Crockett Junior Grass Team Wins In State Judging

Cop State Title In Field Of Eight At San Angelo Meet

The Crockett County 4-H junior wool and mohair judging team won the state championship in their division at the state wool and mohair judging contest held at San Angelo last Saturday. The team members were David Jacoby, age 9, high point individual of the junior division with a score of 617 points, only 29 points under the high individual of the senior division; Jimmy Baggett, age 12; Bryan Montgomery, age 11, and Larry Mills, age 9. They competed in a field of eight teams.

The team was presented a beautiful trophy by the American Conditioning House, Inc., of San Angelo. Team members received high team medals and David a high individual medal, these made possible by the A&M College System. Sutton County 4-H was second with a score of 1659, and Bandera County 4-H third with a score of 1652 points.

The Senior team placed sixth in the state contest. Members were P. L. Childress, fourth high individual, Bill Jacoby, and Frank Childress. Junior rodeos and fishing trips weakened the senior team's chances of placing high in the state contest. This year's senior team won the Junior State Wool & Mohair Judging contest two years ago.

Crockett County 4-H grass and range judging teams made a good showing at the state contests held at Texas A&M College last week. The grass judging team of Pierce Miller, Frank Childress, Bob Childress, and Bill Jacoby placed second for the second straight year, and the range judging team of P. L. Childress, Johnny Jones, Jay Miller, and Billy Troy Williams placed eighth in the state contest. Sutton County 4-H won the grass contest and Hays County won the range judging contest.

The judging teams are coached by County Agent Pete Jacoby.

Street Numbering System For Ozona Nears Completion

Sponsoring Lions Club Plans Sale Of House Numbers Soon

Work of laying out a numbering system for Ozona residences, undertaken as the last phase of their assumed chore of erecting street markers and house numbering for Ozona by the Ozona Lions Club, is near completion.

The chore of listing by streets each house and following a numbering pattern throughout the city has been under way by committees from the club for several weeks. Charles Ratliff, chairman, said, but the work is now near completion.

As soon as the numbers are all complete, the Club plans to have printed a city directory showing the streets addresses of all residents. It is hoped that this information will later be incorporated in the General Telephone Co. directory and maintained in future years.

When the layout of numbers is complete, the club plans a house-to-house canvass to sell numbers to householders at a nominal price, such price to afford a small profit to the club to reimburse it for the expenses incurred in completing the project.

LADIES BIBLE CLASS

Members of the Church of Christ Ladies Bible Class met Wednesday morning at the church for a study of the topic, "A Lesson to the Disciples." Present were Mrs. P. T. Robison, Mrs. Peery Holsley, Mrs. Rusty Williams, Mrs. Glen Sutton, Mrs. George Senne, Mrs. Ed Cranfill, Mrs. Bud Loudamy, Mrs. D. C. Ratliff, Mrs. Bill Johnigan and Mrs. J. W. Owens.

Public Meet On Game Laws For Crockett Co. To Be Held June 30

A public meeting, to which interested persons are invited, will be held at the courthouse in Ozona at 2 p. m. on Monday, June 30, for the purpose of discussing proposed hunting, fishing and trapping regulations for Crockett county for the coming year.

The meeting is sponsored by the Texas Game and Fish Commission under the new regulatory powers law passed two years ago affecting Crockett county. Under this law, the Game and Fish Commission is empowered to draw up game regulations for this particular county after conferring with its people and the Commissioners Court.

The law was in effect last year and the only change made in the game laws for last year in Crockett county was the closed season on quail and lifting the ban on sale of furs from fur-bearing animals, formerly lawful only during a specified trapping season.

Representatives of the Game Commission will be here and will hear suggestions from sportsmen on any proposed changes in regulations. Game Warden John Lockett said. The program as agreed at the meeting must be approved by the Commissioners Court and the Game and Fish Commission.

Dates For Lions Sponsored Junior Rodeo July 25-26

Two-Day Events To Feature Junior-Senior Youth Divisions

The Ozona Lions Club announced this week the official date of their first annual Junior Rodeo in Ozona. July 25th and 26th have been set for the two-day event. The two-day performances will be held at 8:00 p. m. at the Ozona Fair Grounds.

Events to be included in the rodeo are: Bareback riding, senior division; steer riding; calf roping, senior division; calf roping, junior division; ribbon roping; hair pulling, senior division; hair pulling, junior division; girls' barrel racing, senior division; and girls' barrel racing, junior division.

Trophy belt buckles for all events, and a grand trophy belt buckle for the all around performer will be awarded.

The senior division is for youngsters 15 and over. Contestants must have been eligible for high school Interscholastic League play during the school year 1957-58 to participate in the rodeo.

The junior division is for 14 year-olds and under.

Prospective rodeo contestants may write Ozona Junior Rodeo, Box 596, Ozona, Texas, for application blanks and all information will be mailed to them. Applications may also be picked up at Ozona Boot and Saddlery. Deadline for entering the rodeo is noon, July 25th.

A parade is being planned for the afternoon of July 25th in downtown Ozona.

Hollie N. Laxson, 55, Died Of Heart Attack; Funeral Here Friday

Funeral services were held at 4 o'clock Friday afternoon from the Ozona Church of Christ for Hollie N. Laxson, 55, longtime Ozona ranch worker, who died of a heart attack at the Arthur Phillips ranch 26 miles south of Ozona Wednesday night of last week. Services were by Frank Lilly, minister, with burial following in Cedar Hill Cemetery under Cody Funeral Home direction.

Mr. Laxson was born in Sonora July 14, 1902. He moved with his family to Ozona in his early childhood and had resided here since.

Survivors include his mother, Mrs. Sallie Laxson of Ozona; one brother, Cecil Laxson of Ozona, and one sister, Mrs. W. W. Kessler of Barnhart.

Half Million Gal. Additional Water Storage Planned

West Hill Tank Will Stabilize Townwide Pressure In Mains

Contract has been awarded the Chicago Bridge and Iron Works of Houston for the erection of a half million gallon water storage tank to be erected on the hill west of Ozona to augment the city supply and to equalize pressures throughout the city.

Contract was awarded the Houston firm by the Crockett County Water Control District board of directors on a bid of \$18,990 for a steel tank to be erected on a concrete foundation prepared by the district in advance of shipment of the steel. Engineer's estimates on a tank of this capacity was approximately \$37,000.

The tank will be erected on a spot of land given by Floyd Henderson just west of the Quebe Alford residence. The spot will give the new tank the exact elevation of the present storage tanks on water works hill, thus equalizing pressures throughout the system, now partly augmented by booster pumps for the sections of the city on higher elevations.

