West Plains Shivers As Mercury Hits Eight Year Low On Sunday

The coldest weather in eight years numbed the West Plains along with a major portion of the country last weekend, with the low minimum reaching a minus two degrees Sunday night.

The cold wave dropped temperatures 43 degrees Saturday, when the high maximum was 14 and the low minimum was one degree above zero. On Sunday the mercury never

Postal Receipts Up \$9,203.09 Over Last Year

Postal receipts for the year just ended were more than \$9,000 in excess of receipts for the previous year, postmaster Arnold Alcorn announced this week.

Alcorn said total receipts for the fiscal year 1958 amounted to \$63,582.70, as compared to 1957 receipts of only \$54,379.61. The current year exceeded receipts in 1957 by \$9,203.09.

Although December led all other months in business done each month of the year was good, Alcorn said.

Officials Take Oath of Office On January 2

In a special meeting January 2 at 10 a.m., seven elected county officials took the oath of office for the beginning of the official year from County Judge Glen Williams, who then took the oath from County Attorney Jack Young.

Taking the oath of their offices from Judge Williams were: R. P. McCall, commissioner Precinct 4; Mrs. Edith Wilt, county treasurer; Mrs. Hazel Gilbreath, county and district clerk; W. W. Couch, commissioner Precinct 2; Mrs. Tom Morgan, commissioner of Precinct 1; Joe Vaughn, justice of the peace of Precinct 1; and Mrs. Dess Stafford, county tax collector-assessor.

Attorney Jack Young administered the oath of office to Judge Williams, who began serving his second term as county judge.

County Officers Busy Since First With Prisoners

County officers have been busy since the first of the year returning prisoners and picking up suspects for investigation.

Sheriff Dee Clements returned three AWOL service men to Clovis, where they are being held for San Diego Navy authorities.

Deputy Garland Freeman returned a Plainview man to Muleshoe for investigation on a felony worthless check charge. And Deputy Joe Hodge returned one man from Dallas to Muleshoe on a stolen car charge as well as another theft charge. The suspect is accused of having stolen a new car from the Muleshoe Motor Co. lot and abandoned it in Merkel, Texas.

Muleshoe Lawmaker Previews Problems That Will Face Legislature

Jesse M. Osborn, of Muleshoe, representative in the Texas Legislature for this district, Tuesday gave members of the Rotary Club and their guests an idea of some of the issues and problems facing the State and likely to come before the Legislature when it convenes in a new session the coming Tuesday, January 13.

He said a big problem, and not a favorite subject for Texans, will be "taxes, taxes, taxes." He recalled that the state comptroller has estimated the State will have a deficit of nearly \$60 million; and he said the Governor has declared the need for some \$167 million of additional taxes besides.

Mr. Osborn said the elementary schools need money, the higher institutions of learning supported by the state need more money, and there is a special need for additional money to support State mental hospitals.

The legislator discussed such items as the proposal to pass laws allowing insurance companies of the state to offer

"flexible" rates, saying that many states have such laws on the statute books. Mr. Osborn hoped that more stringent laws will be adopted to curb the activities of so-called loan sharks.

There likely will come before the Legislature bills to authorize large cities to tax additional sources of revenue, and what these sources will be, I don't know, perhaps natural resources, such as chemical industries, new industries in Texas which may not be yet paying their part of the tax load."

The Governor, Mr. Osborn said, is dead set against a general sales tax; but it may be the best alternative, the legislator said. He invited his listeners to communicate with him at any time if they come up with an idea that they believe will help solve the State's pressing problems.

Mr. Osborn spoke at the regular meeting of the club and was introduced by J. M. Forbes, program chairman for the day. A spirited question and answer session followed his talk. Answering a question posed by C. O. Gregory, school superintendent at Sudan, a guest of the club, Mr. Osborn conceded the need for a four-year state college in the Dallas-Fort Worth area saying such a college would relieve the crowded condition at the University of Texas, Texas Tech, and Texas A. & M. Mr. Osborn praised the new junior college at Levelland, and sees a need for other such institutions in Texas.

Mr. and Mrs. Osborn were preparing to leave late this week for Austin and will be in the capital several weeks.

W. F. Martin Rites Are Incomplete

Funeral arrangements were incomplete at press time at the home of Mrs. William Franklin Martin, who died at 12:50 p.m., January 7 in Portales, N. M.

Mr. Martin, a retired farmer, was born in 1885 in Callahan County, Texas.

He is survived by two daughters, Mrs. Fay Stork of Abilene and Mrs. Velma King of Farmington, N. M.; one son, Ernest E. Martin of Muleshoe; a half sister, Mrs. Elsie Lehuw of Socorro, N. M.; three half brothers, Pete Lehuw of Socorro, N. M., John of Pictou, N. M., and Claude of Tahoka; thirteen grandchildren and 19 great grandchildren.

1958 Rainfall Set At 20.95

Rainfall and moisture in Muleshoe at the weather station kept by R. J. Klump, amounted to an overall 20.95 inches during 1958, an increase of 1.68 inches over the annual moisture recorded during 1957.

September was the wettest month of the year with 4.18 inches, followed by May, October, and April.

However, each month showed some moisture, with December the driest month with only .07 of an inch.

By months, here is how the moisture fell during the year just ended:

Jan., 1.80; Feb., 1.80; March, 2.11; April, 1.46; May, 2.84; June, 1.72; July, 2.07; Aug., .98; Sept., 4.18; Oct., 2.13; Nov., .66; and Dec., .07.

CONDITION IMPROVED
O. M. Jennings, who has been in the hospital in Friona, has now returned home and is recovering nicely.

Deposits in the two Muleshoe banks as of December 31, 1958, topped the \$11 million mark, underscoring the prosperity of Bailey county and the great West Plains country. Total deposits for the Muleshoe State and First National banks was \$11,058,397.01, an increase of \$1,106,339.83 over the same period of 1957.

Combined assets of the two banking houses was \$11,988,956.07, showing an increase of \$2,192,005.14 over the bank call of December 31, 1957.

The Muleshoe State Bank had deposits of \$7,045,087.91, and First National's deposits were \$4,013,309.10. State Bank had total assets of \$7,617,193.31, and First National had \$4,371,752.76 in total assets.

Deposits at State Bank were up \$801,690, and at First National deposits showed an increase of \$1,504,649.

Fire Destroys Farm Home Near Needmore

The Jode Barrett family was burned out Monday afternoon when their farm home 2½ south and ¼ miles west of Needmore burned to the ground.

Muleshoe firemen who answered the call at 1:30 p.m. said the fire was beyond control when they reached the scene.

The fire started when Barrett attempted to thaw some water pipes beneath the house. The four room residence was a total loss, although some furnishing and clothing was salvaged.

Basketball Teams Enter District Play

The Muleshoe Mules and Mullettes basketball squads go into 2-A-A conference play on January 13, after competing in non-title play in the Lockney tournament on January 8-10.

The first district game is with Morton here, followed by a game January 20 at Olton; January 23 at Abernathy, and home again on January 27 to host Lockney. On January 30 they play at Morton.

In February, the teams host Olton on February 6, Abernathy on the 10th, and at Lockney February 13 to end district scheduled play.

Plans for the second Plainview Fight Night are shaping up well. Bob Hilburn, Golden Gloves tournament director, reported.

The Fight Night, to feature boys from over a wide area is set for 8 p.m. Friday at the city auditorium in Plainview.

In addition to the strong Plainview boxing team, coaches in Lockney, Levelland, Memphis, Hereford, Abernathy, Littlefield, Petersburg, Lubbock and Hart have been contacted and several have definitely indicated they will have boys present for the boxing events.

Admission is to be 75 cents for adults and 35 cents for youngsters.

It will be the second Fight Night for this season, the first being held early in December.

J. C. Oakley will serve as referee Friday, with Toby Waggoner to serve as one of the judges. Duane Turney will be on the microphone and Wayne Nipper will serve as timekeeper.

The Fight Nights are preliminary for the annual Golden Gloves Tournament which will be held January 20, 21, 22 and 23.

The Journal Has New Look For New Year With Narrower Pages

The copy of The Muleshoe Journal you are now reading may not look a great deal different, but it represents a major step forward in modern newspaper production.

Each of the eight columns on this page is approximately three sixteenths of an inch narrower than in the last issue of The Journal, making the entire page about one and three eighths inches narrower.

The reason for slimming the column width is two fold. The paper is in better proportion with the narrower columns. That is, the depth of the pages better balances the width, giving a neater appearance. Also, the slight amount of paper cut from each page, will in a year amount to considerable

saving of newsprint, one of the most expensive items in newspaper production, and an item which is constantly increasing in cost.

In order to make the change, certain alterations had to be made on The Journal's web-fed newspaper press, and to the chases, metal frames which hold the columns of type. These changes were made during the last week, and consequently no paper was published on January 1.

Trial runs were made, minor adjustments were perfected, and the entire crew, including the editorial side, was briefed in what the new page size will mean in each department.

The publisher of The Journal believes that readers will soon note the new look, and will in time appreciate the esthetic value of the change.

IN 1958 . . . Births Outstrip Deaths Six To One In Last Year

During 1958, births outnumbered deaths in Bailey county by almost six to one, with more than 293 births recorded and only 52 deaths.

Romance blossomed for more than 100 couples also, with 129 marriage licenses being issued during the 12 months period, in the county, with quite a few licenses for county couples being issued in neighboring counties and New Mexico.

FIRST BABY OF 1959

BOYCE ARDEN WEBER, son of Mr. and Mrs. Dorman Weber of Arch, N. M., born at 4:24 a. m., January 1 at West Plains Hospital was the first baby of the year and winner of the annual contest sponsored by the Muleshoe Journal and Muleshoe merchants. Boyce Arden weighed eight pounds, three ounces, and has an older sister, Coralene, who is 18 months.

Carter-Buhrman Wedding Vows Exchanged On December 28

MRS. KEITH BUHRMAN

Urns of long stemmed American Beauty red roses and baskets of ice pink dyed mums outlined by two large commode palms on each side of the chancelor rail formed the scene for the holiday wedding of Miss Vanda Dale Carter and Mr. Keith Gale Buhrman, Sunday, December 28 at three o'clock in the First Methodist Church in Floydada.

The bride is the daughter of Mr. and Mrs. Ernest C. Carter of Floydada and parents of the bridegroom are Mr. and Mrs. Dale Buhrman of Muleshoe. The double-ring ceremony was read by the Rev. DeWitt Seago, pastor of the First Methodist Church in Floydada. The program of wedding music was presented by Miss Sharon Edminston, organist, who accompanied Mrs. Fred Cardinal as she read Elizabeth Barrett Browning's "How Do I Love Thee".

