

Tom Mason Owns Farms At New Lynn

Thomas B. Mason is owner of this farm, located near New Lynn and five miles east and two miles north of Tahoka.

First to call in its identity to The News were Mrs. A. N. Norman, Jr., and Mrs. John Tippit. Others included Mrs. W. G. McCleskey, Hubert Edwards, T. B. Mason, Clyde Allen, and Carl Spears.

T. B.'s home place is a quarter section, but he also owns a half section immediately north

of this place, and a quarter section a half mile south of New Lynn.

The house shown in the picture was remodeled just last spring, and the picture was taken following the remodeling work. He bought his home place in 1938 from Mack Walters, and moved on it the next year. It is a part of the old Shattuck place, Mr. Shattuck acquiring it in about 1905 from A. R. McGonagill.

Tom was born in McLennan county, moved out to Hardeman county with his parents, and then came with them in 1920 when they bought their present farm 10 miles west of Post. Mrs. Mason is the former Evalyn Ray, daughter of Mr. and Mrs. J. B. Ray, of the old Magnolia community, now Garnolia, and was born in Bell county, moved with them to Wilbarger county, and on to Lynn county in 1916.

The couple have seven children. Thomas Jr., a 1955 graduate of Texas Tech and the ROTC, is a second lieutenant stationed at Scott Airforce Base in Illinois. Pfc. John Lester Mason is in the Army Infantry stationed in Germany. Charles graduated from Wilson High last spring and is at home. Also at home are Ida Pearl, a junior in Wilson High; Jack, a sixth grade student; Joe, in the third grade; and Mary, age three.

The boys have been active in 4-H and FFA work, and Ida Pearl is active in FHA. The older boys have won many prizes on their club projects.

Mr. Mason is one of the leading farmer-citizens of Lynn county. He has been a member of the Wilson school board ever since New Lynn consolidated with Wilson nine or ten years

ago. He is president of Wilson Lions Club, a member of Poka-Lambro Rural Telephone Cooperative board, and a director of Farmers Co-op gin of Tahoka.

The Masons have several small wells. Some of them are tied together to water out of one pipe for more efficiency, and about 50 or 60 acres are irrigated. The Mason land is terraced and contoured, and Mr. Mason says he thinks it worth while in conserving the small amount of rainfall that has fallen the last few years.

He also raises 15 or 20 head of cows and calves, and grows Hampshire hogs.

Cafeteria Menus For Next Week

School menus for next week: Monday: Tuna noodle casserole, buttered green beans, cream potatoes, cabbage, pineapple in jelly, cake with chocolate filling, milk, whole wheat bread.

Tuesday: Pinto beans, tamales, buttered spinach, cabbage slaw, corn bread, butter, cherry cobbler, milk.

Wednesday: Meat loaf with tomato sauce, buttered broccoli, sweet potatoes, tossed salad, hot rolls, butter, honey, milk.

Thursday: Cheeseburgers, lettuce, onions, tomatoes, potato chips, orange half, milk.

Friday: Toasted weiners, black-eyed peas, buttered carrots, beet pickles, butter, milk, biscuits and cantaloupe.

Mr. and Mrs. Claude Conway of Seminole were here last week end for the Tahoka-Seminole game and visited their son, C. W. Conway, and family, and a number of old friends here.

MRS. EARL MORRIS
Correspondent

Mr. and Mrs. H. A. McBride of Gladola, N. M., visited the W. E. Edmunds' last Saturday. Mrs. McBride was the former Edna Malin, who lived in this community in the early days.

Sunday visitors in the Ed Denton home were Rev. and Mrs. Jackson and baby, Baptist minister from Southland, and C. T. Ellis, also of Southland.

Mr. and Mrs. Roy Kelley have moved to Killeen, where he will be employed in a garage until planting time next spring.

Mrs. Bob Russell was hostess to the Quilting Club in her home last Thursday. Not so much quilting but lots of visiting was done throughout the day. Members present were: Mesdames R. R. Jones, W. P. Lester, Jesse Ward, H. D. Hallman, Fred Davidson, Gus Gatzki, Woodrow Stuart, Earl Morris, Clyde Haire; Misses Louise Davidson and Mattie Dabbs. Two weeks from this time, the Club will meet with Mrs. Ward.

Miss Lorene Corbell has returned to her home in Waco after a week's visit with her mother, Mrs. L. L. Corbell, and brother, Bunyon.

Mr. and Mrs. Earl Morris have been advised that their son, Warrant Officer Earl D. Morris, has been moved from Salsbury, Austria, to Munich, Germany. His wife is with him, and they have one more year in that country.

Sunday dinner guests of the J. O. Reeds Sr. were a son-in-law and daughter, Mr. and Mrs. Runnel Weaver, of Petersburg; a son and family, Mr. and Mrs. J. O. Reed, Jr., and sons, and Mrs. C. T. Potter of Lubbock.

Man Celebrates 99th Birthday

(By Ben Moore)

Wednesday of last week was celebrated as the 99th birthday of Mr. S. E. Jordan in his home in east O'Donnell, where he and his wife reside.

Refreshments, including a large cake, were served throughout the afternoon to some 65 callers and well-wishers.

Born Sept. 21, 1856, in Montgomery, Alabama, Mr. Jordan removed to Athens, Henderson county, Texas, in 1878.

He was married to Miss Alice Rodgers in Corsicana in the year 1900. There were six children, four of whom have passed away. A daughter, Mrs. Jennie Griffin, of Yuma, Arizona, was unable to attend the party. The other daughter, Mrs. Stewart Schooler, lives in O'Donnell.

The Jordans came to Lynn county in 1914, and farmed in the Joe Bailey and T-Bar communities, the parents removing to O'Donnell several years ago.

At the age of 95, Mr. Jordan stepped upon the covering of a cesspool, which caved through, resulting in his breaking a hip in the fall. He was out for some months, but staged a comeback, and yet walks about his room, and is looking forward to celebrating the arrival of the century mark in his most eventful life, which includes the days when practically all farm work was done with oxen.

visited her sister and family, the Raymond Gatzkis, last week. Sunday dinner guests of the Earl Morris were a son-in-law and daughter, Mr. and Mrs. Argen Maeker, Marilyn and Pamela; a son and wife, Mr. and Mrs. Jimmy Morris, all of Lubbock.

NOWLIN IS ATTENDING CALIFORNIA COLLEGE

Thomas Deen Nowlin, son of Mrs. O. E. Eubank of Tahoka, has enrolled in California Baptist College at Riverside, Calif.,

for the current session.

This college is a new school, only five years old, and has an enrollment of 270 students from 34 states.

OUR HATS ARE OFF TO—

The Band, directed this year by Don Wortham, on the rapid progress it is making under his leadership. And, while we're at it, may we commend the Band Parents Club for the backing they are giving this worthy organization. And, here's a tip of the hat to Othelda Freeman, the new Band sweetheart, to the drum majors, majorettes, and officers of the band.

MEEKES TAKES CATFISH BIGGER THAN HIS SON

Mr. and Mrs. Othell Meekes returned home Friday of last week from a fishing trip to Buchanan Lake, where they caught about 55 pounds of fish, one of them a 15-pound catfish, bigger than their little son.

