## Seven advance to UIL regional

Ozona High School students placed higher April 5 at District 6-AAA U.I.L. literary competition at Angelo State University than they have ranked in several years, winding up in fourth place for district.

"To my recollection, this was the most points scored in recent years," Ozona High Principal Jim Payne said, referring to Ozona's 97 points.

Ozona finished the district literary and speech competition in fourth place.

Ten students accompanied by speech events coach David Porter traveled to ASU Friday, April 4, to compete in science, ready writing, number sense, and spelling events. The calculator contest and debates which also began or were held that day drew no entries from Ozona.

Bret Hood placed first in the biology division of the science contest, earning three points in the competition. Ozona did not finish as one of the top three schools in the overall science contest with first and second places both going to Ballinger and Crane taking third.

Ozona's sole spelling entry, Isabel Benitez, placed second in her event. Larisa Schoenhals finished to a fifth place in ready writing.

Darla Judd and Bret Hood placed fifth and sixth respectively in number sense.

Ozona finished the first day's competition with only 17 points on the chart. But, the spread of points among the schools in the district, which includes Sonora, Ballinger, Coahoma, Colorado City and Crane, showed none to have a clear-cut advantage at that point.

Crane has been very dominant in literary U.I.L. events in the recent past, often accumulating more points

than the total of three or four of the district's other schools put together.

Porter again returned to ASU Saturday morning taking 15 contestants to compete in journalism, typewriting and speaking events. Jacquelyn Shacklette, journalism coach, Louise Taliaferro, typing coach, and Chesta Stuart also attended the meet.

Porter conducted the prose interpretation contest while Taliaferro assisted by Stuart conducted the typewriting contest.

Ozona had a full slate of entries in the four journalism events taking three first places, one second, one third, four fourths and one fifth place.

"All but two of our 12 journalism entries placed in the top five places of the four events," Shacklette said, "and the two who did not place had the least amount of practice and were the most inexperienced of our writers."

In newwriting Michael Glaze placed first while T. C. Tucker placed fourth. In the next event, Tucker earned himself a first place in feature writing. Isabel Benitez placed fourth and Linda Villarreal placed fifth in that event.

In editorial writing Ozona's three entries came close to a clean sweep of the top spots with second, third and fourth places earned by Glaze, Tucker and Brock Jones.

Freshman Copie Davis earned a first place in the headline writing competition. Amy Beth Scoggins placed fourth in the event.

"I'm very proud of them," Shacklette said. "One of the journalism judges critiquing the papers after the contest said that the quality of writing in our district is the highest which she had seen all year.

She predicted that some of them are going to do well in regional competition as well."

Ozona's Vickie Reagor and Missy Ybarra placed first and third respectively in typewriting.

The 60 points earned in journalism events and 20 from typewriting put Ozona within three points of second place for a time, but no points were earned in speaking events.

Poetry interpreters, Patsy Vasquez and Valerie Fierro both advanced from the preliminary round of that event to the semi-finals, but did not go into the finals.

Amy Beth Scoggins and Summer Shacklette both failed to advance from the preliminary rounds in prose interpretation.

Mark Sanchez in persuasive speaking and Brock Jones in informative speaking both advanced to the finals of their events but did not place.

"Not having debate teams for either standard or Lincoln-Douglas puts us at a disadvantage," Payne said, referring to the high number of points assigned to a first place debate team (20).

Also competing in U.I.L. events were Chantelle Pesson, Bonnie Cameron, Peggy Knox and Will Seahorn in science. Mark Sanchez competed in number sense as well as persuasive speaking.

Robin Bolf and Glaze competed in ready writing.

Diana Sanchez participated in typewriting, and Stacie Winkley took part in headline writing.

"It was a long, tiring day for all of us," Shacklette said. "Some of the students who participated are happy;

## Snips, quips & lifts

By Lottie Lee Baker

Having a vegetable garden is better than reading a sad book - you can weed it and reap.

Many people are gossipers - however, some of us are merely informative.

The American way of life is to dawdle away an hour drinking instant coffee.

Don't learn traffic rules by accident.

All the world is a stage, and everybody is making a wild scramble to get on it.

Love is the quest, marriage is the conquest, divorce is the inquest.

Things could be worse. Suppose your errors were counted and published every day like those of a baseball player?

One of the most difficult mountains for people to climb is the one they make out of a molehill.

If there is anything stronger than your convictions, it is the heat of your prejudices.

Many people believe their doubts, and doubt their beliefs.

If you need some kind of excuse,

see your preacher: he has heard more than anybody else.

Experience is a good school - but, my, the fees are high.

Some things cannot be measured. We do not think of a ton of truth, a bushel of beauty, or an inspiration a mile long.

All men need a faith that will not shrink when washed in the waters of affliction and adversity.