Given in marriage by her father, the bride wore a gown of ice pink satin featuring a sabina neckline and cut low in back. The bodice, with brief sleeves and complemented by short gloves terminated with a crushed bustle at center back and formed a pattern of two large roses. The bouffant waltz-length skirt was enhanced by a harem hem line. Her shoulder length veil of pink illusion was attached to a crown of pink sequins. She carried a small prayer book covered with American Beauty red roses streamered with pink love-knotted satin. Her jewelry was a cultured pearl necklace and ear screws, gift from the bridegroom. For something old she carried in her Bible a handkerchief which her maternal grandmother, Mrs. G. R. Strickland carried in her own wedding. Something new was her wedding attire and something borrowed was the Bible belonging to Denny King of Floydada. The traditional blue garter was something blue and was given to the bride by Diane Wilkowski of Floydada.

Miss Lynn Thompson of Houston was the bride's only attendant. Her waltz length gown of American Beauty red satin was fashioned with a scoop neckline accented by a fold of satin. The fitted bodice terminated with points at center front and back with the fullness of the skirt emphasized by unpressed pleats. She wore a crown of matching satin with a small circular veil. Her crescent bouquet was of pink delight roses with American Beauty trim.

Berkley Shofner, of Harlingen, cousin of the bridegroom, served as best man. Mike Carter, brother of the bride, lighted the altar candles. Ushers were Jimmy Collins of Floydada, Stanley Fox and Gordon Wilson of Muleshoe, and Ken Steward of Harlingen.

At the reception which followed the ceremony, guests were registered by Miss Elaine Evans of Muleshoe and were served from a table laid with a holiday cloth of ice pink net with embroidered sequins and centered with an arrangement of red roses. The white wedding cake, topped with wedding bells and surrounded by pink roses, completed the decor of the table.

Members of the house party were aunts of the bride: Mrs.

Reid Strickland, Sid Carter, B. E. Carter, Bob Carter, Jerrell Cook all of Amarillo and Mrs. H. E. Strickland of Abilene. Also assisting in hospitalities were Mrs. L. D. Britton, Mrs. Russell King and Mrs. Sam A. Fowler, all of Floydada.

For her going away costume, Mrs. Buhrman chose an American Beauty red suit with matching short topper coat and a flower petal hat of red and ice pink. Her accessories were of matching red lizard and she wore a pink rosebud corsage.

After a short trip, the couple will be at home at 2104 28th St. in Lubbock where both are students at Texas Tech. The bride is a sophomore secondary education major at Tech and is a member of Delta Gamma social sorority. The bridegroom is a junior advertising major at Tech and a member of Kappa Sigma social fraternity.

Kay Cole Weds John A. Petty In Chapel Services Last Friday Eve

MRS. JOHN A. PETTY

The Rev. J. P. Cole of Weiner, uncle of the bride, officiated in a double-ring ceremony uniting Miss Kay Walker Cole and John Alfred Petty in marriage at 7 p.m. January 2 in the Bowman Memorial Chapel of the First Methodist Church at Lubbock.

The bride is the daughter of Mr. and Mrs. Cecil Cole of Goodland. Her husband is the son of Mrs. Penny Bruster of Lubbock and Alfred Petty of Dallas.

Given in marriage by her father, the bride wore a gown of Chantilly type lace over taffeta designed with a portrait neckline and brief sleeves which were complimented by mitts. A crushed taffeta sash was terminated in the center back with a full bow over a voluminous waltz length skirt. Her shoulder length veil of silk illusion fell from a crown of pearls and she carried a bouquet of stephanotis and a white orchid.

Attendants were Mrs. Wayland Altman of Muleshoe, matron of honor, Mrs. Mickey Sowder, sister of the bride; Miss Joan Reeves and Miss Nan Johnson of Goodland, bridesmaids and Cecilia Chadbourn of Flagstaff, Ariz., and Madalyn Galt of Goodland, junior bridesmaids.

They were attired in street length dresses of white embossed taffeta with cap sleeves and scooped necklines. The empire waistline were set off with white satin sashes with bows in the back. They wore white satin headpieces and carried nosegays of pink Venus carnations. The junior bridesmaids wore similarly styled dresses with full skirts.

Alfred Petty, father of the bridegroom, attended him as best man. Harold Paden of Odessa and Bob McGough of Aspermont lighted the candles. Ushers were Don Forest of Midland, Mickey Sowder, Don Koonce and the candlelighters. Mrs. Mamie Neal played the organ and Mrs. T. J. Lovett sang the wedding solo.

The reception was held in the church parlor following the ceremony. Members of the house party were, Mrs. Randall Craig, Dimmitt; Miss Charlotte Mears, Dimmitt; Miss Brenda Dunn, Mrs. R. W. Chadbourn, Jr., Flagstaff; Miss Dianna Blake and Miss Brenda Dunn of Lubbock, and Miss Joy Womack of Dallas.

STRENGTH FOR THESE DAYS from The Bible

... Forgetting those things which are behind and reaching forth unto those things which are before, I press forward...—(Philippians 3:13.)

Maybe a leopard can't change its spots, but a man can change his ways—his whole life—for the better. Re-nouncing the bad of the past, he can strive for and gain the good through earnest desire and prayer. Through God's mercy he can begin a clean, new life.

Take Stock Now—Plan Ahead . . .
Looking back over last year's record, how did your family make out? Did income stretch as far as it might have? Was there time to do the things your family considers really important? Was energy and health of family members good throughout the year?

Income, time and energy are important resources that every family uses. You can improve family living simply by changing the way either of these three assets is used. This is a fine time to make plans for '59.

Take time now to find out what your family wants to do with money, time and energy available this year. Let every family member share in planning the use of family resources.

"Money—Family Style" is an Extension Service leaflet that gives some practical suggestions for family financial planning. Ask for a copy at your local county extension agent's office.

Lose Extra Pounds Gradually
Did the holiday season leave you with some uncomfortable extra pounds, or maybe you made a New Year's resolution to get back to normal weight? If so, be sensible in mapping out a diet plan.

There is no safe easy way to reduce. The safe accepted way is to begin with a consultation with your family doctor, and then eat less, but adequately. This means smaller amounts of a large variety of foods to insure getting enough of all the nutrients for good health.

One good guide to form the basis of a reducing diet is the Texas Food Standard, which includes a balanced variety of foods. It avoids much of the embarrassment and inconvenience caused by weird special diets. Best of all, it plans for a basic pattern of eating that will be continued after excess weight is lost.

Safe reducing is a fairly long-time project. Two pounds per week is generally considered a safe rate of loss. Copies of the Texas Food Standard are available at your local county home demonstration agent's office. Further information is given in a reprint of an article on weight control, written by Louise Mason, extension foods and nutrition specialist. Ask for reprint TAP-20.

Colds Common in Your Family
Are colds too common in your family? If so, check your daily menus to be sure you are serving foods containing a lot of vitamins A and C.

Both these vitamins, they say, are effective in preventing the invasion of cold germs. That's because they help the linings of the nasal passages resist bacterial invasion.

These two vitamins, plus general good nutrition, help provide resistance to all types

RETURN HOME FROM VACATION

Mr. and Mrs. Roy Bryant returned home Monday evening from a vacation trip through the southern states during the holidays.

They spent Christmas with their son and family, Mr. and Mrs. R. E. Bryant and Susan, in Houston. From there they drove through Louisiana, Alabama, and Mississippi to Pensacola, Florida for a pleasant time sightseeing. They then turned north and crossed all states to Arkansas and visited the Johnny Johnson family in Springdale. They also saw the Chick Owens. On the trip home, they stopped in Wichita Falls to see relatives of Mr. Bryant.

How to Keep a Free Press FREE

SELDOM does Freedom of the Press disappear in one annihilating blow.

In countries where the Press has been chained, there was first a period when it failed to realize and resist the beginnings of its end — the first encroachments on its freedom. There were powerful interests which wanted certain facts "kept out of the newspapers." There was pressure here and pressure there to have the truth withheld.

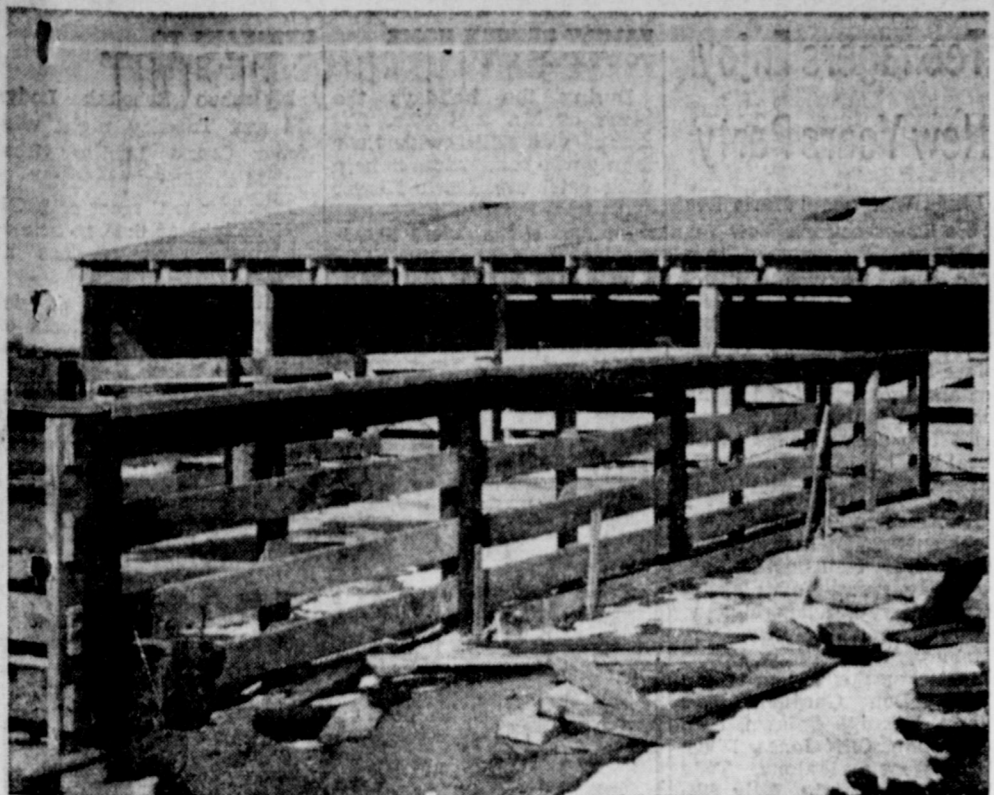

Before the Press of any nation succumbs to tyranny, there always has been a period of failure to speak out.

Here in America there is only the limitation of national security — the necessity to protect and preserve confidential military and scientific information — which can be accepted by a Press that is determined to stay free.

America's newspapers have made, and will continue to make, a conscientious effort to protect that security — at the same time keeping the people informed as fully as possible on all matters concerning their welfare. So long as American newspapers pursue that policy fearlessly, our Press, our people and our country shall remain free of tyranny.

NEW PIG PARLOR

SCIENCE REACHES SWINE . . .

Pig Parlor Plan May Produce New Economy For Bailey County Farmers

Good management in a specialized field, plus ingenuity in finding better ways to more production, appear to hold the key to the future of agriculture in the southwest. The family sized farm seems doomed to oblivion, to be replaced by contract or owner-managed farms specializing in cattle, hogs, or chicken production, utilizing field grown feed.

