NUMBER 11

San Antonio Firm Is Low Bidder On Gurley Draw Dam

Site No. 7 On Johnson Control Series To Cost \$96,888

Centex Paving Co. of San Antonio was the low bidder on contract for construction of a flood detention dam on Gurley Draw at Site No. 7 in the Johnson draw watershed control project.

Bids were opened by the Commissioners Court Monday afternoon. Only three bids were submitted on the project, the two high bids being for \$109,000 and \$111,000 respectively. Engineering estimates on the dam placed the cost at \$92,500.

After the usual investigation of the contractor and other routines steps which must be taken before final contract is signed, work will start on this the next-to-last dam in the series of seven such structures to be built on the Johnson Draw watershed to control flood waters in the ordinarily dry wash. Completion of the system will offer protection to the town of Ozona and downstream land owners against disastrous overflow of the stream such as that which cost sixteen lives and did nearly 12 million dollars in damage in June of 1954.

Three of the dams are complete and two others are under construction on the Johnson watershed north of Ozona. Plans and specifications are complete on the No. 4 site dam on the W. R. Baggett ranch and bids will be called for on it within the next few weeks, official believe.

In addition to the seven dams which will impound and hold up flood waters to allow an orderly out-flow of the flood waters through a system of draw-down tubes, the flood control project contemplates a channel improvement program along the wash through Ozona. This part of the program will wait until new federal funds, made available through the Soil Conservation Service, become available for the local project after July 1.

Widening, straightening and grading of the stream bed through the town will entail the moving of nearly a million cubic yards of dirt, engineers say. They estimate that the dirt to be moved from the channel will raise 45 acres of land five feet higher. The dirt will be used to fill in holes and depressions along the draw banks in Ozona and on low pasture lands where cuts are to be made.

The new wider highway bridge, now nearing completion across the draw on U. S. Highway 290 in Ozona, is a part of the channel improvement plan. The new bridge will offer less resistance to flood waters and will conform to the new channel width and design.

Milwaukee Braves To Open Baseball School In Alpine June 19th

Farm Director John Mullen of the Milwaukee Braves announced that the Fifth Annual Alpine, Texas Milwaukee Braves Baseball School will be conducted in Alpine on June 19, 20 and 21st (Thursday, Friday and Saturday.)

The School will again be held at beautiful Kokernot Field, home of the famous Alpine Cowboys and also the home field of the Sul Ross College Lobos. Some of the instructions will be conducted in the evening under the Kokernot Field new lights as well as day time sessions.

The Braves' chief scout of the State of Texas and Southwestern area of the country, Earle Halstead, is again supervisor of the Alpine School. Mullen also announced that Paul Waner, member of Baseball's Hall of Fame and official Milwaukee Braves' batting instructor, will also be present for the fifth consecutive year. Waner, renowned for his many great hitting feats during his illustrious career, is regarded by baseball men throughout the country as one of the top hitting instructors of all-time. Waner made 3,152 hits during his major league career.

Mexican Wetback Held In Theft of Jeep From Seismograph Crew

But for a missing tail light on his stolen Jeep, a Mexican wetback may have made it to the Mexican border the easy way and saved his store-bought American shoes, and a seismograph crew working in Crockett county may have lost not only the Jeep but an estimated \$3,500 worth of instruments and equipment and several weeks of work while they waited for a replacement of the vehicle and instruments.

The Mexican national, who had found ranch work in the area of northwest Crockett county or in adjoining Pecos county, was stopped by Highway Patrolman Herman Moore of Sonora on U. S. Highway 290 between Ozona and Sonora a few nights ago.

The officer stopped the Jeep when he noticed it had no tail light. In checking for the man's identification, he discovered that he was a Mexican national and that the Jeep had been stolen. The seismograph crew had not missed the vehicle until notified by officers of the find. The Mexican told Patrolman Moore that he had worked for an American in Mexico and that the American had showed him how to wire around a switch on a motor vehicle.

The Mexican was jailed in Ozona to await action of the grand jury on a charge of theft. If convicted, he probably will be deported.

Crockett Grass Judging Team 2nd In State Contest

22 Teams Entered At A & M Meet; Range Team Competes

Crockett County 4-H Club grass judging team emerged in second place in the state grass judging contest at A&M College yesterday.

Twenty-two grass judging teams from over the state competed in the event. Information was not available on the winner of first place in the contest.

Members of the grass judging team are Pierce Miller, Bob Childress, Frank Childress and Bill Jacoby.

A range judging team from the Crockett County 4-H Club was also on hand at the state meet to compete in that event but no information was available on the outcome of this contest. Members of the range judging team are Pleas Childress, Johnny Jones, Billy Troy Williams and Jay Miller.

County Agent Pete Jacoby and the group of young judges left Ozona Tuesday morning and expect to return to Ozona late today.

Mahon To Manage Blakley Campaign In Crockett County

G. Dixon Mahon of Ozona, has been named Crockett county manager for the William A. Blakney campaign for U. S. Senator in the democratic primary, July 26.

Announcement of the appointment was made by Blakley's state campaign manager, James H. Blundell.

Blakley is conducting a personal campaign with plans to visit every county in the state and to meet and talk personally to as many voters as possible.

County managers have an active part in arranging such visits to their respective areas.

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Hospital Memorial Fund since May 28:

Mr. and Mrs. Floyd Henderson in memory of Mr. Ned Friend, and in memory of Mrs. Taylor Word's mother, Mrs. R. P. Carson, and in memory of Mr. Bert Couch.

Mrs. Alice West Baker in memory of Mr. Bert Couch and in memory of Mr. Abe Caruthers.

Mr. and Mrs. Tom C. Harris in memory of Mr. Bert Couch.

California Woman Dies In Highway Crash On U. S. 290

Three Adults, Child Injured In One-Car Accident Fri.

A 44-year-old California woman was killed and a year old child seriously injured last Friday in a one-car accident 23 miles west of Ozona on U. S. Highway 290.

Mrs. Hilda Easton Greene of Los Angeles, Calif., was thrown from the car and killed in the mishap. She was driving the car and when the vehicle left the pavement she lost control in trying to pull the car back to the pavement, Highway Patrolman Walter Sawyer reported. The accident happened about 12:45 a. m. The car was traveling west at the time of the accident.

Seriously injured was John Samuel Fleming, Jr., one year old. He was treated at the Crockett County hospital and was taken by surviving members of the party to Beaumont.

Others injured were Aquilla Fleming, 26; Olivia Fleming, 3, and Robert J. Shorts, 29. All were Negroes.

