THE CIRCUS came to Muleshoe and youngsters of all ages were on hand to help and just to look. In the top panel the kids are watching the caged animals being fed. In the center the elephants prepare to go under the canvas to raise the big top. In the lower panel the big top is up and the elephants may be seen as they are carefully watched by the boys in the foreground.

The Circus Has Come and Gone But A Little Of The Magic Still Lingers On

SCOOP SEZ

by J. M. FORBES

Howard Cox submits the following letter, which gives something new to think about on how, or how not, to make a living:

NOT RAISING HOGS

Dear Mr. Sec. of Agriculture: My friend Bordeaux received a \$1000 check from the Government for not raising hogs and so I am going into the not-raising hogs business. What I want to know is, what is the best kind of land not to raise hogs on and what is the best kind of hogs not to raise? I would prefer not to raise razorbacks, but if this is the best kind not to raise, I will as gladly not to raise Durocs or Poland Chinas. The hardest part of this business is going to be keeping an individual record on each of the hogs I don't raise. My friend Bordeaux has been raising hogs for 20 years and the most he ever made was \$100, until this year when he received \$1,000 for not raising hogs. I plan to start on a small scale, holding myself down to not raising but 4,000 hogs for which I will, of course, receive \$80,000. Now, these hogs I will not raise will not eat 100,000 bushels of corn. I understand that you pay farmers for not raising corn. Will you pay me for not raising 100,000 bushels of corn, which I will not feed to the hogs I am not raising? I want to get started as soon as possible, as this looks like a good time for not raising hogs.

Very truly yours,
Octave Brussard

The early morning sun picks out the wrinkled hides of the elephants. Slowly and ponderously they move forward under the edge of the canvas, and amidst shouts and the trumpeting of other animals caged nearby, the canvas rises out of the grass. And in minutes there is a theatre, where tonight the fun and glamor that is spelled CIRCUS will unfold for another audience.

That is the wonder which makes small boys of everyone when the circus comes to town. An empty lot never given a passing glance yesterday, suddenly becomes a theatre, and out of trucks and trailers come the props and people that create a fantasy. It is timeless. For tomorrow it will be all done over again in another town before another audience on another vacant lot.

People in the circus say there are only three towns they can remember: yesterday's town, today's town and tomorrow's town.

Long before the pageantry begins to unfold, the paper crew has been to the next town to put up the bright posters that so fascinate small boys of all ages.

And the advance man has come into town one day ahead of the show to look over the lot, and to put up the unobtrusive arrows on posts and fences, guiding the trucks to the new lot.

Through the dusk just after dawn, come the roaring trucks with their cargo of make believe, to follow the arrows to the lot of "today's town."

The Cole circus that played here Saturday is typical of about a dozen shows on the road this season, mostly in the midwest. They are seldom new shows, but are mainly the out-

growth of combining two or more shows under a new name.

At one time practically every show on the road was controlled by a syndicate or combine, but this was broken up, and for a time the big top of Ringling Brothers and Barnum and Bailey was about the only canvas on the American circus scene.

In its heyday, the Big Show was struck by tragedy. A disastrous fire hit the show in Ohio, and a lot of people lost their lives. Equipment was destroyed, the owners were being sued by hundreds, and in the face of this they decided to abandon the sawdust trail.

But after a couple of springs when no circuses made their way across the land, things began to brighten. Out of "quarter-

Solo Gambling Wins Fine For Farm Laborer

Ever hear of one man gambling? Sheriff Dee Clements arrested just one man on a charge of gambling, the man plead guilty, and paid a fine early this week. Clements said he actually arrested two men for questioning in a gambling charge, but BOTH men denied that one of them was playing in the dice game. Other members of the game fled before the sheriff arrived in the room. So the sheriff was left with just one gambler. Probably rolling just one dice, too.

Chamber Gifts Slemmons On Retirement

Sean D. Slemmons, retiring manager of the Muleshoe Chamber of Commerce was presented with a pair of going away gifts Monday afternoon at a meeting of the Chamber directors. Slemmons received a lounge chair, and a bound book of letters of appreciation from more than 80 members of the Chamber, public officials, school officials and West Texas citizens. Chamber president J. V. Peeler made the presentation.

Final Rites For Mrs. John Prather Friday Afternoon

Mrs. John F. Prather, 72, passed away at her home, 414 West Avenue E at 5 p.m. on May 13 after a lengthy illness.

Born Maggie Jane Stone, May 7, 1887 in Hopkins County, she married John F. Prather in Rains County on December 21, 1904. She was a member of Main Street Baptist Church here, and a member of the Baptist Church since 1905. Mrs. Prather had resided in Muleshoe 16 years, moving here from Snyder where the family lived for 19 years.

Funeral services will be conducted from First Baptist Church in Muleshoe on Friday, May 15 at 3 p.m. Rev. M. E. Robinson of Lamesa, Rev. E. K. Shepherd and Rev. Paul Robinson will officiate. Interment, under direction of Singleton Funeral Home, will be in Muleshoe Cemetery.

Nephews will serve as acting pallbearers. Honorary pallbearers are: Earl Moore, B. H. Bickel, Roy Taylor, Clarence Weeks, Joe Ferris, Barry Lewis, Robert Kimbrough, E. G. Horsley, Ray Kersey, Finis Kimbrough, Glen Splawn, and A. W. Tucker.

Surviving are the husband; four children, Charlie Prather of Vinita, Okla.; Elmer Prather of Earth; Mrs. Frank Floyd of Floydada, and Mrs. Chet Horsley of Muleshoe; three half sisters; one brother, O. W. Stone of Stephenville; five half brothers, 15 grandchildren and nine great grandchildren.

Pig Parlor Field Day Is Set Friday

A "Pig Parlor Demonstration Field Day" will be staged here tomorrow, Friday, May 15, beginning at 1 p.m., during which the results of the feeding demonstration which ended May 8 will be told and significance of these results will be summarized.

Farmers, livestock men, business men, are invited to attend the field day. There will be door prizes, a good program, and refreshments for those who attend.

The group will meet at the Jones Farm Store Pig Parlor, located east of the alfalfa mill, at 1 o'clock for a tour of the Muleshoe Livestock Auction barn at 2:15, and door prize distribution will immediately follow.