Water supply for the new tank will be from the new well recently completed on the west hill which delivers 275 gallons per minute on the pump. Another well on the westhill with a capacity of around 200 gallons per minute is at present on a stand-by basis.

The new tank, which will be 52 feet in diameter and 32 feet high, will be connected to the system with a 10 inch line and an 8-inch line from the well to tank will supply the storage.

Material for erection of the tank is expected to be delivered in the next six weeks and will be completed within six weeks after material is on the ground. It is to be a welded steel, covered tank, sand blasted and painted.

D. O. Nichols, Conoco Drilling Chief, Dies; Burial Near Bowie

Dean O. Nichols, 40, drilling superintendent for Continental Oil Co. who had made his home in Ozona for a little over a year, died Friday morning in an Ozona hospital after an illness of approximately six months.

Funeral services were held at 3 p. m. Sunday in Vashti Community, near Bowie with burial in Vashti cemetery. Cody Funeral Home of Ozona was in charge of local arrangements.

A native of Bowie, Mr. Nichols had been associated with the Continental Oil Co. for 13 years. He had formerly lived in Texon and Big Lake. He was a member of the Ozona Baptist Church.

Survivors include the widow and three sons, Don, 9, Danny Joe, 7, and Thomas, 6; his mother, Mrs. Pearl Nichols of Bowie; two sisters, Miss Pauline Nichols of Bowie and Mrs. R. M. Jones of Hope, Ark; and a brother, John Nichols of Bowie.

Wolfcamp Discovery In West Crockett Co.

A Wolfcamp discovery was assured in Crockett County with the pumping of 102 barrels of oil, plus 25 per cent water, in 24 hours at G. E. Kadane & Sons, Wichita Falls, Edwin L. Cox, Dallas and Dan Auld, Kerrville, No. 1 Margaret H. Smith, in 4-HH-L&SV, eight miles northeast of Iraan.

Recovery was through perforations between 6,384-94 feet.

The project has been shut in for storage.

Total depth is 7,842 feet with 5 1/2-inch casing cemented at 6,485 feet.

DAUGHTER TO POWERS

Mr. and Mrs. J. W. Powers are parents of a daughter, Barbara Louise, born Friday morning at the Crockett County Hospital. The baby weighed 7 pounds, one ounce.

Celebrate Golden Wedding Anniversary

Mr. and Mrs. W. R. Baggett
... on their 50th anniversary

Mr. and Mrs. Will Baggett Honored On 50th Wedding Anniversary With Open House Tues.

When children of Mr. and Mrs. W. R. Baggett entertained with open house at the Baggett home here Tuesday night to honor the couple on their golden wedding anniversary, more than 150 friends from Ozona and surrounding areas of West Texas and other parts of the state called to extend congratulations and best wishes for many more anniversaries.

Hosts were Mr. and Mrs. Bill Baggett and Mr. and Mrs. Richard Flowers.

Mr. Baggett and the former Miss Lena Perner, daughter of the late Phil Perner, pioneer Ozona merchant, and Mrs. Perner, were married at the old Ozona Methodist Church, now the Childress apartments, on June 17, 1908. The officiating minister was the Rev. R. A. Adair, then pastor of the Methodist Church at Sherwood, later pastor of the Ozona church. Attending the couple were Miss Mary Schauer and J. M. Baggett, brother of the groom.

The couple went to their new home on the Baggett ranch, just completed at the site of the present headquarters two miles north of Ozona. The house built at that time was later sold and replaced with the present ranch home.

Mr. Baggett has retired from active ranch management, turning the land to his children and in late years the pioneer couple make their home in Ozona.

Assisting the hosts as members of the house party were Mrs. Stephen Perner, Mrs. Paul Perner, Mrs. E. B. Ingham, Sr., Mrs. N. W. Graham, Mrs. Arthur Alston, Mrs. Floyd Henderson, Mrs. Early Baggett, Mrs. John Bailey, Mrs. Hiram Brown of Austin, Mrs. Jerry Pace of Austin, Mrs. James Baggett, Mrs. P. C. Perner, Mrs. Max Schneemann, Jr., Mrs. Miller Robison of Marfa, Mrs. Marshall Montgomery, Mrs. George Bunker, Mrs. Max Schneemann, Sr., Mrs. J. M. Bag-

Re-Entry Try Planned For Gas Completion Of Ellenburger Producer

Willetts & Craig, Midland, have filed application to re-enter and plug back for completion attempt from between 7,950-8,086 feet as an Ellenburger gas discovery the firm's No. 1 Melissa Childress Smith, opener of the Buckhorn (Ellenburger) field of Crockett County, 11 miles northeast of Ozona. It will be drilled as the No. 1-16 Melissa Childress Smith.

While being drilled, the project surfaced gas in five minutes and flowed at the daily rate of 113,000 cubic feet daily on a test between 7,965-8,025 feet. It flowed at the daily rate of six million cubic feet and sprayed and recovered distillate on a test between 8,025-8,100 feet; and at the rate of one million cubic feet, headed oil and distillate and unloaded distillate, on a test between 8,100-135 feet.

It was completed March 16 for a daily flowing potential of 213.13 barrels of 44.1 gravity oil, no water, through a 1/8-inch choke and open hole between 8,130-162 feet.

Location is 1,980 feet from the south and east lines of 16-B-University.

Tropical Storm Backlash Brings Torrential Rains

Falls of Over Ten In. Down Fences, Cause Livestock Losses

The spent fingers of hurricane Alma, which broke up on the Texas coast the past week-end in the same innocent fashion that her sister Alice did in 1954 to usher in the hurricane season a week later in the year, reached out over central and west Texas to dump torrential rains in spots and send rivers and draws on flooding rampages.

Although Alma failed to push the moisture-laden air quite as far west and north as did Alice, mother of Ozona's disastrous flood of June 28, 1954, the Texas hill country and central Texas farther north experienced flooding rains equal to that north of Ozona which sent Johnson draw on its killing rampage in 1954.

And in Crockett county, rains up to ten inches and more in a two-day period might have tested the three flood detention dams already completed on the Johnson watershed had they fallen in the same area as the 1954 rains. As it was, draws in the east, south and southeast sections of the county were running higher than in 1954's flood, according to reports.

The Dempster and Ralph Jones ranches about 15 miles east of Ozona received seven inches of rain in about two hours Monday morning. Flood waters drowned some livestock and tore out fences and roads. Farther to the south, heavy rains and flooded draws drowned some sheep on the Stephen Perner ranch and falls up to ten inches were recorded in the areas south of Ozona.

