Plans In The Making For A Big Colorful Christmas Program

The biggest, most colorful and exciting parade ever staged in Muleshoe will be presented at 2 P. M. on Saturday December 5 to mark the official opening of the Christmas holiday season. Edwin Hall, parade committee chairman of the Muleshoe Chamber of Commerce, announced this week.

The parade will feature decorated floats on the theme of "Christmas Around the World"; marching bands, at least one choral group singing Christmas carols; a color guard of honor; the arrival of Santa Claus; and the Santa Fe Railway's miniature motorized replica of one of their crack trains.

Rev. Hall's committee met Wednesday morning in the Chamber of Commerce office to begin planning what the committee terms "the outstanding event of the year" in

County Court Cases Set To Be Tried 16th

Bailey County Judge Glen Williams has scheduled a session of County Court to begin here on Wednesday, Sept. 16, he said Wednesday. The docket is not extremely heavy, but he said there were two DWI cases, and a few liquor possession cases that are on docket to be called at that time.

President Of Farmers Union To Ralls Meet

James G. Patton, president of the National Farmers' Union and president of the International Federation of Agricultural Producers, will speak in Ralls on the evening of Sept. 22.

Local Farmer's Union leaders hope for a good representation from this area for the meeting, which will be held in the Ralls Cafeteria. Tickets may be purchased from Wyle Bullock, or from T. O. Lesly of Lazbuddie Community.

Besides being an agriculture leader Mr. Patton has been very active in governmental affairs, and has served in such activities as: the President's Committee for Children; National Economic Stabilization Board; National Committee for Civil Defense, and many others.

Mr. Bullock told the Journal that those who wish to attend should secure a ticket by Sept. 15, since the Ralls people will want to know how much food to prepare.

Mules and Hornets To Tangle Friday Night

Motorists Warned of Illegal Driving

Texas Highway Patrolman James Freeman, warns that a number of people are driving in violation of the law on the 4 lane divided highway through Muleshoe. The legal way to enter the highway, and cross over is to enter going with the traffic on your side of the road, go to the first intersection, then make a left turn into the other lane. He said it is illegal, and very dangerous to enter a lane, facing oncoming traffic, and go to the first intersection to get over into the right lane. Please bear this in mind.

District Court To Convene On Monday, Sept. 21

A regular term of 54th District Court, Bailey County, with Judge E. A. Bills presiding, will convene here on Monday, September 21.

The grand jury will be empaneled. At present there are no criminal cases to be heard but there are six civil suits on the docket, Hazel Gilbreath court clerk said Wednesday.

Trapping Rainfall In Fields Will Mean Money In Pockets

College Station, Sept. 2—Trapping summer rainfall in your fields may mean more money in your pocket, says Jack Barton, extension soil and water conservation specialist. These "traps", better known as terraces, contour farming of mulches, can help you get more profit through better yields.

Barton says research has shown that a summer rain will penetrate only two to three inches in crops plowed "up and down" the hill, but six to twelve inches in fields

farmed on the contour. Mulches keep soil surfaces open so that water can penetrate the soil much faster, they slow runoff water speed and help the soil absorb the moisture.

Summer erosion is not always as dangerous to fields as winter erosion since most fields in summer have some grass, legume or crop cover. But, Barton points out, a close-by-grazed pasture will hold little runoff water; a row crop only a fair amount; while a good alfalfa field will take an inch or two of rain without any runoff.

Saving the moisture means that in later dry periods, your crops may have a moisture reservoir on which to draw.

To save summer rains, Barton adds, have as much cover on the land as possible; put on manure or crop residues where there are bare spots and cultivate on the contour.

Patrolmen Check Two Accidents Past Week

Patrolman John Bentley reports he and Patrolman James Freeman investigated two accidents during the past week.

Sunday afternoon Wayne Keith McNaught, 14, lost control of his motor scooter about a half mile north of Muleshoe on Highway No. 214. He was bruised and skinned about the face and his scooter was damaged about \$10.

Friday about 4:10 P. M. about two miles this side of Farwell on U. S. 84 a '57 Renault and a '57 Mercury station wagon were in collision. It happened where FM road 145 intersects the highway.

Ysidro Zarazua was stopped in the middle of the road waiting to make a left turn onto 145, and Jim Richard Roach rammed him from the rear in the Mercury. The Renault was damaged about \$200, the patrolman said.

Jack Bruns Brings In First Bale Muleshoe Cotton Wednesday

Muleshoe's first bale of 1959 cotton reported to the Journal was brought in Wednesday, and ginned at the Muleshoe Cooperative Gin, according to the manager, Earl Richards. The cotton was grown by Jack Bruns.

The cotton was grown about two miles north of Muleshoe. He had 1820 lbs. of seed cotton, which produced 496 lbs. of lint. He had 820 lbs. of seed from the bale.

The gin processed the cotton free, and paid Bruns 50c per lb. for his cotton.

Cotton School Here Sept. 14

A school on preparation of cotton papers will be held in the First National Bank of Muleshoe the coming Monday, Sept. 14, beginning at 3:30, it was announced today by M. D. Gunstream president of the bank.

Mr. Gunstream said the school is for ginners, cotton purchasing agents, and sales agents, and everyone who will have anything to do with preparation of papers this year.

He said competent men will be here to conduct the school and to explain how properly to handle the paper on the "A" and "B" plan cotton this fall. Gunstream said that paper work this fall will be many times more complicated than ever before, so that much study will have to be done by all who are connected with handling of cotton paper of the 1959 crop.

Similar schools already have been held. Robert Alford, cashier of the bank, has attended a school held in Lubbock and much time to a study of the details of paper handling. The bank is making arrangements for comfortable seating and writing facilities and will serve refreshments at "break time."

Mr. and Mrs. Raymond Gage Gertrude Broyles and Lillie Alexander of Sudan, and Doris English attended the Rebekah and Oddfellow Pilgrimage to Ennis and Corsicana Sunday.

VISIT HERE

Mr. and Mrs. C. W. Goss, Jr. and family from Las Cruces, N. M. visited over the weekend with friends and relatives. They recently moved from Muleshoe.

2 Cases of Polio 3 of Encephalitis Are Treated Here

The West Plains Hospital and Clinic reports in the past two weeks two cases of polio and three cases of encephalitis treated by them.

The polio cases are: Debbie Waggoner, age two and a half years, daughter of Mr. and Mrs. Marvin Waggoner, has had a light case of polio but is improved.

Another polio case, Rickie, son of Mr. and Mrs. W. M. Carrol, has been treated and dismissed. Both of these children had the first two shots.

The cases of encephalitis all have been dismissed. They were Gerald Burge, 6 year old son of Mr. and Mrs. Jay Burge; John Mayfield, 9 months old son of Henry Mayfield, colored; and R. Castio, 20 a Bracero.

The doctors at the hospital report they have an adequate supply of polio vaccine, for all who wish to get the shots.

Under New Law Voter Must Have Poll Receipt When Voting

The Texas Legislature this year made many changes in the election laws. Chiefly among the changes, is the changes in dates of the party primaries.

Harvey Bass, Bailey County Democratic chairman, this week issued the following statement regarding the Democratic primaries:

"The elections have been moved up eleven weeks, so now is the time to start thinking about the precinct convention outlays.

"On October 1, or after that date, you may pay your poll tax, but remember to save the poll tax receipt, exemption certificate or affidavit of fees, as you must carry one of these to the polls when you vote. The new form will have a black space for the party affiliation, which upon voting, if absentee, stamped "democrat" by the county clerk or primary election judge. It should not be filled in by the tax collector or the voter.

"Precinct conventions will be May 7, 1960. Filing deadlines for 1960 primaries will be Feb. 1, 1960." Bass urges all the people to start talking now about the upcoming election and be sure to plan to have your certificate or receipt with you when you go to vote. This is the presidential year coming up.

First Candidate Is Announcing for Office

So far as the Journal is concerned, first person to announce for office in the 1960 elections is attorney Jesse Owens, of Amarillo, who wants to be the Democratic nominee for Chief Justice of the Court of Civil Appeals, 7th Supreme Judicial District of Texas. He is father of Hockley County Judge Lewis Owens.

It may seem strange to some that people will be announcing in late 1959, unless they remember that the Legislature has set up by two months the time for holding primaries. The primaries will be held beginning in 1960 in early May, instead of in late July.

