Area Schools Begin New Term Monday

Schools of this area, including Bailey County schools, Muleshoe, Bula, Three Way, and nearby Lazbuddie, will begin new terms the coming Monday morning, August 29.

Registration of students in various classes has been carried out this week. Faculty of the schools seem fairly complete and all is in readiness.

In Muleshoe, the schools with a new superintendent, Neal Dillman, and several other new faculty members, including a new school principal, a new football coach,

and a new band director, look forward to a great year. Patrons and students alike will find a new, strict policy in regard to absenteeism, and The Journal advises everyone to read in that connection a report of the school board's called meeting Tuesday night of this week.

Buses will run and the school board's called meeting Tuesday night of this week. Buses will run and the school lunchrooms will be open Monday, the 29th, opening day of the new term.

First Football Game
First football game of the

new season will be unveiled in Muleshoe's Benny Douglas stadium next Friday night, September 2, Mules vs. Clovis, Sept. 2. Fans will discover that seating of local people will be in the west this year, seats for visitors will be in the east stands. Season reserve seat tickets are now available.

Band To Stand Out
In the first place, the Mule band this year will be under the guidance of a woman director. She is Miss Kathy Phillips, who served as band director of Memphis, Texas, high school 1954 to 1958. During the last two years she has been

teaching with the American Independent schools on Okinawa. She has an outstanding record as band director at Memphis. The Band Boosters have provided a surprise or two for the fans, watch for it.

The football team has a new head coach, Jake Halter, who comes here from Lubbock. Assistants include Louis Powers, Bill Taylor, and George Washington. Halter succeeds H. W. Callan, coach last year, who now steps into the job of high school principal, succeeding Bill Parker in that post.

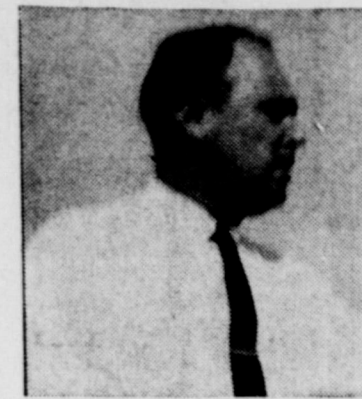

Muleshoe Golf Tourney Getting Underway Today

Qualifying rounds are being played today, Thursday, for the fourth annual Muleshoe Invitational Golf Tournament at the Muleshoe Country Club.

Match play will begin Friday and run through Sunday afternoon. Finals will be played Sunday afternoon.

A barbecue will be held Thursday night for contestants and club members. The noon meal will be served Friday, Saturday, and Sunday by the Women's Golf Association.

For the luncheon Sunday, the general public is invited. Plates for adults will be \$1.50 and for children \$1.00.

To FEED SWIFT ANIMALS

Huge Cattle Feeding Plant In Operation

Completion of a large capacity cattle feeding plant at Muleshoe is expected within thirty days, H. D. King, owner told The Journal this week.

He said work on the first unit of some 70 lots and the feed mill will be pretty well finished in that length of time, but that cattle feeding already is being carried on in the plant. Capacity of the lots is 100 to 135 head, depending upon the size of animals on feed.

Some twenty more lots will be added next year and the plant then will have a capacity of ten thousand head and more.

To Feed Swift Cattle
King said that the plant will be used for feeding his own cattle and that of the Swift Packing Company, which expects to use about 60 of the lots now constructed.

Swift cattle are expected to begin arriving to be placed on feed here about September 1.

Lee Dunbar, Swift Company resident nutritionist, has been assigned to the local operation. He and Mrs. Dunbar and their children have moved here and have purchased a home in Muleshoe. They come from Firebaugh, Calif., near Fresno, where he was with a similar Swift feeding program, and he has been employed by Swift for eight years.

Using Local Feedstuffs

King pointed out that the feeding operation can be expected to use some 40 to 50 million pounds of sorghum grains, and 6 to 8 thousand tons of hay, both of which are grown locally and will be bought here. He estimated that

45,000 tons of locally grown and processed ensilage will be bought and stored this year for the feed lots.

The cattle will need large amounts of hulls, meal, etc., and King believes the operation at Muleshoe will tend to better market conditions, therefore, for cotton growers of the area, for hulls and meal. He sees definite benefit to the area economy from such feeding programs.

Mill Nearly Finished
The plant has its own feed mixing and processing mill, which is nearly complete, and already is being used in part it was said. King now has several hundred head of his own cattle on feed in the lots.

The mill and plant has a capacity to produce 30 tons per hour. The operation will require the services of from 10 to 18 men regularly, the number depending upon cattle population being fed out.

U. N. Trip Speech At Progress Sunday

Ronald Bellamy, of Sudan, winner of this year's Pilgrimage to the United Nations, will speak the coming Sunday, Aug. 28, at Progress Methodist Church.

He will tell about his trip and will illustrate it with slides. Everyone is invited to be present and hear Donald's interesting program.

C of C Officers, Directors To Be Elected

Members of the Muleshoe Chamber of Commerce will receive ballots in the mail next week, with which they will select new officers and four new directors for the Chamber, for a period beginning January 1.

Candidates on the ballot are as follows:

For president: Robert Alford, vice-president of First National Bank, and Owen Jones, engineer for Bailey County Electric. For vice-president: Norman Thomas, vice-president of Muleshoe State Bank, and Earl Harris, Western Auto Store. For treasurer: Dr. W. B. McSpadden, West Plains Hospital, and Roy Whitt, Lenderson Implement Co.

Directors Nominated
For four directors, the candidates are:

Harold Allison, farmer; Ray Daniel, Daniel Insurance; Frank Ellis, Singleton Funeral Home; A. J. Black, Black Optometric Clinic; Jody Blaylock, Muleshoe Sign Service; Bill Wimberly, Texas Sesame Seed Growers; James Jennings, Jennings, Insurance; and J. E. McVicker, Peerless Pump Co.

Retiring directors are Lindal Murray, Gilbert Lamb, Alex Williams, and Cayle Reed.

Ballots Needed Sept. 6
Members will vote for the first time under new provisions of the Chamber Constitution, which provides for the election of officers, as well as directors, by the membership.

Ballots must be returned to the Chamber office no later than September 26, in order to be counted.

STENSO Stencils, lettering guides, decal letters and numbers at The Journal.

Rev. Walker Trinity Pastor

REV. WALKER

The Rev. Troy Walker, of Plainview, has been called to the pastorate of Trinity Baptist Church of Muleshoe. He will assume his duties here Sunday, August 21, however, Rev. Walker has assisted during the church revival, held last week by the Rev. J. E. Moore of Abilene, former pastor of Baptist churches in this country.

The Rev. Walker was educated at ENMU, Portales, and served New Mexico churches as pastor for 10 years. He has been at the Plainview church three years.

The Walkers have three children: Alvin, 10, Zon, 5, and Keila, 2.

Muleshoe Melons Being Featured In Local Stores

Muleshoe watermelons are being featured in food stores here this week. The savory melons are just coming on the market from the many fields around the area.

Three stores which have advertising in this week's paper are specializing in the homegrown products this week: Cashway, Piggly Wiggly, and Waggon Food Store. The latter has stocked them, though they didn't mention it in their ad.

It is a patriotic gesture to feature homegrown products; The Journal can add that there are no better looking and no better eating melons on the market than those grown right here in our own fields.

ONE FOR EACH SCHOOL

Four PTA Chapters Formed In Muleshoe

On the threshold of another term of school, patrons of the Muleshoe district met and decided to form four PTA groups here, one for each school. Until now there has been only one PTA Chapter, embracing all the schools.

Several years ago, there were two PTA groups, one for high school, another for the grades. Now there will be PTA chapters for high school, junior high school, Mary DeShazo Elementary, and Richard Hills Elementary.

Nominations In Order
The meeting Monday night elected members of nominating committees for each new

Revival Meeting Begins Sunday At Longview

A revival meeting will begin at the Longview Baptist Church Sunday, August 28, to continue through Sunday, Sept. 4.

The Rev. Wayne Bristow, Bailey County raised, will be the evangelist for the meeting. Wayland Ethridge will lead the song service.

Services are to be at 10 a.m., and 8 p.m., with prayer services at 7:30 p.m.

The Rev. V. P. Whitfield, pastor, has issued a very cordial invitation to all to attend these services.

Teachers Honored With A Luncheon

Teachers for Muleshoe's school system were welcomed officially at a luncheon Thursday. One hundred and thirty-six of Muleshoe's friendliest people turned out at Leigton's Restaurant to greet the 1960-61 version of the Muleshoe faculty.

Mr. G. P. Kuykendall, Muleshoe's first chairman of the school board in 1915, picked up all the interest as an unannounced guest. He emphasized that Muleshoe's greatest asset is its teacher. A community can have all the ingredients for success and growth but if it is without teachers its future is dubious.

The invocation was given by Rev. Horace Brooks and pleasant dinner music was smoothly performed by Coralyn Hicks at the piano. Master of ceremonies was Mr. Jack Young. Earl Harris delivered a short welcoming speech on behalf of the City of Muleshoe.

Mr. Neal Dillman, Muleshoe Superintendent of Schools, introduced the school principals. They in turn introduced each

BARBECUE TO FOLLOW TOUR

High Plains Research Field Day Is Sept. 14

The Fourth Annual Field Day of the High Plains Research Foundation will be held Wednesday, September 14, at Halfway, Texas, Frank

Moore, p resident of the Foundation announced.

Tour of the research plots will start at 1:30 p.m., and continue until 5 p.m. A barbecue will be served all visitors at 6 p.m., followed by an evening program.

Visitors will have an opportunity to see the expanded research programs with cotton, and the new basic plant breeding program with soybeans and sesame.

Other points of interest include the new research program on weed elimination with flame cultivation; fertilizer studies with cotton, grain sorghum, and castor beans; variety tests on grain sorghum, soybeans, corn, castor beans, and sesame; and irrigation valuation, water conservation, and the recharge well.

In addition to the farm tours, a farm machinery exhibit will show the latest development in farm, irrigation, and agricultural aviation equipment.

The average attendance for the first three Field Days was 2,000.

10 YEARS OF PROGRESS AT PROGRESS

Progress Baptists To Dedicate Church Building Sunday

Ten years ago, the First Baptist Church of Progress was organized and a building was built, completed and dedicated on May 14, 1950. Rev. Ed Campbell of Portales, N. M., was called to pastor the church, which at that time had only 49 members. Today the church has grown to 190 members on the church roll and is in much need of additional space and equipment.

The first of this church year which began October 1, 1959, the church voted to enter the Texas Baptist Achievement Program. The church's greatest accomplishment for the year is the 40 that have been converted and baptized and the 21 that have joined the church on promise of a letter.

Due to the expansion program which has come because of the additional people, the church will now need 35 Sunday School workers. The church now has the auditorium, fellowship hall, pastor's study, and library, nine classrooms (new), nursery, kitchen, and two new rest rooms. The grounds have been landscaped, natural gas has been installed to replace the butane system.

The various committees which have worked in the building program have worked faithfully and hard to bring their work to a conclusion. Those on the building committee are: R. M. Gibson, chairman; Elmer Eason, and Elton Gulley.

The decorations committee is composed of Tommy Grubbs, chairman; Mrs. Elmer Eason and Mrs. Leonard Redwine. The Finance committee has as its members E. W. Locker, chairman; Sam Blackwell, and Carroll Davis.

The furnishings committee is composed of Mrs. D. L. Redwine, chairman; Mrs. Elton Gulley and H. T. Peugh. Each of these committee members are to be commended for the time, effort, and thought they have put into their part of the work.

Others who have been of great assistance to this building program have been J. W. Caldwell, church architect; consultant for the Baptist General Convention of Texas, Adam A. Bliss, architect of Dallas, M. E. Lee, the builder, Dave Coulter, the electrician who did our electrical work. Lambert Plumbing, and Tommy Grubbs the decorator, and Lane Furniture who installed the linoleum and carpet. Now that the additional

space has been finished, Sunday, August 28 has been set aside for dedication day for the new building. Activities will begin with Sunday School at 9:45 a.m., with a goal set to have 150 present for Sunday School. Then the morning worship services will follow, with Rev. J. Henry Cox of Brownfield to bring the morning message. Following the morning services, lunch will be served by the ladies of the church in the new fellowship and dining hall.