CROCKETT HOSPITAL NEWS

Patients admitted to Hospital since June 3: Wayne Chancey, Ozona, medical; Mrs. Julian Rodriguez, Ozona, obstetrical; Mrs. Mary Lake, New York City — accident; Elisa Lara, Ozona, surgical; John Samuel Fleming, Jr., Los Angeles, Calif., accident; Mrs. John Samuel Flemings, Sr., Los Angeles, Calif., accident; Mrs. Pat Bowlegs, Ozona, medical; Mrs. Tom Ed Montgomery Ozona, obstetrical; Mrs. Granville Flanagan, Ozona, obstetrical; Mrs. Claude Montya, Ozona, surgical; Roy A. Harrell, Ozona, medical.

Patients dismissed: Mrs. G. W. Hester, Mrs. O. S. Wills, Manuel Longoria, Barbara Kirby, Pleas Childress, Mrs. Pearl Chisum, J. W. Donham, Wayne Chancey, Mrs. Julian Rodriguez and infant daughter, Mrs. Mary Lake, Elisa Lara, John Samuel Flemings, Jr., Mrs. John Samuel Flemings, Sr., Mrs. Granville Flanagan and infant daughter and Roy A. Harrell.

Funeral Services Held Monday For W.T. Evans Who Died At Sheffield

William Thadus Evans, 78, of Sheffield died at his home at 9:25 p. m. Saturday after an illness of 11 years.

Funeral services were held at 2:30 p. m. Monday at Sheffield Church of Christ with burial in Sheffield Cemetery under direction of Cody Funeral Home of Ozona.

Mr. Evans was born in Williamson County Jan. 19, 1879. He married the former Miss Bertha Scott of Sheffield in 1916. He had lived in Pecos County since he was a young man.

Survivors include his wife; three sons, Calvin and Gene Evans, both of Sheffield, and Alvin Evans of Iraan; two daughters, Mrs. Dorothy Wilson of Sheffield and Mrs. Willie Lancaster of Fort Stockton; one brother, Evan Evans of Ozona; one sister, Mrs. Eva Stone of Del Rio, and nine grandchildren.

Mayhew-Russell Vows Slated For June 20th

Mr. and Mrs. Frank Mayhew have announced the engagement and approaching marriage of their daughter, Jennell, to Hugh Russell of Ozona. Vows will be exchanged Friday, June 20, in the First Baptist Church in Sonora.

Miss Mayhew received her diploma with the 1958 graduating class in Sonora High School. The bridegroom elect, son of Mrs. George Russell, finished high school with the Ozona High School Class in 1955.

Mr. and Mrs. W. E. Friend, Jr., and daughter, Carol, and Mr. and Mrs. Glenn Richardson and sons, Wade and Wesley, have returned from a week spent at Rockport and Port Aransas.

Mrs. Abe Caruthers New Owner Of Sawyer Jewelry Store Here

A deal was completed last week to bring a change in ownership of an Ozona business.

Mrs. Abe Caruthers purchased the stock and fixtures of the Wesley Sawyer Jewelry in Ozona and changed the name of the business to the Caruthers Jewelry.

Mr. Sawyer, who is in similar business in Sonora, established the Ozona business ten years ago. Since C. E. (Buck) Moore, who had managed the store for Mr. Sawyer for several years, left a few months ago to live in Arizona, the business has been operated by Mrs. Joe Chapman and Mrs. Herbert Kunkel. Mrs. Caruthers has announced the employment of Mrs. Sam Beasley as her assistant. Mrs. Beasley was employed in the store for several years under Mr. Sawyer's ownership.

Mrs. Caruthers plans to continue the same quality lines of merchandise which customers have been accustomed to finding in the store, she said. Mrs. Caruthers and children moved back to Ozona to make their home after the recent tragic death of Mr. Caruthers in a hunting accident in Wyoming. Mr. Caruthers, who had ranched for many years in Crockett county, had just closed a deal for purchase of a ranch in Wyoming when death interrupted the family's plans.

Two Top Softball Pitchers To Duel On Local Diamond Friday

Two of the finest softball pitchers in West Texas will oppose each other on the Ozona softball field Friday night when the El Paso Natural Gas team meets the Continental Oilers in a matched game.

Lefty Choate, with El Paso Natural at Crane will be on the mound for the Gassers while Boyd Reese of Conoco will chunk for the Oilers. Game time is 8 p. m. It should be an interesting contest.

Mills Tandy Combines Hobbies To Make Paid Job Of Summer Work

When you can combine two hobbies into one job of work and get paid for it, and at the same time further your knowledge of your hobbies by working with men of the PhD level in such pursuits, then you have something approaching the ultimate in vacation pleasures.

Such has been the lot of Mills Tandy, son of Dr. and Mrs. H. B. Tandy.

Mills, who has three principal hobbies, photography, ichthyology (fish) and spelunkink or cave exploration, is one of three high school boys employed as assistants to a group of graduate and undergraduate students of the University of Texas participating in a Marine Science Institute this summer at Port Aransas, Texas.

Besides assisting with the marine life study, Mills is using his camera in connection with the various studies. He will be employed on the project all summer.

Bon Voyage Supper Honors Phillips On Eve Of European Tour

Mr. and Mrs. Hillery Phillips, who will sail from New York on the liner Queen Mary for a summer tour of Europe, were honored at a "Bon Voyage" supper Saturday night in the garden at the Pleas Childress home. Hosts were Mr. and Mrs. Pleas Childress, Mr. and Mrs. Lowell Littleton and Mrs. Sidney Millsbaugh, Jr.

After the buffet supper, guests enjoyed a serenade by a pair of strolling troubadours singing Latin-American and English songs to guitar accompaniment. The hosts presented the honored couple with a commodious shopping bag.

Mr. and Mrs. Phillips, accompanied by their son-in-law and daughter, Mr. and Mrs. John Hunnicutt, will leave by car for New York on June 22. The Phillips will sail from New York on July 2 and Mr. and Mrs. Hunnicutt will tour Canada before returning home.

J. A. Pelto

J. A. Pelto Named HS Principal To Succeed Hatley

Basketball Coach 10 Years Elevated To Administration

J. A. (Swede) Pelto, high school math teacher and basketball coach in Ozona High School for the past ten years, was selected by the school board Friday night as High School principal to succeed P. O. Hatley, resigned.

In his ten years as basketball coach in Ozona Pelto's teams have copped seven district championships. He was a star basketball player while a student at Texas Christian University in Fort Worth and also played baseball at TCU.

Mr. Pelto received his Bachelor of Science degree from T. C. U. with a major in mathematics. In preparation for qualifying himself to enter the administrative field in education, he earned his Master of Science degree in public school administration at the University of Minnesota.

