post respectively, all went in the same car but they proceeded from Canyon to Amarillo, spent the night in that city—Saturday night—picked me up as they came back through Canyon Sunday afternoon; and beyond Plainview we ran into one of the most beautiful snowfalls that I ever saw. The Post young lady was not with us on the return trip but the girl friend who lives in Lubbock and who is a very beautiful and intelligent Spanish-American senorita, was with us, and the snow delighted her for she said that was the first snow she had ever seen in her life. She and her father also are natives of the Lower Rio Grande Valley, residents until recently, of Falfurrias, county seat of Brooks county, which lies in the domain of the noted boss, George Parr. But I asked her no questions about South Texas politics. She did tell me neither she nor her parents had ever been over on the other side of the Rio Grande. Though of Latin-American descent and speaking both English and Spanish fluently, she is a native Texan and probably just as patriotic a Texan as any of us.

While in the home of my brother Joe, he and I spent much of the time reminiscing about our friends of other years, from our boyhood days on up. He had many questions to ask about Tahoka friends, former Roseco and Sweetwater friends, Bell county friends, McLennan county friends, college and academy friends whom we had known in Salado and Austin, many of whom were Ola's friends too. Included in the number were many Tahoka friends.

Many people here think that I run around a lot. As a matter of fact, I have been a regular "stay-at-home" all my life until a few years ago. Brother Joe has traveled a lot in this country of ours. He and Ola have been in every state of this Union, over in Canada a time or two and also over in the fringes of Mexico. He has visited many of the historic spots in the United States, has met many of the great and the near-great men of our country. Serving eight years as professor of History in the West Texas State College and then thirty years longer as its President, he has personally known nearly all of the Educational leaders that have risen in this state during that long period of time and many scores of them who lived and worked in other states. He has known practically all of the political leaders of Texas during that time and many United States Congressmen and Senators and has met several of the Presidents of the United States. In 1950, he attended the sessions of the General Assembly of United Nations which met at Lake Success, New York, and personally conversed with numbers of the Representatives of the 59 nations which were members of that body. He listened to the speeches of many of the most powerful and influential men in that body and was deeply impressed with the sincerity, the evident high purpose, broad knowledge, and intellectual ability of most of the speakers. In a book which he has written, he has devoted one chapter to his impressions of the United Nations organization. A number of

Tahoka people own copies of that book, entitled "One Man's Faith." Although we did not discuss World Affairs nor politics on any level, it was one of the most enjoyable visits I have had with him in many years.

His wife Ola, who at one time was president of the Texas Women's Federated Clubs, also has many friends in Tahoka, and she enquired about some of them, although she is not able to talk much now on account of her physical illness.

Now, folks, I know that all of you who have been living in West Texas very long, know J. A. Hill of Canyon, either personally or by reputation, well enough to know that he is not seeking any boost from me or from anybody else at this stage in life. In fact, I do not believe that he would really appreciate any insincere or unmerited boost from anybody. He is not given to singing his own praises and I have never heard him make any claim respecting his achievements to which he was not entitled. The fellow who is all the time blowing his own horn, usually in reality has very little to blow it for.

And now I want to get back to the Holy Land. We left Miss Ross last week just on the Sinai side of the Suez Canal, but we promised that she would take us on hurriedly to Jerusalem, the most sacred city in the world to Jew and Christian and Mohammedan alike.

She does not pause to recite again the fatal tragedy that befell Pharaoh's army when it undertook to follow the Israelites across the dry bed of the Red Sea over into the Sinai Peninsula. She does pause to remind us that during World War No. I, another army crossed over the Suez Canal at this same place out of Egypt into this same Peninsula and also headed for the city of Jerusalem.

"Many a brave English Tommie," Miss Ross reminds us, "spent hours of loneliness and suffering near these banks (of the Suez Canal); for Kantara was a magic city during the first World War. It was the British military base for the drive into Palestine, a soldiers' town with mushroomlike growth of one hundred and twenty thousand people.

"The train was waiting, and I could not indulge my wandering mind any longer. I had a first-class sleeper for the rest of the night, so that I could go through to Jerusalem without another change. It was most comfortable, a good bed, clean linen, and a spotless lavatory connecting with the next compartment.

"So on we went into the Sinai Desert country with mountains of wilderness in the distance. It was somewhere in this desolate the top of Mount Sinai where the wasteland that Moses climbed to Lord spoke to him as a man speaketh to his friend, and gave him the Ten Commandments. (Exodus 20:3-17).

