Special Awards and Scholarship Awarded 17 At Graduation Here

Special awards and scholarships were presented 17 Muleshoe high school seniors as part of the Commencement exercises held Tuesday night in the high school auditorium. High school principal Bill Parker presented the following awards:

Funeral Monday For Longtime Resident of Area

Funeral services were conducted Monday afternoon from the Amherst Church of Christ for Mrs. Mintie McGuyer, longtime resident of Muleshoe and Circleback.

Jerry Inman To Receive B. A. Degree At HSU

ABILENE — Jerry Dale Inman, son of Mr. and Mrs. S. W. Inman of Route 2, Muleshoe, is a candidate for the bachelor of Business Administration degree at Hardin-Simmons University. Baccalaureate will be held Sunday, May 31, and commencement will be held Monday, June 1, both at the First Baptist Church of Abilene. Approximately 167 H.S.U. students are degree candidates this spring.

Dr. Arthur E. Travis, H-SU graduate and pastor of Gambrell Street Baptist Church in North Worth, will be the speaker for the baccalaureate services at 10:55 a.m. Sunday.

Women's Golf Tourney June 9

Members of the Muleshoe Ladies Golf Ass'n. are completing their plans for their second annual invitational tournament, to be held at the Country Club here June 9 through June 13.

Mrs. Inez Bobo, tourney chairman, said qualifying and medalist play will be June 9. Women golfers of all surrounding towns have been notified and invited to enter. But the tournament committee is anxious to have as many Muleshoe women golfers to take part as possible, too.

LaVon Copley Wins Third Music Scholarship

LaVon Copley, daughter of Mr. and Mrs. A. W. Copley, a student at North Texas State College, has won her third consecutive music scholarship at the school.

LaVon is a junior at the college where she is majoring in organ at the conservatory. She is a member of the all-women college choir and also of Phi Tau chapter of Mu Phi Epsilon, national music sorority.

Her twin brother, Don, is an engineering student at A&M College. Both expect to spend the summer in Muleshoe.

LET US HONOR ALL THE BRAVE MEN WHO GAVE THEIR LIVES FOR OUR COUNTRY'S FREEDOM

First Sergeant Commends and Recommends Airman Roger Pool

Airman 2/c Roger Pool, son of Mr. and Mrs. Lee Pool of Muleshoe has been recommended for promotion to Airman First Class at Geiger Field, Spokane, Washington, prom'n a letter to the squadron promotion board. Airman Pool is praised highly by his first sergeant, for his qualifications as an airman and for his relations between the Air Force and Spokane civilians.

City Pool To Open Sunday

The summer swimming season will officially open at 1 p.m. on Sunday, May 31 when the Muleshoe municipal pool opens its gates.

Swimming for the public will be available from 1-9 p.m. each day. Mornings and certain evenings will be devoted to swimming lessons and private group swimming.

Admission to the pool is 25 cents for children and 35 cents for adults. Season tickets are \$5 for children and \$7.50 for adults.

Wayne Mantooth will be in charge of the pool operation.

Sgt. Alex Wood, in the letter says: "Airman Pool performs all of his duties of an administrative clerk in an outstanding manner. He displays great interest and pride in his work. He has proven to be an exceptional airman who requires little or no supervision.

"Airman Pool has engaged in off duty educational courses with Washington State College. He engages in off duty activities which have reflected favorably on the Air Force. He is a member of the board of the Geiger Field Retreat Club and was an escort to a Lilac Princess at the annual Lilac Festival Coronation in Spokane. He was assistant production manager for the Spokane Civic Theatre's production of "Diary of Anne Frank."

"During the summer of 1957 he worked with a Christian Youth group in Sandpoint, Idaho. He supervised and directed an outdoor activity program. In 1958 and presently Airman Pool is managing a Little League baseball team in Spokane.

"As a member of this unit and of the Air Force, Airman Pool displays the qualities which the Air Force desires and expects of their members."

Airman Jailed For Bigamy

A Clovis airman was jailed here last week on charges of bigamy.

The airman was among thirteen individuals who were jailed during the week just past.

Three were in for investigation, six drunks, two DWI, and one worthless check charge.