On the program to explain the purpose and meaning of the demonstration and to summarize results are J. K. Adams, Bailey County Farm Agent; Jack Winton, El Rancho Packing Co.; "Chief" Jones of Jones Farm Store; and Ed H. Shores, Amarillo, representing Halston Pajfano Co.

City Pool Opens Here On May 31

Muleshoe's municipal swimming pool will open for the summer season at 1 p.m. on Sunday, May 31. Wayne Mangin has announced.

The pool will be open to the public from 1-9 p.m. daily, with classes and group swimming in the morning hours. Admission to the pool is 25 and 35 cents. Season tickets for children are \$5, and for adults are \$7.50.

Thomas Corzine Funeral Service Held Here May 7

Thomas Wagley Corzine, 87, longtime resident of Muleshoe, died in Truth or Consequences, N. M. at 8 a.m. on May 7. He had resided at the New Mexico address for 4 1/2 months. Mr. Corzine, a native of Parker county, Texas, was a farmer.

Funeral services were conducted at Muleshoe Primitive Baptist Church with Elder Jimmy Bass officiating. Interment, under direction of Singleton Funeral Home, was in Muleshoe Cemetery.

Pallbearers were Gordon, Ernest and Tom Corzine, T. J. Cox, Omar Bessire, and Dan Younger.

Mr. Corzine is survived by six sons: Hattford of Truth or Consequences; Chester of Montel, Colorado; Ed of Escondido, Calif.; Bill of Albuquerque, N. M.; J. W. of Houston; two daughters, Mrs. John Hicks of Mt. View, Okla.; and Mrs. E. L. Tumor of Escondido; one sister, Mrs. M. T. Simmons of Muleshoe; two brothers, P. H. Corzine of San Antonio and S. H. Child of Former Area Residents Dies From Burns

Bettie Sue Shearer, age three, daughter of Mr. and Mrs. Doyle Shearer of Portales, N. M., died Saturday, May 9 at 8:20 p.m. MST from severe burns which she accidentally received at her home about 1:30 p.m. of that same day.

Bettie Sue was with her two older brothers who were attempting to remove a broken handle from a shovel by burning it out. Apparently they were using gasoline in trying to burn the handle from the shovel and in so doing the little girl's clothes accidentally caught on fire and burned her severely. She was rushed to the Roosevelt County Memorial Hospital where it was reported that she had received severe burns over 70% of her body and about her head and face. Her mother and two brothers received minor burns while working frantically to remove the child's clothing.

Bettie Sue's parents are former residents of the Circleback community of Bailey county and the Hub community of Parmer county. Mrs. Shearer's parents, Mr. and Mrs. W. S. Turner are residents of the Needmore community of Bailey county. Doyle and Mrs. Shearer moved from the Circleback community about 1955.

Bettie Sue is survived by her parents, three brothers: Jimmie, age 11, Dennis, 9, and Dickey, 8, and one sister, Billie Fay, age 2; her grandparents, Mr. and Mrs. W. S. Turner of Needmore; one uncle Richard Turner of Muleshoe; and a cousin, Shawnda Turner of Muleshoe.

Funeral services were held Monday, May 11 at 1:00 p.m. in the Wheeler Mortuary in Portales, N. M., and burial was in the Portales Cemetery.

Chamber Drive For Members Still Underway

Twelve firms recently added to the rolls of the Muleshoe Chamber of Commerce as new members, marks only the beginning of a membership drive. Robert Alford, drive chairman, said this week.

Members of the committee are still contacting prospective members for the Chamber, and would appreciate knowing of likely prospects.

Committee members are Alford, Roger Albersson, R. Q. Botkin, John Crow and Jeff Peeler.

The Chamber now has 178 firms and individuals as members.

Arrest Juveniles In Buglary Ring

A series of burglaries and breakins were solved this week when three juveniles, aged 12 and 13 years, were picked up by sheriff's officers.

Officers said the boys confessed to breaking into a fruit stand, a fireworks stand on the Friona highway, and the auction sale barn on the Sudan highway.

Among merchandise recovered was two bicycles, a camera and a quantity of pencils.

The boys were released to the custody of their parents after a hearing before Judge Joe Vaughn.

Merchants To Decide On Holiday Closing

Muleshoe merchants will be asked to decide whether they want to close Saturday, May 30 in observance of Memorial Day, at a meeting scheduled for May 20 at 9:30 a.m. in the Chamber of Commerce office.

At a meeting of the CoC directors Monday night, it was decided to let the merchants vote on whether or not they will close for the Saturday holiday.

July 4th also falls on Saturday this year, and this holiday closing will be discussed at the meeting. Merchants will be asked to annually set and select the holidays for the coming year which they want to observe by closing.

Hobo Day Set For Saturday

Do you have an odd job that needs to be done?

You can get eager help from members of the Junior Class of Muleshoe high school during their "Hobo Day", set for the coming Saturday, May 16.

The juniors will baby sit, iron, wash dishes, do lawn work, window washing, car washing, or what have you. If you wish to reserve their services for Saturday, you may call Gordon's Conoco before Saturday; if you wish to call them Saturday, call the high school.

All profits from their strenuous efforts will go to the fund they are now starting to pay for their senior trip next year.

Call Gordon's Conoco for boys to work and call Sue Logan at 9-0144 for girls to work.

A lot of area farmers are scratching their collective heads this week over what to do about their early planted cotton.

Most cotton planted in April is in a critical stage just now, according to agricultural authorities, and drying winds have crusted fields making the problem even more critical.

Whether to try to rotary hoe fields which still have both wet spots and dry crusted areas, or whether to plant over, is the decision faced by many farmers.

The recent three inch rains was welcomed by all farmers but its aftermath in crusted fields, is less than welcome.

Sunshine Ends Rains and Hail Thru West Plains

Sunny skies the first of the week and a clear and warm Mothers Day weekend marked the end of a spring rain which brought general moisture to the West Plains country.

Thunderstorms brought more than three inches in the Muleshoe area, with lesser amounts in nearby communities, all of which received good moisture.

Friday afternoon traffic was halted when a heavy cloud dumped enough hail on U. S. 84 east of Muleshoe to make driving hazardous. Motorists said listed fields were filled level with the hailstones. A similar hail storm blocked the Morton highway about six miles south of town about the same time Friday afternoon. No hail was reported here, however.