The afternoon services will begin at 2:30 with the song service, and then the church history, dedication services, special music, and recognition of the laborers and will conclude with an inspirational message by Dr. Franklin E. Swanner, District Missions Secretary of District 9 of the Baptist General Convention of Texas. It is hoped that several of the former pastors will be present for this service.

Dedication Committee
Dedication Day committees have worked well, and will be ready to help you in any way possible as you come to worship with us this day. The program committee is composed of Phillip Garrett, chairman, Mrs. Elmer Downing and Mrs. Elton Gulley. The invitations committee is made up of Mrs. D. L. Redwine, chairman, Mrs. D. O. Smith, and Mrs. A. Griffin.

The foods committee is composed of Mrs. Joe Carroll, chairman, Mrs. H. T. Peugh, Mrs. Tom Morgan, and Mrs. M. L. Shipp. The grounds committee is made up of J. W. Barber, chairman, Roy Lockett, Melvin Morrow, and Sam Blackwell, along with all others who they can get to work on the grounds. On all these committees with Earl Harris is the pastor, Bro. Elton Gulley.

The photographer for the church is Mrs. J. W. Barber, and the publicity chairman is Mrs. M. O. Nigh.

The church would like to extend a welcome to all the people of the Progress community and to all its former members to come and be with them on this day, a day of worship, praise and thanksgiving for all the blessings of God.

Muleshoe Melons Move To Markets

More locally grown products are leaving for the market to spread the word of Muleshoe area quality vegetables.

Just coming on the market are Muleshoe watermelons, called by many the ultimate in melon eating goodness.

As one example, a big truck load of melons left this week for an Arizona destination; it was said some will go on to make glad Los Angeles melon fanciers.

The handsome Black Diamond melons were grown by Don Sumrall and Ira Martin. Sumrall has 45 acres of melons, Martin about 60. The truck had a load of 35,000 pounds, the melons appearing to average about 40 pounds,

just right for most families. Mr. Martin, who operates the Martin Vegetable Shed on Clovis highway, said a fair price is being received for the melons this year.

The buyer of the above mentioned load told Mr. Martin he wants regular truck shipments during the season.

Several years ago, there were two PTA groups, one for high school, another for the grades. Now there will be PTA chapters for high school, junior high school, Mary DeShazo Elementary, and Richard Hills Elementary.

The meeting Monday night elected members of nominating committees for each new

PTA chapter. These committees will meet during the present week, formulate slates of officers and directors.

On registration days they are having tables where patrons of the various schools may enroll for membership.

Committees named are: Mary DeShazo—Fred White, Mrs. A. J. Black, and Alex Williams.

Richard Hills: Frank Ford, Mrs. Lois Witherspoon, Mrs. Charles Lennan.

Junior High: R. E. Everett, Mrs. James Jennings, and Mrs. Robert Blackwood.

High School: H. W. Callan, Mrs. D. E. Lancaster, and Mrs. L. T. Green, Jr.

Douglas-Kersh Vows Are Read In First Methodist Church Aug. 21

MRS. CHARLES WYATT KERSH

First Methodist Church was the scene of a double-ring ceremony at four o'clock Sunday, August 21, which united in marriage Miss Lorna Gay Gouglas, of Muleshoe, and Charles Wyatt Kersh of Brownfield.

Rev. M. Horace Brooks, pastor of the church, officiated as the couple stood before an altar decorated with pink gladioli, tall tapers and greenery. Parents of the bride are Mr. and Mrs. Ralph W. Douglas, of Muleshoe. Mr. and Mrs. Charles S. Kersh, of Brownfield, are parents of the groom.

Traditional wedding music was furnished by Miss LaVon Copley, of Muleshoe, organist, who also accompanied Mrs. Donnie Gene Bowman, of Canyon, as she sang "Because" and "Whither Thou Goest."

Escorted and given in marriage by her father, the bride wore an original gown of white silk organza and Chantilly lace over satin. The elongated bodice featured lace appliques at the Sabrina neckline and long pointed sleeves, with lace appliques at the wrist. Tiny French molded buttons down the bodice back joined the voluminous skirt fashioned with scalloped lace panel, ending in chapel train.

Her veil of French illusion was caught up in a crown of iridescent seed pearls and orange blossoms. The bridal bouquet was gardenias and Stephanotis atop a white Bible. She wore an antique pearl lavallier, gift of her paternal grandmother and carried for "something old" a hand-drawn handkerchief carried at the wedding of both her mother and maternal grandmother. In her left shoe was an English sixpence minted in the year of her birth.

The matron of honor was

Callahan-Lindley Vows Are Read Saturday, Aug. 13

Tech Sgt. Al Callahan and Dean Lindley were united in marriage Saturday, August 13, at 8:00 p.m., in their new home they had purchased. Rev. Joe Moore performed the ceremony.

The bride is the daughter of Mr. and Mrs. Cary Trotter of Littlefield and the groom is the son of Mr. and Mrs. Homer Craig of Bedford, Indiana.

The bride was wearing a lovely pink filmy dress, featuring a scoop neckline, pleated skirt and puffed sleeves. Her accessories were black patent.

The matron of honor, Mrs. Eldon Trotter, sister-in-law of the bride, was wearing a beige silk dress with beige accessories. Serving as best man was Eldon Trotter, brother of the bride, of Littlefield. Celia Lindley, daughter of the bride, served as flower girl. She was dressed in navy blue and white. Stephen and Gordon Lindley, sons of the bride, also assisted in the wedding.

A small reception was held at the NCO Club at Cannon Air Force Base, given by friends of the couple.

The groom is stationed at Cannon Air Force Base in Clovis. He has eighteen months more to serve in the Air Force. Mrs. Callahan is owner and manager of the Muleshoe Credit Bureau.

After a wedding trip to Bedford, Indiana, the couple are at home at 502 Dallas St.

Mrs. Sam McKinstry Has Returned After Two Month Absence

Mrs. Sam McKinstry has returned home after a two month vacation.

She visited with relatives in Greenville and Dallas in July. Later visited with her sister at Hagerman, N. M. Then she spent some time with her daughter, Mrs. Kenneth Osborn and family in Lovington.

Friday Mrs. McKinstry and Nan Allison were in Lubbock for the day. Mrs. McKinstry attended the first meeting of the South Plains Music Teachers Association. Some fifty teachers met in the ballroom of the Lubbock Hotel for luncheon, with Mr. B. E. Acker as host. Guest speaker was Dr. John M. Anderson, coordinator of music of Lubbock Public Schools.

Mrs. McKinstry will begin registration Monday, August 29 through Friday, September 2, and piano classes will begin Monday, September 5.

Miss Barbara Jane Buckley of Denton, cousin of the bride, registered the guests. For traveling the new Mrs. Kersh wore a navy raw silk sheath topped by a waist length jacket with white linen collar. Her accessories were black lizard, with small black velvet hat.

The bride received a bachelor of arts degree from West Texas State College August 19 and will teach in Brownfield high school.

Her husband is a graduate of Brownfield high school and attended Texas Tech and West Texas State College. He is associated with his father in Kersh Implement Company in Brownfield.

After a short wedding trip the couple will be at home at 1001 Lons Street, Brownfield.

Dalton-Spies Vows Are Read Aug. 13

Miss Carolyn Dalton became the bride of Gene Spies in a lovely ceremony performed by Rev. E. D. Hoard, pastor of the Progress Baptist Church, Saturday, August 13, at 8:00 p.m., in the home of Mr. and Mrs. Joe Carroll.

Miss Dalton is the daughter of Lowell Dalton and the late Mrs. Dalton. The groom is the son of Mr. and Mrs. Joe Carroll. All are residents of Muleshoe.

The bride, given in marriage by her father, was wearing a ballerina length gown of white chantilly lace over satin. The short jacket featured long tapered sleeves and a stand up collar. Her veil of illusion fell from a crown of lace. Her bouquet was of carnations and orchids accented with white streamers.

The matron of honor was Mrs. Dawl Johnson of Odessa, sister of the bride. Jerry Spies of Earth, brother of the groom, served as best man.

A reception was held after the ceremony with Mrs. Jerry Spies serving the guests.

For their wedding trip to Lubbock, Mrs. Spies was wearing a black cotton dress which featured a full skirt and short jacket, lined with black and white polka dot cotton. The dress also featured a black and white polka dotted cummerbund. Her accessories were black. Her consage was of white orchids.

The groom is employed with Sneed Supply in Muleshoe and Mrs. Spies is employed at the Dinner Bell Cafe.

MRS. LOWRY MALLORY HONORED WITH COFFEE

Mrs. E. O. Baker and Mrs. Ernest Kerr entertained with a coffee Thursday morning for Mrs. Lowry Mallory of Lafayette, Calif., daughter of Mrs. Baker, and sister of Mrs. Kerr, in the E. O. Baker home. In the receiving line were the honoree, Mrs. Baker and Mrs. Kerr. Pamela Kerr registered the guests.

Mmes. Bernad Phelps, B. Z. Beatty, J. M. Forbes, Roy Jordan, Harold King, M. D. Gunstream, and Jim Rentrow were in the house party.

The table was laid with a white Maderia cloth with appointments of crystal and silver. About sixty guests called during the hours 9 a.m. to 11 a.m.

GA'S MEET AT CHURCH

The G. A.'s of the Longview Baptist Church met recently with Kay Killingsworth presiding.

Carolyn Whitfield gave a report on the last meeting. The lesson was on "Forward Steps". Members present were Kay Kittrell, Gayle Seagrove, Kay Killingsworth, and Carolyn Whitfield.

The Fred Johnsons Are Hosts For A Barbecue Supper

The backyard of the Fred Johnson home set the scene for a delightful barbecue supper given for members and guests of the ESA sorority Tuesday night, August 23.

Those enjoying the festivities and good food were: Ernest and Marlene Martin, Jim and Margaret Franklin, David and Nancy Stovall, Ray and Jo Purdy, Anna Copeland, Marjorie Precure, Houston and Laura Bartlett, Phil and Jean Gillespie, Robert and Ann Alford, Jim and Lanetta Small, Roy and Johanna Wrinkle, Robert and Maurize Hooten, Donald and Gwen Moore, and Fred and Evelyn Johnson.

Committee is Named For Rebekahs Aug. 23

Fern Davis, Mary Finley, Barbara Burton, Grace Kemp, and Ina Owen were appointed to serve on the refreshment committee during the regular meeting of the Muleshoe Rebekah Lodge, which met Tuesday night, August 23. N. G. Grace Morgan presided.

Arglene Miller is the musician for this term and Lena Hawkins is left supporter of the Noble Guard.

Eleven members enjoyed refreshments of cookies and punch served by Grace Morgan and Ona Berry.

Catholic Youth Meet In Plainview Aug 18

The annual Catholic Youth Convention for the Amarillo Catholic Diocese met in Plainview Wednesday, August 18, with the following from immaculate Conception Catholic Church in Muleshoe attending:

Mike Cabrera, Celia Duran, Louis Flores, Olivia Flores, Lydia Flores, Ophelia Flores, Orala Lopez, Delia Porres, and Frank Sadula.

Because of the large travel distance and the possibility of many delegates, two annual Catholic Youth conventions were booked in the Amarillo Catholic Diocese in 1960. One in Plainview and the second in Snyder Wednesday of this week, August 25.

McClellands Feted On 2nd Anniversary

Harold and Joyce McClelland were pleasantly surprised Tuesday evening upon being invited to a 2nd Anniversary supper and found sixteen guests at the Travis Butler home.

Those present were: the host and hostess and their children; Mr. and Mrs. J. W. Holmes and children, Mr. and Mrs. Ellis Mieke and children, Mr. and Mrs. Calvin Mieke and children, and Mrs. Bea Vinson.

Lovely gifts were presented to the couple and a wonderful evening was had by all.

Mrs. W. Q. Casey Has Luncheon For Club

A lovely luncheon was served in the home of Mrs. W. Q. Casey for the members of the Muleshoe Study Club Tuesday, August 16.

The ladies who enjoyed the meal were: Honorary members, Mrs. E. K. Shepherd and Mrs. Horace Brooks, new members, Mrs. Neal Dillman and Mrs. R. O. Gregory and members, Mmes. W. T. Andrews, T. R. White, Eddie Lane, Sherman Sweetmon, Gil Lamb, J. G. Ann, O. N. Jennings, Verney Towns, and Harriette Jackson.