Mr. and Mrs. Pelto and their two children are spending a few weeks in Tyler and Fort Worth visiting relatives before leaving for Virginia, Minn., where they will spend the summer.

Mr. Hatley submitted his resignation as high school principal here at the close of the 1957-58 school term. He will retire from teaching after 35 years in the profession. Mr. and Mrs. Hatley are making their home in Rusk, Texas, where Mr. Hatley will operate a stock farm he has owned for several years. Mr. Hatley served the local school system as principal for seven years.

A replacement for Mr. Pelto as math teacher and basketball coach will be the task of the school administration between now and the opening of the new term in September.

San Angelo Registered Rambouillet Ram Sale Set For June 24-26th

The 22nd Annual Registered Rambouillet Ram Sale will be held June 24 through 26 at the San Angelo Fairgrounds. There will be 300 top quality Rambouillet rams. The Sale is sponsored by the American Rambouillet Sheep Breeders Association.

All Rams must be in the barns by 8:00 a. m. Tuesday, when a committee of five breeders will begin selecting the Studs from the best two rams of each consignor. The committee also will pass on pens of A-B-C where the buyer has the privilege of talking all or may part of the pen at the winning bid.

All sifting and studding will be completed on Tuesday so the consignors will be free to talk sheep and show their rams to interested sheep men on Wednesday.

The sale proper starts Thursday at 10:00 a. m. June 26th, with Lem Jones as auctioneer.

Hugh Phillips of Bay City, a nephew of Mrs. Joe Pierce, Jr., of Ozona was here for a week-end visit with Mr. and Mrs. Pierce on his way home from a fishing trip in Montana and Wyoming.

School Tax Rate Raise Necessary Offset Value Cut

Voters To Be Asked To Approve Raise Maintenance Ceiling

Tax men representing the oil companies operating in Crockett county presented a convincing case on the depleted values of oil properties in Crockett county in a meeting with the Commissioners Court, sitting as a board of equalization, last Friday and then suggested and approved a stop-gap school tax rate raise as a means of avoiding a deficit in school operating funds this year.

Although definite figures will not be available until a complete evaluating survey is made, it was apparent that oil property values for tax purposes in the county would show a decline of somewhere between a million and a quarter and a million and three-quarters dollars this year, due to depletion of producing fields and the general depressed condition of the oil industry.

This drop in valuations will cause a drop in school and county revenues which must be offset in some manner to meet current budget requirements. The Commissioners Court felt that by effecting certain economic and by reducing some of its activities during the year, the county could absorb the cut in revenue but the school problem was somewhat different.

Fixed charges such as salaries, utilities, building and grounds maintenance, insurance and supplies account for most of the annual school budget of expenditures and since these and other items had been pared to the bone in the last few weeks of examinations, it was deemed essential that some means of producing the needed additional revenue be found.

With the agreement of the oil company tax representatives, a plan to make a slight increase in the school maintenance levy for the coming year was adopted as a solution to the problem at this time.

Since a change in the school tax rate levy will require voter approval, a petition was being circulated this week asking the county judge to order an election in the common school district, which embraces the whole of Crockett county, on the question of raising the ceiling on the tax which may be levied for school maintenance purposes.

Necessity of making the change in levy effective for the next tax-paying period, done by the Commissioners Court in its July meeting, left little time in which to act to present the question to the voters.

The election will be held Tuesday, July 8, the question to be presented to the voters at that time being to raise the maximum from \$1 to \$1.50 on the \$100 valuation for school maintenance purposes, this being provided for in a state law passed several years ago.

The Commissioners Court and school board estimate that an additional levy of only 15 cents will be necessary to raise the needed additional fund to operate the schools under the reduced property valuations. Such a raise in rates would mean a tax increase of only \$1.20 on a section of land in Crockett county, which is valued for tax purposes under present schedules at \$800.

Approval of the rate raise by the voters will be the cheapest and easiest way out of the revenue difficulties for the taxpayer, members of the Court pointed out.

SOMBRERO OPENS TODAY

The new El Sombrero Cafe, owned and operated by Mr. and Mrs. Sam Martinez, will open for business today. The Sombrero Cafe building has been undergoing extensive refinishing for several weeks and new equipment and stock has been installed. Mr. and Mrs. Martinez promise the finest Mexican and American food served in spotless surroundings.

THURSDAY, JUNE 12, 1958

LET THE FULL CONGRESS DECIDE

The House Ways and Means Committee has a rare opportunity for public service of great magnitude. It can achieve this distinction by making it possible for the Congress to vote on the most critical domestic problem facing America today — the need for income tax rate reform.

The legislative instrument that could very well hold the key to economic wellbeing — the Sadlak-Herlong identical bills — has been before the Committee for 15 months. The measure needs only to be sent to the floor of the House and thence to Senate to enable the members of both to register their views as the representatives of their constituencies.

These bills deserve this consideration because their merit has already been fully documented in the month-long Ways and Means Committee hearings. The highlight of this searching public probe of our tax laws was the enthusiastic endorsement given the bills by a large majority of witnesses who testified on general tax reduction.

This popularity is easy to understand when you consider that the bills' supporters demonstrated that

prompt enactment would provide a sure means of stimulating recovery and bringing solid, non-inflationary economic growth.

In view of the irrevocable hearing record attesting to the sound and realistic nature of these bills, it seems to us that official attitudes on tax cuts should be adjusted to encourage a full Congressional vote on this vital income tax rate reform legislation which might well be called the "Job-Creation Act of 1958."

There cannot be an acceptably conclusive decision until the people, through their legislative representatives, have had a chance to be heard.

Certainly, this is not too much to expect.

SENATOR JOHN KENNEDY—fair-haired, sophomore Senator from Massachusetts and hostage of Labor's Walter Reuther, is upet. He thinks his effort to broaden the \$3.7 billion foreign aid bill so we can give handouts to Red satellite countries as well as our friends is being sabotaged by the President. On the other hand, the President has said he is all for the idea, but wants separate legislation for the purpose. Best out is to kill foreign aid completely, save nearly \$4 billion needed to beef up defense.

GEN. CHARLES DeGAULLE, a devil incarnate or a Joan of Arc in a high collar, depending on your viewpoint, will take over, France, it seems, because there's no one else who can. But the West fears for the fate of NATO — which is just as well if it causes a reappraisal. Brig. Gen. Bonner Fellers, national director of For America, says the Reds can overrun and destroy Europe despite NATO, that "world peace today rests . . . entirely on the American Strategic Air Force". We quote from his latest booklet "Survival," which has been sent to your Congressman. Ask him to read it.

Summer Season Gets Cattle Sales To Normal

FORT WORTH — The livestock business all across the United States swung into a normal marketing pattern for the first time this year, with the opening of the summer marketing season and the start of June.

