United Fund Drive Gets Underway

Muleshoe Mules Meet Portales Rams

1970 Goal Is Set At Nearly \$15,000

Mules Stand At 2-2 Rams Record Is 4-1

Spiraling upward to dizzy heights for this early in the 1970 football season, the Muleshoe Mules have found themselves to be in the unique position of being tied for first place in District 1-AAA. Levelland also has a 2-2 season record to date.

After dropping their first two games of the season to Dimmitt and Olton, the Mules bounced back with a bang and downed Friona, then Boys Ranch for a 2-2 season near the mid-point of this football year.

With an almost break-even

score of points gained and points given up to the opposition, 76-77, the Mules are teetering on the brink of perhaps their best season in several years.

Bounding immediately into first place for scoring honors in the district, and holding the lead is Bobby Hayes, with 38 points. His running partner and close contender, who has 28 points to his credit is Don Wheat. The duo leads scoring for the district. Other top scorers in District 1-AAA are Lughery of Dumas, 23; Gregory, Levelland, 18 and Spann, Dumas, 14. Rumors have it that Bobby and Don are in the midst of a friendly, spirited competition on scoring, which enhances Muleshoe's chances of holding the scoring lead in this district.

Friday night, the Muleshoe Mules will meet the powerful Portales Rams in a home battle. The game will get underway at 8 p.m. in Muleshoe's Benny Douglass stadium. Portales will be coming into the game with a 4-1 record for this year.

Last week, Portales downed Albuquerque Academy, a team which until then was unbeaten and had not been scored on this year. The final analysis of the game gave the Rams a 40-6 victory over the academy. Portales Coach John Welborn has commented on the pending game, "We'll have to play pretty good ball against this team (Muleshoe) or they are going to surprise us."

A mixed ground-ball, passing game has kept the Rams on top of the heap in New Mexico football with Tommy Hinderliter, Gary Griffin and Brad Aday sparking the Portales offensive team. Hinderliter, who is considered a top sprinter, gained 163 yards and two touchdowns in the Portales-Albuquerque game and Griffin gained 157 yards and one Ram TD. Quarterback Aday had 160 yards in the air to his credit.

Muleshoe Athletic Director Fred Hedgecoke said, "Portales is as strong a team as we will play all year. They

Cont'd., on Page 3, Col. 4

ONE OF THE BIG ONES--Morgan Locker, far right, operator of the Muleshoe Airport, directs parking of one of the two-engine planes in the All Texas Air Tour. Although the pilot of this twin-engine was male, there were 10 women pilots among the 42 planes in the tour. Represented were 55 cities in 10

states. The tourists, who had a coffee stop at the airport, were impressed with the display of local crops and enjoyed fresh sliced tomatoes and peppers with their refreshments. Many of the touring flyers left Muleshoe with fresh vegetables in their planes.

BAC Presentation Set For November

Preliminary plans for the 1970 Businessmen's Activities Committee November presentation are underway. "Dixieland" will be featured this year, with a full line of entertainment promised. The entertainment will range from quartets and quintets to varied

City Council Agenda Light For Meeting

The Muleshoe City Council met Tuesday morning with a relatively light agenda.

Among items discussed were hospital insurance for city employees; the new garbage containers which are being made for city alleys and a fence down the sides of the city tennis courts.

It was decided to fence the tennis courts to prevent cars and motorcycles from driving over the concrete court.

Also discussed was a partial payment for paving work done in a city alley and the \$25,000 grant from HUD for park improvement.

Football Contest

For the fourth week in a row, since the annual Back The Mules Football Contest started for this year, the winners have been all new. New names have shown up in the winners column with no individual duplicating a win thusfar.

Identical first place scores this year called for a coin toss to break a deadlock between Ricky King and Richard Engelking. Winning the toss was Ricky King. He was tabbed first and Engelking second. Undisputed third place winner was Jim Small.

Demo Rally Scheduled Here Monday

Lee Pool, Democratic chairman for Preston Smith for Governor, has announced a Democratic Rally is scheduled for Muleshoe on Monday, October 12.

The rally will be held at 8 p.m. in the Harvey Bass Appliance Store at the Corner of South First Street and West Avenue B. Refreshments will be served.

Pool said there will be a special speaker and all men and women who are interested in the State Democratic election, and candidates issues are invited and urged to attend the meeting.

local talent, according to chairman Olan Burrows. During intermission of the Monday, November 9 show, candy will be sold and in various sacks of candy will be prize slips. Persons who buy a sack of candy with a prize slip can match the number with the merchandise on the stage. Top prizes will be offered, said Burrows.

As in programs in the past, local business and professional people and teachers will be used in the all-star cast.

Next on the agenda for Muleshoe will be the Halloween Parade, Carnival and Halloween Queen contest, scheduled for October 31, said Muleshoe Chamber of Commerce Manager Jerry Hutton.

He reported on the children's parade which will be held in the afternoon and the evening carnival and coronation ceremony.

Hutton said the September farm tour was one of the best projects which has been sponsored by the Chamber of Commerce in some time. According to the C of C manager, it was highly successful.

He spoke on the Texas Industrial Conference he attended last month in Austin and said he feels that Muleshoe still has a real good shot at industry. The Chamber manager also complimented the Ladies Auxiliary for presenting the Amarillo Drug Abuse Group in Muleshoe and said that although Muleshoe does not seem to have a bad drug problem, it is better to prevent than to try to cure.

He also reported on the kickoff for the 1970 United Fund

Jaycees Slate Motorcycle Scramble Race

With the increased interest in motorcycles, not only in the immediate area, but throughout the country, the Muleshoe Jaycees have scheduled a "first" for this locale.

On Sunday, October 18, the Jaycees will sponsor a Motorcycle Scramble three miles east of Muleshoe.

Included will be a pro race, open and novice races and a powder puff race, Chairman Marshall Lee has promised something for everyone to enjoy during the afternoon.

The races will get underway at 2 p.m. The races will be held three miles east on Highway 70 and just off the highway to the north on the Y-L road.

Chairmen of the Motorcycle Scramble are Marshall Lee, Marlin Mills and Bob Stovall.

C of C Officers For Next Year Named Monday

Frank Ellis, operator of Singleton Funeral Home and Muleshoe City Councilman, was named president of the Muleshoe Chamber of Commerce for 1971. He was top choice in ballots counted during a meeting Monday afternoon. Named vice president was Bill Loyd, president of the Muleshoe State Bank.

New directors for 1971 include Roger Albertson, manager of Cobbs; Doyce Turner, farmer; Jimmy Ivy, attorney with Jack Young and Derrell Oliver, president of the Muleshoe Jaycees and with Irrigation Supply.

All the officers were chosen by ballots which had been mailed to Chamber of Commerce members.

Miller Farm Shows 'Top' Corn Yields

It all started as an average day at Damron Drug over a cup of coffee. A number of corn growers, including Gary Miller of Farmer's Spraying Service and Herb Griffiths of Ray Griffiths and Sons, were discussing yields and moisture content of white corn.

Miller estimated his white corn would cut at least 200 bushels per acre on his farm three miles east of Muleshoe. Griffiths said it was doubtful "that there wasn't any way in the world 200 bushels of corn would come from the type of soil on Miller's farm, it being a white caliche soil."

A friendly discussion ended by Don Bryant agreeing to serve as official land measurer and Kenneth Hanks, a local custom combiner, cutting the corn. The group went to the Miller farm and harvested two

County Court Hears Cases During Week

County Judge Don Cihak and County Attorney Roger Gorrrell disposed of several cases in County Court this week.

The jury released one person who had been charged with driving while intoxicated after finding the person not guilty. Two persons pleaded guilty to transporting liquor and one of those charged was given probation. There was one guilty plea on driving while intoxicated, and the individual was given a term on probation.

Bob Mills

George Bush Speaks At Plainview Supper

U.S. Senate candidate George Bush received rousing applause Saturday night in Plainview when he said he felt "We need a change in leadership in Congress to get more done... (a change from) the same 'old tired thinking' in the Senate."

Bush, presently Republican U.S. Representative from Houston, was in Plainview for an informal "grass-roots" hamburger supper with supporters from a nine-county Panhandle area which included Bailey, Parmer and neighboring counties.

Discussing issues pertinent to this area at a press conference before the supper, Bush said that he had introduced tax credit legislation to bring industry to rural areas in Texas first in '67, then in '68 and again in '69. But, he added that "It was blocked each time by a Democrat (committee) chairman."

Bush told the crowd that "Nixon is the first president in 120 years to not have his party in control in Congress."

"We need a change in the deliberative body's (Congress) makeup so such legislation can be considered," Bush concluded after making these two points.