Top Scholars In Eighth Grade Class Are Named

David Douglas, son of Mr. and Mrs. Ralph Douglas has been named valedictorian of the eighth grade class of Muleshoe school. David has an average grade of 96.

Second high is Jerry Gilbreath with a 94.69 grade average.

Alva Lee Shofner Given Farewell Gift By Lions

Alva Lee Shofner, sweetheart and pianist of the Muleshoe Lions club for the past four years, was presented a place setting in her chosen china pattern at the Wednesday meeting of the club.

Alva Lee is leaving the club, and the gift was in the nature of a farewell present from club members.

Virginia and Dorothy Hickman and Lenda Landers were also guests of the club, and told of the state FFA degree, which Dorothy and Lenda won this year. It marked the first time the degree has been granted to a Muleshoe FFA student.

Commissioners Tell Why . . .

Reason Behind Hiway Cancellation Told

This is written in the interest of the projected widening of U. S. highway 84 from Muleshoe north and west to the Bailey-Parmer county line, which project was recently cancelled by the State Highway Department. It is hoped that a more thorough explanation will better inform the people and might help guide them in any future action that might be taken relative to this matter.

A little more than a year ago the Highway Department sent the County a proposal and contracts whereby they proposed to widen and four-lane highway 84 north and

west from Muleshoe to the Parmer county line provided Bailey county would acquire and clear the necessary right-of-way. This right-of-way consists of an additional 130 feet all of which must be taken along the south side of the present right-of-way. Due to the high value of the land and the irrigation wells and other improvements located on it, this right-of-way will be very expensive.

The State estimated that it would cost approximately \$340,000 to acquire and clear the right-of-way. This would consist of buying the land removing the houses, other

buildings, utility lines, irrigation wells, etc., from it, and this cost would have to be born by Bailey County.

There is a program however, known as the 50-50 Right-of-Way Program whereby the state will reimburse the county for a part of the right-of-way cost. While the program is designed for the state to reimburse the county on the basis of 50% of the cost of right-of-way, the actual reimbursement will not figure out that much. It is thought that it will not be over 40%. It is also thought that the estimated \$340,000 might not be sufficient to purchase and clear

the right-of-way.

The way the program works the county would have to bear all the initial expense of acquiring and clearing the right-of-way, and then apply for reimbursement. This would probably result in the county having to have available sufficient money to pay cash for the right-of-way and then wait for reimbursement.

This simply means that if the right-of-way should cost \$400,000 Bailey county would need at its command about that amount of money to spend. If the state should reimburse on the basis of 40% this would mean a return to

the county of about \$160,000, leaving a net cost of approximately \$240,000.

The reader will bear in mind that these figures are used only as estimates and examples, but they are probably not far from right.

Now the proposition is, Bailey county does not have that kind of money, or anything like it, and the only known way to raise it would be through a bond issue. Because of the lack of money and because of the lack of public interest the County did not execute contracts with the state, so the State finally

cancelled the project. It probably can be reinstated if the people want it badly enough to pay for it.

This would of course be a worthy project and would be a great benefit to the community, but it will cost a lot of money. To finance it would necessitate the voting of a large bond issue which would in turn cause an increase in taxes. If the people are sufficiently interested, and if they are willing to pay the cost, it is thought that the road might yet be had.

Any questions or suggestions that anyone might have will be welcomed by the members of the Commissioners' Court.

Due to my wife being away for a month or so, my office may be closed some of the time. Please call my home 2490 or 7869 to find me.

DO YOU WANT A 10-acre tract of land, located close to Muleshoe?

I have one about two miles south of Muleshoe on the Morton highway, 1/4 mile west on county road. Electricity is available, school bus and mail route. You can afford this land as I'll take \$3000 down and the balance at \$25 per month, if your credit is good. The total price is only \$2450. If you put a house on it it can be refinanced to cover most of the cost. Land is in grass now.

166 acres grass land, located close in to Muleshoe with plenty water. Priced to sell at only \$10,000.

80 acres with 10" pump, located on pavement. Cotton allotment. No improvements except pump. 1/2 minerals. Priced at only \$200 per acre. Take some trade.

80 acres with two 8" pumps. No other improvements. Small cotton allotment, about 6 miles west Muleshoe. Priced at only \$200 per acre.

160 acres about 2 miles from Muleshoe, 10" pump and McDowell Sprinkler. No other improvements. Small cotton allotment. 1/2 minerals. Priced at only \$200 per acre. Can secure good loan.

Adaptability Tests Of Sesame To Be Continued At Muleshoe

Adaptability tests on some 200 preliminary strains of Sesame will be conducted this year on the Blacklands and on the High Plains of the Texas Panhandle in a continuing search for new and improved varieties of the oilseed crop which produced nearly one million dollars for the farmers of Texas last year.

The tests will be conducted by the United States Department of Agriculture on sites furnished by Texas Sesame Growers, Inc., and Tom Watson on his farm at Blossom in Lamar county and by Texas Sesame Growers, Inc., at Muleshoe in Bailey county. Dr. George W. Rivers, research agronomist stationed at College Station, will be in charge of the projects.

"Our farmers are growing Sesame for a steadily growing market," says Robert L. Parker, executive vice-president of Texas Sesame Growers, Inc., "and one of our greatest needs is for research which will provide us with better strains of Sesame and more information about its culture and growing habits. We are pleased to cooperate in these studies with the Department of Agriculture, and believe that Dr. Rivers' work will produce much immediately useful knowledge."

As Blossom one experiment will compare the yields of 30 advanced test strains of Sesame with presently available commercial varieties. Consideration will be given to yield, plant height, disease (if present), maturity, oil and protein content. The same kind of experiment will be conducted at Muleshoe on 30 advanced test strains.

Similarly, tests will be conducted in both areas to evaluate the adaptability of preliminary varieties planted under field conditions. Approximately two hundred strains will be checked in each locality.

Plant spacing, levels of fertility, frost damage studies, and other research information will be sought by Dr. Rivers in additional experiments at Muleshoe.

Miss Ellis Honoree

Miss Mozelle Ellis, bride-elect of J. C. Gilmore, was honored with a bridal shower in the home of Mr. and Mrs. Earl Richards on Friday, May 8, between the hours of 4:30 and 6:30.

