Award-Winning Frank Capra Directs 'A Hole In The Head'

Frank Capra is a man who takes his time. A man of his stature can afford to.

Three-time Academy Award winner for Best Direction for "You Can't Take It With You," "Mr. Deeds Goes To Washington," and "It Happened One Night," producer-director Frank Capra, it should be obvious, is a man who's completely at home in dealing with comedies.

After an absence from Hollywood films of more than five years, Capra was recently busy again in the medium he loves best — comedy — this time with "A Hole In The Head," starring a batch of fine actors like Frank Sinatra, Edward G. Robinson, Eleanor Parker, Carolyn Jones, Thelma Ritter, Keenan Wynn, and introducing 12-year-old Eddie Hodges. The picture opens November 22-23-24 at the Valley Theatre.

"It's the kind of clam-bake I like best," Capra said, "a kind where the comedy comes from the people, not necessarily the situation, although in this case, writer Arnold Schulman has penned a hilarious situation to boot."

"A Hole in the Head" is Capra's first producing-directorial effort since Bing Crosby's "The Bells of St. Mary's."

Capra's first producing-directorial effort since Bing Crosby's "The Bells of St. Mary's."

Officers were nominated when the Muleshoe Canton and Auxiliary No. 31 met at the I. O. O. F. Hall Friday night. They will be elected at the meeting December 12. For this meeting all members are asked to wear their suits and the ladies will bring a covered dish. At the close of the Friday meeting cookies, cocoa, and coffee were served to the 11 members and one visitor present from a very attractive table symbolizing Thanksgiving.

ABOVEGROUND DOUBLE-WALL SHELTER

For Family Protection From Radioactive Fallout

AN OUTDOOR aboveground shelter may be built of concrete blocks. It is recommended for houses without basements or for regions where water or rock is close to the surface, making it impractical to build an underground shelter. Two walls of concrete blocks are constructed at least 20 inches apart. The space between is filled with gravel or earth. The walls are held together with metal ties placed in wet mortar as the walls are built. The roof is a six-inch slab of reinforced concrete, covered with at least 20 inches of gravel or earth. Most people would have to hire a contractor to build this shelter. Plans appear in the OGDH 32-page booklet, "The Family Fallout Shelter." For free copies write: Box Home Shelter, OGDH, Battle Creek, Mich.

giving demonstrations at our December meeting: Ronald Ashford and Gary Graves on Soil and Water; Lloyd and Eugene are giving one on tractor safety; Max and Gary Embury on electric wires; Buddy Embury and H. W. Moore on Soil and Water.

Volunteer workers, under the leadership of Mr. Williams, will seek \$1400 to continue and expand Scout activities for girls from seven to 17 years old in this area.

"I have accepted the chairmanship of this campaign," Mr. Williams said, "because I believe that the Girl Scout program provides the best opportunity for girls of our Council area to acquire the fundamentals of American citizenship."

The boys who have barrettes and are going to show in the spring show, are: James Koelzer, Timmy Foster, Ronald Mayfield, and Bobby Gleason. The following boys are going to give one on Soil and Water and Bobby Redwine and Larry Davis are going to give one on electricity. Johnny Marrow is going to give one on Tractor Safety.

Meeting was called to order by President Steve Young. Eugene Vaughan read the minutes. Joe Jones took over and talked to us about demonstrations. The following are

DIAMOND-STUDDED — She can shine at home in cotton calico, criss-crossed with rick-rack in an interesting diamond trim. This wrap 'n' tie fashion by Swirl is easy to wear, completely washable, and requires little or no ironing.

Food Demonstration Is Club Program

Los Planos club met last Tuesday night in the home of Mrs. Joe Mack Wagnon. Their program was a demonstration on holiday foods, presented by Miss Ernestine Gary, Southwestern Public Service Company home economist at Clovis. After the demonstration the prepared food was served to those present.

The club met this morning at Leigon's to begin the Girl Scout Fund Drive. Two members of the club, Martha McCormick and Donna Kirklien, took part in the "Stunt Night" of the P-TA Monday night of this week.

RAINBOWS OBSERVE CROSS OF COLORS

The members of the Rainbow held their annual observance of the Grand Cross of Colors in the Masonic Hall Monday night, Nov. 16.

After a salad supper the Grand Cross of Colors Rites were held.