Likely, local and district office candidates will be announcing before the turn of the year, in sharp contrast to the way things were done in former times.

Local Officers Raid Dice Game

The Bailey County Sheriff's Office had a busy time the past week, booking ten for gambling, and nine persons in connection with a theft ring.

The gambling charges grew out of the raiding of a dice game in the bracer camp by Sheriff's officers and Muleshoe City officers. They were charged in Judge Joe Vaughn's Justice Court and each paid a fine of \$20.50 upon plea of guilty.

A woman and five children were arrested here Friday on complaint of several local merchants that they had stolen billboards and money from their stores. About five stores and more than \$100 was involved. However Wednesday no formal charges had been filed.

One person was filed on for being drunk in his car, a man was taken into custody for illegal possession of a gun.

A local man created quite a disturbance with a gun. According to reports, he threatened his ex-wife and father-in-law with a gun, and later turned it on himself, but was restrained, and is being held for trial.

Boydston Rites Held Sunday

Funeral services for John Thomas Boydston, 75, were conducted at Muleshoe Church of Christ Sunday afternoon at 2 o'clock with W. R. Tittle, minister officiating, assisted by Arthur Watkins. Burial followed in the Ralls Cemetery, with Singleton's of Muleshoe in charge of arrangements.

Mr. Boydston, a farmer who lived on Route 2, died at 2:30 Friday at Methodist Hospital in Lubbock. He was born July 3, 1884 in Mason County. He married Arizona Noonkester on December 22, 1884 in Eastland County, Texas.

He was a member of Odd Fellow Lodge and the Church of Christ.

Survivors include his wife, three sons, W. R. of Abilene, James of Ralls, and L. H. of San Diego, Calif., five daughters Mrs. Bertha Barnes, Ripon, Calif., Mrs. Maurine Price of Lamesa, Mrs. Opal Williams, Fort Stockton, and Mrs. Dorothy Hennessy of Muleshoe.

He is also survived by two sisters Mrs. John Dodd, National City, Calif. and Mrs. Mattie Lowery of Brownwood, a brother Jimmy Boydston of Brownwood, 19 grandchildren, and 24 great grandchildren.

Pall bearers were Raymond, Jimmie and Rodnie Boydston; Bill Eubanks, Danny Price, Jimmie Dulany, T. C. Dulany, and Kenneth Thomas, all grandsons. Honorary pallbearers were: Beans Littlefield, Kermit Davis, Jasper Woodard, Noble Hley, Doyle Middleton, Edd Moore, Sheldon Caldwell, Charlie King, Lou Koler, Harold Freeman, Pete Freeman, Red Simmons, Lewis Stewart, Chester Henry and Melvin Taylor.

Boosters Plan Supper Sept. 18

Muleshoe School Athletic Boosters Club have announced they will stage a barbecue supper the evening of Sept. 18, just prior to the football game here between Portales and the Mules.

Supper will be served to all comers between 5:00 and 7:30 P. M. in the High School Cafeteria. Fans may have their supper and go directly to the field which is near

Co-Workers To Elect Officers

Eleven members attended a meeting of the Co-Workers Sunday School Class in the home of Mrs. Lena Hawkins. Mrs. Sarah Payne, teacher of the class, brought the devotional, followed with a season of prayer for the revival. Mrs. Eddie Lane reported that her committee had sent a lovely sweater set to the girl the class have adopted, in Buckner Girls' Home in Lubbock, as a birthday gift. Those appointed on the nominating committee to select officers for the coming year were: Mmes. Claude Coffman, Cliff Odum, and R. N. Carlton. The hostess, Mrs. Hawkins, served chocolate pie and punch to the following, Mmes. Hope Fiamagan, Eddie Lane, Lillie Williams, Carlton, Fred White, Payne, L. C. Roddam, Coffman, E. W. Adkin, and Chester Wilson.

Bob Cheek New Band Director

Beginning the season with much spirit and enthusiasm are the 65 members of the Muleshoe High School Marching Band. They are under the direction of the new band director, Bobby W. Cheek. Mr. Cheek graduated from Perryton High School in 1948. He was in the army for three years, spending one year in Korea with the 3rd Infantry Band, and also in El Paso for two years with the 65th Army Band. He graduated from West Texas State College in 1957 with a Bachelor of Music Education Degree. While in college he played with the Amarillo Symphony Orchestra, the Collegians Dance Band, and was a member of the Kappa Kappa Psi, music fraternity. Before coming to Muleshoe to head our music department, Mr. Cheek taught one year in Sunray and one year in Gruver.

Try Outs For Majorettes

During the try out competition for the position of Drum Major last week, George Hill, band director from Hereford selected to top two contestants to be voted on by members of the band. Dolores Wagon was selected for the position this year. Majorettes will be La Quinna Stone, head twirler, and Doris Gilbreath, Pat Barrett, Sue Logan, Rosemary Richards, one new high stepper, Gwen Roberts. Director Cheek reported that the band was coming along fine, in his estimation, and looks very promising for the future months.

To Install Officers At October Meeting

Mrs. W. T. Andrews was hostess to members of the Friendship Sunday School Class of the First Baptist Church for their regular meeting and social Thursday, Sept. 3. Mrs. H. B. Mathis served as co-hostess. President of the class, Mrs. C. M. King presided during the business session. Class teacher, Mrs. Ray Griffiths, gave the devotional. Installations of officers will be made at the next meeting on October 1. A delicious refreshment plat was served to eleven members and one visitor, Mrs. Duffy Daniels.

Shofners Visit Daughter

Mr. and Mrs. H. M. Shofner spent last weekend in Las Vegas, N. M. visiting with Rev. and Mrs. Hershel Wimberly and family. They report having an enjoyable visit.

Miss Millen Marries Jerry Mack Hall In Grandmother's Wedding Gown

Mrs. Jerry Mack Hall

Photo By Cline Studio
Miss Linda LaVelle Millen became the bride of Mr. Jerry Mack Hall in a double-ring ceremony Sunday, September 6. Rev. D. C. Read officiated at the altar of the Y. L. Methodist Church which was adorned with baskets of bronze mums and talisman gladioli illuminated by candelabras holding ivory tapers. The bride is the daughter of Mr. and Mrs. W. T. Millen of Muleshoe. Parents of the bride groom are Mr. and Mrs. E. H. Hall of Lazbuddie. Escorted to the altar by her father, the bride was lovely in the wedding gown worn by her grandmother Millen in 1906. The heirloom gown, was of white batiste with inserted lace fashioned with semi-full skirt and long sleeves tipped with baby lace. A long chapel train was added to the gown for Linda's wedding. Her veil of imported French illusion flowed from a pearl tiara. She carried a cascade bouquet of white orchids and stephanotis on a white Bible borrowed from her sister Sharon. In keeping with tradition she had a 1941 penny in her shoe and wore a blue garter. A single strand of pearls was worn by the bride, a gift from her mother. Serving as maid of honor was Miss Rose Lee Millen, sister of the bride. Bridesmaids were: Misses Zona Millen, sister of the bride; Jerre Kemp, aunt of the bride; Barbara Durrett, and Elizabeth (Moraw) Wells of Lubbock. These attendants were identically dressed in champagne princess styled dresses with sweetheart necklines and flared skirts accented by insets of toast colored lace. They wore brown feather clips as head pieces and carried crescent bouquets of bronze spider mums. Karren Kemp, petite cousin of the bride was flower girl. She was dressed similarly to the bridesmaids and carried a basket of fall pedals. Teddy Millen served his sister as ring bearer. Troy Sharock of Lazbuddie served the bridegroom as best man. Ushers for the wedding were Tom Hall and Bob Hall, brothers of the bridegroom, and Dwain Manifee of Lazbuddie and Kenneth Powell of Muleshoe. Mrs. Cecil Buhrman provided nuptial music and accompanied soloist, Lyndal Fletcher who offered "Because I Love You Truly," and "The Wedding Prayer." Sharon Millen sister of the bride, and Mike Robertson, cousin of the bride, lighted the candles. Sharon wore a dress similar to the bridesmaids, complemented by a champagne satin headband and wristlet of champagne carnations. The bride's mother wore a green iridescent cotton suit trimmed with small brown and green plaid, which was complemented with brown accessories. Mrs. Hall chose a

Cash-Ethridge Vows Exchanged In Old Mexico

Miss Ruby Cash, daughter of Mr. and Mrs. Jerome Cash of the Enochs Community, and Ronnie Ethridge, son of Mr. and Mrs. R. E. Ethridge of Route 3, Muleshoe, were united in marriage in Old Mexico on Sept. 7. Members of the immediate families of each of the bridal couple attended the wedding. The bride attended the Bula schools, and the groom was a student at Muleshoe High School. They will make their home in the town of Muleshoe where he is engaged in farming.