In the previous five months of 1958 below normal numbers of cattle and calves have been sold, and this has resulted in some warnings from government statisticians. These experts feared the buildup in cattle numbers was being too rapid, and warned that the light selling was kiting prices which might later result in an unduly sharp downward adjustment.

However, with the summer sun hastening the harvest all over the southern parts of the Great Plains, and field work advancing in the Cornbelt, cattle numbers at the markets soared to surpass the previous week and also the same interval a year earlier.

Cows were still in small numbers at all markets, however, yearling steers and feeder heifers were numerous in stocker cattle centers. Cornbelt markets reported movement of finished cattle was heavy, indicating the heaviest out-movement of fat steers and heifers of the season.

Prices wavered at all points, but downward adjustments were no more than a normal seasonal dip in prices, according to most observers at Fort Worth. The likelihood of serious price impairment was considered still remote.

Talk of "high" cattle prices found little agreement among Fort Worth marketmen, who pointed out that livestock prices have been just "catching up with" the rest of the economy following the low prices during the late drought.

Trade Monday Generally Steady, Stockers Numerous

About 65% of the cattle and calves at Fort Worth Monday were stockers and feeders, and all cattle and calves changed hands at pri-

ces in line with the previous week's close.

Good and choice fed steers and yearlings cashed at \$23 to \$27.50, with young cattle at the higher figures, and fed steers largely from \$26.25 downward. Medium to good butcher kinds sold from \$18 to \$22, and common sorts ranged down to \$15.

Fat cows cashed at \$16.50 to \$20.50, while canners and cutters drew \$12 to \$16.50. Bulls sold from \$15.50 to \$21.50.

Good and choice slaughter calves bulked at \$23 to \$27, with odd head to \$27.50. Common and medium butcher calves drew \$16.50 to \$22, and culls sold from \$13 to \$16.50.

Medium to good stocker steer calves sold from \$22 to \$28, a few lightweights to \$30. Stocker steer yearlings of medium and good kinds sold from \$21 to \$26, and heifer calves sold from \$25 down, with heifer yearlings from \$22 downward. Medium and good stocker cows cashed at \$16.50 to \$19.50.

Sheep, Lambs Firm, But Hot Weather Hurts Quality
The recent high temperatures which have turned much of the sheep country pastures brown is

taking its toll of the bloom in the present crop of sheep and lambs. This development has been quite noticeable in the quality of the offerings in the several days at Fort Worth.

On Monday the trade was active and prices strong, compared to the previous week's close.

Good and choice slaughter spring lambs cashed at \$21 to \$22.50, and cull to medium springers sold from \$12 to \$20. Stocker and feeder spring lambs cashed at \$18 to \$20. Good and choice old crop lambs sold from \$17 to \$17.50, and some heaves sold around \$16. Cull to medium yearlings sold from \$12 to \$15. Yearlings ewes drew \$17 to \$19.

Aged wethers were reported from \$12.50 downward, and two-year-old wethers sold from \$14 downward. Slaughter ewes cashed

at \$6.50 to \$7.50. Aged bucks drew \$6 to \$6.50. A few solid mouthed ewes sold at \$13 to \$14, with broken mouths on down to \$8 to \$9.

Canner goats sold around \$6.50 to \$7, and some stocker goats went back to pasture at \$9.

Frontier News Flashes

Department of Journalism & Graphic Arts
University of Houston

JUNE 8 - 14, 1858 — Clipping from files of Texas newspapers of 100 years ago.

STATE NEWS —

A new court house is about being erected at Belton, which will cost over thirteen thousand dollars.

The Quitman Herald, of the 19th says the health of Wood county is remarkably good.

The same paper also says, for weeks past there has hardly been a day that we have not seen some one hunting a home in Texas.

We learn from the Bonham Independent that the rust is doing great injury to the oat crop in many portions of Washington County.

The Jefferson Gazette of the 29th inst., mentions the discovery of silver in the upper portion of Cass county, which has created considerable excitement in that region.

Great numbers of sheep are annually raised in Northern Texas and shipped to the New Orleans market, where they are sold readily at from four to five dollars a head.

We learn from the Pioneer that the crops in Freestone county are backward, owing to the excessive rains. Wheat and rye look tolerably well; but the oat crop it is said will be an entire failure.

Nine persons, it is stated have recently been killed by the Indians

about twenty five miles from Weatherford, Parker county. On Keeche Creek in that county, the people are building forts for protection.

A large drove of sheep, numbering 1200, passed through town yesterday. They were purchased in Mexico, at one dollar per head, we were told; we did not learn their destination.

In a letter received by Geo. W. Glascock, Esq., from the Assessor of Williamson county, we find the following interesting statistics:

Number of acres planted in corn, 10,908; number of acres planted in Wheat, 10,278; number of acres planted in Cotton, 1,208; number of acres planted in Other things, 983.

Seems there is no fear of starvation. All we now need is capital to build railroads, which a large emigration will certainly furnish.

LOCKJAW —
It is well known that this is one of the most dreadful and painful complaints that flesh is heir to, and frequently baffles the power of medical men to cure. It may be produced in various ways, but most frequently by running nails into the feet.

ADVERTISING —
Baylor University Law Department Professors: Hon. R. T. Wheeler, Hon. R. E. B. Baylor, Hon. W. P.

Rogers, Hon. John Sayles.

The exercises in this department will be resumed on the 3rd Monday in June. The course of instruction is designed to give a thorough and practical legal education, and especially, by means of daily Moot Courts, to qualify the student for the practice of his profession in the courts of this state.

The students are required to furnish themselves with the following books: Blackstone's Commentaries, Kent's Commentaries, Stephens on Pleading, Greenleaf on evidence, Vol. 1st, Farson's Story or Chitty on Contracts. No previous professional reading or proficiency in classical literature is required for admission.

The tuition fee is forty two dollars for a session of three months, one half in advance.

Board in private families can be obtained at twelve dollars per month.

Independence, Texas May 3, 1858.

For further particulars address Hon. R. T. Wheeler, or President R. C. Burkson, Independence, Texas.

oOo
Ronnie Smith, son of Mr. and Mrs. J. Neil Smith of Kansas City, is here for a visit with Mr. and Mrs. Pleas Childress and family. He will visit here until Mr. and Mrs. Childress and children go to Kansas City for the June 20 debut of Mr. Childress' niece, Miss Melissa Childress Smith. Melissa, often an Ozona visitor, is one of sixteen Kansas City young ladies who will be presented at the debutantes' Jewel Ball on June 20.

oOo
Miss Sarah Lee Chandler of San Angelo is here for a visit with her cousin, Miss Suzy Chandler.