In the receiving line were Mrs. Richards, the honoree,

Saturday, May 16

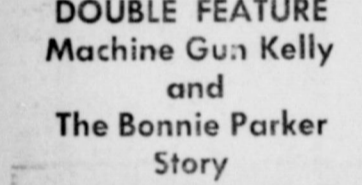

Sun., Mon., May 17-18

Tues., Wed., May 19-20

Thur., Fri., May 21-22

and Mrs. Kenneth Ellis, mother of the bride-elect. Mrs. Gilmore was out of town. The toast presented corsages of carnations to Mrs. Ellis and Mozelle.

The bride-elect's chosen colors of aqua and white were carried out in the decorations and serving table which was covered with a white cloth and centered with an arrangement of aqua shasta daisies and white shadragons. Friends of Mozelle who assisted with the hospitalities were: Sue Logan, LaQuinna Stone, Rosemary Richards, and Coralyn Hicks.

An electric fry pan was a gift from the hostesses: Meses R. L. Jones, A. P. Lambert, T. B. Hicks, Howard Cox, C. E. Davis, Odell Logan, John Inman, Arlie Stone, Earl Richards, M. D. Gaddy, Vernon Phillips, Raymond Green, R. B. Chappell, W. B. McAdams, Bob Harvey, and Ed Hicks.

Miss Ellis and Mr. Gilmore will be wed May 30 in the First Baptist Church.

Half Century Club Have Lunch With Mrs. Moeller

Members of the Half Century Club met for lunch in the home of Mrs. Anna Moeller on Tuesday. Guests for lunch were Mr. and Mrs. Arnold Alcorn, Mr. and Mrs. J. W. Waits and children, and Mr. and Mrs. Frank Swint and children. Those present other than the guests were: Jennie Panter, Birdie Paul, Maudie Jones, Lois Schoenberger, Tillie Martin, Leota Wilterding, Hazel Farrell, Pearl Moore, Mary Young, Mattie Duke, Laura Gilbreath, Beulah Carles, Mary Busbie, Myrtle Harper, and Hertha Walker. The ladies enjoyed an afternoon of cards and visiting.

Officers Named At MYF Meeting Sunday Evening

Sunday night at the Methodist Youth Fellowship meeting there were 32 young people present and two adult leaders. The young people were told that if there were 30 youth present for this important meeting that they would receive cushions for the pews in the Youth Chapel. Jean LaRue gave the program which was followed by a business meeting. Tommy Thomson, this year's president, was in charge of the election of officers.

Officers for next year are: Magann Lamb, president; vice-president, Don Gardner; Sandra Harris, secretary-treasurer; Annamary Elrod, publicity chairman; Christian Faith, Tommy Thomson; Christian Witness, Nancy Julian; Christian Outreach, Kenneth LeRue; Christian Citizenship, Pat Barrett; and Christian Fellowship, Sandra Darsey and Kenneth Evans.

There will not be a MYF program next Sunday, but the next Sunday the cushions will be in the Youth Chapel.

Sarah Pittman Was Honored

On Monday afternoon, May 11, between the hours of 4:30 and 6:30 the Clyde Krebs home was beautifully decorated in pink and white honoring Miss Sarah Pittman, bride-elect of Mr. J. H. Smith.

Guests were greeted by Mrs. Krebs and then presented to the honoree and her mother, Mrs. B. L. Pittman, of Amarillo. Miss Joyce Pittman, sister of the bride-elect, registered the 60 guests who called.

Miss Coralyn Hicks served punch and party wafers from a table covered with lace-embossed crystalline over nylon net. The attractive centerpiece was a doll bride encircled with a large wedding band outlined in pink daisies.

Many beautiful and useful gifts were displayed on the sun porch.

Hostesses honoring Miss Pittman were, Meses Dale Krebs, A. P. Lambert, Mable Dowell, Verney Towns, Jack Obenhaus, A. T. Fowler, Clyde Krebs, Ernest McNatt, J. U. Dawson, I. V. Pierce, Chester Wilson, and L. B. Hicks.

Area H.D. Clubs Observe National H. D. Week

In observance of National Home Demonstration Week the Three Way Home Demonstration Club held a coffee in the home of Mrs. C. J. Feagley Wednesday morning, May 6, from 9:00 to 11:00.

The serving table was beautifully decorated with a lace cloth over blue. A centerpiece of blue iris was displayed in a milk glass bowl. Coffee and tea were served from a silver service; along with spudnuts and mints.

Lace paper corsages were presented each guest as favors as they were greeted by Mrs. Feagley.

Lamp shades recently made by the club members were on display in the living room. Six members earning Texas Home Demonstration Association pins in club work were honored with special recognition services.

Approximately 20 ladies called during the hours of observance. Mrs. Harriette Jackson, Home Demonstration Agent of Bailey County was a special guest.

Ladies attending the Home Demonstration Club Tea given by members of the Muleshoe and Progress Clubs were greeted by Mrs. S. C. Caldwell, president of the Muleshoe Club, and Mrs. Jesse Gray, president of the Progress Club.

An attractive display of lamp shades, china and Dresden painting, draperies, candles, and refinished and decorated antique picture frames were viewed by the some 30 guests and members who called.

Mrs. C. W. Wells presided at the serving table which was laid with a lace cloth over blue and decorated with an arrangement of iris behind glittered styrofoam letters "H. D." Home made cookies and punch were served from crystal appointments.

Roping Club Steak Dinner Wednesday Eve

Twenty-eight members of the Muleshoe Roping Club held a farewell dinner Wednesday evening, to mark the final meeting of members of the defunct club.

A steak dinner was enjoyed by Messrs and Mesdames: Roy Bayless, Walter Witte, John Fried, Benny Pena, Alfred Hicks, Roland Bigham, John Watson, Jim Lane, Ardell Robertson, Jack Julian, Tiny Lewis, Ike Bayless and Kenneth Briscoe.

Also present were Ben Porter and Thurlo Branscum, as well as the Pena's daughter and the Ike Bayless' daughter.

Golden Circle Class Honors Pastor's Wife

A social meeting was held in the annex of the Trinity Baptist Church by members of the Golden Circle Sunday School Class Monday evening.

Mrs. George Wilton brought the devotional and was then honored with a surprise birthday shower by members of the class and their visitors, members of Mrs. Toby Hatch's class and members of Mrs. W. R. Bowers' class.