Hearing June 11 On Lamb Road Widening Vote

June 11 was set by the Lamb County Commissioners Court Monday as the date for a hearing on petitions asking that three bond elections be called to provide almost \$350,000 to finance the county's share of right-of-way needed to widen U. S. Highway 84 across the county.

The hearing will be held at 10 a.m. in the courthouse in Littlefield. If the election is ordered, it probably would come about 30 days after the hearing. County Judge Pat Boone, Jr., said.

Petitions Returned

Boone said petitions for the elections in three Lamb County road districts were returned to him last week. The districts include Littlefield, for which a \$239,000 bond election is proposed; Amherst, \$39,500; and Sudan, \$71,500.

However, Boone said the amount for the Sudan district might be altered since O. L. Crain, Lubbock, district highway engineer, has said that a proposed bypass around Sudan would not be needed for several years.

The state originally had asked for a 1.8 mile bypass around Sudan. Under present plans, if bonds are approved, the four-lane divided highway would follow the present route of U. S. 84 except for a bypass at Bainer and at Littlefield.

County commissioners also signed a contract with the state Monday calling for the county and state each to pay 50 percent of the right-of-way costs. The county could ask for cancellation of the contract, Boone explained, if the bonds are not approved. The county had only until June 19 to sign the contract and the separate elections in the three road districts could not be held by that time.

GRADUATES AT DRAUGHTON'S

Miss Lou Ann Pruitt, daughter of Mr. and Mrs. Bill Hamblin, Box 204, Muleshoe, was a member of the 1959 graduating class of Draughton's School of Business, Oklahoma City, Okla. She received her diploma for having completed a nine month secretarial course specializing in business training.

The graduation exercises were held Thursday, May 14, in the Assembly Hall of the First Baptist Church, Oklahoma City.

Morton Changes To Council Rule

MORTON—Morton residents voted 132 to 94 Tuesday to change forms of city government.

The new form of government calls for a city council composed of five aldermen and a mayor, with the terms staggered so that there always will be experienced men on the council. Currently, Morton has a mayor and two commissioners whose terms all expire at the same time.

An election is to be called, probably for July 7, to name three new councilmen. Mayor Roy Tarver, and the present commissioners will continue to serve until next April.

The heavy turnout of voters was credited for giving victory to proponents of the change in form of city government. Tarver was one of the proponents. Proponents had argued that five councilmen could better serve the needs of a growing town.

Voting was in the City Hall. Roy Hill and Fred Payne were election judges.

Chamber Names Carroll Pouncey As New Manager

Carroll Pouncey has been named manager of the Muleshoe Chamber of Commerce, J. V. Peeler, Chamber president announced today.

Pouncey has been a resident of Muleshoe for four years, editing the Muleshoe Journal prior to joining the Chamber organization.

He will begin his duties on June 8. Mr. and Mrs. Pouncey and their three daughters live at 206 West Sixth street. They are members of First Methodist Church, Carroll is secretary of the Muleshoe Lions club and of the Babe Ruth League.

Marking 20 years in the graphic arts field, he is a member of the Texas Press Association, Sigma Delta Chi national journalism fraternity and the National Press photographers Association.

Former manager Senn D. Slemmons resigned to enter private business, and is presently manager of Tri Co Bowling Lanes.

Greer Garson Brief Visitor In Muleshoe

Greer Garson, Hollywood star, visited briefly in the Muleshoe Journal and Chamber of Commerce offices here Tuesday morning.

The lovely redhead was en route from Houston to her ranch near Pecos, N. M., and thence to Los Angeles, in company with her husband and friends.

While here she wrote and mailed a number of the Muleshoe postal cards to friends.

Lamb Addresses Rotary Club

Plans for their installation ladies night banquet were made by the Rotary Club at the noon luncheon Tuesday. The new officers and directors will take office on this occasion, set for Tuesday night, June 30, in Fellowship Hall.

Gil Lamb, of radio station KMUL was the principal speaker for the day and reviewed his successful efforts to overcome the drinking habit and to rehabilitate his life. He paid tribute to the understanding and help of the people of this community during his years of residence in Muleshoe.

Doc Botkins was in charge of the program. Guests included Harry Pearlman, Lubbock; and Rotarians Clarence Worley, Portales, and Buck White, Lubbock.

CARL RAY WEST IS GRADUATING AT O. U.