Bula F. H. A. Begin New Year

Opol Bogard and Kay Spence were hostesses for the first meeting of the Bula F. H. A. held Monday evening in the Homemaking Cottage. They also had charge of the program which opened with the regular F. H. A. rituals. Opol led the short program on the subject of "What Is F. H. A.," given to familiarize the freshman girls with the opportunities of F. H. A. A business meeting was held following the program. Hostesses served punch, and cheese and crackers to 15 members, chapter sponsor, Mrs. Elwanda Duke, and visitors, Lennell Claunch, Judy Young and Kathy Archer.

Local Ladies To Attend T. H. D. A.

At the Bailey County Council H. D. Meeting held in the court house last week plans were made for the classes in semi-tailoring that will begin September 21. Those present also discussed the Texas Home Demonstrating Association meeting in Galveston beginning the 16th of September through the 18th. Mrs. Harriette Jackson has been selected as a representative H. D. Agent from Dist. II which is composed of 18 counties. Delegates who have been elected to attend this meeting from the local H. D. Clubs are Mrs. Louis Henderson, T. H. D. A. chairman elect of the Three Way Club; Mrs. Jesse Gray of the Progress Club; and Mrs. J. E. Slinger of the Muleshoe Club, with Mrs. S. C. Caldwell as alternate.

WSCS Circles Begin Studies

Esther Circle of the First Methodist Church met Sept. 8 in the home of Mrs. Frank Ellis. Mrs. Grace Prater presided at the business meeting at which time it was decided to change the meeting time from 9:30 to one half hour earlier. Neda Hall gave the devotional. Bernice Douglas gave the first chapter of the study on Africa. Ten members and one guest were present.

Alpha Circle met Tuesday afternoon in the home of Nancy Chambers with 11 members present.

Polly Wampler brought the study on the United Nations in the absence of Robert Robertson, who was ill.

Mrs. Jo Roark will be hostess for the next meeting Tuesday, September 22 at 3 o'clock in the home of Mrs. Howard Elliott, at 406 W. 5th.

Six members of the Mary Circle met in the Youth Chapel Tuesday at 2:30. Mrs. Mervin Wilterding, chairman opened the meeting with prayer and presided over the business session.

Mrs. H. Jay Wyer and Mrs. W. D. Moore gave interesting discussions of the first four chapters of the book, "People, Land and Churches" by Rockwell C. Smith. Mrs. Major Wood told the story of "A Visit With An Indian Rural Pastor."

This circle will meet again September 22 when Mrs. Oscar Allison will give the next two chapters. They would enjoy having YOU meet with them.

Ruth Circle met with Mrs. Harold Allison Tuesday at 7:30 P. M. with 16 present. They also had three new members.

Mrs. Allison, Vice Chairman introduced Mrs. Troy Wilkerson who gave the devotional. Mrs. Dean Bishop began the interesting and informative study of Luke.

Next meeting of the Ruth Circle will be with Mrs. Vernon Bleaker at 319 Ave. J on September 22.

Miss Agee Honored

MISS ROSEMARY AGEE

of the late summer, Miss Rosemary Agee, bride-elect of Ronald H. Briggs was feted with a miscellaneous bridal shower Wednesday, Sept. 2 in the First Baptist Church parlor at Lazbuddie.

The entertaining rooms were beautifully decorated in the bride's chosen colors of orchid and pink. A crystal punch bowl surrounded by a garland of orchids and flanked by crystal candelabra holding orchid and pink tapers was placed on the refreshment table. Orchid punch and pink angel food cake were served.

An arrangement of cut flowers and a miniature orchid umbrella were placed upon the piano, the focal point of the entertainment designed with the young bride elect in mind. Mrs. Walter Steinboch presented the following who had parts in the program: Mrs. F. W. Green led in prayer for the couple and their home soon to be established in the Lazbuddie community. Mrs. Jewell Treider rendered two vocal selections, "Till the End of Time" and "Wedding Bells Are Breaking Up That Old Gang of Mine," accompanied by Mrs. Ralph Cox. Mrs. Steinboch read "Togetherness" and Mrs. Virgil Teague closed the program with another prayer.

Miss Susie Carpenter, friend and classmate of the bride-elect presided at the bride's book and registered approximately fifty guests.

The following hostesses presented Miss Agee with an aqua electric skillet: Mmes. Raymond Houston, Walter Steinboch, Ralph Cox, Bert Gordon, Walter Broadhurst, Frank Hinkson, Calvin Clark, J. D. Carpenter, Virgil Teague and Howard Carpenter.

Joy Dane-Jackie Shan Pledge Vows In Impressive Ceremony At Odessa

Rev. Jerry Thorpe, pastor of Temple Baptist Church of Odessa, officiated at the exchange of wedding vows between Miss Jo Dane and Mr. Jackie Virgil Shan on September 1 at 8 o'clock. The wedding scene was in the home of the bride's aunt, Mrs. Truitt Dane of Odessa.

MRS. JACKIE SHAN

Parents of the couple are Mr. and Mrs. J. O. Dane of Enochs, and Mr. and Mrs. V. J. Shan of Carlsbad, N. M.

The bride was given in marriage by her father. She wore a gown of imported lace with molded bodice, sweetheart neckline, and long tapering sleeves; the full skirt was covered with rows of tiny ruffles extending from the waistline to the floor. Her flowering

finger tip veil was fastened to a headress of tiny white flowers. A bouquet of white carnations placed on a white Bible and tied with pink ribbon streamers was carried by the radiant bride.

Miss Jean Dane, sister of the bride, served as maid of honor. She wore a gown of pink taffeta fashioned with V-neckline, short sleeves, and full skirt with a cumbrebrun complemented by a small pink hat.

The bride's mother attended the wedding in a navy dress with light blue accessories. The groom's mother wore a white sheer dress with pink accessories. Both mothers wore bouquets of white carnations.

At the wedding reception that followed, a lace cloth over pink was placed on the serving table and centered with an arrangement of pink roses and greenery between burning pink tapers. Pink punch and the three tiered wedding cake were served by Mmes. E. J. and Billy Dane, and W. W. Austs. Registering the guests was Mrs. Truitt Dane.

The bridegroom graduated from high school at Carlsbad and his bride is a graduate of Bula Schools and Draughton's Business College at Lubbock. The newlyweds departed for a wedding trip to Louisiana. They will make their home in Brunswick, Maine, where Mr. Shan is stationed with the Navy.

LEVEL LAND FOR SALE

● We have EXCLUSIVE LISTING on a small ranch which we will cut up into farms. This ranch is west of Lubbock and the land is mixed land with good grass and irrigation water. Some tight land, some sandler, but all good and level. No minerals. You may buy a section of this land from \$62.50 up to \$100 per acre and the terms are 30% down, balance in 10 or 15 years if you prefer at 6% interest. The grass is good and this place looks good. This is only a small ranch and will be sold on a first come—first served basis.

- We will NOT be able to sell any on the Texas Veterans Land Board loan set up.
- If you do not have the \$12,000 up to \$19,500 to make the down payment, please do not ask us to show the land, as this is the only way we can sell it. You will be required to put 10% of purchase price in escrow at time of purchase, balance of down payment payable at closing. All showing will be made by DAVE AYLESWORTH only and by appointment only.

THIS WEEK In Muleshoe

by AFTON RICHARDS

We are right at the turning point now, and within a few days, the fall harvest will really be upon us.

A few loads of grain have already come in, and as soon as it gets dry enough for the elevators to handle, the grain harvest will be rolling.

Also cotton has begun to come in and before too long the sound of the hum of the cotton gins will be heard around the clock.

Thursday morning there was a bit of coolness in the air, of which remind us that fall is here.