Another rally cheer followed his statement that his first vote would be "against the appointment of Senator Fulbright to be chairman of ANY committee". Bush said that he felt Texans were "getting away from the (party) label and were voting for the man", rather than straight party voting.

The Amarillo United Fund chief noted that it takes work, money and services to make a community grow and prosper and cited the nearly \$800,000 goal for the Amarillo United Fund for this year.

Giving several examples of community services and projects which benefit from area United Funds, Mills boosted the United Fund as a "top" service organization. Cont'd., on Page 3, Col. 3

Three Local Men Named Outstanding

The Muleshoe Jaycees announced Tuesday morning that Don Harmon, Curtis Walker and Dr. Charles G. Lewis have been selected for inclusion in the 1970 edition of "Outstanding Young Men of America." Nominated earlier this year by the Jaycee chapter, said Muleshoe Jaycee President Derrell Oliver, these men were chosen for the publication on the basis of their achievements.

Doug Blankenship, past US Jaycee president, who is serving as Chairman of the board of advisory editors, said that the men selected "have distinguished themselves in one or more fields of endeavor to the point of being outstanding."

Each year, over 5,000 young men between the ages of 21 and 35 are nominated for the awards publication by Jaycee chapters, civic organizations, college alumni association by Jaycee chapters, civic organizations, college alumni associations and military commandants. Criteria for selection includes a man's service to others, professional excellence, business advancements, charitable activities and civic and professional recognition.

President Richard M. Nixon has said of the awards volume, "Outstanding Young Men of America" presents a most fitting testimonial not only to the success of many of our young people, but also to their awareness of the debt which they owe our free society."

Bush hit at his opponent's slogan change from "A Senator for the 70s" to "A Democrat Senator", adding in interview comment that he thought Democrats were placing an increased emphasis on straight party voting.

The Republican said "There are major divisions among various Democratic party groups within the state-especially after primary election time."

In discussing another statewide issue interesting to this area of Texas, Bush answered a press conference question regarding what he thought about a water importation plan for Texas.

Cont'd., on Page 3, Col. 8

Spiro Agnew GOP Speaker In Amarillo

Vice President Spiro Agnew will be dinner speaker when he joins other Republicans at a Republican fund raising dinner in Amarillo next week.

The dinner will be held at 8 p.m. on Monday, October 12 in the Amarillo Civic Center. Tickets are available to the public at \$100 per plate.

Clarence E. Mason, Republican County Chairman, said several local Republicans plan to attend the dinner. He said that several Republican dignitaries including Candidate George Bush, Congressman Bob Price and other noted Republicans will attend the dinner.

Lamb Of The Future UF... Show In San Angelo

Cont'd. from Page 1

COLLEGE STATION -- The 1971 "Lamb With a Future Show" held for the past two years in San Angelo, will be held there again, June 11-13, 1971.

"This show is designed basically for lamb producers and has as its purpose to assist sheepmen to produce a more acceptable lamb for the market," Dr. F.A. Orts, Extension meats specialist at Texas A&M University, said. "The Lamb is one which must have an acceptable dressed yield of salable retail meat with acceptable eating quality and must have the ability to reach market weight with a minimum amount of feed. It also must be capable of doing all these things economically and return a profit to the producer."

According to Dr. Orts, The Lamb Committee of the Texas Sheep and Goat Raisers Association, in a recent meeting, adopted several changes for the 1971 Show. They are as follows:

1. Lambs will be fed as a group in a commercial feedlot beginning May 1, 1971 for a period of up to 45 days and lambs must weigh 60-80 pounds at the beginning of the feeding period. Rate of gain will be reported on each lamb.

2. A sire group will consist of five lambs rather than three as in the past. All of these lambs must be out of the same sire.

3. Lambs will be slaughtered on two dates in 1971. One group will be those lambs ready for slaughter 30 days after the beginning of the feeding period.

gaining of the feeding period. The remainder of the lambs will be slaughtered at the end of 45 days.

4. The method of evaluating and placing the lamb carcasses will be changed from the present leg-join index to the use of the USDA yield grade equation for lamb carcasses plus visual appraisal.

5. All lambs will be eligible for overall placing no matter when slaughtered.

6. The official carcass show will be held at the end of the 45 day feeding period.

"Lamb producers should plan their breeding to coincide with the above dates and are encouraged to enter lambs in the show," Dr. Orts said. "It is only through a thorough carcass evaluation such as this that one can determine what is being produced by a certain ram."

For further information concerning the "Lamb With a Future Show", interested breeders can contact the Texas Sheep and Goat Raisers Association, Box 1486, San Angelo, Texas or local county agricultural agents.

BAC...

Cont'd. from Page 1

Bartholf and Jaycee Bob Stovall.

Two of the main items discussed by Stovall were the annual Sandhill Crane Hunt and Youth Football. He commended local people for their support of the new football program for youth in Muleshoe. According to his report, the response has been outstanding and the team is in good financial condition. Stovall said a Senior Bowl will be held on Saturday, October 24 in the high school football stadium. Included among players will be all boys who will be leaving the program due to their age after this season.

Mrs. Robin Taylor, Bailey County Home Demonstration Agent reported on the 4-H Project Fair which is scheduled for Saturday, October 10.

Several other reports were given before the program adjourned at 11 a.m.

According to figures cited by Mills, for each \$3 in taxes which are sent to Washington, only \$1 is returned to the individual community to be used. This, he compared with the less than six percent it is estimated to cost the local United Fund to conduct a campaign and administer the funds in a year. He added that United Fund is one of the last vistas for a person to voluntarily serve their community and said such actions tie together a community or area.

"United Fund is an investment in good health; welfare; happiness and participation," concluded Mills.

Following the breakfast, workers were distributed cards and given locations to contact both individuals and professional people during the intensive 10-day drive.

The goal for 1970-71 for the Muleshoe Area United Fund is \$14,886, and the participating agencies and their budgeted amounts are: Bailey County Junior Livestock Show, \$3,700; Boy Scouts of America, \$2,500; Salvation Army, \$1,800; Girl Scouts of America Caprock Council, \$1,600; Babe Ruth League, \$700; Senior Babe Ruth League, \$200; 4-H Youth Leadership, \$150; Texas United Community Services, \$100; United Service Organization, (USO), \$200; Texas Association of Mental Health, \$100; Muleshoe Area Senior Citizens Organization, \$350; Southwestern Diabetic Foundation, \$350; Muleshoe Service Unit of Girl Scouts, \$500; American Red Cross, \$1,000; Reserve For Contingencies, \$700 and campaign and operation expense, \$950.

Chairmen for the local campaign include M.D. Gunstream, advance; Curby Brantley, employee; Duane Seay, commercial; Dave Sudduth, professional; Myron Pool II, city farmers; Jeff Smith, rural; and Jimmy Ivy, windup. Workers have been named to assist the chairmen.

Despite blight and drought, the Agriculture Department has estimated the nation's corn crop by more than 400 million bushels. The current predictions mean that the nation would have the third largest corn crop in its history.

Continued support by area

RADIOING THE PLANES IN--E.M. Anderson of Medina (Tex.) director of the All Texas Air Tour came into Muleshoe first Tuesday morning, then radioed 41 other planes into the Muleshoe Airport for a coffee and rest stop. More than 100 persons were at the airport for approximately 45 minutes.

Mules...

Cont'd. from Page 1

have a sprinter who runs the 100 in just under 10 flat and we hear they have another strong runner. The Rams also platoon their team. They change off on offense and defense. We will be playing 11 boys against 22 boys."

Coach Hedgecock had much praise for the Mules who have shown obvious improvement over last year. He said Rand Baker was possibly the most improved player during the week as noted in the Muleshoe-Boys Ranch game last Friday.

The coach added that the fact the Mules proved they could come from behind at halftime in the Boys Ranch game, 19-8, and win the game, could possibly do more for a football team than anything else that could happen.

He added, "In order to win the Portales game, it will take the best ball game we have played all year."

Coach Hedgecock said he did not feel that additional pressure had been put on the Mules because of their present standing in the district, feeling that the lack of wins last year, the Mules have added incentive to produce during this season.

With Center Mark Dillman out of the game with a knee injury, the team will be shifted to compensate for the loss of Dillman. No other injuries are logged among the team members.

Continued support by area

football fans has been urged by the athletic director. One of his comments concerned the added boost given the team when they see the large crowds and hear the people cheering their efforts on the field.

Free coffee, hot chocolate and spudnuts will be served in the cafeteria immediately following the game. The Muleshoe Athletic Booster Club sponsors the after-game coffee. On the Monday following the game, films of the game are shown to any interested individuals who attend the weekly meeting of the Muleshoe Athletic Booster Club.

