## Famous Crime Detective Claims Bailey County Owes Him \$1,500

CRIME STOPPER—J. Frank Norfleet, noted Crime Stopper of a generation ago, is shown here, left, talking to Bailey County Judge Glen Williams.

One afternoon early in September, the famous J. Frank Norfleet of Hale Center, casually walked into the office of Bailey County Judge Glen Williams and presented him with a bill for \$1500.00 which he said the county owed him.

Taken by surprise, Williams began to question him, and it was not difficult to get him to tell his story.

Norfleet, noted for his famous piece of detective work in which he spent several years, and untold amount of money tracking down a ring of thieves who robbed him of several hundred thousand dollars.

Back in 1919 a school teacher was murdered at Circleback. The man who shot her escaped, and local officers conducted a search for him that lasted for 17 years. A man was arrested in Oregon in 1936, brought back here and tried and convicted for the crime.

Norfleet claims he entered into an oral agreement with the Commissioners Court here about three years previous to the man's apprehension, that they would pay him a \$1500 reward to catch the murderer. He further claims that it was through his efforts that the man was traced down, and finally arrested and brought to trial.

He told Judge Williams that even though his reward agreement was orally, and the commissioners who made the agreement with him are not now here, the obligation still stands, and he feels he is entitled to his money.

Williams told Norfleet he would make an investigation and see what he could dig up.

A check of the Bailey County Commissioners minutes shows that in 1923 the Court recorded the offering of a \$250 reward for the arrest of the wanted man. Records also show that in 1936 Sheriff Tom Abel of Lubbock County put in a claim and was paid the \$250 reward offered. There is no mention in the records anywhere, a check shows, of a reward in the amount of \$1500 being offered.

Later Judge Williams wrote Mr. Norfleet as to the results of his check, and has had no further word from him.

SPECIAL STAMP—Dr. A. E. Lewis is shown here buying some special stamps from Postmaster Arnold Alcorn. The stamp, recently issued, commemorates a Century of the American Dental Association. Dr. Lewis has been practicing Dentistry for 30 years in Muleshoe. —Journal Photo.

## Al Griffin Handed Murder With Malice Indictment Wednesday

### CofC Committees Are Active In Community Work

The major portion of the membership of Muleshoe Chamber of Commerce is now involved in some phase of committee work, president J. V. Peeler announced this week.

More than half the total membership of the Muleshoe Chamber are now members of active committees which have met one or more times since June 1, this year, Peeler stated.

In making the announcement, the Chamber president pointed out that only through the cooperative efforts of the residents of Muleshoe and members of the C of C, can we expect our town to progress and grow.

"Making Muleshoe a better place to live in and make a living in can only be accomplished through the working together of those residents who are sincerely interested in the future of our community," the president said.

"At the present time there are 21 separate committees in existence, and all of them have met at least once, and many of them have met a number of times within the past four months," he concluded.

This week, for instance, the retailers promotion committee met twice; the Christmas parade committee met once, and the zoning committee was scheduled for an evening meeting.

As the fiscal year draws to a close, frequency of committee meetings will increase as plans are finalized for the Christmas parade and trade promotion, home decorating, street decorations, nomination of directors, and annual banquet, Mr. Peeler stated.

The 64th District Court Grand Jury, empaneled Monday by Judge E. A. Bills, after three days of hard work, Wednesday night returned 17 true bills of indictment, among that number being Albert Griffin, former Bailey County Clerk. The charge against Griffin, indicted him for that he "with malice aforethought did kill Grover Tapp by shooting the said Grover Tapp with a shot gun, with the intent then and there to murder the said Grover Tapp." Judge Bills set Griffin's bond at \$15,000. At 9:30 Thursday morning bond had not been posted for Griffin and he was still in the Bailey County Jail, Sheriff Dee Clements said.

### THIS WEEK In Muleshoe

by AFTON RICHARDS

In October, all over the Nation, newspapers will be observing National Newspaper Week.

Of course this means more to us who are actively connected in the issuing of newspapers than to others. But we would like to think that the Weekly newspaper plays a valuable and important part in the lives of the people of America.

Here in Muleshoe and Bailey County, The Journal fits its way into almost every home, and several hundred copies go to people outside the county who have a deep interest in what goes on here.