It's peculiar how several people can see the same thing and each one see it differently.

For instance, last Friday night the sports editor of the Clovis News-Journal covered the football game in Clovis, and the Amarillo Globe-News had a sports writer there. Also the Journal covered it, of course.

None of the three writers agreed on the first downs, the yardage made, or the number of penalties made. In fact

their notes hardly agreed on any point.

The Clovis writer had the first downs Clovis 14, Muleshoe 11. The Amarillo writer had them Clovis 15, Muleshoe 13 while the Journal listed them Clovis 14, Muleshoe 13.

It just goes to show you what the element of human error will do to men who are specialists in their fields. This was a matter of definite statistics and all should have agreed on it.

If three men disagree on such positive matters, look at the room to disagree on things that are opinionative!

The Plainsman of the Lubbock Avalanche-Journal Chas. A. Guy, who has been visiting in Europe, quotes an Englishman who occasionally visits in this country as follows:

"The people of America should make their public parks more useful and enjoyable by providing places for people to sit and rest and relax when the spirit moves them.

"You people have sent a great deal of money to other countries throughout the world-including this one-with the aim of making life more liveable for the people who populate them. The act is generous. It may in some instances have produced desir-

able results. But I would like to suggest that the American people would be better off if they kept at least some of those vast sums at home and applied them to their own interests instead of the interests of other people.

One way to do that is to have more and more beautiful parks and shrubs and flowers, and more chairs and benches to permit people to rest and enjoy themselves."

Have you ever noticed the complete lack of seating facilities in public parks? You must either stand or sit on the grass, in most of them.

Two motorcycle cops paused behind a large billboard to lie in wait for speeding violators. One officer looked up the road, the other looked down it, so as to cover all territory. "Pat" said one without turning his head, "what are you smiling at?" How could he tell that Pat was smiling?

Employer to newly hired stenographer: "Now I hope you thoroughly understand the importance of punctuation?" Stenographer: "Oh yes, indeed, I always get to work on time."

Jehovah Witness To Have Special Speaker Sunday

Raymond H. Smith, circuit supervisor for Jehovah's Witnesses, will give a public address here Sunday afternoon at 3 o'clock. He will speak on the subject of "Walking wisely in a wicked world." This will come as a climax of this week's special activity for the local congregation of Jehovah's Witnesses.

Boyd Lowery, presiding minister here, pointed out that special instruction and assistance is being given by Mr. Smith to aid Jehovah's Witnesses locally to better serve the community in Bible education.

Mr. Smith is a special traveling representative of the Watchtower Society and has performed his ministry in several states. Mr. Smith is also a graduate of the Watchtower Bible School of Gilead in New York.

The public address will be given at the local Kingdom Hall, on the Friona Highway. The public is cordially invited. No collection will be taken.

LEGAL NOTICE

Regulating the keeping of dogs in the City of Muleshoe; Providing for a license and tax; Providing for the Vaccination of dogs; Providing for a Dog Pound; Providing for the redemption of dogs and the disposal thereof if not redeemed; And providing for the violation of this ordinance. Be it ordained by the City Council of the City of Muleshoe, Texas:

SECTION 1. Providing for Dog Tax and Vaccination: That there is hereby levied and assessed upon each dog, male or female, kept or owned within the City of Muleshoe, Texas, an annual tax of \$2.00 on each male dog and \$2.00 on each female dog, which tax is to be due and payable on the first of January of each year and it is hereby made the duty of the owner or keeper of any dog male or female to pay over to the Chief of Police or his duly authorized agent the said tax on or before the first day of January of each year.

SECTION 2. The Chief of Police shall collect or have collected under his supervision all dog taxes, and he may employ a special officer to be known and designated as the Dog Catcher, whose duty it shall be to carry out the terms and provisions of this Ordinance and the Chief of Police shall be authorized to pay unto the Dog Catcher a commission on all dogs impounded the amount of \$1.00 per head. The Chief of Police shall be responsible to the City of Muleshoe for all moneys collected under this ordinance and shall make monthly reports in writing of all money collected under this ordinance to the City Secretary and shall pay over to the City Treasurer all money so collected at least once a month.

SECTION 3. Upon the payment of said tax, the Chief of Police or his duly authorized agent shall furnish the owner or keeper of said dog or dogs with a tag on which is stamped the number of registration with the year for which tax is paid, which tag the owner or keeper shall attach to a collar securely fastened around the neck of such dog, male or female, and no dog shall be allowed to run at large without the proper tag attached to the collar around the neck of said dog.

In no event shall the Chief of Police or his duly authorized agent issue a license tag to any owner or keeper of a dog, male or female, unless and until such owner or keeper shall furnish a vaccination certificate issued by a licensed Veterinarian stating that such dog or dogs have been vaccinated against rabies by him.

SECTION 4. All dogs within the city of Muleshoe, Texas, are hereby required to be vaccinated against rabies by him. Some licensed veterinarian on or before January 1st, 1960 and each year thereafter and it is further provided herein that every Veterinarian who vaccinates any such dog, either male or female, within the City of Muleshoe, Texas, shall collect his fee for same from the owner of the dog, a brief description of the dog, the date of vaccination and the fee collected by him for same; provided however, that the fee charged by such Veterinarian for such vaccination certificate shall not in any case exceed the sum of \$5.00.

Whenever any person has complied with the provisions of the preceding sections and the said dog tag is lost, or otherwise destroyed, it shall be the duty of said owner or keeper of the dog to procure another tag from the Chief of Police by paying the value of another said tag and all costs that may have accrued as hereinafter provided.

SECTION 5. It shall be the duty of the Chief of Police or his authorized agent to capture and impound in a pen to be provided by the Chief of Police of said city for that purpose and called the "Dog Pound" any dog, male or female, found running at large within the City of Muleshoe, Texas, without a tag as provided for under the terms of this ordinance and if such dog, male or female, is not redeemed and reclaimed and taken from said pound within the time required under the provisions of this ordinance, then the Chief of Police shall advertise said dog for sale twenty-four hours by posting one notice of said sale at the

door of the city hall, which notice shall give the time and place of sale and shall, if not redeemed, sell said dog, male or female, at public auction, and if no one shall bid upon the same, the amount of charges due on said dog, the said dog shall be bought by the city at once and killed by the Chief of Police or his duly authorized agent.

SECTION 6. (a) The owner and keeper of any dog or dogs captured or impounded under the provisions of this ordinance shall be permitted and allowed at any time within 48 hours after such dog or dogs shall have been impounded, to redeem, reclaim, and again receive possession of said dog or dogs, upon payment to the Chief of Police, or his duly authorized agent, the sum of \$1.00 per day or fractional part thereof during which time said dog or dogs may have been impounded for every such dog so impounded which sum so paid to him shall be over to the City Secretary for deposit with the Treasurer for the use and benefit of the City as well as all other money received by him under the terms of this ordinance.

(b) Should the owner or keeper of said dog or dogs, male or female, fail to redeem the same as provided for in

paragraph (2) of this section within the forty-eight hours, then said dog or dogs shall be advertised and sold or killed in the manner provided for in this ordinance. It shall be the duty of the Chief of Police and duly authorized Dog Catcher to see that the terms of this ordinance are strictly enforced, provided however, that the terms of this ordinance shall not be applicable to dogs following countryment into the city.

SECTION 7. The Chief of Police and any policeman of this city shall have the right to shoot or kill any rabid dog or any dog in the streets which shall manifest a disposition to bite.

SECTION 8. That any person who shall willfully take from any dog a collar or tag shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not to exceed \$100.00.

SECTION 9. Any person violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding \$100.00.

Passed and approved this, the 5th day of August A. D. 1959.

Soil Conservation Notes
FARMERS URGED TO SAVE ALL
MOISTURE FALLING ON LAND

Terracing
 As a means of controlling erosion and conserving rain fall on sloping land, farmers long ago introduced the use of side ditches. The ditches themselves proved inadequate but the principle of controlling erosion by systematically intercepting surface runoff on

sloping lands has led to the use of farm terracing. The development of terracing as recommended today has required years of use, extensive field observations, and experimentation and many modifications from time to time in construction procedure. When terraces are properly used and constructed and adequately supported by approved cropping and tillage practices they provide one of the most effective erosion control measures applicable to cultivated lands.

cause terraces in themselves do not improve soil fertility and used alone they fail to hold the soil adequately. These facts justify the expectations that terraced fields properly supplemented with other practices will produce better crop yields over several years than unterraced fields.