The son, Jerry Wayne, born on January 21, weighed only two pounds and five ounces at birth and had to remain in an incubator at Tahoka Hospital several weeks. The youngster now weighs 12 pounds and is beginning to look like a football player.

Actually, Mr. and Mrs. Meekes had been to Austin on the Sat-

MRS. ESTEP UNDERGOES OPERATION AT LUBBOCK

Mrs. C. L. Estep of Lubbock, the former Miss Leona Lewis of New Home and daughter of Mrs. R. W. Lewis of Tahoka, recently went home from Porter Clinic-Hospital in that city and is now well on the road to recovery from her critical illness.

On August 25, a daughter, named Phyllis Ann and weighing 6 pounds 12 ounces, was born to

urday before to see Tech whip the University of Texas, and came back by the lake for a few days fishing.

Mr. and Mrs. Estep by cesarean section at the hospital.

Then, on August 27, Mrs. Estep underwent emergency surgery for paralysis of the intestines, and she was gravely ill for several days. Since she was not expected to live, she was used as an experiment for medical science, and the results were highly successful.

Mr. and Mrs. Wayland Walton and daughters, Wayla Ann and Marta RayeDon, of Morton, visited Mr. and Mrs. Winston Davies at New Home, Friday night.

"SAYS" Snack time's a Snap with an ELECTRIC HOME FREEZER!"

"Four hungry children could be a late afternoon problem for a busy mother, but I just go to the freezer and the problem is solved."

"I prepare snacks in advance, whenever I have time, and the children love the treats they get."

SEE YOUR REDDY KILOWATT APPLIANCE DEALER

With the quantity storage a home freezer gives you, many food problems are eliminated. For example, we use one shelf for bread alone, storing and using as many as 10 loaves per week.

With handy compartments, it's easy to keep track of the foods you freeze or buy. Shopping trips are cut to a minimum, never more than once a week. And, there is real economy in quantity buying.

Mrs. Lewis is delighted as she examines package of frozen chicken. She says, "Many foods can be kept indefinitely including some meats and vegetables. Our electric home freezer gives us a greater mealtime variety."

SOUTHWESTERN PUBLIC SERVICE COMPANY

French Student Writes His Thanks For Opportunity To Visit U. S.

Bernard Debonne, French graduate student in agriculture, who recently spent seven weeks in Tahoka as guest of the Rotary Club, has written of his trip back to his home.

Before leaving here, a group of New Home men presented him with a pair of cowboy boots and a pair of chaps. Several Tahoka men presented him a western hat, suit, shirt, and other such clothing.

One of his letters follows: Paris, Sept. 16, 1955. Mister Harold Green, Mrs. Green, Misterns the Rotarians:

Unfortunately, I am now in my home, in France. I have had a good trip. I arrived at New York on Saturday at 10 o'clock at night; I was the last of all the European students of I. R. F. We started from New York in one plane only to arrive at Brussels on Monday morning 3 o'clock after one stop at Newfoundland and 16 hours of trip.

The most of us are very glad but nobody so enthusiastic and triumphant as Peter and me who came back from this miraculous country: Texas.

We are desperate; it rains and the weather is grey - All is grey, the hours, the cars, the clothes; joy has disappeared - and all is small: cars, rooms - How much now, I feel that I am in Europe! Arriving at Paris, I was in cowboy; on the platform of the railway station, my fellows took pictures of me and acted as they were journalists; evidently there was many crowd around to see this particular foreigner that I was!

I know now why we came back so early. 6 English students in 100 European wanted to come back to prepare their examinations of October. It is a little exasperate and selfish.

Mister Harold Green, Misterns the Rotarians of Tahoka, I thank you with all my heart—Never I have imagined such a welcome. Before going, I was glad to go to U. S. A. but without cause—Now, I am enthusiastic. I have only one idea; to come back.

I learned many many things about farming but above all about the American people and in particular about the Texas people so different and so better. Character, ways, religion, and so many other points. But above all, this stay was magnificent for my experience of my life. I felt for the first time what was a climate of friendship, of truth between people; I felt the enthusiasm. I understood that in some countries of the world, man works in general successful. It is the contrary in France: you are born in a class and you stay in this class whatever you do. So, now, I am decided to leave France. In this moment, I fight to prevent the government to hold me. Probably, it is going to be necessary that I change of direction. I shall have the answer tomorrow.

I thank you, too, thanks to your generosity, I could go to Texas and to understand that there was again hope for me in some country. I thank the families who received me. Indeed, I felt at home. I thank all the people of Tahoka for their friendship and their smile. I can say during seven weeks, I forget that I was a foreigner.

Mister Green, I thank you for your kindness. I shall never forget that you was at the origin of the idea to invite a European. I thank you and Mrs. Green for your nice dinner that I enjoyed very much for I like to discuss. I hope to see you again; It is my greatest wish. Sincerely yours, Berny Debonne, 9 Rue Chardanne Pre St. Gervais, Seine, France.

Senator Corbin Gives Talk Here

Kilmer Corbin, State Senator from the 11-county 28th Senatorial District, was the speaker at Tahoka Rotary Club Thursday noon of last week.

Senator Corbin spoke mostly on some of the bills passed by the last Legislature, and told of the big problems of Texas and the Legislature.

He said the new \$50 million tax measure was the largest ever passed in Texas. The gasoli tax has been raised from four to five cents, the tax on cigarettes four to five cents, and on beer from one seventh cent a bottle to 1.3 cents. He voted against the water conservation measure, which he said, was designed to tax all the state for building dams down in Texas that would not benefit the Plains.

He said 2,361 bills and resolutions were introduced, 551 were passed, and nine constitutional amendments passed for approval of the voters next year.

These bills cover a wide range of subjects, including appropriations for the public schools, 18 state colleges, 13 hospitals, the 12-unit prison system, the highway program, old age assistance, retirement system for state employees, and many others. Then there are court bills, county and local bills, public health, public lands, water and soil, and other types of legislation.

He said the State has about 50,000 employees.

The talk was filled with information and was highly enlightening as to the size of the state government.

A. M. Bray was in charge of the program.

Soil conservation is good farm management, and results in additional income.

LAW BANS LIQUOR AT SCHOOL GAMES

A new state law passed by the legislature at the last session makes it unlawful to carry liquor to any athletic contest sponsored by public schools.

Local authorities called attention to the new law, after the exact wording appeared in the Interscholastic League, state school publication.

The law specifies that it is unlawful for anyone to "bring or carry into any enclosure, field or stadium where athletic events, sponsored or participated in by the public schools of this state, are being held, any intoxicating beverage, or to have any intoxicating beverage in his possession while in or on said enclosure, field or stadium."

Violators of provisions of the law shall be guilty of a misdemeanor, and upon conviction, shall be fined any sum not less than \$25 and not more than \$200.

Contour furrows in a pasture hold the water after a rain until it can be absorbed by the soil.

Tech Enrollment Record Is Set

Lubbock, Sept.—Texas Tech registration this fall soared past the predicted 7,000 mark, setting a new all-time high enrollment record.

The previous high 6,257 set only last fall.

A total of 7,094 had signed up at the end of the regular registration period. The total includes 5,276 men and 1,818 women.