Not long ago we decided to run a check to determine just how well we are fitting into the homes. We ourselves were surprised at the high percent of coverage that we have. On some of the rural routes the coverage is almost 100%, and almost that high in town, with

several hundred copies being sold on the newsstands each week.

This information convinces us of two things; first, that The Journal renders an invaluable community service, by printing and sending into the homes of the people, an accurate account of "what is going on" in our county and community. Second, that the merchants who use space in this paper, are actually getting their messages into the homes of the people. Of this we are sure.

One important thing about your home town newspaper, is that it comes right into your home, and you can read it at your convenience. It waits on you. You can read what you like and let the other go.

With some of the other news mediums, you take it when it comes, or not at all, and you take "the good with the bad."

Here's a tip. If you want to find a soft touch for a cup of coffee—just see Boyd Landers.

Football fans who thought the Mules were down and out, were well pleased and surprised Friday night, as they had a holiday at the expense of the

Portales team. Will it be the same at Springlake Friday? Springlake has other ideas about it.

The Junior high teams have been rolling right along. They won 7th and 8th grade games from Clovis. The Freshmen lost. Then they won three games from Friona recently.

We are right on the border of one of the biggest fall rushes in the history of the county. Already the gins are getting in some cotton, and within a few days, both the gins and the elevators will be swamped. This is the one time of the year every one looks forward to—lots of hard work, but it makes the cash registers jingle.

Why we built two cars for 1960 . . .  
as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrust, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

## Leading Southwestern Farmers Say— Plow Down Ammonia in the Fall

One High Plains farmer said: "I prefer to plow down Phillips 66 Ammonia in the fall on my maize land. The ammonia helps rot down residues, makes the soil easier to work. And I get high, profitable yields."

Other successful Southwestern farmers prefer to apply Phillips 66 Ammonia early on crop residues. Its 82% nitrogen stimulates soil bacteria, the bacteria rot down the residue, and return extra plant food to the soil. Phillips 66 Ammonia resists leaching... any unused nitrogen remains in the soil to

boost yields and profits for your incoming crops. Another benefit of fall plow down of ammonia is getting this important task out of the way ahead of the big spring work load.

If you haven't plowed down ammonia before in the fall, talk to your Phillips 66 Ammonia distributor. He can give you names of farmers in your area who have profited through fall application of Phillips 66 Ammonia. And he'll be glad to work out the right amounts and the best time to apply the ammonia.

DERRELL OLIVER (33) is shown here making a long gain around right end in a recent Mule game. Jim Young, (18) is shown giving him a key block, and Gary Pierce (25) is coming across to help block.

## Mules Run Wild Over Portales Here Friday

The brilliant running and passing of Derrell Oliver, fine quarterbacking by Jim Young, key blocking by Lindell Black, Lelan Dean, Curtis Walker and others, and good line blocking all rolled together gave the Muleshoe Mules a sounding 43-0 victory over the Portales Rams in the opening home game here Friday night.

Muleshoe received the opening kickoff, Walker taking the ball on the 20, running it up to the 25. Oliver went off right tackle for 7 yards, but a teammate was offside before the snap of the ball. Walker picked up 1 yard, and Oliver came back for 8 and a first down.

Black hit the line for 6, then Oliver took the ball from Young, pitched out to Walker, who skirted right end for 6 gain and another first down.

Young kept the ball and got a good 15 yard gain, by faking Oliver through the middle. Black picked up 3, and Oliver took his turn again, making 7 and a first down.

Walker was shoved back for 1 loss. Young made 1, Oliver made 8, and an attempt to pile over on fourth down failed and Portales took possession on their own 15 yard line.

Coming out in an unbalanced line, with 5 men to the right of center, and 1 to the left, they lost 4 yards on first down. Second down made 9 with Gilbreath getting in a beautiful tackle. Third down made 11 and a first down.

A pass was incomplete, then they made 2, 5 and ran fourth down for 8 and a first. The next run lost 1 yard then they picked up 6 yards. Third down was fumbled and Muleshoe covered to take possession.

Oliver made 7, Black hit the line for no gain, and Oliver made 6 on third down to set up a new series. Black lost a yard, and Oliver went off tackle for 13 and a first down.

On the next play Young fumbled the handoff, and then covered it at the line, as the first quarter ended.