Mrs. Verney Towns gave an interesting lecture on Parliamentary Procedure in which she quoted Paul, "Let all things be done decently and in order."

Sandra Harris In Charge of Program

Sandra Harris was in charge of the recreational program for the MYF of the First Methodist church which met Sunday evening, August 21, at 6:00 p.m., at the church.

Following the games and songs, the 31 young people met in the Youth Chapel for a devotional given by Magann Lamb.

It was reported that an inspiring and very enjoyable time was had by the 26 young people and counselors who went to "Holy Ghost Canyon" in New Mexico.

Also Wednesday night, August 24, the MYF met at the home of Buddy Blackman for a summer party. After the party the group attended a council meeting at the home of Gary Albertson.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960. HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

- Research 1. Establish a Cotton Research center at the Pilot Spinning Plant at Texas Tech for fiber and spinning research on Plains cotton. 2. Continued Dry Weather Holds In Bailey County

by Vern Foltz

West Texas had lots of temperature in the week just ending, but little rain. Just like Augustotta be.

Scattered showers abounded in the area; a severe weather alert was issued for the Panhandle; tornadoes were sighted to the southeast; hail damaged crops 7 miles south of town; and Muleshoe ("The Lucky City") came out of it all with no rain.

Our total precipitation for the month of August stands at 1.70, not far from our conservative estimate for August of 2 inches. This places our 1960 rainfall total at 15.33.

The U-Bar City enjoyed a cool spell and .05 rainfall last Thursday and then summer returned. Here's the way the temperatures ran:

Date	L	H
Fri.	58	89
Sat.	60	93
Sun.	63	93
Mon.	65	92
Tues.	66	96
Wed.	66	97

The next three weeks will come up with very little precipitation in Bailey County. Rather dry conditions will prevail until about September 15. About that time we may have some general rains. Following the 15th the Muleshoe country will be in a wetter period. Above normal precipitation will prevail for the last half of September and through all of October. Although November will still be above normal, not much is required to make that month come out in the wet category.

(I am tempted to make some comments here about what the temperatures will be like for the coming months, but since it is getting close to the end of the First Freeze Contest, I shall refrain from such comment lest I mislead some good guessers.)

PUBLIC HEARING ON PROPOSED COUNTY BUDGET

Acting in my capacity as County Judge of Bailey County, Texas, I am hereby authorized to give Public Notice and notice is hereby given to the citizens of said Bailey County, Texas, as authorized by law, that a public hearing will be held in the Commissioners' Courtroom at the Bailey County Courthouse on the 2nd day of September, A. D. 1960 at 10:00 A.M. on the proposed County Budget for the year beginning on January 1, 1961, and the Commissioners' Court will consider said budget after the hearing had on said date. Any Taxpayer and the General Public are invited to attend and participate in said hearing at said place on said date and hour hereinabove stated.

Witness my hand and seal of office this the 24th day of August, 1960.

GLEN WILLIAMS,
County Judge,
Bailey County, Texas 2t.

County Launches Mosquito War

An Emergency Mosquito Control Program is being launched throughout a 12-county area of the Panhandle and South Plains for the purpose of controlling Encephalitis. Bailey County is included, and the other counties are:

Lubbock, Crosby, Floyd, Hale, Swisher, Castro, Parmer, Hockley, Deaf Smith, Lamb, and Cochran.

The officials of the State Department of Health along with local doctors and public officials are concerned about the danger of another outbreak of Encephalitis in this area. For that reason requests were made to the office of Civil Defense for emergency funds to poison the mosquitoes before such an outbreak occurs. Officials who know say this is the time of year that the mosquitoes that cause Encephalitis generally make their appearance. In fact, they are already showing up in places and some cases of Encephalitis have already been reported.

The program is under the direct supervision of the local county government, and will be paid for by the county. But the office of Civil Defense will reimburse the county for the expenses incurred. Budgets have been

approved for each of the counties for larvicide, equipment rentals and labor and the counties will be reimbursed in accordance with their approved budgets.

Lakes and other breeding places located within an approximate radius of one and one-half miles of the more thickly populated areas of the county will be sprayed with larvicide. They will then be checked periodically to see that mosquitoes are not breeding there.

Then the more thickly populated areas will be treated, as needed, with dust to kill the mosquitoes that remain. The dusting will be done at night.

Mosquitoes generally breed in wet spots where there are tall weeds, grass or bushes growing. All citizens are urged to examine their premises, especially around their air conditioners, trash barrels, alleys and irrigation ditches, to locate and destroy if possible, any potential breeding places they might have.

Local officials from the twelve counties met in Plainview August 16, and received instructions relative to the operation of the program. County Judge, Glen Williams, attended from Bailey County. W. C. McCelvey was employed by the Commissioners' Court as supervisor. He has brought the luting machine in, the larvicide and dust have been ordered and work will begin as soon as it arrives. It is thought that about six weeks time will be required to complete the program.

Judge Williams said the City of Muleshoe is cooperating fully with the county in this emergency program, and is doing an admirable job of eliminating mosquito breeding places.

79 Acre Feet Water Restored

Seventy-nine acre feet of water was drained by gravity flow into the underground water sand from the Playa lake on the High Plains Research Foundation at Halfway between July 4 and August 4, 1960. Since June 19, 1959, one hundred and eighty-five acre feet of lake water has been stored in the underground sand from the lake.

The value of one acre foot of water applied to cotton has been estimated at \$65.00 an acre foot. If this 185 acre feet of water had been used to irrigate cotton the value of the water thus applied would be \$12,025.

This water thus stored was saved from evaporation and added to the underground water supply for future irrigation. This added water supply will be the first used in subsequent irrigations.

The recharge process, bench leveling, and other water conservation research will be displayed at the Foundation's Fourth Annual Field Day on Wednesday afternoon, September 14.

Tech Officials At Muleshoe Club Meeting Aug. 30

Followers and well wishers of Texas Tech College athletics and sports fans in general will have the opportunity to meet and talk with several representatives of the athletic department of the college in a meeting here August 30. Muleshoe Red Raider Club is sponsoring the meeting.

Coming are Jimmy Wilson, business manager for athletics; a member of the coaching staff; and Leete Jackson, executive secretary of Red Raider Clubs.

In addition to talks from the men mentioned, a film depicting highlights of the Southwest Conference 1959 football campaign will be shown, a Club spokesman said.

At the same time, local people will be given the opportunity to purchase individual game seats, season tickets, or to buy seat options. The meeting here will be at the Country Club, and is for everybody in the community who would like to attend.

COMPLETES TRAINING AT FT. BRAGG, N. C.

Corporal Stanley Wayne Rothell has recently completed six weeks of electronics school at Ft. Bragg, N. C. He is the son of Mr. and Mrs. Cranford Rothell of Faxon, Okla., and the brother of Janette Curry of Muleshoe.

He was a student of Muleshoe high school in 1958.

Decision Day In FB Queen Contest Looms

The Municipal Garden and Art Center in Lubbock will be the site of the annual District 2 Farm Bureau queen contest and Talk Meet, September 1, according to an announcement by H. L. (Hub) King, of Brownfield, district director. Bailey County's queen contestant is Miss Yvonda Taylor, and a nice candidate she is.

The event will get underway at 7:30 p.m., at the Center which is located at 4215 College Ave. County Farm Bureau queens and Talk Meet entrants from all over the district, which comprises some 18 counties, will participate.

For the queen contestants, the Lubbock elimination will be the second step in the quest for the coveted Texas Farm Bureau crown. The winner will represent this district in the state finals to be held in conjunction with the annual TFB convention in November in Dallas.

Expenses of the district queen and her matron escort attending the state convention will be paid by the state organization, and the winner in Dallas will receive \$500 to defray expenses for her and her matron escort attending the American Farm Bureau Federation convention in Denver, Colo.

The Talk Meet contestants will likewise compete for a chance to attend the state convention and engage in the state Talk Meet, with the opportunity of going on to Denver and participating in a Talk Meet sponsored by the American Farm Bureau Federation. This is the first year that Texas has engaged in the national Talk Meet activity which is open to both boys and girls.

Lions Observe 20th Birthday

The twentieth anniversary of the Muleshoe Lions Club will be commemorated on September 27, with a Charter Night banquet at Leigon's, according to J. E. McVicker, president of the club.

The banquet will mark the 20th year for the Muleshoe club, and a brief history of civic accomplishments will be a highlight of the program. An outstanding speaker from Lions International will also be featured. Wives of club members will be special guests.

The following charter members of the club will receive special pins and certificates: Pat R. Bobo, Sam E. Fox, A. J. Gardner, Charles L. Le-nau, Cecil H. Tate, and Tye C. Young. All have been members since the club was founded here.

Special certificates and pins will also be awarded Lion Lee Pool for 20 years membership; Rufus Gilbreath, W. D. Moore, and W. F. Birdsong for 15 years; and to N. L. Johnson, J. V. Peeler, and T. M. Slemmons for 15 years memberships.

Lion Jack Morris is chairman of the banquet committee.

Mules Working Hard For Coming Football Season

The 1960 edition of the Muleshoe Mules have been "hitting it" for the last couple of weeks, getting in shape for their season of gridiron battles. The Mules, facing their toughest schedule ever, have been out on the field every morning and afternoon, working on their of-

fense and defense, blocking and hitting.
Coach Halter, with assistants Bill Taylor, George Washington, and Louis Powers, have been putting in long hours, smoothing out the rough spots, and getting the boys functioning as a team.

Returning lettermen for this year's action include Jimmy Patton, Ronald Julian, Jerry Wright, Mike Barron, Bob White, Jim Young, Curtis Walker, Billy Gilbreath, Gary Pierce. "B" team lettermen trying for berths on the varsity are Dixon Ray, Frosty Jones, Travis Creamer, Bennie Moore, Stacey Lackey, Wayne Malone, Freddie Stewart, Kenneth Splawn, Rodney Blackwood, Mike Cabrera, and Rex Miller.

Tuesday night the Mules traveled to Farwell for a scrimmage game with the Steers. Farwell, with more experience and weight, pretty well dominated the play. The Mules showed a lot of hustle and spirit, but proved they needed more experience. A lot of Muleshoe fans followed the team to Farwell, in fact there were more there from Muleshoe than there were from the home town.

This afternoon the team travels to Plains for a scrimmage game with the always tough Cowboys. These scrimmage games are ways to make adjustments and see how the boys are working in their respective spots.

LOST SEVEN LETTERMEN

Mules Getting Ready For Tough Schedule; Meet Clovis In Opener

Next Friday night, September 2, the Mules will raise the curtain on the 1960 football season as they host the tough Clovis Wildcats here at Benny Douglas Stadium at 8 p.m.

This will be the fourth meeting between the two teams. Muleshoe won the first game 14 to 13. The next game, in 1958, ended in a 6-6 tie. Last year the Wildcats clawed the Mules 26 to 13 at Clovis. The series now stands even, with the winner of this year's contest going out in front by one game.

Boys who will probably see

lots of action are: ends, Patton and Blackwood; tackles, Julian and Barron; guards, Malone and Wright; center, White. In the backfield will be Gilbreath at quarterback, Young and Walker at the half-back posts, and Pierce at full-back.

Lost from last year's squad are Derrell Oliver, Lyndal Black, Peanut Hawkins, Joe Childs, Pat Childers, Leland Dean, and Bob Camp. James Shepherd, who will be a senior this year, was counted on for a starting position, but has a knee trouble and will be out of action for the year. Another one is Jimmy Vabrera, fleet footed halfback, who broke his collar bone, will be out of action about six weeks. He hopes to be ready to roll before the last four games of the season are over.

Lazbuddie Longhorns Football Schedule

The Lazbuddie Longhorns will be opening their grid schedule next week. The schedule for the fall season is as follows:

- Sept. 9, New Deal, there.
- Sept. 16, Farwell, here.
- Sept. 23, Cooper, here.
- Sept. 30, Quitaque, here.
- Oct. 7, New Home, there.
- Oct. 14, Open Date.
- Oct. 21, Vega, there.
- Oct. 28, Bovina, there.
- Nov. 4, Hart, here.
- Nov. 11, Happy, here.
- *Denotes Conference Games.