Largest of Tech's six academic Divisions is Art and Sciences, with 2,273 students. Engineering attracted an even 1,900; Business Administration, 1,451; Agriculture, 787; Home Economics, 350; and the Graduate School, 350.

Engineering recorded the greatest enrollment increase—28 per cent. Most of the other Divisions showed substantial increases over last fall's figures.

The 7,000th student to enroll was Mrs. Norma Barkley of Ralls, a graduate student majoring in business education.

Garden Club Tea Honors Official

The Tahoka Garden Club began its 1955-'56 year with a tea in the Homemaking Cottage Tuesday, Sept. 20, at 3:30 p. m., honoring Mrs. Nat Williams of Lubbock, who is District Governor of District I, Texas Garden Clubs.

Mrs. Lum Haney, Mrs. Irving Stewart, Mrs. Jack A. Robinson, Mrs. A. C. Weaver, Mrs. Tom Russell, and Mrs. John Witt prepared table settings. Mrs. Emil Prohl decorated the tea and coffee table, and Mrs. E. R. Edwards made the arrangement for the bedroom.

Yearbooks were distributed, and

a gift of a daffily bulb and of a Planting Guide was made to each member and guest.

They Cost So Little!

An important point about stock car racing that may not have occurred to you:

The safer car wins... and Chevrolet is the big winner

Auto races aren't won by brute horsepower. Roadability, acceleration, precision steering and stamina—the very qualities that make a car safer for you—are the keys to victory on the track! And that's why Chevrolet is top car, by far, on the NASCAR (National Association for Stock Car Auto Racing) Short Track circuit.

Faster acceleration means safer passing

Chevrolet's cannonball acceleration has punched past many a bigger car to victory. But the same blazing surge is a vital safety factor on the highway—one that can whisk you more safely around other cars and out of critical situations.

Easier, super accurate steering

Nimble is the word for Chevrolet. But you don't have to see them in action on a tight quarter-mile track

to judge how they make other cars seem clumsy. You can feel that yourself in the press of traffic, and sense the feather-light precision of Ball-Race steering in every curve. There's extra safety, too, in Glide-Ride front suspension that sops up the harshest bumps—that lets your car "keep its feet under it" for maximum traction on the roughest roads.

More stability on curves

Chevrolet's famous stability means money in the bank to the race driver—it lets him broadside through turns faster and smoother. But it means peace of mind to you on the road—more comfort in every curve and less body-roll with broad-based Outrigger rear springs, extra security if you have to swerve sharply to meet an emergency, a solid "one-piece" feel that is a delight to any driver.

The ability to slow down and stop quickly and smoothly

Those big 11-inch brakes have averted many a disaster in the close-packed battle of racing. But they weren't designed for that; they were made to give you "heads-up" stops and extra stopping power in traffic, on mountain grades, on high-speed expressways. Competition has merely proved their margin of superiority!

Come in and try out this new winner yourself... and see how easy we're making it to buy a Chevrolet right now!

A growing list of Chevrolet victories in stock car competition: FAYETTEVILLE, N. C. SELMA, N. J. COLUMBIA, S. C. CEDAR RAPIDS, IOWA YORKSTOWN, G. BALTIMORE, MD. ATLANTA, GA. WINSTON-SALEM, N. C. J. J. RAINDL PAINTING CONTRACTOR Taping and Textoning Ph. 334-J 1926 S. 1st, Tahoka

NOTICE TO PUBLIC
LYNN COUNTY, PRECINCT 4:
Effective now, there will be a charge for any work done on farms by road equipment in Precinct 4.
The county rate is \$7.50 per hour, time to count from the time the equipment leaves where it is working until it gets back, with a \$10.00 minimum charge for any job. This includes slush pits and does not mean we can take on any big jobs.
My reason for this is we are always short of funds, and there is so much "dead heading" the graders, it's hard on tires and equipment.
We don't spend any of the county tax money on equipment, supplies, fuel, repairs or salaries, or anything used in maintaining county roads.
Hope this meets with your approval. Will say I am always wishing we could get more work done on your roads.
E. H. WEST, Commissioner precinct 4.

SEDAN IN THREE SERIES—The four-door sedan, traditional American family car, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on models which will be displayed by dealers Friday, September 23. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among 1956 Ford appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive, or 290 hp for overdrive or conventional drive. In the Customline and Mainline, Y-8 engines produce 176 hp for Fordomatic, or 173 hp for overdrive or conventional drive. The 137 hp Ford I-Block six also is available in all models with all transmission types.

Janet Dube Gets W. T. Scholarship

Canyon, Sept. 29.—Miss Janet Dube, freshman at West Texas State College, has been awarded a \$100 scholarship by the WTSC Ex-Students Association for the 1955-56 session.

Miss Dube, daughter of Mr. and Mrs. Oswald Dube, route 4, Tahoka, attended WTSC this summer. She is majoring in home economics.

A 1955 graduate of Tahoka High School, Miss Dube was a local and Area II officer of the

Future Homemakers of America. She served as historian and president of the Tahoka FHA, and was parliamentarian for the Area II organization.

Named to Who's Who at Tahoka High in 1955, Miss Dube was librarian and reporter for the Library Club, reporter for the Student Council, a member of the National Honor Society, the school annual staff, the senior play cast, and of the Speech Club.

"Funnybone Follies" Thursday Night Being Sponsored By New Home PTA

New Home PTA will present "Funnybone Follies," a local talent variety show on Thursday night, Oct. 6, at the New Home gymnasium, Mrs. J. B. Edwards, PTA president, announces.

The entire action of "Funnybone Follies" takes place in the exciting world of television with an imaginary trip through TV Station FUN, and is filled with action, comedy, and song.

Joe Unfred impersonates Groucho Marx, who acts as master of ceremonies, assisted by Sylvia Edwards, who takes the part of the lovely lady of song, Miss Doris Day.

One of the highlights of the show is the appearance of E. R. Blakney and L. C. Unfred in the roles of Dean Martin, who makes the girls swoon, and Jerry Lewis, the perfect clown, who is always making "boo-boos."

Marion Smith and J. H. Moore Jr., will be seen in a Ma and Pa Kettle skit, and Orville Ray Pnifer Jr. and Barbara Evans will enact the parts of that couple loved by young and old, Rcy Rogers and Dale Evans. With Dale Evans is her truck horse, Black Beauty, ably impersonated by Sharon Blakney and Tanya Unfred.

Elsie Unfred, the Magic Lady of Toyland, brings a favorite fairy story to life with the little folks acting out the parts. This is one of the most appealing parts of the production.

Choruses include the Misses Carolyn Nowlin, Mary Emily Barnett, Sue Taylor, Jerry Sue Milliken, Virginia Renfro, Roma Brewer, Wilda Ann Shockley, and Gale Ruth as "American Beauties," and Donna Smith, Diann Williams, Charlotte Nettles and Dixie Ashcraft as the "Girls of the Golden West."

"Here Comes the Bride" skyrockets to a new laugh height in an all new Womanless Wedding, as the frustrate Judge finally manages to get those two looney fools hitched. We find the wedding complete with a quarrelling aunt and uncle, best man, maid of honor, ring bearer, a crying baby the soloist who couldn't sing a note if he had to, and, of course the jilted sweetheart.