Carl Ray West, son of Mr. and Mrs. Theron West, an honor student at the University of Oklahoma, will graduate May 31 as a petroleum engineer.

Ray is a member of the national-wide engineering fraternity, Tau Beta Phi. He has been employed by Pure Oil Company and will be stationed near Tyler, Texas. His parents plan to attend the graduation exercises Sunday night.

Muleshoe Lions Schedule Busy June: Broom Sale, Ladies Night, Carnival

The Muleshoe Lions club has scheduled a busy month of activities during June, according to president Wilbur LeVeque.

Lon Boss LeVeque announced this week that the annual broom sale for the blind will be conducted by club members on the afternoon of June 3. Proceeds earned by the Lions will be used in their civic programs, and the Texas Blind will benefit from the sale of the household items.

On June 19, the club will hold its annual Ladies Night and installation of new officers.

New officers are: Owens Jones, president; Truman Lindsey, first vice-president; J. E. McKiever, second vice-president; Jack Morris, third

Area Crops Are Hit Hard By Hail Thursday Afternoon; Wheat Hurt

Crackling, popping hail stones, some as large as marbles crashed down on the West Plains Thursday afternoon causing considerable damage to young cotton and headed wheat in western Bailey county and parts of Parmer and Castro counties. Although the damage increased northwestward from Muleshoe, there was some damage sustained by Bailey county crops near the Parmer county line.

Most of the damage from the hail and winds was began near Clay's Corners, and increased its zenith around Dimmitt, where shingles, windows and roofs were damaged by the hailstones.

Just south of Clay's Corners

Crane Nips Muleshoe 11 to 7

LAMESA — The Golden Cranes of Crane made their first baseball victory of the season the big one as they downed Muleshoe, 11-7 here Saturday for the Class AA regional championship.

Neither team had competition in district or bi-district. Crane, in District 4-AA, had lost three previous practice games, while Muleshoe won four and lost four.

Crane sewed up the game early, scoring six big runs in the first inning and added three more in the third after Muleshoe had closed the gap to 6-5 in the second, four runs coming in the second frame.

The Golden Cranes got fine relief hurling from Jimmy Leo, who allowed only three hits over the last five and one-third innings. Leo had a triple and a single, driving in one run. Tex Brenits had two singles for the winners, also getting a RBI.

Derrell Oliver got one of Muleshoe's four hits, a double. Leo was the winner, Dickson Ray the loser.

Walks played a big porion in the game, as Muleshoe hurlers allowed 13 and Crane pitchers 10. Both teams made three errors.

The game was the finale of the season for Crane since AA teams can just go as far as regional play.

Sorority Alumnae Names Sought By Amarillo Group

All alumnae of all college Greek letter sororities are asked to contact Mrs. Richard Shaffer, 1505 Austin, Amarillo, by June 15.

Mrs. Shaffer is compiling a list of area alumnae for the Amarillo City Panhellenic.

Mrs. Shaffer is also interested in inviting graduates of high schools in the Panhandle area who are planning to attend college, to the Panhellenic Convention Tea to be held June 7 at 7:30 p.m. in the Children's Home auditorium at 34th and Bowie streets.

JOURNAL TO CLOSE FOR MEMORIAL DAY

The Journal office and shop will be closed Sunday, May 30, in observance of Memorial Day. However rush work will be produced and delivered Friday if at all possible.

the farms of Harold Wilson and Henry Ivy bore the brunt of the storm, with six to eight inches of hail from the Clays Corner-Oklahoma Lane highway right after the storm.

Henry Ivy reported the hail continued without cease for a solid hour. He noted that shorter hailstorms have caused more damage than the monster which centered over his community Thursday afternoon.

Insurance adjusters early this week caled the storm's effects "less than were first expected". Damage ranged from 30 percent loss upwards.

Most cotton was small enough to have escaped killing damage, although many fields were littered with leaves in the wake of the storm. The

majority of the cotton was just coming up, and is expected to recover in most fields.

As the intensity of the storm increased northwestward, the wheat began to show more signs of the beating it had taken from the hailstones. Several fields were in pretty bad shape, where heads were full and heavy.

The hail in the Muleshoe area came in two separate storms Thursday afternoon, moving from southwest in the first attack, and back from the northeast in the second seige.