We are less convinced by what we see than by what we hear.

The trouble with most of us is we had rather be ruined by praise than saved by criticism.

If you are going to pull decisions out of a hat, be sure you are wearing the right hat.

It's easier to get facts than to face them.

Mrs. Nicholas has been painting since 1979.

### A Preacher's Pondering

Ralph O. Moore  
Minister  
Ozona Church of Christ

## There is one body

The disciples, or followers, of Christ, form a community that responds to the leadership of God's Son. That community has various names by which it is called: flock, church, body - but the idea and implementation of it is a simple one, togetherness.

The body of Christ is too precious to crucify, too pure to pollute, and too vital to dissect. As Christ, the Head of the body, gives direction, the body, the church, responds by following.

The apostle Paul wrote to the saints at Ephesus that "there is one

body" (Ephesians 4:4). In identifying that body, Paul is explicit, it is the church (Ephesians 1:21-22). There is one head, Christ, and one body, the church.

Despite the mission and prayer of Christ to hold the band of believers together (cf. John 17), mankind has, over the centuries and today, split the body into various parts all the while whispering the name of Jesus. What a shame, disgrace and mockery!

There is one body! One church for which Christ died, purchasing it with His own blood (Acts 20:28). To

distort that body by shredding it is to sin! Man has no right to graft in parts, or to amputate parts from the body of Christ.

Many have lauded the fact that there are hundreds of churches serving under the canopy of belief in Christ. That kind of teaching makes a monster of the church by having many bodies under one head. Paul admonished "the church" at Corinth to have "no divisions" (1 Corinthians 1:2, 10). There is one body "knit together in love" (Colossians 2:2), not torn into various strips. The robe of Christ must not be torn into so many pieces!

The greatness and the grandeur of the church is seen in its togetherness under Christ. The unity that Christ calls for, and that the church must strive for, can only be attained by following God's world. The "one faith" necessitates a common carrier. The church is that carrier as it shows the world that it is a dwelling place of God. Maintaining the idea of togetherness in Christ can be realized only by following Christ. There is one body, only one, and those who gather there do so in obedience to the authority of Christ.

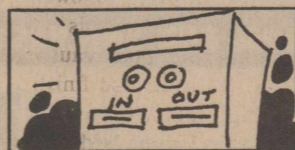

Fragmented believers today who walk under the banners of various man-made religions can find the road to unity in Christ by going to the cross (cf. Ephesians 2:16). The cross is the place that God used to pull all together.

If I said that there is one body, it would be questionable whether you should follow that; but, when God said it, that seals the thought, closes the case, and ends the search. And God said, "There is one body."

## Tennis teams do well in Mason

By T. C. Tucker

The Ozona High School tennis team encountered several new teams at the famed Mason High School Tennis Tournament. All the doubles teams advanced to the quarter-finals with one team making it to the semi-finals. The entire Ozona team was entered in the "B" division of the tourney along with players from Kerrville, Junction and Fredericksburg.

The girls' doubles team of Sylvia Flores and Suzy King easily won their first match after having received a bye. Then they defeated their next opponents 6-2, 3-6, 6-2, and advanced to the semi-finals. There they were beaten 6-7, 0-6.

Amy Jones and Julie Reagor were granted a bye, also. They won 6-1, 6-1 over a team from Kerrville, but lost in the quarter-finals.

Marcos Gonzalez and Stanley Winkley won their first match 6-3, 6-2, then received a default to

advance to the quarters. They won the first set from Griner and Tatum, doubles team from Reagan County, 6-2. However, Griner-Tatum retaliated in the next two sets, winning those 7-6, 6-2.

Travis Burks and Tommy Tucker won their first match in straight sets after receiving a bye the first round. Due to conflicts with other U.I.L. events, they were unable to come back Saturday.

Taking the place of Bonnie Cameron, Jena Allen met with defeat in her first round match, losing 3-6, 1-6. Summer Shacklette had a laborious first match, losing 3-6, 3-6.

In boys' action, Mark Sellers received a bye for his first round. Sellers won his second round match 6-3, 6-0. However, Sellers was defeated in the third round.

Santiago Onofre received a bye, but then lost in three sets, 5-7, 6-4, 3-6.

**CONSUMER ALERT** - Home-sewers should always read the labels on fabric marking pens. Most fabric pen marks are removable by applying a damp cloth to the marked area. However, it is always best to test the markers on a scrap piece of fabric. Some red dyed fabrics permanently absorb fabric markings. Ironing or machine laundering may also permanently set fabric marks.

**CONSUMERS RATE QUALITY CLOTHING**  
When we think of "quality" clothing, most of us think of high quality fabrics, workmanship, style and price. But in fact, there are no features that are absolute marks of clothing "quality".