Those attending were Mr. and Mrs. John Thomson, Mrs. Lavonnie Hinkson, Mrs. Barbara Lust from Dimmitt, Mrs. Jewell Strong, Dolores Wagnon, Nelda Redwine, and Mrs. John Farley.

STATE BOARD OF INSURANCE ADOPTS SAFE DRIVING INSURANCE PLAN

For Years people have asked "WHY SHOULD I PAY AS MUCH FOR MY AUTO INSURANCE AS THE IRRESPONSIBLE DRIVER?"

The State Board of Insurance has realized this and has adopted a plan to reward the group of drivers who operate their automobiles in a safe and lawful manner. EFFECTIVE JANUARY 1, 1960, this plan is MANDATORY for all Insurance Companies licensed to do business in Texas.

Under the "merit rating" insurance plan a point system has been established, in which a motorist is charged one point for every moving traffic violation and two points, with certain exceptions, for every accident. A driver with a perfect record during the three year experience period has no points and qualifies for the lowest rates, 20% below the regular rate. A driver with one point will receive no discount and no penalty. Drivers with two or more points will pay more proportionately.

NO POINTS WILL BE ASSIGNED AS A RESULT OF AN ACCIDENT IF:

1. The applicant's Automobile is legally parked.
2. The applicant or owner is reimbursed by or on behalf of the other party involved.
3. The applicant's car is struck in rear end by another car approaching from the rear.

4. The operator of any other vehicle involved is convicted of a traffic violation.

5. Applicant's car is struck by a "hit-and-run" auto, if applicant reports the accident to proper authority within 24 hours.

FOUR POINTS SHALL BE ASSIGNED FOR THE FOLLOWING:

1. Driving while under the influence of intoxicating liquor or narcotic drugs.
2. Failure to stop and render aid, or disclose identity when involved in an accident.
3. Negligent homicide arising out of the use of a motor vehicle.

A WRITTEN APPLICATION SIGNED BY THE APPLICANT MUST BE USED TO RATE EACH POLICY AND WILL LIST ALL ACCIDENTS AND TRAFFIC VIOLATIONS OF THE APPLICANT AND EACH RESIDENT OPERATOR DURING THE EXPERIENCE PERIOD.

These applications will be checked against your driving record with the Department of Public Safety. A \$5.00 traffic ticket could cost the average driver in Muleshoe \$27.00 additional in insurance premiums over a three year period for minimum limits of public liability and \$1,000.00 medical payments coverage.

Better Days May Be Ahead For Hog Producers; Farrowing Down

COLLEGE STATION—Better days may be ahead for hog producers. Farrowing intentions for December 1959-February 1960 are down four percent from last year in the 10 Corn Belt States. If intentions are followed this will be the first reduction in two years and may stimulate a price increase.

Farrowing intentions for the period March 1960-May 1960 will be reported in December and if the number of pigs born in this quarter show a decline, then we can assume hog numbers will be partially modified by the huge supply of feed grains and lower level of feed grain prices.

Hog slaughter during the first nine months of 1959 has been 14 percent greater than in 1958. Slaughter for the last quarter of 1959 will come largely from the March-May pig crop which was up 9 percent from last year. With the

larger fall pig crop in 1959 slaughter can also be expected to continue high during the first half of 1960.

The specialists noted that for every 10 percent increase in the number of hogs marketed there is usually a 25 percent decrease in hog prices. If beef prices are relatively high, an increase in the consumption of pork can be expected. However, this increased consumption will not be enough to do more than keep hog prices from skidding much lower. With marketings expected to increase in 1960 as a whole, the specialists predict hog prices to average close to or a little below those of 1959.

This is not the time to expand your hog production, they added, but it is the time to improve breeding stock, become more efficient and get ready for better hog prices in some early year following 1960.

In the 10 corn belt states, which accounted for 75 percent of the total U. S. production in 1958, the number of sows farrowed or intended to farrow this fall (June through No-

THE CAR KILLED—OR WAS IT THE DRIVER

By Mike Connell

Lufton Marley was mad. Imagine all those people blaming that little street urchin's death on him. Had the affair been his fault, Lufton could possibly have understood. But how was he to know that the child would suddenly appear from between those parked cars?