Mr. and Mrs. R. L. Bland, Sr., of Abilene were here last week to visit Dr. and Mrs. H. B. Tandy and Mr. and Mrs. R. L. Bland, Jr. Miss Frances Sayles of Abilene, who accompanied the Blands, remained for a further visit in the Tandy home and on the Wayne E. West ranch.

TO OUR FRIENDS AND CUSTOMERS

It is with a feeling of regret that we leave the business life of Ozona after ten years in the service of our friends and customers here. We have enjoyed growing with Ozona.

The Wesley Sawyer Jewelry becomes the Caruthers Jewelry this week with sale of the business to Mrs. Abe Caruthers.

As we turn over the business to Mrs. Caruthers, we wish to express our deepest appreciation to the good people of Ozona and surrounding territory for the splendid business you have given us and for the many pleasant relations we have had.

We feel confident that the new management will serve your needs in every way and it is our hope that you will accord Mrs. Caruthers the same fine cooperation and patronage we have enjoyed.

Sincerely,

WESLEY SAWYER

Let me tell you what I saved when I drove a new Plymouth...then bought one!

Just like a lot of other people, I was putting off buying a new car... even though we sure needed one. Then I found out what my Plymouth dealer was offering in the way of low prices and really big trades.

Mister, when I saw what I saved I knew there was no use putting off any longer! Got more for my old car than I believed possible. (Plymouth dealers need used cars and can sell all they get!) Got a terrifically low price on the new Plymouth... and choice of models besides... hard-tops, sedans, convertibles, wagons.

And I saved a cool \$140 on the ride alone! Plymouth's top-luxury ride, Torsion-Aire Ride, is standard at no extra

cost, while you have to pay up to \$140 for the top ride of competing "low-price 3" cars.

What's more, I got the car that proved it can save me gasoline, by winning the 1958 Mobilgas Economy Run. A car with Silver Dart Styling that is so far ahead right now it will still be worth more when I trade. With the kind of easy handling that makes every minute of driving a downright thrill! The stamina to stand up without nagging adjustments and big repairs... a car as much better built as it is better looking!

Any wonder I quit waiting? Take my tip... get your Plymouth bargain right now.

Today's best buy...tomorrow's best trade... *Plymouth*

Ozona, Texas

The News Reel
A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, June 13, 1929

The University Land Leasing Board, created by the 41st legislature was in session in Austin Friday discussing plans for the surveying of approximately 2,000,000 acres of University lands in West Texas.

Frank F. Friend of Ozona was employed as surveyor. He was selected out of a group of 17 applicants. A geologist is also to be employed by the board.

— news reel —
Royce O. Smith, son of Mr. and Mrs. O. W. Smith, of Ozona, and Miss Lula Mae Evans, daughter of Mr. and Mrs. R. A. Evans of Eldorado, a teacher in the Ozona schools last year, were married at 10:30 Saturday morning at the Baptist Church in Eldorado.

— news reel —
West Texas largest individual wool clip, held over from the 1928 season, has been sold for 33½ cents a pound by W. A. (Bill) Miers to Joe Blakeney of San Angelo, representing Hollowell, Jones & Donald of Boston. The clip aggregated 195,000 pounds. Miers refused 45 cents a pound for the clip last year.

— news reel —
Miss Ena Meinecke is home for the summer holidays after attending Abilene Christian College last year.

— news reel —
Mr. and Mrs. S. E. Couch returned Sunday from their first cross-country flight in the new Ryan Brougham monoplane. They had spent the week in Los Angeles, Calif., where they attended the convention of Shriners. The trip from here to Los Angeles, a distance of 1200 miles, was made in 10 hours and 15 minutes, the return trip taking 20 minutes longer.

— news reel —
Preparations are being made here to entertain more than 10,000 visitors during the three-day 4th annual Crockett County Rodeo, Race Meet and Stock show July 3, 4, and 5.

— news reel —
Mrs. Ethel Lee Hurd of Dublin is the guest of Mr. and Mrs. T. A. Kincaid, Jr.

— news reel —
A deal involving a two-year lease on 8,000 acres of land in Crockett county and approximately 3,600 head of sheep was closed here this week when Sherman Taylor purchased the lease on the Shannon land in the northwest part of the county and all of the sheep

on the place from Chas. Schauer. Total consideration in the deal was \$34,000. Included in the deal were 1,900 head of ewes, 1,700 head of lambs and 49 bucks.

— news reel —
Miss Pauline Perner returned Wednesday from St. Charles, Mo., where she attended Lindenwood College last year.

— news reel —
Mr. and Mrs. B. B. Ingham have returned from a visit in Fort Worth and Cisco. Misses Eleanor and Lucille Ingham came home with them from S. M. U. and T. C. U. respectively.

— news reel —
Scott Peters returned Friday from Los Angeles, Calif., where he attended the Shrine convention.

— news reel —
The Westex Service and Repair Station, established by Allen McKinney and Bruce Galyon, will open for business next Monday morning.

— news reel —
Cal Word and daughter, Miss Ada Word, left Saturday for San

Marcos where Miss Ada will attend summer school at San Marcos Academy.

— news reel —
Mrs. A. W. Clayton and son, Joe, have returned to San Angelo after a visit here with Mr. and Mrs. J. W. Henderson, Sr., and other relatives.

— news reel —
Miss Helen Montgomery has returned from San Antonio where she attended Westmoreland College.

— news reel —
Mrs. Charles Williams and children and Miss Elizabeth Fussell have returned from a visit in Corpus Christi and San Antonio.

— news reel —
TEST ABANDONED AS DRY
Gulf Oil Corp. No. 1 Minnie Henderson, et al, outpost to Clayton Ranch gas field, 10 miles east-southeast of Ozona has been plugged and abandoned at 9,200 feet, on elevation of 2,471 feet. Location is 660 feet from the north and east lines of 17-IJ-GC&SF.

COMPARE
and you'll go **GAS** everytime!

*In Performance... In Economy
A Built-in Gas Range Offers You
So Much More for So Much Less*

No matter how great the skill at concocting recipes, finished results won't be better than the cooking appliance used. That's why you owe it to your family to find out all the facts on how a built-in GAS range with completely automatic controls takes over the mechanics of cooking, leaving you free to enjoy the imaginative part of your cooking job! You'll find Gas the FAST fuel...the CLEAN fuel...the FLEXIBLE fuel...the DEPENDABLE fuel! And we think you'll be delighted to discover that your Gas range costs less to buy, install, and operate. We have all the facts for you...or you can get them from your gas appliance dealer.