Preceding Friday's game, May DeShazo P-TA will be serving a hamburger supper in the cafeteria. Tickets will be available at the door and students from the school are selling tickets. Serving time begins at 5:30 p.m.

Corn...

Cont'd. from Page 1

measured acres of corn. The load weighed in at 22,020 pounds with 27.7 percent moisture. This converted to 196.61 bushels per acre and at the market price of \$4 on Saturday, October 3, would be \$352.58 per acre.

Miller estimated it cost approximately \$75 per acre up to harvest to produce the corn.

Corn is expected to be one of the top money crops in this area this year.

F.D.A. plans to ban 15 nasal sprays.

Water Importation Gains Momentum Bush...

Cont'd. from Page 1

Texas is running out of water, and it's up to Texans to fully investigate facts concerning the Texas Water Plan. That's the conclusion reached by a group of East Texas youth after an intensive six-month investigation of the state's water plight and the water plan.

The findings of the Smith county youth are covered in "A 2020 Vision," a detailed report just released. The study was financed by READERS' DIGEST, the D.K. Caldwell Foundation and the Texas Power and Light Company.

Starting as a committee of the Smith County 4-H Club, the 12-member committee was later designated "The Governor's Youth Committee on the Texas Water Plan." It's investigations carried the youth throughout the state for first-hand inspections and for consultations with leading officials and authorities.

Setting the stage for the report, the introduction quotes a LIFE magazine article that pointed out that "Texas simply does not have enough water in the right places to support its fast growing population, industry and agriculture." LIFE published the statement 17 years ago.

"Throughout our studies of Texas and the current Water Plan, it was emphasized that in order to meet these water demands, full development and conservation of all Texas water reservoirs is essential," the report said.

During the study, members of the youth committee spent two days touring the High Plains as guests of Water, Inc., and educational organization dedicated to finding solutions to state water problems. The report cites the High Plains as one of the most productive sections of the state, but notes that West Texas is facing a future water shortage which could be averted with implementation of the water plan calling for importation of water from the east.

Among benefits to East Texas from the plan, the report lists the building of reservoirs to store water which

otherwise would be lost, maintaining control over East Texas floods and the creation of new and more inviting recreation spots to attract tourists.

The report predicts that surplus water will be available from the Mississippi river and that Texas voters will have an opportunity to vote again in 1973 on a plan for financing the state's cost-share of the project. A similar proposal for financing implementation of the plan was defeated by a narrow margin at the polls last year.

The study was made by Larry Osborne, chairman, Donna Barron, Paula Cobb, Ronald Newland, David Payne, Penny Rodgers, Jennifer Wilson and Danny Wyatt, all of Tyler. Wilson Hall, also of Tyler, was adult advisor to the committee. The youth worked under the supervision of Smith County Associate Agricultural Agent Edward F. Fugger and Assistant Home Demonstration Agent Kathy Borchers.

Muleshoeites Invited To Dimmitt Dance

Mrs. Bo Bryant, a former resident of Muleshoe, has invited all Muleshoeites to a 'Harvest Hoedown' in Dimmitt this weekend.

Mrs. Bryant said the dance will be held from 9 p.m. to 1 a.m. on Saturday, October 10, in the Dimmitt Compress ballroom northeast of Dimmitt.

Tickets are \$7.50 per couple and music will be by Charlie Phillips and his Sugartimers. For further information call Jim Small or Jerry Hutton in Muleshoe.

Home Definition Willie (glancing over stock market page)--Pa, what is 'short covering'?

Father--Your mother's latest party dress, my son.

Foiled Him "I turned the way I signalled" indignantly said the lady, after the crash.

"I know it," sadly said the man, "that's what fooled me."

He said that he felt the plan was good, but had some problems in ecology in it. He added that it deserves the attention of the federal government. The important part was how best to get the Senate to bring action on the water problem, Bush said.

He spoke also for a revenue sharing plan for states, and said such a plan would provide more flexibility for states in planning. Other comments favored decentralization and fundamental type thinking.

Answering a question in regard to a Bush-Bentsen television debate, Bush said that his opponent had refused to debate him on television, saying that Bentsen had rejected three offers for debate...

"And part of what Congress is about is debate," Bush commented.

Bush said it would be a close race - "nip and tuck with Republicans picking up some Senate seats nationally."

He noted voter apathy of an off-year election, but said canvassing results were highly encouraging to him due to the tremendous work of volunteers in his behalf.

He said that he believed he was "better off running against Bentsen than (Senator) Yarborough, except in one category -- "the old party" money".

In commenting on the present pre-election scene he said he felt that he had "closed what was a substantial gap at primary time". He noted the recent change of pollsters' ratings.

Among those attending the Bush rally from the area were the Clarence E. Mason family, the Glen Lust family, the Larry Hall family, Jack Allison, and Clarence R. Mason. The latter was appointed by Bush Saturday night to be Bush campaign chairman in Parmer County. Mrs. Hall is Bush's Bailey County Chairman.

INSECTS & POLLUTION

College Park, Md. -- A Government entomologist has urged scientists to explore possibilities for creating lethal epidemics among insects by using baits spiked with germs. Dr. E.F. Knipping of the Department of Agriculture said the technique would help avoid or decrease pollution problems caused by most insecticides.

PROCLAMATION . . . Mayor Irving St. Clair is shown signing the proclamation declaring next week, October 12-16, as Mary De Shazo P-TA Membership Drive Week. Shown to the left of the mayor is Mrs. Kenneth Stice, president of Mary De Shazo P-TA and on his right is Bill Taylor, principal of Mary De Shazo Elementary School. President Nixon has proclaimed this week, October 5 - 9, as National P-TA Week.

President Nixon Proclaims P-TA Week

President Richard Nixon proclaimed this week (October 5-October 9) as National P-TA week.

He stated: "Seventy-three years ago, in a moment of significance for the future of this nation, the American Parent-Teacher movement was born.

Educational leaders of the day gathered in Washington, D.C., for the first meeting of an organization called the National Congress of Mothers, its founding purpose: to foster a strong and fruitful relationship between the mothers of America and the teachers of their children.

That organization, now the National Congress of Parents and Teachers, has provided effective leadership at the national level, focusing the thinking and action of its membership on problems of urgency and importance. Its thousands of local chapters enable parents and teachers to counsel together on specific concerns of their own school and community, and to act as informed and understanding citizens.

As a tribute to the important contributions of the parent-teacher movement to the American way of life, and the continuous efforts of the National P-TA to provide quality living and quality learning for all Americans, the Congress, by Senate Resolution 228, has requested the President to issue a proclamation designating National P-TA Week from October 5 to October 9, 1970.

In accordance with P-TA week, the Mary De Shazo P-TA will start their membership drive next week, Mayor Irving St. Clair has proclaimed next week as Mary De Shazo Membership Drive Week.

Children at Mary De Shazo will be bringing home notes to their parents for them to become members. The names of the parents joining will be put up in the rooms of their child.

Women's Society Of Christian Service Holds Noon Luncheon

The Women's Society of Christian Service met Tuesday, October 6, at 12 noon for luncheon at the United Methodist Church Fellowship Hall.

Mrs. J.B. Fowler gave the invocation. Mrs. Johnnie Prater, president presided over the meeting. Roll call was answered by 10 members of Esther Dorcas; four members of Joyce Hill; four members of the Guild; four members of Mary Martha; and four members of Progress. The minutes were read and approved and the treasurer's report was given. Mrs. Prater reported that 12 members went to Hale Center to the study conference and four went to the Earth Seminar. There will be a district spiritual life retreat at Ceta Canyon October 14 and 15. The theme will be "The Heavens Declare the Glory of God".

Registration fee is six dollars per person.

The Joyce Hill Circle will have the Rest Home party this month. Mrs. Frank Ellis moved that the WSCS committee be relieved from the Rest Home project in order to make it a community-wide project. The project is a result of study each year entitled "Man and its Community". The motion carried.

Mrs. Owen Powell suggested the Circle have a bulb shower and put the bulbs at the Rest Home. Mrs. Ellis suggested the Circle chairman call members before the next meeting and have them answer with a promise of bulbs or money.

Mrs. Powell gave the devotional entitled "A Better World Begins With Me". She said "we can't sit and twiddle our thumbs and make the world

better". She also read Jesus' words on the first and great Commandment from the Bible.

Mrs. Robert Hooten introduced Mrs. Fred Hubbard, Cotton Center, who has served in many capacities and is presently district president of WSCS. Her husband is deputy district director of the Lion's Club.

Mrs. Hubbard spoke about the world bank for WSCS missions around the world. For 45 cents we can pay for one second of mission work around the world and 27 dollars pays for one minute of world missions.