"Funnybone Follies" promises a full evening of entertainment for every member of the family. The accompanist for the entire production will be Martha Roper, and the director is Margie Lee of Kansas City, Mo.

Congratulations:

Mr. and Mrs. Jack Yandell of Seminole on the birth of a son weighing 5 pounds, 11 ounces in a Seminole hospital Friday. He has been named James David. The parents formerly lived here.

Mr. and Mrs. Charles Freeman of Crosbyton on the birth of a son, Roger Dean, weighing 8 lbs. 6 ozs., on Sept. 14. The Freemans have two other sons, Joe Loyd, age six, and Greg, age three. Mrs. Winston Davies of New Home, mother of Mrs. Freeman, spent several days with them last week. Joe Loyd and Greg visited in New Home Wednesday through Monday.

Mr. and Mrs. Wayne Brasher on the birth of a son weighing 6 pounds 15 ounces in a Lubbock hospital at 2:55 a. m. Monday. He has been named Stephen Mitchell and is their first child. Wayne, who is in the Navy, has been home on leave for the event. Grandparents are Mr. and Mrs. M. H. Brasher of Tahoka and Mr. and Mrs. Ed Holden of Lubbock, formerly of Tahoka.

Mr. and Mrs. W. S. McQueen on the birth of a daughter weighing 6 pounds 2 ounces at 10:25 p. m. Thursday of last week in Tahoka Hospital. Name, Vivian Nell.

Mr. and Mrs. Leonardo Lars on the birth of a son, named Joe, weighing 6 pounds 12 ounces, in Tahoka Hospital Saturday at 10 a. m.

Mr. and Mrs. Fred Campbell on the birth of a daughter weighing 8 pounds 7 ounces at 3:27 a. m. Monday in Tahoka Hospital. Name, Glenda Evelyn.

CHILD GUIDANCE CLUB MEETING IS MONDAY

The first fall meeting of the Child Guidance Club will be held Monday night at 7:30 p. m. in the home of Mrs. H. W. Edwards, with Mrs. Sam Edwards as hostess.

All members are requested to bring a new member.—Reporter.

MINEOGRAPH PAPER, 8 1/2 X 11 and 8 1/2 X 14 at The News.

Sniders Observe 50th Anniversary

Mr. and Mrs. P. G. Snider of Lamesa, former long-time citizens of the Newmoore community of Lynn county, a few weeks ago celebrated their fiftieth wedding anniversary at their home at 603 North Avenue O in Lamesa.

The event, held on August 20, was attended by 59 relatives and friends.

A. W. Snider of Newmoore, a son, at the time sent the item to The News, but for some unexplainable reason the story never appeared in this paper.

Mr. and Mrs. P. G. Snider were married in 1905. They bought a section of land at Newmoore in 1924, and came here from Merkel to live. Mr. Snider suffered a stroke about three years ago, and he and his wife have lived in Lamesa ever since.

The couple have three sons and one daughter, A. W. of Newmoore, Marion of Seagraves, J. E. of Slaton, and Mrs. Oleta Price of Amarillo. Also, there are 11 grandchildren and two great grandchildren.

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation to our many friends for the kind messages and expressions of sympathy in our bereavement in the loss of our beloved brother and uncle, R. M. Cade. May God's richest blessings be yours.—The family of A. M. Cade.

Rotary . . .

(Cont'd. from Page 1)
merce; Past President of the West Texas Girl Scout Council, and at present is Vice-President of the Petroleum Marketers of Texas.

In 1940 'Rig' Edwards was made a member of the Sweetwater Rotary Club and has been continuously active in that club except for a period during World War II that he served as a flight instructor in the Air Force. He was President of the Sweetwater Club in 1949-50. He was elected District Governor of Rotary International for the 1955-56 fiscal year at Rotary's Golden Anniversary Convention in Chicago last June. He is one of 238 District Governors supervising the activities of some 8,811 Rotary Clubs which have a membership of over 419,000 business and professional executives in 92 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, President Harold Green, asserted in discussing the Governor's visit, their activities are similar to those of the Rotary Club of Tahoka, because they are based on the same general objectives—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the past fiscal year, 467 new Rotary Clubs were organized in more than 50 countries of North, South, and Central America, Europe, Asia, Africa and the Islands of the Pacific.

Miss Nellie Richards is reported to be improving nicely at Tahoka Hospital, where she underwent surgery last week.

CARD OF THANKS

May we express our sincere appreciation for the many good deeds, visits, and for the food and flowers during the long illness and death of our loved one. May God bless and keep you, in our prayer.—The relatives of Charley E. Clinton.

Tahoka Winner Over Seminole 12 to 6 O'Donnell Wins Over New Home

Tahoka Bulldogs nosed out the always powerful Seminole Indians here last Friday night 12 to 6 in one of the closest and most exciting games seen on Kelley Field in some time.

Tight Bulldog defensive play and a timely tackle by Quarterback Gordon Smith of the 186-pound Fullback Johnny Speer on the one-foot line as the final gun sounded saved a possible tie or Seminole victory, as the 2,500 partisan fans went wild.

The game was a team victory for the Bulldogs, as they put up the stoutest fight of their four-game season, and almost every local lad in action was almost completely exhausted at game's end.

First Drive Fills

Tahoka received the opening kick-off, Smith carrying the ball from the 7 to the 36. Halfback Jerry Williams made it a first on the 46, and then another first on the Seminole 42. Fullback Don Blair went for 4. Halfback Ted Pridmore carried on the next play but the ball was jarred loose by a tackle and Guard Ware High covered it for a 4 yard gain. Blair made it a first on the Seminole 30, and Smith skirted right end for 12. Four plays made another first on the Indians' 8, but the visitors' defense tightened and the ball went over on the Seminole 3.

Seminole immediately marched

JERRY WILLIAMS
Halfback
Age 17, weight 148, Senior, one letter. Father Carl Williams.

GORDON SMITH
Quarterback
Age 17, weight 155, Senior, three letters. Father, Truett Smith.

N. E. WOOD
Center
Age 17, weight 148, Senior, squadman. Father, N. E. Wood.

97 yards on 14 plays for a touchdown, with Speer doing most of the line smashing along with short gains by Halfbacks Bill Wallace and Bobby Travis and substitute Quarterback Leland Caffey. Wallace got away once around his left end for 34 yards, but it was Speer, who carried the last two. End Allen Burke's placekick failed. Tahoka 0, Seminole 6.

Score It Tied

End Neely Wolforth's kickoff was short, and Bulldog End L. W. Castleberry took the ball on the 25 and carried to the 40. Opening the second quarter, Tahoka moved down field to the Seminole 31. Then Pridmore took a pitch-out to the 22, but Seminole drew a roughing penalty to place the ball on their 7.

Seminole's Caffey intercepted a Smith pass intended for End Carlton Bell behind the goal line, and the ball was in possession of the visitors on the 20. Speer was hit by a jarring tackle on the first play, and Castleberry covered for Tahoka on the Seminole 24. Six plays later, Williams bulled the last foot to tie the score. Smith holding, Reserve QB Karl Prohl's placekick was low. Score 6-6.