"I was awake at dawn, for I could not afford to stay in bed even if it was Sunday morning and we were not due in Jerusalem for some time, for I was in the Holy Land. Now from the window of a pullman berth, came my first glimpse of the land of the Philistines. If I had been traveling in a more primitive style, I might have stopped and enjoyed still more the beautiful wild flowers. I had heard and read about them, but they were beyond my expectations; hillsides covered with them. Some one has said he counted seventeen different kinds of wild flowers in a square yard, and I believe it. While this country seemed poor and primitive compared with western countries, after the desert and wilderness we had passed through I could well understand why the Israelites should call it a land

of milk and honey.

"It was Sunday morning in the Holy Land, and to me it seemed strange to see people in the fields, at work with their wooden ploughs and ox teams; then I remembered I was not in a Christian country, but in the land of Mohammed. I looked out of the window of my compartment and saw the word 'Jerusalem' in English, Arabic, and Hebrew. All signs in Palestine have been written in these three languages since England has had the mandate.

"As soon as the train stopped I heard some one calling Y. W. C. A., and then my name. I looked, and there was a handsome young Arab sheik; I think he could fill all the requirements for a movie actor in the United States, had he only the opportunity. He was Guide Immond of the Y. W. C. A. in Jerusalem and had been sent to meet me. With great ceremony, he took me in a taxi to the Y residence. I was given a very cozy little room alone, called the 'Daisy Room', which looked down into the courtyard of a native family. I was awakened every morning by the braying of their donkey, which could bray louder than did Balaam's ass. I am sure. This was my first Sunday in Jerusalem; I read a bit, and walked around through the streets; then just sat and thought. There was so much to see and do, and still I did not want to hurry."

This columnist knows that those flowers blooming on the coastal plain, the slopes and the hillsides west and southwest of Jerusalem, must have been exquisitely beautiful. Jews in speaking of the lilies of the field declared that even Solomon in all his glory was not arrayed like one of these. The lilies, it seems, included a variety of showy and colorful wild flowers and probably included many varieties that now are not classed as lilies at all but that does not make them any the less beautiful. I guess Miss Ross is thoroughly familiar with the bluebonnets, the galliards, the pinks, the sweet-williams, the verbas, and other wild flowers that adorn the prairie about Austin and many areas of

South and Central Texas, but I doubt if she has ever seen a Tahoka Daisy—a flower so named for Tahoka Lake where it was found by a flower-lover growing in great profusion. In wet years, these flowers which bedeck many portions of the South Plains, often rival in beauty the blue-bonnets of the lower altitudes in Texas. I have never seen them growing anywhere, however, so profusely as they sometime grow in Tahoka and Big Spring. They put on one of their most glamorous shows in these two West Texas towns last year, and it was not a wet year either; but with more rain the show would have been more glamorous. For the benefit of people living in other parts of Texas, the Tahoka Daisy is a bluish or lavender-colored flower. As Miss Ross seems to be a wild-flower lover, I wish that she might see a field of them in full bloom some time. Now we will get back to Jerusalem.

"In reading the history of Jerusalem, one learns it was founded nearly two thousand years before Christ was born and one thousand years before Romulus and Remus established the city of Rome; it was taken in the thirteenth century B. C. by Joshua, who slew its king. Four hundred years later, King David captured the city and made it his capital, and from that time, the history of the Hebrew people is the history of Jerusalem.

"In its earliest days, the city was known as Salem, and later in the time of the Judges, it was called Jebus, a combination of these two formed the name Jebusalem. This combination was finally, for the sake of euphony is in a position of natural changed to Jerusalem. The city strength, and for this reason David made it the capital. No less than eight cities have been built on the site of the present-day Jerusalem, and each city has been constructed upon the remains of its predecessor, the streets of the time of Christ at a great depth below the present surface—in some places, as much as eighty feet below. Jerusalem is built upon two important hills, Mount

Zion and Mount Moriah, which are something over 2,500 feet above the level of the sea. The city is completely encompassed with an ancient wall which is above thirty feet high and has eleven gates; six of which are used. Within the walls, two main streets, David Street and Damascus Street, divide the city into four sections or quarters; Christian, Armenian, Jewish, and Mohammedan.

The present population of the city is about 125,000.

More details about the city will be given in the next issue of this paper. In the meantime, I am wondering what the leading peoples of the world will be saying and writing about the United States of America 1964 years hence. Will they be digging among the ruins of our capital city? Who knows?