To the north and west, rains were more moderate, averaging from an inch to two inches and covering most of the county. Ozona received 1.08 inches at the fire station with unofficial recordings of up to 1.6 inches in other parts of the city.

The rains were most welcome to ranchmen of the area, discounting the damaging falls which visited some areas. Good rains of the spring produced a bountiful weed crop and grass was just beginning to get a good start but needed moisture at this time. The rains will speed a grass cover for the drouth pastures in this area.

Volunteer Fire Dept. Names New Officers At Annual Meeting

Ozona Volunteer Fire Department named new officers at the annual meeting for election Tuesday night at the fire station.

Joe Tom Davidson was re-elected firechief; Jim Dudley was named president; Charlie Applewhite, vice president; Claude Montya and Bud Harrison, assistant chiefs; Bill Cooper, fire marshal; A. O. Fields, secretary-treasurer, and Rev. Morris Bratton, Methodist pastor, chaplain. The new officers take their posts effective July 1.

Johnny Hokit, paid fire station attendant, and Mrs. Hokit served homemade ice cream to the group.

Miss Geneva Knox Is Student At Red Cross Okla. Aquatic School

Miss Geneva Knox, physical education instructor in Junior and Senior High Schools here and coach of the girl volleyball teams, is a student at the National American Red Cross aquatic school now in session at Lake Murray near Ardmore, Okla.

As a student Miss Knox is receiving Red Cross instruction in advanced first aid and first aid instruction.

Classes are held from 8 to 12 a. m. and from 2 to 6 p. m. daily. A night session is held each night, giving information concerning the workings and purposes of the Red Cross.

Miss Knox is spending the summer with her mother in Fort Worth.

TVA'S FREE HAND

A great deal of national notice is being paid to an Internal Revenue Service ruling holding that certain institutional advertising carried on by the taxpaying, business-managed electric utilities of this country cannot be considered a legitimate business expense for income tax purposes. For the most part, this advertising presents the utilities' side of the private-versus-public-power controversy. The great bulk of the comment on the IRS ruling has denounced it as being a serious blow at the right of free speech and free expression.

There is still another interesting and significant side to the matter. This year marks the Tennessee Valley Authority's 25th anniversary. TVA has issued a publicity kit consisting of a series of mimeographed releases running to a total of 25,000 words or more. All manner of TVA activities and ideas are thus publicized — agricultural research, flood control, forestry, employe relations, navigation, power production, power rates, and so on. Needless to say, all the material is designed to create the best possible impression of TVA in the mind of the reader.

Now, TVA, of course, does not

deduct the cost of its kit from income tax returns — for the simple reason that TVA pays no income tax. In fact, TVA is a tax-supported — which means tax-subsidized — agency. Therefore, the taxpayers of the whole country, are in effect, ponying up the money that pays for the kit.

So there's the situation. The IRS is attempting to muzzle opponents of socialized power. Yet advocates of socialized power have a free hand, and the taxpayers keep it full of cash.

AND MORE ON THE WAY

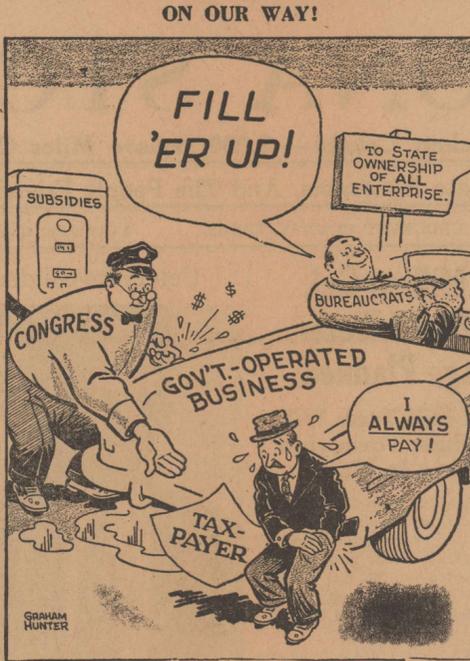

In the White House the other day, President Eisenhower waved a mysterious wand which dispatched electricity to a spot in the Pennsylvania coal fields and started up the atomic-reactor-powered Shippingport electrical generating plant.

To some, this gesture seemed a little anticlimactic since the plant began working six months ago — even though its cumulative total of operation is only 17 days. And to most — the costs involved in this economic absurdity, as revealed by Human Events (May 26 issue), are strictly from Alice in Wonderland. Shippingport is a 60,000 kilowatt plant that cost over \$121 million — over \$2,000 per installed kw, as compared with \$145 per kw for a coal-burning plant!

"Even the designers and operators admit that the cost of operation per kilowatt hour will be over 70 mills," says Human Events, "in an area where electricity can be purchased for 5 mills per kw. Other technicians claim that the actual cost for this plant will probably come to more than 100 mills." The publication points out that this would mean a loss of \$20 million a year in the Shippingport operation.

But there's more than plain old tax money involved. There's disposal of the radioactive waste, which is difficult and dangerous. And when Dr. Edward Teller, the noted scientist, was asked by the Senate Disarmament Subcommittee to compare the fallout from nuclear reactor accidents, he replied:

"Well, I would consider reactors more dangerous for a number of reasons... one of the planned reactors... as far as its potential ra-

dioactive content is concerned, doesn't have to give away anything to a megaton bomb."

So, perhaps the best thing we can say for Shippingport is that it hasn't blown up yet.

Dr. and Mrs. Weldon B. Gibson and family are in Ozona this week for a short visit in the homes of

Mr. and Mrs. T. J. Bailey and Mr. and Mrs. Sonny Henderson. The Gibsons are enroute from their home in Palo Alto, Calif., to Europe for the summer. Dr. Gibson, Associate Director of Stanford Research Institute, is a native of El Dorado and a nephew of T. J. Bailey.

"BY AND LARGE the bill seems to deal positively with every major problem I presented to the Congress."

Thus wrote President Eisenhower in a letter on May 16th to House Armed Services Committee Chairman Carl Vinson (D-Ga.) describing the Defense Reorganization bill cleared from the Committee by a 37 to 0 vote. But 12 days later, for reasons not clear even now, the President reversed himself and publicly attacked the bill. He denounced portions of it as authorizing "legalized insubordination," said it created "administrative roadblocks and bottlenecks" and indicated Congress was "completely out of step" on many Defense issues.

This reversal by President Eisenhower led to some of the most caustic, bitter, emotional words ever heard on the Floor of the House this week as the members voted on whether to pass the Committee bill or the version President Eisenhower declared himself in favor of 12 days after giving his blessing to the Committee measure.