Bulldogs Threaten Again
Travis brought the kick-off from the 12 to the 39, but two plays later Don Blair covered an

Petersburg Is Wilson Victim

The Wilson Mustangs continued their winning ways last Friday night, when they trounced the visiting Petersburg Buffaloes 33 to 13.

This Friday night, Coach Huntington's boys will entertain Freshmen on the Wilson Field, and Friday of next week they will play hosts to Lorenzo.

Led by their fine quarterback, Eugene "Mutt" Bruedigam, the Mustangs had no serious trouble with Petersburg.

Early in the first, Fullback Dewey Corley went through the line 15 yards to score, and Dan Verkamp ran over the extra point. Petersburg scored a few minutes later to make the score 7-6, but before end of the quarter Wilson made it 13-6 with Bruedigam going the last yard. Eugene Grider scored in the sec-

and period, and from then on the Mustangs coasted in for the victory.

Class A O'Donnell Eagles took an easy 38 to 12 victory over the inexperienced New Home Leopards of Class B, playing their first year of regulation 11-man football, last Friday night at O'Donnell.

New Home was the first to score, however, in the very slow moving game which required an hour and a half to play the first two periods. On third play after recovering an O'Donnell fumble, quarterback Jimmy Keith completed a pass to halfback Jimmy Dean, who raced 37 yards to score.

O'Donnell came back on an 85 yard drive, with halfback Charles Gass crossing the double stripe, and backs Ben Richbourg, Leo Bairrington, and Gerald Barton scored TD's to put the Eagles away out front to stay.

Thursday night, New Home was entertaining the Tahoka B team in the first meeting between the two schools in 11-man football.

O'Donnell will journey to Post tonight to play the Antelopes of District 5-AA, and next week will begin conference play at Stanton.

It puts your business on Quality Street

LEAVE it to this Blue Chip GMC Runabout to spread glowing reports about you and your business.

There's an unmistakable air of prosperity in that smart design. But it's on the job especially that old-type trucks must look up to a Blue Chip GMC.

There's a 288 cubic inch V8 engine that delivers 155 horsepower on regular gas. It's an "over-square" design too—the stroke being less than the bore for extremely short piston travel.

There's Hydra-Matic Drive* that automatically and exactly fits the gear to the need—so smoothly, you forget about it all day long.

And while this shifting precision cuts fuel use, it also avoids shock-loading damage. Engine, drive line and rear end give you more years of repair-free service.

Finally, it's a Gibraltar of framing and axles for taking loads, and an easy-steering sweetheart for handling them.

So while folks are looking up to your truly modern equipment, savings are adding up every day you run it.

That's the sum of Blue Chip GMC advantages. Great looks—great service—great savings. Why not drop into our showroom tomorrow and talk it over?

*Hydra-Matic standard on many models, optional at extra cost on some others

See us, too, for Triple-Checked used trucks

WHARTON MOTOR CO -- 1716 N. Main

NOTICE OF ELECTION TO BE HELD WITHIN THE CITY OF TAHOKA, TEXAS, ON THE QUESTION OF THE ISSUANCE OF REVENUE-SUPPORTED BONDS OF CANADIAN RIVER MUNICIPAL WATER AUTHORITY

To All Qualified Voters Who Reside in the City of Tahoka, Texas, and Within the Canadian River Municipal Water Authority, Who Own Taxable Property Therein and Who Have Duly Rendered the Same For Taxation:

TAKE NOTICE that an election will be held on the 8th day of November, 1955, within the CANADIAN RIVER MUNICIPAL WATER AUTHORITY, comprised of the cities of Lubbock, Borger, Lamesa, Levelland, Plainview, O'Donnell, Slaton, Brownfield, and Tahoka, Texas, in compliance with the order duly enacted by the Board of Directors of said Authority on the 12th day of September, 1955, and which resolution and order is a part of this Notice, being in words and figures as follows, to-wit:

"RESOLUTION calling an election to be held on the 8th day of November, 1955, in the Canadian River Municipal Water Authority as now constituted to contain the cities of Lubbock, Borger, Lamesa, Plainview, O'Donnell, Levelland, Slaton, Tahoka and Brownfield, Texas for the purpose of submitting to the qualified voters of said Authority who own taxable property therein and who have duly rendered the same for taxation the question of whether or not the Board of Directors shall have the authority to issue the revenue supported bonds of said Authority in the principal sum of \$74,800,000; prescribing the voting places for said election; prescribing the presiding judges of said election; prescribing the form of ballot to be employed in said election; and enacting other provisions incident and relative to this resolution."

WHEREAS, heretofore the cities of Amarillo and Pampa, Texas, have been eliminated as member cities of the Authority pursuant to the provisions of applicable law; and

WHEREAS, the Board of Directors of Canadian River Municipal Water Authority has determined upon the construction of certain facilities for the purpose

of providing a source of water supply for the remaining member cities of the Authority (the cities of Lubbock, Borger, Lamesa, Plainview, O'Donnell, Levelland, Slaton, Brownfield, and Tahoka, Texas) and other users for municipal, domestic, industrial and other useful purposes permitted by law, to-wit: A dam and reservoir on the Canadian River at Sanford, Texas; a water purification plant; pumping stations, pipe lines or aqueducts; and other works and facilities designed for the purpose of impounding, processing and delivering potable water for the aforementioned purposes in accordance with plans heretofore adopted as contained in a report of the Authority's engineers; and

WHEREAS, this Board finds that the aforementioned plans have been filed in the office of the Secretary of the Authority as well as a report of the Authority's engineers covering the plan, plants, facilities and improvements to be purchased and constructed, together with maps, plats, profiles and data fully showing and explaining the same, which report is open to inspection by the public; and

WHEREAS, the aforesaid engineers report contains among other things a detailed estimate of the cost of such improvements and an estimate of the time required to complete same so that service therefrom can be commenced; and

WHEREAS, by resolution previously passed, approving the aforesaid engineers report, this Board has determined that the sum of \$6,800,000 shall be added to said engineers cost estimate; and

WHEREAS, a summary of said engineers estimate of the cost of said facilities and improvements including the cost of property to be purchased, as shown in the report aforesaid, and the additional sum of \$6,800,000 aforesaid which this Board has determined should be added to the engineering cost estimates to cover any further items of expense in connection with the aforesaid construction including any additional cost or expense on account of any change or modification made by the Board in the proposed work, is as follows:

CANADIAN RIVER PROJECT, TEXAS ESTIMATED CONSTRUCTION COSTS			
Sanford Dam:			
Dam	\$6,450,600		
Spillway	4,624,510

Interest during Construction	5,300,000	10,000,000	
Total Gross Project Cost (Engineers Estimate) Sub-total			
		\$68,000,000	
Plus amount added by the Board of Directors for further contingencies		6,800,000	
TOTAL			
		\$74,800,000	
*This figure includes \$2,000,000 advanced for preliminary work in the first year, consisting of:			
Options on land and easements	\$ 300,000		
Surveys, borings, etc.	500,000		
Legal and administrative expense	2,000,000		
Engineering design, plans and specifications	1,000,000		
Total			
		\$2,000,000	

NOW Therefore, Be It Resolved And Ordered By The Board of Directors of Canadian River Water Authority:

SECTION 1: That an election be held on the 8th day of November, 1955, for the purpose of submitting to the qualified electors of the Canadian River Municipal Water Authority, who own taxable property therein and who have duly rendered the same for taxation, the question of the authorization of \$74,800,000 revenue supported bonds of the Authority, as follows:

"SHALL the Board of Directors of Canadian River Municipal Water Authority be authorized to issue the revenue supported bonds of said Authority in the maximum principal sum of SEVENTY-FOUR MILLION EIGHT HUNDRED THOUSAND DOLLARS (\$74,800,000), to mature serially over a period of years not to exceed Fifty (50) years from the date thereof, and to bear interest at a rate not to exceed FOUR PER CENTUM (4%) per annum, payable annually or semi-annually, for the purpose of providing a source of water supply for the Authority's member cities and other users for municipal, domestic, industrial and other useful purposes permitted by law, by the construction of a dam on the Canadian River at Sanford, Texas; a water purification plant; pumping stations; pipe lines or aqueducts; and other facilities necessary for impounding, processing and delivering potable water; said revenue bonds to be special obligations of the Authority payable solely from and secured by a first lien on and pledged of the revenues derived from the Authority's facilities, after deduction of reasonable operation and maintenance expenses?"

SECTION 2: That for the purpose of the aforesaid election the area and boundaries of the Authority shall include all lands located within the defined corporate limits of the cities of Lubbock, Borger, Lamesa, Plainview, O'Donnell, Levelland, Slaton, Brownfield and Tahoka, Texas, as of the 27th day of May, 1953; being the effective date of Chapter 243, Acts of the 53rd Legislature at its Regular Session in 1953, creating the Authority.

SECTION 3: The manner of holding said election shall be governed by the general laws of the State of Texas, except as otherwise provided by the aforesaid Act creating the Authority.

SECTION 4: Each of the cities of Lubbock, Borger, Lamesa, Plainview, O'Donnell, Levelland, Brownfield and Tahoka, Texas, shall constitute separate election precincts and each voter shall vote in the city of his or her residence.

Section 5: The aforesaid election shall be held at the voting places below indicated, it having been determined that said voting places conform as nearly as conveniently possible with those customarily designated as voting place in the respective cities. Said polling places and the presiding judges thereof are as follows:

- (a) In the City of Borger, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: Central Fire Station, G. V. Moss.
- (b) In the City of Brownfield, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Hall, Lee Brownfield.
- (c) In the City of Lamesa, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Hall, W. T. Webb.

(d) In the City of Levelland, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Hall, Gene Aycock.

(e) In the City of Lubbock, Texas, the polling places and presiding judges of said election shall be as follows, to-wit: No. 1, Carroll Thompson Junior High School, R. F. Bayless.

No. 2, O. L. Slaton Junior High School, Wyatt Hester.

No. 3, Dunbar High School, George Woods.

No. 4, College Avenue Fire Station, C. R. Minor.

No. 5, J. T. Hutchinson Junior High School, Ray Chapman.

No. 6, Zenith Avenue Fire Station, Bruce Barrier.

No. 7, Lou Stubbs School, H. A. Tucker.

(f) In the City of O'Donnell, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Water Tax Office, J. M. Noble.

(g) In the City of Plainview, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Auditorium, W. J. B. Goulet.

(h) In the City of Slaton, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: Office of the Board of City Development at the City Hall, Phil Brewer.

(i) In the City of Tahoka, Texas, the polling place and presiding judge of said election shall be as follows, to-wit: City Hall, J. M. Small.

The presiding judge of each polling place aforesaid shall appoint the necessary judges and clerks required to assist in holding such election.

SECTION 6: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V. A. T. S. Election Code adopted by the Forty-second Legislature in 1951, and that printed on such ballots shall appear the following:

"For The Issuance Of Bonds And The Pledge Of Net Revenues For The Payment Thereof"

"Against The Issuance Of Bonds And The Pledge Of Net Revenues For The Payment Thereof"

AS TO the foregoing proposition, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the proposition; or, in the alternative, each voter may vote on the proposition by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 7: In the event the said revenue bonds are authorized to be issued by a majority of the qualified electors of said Authority, voting at said election, and the same are issued and sold, the holder or holders of such bonds shall never have the right to demand payment thereof out of any funds raised or to be raised by taxation and each bond issued or executed in pursuance of such election, shall contain this clause:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

SECTION 8: The election officers from each of the polling places hereinabove designated shall make due return of said election in triplicate to the Board of Directors within five (5) days, one to be retained by the Presiding Judge, one to be delivered to the President of the Authority, and one to be delivered to the Secretary of the Authority. The ballot boxes and other election supplies shall be delivered to the Secretary of the Authority at his office and be preserved in said office as provided by law.

SECTION 9: That at said election only qualified electors who reside in the Authority and in the several cities above mentioned, and who have duly rendered the same for taxation shall be qualified to vote. Any person appearing to vote and who is not known to the election officers to be a qualified voter and taxpayer in property owned, as herein stipulated, or if his vote is challenged, he shall be required to subscribe and swear to the following oath:

"I do solemnly swear (or affirm) that I am a qualified voter and a property taxpayer in property owned, as herein stipulated, and that I did not acquire property prior to this election for the purpose of voting, but am a bona fide property taxpayer in the Authority."

SECTION 10: The Secretary of the Board of Directors is hereby authorized and directed to give notice of the aforesaid election by publishing a substantial copy of this resolution, or notice containing the same, signed by the President and attested by the

Secretary, in a newspaper of general circulation in each city contained in the Authority, on the same day in each of two consecutive weeks, the first of said publications to be made at least twenty-one (21) full days prior to the date fixed for said election; said publication in the manner aforesaid shall constitute proper notice of said election.

SECTION 11: That all revenue bonds herein presented are to be ratably secured in such manner that no one bond shall have priority of lien over any other bond, it being the intent hereof to provide for the creation of an indebtedness against the Authority's facilities for the purposes hereinabove stated, and such bonds, if approved by the qualified voters, voting at the election herein and hereby ordered, are to be issued in one or more installments. The aforesaid revenue bonds are to be special obligations of the Authority payable from the principal and interest solely from and secured by a first lien on and pledge of the net revenues derived from the Authority's facilities. As used herein the term "net revenues" shall be understood to exclude any money derived from taxation but to include all income and increment which may grow out of the ownership and operation of the Authority's improvements and facilities less such proportion of the Authority's revenue income as reasonably may be required to provide for the administration, efficient operation and adequate maintenance of its facilities.

PASSED, APPROVED AND ADOPTED, this 12th day of September, 1955.

(Signed) ROBERT E. MAXEY, President, Board of Directors, Canadian River Municipal Water Authority.

ATTEST: (Signed) A. A. MEREDITH, Secretary, Board of Directors, Canadian River Municipal Water Authority.

THIS NOTICE is officially issued and given by the undersigned pursuant to the aforesaid resolution and order, and by authority of law.

IN WITNESS WHEREOF, I have hereunto signed my name officially and have affixed the WEDDING Announcements and Invitations, Anniversary and party Invitation cards, with matching envelopes. The News.

seal of the Canadian River Municipal Water Authority, this 12th day of September, 1955. (Signed) A. A. MEREDITH, Secretary, Board of Directors, Canadian River Municipal Water Authority. (SEAL) 51-2tc.