Oliver ran for 4 gain, and then came back for 9 and a first down. Black hit the line for no gain, and Oliver made 2, setting up first down and goal to go. On the next play Oliver made 5 putting the ball on the 1 and then piled over on the next play for the score, and Jim Young ran the conversion making the score 8-0.

Camp kicked to the 10, and Portales took the ball, bobbled it momentarily then ran it up to the 34 where White tackled.

On first down they made 11 yards, getting another first. Then they got off three plays, each gaining about 1 yard. Running fourth down, Wright charged through to hold them for no gain, and the Mules had possession on their own 46.

Black picked up 5 yards, and on the next down Oliver took the ball from Young, heaved a long pass to Walker. At first it looked to be too long, but Walker skimmed in under it, took it across his shoulder, in a beautiful catch, picked up a couple of good blocks and completed the play for 54 yards, gain and another score. Oliver kicked the extra point giving the Mules a 15-0 lead in the game.

Portales took Camp's kick on the 10 and ran it out to the 31. They made 3 gain and then 14, for a first down.

Again they made 11 and a first down, then 2, and on second down fumbled the ball and White piled on it giving the Mules possession on the Muleshoe 41.

Oliver took the ball from Young, pitched out to Black who picked up 8. Walker made 1, and then Oliver got off for 27 gain.

In a new series, on first down Black made no gain and the Mules took a delay penalty, being slow getting a sub into the lineup. Young got off

## Lazbuddie Unable To Hold Lead On Farwell Steers

The Lazbuddie Longhorns put up a stubborn battle Friday night against the big Farwell team, but could not last, finally losing 31-16.

Lazbuddie drew first blood, when Derrell Jennings returned the opening kickoff 60 yards to score, and then ran the extra points, to give them an 8-0 lead.

Ronnie Haberer ran 25 yards to make a fourth-quarter touchdown for Springlake. The first three quarters were scoreless.

End Tom Messer gave the New Deal Lions a lot of trouble in the game, breaking up their aerial attack which they had planned on using advantageously.

## Red Raiders Prepare For Oregon State

LUBBOCK — First visit of a "big name" Pacific Coast team to West Texas will be Oregon State's meeting with Texas Tech's Red Raiders in Jones Stadium at 8 p.m. Saturday.

Oregon State's football fortunes during the past four years — Coach Tommy Prothro's regime — have been the best on the Pacific Coast. The Beavers were beaten last Saturday night but it was at the hands of Southern California, favorite to win the Association of Western Universities, successor to the Pacific Coast Conference, 27-6.

Oregon State runs the single wing offense.

Young passed to Gary King for 5 gain as the quarter ended.

Miller hit the line for 5 and a first down. He came back for no gain, and Oliver made 2. Young made 5, and attempting to go on fourth down, Oliver made no gain and Portales took over on their own 40.

First down they lost 1, then got a pass off for 18 gain and a first. They made 3, tried two unsuccessful passes, and drew a 5 yard penalty for delay of the game. On fourth down they made no gain and Mules took over on their own 45.

A pass was no good, Black got only up to the line on his attempt. Young made 9, then Oliver got loose again for 39 TD run.

Portales took the kick on the 20 and back up to the 28 where Barron and Gardner tackled him. A pass attempt, they fumbled and then recovered for 5 loss. Then they made 10, and came back for 6 and a first down, with Robinson and Stewart tackling. The next time they fumbled and Muleshoe covered on the 45.

Miller hit the line for no gain and Muleshoe was penalized 15 for illegal use of the hands. A Portales pass was almost intercepted by King.

Pierce got off a nice 7 yard run, then Young got caught behind the line for 8 loss, and they punted to the 40. One of the Portales men rolled Oliver after he had kicked and they were in line for a 15 yard penalty, but a clipping charge was placed against a Mule and the penalties offset, and the kick was tried again. Again Oliver was roughed up after the kick and Portales drew a 15 penalty. On a re-kick Portales took over on the 27 as the ball rolled out of bounds.

First down made 4 but the Mules were offside. The next run lost 3, and second down made 6. And 2 pass attempts failed.

Taking a fifth down by the courtesy of the officials they made the 3 yards necessary for a first down.

On the next play they fumbled and recovered for about 5 loss, and a Portales offside penalty was refused. The next run they made 19 and a first down, with Jones tackling. A pass was incomplete and this ended the game Muleshoe winning 43-0.