B Team Schedule

- Sept. 8, Friona, there
- Sept. 22, Friona, here.
- Sept. 29, Farwell, there.
- Oct. 27, Farwell, here

Bula Bulldogs Football Schedule

Coach Seagler announces the following football schedule:

- Sept. 2, Southland, there.
- Sept. 9, Smyer, here.
- Sept. 16, Three Way, here.
- Sept. 23, Open Date.
- Sept. 30, Nazareth, there.
- Oct. 7, Cotton Center, there.
- Oct. 14, Three Way, there.
- Oct. 21, Open Date.
- Oct. 28, Nazareth, here.
- Nov. 4, Cotton Center, here.

Muleshoe Golf Tourney Getting Underway Today

The toughest championship flight field in the four-year history of the Muleshoe Country Club Invitational Golf Tournament is set to chase defending champion Roland Adams of Lubbock for the crown.

Qualifying for the tourney starts today, along with a putting contest, a long driving contest and a buffet supper, while the tourney starts Friday with first round matches.

Expected to give Adams most of his trouble are three Texas Tech golfers, Don Nix of Hobbs, Jimmy Johnson and Mac Tubb, the latter two from Levelland.

The first winner of the tourney, Frank Freer of Wichita Falls, is also expected as is a former Muleshoe golfer now living in Olney, Terry Dill.

Pro Ray Hardy is looking for the course record to fall today and if it doesn't, it's not his fault. Hardy has had the grass cut short with the pins in the middle of the greens. "If they don't burn it up today, they never will", he said.

Only 35 golfers had registered late Wednesday afternoon, but Hardy still is looking for over 100 golfers from West Texas and eastern New Mexico. He expects more than the 128 that played last year.

COLORFUL—A middy blouse in patchwork cotton is teamed with ankle-length cotton pants in this colorful fashion. Setting is the fashionable Castle Harbour Hotel in Bermuda.

Golfers will play their second round matches Saturday and the lower flights will play two more Sunday. The four remaining in the championship flight will battle it out for the championship Sunday over the 36 holes of medal play.

James Roundtree, veteran sporting goods salesman from Arlington, will serve as starter for the tourney.

THURSDAY, AUGUST 25, 1960

MONTH'S TOTAL NOW 1.65

Mid-Aug. Spotted Showers Help Many Crops; Hail Hits In Places

By VERN FOLTZ

Editor's Note: This story got held over from last week's paper. It got crowded out by advertising.

Rains were borne into Bailey County Tuesday afternoon by a northwest crest of moist air which skimmed off the Gulf of Mexico.

Muleshoe residents were greeted Tuesday by low clouds and boisterous breezes of thunder following two rainy days downstate as the moisture moved into West Texas from the Gulf.

The Muleshoe area caught the brunt of the scattered showers on August 16 which amounted to .64. This, together with the .96 on the 10th and the .05 pre-dawn shower last Friday, brings the U-Bar City total for August to 1.65. Nearby reports ranged up to more than 5 inches, viz., Lubbock.

Prospects for a two inch August total now seem assured. In fact this could be surpassed as quickly as a snapping of the fingers in a single shower. Only a limited number of rain showers speckle the out-

adverse weather, plant diseases and insects. But the condition of the crop, bolstered by exceptionally heavy rains when most needed in July, was described in August as being "good to excellent." No large volume of High Plains cotton is expected to be harvested before plan which seeks broader markets and lowered price sup-

Under the Federal farm program, cotton is grown on a per acre basis. Growers are allowed to overplant allotted acreages provided they are willing to accept lower price guarantees. Cotton acreage allotments this year amounted to 15,531,000 acres, compared with an average of 19,969,000 acres for the past ten years.

In common with many other sections of the state, High Plains cotton early in the season was plagued by

Hero Hunt Launched

By Farm Magazine—

The Texas Farm and Ranch Safety Council is looking for Texas heroes, people who have exhibited exceptional bravery at a time of crisis or disaster.

That organization will again recognize these outstanding Texans through presentation of "Rural Heroism Awards" on a local and state basis.

Three engraved plaques will be presented to state winners during the Texas Safety Association's annual meeting in March, and local presentations to all nominees are also being planned, said L. O. Tiedt, chairman of the Awards Committee.

In 1959, the single state award was presented to J.

ATTEND REUNION

Mr. and Mrs. Rudy Jesko have returned recently from a short trip to Colorado Springs and other points in Colorado and New Mexico. On Sunday, August 21, they attended the Jesko family reunion in Hereford.

Manuel Corral, a Mexican bracer laborer who was lowered into an abandoned irrigation well to rescue a three-year-old boy. The incident occurred in the Dell City area of Hudspeth County.

Any heroic act involving personal danger or sacrifice to aid and assist others in a time of crisis is eligible for participation in the awards program, Tiedt said. However, the act must have been performed during 1960.

Deadline for nominations is February 1, 1961.

Nominations may be made by any person or any group prior to that time, and should contain complete information and substantiating evidence of the heroic act. This will be utilized by contest judges to determine the three state winners.

Nominations should be sent to Heroism Award, Texas Safety Association, 830 Littlefield Building, Austin, Texas.

TEACHERS ARE LISTED

Three Way School To Begin New Term

The Three Way School Board meeting held in regular session on Monday night adopted the budget for the 1960-61 school term. They also elected two new teachers for the coming year. Miss Rose Ware to teach 4th grade and Mr. James Courtney was elected as high school principal. They replace Mr. and Mrs. Charles Bowen who have moved to Smyer, Mr.

Bowen will be high school principal at Smyer. This completes the faculty.

Other teachers and their teaching assignment is as follows:

First grade, Mrs. May Williams; 2nd grade, Mrs. Fannie Walker; 3rd grade, Mrs. Lorena Carter; 5th grade, Ray Clay; 6th, 7th, and 8th grade will be departmentalized. Mr. Elbert Adams will serve as school counselor. Mrs. Katherine Sims will teach music and be librarian.

Mrs. Leota Hardgrave will teach language arts; Ray Ware will teach high school science; Mrs. Betty Allsup will teach high school English and typing; Mr. Sam Mayo, coach and social science; Mrs. Betty Adams, Home Ec.; Jack Tharp, Ag.; Mrs. Eloise Avert, Pre-

will teach math in high school, and Mr. Courtney will teach history.

The bus mechanic will be N. L. Goodenough and school custodians will be Mr. and Mrs. P. C. Preston. Mrs. Naomi, the lunch room supervisor, will be assisted by Mrs. Viola Bateman and Mrs. Florence Flinn. Mrs. Hanna Flanniken will serve as Tax Assessor-Collector.

Improvements this summer have included the complete remodeling of the lunch room and a new floor for the gym as well as other general improvements. The parents are invited to visit the school and inspect these improvements on Sunday afternoon, August 28 from 2 to 5 p.m.

All high school students are asked to register between 8 and 11 a.m. Friday, August 26. All students will register at the same time. The buses will run for the first time on Monday, August 29. Lunch will be served for the first time that day. The price of lunches will be the same as last year, 30 cents. School insurance will be the same as last year, also with the same company. The price of the insurance will be three dollars per child for protection at school and school sponsored activities for the 9-month term.

Insurance on a 24-hour basis, 12 months a year can be secured for \$8.00. Anyone interested in this insurance might contact school personnel.

There will be a school assembly at 9 a.m. Monday morning, August 29 for the entire school. Parents are urged to be present for the opening assembly.

The first football game of the season will be Friday night, September 2 at Three Way with Roaring Springs. Board members of the Three Way school are: President, Jack Purgeon; secretary, Conrad Williams; other members are George Tyson, Eugene Kenley, Earl Bowers and Leon Dupler.

LONE STAR AGRICULTURE

COTTON OUTLOOK CLOUDY

Texas cotton production for 1960 has been figured at 1,573,000 bales in the first estimate released by the U. S. Department of Agriculture, but this was before August rains covered nearly all areas of South Texas.

The 1,573,000 bale estimate would be some 125,000 bales below the 4,590,000 bale yield of 1959 in Texas and it may be lower than that after the results of continued rainfall in the harvest season are counted up. About 10 per cent of the 1959 crop has now been gathered, mainly in the Rio

Grande Valley and in the low reaches of South Texas. The average yield in all of Texas this year is estimated at 321 pounds per acre.

Nationally, total cotton production for 1960 is estimated at about 14,471,000 bales, a little below the 14,558,000 bale crop gathered last year. This compares with a ten-year average of 13,710,000 bales per year.

Cotton harvesting will be late this year in nearly all areas of Texas because of the lateness in getting the growing season started. Growers in some sections were unable to get stands with one or more replantings, and some acreage was diverted to other crops.

PLAINS OPTIMISTIC

But whatever the outlook in the rest of the state, the 23 counties in the High Plains covered by the Plains Cotton Growers, Inc. were full of optimism as August neared its end. First official estimates put out by the Lubbock Cotton Exchange and the Plains Cotton Growers indicate a production of 1,899,000 bales for 1960, which would be 29,617 bales more than the 1959 production in the same 23-county area. It is figured that the 1960 crop will be worth \$267 million to \$286 million. The all-time record for cotton production on the High Plains stands at 2,025,433 bales, ginned in 1958.

In common with many other sections of the state, High Plains cotton early in the season was plagued by

THERE WAS A HOLIDAY SPIRIT in the air with the rising of the sun last Saturday, August 13, and the people were astir early to prepare for Muleshoe's first Shoppers' Mall. Main Street and intersecting avenues were roped off so that shoppers could roam at will over the main business streets. Hundreds visited the various booths during the day. They enjoyed the camaraderie, the various entertainment offered, viewing the displays in the booths, and the art exhibit staged as a part of the Mall.

Now... Gas Ranges bring you another important cooking "first"

ACCURATE OVEN CONTROL AS LOW AS 140°!

At last, here is glorious freedom from the frustrations of dinner delays and dried-out foods. With the remarkable FLAME MASTER oven control, you can cook meals even hours in advance... secure in the knowledge that whenever your family or guests are ready... the meal is ready, at precisely the right serving temperature!

Until now, most temperature settings below 200° have been "guesstimates"—subject to wide fluctuations. The FLAME MASTER provides pin point accuracy at any setting from 550° down to 140°! What's more, it lets you pre-warm your best dishes without danger... thaw foods more quickly and evenly. For example, a 7-lb. turkey can be thawed in about 2½ hours vs. 14 hours at room temperature!

Check with Pioneer or a Gas Appliance dealer about all the wonderful advantages of the new Gas Ranges and "find out what Gas is doing these days!"

We Attend A Long Ago Funeral

Edited by Cherry Hoybook
 Editor's Note: Into the hands of Vern Foltz, Journal advertising man, recently came a copy of The New York Tribune (the great Horace Greeley's weekly newspaper) for January 22, 1873. Cherry Hoybook, Journal historian, who loves to delve into back files of this Bailey County family Journal and great moral guide, thought the piece about the funeral of Ex-emperor of the French, Louis Napoleon carried in this issue of The Tribune, superb reading, thought our subscribers would enjoy it, too.

Not altogether for its historical value, but the staff figured to illustrate the difference in reporting now and as it was done back in U. S. Grant's term is President. The whole issue is a museum piece; The "Trib" in those days covered every phase of human activity excepting they didn't have much coverage on the space race.

About the man they are laying to rest in the piece which follows: Louis Napoleon was a great nephew, we think, of THE Napoleon, who gave his neighbors in Europe fits from about 1802 to 1814. The latter was the one, you remember, who always carried his hand inside his coat, some said because he had ulcers, others that it was to balance his over-size brain. Well, Louis had made himself Emperor of the French.

Three years before this story, in 1870, France became embroiled with Prussia, the main German state, and, in the history text books language, although totally unprepared to meet upcoming Prussia's military might, "France, with a light heart, plunged into war." Wasn't much of a war; the Germans took over France quickly, captured the Emperor who had to resign; and three years later we, through the eyes of a witnessing Tribune reporter, see him buried. We hope the preface is not longer than the story; having built up this suspense you may read on:

NAPOLEON'S FUNERAL
 The funeral of the late Ex-Emperor of France took place at Chiselhurst (England) on Wednesday morning.

At 10:30 o'clock, the hearse which was to convey the remains to the chapel, drew up in front of the lake residence. A deputation of Paris workmen arrived at the same time. They wore immortelles on their coats, and carried wreaths of yellow flowers in their hands.

On both sides of the hearse were the Imperial arms, surmounted by the letter "N". A great crowd, which steadily increased, surrounded the hearse.