Birthday cake and punch were served from a table laid with a grey linen cloth centered with an arrangement of sunburst roses and spanish broom in a grey bowl. The napkins were sunburst colored.

Members of the class were happy to see their latest project (supplying vinyl tile for the annex floor) completed. It was decided as a new project to furnish the kitchen with needed accessories.

The class sent the lovely table arrangement to a class member in the hospital, Mozelle Weaver, and also sent some of the birthday cake to the Weaver family.

A Personal Message To All With A Hearing Problem

TIRED OF CUPPING YOUR EARS?

... or of wearing a hearing aid with uncomfortable wires, unsightly hair bands or blobs in or behind your ears? Then see me. All I'll take from you is 10 to 15 minutes of your time, during which I'll prove that you need not suffer the misery, anguish and social discomforts of the partially deaf. Without any charge to you... without any future obligation on your part... I'll show you how you can enter a new world of sound virtually free from the disturbing "background" noises, usually associated with ordinary hearing aids. And I'll do this without putting any "antennas" in your hair, microphones in your clothes or wires on your neck. A tiny, almost invisible tube leads to the ear. Your key to this new world of sound is the Otation Listener—a miraculous electronic development which features exclusive "Target Hearing"—the closest discovery to natural hearing. Through Target Hearing you get wanted sounds with amazing clarity, while the unwanted clutter of background sounds which usually disturb the wear of an ordinary hearing aid are greatly subdued. The Otation Listener's "Target Hearing" principle is so revolutionary that it has been granted the first U.S. Patent on an eegless hearing aid with hearing completely at ear level. Otation Listener "Target Hearing" is used and acclaimed by such prominent Americans as Mrs. Eleanor Roosevelt and Perry Mason's creator, Erle Stanley Gardner.

Why continue cupping your ears or wearing an unsightly, out-moded hearing aid, when wonderful "Target Hearing" can open up a new world of sound for you? Stop in for a free audiometric measurement and let me introduce you to this new world of sound. You will not be charged for your visit and you will be under absolutely no obligation.

High School Juniors and Seniors Spend Evening In "Oriental Garden"

The beautifully gowned Junior and Senior ladies and their well groomed, well mannered escorts entered the Oriental gardens by way of a grass covered path that led over an arched bridge to the annual Junior-Senior banquet Saturday night in Richland Hills Cafeteria.

This oriental garden was complete with rock wall and climbing ivy, and apple trees blooming in the rock garden lighted by Japanese lanterns.

Behind the head table were panels of gold, black and blue on which were tiny fans and gold letters spelling out "Oriental Gardens." Chinese figurines were placed on the head table beside a low arrangement of fans and opened red roses, beneath a ming tree hung with miniature oriental lanterns.

Cherry Juice, Water Buffalo Special, Lava, Lotus Blossom Salad, Fujiyama, Chopsticks, Fan Tans, Fish Ool, Emperor's Delight, and Cantonese Tea were served from tables decorated with bands of royal blue ribbon under white lace. Illumination was furnished by blue candles, and chopstick melodies the background music.

Supt. Jerry Kirk led the invocation and Lyndal Black, representing the Junior Class gave the "Soo Happee" welcome. "Thankee, Honorable One" was the response by Senior, Sandra Allison.

R. A. Bradley to the following: Babcock pins were received by Ronald Cawthorn, Robert Darill and Thomas Dearing; Jerry Otwell was awarded his Wolf Badge.

Paul Lenau and Kenneth Wilkins received two silver arrow points on their Wolf Badge. Rex Millsap was presented one gold arrow point on the Wolf Badge.

Receiving his Bear Badge was Tommy Jones; and Jerry Haskins was awarded one gold arrow point for his Bear Badge.

Webelos, Kenneth Ellis and Kenneth Wilkins both received one year service pins. David Alsop and Tommy Jones each received two year service pins.

Rickey Bradley graduated from Webelos to Boy Scouts with a three year service pin and also an authentic Indian arrow through a leather strip on which was burned his name, Pack 20, and Muleshoe, Texas.

Due to the weather, a sack supper replaced the scheduled sandhills picnic.

YL Mothers Honored At Special Services

Y. L. Church celebrated Mother's Day Sunday in their unusual way, which has become quiet traditional, as it has been continuously practiced since 1932.

A special Mother's Day program preceded the morning worship service. Mothers receiving special recognition were: Mrs. Charley Wakefield, as the eldest mother present; Mrs. Eugene Buhrman, youngest mother; and Mrs. E. H. Buhrman and Mrs. Bill Millen as mothers having the most children present.

Topic of the sermon by Rev. Roscoe Trostle was "Christian Mothers."

Men of the church prepared and served the most delicious meal in the Fellowship Hall of the church.

Mothers of the Y. L. Church look forward to Mother's Day and appreciate the efforts that make it such a special day.

Mrs. Lloyd Quesenberry, Reporter.

Betrothed

Dwayne Reeves introduced the principal speaker for the evening, Rev. Glenn Norman from Trinity Baptist Church of Amarillo.

Lyndal Fletcher, accompanied by Coraly Hicks, sang "Sayonara", at the conclusion of the memory filled evening.

Theresa Ann Toton

Mr. and Mrs. Harvey Toton announce the engagement and approaching marriage of their daughter, Miss Theresa Ann Toton, to Mr. James Roy Jones, son of Mrs. Roy Jones, all of Muleshoe.

The wedding will take place in the Muleshoe Assembly of God church on the 14th day of June, at 5 p.m. Rev. R. V. Luna will officiate.

All friends of the couple are invited.

Baptist GA's Honored With Tea

A tea honoring Junior and Intermediate G. A.'s and their mothers was held in the dining room of the First Baptist Church Tuesday evening, May 12.

The GA director, Mrs. E. K. Shepherd, with the following counselors, Mmes. John Crow, H. C. Elliott, Charles King, Melvin Seymore, Jim Ward, Milton McMin, Cecil Mardis, and F. H. Davis were hostesses for the occasion.

Circus

ers' came the wire artists and clowns and animal acts, and once more the circuses began to form and hit the road.

The Cole circus winter quarters is in Hugo, Oklahoma. Glen James, half owner is former manager of the Hugo Chamber of Commerce, and active in the Highway 70 Association. He and his wife travel with the show, as do several other Hugo families.