## Tech Raiders Plow Under Texas Aggies

Texas Tech's new wide open offense paid off Saturday night as they upended the favored Texas Aggies in the Cotton Bowl 20-14.

The Raiders take on the University of Oregon Saturday night at Lubbock.

## Bovina Mustangs Lower the Boom On Whitharral

The Bovina Mustangs won a decisive victory over Whitharral Friday, 28-0.

Bovina divided the honors up between four of their backfield men, Barron, Caldwell, Lorenz, and Ezell. Then in the fourth period their reserve back Don Compton got into the act, and ran him a TD.

Whitharral never did make a serious threat.

## Springlake Too Strong For Lions

The Springlake Wolverines won a tight, defensive game over New Deal Friday night, finally coming out on the long end of the 6-0 score.

Ronnie Haberer ran 25 yards to make a fourth-quarter touchdown for Springlake. The first three quarters were scoreless.

End Tom Messer gave the New Deal Lions a lot of trouble in the game, breaking up their aerial attack which they had planned on using advantageously.

## Morton Falls To Plains Friday

The Morton Indians ran into more than they could handle at Plains last Friday night, going down under the mighty onslaught of the Plains Cowboys, 18-0.

Plains scored all three tallies in the second quarter. Plains Marrow and Williams were the big guns in their scoring activities. They managed to hold their goal line free for the third successive game this season. No one has crossed the line so far this year.

Morton threatened several times, but could not make the grade, getting to the 7 once, and again to the 9.

## Frona Chiefs Win Again, 30-6

The Frona Chiefs won their second game of the new season Friday defeating Stratford 30-6. Stratford took the opening kick and drove to the 1 yard line and then bogged down.

Ronnie Castleberry, Gary Goetz, and Gary Brooks were the scoring trio on the Chiefs team.

Stratford's lone touchdown came in the final quarter, and they were on the 2 yard line again when the game ended.

## Bula Edges Three Way In 6-Man Game Friday

The Bula six-man football team, behind the running of Norvel Roberts, upset the Three-Way team Friday night beating them 24-21.

Three-Way scored touchdowns in the first, third and fourth quarters.

This week Three-Way plays host to Smyer, while Bula is at Spade.

## Lockney and Tulia Have Close Contest

The Lockney Longhorns, traditional 2AA rival of Muleshoe, overpowered the Tulia Hornets in their game last week, 8-6.

## Many Good Games On Tap Friday

The Mules will be out after win number two Friday night when they take on the Springlake Wolverines in their own lair.

Coach Callan said Tuesday the boys seemed to be in good spirits after their game of last week, and they hoped they now had many of the bugs worked out of the machinery and could get rolling.

In other games, over the area, West Plains fans have a good card in front of them. Olton will be host to Hale Center.

Abernathy goes to Dimmitt. Sudan goes to Sundown. Morton plays at Idalou. Lazbuddie will play at Kress Sat. at 2 P.M.

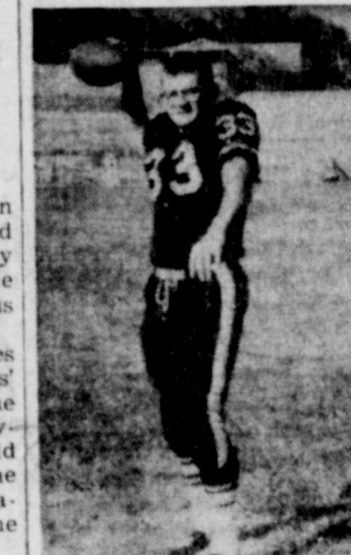

Bovina goes to Amherst. Farwell plays at Morton. Bula goes to Spade. Friona will be playing in Gruver.

## Fired Up Phillips Downs Plainview

The Plainview Bulldogs just didn't have it, when the fired up Phillips "Hawks" took the field, getting downed 38-9.

Plainview took a 3-0 half time lead, but could not hold it. Carter was the big wheel in the Phillips drive, scoring two of their TD's. Once the Blackhaws got the taste of victory they were long gone, and the 'Dogs were never in the game again.

## Littlefield Racks Up Olton 22-0

The Littlefield Wildcats and Olton Mustangs had their traditional rival game Friday night, but Olton did not have enough to hold and lost 22-0.