Oh, maybe he had been going a little fast for Main Street, but who was to know the difference? If those brakes hadn't been so loose... Morley knew that car was no good, he said so the day he bought it. But he didn't know it would kill.

If that kid hadn't been chasing that stupid ball into the street, none of this would have happened. If that old worn out heap of a car had had better tires, Lufton could probably have stopped in time. He knew he should have repaired that knot on that left front tire last week.

That car was the worst rattle-trap he had ever owned. Oh, maybe I should have taken the old heap in for its thousand mile checkup, Morley thought, but you'd think it'd hold up better than that! That old junk pile should be sold for scrap metal, Morley griped to himself.

That mechanic who had checked the car last year had said himself that it was on its last legs. Those brake seals, maybe he should have bought new ones. Instead of grabbing those at a giveaway price.

By the way all those people acted like the first person to ever run a caution light. Next that had caused the accident, of course.

All those hard eyes staring at him when he had gotten out of the car to see what he had hit. The thought of them made Lufton shiver. Anyone should have known it was the car's fault, not his.

Yes, Morley thought, he should be sympathized with because of that old worn-out car. What about it if he had had one or two drinks before he had headed for home? They hadn't affected him much.

No, Lufton Morley thought, as the police took him away in the squad car, he didn't see how anyone could blame this trivial accident on him!

Parmer F. U. Picks Delegates To Convention

Parmer County Farmers Union will have a large representation at the 56th annual convention which begins in Fort Worth Friday morning, Dec. 4, at 9 a.m., stated T. O. Lesly, president of the Parmer County organization.

Considerable interest has been evidenced not only among Farmers Union members, but by hundreds of citizens due to the fact that Senator Humphrey, recognized as the most outspoken member of the Senate in behalf of family farm agriculture, will address the convention.

The Senator will speak at the annual banquet at 7 p.m. in the Texas Hotel. Another outstanding speaker will be Texas' own Senator Ralph Yarborough, whose privilege it will be to introduce the main speaker, Sen. Humphrey, following his own address.

These two outstanding personalities will add much toward attracting many hundreds of F. U. members and friends to this 56th convclave.

Official delegates who have been elected from Parmer County include: O. D. Spitzer, Fred Burch, Duane Darling, J. R. Harris, Clayton Graef, C. C. Matthews, Jr. and Wayne Clark. In addition to these delegates, many members are also expected to attend since farmers interest is running high with regard to price supports and the numerous other problems facing the economic future of agriculture.

Other prominent people appearing on the program will be Glen Talbot, vice president of N. F. U.; Jerry Hollenbeck, president of Texas AFL-CIO; and several Texas congressional leaders. Keynote address will be given by Alex Dickie, Jr., Texas F. U. president.

New Reading Program On Trial In Muleshoe Grade Schools

The two elementary schools, Richland Hills and Mary DeShazo are starting this year on a program of reading which is published by the Science Research Associates. This plan of teaching reading is fairly new, but has been in operation long enough to prove its merit.

The plan uses the laboratory technique whereby the pupil starts at his individual level in comprehension and speed and progresses at as fast a rate as he is capable of.

After a thorough study of the plan it was decided to give it a try in one or two of the classes this year. At the end of the year the plan will be evaluated. If it proves worthwhile a proposal will be made to inaugurate it in all the 4th, 5th, and 6th grade classes next school year.

Teachers piloting the program this year are Dale Lavender, DeShazo fifth grade, and Mrs. Lambert, 4th grade at Richland Hills.

If the plan is put in operation next year, these teachers will conduct workshops with other 4th, 5th and 6th grade teachers next August before school starts.

A MESSAGE TO: Farmers, Ginners, Businessmen

Across the vast cotton-white fields of the Texas High Plains farmers are busy gathering the 1959 cotton crop — which may be the second largest crop yet produced on the High Plains.

The work of THE PLAINS COTTON GROWERS, INC. is continuous day-in, day-out, year-in, year-out. That's why it is vital that as many gins as possible on the Plains cooperate with the PCG in collecting farmers' dues.

Some ginners this year are having difficulty because of the low price of cottonseed. It is regrettable that this hardship is with us, but regardless, it cannot be permitted to interrupt the work of the PCG. A look at the list on the right shows just a few of the many accomplishments of the PCG. Farmers and ginners alike can easily see the value PCG now means to the Plains cotton industry.