## TESTS FOR PROPER HOME WIRING-----

**A Is it Safe?**  
**B Is it Adequate?**

Mr. R. R. MURPHY  
CITY ELECTRICAL INSPECTOR  
OF AMARILLO, TEXAS

Mr. Murphy has put large enough wire in his house so that all electric appliances get sufficient voltage for proper operation. He says, "I've used #2 wire as minimum on all circuits with larger wire in the heavy duty circuits—#6 for the electric range and #10 for the electric dryer."

"Here you see 8 circuits with provision for a future 8 more. In addition, there are separate circuits for the electric range and electric dryer. The kitchen, for example, has two appliance circuits for coffee-makers, waffle irons, toasters, etc."

"All I'll have to do here is plug in my electric range. What's more, the wire used is #6 which means that the range will operate at top efficiency. Wire of the right size is an important part of electric appliance operation."

"This is the wiring for the electric dryer as it appears before the three-wire outlet is installed and the walls finished. It's easier to get the right wiring at the time the house is being built. I've planned mine accordingly."

ELECTRIC DRYER OUTLET

NOT MORE THAN 6 FEET FROM LAMP TO ANY OUTLET

To avoid a tangle of extension cords, outlets should be spaced not more than 12 feet apart. Mr. Murphy here shows Public Service wiring specialist that his complies with this important provision.

Modern living calls for sun lamps, heat lamps, electric shavers and other uses for bathroom outlets. In both of Mr. Murphy's baths, an electric outlet is placed for maximum convenience.

Public Service maintains an Adequate Wiring department. We will be glad to work with your electrical contractor, builder or architect on your home, office or factory wiring or rewiring.

**W. M. U. Circles Meet At Church**

The W. M. U. of the First Baptist Church met last Monday in circles to begin the study of the book, "Under the North Star" by Harold E. Dye. The following number were present in each circle: Walker Circle, eleven; Saltee Circle, eight; Sharpley Circle, six; and Masters Circle, six. Then the business Woman's Circle met Monday night for their Royal Service Program with eleven present.

The different Auxiliaries of the W. M. U. have also started their study of the Home Mission series of books. Mrs. Otis Curry is teaching the book, "Through a Cuban Window" by Christine Garrett to the Intermediate G. A.'s. Mrs. N. E. Wood and Mrs. Kermit-Brown are teaching the book, "Gold in Alaska" by John N. DePoore to the two groups of Jr. G. A.'s, and this same book is being taught to the R. A.'s by their leader, Mr. J. C. Womack. And Mrs. Ray Adams and Mrs. Durwood Howard are teaching the book, "Tabo of Panama" by Russell and Edith Van Royen to the Sunbeam Band.

We also want to report on the Sunbeam Band down at the Mission. Under the leadership of Misses Idalia Wood and Patricia Williams these children are learning Bible stories and memory verses as well as missionary activities and the things that go along with a Sunbeam band. There were eight children in attendance this last Tuesday.

Next Monday, the W. M. U. will meet at the church for a business meeting. We urge each lady to come since we have some important things to discuss.

It takes some persons about three and a half cars to learn to drive.

**HIGH EGG PRICES expected by fall**

For 5 years, a year of low egg prices has always been followed by a year of high egg prices. Why? Because many folks get discouraged after a low-price year and don't start chicks. The graph tells the story. Average prices are higher in some areas, lower in others, but the down-one-year up-the-next picture is the same everywhere.

# Tahoka Winner Of Seagraves Tourney

Tahoka Bulldogs won the championship in the annual Seagraves tournament Saturday night, and brought home a handsome first place trophy and 12 gold basketballs as awards.

Tahoka defeated Sundown 46 to 43, Seagraves 59 to 27, and Meadow 37 to 36 to gain the title. Meadow was second, Stinton third, Seagraves fourth, Sundown consolation. Others in the tournament were Denver City, Morton, and Loop.

In addition to the trophy, miniature gold basketballs were presented 12 Bulldogs. These were awarded to Gainard McNeely, Garland Huddleston, Gordon Smith, Carlton Bell, Junior Fitts, Duane McMillan, Jerry Williams, L. W. Castberry, Tommy Paris, Ted Pridmore, Jerry Slover, and Manager, Walton Terry.