VINSON, IN outlining the Committee bill, said it provided: unity in strategic planning; unity of military command; unity in our fight-

ing forces; additional and adequate powers for the Secretary of Defense; a speed up in the chain of commands; professional assistance for the Joint Chiefs of Staff; placing of defense research and development under one responsible official with the power to stop waste and duplication; a balanced defense force of land, air and sea power; continuation of the Congress' constitutional responsibility to provide for our defense forces.

Certainly some Defense Reorganization was needed, and the bill passed appears to clear the way for a more stream-lined, effective operation of the Armed Forces without, at the same time, concentrating almost unheard-of powers into the hands of a few men.

TREASURY DEPARTMENT figures show that in fiscal year 1957 Texas received a total of \$454 million in federal grants-in-aid to individuals, state and local governments. This amounted to \$50 per capita, compared with \$38 per capita for the nation as a whole. Only California, with \$432 million, received a higher total than Texas. New York got \$412 million. Texas paid 3.2% of the total taxes into the U. S. Treasury during FY 1957, received 7% of the grants-in-aid.

Mrs. W. W. West left Tuesday for Ruidoso, N. M., where she will spend the summer in her home there. She was accompanied by her daughter, Mrs. Larry Albers. Mr. West will commute each weekend in his plane.

WHAT ABOUT THE REST?

The Texian Editor's
Frontier News Flashes
 Department of Journalism & Graphic Arts
 University of Houston

JUNE 15-21, 1858
 (From Files of Texas Newspapers)

STATE NEWS

The Huntsville Item informs us that 56,057 yards of cloth, worth \$8,095.18 were manufactured at the Penitentiary during the past month.

We learn from the Columbus Citizen that the Colorado river at that place had risen, up to the night of the 11th, seven feet.

The Belton Independent is informed by a gentleman of experience in the matter, that barley is one of the best small grain crops which can be cultivated, particularly as provender for horses.

The examination of the cadets of the Texas Military Institute, will take place on the 22, 23rd and 24th of the present month. The Institution is represented as being in a flourishing condition.

Maj. E. A. Carroll, of Henderson county, who received authority from the Governor to enlist a com-

pany of men to serve as Rangers we learn from the Palestine Advocate, has succeeded in raising about half the number required.

The track on the Central Railroad is finished within half a mile of Hempstead. The road will be completed to that place by the 29th of this month, when a grand barbecue will be given, to which the citizens of the State are invited.

POPULATION OF THE UNITED STATES
 The Railroad Record, in an able article on the physical development of the United States, make the following calculations as to the probable results of the general increase of population for the next seventy years:

In 1850, 23,000,040; in 1860, 30,660,000; in 1870, 40,800,000; in 1880, 54,000,000; in 1890, 72,000,000; 1900, 96,000,000; in 1950, 290,000,000; in 2000, 640,000,000.

The wheat crop in this county (very little having been planted), was almost perhaps totally destroyed by the grasshoppers. Oats

are most excellent as fine as could be wished; excepting a few, that have been injured by the rust. Corn that which was left of the last planting — perhaps one fourth planted — is now really made; it is being almost in roasting ears. It can not fall much short, if any, of fifty bushels to the acre.

Anecdote of Peter Cartwright — Peter Cartwright, the famous western preacher, whose name is associated with that of General Jackson, and is familiar to thousands of our readers, has been in the city making us a visit. Right well have we and many more enjoyed the old man's flow of soul, his genial humor, and his fund of back-

woods life and adventure.

The District Convention met at Lockhart, on Saturday last, pursuant to adjournment. Delegates from Hays, Guadalupe, Bastrop and Caldwell were present. John P. White, Esq., of Guadalupe, received the nomination for the office of District Attorney.

We regret to learn by the last issue of that excellent paper, the Sequin Mercury, that a friend to whom the proprietors entrusted money to buy paper in Galveston, has decamped, and when last heard from was on his way to Baltimore with the funds. As will be seen in another column the Mercury gives a most flattering account of the

crops in that section.

We find in the Victoria Advocate the following statistics of Jackson county; White males over 18 and under 45 years of age, 203; under 18, 255; over 45, 78; white females over 18, 213; children under 18 and over 6,175; slaves, 814; free persons of color, 5. Total population, 1,802. Voters, 228. Number of acres planted in corn, 3,371; wheat, 53; cotton, 2,843; sugar, 33; miscellaneous products, 423. Total number of acres of land in cultivation, 6,724.

THE LIVER INVIGORATOR

TEXAS PRESS ASSOCIATION

1716 SAN ANTONIO STREET AUSTIN, TEXAS

The News Reel
A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, June 20, 1929

Negotiations looking toward sale of the Ozona Telephone Co. to the San Angelo Telephone Co. were reported in progress here this week. No official confirmation of the pending deal could be obtained from either the Mid-Continent Telephone Co. of Texarkana, owners of the local exchange, or the San Angelo concern. If the Ozona exchange becomes a part of the San Angelo company, it will be the 19th in the chain of exchanges owned by the San Angelo Telephone Co. The Ozona company was purchased from stockholders by the Mid-Continent Co. last November.

Five American youths are being sought by the sheriff's department in connection with an attack on two Mexicans on the Del Rio road Sunday.

F. A. Gray is carrying his arm in a sling this week as a result of injuries suffered Monday when he was struck by a belt on one of his drilling rigs.

Miss Helen Chapman of Ozona, a sophomore student at Sul Ross State Teachers College in Alpine, danced in three folk dances which were part of a college entertainment program last Saturday night.

A movement to induce the county Commissioners Court to bring the county grader and crew to Ozona for the purpose of grading the north end of Powell Avenue and putting the street in a passable condition before the opening of the fourth annual rodeo here in July, was started at the meeting of the Lions Club Monday.

As a result of the low prices wool and mohair brought this year, ranchmen and growers are considering the formation of an organization or association by means of which they can unite to demand higher prices for their products. It is estimated the state of Texas is one million dollars poorer today because of the low prices on wool for the past season.

Maurice Lemmons, son of Mr. and Mrs. Ben Lemmons, had his tonsils removed in a San Angelo hospital Tuesday.

Misses Alma Fincher and Mary

Outterside of Houston are spending a month here with Mr. and Mrs. W. E. West, Mr. and Mrs. Ira Carson and other relatives.

Mr. and Mrs. Albert Boggess and infant son arrived Sunday for a visit with Mrs. Boggess' parents, Mr. and Mrs. C. C. Montgomery.

Miss Ethel Childress has returned from Ward-Belmont where she has been a student the past year.