For example, not too long ago, polyester was thought to be a fabric

suitable for inexpensive clothes, while natural fibers such as cotton, wool and silk were for expensive clothes.

Now even expensive designer dresses are made out of 100 percent polyester, and natural fibers and fiber blends are found in clothing in all price ranges. Which type of fabric is the higher quality?

Or consider the fact that you can buy a sequined or beaded dress for hundreds of dollars, yet you would be unable to wash or clean the garment without damaging it. Is that quality?

Many people paid extra for the style of designer-label jeans, only to find that they lasted about the same length of time as "plain" jeans they bought for much less. Which is the quality product?

Clothes made outside the United States were once considered to be inferior products. Yet it's now difficult to find clothes fully made in this country. And many garments manufactured overseas are made from Texas cotton, wool and mohair. Which place of manufacture shows quality?

The point is that judging clothing quality is relative. As consumers we need to know why we're buying a certain item of clothing and then we can make judgements about quality.

For a party dress that will be worn once or twice, perhaps flimsy fabric that won't hold up well to washing is appropriate. But for a skirt that you expect to wear to work often, a good quality, washable fabric and classic style may be necessary.

Once you know the level of quality you need for a certain garment, then you can shop more carefully both for the item and a suitable price.

## Coaches sweep by Lions

By Cynthia Harrell Hodges

Under the capable direction of John Curry, Ozona Public School coaches surged to a 44-38 victory over the Lion's Club, during the Lion's Club benefit basketball game April 1, despite outstanding play by Lion's Club member Dr. Steve Sessom, who lead all scorers with 21 points.

Curry unleashed the coaches' secret weapon in the form of Ozona High School trainer Mark Duncan. Duncan, sporting flowered Hawaiian shorts, slam dunked and free throw shot his team to victory, following the tying of the score at the 2:38 mark of the last period.

Both teams were seriously competitive during the game, which raised approximately \$200, according to Lion Club president Doris Haire.

High school seniors Harvey Fierro and Steve Sanchez served as referees, and attempted to keep on court antics to a minimum. Despite their whistle blowing, Lion's Club bystanders Doris Haire and Bob Falkner, were successful in handcuffing Coach John Curry during part of the first period. Official timekeepers for the important game included high school students Roger Flores, Stacy Winkley and Jim Etheridge.

The beginning of the game was briskly paced, with the score being 18-15 at the 4:10 mark of the first period. During this opening period, Coach Pete Maldonado complained in vain to the officials about steals by Lion's Club hustler Dr. Gary Vannoy.

The handcuffing antics were not attempted again by Lions' Club members until late in the third period, when Coach Debbi Porter was cuffed to Vannoy. By this time, the coaches had their largest lead of the evening - 10 points.

Louis Hall narrowed the gap between the two teams with his accurate free throw shooting to six points. At the 5:35 mark of the last period, the crowd was watching a close 37-32 game.

The coaches' team was sparked by the triple threat of Don Payne, who ended the evening with 10 points; Brant Myers, who matched Payne's 10 points and Duncan's eight point spurt.

Sessom, showing the benefits of growing up on the basketball court, tied the score at the 2:38 mark of the last period. Duncan again widened the gap for the coaches' team, but Eddie Stewart tied the score for the last time for the Lion's Club at the free throw line.

Curry then sent in his first stringers to eliminate any threat by

the Lion's Club and preserve the victory for the coaches.

Winning coach John Curry said after the game that he "was sure happy with the results. We had a good time. I thought we had a safe lead, but it kept slipping away."

Losing Lion Club coach Jerry Lay was looking forward to next year. "Next time we play, we will use oxygen masks."

Only one casualty of sorts occurred, and that was during the pregame warmup. Jim Gray, pastor of First Baptist Church, broke his "old glasses. I needed some new ones, but have been putting it off," quipped Gray.

The Lion's Club roster and number of points scored included: Dr. Steve Sessom, 21; Ken Hailey, 3; Richard Storms, 3; Matt Gutierrez, Dr. Gary Vannoy, Rev. Jim Gray, Burl Myers, Lloyd Winkley, Jesse Fierro, Jerry Lay, Richard Berry, George Ybarra, Jeffery Stuart, Louis Hall, 5; Jim House 2; Eddie Stuart, 4.

Those on the coaches' team included: Don Payne, 10; Tom Tucker, 2; Brant Meyers, 10; Debbi Porter, Jim Green, Pete Maldonado, David Porter, 2; Eric Wharton, 2; Mark Duncan, 8; Glenn Graham, 4; John Curry, 4; Gene Hood, David McWilliams, 2; and Cliff McMullan.

## Foreign language festival in San Angelo

Students from Ozona High School will participate in an all day foreign language festival April 11 at Angelo State University.