Mrs. Hubbard spoke glowingly about her attendance at the General Assembly of Women at Houston May 7, 1970, where they were met with a definite confrontation of world issues.

Mrs. Robert Hooten presented a gift to Mrs. Hubbard and the group was dismissed with prayer.

CHOIR QUEEN CANDIDATE--Deborah Wagon, a senior in Muleshoe High School, will represent the MHS choir in the Halloween Queen Contest on October 31. She is the daughter of Mr. and Mrs. J. Pat Wagon. Deborah will be escorted by Keith Turner.

Pleasant Valley Club Meets At Mrs. Stevens

The Pleasant Valley Social Club met Thursday, October 1, in the home of Mrs. Sena Stevens. Mrs. Kenneth Duncan, president, was in charge of the business meeting. Plans were made for the club birthday party for November with Mrs. Stevens and Mrs. Lenora Wells in charge of the arrangements. The nominating committee, headed by Mrs. Kirk Pitts, presented the entire slate of officers for the previous year for reelection. The motion was accepted and the people serving are: Mrs. Kenneth Duncan,

president; Mrs. S.K. Platt, vice president; Mrs. Lillie Wuerflien, treasurer; Mrs. Kirk Pitts, historian; and Mrs. Bonnie Haberer, reporter.

Secret ballots were taken for the club member of the year to be announced at the club banquet later.

Refreshments were served to members Haberer, Gallyon, Commons, Wells, Embry, B.H. Bickle, Calhoun, Pitts, Crenshaw; one new member-- Mrs. Benny Bickle, and to one guest, Mrs. John Bickle.

Members Attend OES Grand Chapter

The 88th Session, the "Harp of Happiness", of the Grand Chapter of Texas, Order of the Eastern Star, was held in Sam Houston Colliseum, Houston, Texas, September 28 through October 1, under the supervision of Mrs. Sally Matrangola, Houston, Worthy Grand Matron, and Richard T. Porter, Fort Worth, Worthy Grand Patron.

A cordial welcome was extended to the 648 chapters and 4,920 members by the Hon. Louie Welch, Mayor of Houston. Out-of-state delegates were extended greetings by Judge Clyde E. Smith, of the Supreme Court of Texas, representing Governor Preston Smith who could not attend.

Twenty-nine scholarships were given by the ESTARL Committee to young men and young women who would dedicate their lives to Christian service.

Fifty-four chapters, including Muleshoe No. 792, were 100% in their welfare contributions.

Seven members received their 50 year membership certificates. Loans were extended to three students, in order for them to continue their studies in Universities.

On Wednesday evening, a memorial service was held for the Grand Officers and members of Subordinate Chapters who have passed away since Grand Chapter last year.

Mrs. Frances Key Herrin, Austin, was installed as Worthy Grand Matron for the ensuing year and was presented a Rainbow Bible by the Rainbow Girls of Texas.

Harold Todd, San Antonio, was installed Worthy Grand Patron. The Muleshoe Chapter was honored with two Grand

Appointments: Mrs. Wyle Bullock, on the Fraternal Visitation Committee and Mrs. John Farley, on the Membership Restoration Committee.

Other members of Muleshoe Chapter attending were: Wyle Bullock, Worthy Patron; Mrs. Beth Boren, Associate Matron; and Mrs. Lavonne Hinkson, Past Matron.

The Muleshoe members traveled on an Eastern Star Friendship Bus, with 34 members of Area Chapters. The bus was driven by Merlin Maness, who formerly lived in Lazbuddie.

All reported a grand time and a rewarding and informative Grand Chapter Session.

The 1971 Grand Chapter will be held in Austin, October 18 through October 21.

LAZBUDDIE FIRST . . . Belinda Silva, daughter of Mr. and Mrs. Frank Silva of Lazbuddie, was the top reader in the Summer Library Club at Lazbuddie Schools. She read 113 books.

WINNERS AT MARY DE SHAZO. . . Deborah Stevens, left, won first place at Mary DeShazo in the Summer Reading Club and her sister, Brenda Stevens, won second place.

You Are Cordially Invited to attend my **ONE MAN SHOW** Jo Addine Mayhugh SUNDAY, OCTOBER 11 2 p.m. to 5:30 p.m. PRESENTED AT **The Art Loft** 1021 AMERICAN BLVD. Paintings will hang through Oct. 31

ROCK SILOS CANCELED

The Air Force acknowledged recently it had discarded a plan to put several hundred Minuteman intercontinental missiles into new silos blasted out of solid granite. Pentagon sources estimated the program, intended to give the Minutemen complete protection against anything but a direct hit by large Soviet missiles, would have cost from \$5 to 7 billion dollars.

Meet the Muleshoe State Bank Customer of the Month

Jack Bates

We are happy to present Jack Bates, Muleshoe State Bank's customer of the month. Bates is a farmer and lives on Star Rt., Sudan. He and his wife, Peggy, have an eleven year old son, Toby. They attend the Methodist Church. Bates said he had banked at the Muleshoe State Bank since 1940 and "They have been awfully nice to me. . . haven't refused a dime I ever wanted to borrow. They are O.K." Muleshoe State Bank is proud to recognize this bank customer of the month.

Lazbuddie Homemakers Meet

The Lazbuddie Young Homemakers met Thursday, October 1, with Mrs. Spencer Beavers presenting the program on flower arrangements, giving many basic things to remember when arranging bouquets. In the business session they discussed the need for used clothing for the first to fourth graders in Lazbuddie Elementary School. The Young Homemakers will launder and repair these clothes and they will be left at school and distributed as needed. Anyone interested in this may bring used clothing to the school.

A benefit come and go shower for the Baptist Children's Home in Portales is being sponsored by the Young Home-

makers to be held Wednesday, October 21, from 2:00 to 4:00 p.m. at the Muleshoe State Bank Community Room. Items that are especially needed are towels, cup towels, cereal bowls, twin size sheets and any kitchen utensils.

Refreshments were served by Mrs. Claude Gregory to Billie Mason, Judy Brockman, Brenda Jesko, Sherry Meneff, Joyce McGehee, Louise Engeling and their advisor, Miss Audrian Martin.

Howdy Two guys were sitting on a bench. One turned to the other and said, "I'm aching from neuralgia."

"Howdy?" replied the other, "I'm Slim Jackson from Oakland."

Lubbock Area Reading Conference To Be Held

Miss Trula Maud Jetton, area vice-president of Texas Association of International Reading, announces that the Lubbock Area Reading Conference (LARC) will be Friday and Saturday, October 16 and 17, at Estacado High School in Lubbock.

The theme for the conference will be "Rx's for Reading". Dr. Walter Barbe from Honesdale, Pennsylvania, editor of "Highlights", and Claude Zevy, Assistant Professor of Education at West Texas State University, Canyon, will be the speakers.

Following is the program for the conference: on Friday, October 16, registration will be from 2:00 - 2:30; the first general session will be from

2:30 - 3:30 and will feature "Personalized Reading Instruction" by Dr. Walter Barbe, Honesdale, Pennsylvania, Editor of "Highlights"; exhibits will be from 3:30 - 4:00; interest groups - prescriptions for reading in specific areas - will be from 4:00 - 4:45; exhibits will be from 4:45 - 5:30; the joint meeting of TEPSA and ASCD, "Examining New Methods of Teaching Reading", Dr. Walter Barbe, will be from 5:30 - 7:00; and the second general session, "Children's Literature: A Gift That Lasts A Lifetime", Claude Zevy, West Texas State University, Canyon, will be from 7:30 - 8:45.

On Saturday, October 17, exhibits will be from 8:00 - 9:00;

interest from 9:00 - 9:45; coffee break and exhibits from 9:45 - 10:15 and the third general session, "Putting Good Teaching Methods Into Practice", Dr. Walter Barbe, from 10:15 - 11:30.

Miss Jetton adds that the planning committee has tried to schedule interest groups, speakers, and exhibits to capture the interest of all educators interested in improving reading in the 70's.

Administrators, teachers, librarians, and ancillary personnel are encouraged to attend.

Textbooks Under Consideration

A list of textbooks recommended by the State Textbook Committee in its report on September 18 is now under consideration by the State Commissioner of Education and, if approved, the complete list will be presented to the State Board of Education for adoption at its meeting on November 9. The books adopted will be introduced into the schools of the State on September 1, 1971. A complete list of adopted books will be published after the State Board of Education meeting on November 9, 1970.

A complete set of these State adopted books will be available for inspection in each of the principal's offices and in the curriculum office.

MHS Officials ESA Members Receive Pins In Ceremony

Mr. Fred Mardis, Principal, and Mr. Jim Jinnings, Chairman of the Social Studies Department, were among those in attendance at a recent meeting of The Plains American Heritage Association at Wayland Baptist College, Plainview, Texas.