And the southwestern United States has more potential for the production of cattle, hogs, and chickens on an efficient basis, based on availability of feed and favorable climate, than any other section of the nation.

Those two statements are the basis for an ambitious program being seriously studied by a number of Bailey county business men and farmers.

With the present agricultural trend westward for cotton production, the present prices of grains, and the possibility of finding an efficient use for sorghum grains, the "Pig Parlor" is receiving a searching investigation by a good many men hereabouts. The pig parlor is a method used in the raising of pigs from the farrowing stage clear through to marketing, where in the hogs never touch the ground, never wallow in mud, and are subjected to every scientific device known to research minds to produce heavier better meat animals in a shorter time at less cost per pound.

"Chief" Jones is in the process now of building a pig parlor over near the old stock pens on the north side of the Santa Fe tracks. When completed it will have a capacity of 150 hogs in quarters such as no piney woods rooster ever dreamed of.

Utilizing a sloping concrete floor, year round air conditioning, scientific cross ventilation, automatic feeding and watering, the pig parlor will care for pigs from the weaner stage until they are ready for market, without their ever having set foot on soil.

Jones is more or less pioneering in the pig parlor as a demonstration to others of what they can do. He is confident that sound management plus good guidance can produce a profit for hog raisers using scientific methods.

Chief has bulletins available that show how much return one can expect from hogs selling at various prices, fed on each 100 pounds of milo. The charts reveal that when hogs are selling at \$20, a farmer receives \$6.10 per hundred for milo fed hogs. The scale goes on down to \$11 hogs and a return of \$2.74 per hundred for milo.

Others interested in the pig parlor plan are figuring on setting up parlors to handle nothing but pigs from farrowing to weaning stage, while others are planning on a program to take care of pigs from farrowing to market age. All believe there is a sound future in swine using the new program.

And, as Jones points out, the successful operations of others in the cage egg field and cattle feeding business, should be easily equalled in the swine growing business, providing sound management practices are followed.

Any human father hearing his child call out to him will gladly and tenderly help the child out of his distress, soothe his hurts and quiet his fears. And when the child asks help with a problem, the father will try to teach him as much as the child is able and willing to learn. How can we doubt our Heavenly Father's promise that He will do as much for us when we call on Him for help?

E. Boyd Lowery To Speak At Church Assembly

E. Boyd Lowery, presiding minister of the Muleshoe congregation of Jehovah's witnesses, has been named one of the speakers on the program for the semi-annual circuit assembly to be held in the Albuquerque Civic Auditorium, the weekend of January 9 through 11.

Mr. Lowery will give a 30-minute demonstration during the Saturday morning session. Approximately 1100 ministers of Jehovah's witnesses from 21 congregations in New Mexico Circuit No. 1 will attend the three day meeting.

Other features of the conference will include a baptism ceremony Saturday afternoon for newly dedicated ministers. According to Mr. Lowery, this is a regular feature of each circuit assembly. "Water immersion, as in the case of Jesus, is a symbol of personal dedication to the service of God", he explained.

Major Wood and family and Joe Don Jackson had a holiday visit in Hugoton, Kans., with the Wood's daughter, Mrs. Preston Sechrist and family.

Mike Cabrera Is New President Of Young People

Mike Cabrera was elected president of the Young People's Club of the Muleshoe Catholic Church at a meeting held December 11 at the church.

Other officers are: Cecilia Durain, vice-president; Delino Chavez, secretary; Jimmie Cabrera, treasurer; Mrs. Amalia Rogers, reporter; Fr. Vincent Daughnatis, advisor; Olivia Flores, conv. representative, and Raymond Cabrera, parliamentarian.

At the meeting held on December 19, the group played games and enjoyed refreshments.

The club will meet at 7:30 January 8 at the church and all are welcome.

Cocher Curly Risinger's cagers had a three-point lead in the final minutes, but North Hopkins tossed in a field goal just ahead of the final buzzer to

close the gap to a single point.

Bula held the upper hand most of the way, holding 10-9, 22-20, and 30-27 quarter advantages. Carol Cook tossed in 29 points for the winners while Linda Holt had 13. All-State forward Mary Ann Parrish was high for North Hopkins with 22 points while Edith Estes had 11.

Miss Cook was voted the

most outstanding forward in the tourney and her teammate, Opal Bogard, was named outstanding guard. Sammie Reynolds, a guard, was on the first all-tournament team, with Miss Holt and guard Phyllis Fred on the second team.

Char-dier downed Ackerly for consolation and Duncanville trimmed Brewer for third place.

JayCeetes Help In Dimes Drive

The Muleshoe JayCeetes met in the home of Mrs. Johnny McMillen January 6 for their first meeting of the new year. Marie Roark won the hostess prize for the evening. An interesting program was brought by Amarina Moore on the subject of "Children and Their Toys."

The members voted in favor of helping the chairman of the March of Dimes to deliver cards to the school students. Cake and coffee were served to: Punk Bragg, Jean Gillespie, Pauline Middlebrooks, Amarina Moore, Marie Roark, Sue Rogers, Louise Wilson and Francine Roulette.

The next meeting will be February 6 in the home of Mrs. Sue Rogers. Irma Leal is to bring the program on flower arrangement.

The JayCeetes still have some of their personal cook books for sale. Anyone interested in buying one may call Jean Gillespie at 6730.

Shower Honors Miss Cole In Home Of Mrs. Lowe

The home of Mrs. Jack Lowe was the scene of a miscellaneous wedding shower December 23 from 2:00 to 5:00 p.m., honoring Miss Kay Cole, bride-elect of John Petty of Lubbock.

Miss Cole was presented a corsage of white carnations by the hostesses, Mrs. Clint Everett, Neal Smith, Roy Tunnell, Earl Bowers, Jack Purgeson, Baker Johnson, Pete Tarleton, Jack Lenderson, Dolly Ann, Wayland Altman, Cass Stegall, Tommy Galt, Leon Reeves, and Frank Griffith.

Gifts were displayed on a table and bed in the master bedroom.

The serving table was laid with a white cloth accented by silver ribbon and a bow. The centerpiece was an arrangement of white carnations, snapdragons, and stephanotis over a crystal bowl inverted over a miniature bride and groom, and flanked by candelabra holding silver tapers.

Misses Nan Johnson and Joan Reeves presided at the silver tea service.

Miss Cole was married January 2 at the First Methodist Church in Lubbock.

Mr. and Mrs. Lonnie Bass went to Amherst for Christmas with Mr. Bass' sister and family, Mr. and Mrs. J. B. Brantley.

Bratcher-Smith Vows To Be Said On February 1

Mr. and Mrs. L. E. Bratcher of Muleshoe announce the engagement and approaching marriage of their daughter, Evelyn to Mr. Wayne Smith, son of Mrs. J. E. Baker of La Peunte, Calif.

The wedding will be February 1 at 2:30 p.m. at the Muleshoe First Baptist Church, with Rev. E. K. Shepherd officiating.

Following the ceremony, there will be a reception in the church dining hall.

All relatives and friends of the couple are invited to attend.

Blacks Tour Home State

Mr. and Mrs. Eugene Black and family returned last Wednesday (just ahead of the bad weather) from a 12-day, 2100 mile tour of Texas.

They spent some time in San Antonio sightseeing in the parks, Alamo, and other historical points. From there they drove to the Rio Grande valley to visit Eugene's aunt and uncle, Mr. and Mrs. J. P. Ellis. They toured Old Mexico, went to Padre Island, Port Isabel and visited the Ballinger ranch and were interested in the Santa Gertrudis cattle.

On the trip home, the Blacks visited the King ranch, and also went to Corpus Christi for a boat ride on the ocean. From there they went to Austin and toured the Capitol and other points of interest.

The Blacks were impressed with the home state and convinced you don't have to leave it to see some beautiful country and have a wonderful vacation trip.

Rev. Frank E. Taylor, minister of First Christian Church of Muleshoe, will leave Monday morning to attend the Ministers' Week at Texas Christian University. A series of outstanding lectures will be presented during the week.

COOPERS BECOME NEW PARENTS
Rev. and Mrs. Ralph Cooper of Putman, became the new parents of a baby daughter, Brenda Kay, on Christmas eve at Hendrix Memorial Hospital in Abilene. The little lady weighed 8 lb., 11 ozs. Grandparents are Mr. and Mrs. Arthur Cooper and Mr. and Mrs. Frank Simpson of Bradshaw. Mr. and Mrs. Cooper left the day after Christmas to visit the new grandchild. Ralph Cooper is attending McMurry and is pastor of three small churches around the territory.

LEON BLAIR BREAKS LEG IN FALL
Leon Blair fell Monday night and suffered a broken leg as he was going around the back of the house to get in, as the front screen door had caught. Because it was dark, he was unable to see his children's wagon, tripped over it, and fell on his leg. The small bone was broken just above the ankle. Leon was able to return home Tuesday. He will be able to maneuver on crutches and oversee his business in the near future.

FROM FORT SMITH
Mr. and Mrs. Melvin Griffin and children Keith and Vicki of Fort Smith, Ark., spent Christmas in the home of her parents, Mr. and Mrs. M. T. Hukill, and his parents, Mr. and Mrs. J. M. Griffin of Lubbock. Mr. and Mrs. Hukill returned to Fort Smith with them to visit another daughter and family, Mr. and Mrs. Dale Long and children, Donna and Jerry. When the Hukills returned home on January 6 they found their water frozen and house plants dead.

VISITORS FROM BIG SPRING
Capt. and Mrs. James A. Garratt, LaLauri and Gary of Big Spring were here New Year visiting her parents, Mr. and Mrs. F. H. Davis and other relatives and friends.

SEPARATES—Mary Ann Mobley, Miss America 1959, wears colorful separates by Joe Davison. Outline quilting accents the top of the shirt. The fabric is Everglaze cotton satin by Everlast.

Mrs. Fred Watrous and daughters, Nita Faye, Pauline, and Dortha went to Kerrville over the weekend to visit her parents.

CANTON AND AUXILIARY MEET FRIDAY NIGHT
Muleshoe Canton and Auxiliary 31 will meet January 9 at IOOF hall to install officers for the coming year.

A covered dish supper will be served, and all members are urged to attend.

MARCHING BAND FILM SHOWN FOR ROTARY
Paul Summersgill, Muleshoe school band director, on Tuesday, December 30, showed the Rotary Club a film made at the Marching Band Contest held in Plainview December 6, featuring in sound and picture the Muleshoe band.

The film, just received, was made and edited by Jack Creel, Lubbock advertising man, and had not at the time been viewed by band members. Those present were delighted with the band's version of "The Parade of the Wooden Soldiers", and thought the youngsters looked very professional.

Other Youngsters Entertain
The previous week the club was entertained by a group from the school choir. Susan Birdsong gave from memory two piano compositions, "Dance of the Candy Fairies", and "Kitten on the Keys"; Calvin Calvert sang in his wonderful little boy's voice, "Shepherds Wake Up from Your Drowsy Sleep". Accompanied by Janelle McGuire, Landall Fletcher sang "Winter Wonderland". Mr. Summersgill introduced the youthful entertainers and led the club in singing carols.