Mr. E. A. Glenn, who farms NW of Baileyboro, is planning to conduct a terrace system this fall. Mr. Glenn is a firm believer in contour farming in connection with his terrace system. Contour farming, the practice of plowing and planting crops parallel to the terraces, is one of the most desirable tillage practices for terraced land. This produces a series of miniature depressions and ridges between terraces and these aid in moisture conservation and erosion control.

On their farm southwest of Muleshoe, Shafer and West are in the process of completing a terrace system designed to hold more water on their land for plant use. Not only is it necessary to control runoff from rainfall on one's own farm but it might possibly be necessary to consider runoff water from the slope above the farm. Such was the case on the Huff brothers' farm located southwest of Baileyboro. On this farm, the problem of outside water made it necessary to build a water way and water diversion in connection with the terrace system.

Some farmers object to terracing because it will interfere with their regular farming operations. At the same time they usually fail to appreciate the fact that gullies are gradually developing on their farms that will eventually cause more serious interference with their farming operations than terracing possibly could and that the continual use of topsoil will eventually make their entire farming operations futile.

Mr. M. C. Butler, who farms east of Stegall, has several gullies across his field. Mr. Butler, co-operating with the Soil Conservation District is planning a terrace system to be constructed this fall, designed to halt the soil erosion and gully formation.

Farming terraced land is not unduly difficult if the farmer is willing to give up straight rows and try contour farming. Although contour farming introduces minor inconveniences it is usually found that the advantages far outweigh the disadvantages. Farmers have found that that even the turning of equipment necessitated by short rows is not nearly so difficult as was anticipated.

After the operator becomes accustomed to point rows, he can carry on his regular farming operations with very little damage of crops. It has also been found easier to operate machinery on the contour than up and down hill.

Mr. L. C. Rudd has placed a portion of his farm land, located southeast of Circleback in the soil bank this year. Mr. Rudd is taking advantage of this situation and planning to construct a terrace system on his soil bank land this fall.

Mules No Match For Fast Clovis Eleven

The Muleshoe Mules made a desperate bid in the last half to overcome the 19-0 halftime lead gained on them by the Clovis Wildcats in their annual clash Friday night, and closed the gap to 19-13 early in the fourth quarter, but could get no closer, finally losing 26-13.

The combination of a big, tough defensive line, and a brace of field backs was more than Coach Callan's group could compete with.

Muleshoe's three running backs, Derrell Oliver, Lyndal Black and Curtiss Walker, did a fine job of carrying the ball, pretty well dividing up the offensive honors, and sophomore Jim Young did an excellent piece of work for a rookie quarterback. With a few more games of experience, this quartet should be able to carry the load by the time they hit the conference grind.

Oliver carried the ball 20 times for a net yardage of 101. Black carried 10 times for a net 72 yards, Walker carried 7 times, and his net yardage was 20. Young carried twice for 16 gain, but on two other attempts he was smothered, and throwing for 10 and 6 yard losses, giving him no net yardage.

Patton scored 6 points, Black 6 points, and Oliver, Walker initiated the pass on which Patton made his 6 points.

Lockney Beats Hale Center 20-6

Lockney took to the air in their annual game with Hale Center Friday night, and defeated the Owls 20-6 in Owl stadium.

The Lonhorns completed 4 of 14 passes, two of them going all the way for TDs. Lockney's 2-A team dominated the game all the way. They outpassed them 280-130. Lockney led in first downs 23 to 9.

Olton Has Trouble With Petersburg

The Olton Mustangs had a difficult time ending out a win over their neighbors at Petersburg Friday night, finally coming out 7-6.

Petersburg took an early lead in the game, and led in first downs, 20-14. Both teams made their scores in the second quarter. Mahgan scored for Petersburg on a 50 yard run, but a teammate Watkins failed in extra point attempt.

For Olton Buckneau got away on a 71 yard run that was called back. Their TD was made on a pass good for 36 yards from John Hall to Buckneau, and then Buckneau kicked the extra point.

Derrell Oliver, Whom Clovis Sports Writer Aurelio Ramirez Refers to as "One of Texas' Greatest Quarterbacks" Last Year, and This Year "Muleshoe's All-State Candidate" Took the Opening Kickoff on His 18 Yard Line, and Ran It Back 41 Yards to the Clovis 41 Where He Was Downed. In Quick Succession, Black Walker and Oliver Hit the Clovis Line and Picked up Two First Downs, and Were Inside the 20 and Things Were Getting Really Serious for the Home Defenders. Then the Next Series of Downs the Mules Showed Minus Yards on Four Successive Tries, and Lost Possession on the 26.

Clovis picked up one first down and then bogged down, and punted to the Mules' 32. Young picked up 13 yards on a bootleg play, but two piling on penalties stopped this threat cold, and Oliver punted from the Mules' 25.

Clovis' Mershon took the punt on his own 30, handed off to Rossen in a tricky reverse, and raced down the right side. When he evaded the last Mule, he still had three blockers in front of him. Ybarra attempted the extra point, but his kick was wide.

Muleshoe took the kickoff, made very little gain and punted again. Rossen took the ball on the left, moved to his right, handed off to Mershon who ran from his 37 to the Muleshoe 35 to set up another scoring threat. Damron optioned for 10, Mershon made 3 to the 27 and the quarter ended.

Anton Wins In Battle of Bulldogs

In the battle of the Bulldogs in Amherst Friday night, the squad from Anton proved to be the more potent group, and came out victorious 26-14.

Anton's two fleet-footed halfbacks, Oren McGrew and Ronny Biffle, along with the passing of their sophomore quarterback, Jan Crews, gave them more strength than the Amherst group could overcome. Anton plays in 3A and Amherst in 3B conference.

Clovis Took a 15 Yard Penalty, Raakley Bucked to the 20 and a Muleshoe Penalty Put It on the 13, and Rossen Raced Across on the Next Play, and Damron Ran the Extra Point, Making the Score 13 to 0. Good Runs by Lyndal Black and Derrell Oliver, Coupled with Two 15-Yard Penalties Against Clovis, Put the Mules in Scoring Position Again, on the 3 Yard Line, but This Was Broken up by a Fumble Which Clovis Pounced on.

Clovis got in trouble, got off a bad punt which Muleshoe took on the 25. But on first down they fumbled, and Clovis had possession on the 34.

Clovis took over and in a series of good runs, highlighted by a 36-yard scamper by their Negro boy Junior Houston, and Rossen piled over for

Spotting an Opponent to 19 Points in the First Half Would Take the Spirit out of Some Teams, but Not This One. They Came Back all Fired up, and Went to Work, Young Was Stopped for No Gain, Black Tried an Incomplete Pass, Then Walker, the Team's Southpaw Passed to Jimmy Patton on the 36 and He Ran It All the Way Across, for Muleshoe's First Touchdown. Oliver Kicked the Extra Point, Making the Score 19-7.

Early in the third quarter Muleshoe marched to the 13, aided by several penalties against the Wildcats, but this drive was broken up when they lost a fumble.

Later a bad punt, kicked high into the wind, enabled the Mules to take over on the Clovis 47. But this time the Mules could not move, fumbled on a fourth down, and Clovis had possession on their own 27. Later Peanut Hawkins blocked a punt and a teammate recovered on the Clovis 38.

On first down, Oliver took the ball from young, ran for about 5 yards, got in trouble, lateralled off to Black who ran the rest of the distance for Muleshoe's second score.

Clovis' Gee broke through and blocked the punt. He ran into the full impact of the ball as it left Oliver's foot, and was shaken up pretty bad, but was soon back in the game.

Clovis came right back fighting. On second down Mershon got behind the Mule defense, took a pass from Damron and ran it across for the final score of the game.

Springlake Shows Power in Holding Portales To Tie

The Springlake Wolverines surprised most local observers by putting up a terrific battle with the Portales eleven and holding them to a 12-12 tie in their game in Springlake Friday night.

The big wheel in the Springlake attack was quarterback Hal Hudson, getting much assistance from Bill Starkey, and Norman Clayton. Each team scored in the second and third quarters, but neither could convert. One of Portales' TDs was set up by a Springlake fumble, and the other came on a 66 yard drive.