"The festival helps students see where improvement is needed," said

Spanish teacher Emma Franco. "Students are rated in the following categories: poetry, prose, written test (which can prepare future college students for advanced placement), sight reading and extempo-

aneous speaking."

Students are rated fair, good, excellent and superior with judges giving each participant a brief critique.

"Spanish, especially in this area, is necessary. We need to communicate with one another. Students can learn where certain words are derived. With a second language, students can then enjoy foreign movies and music," said the ASU graduate.

The festival, which is in its fifth year, offers programs not only in Spanish, but also in German and French.

## Record book important

Rachel Hall, county Extension agent, presented a program on the importance of keeping 4-H record books during an April 7 meeting of the Intermediate 4-H Club at Ozona Intermediate School.

Whitney Vannoy, president of the group, introduced Mrs. Hall.

Mrs. Hall illustrated how to keep record books and national 4-H forms. Records can be kept for projects in cooking, sewing, horse and sheep showing, as well as other 4-H endeavors. The forms are judged by score cards.

Refreshments were served and the meeting was adjourned. Julie Childress Vice-President

A rash of accidents last week kept DPS Trooper Richard Barton busy.

## High speed chase results in accident

A two mile chase at high rates of speed resulted in an accident for a transporter and six illegal aliens March 3. The driver fled after an attempt to stop his vehicle by a Border Patrol agent. The car hit a telephone pole and went through a pasture fence.

No injuries were reported to the transporter, also an alien, or his passengers.

The passengers were being taken to Dallas and Houston for \$600 each.

A record number of illegal aliens has been apprehended by agents of the Ozona Border Patrol station during March. A total of 325 deportable aliens were processed last month. The previous highest record of apprehensions was November of 1985 when local agents apprehended 304 aliens.

Statistics for the six month period ending March 31 show alien arrests in the area are up 43 percent over this time last year. For the fiscal year

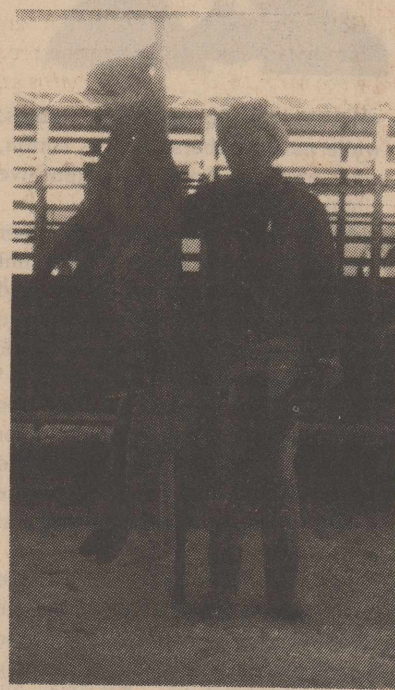

which began October 1, 1,222 aliens have been apprehended thus far.

Eight persons were arrested while transporting a total of 53 aliens to various points in the United States. Nine vehicles used in the transportation of aliens were seized by the Border Patrol.

On March 29, an alien admitted to the United States as a legal visitor was found by local agents to have violated the conditions of his status, arrested and returned to Mexico.

## Pandale Pannings

by Jonny Johnson

Fred DuBose caught this female mountain lion in a #4½ trap on the Norsworthy Ranch at Pandale March 27. She had drug the trap into the water and hung up on brush. He was able to shoot the cat which weighed 130 pounds.

For the small amount of moisture we have had, the blue bonnets on Pandale are just beautiful. Other plants are in bloom, too.

It makes one really feel good to see how Mother Earth renews herself each year. Makes me proud to be alive.

The mud swallows have returned to the ranch. In three years we are up to eight pair.

I have not seen or heard anyone else say they have seen a scissor tail yet.

Dana Cowen, Connie, Jim Ed and Rebekah and I made a fast trip to Amistad Lake this weekend - didn't stay long, but it was relaxing while we were there. Took our long walk. The kids love to do that.

We visited with Kerry Bradshaw for a little while and admired J. B. Lewis' beautiful vegetable garden and their roses, blue bonnets and other flowers were just beautiful.

I returned to have supper with Calvin after the golf tournament. Saw a lot of friends I hadn't seen in a while. Saw some new grandbabies, too.

Barney Sisco of Water Valley was here. He rode my school bus when he was in high school. He has been one of my favorite people for a long time.

Don Longley and family and James Longley and family of Big Spring stopped by the ranch on their way home after a weekend of fishing at Pandale. They caught several (not big) fish, enough for one fry they said. They said there were quite a few people out fishing and enjoying the nice weather.

Some were from Midland, Odessa and Andrews.

I had an offer via telephone Friday from San Diego to send me some rain in exchange for sunshine. I wish it had been in my power to do so!