DOUGLAS FAMILY SEE THE OCEAN FOR CHRISTMAS
Mr. and Mrs. Ralph Douglas, Gay, David and Don went to Galveston for a Christmas vacation. While there they stayed at the "Buccaners", that is as near as you can get to the ocean. Mrs. Douglas said the holiday hospitalities were impressive. A good time was had by all on the ferry boat ride and airplane trip.

ABOUT THE ARNNS
The holidays have been eventful for Mr. and Mrs. Dolly Ann; unusual to say the least. The week before Christmas, they went to Houston to take Mrs. Ann's father, Mr. E. L. Wakefield, of Children's to Methodist Hospital for surgery. He is now recovering. While in Houston, the Ann's first grandson (Michael Craig Kirby) was born December 23. Mr. and Mrs. Ann arrived home on Christmas day and had the wonderful experience of a new grandson for the best gift of all.

When things settled down to almost normal, Mrs. Ann decided to slam the car door on her thumb. Since it has been so painful, she said she intended to be more careful in the future. Thumbs are also useful to new grandmothers.

NAMED TO SORORITY
DENTON — LaVon Copley of Muleshoe has been named a member of Mu Phi Epsilon, national professional music sorority, at North Texas State College this semester.

Miss Copley, daughter of Mr. and Mrs. Alexander W. Copley, Muleshoe, is a sophomore music major. She is a 1957 graduate of Muleshoe high school, and a member of the chapel choir.

Mr. and Mrs. Robert Allen Berry left January 6 for Milwaukee, Wisc., to report back to the Army on January 11. He is stationed at the 61st Headquarters Artillery Group, Air Defense Command.

Teenagers Enjoy New Years Party

Linda Wingo and Maria Reed were hostesses for a New Year Eve party at the Country Club. The club house was beautifully decorated by the girls and Mrs. Reed with glittered stars covering the lights. Centerpiece for the serving table was an arrangement of red carnations and yellow snapdragons with two clown heads at the focal point, and flanked by red tapers.

Those attending were: Lynn Lenaou, Rhonda Johnson, Sylvia Pool, La Nell Boothe, Nancy Julian, Benni McDaniel, Joy Awtry, Mary Sanders, Magann Lamb, Shannon Harris, Judy Rashbury, Shirley Henry, Danny Gunstream, Rex Miller, Robert Camp, Don Gardner, Bob White, Kenneth Splawn, Ronald Julian, Cliff Jones, Dixon Ray, Wayne Malone, Todd Wilt, Jerry Wright, Billy Gilbreath, Robert Garlington, Jim Young, Dudley Bristow, Keith Bearden, and the hostesses.

Mrs. Reed made a grand compliment of these young ladies and gentlemen. "They were so nice and well-mannered, I wonder why we parents don't do more for them." Following the party, all of the group went to Watch Night services at their church.

Babson's Business and Financial Forecast For 1959

1. Not too good and not too bad. Both the boom and the recent recession will be awaiting developments following the recent November elections. 1959 will be a "do nothing" year for Congress. Both parties will hold their cards close to their chests until 1960. When the Republicans will want good business. Most Democrats will vote for most of the inflationary legislation; but only a few of these Congressmen will vote for such legislation over the President's veto. The Democrats will be in a dilemma. In their hearts they will not want good business in 1960; but they must be very careful not to do anything which could be held against them in 1960.

Every act of Rockefeller's and of other leading Presidential candidates of both parties will be carefully scrutinized to analyze their vote-getting possibilities for 1960. We will comment on these possibilities in our Forecast for 1960 a year from now.

3. So long as Russia is fearful of China's loyalty, she will not intentionally start a shooting war. I hope that Chiang Kai-shek will come to his senses so that China will become an ally of the United States. Marshall surely bet on the "wrong horse" when he made his report to Truman.

4. Our national budget will show a heavy deficit in 1959. This and other factors should cause a continued gradual, although not dangerous, inflation.

SERIOUS

5. Serious competition will continue at all levels in 1959. Manufacturers, merchants, and others who reduce advertising and other selling appropriations will surely suffer.

6. Despite competition, the profits squeeze will be eased for many concerns by strenuous cost-cutting programs and improving business.

7. More foreign goods will enter the United States during 1959. This especially applies to

German, Italian, Japanese, and Russian goods.

8. New cargo ships, built in Japan, England, Germany, Norway, Sweden, and Italy will be launched in 1959. This should result in most American-built and American-registered ships operating at a loss. More subsidies will be demanded.

FAILURES

9. Failures may not increase during 1959. Some big corporations, now listed in the Dow Jones Averages, may get in financial difficulties.

10. Federal cost-of-living figures will be disputed in 1959. Labor rates and wages which have been tied to the Federal Tables will be disputed by both Labor and Management.

11. On the basis of the above statements, I forecast, on the average, no wide change in 1959 for commodity prices. The recent recession is no over-Russia is still fighting us with an economic war.

More Labor Troubles

12. There will be more strikes and labor troubles in 1959 than in 1958. Due to fear of unfavorable labor legislation and poor business conditions, labor leaders were on their good behavior in 1958.

13. It is now difficult to forecast the unemployment situation for 1959. Owing to the increase of automation, working forces will continue to be cut. Looking ahead to the elections of 1959, manufacturers, who are mostly Republicans, will want no more serious unemployment to occur.

14. Many plans for expansion of plants were postponed during 1958 for fear of a real depression. Some of these plans will be executed in 1959, although on a more moderate scale.

There will be a need for continued economic readjustment in 1959; but the playing of politics by both parties may temporarily postpone it.

Money Rates

15. 1959 will not see any marked change in money

rates. However, borrowers who have not established good credit will continue to find it difficult to get new funds in 1959.

16. This means that it should be more difficult, on average, to sell long-term bonds in 1959 than in 1958. Buy only non-callable serial bonds or bonds of reasonably short maturities.

17. The supply of non-taxable state, municipal, and revenue bonds will increase during 1959. This will be due both to less readily available credit and to rising needs of municipalities.

18. The "fly-in-the-ointment" will be the uncertainty of the Federal policy regarding the new \$30,000,000,000 roadbuilding program. Will it compete with or protect toll roads recently built? I believe this program will not harm outstanding Turpike Bonds.

19. Many investors will switch from stocks into bonds in 1959, thus obtaining both higher income and better security.

20. As inflation becomes more serious, only short-term bond issues—other than convertible bonds—should be held to maturity. Bonds should no longer be considered good "permanent" investments unless they are non-taxable or convertible on a reasonable basis.

Investment Policies

21. The best investment policy during 1959 will continue to be a well diversified portfolio—of stocks, short-term bonds, and cash. Every conservative investor will keep one-third of his portfolio liquid to have funds available in case of a sudden very severe drop in the stock market. This will come some day.

22. As the 1958 Congress has not accomplished more in correcting abuses in the Teamsters Union, the 1959 Congress will do little to improve the labor situation. Therefore, invest in companies which will not be subject to strikes. Banks and utilities probably are the most nearly immune.

23. The Taft-Hartley Act will not be amended, nor will labor's exemption from anti-monopoly laws be removed. Labor leaders will get more and more power until—with Russia's help—they bring on a real depression.

24. Due to unemployment and the difficulty of borrowing funds for installing automation (automatic factories), the machinery industry will continue quiet during 1959.

No Price Fixing

25. I now see no probability that either wages or retail prices will be "fixed" during 1959 unless Russia threatens World War III.

26. Most wageworkers will be more efficient during 1959, which should enable some managements to increase their productivity and profits.

27. Executives will attend more strictly to business during 1959, reducing time spent on luncheon clubs, golf, etc.

28. Good building land on the proper side of growing cities will continue to increase in price notwithstanding a decline in suburban building. Small farmers holding such land should not now sell.

29. Small farms without any suburban possibilities may well consider selling to adjoining farmers if offered a fair price in 1959.

30. Large commercial farms with latest machinery should prosper during 1959; but small farmers may not do so well.

Taxes To Increase

31. Pending a serious war, the real estate situation in the larger cities may improve; but municipal taxes will increase.

32. Some suburban houses now owned by well-paid executives will come on the market in 1959, due to loss of positions or moves to other sections of the country.

34. Real estate mortgage money will be tighter in 1959 than in 1958. Furthermore, due to inflation, it will be worth less when due.

35. The demand for motels

is largely satisfied; but there will be an increasing demand for very modern apartment houses—especially of the cooperative type. Old houses of all kinds will depreciate during 1959.

36. Woodland will continue to be in demand during 1959. This especially applies now to pine, which is used for the best lumber, and to spruce, which is used for pulp. Hold woodland in 1959.

Russian Pulp Imports

37. More Russian imports of pulpwood may be expected in 1959; but this should largely be offset by the increased domestic demand for cartons and packages for shipping and displaying merchandise.

38. Both timber and oil reserves of Canada will gradually increase in value. I am bullish on many Canadian and African investments.

39. The greatest factor in determining the price of city land and businesses in general is the automobile and availability of parking space. This is responsible for both the boom in suburban real estate and the decline of city property. Buying city real estate without nearby parking facilities is a great mistake.

Recognizes Error

40. I was wrong in my forecast a year ago as to the Dow Jones Averages. Although many stocks sell lower today than a year ago, the Dow Jones Averages—especially the Industrials—sell higher. However, I will again run the risk and forecast that they will sell lower sometime in 1959 than they do today.

41. My forecast of the bond

market for 1958 was correct. I am inclined now to reverse that forecast in the case of long-term non-convertible corporate bonds—that is, they should sell for less sometime in 1959 than they are selling for today.

43. I repeat what I said last year regarding "cheap" stocks. "The large fortunes made in the stock market have come from buying non-dividend-paying common stocks at \$5 a share or under. These will be the first to reach a buying level." If you are to buy these low-priced common stocks, you should seek companies without too much prior debt or cumulative preferred stock outstanding. They are the best common stocks for "capital gains."

44. Convertible bonds should hold up fairly well during 1959.

Best Investment

45. The best investment policy for 1959 is for one now to have a good bank account so funds will be available to buy bargains when a sufficient break comes in stocks, bonds, real estate, and commodities.

46. There will be many failures in hastily organized electronics, nuclear, and similar companies during 1959.

47. With two or three exceptions, railroad stocks should be avoided during 1959 and until a definite long-range program of government aid is assured.

48. For steady income and fair marketability, well-established utility stocks should be the best for conservative investors not looking for profit. This especially applies to cumulative first preferred non-

callable utility stocks.

49. The three handicaps to American business are the fear of inflation, the fear of union labor leaders, and the fear of President Eisenhower's physical collapse.

50. The three hopes for America are our churches, our schools, and a desire to "pay as you go". For these to function properly we must depend upon the parents of our nation.

Gueswel New Refuge Manager

Wayne E. Gueswel has arrived to assume the duties of manager of the Muleshoe Wild Life Refuge, located in the south part of Bailey County. Mr. Gueswel succeeds Bob Darnell, in charge of the Refuge for several years, who has moved to Buffalo Lake to become manager of the Wild Life Refuge there.