Lazbuddie Longhorns Open With 36-8 Victory Over New Deal Lions

The Lazbuddie Longhorns turned on the steam at home Friday night and smothered the New Deal Lions 36-8.

Playing before a packed stadium of more than 500 fans, Coach Bond's Longhorns gave them a thrill from the opening whistle.

As the game opened, the Longhorns took over, and Quarterback Jennings pitched out to Odie Bradshaw who scampered 25 yards to take a lead that never was threatened. Other scores were made in the first quarter as Jennings piled over on a quarterback sneak making it 12-0.

Again in the third quarter Lazbuddie got rolling as Jennings pitched out to Savage who ran 18 yards for their third TD. Then in the fourth period Bradshaw measured the field in returning a New Deal punt 80 yards to set up a scoring play in which Roy Miller pitched out to Jimmy Seaton, who ran it across.

New Deal's only score came in the final minutes of the game as quarterback Wendell Applebury piled over and then ran his 2 extra points.

Farwell To Be Power in Class 3A Conference

The Farwell Steers proved to all West Plains fans Friday night, that they are going to be a potent foe in 3-A conference football this fall, by trouncing the AA Friona Chiefs 24-8 on their own field.

Sophomore Jerry Lovelace paced the Steers, making three of their four touchdowns.

Farwell scored first, then Friona came back going into the lead. But in a very short time, Farwell scored again, and then pulled away, adding two more before the end of the game.

Journal Bowlers Win City League Tourney

In the team division of the Bowling tournament held here Monday night, the Journal team finished on top of the list, of 20 teams playing. Their total number of pins in three games was 2953. On this team were: Kenneth Hicks, H. E. Flanagan, Ted Harrison, Mack Ragdale, and Marion Waggoner.

Taking second place was the Eight Balls with 2944 pins. On this team were C. Peat, Stanley Wilson, A. K. Kimbrell, Cleve Bland, and James Meason.

Members of the winning team will receive checks for \$15.06 each, and members of the losing team will receive checks of \$7.53 each.

Anton Wins In Battle of Bulldogs

In the battle of the Bulldogs in Amherst Friday night, the squad from Anton proved to be the more potent group, and came out victorious 26-14.

Anton's two fleet-footed halfbacks, Oren McGrew and Ronny Biffle, along with the passing of their sophomore quarterback, Jan Crews, gave them more strength than the Amherst group could overcome. Anton plays in 3A and Amherst in 3B conference.

Pat Bobo Gets Hole-in one Saturday

The life's ambition of every golfer is to get a hole-in-one. Pat Bobo got his Saturday afternoon at the Muleshoe Golf Course.

It happened on the 125 yd. 9th hole. Bobo, with a grin, said, that he just figured that was the time for it, so he took his choice club, aimed carefully, and took a hefty swing, and in the ball went. -- He used a No. 4 iron.

Mr. Y. B. Mayfield of the Lazbuddie community continues to be seriously ill following a stroke. He is in the Friona hospital.

Morton Edges by Sudan Hornets In 7-6 Victory

After 48 minutes rough and tumble football in the Sudan stadium Friday night, the only difference in the Hornets and the Morton Indians was one extra point, giving the Indians the edge 7-6 in their annual clash.

Sudan, playing in 3-A and Morton in 3-AA, the two teams were very evenly matched.

Sudan made their score in the first quarter driving 70 yards with halfback Gary West providing 25 yards for a good gain, and Paul Galvan went the final distance.

A recovered fumble on the 36 set up Morton's tally. Butch Nairn, fullback, plowed over for the Indian's TD, and quarterback Steve Middleton kicked the extra point that made the difference.

Tech to Test New Wide Open Offense Against Texas A. & M.

LUBBOCK, Sept. 8—Texas Tech fans are getting used to new names for football positions as the Red Raiders prepare their new multiple offense for the 1959 season.

No longer are there left and right end, left and right halfbacks.

Tech's new, wide-open attack makes use of "tight ends" and "split ends", "split backs" and "halfbacks, the latter without left or right designations. Furthermore, the quarterback occasionally will be a "tailback."

Split ends will line up 10 to 15 yards out from the adjacent tackle. Tight ends will be placed in a more orthodox manner. The split end is likely to line up wide to either side, with the tight end going to the opposite side of the line.

Tech's split back will be several yards to the side opposite from the split end when the Raiders are in their multiple wing offense. In the slot-T and in the spread single wing, he'll line up between the end and the tackle, and, of course, a yard or two behind the line of scrimmage.

The halfback will take a more or less standard post near the fullback in most of Tech's formations.

In all except the spread single wing formations, the Raiders will still have the threat of basic split-T plays, such as the hand-off and the option.

How do the Raiders like the new offense?

"I attribute a lot of the team's keen enthusiasm to the wide-open attack", comments Coach DeWitt Weaver.

Tech's new offense gets its baptism under fire against Texas A. & M. in Dallas' Cotton Bowl at 8 p.m., Saturday, September 19.

Bobcats Clobber Perryton Team

The Dimmitt Bobcats, traditional foes of Muleshoe, were in regular form Saturday night when they soundly trounced the Perryton Rangers, 22-0.

Junior Coffee, fleet Dimmitt halfback scored once in each of the last three quarters to keep Dimmitt out in front and going. The Perryton defense just could not hold him.

Perryton threatened once in the third quarter, but the drive was broken up with an intercepted pass.

West Texas To Open New Term

CANYON, Sept. 7 (Special)—When West Texas State College opens the fall semester September 14, it will start its 50th annual session, and the Golden Anniversary of the Panhandle's institution of higher learning will be observed throughout the year.

The Babson . . . SYSTEM OF INVESTING

Babson Park, Mass., Sept. 10 — Many have asked what is my definite system of investing. I hesitate to put this down in writing because it is easier to explain than to perform. The Babson System consists of three constantly changing factors, as follows:

(1) Capitalizing The Composite Business Cycle
 The composite Business Cycle is a combination of a number of separate cycles. Most investment advisors forget that each commodity, each nation, and each family has its own special cycle. There are hundreds of these cycles, but we take about fifty and observe when the declines of most of them reach their low points at the same time and are ready to turn upward. In other words, if these different cycles were drawn one over the other every month, then — when most of the cycles were at their low point — that, according to the Cycle Theory, is the time to invest. This Cycle Theory, however, is only one of the three tests, all of which are very important.

(2) Studying The Temporary Trend
 The Trend of the Market is determined by studying the combined earnings of the leading companies, the prices of their stocks, and other barometers such as the best-selling books and the character of what appears in the movies and on radio and on television. Bank statistics are considered, as well as the honest opinion of various advisory services which accept no advertising and are not interested in Mutual Funds. The Cycles mentioned in the above paragraph may last twenty years, with an average life of about four years. But the Trend of the Market may change every thirty days. Another thing — we try never to be "wholly bullish" or "wholly bearish"; but to say that there are a certain number of "chances" out of ten that the market will advance or a certain number of "chances" out of ten that it will decline. We remember that there is always a buyer for every seller and that the reason the market goes up some months is because people are then more impatient to buy than

stocks do not have. Also, when buying preferred stocks the investor should be sure have a maturity factor which that they are noncallable and their dividends cumulative. To study the outlook for common stocks, only three factors have to be considered. But when studying bonds or preferred stocks, a fourth factor is necessary. This complicates the situation.

For those who are expecting me to make specific recommendations, I advise against now purchasing the present popular "electronic" and "space" stocks, but prefer, safe growth stocks. These today are the chemicals for profit, and the public utilities for income.

Selecting The Best Stocks
 (3) The third factor of the Babson System is to select the stock to buy, either for profit or for income. The careful investor should, however, decide which of these two aims is his real goal. All investors should try to purchase safe securities, whether buying for income or for profit, remembering that there must be a buyer for every seller and vice versa. The question of impatience to buy or to sell is equally important in selecting definite stocks. At times investors are more impatient to buy some special popular stock than to buy some other less popular but safer stock. This means that an investor should especially study volume, remembering that in a "bear" market the volume signifies one thing, while in a "bull" market it signifies another thing. Let me say that for a profit the Babson System demands the purchase or sale of active stocks as these will show the greatest increase in a bull market. On the other hand, these same very active stocks will decline the most in a bear market. When the odds are 50-50, then the investor must do some guessing or remain out of the market.