Producers should check their ginners and if at all possible, help him work out some method whereby he can continue his support of the PCG. A united front of all segments of the Plains cotton industry is what the PCG should stand for. With your help this is possible.

- Here Are a few of the things 16c a bale does to the Plains Cotton Growers, Inc. does:
- Research** (1) Established a Cotton Research center at the Pilot Spinning Plant at Texas Tech for fiber and spinning research on Plains cotton, \$70,000 at work. (2) PCG-USDA cooperation on cotton breeding at the Lubbock Experiment Station, \$10,000 at work. (3) Cooperating on a fertilizer research program, Lubbock Experiment Station program, \$5,000 at work. High Plains Field Station, Halfway, \$7,000 at work. Spur Experiment Station, \$2,500 at work. (4) Cotton Quality Statistics. PCG office staff keeps area microaire, Pressley, grade and staple statistics which are mailed to textile mills and cotton brokers throughout the U. S. and foreign countries. (5) Paid for humidification equipment at Lamesa, Brownfield and Lubbock cotton classing offices, \$55,000 at work.
 - Service** (1) Starting in 1959 farmers had up to a 28% increase in acreage over 1958 as a result of PCG legislative work. (2) A separate higher loan rate for light spotted cotton is in effect beginning this year, about \$18 a bale above spotted cotton. (3) Representation in all legislative matters pertaining to cotton. (4) Representation in Bracero Labor program. (5) Provide technical service to textile mills on the use of Plains cotton. (6) Cotton acreage allotment vigilance. (7) Marketing loan limitations vigilance. (8) Conduct Quality education program.
 - Promotion** (1) Conduct advertising programs on High Plains cotton on national basis. (2) Provide radio, newspaper and direct mail informational service. (3) Conduct tours to textile mills and encourage cotton buyers and mill people to visit the High Plains. (4) Print a bi-monthly publication and keep members informed. (5) Keep contacts with other agricultural organizations and the cotton trade. (6) Distribute quality and publicity information about High Plains cotton.

CONFERENCE STANDING .500

Mules End Season In Brilliant Win Over Abernathy, 20 To 18

The Muleshoe Mules overcame an early deficit then staved off a second-half Abernathy comeback to take a District 2-AA finale here Friday night, 20 to 18.

The victory gave Muleshoe a 2-2 record in district play and left Abernathy in the cellar with a 1-3 record.

Abernathy scored first on a 26-yard pass from quarterback Keith Beard to halfback Stanley Joy in the opening period. An attempt to run the extra point failed.

Muleshoe roared back with quarterback Derrell Oliver setting up the score with a 42-yard pass to Lyndal Black. Oliver then plunged over from three yards out. A run for the extra points failed and the score knotted, 6-6.

Muleshoe took a 12 to 6 lead later in the first period on an 11-yard run by halfback Curt Walker. Again, the run for extra points was stopped short.

In the second period, Oliver again passed to Black for 44 yards to put the Mules in business on the Abernathy 5-yard line. Oliver carried over for the score and Gary Pierce ran the extra points for a 20 to 6 halftime advantage.

The Antelopes struck back in the third and fourth quarters. Quarterback Billy Joe Smith passed 48 yards to end Neal Humphrey in the third period. In the fourth, Harold Thompson ran outside tackle for 16 yards and the final touchdown. Both attempts to run for extra points failed, however, and that was the margin.

Cotton Center Bests Bula 30-25

COTTON CENTER — Halfback Larry Stanley scored three times to spark the Cotton Center Elks to a 30-25 victory over the Bula Bulldogs in a district 2-B six-man football game.

Stanley went over from five yards out in the first period, and teammate Ronald Bourland, quarterback, followed with a 35-yard scamper in the second quarter. Bula countered on a 35-yard scoring pass play from quarterback Norvell Roberts to halfback Larry Pollard.

Bula pulled even in the third quarter with another Roberts to Pollard scoring pass, and pulled ahead on an extra points pass to Pollard from Roberts.

However, Stanley scored late in the third on a six yard run and early in the fourth on a 33-yard ramble. Roberts added a Bula touchdown, and halfback Larry Shackelford ran for a Cotton Center score. Roberts passed to Pollard to close out scoring.