Mr. Gueswel, who has been in charge of the Bear River Wild Life Refuge, near Brigham City, Utah, came in Tuesday with his wife and children to take up residence on the Refuge here.

Three Injured In Auto Wreck On December 28

Three persons were injured in a one car accident December 28, 11 miles east of Muleshoe on US 84.

The car, driven by Bobby Jo Tucker of Clovis, 19, came up behind a slow moving truck. When Tucker applied his brakes, he hit the shoulder of the road, went into a skid and overturned. Tucker was not injured, although the car was damaged to the extent of about \$500.

Hospitalized in Muleshoe Hospital were Morris Nunn, 17 of Clovis; Suzanne Redden, 15 and Barbara Dix, 14, both of Albuquerque.

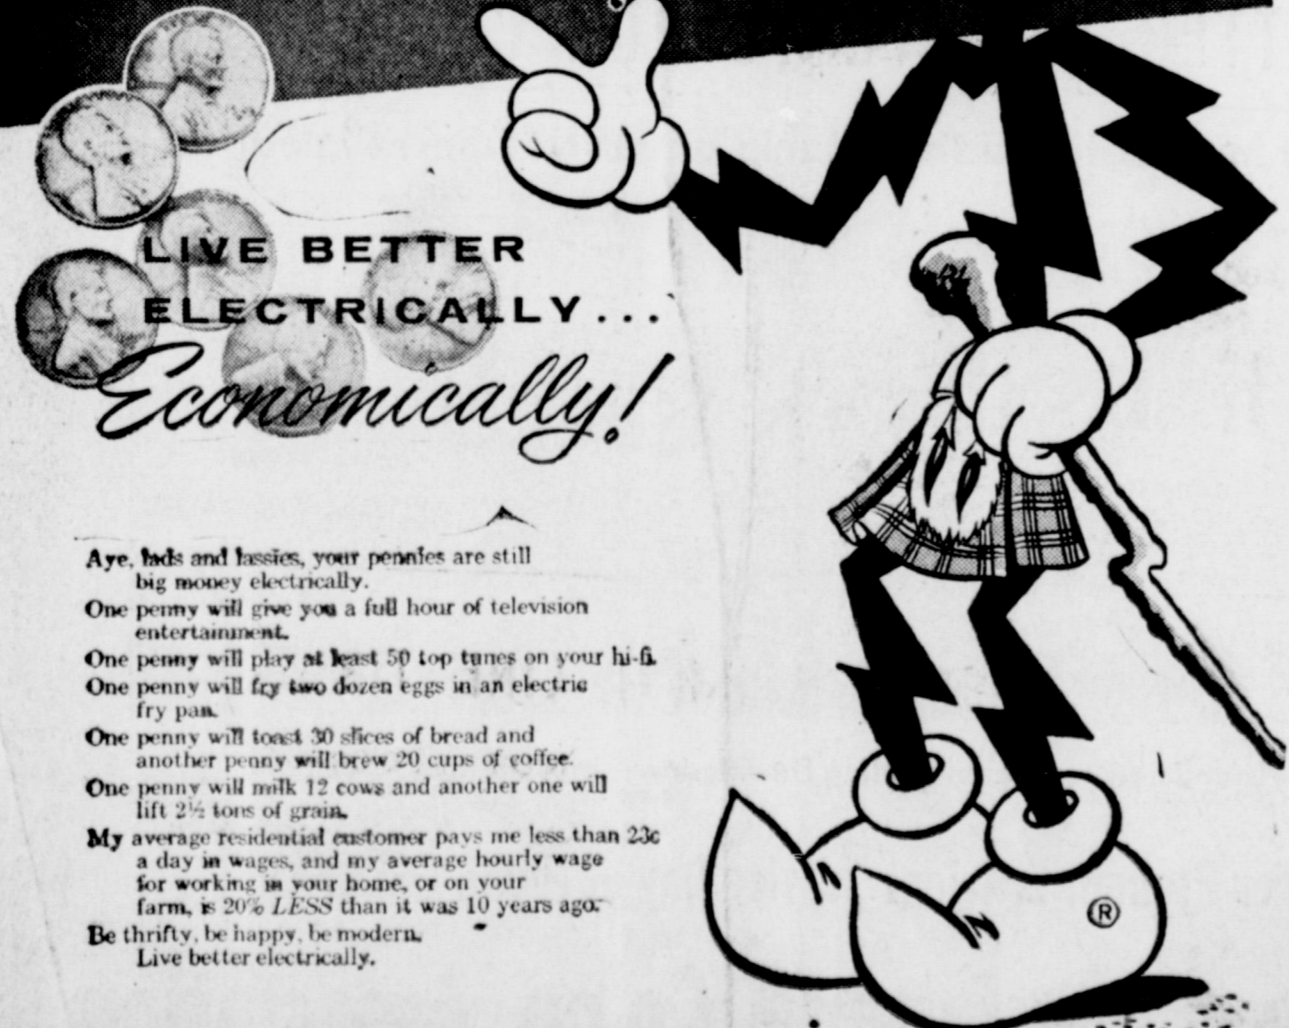

Tucker was charged with failure to control speed.

BABSON DISCUSSES... HEALTH

Babson Park, Mass., Jan. 8.—Every reader of my weekly column knows two things: First, that I have just returned from a 20,000 mile trip to Africa; and secondly, that I am not a physician and have not the right to speak with authority on health.

The Report of Doctors
 I have had some rheumatism in my left leg, and Mrs. Babson has had some bursts in her shoulder. We have been to nine doctors and all have told us: "Forget it. Almost everyone your age has aches and pains." The above doctors' comment may be true; but this is what I know! After two weeks on a cargo steamer of the Farrell Lines, during which time I had no mail, no cables, and no telephone calls, my rheumatism went away entirely and Mrs. Babson had no bursts.

I exercised considerably, walking on deck, and went to bed early leaving my porches wide open. In fact, my cabin had good cross ventilation. During the time spent on the ocean and in the wilds of Africa, we "ate like pigs, and slept like babies." Upon returning home, I found my desk piled with mail; whether my rheumatism will return I do not know! But my guess is that many such aches are due to the unnecessarily busy and nervous lives we lead. Doctors should tell us to take our religion more seriously and practice more of Jesus' teach-

Is Warm Weather Climate Sufficient?

Many feel that if they go to some warm climate in the winter, it will solve their health problems. Perhaps so; but probably not, if they continue to receive too much mail, use the telephone too freely, and enter into the customary social life of southern winter resorts. I have a definite illustration in this connection which shows the need of exercise both in the house and in the fresh air. Let me tell you about this.

Among my acquaintances is the widow of a former president of one of the largest chemical companies in this country. They had a beautiful home in Florida and were very wealthy. She suffered greatly from arthritis in her hands. She finally sent North for the nation's most famous specialist in arthritis to come to Florida and spend a few days in her home where she was living with her six servants.

When he returned North, the doctor left the following prescription:
 "Sleep with windows open and a fan blowing in your face, as if you were sleeping on the deck of a steamer. Neither give nor attend cocktail parties, and always leave the dinner table a little hungry."
 Then the specialist added:—"most important of all, after each meal let your hands soak

in hot water for fifteen minutes, as if you were washing dishes! Each morning, go out on the lawn and stretch as though you were hanging clothes to dry on a line. Finally, get an indoor bicycle to ride, and discharge five of your servants, including the chauffeur!" In about a week came a bill for one thousand dollars.

Something I Do Know About

Africa is a most wonderful continent, rich in all natural resources except oil. It has four strong banks with hundreds of branches; these pay 4 1/2% interest on time deposits. Africa has wonderful stores and factories of all kinds in such cities as Cape Town, Johannesburg, Pretoria, and especially Salisbury in Southern Rhodesia. In Johannesburg, sixty five years ago, there were only a few people and they all lived in tents. Today the population is six hundred thousand, and there are dozens of skyscraper buildings.

If I were a young man, I would seriously consider settling in Africa for health and a fortune. I would forget diamonds and gold, but invest in either the copper industry or the chemical industry. I am sorry to say that Africa, unlike Canada, is on the pound-shilling-pence basis, which handicaps Americans who would like to invest therein. When, however, Africa goes on the decimal system, like Canada, there will be even greater opportunities, for both investment and profit. In conclusion, let me say that one need not take sea trips to Africa for either health or investment. Many states in the good old U. S. A. offer both to those who are thrifty, honest and patient.

Today's Meditation

Read Acts 1:6-11.
 If any man be a worshipper of God, and doeth his will, him he heareth. (John 9:31.)

At two o'clock one Sunday morning, a minister friend of mine was drinking coffee in a small cafe and talking with another minister. My friend was discouraged and downhearted. He had just come from a hospital in which his wife lay dying. The doctor had told him it would be just a short time until the end.

In a few minutes my friend left to go back to his parish to preach the Word. Coming down the main street of the town, he was surprised to see the lights still on in one of the homes. Going down the street farther, he noticed other lights in other homes—bedroom lights still lit. He knew that those were the lights of some of his parishioners praying for the life of his wife. They prayed in faith. In a spirit submissive to the will and wisdom of God, they prayed for her recovery. Their prayers were answered. That woman is alive today, witnessing for Christ.

PRAYER

Our Father, give us grace, that we may have peace even in the midst of our anxieties. Grant to us the inner light of Christ's spirit that in all things we may live to Thy glory. We ask these things in the name of Jesus Christ, Thy Son, our Saviour. Amen.

THOUGHT FOR THE DAY

"I will pray with the spirit, and I will pray with the understanding also."
 —T. R. Fletcher (Colo.)

Tax Man Sam Sez:

The new card Form 1040A is a mighty tempting way to file an easy tax return for folks with less than \$10,000 gross income. A lot of taxpayers do not like to read tax instructions. However, reading the tax information booklet you get in the mail just after Santa Claus has visited you can prove mighty, mighty profitable. It will probably pay you to read the tax instruction booklet carefully before you decide on whether to file a simple Form 1040-A, if you are eligible, or to use a regular Form 1040 and take the deductions that are allowed on the Form 1040 that cannot be taken on the Form 1040A.

ATTEND COTTON BOWL FOOTBALL GAME

Mr. and Mrs. Billy Gable and Dr. and Mrs. James Fite left Wednesday at noon by plane from Lubbock for Dallas to witness the annual Cotton Bowl game on New Year's Day. They were the guests of Mr. and Mrs. Joe Spiritas and Mr. and Mrs. June deCordova and were entertained every waking moment. All report a very exciting trip and interesting ball game.

Underground Water Conservation District Election On January 13

The High Plains Underground Water Conservation District will hold its annual election of County Committeemen and District Directors on January 13, 1959.

Two new County Committeemen will be elected, in each of the thirteen Water District Counties, to replace two retiring Committeemen. The Committee each consist of five members who serve three year terms of office. The five-man District Board, which is the governing body of the Water District, will have three of its members whose terms of office expire. District Board members serve two-year terms of office. Voters in Directors' Precinct No. 1, consisting of Lubbock and Lynn Counties, will elect a Director from their area to serve a two-year term on the District Board. The same is true for Director's Precinct No. 3, which consists of Bailey, Castro and Parmer Counties, and for Director's Precinct No. 4, consisting of Armstrong, Deaf Smith,

Potter and Randall Counties. Those persons who are qualified voters and reside within the bounds of the High Plains Underground Water Conservation District are urged to cast their ballots on January 13, 1959.