Major damage in towns was to elm trees which lost many leaves and to early blooming flowers.

Total moisture received here measured — Thursday afternoon.

Memorial Day Closing Set By All Merchants

With but few exceptions, Muleshoe merchants will observe the Memorial Day Holiday by closing Saturday.

Both banks, the postoffice, courthouse and city hall will be closed for the holiday, as will all businesses except those whose services are necessary, such as some restaurants and service stations.

The Muleshoe Chamber of Commerce reminds merchants that the flag should be displayed Saturday.

Broom Sale For Blind June 3 By Lions Club

Muleshoe Lions will be making house to house calls on the afternoon of June 3 to sell brooms, mops and brushes for benefit of the Texas Blind.

Lions will make each home in town with trucks full of brooms and similar items, and ask for householders not to buy such items until they call on them.

Part of the proceeds from the sale of the brooms remains with the local Lions club for civic projects, and the remainder is used to support blind workers in Texas.

All merchandise is of good quality, made by the blind who are self supporting, and prices are comparable.

Cubs Return To Muleshoe After Camping Out

An estimated 60 Muleshoe Cub Scouts and their fathers returned Sunday evening from an overnight camp at Alamogordo Like, having left here Saturday afternoon.

The boys and their dads enjoyed camping, hiking, motor boating, surf boarding and swimming. Seven motorboats were available for the boys use and enjoyment.

Cub officials said the group consumed eight dozen eggs, eight pounds of bacon, 10 cases of soft drinks, 15 pounds of weiners and eight cans of chili, in addition to countless sandwiches, during the trip.

Special appreciation was expressed by leaders to Owens Jones, Charles Lenau and Jerrell Orwell for their work on the trip.

The Cubs and their fathers will swim each Monday evening at the Municipal Pool beginning June 1 from 7:30 to 8:30.

Highway Patrol Investigates Two Accidents

Highway patrolman James Freeman investigated two auto accidents Friday, occurring within a short time of each other.

The first accident happened at 2:30 p.m. one mile north of Muleshoe, on highway 214. Freeman said a 1957 Chevrolet driven by a Muleshoe minor youth was involved in a collision with a 1959 Chevrolet pickup driven by Robert Kimbrough, also of Muleshoe.

The officer said the youth made a left turn as Kimbrough attempted to pass him. Damage to the pickup was estimated at \$150 and about \$75 to the other vehicle.

No charges were filed. The second accident occurred at 3:55 p.m. Friday 2.2 miles east of Muleshoe on highway 70.

Freeman said Mrs. Clay Beavers of Earth lost control of her 1955 Buick, and rolled it three times into the barrow ditch.

Mrs. Beavers was not seriously injured and was not hospitalized. Considerable damage was sustained by the car.

Clifford Gray Injured In Scooter Wreck

Clifford Gray, son of Mr. and Mrs. Jessie Gray of Muleshoe, is in West Plains Hospital with injuries sustained when he was knocked from a motor scooter Sunday afternoon.

City policeman Bill Whalin who investigated the accident said Gray was a passenger on a scooter operated by Jack Carney. The boys were riding near the intersection of West 12th and Ave. B when a car driven by Jackie Stalling of Hereford collided with the scooter.

Whalin reported the car hit the back of the scooter, knocking Gray off and along the pavement. He suffered a cut leg and cuts and bruises about the face and head.

No charges were filed by city police, although Whalin issued a stern warning that traffic violations must be enforced strongly to prevent a recurrence of the near tragedy.

ATTENDING FALL MARKET IN DALLAS

Roger Albertson is among more than 5,000 buyers and retailers who are attending the American Fashion Association's Fall and Back-to-School Market in Dallas. More than 750 lines of women's and children's apparel are being exhibited by the association members in the Adolphus and Baker hotels, from Sunday, May 24 through Friday noon, May 29.

BABSON DISCUSSES... Land Companies and Babies

Babson Park, Hass., May 28 — The best hedge against inflation should be good "land stocks", that is stocks of companies with large land holdings. The Federal Government can print all the Government Bonds and all the money it wishes. Any corporation can print more stock certificates when it so desires. But (and I say this reverently) only God can make more land. (This may be increased a total of perhaps 1/1000% by realtors who do so by pumping up sand from the adjoining water but this is not real land.)

