**YOU CAN COUNT ON HER**

Grim headlines about youth make nobody happy. We worry about the next generation but sometimes forget that youngsters in headlines are "off-beat." More typical of the youth of the country are the Girl Scouts who are celebrating the 46th anniversary of their organization.

There are nearly 3 million girls in this organization. Roughly, this means that one out of every seven girls in the United States is a Girl Scout. The Girl Scout organization makes no claims that it can prevent juvenile delinquency. But it does give children a sense of "belonging." It gives them, too, many opportunities for achievement and recognition.

We are happy to note that the Scouts have struck a positive note in their anniversary theme "You Can Count On Her." A Girl Scout is a girl who can be counted on to be ready for emergencies, to help other people and perhaps most important, to serve her country and community. We wish there were more of them.

**GLOBALIST vs NATIONALIST**

After the recent confluence in Washington of those 1,200 "bipartisan leaders" to beat the drums and toot the horns — under the baton of Eric Johnston — for bigger and better foreign aid and Reciprocal Trade, we are reminded that there has been a realignment in American politics. Neither the Republican nor the Democratic "organization" seems to know it, and even though President Eisenhower and former President Truman carefully avoided a meeting while addressing the same gathering to sell the same bill of goods, the citizens have been choosing up sides on a new basis.

If we read the Johnston propaganda correctly, "bipartisans" are the globalists of both parties who are obviously more concerned with the welfare of other countries than that of our own. Either they have been deluded into thinking that other countries can (and will) defend us better on our money than we can defend ourselves if we spend it at home, or their fraternal sense is overwhelmed by the truism that "misery loves company."

But we are not all globalists. There are still patriots, too — more of them than our "leaders" might suppose. And it's time for them to rare back and holler.

**DOES ANYBODY CARE?**

The revelations of the McClellan committee — even in advance of the long-awaited public airing of Walter Reuther's interminable Kohler feud — have been extensive and shocking. A mere listing of the incidents of violence, thievery, racketeering and general skulduggery revealed by the Select Senate committee would be much too long to attempt here.

It is a bad dream of payoffs in unions funds — \$320,000 to Beck, more to his pals and to big shots of other unions in cash or in accommodations — of dynamiting, stink-bombing, of threats to women and children; of bribery, collusion with criminal scum in gambling, blackmail, extortion and rigging of union elections; of Fifth Amendment witnesses, law officers who "looked the other way" — and with the Kohler revelations still to come.

But all such thievery and hoodlums are child's play compared to another pattern which the hearings revealed — the drive to establish union-dominated government. There are indications that Reuther's UAW has more or less taken over the state government in Michigan. Jimmy Hoffa admitted that Michigan Teamsters had contributed money in gubernatorial

elections in Kentucky, Kansas, Iowa and Michigan.

The McClellan committee revelations have forced the AFL-CIO to set up its face-saving "Ethical Practices Committee" and to kick out the Teamsters and a couple of other unions. But it still can't remove the rascals from these unions, nor will it disturb the unions' life - and - death economic power over their members or seek to dampen the unions' growing political authority and audacity.

Plainly, the time for action has come. No matter how shocked the nation may be at what it has learned, investigation without action would be a good deal worse than no investigation at all. Failure to act would confirm the belief of reckless union leaders that they are beyond the law. It would abandon the American worker to exploitation of unionism. And it would saddle upon the nation, even more firmly, a Labor Trust more vicious, more powerful and more irresponsible than any business combine that ever existed or was dreamed of in the days of the "robber barons!"

It is hoped the Senate investigators will urge legislation to prevent compulsory unionism, to protect union funds and the rights of rank-and-file members and to put an end, once and for all, to the immunity of unions from anti-trust prosecution.

If the committee so recommend, it should be the duty to every citizen to support those recommendations — with letters to his senators and representative. If the committee fails on any of these three crucial reforms, the need for letters-from-home is all the more vital. The forces opposing reform are colossal. They go all the way to the White House. Unless the people speak, the things we have been reading about will continue and worse oppressions and greater thievery will be initiated.