Halfback Max Ball, quarterback Dee Pierce and end Jerry Marsh, in a combination of running, throwing and catching passes kept the Wildcats rolling out in front.

Olton's Andy Buchenau made a desperate bid for his team, but could not get enough drive together to cross the goal line.

## Band Boosters Vote To Hold Special Carnival

The Muleshoe Band Boosters met at 7:30, Thursday Sept. 17, in the Band Hall. The Jr. High band students furnished the entertainment.

## ENMU Greyhounds Lose Friday To Central Oklahoma

PORTALES — Eastern New Mexico's football Greyhounds dropped their opening game to Central Oklahoma 20-7 last week, but head coach Carl Richardson was pleased with the way his young club played against the highly touted Broncho's.

Both clubs were hampered by a slippery ball (15 fumbles) caused by a heavy downpour during the first quarter, but strong defensive play took the spotlight.

Central capitalized on two eastern fumbles deep in ENMU territory and scored twice in the final period to take a 13-0 lead, then after an exchange of touchdown kick-off returns, the two clubs settled down to battling on the ground. All scores came in the fourth period.

This week the Pack travels to Alpine, Texas, to meet Sul Ross State on Saturday night. The game will be broadcast by Portales radio KENM with Norris Willis, veteran sports caster, mikeside.

## Amherst Not Strong Enough For Happy

Briggs, son of Mr. and Mrs. H. H. Briggs, all of Lazbuddie. This ceremony was the first event to be held in the new Baptist Church of Lazbuddie which was beautifully decorated with large baskets of

ed with pink stepanotis and satin streamers.

Her "something old" was a linen and lace handkerchief, given to her by her late maternal grandmother. "Something new," worn by the bride, was her bridal clothes, and her "something blue" was the blue garter given to her by her niece, Melissa Briggs. She wore a single strand of pearls, a gift from the bridegroom.

Mrs. Jimmie Dale Black, only sister of the bride, was matron of honor. She was dressed in pink taffeta and tulle ballerina length dress with pink accessories. She carried a heart shaped bouquet of pink roses and stephanotis.

Mrs. Laurence King and Mrs. Andy Enqua were bridesmaids, and they wore identical dresses of orchid tulle over taffeta complimented by orchid accessories. They carried heart shaped bouquets of orchid flowers.

Joe Briggs served his brother as best man. Don Briggs, brother of the bridegroom, and Laurence King served as groomsmen. Jimmy Dale Black and Dennis lighted the candles and also served as ushers. Wedding music was played by Mrs. E. H. Kennedy, music teacher of the bride. Mrs. Kennedy accompanied the soloist, Mrs. Wayne Moore.

The wedding reception was held in fellowship hall of Methodist Church immediately following the ceremony. Members of the house party were Mmes. J. D. Carpenter, Bert Gordon, Walter Steinbock and D. L. Morrison.

Mrs. Don Briggs and Mrs. Joe Briggs presided at the punch bowl and served the wedding cake. Miss Alice Gordon was at the silver coffee service. Mrs. Kennedy and Mrs. Moore furnished appropriate music during the reception. Miss Alice Gordon registered the guests.

Out of town guests attended from Lubbock, Plainview, Adrian, Abilene, Tyler, Merkel, Farwell, and Santa Fe, N.M.

## MIGHTY "M" BAND NEWS

By Dolores Wagnon

This year the position of Band President is filled by Sue Logan, senior. Sue is also secretary of the Student Council and very active in all class projects. Pat Barrett, another senior girl, was then elected to the office of Vice President. Pat is class secretary and both, Pat and Sue, are candidates as most beautiful in their class.

To take all minutes of the band meetings is the secretary's role and this part is played by Rosemary Richards, another senior. Doris Gilbert, junior, will be in charge of the band's finances as her office is treasurer.

While no organization would be complete without a representative for the Student Council, Sandra Darsey, senior, will represent the Mighty "M" Band at all Council meetings. Danny Gunstream, sophomore, will be an excellent credit to the band because of his job of reporter the people will learn what the students of our band are doing.

Our new director is Mr. Bob Cheek, the former director of Gruber, has really shown a spark of interest according to the fine half time performance the band did this past Friday. We also understand the first week of school the band members got into shape by having several practices after school, but only practice will make them perfect, so good luck throughout the season.