The Plains American Heritage Association is a special program funded by the Texas Bureau for Economic Understanding and is administered by Wayland Baptist College. Its two fold purpose is to aid the teacher in his presentation of the American Story and to help the students come to a better understanding and appreciation of their rich cultural heritage. The latest audio-visual materials and equipment available to enrich the teaching programs were seen at the workshops. At a dinner meeting, a very fine program on "The Ethnic Flavors of Texas" was presented by Dr. Seymour V. Connor of Texas Tech University.

Plans were also announced to again sponsor local speech or essay contests on some phase of American Heritage. This will be a strictly local program conducted in Muleshoe High School. More details will be announced on this program at a later date.

Mini, Midi, Maxi-What To Wear

SPECIAL - Around 55 B.C., Julius Caesar was heard to say, "Veni, Vidi, Vici!" (I came, I saw, I conquered!) But in the now Age of Aquarius, the more familiar cry is a question, "Mini, Midi, Maxi?"

With fashions in a transitional stage, young women are looking for help in deciding how to spend their clothing dollar. Over 350,000 of them are getting the help they need by participating in the national 4-H dress revue program.

Extension Service personnel emphasize that the program provides more than ideas of what to wear. It teaches fashion awareness, gives tips on good grooming, hair style, make-up, choosing the right accessories and how to acquire poise and self-confidence.

Simplicity Pattern Co., Inc. is national donor in the program and offers support and assistance in numerous ways. One of the company's recent aids to decision-making is a sample wardrobe called "Computer Fashions - Fall '70." Using the language of EDP, the wardrobe shows how materials and pro-

Epsilon Sigma Alpha held a model meeting October 6 at the home of Mrs. Mac Brown.

During a jewel pin ceremony, receiving pins were Mrs. Ronnie Johnson, Mrs. Leon Wilson and Mrs. Cooper Young. Mrs. Ronnie Johnson also received the First Pearl Award.

The program was given by members who read essays they had written on "What ESA Means To Me".

A report was given that ESA had given glasses to Sylvia Cavasco and Susan Rodriguez.

ESA will have a preferential coffee October 14 for the rushes at the home of Mrs. Eugene Howard.

Guests present were Mrs. Steve Young, Judy White and Mrs. Dick Chitwood. Members present were Mrs. Jack Rennels, Mrs. Eugene Howard, Mrs. Cooper Young, Mrs. Jim Young, Mrs. John Gentry, Mrs. Jerry Hutton, Mrs. Leon Wilson, Mrs. Kenneth Lowe, Mrs. Ronnie Johnson and Mrs. Mac Brown.

Muleshoe AAUWHears Burel Block Speak

The Muleshoe Branch of the American Association of University Women met Monday, October 5, at 7:30 p.m. in the Mary DeShazo Library.

Mrs. Oscar Rudd and Mrs. John Watson were hostesses. Mrs. C.E. Moore, implementation chairman, introduced Burel Block, foreign language teacher in Muleshoe High School. He gave a slide presentation of his trip to Chile, which was sponsored by the Rotarians.

Block showed how and why the communists have gained control of Chile. "Because of the two extremes of wealth distribution, the 'fifty' families who are extremely rich and the millions who are pennies, it is easy to succumb to communism," explained Block.

Mrs. Eric Smith, president, read correspondence from the Association concerning making wills and memorials to the

Educational Foundation of AAUW.

Mrs. Robert Hooten, program development chairman, distributed the new yearbooks and previewed the programs for 1970-71. The program topic is "American Foreign Policy". Other committee reports were given and discussed.

Mrs. Jim Shafer reported that the Branch now had 25 members.

Mrs. Mabel Wolfe, area representative for education, and Mrs. Lena Hawkins, area representative for world problems, made reports.

Mrs. Oscar Rudd gave a treasurer's report and reminded members of the deadline for paying dues.

The hostesses served pie and coffee to the following members: Mrs. Joe Costen, Mrs. Neal Dillman, Miss Gretchen English, Mrs. Wayne Gilliland,

JEWEL PIN MEMBERS . . . Receiving the Jewel Pin Awards at the ESA meeting Tuesday night were 1, to r, Mrs. Cooper Young, Mrs. Ronnie Johnson, Mrs. Leon Wilson and not pictured, Mrs. Doug Sanderson.

FIRST PEARL AWARD . . . Mrs. Eugene Howard, left, is shown presenting the First Pearl Award to Mrs. Ronnie Johnson at the ESA meeting Tuesday night, October 6.

Mrs. Lena Hawkins, Mrs. Robert Hooten, Mrs. E.W. Johnson, Mrs. C.E. Moore, Mrs. Kenneth Powell, Mrs. Jack Rennels, Mrs. Robert Sanders, Mrs. Jim Shafer, Mrs. J. D. Small, Mrs. Eric Smith, Mrs. Addie Mae Spence, Mrs. Mabel Wolfe, and Miss Virginia Bowers.

RICHLAND HILLS WINNERS . . . Brad Poyner, left, won first place in Richland Hills Elementary School in the Summer 1970 Reading Club. He read 221 books, the highest number ever turned in at the library for a summer period. His brother, Dave Poyner, was second place winner.

Epsilon Delta Hears Program On Orient

The Epsilon Delta Chapter of the Delta Kappa Gamma Society met Saturday, October 3, in the Homemaking Cottage in Olton. The Olton members were hostesses for a tea at 2:00 p.m. and served from a table with autumn arrangements.

Mrs. Joe Costen, president, presided. The program topic for the afternoon was "The Twain Shall Meet", and Mrs. Pat Donnelly introduced Mrs. Ann Pullig, who gave a slide presentation of her trip to Japan, Hong Kong, the Philippines, Tiwan and Hawaii. Mrs. Pullig wore the Japanese kimono and accessories and displayed several articles from these countries. The Orient and the Occident did meet.

The chapter focus for 1970 is "Values and Value Positions of Cultures that Differ From Ours." This vicarious trip by the members provided interesting facts concerning the Oriental culture and renewed the first purpose of the Society - "to unite women educators of the world in a genuine spiritual fellowship".

Mrs. Pullig, a fourth grade teacher in Littlefield, attend the Baptist World Alliance in Japan during the summer of 1970.

Announcement was made concerning the Delta Kappa Gamma Regional which will be at Tulia High School, October 17. Mrs. Clifton Finley will direct the chapter's part of the program relative to student conduct and department, pass-fail courses

and coeducational dorms. Neil Finley and David Davis, students at West Texas State University, will participate in this program.

Muleshoe members attending were Mrs. Joe Costen, Mrs. E.W. Johnson, Mrs. John Miller, Mrs. Jack Obenhaus and Mrs. John Watson.

HALLOWEEN CANDIDATES--Representing the Muleshoe Junior High School Choir in the Halloween Queen Contest is Deborah Esquivel. She is the daughter of Mr. and Mrs. Elmer Esquivel and is a seventh grader. Deborah will be escorted by Tino Rojas.

2 p.m. to 5:30 p.m.

You are urged to attend this One Man Show. Paintings will hang through Saturday, Oct. 31.

"Hi, Mom. I was near a phone so I thought I'd call to say hello."

You really don't need a reason to call home. Not when it costs so little. It's especially inexpensive if you can wait for the after-hours rates! After 5 P.M. weekdays and all day Saturday and Sunday.

Your family will appreciate the money you're saving even when you call collect.

General Telephone

Harmon Highlights

Nebraska-Missouri Tilt Tops Week

Two of the top show-downs of the 1970 football season are highlights of Saturday's schedule. One game is in the Midwest, the other in the Far West.

Chief Loser-of-the-Close-Ones, 17th-ranked Stanford, squares off against fourth-rated Southern Cal. The Trojans, out after an unprecedented fifth straight Rose Bowl appearance, will probably give the Indians of Stanford-land a fit again this year.

However, it looks as though both bubbles will burst. The Cyclones run into Buffaloes, and the Wave will find Falcons in their hair.

Seventh-ranked Auburn will stay on ye olde victorie trail, beating Clemson by 32. Michigan, number 14, will battle Purdue in a feature attraction in the Big Ten.

Georgia Tech. It looks like De-feat Number One for the Yellow Jackets, but it'll be a toughie... the Volunteers by just 11 points.

Georgia may be un-ranked, but Mississippi, rated fifth, could run into a real Bulldog-Pen.

Finally, offense-minded Arizona State, number 9, will whip Washington State by 37 points.

HOLD ON, PODNER--Bobby Hayes, carrying the ball, is just about to drop with a Boys Ranch Roughrider hanging onto his left leg.