What About Bonds?
 We have not discussed bonds today in this column. Bonds

the door of the carpenter's shop in Nazareth where the words, "My yokes are easy." They were easy because they fitted. The carpenter did his work well. His yokes did not chafe or hurt.

We are thus helped to understand what Jesus meant when He said, "My yoke is easy, and my burden is light." Each one of us has a place and a work in God's plan. When we fit into that place and find that work, we discover His yoke for us is easy because it fits.

Doing what God has planned for us to do may be arduous but it is not irksome. In doing it well, we glorify God. We worship Him in and through our work. Thus our pieces of work become temples because Jesus Christ is there, and we recognize His presence with us. What a privilege we have in being co-laborers with Christ!

PRAYER
 O God, we thank Thee for our work. May we regard it

as an opportunity for serving Thee and our fellow men. Help us to offer Thee our best work, for with this offering we worship Thee. Through Jesus Christ our Lord, who would have us pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY
 What a privilege we have in being co-holders with Christ!

Sandhills Philosopher Claims . . . He Knows Why Chinese Farmers Fail To Meet Production Goals

Editor's note: The Sand Hills Philosopher on his Johnson grass farm writes about Chinese farming this week. At least, we think that's what he's writing about.

Dear editor:

Everybody is supposed to be polite to Mr. Khrushchev on his visit to the United States, even if he is a Russian Communist dictator, but nobody has said we had to be polite to the Chinese Communists, and I was reading an article last night that made me laugh at how dumb the Chinese Communists are.

As I understand it, a few years ago the Communist bosses over there decided they were going to show the Chinese farmers how to farm, so they reorganized the whole business. What they did was throw all the farmers in "communes", this is, herd farmers in groups of around 5,000 into one place, build barracks for them, and run farming like it was a military operation.

What the Chinese bureaucrats failed to realize is that you can't throw people together in close quarters with any success. Any big city

Parker Discusses High School Problems

Bill Parker, the high school principal, was guest speaker at the Rotary Club meeting Tuesday noon and discussed parents' responsibilities in rearing children. Rotarian Jim White was in charge of the program.

Mr. Parker is associated with teenagers and is acquainted with their concerns, among which are parental love, guidance, attention, and companionship.

School curricula are designed to give the student fundamentals, such as Math, English, Science, and Business but also the school curricula planners strive to offer courses intended to prepare the student for life in the world.

High school has 25 teachers, more than 375 students this year, Parker recalled. He considers the high school faculty to be a "very strong" one.

Alex Williams, the club's youth chairman, outlined his program for having an outstanding high school student as a guest of the club each week. Aubrey Cox, of Lubbock was the guest of Rotarian Sam Cook.

help their farming ability. Most of them wound up becoming barbers or bankers or grocery clerks or merchants or bookkeepers or they ran for office. Of course I know some city people own farms, but generally speaking they're not causing the agricultural surpluses.

I've seen lots of farmers move to town, but it didn't

WEED SEED

When it comes to sheer intrigue, I say dandelions are the world's cleverest weeds.

First they hide beneath their yellow blooms, figuring I'll mistake them for flowers.

Then when I have spent most of the summer rooting them out, the last cunning survivors always enlist the help of my own youngsters to plant a bumper crop for next year.

But there are weeds more serious than dandelions—weeds which like the tares in Christ's parable are planted by an Enemy. These are my real concern when I think about my youngsters. I want no evil to choke or twist the character of my sons and daughters. Nor do I want them to spread the spores of evil that will undermine the character of others.

I believe that God meant me to seek truth and moral courage through the teaching, preaching and fellowship His Church provides. Every Sunday I share these blessings with my family.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THERE IS STRENGTH IN PRAYER

Tourists by the thousands from all parts of the world flock to see Butchart's Gardens in Victoria, British Columbia. There they find Japanese Gardens, Italian Gardens, Sunken Gardens with fish pools, and an English Garden of Roses.

The interesting point is this: the lovely spot was once an old stone quarry, ugly, bare, filled with refuse and stagnant water. Mrs. Butchart, with her husband, had a vision of what could be. They made that vision come true, creating a thing of beauty and a joy forever.

For a world of sin and suffering, Christ had a vision—sinners could become saints. He gave His life for the redemption of humanity.

The Book of Revelation tells of a city, with a river flowing through it. Here also is the tree of Life whose leaves are for the healing of the nations.

Let each of us determine to carry the vision, till "the earth shall be full of the knowledge of the Lord, as the waters cover the sea."

PRAYER: Our Father, we thank Thee for the beauty in nature, in our homes, and in the nations. Help us to abhor all that is hateful and unloving. Forgive us our sins. Remake us in the image of Christ, that we may live by "whatsoever things are lovely" in Jesus' name. Amen.

By Penny Grusendorf

Visiting in the Methodist Church this past Sunday were Mr. and Mrs. W. C. William of Odessa, and with them was Sushell Joseph a student from India who is here studying.

ENROLLMENT 362
Enrolled in the Lazbuddie schools so far this year are 362 and more are expected to enroll as school continues. Out of the 362 there are 78 students in high school.

The Lazbuddie High School Snieors received their rings Monday.

JUNIORS ELECT OFFICERS
The Lazbuddie High School Juniors elected their class officers this past week. They are: President, Norman Brantley; Vice President, Patsy Marrow; Secretary, Treasurer, Corretta Watkins; and Reporter, Penny Grusendorf and Roy Max Miller.

The Lazbuddie Baptist Church is having their revival September 6 through 13. Everyone is urged to attend. A. C. Hamilton of the Avenue Baptist Church of Hreford is the Evangelist and Keith Lamb is leading singing. The services are held: 7:30 P. M., Prayer Meeting; 8:00 P. M., Preaching; and 10:00 A. M. preaching.

LAZBUDDIE WINS!
Lazbuddie played New Deal at Lazbuddie Friday night, starting at 8:00 P. M. in which were many spectators that watched Lazbuddie make a good showing of beating New Deal 36-8.

We expect the Longhorns will go for this year, and would like everyone to come out and back them up. Lazbuddie will be playing Cooper at Cooper September 11 for their second game which we expect to be a good one. Be seeing you at the game.

The F. H. A. girls had their first meeting of the year Wednesday, and elected their officers, President, Glenda Robinson; First Vice President, Geraldine Broadhurst; 2nd Vice President, Maudene Barnes; Secretary, Beverly Smith; Treasurer, Corretta Watkins; Parliamentarian, Janice Darling; Historian, Patsy Morrow; Pianist, Donna Redwine; Song Leaders, Glenda Mason and Mary Fay Rigney.

Friena Voters Okay Government Change Tuesday

Voters in Friena Tuesday gave the nod of approval to the aldermanic form of city government and selected three aldermen to fill the seats of the newly formed city council.

The special election was a result of a legal technicality which became apparent when the city made plans to begin an effort to get \$300,000 worth of bonds approved by voters last month.

At that time legal representatives told city officials that apparently it had never been determined just what type of city government Friena was operating under.

Under the new system, the officials are Mayor Raymond Fleming, councilmen Eddie Meil, Glenn Reeve, Dean Awtry, Billy E. Nichols, and Dann Batnum.

NIGHT TYPING CLASS TO START SOON
An organizational meeting is to be held Monday night September 13th at 8 P. M. in the Typing Room at High School for an adult beginners typing class. The class will meet twice a week for 18 weeks. Cost of the course will be \$30.00.

GO FISHING
Alford Steinbock and Adrian Weir were fishing at Conchos Lake two days last week. They brought back 80 crappies.

TV Course In Psychology On Channel 10

Amarillo College will offer a course in business and industrial psychology on Sunrise Classroom, a regularly scheduled television program of station KPDA-TV, Channel 10, from 6:30 to 7:00 a.m. Monday through Friday. The television course will begin September 28, with registration opening September 14.

Originating on the college campus and relayed to home viewers on channel 10, the course will provide a background study of the principles of general psychology, with application of these principles to situations in business and industry.

There are no prerequisites for the course, although the student must qualify for college entrance if credit is desired. Students may register for Sunrise Classroom in person at the college or may receive enrollment materials through the mails upon requests addressed to the Amarillo College registrar.