Joe Wright of Wink has a canoeing service set up now down at the Pandale Crossing.

## Pandale Study Club

The Pandale Study Club met April 3 at the Pandale Community Building with Mrs. Penn Baggett and Mrs. Ted White as hostesses.

Mrs. Thomas Young presented the program, "First Lady Gowns". Pictures of early to present gowns were shown and listeners were told that some first ladies were not wives of presidents, but sisters or daughters.

Those present were Mmes.: Larry Arledge, Jim Hargroves, Henry Mills, David Norsworthy, Jackie Womack, Paul Perner with guests Tina Lockridge, Carlene Bishop and Amanda, Lena Sue Baggett and Audrey Young.

## Primary school launches balloons

Crockett County News photo by Cynthia Hodges

More than 200 helium filled balloons rose quickly into the sunny, windy skies over the Ozona Primary School April 4. The multi-colored balloons, carrying the "Weekly Reader" emblem on them, were launched from the school for the sixth consecutive year. Attached to the balloons were cards with the

students' names and addresses.

"The program is open to any teachers who wish to participate," said Primary School Principal Walter Spiller. Most first and second grade teachers had their students launch balloons, while only one kindergarten class watched their balloons soar into the clouds, high overhead.

The students ran from one end of the playground area to the other tracking the slowly rising balloons. "They looked like little specks in the clouds," said Spiller.

One pre-kindergartener, Gabriel Tijerina, was amazed that "my balloon go way up".

## Band to spring contest

Approximately 60 Ozona High School band students leave today for the band concert and sight reading contest in Coleman.

The contest consists of two sections: the concert part, which is the more important and the sight

reading.

"Students are restricted to a maximum performing time of 30 minutes," head Ozona Band Director Kelly Glaze said. The band has been working, under the direction of Glaze and Eric Wharton, assistant band director, on three

pieces from a state prescribed list for the concert part of the contest.

"We have to perform one march and two concert pieces," Glaze said. The march "Citadel" will be performed, along with Sarabanda and Gavotta" and "Washington Square." for the concert phase of the contest. The sight read pieces have "never been seen before".

The 18 schools participating in the West Zone band contest include: Eden, Goldthwaite, Santa Anna, Irion County, Gorman and Rising Star--Class A; Wall, Mason, Bangs, Menard, Coleman, Eldorado and Junction, Class 2A; Sonora, Brady, Llano and Ozona, Class 3A; and Llano Junior High School.

## A Bird

A friend? A foe? But I do know Its beauty and its splendor Is so uplifting to my soul When I am worn and weary. I know that it is but a bird Perching aloft in yonder tree. But somehow in the awakening hours It is such comfort to me. Death may come. Life may go. Yet truly it is uplifting. Its song is surely written by God-- What a precious gift from Heaven!

The education program of the Crockett County Museum was off to a flying start Monday when two third grade classes were taken through the Indian exhibit. Mrs. Henderson and Mrs. Wallace brought their classes to learn about the Indian "pioneers" of our area.

Members of the museum docent committee who taught the students about the Indians and the later pioneers were: Lara Sue Baggett, Tina Bean, Ann Childress, Karen Huffman, Shane McKinney and Camille Jones.

If you are interested in becoming a docent (guide/teacher) at the museum, please call Camille Jones at 392-2122 or Mrs. Stanton at the museum (392-2837).

"The Indians of Crockett County and Surrounding Areas" is a fascinating way to see the past. The museum staff is ready to receive visitors. Please call 392-2837 to schedule a tour with a docent.

### Get a head start at library

Chrysler chairman Lee Iacocca is driving home a new message. Star quarterback Dan Marino of the Miami Dolphins is calling a new play. World-class boxer Sugar Ray Leonard and his sons are championing a new cause. An awesome team is spreading the word: **Get a Head Start at The Library.** From boardroom, to grid, to the ring, the winning spirit starts at the library.

Research shows that children who have been exposed to reading and other cultural experiences before they begin school have a better chance at success in formal learning. Moreover, 50 percent of intellectual development occurs between birth and four years of age. Libraries have long been concerned with promoting reading to children, and today they are placing even greater emphasis on family reading activities to help fight America's growing illiteracy problem. Story hours, crafts, puppet shows, songs and games are among the children's programs libraries offer.

"Here at the Crockett County Public Library we plan to offer a wide range of summer children's activities such as a Sesquicentennial Reading Program, story hour and special programs sponsored by the Friends of the Library," says Louise Ledoux, librarian. The Crockett County Public Library is filled with information and ideas on researching papers, selecting a college, finding a job, making a career change, planning retirement. You can find out how to prepare your taxes, buy a house or plant a garden. The library's literacy program helps functionally illiterate adults learn to read, so they can give their children a head start. You can volunteer to be a tutor by calling Joan Nicholas at 392-3265. National Library Week is April 6-12, the perfect time to catch the winning spirit. Get a head start at your library.