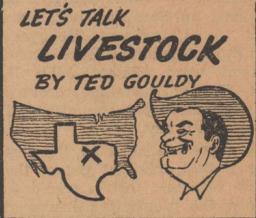

Mrs. P. T. Robison and daughters Misses Blanche and Totsy Robison, and Misses Tommy Smith and Mary B. Vaughan were visitors to Eldorado Saturday.

The weekly play of golf and bridge was held last Thursday by the Ladies Golf Association at the Country Club. The balls in golf went to Mrs. Dempster Jones and Mrs. Jess Marley. Bridge hostess was Mrs. Arthur Kyle.

In bridge, high score went to Mrs. Sidney Millsbaugh, Jr., low to Mrs. V. I. Pierce and cut to Mrs. T. J. Bailey.

Others attending were R. L. Bland, Jr., Mrs. Joe Pierce, Jr., Mrs. Hillery Phillips, Mrs. J. S. Pierce, 3rd, Mrs. W. E. Friend, Jr., Mrs. Early Baggett, Mrs. Frank McMullan and Mrs. Marshall Montgomery.

LOST — Commercial type gun stapler. Finder please call Ozona TV System. Phone. 2-2012.

Fat Calves, Stockers Sell on Strong Basis

FORT WORTH — Cattle trade opened this week with very strong demand for choice fat calves and prices were strong to 25 to 50 cents higher. Lightweight stockers, with quality, also sold on a stronger basis. Canner and cutter cows were firm, but fat cows were 25 to 50 cents lower. Fed steers closed weak to 50 cents lower, however, earlier sales were fully steady.

Good and choice slaughter steers and yearlings drew \$24 to \$27, while plain and medium sorts sold from \$17 to \$23. Fat cows drew \$17 to \$20, and canners and cutters cashed at \$12 to \$17. Bulls sold from \$17 to \$21.50.

Good and choice slaughter calves cleared at \$24 to \$28.25, and common and medium sorts sold from \$18 to \$23, with culls from \$14 to \$17. Stocker calves cashed at \$32.50 down, and stocker yearlings drew \$27.50 down. Feeder steers sold from \$26 downward.

Sheep and Lambs Steady

To Strong, Quality Off

The offering of sheep and lambs at Fort Worth Monday was predominantly medium and lower grades. Strictly choice grades were practically lacking in the receipts. Medium to good slaughter lambs sold from \$20 to \$22.50, and cull to medium sorts sold from \$14 to \$20. Feeders sold from \$19 downward.

Good yearling wethers sold from \$16.50 to \$18, and cull to medium sorts sold from \$13 to \$15. Slaughter ewes sold around \$6.50 to \$7.50. Aged wethers cashed at \$10 to \$12. Two's sold at \$14.

FURNISHED Apartments For Rent. Phone EX2-2731 or EX2-3239.

NOTICE OF MEETING

Notification is hereby given that a public meeting will be held at 2:00 p. m. on June 30, 1958 at the County Courthouse at Ozona, Crockett County, Texas for the purpose of discussing proposed hunting, fishing and trapping regulations for the above mentioned county.

Honey, What a bargain I drove today!

The gasoline I buy gives me "more for my money." For only pennies I spend a busy day in my car taking good care of my husband, children and home.

Higher taxes now add 8.8¢ cents to the price of every gallon of gasoline. The price of gasoline itself has gone up only 17% in the last decade. Yet today's regular gasoline is the same as premium was 5 years ago. Today's premium is as powerful as aviation gasoline of the last war.

**National average*

With The Gasoline You Buy From Us You Drive The Best Bargain In Years

Ozona Oil Company

Remember
his
first
great
adventure?

With full heart and watchful eyes you helped him enjoy his very first taste of independence.

And how proud you were when he achieved his goal, all by himself, and then, laughing, ran to your waiting arms to share his triumph with you!

Nothing you can give your child is half so precious as this wonderful opportunity to be himself. All through life you want him to be free to choose his way.

That's why it's so important to be on the watch for ideas or ideologies that could set limits to his independence. The idea, for instance, that government should own and run more and more businesses, services, institutions. Don't forget that when government runs more and more things, the individual has less and less freedom and independence!

Think of your son's first "independence day" when you hear talk like that. Point out that in countries where government does control almost everything, the individual is controlled, also. And the loss of anybody's independence is a threat to everybody's freedom.

Very much aware of this danger are the independent electric light and power companies, because government already runs part of the electric business. And powerful people are pressing to take over more.

West Texas Utilities
Company

Electricity costs so little — you can afford to use lots of it!

"Freedom is a woman"

It's catfishing time in Texas! The real meat fishermen now are showing up to have their pictures made with fullgrown catfish. I've seen several of them taken from trot lines and throw lines, the past week, on Lake Travis.

Catfish can be taken any time of the year. However, July and August seem to be the months when most of the big ones are hooked.

Perhaps the principal reason is that other fish are less likely to be caught during the two hot summer months and fishermen just naturally turn to the catfish.

Some bass and crappie are caught, but generally they seem to have their tummies full and seek out some good cool spot to spend the day. I don't mean that many are not caught. However, the number decreases as the temperature rises. Whether it is the fault of the fish or the fisherman I wouldn't say. But I do know that there are fishermen who catch them any time of the year, hot or cold.

Generally speaking catfishing isn't as much work as bass fishing. Catfish can be caught in most any manner. Frequently one will hit on a plug. They'll take minnows, cut bait, dough bait, even Ivory soap.

However, the old time favorite way of taking catfish is by trot line. Usually such a line is extended between two points, perhaps a couple hundred feet apart, down a

creek or across one, or across a channel where catfish are likely to be foraging.

The line can be anchored to a stake, tree, stump or weighted down with glass bottles for buoys.

Most often one end of the line is tied to something solid. The other end has a heavy weight, with a guy line from the weight to a tightly closed bottle which floats on top of the water to designate the end of the line or the location. They also help keep the line off the bottom.

Hooks can vary in size. Most fishermen usually use a 5/0 to 7/0 Eagle Claw. A great deal will depend on the area in which you are fishing. If the fish are small, then a smaller hook is best. Some fishermen use 3/0 but these are very light for large fish.

The hooks are attached to the trot line via a stageon with a short line of about 50 pound test. This stageon or drop should be from a foot to 18 inches long. It can be tied directly to the trot line, or there are fasteners available which make the operation a little easier.

When running a trot line it is best to have everything possible cleaned out of your boat. Everything except your life preserver and a tub in the center of the boat. The catfish can then be dumped into this tub. Some fishermen are now using plastic garbage containers for this purpose.