It's a small circus, but the folks who work in it do so because they love the life and want it that way. New towns, new audiences, and new applause are their rewards.

And after the lights die down and the audience has left the red board bleachers, the roustabouts move in and quickly finish the "teardown" begun during the last act of the show.

And almost as fast as it went up, the big top sighs to the ground, now trampled by hundreds of feet, to be folded and rolled away until tomorrow.

And tomorrow the magic begins all over again.

Chamber Offers Help In Holding Road Project

Bailey county Commissioners met with members of the Chamber of Commerce highway committee Monday afternoon to discuss the withdrawal of the U. S. 70184 widening project west to the Parmar county line.

Alarmed at the loss of the program, which the Highway Department has stated it is withdrawing due to inaction by the County, the committee members offered their aid to the Commission.

Jeff Peeler, president of the Chamber told the Commissioners that the Chamber would draw up and circulate petitions, from the people so the Commission could know the wishes of the taxpayers in the matter.

Last week district highway engineer O. L. Crain notified the county that an estimated \$500,000 was being transferred from the local project because the county has not started getting right of way.

Members of the Commissioners Court said Monday they were not aware of the urgency of the program until they received Crain's letter last week.

A. F. Commissions Available To Men With Degree

Direct commissions in the U. S. Air Force are now available for young men between the ages of 20 1/2 and 27 1/2 who have a BA or BS degree from an accredited college or university. The direct commission program is open to both single and married men.

The new program, The Air Force Officer Training School, is being made available to assure the Air Force a continuous flow of career-minded officers with a high level of education.

Each officer selected will be placed on temporary duty at Lackland Air Force Base, San Antonio, Texas, where they will undergo 3 months of rigorous training in military and academic subjects. From Lackland AFB they will go directly to a duty assignment or to further specialized training. The young men entering this program may apply for any active training Post in the Officer Training School. Program married men could not apply for flying training but under the new program dependent on his application.

The minimum period of obligation is for two years. Young men interested in this program should contact T. Set Green, K. B. in Room P. O. Box 990, Clovis, N. M., giving their name, address, age, school, and major subject, on call Porter 2-0111, Clovis, and make arrangements with Sgt. Ryan to see you.

Parmer Farmers Cotton Quality Meeting Set

A meeting of Parmer county cotton growers has been scheduled for May 18 at 8:30 p.m. in the Holy community center building by Joe James, Parmer county agricultural agent. The program includes talks on production and marketing quality cotton by Fred Elliott, production methods and prices for quality cotton by John Cox, and insect control by Eugene Garner. All Parmer growers are urged to attend.

ROTARY GOVERNOR A VISITOR HERE TUESDAY

Raymond D. Aylett, governor of this Rotary district, paid a stop visit to the local club at its noon luncheon Tuesday. His visit was purely social since he had been here on his official trip earlier in his year as governor. Gov. Aylett had charge of the program and presented the club with a check for \$100.00. He also presented a check for \$100.00 to the club. Gov. Aylett was accompanied by his wife, Mrs. Aylett.

Quality Control Equipment Added By Ray Griffiths

Ray Griffiths & Sons Inc. has just completed an expansion program for its electronic device that measures the temperature of stored grain.

This electronic temperature measuring device virtually insures the grain man like a thermometer at any particular time. It will detect a sudden rise in temperature of any particular amount of spoilage and result in a large loss of grain.

A system of this type is just the more step on the part of specially designed reading in the grain man in his constant struggle to insure quality control in his temperature sensitive grain storage.

BABSON DISCUSSES... CAPE CANAVERAL

Babson Park, Mass., May 14—My last few days in Florida were spent at Cape Canaveral, which is located on the East Coast of Florida some 130 miles south of Jacksonville. From here the tests are being made of the various intercontinental missiles, by which World War III, if it ever comes, will be fought. I understand there are three other "proving grounds"—in Alabama, in Arizona, and on the Pacific Coast.

Leading Corporations Producing Missiles
 These missiles are contracted for by the Department of Defense with various important corporations such as the Douglas Aircraft Company which builds the "Thor," the Northrop Aircraft Company which makes the "Snark," the Marin Company which builds the "Titan" and "Vanguard," General Dynamics' Convair division which constructs the "Atlas," Boeing Aircraft which makes the "Jupiter." These companies compete for the best engineers, metallurgists, and other scientists. Such specialists are not under the bureaucratic restrictions of government workers, hence can be paid higher salaries. The work is under the able direction of General Donald N. Yates.

I was much impressed with what I saw, including the launching of three of these missiles. They vary in length from twenty-five to sixty-five feet, each divided into three stages, and cost from \$1 million to \$1.5 million each. Of the three launched while I was there a section of one failed to ignite, and only the first section went into the air. A second missile blew up into a thousand pieces. But the third was successfully launched and traveled 1500 miles, striking the ocean very close to its target.

Tracking These Great Missiles
 While at Cape Canaveral, I was briefed, together with the Honorable Paul H. Spaak, Secretary General of NATO, by some of the more important officers on how these missiles are tracked. (I was warned not to ask any questions.) The proving course was between Cape Canaveral and Ascension Island off the West Coast of Africa, which I saw on my trip last year. The course covers several islands in the Atlantic, between which are stationed U. S. ships. Thus, the missile is constantly in sight, so that not only can its speed be observed, but the nose cone can be located when it comes to the end of its arc. Within

Today's Meditation

Read John 18:33-38.

When teaching in another state, I left my first grade classroom for only a few moments, one day. Upon return-

Sandhills Philosopher Finds... He'd Have Little Enthusiasm For Living In A Russian House

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses the housing situation this week. We think that's what he's doing.

Dear editor:
 Every time the Russians criticize us, it's not necessary to answer them, but I was especially interested in a criticism Premier Khrushchev made the other day about American houses, which he is an authority on since he has never been in one.