And don't forget, you are a people! What you think counts — if you write it.

**Guarding Tomorrow's Freedom**

How to maintain a lasting peace . . . how to preserve full employment . . . how to ward off recession . . . how to keep our high standard of living. Those are problems which continually face the Government of our country.

Tomorrow they may blaze into issues that must be solved by the factions and interests that make up our democracy. Each of these factions and interests will demand to be heard — and they will be heard.

The press of America will report and comment on what each and every party to an issue has to say. The public will know what is going on.

It is only thus that the best interests of America

can be served over and above the interests of any one faction or any limited-interest group.

This vital function can be performed only by a press that is free to write and free to publish the story of national issues, unfettered by dictation from any source.

Today's freedoms can be secured and tomorrow's freedoms guarded only by a press that owes allegiance to no ogre of tyranny bent upon shaping our destiny to suit its own ends.

If the press of America is, in a real sense, to remain the guardian of our future, we must preserve the freedom it possesses today.

Sale of the Grimmer Motor Co. of Ozona to Jax Cowden, Ford dealer, rancher and oil operator of Midland, and A. H. McLeod of San Angelo, until recently Lincoln salesman for the Wood Motor Co. of San Angelo, was announced this week. The business will be under the active management of Mr. McLeod.

—news reel—

Practically a one-man victory was that of the Ozona High School in the junior division of the invitational track meet in Sonora last Saturday. Woodrow Wilson, son of Mr. and Mrs. Lee Wilson of Ozona, gathered a first place for himself in the four events in which he was entered in the Junior division the 50-yard and 100-yard dashes, the broad jump and the high jump. Woodrow was high point man of the Junior division and was awarded a bronze medal.

The knot of a tangled confidence network woven around Lee Henderson, San Angelo and Crockett county ranchman, as the victim and R. C. Jerome as the alleged dupester, began to unravel Monday when charges of appropriating funds for private use while acting as Henderson's agent were filed in justice court at San Angelo. It is understood that Mr. Henderson's losses will not exceed \$10,000 to \$12,000 instead of \$150,000 as reported from Chicago. Mr. Henderson, it was reported, entrusted shares of Monarch Royalties Corp., to Jerome.

**Garden Club Reminders**

It is time to clean-up and paint-up. Repair garden furniture and give it a fresh coat of paint in time for those days and nights when sitting outside is a pure delight. Be sure and plant sweet smelling flowers and shrubs to perfume the breeze.

Cut heads from tulips and daffodils when flowers fade to prevent seed from forming, but carefully preserve foliage until it dies away naturally, for the future strength of the bulb lies in its foliage.

Prune spring - blooming shrubs when the flowers fade — plant glad bulbs at intervals of about two weeks and you'll get a succession of bloom — continue to fertilize pansies.

It is growing late to plant bare-

rooted roses and shrubs but most nurseries now offer plants in cans, and they may be transferred to the garden even when in blooming stage.

The future! Just how much have we really thought about it? It only seems like something that won't ever come. We feel like it is something that you can wait and worry about tomorrow, but if we don't quit putting it off, it will be too late.

High school students should start thinking about what they want to do when they finish school and where they want to go to college.

There's only one catch to this whole set-up. Most people can't seem to take advice. Apparently, there's nothing wrong with that because so many people have to find out the hard way. When we find out the hard way, we find out, with no doubt about it. So — we always learn, anyway you look at it.

It will more than likely be filled with satellites, rockets, and more Albebra, but never-the-less, teenagers must have fun. College students always come home and say "Oh, take it from me, study, and enjoy high school." Those may be the wisest words you'll hear while you're still a "kid".

The boys were in the midst of a free-for-all when their father entered the room. "David," he demanded, "who started this?" "Well," replied David, "it all began when Richard hit me back."