The funeral procession moved in the following order: A man bearing the tri-color, borne on an ash stick cut at the last moment before the cortege moved; the deputation of workmen from Paris, with uncovered heads bearing their wreaths; the chaplain of the family, bearing aloft a golden crucifix; the hearse, drawn by eight horses, driven by a postilion; the mourners, who numbered 800 in all, and included the Prince Imperial (who went uncovered), Prince Jerome Napoleon, Prince Joachim, Prince Achilles; then came H. Rouher, and many distinguished Imperialists, English noblemen, Paris priests and others.

The Prince Imperial was very pale and exhibited traces of the anguish he had undergone. The Empress Eugenie was too ill to attend the funeral. The coffin was covered with immortelles and violets. There was no funeral sermon at the chapel.

The Bishop of Southwark sang a requiem mass over the remains. He was assisted by Father Goddard, the spiritual adviser of the deceased, and all the priests who were chaplains at the Tuileries during the reign of Napoleon. Mr. Lutz, the organist of St. George's Cathedral, London, was pres-

ent at the chapel with his choir and conducted the musical portion of the services. The remains were deposited in the sacristy, which had been formed into a mortuary chapel, until the removal of the body to France for final interment. The procession was very long and the hearse was at the chapel before the end of the cortege had left the family mansion.

All the carriages and pedestrians were drawn up three abreast across the roadway, and in that order proceeded to the chapel. The Prince Imperial and Prince Napoleon returned from the chapel in one carriage. They were cheered by the crowds through which they passed. At least 30,000 persons gathered to witness the funeral procession.

One of the persons who came from France to attend the funeral brought with him some soil dug from the garden of the Tuileries, which he strewed over the coffin after it was deposited in the sacristy of the chapel at Chiselhurst. Many French spies were present at the Chiselhurst while the funeral services were taking place.

The Sandhills Philosopher Finds

The Service Station Boys Are In About Same Shape As Farmers

Editor's note: The Sandhills Philosopher on his Johnson grass farm thinks he sees a parallel between farmers and service station men, his letter this week reveals.

Dear editor:
 Not that it eases the farm problem to know about this, but other lines of work are having their troubles too. For example, I read in a newspaper last night that "the entire service station industry is facing its most serious economic test in 15 years."

It went on to explain that the trouble is, "profits have not increased at the same rate as expenses," and also that "oil companies build stations indiscriminately, and thereby increase the number of retail outlets to a point where the competition is so great that not one is making money."

Now I want to say that I sympathize with the service station boys. I know what it is to have expenses mount and profits drop, and I know what over-production can do to you.

But as for the solution, that's another thing. I was talking with a neighbor of mine about this and he said, "Thunder, if they can't make a living where they are, let 'em move to town and get a job there," but I explained that most service stations are already in town.

Unfortunately, attention has been called to the plight of the service station men too late

20 Years Ago Today
 —By—
CHERRY HOYBOOK

Marl and M. R. Sherman, who recently purchased lots south of the courthouse for a drive-in grocery, were here Monday making preparations for erection of a building on that site.

Moore Boys Battling High in WT-NM League

Don Moore and Wiley Moore, both of the Lubbock club in the West Texas-New Mexico Baseball League, are among the league leaders in batting. Don was leading the Lubbock club Sunday, with a husky .361 average and Wiley's batting average was not far behind. They are sons of Mr. and Mrs. N. C. Moore of Longview community.

to get it in the platforms of either party this year, although both sides sure missed an opportunity to draw up a ringing plank about this matter. After all, if you count up the number of stations in your town, and multiply it all by the towns in the United States, plus those along the highways in the country, you can see it's possible the service station vote may amount to a balance of power in the coming election. Somebody sure slipped up.

I know some expert is going to blame the situation on defiance of the law of supply and demand and announce that the only thing to do is sit back and let nature take its course, let the marginal service stations go under and leave the field to the most efficient, but as I understand it, even the efficient one are having trouble, even the ones that clean your windshield and all the windows, sweep out the floors, walk your dog, heat your baby's bottle, wipe your glasses for you, give trading stamps and come to attention and salute as you pull out.

I think this problem ought to be solved, but first we got to solve the farm problem, ought to get around to the service station boys maybe by the year 2000.

Yours faithfully,
 J. A.

BABSON DISCUSSES Presidential Candidates

Babson Park, Mass., August 25 — From my knowledge of the major candidates for President and Vice-President, I believe all four men are good men. I sincerely hope my opinion may be correct; but I may be wrong. I had many surprises when I ran for President in 1940 on the Prohibition Party ticket.

Is Any Candidate Too Young?

Mr. Kennedy is 43; Mr. Nixon is 47. The average age of Mr. Nixon and Mr. Kennedy is about 45 years, and the average of Mr. Lodge and Mr. Johnson is 55 years. The average age of the four men is 50 years. Looking back on my life, I was at my prime and did my most important work when I was at an age which compares with the above averages. I not only had good ideas, but I had the energy and ambition to carry them out. I think that every reader of this column who has reached over seventy years of age will agree with my own experience.

I suppose this age objection will be rehearsed in literature put out during the campaign. The answer to this age

criticism is issued by Mr. Kennedy was certainly convincing from a historical point of view. Age statistics regarding the previous leaders of our country are, in themselves, convincing; but, unwilling to stop with this, Kennedy went back to show that if there had been an age limit 468 years ago, Columbus would never have discovered America!

What About The Party Platforms?

It is an old saying, "the platform of a political party is like the platform of a 'street car', of us only to get in on." Originally, the Republican platform was considerably more conservative than the Democratic platform, but at the earnest solicitation of Governor Rockefeller, the Republican platform was made much more liberal. I doubt if this will lose Mr. Nixon any of the old "hard shell" Republicans, and it should secure for him many independent votes. However, we may now forget platforms.

The real difference between the two candidates will be shown by the speeches they make during the coming two

months. It now looks as if each will try to outdo the other in the "giveaway" goal. It seems to me this may be known as the great "giveaway" campaign, where both the liberals and conservatives offer sugar-coated promises to win the great independent voters who may determine the election on November 8. I doubt if the religious question will be a real factor. The Florida vote will depend upon what the respective candidates promise to do with the Cuban situation.

Savings Versus Comforts

As I talk with many people, the consensus seems to be that those who own their homes and have savings accounts or investments — however small they may be — will vote the Republican ticket to protect the value of the dollar. On the other hand, those who do not own any home and no savings — especially those who owe considerable amounts on installments for automobiles, furniture, etc., or even those who have large long-term home mortgages — will vote the Democratic ticket to depreciate the value of the dollar.

The most important question to me is how long this "game" political competition can continue. Certainly this trend to the left I found in all countries while traveling about Europe. However, it certainly cannot last indefinitely; although I would not now predict whether World War III

would hasten it or delay it. It may continue during the next two or three presidential campaigns, until all parties see that our country is reaching a dangerous economic precipice.

The result may be the appointment of a dictator, or at least of a coalition government. Otherwise, we could be headed toward some form of Communism. My grandchildren feel that Russia may gradually move further to the right with each generation while the United States may go further to the left with each generation, until the United Nations becomes a forceful organization to remove the economic causes of war.

Letters To The Editor

APPRECIATES COVERAGE

Dear Staff:
 The ladies of the Bailey County Farm Bureau Queen Contest Committee and I wish to thank you for your complete coverage of our contest.

Your willingness to put all the necessary information in your paper helped make this one of the best contests that Farm Bureau has sponsored.

The spread that you gave the contestants in your August 4th issue was more than

we could have ever asked or hoped for.
 Thank you very much.

Sincerely,
 Mrs. Morris McKillip,
 chairman

Ad Facts
 U. S. citizens smoked approximately 456 billion cigarettes last year— 4.5% more than in 1958. Consumers in the U. S. and Canada spent over \$7,000,000,000 for all kinds of tobacco products in 1958. To sell the greatest number of prospective customers, the tobacco industry, in 1959, increased its investment in newspapers an estimated 21.6% over 1958.

Parmer County Farm Bureau News

by Raymond Euler

In 1945, when the United Nations was organized, there were 51 member nations, 15 of these member nations were African and Asian. U. S. News & World Report calculates that by the end of 1962, there will be 108 members with 58 of them being African and Asian. The question they posed was, who will then control the United Nations?

Who do you think will control it?

"Our basic principle in confronting this situation (the farm program problem) is that occupancy and use should be the only rightful title to farmland. Where conditions favor family farming, the security of such farmers should be strengthened through cooperative credit purchasing and marketing, aided by government financing.

Where modern techniques and specialization require large-scale farm ownership, we call for social ownership and cooperative operation to

replace the corporate farm." The foregoing is the Socialist Agricultural Platform for 1960, as set forth by that party. We have heard some (very few) men say that possibly they could go along with a socialistic farm program. We honestly don't believe any man in this area could go along with the above program willfully. We also think it is important that we all watch closely for proposals presently being presented in the major parties that parallel some of the Socialistic ideas set forth here.

We will not be surprised if next year we see fly and mosquito spray being doled out to individual householders. The very idea of federal government aid to counties such as Parmer and others in the area for the control of mosquitoes on the basis of a "disaster area" when this county is one of the wealthiest in the state and nation. And particularly when we are about to end of the mosquito season. On the basis of the above situation, it certainly would not be out of line to consider the driver of a year old car in a disastrous situation warranting federal aid for a trade.

Do not forget to file for Federal and State Road Use Tax refund on your tractor and

combine gasoline, (a reasonable thing to do as long as you have the opportunity).

CONSIDER THIS: Give her (the virtuous woman) the fruit of her hands; and let her own works praise her in the gates. Proverbs 31:31.

Maple News

by Mrs. Oran Reaves

Mr. and Mrs. Cecil Mann and children of Arch, N. M., visited in the home of her parents, Mr. and Mrs. C. L. Taylor Wednesday night.

Mr. and Mrs. D. C. Rainwater of Idaho visited in the home of her sister, Mr. and Mrs. Oran Reaves from Thursday until Sunday. Friday night they all went to the Albert Snyers and enjoyed a weiner roast.

Mr. and Mrs. Bill Eubanks spent Sunday with her mother, Mrs. Davis at Hale Center. Mrs. Davis suffered another heart attack.

Mr. and Mrs. R. L. Davis went to Hale Center Sunday afternoon to see his mother, Mrs. Davis.

Mr. and Mrs. Gerald Edler visited in the community Thursday night, and Mrs. Edler and Betty attended the shower for Carol Daricek. Mr. Edler taught school at Three Way for several days.

Covie and Dargen Wall are spending the week with their grandparents, Mr. and Mrs. M. O. Wall of Portales, N. M.

Mrs. John Tyson was ill and in the hospital at Lubbock last week. We hope for her a speedy recovery.

Mr. and Mrs. Cass Stegall are spending the week in Ruidoso, N. M.

Loyd Warren, Larry Dupler, Frank Stegall, and Tom Coffman went to Bull Lake Tuesday skiing.

Mrs. Bill Robinson of Leveland is spending the week in the Ted Simpson home.

Sandra Simpson spent several days at Shallowater with her grandparents and other relatives.

OUTDOORS IN TEXAS

Money may not talk, but it sure does swim, float, shoot, and roam the countryside. Actually it doesn't do all these things. But it does take money, and lots of it to maintain our lakes and streams and to preserve and restore our fish and wildlife resources.

Money you spend for your new fishing and hunting licenses, needed by September 1 each year, is spent on improving our wildlife resources.

Uncle Sam helps out, too. He collects an excise tax whenever you purchase a new gun, box of shells, fishing rod or reel, or those artificial lures.

A big portion of this money also goes for your benefit in hunting and fishing. Uncle Sam distributes these funds back to the states by means of a formula based on the state's area and the number of hunting and fishing license holders in the state.

Over \$12,800,000 in federal aid, for fish and wildlife restoration programs, was distributed among the various states on July 1. These funds were allocated for the year ending July 1, 1961. They were designed to aid the states in programming their federal aid activities.

Texas fared quite well in the monetary apportionments. It was tops on the list in the allocations for fish (\$123,500) and for wildlife restoration projects (\$513,500).

California matched us in the appropriations for fish, but fell short on the wildlife allocations. None of the other states came close.

Under the federal aid program, the states expend their own funds on approved projects, then are reimbursed up to 75% of the cost. This money comes from you, Mr. and Mrs. Outdoorsman, and is spent for you... so that you may enjoy fish and wildlife for years to come.