The twirlers are: seniors, Pat Barrett, Sue Logan, and Rosemary Richards; junior, Doris Gilbert; sophomore, Gwen Williams; and head twirler and another senior is LaQuinna Stone. The band will march under the direction of their new drum major, Dolores Wagnon, also a senior.

## NANCY JULIAN ELECTED PRESIDENT OF THE PEP CLUB

By Mary Gross

At an organizational meeting of the Muleshoe Pep Club Nancy Julian was elected president for the coming year.

Other officers that were elected are: Sharon Evans, Vice President, Sandra Taylor, Secretary; Mary Gross, Student Council Representative; and Mrs. John Laing and Mrs. James Jennings club sponsors.

Approximately 60 members discussed dues and uniforms. It was decided to carry out school colors by wearing black and white attire. A school spirit movement was planned to sell stickers with slogans such as "Lick the Hornets" and "Whip Sudan".

A large group with much spirit is expected at all the games.

## JUNIOR PATROL ORGANIZED

By Nancy Julian

Outside an elementary school was a fairly busy street. It was 3:45, the dismissal bell rang. Children ranging from the first to the sixth grades streamed out onto the playground to the buses.

A strange thing happened then. Boys with white safety belts around their waists and across their shoulders stepped up to each bus, boys patrolled each crosswalk and the intersections.

In 1956, Frank D. Ford, principal then of Mary DeShazo Elementary School, called a meeting. Those present were the high school principal, two school board members, officers of the PTA, the mayor and a State highway patrolman. Through their untiring efforts, a local safety patrol was organized.

Within a few weeks, fifth and sixth grade boys met with a Texas Highway Patrolman. They were taught safety rules and how to use the yellow traffic flags.

To be a junior safety patrolman a boy must have his parents' permission. The boys must be courteous but firm. Through necessity, they sometimes must turn a license number of a car in to authorities.

There are approximately fifty junior patrolers at Richard Hills and fifty at Mary DeShazo. The duties of these patrolers are (1) guiding parents at school functions, (2) helping with fire drills, (3) directing bus loading and (4) helping students cross the streets.

The Mary DeShazo junior patrolers are probably the busiest of the two schools. This is due to the location of the school. At Mary DeShazo the children are almost constantly

## NEW HOPE FOR THE NONCOMPETITIVE P.E. CLASSES

By Lee Raney

It seems that one of the P.E. classes is about to really start rolling. The instructor is planning on covering every sport from bowling to golf. Each of the poor students is expected to take part in every one of these sports whether he likes it or not. He believes that everyone should know a little about how to compete in each of them instead of sticking to just one.

It is a known fact that it is easier to form correct habits than it is to unlearn bad habits. The instructor is therefore teaching coach approved methods and rules even though they don't always appeal to the students. This should make the class more beneficial to everyone.

Holding the position of secretary-treasurer is Pat Barrett. Pat is a twirler of the "Mighty M Band", and also is vice-president of the band.

Representing the Senior class in all student council meetings as student council representative is Don Ethridge. Don has been active in ag and received the Lone Star Farmer award. There are few boys that receive this honor. Don is also active in F.F.A.

Keeping up with all the Seniors crossing busy streets and are in danger of being hit by a car.

There are three ranks of officers, captain, lieutenant, and sergeant. All patrolers wear a badge with their rank on them.

Our local PTA is now sponsoring the Safety Patrol, but there are Three National Sponsors, The American Auto Assn., the National Congress Parent-Teachers, and the Texas Highway Patrol.

## F. H. A. INITIATION

By Latoyia Howell

Informal initiation of new members of F. H. A. was held Friday, September 18. Approximately 50 girls participated.

The initiates were to wear hats, gloves, flats or heels. They made their own hats and some of them looked like they had come straight from Paris. They also had to wear a sign around their neck that said "Beat Portales." The girls begged for pennies from the upper classmen and teachers. Each girl was to collect twenty

MAJORETTES—High stepping majorettes that make the band look so sharp this year are from left to right, Pat Barrett, LaQuinna Stone, head twirler, Gwen Roberts, Rosemary Richards, Doris Gilbreath, and Sue Logan.

pennies. The income from this was turned over to the F. H. A. All day the girls had to carry books and take orders from the upper class F. H. A. members. At noon there was a shoe scramble, a barefoot race, and a game of run through on the front lawn.