The Burner-With-A-Brain makes GAS range-top cooking completely care-free. Eliminates boil-overs, turns every pan into an automatic utensil.

The most accurate thermostat yet devised assures perfect baking results in a self-starting, self-stopping automatic GAS oven.

The meat thermometer in an automatic GAS oven lets you cook turkey, ham, roasts to tender perfection... with less shrinkage, more flavor.

Closed-door broiling is advisable only when cooking with GAS—because only live flame can CONSUME escaping cooking vapors which cause odor.

fuel for a growing empire **Pioneer Natural Gas Company**

The Fiscal 1959 Defense Department budget, up in the House this week, truly reflects the Age of Outer Space.

With Military spending due to hit almost \$40 billion for the fiscal year, some \$38.3 billion are contained in the present Defense appropriations bill, which leans heavily on ballistic missiles, super submarines and aircraft, research and development, and attempts to "shoot the moon."

The major items in the budget are broken down this way:

\$96 million for the 8-70 chemical bomber; \$950 million for the intercontinental ballistic missile program; \$440 million for intermediate range ballistic missiles; \$758 million for the B-58, supersonic all-jet bomber; \$1.3 billion for the fleet ballistic missile firing submarine, the Polaries; \$1.5 billion for anti-submarine warfare; \$1.5 billion for modernization of Army equipment, including a substantial sum for Army missiles; \$2.7 billion for research and development; \$157 million for anti-ballistic missile missiles, sometimes called the Anti-ICBM; \$152 million for reconnaissance satellites; \$138 million to further the project to put a man into space; \$72 million for lunar probes, more meaningfully described as projects for "shooting and orbiting the moon;" \$40 million for continuation of work on atomic airplane.

Texas Congressman George Mahon is Chairman of the Subcommittee which brought the bill to the Floor. Mahon's studied the bill and held hearings for four solid

months, both morning and afternoon, getting the testimony of key Military authorities, scientists, and other authorities who by their positions and duties know more about our requirements and world conditions than anyone else. The bill was not conceived in haste and has been thoroughly analyzed by the 17 members of the Mahon Subcommittee.

In presenting the measure to the House, Mahon spoke eloquently of the need for the items called for in the bill. The Texan said that when Russia blazed Sputnik I into the sky, Americans became "aroused, humiliated, angry, frustrated and determined." However, he said, "the anger has now cooled; the determination has been blunted. Our emotions and resolves have run the whole gamut, from the peak of awareness and urgency to the humdrum plane of complacency." He said we worry now about "keep up with the Joneses" and other matters, but that "we cannot afford to let anything deprive us of a sustained sense of urgency to do the required things for the security of our country."

In Washington, people are talking about:

Small Business — Ways and Means Committee has started executive sessions on proposals to give tax help to Small Business firms.

Railroads — House Commerce Committee in closed-door consideration of proposals to help the nation's railroads.

Public Works — House Banking and Currency Committee is considering bills to provide up to \$2.5 billion of low-interest Federal loans to communities for local public works construction.

Reciprocal Trade — House put off until next week action on a bill to provide for five-year extension of the Reciprocal Trade Agreement.

"Straight To The Point"

A Summary of Vacation News From The Teenage Set

By Sally Baggett

Boy! Is it hot! That has been heard several times this week by several different people, so they go swimming and immediately they say, "Brrrrr, is it cold!" You just can't be satisfied. Welp, that's life.

June Bunger, Alma Ingham Frances Childress, Carolyn Mayfield, Gwynell Walker, Mary Jo Ward, Suzann Dale, Marilee Dale, Diane Phillips, and five Abilene girls went fishing for a few days. They apparently had a big time. They didn't say too much about the fish they caught.

Marilee Dale was given a surprise swim party Wednesday night. Only trouble was she caught her mom talking to some kids about it so it ended up being just a swim party for Marilee's birthday. Happy Birthday Marilee.

Sandra Whitaker is certainly a trusting soul. She left Sandy Rat-

liff her car while she went visiting. Sandy says she is getting seasick from trying to learn how to shift gears without jumping. No luck the last time I saw her.

Dartha Melton is spending the summer in Dallas. Well Dick, while the cat's away the mice can play! Alleane Young had a get-together Saturday night for anyone who could come. Not many were there but those who came had a side splitting good time.

Molly Sue Richardson's cousin came to see her this week. She left Wednesday. You boys who didn't see her missed out on a good look-er.

The pool was open Friday nite. Everyone had a wonderful time swimming under lights, and lots of people were there. I wish they would open it more often at night. How about it "Musclebound"?

Liz Pierce and Janice Spencer had a surprise baby shower for Wanda Bunger Saturday morning. It was real nice and she was surprised. Ann Baggett, Carol Friend, Mrs. Benny Friend (Carol), Carolyn Clayton, June Bunger, Susie

Chandler, Sarah Hicks, Alleane Young, Francis Sayles, Camille Adams, Martha Henderson, Mary Lou Johnigan, Sarah Chandler, Liz Janice, and yours truly were there. I almost forgot the guest of honor, Wanda Bunger. It wouldn't do to leave her out.

Rod Franklin and Jake Young went to New Mexico Sunday for Rod's dad. I'll bet they had fun.

Does anyone know how to send smoke signals? If they do, please get in touch with Anne Davidson, Liz Pierce, and me. We have decided since we don't have a phone at our ranches, the next best thing was to communicate with smoke signals.

That seems to wrap it up for this week. See ya' next week.

LADIES GOLF ASSN.

The weekly play of golf and bridge was held last Thursday at the country club. In golf play, golf balls were won by Mrs. Marshall Montgomery and Mrs. Jess Marley. In bridge, high score award went to Mrs. L. B. T. Sikes, low to Mrs. Jack Wilkins and cut to Mrs. Byron Stuart. Mrs. Hillery Phillips was bridge hostess.

Those participating in golf and bridge were Mrs. Dixon Mahon, Mrs. Dempster Jones, Mrs. W. T. Pierce, Mrs. Jess Marley, Mrs. Marshall Montgomery, Mrs. Pat Patterson, Mrs. Joe Pierce, Jr., Mrs. Early Baggett, Mrs. Sidney Millsbaugh, Jr., Mrs. R. L. Bland, Jr., Mrs. T. J. Bailey, Mrs. Byron Stuart, Mrs. L. B. T. Sikes, Mrs. Jack Wilkins and Mrs. Hillery Phillips.

CARD OF THANKS

We wish to express our gratitude to our many friends for their generous kindness and thoughtful help at the time of our great sorrow.