According to him, American houses look all right, but they're not made to last over 20 or 30 years. "Such a method wouldn't suit us in Russia," he said. "We will build in the Russian manner, so that the houses may be used not only by us and our children, but also by our grandchildren and great grandchildren."
 Well, maybe so, but things don't always work out like the Russians claim. You don't notice Stalin's children living in the house Stalin used, do you? Khrushchev has a pretty good house at the moment, but I wouldn't bet on any of his children taking over when he's gone.
 Also, I don't know how a Russian can leave his house to his children when he can't own

ing to it I found all the children's hands raised high in the air. When I looked around in wonder at what was going on, I saw a precious blue-eyed child sitting in my seat at the front of the room.
 Quickly I said, "What is this? What's the matter?"
 With a most sincere face—angelic with childlike faith—he said, "Oh! I was just asking the children how many love Jesus."
 Here was a simple testimony given by a child in the presence of all his classmates in the first grade.
 I smiled at him as he left my desk and returned to his place. I offered a silent prayer to God for his testimony that indicated his love for Jesus.

PRAYER
 Lord, give us faith to trust Thee, as little children trust Thee. We thank Thee for giving to us little ones who show forth Christ in heart and life. We pray in the name of Jesus who said "Whoever shall not receive the kingdom of God as a little child shall in no wise enter therein." Amen.

THOUGHT FOR THE DAY
 Through faith in God we become instruments of His love to others.
 —Mrs. Clarence W. Harris (South Carolina)

Washington News Letter From Lyndon B. Johnson U. S. Senator

Dear Friend:
 Location of the first of five experimental plants to test various salt water conversion theories will be determined in the next two weeks.

The decision will be made by Department of Interior site selection which will meet May 16-19.
 One of these plants will be built somewhere on the Gulf coast, a second will be on the Atlantic coast and a third on the Pacific coast. The remaining two of the five plants will experiment with converting brackish water to fresh water. One of these will be built in the Southwest and another in the Northern Great Plains.

In all 40 Texas cities are represented in applications seeking either a coastal or an inland plant.

Interior Secretary Fred Seaton said the other day the government is seeking a process that will convert salt water to fresh water at a cost of \$1 a thousand gallons — or even less.

Experts seem to believe the promise of achieving a remarkable breakthrough in saline water conversion is now a definite possibility.

The problem is to develop a process that will make salt water useable in quantity at a cost low enough to make it practicable.

Think what this would mean for the future of Texas. Vast areas of non-productive land could be opened to irrigation. Brackish or gyp water could be made drinkable.

We would be opening the door on a new horizon of development that would embrace both agriculture and industry. Through a use of resources undreamed of now, would come new jobs, increased prosperity and a better life for all of us.

I believe that day is almost here. And I can assure you that—within the Senate—we are doing day-by-day everything we can to speed its arrival.

TIPS ON DRIVING

Vacation Safety
 Next to winter, vacation time is one of the most dangerous times to drive. The highways are crowded and accidents are more likely to occur. This type of traffic calls for more attention to driving. You have to think, not only for yourself but for all other drivers.
 Speed is another main factor in our national problem of safety. People are in a hurry to get to their destinations. Many of these people, neighbors and friends of yours, never get there.
 These friends of yours go down as just another traffic fatality or injury. They were just in too big of a hurry to

Livestock Dealers Must Register Now

Scores of southwest livestock buyers are expected to register and furnish bond under a new amendment to the Packers and Stockyards Act, effective May 24, 1959.

This was announced today by W. C. Ball, district supervisor, Packers and Stockyards office, U. S. Department of Agriculture, Fort Worth.

Dealers, market agencies, either buying or selling on a commission basis, and packer buyers—operating across state lines either in the country or at markets subject to the Packers and Stockyards Act—must register, Ball points out.

Also, all except packer buyers must furnish bond. Bond coverage is based upon the volume of business transacted, but in no case less than \$5,000.

Previously, the regulations on interstate livestock marketing applied only to persons dealing at markets subject to the Act.

Ball emphasizes that the law places the responsibility on the dealer to register and obtain bond coverage if he is operating across state lines.

Texas and eastern New Mexico livestock dealers should register immediately with the District Packers and Stockyards office, 231 Livestock Exchange Building, Fort Worth.

The Academy got Honor School again this year, this being the fifth consecutive year the Academy has made Honor School.

Colonel W. P. Lightfoot, Major William J. Irwin and Major Donald Carlson, Military directors of the Academy, are credited with this achievement. The Cadets will get to change from the gold star on their sleeve to a Silver Star. After the all-day inspections the tired Cadets were given a federal weekend leave. Mr. and Mrs. Lane took Joe and a buddy, Paul Herring of El Dorado, Ark., over to Buchanan Dam, returning the boys back to the Academy Sunday night.

Social Security Representative To Be Here May 21

Did you know that on June 1, 1952, the first insurance policy in this country was issued at Philadelphia, Pennsylvania and that Benjamin Franklin was responsible for organizing the first insurance company?

Today there are insurance systems to insure you against almost anything from loss of limb to unfavorable weather on the day of your annual picnic.

One insurance program that affects nine out of every ten people who work for a living in this country today is a social insurance program commonly known as social security. In 1935, the Federal Government passed the first Social Security Act. Today there are more than 12½ million people receiving old-age, survivors, or disability monthly payments.

The basic idea of social security is a simple one: During working years employers, their employees, and self-employed people pay social security taxes which go into special funds. When earnings have stopped because the worker has retired, or died, or is disabled, benefit payments are made from the funds to replace part of the earnings the family has lost. You will note the purpose of the law is to partly replace lost earnings. Your social security office advises that you should use social security as a base upon which to plan to build your family's financial security.

There are two pamphlets available that furnish information that can help in this planning—"Your Social Security" and "How to Estimate Your Social Security Payments." Why not write for your free copy of these booklets today. Address your request to the Social Security Administration, 2878-34th Street, Lubbock, Texas.

A representative of the Lubbock Social Security office will be in Muleshoe on May 21, at 9:30 a.m., at the courthouse and will be glad to assist in all matters pertaining to Social Security.

New Texas Map Available From Highway Dept.

The new 1959 official highway travel map will be available for distribution Monday by the Texas Highway Department. Copies of the "travel encyclopedia" of Texas, as it has been called, may be obtained by writing the Texas Highway Department, Austin 14, or at the highway district office and travel information bureaus. County tax offices have map cards available for requesting copies of the new map.

The new map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of slightly over seven million just ten years ago to its present estimated population of more than nine million is reflected by the information appearing on the 1959 map.

