1955 Lazbuddie High Graduate **Killed In Plane Crash Sunday**

A weekend pleasure

Sometimes No Makes Good News

'No news is good news" so thinks James Freeman, Texas of a single engined plane a Highway Patrolman, stationed few air minutes from their in Muleshoe. In the past 10 Houston destination. days they have had no calls to investigate an accident. We've got our fingers cussed," he said. "We just hope the people keep up their good driving."

Freeman said in the past month he and Patrolman Bentley drove a total of 4,259 miles every 10 miles.

In the 10 day period they did two drunken drivers. entered pleas of guilty court and were Glen Williams, and received the automatic three days in jail, and six months suspen sion of driving license. One of the drunks was driving a car occupied by four other drunks. Freeman said

Get ready for the Freezin' Season!

To get your car ready for winter, Phillips 66 Dealers offer guaranteed anti-freeze service. It works like this:

Tell your Phillips 66 Dealer the degree of protection you want (even down to 50 below) and he'll put in the proper amount of Phillips 66 Anti-Freeze-permanent type. Then if at any time this winter you need more anti-freeze to maintain this level of protection, your Phillips 66 Dealer will add it with no additional charge.

Sounds like a fair proposition, doesn't it? Come to your Phillips 66 Dealer for guaranteed anti-freeze service.

that was almost, but not quite Olton started strong with good, and the Mules took over two wins, but they lost to Lockney Friday. Morton has Oliver carried for five gain, two wins, but lost to Olton.

Young for four, then a fumble Abernathy has lost to Morton, was committed and Morton but won over Lockney. The thing that makes the race in had possession at the 30. They made two first downs, teresting, is the custom that if hen scored again, tried to pass the race ends up in a tie, if

one of the tied teams has beaten the other, that automatically gives that team the right to compete for higher onors.

This week the Mules will host Lockney and Olton will be playing at Abernathy.

Area Conferences Are Taking Form

There is framing up a real battle in the Class 3A conference race. Sudan, by beating Farwell Friday, can put the title on ice. However if Farwell wins they could come up n a three way tie. Sudan beat Kress, but Kress has beaten Farwell. Anton and Springlake are pretty well running behind. So this game in Farwell will be a key game. In District 2B the real test will not come until next week when Happy and Lazbuddie both unbeaten clash. This

SAND HILLS PHILOSOPHER COMES **Out In Favor of Movie Actress Trying To Learn Cattle Business**

Hills Philosopher on his Johnson grass farm thinks he has a new idea this week, but we doubt if it'll work.) Dear editar:

Brand new ideas are pretty tered around the country who scarce, so when one comes could get in on this. Yours faithfully,

I have now found one and

According to an article Services here, for the past sev- difference, guides who can in the U.S., the Russian gov- read in a newspaper last night, how to become an efficient

The government is arguing this is not a legitimate claim. and I would like to see every body rise up and protest that it is. If we can get the gov ernment to recognize it's perfectly legitimate to claim tax deductions for the costs of learning how to raise cattle efficiently, the door will be opened wide for tax relief regardless of how high the tax rate goes. Congress can take the debt ceiling off completely and not bother me.

For example, take my farm out here. If I can claim some deductions for inefficiency, I believe I could manage to get off scott free for years to come. Farming is something it takes years to learn how to do efficiently, and the cost of learning it ought to be deductable.

And also, in case something

slips up and I do have a good farming year with a taxable profit, that'll be the year I take up movie acting, with the cost of learning to be taken off my income tax. I my deductions for learning how to become an efficient movie actor will last for years, because it looks like a profession that's hard At the same time, all church there are no wage increases to learn. At least, I know

teacher's jobs. Giant rulers, the abacus; an enormous clock, the blackboard compass, and an enlarged thermometer, also help the teachers through many hard trials,

All of the children in Mrs. Fowler's room are now classified as Junior Fire Marshalls. To achieve this honor the students had to check all the fire hazards in his home and then bring a signed statement from his parents stating the chil-dren had checked. This will help these youngsters to become better citizens in the fu-New excitement has been raised in the DeShazo school

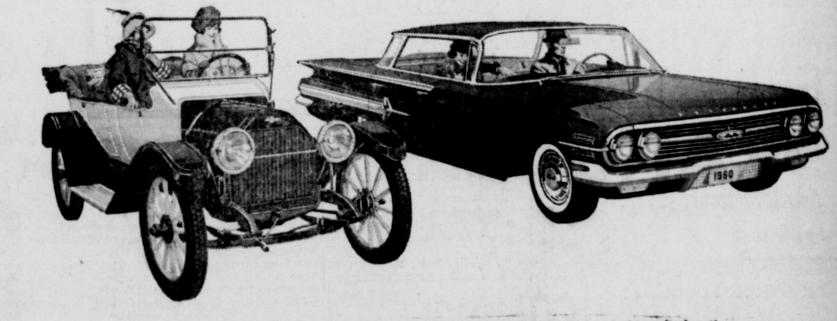

with Miss Doris King, daughter of Mrs. Bob King and the late Bob King. Doris was elected to represent her school as a candidate for the Band Halloween Carnival that is to be presented at the high school the night the ghosts and gobblins will make their

annual tour. The fifth grade is very proud to say that Doris is on their enrollment list.

To buy, sell, sent, or trade se the Journal want ads.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest-the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that.

It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people. We know that we can hold your

preference and your loyalty only by continuing to offer more of the things you want, by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

To Build the Kind of Products You Want and Need. Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960

Made the 1960 Chevrolet more

economical, roomier, more quiet and before. We are determined that comfortable, easier to handle and your new Chevrolet shall reach you maneuver. Introduced the compact with everything looking and fitting and revolutionary Corvair, the result and working the way it should of nine years' development. Produced look and fit and work. And we're a new line of Chevrolet trucks with determined that, if you give it any unprecedented advances in efficiency, reasonable kind of care at all, your cargo handling, driver comfort and Chevrolet shall stay that way for a ability to get a job done. Each of long, long time. these products is the best of its kind we have ever made. Each, we To Provide Better Care Through believe, reflects your wishes, your Your Chevrolet Dealer. Along with desires and your needs to an

your Chevrolet dealer, we want you to have available the finest and most complete service facilities. To Build Them the Way You Want That is why we: Conduct training schools for Chevrolet dealer mechanics. Them Built. But it isn't enough to design and build the kinds of Study and recommend improved products you want. service equipment and techniques. They must be built right. Solidly. Maintain the industry's most com-

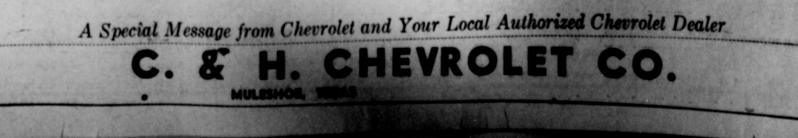

exceptional degree.

Carefully. Built to serve you long and faithfully. Let us assure you of this: Cherrolet's fine reputation as a solid, well-built, dependable product is

plete parts warehouse system to pro-vide your Chevrolet dealer with the parts you need in the quickest possible time. And that is why we have, together with your Chevbeing safeguarded by more of our rolet dealer, initiated a compre-hensive new program designed to engineering and manufacturing people, and by more checks and

inspections and tests, than ever make available even finer service at any time you want it.

> A New Department - Your Department. Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. Our interest in you and your satisfaction continues as long as you own one of our products. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet bile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this depart-ment, and through all the other extraordinary steps we are taking. Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family... and to welcome a growamily . . . and to welcome a grow-ng number of new members.