Best advice we can possibly give is that you be careful. There are two distinct hazards in catfishing. One is that in playing out your trot line and baiting it in a hurry you can easily get a hook caught in your hand. There is considerable tension on a trot line. If you are not careful when you release it after baiting or removing a fish, it will jerk a hook into your thumb.

Brother, you've had it when this happens. If the hook goes in over the barb, then cut the hook off the line immediately. If you can work the barb through the flesh with pliers, cutting off the shark, that's fine. The better plan, however, is to get to the family doc as quickly as you can. He can remove the hook and give you an anti-tet shot which is a safeguard. He'll also flatten out your wallet a little, which will teach you to be more careful next time.

The other danger is from the catfish itself. This gentleman has a sharp spine on its pectoral fin and another on its dorsal fin. These fins can do you more harm than a knife blade. A flopping catfish can

stick you with this spine and cause very serious injury.

They are extremely dangerous. And if you are finned badly, we repeat — see your doctor as soon as you can. You may save an arm or a leg.

I watched a smart fisherman recently. When he caught a catfish he took hold of it with a pair of tongs. He also had a pair of cutting snips and before he put that catfish down he had cut off its spines. It took him an extra minute but it was also a safeguard.

Catfish can be handled by a good pair of pliers or fish gripper in the mouth. A pair of tongs, similar to those used to handle hot bottles containing the baby formula, will do.

Texas has several varieties of good catfish. One of the best is the channel cat that attains a maximum weight of about 25 pounds. This fish is produced by the Game and Fish Commission hatcheries and placed in lakes, streams and stock tanks. It is a nocturnal feeder, which makes night time the best to fish for them.

Then there is the Blue Cat. Some of these have been checked in at 150 pounds. Generally a 25 pounder, however, is a good one.

Among others are the flatheads; the yellow bullhead, also known as the Pollywog; the black bullhead; the brown bullhead and the widemouth catfish. There are also several other varieties not too frequently found.

OPENS SWEET SHOP

Mrs. Bruce Mayfield has opened The Sweet Shop in the building next to the News Mart, formerly the location of a beauty shop. Mrs. Mayfield will offer home cooked pies, cakes, pastries, doughnuts, cream puffs, cookies, etc. and will handle special orders for baked goods.

SPEARMAN'S HAVE SON

Mr. and Mrs. Jerry Spearman of Ozona are the parents of a son born Monday morning in the Crockett County Hospital. The baby, named Ricky Lee, weighed 5½ pounds at birth.

W.S.C.S. Continues Christianity Study

The Woman's Society of Christian Service met in the fellowship hall of the church Wednesday morning to continue the study of the topic, "In Every Place a Voice," led by Mrs. H. B. Tandy. Mrs. R. A. Harrell discussed "How We Can Be Christian in Ranching," and Mrs. S. M. Harvick discussed "How We Can Be Christians in Our Homes." Mrs. Tandy closed with prayer.

Other members present were Mmes. Bill Cooper, Hugh Childress, Sr., N. W. Graham, J. A. Fussell, Charles Williams, Joe Pierce, Jr., Morris Bratton, Dempster Jones, Floyd Henderson, Ewart White, C. F. Brown, Clarence Rasberry and Bailey Post.

The study will continue through the next two Wednesdays, at 9:30 a. m. in the fellowship hall, with the prayer group meeting at 9 o'clock. A nursery will be provided for the children.

START YOUR SHELL COLLECTION THIS SUMMER. AND HAPPY HUNTING!

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford

Texas Press Association

AUSTIN, Texas — If a fire-breathing dragon were loose on the Texas countryside — smashing cars and their occupants, slapping down pedestrians — there'd be no question about the need to get rid of the monster. An aroused public would demand that somebody do something!

In actuality, innocent people are being maimed or killed every day as they go about their business. Thousands are lost every year.

But somebody is doing something. Right now, officials and private citizens are forming a massive "posse". They're going after the killer — the monstrous indifference, carelessness and other difficulties that bring death on Texas streets and highways.

Leaders are members of the Texas Traffic Safety Council created by the Legislature just a year ago. Gov. Price Daniel is chairman; Col. Homer Garrison, Jr., director of the Department of Public Safety, vice-chairman. Heads of numerous other state agencies are members.

Formation of the Council was the starting point for a campaign which, for the first time, brought the official power and prestige of state government to bear on a growing problem. For some years Texas vehicles and their drivers had been outgrowing highway fa-

ilities and outdistancing law enforcement agencies by sheer weight of numbers. In 1956 Texas had an appalling all-time high of 2,611 motorcides.

Governor Daniel called it a public emergency.

With only a skeleton organization, the Council hammered away through 1957 at tightening enforcement, organizing holiday safety campaigns. By the end of the year the toll had dropped by 72.

In April Governor Daniel climaxed publicity efforts with a statewide broadcast calling for a "crack down" on two major traffic evils — speeding and driving while intoxicated. Simultaneously, local traffic safety councils were formed in 190 counties. An estimated 5,000 people participated.

Results thus far are encouraging. For the first 23 weeks of this year the toll was down by 101 persons, about 11 per cent, from last year. There were 163 fewer deaths, down about 17 per cent, from '56.

Goal for 1958 is a year-long 10 per cent drop or 254 lives saved—a real stab at the dragon.

July Snow Storm — Next summer's Democratic precinct conventions will be like an extra after-hours election. There'll be rival "platforms" and rival candidates, but only one key issue — who's to control the party.

Battle lines were drawn when the State Democratic Executive Committee held its June meeting in Austin. Governor Daniel, as head of the party in Texas, called on his moderate-conservative cohorts to "snow under" the liberal-labor Democrats of Texas at the conventions. He accused DOT of trying to usurp the party name for a "splinter group."

SDEC is recommending electing precinct delegates to county conventions by primary ballot and moving primaries up to May and June. It also suggest a search for means to prevent party line crossing at primary time.

DOT is pushing for its "code of ethics" for conducting conventions and a party registration law to keep out Republicans.

Relative merits of the two "platforms" may be as confusing to some voters as a snowstorm in July. What's clear is that if the moderate conservatives win out, Governor Daniel will continue at the helm of party affairs in Texas. If the DOT prevails, Mrs. Frankie Randolph, national committeewoman and DOT chairman, will take the wheel.

"Straight To The Point"

A Summary of Vacation News From The Teenage Set

By Sally Baggett

As usual nothing "fantastic" has happened in the big little town of Ozona, unless you would call rain "fantastic" and in the case of Ozona I think it might be.

What's this we hear about our steadies, Bobby and Frances? Now's your chance boys and girls!