But, why do I advise buying stock of a land company instead of buying acreage in fee? The answer is very simple. If you yourself buy the acreage, you must pay the taxes and watch the property personally. If, however, you buy the stock of a good company, the taxes are paid by the company and you have no details to watch. Furthermore, such listed land stock is easy to sell; while considerable red tape and looking up of titles are necessary if the property is in your name. Hence, I prefer land stocks to acreage.

Relation To Population
 Readers hear much about the business boom which is supposed to come in the 1960's

due to the increased marriageable population. Although the birth rate is falling slightly, (it is now 24.5 per thousand), and the marriage rate dropped last year to 8.3 per thousand, and deaths in 1958 were only 1,674,000, yet those who are approaching marriageable age are constantly increasing due to the baby boom of 20 years ago. The investor is most interested in those who are reaching marriage age. The experts expect 5 million babies in 1960 and 6 million in 1965. The great majority of stocks are not directly affected by marriages; but the demand for houses and furnishings definitely increases as the marriage rate rises.

Freedom From Labor Troubles
 Of all the stocks listed on the New York exchanges, the "land company" stocks are freest from labor troubles. Such companies employ very few people. In fact, I have heard of one land company, listed on the American Stock Exchange, which is said to have only three employees. Even those railroads like the Canadian Pacific, the Union Pacific, and the Northern Pacific, which have great land holdings, are practically free from strikes. Even during a strike on one of the railroads its land holdings are increasing in value.

Although much western land is now good only for grazing, yet the income from such land should expand with the national increase in babies. This grazing should pay taxes and other expenses. But the great gamble about any acreage is that at any time minerals such as uranium may be found, or fuels such as oils or gases, or other underground products. This especially applies to timber land, which is constantly becoming more valuable. Land companies which have not yet discovered their underground resources are not investments for income. But at any time discoveries may be made which could double the market prices of the stocks. The day a house is completed, it usually begins to deteriorate and the house becomes worth less, but the land should become worth more each year. Therefore, put more money into land and less into the house when buying a home.

Possibilities From Irrigation
 Most cheap land today is awaiting irrigation. The fact that these sandy and barren lands have had so little rain during the centuries means that the vitamins and minerals are yet in the soils. They

Sandhills Philosopher Neglects His Farm While He Talks About, Of All Things, Children's T. V. Shows

Editor's note: The Sand Hills Philosopher on his Johnson grass farm discusses children's television programs this week. He probably should stick to farming.

Dear editor:
 According to an article I read in a newspaper last night which I brought home from town earlier in the day because it was wrapped around a pair of shoes I had is up in arms over the type of television programs the children of this country are watching.

"It's high time we stopped talking about the 13-year-old mentality of the average American", a leader complained, saying television is making a mistake in assuming its programs have to be planned on that level. She added that the way to improve the programs is to have parents select their kids' shows. Make em stop looking at the bad ones.

Now I'm no expert on television programs, but it's not clear to me how a parent is going to decide a program is all right until it's too late. I mean, unless you know in ad-

have not been drained into the oceans by the rains and brooks and rivers. Hence, when such irrigated lands are irrigated they produce the most wonderful products. This is why the marvelous lettuce and other vegetables come from the former Mojave Desert of South Central California. This was considered only barren sand before it was irrigated. Many plans for further local irrigation are being made to adopt power from uranium, oil, or gas to be found on the property. I especially am most interested in water wells powered by gravity or perhaps by sun rays.

For Utah, Colorado, New Mexico and Arizona a most spectacular project is the "Powers Plan" of bringing water from the Great Bear and Great Slave lakes of Northern Canada, southward to irrigate the above states. These millions of gallons per second are now flowing north and are wasted in the Arctic Ocean. Mr. John W. Powers, 401 Yorkshire Drive, Homewood, Alabama, has a plan to turn this water southward into the United States. If properly accomplished at a reasonable cost, it could make these states "blossom like a rose". But whatever may be accomplished by more irrigation and whatever happens to the stock market, so long as the marriage rate continues upward, productive land should constantly increase in value.

vance a program is bad for children, then half way thru the thing, right when the bullets are flying, is no time to shut it off. Maybe some parents can walk into a room in the middle of a blood-thirsty TV show watched spell-bound by a bunch of kids and shut it off and get by with it, but I don't know very many.