### Perry exhibit planned

The Friends of the Crockett County Public Library are pleased to showcase another local artist. Betty Perry has titled her soon to be appearing photography exhibition "North American National Parks". These are photos which she took while traveling. Mrs. Perry's interest in photography began as a hobby while she was working in television. She was the production manager for Channel 11 KTVT in Fort Worth. Because of her keen interest in her hobby, she took advantage of the opportunities to study with notable American artists such as Ansel Adams, John Sexton and Lisl Dennis. Don't miss this chance to see the work of an outstanding local artist.

### Range judging contest

Crockett County 4-H range judging teams competed at the Menard County SWCD Range Evaluation Contest Saturday. The Senior team placed second and the junior team was third. John Williams was second high individual in the senior division and Matthew Marshall was fifth high individual in the junior division. Members of the senior team are: John Williams, Keith Fowler and

Gary Thompson. Members of the junior team are: Matthew Marshall, Martha Mayfield, Anna Smith and Angie Marshall. Reggie Quiett and Elaine Williams accompanied the youth to the contest in Menard. Larry Williams and George Peacock also assist with coaching responsibilities, but were unable to accompany the group to this contest.

### ★ Carson (Cont. from pg. 1)

Miss Carson was also chosen one of the 15 finalists on Sunday night. She received a trophy and a modeling scholarship to P. S. Images in Midland for her title as Miss Coed Model. "I learned about the contest from an article in a magazine," said Miss Carson. The daughter of Mr. and Mrs. Billy Carson, she was sponsored in the pageant by her parents, her great-grandmother, Mrs. Ira Carson, Small Fashions and The Teacher Store. The pretty, blonde Julie is active in 4-H, tennis and Methodist Youth Fellowship. She plays piano and was alternate for the 1986 one act play "Goodbye to the Clown".

### Students finish spring project

Future Farmers of America agricultural mechanics students have almost, under the direction of teacher Richard Bridges, completed their spring project of building 50 concrete salt troughs. "The students are required to do some cement work as a part of the state curriculum," Bridges explained. "We have incorporated this cement work with our money making project. The funds we receive will be used for FFA dues and other chapter activities." The students have learned the "importance of workmanship, as well as getting salt and minerals off the ground. There happens to be a high demand in this area for troughs, Bridges said. The troughs are of rubber tires, wire mesh and cement, and are used by ranchers to feed livestock salt or salt blocks.

### Softball teams begin season with tourney

**By Cynthia Harrell Hodges**  
Batters searched for that elusive home run, while pitchers hoped their control would mean strikeouts for the opposing team. Outfielders and infielders alike hoped their error would not cost their team a victory during a tournament held here April 4-6. The Lobos, under the direction of Shane Fenton, achieved a perfect 6-0 record and a first place finish. The Running Rebels, under Raymond Cedillo, finished in second place, with a 4-2 record. Third place went to the Mooseheads with an identical 4-2 record. The team is coached by Ozona softball organization president Danny Sewell. The J. Cleo Thompson team, coached by Gary Yeager, finished in fourth place with an even 3-3 record. Billy Wagoner coached his team, the Undertakers, to a fifth place finish and a 2-4 record during the three day tournament. The Knights of Columbus team, led by Jimmy Ortiz, finished the tournament in sixth place, with a 1-5 record. Rounding out the cellar was the Misfits, with a 1-5 record. The Misfits are coached by Mike Saddler. The teams will play at 7:00 p.m.

each Monday, Tuesday and Thursday at the softball park near I-10. Persons interested in playing for one of the teams may contact one of the coaches or Danny Sewell. A weekly meeting will be held at 7:00 p.m. Tuesdays at Wheeler's Garage.

vehicle 3 1/2 miles south of Ozona on Hwy. 163. After going through a fence, the car struck a pole, causing heavy damage to the vehicle.

A Border Patrol agent was in an accident while attempting to reach and assist the agent in pursuit of the Rios vehicle. Agent J. R. Crockford was not injured when his 1984 Chevrolet struck a curb, crossed the service road and ran into a fence at the baseball park near the I-10 365 exit in Ozona.

The third accident on April 3 was at 7:10 p.m. near the intersection of U.S. 290 and Avenue D. A 1986 Toyota driven by John Hunnicutt and a 1985 GMC pickup driven by Timothy Evans were in collision as both traveled east on 290. The report indicated that the accident occurred when the Toyota changed lanes.

A Chevrolet pickup driven by Jose Gomez and a 1984 Ford driven by Rita Sigwing were in collision at 12:05 p.m. April 4 at the intersection of Hwy 163 and 290. The driver of the Ford struck the back of the Gomez pickup as both vehicles were southbound on 163.