Miss Beth Misse, who taught a course in business English on the same program during the 1959 spring semester, will teach business and industrial psychology. She has been a member of the college faculty for more than ten years.

Further information about the course in business and industrial psychology is avail-

able upon request from the office of the Dean of the Evening School of Amarillo College, who will administer the course as a public service of the college to the people of Amarillo and the Panhandle area.

Vega, Texas, Man Reports— 42-bushel Average on 165 Acres of Wheat

Kenneth Robinson, successful young West Texas farmer, says: "I have been using Phillips 66 Ammonia for three years on wheat, and for that period my average is 42 bushels per acre. I've watched these yields carefully, checking each year's yield against the amount of ammonia applied. I'm raising my rate of application from 65 pounds to 100 pounds of Phillips 66 Ammonia on my wheat, in order to further increase my yields."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Cotton Harvesting Methods Very Important To Income

College Station, Sept. 7.—Texas cotton growers have produced one of the best crops in many years, and should use the best harvesting methods possible for the most profit, advises Fred Elliott, extension cotton work specialist.

Good harvesting can mean as much as \$25 per bale more for the grower, he pointed out. If growers will use good harvesting methods, many millions of dollars can be added to Texas farm income this year.

To harvest better cotton, Elliott stated that cotton should be picked only after dew or rain has dried off and that green bolls, grass, stalk parts or other trash should be kept out of seed cotton.

Enough seed cotton should be taken to the gin for a 500 pound bale of lint cotton. Farmers will be docked for oversized and oversized bales. Also, he reminds, bales

weighing less than 275 or more than 700 pounds cannot be sold to the Commodity Credit Corporation.

Other harvesting practices recommended include: not picking cotton in tar bottom pick sacks; seed cotton grouping for hand picked and machine picked cotton, or machine picked cotton of different quality; defoliating at the proper time; not tramping seed cotton in trailers or storage; and keeping mechanical harvesters in good condition and using only well trained operators.

When the seed cotton is delivered to the gin yard, the effects of harvesting do not end. It's easy to see that clean, dry cotton can be ginned much better than damp, trashy cotton. Remember that you have a sizeable investment in your crop and in a great many cases proper harvesting practices can mean the difference

Dark Grain Cane Nuisance In Grain Fields

County Agent J. K. Adams spent the Labor Day holidays out on his farm getting the "volunteer" dark seed cane out of his grain sorghum.

Adams said if you are bothered with dark cane seed in your certified or hybrid grain sorghum, it might be well to take inventory, before you accuse your grain dealer of selling you bad seed, because this dark seed cane will come up voluntarily in your seed even five or six years after falling in the field.

He says this seed, which is almost as much of a nuisance as Johnson Grass, can be carried by many means. First of course is for ripe heads to fall to the ground. Other methods are for the birds to carry it, be blown in by the wind, brought in on machinery, or by tumble weed.

It's The Law In Texas

Specific Performance

What can you do if someone doesn't keep the terms of a contract with you?

You might (1) get money damages for your losses, (2) get back what you gave him as your part of the contract, or (3) get a court order "specific performance" on his promise, on pain of contempt of court penalties such as fines or even jail sentences.

As a rule, a court prefers money damages for a broken contract, since it is definite and often more easily enforced. But in some cases money won't do. For example, since no two pieces of land are alike, you could not take the money given to you in a contract to buy another piece of property "just as good."

And so courts, as a rule, enforce contracts to buy land by specific performance. They

make the seller hand over the precise piece of property. Likewise you may get specific performance on contracts to buy or sell unique art goods like a painting of a great master of which there are no two alike.

You can seldom if ever get specific performance on personal service contracts which call for personal or confidential relationships, or special knowledge, good judgement, or skill. Their enforcement would be too hard for the court to supervise. But instead you may collect money damages; or perhaps in the first place you could provide in the contract for forfeiture of money for failure to perform.

No one can enforce specifically an agreement to get a third party's consent. Captain Miles Standish could not make John Alden get Priscilla's consent to marry him.

Or suppose a man and wife own property together and the husband alone wishes to sell. No court will make the wife

sell her half against her will. Before a court orders specific performance it looks carefully into the "equities". Was the "injured party's" contract fair and free from fraud? Did he get an unfair advantage of the other party? Or wait too long to claim his rights? Could he have carried out his part of the contract?

Christian Science Services

The unlimited availability of divine supply will be brought out at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon entitled "Substance" include the account in II Kings (4) of Elisha's feeding of a hundred men with twenty loaves.

Correlative selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (494:10): "Divine Love al-

ways has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

The Golden Text is from James (1:17) "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."

Sen. Johnson Reports on Recent Trip Back Home Visiting Friends

My fellow Texans, I got home last week to Texas. The time was too short. It always is. But I certainly enjoyed the brief time that I was there.

From El Paso to the Valley

Friends from the Lower Valley told me that area was enjoying one of the best cotton crops in years. Citrus prospects, I'm told are real good.

The Hemispheric Leadership

The dedication brought home again another of our many blessings.

There, that afternoon at El Paso, Americans and Mexicans met together in friendship to promote the common good. They dedicated a gateway offering easier access for peaceful commerce.

Our Military Effectiveness

It was an impressive demonstration. I can't go on into details. Security prevents that. But I came away with one overriding belief -- and that is that we can't afford to be complacent today because of our great military strength.

A Continuous Air Alert

There at Offutt, General Power, the Commanding General of SAC, told me of his serious concern about the lack of a continuous air alert. This is a man who should know, and he says our national survival may depend on the existence of such an alert.

I asked how much this vital project would cost. And the Air Force told me the job can be done at a cost of about \$600 million. This is a lot of money. But it is still only about 1 1/2% of the current Defense Budget -- and about 14% of the amount the President has asked Congress to appropriate for foreign aid this year.

Budget Ceilings

I think most Texans would favor moving ahead with this SAC alert program as quickly as possible. Yet under the system of freezing the Defense budget to fit within prescribed ceilings, there is a serious question whether this urgent project will be approved. Basically this involves balancing a budget ceiling against the military security of our country.

Back in Texas, a lot of folks were asking if I thought Congress will go home before Soviet Premier Khrushchev arrives. I told them that in my opinion, whether Congress goes or stays has nothing to do when Mr. Khrushchev arrives or departs.

If Mr. Khrushchev's visit is safe for the United States, it certainly shouldn't harm Congress. And I don't think we have to run out of town just because the President has invited a guest from another country -- Russia or anywhere else. My own view is that the American people pay the Congress to work -- and I believe in continuing working until the job gets finished.

A Final Demonstration Climaxing Ford's 3 Years and 3 Million Miles of Research and Development on the New Ford Falcon . . .

EXPERIENCE RUN, U.S.A.

A fleet of Falcons is going to undergo a final exhaustive test . . . over every single mile of numbered U.S. Federal Highway . . . along a cross-country route that will include the ups and downs of two major mountain ranges, the challenges of every type of roadway and thorough, main street and boulevard.

Today... 10 P.M. THE NEW-SIZE FORD STARTS ON ITS WAY TO YOU!

The Falcon, the New-Size Ford, already is the most thoroughly tested and proven new car in history. Today this new Ford Falcon starts EXPERIENCE RUN, U.S.A., over every mile of numbered U.S. highway

This is not a test run in the ordinary sense of the word. For in its 3 years of development and over 3 million miles of proving, the Falcon has already passed and repassed every kind of test that could be devised.

It's been dust-tested, heat tested, and endurance-tested on the test track at Kingman, Arizona. Wind-tested and rain-tested in the 300 mph wind tunnel at the University of Maryland. Shock-tested, curve-tested, brake-tested, noise-

tested, paint tested, stability-tested, service-tested . . . everything tested on Ford's own proving grounds. The Falcon has already proved to engineers that it takes anything they can dish out.

Now, Experience Run, U.S.A. will show you what the Falcon can do over your kind of roads.

How many miles to the gallon? Records will be kept of every drop of gas used. Better gas mileage? The Falcon will average up to 30 miles per gallon!

On October 8, the New-Size Ford will be at your Ford Dealer's . . . for you to experience. See your Ford Dealer today for more information on the Ford Falcon.