Longhorns Lose To Happy Cowboys

The Lazbuddie Longhorns played the Happy Cowboys last Thursday night instead of Friday on account of the weather predicted for Friday. They played at the Happy field for district. Although they lost 41-8 they played a very good game. David Smith ran the touchdown for six points and Odus Bradshaw ran the two points. The Longhorns ended a very successful season with seven wins and three losses. We thank everyone for coming out and supporting them this past year.

We urge everyone to come out to the basketball games which are starting to begin. Thank you.

Mules Lose Eleven By Graduation

The Muleshoe Mules wound up their 1959 gridiron wars with a winning note as they tripped up the Abernathy Antelopes Friday night 20-18.

Playing in cold, windy weather the last two games, the Mules got hot and won over both Lockney and Abernathy to split 2-2 for district play.

Friday night's game was the last football game for eleven seniors of Muleshoe. Six of these were lettermen. Seniors who lettered were Derrell Oliver, Lyndal Black, Eugene (Peanut) Hawkins, Joe Childs, Pat Childers, Leland Dean, and Bob Camp.

Other seniors on the squad were Truelove, Dawson, Tommy Thomson and Easton.

AFTON RICHARDS FAMILY MOVING TO SEYMOUR

The Afton Richards family, after a few months residence in Muleshoe, is moving to Seymour, where Mr. Richards and his twin brother will establish their own commercial printing firm.

Afton has been on the staff of The Journal as editor since coming here in June from Anton, having sold his newspaper there. Mrs. Richards has been working in local beauty shops, and will start her own shop in Seymour. They have a married daughter, a son in Texas Tech, and two young sons at home. The Richards have made good citizens and will be missed by all who knew them here.

First Letter To Santa Claus

The Journal has received its first letter to Santa Claus for this year. It was written by David Ray Hodges, The Journal will print all letters to Santa Claus, then forward them to Old Saint Nick at the North Pole. David Ray's letter follows:

Dear Santa:

Please send me a bicycle for Christmas and a Marshall Dillon gun and holster set also. Will you bring my little brother, Randy, a fire engine and a gun and holster set. Thank You.

David Ray Hodges

TO TEMPLE

Mr. and Mrs. Fred Otte and children, and daughter, Nelda Gatewood, were in Temple the past week visiting friends and relatives.

Berl Senofsky Is Coming To Lubbock

The brilliant and exciting strains of the Tchaikowsky Concerto for Violin and Orchestra will be brought to the South Plains played by a master violinist when the 95-member Lubbock Symphony Orchestra, conducted by William A. Harrod, presents the distinguished Berl Senofsky as soloist in the second concert of the 1959-60 season at 8:15 p.m. Monday, November 23, in the Lubbock Municipal Auditorium.

Since his winning of the 1955 Grand Prize of the Queen Elizabeth of Belgium International Contest, Senofsky has enjoyed the favors of critics and has been ranked among the foremost of the young violinists of our time.

He is the first American-born and American-trained violinist to gain this international recognition.

The critic of the Seattle (Wash.) Times set the pattern of critical praise when he stated: "Remember the name of Senofsky. He is one of America's greatest gifts to music!"

Dudley Cash Gets Teacher Assignment

Dudley Cash of Bula, Tex., has been assigned to agriculture student teaching at Anthony, N.M.

Cash and Paul Wilcox of Deming, N.M., are two of eight senior agriculture education majors from New Mexico State University participating in the program.

Cash is the son of Mr. and Mrs. Jerome Cash of Enoch, He is a 1950 graduate of Bula High School where he was active in FFA and sports.

Before coming to NMSU he served two years in the Navy. He's married and the father of a 3-year-old son. He is a member of Alpha Zeta fraternity and past president of Alpha Tau Alpha.

Pleasant Valley Views

Mrs. Bonnie Haberer was one of the nine voting delegates from Lamb County to the State Farm Bureau Convention held recently in San Antonio. On the way down they attended church Sunday morning in Fredericksburg. The evening Vesper service speaker was Dr. White, the president of Baylor. Other convention speakers were Gov. Price Daniels, Congressman George Mahon. Banquet speaker was Lum, of Lum and Abner radio stars.

Mr. and Mrs. C. W. Riddle and children of Lubbock were weekend guests of her parents, Mr. and Mrs. W. D. Lackey.