Two out-of-state women received minor injuries and were treated at Crockett County Hospital after a 6:30 a.m. accident on April 5. Eileen Unell of Kansas City, MO was the driver of a 1981 Pontiac involved in the one vehicle accident. Ms. Unell was eastbound on I-10 when she apparently went to sleep.

The Bayou Bend Petroleum Corp., of Houston completed its No. 5-Q Ingham Gulf "B" as a Queen gas producer in the Ingham multipay field of Crockett County, 24 miles southwest of Ozona, for a calculated absolute open flow of 585,000 cubic feet of dry gas daily.

Production was through perforations at 1,370-460 feet, which had been acidized with 750 gallons and fractured with 765 sacks of sand.

It was drilled to 1,480 feet with 4 1/2-inch casing set at that depth.

Location is 990 feet from the north and 467 feet from the east lines of 46-2-I&GN.

Mrs. Glasscock's class had some returns from the balloon launch several weeks ago. Pictured above are [l to r], Bonnie Martin who had a return note from H. L. Rogers from Ranger, Texas; Martha Mayfield who had a return from Heather Reed of Ardmore, Oklahoma; John Carter who had a return from Sylvan Waltersheid of Muenster, Texas and Shelia Berry who had a return from King A. Kock of Muenster, Texas.

### Cosmetology class to present fashion parade

The Ozona High School Cosmetology Department will present a hair and fashion parade Thursday, April 10, in the auditorium. The public is invited to attend the 7:30

p.m. event. There will be no admission charge.

Anyone wishing to participate should contact Ms. Sims at 392-5061 or 392-2808 before noon on April 10.

### Community Center to host conference group

Ozona Community Center will host a group of approximately 40 ladies April 12 while they are en route to California to attend the National Assembly of United Methodist Women in Anaheim. The members of the Southwest Texas Conference of UMW will tour other such centers across the country.

Lunch will be furnished for the group by members of the Community Center board.

The Community Center was a dream of the Woman's Missionary Society of the Ozona Methodist Church for many years. In 1937 it became a reality when two young workers came to establish a summer program. Reverend O. Eugene Slater was pastor of the church at the time. With his help and that of Mrs. Slater, Mrs. L. B. Cox Jr., Mrs. Floyd Henderson, Mrs. Scott Peters and other women of the church, the work continued into the school year. Miss Mary Riddle was sent by the New York offices of the Woman's Division of the United Methodist Church to serve as deaconess, and she developed a program for the center.

The Robert and Mary Massie Foundation of San Angelo contributed a large part of the necessary funds to erect the stone building which is still in use. The rest of the construction cost was paid for by several concerned local citizens, and the center was dedicated in 1938. Later the Massie Foundation furnished funds to add a wing on the north end of the building to provide space for the growing kindergarten program. The 1954 flood caused extensive damage to the building, and major repairs were needed. In 1963, through the help and cooperation of many businesses, individuals, and matching funds from the National Division of the UMW, the repairs were completed and a brick home was constructed next to the center to house the staff.

The board of the center consists of 21 members, plus the district superintendent of the United Methodist Church and the pastor of the local church. Board members are from the whole community as well as the Methodist Church. Monthly business meetings are held throughout the school year.

The main programs offered by the center are classes for preschool children. Kiddie Klub is for four-year-old children and Tinyville is for three-year-olds. Both groups meet five days a week during the school year. There are two full time staff members, under the direction of Mrs. Ray Valadez. They are assisted at various times by volunteers. In the fall of 1985, the center and the public schools began a program of early childhood development for handicapped children. Mrs. Elliott Barrera is leader of this program.

The children attending the programs pay monthly fees. These are used to finance the work of the center. There are several individuals in town who contribute monthly to the center. The local United Methodist Church gives to the center, as does the San Angelo District of the

church. The center also receives memorial gifts from time to time from local citizens.

The purpose of the center is to provide activities and services to Ozona, to offer individuals the opportunity to grow spiritually, intellectually, physically and socially and to increase the children's potential for success in a school situation.

Production was through perforations at 8,378-82 feet, which had been acidized with 750 gallons.

Also scheduled as an 8,900-foot wildcat, it was drilled to 8,795 feet, where 4 1/2-inch casing was set, and is plugged back to 8,761 feet.

Location is 660 feet from the north and 2,164 feet from the east lines of

### Williams asks election to Silver Haired Legislature

Troy D. Williams has announced he is a candidate for the Silver Haired Legislature, an advisory group created by the last session of the Legislature, composed of citizens 60 and older. This Silver Haired Legislature will meet in Austin in September to draft legislation to aid in solving problems which relate to older Texans.