Also in the federal picture are our water resources. The Senate Select Committee on National Water Resources is studying the potential quantity and quality of water that will be needed in the years 1980 and 2000.

That may sound like a long time off, but will be here before many of us realize it. Certainly before we're prepared for it.

Committee reports indicate that in 1980 the manufacturing requirements for water will be 100 billion gallons daily in itself. That is one-sixth of the estimate available under the present water development techniques.

Theodore M. Schad, staff director of the committee, says, "The United States is rapidly approaching the time when we will need and use all the water we can

VISITORS IN NEW MEXICO

Mrs. Dee Clements, Mr. and Mrs. Travis Clements and Mr. and Mrs. Charles Arnold visited in Albuquerque, N. M., with the Olan D. Clements family last weekend.

Marriage Licenses

Tommy Don Gleaton and Bonnie Caroline Neal.

Freddie Gene Sples and Carolyn Ann Dalton.

Deibert A. Ivy, Jr., and Mary Carolyn Campbell.

Albert Eugene Callahan and Wilma Dean Lindley.

Travis Dean McPherson and Joan Hawkins.

James Edward Gross and Wanda Lavera Chitwood.

Lenau Addition Medallion Home Open This Weekend

50 Valuable Prizes For Lucky Visitors

The Medallion Homes Open House is a welcome sign that fall is just around the corner. Any growing city in America has, by now, witnessed a few of these end-of-summer affairs. It's becoming an annual event which we home lovers like to see come around. Muleshoe is again a part of this nationwide Parade of Medallion Homes.

The Medallion Homes Open House here is being held this weekend. If you would like to see the latest new homes are being designed and built, drop by the Lenau Subdivision and take a gander.

The beautiful brick home at 602 Chicago Street will be open for your inspection Saturday evening 6 p.m., to 9 p.m. You may see all the electric home Sunday from 2 p.m. to 4 p.m.

The Chas. L. Lenau Lumber Company was the principal contractor and builder of the home. Sub-contractors were: Hunke's Electric, Taylor Metal Products Co., and McDaniel Floor Covering Co., of Clovis.

Tom Hunke says this is more than just an all electric home. It has remote control electric lighting. A person can turn on or off any light in the house from a master switch in the kitchen or a master switch in the master bedroom. In addition there is a switch by each door.

Lazbuddie News Letter

by Penny Grusendorf

Saturday was the Lazbuddie Homecoming. There were 142 present. Those receiving gifts were Has McCarty of Ocean-side, Calif., for coming the farthest distance; Elgar Raper of Maude, Okla., for having the most children; and Bernon Rogers of Portales, N. M., had spent the most years at the Lazbuddie school. Everyone enjoyed dinner and fun and visited. They also elected their next alumni association officers. They are: Toni Ivy, president; O. D. Spitzer, vice-president; and Glenda Morris, secretary-treasurer. The meeting is held every two years.

Each year when The Parade of Medallion Homes is being held in Muleshoe we can see how our city is growing right along with the biggest of 'em. Good luck to the Medallion Homes Open House.

Those playing football this year are: Gary Mack Brown, Kenneth McGehee, Roy Max Miller, David Koelzer, Larry Darling, Calvin Mason, Freddie Savage, Odis Bradshaw, Paul San Miguel, R. L. Porter, Jimmy Seaton, Jimmy Broadhurst, Ronald Elliott, Bill Hardage, Harrol Redwine, Carrol Redwine, Dickie Chitwood,

Paul Wilbanks, Steven Young, Michael Bean, Ronnie Gustin, Jerry Smith, Eugene Houston, Norman Brantley, George Palas, Cooper Young, James Brown, Jerry Engelking, and Jerry Don Glover.

The coaches are: John Bond, TCU, and Robert Crooks, SMU.

The Lazbuddie school has hired three new teachers. They are: Mrs. Carol Summers, an ENMU graduate, for home-making. She and her husband will live on the campus. This will be her first year to teach.

Mrs. Jack Black will teach health and science in Junior High and health in High School. She has her BS degree from Oklahoma State.

Sadie New will teach the fourth grade. She has her master's degree from Texas Tech. We would like to welcome these new teachers.

Those having birthdays this week are:

John Bean, Aug. 22; Ronald Elliott, Aug. 23; Nelda Jo Brown, Aug. 23; Mrs. Albert Clark, Aug. 24; Robert Morris, Aug. 25; Dickie Robinson, Aug. 25; David Paul, Aug. 25; and Susan Pendergrass, Aug. 27.

We wish all of these a very "Happy Birthday."

Don, Benny, and Leon Watson of Lazbuddie, Vina Bass, Muleshoe, Margaret Bass of Sudan, and Ruby Weldon of Graham, Texas, enjoyed a weiner roast Friday in the home of Mr. and Mrs. H. I. Bass of Muleshoe.

TRAVEL

Three Way News

Mrs. Frank Griffiths

Guests in the Frank Griffiths home the past week were Mr. and Mrs. Louis Rose and Rita, Sandra Gordon, all of Houston, Ronnie Elliott and Mrs. L. G. Aaron of Compton, Calif., Mrs. A. J. Young, Mrs. Beulah Corey, and Clark Morse, all of Pampa, Mr. and Mrs. W. K. Paul of Albuquerque, N. M., Mr. and Mrs. Jimmie Batteas and girls of West Camp, Mr. and Mrs. Paul Holcomb ofovina, Vernon Griffith of Amarillo, and Ira Griffith of Shalwater.

Nita Gordon, who had been visiting here the past few weeks, returned to Houston with her parents, Mr. and Mrs. Rose.

Madalyn Galt was honored with a slumber party on her birthday. Guests were Gwyn Kelly, Kathryn Masten, Doylene Davis, and Sharon Hut-ton.

Mrs. Clint Everett was guest of honor at a birthday coffee given last week in the home of Mrs. Leon Reeves.

Attending were Mmes. Cecil Cole, L. W. Chapman, Tommy Galt, Cass Stegall, and Mickey Sowder.

Mr. and Mrs. Floyd Ferguson and their grandsons, Gary and Don Davis, all of Hale Center, visited in the Tommy Galt home Sunday. Mrs. Ferguson is a sister to Tommy.

The Three Way Methodist WSCS met last week for a children's program, "The Heart Beats of Our Love". Present for the meeting were Mmes. Leon Reeves, Tommy Galt, Cass Stegall and Smeltzer.

Mrs. John Tyson was in a Lubbock hospital last week. She was expected to come home Monday.

Shirley Reeves of Lubbock was visiting the past weekend in the home of her parents, Mr. and Mrs. Leon Reeves.

The Goodland Bible Club met last week with Mrs. Jack Lowe. The lesson was from the Book of Genesis.

Attending were Mmes. Sanderson, Galt, Stegall, Chapman, Corbell, Jordan, and Tarlton. Following the lesson, Mrs.

Lowe showed movies of her recent trip to Hawaii. The bid of Mrs. Corbell bought the white elephant package, furnished by the hostess.

Mr. and Mrs. Jack Ferguson and children called from Chicago last week. They are on their way to Rhode Island on their vacation.

Mr. and Mrs. Thurl Lemons were in Portales, N. M., Sunday for the Golden Wedding Anniversary celebration of his parents.

A wedding shower honoring Miss Carol Darieck, bride-elect of Jim Pyburn of Morton, was given in the home of Mrs. George Tyson Thursday afternoon.

Refreshments of coffee, punch and cake were served from a table laid with a white net cloth trimmed in gold brocade lace over pink. An arrangement of pink flowers and the four tiered wedding cake decorated with pink rosebuds centered the table.

Misses Jean Tyson and Sharon and Gwin Green of Lovington, N. M., presided at the serving table.

White carnation corsages were presented to Miss Darieck, her mother, and to the mother of the prospective bridegroom.

Histesses were Mrs. Winnie Green of Lovington, N. M., and Mmes. Shorty Baker, Jaunice Cook, Fay Dell, Turney, Eunice Hancock, Linnie Doyle, Dorothy Westerman, Mildred Akin, Lerren Crockett, Carry Scott, all of Morton.

Mmes. C. L. Taylor, Paul Powell, E. L. Wells, Delbert Richardson, Homer Richardson, John Shepard, George Tyson, Leon Dupler, D. L. Tucker, Neal Smith, Bill Eubanks, R. L. Davis, H. W. Garvin, and A. E. Robinson, and Mrs. Tommy Joe Durham of Slide. The couple were married Saturday at the home of the bride's parents, Mr. and Mrs. Jimmy Darieck of Maple.

Troy and Jean Tyson are leaving this week on a trip to Galveston and Houston with their sister and family, Mr. and Mrs. Tommy Joe Durham of Slide.

CAMPERS IN RUIDOSO

Mr. and Mrs. Howard Splawn and children, Kenneth and Pam, and Jim Bryant spent the past weekend in Ruidoso, N. M. They camped out and had a wonderful time.

Higher Yield Sesame Seen

A sesame variety with much higher production may be possible in the future. Dr. Earl Collister, chief agronomist at the High Plains Research Foundation, predicted this week.

Some of the 895 strains of sesame under observation in the new sesame breeding program at the Foundation are producing pods twice as long and larger than any of the present commercial varieties being grown on the High Plains.