Nominees for directors of Precinct 3, including Bailey, Castro, and Parmer counties, are A. H. Daricek of Maple, John Gammon, Route 1, Friona; and Johnnie Haberer, Route 4, Muleshoe.

County committeemen nominees for Bailey county are F. A. Carter and Doyle Davis, both of Maple. Voting places in Bailey county are the community house at Muleshoe, the Enocas gin office at Enocas, and the Three Way school building.

SANDHILLS PHILOSOPHER FEELS... There's A Solution To Nearly Every Problem Except People

Editor's note: The Sand Hills Philosopher on his Johnson grass farm takes another look at the new year this week. Can't tell what he sees.
 Dear editor:
 During the first week in January of this new year I have been reading predictions from the experts and have come to the conclusion they all make one serious mistake that undercuts the value of their prophecies.

It's easy for example to predict that man will conquer space; that he'll perfect a guided missile so powerful it'll circle the earth and hit him in the back of the head if he doesn't duck, that he'll perfect an automobile that doesn't need oiling and a frying pan that doesn't require grease, and such similar mechanical things. In fact, there's probably not a single thing mechanical that man can't finally figure out, except may-

TAX FACTS #1 Selecting The Proper Tax Form

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Certified Public Accountants and the Texas Society of Certified Public Accountants, in cooperation with the Internal Revenue Service.)

If you are one of the millions of American taxpayers who spends the lion's share of his income feeding, clothing, housing and entertaining his family, chances are there is very little you can do to reduce your 1958 federal income tax bill—but you owe it to yourself to try.

First of all, decide which of the two individual tax forms you are going to use to report your income. If you choose the wrong one, you may automatically cut yourself off from a possible tax savings.

The easiest way to file is to use the simple 1040-A Form. It's a card the size of a check, on which you answer a few simple questions and have the choice of either computing your own tax or letting the Government do it for you.

You are permitted to use the card form if your gross income consisted only of wages, dividends or interest totaling less than \$10,000, and if you did not have more than \$200 of gross income apart from that listed on your W-2 withholding slips.

Facts to Consider
 Before deciding to use the card Form 1040-A, you should consider these facts:

1. Your tax will be figured from a table which allows you a deduction of about 10 per cent of your income instead of itemized deductions for contributions, taxes, interest paid, medical and dental expenses, etc.

2. There is no provision in this form for filing as the "head of household", as a "surviving spouse" or for claiming special credits for dividends and retirement income.

If you are sure that these two points would not cost you any tax savings, and your income is within the limits for filing a Form 1040-A, you might as well use this simple card form.

Whether to Itemize
 When you elect to use the regular Form 1040, you still must

decide whether to itemize deductions or take the standard deduction which usually amounts to about 10 per cent of your income or \$1,000, whichever is less. Generally, you will save by itemizing deductions if you:

- (1) Own real estate
- (2) Had unusual medical expenses
- (3) Had deductible child-care expense
- (4) Suffered losses from fire, storm, accident or theft
- (5) Made fairly large charitable contributions

If you are supporting a dependent, although you are unmarried, you may be able to qualify as a "head of household" and figure your tax on a special table that gives you part of the advantage enjoyed by married couples filing joint returns. You may qualify for a "head of household" status if you provide more than half the support of a parent, and more than half the cost of maintaining the parent's household even if the parent does not live with you. You cannot claim a "head of household" status if you file a Form 1040-A.

The 1040 Form is arranged again this year so that a taxpayer whose income was entirely from wages needs to use only the first one or two pages. Pages three and four are for other types of income and for computing the special credits for dividends and retirement income. The instructions which come with your tax forms give further information on how to select the correct tax form. Help is also available from the Internal Revenue Service.

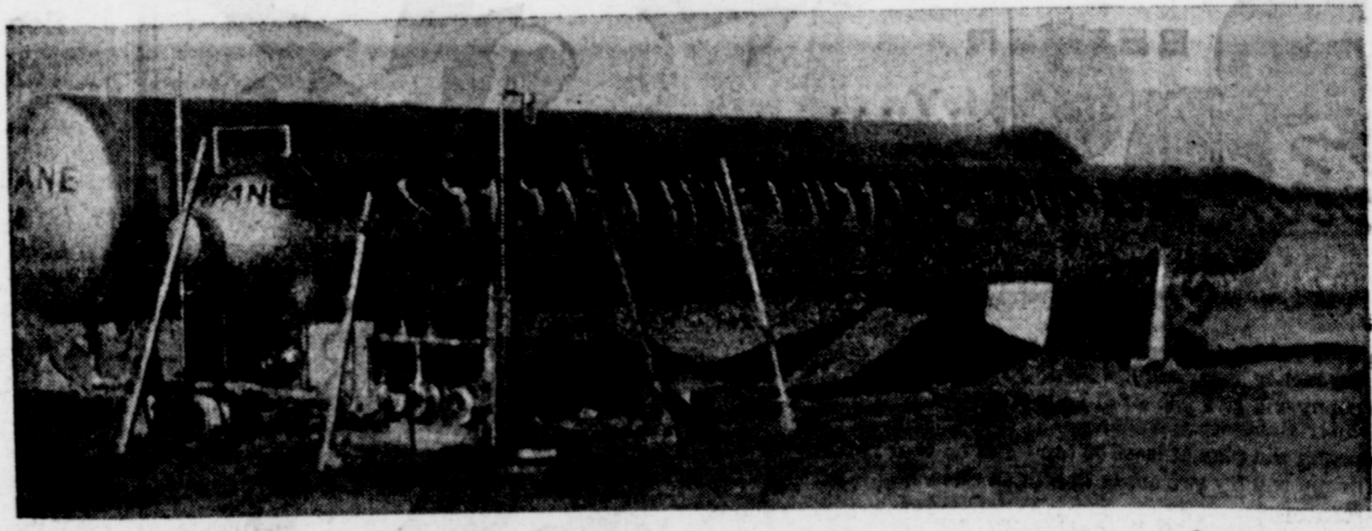

CARD OF THANKS

We take this means of saying thanks a million for every thing that has been done for the comfort and help in any way for our dear husband and daddy. Especially do we appreciate every prayer that was offered.

We pray God's richest blessing on each of you.
 Thanks,
 Mrs. G. E. Thommarson and children.

'58 Will Be Remembered As Good Year For Crops, Business, Growth

The year 1958 will be remembered by Bailey county folks as a wet year, a good crop year, a good business year, and the year which marked a lot of changes and growth for Muleshoe and the West Plains country.

Reviewing the highlights of the year just ended, the Journal recorded these among many thousands of other items, chronicling the comings, goings, life and death of its subscribers:

JANUARY

Wayland Ray Barker was the first baby born in the county; an oil seismograph crew moved in and spent several months in the area; Carl Bamert was named outstanding SCS farmer. The first of several snowfalls brought 14 inches to the south county, followed shortly by a 6 1/2 inch snow. H. O. Barbour announced his retirement as agent for the Santa Fe after more than 20 years service. W. T. Bovell was named man of the year at the Chamber banquet, and the first move to get highway 84 widened was made. The wet winter brought good crop prospects.

FEBRUARY

In February county tax assessor Carey Stafford died and his widow was appointed to succeed him in office. Plans were announced to build a new vegetable shed here, and a two inch snowfall was recorded. The Muleshoe school system dedicated a lot of new facilities in an open house.

MARCH

During March, crop prospects continued to look up. The Lions club presented a variety show, and the annual fat stock show was held.

APRIL

The Highway Department announced it had \$800,000 earmarked for highway work in the county. Ralph Tunnell was named valedictorian of the MHS graduating class, with Mary Jo Hol and Janie Shankles as co-salutatorians. The school board created the office of business manager and hired John Thompson for the job. An 8 1/2 inch snowfall added to ground moisture, and folks began taking more interest in the forthcoming July elections.

MAY

Farmers planted 70,525 acres of cotton in the county and 53,000 acres of vegetables on the Plains. Some rain and hail was sustained by young crops in south county. The Girl Scouts were presented with a building for their meeting place.

JUNE

At midyear, plans were told for a new hospital, and the farmers and the Texas Employment Commission tangled over a shortage of laborers. Water use in the city hit the 1.5 million gallon mark daily, and two small twisters did \$20,000 worth of damage to

municipal airport and the eastern part of town. Former tax assessor-collector and fire chief Bill Boothe died, and Earl Ladd was named fire chief. The PCA built a new building, the Muleshoe Hotel was remodeled and two drug-stores changed locations.

JULY

Business was up over the previous six months, and a new vegetable shed was built west of town. The JayCee Sox won the Little League championship, and Griffiths and Son added on to their grain elevator.

AUGUST

Retail sales showed an upward trend in August, and Muleshoe merchants went nuts for Krazy Daze, a highly successful sales promotion event. Nan Johnson won the Farn Bureau queen contest, and the Lions gave \$1,000 to the WTSC student loan fund. City commissioner and insurance man Lloyd Alsop passed away in August. The Primitive Baptist church hosted 1800 at an annual meeting here, and the first load of milo was received.

SEPTEMBER

Bids were received on widening highway 70 and 84, and the first bale of cotton was ginned about the time the tomato harvest started. Water use hit the two million gallon mark, and again a shortage of labor slowed the harvest season. A Civil Air Patrol squadron was chartered.

OCTOBER

In October, plans were told to build a new Piggly-Wiggly store on the Clovis highway, and an electric football scoreboard was installed in Benny Douss stadium. The Mules beat Dilon 13-12 in the homecoming game, and a Federal Credit Union was organized. Two well known county citizens expired. A. F. "Shorty" Ashford, and county commissioner Tom Morgan.

NOVEMBER

Ms. Tom Morgan was elected in a field of nine to fill her husband's unexpired term of office, and the Muleshoe Mules became co-champs of district 2-A.

DECEMBER

The final month of the year saw the Goodfellows receive more goods than they had need to give them to, and toll free telephone service began to feedmore and Lazbuddie. In December also, merchants enjoyed a nice holiday business, and the year ended with a snow blizzard that resulted in the death of L. D. Rundell near Lariat. Those are some of the things that were told of in the 52 issue of The Muleshoe Journal during 1958. What of the year just beginning? No one knows except that each issue will tell of the joys and sorrows, the triumphs and failures of someone and of everyone residing on the West Plains.