Understand, I don't have the answer. It's true most television programs I've watched are about as interesting as watching the clothes swirl around behind the glass door in an automatic washing machine, but I may have tuned in at the wrong time. When you're using a neighbor's TV set, you can't sit glued to it all the time.

Still, I believe if I was in the television business, I'd hate to have the P-TA after me. On the whole, though, I have a notion that children will triumph over television, instead of the other way around. Some television programs may be bad for them, but so are some grown-ups.

Yours faithfully,
 J. A.

Across The Years

The following was taken from the 1940 files of The Muleshoe Journal.

Martin Oliver placed first in district league meet at Texas Tech. He ran the 440-yard dash in 53.2 seconds. Claude Rishley placed fourth in 44.0.

The population of Muleshoe was 1,326; this was almost double the population in 1930 when Muleshoe had 778 population.

There were 324 enrolled in Muleshoe High School and 260 in the grammar schools for the 1940-41 school term.

Lloyd Quesenberry sold the first bale of cotton in 1940 to the Burrow Gin Co. It weighed 453 pounds, and he received 10c a pound for the bale.

1940 — the year you could buy Sliced Bacon for 19c a pound and three loaves of bread for 25c. There were 144 Telephone connections in Muleshoe that year and the cotton yield was set at 25,000 bales for Bailey county. Trades day was held on Saturday and prizes were given out on Main Street by local businesses. The newspapers all had headlines of the war in Europe, and the Presidential Election, and the first draft law was passed.

Next Week — 1924.

Washington News Letter
 From Lyndon B. Johnson
 U. S. Senator

Dear Friend:
 The Senate this week gave overwhelming approval to legislation offering powerful proof to the world of our national objective—the peaceful welfare of all people. This proposal would mobil-

ize the skills, talents, and resources of the health scientists of the world. It recognizes that the ravages of disease, the despair of disability and the tragedy of premature death are burdens borne by all the people of the world.

Neither disease nor disability recognizes international boundaries. In the same manner, medical history shows significant discoveries and achievements have come from every part of the globe.

The need is great and the potential for good is equally large.

For instance, in some parts of Africa, infant mortality exceeds one death for every four births.

It is estimated that seven to eight per cent of the world's population—about 215 million people—suffer some physical handicap.

Trachoma, an infectious eye ailment, affects one out of seven of the world's popula-

tion—and of this number an estimated 10 million will become blind.

In the United States alone, hospitals house more than half a million mental patients and the cost of their care is more than \$800 million a year.

This project would underline as our goal the common good of mankind everywhere—minus political, military, economic objectives.

Through shared scientific efforts we would emphasize to the world our faith in the future — and our determination to insure it by peaceful means.

77 ways to go to town

Time was rural Texans traveled many miles to the "big city" to buy the things they needed. But by creating new markets in rural areas and by making the rural community a finer place in which to live, RURAL ELECTRIFICATION has transformed tiny villages to thriving cities. Urban conveniences—formerly miles away are now close at hand for rural Texans. The 77 independently owned and business managed tax paying Electric Cooperatives serving the State have opened up these broad avenues of progress. Owned by the people they serve, these electric cooperatives are even now blazing new trails and marking new paths to provide a brighter future for a new generation with RURAL ELECTRIFICATION.

Rebekahs Will Elect Officers

Muleshoe Rebekah Lodge No. 114 held their regular meeting Tuesday night, and due to the commencement exercises that night, only six members attended. Those present heard a report from Mary Thomas and Doris English, who had attended a meeting in Friona last Saturday night.

At that meeting, Muleshoe Odd Fellows assisted in institution of an Odd Fellows Lodge at Friona. A Rebekah Lodge is to be instituted June 1, and the Muleshoe ladies have been invited to be present.

The two who attended the Friona meeting enjoyed a report from the international president of L.A.P.M., Thelma Gage of Needmore, who recently has returned from a trip to Europe. At the meeting of the Muleshoe Rebekah Lodge, the coming Tuesday night, June 2, officers for the next six months will be elected.

Dear Editor:

Please change my address from Cullen, La., to Shreveport, La.

I have enjoyed the paper very much and really miss it since I've moved to Shreveport. After having lived in Muleshoe for four years, I feel I left some very good friends there.