**Sundown Game**  
Coach Jacobs' boys were very cold and barely managed to squeeze past the Sundown Roughnecks in their tournament opener Friday night. In fact, they trailed until in the fourth quarter, they were behind 8 to 13 at the end of the first quarter, 18 to 25 at the half and 27 to 33 at the end of the third. Midway in the fourth, the Bulldogs tied it up at 35-35 on free throw by Huddleston, and from then on out it was "nip and tuck". Fitts and Smith hit field shots to give the Bulldogs a 43-39 lead with two minutes to go, and the score rose to 46-43 as the clock ran out. Fitts scored 16 points, far below his average, for Tahoka, and Don Koonce of Sundown was high for the game with 19.

Seagraves Saturday at 1 p. m., the Bulldogs were in fine form and had no trouble taking host Coach Johnson's Eagles 59 to 27. Tahoka had previously in the season won one and lost one game to Seagraves.

Tahoka held a 19-9 first quarter lead, pushed the margin to 29-15 at the half, and led 45-22 by end of the third. Tahoka scored 14 to Seagraves-5 in the final quarter for a 59 to 27 victory. Fitts was back in the groove, hitting 20 points, and Carlton Bell 10nd the range for 10 points. Buddy Harper was high for the Eagles with 11.

**Revenge On Meadow**  
In the finals at 9:00 o'clock Saturday night, Tahoka got revenge on the Meadow Broncos, one-of-the-best Class B teams in this area, who beat them out by three points before Christmas for championship of the Abernathy tournament.

Although the final score was a close 37-36 in Tahoka's favor, the game actually was not quite that close—and the Bulldogs put up a fine, defensive game to stop the Broncos high-scorers.

Tahoka led 13 to 6 at the end of the first quarter, 23 to 16 at the half, and 31 to 24 at end of the third. Most of the last half, Tahoka led, and was leading 35 to 30 with 1:20 left on the clock. The lead was 37 to 34 when Meadow hit a field goal with 15 seconds left, and that was the ball game. Fitts scored 21 points, while Meadow's Joe Longley was held to 10 points.

# Styling that's stealing the thunder from the high-priced cars!

It costs no more to form a sheet of steel into a graceful shape than it does an awkward one—so price has nothing to do with styling. Only the talent of its designers determines whether a car is a delight to the eye or it isn't.

You couldn't find more pointed proof of this than the 1955 Chevrolet—for here is a low-priced car that has snatched the styling spotlight, overshadowing even the highest-priced creations with its subtle sweep of line, the bold rake of its deep-curved windshield.

**New V8 and two new 6's**  
But the Motoramic Chevrolet has advances in engineering that even surpass its styling. There are three ultra-efficient new engines—the 162-h.p. "Turbo-Fire V8" and two "Blue-Flame" 6's. There is a whole new chassis design, with spheri-

cal-joint front suspension that spurns bumps like a swallow skimming a lake, and Anti-Dive braking control to check that sharp "nosing down" of the front end.

There are three new drives—sturdier Synchro-Mesh and, optional at extra cost, a silkier Power-glide automatic transmission or the flexibility of Touch-Down Overdrive... plus all the power helpers you could wish. Try a 1955 Chevrolet—now—and find out why it is stealing the thunder from the high-priced cars.

**Plan Summer Trip To West**

Canyon, Jan. 13—A 26-day tour of national parks, cities, and other points of interest of the West Coast, Canada, and the Rocky Mountain states has been planned for next summer, sponsored by the geography department of West Texas State College. Offered principally as an educational and recreational sightseeing tour, the course will not be given for college credit.

Dr. Murry B. Measamer, WT geography department head, who has conducted two previous chartered bus tours for geography field trip credit, will conduct the excursion which will take sightseers through eleven states and two provinces of western Canada.

About 35 persons may make reservations for the tour, slated to begin July 18, with the return to Canyon on Aug. 12. Since no college credit is offered, no tuition or fees are included in the cost of the tour, Dr. Measamer said, and the cost per person is expected to be reasonable. Travel and lodging are included in the cost of the tour.

Last year two chartered buses made a tour of the East Coast and Canada and two years ago Dr. Measamer conducted the first WTSC geography tour to the West Coast. The projected tour would take sightseers on a similar route, but selected stops would include more of general interest. First two overnight stops would be in El Paso and Tucson, Ariz. About ten days will be spent in California, seeing such places as Hollywood, Los Angeles, San Francisco, the Redwood Highway, Fresno, Yosemite National Park, and San Diego, with the tour route covering California north to south.