Suddenly Rodney saw a driverless car rolling down the street. Thinking quickly he jumped in and pulled on the emergency brake. As he got out feeling proud, coach Cleere walked up to him.

"Well," said the hero, "I stopped it." "Yeah, I know," Coach Cleere said, "I was pushing it."

**SENIORS**  
 By Alleane Young

Beginning this week we will be interviewing two or three members of the Senior class of 1958.

To begin, we take a glance at the class president, Stanley Williams. Stan is the son of Mr. and Mrs. Ben Williams of Ozona. He was born June 30, 1940 in a San Angelo hospital; however, he spent all 17 years in Ozona. Stan attended grade school, junior high school and high school in the same old buildings we are going to school in today.

When he does walk down that aisle and gets his diploma, Stan then plans to go to Baylor. He said he wants to study pre-med. I am sure he will be a success in anything. As everyone knows, Stan makes excellent grades in all subject, even "football."

Speaking of football, he likes all sports including fishing and hunting. He said he didn't have a favorite. Stan's father has a ranch and so Stan has spent quite a bit of time out-of-doors.

Lemon pie and chicken spaghetti are among his favorites. Take note girls!! Stan likes algebra and trigonometry as subjects in school. To give you a slight description of Stan; he is 5 feet 10 inches tall, has hazel eyes and brown hair.

Stan played a very good game of football at quarter-back this year — he was selected for the all-district team. In basketball, he was always a big help.

He was also selected as one of the captains of the football team. Picked as Junior class favorite, he is a favorite of everyone in O. H. S.

Next we look at one of our cheer leaders, Alma Ingham. Alma was born in McCamey, September 3, 1940. She is the daughter of Mr. and Mrs. B. B. Ingham Jr. of Ozona. Alma attended the first, second, third, and fourth grade in Sheffield, then moved to Ozona where she has attended

the other eight years of school.

Alma has been a high school cheer leader for two years and a very good one at that. She really added a lot of "cheer" to the football games. Spending a lot of her life out-of-town she loves sports. Her favorite is tennis at which she does a very good job. Of course, having a ranch on the river, she loves to fish and also hunt.

Selected as 4-H sweetheart last year, she was also Junior class favorite. This year she was runner up for most popular.

Spanish is her favorite subject, although she likes them all.

After graduation, she is going to summer school in San Marcos and also is going to attend college there next year. Her major is going to be Business Education.

Alma's favorite food is Mexican food and for dessert she prefers pecan pie. For those of you who don't know Alma, she is a blonde, with blue eyes, and is 5 feet, 3 inches tall. A striking girl, I would say.

**COMIN' AND GOIN'**

By Alma Ingham

This is the week that our teachers are going to San Angelo for a big teacher's meeting. Of course this means no school on Friday! Everyone is ready for a holiday, because we haven't had a break since Christmas.

Although there is no school on Friday, the band is going to present the programs at the teachers' meeting, Friday morning. Playing for the teachers' meeting is certainly an honor, and we're proud to say the band has had a very successful year.

Butch Albers has been out of school for a week. He had an appendectomy last Thursday. Hope to see you up again soon, Butch.

Saturday night Sue Grover and Jimmy S. were seen together at the show. A few more couples that had dates were: Dartha Dee and Dick, Mary Jo and Rod, Susie and Clayto, Becky and Johnny, June and Bill M., Sally, and Don, and Susan Brown, and Tommy S.

Bill B. Howard M., Pierce M., Jay M., Jimmy B., Mark B., Penn B., Bill J., Bryan M., Joe E., Pam J., Billy W., Larry W. were accompanied by Pete Jacoby to the big city of San Angelo. They are all hard working 4-H'ers, and from what I gather they spent a busy three days working on their sheep. Even though work was involved, they all reported having a wonderful time at the Stock Show.

We have a cute, new girl in school. Her name is Beth Garrett, and she is classified as a Freshman. She comes to us from Midland. Already she said she liked our little town of Ozona. We're happy to have you, Beth. We hope you like Ozona as much as we do.