I'm in Shreveport to go to nursing school to be a practical nurse.

Thanks,

\$4 Return on Maize For Every \$1 Spent on Ammonia

Greg Hoelting, prominent Castro County farmer, says: "By side dressing my last year's maize with 100 pounds of Phillips 66 Ammonia I averaged 5150 pounds of grain on 415 acres. It was a uniformly mature crop, easier to cut. One day I started the combine at nine o'clock; when I stopped at seven that evening, there were 3700 bushels harvested. "I figure my increase in grain nets me about \$4 for every \$1 I spend on ammonia."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Shower Honors Barbara Gray

The dining hall at Leigon's Cafe was the scene of a bridal shower May 16 for Miss Barbara Gray, of Olton, bride-elect of Doyle Eubanks, of Muleshoe.

The bride's table was lovely with lace over blue taffeta. The centerpiece was a church with the bride and groom at the door and blue and white geraniums decorating the exterior.

Some thirty-five people signed the guest book, and many others sent gifts. Hostesses for the occasion were:

Mmes. Dee Clements, Red Glasscock, Howard Splawn, Francis Glibreath, Joe Shipman, Mildred Burreson, Roy Atchison, Claude Sanders, Jim Shafer, and Glen Splawn.

Shower Fetes Miss Judy Hanks In Bob Donaldson Home Saturday

Judy Hanks, bride-elect of Leon Atchison, was honoree at a bridal shower given Saturday afternoon, May 23, in the home of Mrs. Bob Donaldson. Other hostesses assisting Mrs. Donaldson were Mmes. Johnnie Moore, Dave Aylesworth, W. F. Lancaster, Finis Kimbrough, J. C. Shanks, Bob Kimbrough, Arthur Shafer, N. C. Moore, Bill Stigaulde, J. T. Eubanks, Jess Fox, Jarrell Pruitt, Robert Kimbrough, and J. R. King.

The bride's table was laid with white lace over blue satin, and miniature bride and groom figurines before a small lighted white church, centered the table. The church, outlined with gold, was enhanced by an arrangement of blue daisies. The blue and white cakes, blue punch, mints and nuts were served from the crystal and silver appointments by the hostesses, assisted by Mrs. Charles Compton of Lubbock and Mrs. Gail Hoover, both sisters of the bridegroom.

Guests were received by the honoree, her mother, Mrs. J. H. Hanks, and mother of the bridegroom, Mrs. R. T. Atchison. They received lovely corsages of white carnations with blue leaves.

Mrs. Kenneth Hanks, sister-in-law of the honoree, registered the guests in the bride's book, a gift from the hostesses. Other gifts, including an electric skillet, also a gift from the hostesses, were displayed.

Take it from the experts CHEVY GIVES YOU 7 BIG BESTS!

Take it, not from us, but from the published opinions of outside, independent experts and from on-the-record facts and figures: Chevrolet gives you these 7 big bests over any other car in its field!

BEST BRAKES In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life.

BEST ENGINE Every motor magazine has given Chevy's standard and Corvette V-8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

BEST STYLE POPULAR SCIENCE magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling..." It's the only car of the leading low-priced three that's unmistakably '59 in every modern line.

BEST ECONOMY No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car.

BEST TRADE-IN Check the figures in any official N.A.A.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$129 higher than comparable models of the "other two."

BEST ROOM Official dimensions reported to A.M.A.' make this clear. For example, Chevy front seat hip room is up to 5.7 inches wider than competitive cars.

BEST RIDE You'll be able to tell this yourself, instantly. But MOTOR TRENDS magazine expresses it this way: "... the smoothest, most quiet, softest riding car in its price class."

PLUS THESE TREMENDOUS TRIFLES Who'd want to do without Chevrolet's extra luxuries? Like Safety Plate Glass in every window, the protection of full wraparound bumpers, crank-operated ventilators, the convenience of single-key locking, a real overhead curved windshield, oil-hushed hydraulic valve lifters in every standard engine for quieter running, a bigger luggage compartment with side wall lining... and the convenience of automatic choke in every model!

Visit your local authorized Chevrolet dealer and see how much more Chevy has to offer! C & H CHEVROLET CO. MULESHOE, TEXAS PHONE 2720