Mrs. James Cameron Urquhart
... nee Patricia Ann Austin

Miss Patricia Ann Austin Becomes Bride Of James Cameron Urquhart In Fort Worth Rites

The sanctuary of the First Methodist Church of Fort Worth was the scene of the wedding of Miss Patricia Ann Austin and James Cameron Urquhart Tuesday night, June 10, at 8:30 o'clock.

The bride is the daughter of Mr. and Mrs. Robert Edward Austin of Fort Worth and is a granddaughter of Mrs. J. R. Kersey of Ozona. The groom is the son of Mr. and Mrs. Donald C. Urquhart of Tela, Honduras.

The ceremony was performed by the Rev. Gaston Foote, pastor. Mrs. Robert E. Austin, Jr., of Fort Worth sister-in-law of the bride, attended as matron of honor. Bridesmaids were Mrs. Forrest Green, Jr., of Galveston, cousin of the bride, and Mrs. Arthur Frank Click of Houston.

James Leslie Spencer of Arlington attended the groom as best man. Groomsmen were Roy McDermott of Fort Worth and Robert E. Austin, Jr., brother of the bride, also of Fort Worth. Ushers were Grant Dove of Arlington, John Fortune of Fort Worth, Lt. James Willis Austin, USN, brother of the bride, and lighting the candles was Harry Thomas Austin of Ft. Worth, brother of the bride. Flower girl was Catherine Lou Austin, Ft. Worth, niece of the bride, and ring bearer was Gary Lynn Austin, Ft. Worth, her nephew.

The bride's gown was of white gossamer hand-clipped chantilly lace over taffeta. The self-scalloped lace formed the Sabrina neckline that was enlaced with tracings of seed pearls. The long

tapered sleeves were scalloped at the points over the hands. Seed pearls were repeated at the neckline. The very bouffant skirt was scalloped at the hemline, falling into a deep shirred back flounce that formed the cathedral length peacock train.

The four-tiered veil of French illusion fell from a shell cap of matching lace edged in taffeta and repeated the pears embroidery of the dress.

Her attendants wore identical frocks of maize silk chiffon. The shirred bodices were accented by an Empire satin fold ending in a back bow with floating ends. The very bouffant skirts were carpet length. They wore maize flowered halo headdresses with standing circular veils. Their bouquets were of large white majestic daisies.

The father of the bride gave her in marriage at the double ring ceremony.

The reception immediately following the ceremony was held at the Colonial Country Club.

The couple left by air for Las Vegas, Nevada. They will return to live at 2336 Edwin Street in Fort Worth.

The bride attended T. S. C. W. and is a graduate of Ward-Belmont in Nashville, Tennessee, and Southern Methodist University in Dallas. She is a member of Chi Omega Sorority.

The groom is a graduate of Sewanee Military Academy, Sewanee, Tennessee, and Rice Institute in Houston. He is a member of the Steeplechase and Colonial Country Club.

Among the out-of-town guests were: Mr. and Mrs. Thomas Albert Bailey, San Angelo; Mr. and Mrs. James Robert Bailey, San Angelo; Mrs. J. Conn Cunningham, Fort Stockton; Lt. James Willis Austin (USN), San Diego, Calif., brother of the bride and John Forrest Green III, Galveston, Texas, cousin of the bride.

Realignment Of GOC Made Possible by Radar Detection Expansions

Ground Observer Corps activities within the geographical area of the 33rd Air Defense Division were consolidated on June 3, 1958, according to an announcement made by Colonel John T. Fitzwater, Commander of the 33rd Air Division.

Colonel Fitzwater, who has his Division Command Post at Oklahoma City, is responsible for the active air defense of Texas, Oklahoma and part of Arkansas and Louisiana.

"As a direct result of advancement in our radar detection capability, it is now operationally and economically desirable to consolidate our Ground Observer Corps activities under four Filter Centers," Colonel Fitzwater said.

The Filter Centers at Houston and Corpus Christi will close while the Filter Centers at Shreveport, San Antonio, Dallas and Oklahoma City will continue to operate. All Ground Observer Corps Posts will continue to operate as in the past, except that Posts in certain areas will report to a different Filter Center than the one they are presently reporting to.

Ground Observer Corps Posts in the present Corpus Christi Filter Center area and the western one-third of the Houston Filter Center area will report to the Shreveport Filter Center.

Minor portions of the Dallas and Oklahoma City Filter Center areas will be realigned to further improve the flow of information from the Posts to the Filter Centers.

The closing of the Houston and Corpus Christi Filter Centers and the change in the geographical areas of others is an economical move on the part of the Air Force, Colonel Fitzwater said. It is made possible by the changes and advancements in our radar detection capability.

A direct result of the consolidation will be that fewer Air Force personnel will be needed to support the Ground Observer program. However, there will be no reduction

in the need for Ground Observer Posts or volunteers in the four remaining Filter Center areas. Some additional Posts as well as some additional volunteer Filter Center personnel will be needed in the enlarged San Antonio and Shreveport Filter Center areas.

CARD OF THANKS

We would like to express our sincere "Thanks" to all who were so kind to us in our great loss of our beloved Husband and Father. Especially do we thank Father Howard for his comforting words, each and everybody for the lovely flowers and food. May you have such friends in your hour of sorrow. This is our prayer.

Mrs. Ed Vitela

- CLEAN
- CONVENIENT
- QUIET
- FLEXIBLE
- COMFORTABLE
- ECONOMICAL
- SAFE
- AUTOMATIC

INSTALL THE
All Electric
YEAR 'ROUND AIR CONDITIONER

Scientists have known for years that enough natural heat exists in outdoor air, even in the coldest weather, to heat every home in the world. If this heat could be extracted . . . concentrated . . . and brought indoors — what a solution to everyone's heating problem!

But that's just what a summer air conditioner does . . . in reverse. It extracts and concentrates indoor heat and moves it outdoors.

The All Electric Heat Pump Air Conditioner is an air conditioner that can reverse itself automatically to cool or heat as needed to maintain indoor comfort at an even level. An improved reverse-cycle valve, sensitive to indoor temperature changes of even a few degrees, switches from cooling to heating and back again automatically . . . to maintain the comfort level at which you set the thermostat.

COMPLETELY AUTOMATIC

The Electric Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling and or back again as the temperature changes require.

You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Electric Heat Pump is the ONLY completely automatic Air Conditioner.

Methodist W. S. C. S. Begins New Study

Members of the Methodist Woman's Society of Christian Service met Wednesday morning at the church to start a new study course entitled "In Every Place a Voice."

Mrs. H. B. Tandy was the study leader. Joining in the panel discussion were Mrs. Evert White, Mrs. Bailey Post and Mrs. V. I. Pierce.