After several days in Oregon and Washington, the tourists will make a boat cruise from Seattle to Victoria, British Columbia, see Mt. Rainier, the Grand Coulee Dam and irrigation project, will go into Alberta, Canada, to see Lake Louise and the famed Columbia Ice Fields or Canadian Rockies glaciers. On the return trip, the group will visit Yellowstone National Park, the Grand Tetons, and other points of interest in Montana, Wyoming, and Colorado.

Persons interested in making the tour are asked to write to Dr. Murry B. Measamer, head of geography department, at West Texas State College.

Floyd Tubb and Mrs. G. M. Stewart of Tahoka were among the group who went on the WT tour to East Coast last Summer.

Vayne Shawn was re-elected cashier of the City National Bank of Colorado City at the recent meeting of the bank's directors.

**New Farmer Here In Love With Country**

Mystery Farm No. 27 is that of Mr. and Mrs. O. E. Eubank, and is located 6 miles east and 2 one-half miles south of Tahoka, on Route 1.

Kenneth Turner of Tahoka and L. R. Blair of route 1 were the first to identify it. Others calling who were correct included: Lloyd Nowlin, Bonnie Ingle, Mrs. N. E. Wood, A. B. Bush, H. W. Carter, M. S. Smelser, and Frank Greathouse.

This farm consists of 640 acres. A long time ago, it belonged to Mr. McIntyre, and later was known as the Campbell place. The present home was built in 1949.

The place was acquired by Mrs. Eubank's first husband, the late Deen Nowlin, in 1935. Mr. Nowlin had married Mildred Bosworth, daughter of R. Bosworth, who came to the Grassland area in 1916 from Oklahoma in a covered wagon to settle on a tract of the Post land. Mr. Nowlin acquired considerable property before his death here in 1944.

The couple had two children, Mrs. Joe (Dolores) Webb, whose husband now is pastor of the First Southern Baptist Church of Tracy, Calif., and Thomas Deen who is pastor of the First Southern Baptist Church of Gustine, Calif.

Mrs. Nowlin was married to O.

E. Eubank Dec. 14, 1951. Mr. Eubank was reared at Waxahatchie, Ellis county. Last year, the couple moved to the Lynn county farm. Mr. Eubank also farms a 360 acre farm and a 160 acre farm, both nearby.

All of the land is dryland, with cotton and maize being the principal crops, with a little wheat thrown in. Much of the land is terraced and contoured, and Mr. Eubank says he expects to do some more terracing. Although he came from a county that claims "the blackest land and the whitest people," Mr. Eubank is carried away with the Plains. He thinks this is a great country and that the citizens of this town and county are the finest people in the world.

Mr. Eubank is a member of Tahoka Rotary Club, and both he and his wife are active in the First Baptist Church.

**OLD FRIENDS BOB UP IN DISTANT LANDS**

Our good friend I. M. Draper dropped into the News office and ordered the News sent for six months to an old-time friend of his now living in San Jose, California. As he handed the name and address to the senior editor, he was asked if this fellow Yarborough had ever lived at Belton. "Yes," he replied, "and he had a brother named Yancey Yarborough, who now lives down in deep South Texas."

"Well, Well," the senior editor replied, "Yancey Yarborough served as constable at Belton during the entire four years that I served as county attorney." It was forty-six years ago last month when our terms of office respectively at Belton expired. I have not seen either of the Yarboroughs since, and now here I am out here at Tahoka publishing a newspaper and listing one of them as a subscriber away out at San Jose, California, almost in sight of the Golden Gate and within hearing distance of the murmuring waves that come rolling in from the depths of the boundless Pacific. Come and see us sometime, boys. I care you that I. M. Draper can send you three of the finest meals you ever ate anywhere every day.—E. I. H.

**It's the style hit of the year!**

**YOU** can take our word for it when we tell you this:  
The first time we put eyes on the 1955 Buicks, we really raised a cheer. To top the looks of last year's Buick—the car that moved Buick into the top three of the nation's best sellers—that was something.  
That gave us two hits in a row, we figured—and it seems we figured right. For with these stunning new 1955 Buicks, we're getting even more noses pressed against our showroom windows than last year—and more folks coming in to look and study and drive and buy.