Joan Bower visited here with her Grandmother, Mrs. Vera Baker over the weekend. She and Linda M. went to the show Saturday night, and Sunday afternoon Joan left for her home in Dallas. Joan hopes to be back for the Easter Holidays. Well, until next week, be good, and have an exciting week-end.

**THE SACK**

By Joe Clayton

The newest thing in women's clothing is now becoming vogue. I am speaking of the sack dress. What practical use can a dress of this type have? Certainly the men do not appreciate the good merits.

I've had an inspiration on the subject. Perhaps the dress could be used to the benefit of our athletes. They would make good warm ups for the track team. They would enhance the looks of the football team, but probably the most practical use would be for the weight lifters. As everyone knows Coach Cleere's boys have been lifting a good bit lately and are developing some very fine muscles. The sack dress could hide their immense muscles and thereby give them safety in case a crowd of girls were to walk up. The sack dress would also improve their natural beauty. Is such a thing possible?

In the event the weight lifters take my advice on this weighty problem, do not be at all surprised to view a handsome young man walking on the streets of our fair city with, of all things, a sack dress on.

**JIM'S JUNK**

J. Burton

Even though the weather does not always support the fact, it seems that spring has finally come. With it, it has brought many things, some good, some bad, and some just non-classified. Among these is tennis. Some of the talent that has reported for practice would seem to assure an excellent year. Mark White, Bill Meinecke, Stan Williams, Ronald Carnes, Bud Dale, Alma Ingham, Tommy Fields, and June Bunger make up the first line of players, while Pleas Childress and Mike Grover will be playing junior ball. Dikey Butterfield holds the honored position of manager. Coaches seem to run true to form. Instead of the well known rose tinted glasses of Coach Pelto however, Instructor Hopkins wears green ones.

Carrying the long line of Senior tradition, Mark White pulled a classic in English IV.

"Mark," said Mr. Harlan, "Tell us what that last poem meant." Then noticing a lack of comprehension so typical of Seniors, he added his favorite saying, "In a hurry Mark, like a big fat toad-frog."

"Aarrrik" answered Mark. Of course when the laughter died down Mark offered to translate it, which he did nicely to Mr. Harlan's relief.

The one act play will be presented in Barnhart Wednesday. The reason suggested that there are not enough people to start a riot. I consider this unkind however.

I can not think of a good dedication so just let me dedicate it to anyone who thinks he deserves it.

**BAND TO BRADY**

Saturday morning at eight o'clock the band left for Brady, rain and all. It rained "cats and dogs" all the way. We arrived about eleven o'clock and ate our lunches. Mr. Smith had sack lunches for us because we didn't have time to eat before we played. After eating we listened to some bands and went to our warm-up room. We warmed-up and then played and sight-read. Then after putting our horns up, we heard a concert by the Hardin-Simmons Band. It was very good, particularly their twirler.

We did not win anything, but did a fine job of everything. Of course, there was no street parade because

it was pouring down rain and very cold.

Although we didn't win we received some very helpful criticism and had a good trip. Our next trip is to San Angelo on March 14th to play a concert for the teachers' meeting.

**HIGHLIGHTS AND SIDELIGHTS From State Capitol**

By Vern Sanford

Texas Press Association

AUSTIN, Texas — State's fiscal cupboard is bare at the moment. By the end of the month it'll probably be about \$20,000,000 short, says State Treasurer Jesse James.

Texas' treasury has been running in the red during spring months for several years. Situation corrects itself sometime after April when sizable state tax payments come in. For more than a decade the state has come out solidly in the black by the end of each fiscal period.

This year Treasurer James predicts incoming revenue will wipe out the deficit by May or June.

But there's a difference this year. Lagging oil revenues have choked off a sizable hunk of expected tax income. Comptroller Robert S. Calvert, the state's official income estimator, sees another — and worse — deficit by next fall. By the end of the present budget period in August, 1959, he estimates the state will have spent \$32,000,000 "on the cuff."