The study will continue for the next three Wednesdays, meetings being held at 9:30 a. m. in the fellowship hall of the church. At the meeting next Wednesday morning a group of young people will conduct a panel discussion on the recent World Youth Assembly. In the group will be Bryan Montgomery, Brad Harris, Scott Mahon, Douglas Moore, Driscoll Tubbs, Tommy Wright and Robert Montgomery.

Present for this week's meeting were Mrs. S. M. Harvick, Mrs. J. S. Pierce, III, Mrs. W. D. Cooper, Mrs. Stephen Perner, Mrs. N. W. Graham, Mrs. Morris Bratton, Mrs. Floyd Henderson, Mrs. Hugh Childress, Sr., Mrs. W. R. Baggett, Mrs. John Bailey, Mrs. Frank Smith, Mrs. O. D. West, Mrs. W. D. Womack, Mrs. J. W. Henderson, Mrs. Joe Pierce, Mrs. Charles Williams, Sr., Mrs. Evert White, Mrs. Bailey Post, Mrs. V. I. Pierce and Mrs. H. B. Tandy.

ELEVENTH OF FAMILY TO GET SUL ROSS DEGREE

Pictured above is Miss Terrelene Oliver, receiving her Bachelor's degree from President Bryan Wildenthal, Sul Ross State College. Eleven degrees have been earned by members of her family, including three Master's and eight Bachelor's degrees. The daughter of Mr. and Mrs. Horace Oliver San Angelo, Texas, Terrelene has perhaps received more academic and institutional honors for high Scholarship and popularity with students and faculty than any other graduate of Sul Ross. All members of the Oliver family have taught in Texas, at one time or another, except Terrelene who has not yet had time to start.

AUSTIN, Texas — Texas Board for State Hospitals and Special Schools is working toward getting a gold star when an economy-minded Legislature hits Austin next year.

Launching a new tight-purse policy, the Board voted to prohibit superintendents of individual state institutions from (1) using leftover funds without Board permission and (2) making any expenditure of more than \$1,000 without Board approval.

Sometimes individual hospitals develop surplus funds resulting from smaller patient loads than had been expected, or other reduced costs. New rule puts an end to no-strings-attached spending of such surpluses. These lapsed funds could amount to as much as one million

dollars, according to Board Member W. G. Kirklin of Odessa.

Chill Wind — Hospital Board's move pinpointed the spot where the state's money shortage is expected to pinch hardest — administration of state's services.

A revenue shortage in excess of \$100,000,000 by next year has been freely predicted by various authorities for months.

A survey of the platforms of legislative candidates over the state shows a fairly consistent approach by those making statements on the revenue dilemma. General pattern of promises to voters:

(1) Continuation or, often, increase in state obligations for education payments, road building, soil and water conservation, etc.

(2) Opposition to certain new taxes or sometimes new taxes in general.

(3) Cuts in state spending by "elimination of waste, duplication and needless services by state agencies."

Actual achievement or near-achievement of this fiscal magic will put a real squeeze on every state department.

Diesel Tax Change — Proposed

revisions in the diesel fuel tax law are being planned by the State Comptroller's Department.

Next Legislature will be asked to change the law so diesel fuel taxes would be collected from the wholesale distributor rather than the user, said a Department official. This is expected to make it easier for tax agents to keep track of consumption and purchases.

Comptroller's Department staffers admit that there are some evasions of the state motor fuels tax, but contend that Texas collects more per vehicle than any other major state. They discount as too large Sen. Charles Herring's guess that some \$25,000,000 in fuel taxes went uncollected.

Over The Hump — Texas' general revenue fund is back in the black, according to State Comptroller Robert Calvert.

During the spring, state expenditures got ahead of tax receipts. A month ago the fund was in the red by some \$1,250,000. But collection of corporation franchise taxes and insurance company occupation taxes during the month put finances back on schedule.

Now there's more than \$12,000,000 in the fund, said Calvert.

Thinning Ranks — Withdrawal

of Joe Booker of Orange reduced to four the number in the governor's race.

Alvis Vandygriff, Austin attorney, dropped out earlier.

Still opposing Gov. Price Daniel are W. Lee O'Daniel, State Sen. Henry B. Gonzalez and Joe Irwin of Dallas.

Second Gas Producer Completed In Ingham Gas Field In Crockett

The Ingham (Devonian) gas field of Crockett County gained its second producer and a 3/4-mile east extension with completion of J. E. Jones Drilling Co. of Midland and Blanco Oil Co. of San Antonio No. 1 Jim Scott, 10 miles east of Sheffield.

It was finalized for a calculated absolute open flowing potential of 6,550,000 cubic feet of gas daily through perforations between 7,006-23 feet, 7,028-34 feet and 7,048-56 feet. Gas-liquid ratio was 143,000-1. Gravity of the liquid was 60 degrees.

Location is 2,310 feet from the north line and 1,980 feet from the west line of 2-FFF-TCRR.

The discovery, Jones Drilling Co. No. 1 Ingham, was finalized in November, 1957, for a calculated absolute open flowing potential of 15,000,000 cubic feet of gas daily through perforations between 7,488-548 feet. Gas-liquid ratio was 119,300-1.

SWEET SHOP OPENING

I will open my Sweet Shop in the Williams building, next to the News Mart next Wednesday, June 18.

Home baked sweets, pies, cakes, cookies, pastries, doughnuts, cream puffs, etc., will be available. Special orders executed on advance notice. Owned and operated by Mrs. Bruce Mayfield.

Bracero Problem, Wool Act Extension May Be Topics At TSGRA Meet

The third quarterly meeting of the Texas Sheep & Goat Raisers Association will be held in Del Rio, Saturday, June 14, T. A. Kincaid, Jr., Ozona, TS&GRA president has announced.

Headquarters will be the Roswell Hotel. The Del Rio Chamber of Commerce is handling room reservations, he added. The morning committee meetings will be held at the Del Rio High School building close to the Roswell Hotel. The general session after lunch will be in the Val Verde County Court House.

"The Del Rio meetings are always well attended," Kincaid stated, "and I expect this one to be no exception. Good range conditions and an improving wool and mohair market should be a good combination for getting a large crowd out."

"Report will be made on progress of the wool act extension as well as other legislation," Kincaid added. It is expected that Association officers will want an expression from the directors regarding the course to follow in their efforts to get a worable Mexican National labor program.

Del Rio members have arranged for entertainment on Friday night and a barbecue lunch on Saturday.

Roy Harrell, son of Mr. and Mrs. R. A. Harrell, has returned from

Duke University, in Durham, N. C. where he was a student in the graduate school last year, majoring in romance languages and gov-

ernment. He plans to attend the American University in Washington, D. C., a Methodist Church sponsored University specializing

in the training of youths for the American diplomatic service next year.