But bold new styling, of course, is just one reason for the sensational success of these great cars.  
New power is part of the picture—robust new V8 power in record might—236 hp in the CENTURY, SUPER and ROADMASTER—188 hp in the low-priced SPECIAL.  
New performance, too—from the dynamic action of Buick's Variable Pitch Dynaflo\* that gives you far better gas mileage in all normal driving and cruising—and full-power

getaway or safety-surge acceleration, but instantly, and with infinite smoothness.  
So you can see that just looking isn't enough. You have to take that wheel, try that power, feel that Dynaflo take-hold surge, sample that Million Dollar Ride—and check the hard-to-pass-up prices we're quoting.  
We'll gladly help you do all that. Why not come in this week?  
\*Dynaflo Drive is standard on Roadmaster, optional on other Buicks.

### Lubbock Pastor Is Speaker Here

Rev. Wayland Edwards, pastor of the South Crest Baptist Church in Lubbock and a former pastor in Lynn county, with quite a number of relatives in Lynn county now, was the guest speaker at the regular monthly meet-

ing of the Brotherhood of the First Baptist Church here Monday night. Between 30 and 40 men and a boy or two were present.

There was no business to be transacted but announcement was made that the February meeting would be held jointly with the Brotherhood of the Brownfield Baptist Association, which is scheduled to meet here on the night of February 15. If weather conditions are favorable, a large attendance is expected.

There were more than 200 men present when the Association Brotherhood last met here.

Ray Adams had charge of the program here Monday night. Durwood Howard is president.

### Wood To Attend State Meeting

County Farm Bureau president, N. E. Wood of Lynn County has been invited to attend a special statewide presidents' conference Jan. 24-26 in Waco, according to Gladys Offield, publicity chairman for the county organization.

Purpose of the conference is to permit county presidents to express their opinions on what can be done to make the Texas Farm Bureau more effective in serving farmers and ranchers. Mrs. Offield said. Every phase of Farm Bureau activity will be examined.

In a letter to the county president, Texas Farm Bureau President J. Walter Hammond said: "With your help and cooperation, this can well be the most important and far-reaching meeting of the year for furthering the development and growth of the Texas Farm Bureau."

The conference is the first of its kind ever called by the state farm organization. According to County President Wood, it will be a workshop, committee-type meeting, with attendance limited exclusively to county Farm Bureau Presidents.

Major subjects to be discussed at the Waco meeting include organization structure, administration, membership acquisition, policy development, policy execution, service to members, public relations and special activities.

Mr. Wood expressed the belief that the important meeting would be the "spring-board" for the Texas Farm Bureau to make tremendous gains in membership. The TFB now has 55,670 members out of a potential of about 300,000.

Wood will leave Tahoka Monday morning of the 24, and return the night of the 26, of January.

### SERVICE MEN WILL VISIT AT HOME

Several Lynn county young men in the Army, stationed at Fort Bliss, El Paso, expect to visit home this week end.

These include Wiley Lee Curry, Benny Brookshire, John Paul Lawson, and Billy Bert Stevens, all of whom are completing one stage of their training.

Following a week's furlough, Curry and Brookshire will return to Fort Bliss for 11 weeks more training in the Radar School. Curry will study radar intelligence, and Brookshire radar radio receiving.

John Paul Lawson expects to be sent to Fort Sam Houston, and Billy Bert Stevens to Camp Chaffee, Ark.

Wiley Lee told his mother, Mrs. Elnora Curry, Tuesday night in a telephone conversation, that they had visited Phil Barrington and W. J. Kahl, new recruits, at the reception center last week end.

Also at Fort Bliss are Jimmy Dumas Small, a technician in Radar School, and Charles Puljerson, an instructor in the same school.

Cpl. Douglas McNeely, stationed at Fort Benning, Ga., in the Airforce, has been home several days. He will return to his base this week end, but expects to receive his discharge the latter part of February.

**Girls Win Too**  
Tahoka girls held the visiting Slaton girls to a close score for a little over a quarter, but the sharp shooting of Slaton's forward, Martha Allred, who hit 36 points in the game, proved too much for the home girls.

Slaton led 12-10, 27-18, 47-27 and 57-41, by quarters. Tahoka scoring was led by Virginia Gable with 16 points. Susie Smith had 13, and Dolores Gage, points.

**B-Team Boys Win**  
Tahoka's B team boys were no match for Slaton's A-team reserves, and were led, by quarters 23-4, 33-20, 53-21, and 66 to 30 the final score. Tracy Crawford of Slaton collected 21 points. Tahoka's Jerry Brown was high for the local squad with 10 points.
