daughter and family, Mr. and Mrs. J.B. Morris and son Mickey.

Mr. and Mrs. J.K. Adams returned Sunday from a short visit with their daughter, Joyce, in Oklahoma City where she is now Home Editor for Farmer-Stockman magazine.

Mr. and Mrs. Ben Chapman and son Bill spent December 26-29 in Elgin, Texas visiting Mrs. Chapman's sister and

family, the George Allens.

Mrs. Bonnie Haberer visited December 27-31 in Crowell, Ikney and Lipan with friends and relatives. The real purpose of her trip was to attend the golden wedding of a childhood friend and her husband, Mr. and Mrs. Bob Gilbert. She had not been back to Lipan, her childhood home, in 57 years.

Mrs. Haberer reported she saw "the most beautiful and the most destructive ice storm I have ever seen" in Jack and Baylor Counties and had to delay her return home because of the weather.

Chairman K.A. Randall of the Federal Deposit Insurance Corporation announced that the maximum insurance coverage for each depositor in banks which are members of FDIC has been increased to \$20,000, and that banks are authorized to advertise accordingly.

Mr. and Mrs. H.G. DeLoach left Muleshoe December 5 by car for Lincoln, Calif. where they visited their son and family, the Leonard DeLoaches. From there they went to Pico Rivera, Calif. to visit another son and family, the Wayne DeLoaches. They also visited Mrs. DeLoach's sister and family, the G.A. Sirks at Apple Valley and another sister and family at Southgate, the L.H. Youngs. En route home they came by Grand Canyon, Glen Dam, and Zion National Park, and reached Muleshoe January 4.

Mr. and Mrs. John Skogland Jr. left December 26 for Houston to spend part of the holidays with John's parents, Mr. and Mrs. John Skogland Sr. While they were gone they also made a trip to Uvalde to go hunting with friends.

Graduate Course Cotton Harvesting Halted By Snow

At Center On Grain, Cereal

LUBBOCK. . . A graduate course in grain and cereal crops production is being scheduled at the Texas A&M University Agricultural Research and Extension Center north of Lubbock. Registration for the course will be on Wednesday, January 21 at 6 p.m. in the Center's conference room, announces Billy C. Gunter, district agricultural agent with the Texas Agricultural Extension Service. The course is Agronomy 601, Grain and Cereal Crops, and will be taught by Dr. Robert Metzger, Extension area agronomist headquartered at the Center.

Agronomy 601 is a three-hour credit course. Instruction will consist of a study of grain and cereal crops production, including ecology, physiology and morphology of the various crops. Special emphasis will be given to grain and cereal crops grown on the Texas High Plains.

All interested individuals in the area who are eligible for graduate study are encouraged to register for the course, adds Gunter. The course should be especially of interest to county Extension agents and vocational agriculture instructors in the area.

A class schedule will be arranged following registration.

The South Plains cotton harvest halted because of a general snow this week, according to W.K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

Samples from 1,250,000 bales of cotton had been received by the Lubbock, Brownfield, Lamesa and Levelland offices through Friday, January 2nd. Cotton sample receipts had begun to decline at the four area classing offices as the harvest neared completion. Estimates indicated more than 90 per cent of this season's crop is now out of the fields.

Strict Low Middling Light Spotted was the predominant grade at Lubbock last week with 21 per cent of all cotton classed. Strict Low Middling made up 12 per cent, Low Middling Light Spotted 16 per cent and all Spots and Tinges 25 per cent. Twenty-eight per cent was reduced in grade because of bark and 11 per cent was below grade.

Staple length averaged between 31/32 and 1-Inch. Three-fourths of the cotton classed at Lubbock had staple lengths of 31/32 and longer.

Forty-three per cent of the cotton classed at Lubbock last week was in the desirable micronaire category of 3.5 to 4.9. This compares to 40 per cent the previous week.

Fifty-four per cent of the cotton classed at Lubbock last week had Pressley readings of 80,000 pounds and higher, compared to 56 per cent the previous week. Pressley is an indication of fiber strength and the most desirable Pressley reading is 80,000 pounds and above.

Fire...

Cont'd From Page 1
after the fire was first reported, small fires were still breaking out amid the debris of the once fine home.