The new members had to memorize the F. H. A. creed and the purpose of F. H. A. and had to recite them whenever they were called upon to do so.

After this hard day the "fish" feel like they are fulfilled. F. H. A. is and are looking forward to the formal initiation on Monday, September 21.

WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

**Brawnier bulldozer build!**

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

**More comfortable cabs!**

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

**Big in the power department!**

## Babson Discusses U. S. Foreign Trade

En Route to Sweden, Sept. 24. In recent months there has been much concern in business circles, because our exports have not yet recovered from the sharp setback it suffered in 1958. For the present I am much disturbed, although over the longer term we should succeed in again building up our commerce with other nations. At any rate, one reason for my present trip abroad is to secure answers to these important questions. I am landing in Sweden this week.

### Imports Are Increasing

For a good many years, our exports have exceeded our imports by a fairly wide margin. Now it is estimated that our shipments of merchandise to foreign markets may top imports by only one billion dollars. Last year, U.S. imports had a total value close to \$13 billion. This year our imports are expected to reach \$15 billion. This is unfortunate for American labor.

### What About Russia And Union Labor?

There has been a lot of scare talk with regard to Russia's engaging in an economic war with the West. So far, I see no conclusive signs of such a development. At present, the Soviet Union does not appear to be in a position to wage such an economic war, though she may well desire to do so. In order to be successful in such an enterprise, Russia would have to establish some kind of a gold international equivalent for the ruble.

### Downturn In Exports

Many people think that the formation of the European Common Market, sometimes called Euromart, is chiefly responsible for stopping the long uptrend in U.S. exports. I do not agree. Last year's decline in our exports was due largely to a world recession which accompanied our recession here at home. It was also due, in some measure, to political tensions abroad.

In my opinion, the real impact of Euromart on U.S. foreign trade is yet to come. As this united trade program of France, West Germany, Belgium, Luxembourg, The Netherlands, and Italy gathers steam, many traditional European markets for our goods will absorb less than their usual amounts. Some of these markets will be closed to us entirely. So far, Euromart has not hurt our exports much, perhaps because it has been slow in getting under way.

### Challenge, Not Threat

Our foreign trade need not be in a long-term period of decline. Our trade position is not so much threatened as it is challenged by the European Common Market. It is challenged also by the growing importance of Great Britain. She is now busy with a plan

## Legion Dance Set Tonight

There will be a dance tonight, Thursday, Sept. 24, in the American Legion Home, beginning at 8 o'clock. Mel Lindero and his Jubilee Band will be here to play all kinds of music, catering to both young and old. The band recently was featured on Red Foley's Country Music Jubilee Show and made a big hit with Red's followers. They offer a good show and dance with a full evening's enjoyment. ## Saturday, Sept. 26 To Be Kids Day At Reese Air Base

Reese Air Force Base will open its gates at 8:00 a.m., Saturday, Sept. 26, to welcome South Plains area children and their parents to participate in the annual Kiwanis observance of Kids Day. Realizing that parents usually enjoy visiting military installations to view new aircraft, equipment and tactical demonstrations — as much as the kids do — Reese officials have indicated that they hope that area residents will make a "family affair" out of the event, and that Mom and Dad will bring the kids out to the base in the family automobile. There will be ample parking facilities and the gates will be open for visitors from 8:00 a.m. until 12:00 noon.

There will be much in the way of Air Force aircraft and equipment to be seen, plus fly-overs and tactical demonstrations.

Included in the aircraft display will be the T-33 jet trainer, C-47, T-28 trainer, helicopters, T-34, PA 18 cub, fire fighting equipment and jet engine mock-ups. Aerial demonstrations will include performances by the T-33 and helicopters. At 11:00 a.m. there will be a firefighting demonstration.

Facilities that will be open for the youngsters to inspect will include the synthetic trainer department, physiological (altitude chamber) department, parachute loft, and the academic training room. Movies will be shown at the base theater.

## The 86th Congress

The 86th Congress, which has just come to a close will probably be a matter of controversy in the coming presidential election. President Eisenhower has already criticized their actions. Speaker of the House Sam Rayburn is defending the Session, along with a number of other leading Democrats.