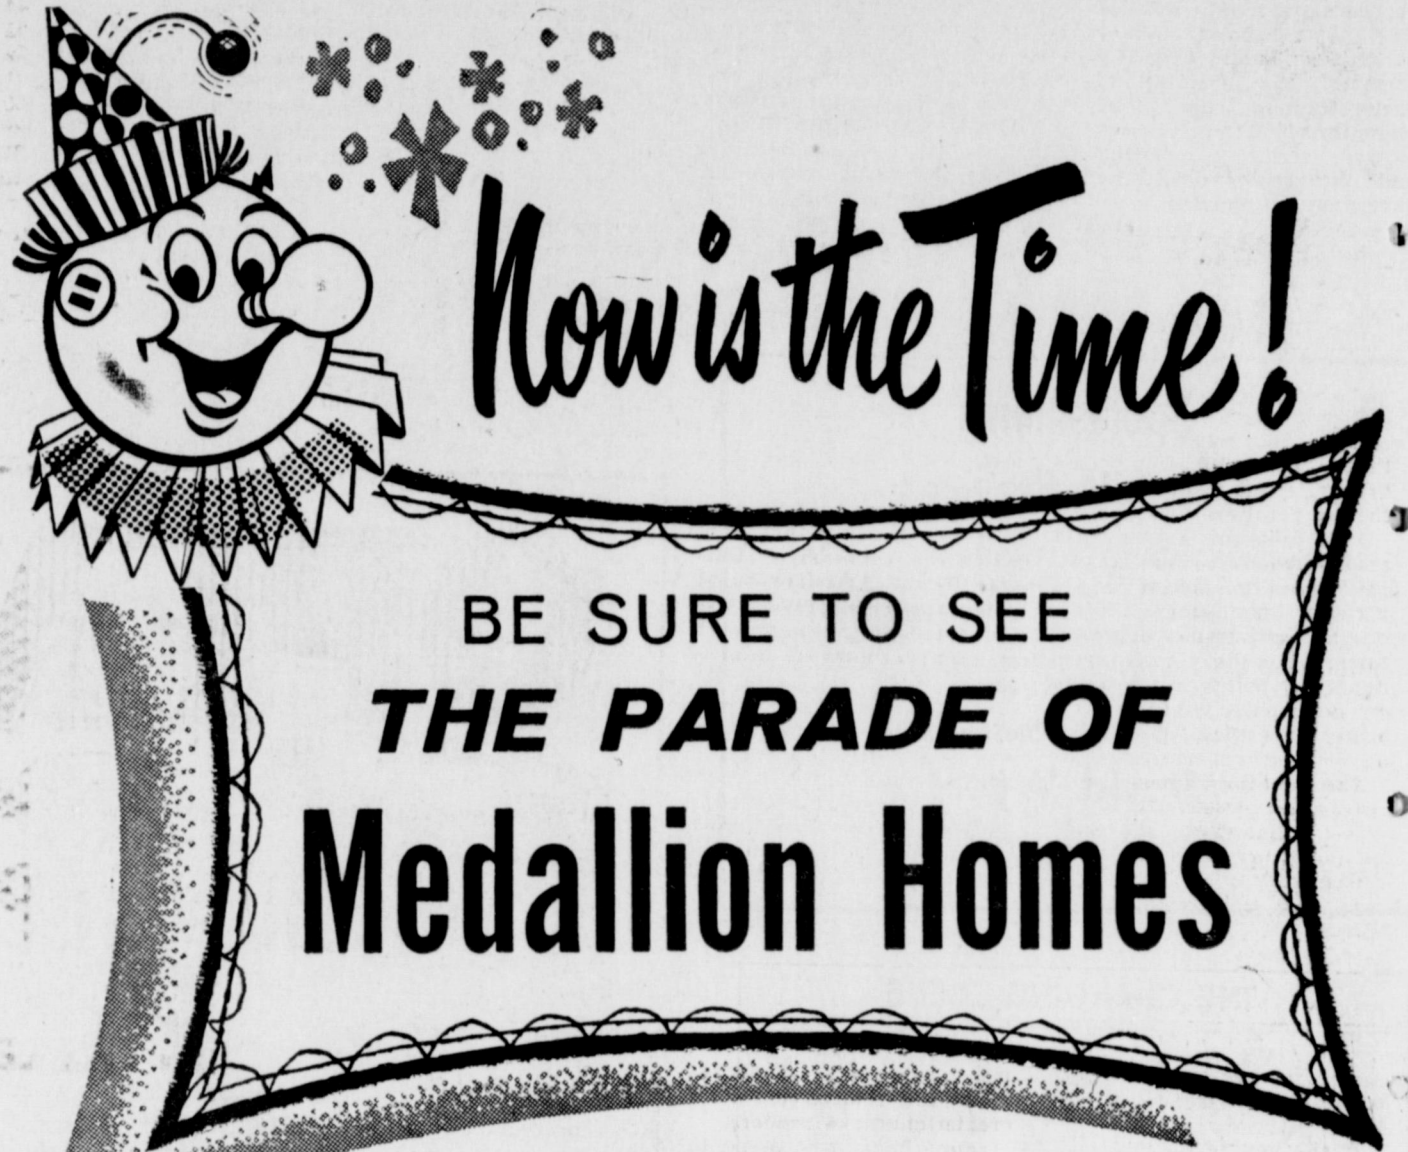

These strains have twice the number of seeds and double the number of cells per pod than any of the present varieties being grown here.

Sesame plants with adequate height, high yield, early maturity, insect and disease resistance, and standing ability will be selected for cross pollination in the field with the non-shattering, paper shell, combine selections to give the High Plains farmer a sesame that has a greater potential profit margin.

"The High Plains Research Foundation has the only basic sesame plant breeding program on the High Plains. Farmers in this area produce 80% of the sesame grown in the United States", Frank Moore, president of the Foundation, stated this week.

VISIT IN KANSAS CITY

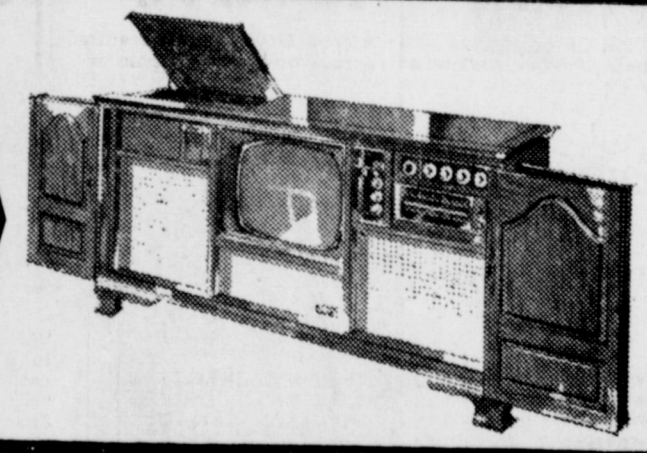

Mr. and Mrs. Everett Talley visited recently in Kansas City, Mo., with her mother, Mrs. C. A. Begstrom and her sister, Mrs. William Marshall.

NO. 4—MANUFACTURE OF WEATHER

Secret Of Temperature Revealed In Sun Angle

by Vern Folt.

Temperature was discussed earlier as an element of weather. Now we shall see how the angle of sunshine controls the temperature.

Most folks are aware of the results when the sun is perpendicular to points in the northern hemisphere. This brings our summer temperatures. When the sun is perpendicular to points in the southern hemisphere winter temperatures have their tightest grip on the northern hemisphere.

The chief importance of sun angle can be summed up by the explanation of three phenomena: 1. Atmospheric dispersion, 2. Surface heating area, and 3. Length of daylight.

Atmospheric dispersion is determined by the amount of atmosphere the sun must penetrate to reach the surface. The more air the sun is forced to pierce, the greater is the scattering and reflection of sunlight.

If the sun is directly overhead sunlight comes straight through a thin layer of atmosphere. However, when the sun is low in the sky it comes through the atmosphere at an angle and must skim through a considerably greater volume of atmosphere. See figures 4-A, 4-B and 4-C.

P and E are two parallel rays of sunlight reaching the earth. Notice that when the sun is directly over the Equator its rays (E) strike the equatorial regions at a 90 degree angle and passes through the thinnest possible atmospheric layer.

At this same time the rays P, which are parallel to E, enter the atmosphere obliquely and therefore must penetrate more atmosphere. Compare the two shaded areas as volumes of atmosphere.

Perpendicular rays of sunlight concentrate their heating power onto the smallest possible surface area of the earth. Notice in the illustration the distance in which ray E concentrates its heating power. Compare the area of E1 to E2 to that of P1 and P2.

The solar ray P is equal in strength to ray E, but since it strikes the earth at an angle its heating power is spread over a greater surface area. It does as much heating as ray E, but its effects are delivered to a greater chunk of territory.

When the sun is perpendicular to the surface of the southern hemisphere (we say "the sun is in the south") the daylight of the northern hemisphere is less than 12 hours per day. This allows for a longer period of cooling than heating. The average temperature of the northern hemisphere lowers each day until the sun begins to return to the north.

Thus in the winter time area temperatures are reduced not only by a low angle of sun-

shine, but also by fewer hours of sunlight. So you can see that the angle of sunshine has much to do with the temperature and therefore, the weather.

Learning—to Live

Schools of the Office of Civil and Defense Mobilization recently graduated their 20,000th student at courses designed to train individuals for emergency leadership to assure national survival in event of enemy attack.

In the past nine years students have attended courses of the OCDM Staff College or Chemical-Biological-Radiological Defense School at Battle Creek, Mich., and the Eastern and Western Instructor Training Centers at Manhattan Beach, Brooklyn, N. Y., and at Alameda, Calif., respectively.

SUBJECTS INCLUDE radiological monitoring (to detect and measure fallout); basic civil defense; civil defense planning, operations, communications, rescue and care of the homeless or injured; emergency information; the civil defense role in natural disasters; emergency management of resources and production; and courses designed for special groups such as clergymen, medical personnel, industrialists, and the like.

Those attending the week-long, tuition-free instructor training courses teach others upon return to their home areas. Rooms are available at \$1.50 a night at all training schools, and food at nominal prices. Many students also are able to qualify through their State civil defense offices for one-half payment of their travel expenses.

Further information is available by writing to the schools.

CHEMICAL-BIOLOGICAL-RADIOLOGICAL Defense is taught at a general orientation course for community leaders and government officials who would plan and direct emergency recovery efforts after attack by thermonuclear weapons or chemical and biological warfare agents. The C-B-R Defense School course at Battle Creek, Mich., includes work with toxic agents. (OCDM Photo)

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960. SENATE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas, increasing to three and one-half percent (3 1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veterans' Land Board...

GUESTS IN DAMRON HOME

Weekend guests in the home of Mr. and Mrs. Joe Damron were his mother, Mrs. Dorcas Damron and his sister, Mrs. H. Faught of Oklahoma City. Also, Monday night guests in their home were Mr. and Mrs. Everet Tidwell of Wichita Falls.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960. HOUSE JOINT RESOLUTION NO. 89 proposing an Amendment to Article IX of the Constitution of the State of Texas by adding thereto a provision authorizing the Veterans' Land Board to issue the bonds authorized under such Section to bear interest at a rate or rates not to exceed three and one-half percent (3 1/2%) per annum.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960. HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24 of Article III of the Constitution of the State of Texas allowing an annual salary of not to exceed Four Thousand, Eight Hundred Dollars (\$4,800) per year and a per diem allowance of not to exceed Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature as the maximum compensation for Members of the Legislature...

BULA NEWS BRIEFS by Mrs. John Blackman

Mr. and Mrs. D. J. Cox spent from Thursday until Sunday at Stamford Lake. Mr. and Mrs. Eugene Bryan and Mr. and Mrs. John Hubbard attended the wedding at the First Methodist Church in Ralls Saturday afternoon for LaWanda Wheeler and Gerald Neel. Neel is a nephew of Mrs. Bryan.

Christian's Life And Works Topic Of Lesson-Sermon

The vital significance of the life and works of the master Christian will be the central topic of the Lesson-Sermon entitled "Christ Jesus" which will be read at all Christian Science churches Sunday.

Scriptural selections will include the following from Luke's gospel (4:40, 41): "Now when the sun was setting, all they that had any sick with divers diseases brought them unto him; and he laid his hands on every one of them, and healed them. And devils also came out of many, crying out and saying, Thou art Christ the Son of God. And he rebuking them suffered them not to speak; for they knew that he was Christ." A correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy includes the following (332:11-15): "The Christ is incorporeal, spiritual, —yea, the divine image and likeness, dispelling the illusions of the senses; the Way, the Truth, and the Life, healing the sick and casting out evils, destroying sin, disease, and death."

TORNADO SAFETY RULES

TO KNOW WHAT TO DO WHEN A WARNING IS RECEIVED OR A TORNADO IS OBSERVED, MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!!

- I There is no universal protection against tornadoes except caves or underground excavations. When time permits, go to a tornado cellar, cave, or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas, or debris; and preferably equipped with pick and shovel. II If you are in open country: 1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour. 2. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine. III If in a city or town: 1. Seek inside shelter, preferably in a strongly reinforced building. STAY AWAY FROM WINDOWS! 2. In homes: The southwest corner of the basement usually offers greatest safety, particularly in frame houses. People in houses without basements should find other shelter, preferably in a storm cellar, although a depression, such as a ditch or ravine, can offer some protection. If time permits, electricity and fuel lines should be shut off. Doors and windows on the north and east sides of the house may be opened to help reduce damage to the building. 3. Standing against the inside wall on a lower floor of an office building offers some protection. IV If in schools: 1. In city areas: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs! 2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available. V If in factories and industrial plants: On receiving a tornado warning, a lookout should be posted to keep safety officials advised of the tornado's approach. Advance preparation should be made for shutting off electrical circuits and fuel lines if the tornado approaches the plant. Workers should be moved to sections of the plant offering the greatest protection. VI Keep calm! It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected. You should know about tornadoes though, "just in case" VII Keep tuned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.

UNITED STATES DEPARTMENT OF COMMERCE — Weather Bureau

Wheat yields increase 12 to 20 bu. per acre with ammonia application

Well-known West Texas farmers like WADE MILLS apply 100-120 lbs. ammonia per acre on wheat

Wade Mills, who farms approximately 765 acres in Castro County, reports: "The first time I used ammonia on wheat land I got increases from 12 to 20 bushels per acre. We applied 100 to 120 pounds of Phillips 66 Ammonia per acre. Applications of 120 pounds of Phillips 66 Ammonia on maize land has produced an average increase of 2000 pounds per acre. On maize following maize, Phillips 66 Agricultural Ammonia is a must," he explains. Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production. See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

An Announcement OF A REDUCTION IN INTEREST RATE TO 6 1/2% EFFECTIVE AUGUST 15, 1960

The Association borrows all the money it lends from the investing public (corporations, individuals, banks, etc.) through the intermediate Credit Bank at Houston. Interest on this money largely determines the interest rate the Association charges.

Cost of money on the Nation's money markets has declined in recent months. This reduction is the refore passed on to those who borrow from the Association.

Bailey County Boys Get Tech Degrees

Two Bailey County boys received degrees from Texas Tech College in summer commencement exercises held August 20. In the School of Agriculture, a Bachelor of Science degree went to Lynn Howard Pollard, of Goodland, in agricultural education. In the School of Arts and Sciences, a Bachelor of Science degree in zoology went to Jimmie Clayton Toney, of Muleshoe.

Am I Right? MANY A SO-CALLED "BUTTER-FLY" ENDS UP A "BUSY BEE"

That's all right — always did like honey betterin' butter.