Jerry Jacobs and Gwynel Walker seemed to have had a bit of car trouble Monday coming home from San Angelo. What seemed to be the trouble, Jerry?

Nonie Conklin is visiting Nubin Sears in Sweetwater. She said Nubin wrote and said she had two dates a nite lined up for her so I would imagine Nonie is having a very good time.

Rodney Franklin and Jackie Young have taken another excursion, this time to Wyoming.

Ann Baggett went to Austin Wednesday. She says she is going to visit her cousin Baggett Pace. Sometimes I wonder.

Frances Childress, Carol Friend, Ann Baggett and I went to Del Rio to the Sheep and Goat Raisers convention Friday. No need to say we had one large time.

Say Ronnie, who is Peggy? She knows you because she dedicated a song to you on the Big Lake station.

Mike and Carolyn Clayton have another little girl.

Jake Young seems to have sudden interest in Big Lake. I wonder who or what it could be.

The junior wool judging team won state in wool judging. David Jacoby won high individual in the state for the juniors. Congrats, boys.

Mark White went to Arizona. He is driving a truck or something. I think we girls should get us a truck and go tour the states.

Say kids, the pool will be open on Monday, Tuesday, Thursday and Friday nites.

Say girls, seven of the Tech football team are here.

That seems to be all for this week. Not much has happened since school is out so this will be short.

Political Announcements

The Stockman is authorized to announce the candidacy of the following for the offices indicated, subject to action of the Democratic primaries this summer:

For County Commissioner, Precinct 2:

C. O. (LEFTY) WALKER
BEN WILLIAMS
W. T. (BILL) MILLER

For County Commissioner, Precinct 4:

JAKE YOUNG (Re-election)

For State Representative, 78th District:

JOE BURKETT (Kerrville) (Re-Election)
JERRY SHURLEY (Sonora)

For County Judge:

HOUSTON S. SMITH (Re-election)

For County & District Clerk:

LETA POWELL (Re-election)

For County Treasurer:

JIM DUDLEY (Re-election)

On the 17th Anniversary of Series E Savings Bonds, a

Report to the Shareholders

in the UNITED STATES GOVERNMENT

More than 100 billion dollars in Bonds issued since 1941! They are the most widely held investment in history.

More dollars are invested in Bonds today than ever. 40 million Americans hold Bonds — one family in three.

Nest eggs hatch quicker now that Series E Bonds mature in 8 years 11 months, and pay 3 1/4% at maturity.

Average Bond is held about 7 years. \$6 in \$10 of Bonds matured since 1951 are still outstanding, and drawing interest!

More Bonds were sold by Payroll Savings in 1957 than in 1956. 42,000 firms now offer Payroll Savings.

The Treasury records every bond sold. If it gets mutilated, lost, stolen or destroyed, it is replaced, free.

Buy Bonds where you bank, work, or at school, and help Strengthen America's Peace Power.

HOW YOU CAN REACH YOUR SAVINGS GOAL ON THE SYSTEMATIC PAYROLL SAVINGS PLAN	
In 8 years and 11 months	If you save each week
\$2,500	\$4.75
\$5,000	\$9.50
\$10,000	\$19.75

Look how easy to reach savings goals by buying E Bonds. Start your Plan today!

FRONT LINE OF FREEDOM

JUST a Newsstand? No.

It is a battleground.

In this tiny territory rival publications fight for the attention of the public. From left to right you can find all shades of political and social opinion, freely expressed. And because of this a newsstand is more than just a convenience in the life of an American town.

It is a front line.

There is another battle going on around a newsstand, more far-reaching than the com-

petitive rivalry of paper against paper, magazine against magazine. For there are always people—yes, even here—who dislike to see opinions freely expressed... and who attempt to bring all sorts of restraining pressures on those who champion the Press's freedom.

But those who write and print and publish the free opinions of America, they see a threat to that freedom as a threat to all freedoms, and vigilantly hold back pressure-wielders from closing in on the newsstand.

For the newsstand is freedom's front line.

Jones Finals Gas Producer On Dudley Ranch In Crockett

The discovery, J. E. Jones and Union Oil Co. of Calif. No. 1-C Dudley, 15 miles southeast of Sheffield and eight miles south of the Ingham (Devonian) field, was completed for a calculated daily absolute open flowing potential of 6,300,000 cubic feet of gas, with gas-liquid ratio of 143,000-1.

Production was through perforations between 9,602-642 feet in 5½-inch casing set at 9,714 feet, the total depth.

The strike is 660 feet from the south and east lines of 28-1-I&GN.

A newly opened west area of the Todd, North (San Andres) field gained its fourth well and a location north extension with completion of John I. Moore of San Angelo and Duncan Drilling Co. of Big Spring No. 1-A Shannon, 22 miles northwest of Ozona.

It was finalized for a daily pumping potential of 47.49 barrels of 28 gravity oil.

Production was through perforations between 2,134-147 feet in 5½ inch casing set at 2,207 feet, the total depth. Pay section was acidized with 1,000 gallons.

The project is 990 feet from the south and 330 feet from the west lines of 5-BB-EL&RR.

Young Texans Back Blakley For Senator

Sixty-eight Young Texans-for-Blakley clubs have been organized and now are working actively for the election of William A. Blakley to the U. S. Senate. Some 10,000 young people are members.

State President Robert A. Dean of Midland said that by the end of June there will be at least 100 such clubs fully organized. The goal is at least 16,000 members.

Both young men and women are members, and some of the most active are women. Ages of the members range from 21 to 39 years.

Dean, the state president was named one of the outstanding young businessmen of Midland and is a state vice-president of the Texas Junior Chamber of Commerce. He is a geologist by profession and directs statewide activities of The Young Texans from his offices in Midland.

The clubs in the various cities, while independent of Blakley's campaign organization, work with the county managers in their respective areas. Many members have voluntarily contributed \$1 toward

expenses of their clubs, although the primary object is not fund raising.

"It's when some men are feeling fit as a fiddle that they begin looking around for a female accompanist." — Henry Morgan.

"Alimony is paying for a subscription to a magazine that isn't being published any more." — Howard Duff.

Those African natives who beat drums to scare off evil spirits are objects of scorn to smart American motorists who blow horns to break up traffic jams.

How much is a billion dollars? Well, it's a pile of \$1,000 bills — 111 feet higher than the Washington Monument!

Mr. and Mrs. ½ Ernie Boyd and children have returned from a vacation spent with relatives in Sulphur Springs.