Four persons will be chosen in a special election to represent the Concho Valley Region, two of these from Tom Green County and two from the other twelve counties included in the Region. These counties include Coke, Crockett, Irion, Kimble, Mason, McCulloch, Menard, Reagan, Schleicher and Sutton Counties.

In the special election to be held on Friday, May 30, 1986, only persons 60 or older will be eligible to

vote or hold office, of course they must be Texas residents and registered voters.

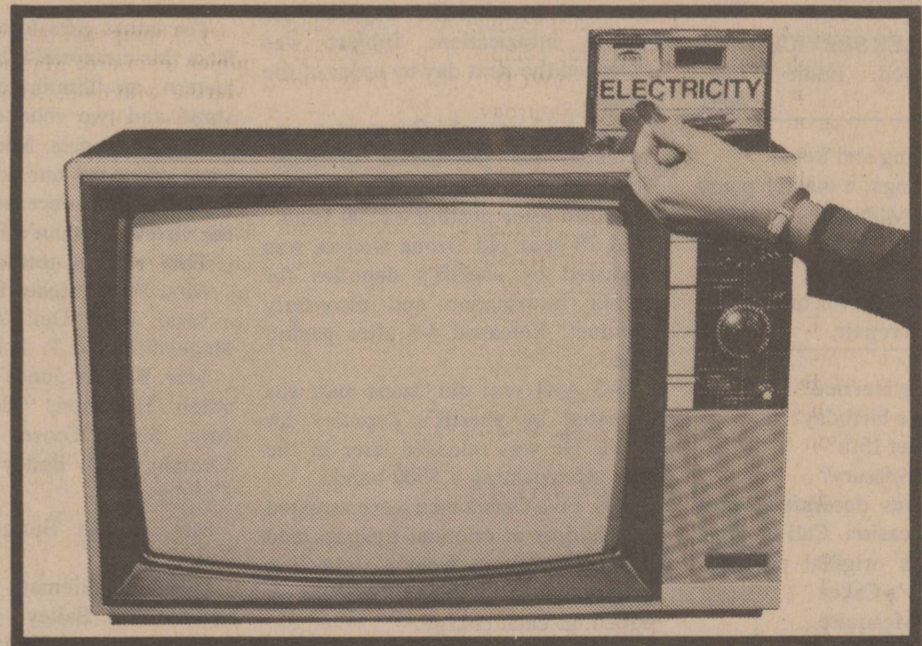

All candidates and election workers are volunteers. The elected legislators will receive no salary and will be responsible for their travel expenses to Austin for the Silver Haired Legislative session.

Troy D. Williams, a native Texan, was born in Panola County, near the Sabine River. He lived as a lad in Irion County (Sherwood) before moving to Ozona in 1931. He has ranched in Crockett County for 48 years. He graduated from Ozona High School in 1934, then started college at the age of 47. He drove to San Angelo College, now Angelo State University, from the ranch, 80 miles one way for four years, graduating with a BBA Degree in 1967. Williams attended the Univer-

sity of Texas School of Law, was admitted to the State Bar on December 15, 1969, and graduated in February 1970. He is still active in the practice of law, maintaining an office in Ozona.

"It will be a challenging opportunity to aid this growing segment of our population. I believe my experience, both as County Judge and as District Judge, has given me the background and experience to understand the special problems of the older citizens, too, many of the State Legislature members were Law School acquaintances of mine, and this will help. I urge all persons who are 60 or over to go by the Clerk's office between May 1 and May 23 and vote for their choice, or in person on May 30th. My name is the last on the ticket, and I solicit your consideration, support and vote."

## What If You Had To Pay For Your Electricity WHEN You Used It?

## You'd Realize All That Goes Into Your Monthly Bill.

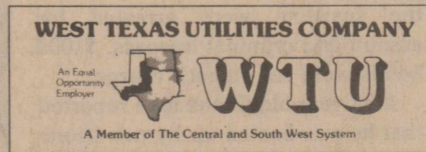

What if you had to pay for the electricity it takes to run a television set every time you wanted to watch T.V.? Or if you had to pay before you could flip on a light switch? Or before you could use a coffee maker or electric can opener?

Because you pay for your electricity MONTHLY, it's easy to forget all that goes into your electric bill. That is, easy to forget UNTIL a bill comes around to remind you. Even then, if you will divide the amount billed for electricity by the number of days in that billing period, you

will see how little it costs to supply your home with electric energy for one day.

The amount you pay per day for electricity enables you to heat and cool your home, cook meals, run stereos, clocks, door bells, hair dryers, mixers, toasters, ceiling fans, and much more! All without having to pay WHEN you flip a switch.

When you consider all the things that go into your monthly electric bill, you'll see what a good bargain your electricity really is!

Remember REDDY Supplies the energy— but only YOU can use it wisely!