LEAD & GAS TAX

The lead industry has opposed President Nixon's proposed tax on lead in gasoline. John L. Kimberly, executive vice president of Lead Industries said so-called aromatic chemicals added to gasoline to boost octane ratings could cause a 25 per cent increase in pollution over emissions from gasoline with lead.

WEAKNESS & U.N.

A White House Commission headed by Henry Cabot Lodge has reported its finding of "deep-seated weaknesses" in the United Nations. The Commission has suggested a reform after finding a "disparity between voting power and financial responsibility."

New Rubella Vaccine Controls Outbreak

Rubella, or German measles, is destined to soon join the ranks of such illnesses as smallpox and polio. For too long rubella, usually a mild childhood disease, has attacked, crippled and killed babies born of mothers infected with the disease in the first few months of pregnancy.

of Health has already immunized over 400,000 children in the State, and has an intensive statewide immunization campaign underway that will eventually reach the two million youngsters susceptible to the disease.

The real victim of rubella is the unborn baby. To protect them, the expectant mothers who have never had the disease need to be protected. The task, then, is to protect women in the childbearing age without actually giving them the vaccine.

So where do we stand in Texas? On July 1, 1969, the State of Texas was awarded a two-year federal grant to carry on a state-wide immunization program. This program is administered by the State Health Department in Austin with regional representatives in seven areas of the state.

A Parent's Prayer

O Heavenly Father, make me a better parent, Teach me to understand my children, to listen patiently to what they have to say, and to answer all their questions kindly.

GUEST EDITORIAL:

Unfortunate Delay

A classic example of legislative good intentions but lack of thoroughness was given when Texas lawmakers approved a bill and issued its mandate to the Texas Education Agency to begin drug education classes in all schools this fall.

Unfortunately, the legislators failed to provide funds for implementing their order, funds that now are estimated at a minimum of \$11 million a year.

Consequently, the classes will not begin until the fall of 1971 and there's doubt in some quarters that the program can be fully launched even then. That's primarily because the Education Agency isn't sure the Legislature will provide the funds.

Everyone realizes the danger that could come from placing uninformed teachers before students in connection with a subject with which, in many cases, the students were more familiar than the teachers. Lack of confidence and respect for the teacher, the course and the purpose of the program probably would be the least of results.

There had to be time for training teachers and preparation of course for grades five through twelve, as well as formulating a means of getting this information from Austin down to the various school districts and into the classrooms of each.

Even so, it is inconceivable that a program of the importance and urgency of one devoted to drug abuse, now a national epidemic, would be inaugurated and dated without any provision whatsoever for the necessary financing.

Politics, apparently, once again raised its ugly head.
--Plainview Daily Herald

GUEST EDITORIAL:

We Must Produce More

UNITED NATIONS population experts expect the number of people in the world to grow faster during the next decade than ever before. They foresee an increase from 3.63 billion in 1970 to 4.6 billion by 1980.

Current population increase is 2 per cent annually. It is expected to rise to 2.1 per cent in the years 1975-80, then level off to 2 per cent yearly for 1980-85.

During the 19th century, world population grew only 1/2 of 1 per cent yearly. The rate was .8 per cent during the first 50 years of the 20th century.

During the past year, some 120 million babies opened their hungry mouths. That was 70 million more humans than died during 1969.

The increase was roughly equivalent to adding the combined population of Mexico and Canada. To put it another way, the world added almost as many individuals in 1969 as now live in the five most populous states, California, New York, Pennsylvania, Texas and Illinois.

This is a frightening situation. It is made worse by the current policies of restricting food production in the United States and other leading agricultural nations.

Because of current surpluses of food grains, especially, producers are being encouraged to cut output. This increases prices, which most farmers need, but it does not take into account future needs.

Farm production cannot be turned off and on like a water faucet. Economic pressures are running many people off the farms into already crowded cities. They won't go back to help feed the world in 1975, or ever.

The coming crisis in population calls for several steps soon. One approach is to control birthrates. Another is a longtime plan to encourage food production and stockpile supplies for the

A LEADER, MY KINGDOM FOR A LEADER!

All letters to the Editor of reasonable length are welcome and will be published. Letters to the Editor must be signed, however, names will be withheld upon request.

almost inevitable huge increase that is coming within a few years.

It may be hard for the average American, affluent and well fed, to worry about the food situation in Africa or Asia. But our own U.S. population is likely to increase by 100 million during the next 30 years. Unless drastic measures are taken, there is no certainty that you, your children or grandchildren will have enough to eat in the 1970s, 1980s or 1990s.

--Dallas Morning News

ON WELFARE BILL

Democratic Leader Mike Mansfield has assured President Nixon the Senate would consider the administration's welfare reform plan before the end of this session. Mansfield said Congress owed the President the courtesy and consideration of discussing the bill since it had priority in his domestic program.

MOON MISSIONS OFF

Dr. Thomas O. Paine, outgoing chief of NASA reported that elimination of two Apollo moon missions will call for a series of readjustments. Four of the lunar flights remain on schedule. The cancellations are a result of budgetary necessities.

ON EDIBLE-NUT CROP

Washington--The Agriculture Department has reported the nation's production of nuts for food in 1969 was nearly \$190.4 million. The 1968 crop was reported at \$184.7-million. The production estimates included almonds, filberts, Macademia nuts, walnuts and pecans.

A LOT OF HAM

Louisville, Ky.--V.V. Cooke, an auto dealer, paid \$1,550 for the grand champion 15 1/2-pound ham exhibited by Curtis Harper of Clinton at the state fair. Mr. Cooke, who outbid several grocery chains, said the money would be donated to the 4-H Club Council.

Bentsen Boosts Demo Traditions

Lloyd Bentsen, Democratic nominee for the U.S. Senate, today urged Texans to help preserve the historic ideals and traditions of the Democratic party as the party which does the most good for the most people.

"I'm tired of getting Republican appraisals of the Democratic party," Bentsen declared. "Despite what they say, it is alive and well--and living in the hearts of a great many Texans who are not ever going to surrender it to a small, loudmouthed bunch of radicals."

"The Republicans find a Democrat with whom they disagree--and that's easy to do, because the Democratic party is big enough to encompass so many different beliefs--and they stary yelling that he 'Controls' the Democratic party," said Bentsen. "Well, I've got news for them; the Democratic party is controlled by the people, and a majority of the people at that. They are people who want little more than the opportunity to earn a decent living and raise their families in peace."

"They live with the threat of crime and they're fed up with it. They endure the inflationary squeeze and they're ready for a break. They are socked hard by taxes and they want to see their money's worth. They want real welfare reform, not the Nixon guaranteed annual income proposal my opponent supports."

"They want their voice to be heard and they know it can only be heard in the Democratic party--not in the country club party of the Republicans, where actual participation is limited to a handful of old-line members who want nothing from newcomers but their votes," said Bentsen.

"The Republicans are trying to mislead the voters by claiming there is little difference between me and my opponent. There are a lot of differences and they know it. One of the big differences is that I say what I think--and I will vote like I talk."

"My opponent, on the other hand, says whatever he thinks people want to hear."

"He says he has always opposed gun control--when the record shows clearly that he voted for the gun control act of 1968, according to the July 24, 1968,

Congressional Record," Bentsen said.

"He says he opposed guaranteed annual income--when the record shows clearly that he voted for it, according to the April 16, 1970 issue of the Congressional Record."

"Now I hear that Vice President Spiro Agnew is coming to Texas as a spokesman for my opponent. Normally, I would not relish the thought of having a man with Mr. Agnew's oratorical reputation speaking against me."

"But up until now, discussing the issues in this race has been a rather lonely, one-sided business. My opponent seems more concerned with his image than with the issues."

"Perhaps Mr. Agnew will be authorized to tell us whether Mr. Bush really favors gun

control, as his vote indicates, or opposes it as he now claims. "Perhaps Mr. Agnew will also tell us how Mr. Bush stands on the Republicans brilliant handling of the economy, which has enabled them to put more than 1,500,000 people out of work while prices and interest rates have reached new highs."

"It's the Democratic party that gave us 95 consecutive months of sustained prosperity," Bentsen said. "The Republicans may make nice-sounding promises, but it's the Democrats who provide job opportunities."

EXPO '70 CLOSED
Osaka, Japan--Expo '70, the first world's fair held in Asia, has closed after 183 days. Attendance at the fair totaled 64.2 million. The exposition's operating income is estimated at \$28-million.

GUEST EDITORIAL:

ATTENTION: LEGISLATORS

Non-Teaching Teachers' Plentiful

WE HOPE members of the Legislature have their wits about them early next year when the University of Texas presents a request of an appropriation boost of \$47.8 million.

For the next biennium, that would give the school a total of \$133.2 million from general revenue to add to its prodigious endowment funds.