Mr. and Mrs. Wade Howell and little son and daughter, were up from Midland over the week end visiting his parents, Mr. and Mrs. H. B. Howell. They saw the Tech-TCU game Saturday.

Anything less is an old-fashioned truck!

New Chevrolet Task-Force Trucks

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today... and again at trade-in-time!

Most modern power—V8 or 6
In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And all Chevrolet truck engines have a modern 12-volt electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"
That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling
We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and look better doing it!

Most modern features throughout
Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

CHEVROLET Year after year, America's best selling truck!

Odds and Ends

(BY E. I. HILL, ELDER)

This week I am going to give the readers of this Column a little more Texas history. There are 254 counties in Texas, and Anderson county, alphabetically, is the first on the list. Also, it is the oldest and historically one of the most interesting. The fine little city of Palestine is the county seat, and it has been important politically even since Texas won its independence from Mexico. Anderson county became an area of much interest before Texans took up arms against Mexico in the struggle for independence. Texas, politically, was still a part of the Mexican state of Coahuila in 1833 when Elder Daniel Parker of Illinois organized a Primitive Baptist Church in that state and promptly moved the whole church to a location near Elkhart in what became Anderson county after Texas won her independence from Mexico. The Roman Catholic Church dominated Mexico at that time and it would not permit the organization of any Baptist or Protestant church in Texas. Elder Daniel Parker saw a loophole in the law, and he walked right through it. He did not attempt to organize a church in Texas but he organized one in Illinois and moved it to Texas. There was no law against that. So he and his little flock pretty soon settled down about two miles west of a settlement of Whites at Elkhart. That church still stands and worships in a house on the original site. It is now 122 years old, and of course all the original members died long ago, but they sleep today in a large cemetery south of the Church. The Primitives still have church services in their house of worship there and they have a home-coming service at a fixed time every year, when scores and scores of Primitive Baptists and also scores of mere visitors visit the services and spend the day. I visited one of the services as a mere visitor about five years ago, and also spent an hour or more in the great spreading cemetery there. I remember that I read the name of Lynn on one of the tombstones. It should be stated that the Church worshipped there several years before the church built its first house of worship, a log house, in 1839. Elder Daniel Parker and the original members named the Church the Pilgrim Predestinarian Regular Baptist Church. Lynn county Primitive Baptists would enjoy a visit at the Home-coming of the Church next April, I believe it is.

Palestine early in its history became the center of political interest because it was the home of that great statesman, John H. Reagan, who had served as the Postmaster General of the Southern Confederacy during the Civil War. His home, standing out possibly two miles west of the

city was constructed originally as a fort but after the War it had been converted into a residence. A handsome mansion it was when I saw it some five years ago. Reagan distinguished himself by accepting the chairmanship of the Railroad Commission which was offered him by Governor Hogg who had made his race for Governor on the issue of creating a railroad commission for Texas. Reagan's patriotism was strikingly manifested when he resigned his seat as one of the U. S. Senators from Texas to accept the less important and less remunerative position of Railroad Commissioner.

Palestine has been the home of other distinguished citizens. Governor Tom Campbell came from Palestine to the governorship of Texas in January, 1907, and held the office for four years.

But the annual Dogwood Trail Celebration usually held in April is the event that draws to Palestine by far its largest crowds. That is when the dogwoods are in full bloom, and that means when they are so numerous as to render the beauty of the woods almost breath-taking. A trail several miles long has been laid out through the valleys and over the hills 'out north' and east of Palestine together with picnic grounds here and there along the route, and motorists from far and near swarm into Palestine and thence out over the trail each year when the "Celebration" is on. The pure white dogwood flowers and the pink or scarlet redbuds which are almost as numerous present a picture which flower-lovers can never forget.

But I was about to forget that Anderson county was named for Kenneth R. Anderson, the last vice-president of the Republic of Texas. It is wedged in between the Trinity River on the West and the Neches on the east. Houston county lies on its southern boundary and Henderson county on its northern boundary. It must be chock-full therefore, of early Texas history.

Anderson county, second alphabetically on the list of Texas counties, is situated jamb-up against the New Mexico line at the south-east corner of that state. It was named for Richard Andrews, a Texas patriot who lost his life in the Texas Revolution for Independence, according to a statement made in the Texas Almanac, published by the Dallas News Publishing Company.

The average annual rainfall in Anderson county is given as less than 16 inches, hence when first visited by white men it was in the heart of the so-called Great American Desert. After the buffaloes had been extinguished, it remained the habitat of the prairie dog, rattlesnakes, coves of quail and prairie chickens, and the browsing grounds of long-horn cows. Then came the ranchman who began to raise short-horns. But the land was still almost worthless until some twenty years ago when oil was struck. Now it is in the heart of one of the largest and richest oil fields in all the world. This field covers vast areas of country all around Midland and Odessa, as far east as Big Spring, as far south as Pecos county, westward out to Hobbs and all southeastern New Mexico; and in oil field after oil field along the border of the two states into large areas of the Texas Panhandle.

Andrews has more money with which to build highways and also with which to build and maintain public schools than it knows what to do with.

That money comes from its oil wells.

If you will take the time and the trouble to consult the Texas Almanac for the years 1954-1955 respecting oil production in Texas as far as the year 1952, you will find that Andrews county stood

fourth in the list of the 24 top oil-producing counties in Texas. It surpassed in production that year every South Texas oil-producing county, every south-east oil-producing county, every Panhandle and northwest Texas oil-producing county, and every east-Texas oil-producing county except Gregg county, which contains the Longview-Kilgore-Gladewater fields.

But here are some oil statistics more startling than that. Ector county, which lies adjacent to and directly south of Andrews county produced more oil than did Gregg county, the figures being Ector, 59,244,587 barrels; Gregg county, 57,628,871 barrels.

In that year Scurry county, which is an off-shoot of the Andrews-Ector Midland field was the third highest producer in the state.

Another eye-opener: Of the 14 leading oil-producing counties in this state, ten of them lie in this prodigious string of oil fields, beginning with Hockley county lying due west of Lubbock and extending down an almost unbroken line from north to south through Yoakum, Gaines, Andrews, Ector, Midland, Upton, Crane, and Pecos counties with an off-shoot through Howard and Mitchell counties, with lighter production, to the third heaviest producer in the state, Scurry county. Adjacent to this great oil-producing area are the great New Mexico fields at Hobbs, Lovington, Artesia, and other points in that state.

But there are some other facts Andrews county. It seldom dries up. First, one of the largest and most noted natural lakes in all West Texas is Shafter Lake in Andrews county. It seldom dries up except during prolonged

drouths, but the water contains so much minerals to be of much use to man or beast. But there is a draw, possibly an extinct river bed, known as Mustang Creek, which has its rise in Andrews county by virtue of the confluence of a number of draws coming down out of the breaks of the rugged areas in the county, and it runs on down by Stanton, and then turns and twists about and enters Howard county, passing through Big Spring, where it is generally known as Sulphur Draw I believe, but further down east they call it Beale's Creek, and finally it flows into the Colorado River in Mitchell county. Many regard it as a prong—and the longest prong—of the Colorado River. When heavy rains come, it drains a vast territory, but the main stream of the Colorado River, rises in Dawson County about six miles south of O'Donnell. A spring is there, and that is where the first flowing water is found. The draw in which it rises, has its beginning however, much further west and the highway from Brownfield to Seagraves crosses it a few miles south of Brownfield. There is a spring-fed lake but no running water in the draw several miles west of O'Donnell.