Chief Ladd commented that if they had had available an additional 1,000 gallons of water, he believed they would have been able to contain the blaze. The cold was so intense that water began to freeze up in the truck tanks, necessitating having to take them to the fire department and using heaters to thaw the ice in order to continue fighting the fire.

Social Security Ups Benefits Fifteen Percent

Social security beneficiaries need not apply for the 15 percent benefit increase just signed into law by President Nixon. "Every one of the 25 million men, women and children now on the benefit rolls will receive the increase automatically," Robert M. Ball, commissioner of social security, said.

"The first regular check in the new amount," Commissioner Ball said, "will arrive April 3, the usual day for delivery of benefit checks covering payments for the month of March." A separate check in the amount of the benefit increase for the months of January and February will reach beneficiaries late in April, probably during the week of April 20.

Refiguring the benefit amounts of the 25 million men, women and children now on the

benefit rolls is a tremendous task, Commissioner Ball pointed out, and it must be done without disrupting the regular benefit payment cycle.

"About one out of every eight Americans is now receiving a social security check each month," Commissioner Ball said. "As of the end of December, these monthly payments totaled \$2.2 billion and the monthly total will go up by \$345 million to more than \$2.5 billion as the 15 percent benefit increase becomes effective."

"The average retirement benefit of \$100 a month will rise to \$116 per month; a couple 65 or older receiving the average couple's benefit of \$170, will have their benefit increased to \$196; the average benefit for a family made up of a disabled worker, wife and one or more children will go up from \$237 to \$273; and average payments for a widow and two or more children will rise from \$254 to \$292."

The only way to get anything done is to start doing it.

Miss Foote, Terry Parham Pledge Vows

Mrs. Terry Dan Parham

Miss Cecelia Lee Foote, daughter of Mr. and Mrs. Harold Merrifield of Waco, became the bride of Terry Dan Parham, son of Mr. and Mrs. E.A. Parham of Lazbuddie, Tuesday evening, December 30, at six o'clock, in Columbus Avenue Baptist Church in Waco. The Reverend Joe Weldon Bailey officiated at the double ring ceremony.

The ceremony was performed in a setting of candlelight with two seven-branch candelabra, arrangements of green foliage holding white tapers, with white gladioli and greenery forming the background for the white satin kneeling bench.

Organ selections were provided by Miss Karen Groppe of Waco. She also accompanied Miss Cyndi Jahne as she sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a formal gown of imported silk organza and French lace appliques over peau de soie. The sheath was designed on an Empire bodice of French lace which featured long petal point sleeves of French lace and a Sabrina neckline. The hemline of the gown was finished with a scalloped band of French lace. Her full-length mantilla of illusion, which terminated in a chapel sweep, was also edged in French lace. The bride carried a cascading bouquet of white carnations and white satin streamers and love knots.

Miss Rebecca Foote, Waco, attended her sister as maid of honor. Miss Foote wore a street-length pink crepe dress fitted on an Empire bodice, with full sleeves caught by a wide cuff with tiny self-covered buttons. Her head-dress was a short veil of pink illusion anchored by a large pink crepe bow. She carried a bouquet of pink carnations.

Bobby Gleason, Lubbock, served his cousin as best man, Ushers were Terry Wayne

Hooker and Elmer Beckworth, both of Waco.

Jeannie McGowan, Waco, cousin of the bride, registered the guests.

Immediately following the ceremony, the couple received wedding guests at the home of the bride's parents.

The bride's table was covered with a white lace cloth, over pink. The four-tiered wedding cake was topped by a miniature bride and groom and featured pink hearts and roses and was baked and decorated by the bride's mother. It was served by Miss Stephanie Earley. Lime green punch was served by Miss Pamela Cook and Cheryl Cook. All three are cousins of the bride.

Mrs. Merrifield was attired in a pink wool sheath dress trimmed in green. She chose matching accessories, accented by a white carnation corsage.

Mrs. Parham chose to wear an ensemble of turquoise wool and silk. The coat and dress were enhanced by matching accessories, and a white carnation corsage complemented her attire.

For a wedding trip to Ruidoso to ski, the bride chose a pink skirt and vest, with a white ruffled blouse and matching accessories.

The couple will be at home at 2110 31st Street, Lubbock, Texas.