Increasing enrollment and the facilities and instruction to handle it are cited in support of the request. Also, Dr. Bryce Jordan, acting president, notes that the "first-rate personnel" needed by "the primary institution of higher education in the State of Texas" demand high salaries.

So far, fairly good. However, he gave the State Government's budget writers, at a session the other day, a bit of information which should receive deep study. Yes, he said, probably 70 per cent of the school's full-time faculty teaches less than one class a day.

These are not teaching assistants or part-time instructors or graduate students filling in. These are full-fledged, fully-paid faculty members. What do they do with all that time? They do research and try to get "published," in a scramble to keep up with other universities scrambling to stay ahead with research on many of the same subjects many of which are of no interest except to a few academicians.

A lot of research projects and grants to finance them are, of course, worthwhile, but it's no secret that the teaching of students is sadly neglected in many universities.

Doctor Jordan noted, interestingly, that he objects to requirements imposed in Michigan's State schools that professors teach a certain number of courses. "I hope," he said, "that we don't have to move toward that type of punitive legislation in Texas."

There's nothing "punitive," actually, in a demand that professors do a reasonable amount of teaching. And it's no secret, either, that lack of contact between faculty and students has been responsible for much of the "unrest" which has been plaguing too many colleges and universities.

The Legislators should do some heavy thinking about the question of whether a university cannot be as renowned for the excellency of its teaching as for its paper writing professors.

Congratulations

to **GARY MILLER**
For Producing An Outstanding Yield
Of White Corn

Miller's corn crop had a yield of 196.61 bushel per acre on measured acreage.

Herb Griffiths congratulates Gary Miller on delivery of an outstanding yield of white corn. Kenneth Hanks, R., harvested the crop. Looking on is Don Bryant.

Gary Miller riding the six row combine of Kenneth Hanks Custom Combining, which harvested his crop.

This white corn crop was sprayed 3 times by Farmer's Aerial Spraying Service... two times with insecticide and once with zinc & gey iron chelates.

ESTIMATED COST PER ACRE UP TO HARVEST WAS \$75.

Again We Say 'Congratulations' Gary Miller

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—State Health Department's new and unique Drug Abuse Program promises statewide health services that are not now available in dealing with the dope menace.

Program was outlined by a Health Department official at a recent hearing of the House Committee to Study Psychiatric Problems of Youth.

It will be carried out in three steps, offering laboratory services, clinics and an over-view of health factors in the drug area.

Initial action calls for setting up facilities next year in Nueces, Bexar, El Paso, Bowie, Webb and Lubbock Counties (serving 1.7 million people). Beginning in 1972, the program will be established statewide. Cost may be three to five million dollars for the second year period, \$1.2 million for the initial pilot program.

Laboratory services will provide surveillance of drug-abuse patients and detect those needing treatment. Department proposes urine tests of patients to determine if illicit drugs still are being used.

Second stage calls for statewide clinics, especially for the median age 19 group, and informational workshops mostly conducted in schools.

Continual study will use computers to correlate facts from the viewpoint of health personnel who deal with the problem daily.

Department believes the program will fill these three basic needs not presently available, and without which little chance exists for success in drug abuse control.

COURTS SPEAK

State Supreme Court, following the Fourth Court of Civil Appeals, rejected the plea of La Raza Unida party for mandamus directing that its 15 local candidates be placed on the November 3 ballot in Dimmitt, LaSalle and Zavala Counties. Party already has won a place on the ballot in Hidalgo County and will go to federal court to continue its appeal in the other three.

Austin district judge refused to lift restrictions against the Alcoholic Beverage Commission's enforcing the stringent guest rule covering private bottle clubs pending clubs' appeal to the U.S. Supreme Court.

Landowners who oppose building a new University of Texas branch at Odessa filed notice of appeal after District Judge Herman Jones of Austin threw out their suit on September 17.

Atty. Gen. Crawford C. Martin sued General Motors, Ford and Chrysler, claiming they conspired to fix prices and eliminate competition in bids on vehicle purchases for governmental units in Texas.

Martin turned an additional 13,744 to the state in anti-trust recovery from the Brass Mill Tube and Pipe case. Recovery now totals \$11,345.

POLLUTION BOOK RELEASED

Attorney General Martin released copies of an 188-page booklet on the principal pollution laws of Texas, for the guidance of local governments. Booklet contains regulations governing water, air, oil and solid waste pollution, together with "how to do it" suggestions for preparing a pollution suit and exchanging information with state agencies.

Martin said he hopes the publication will provide closer cooperation between local units of government, the attorney general's office, the Texas Water Quality Board and the Texas Air Control Board.

DRAFT PRIORITY SET

Men whose draft lottery numbers were called by local draft boards in 1970, but who were not ordered for induction, will be the top priority group for calls in the first quarter of 1971.

State Selective Service issued the announcement, as did the White House and national draft headquarters.

First quarter draft calls will go to the carry-overs. If calls do not require all of them, they will be placed in a lower priority. Those whose numbers have not been reached all during the year will be placed in the lower priority group on January 1.

National Selective Service chief said that exposure is limited in keeping with the "12 month draft vulnerability policy."

NEW JOBS AND AWARDS

Gov. Preston Smith appointed

William R. Shaver of Lubbock as district judge of the 140th Judicial District, succeeding Judge Robert H. Bean who resigned.

Burt L. Risley, Texas executive director of the Commission for the Blind, was sworn in as president of the National Council of State Agencies for the Blind.

Harry Bresler, chief of claims for the state comptroller, was named the handicapped state employee of the year.

Secretary of State Martin Dies Jr. will represent Governor Smith at the first international trade seminar in Mexico City, November 2-10.

PWC ROW RAGES

Chairman Pearce Johnson of the Parks and Wildlife Commission blasted the PWC staff for taking major steps without Commission approval.

Johnson said the department's \$39 million budget recommendations went to the Legislature without Commission approval last year, and the same thing happened again this year.

Chairman also said that plans for the proposed \$3 million water exchange pass at Mustang Island near Corpus Christi were changed without consulting the Commission.

"As long as the staff usurps the powers of the Commission," said Johnson at an open meeting in the capitol, "I won't be responsible (as chairman)."

SMITH HITS REPAIR COSTS

Governor Smith called for legislative study of "excessive" auto repair charges. He said he supports the Democratic platform plank on insurance which include regulation of holding companies, requiring mandatory pooling for fire and windstorm protection in areas subject to catastrophe, and consideration of investment income in fixing the auto insurance rate base.

"The public cannot be long protected by regulated insurance rates, if there is no regulation direct or indirect of automobile rates," added the governor.

He also announced his support of group auto insurance coverage.

DINOSAURS "HOME"

A symbolic dinosaur family "returned home" amid ceremonies at Dinosaur Valley State Scenic Park in Somervell County.

Governor Smith joined representatives of the Atlantic Richfield Company, the National Park Service and the Texas Parks and Wildlife Department to formally accept for the park life-size replicas of 70-foot brontosaurus, 50-foot tyrannosaurus rex and two baby brontos with simulated eggs.

SHORT SNORTS

House Committee on Charitable Trusts heard criticism aimed at the \$400 million Moody Foundation.

Corpus Christi State School now has resumed partial operation following Hurricane Celia damages.

More than 1,000 are expected here on October 13 for the Governor's Conference on Industrial Expansion.

Lazbuddie News

Mrs. Richard Engeling

Seniors are selling tickets for the Homecoming Barbecue which will be served before and after the football game Friday night with Texico. Prices are \$1.75 for adults and \$1.00 for children.

Candidates selected to vie for honors as Homecoming Queen and Hero are as follows: Delayne Steinbock, Barbara Woodward, Debbie Engelking and LeAnn Harlow. Their escorts and Hero candidates are George Wilson, Charlie Lee, Mike Casey and Randy Bush.

An interesting article and pretty picture appeared in the Avalanche-Journal, Sunday's edition, concerning the desires of Vicki Robinson, daughter of the James Robinsons, to become a veterinarian.

Heartfelt sympathy is extended to the family of Jimmy Ivy who passed away suddenly Wednesday evening. Jimmy was a loyal, Lazbuddie citizen for the past 50 years and will be greatly missed by all.

Services were held Friday in First Baptist Church with the pastor Rev. Johnny Timms officiating.

Mr. and Mrs. Dee Brown are grandparents for the fifth time with the arrival of Deborah Crystene, third daughter of Mr. and Mrs. James Brown of Muleshoe.

shoe, Deborah was born September 26 at West Plains Hospital and weighed seven pounds. Maternal grandmother is Mrs. Bay Wilson of Muleshoe.

Enochs News

By Mrs. J.D. Bayless

Mr. and Mrs. C.C. Snitker visited in the home of her sister, Mrs. Carrol Peck, last Sunday at Levelland.