Nan Allison was home for the weekend with her parents, Mr. and Mrs. Oscar Allison.

Mr. and Mrs. Roy Taylor enjoyed a turkey dinner and visit Saturday with Mr. and Mrs. T. S. Alair in the Hart Community.

Tommy Bickel came home for the weekend with his parents, Mr. and Mrs. B. H. Bickel.

Recent guests in the Kirk Pitts home were Mr. and Mrs. Virgil Kirkpatrick of Baytown, Mr. Virgil Kirkpatrick Jr. of Ingleside and Mr. and Mrs. C. L. Littlepage and daughter of Tahoka.

Mr. and Mrs. B. H. Bickel went to Lubbock Sunday to see their new granddaughter, Karen. She arrived Sunday at 2:15 and is the daughter of Mr. and Mrs. Bill Borum.

Mr. and Mrs. Buster Pitts and boys of Ackerly were Sunday visitors of Mr. and Mrs. Kirk Pitts.

The Pleasant Valley Community Directors voted Monday night to have a Community Thanksgiving Dinner Wednesday night, Nov. 25, at 7 p.m. Everyone is invited to come and bring a covered dish.

P.V. Social Club
The Pleasant Valley Social Club held their club birthday party at the Silver Grill in Clovis. Jean Hardin was the outstanding member and was presented a gift of lingerie.

Glynda Burman was presented a scroll and corsage as a new member. After a delicious dinner everyone went to the show.

Those attending were Mmes. Gerald Allison, Oscar Allison, Harold Allison, E. K. Angeley, B. H. Bickel, T. E. Bills, Johnny Blair, Kenneth Briscoe, Jack Calhoun, O. E. Green, W. A. Hardin, Claude Hendrix, Cleo Holt, John Inman, Weldon Jones, W. D. Lackey, Walter McMahan, John St. Clair, C. E. Wells, John West, Eugene Burman. Honorary guests Mrs. Raymond Roubinek and Mrs. Sam McKinstry and Mrs. Krausse, the mother of Mrs. Wells, were special guests of the club.

'Battle Border'

Little known facts about Texas boundaries.

PART VI
(Editor's Note: This is the sixth in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up little known facts which shaped the Texas of today.)

Texas fought hard for Greer County but finally lost to Oklahoma.

In 1890 Congress created the Territory of Oklahoma out of a portion of the Indian Territory which was bounded on the west and south by Texas.

In the same breath it directed that a law suit be filed in the U.S. Supreme Court to settle the controversy as to who owned Greer County, Texas.

In March, 1896, the Supreme Court ruled that the Treaty of 1819 called for TRUE 100th meridian as the boundary line and not the surveyor's mistake. The court specified the south bank of the south fork.

This last seems to have gone unnoticed at the time but it did evoke howls of anguish later when big oil money was at stake.

In 1901 Congress authorized another attempt to pin down the meandering meridian and several surveys followed.

"The area was rapidly taking on the aspects of Bott Hill cemetery with the various markers erected by the different surveyors, Wilson notes.

In 1906 Oklahoma was admitted as a state and a new face and voice was added to the dispute.

Texas announced in 1919 her intention to sue Oklahoma.

But Oklahoma filed first, attempting to establish the boundary along the Red River.

Texas counterclaimed and sued for the location of the line constituting the eastern boundary of the Texas Panhandle and the western line of Oklahoma.

Rather than confront the task of deciding which of the many meridian-locaters was right, the U.S. Supreme Court said the true 100th meridian

MRS. STEWART'S SISTER DIES SATURDAY, NOV. 14

Mrs. Lewis Stewart's sister, Mrs. Dodie Peterson of Amarillo passed away Saturday, Nov. 14, in Tulsa, Okla., at the home of a daughter. Burial was at Elk City, Okla.

Mr. and Mrs. Lewis attended the funeral.

Oscar and Harold Allison and Kenneth Precure went to Lubbock Monday night to hear Dr. Billy James Hargis speak.

Russell Haberer was one of the judges Monday night for Muleshoe P-TA Stunt Night.

remained yet to be discovered and named the man to discover it—Samuel S. Gannett. Gannett styled himself a geodetic and astronomical engineer.

Gannett ran the line once again marking it with monuments, from the south bank of the south fork of the Red River to the northern most Texas boundary.