The bride was graduated from Richfield High School, Waco, and is a sophomore interior design major at Texas Tech University. The groom was graduated from Lazbuddie High School and is a junior business administration major at Texas Tech University.

Mr. and Mrs. E.A. Parham hosted a rehearsal dinner for members of the wedding party at the Elite Steak House in Waco, December 29 at seven o'clock.

Out-of-town guests were Mr. and Mrs. John Curtis of Albuquerque, N.M.; Alan Abe, Miss Kathy Todd of San Antonio, and Donnie Gerth, all of San Antonio; Mr. and Mrs. Michael Foote of Dallas; Mr. and Mrs. John Neil Agee of Muleshoe; and Mr. and Mrs. B.R. Parham of McGregor.

College Students Relate New Look For AAUW

The Muleshoe Branch of the American Association of University Women met Monday evening, January 5, in the home of Mrs. Jim Shafer, Mrs. C.E. Moore and Mrs. Lena Hawkins were co-hostesses.

A panel of college students who were home for the Christmas holidays presented a very provocative program relative to the Branch's study topic, "The Academic Community-New Look on Campus."

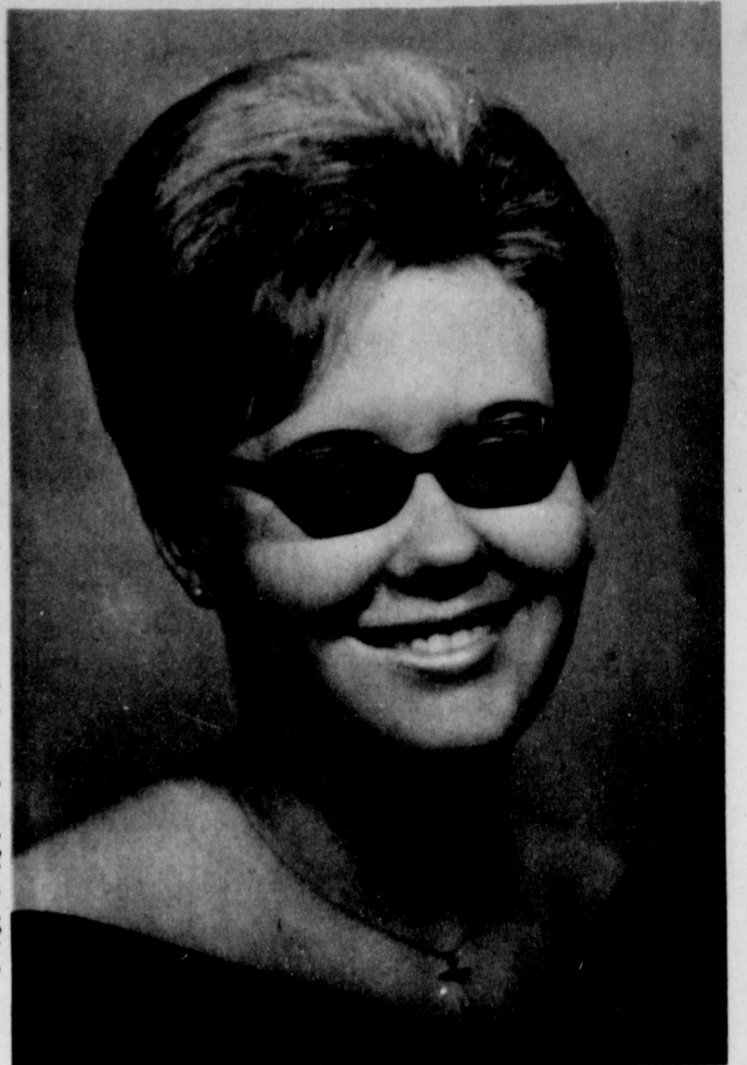

Mrs. Neal Dillman was moderator of the panel and focused questions on the following issues: (1) The liberalization of social regulations (drugs, dress and dormitories) (2) Student participation in the decision-making process on the campus (also role of faculty, administration) (3) Relevance of curriculum to this world and to particular concerns of the student (black studies, etc.) (4) Academic freedom for students (student newspapers, language and views, activism) and (5)

Academic community's relationship to domestic and political issues (race and minority groups, ROTC, recruiting by the military-industrial complex on campus.)