This estimate holds even if oil production picks up within the next few months.

Meanwhile, state banks are still cashing the state's warrants and holding them until the state gets money in to pay them.

A penny saved — With an eye on the state's depleted coffers, the Legislative Budget Board is asking state departments to look for ways to pare expenses.

Board's letter calls on department heads to "review . . . each activity in your organization to determine if there is anything that can be eliminated without detriment to the citizens of Texas."

Defense need cited — It won't be just Texas that will suffer if oil importing continues, says Railroad Commission Chairman Olin Culberson.

In an Austin speech to members of Texas Service Stations Associated, Culberson took the usual swat at imports for draining some \$1,000,000 a day from Texas economy.

But above this, he said, is the danger to national security if the domestic oil industry is strangled and the country becomes dependent on oil fields "half a world away." "It's suicidal," said Culberson.

He doesn't see prospect of cheaper gasoline from imports, said the Railroad Commissioner. Europeans, who get all their oil from the Middle East, pay from 80 cents to \$1.10 per gallon, he said.

No trend yet — Texas Employment Commission's latest report showed a slight drop in number of jobless — from 79,604 to 79,079.

But the change was not enough to indicate a "turning point," the hoped-for spring upswing in job activities.

TEC's figures include only those unemployed persons covered by unemployment insurance.

**Livestock Price Surge Boosts Farm Income**

FORT WORTH — For the month ending February 15th, Texas farmers' income was up 1½%, despite the decline of 1% in all crops during the period. What made the difference was the increase of nearly 4% in livestock prices? Recently strong markets on all kinds of livestock at Fort Worth have reflected these gains, which USDA figures at \$2 per hundred on cattle, 90 cents on calves; 30 cents on sheep and 20 cents on lambs.

The trade at Fort Worth Monday again reflected the strong current position of livestock. Cattle and calves continued to set the pace with an active trade and strong prices. Some sales of cows and replacement cattle and calves were 25 to 50 cents higher. Clearance was effected well before noon on most all offerings.

Comparative prices: Good and choice fed steers and yearlings \$24 to \$28, latter figure on club steers from Spur; medium and lower grades \$14 to \$24. Fat cows \$17 to \$19, few to \$20. Canners and cutters \$12 to \$17.50. Bulls \$15 to \$21. Good and choice fat calves \$25 to \$27.50, and lower grade killers \$14 to \$24. Good stocker calves \$25 to \$28, and steer yearlings \$27.50 down. Feeder steers \$25 down. A few stocker cows \$15 to \$20.

**Spring Lambs Weak To 50c Lower; Feeders Strong**

Milk fat lambs sold weak to 50 cents lower at Fort Worth Monday, and good and choice Spring lambs cashed at \$23 to \$24.25. Good and choice old crop lambs drew \$20 to \$22.50. Choice No. 1 and Fall shorn pelts scored \$22 and \$22.50, and a few woolled club lambs topped at \$23.50. Short skin lambs sold around \$20 to \$21.50. Feeder lambs cashed at \$19 to \$22.50, some mixed feeder and fat shearing lambs at \$22 to \$22.50.

Yearling wethers cashed at \$18 to \$20, and a few old muttons sold around \$16. Slaughter ewes drew \$9 to \$11.50. Aged bucks drew \$8 to \$9. A few low grade goats sold at \$7.

**PATROL AGAINST VIOLENCE** — Preceded by a policeman, Tunisian soldiers patrol the streets in Tunis. Angry mobs demonstrated to demand arms to drive 25,000 French troops out of the country. The demonstrations followed memorial services for the reported 72 persons killed during a French bombing of a Tunisian village.

**State Board Grants Permission To Build Chapel At McKnight**

Austin — Permission to build the first chapel on any state hospital ground was granted to day by the Board for Texas State Hospitals and Special Schools. Construction of the building at McKnight State Tuberculosis Hospital near San Angelo will begin immediately.