THREE WAY NEWS NOTES

Wedding Shower For Mrs. Pollard Jan. 4

by Mrs. Frank Griffiths
Mrs. Howard Pollard was honored with a miscellaneous wedding shower Sunday, January 4 in the home of Mrs. Frank Griffiths. Hostesses were Meses. Cecil Cole, Buck Ragsdale, Lewie Jordan, W. C. McCelvey, Doyle Davis, Baker Johnson Jimmie Bateas and Griffiths. Refreshments of coffee, hot cider and cake were served from a table laid with a lace cloth over red, centered with an arrangement of red roses in a white milk glass bowl. No Curtailment In Gas Service During Freeze

The bitter cold wave which moved into the West Texas area this past weekend put Pioneer Natural Gas Company's gas supply system to its most severe test in history as all-time high demands for natural gas service were recorded.

Despite the fact that the unusually high requirements broke all previous company records, there was no curtailment of service to any of Pioneer's customers.

The record peak was recorded early Saturday as the temperature dropped to as low as 11 degrees below zero in Amarillo and to zero in the Lubbock area.

Pioneer's new source of gas supply and additional pipeline capacity resulting from recent pipeline construction have so strengthened the company's system that the unusual demands created by the sub-

zero temperatures were met without difficulty throughout the area served by Pioneer.

Numerous additional lines and tie-ins have been provided specifically for the purpose of handling peak loads as they occur. Evidence of the effectiveness of this advance planning was shown by Pioneer's capability to handle the record load last Saturday.

TAKES BUS TRIP TO AUSTIN

Mrs. Lula Gorrell went by bus to Austin to visit her son, Roger, who is attending the University of Texas. Roger is majoring in law. Mrs. Gorrell had a pleasant trip with the exception of the last few blocks. She arrived in Muleshoe at 4 a.m., Sunday morning and had to walk home in the zero temperature because no transportation was available.

ARNOLDS GO TO BELEN

Mr. and Mrs. Lonnie Arnold and Mrs. Kenneth Hall went to Belen, N. M., last week to visit Mr. and Mrs. J. D. Stevenson and family.

Christian Science Services

How prayer and watchfulness bring freshness and newness into human experience will be a topic presented at Christian Science services Sunday.

"Sacrament" is the subject of the Lesson-Sermon. Passages to be read from the Bible include the following from Psalms (51:10): "Create in me a clean heart, O God; and renew a right spirit within me." From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (4:17-22): "Simply by asking that we may love God we never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness."

The Golden Text is from Hebrews (13:16): "To do good and to communicate forget not: for with such sacrifices God is well pleased."

Farm News

Parmer County Farm Bureau News

By Raymond Euler

The March of Dimes annual drive got underway January 2 all over the United States. In Parmer county, it is under the direction of Cary Joe Magness. His workers placed placards and canisters in just about every place of business in the county. The film, "The Challenge", is available from Cary Joe, for any group, club, school, church or anyone who wishes to see the purpose for the continuation of the National Foundation's program, even though polio is being brought under control.

Research in the other fields, birth defects, central nervous system disorders, rheumatoid arthritis, and patient aid in these cases for children up to age 18, will, we believe yield more fruits for all people than the polio program alone, valuable as it is. Members of the county chapter have agreed that education of the people along these lines will cause them to want to give to the March of Dimes. We believe some Parmer county student should be able to qualify for one of the 2,000 scholarships in medical school. School officials will have information for students interested soon.

We are glad to note that in the American Farm Bureau convention in Boston the past month, considerable time and space was given to the discussion of good citizenship and

state's rights and responsibilities. Since every voting delegate in the convention receives a major portion of his income from agricultural production, we feel that the farmers of America still hold a great place in any force toward protecting and preserving the liberties we inherited. Production and monetary gain are very small items compared to the liberty of participating in them.

Only if these liberties are preserved can the opportunity that has made America the preferred nation of the world, continue. Moral uprightness in all things, personal, political and otherwise, are important in this effort toward preservation.

We are not at all proud of the Internal Revenue Department action in taking livestock from the Amish or Menonite people in Iowa for Social Security. These people, very religious, have never been known to ask the government to help them, but have taken care of their own in an admirable, Christian fashion.

We got moved into our new quarters just prior to the holiday season. After we got everything into the building, yours truly suffered one of those sacro-lilac ailments so that things have stayed about where they lit without proper rearrangement. We hope to have everything in shape in a short time now, however.

Most of the things you see when you come in are about like they will remain, so come in and see us anytime. We believe that we will be able to serve our members a little better than in the past, and we will be making every effort to please you.

Farm Bureau people still believe that an effort toward a return to the free enterprise system of operation in farming and industry is urgent, and are working in that direction. They believe that this coming year will prove, to a small extent, the truth of this belief. They believe area farmers will have a little more satisfaction from their farming efforts than they have experienced in some time.

The strength of Farm Bureau lies in an active membership. For that reason it is imperative that you express your views to your local director and insist that he bring those views to his fellow officers and directors. Then, your influence, if it is toward the majority thinking of the membership will be made a part of the Farm Bureau policy of operation.

Your president, Gilbert Kaltwasser and secretary Roy V. Miller have suffered some from the well known stomach ailment symptoms the last week or two. Vice-president Jack Patterson took his family to Georgia over the holidays and so far as we know he has stayed in good health. To our

AGENT'S ANNUAL REPORT

County Agents Make 100s Of Calls, Visits and Demonstrations

County Agricultural Agent J. K. Adams and County Home Demonstration Agent Harriette Jackson, during 1958, made 743 farm or home visits, 2318 office calls, 3265 telephone calls, wrote 90 news stories or articles, made 64 radio broadcasts, distributed 4158 bulletins, and conducted a large number of adult demonstrations during 307 working days for the year.

This and a mass of other information is contained in the current annual report only recently completed by the agents for submission to the Extension Service of Texas A&M College.

There are 11 4-H clubs in the county with 172 boys and 183 girls enrolled. In five Home Demonstration clubs, 10 methods demonstrations were given, and 19 demonstrations were given to 4-H club members on clothing, care of hands and nails, use of cosmetics,

selecting colors, pattern and material selection, and wardrobe planning. The Agricultural Agent reports that a good cotton yield was made, with several demonstrations in fertilizer on cotton carried out. The agent reports 147,000 of the 370,000 acres of cultivated land in the county is irrigated with about

Farm Population Up In Past Year

The sharp decline in Texas farm population which occurred in 1956-57 does not appear to have continued during 1957-58, reports R. L. Skrabanek, professor, Department of Agricultural Economics and Sociology, Texas A&M College.

Skrabanek attributes this temporary reversal partly to the economic recession which tended to retard movement from farms because of a drop in the number of off-farm job opportunities. He said there also is some evidence that the recession caused the return of some workers to farm areas.

The 1958 farm population figure of 1,052,000 represents a decline of 335,000, or 24 percent, from the estimated farm population in 1950. It represents an increase of 34,000 from the 1957 estimate of 1,018,000.

As Texas' total population continues to grow, the proportion of farm population to the total population continues to decline. In April, 1958, farm residents comprised 11.3 percent of the total population, as compared to 17.9 percent in 1950.

This decline represents a continuation of a long-time trend. In 1910, about three of every five persons in Texas resided on a farm. The proportion living on farms continued to fall during intervening years, interrupted only during depression years and brief periods since World War II.

U. S. farm population in April, 1958, was 20,827,000. The proportion of the nation's farm population living in Texas remains relatively the same. In 1957 about 4.99 of every 100 farm people in the nation resided in Texas. In 1958 the state's share was 5.05 out of every 100.

1550 irrigation wells. There were approximately 60,000 acres of irrigated cotton and approximately 40,000 acres of dryland cotton grown.

The trials of vegetable farmers during 1958 were told in the report of 1200 acres of Irish potatoes and 600 acres of tomatoes planted.

In summing up the agricultural picture in the county, the agent notes that the people of the county farms are facing management problems of ever increasing magnitude, based primarily upon the fluctuating labor supply from year to year. In home demonstration work, the agent led in demonstrations on a number of items of particular interest to members of the HD clubs.

The ag agent conducted demonstrations on tomatoes, sweet corn, and potatoes, as well as several fertilizer tests on grain sorghums.

LONE STAR AGRICULTURE

Legislation For The Texas Department of Agriculture In 1959

Improvement and updating of existing state farm laws is first on the agenda of requests to be made of the Texas Legislature early in January of the new year.

Chief among these suggested improvements are proposed amendments to the Texas Egg Law to provide for increased license fees for egg handlers and the addition of a license fee for retailers who are presently licensed without charge. These fees are needed to make

During the winter months hazards around our homes increase. Our walks, steps and porches become slippery from the rains, and are very hazardous. A Comprehensive Personal Liability Policy will give you home owners protection should a visitor, salesman or milkman have an accident on your premises caused from any of the hazards around your home. The cost of this policy is so small that none of us can afford to be without it. For further information just call—

enforcement of the law are nearly self-supporting.

Another proposed change is the Texas Weights and Measures Law, administered by the state Department of Agriculture. It calls for fees to be paid for accuracy tests and regulation of large commercial scales. Commissioner Joh C. White said the added revenue is "absolutely essential to provide funds for replacement of expensive equipment without having to call for new tax money."

White said his department also plans to ask the Legislature to strengthen enforcement of the Warehouse Law by adding a provision to make minor violations punishable as misdemeanors. The law presently provides only for prosecution of felony offenses, leaving a potential loophole for minor offenders.

A new industry-sponsored nursery law will be submitted providing new classifications and regulations for plans revolving into the state. A marketing assistance program for Texas peanut growers will primarily for a peanut research and promotion commission to be set up to work with TDA marketing officials in ex-

panion of Texas peanut markets.

Commissioner White emphasized that his department is "not asking for additional drains from the general revenue fund. The bulk of the cost of improving facilities and enforcing regulations should be provided in the form of fees from those who derive the greatest amount of benefit and service from them," said White. He added that he hopes this legislature will help him achieve his goal of placing the program of his department on a self-supporting basis.

The Man who Appreciates the Finest

BUYS HIS WIFE GAS APPLIANCES

There is often more to an object of art than the mere surface discloses. A man of discriminating tastes has an instinct for evaluating real craftsmanship. This is the kind of man who buys a GAS Range for his wife's kitchen. In appearance, anyone can see its cleanliness of line . . . glamour of design. Most ranges can claim this. But it's in Performance that a GAS Range achieves superiority! For here is a precision-engineered, automatically controlled instrument that removes guesswork from cooking. Closed door, smokeless broiling, instant ignition, and shut off with no heat hang over . . . here is Performance that assures success in the fine art of cooking. Yes, in every way — economy included — GAS gives you more. And where the finest is truly appreciated . . . GAS belongs!

Horace Hutton Outstanding In Soil Conservation District Here

HORACE HUTTON FAMILY

in the kitchen of their home at Three Way, and the favorite room of the house. From left to right Betty, Jerry, Terry, Horace, Sharron and Mrs. Hutton.

Horace Hutton, who farms 1480 acres in the Three Way area, Stegall communities, and who lives in Three Way community, has been named the outstanding cooperater of the Blackwater Valley Soil Conservation District for the year 1958.

Selected by the directors of the district, Hutton will receive the Ft. Worth Press engraved plaque at an early meeting of the Muleshoe Lions Club. Club president Wilbur DeVaux will make the presentation.

Hutton farms cotton, grain sorghum and had 290 acres of Sesame this past year. He has three wells on one quarter section of land, with the remainder dryland.