Panel members were John Gulley and Lyla Pitts, Texas Tech University; Beth Black, Eastern New Mexico, Portales; Bobby Allison, Hardin Simmons; and David Dillman, McMurry.

Mrs. Eric Smith, president, presided during the business session and reminded the members of the Branch priorities, the Muleshoe Area Library and Fellowships. Members attending were Mrs. Neal Dillman, Mrs. John Gunter, Jr., Mrs. L.B. Hall, Mrs. Robert Hooten, Mrs. C.E. Moore, Mrs. W.O. Rudd, Mrs. Eric Smith, Mrs. Jimmy Shafer, Mrs. John Watson, and Mrs. Wayne Gilliland.

JUNE WEDDING.....Mr. and Mrs. Milton Walter of Kanorado, Kansas, announce the engagement and approaching marriage of their daughter, Susan Ann, to Weldon Lee Phillips, son of Mrs. Willie Lee Phillips of Muleshoe and the late O.F. Phillips. Miss Walter will be a 1970 graduate of Goodland Community High School, Goodland, Kansas. Phillips attended Muleshoe High School. A June wedding is being planned by the couple.

Mrs. Gwyn Speaks On "Reconciliation"

Women's Society of Christian Service met Tuesday afternoon in the chapel of United Methodist Church.

Mrs. Robert Hooten, the president, presided over a business meeting in which reports were heard from Circle representatives.

Mary-Martha Circle is to host the Birthday party at Muleshoe Nursing Home January 20. Plans were started for the Valentine Banquet February 20. It was announced that the February 3 program will be given by Mrs. Sam Damron and Dana. They will show slides of their recent European trip.

The program was under the direction of Mrs. Byron Gwyn, who discussed "The Meaning of Reconciliation". She said, "We can not buy reconciliation, it can only be by giving ourselves to make it come true. . . We have to have reconciliation with our God and with Man, neither can come without the other." Scripture reading was by Mrs. Albert Davis, Mrs. Mervin Witterding led the group in singing, with Mrs Gwyn at the piano.

The meditation and closing prayer were given by Mrs. Harold Allison.

Turners' Christmas Was Special, Special

All the Doyle Turner family were together for the holidays, with the exception of one daughter and her family, and it took some doing.

December 22 the Muleshoe Turners were joined by the eldest son and family from Kingsville, Mr. and Mrs. Alan Turner, Cheryl and Suzanne. Flying from Lubbock to Los Angeles, Calif. to visit the Doyle Turner's daughter and family, Mr. and Mrs. Charles Buck, were Mr. and Mrs. Doyle Turner, the Alan Turners, Mr. and Mrs. Doyce Turner and Becky, Mr. and Mrs. Royce Turner, Steve and Jill, Mr. and Mrs. Eugene Hawkins, Keith, Shelly and Sharla.

The only family members not with them were a daughter and family, Mr. and Mrs. Terry Kendall of Albuquerque, who could not be away from their work. On the return trip December 30 they had a two hour layover at Albuquerque when they did have a visit with the Kendalls, all except the Alan Turners.

The Turners felt they had a once-in-a-lifetime Christmas. There were ten young children and two older ones. All the visitors except the Doyle Turners stayed at the Sheraton-Universal Hotel and from there they toured the area in a special bus which took them on several

12-hour days- one to Disneyland; one day to Laguna Beach, Huntington Park and Dana Point (returning by way of the famous Capistrano Spanish Mission). Another day they toured Marineland and returned by way of Knott's Berry Farm where they had dinner and saw the shows. Universal City was another tour they enjoyed, finishing it off with dinner at the Country Club.

Mr. and Mrs. Doyle Turner stayed in the home of Mr. and Mrs. Buck and enjoyed being with their grandchildren, Jim, David, Robin and Don. En Route home the group flew to Las Vegas and stayed overnight before flying on to Lubbock the 30th. Mrs. Turner said she enjoyed the glamour of Las Vegas and was glad she had seen it once, but that once is enough for her.

Son Born To Huckabees

Mr. and Mrs. Tobey Huckabee of Route 4, Muleshoe, are parents of a son born December 30 at 1:30 p.m. in Cochran County Memorial Hospital at Morton. He weighed seven pounds, five ounces and has been named Justin Wayne. The Huckabees have one other child, Darlene.