It is believed that Shafter Lake was a popular meeting place of the Indians prior to the coming of the white man. Cedar Lake in Gaines county immediately north of Andrews certainly was an Indian hang-out place. It too is a large and rarely if ever dries up. It is believed that Cynthia Ann Parker and her son Quanah Parker visited that lake more than once, just as they used to come occasionally to Thoka Lake and camp there for as long or as brief as they desired, and then mount their ponies and travel on

along the caprock to some other lake or stream of running water where they might find another desirable place to camp. Usually they made their way from lake to lake where the buffalo, before they were killed out, were accustomed to come for water. Thus they spent a good deal of

Lake near the Terry County line, on the Oscar Roberts Ranch, for numerous arrowheads may yet be found around these lakes. The same is true with respect to the lakes in Gaines and Andrews counties.

time at the larger lakes where there were springs, such as Tahoka Lake, Cedar Lake, and doubtless Shafter Lake too. Also, they evidently spent much time out at Double Lake, a few miles north.

of Tahoka, Texas
MEMBER OF F. D. I. C.

Let's take
a walk around
the NEW '56 FORD!

It's the fine car at half the fine car price!

3. Here's what you ride on. This frame has five cross-members including a K-bar member up front. It can take it! And Ford's Ball-Joint Front Suspension really blots out bumps.

4. Here's the new 202-h.p. Thunderbird V-8 and we assure you, it will give you new driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models... the 176-h.p. Y-8 in Fordomatic Mainline and Customline models... the 137-h.p. Six in all models.

7. Here's Ford's new Lifeguard door latch. A double-grip locking engagement reduces the chance of doors springing open under impact. Chances of serious injury in accidents are less when passengers remain in the car.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection against serious injuries when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in their seats.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. You'll know that Ford is the fine car at half the fine car price.

Tahoka Wins...

(Cont'd. From Page 1, Sec. 2)
 Indian fumble, on the Seminole 44. The Bulldogs moved down to the Seminole 19 for a first down, but a Tahoka fumble was covered by Guard James Luttrell for the Indians.

Two plays made 6, and then while fading to pass Caffey was nailed on the 11. Caffey punted 39 yards to Smith, who handed off to Prohl, who fought his way down to the Seminole 30.

A pass was incomplete, and a running play netted the Bulldogs only two before the half ended.

Bulldogs Still Threatening

Seminole received the kick-off, brought the ball out to the 42, made it a first on short gains to the Tahoka 45, and then Quarterback Bill Burnett hit End Harry Walker on the Tahoka 28, but Seminole was holding and was set back to the S. 44. Two plays later, Speer punted to the Tahoka 22.

Moving forward consistently, with all backs carrying, and a 20-yard completed pass to Bell thrown in, Tahoka went for a first on the Seminole 13. However, the Indian defense again stiffened, and Tahoka was held on downs on the Seminole 6.

Three plays netted the visitors only 7, and Speer was forced to punt from his 13.

Tahoka Scores Again

Taking the ball on the 43, aided by several beautiful blocks, by team-mates, Smith twisted his way back to the Indian 15.

Pridmore and Blair carried to the 10, and then Williams went to the one-foot line. On the next play he plowed over left guard for the final score, in the opening minutes of the fourth quarter. Again Prohl's kick was no good, but Tahoka had its 12-6 lead.

Seminole Drives

Travis brought the kick-off to the 42 from the 10. On the next play, big Speer got away and appeared to be long gone for a TD but was overhauled from behind on the Tahoka 24 by Blair after a 34 yard gain. Three plays carried to the Tahoka 13, and three more to the 3. Then, Speer carried over the goal but fumbled in the melee, and Prohl covered the ball behind the goal line.

Officials gave the ball to Tahok out on the 20. Blair and Halfback Jimmy Harter carried out to the 31, then Blair got away on a 20-yard jaunt to Seminole's 49. The Indians' back seemed to be broken, but two

plays later, Caffey covered a Tahoka fumble on the Seminole 37. In five plays, the Indians moved to the Tahoka 47. Then a Seminole back fumbled on a tricky pitch-out and attempted lateral and Blair covered the ball on the Tahoka 46.

With time running out, Tahoka seemed to have the game in the bag, but two plays later, Caffey covered a Tahoka fumble on the 50.

Caffey hit Burke with a pass good for 24 to the Tahoka 26. Four plays made it a first on the Tahoka 14. With seconds left, Caffey again hit Burke with a pass to the Tahoka 4. It was on the next play that Speer hit the right side and was nailed by Smith in a sensational tackle, with the ball resting inches from the goal line and second down coming up. But the time ran out.

Boys Looking Better

Center Stanley Stone played a top game until forced to leave action about midway, but N. E. Wood proved himself a good replacement. Ronnie Brooks, guard, and Bobby Paris, tackle, had tough men to handle, but held out their side of the line well. Tackle Larry Smimmons showed continued improvement in doing a fine job, and Ware High played his usual good game. Ends L. W. Castleberry and Carltor Bell possibly played their best games of the season.

On net yards running, Williams had 101, Blair 71, Pridmore 37, Smith 36, and Harter 7. The Bulldogs kept the ball in Seminole's end of the field most of the time, and didn't punt a single time.

For Seminole, Speer was the top ground gainer with 110 yards, Wallace had 67, Travis 16, Burnett 9, and Caffey 2 net.

Most fumbles in the game on both sides were caused by the ferocious tackles thrown by opposing players.

Bigger in performance, power and appearance, this new 1956 Mercury Monterey coupe emphasizes the lower silhouette of the entire line of Mercurys for 1956. With 13 models in three series—Montclair, Monterey and Custom—Mercury offers an impressive variety of color and fabric combinations. A new Mercury Safety-Surge V-8 engine with 312 cubic inch displacement further enhances Mercury's acceleration and power throughout all the driving range.

Odds & Ends

(Continued)

west of Tahoka, and at Mound Gaines county, as you know, for I referred to it in this Column a few weeks ago, was named for James Gaines of Sabine county, who was one of the signers of the Texas Declaration of Independence, and who remained in Texas until they found gold in Cali-

fornia and he then hiked off to that El Dorado in 1849 to dig gold and get rich quick. Nobody has ever found any gold either in Gaines or in Andrews county, but they have found oil fields that are richer than any gold mine. The buffalo and the Indians are all gone. So are the prairie dogs and most of the rattlesnakes. Even the antelopes and the motherly prairie hens have dis-

appeared. But if Richard Andrews could come back to life and could take a look at Andrews county, which he never saw in his life-time, I think he would agree that Texas was worth dying for; and if James Gaines could come back to life and migrate out to Gaines county, I think he would realize what a terrible mistake he made by running off out to California.