His conservation practices included deep breaking contour

farming and irrigation by sprinkler system. He also has terraces on his dryland places to cut down on water erosion and wind damage, and also to pick up outside water thru the use of diversion terraces. The Hutton family resides within sight of Three Way school where their four children attend classes. The Hutton children are: Betty, 17, Sharron, nine, Terry, 11 and Jerry, 13 years of age.

Kiplinger Predicts Businss Boom

Business will boom in the 60's, according to a year-end report from the Kiplinger organization on changes and growth during the next decade.

The business boom will flow from population growth, plus rising productivity which will increase the output per man-hour, plus higher incomes, plus the pull of people who want more and better things for themselves, plus the nimble shifting of business patterns, Kiplinger says.

Companies will expand, despite painful and expensive growth. They must add capacity, products, diversity and new outlets as a hedge against the rapid changes that would drive them down and possibly out.

More chains, larger stores and many stores taking on additional lines is the revolutionary picture for merchandising in the 60's. The food store will become a general store, with other things than groceries. The end of the trend is not yet for the super-supermarket. Pre-packaged and frozen foods, requiring more complex equipment, fancier fixtures will all bring on new kinds of warehousing needs. Also there's automation—this tide is rising fast. It means more mechanical equipment and system to replace muscle power. It's a must for domestic business, and it's a must for our foreign trade. Automation downgrades muscle, but it upgrades brains. Increasingly, college graduates

will be lapped up and trained for top executive posts, technical and engineering jobs. And, surprisingly, the lower-echelon jobs such as foreman and supervisor will be filled by college grads.

As business gets to be in bigger units, it will need more trained brains. As it gets more for flung, more responsibility will rest on the individual. Business processes themselves are being upgraded and the men who run them. Automation adds to the need for the trained and the educated in key spots.

Wages and salaries are bound to rise, following the patterns now. Despite higher prices of everything—probably 20 per cent higher by the late 60's—most people will be able to afford more things.

This means a continuation of inflation at about the same rate as in past decade. Savings, pensions, etc., will shrink in terms of what they will buy. Unions will be affected by the growth of white-collar workers, specialists or experts in various fields. Unions will find it harder to unionize effectively. Union leaders are al-

ready foreseeing the trend.

More Women Workers
More women will join the ranks of workers in the 60's. They've got to work, for the growing economy requires that they do work.

Now 60 per cent of women working outside the home are married and run households. The proportion will rise, especially women in the 45-to-54 age group who have raised their children. 45 per cent of the women of middle age will be working by the late 60's.

NOTICE! TO PARENTS of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before Sept. 1, 1959, but will not be 18 or older on or before that same date should be counted in this census. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 21 you are being overlooked and should do one of the following:

1. Phone Supt. Jerry Kirk at No. 7300 or the School Tax Office No. 6720 and ask for a census blank
2. Call in person at the school Tax office and get a census blank and fill it out

Remember, if your child will be six years old next Sept. 1st he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older on next Sept. 1st he should be counted now. All children from six to 18 should be counted. The six years old who start next September to school are the ones most often overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Please read the census blank carefully, fill it out completely, and return it by your child next day to the teacher. Thank you.

Highway Officials Hope For Better Year In Reducing Traffic Accidents

"Texas will enjoy a much safer year on its highways in 1959 if every motorist will recognize driving as a privilege, not a right", J. C. Musick, general manager of the Texas Safety Association, said today.

"A driver's license entitles one to share the use of public roadways", he pointed out. "It does not allow individuals the right to do as they please if their actions interfere with the safe movement of traffic."

"Officials concerned with law enforcement, safety education and engineering activities related to highways hope 1959 will be one of our 'better years' in accident prevention", Musick declared.

"But the key that will unlock a better future is a host of safety-minded individual drivers, proud to be safe drivers", he emphasized.

He described the state's highway network as a "vast outdoor laboratory wherein every person at the wheel faces himself as deserving to be at the head of the class when it comes to proving himself a good driver."

"However", he continued, "the accident occurrences continue at a rate which proves that many drivers have not yet learned their lessons well. They are flunking in their tests at the rate of nearly seven persons killed every 24 hours, and more than 300 persons injured in the same period. The economic losses from auto accidents in Texas for 1958 are expected to run to about 270 millions of dollars."

The safety expert added, "We may be starting a brand new year, but we're right smack in the middle of a long, sometimes-rough winter season when motorists are put to their toughest test."

Musick urged all drivers to: Think for yourself, and at the same time be on the defensive for possible errors on the part of other drivers.

Lengthen distance between vehicles when winter weather turns bad.

Give signals to turn well in advance, realizing that the following drivers back of you need longer distances in which to stop on winter road surfaces.

When you have to stop, use a light pumping action on slick roads. Jamming on brakes may throw your vehicle out of control.

Replace old windshield wiper blades with new, live-rubber ones for clear, streak-free visibility. You must see danger to avoid it.

Keep your vehicle in efficient operating condition, paying special attention to vital winter equipment—lights, brakes, tire chains, defroster, windshield wipers, heater and battery.

Carol Cook Crowned Football Sweetheart At Bula "A" Banquet

The Bula school athletic banquet was held the evening of December 20 in the school cafeteria sponsored by the sophomores class, with mothers of the students preparing the food. Class members were responsible for the table settings and room decorations.

Jimmy Moore, science teacher acted as master of ceremonies, with the invocation being given by H. A. Reynolds, school superintendent. Betty J. It gave the welcome address and Keith Fred the response. Jerry Cox offered the benediction.

Highlight of the evening was the crowning of Miss Carol Cook as football sweetheart by the co-captains, Keith Fred, Bobby Carlisle, and Donald Williams.

Miss Cook was presented a bouquet of red roses and a football necklace.

During the crowning ceremony, the Bulets sang "Remember Today", and "Let Me Call You Sweetheart".

Former coach Claud Morrison, now of Lorraine, was guest speaker of the evening.

At the close of the program, the basketball girls and their coach, Mr. Risinger, were surprised to receive a check for \$100 to help pay their expenses to the Duncanville tournament. Melvin Howard made the presentation.

The room was decorated with red and black streamers dangling from the ceiling with red balloons. Tables were laid with white cloths and centered with red tapers.

Elementary Teacher Tells What Her Profession Means In Prize Essay

EDITOR'S NOTE: This is the second in a series of three essays to be published in The Journal, written by Muleshoe teachers who each won \$500 awards given recently by the Clark Foundation. The one below was written by Mrs. R. E. Everett of DeShazo Elementary faculty.

WHAT TEACHING MEANS TO ME

by Mrs. R. E. Everett

The most important element within the classroom is the child. As an experienced teacher of primary children, I have come to realize through the years, the truth of this statement. Training and experience add meaning and purpose to this most interesting, challenging, and rewarding profession that is teaching.

First, since I consider the child the most important element in teaching, then I, as a teacher, have responsibility to every child within the four walls of my classroom. Every person has certain basic needs which must be satisfied somehow. The home is the most important factor in satisfying these basic needs during a child's pre-school years. It is difficult, if not altogether impossible, to alter an unsatisfactory home environment. However, the school can, to some extent, substitute for the home in providing some of the deficiencies which a child feels. Therefore, I must know and understand the child in my classroom. I cannot effectively teach subject matter without first being familiar with the background of the children in my classes. I believe that the most effective teaching is done by one who understands the problems of the individual child and knows the difficulties he must overcome before learning takes place. Therefore, it is my responsibility to discover, if possible, any distressing situation in a child's life which annoys or hinders, and to try to help him face, accept, and solve his problems; to create in him a desire to rise above this difficult situation, and to help him to enjoy achievement and success on his own level and in his own social group. It is indeed gratifying to guide children into worthwhile activities and interests and to instill in him a sense of responsibility so that he might achieve.

Second, teaching means close cooperation between home and school—parent and teacher.

pupils, but with other members of my profession as well. Fourth, teaching means cooperation with my employers, and with fellow teachers. It means banding ourselves together in a oneness of purpose—the child. It means that I myself, have an obligation to be a good citizen and a good example to those with whom I work, and to be true to the principles for which I stand.

There are many factors which contribute to the meaning of teaching. An attractive school-room adds much to a happy, pleasant atmosphere. An efficient, well trained teacher in methods and in presenting material is necessary. Administrative efficiency with friendly, cooperative teachers is certainly to be desired. A smooth daily schedule contributes to efficiency and to daily accomplishments. But there is one factor which far outweighs all of these and this factor is the child. Knowing how to motivate children for learning is important. A knowledge of how to teach The Three R's or any materials between the covers of a book is necessary. However, year after year, I am more thoroughly convinced that it is CHILDREN I am teaching. It is tomorrow's citizens I am training. It is foundations I am laying for future building so that today's children might have a fuller and more successful life. Therefore, I feel keenly compelled to "keep grinding" so that I might fill a need, bridge a gap, or guide a footstep at the crossroads. This one factor, the child, offers the inspiration, the purpose, the rewards to a teacher. Just give rest, the challenge, and the reward the child—what more do I need?

This is "What Teaching Means To Me".

Delegates To Attend Meet Of Cancer Unit

Five official delegates representing the Bailey County Unit of the American Cancer Society will attend the district III South Annual Meeting of the Society's Texas Division, it was announced this week by Judge Glenn Williams, president.

To attend the District III South meeting which will be held January 21, 1959 in Floydada will be Mr. and Mrs. F. A. Davis, Bill Parker, Judge Glenn Williams and Mrs. Ralph Douglas.

These delegates, Bailey County Unit president stated, will be charged with the responsibility of electing directors for our district who will serve on the board of directors of the Texas Division.

In addition to the election, Judge Williams stated, our delegates will discuss with state and district cancer leaders the problem of developing an even more effective program of cancer control in the communities of our county.

Since we estimate that one-third of the 11,000 Texans who died of this disease last year died needlessly, Judge Williams declared, we feel that our job has only begun.

Farm Tax Guide To Be Out Soon

The popular Farmer's Tax Guide, informational booklet on farm and ranch income tax matters, will be available in the near future. Printing, points out C. H. Bates, extension farm management specialist, has been delayed due to changes made in the tax

laws by Congress. Bates calls attention to several important changes which have been made in the tax code. An additional 20 percent first-year depreciation write-off is now allowed on new machinery and equipment with a limit of \$10,000 set for such purchases on an individual return or \$20,000 in the case of a joint return.

Casualty losses on uninsured business property are now deductible as ordinary income losses, says Bates. In the past if a farmer lost a barn by fire or storm, the deduction for any uninsured loss was offset by capital gains. The loss is now reportable on Schedule F the

same as depreciation and other business expenses.

Too, the law now permits a farmer to carry back an "operating loss" for three years instead of two. Bates points out that this permits a loss in 1958 operations to offset 1955 income on which tax was paid.

Bates urges all agriculturists to keep their "business fences" in top shape, and consult a representative of the Internal Revenue Service or a competent tax accountant on important tax questions. Local county agents, he adds, will make an announcement when the Tax Guides are available.