Grandparents are Mr. and Mrs. Roy Huckabee of Plainview, Texas, Mr. and Mrs. Floyd Bynum of Earth, Texas and Ernest Bontke of Morse, Texas.

Vickie Fay Born To Lueras

Mr. and Mrs. Victor Lueras of Route 2, Muleshoe, are parents of a daughter born January 3 at 2:33 a.m. in West Plains Memorial Hospital. She weighed four pounds, ten ounces and has been named Vicki Fay. She is the first child.

The mother is the former Wanda Price, daughter of Mrs. Retha Price of Muleshoe. Paternal grandparents are Mr. and Mrs. Esperidon Lueras of Muleshoe.

The father is employed at Brock Motor Company.

Artists Completes Course

Fernando Ramos, Jr. of Springlake, the son-in-law of Mr. and Mrs. A.C. Sisneros of Needmore, has been graduated from the Famous Artists School of Westport, Conn.

Ramos specialized in fine arts painting during his three year course with this home study school. Directing the art course is a faculty of distinguished artists among whom are Norman Rockwell, Fletcher Martin and Doug Kingman.

"I did it and I'm Glad." That's what many a plastic bag might say if it could talk, for ingenious home economists are coming up with a delightful variety of jobs that the "Glad" plastic bags can do.

-Make hamburger patties in advance, slip into plastic sandwich bags, place six or eight in an airtight plastic food storage bag and freeze. They will be easy to separate when needed and will keep in the freezer for about three months.

-For added protection when working with poison ivy, slip plastic food storage bags over your gardening gloves. Dispose of the bags when you are through.

-Before packing sweaters and woollens away for the summer, place them in plastic bags and store overnight in the freezer. The low temperature should kill all moths.

-Take extra plastic bags in your suitcase. They will come in handy for wet washcloths, bathing suits and laundry.

-Keep matches in waterproof plastic bags on camping and fishing trips.

-Keep plastic bags in glove compartment of car for accidental sicknesses.

Not Much

"Pa," said Willie, "a man's wife is his better half, isn't she?"

"Well, we are told so, my son," said father noncommittally.

"Well, then," continued Willie, "if a man marries twice, there isn't anything left of him, is there?"

Pleasant Valley Honors Its Own

BY MRS. HAROLD ALLISON Pleasant Valley Community Center was the scene of a very happy occasion Friday night when Pleasant Valley Community and the surrounding area honored one of its own young residents. The honoree young man is John Pitts, son of Mr. and Mrs. Kirk Pitts, a 1969 graduate of Muleshoe High School, who at the age of eighteen has made quite a name for himself as he was recently elected State 4-H Council Chairman, or State 4-H President.

to honor this young man and enjoy the covered dish supper and program which was sponsored by the Pleasant Valley 4-H Club and the Pleasant Valley Social Club. Special invited guests were the 4-H Clubs of Bailey and Lamb Counties. The evening's activities began with Mrs. Bonnie Haberer giving the invocation before those present enjoyed the delicious food by those attending. While guests ate, they enjoyed the good western band, Band members were E.K. Angeley, Eugene Buhrman, Ben Higginbotham and August Hill.

Table decorations carried out the 4-H colors of green and white. An arrangement of white mums with green 4-H clovers and white streamers lettered "Congratulations, John" centered the serving table, green candles flanked the arrangement and more of the same were used on adjoining tables, along with green 4-H clovers. Very adeptly performing the duties of master of ceremonies was another young Pleasant Valley resident, Richard Fox, secretary of the PV 4-H Club. He gave a short welcome, which was followed by Aubrey Pitts

and Jim Allison leading the group in the Pledge of Allegiance, the 4-H motto, pledge and prayer.

Richard then thanked the band and the guests gave them a big round of applause. Wives of band members were introduced. They were Mrs. Eugene Buhrman and son, Mrs. E.K. Angeley, Mrs. August Hill and daughters, and Mrs. Ben Higginbotham.

Other special guests were then introduced. They included Rev. Bobby Chaney, pastor of the YL Methodist Church; Supt. and Mrs. Neal Dillman, David Mark and Maribeth, of Muleshoe; Gil Lamb and Mrs. Jack Rennels of Radio Station KMUL, Muleshoe; Mr. and Mrs. Hubert Henry of Littlefield; Mr. and Mrs. Kenneth Precure; Janie and Cindy Crane, Gus Taylor, Darrell Evans, Mr. and Mrs. Robert Hooten and Gary, all of Muleshoe.

