Queen Contest Drawing Interest As Plans In Making For Carnival

Farm Sale Set **Hovember 3**

son is scheduled for Tuesday, Nov. 3, by Junior Dosher, the sale is to begin at 11 a.m. The Dosher place is located one mile north on Amarillo high. way from Farwell, then six east; or 11/2 miles north of Oklahoma Lane church, then three west: or seven miles uth, three west of Bovina.

The list of property to be sold is carried on another page of this paper. It includes several tractors, combines, and other major farm equipment and machinery, besides a large list of miscellaneous farm machinery. A list of furniture also is included in the list of property to be sold.

Ladies of Oklahoma Lane H. D. Club will serve lunch at noon and there will be free coffee. Auctioneers are Col. Dick Dosher of Clovis and Col. Dean Sanders of Hart. Originally scheduled for Oct. 20. the sale was postponed because everyone was so busy in the maize harvest.

Carpenter Funeral Held In Olney Sunday Evening

Mrs. J. D. Carpenter, Sr., 71 of the Lazbuddie community Juleshoe hospital. She had been making her home with a son, H. W. Carpenter, at Lazbuddle for the past five years. Her former home was at Olney.

She was born July 31, 1888 in Alabama, Marry A. Howard. She married J. D. Carpenter in Olney in 1909.

She was a member of the Olney Methodist Church, Fu-Geral services were held in Olney Sunday, and burial in the Olney cemetery with Singleton Funeral Home of Muleshoe in charge of the arrangements.

She is survived by her husband, four sons, H. W. and J. D. Carpenter, Jr., of Lazbuddle, C. H. of Houston and J. W. of Graham; four daughers, Mrs. R. W. Wright of oulder, Colo.; Mrs. A. J. Connelly of Lubbock; Mrs. H. E. Johnson of Lubbock and Mrs. John Blomshield of Amarillo; one sister, four brothers, 19 grandchildren and one greatgrandchild, and many friends.

Sudan Voters Okay **New Water Projects**

In what was described as "very light turnout" by Major Joe Rone, residents of Sudan gave approval Saturday to a \$60,000.00 bond proposal to complete two new 8-inch water wells and build a 300,000 gallon reservoir for the City of Sudan.

Only 38 Sudan property owners cast their ballots for the measure, and two against. City officials had expressed the opinion that this would be the solution to their water problems. Officials had promised that it would take no increase in taxes to pay for the measure, as the lowered fire insurance rates coming from

Box 3185, Lubbock, Texas. Name, age and type of talent should be included on the entry.

McGuire Speaker **At Rotary Meet**

Muleshoe Rotary Club heard one of its most interesting programs in recent times when Walter McGuire, of the traveling teacher program sponsored by the Natural Science Foundation and Oklahoma State University, discussed the purpose of the work in which he is engaged.

Mr. McGuire is a former Bailey County teacher, and at one time served as principal of Muleshoe High School. He was introduced by O. E. Lumsden, high school student coun-

The speaker, who will be here all week, lecturing and demonstrating to help stimulate interest of students in science study, will be speaker for a general assembly in the high school auditorium Friday morning, at 10:45, to which the public is invited.

Mr. McGuire, using members of the Rotary Club, gave several demonstrations, which bring out a principle of physics.

"A well rounded student is the aim of our high schools," he said, and he said the aim is to get a blend of the brilliant student and of the "playboy"

Importance of scientific training was stressed by Mr. McGuire, not only, he said, to develop the individual student and make him a more useful citizen, but to keep America strong so she can live at peace. "The schools need your help in stimulating thought and study of science by the youngsters," he told his listen-

The Johnson Rotary Cutter is designed for all-purpose use and is ideal to cut, shred and spread cotton, soybean and corn stalks, brush and weeds, and clip pastures and roadsides. Shredding stalks and crop residue aids in the control of insects, improves soil humus, and increases land production and profits.