M. D. Bryant of San Angelo, chairman of McKnight All-Faith Chapel Committee, was spokesman for the petitioning group. A prominent oilman, ranchman and former San Angelo mayor, Bryant presented final plans, specifications, bids and financial statements and assured the board of a completed and debt free chapel by the end of the summer. The state will assume operation and maintenance of the unit at that time.

The chapel will be built entirely by volunteer funds from 2,649 Texans in 45 towns and cities. Bryant pointed out the wide area represented by the donor list showed increasing public awareness in the welfare of patients in state institutions.

Of contemporary design by Architect Lee Hunter of Ft. Stockton, the chapel will accommodate the needs of all faiths and includes counsel rooms for chaplains. Currently the patients population at McKnight is 500, and about 100 of these are ambulatory. Faith division among patients is half Protestant and half Catholic. Chapel seating capacity is 180.

At present patients hold worship services in the halls of the buildings in which they live.

Coupled with the proposed chap-

el is the installation of a central sound distribution system providing a pillow speaker to each bed so that patients unable to attend services in person may do so by radio. Patients also will receive four outside radio stations eliminating the need for individual radios which often disturb neighboring patients.

Mrs. Lowell Littleton of Ozona is a member of the Chapel Committee, composed of prominent West Texans.

**Switzerland Program Topic at Woman's Club Meeting Here Tuesday**

Swiss Amigas was the program theme for the meeting Tuesday afternoon when the Ozona Woman's Club met with Mrs. Ivy Mayfield, Mrs. O. D. West assisting. Mrs. Taylor Word led the Friendship Day program. Mrs. Word gave a review of Federated Clubs in Switzerland. The American Woman's Club of Zurich was organized in 1925, to bring together American women and wives of Americans in Switzerland. Its 130 members meet twice a month, and monthly excursions are also arranged. Each year it gives financial assistance to a Swiss girl who has received a scholarship award for study in the United States.

Mrs. Evert White spoke on Swiss Influence on World Affairs. She told of their industries, how they are governed, and of their natural beauties.

The beauty of Switzerland in colored slides were shown by Miss Joan Ridley who visited Switzerland while she was in Germany as a teacher on a military base.

Mrs. Wayne E. West, as a representative of the E. S. A. Sorority, gave a talk on muscular dystrophy, and what is being done about it in Texas. The National Muscular Dystrophy Research Foundation, Inc., is in Liberty, Texas. Research is being done at Trinity University, San Antonio, Baylor Medical College, Houston and University of Texas Medical Branch, Galveston. There also is a clinic at the school in Galveston for muscular dystrophy, and at Texas University in Austin. This is a project of the Sorority this year.

Mrs. L. B. Cox, Jr., was elected a delegate and Mrs. Joe Pierce, Jr., alternate to the 6th District Convention in Sweetwater March 25th.

Two memorials were given for the Hospital grounds this month. Mrs. Stephen Perner as Federation Chairman gave a report on some National problems.

Those attending were Mrs. Bailey Post, Mrs. P. T. Robison, Mrs. John Bailey, Mrs. W. R. Baggett, Mrs. B. B. Ingham, Sr., Mrs. Roy Killingsworth, Mrs. J. W. Henderson, Jr., Mrs. L. B. Cox, Jr., Mrs. Charles Williams, Sr., Mrs. Joe Pierce, Jr., Mrs. Taylor Word, Mrs.

*A Tribute*

*To Girl Scouts!*

When Judy, Jane and Barbara don their Girl Scout uniforms, they are not merely putting on different clothes. They are becoming part of a world-wide crusade for health, mental stimulus and good citizenship which builds character and fine womanhood. So we salute the Girl Scouts of this community and wherever they may be participating in their expertly directed movement. They have fun, bless them, and with it all they learn to use their hands, their youthful heads — and above all, their innocent hearts. Your girl, too, should be a happy, healthy member of the Girl Scouts!