In the closing hours of the Session, Senator Lyndon Johnson, of Texas, the Majority Leader, summed up the actions of the Congress as follows: "We are in the closing hours of one of the most unusual sessions of Congress in our history. It has been a long session. It has been a hard-working session. It has been a session which encountered the problems that are bound to arise when a government is divided. But the length and the work and the difficulties are only incidental to the really important fact so far as the American people are concerned. The basic reality is that it has been a productive session in terms of the national needs.

**Effective Action**  
The Senate has moved in many fields, including the following:

**STATEHOOD** — This session of Congress provided the admission of Hawaii as a State.  
**RACKETEERING** — An effective law was enacted to clamp down on thieves and scoundrels preying on honorable labor, management, and the public.  
**ECONOMY** — This session of Congress cut over One Billion, Three Hundred Million Dollars from the President's appropriation requests — plus Five Hundred Million Dollars that had been requested for 1961.

**HOUSING** — This session of Congress enacted a One Billion, One Hundred Million Dollar housing bill.

**AIRPORTS** — A Federal Aid to Airports Bill totalling One Hundred Twenty-six Million Dollars for 2 years was enacted by this session of Congress.

**HEALTH** — This session of Congress provided the funds for the largest crash program in history to attack cancer and heart disease and other killing and crippling diseases.

**WATER CONSERVATION** — This session of Congress enacted — over a veto — a comprehensive water conservation

## SAND HILLS PHILOSOPHER WONDERS Whose Hammer and Sickle The Russians Shot To The Moon

Dear Editor: I was outside the other night taking a close look at the moon and I'll have to admit it doesn't look any different now than it did before the Russians hit it. Still harmless and peaceful looking, sending down the sort of light that makes even a weedy pasture look lush and as well-tended as a country club golf course. Moonlight just naturally improves the looks of all pastures and most women.

I haven't gotten very excited about traveling to the moon. I'm about as close to it as I want to be, as I suspect the moon is about like a Hollywood movie actress, looks a lot better and more glamorous from a distance than close up, but what I started out to say

and rivers and harbors measure.

**CIVIL RIGHTS** — This session of Congress extended the Civil Rights Commission and liberalized the cloture rules of the Senate.

**INTERNATIONAL** — This session of Congress expanded the World Bank and the International Monetary Fund.

**WESTERN HEMISPHERE** — This session of Congress established the Inter-American Bank to strengthen the economic position of the nations of the Western Hemisphere.

**CULTURAL EXCHANGE** — This session of Congress took the first step towards establishing the new State of Hawaii a cultural institution to serve as a bridge of understanding between the scholars of the East and West.

**DEFENSE** — This session of Congress provided the flexibility needed to accelerate the missile research program; maintained the strength of the National Guard and Reserve forces; applied money taken from non-essential projects to such vital military programs as anti-submarine warfare and research and development; and extended the draft.

**VETERANS** — This session of Congress passed a Veterans Pension Act to improve the system of caring for our nation's veterans; enacted a hundred million-dollar GI Housing Bill; and the Senate passed a GI Bill of Rights for "cold war" veterans.

I've been wondering what the Russian farmers think about the Russian scientists' planting a hammer and sickle on the moon.

I can imagine a conversation between two Russia farmers sitting on the front steps under a full moon after a hard day's work, going something like this:

"Say, J. Asky, did you know Mr. Khrushchev has sent a hammer and sickle up to the moon?"

"Whose hammer and sickle?"

"What do you mean, whose? I guess it was his."

"Why didn't he use mine? I'd have been glad to let him home mine."

"Yeah, but if they'd sent your hammer and sickle to the

**UNEMPLOYMENT** — The Senate approved an investigation of depressed areas and passed a Depressed Areas Bill.

**RAILROAD EMPLOYEES** — The Congress liberalized railroad retirement.

**FEDERAL EMPLOYEES** — A Federal Employees Health Insurance Bill was passed.

**TVA** — This session of Congress enacted the TVA financing bill.

**YOUTH** — The Senate passed legislation to establish a Youth Conservation Corps.

**CITY PROBLEMS** — The Senate passed a Metropolitan Problems Commission and a Home Rule Bill for the District of Columbia.

**INTERNATIONAL HEALTH** — The Senate approved the Health for Peace Program.

**ATOMIC ENERGY** — 43 new Atomic Energy projects were approved.

**SURPLUSES** — This session of Congress extended and improved the Agricultural Trade Development Act.