Members from other 4-H Clubs in Bailey and Lamb Counties were then asked to stand and clubs represented were YL, Progress and Littlefield 4-H Clubs.

Leaders present were Mr. and Mrs. L.P. Vinson, Mr. and Mrs. Marshal Head of the YL 4-H Club and Mr. and Mrs. Eugene Black of Progress 4-H. Pleasant Valley leaders introduced were Mr. and Mrs. Harold Allison and Edward Wuerflein. The other Pleasant Valley leaders, Mr. and Mrs. Kirk Pitts, were introduced later in the program.

Richard gave special thanks to the members of the Pleasant Valley Social Club for helping sponsor the program, giving special recognition to Mrs. Jack Calhoun and Mrs. Bonnie Haberer who were on the planning committee and gave many hours of their time.

Richard said he thought 4-H a wonderful organization which had a big influence on the lives of its members and all others who come in contact with 4-H. He recognized Gold Star Award winners present, James, Lina and John Pitts, sons and daughter of Mr. and Mrs. Kirk Pitts. Former Pleasant Valley members recognized were Edward Wuerflein, Ken Angeley, Mrs. Nan Pool of Canyon, James and Lina Pitts, Collin Flatt, Sam and Fred Allison.

Richard then asked everyone who had ever been in 4-H to please stand and the number was surprising.

Buddy Logsdon, Lamb County Agent, and Mrs. Logsdon were introduced. Logsdon gave a history of John's 4-H work with pictures from baby stage depicting John's progress to the present time.

John began his 4-H Club work in the Pleasant Valley 4-H Club following the fine example set by his older brother, James, and a sister, Lina. Logsdon brought out the fact that the Pitts are a 4-H family as they have all been outstanding in their Club work, along with a younger brother, Aubrey.

Some of John's accomplishments have been: In citizenship, leadership, electric demonstration, beef cattle, swine, rabbit, achievement, gardening, field crops and farm and ranch management. John and his sister Lina both went to State with their demonstration on farm and ranch management.

Concluding his speech, Logsdon presented John with the Sante Fe Award, which was to have been presented to John at Chicago at the National 4-H Dress Revue. John was ill at the time and unable to attend the meeting.

Lady Clare Phillips, Lamb County Home Extension Agent, helped compile this history but was unable to attend the program due to illness.

Jack Allison, vice president of Pleasant Valley 4-H Club then presented John with a special plaque which was given to him by Bailey and Lamb County 4-H Clubs. Assisting Jack in the presentation was Larry Vinson of YL 4-H Club, Rodney Logsdon of Littlefield 4-H Club, and Eugene Black of Progress 4-H Club.

Jack also presented John a boot tote-bag from the Pleasant Valley community as a token of their admiration.

The honored guest was then presented and he, in turn, introduced his parents Mr. and Mrs. Kirk Pitts, by saying, "Needless to say, without them, I wouldn't be here". He also introduced his brothers, James and Aubrey, and his sister Lina. John then told of some of his experiences as State 4-H Council Chairman.

He attended the Honors Award Banquet in Dallas sponsored by the Dallas Fair Association; he went to Cape Kennedy, Fla. for the launching of Apollo 12 as a representative of 4-H for the State of Texas; he flew to Austin to sign the proclamation designating National 4-H

Week along with Governor Preston Smith.

John's job as State 4-H Council Chairman is to preside at all meetings and to represent the State 4-H in all business and activities.

John concluded by saying he felt lucky to have lived in Pleasant Valley community, with such fine communities surrounding him as YL, Progress, Muleshoe Littlefield, etc.

The Rev. Bobby Chaney then gave the benediction and after this everyone then enjoyed visiting and more of the good western music.

Not Like the Flood

An American died and went to Heaven, and promptly started to boast about his native land. "Do you know," he told a group of spirits, "that Niagara falls eight billion cubic feet of water flow over the cliffs every second."

"Poof!" said Noah scornfully. "Dew-drops!"

TEXAS PRESS ASSOCIATION

Lagging voter registration may spell bad news for Democratic officials, according to no less an authority than U.S. Sen. Ralph Yarborough.