Mr. and Mrs. J. B. Pace of Austin and Mrs. Hiram S. Brown and sons, Hi and Steen, also of Austin, are here this week to visit the parents of Mrs. Pace and Mrs. Brown, Mr. and Mrs. J. M. Baggett, and to attend the reception Tuesday night to honor Mr. and Mrs. W. R. Baggett on their fiftieth wedding anniversary.

Two Ozona Students Attend Summer School At Southwest State

SAN MARCOS, (Sp) — Two Ozona students have enrolled for summer school at Southwest Texas State College.

They are Tom Kincaid, son of Mr. and Mrs. T. A. Kincaid; and Carol Blackstone, daughter of Mr. and Mrs. N. D. Blackstone.

Kincaid, a junior student, is majoring in biology. A junior also, Miss Blackstone's major is history.

A total of 1584 students are enrolled for summer school, according to Dr. Joe H. Wilson, registrar. This enrollment is an increase over last summer's figure of 1525.

The first summer term will run through July 12, with the second term scheduled for July 15 through Aug. 22.

CLAYTONS HAVE DAUGHTER

Mr. and Mrs. Mike Clayton are the parents of a daughter born Saturday morning in the Crockett County Hospital. The newcomer weighed 6 pounds, 12 ounces, and has been named Lisa Gay. She has one sister. Debra. Grandparents are Mr. and Mrs. Byron Stuart and Mr. and Mrs. Boyd Clayton.

Double Header Slated At Softball Park Here

A double header softball game is slated for the Powell Field softball park here Saturday night, starting at 7:30 p. m.

The El Paso Natural Gas team of Ozona will be matched against the Corner Drug of San Angelo, one of the top teams in that city. Boyd Reese of El Paso Natural will hurl for the locals.

CAP TO HOLD MEETING

The next regular meeting of the Ozona Squadron, Civil Air Patrol, will be held Tuesday night, June 24, in the High School library at 8:00 p. m. Matters to be discussed will be the new building project at the Airport, and other proposed activities for the group. There will also be a film, "Air Force Scrapbook", which is the story of the U. S. Air Force and the beginnings of aviation in this country.

All members are urged to be present.

Arthur Alston of Pecos was here for a week-end visit with his parents-in-law, Mr. and Mrs. R. L. Flowers, and Mrs. Alston who is here for an extended visit with her parents.

Crockett Discovery Rates 190 Bbls. Daily; Ellenburger Test Shows

Crockett County gained a discovery and a wildcat recovered shows in the Ellenburger during the past week.

Crockett gained a Wolfcamp discovery with completion of C. E. Kadane & Sons, Edwin L. Cox and Dan Auld, Wichita Falls, No. 1 Margaret H. Smith, located eight miles northeast of Iraan.

It was finaled for a daily pumping potential of 190.37 barrels of 42 gravity oil, plus 40 per cent water, through perforations between 6,384-394 feet, which had been acidized with 500 gallons.

Top of pay was picked at 6,379 feet on derrick floor elevation of 2,809 feet. Total depth is 7,842 feet, with 5 1/2-inch casing set at 6,485 feet.

Location is 2,090 feet from the south and west lines of 4-HH-L&SV.

Gulf Oil Corp. was preparing to run logs in its No. 1-L Shannon in J. Wiley Heirs, Crockett County wildcat, seven miles northeast of Iraan, after recovering shows from the Ellenburger.

On a two-hour drillstem test between 7,550-625 feet, the total depth, recovery was 990 feet of

gas in the drillpipe plus 80 feet of gas-cut mud and 170 feet of oil and gas-cut mud.

Flowing pressure was 300-30 pounds and shut-in pressure 435 pounds.

Queen sand gas production was indicated earlier on a drillstem test between 2,233-293 feet.

WEDNESDAY BRIDGE CLUB

Mrs. Glenn Richardson, Mrs. Bit Terry and Mrs. Byron Stuart were hostesses to the Wednesday Bridge Club this week. High score prize went to Mrs. Pete North, second high to Mrs. Kit Pettigrew and bingo to Mrs. Taylor Deaton. Others present were Mrs. Sonny Henderson, Mrs. J. P. Pogue, Mrs. Richard Flowers, Mrs. John Ray Powell, Mrs. Chas. E. Davidson, III, Mrs. Dick Kirby, Mrs. Dick Ketchum, Mrs. Joe Couch, Mrs. L. B. T. Sikes and Miss Carol Friend.

BEAUTY OPERATOR

Mrs. Betty Conaway, an experienced beauty operator, has accepted a position as operator at Marg's Beauty Salon, in the Crockett Hotel building, Mrs. Marg Smith, owner, announced this week. Mrs. Conaway's husband, Jim Conaway, is laboratory technician at the Crockett County Hospital.

Miss Joan Ridley, teacher in the Ozona schools, is among a group of 33 Texas teachers taking a special course in language teaching at

Texas Tech this summer. The course, designated Spanish 5335, is designed to assist Southwest teachers cope with the bi-lingual pro-

blem where Spanish-speaking and English-speaking pupils are mixed in the same classroom.

*You can't help but come out ahead! Here's the most thoroughly new car in its class. Lower, wider, longer, loaded with new ideas right down to its ride. Yet Chevrolet is the lowest priced of the low-priced three in the models most people buy!**

That beautiful Bel Air below, plus seven other Chevy V8 sedans, hardtops and station wagons, is priced below all comparable models of the low-priced three. They all bring you the incredibly smooth action of Full Coil suspension—or a real air ride as an extra-cost option. They offer Chevy's spirited V8 action, its famous handling ease along with all kinds of features that other cars in the field just wish they had. Your Chevrolet dealer will be glad to prove it!

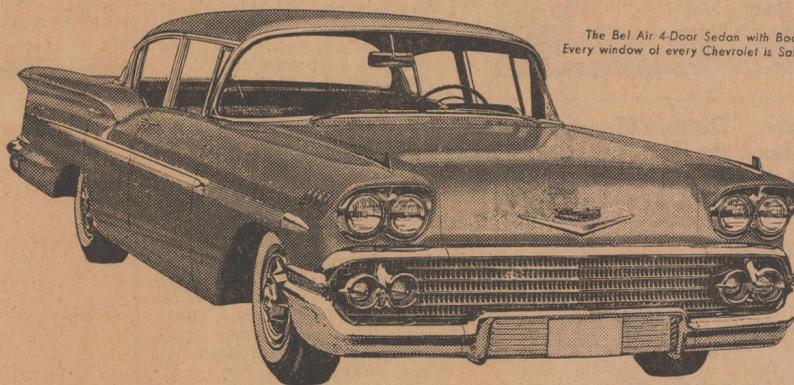

The only all-new car in the low-price field.