Nine more cities and towns are shown than on last year's map, making a total of 1,821. The increased mileage in U. S. state, and farm-to-market roads is much evidenced. The map reflects some 1,600 miles of multilane divided highway now completed in Texas, including the completed sections of the National System of Interstate and Defense highways located in the state.

The reverse side of the map, with a theme of "Texas, Land of Contrasts", reflects, in 20 full-color pictures, some of the outstanding scenic, historical, and recreational attractions in Texas. A section entitled "Facts About Texas" gives facts and figures on Texas' natural resources, recreational opportunities, state and national parks, historic points of interest, flora, farming and ranching, terrain features, and climate.

The Official Highway Travel Map is used by all state and governmental agencies in the state for determining highway distances, mileages, zones, and like information. The same map is equally as useful to tourists seeking roads leading to good times in Texas.

Christian Science Services

Mankind's need for spiritualization of thought will be emphasized in Christian Science churches Sunday in the Lesson-Sermon entitled "Mortals and Immortals."

Bible selections will include the following from Philippians (2:14, 15): "Do all things without murmurings and disputings: That ye may be blameless and harmless, the sons of God, without rebuke, in the midst of a crooked and perverse nation, among whom ye shine as lights in the world."

A correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (265:5): "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the Infinite,—in order that sin and mortality may be put off."

The Golden Text is from Romans (9:8): "They which are the children of the flesh, these are not the children of God."

Rural Traffic Report Released By Hiway Patrol

Sergeant D. S. Lawson of the Texas Highway Patrol released the rural traffic accident summary in Bailey county for April 1959.

The Highway Patrol in this area investigated a total of two accidents.

The report reflects a total property damage of \$1190 with four persons injured and none killed. This is a decrease of one accident compared to April 1958.

Sergeant Lawson advised that more men are needed by the Department of Public

Safety to help prevent accidents and that vacancies exist in all of the Department's uniformed services. He further stated that anyone interested in obtaining more information or in making application should contact some member of the Department of Public Safety immediately.

POSTAL EXAMS

The U. S. Civil Service Commission has announced examinations for substitute clerk-carrier at \$2.00 per hour for employment in the Muleshoe Post Office.

Further information and application forms may be obtained at the Post Office or from the Region Director, Eighth U. S. Civil Service Region, Room 103, 1114 Commerce St., Dallas, Texas.

Three Way News

by Mrs. Frank Griffith

The P-TA met Monday, May 4 to elect officers for next year. Elected were Mrs. W. C. McCelvey, president; Mike Flanken, vice-president; Mrs. Lewie Jordan, secretary; Mrs. Feagley, treasurer.

The organization voted to give \$172 to the science department.

Glen Williams, county judge, and Jerry Kirk, superintendent of Muleshoe schools, spoke on school legislation.

Bailey Griffith was on the sick list last week.

Mr. and Mrs. W. C. McCelvey and Gayle spent the week-

end with relatives in Lubbock.

The senior class was entertained in the John Shepard home at Maple way a dinner Thursday evening.

Baccalaureate Sermon

The baccalaureate program for the Three Way seniors was in the school gym Sunday evening at 8.

Miss Elaine Kenley played the professional and recession-al. The invocation was by Rev. Wayne Reid, pastor of the Three Way Methodist Church. Rev. A. R. Coleman of Morton delivered the baccalaureate address. Benediction was by Rev. H. H. Hughes, pastor of the Maple Baptist Church.

The seniors left at 10 p.m. Sunday for Mexico City. They expect to be gone 10 days.

Leslie Fine, a senior at Three Way, won first place in the high jump event at the State Interscholastic meet at Austin last week. He jumped 6 ft.

Open House At Reese AFB On May 16 In Observation Of Armed Forces Day

An impressive display of Army weapons, including the Honest John rocket, will be brought to Lubbock next week from the U. S. Army Artillery and Missile Center, Fort Sill, Okla. The weapons will be displayed at Reese Air Force Base as part of military exhibits in observance of Armed Forces Day, May 16.

A crew of 11 men from the 3rd Missile Battalion, 32nd Artillery, at Fort Sill will display the Army's 762mm rocket, better known as the Honest John. It is a free-flight rocket, and is aimed like cannon art-

illery. It is now in the hands of U. S. troops both in the States and overseas, and can deliver a lethal punch with either an atomic or high explosive warhead.

Thirteen men of the 2nd Howitzer Battalion, 36th Artillery, will display a giant 8-inch howitzer, the most accurate cannon artillery piece known. This weapon also can fire either conventional shells or those with atomic warheads.

Also taking part in the Reese Air Force display will be 47 men from the 2nd Howitzer Battalion, 2nd Artillery, at Fort Sill. These men will take four of the Army's "old reliable" 150mm howitzers, a complete artillery fire direction center, and an artillery forward observer section. During the day, they will demonstrate how an artillery fire mission is

handled, and will use blank ammunition for firing the 105-mm howitzers.

A 155mm howitzer from the 2nd Howitzer Battalion, 31st Artillery will be displayed by 11 men from that unit. Fort Sill's other weapon on display will be a 4.2-inch mortar, manned by a crew of two men from 2nd Battle Group, 30th

infantry. Fort Sill's 45th Transportation Battalion will provide an H-23 helicopter for display at the Armed Forces Day event at Reese. The H-23 is a light observation helicopter.

SEE YOUR QUALITY BUICK DEALER...AND Get inside the clean winged beauty of Buick '59

Watch Dale Robertson in Tales of Wells Fargo on NBC-TV Monday Nights

Along with the most talked about style on the road today goes performance new even to owners of previous Buicks . . . and too great for you to miss.

Buick '59 is livelier yet smoother, more powerful yet thrifter, as any previous Buick owner will tell you. And credit goes to the turbine smoothness of Buick transmissions, plus the new responsiveness of Buick "Wildcat" engines.

At the wheel, too, you'll find new handling ease and finned-brake sureness that owners put high on

their "most liked" list.

But that's far from all these owners tell us. They talk about new operating economy from the most efficient power plant on the road today. About quality of finish and detail, and of quietness that even beats the best of Buick heretofore. They speak of reliability . . . and they speak of the pure pleasure of owning a Buick '59 . . . in ways that warm the heart.

But the best spokesman for Buick '59—and what it can do for you—is a Buick itself. Why not go to your Buick dealer and get the inside story, today?