Yarborough called a news conference in the Statehouse the day after State Republican Chairman William Steger of Tyler announced Texas GOP's plan to field strong candidates for both senator and governor this year.

Steger cited a poll as the basis of Republican hopes, but Yarborough said registration statistics, not polls, are the real cause for Democrats to be wary.

He said 80 per cent of Rep-

resent of the state for at least one year and a resident of his home county for six months immediately preceding the election, is qualified to register for voting.

Eligible persons may register by personal appearance at the main office, branch office or authorized substitution of the home county tax assessor-collector. Written applications may also be made to the tax assessor-collector.

The husband, wife, mother, father, son or daughter of a voter may act as his agent in registering if the agent is a qualified voter.

A person who moves to Texas after October 1 may register during the regular period or afterward but must have been registered for 30 days before voting.

Any person who will meet qualifications before Feb. 28, 1971, may register during the regular period. Those who will become 21 after January 31 may register during the regular period or afterward.

Department of Public Safety Director Wilson Speir persuaded the Criminal Justice Council to provide \$864,638 to enlarge the DPS training academy at Austin. This, subject to availability of funds.

Colonel Speir said the proposed construction and renovation would expand the student capacity of the facility from 181 to 381. Also, space would be made available for the council's proposed Texas Crime Information Center, a bank of computers and Teletypes linked with DPS offices around the

state.

Council also voted to consider changing its name at the next meeting. Acting Chairman Harold Dudley said Governor Preston Smith favors the title "Texas Justice Council", eliminating the word "criminal".

Among the eight local projects given council approval was a rehabilitation program for the El Paso County Jail. Project will involve counseling and a job-training program, starting with a cooking and baking school.

Texas Air Control Board will set up a regional office in Houston within the next three months. But the state board does not intend to duplicate any pollution control services offered by Harris County, the City of Houston or other local agencies.

Executive Secretary Charles Barden said the Air Control Board has been planning a regional office in Houston for a long time, but a request had just come in from the city. Regional offices already have been established in Corpus Christi, Tyler, Fort Worth and Lubbock.

Texas Supreme Court held Houston must turn over to Harris County hospital district 4.4 million in pension funds contributed by and for Ben Taub and Jefferson Davis hospital employees.

Court ordered new trial in controversy over ownership of \$10 million 21 Turtle Creek Square apartments in Dallas.

Hall County man failed to convince high court his loss of sight was caused by cotton gin accident.

Oral arguments were set for January 28 in Jefferson County man's injury suit against Hudson Oil and Gas Corporation arising from gas line blow-out.

Atty. Gen. Crawford Martin says in an opinion that County and District Clerks must issue, without cost, as many copies of certified documents as is necessary to make claims for veterans benefits from the United States Government.

In other opinions Martin concluded that:

Railroad Commission has authority to prescribe safety standards for transportation of gas and gas pipeline facilities owned by a city and the attorney general is authorized to enforce them.

Provisions of Texas Engineering Practice Act are not applicable to Department of Health in establishing standards for design of hospitals and related institutions. Designs for structures larger than those specified in the act do not have to bear the seal of a registered professional engineer if the designer is exempt.

State Health Department is obligated to pay half the salary of a pilot for a plane jointly used under contract with the Department of Public Welfare.

Use of a horn, recording or other device to call or attract wild foxes in Shelby, Nacogdoches, Sabine, San Augustine, Falls or Leon Counties is illegal.

Farm production in Texas, Louisiana, New Mexico, Arizona and Oklahoma for 1969 probably will fall a little short of last year's levels. So reports the 11th Federal Reserve District.

Livestock production, with more cattle on feed, will be up about six per cent, but crop production, hurt by adverse weather, will experience a 10-per-cent drop.

Nonetheless, the estimated farm gross of \$6.1 billion and net of \$2 billion will be slightly higher than last year.

U.S. Department of Agriculture, Animal Health Division, placed Fayette County under federal quarantine for hog cholera on December 18.

Action is part of a stepped-up campaign to wipe out the costly swine disease. Quarantine will be removed as soon as threat of spread has been eliminated. "Stamping out" activities against cholera involves prompt and complete disposal of all infected and exposed herds. State-federal indemnity payments are made to farmers whose animals must be destroyed.