TAYLOR METAL PRODUCTS 1228 West American Blvd. Phone 4210

Local School Board Had Busy Session In Meeting Tuesday Nite

I. Bus route changes were discussed, and it was decided to stay with the recent change, which would send all children in buses 1, 2, 3, 4, 5, 7 and 29 to the DeShazo Elementary school, and 6, 8, 9, 10, 11, 12, 13, 14, 27, and 28 to the Richland Hills Elementary School. This was based on attempt to equalize the enrollment in the elementary schools, due to the fact that the Richland Hills school is becoming overcrowded. The average daily attendance in Richland Hills last year was 27 students per room, while the average daily attendance of Mary DeShazo was only 22 students per room. The board realizes that this will cause some youngsters to have to change schools; which is undesirable, but felt that something had to be done to relieve the

overcrowded condition that exists in the Richland Hills school. The method adopted will affect the fewest number of children and the fewest buses.

II. The board authorized the payment of meals for the varsity football players for out of town games. The limitation of \$50 per game was set up to take care of the expense; which in the past has been handled by the booster club.

III. The board authorized the giving of passes to varsity football games to the band members, cheerleaders, sponsors, and concession workers. These are the only passes authorized by the board of education.

IV. The Board also authorized pay of \$2 per game for each gate keeper at varsity games. These men work from

2 to 3 hours each game, and get to see very little of the game.

V. New Personnel—The recommendation to hire Mrs. Alice Hale was accepted. Mrs. Hale has taught for the past eight years, and comes here from the Slaton Schools. She will teach in the Richland Hills school.

VI. The board has adopted the following attendance policies:

As a result of the survey on attendance made by the P-TA during the 1959-60 school year, the board has adopted a new attendance policy. This survey proved that due to excessive absenteeism, the schools lost the salary of one teacher from state aid funds, and therefore, will have to be paid from local tax money this year. This will cost the school district approximately \$1,000 this year, not to mention the loss of time to instructors and students caused by interruptions, make up work, and the issuing of class permits.

Many failures are the direct result of poor attendance and habitual absences. These two, along with tardiness are characteristic of poor citizenship. The habits learned in school will certainly carry over in a student's future adult life.

The following ARE NOT legal excuses for being absent, even though the parents may have given their consent.

- Business trips.
 - Working.
 - Hunting trips.
 - Vacations.
 - Shopping trips, etc.
- The following are legal excuses as provided by State Law.
- Personal illness.
 - Sickness or death in the family.
 - Quarantine.
 - Severe storms making the regular means of travel dangerous.
 - Unusual causes acceptable to the principal.

The excuses must be in writing and signed by the parent or guardian, or called in by telephone to the principal's office.

Muleshoe Schools Attendance Policy

I. All excuses for tardies and absences must go through the principal's office.

II. Penalty for unexcused absence—3 points off six weeks grade for each unexcused absence.

III. Penalty for unexcused tardies—3 unexcused tardies equal one unexcused absence. (Three points off for three unexcused tardies).

IV. Truancy is absence from school without consent of the parents. First offense—3 points off six weeks grade and reported to parents. Second offense—expelled from school three days and conference with parent and principal. Third offense—Expelled three days and case referred to County Judge.

Friday, August 26th

Friday, August 26, will be a Workshop Day for all teachers in the Muleshoe School System.

The buses will run on the 26th, and all students from the first grade through the 8th grade will enroll on Friday, August 26, from 9:00 a.m. to 11:00 a.m.

FASHION FESTIVAL AT STATE FAIR

Pattern magic is illustrated by Talon Zippers and Singer Sewing Machine Company at the fourth annual "Sewing Fashion Festival" at The State Fair of Texas, Oct. 8-23. Shown are two evening dresses made from the same Vogue pattern, a Paris Original design. The shorter version is in chocolate brown satin enhanced with black lace and the long formal creation is made of heavy champagne satin. Diamonds are from Lima Brothers of Dallas in recognition of the Fair's Diamond Jubilee Exposition. Advances, Simplicity, Butterick, and McCall are the other pattern companies participating in the Festival. Free fashion shows will be presented daily in the Women's Building.

Progress News

Mrs. M. O. Nigh

The First Baptist Church of Progress will have their dedication day August 28. Everyone in the community is invited to attend.

Mr. and Mrs. Paul McMahon of Lubbock and his parents, Mr. and Mrs. C. McMahon, are visiting relatives in Arkansas this week.

Miss Bonnie Neal of Abilene and Rev. Tommie Gleaton were united in marriage Sunday at the First Methodist Church of Groom.

They will go on a trip, and return to their home at the parsonage here at the Progress Methodist church, this week.

Mr. and Mrs. Horton Griffen and daughters, Vickie and Connie of the Longview community, visited his mother, Mrs. Mattie Griffen Sunday.

Mr. and Mrs. B. B. Shelton and daughter, of Midland, Calif., visited her sister and mother, Mrs. Bill Rutherford and Mrs. Pearl McDonald recently.

At 3:00 p.m., all teachers will meet for a general session, in the High School auditorium.

Monday, August 29th

School begins at 8:45 a.m. on August 29th.

Buses will run at the same time as in the previous years.

All eight of the children were present. A host of grandchildren were present, too.

Four of the family of Mr. and Mrs. Melvin Marrow were ill this week. We hope they

are all better by this writing. Rev. and Mrs. Stanley White and children are here visiting a few days with his parents, Mr. and Mrs. D. O. Smith.

Sam Gholson of Muleshoe brought the morning message Sunday at the Methodist church in the absence of the pastor.

Muleshoe (Tex.) Journal, Thurs., August 25, 1960, Page 7

BULA P-TA THANKS CLEAN UP DAY HELPERS

The Bula Parent-Teachers Association would like to take this opportunity of thanking all who participated in the school clean-up day, through their presence, work, and furnishing tools and equipment.

Especially to those that relinquished their own time to make this day a success. Also we wish to thank those who prepared and served the noon meal, and to the taxpayers and county officials for the use of county men and equipment.

We feel that the clean up day was a tremendous success because of your cooperation.

Young Co. Reunion Set For August 28

The annual Young County reunion will be held Sunday, August 28, at MacKenzie State Park. Prizes will be awarded to the oldest person attending and to the person traveling the greatest distance to attend the gathering.

All residents and former residents of the county are invited to take part and to bring basket lunches. Signs will be placed in the park to guide visitors to the picnic site.

Try The Journal for all your artist supplies.

Hospitality on the Highway!

When you travel by car, your trip can be made more enjoyable by taking advantage of Phillips 66 Hospitality along the way. Travelers like Phillips 66 clean rest rooms. They like Phillips 66 friendly, conscientious service. And people who are particular about the performance of their cars will like new Flite-Fuel, the gasoline that gives "the sweetest rhythm on the road." Your Phillips 66 Dealer believes that in service, as well as in products, it's performance that counts. Drive in at his station soon.

'SHOW ME' FASHIONS—Sikeston, Mo., has its own haute couturier in Rosemary Harrison. These original cotton fashions were custom made by "Rosemary" for women in the "Show Me State." The models are, left to right; Mrs. Kenneth Smitten, Sikeston, in a yellow batiste dress with full skirt and shirred bodice; Mrs. James Handy Moore, Charleston, in a black, grey, and white striped sheath with box-pleated flounce; and Mrs. Leyman Finch, Cape Girardeau, in a red and navy coin-dotted dress and navy organdy coat.

21 Games For Dallas Fair

DALLAS—A 21 game college and professional football schedule will be played in the Cotton Bowl here this season.

The schedule includes all Southern Methodist home games, the traditional Texas-Oklahoma clash on the opening day of the 1960 State Fair of Texas and the Cotton Bowl New Year's Classic. A number of exhibition and league games by the two new Dallas professional teams—the "Cowboys of the National Football League" and the "Texans" of the American Football League—are also scheduled.

The complete Cotton Bowl schedule for the year is as follows:

August 19, Dallas Cowboys vs. Baltimore Colts; Sept. 2, Dallas Texans vs. Houston Oilers; Sept. 24, Cowboys vs. Pittsburgh Steelers; Sept. 25, Texans vs. Los Angeles Chargers; Sept. 30, Cowboys vs. Philadelphia Eagles; Oct. 2, Tex-

ans vs. New York Titans; Oct. 8, Texas vs. Oklahoma; Oct. 9, Texans vs. Oakland Raiders; Oct. 15, SMU vs. Rice; Oct. 16, Cowboys vs. Cleveland Browns; Oct. 30, Cowboys vs. Baltimore Colts; Nov. 5, SMU vs. Texas A & M; Nov. 6, Cowboys vs. Los Angeles Rams; Nov. 13, Texans vs. Denver Broncos.

Nov. 19, SMU vs. Baylor; Nov. 20, Cowboys vs. San Francisco 49ers; Nov. 26, SMU vs. TCU; Dec. 4, Texans vs. Houston Oilers; Dec. 11, Texans vs. Boston Patriots; Dec. 18, Texans vs. Buffalo Bills; and Jan. 2, 1962, the annual Cotton Bowl Classic.

CALLAWAY REUNION
The family reunion of Mr. and Mrs. E. J. Calloway, Sr., of Spearman, children, grandchildren, and great grandchildren was held at Thompson Park in Amarillo Sunday, August 21.

There were 59 members of the family present. Mr. and Mrs. E. J. Calloway, Sr., resided in the Muleshoe area for a number of years.

Governor Urges Crack Down Hard This Labor Day

Governor Price Daniel today announced plans for the most intensive Labor Day traffic safety campaign since the start of his statewide crusade three years ago.

The Governor said his objective was identical with that of all phases of his continuing program in the traffic safety field: to save as many lives in Texas traffic and to reduce traffic crashes as much as possible.

All three major branches of Texas law enforcement, the Texas Department of Public Safety, Texas sheriffs and municipal police departments have been asked by Governor Daniel to place special emphasis on the two

principal causes for the heavy Texas traffic death toll, excessive speed and driving while drinking.

Daniel said he had been advised by Col. Homer Garrison, Jr., that all available DPS personnel and equipment would be on the highways during the official holiday period, from 12:01 a.m., Saturday, Sept. 3, through 11:59 p.m., Monday, Sept. 5.

The Governor said he had written every sheriff and police chief in the State, asking them to "crack down hard on traffic cases involving speed and driving while drinking, for these two violations were involved in the big majority of our traffic deaths last year". He said he was calling special attention to the Labor Day holiday "because it usually takes about 28 to 30 lives, and it has been most difficult to reduce this toll in recent years."

SOIL Conservation News

SOIL DISTRICT HAS SEEDING EQUIPMENT

Now is the time to get that cover crop of rye, vetch and rye, rye and Austrian winter peas, or some other suitable crop planted in your cotton. This practice will protect your soil from wind erosion during the winter and spring, and also improve the soil when turned under green next spring. A good cover in the cotton middles before cotton harvest also tends to keep the lint cotton cleaner and thus maintain its quality.

The Blackwater Valley Soil Conservation District has equipment available for rent to seed a cover crop. There are two inter-row seeders and a cyclone seeder available for

seeding cover crops. The seeding rate for rye seeded in cotton middles, 20-30 lbs. per acre on dryland and 30-45 lbs. per acre on irrigated land.

Where rye is mixed with vetch or Austrian winter peas, then the seeding rate is 15-20 lbs. of rye and 10-15 lbs. of peas or vetch per acre. These crops should be seeded to a depth of 1 to 3 inches, anytime from now until about October 15.

Some farmers who have already seeded cover crops this

year are S. J. Bozeman, Horace Hutton, Jim Green, H. E. Schuster, Jack Schuster, Buster Kittrell, Douglas Bales, Don Sumrow, H. C. Elliott, Bill Ed Watson, Buford Hunt, Ernest Martin, Loyd Beaty, and Dick Pettin.

For any information concerning soil and water conservation practices, contact any of the Soil Conservation Service employees assisting the Blackwater Valley Soil Conservation District.

LAW OFFICIALS HAVE BUSY WEEK

The law enforcement officers of this area had quite a busy week. The Highway Patrol picked up two for having no driver's license, two for being drunk, one for not having Texas registration, and one for DWI and hit and run. The Sheriff's office picked up one for being drunk and one for theft, who was taken to Hereford. The city police officers picked up six for theft, four for being drunk, and one for vagrancy.