Out of all this Texas gained a strip of land over three-quarters of a mile wide and 133 miles long located along the tier of counties forming the eastern boundary of our Panhandle but lost Greer County.

The remark of an old Oklahoma nester indicates how the hard fight had affected the lives of the local citizens.

"I ain't moved an inch in nigh on 50 years but I've lived in one Injun territory, two states and three dad-gum counties."

And, bless him, he had.

Today's Meditation

Read John 6:1-9

There is a lad here, who hath five barley loaves, and two fishes. (John 6:9, ASV.)

With the multitude a lad had come to hear Jesus. After a while he became hungry and began to think how enjoyable the lunch he had brought with him would be.

But Jesus had need of the lad's five barley cakes and two fishes. He would use them to feed the great multitude that had come to listen to Him. The boy gave his lunch willingly to Jesus, believing that the Master had need of it. Small as it was, the lad had brought something Jesus could use.

Each of us has something Jesus can use. Do we give it willingly? As meager as we may feel our gifts and talents to be, Jesus has need of them. It may seem very small at the time, but the gift given willingly and with Christ's blessing may go on and on. We may never know how far-reaching it will be. Before it has finished its mission on earth, it may help five thousand!

Are not we still receiving of the little boy's gift of the loaves and the fishes?

PRAYER: Dear Father, help us to overcome our feeling of inadequacy for Thy service. Help us willingly to bring to Christ and give to Him all that we are able to bring. In His Name. Amen.

Will Wilson says that the dispute over Greer county led an Oklahoma nester to remark "I ain't moved an inch in nigh on 50 years but I've lived in one Injun territory, two states and three dad-gum counties."

Renew A, B Cotton Plan

Two different programs of allotments and price supports will be available to upland cotton growers again in 1960, if marketing quotas are approved in the December 15 referendum, Balley County Agricultural Stabilization and Conservation officials said.

Provided at least two-thirds of the growers voting approve marketing quotas for 1960 upland cotton crop the individual farm operator — as in 1959 — will be able to choose between the Choice (A) allotment at not less than 75 per cent of parity — the exact level to be announced later. Choice (B) will include an allotment which is 40 per cent larger than the "regular" farm allotment, and price support on eligible cotton at not less than 60 per cent of parity.

Farmers will be informed on both allotments for their farms well in advance of the December 15 referendum.

If the 1960-crop quota vote is favorable, farm operators will later receive notice of the price support available on their cotton under both choices, and of the deadline by which they must register their election of a Choice (B) allotment at the County ASC Office. If the operator wishes to grow his cotton under Choice (A), no action need be taken; Choice (A) will automatically apply on the farm if the farm operator does not elect Choice (B) before the deadline.

'Eighty Days' Is For Whole Family

One of the few films ever made which is completely attractive to young and old, is Michael Todd's "Around The World In 80 Days," opening on Wednesday, November 25, at the Valley Theatre.

Educational, religious, social and film organizations all over the country has awarded this technicolor Academy Award winning show the highest honors and recommendations ever given to a film.

The Thomas Alva Edison Award went to "Around The World" as the "Best Children's Picture of the Year." Parents Magazine gave it its Family Medal Award and the leading family magazines and critics have given it the laurels as the "Best Picture of the Year."

The three-hour spectacular show is not only an exciting adventure story which children and adults can appreciate, but a comedy of both action and satire. This, explains the appeal it has had all over the world not only for children of all ages but for the rest of the family.

Called the "starriest movie of all time" by Newsweek Magazine, "80 Days" stars David Niven, Cantinflas, Robert Newton and Shirley MacLaine as well as 44 of the world's best known film stars.

The National Congress of Parents and Teachers Association, the United Church Women, the Protestant Motion Picture Committee, the National Council of Women, the General Federation of Women's Clubs and other affiliated national organizations awarded "Around The World" a very unusual and unique "Special Award of Merit."

THANKSGIVING DAY

The foresight of our forefathers is quite amazing. In the infant days of our country, they saw the need of setting aside a special day for giving thanks for the blessings received during the year. That need is still with us today and that day is still with us. Thanksgiving, a day to stop and count our blessings . . . and give thanks for those we have received. A happy Thanksgiving Day to you and yours from your friends at Piggly Wiggly.