Gov. Preston Smith named three members of key joint interim water study committee. They are Robert M. Dixon of Austin, M.P. Anderson of Houston and George Thomas Bradham of Daingerfield.

Smith also announced these appointments:

Texas Board of Public Accountancy -- Walter K. Juncker of Beaumont.

Governor's Committee on Aging--the Rev. Charles Avery Mason of Dallas, Mrs. Printis E. Ellis of Paris, Alan Woods Hastings of Beaumont (re-appointment), Dr. Arleigh Templeton of Huntsville and Robert R. Sanders of Amarillo.

Texas Civil Judicial Council--Dr. Abner V. McCall of Waco, W. St. John Garwood of Austin and Judge Louis Holland of Montague.

State Commission on Fire Protection Personnel Standards and Education -- Bart T. Mulhern of San Antonio, Tom D. Pickney of Austin, Henry Damon Smith of College Station, Mike Bortoni Perez Jr. of Laredo, Alcus Greer of Houston, William Herschel Sharp of Lubbock, Hugh Verner Keepers of Dallas, Troy Stanley of Dallas and Richard Russell of Richardson.

OIL LEAK--That four-man team Governor Smith dispatched to make an on-the-spot investigation of an oil slick in Trinity Bay reported to the governor that the nature and extent of pollution had been exaggerated. Committee said that

Agnew And The News Media

PAUL HARVEY

Since Vice President Spiro Agnew told it like it is to the television networks, you have been watching and listening for some sign of a change in the political complexion of the communications media. It won't happen like that.

If you agree with Agnew, you believe that news telecasts, either overtly or covertly, have long been dominated by the liberal left.

In the old days of radio we had three distinct categories of newsmen: First the newscaster. He was authorized only to rip-and-read news copy from the wire services or objectively report events from on-the-scene.

Second was the news analyst. He was supposed to explain the significance of news events.

Finally, after enough years with a good batting average for accuracy, you became a news commentator. Then you were allowed to "comment" on the news, openly to express a personal opinion.

Some of us in recent years have come to recognize the hypocrisy of this delineation. Let's face it, we are all commentators.

A few of us openly acknowledge the fact. When Paul Harvey comments--he comments. You know in advance that he is opinionated, he is for certain things and against certain things. I believe anybody is. I believe anybody worth his salt has some opinions.

Where we've run into trouble in the rapid emergence of television news is that some New York and Washington based newsmen have tried to pose as objective, when they are, in effect, "commenting." They are letting their own personal opinion influence others.

Merely in the angle from which the TV camera is focused on a politician's least flattering profile, that cameraman or director is "for" or "against."

The newscaster, if only with emphasis on certain words, shades their meaning.

Most newspapers have solved this problem by giving their readers an editorial page which includes a wide spectrum of opinion.

Everybody in politics has recognized this potential for discrimination. Allan Drury wrote a best-selling book about it, "Capable of Honor," delineating the potential of the news media for influencing national and international events by parroting the liberal line.

Much of the indignant press corps sought to denounce or ignore Drury, while potentially conservative politicians, intimidated by a potentially hostile press, frequently compromised their views in order to get themselves interviewed.

Spiro Agnew has not compromised. Whether he is speaking for the President is academic. He is speaking for a lot of Americans who are tired of being led around by the ear by a handful in New York or Washington who pose as neutral...and aren't.

found evidence of four leaks into Galveston and Trinity Bays, but that they were all minor.

SHORT SNORTS

Capitol Visitor Center drew 160,000 during last year.

A \$478,000 federal grant has been approved for 4,776 acres Blanco County State Park.

Frio, LaSalle and McMullen Counties will receive \$70,995 federal grant for June-July Summer Head Start program.

Parks and Wildlife Commission slated a January 7 meeting to consider mari, sand and gravel permits and pricing and to review policy for licensing mobile businesses on public beaches.

Last quarter of 1969 showed a slackening in manufacturing man-hours, industrial production and lower-than-usual increases in personal income. University of Texas Bureau of Business Research reports.

AIR FARES UP

The Civil Aeronautics Board has approved the second increase in domestic air fares this year. Airline tickets will be increased by an average of 6.35 per cent. The new fares will be effective October 1st.