Mr. and Mrs. Sammie Nichols and baby daughter, Tanya, of Plainview, visited their parents, Mr. and Mrs. Donald Grusendorf, and Mrs. L.E. Nichols Saturday.

Mrs. Clara Childers of Dumas, is visiting her daughter, Mr. and Mrs. H.B. King and attended church with them at the Enoch Baptist Church Sunday.

Mrs. George Fine visited her son, Mr. and Mrs. James Fine and a daughter, Mr. and Mrs. Erwin Campbell at Levelland, Sunday and Monday.

Mrs. Harold Layton, Mrs. C.R. Seagler, Mrs. Junior Austin, Mrs. L.E. Nichols, Mrs. H.B. King and Mrs. J.W. Layton attended the annual W.M.U. Llanos Association meeting at the First Baptist Church in Muleshoe, Thursday, the title of the program was, "Redeeming the Time". Mrs. Junior Austin provided the special music.

Mr. and Mrs. Arthur Vanlandingham of Albuquerque, N.M. stopped in for a visit with his parents, Mr. and Mrs. J.B. Vanlandingham, they were in route home from Houston.

Guests in the home of Mr.

and Mrs. Guy Sanders Thursday was her brother, Oscar Hardin of Albuquerque, N.M. He also visited his mother, Mrs. Hardin.

Mr. and Mrs. C.H. Byars was in Odessa, Monday afternoon and Tuesday to visit his brother, Mr. and Mrs. Jim Byars.

Mr. and Mrs. Elmer Shults of Independence, Missouri visited Monday in the home of his sister, Mr. and Mrs. C. C. Snitker.

Miss Pamela Layton won second place in the district sew it with cotton contest in sports. There were ten different counties represented.

Mr. and Mrs. Bruce Angel and children of Lubbock visited his mother, Mrs. Olive Angel Sunday afternoon.

Mrs. Tony McKinney left for Dallas by bus last Saturday to attend the funeral of her grandmother, Mrs. Allie Davis. Funeral services were at the Lourla Oaks Cemetery at Mesquite.

Mr. and Mrs. J.O. Dane spent last week visiting their uncle and aunt, Mr. and Mrs. John Kerr at Nocona, Texas. Also his brothers, Jake, Troy, and Temple Dane at Pilot Point, Texas. They returned home Wednesday, Sept. 30.

Visiting in the home of Mr. and Mrs. Guy Sanders Sunday night and Monday were his sis-

ter, Mr. and Mrs. J.H. McWilliams, and family from Amarillo.

Joe Harbin Discusses Water Import Plan

By Leroy Maxwell, Jaycee Reporter
Water conservation was the principal item under discussion at the regular monthly meeting of the Muleshoe Jaycees Monday at noon. Jerry Hutton introduced special guest, Joe Harbin, who showed a film on water conservation in Texas. The film was entitled "Time For Action."

Following the film, a question and answer period was held. One of the questions asked was: "If water is brought from the Mississippi River, how long would it be before it would be brought to the High Plains?" Harbin answered, "If this was passed this year, the High Plains would not receive any water from this project until 1985."

He responded to the questions and answers as asked by the Jaycees and discussed depleted underground water supplies in this area.

The meeting was conducted by President Derrell Oliver at Leal's Restaurant.

Joe Harbin was the only guest and members present included: Derrell Oliver, Ken Petree, Leroy Maxwell, James Brown, Duane Seay, Jeff Smith, Jerry Hutton, Marlin Mills, Marshall Lee, Max King, Mac Brown, Leon Wilson, Charles Smith, Dick Johnson, Bob Stovall, Bill Dale, Glen Watkins, Bill Russell, Jim Tucker, Clarence Christian, Curtis Walker, Donald Shanks and Ken Henry.

TAXES AND PENSIONS

The Treasury Department has announced that elderly persons and others who receive taxable pensions or annuities will be able to arrange to have their Federal income taxes withheld beginning next year. The pension recipient will indicate, on the form, the amount he wishes withheld for taxes.

CHECKING PROGRESS--Leading cotton producers in the High Plains heard detailed reports in Lubbock on the progress of the dollar-a-bale research and promotion program operated by the Cotton Producers Institute. Admiring all-cotton pajamas that are perma-press and flame retardant are from left, W.T. 'Bill' Millen, Billy Darnell and J.K. Adams, all of Muleshoe. --Nation Cotton Council Photo

Canyon ROTC News W.T. Lemons

Jim Wolfe

CANYON, TEXAS ... Jim Wolfe, a junior student at West Texas State University from Muleshoe, Texas is enrolled in the Reserve Officers Training Corps for the fall semester. Wolfe, a cadet Staff Sergeant, is among about 250 cadets in the Corps this year.

A Business Management major, Wolfe is a 1968 graduate of Muleshoe High School. He is the son of Mrs. Mabel Wolfe, 222 W. Ave. F., Muleshoe, Texas.

Wolfe was a member of the Future Farmers of America, Spirit Club, Future Teachers Association, and the Muletrain Staff at Muleshoe High.

He also received recognition as Honor Student of the Month and Outstanding Physical Education Student.

He is a member of the 'Nighthawk' Counter-Guerilla unit at West Texas State University. Wolfe has received the

coveted ROTC awards of Outstanding Basic Cadet, member of the best-drilled platoon, and the Nighthawk proficiency badge.

Upon successful completion of ROTC at West Texas State University, Wolfe will be commissioned as a second lieutenant in the United States Army.

Jose Puente

CANYON, TEXAS... Jose G. Puente, a Senior student at West Texas State University from Muleshoe, Texas is enrolled in the Reserve Officers Training Corps for the fall semester.

Puente, a cadet second lieutenant, is among about 250 cadets in the Corps this year.

An International Relations and Government major, Puente is a 1967 graduate of Muleshoe High School. He is the husband of Frances E. Puente, 113 Oak Street, Levelland.

Puente was a member of the Distributive Education and Spanish Club at Muleshoe High School.

He is a member of the Alpha Phi Omega, and the Scabbard and Blade Society at West Texas State University.

Puente has received the coveted ROTC awards of counter-insurgency unit, sharpshooter - m-14, and Scabbard and Blade award.

Upon successful completion of ROTC at West Texas State University, Puente will be commissioned as a second lieutenant in the United States Army.

Royce Harris

CANYON, TEXAS ... Royce Harris, a sophomore student at West Texas State University from Muleshoe, Texas is enrolled in the Reserve Officers Training Corps for the fall semester.

Harris, a cadet corporal, is among about 250 cadets in the Corps this year.

A Psychology major, Harris is a 1969 graduate of Muleshoe High School. He is the son of Mr. and Mrs. Earl O. Harris, 609 W. Ave. F., Muleshoe, Texas.

Harris was a member of the Future Teachers Association, the Band, Choir, and the football and track teams at Muleshoe High School.

Upon successful completion of ROTC at West Texas State University, Harris will be commissioned as a second lieutenant in the United States Army.

Walter Thomas Lemons

CANYON, TEXAS ... Walter Thomas Lemons, a sophomore student at West Texas State University from Muleshoe is enrolled in the Reserve Officers Training Corps for the fall semester.

Lemons, a staff sergeant, is among about 250 cadets in the Corps this year.

A mathematics major, Lemons is a 1969 graduate of Muleshoe High School. He is the son of Mr. and Mrs. Murray Lemons, Box 501, Muleshoe, Texas.

Lemons was a member of the band and art club at Muleshoe High School.

He is a member of the ROTC band and the "Nighthawk" counter-insurgency unit at West Texas State University.

Last year, Lemons received the coveted award of ROTC Distinguished Basic Cadet.

W.J. Kelley

CANYON, TEXAS ... William Jackson Kelley, a Senior student at West Texas State University from Muleshoe, Texas is enrolled in the Reserve Officers Training Corps for the fall semester.

Kelley, a cadet second lieutenant, is among about 250 cadets in the Corps this year.

A Biology major, Kelley is a 1967 graduate of Muleshoe High School. He is the son of Mr. and Mrs. Roy Kelley, Box 209, Clovis, New Mexico.

Kelley was a member of the Band, Student Senate, Spirit Club, Spanish Club, Chemistry Club and Biology Club at Muleshoe High School.

He is a member of the student Senate, Chemistry Society, and the Food Committee at West Texas State University.

Upon successful completion of ROTC at West Texas State University, Kelley will be commissioned as a second lieutenant in the United States Army.

News of Our SERVICEMEN

R. Orozco

HAWAII--Marine Lance Corporal Rafael Orozco, son of Mr. and Mrs. Felipe Orozco of 418 W. Fifth St., Muleshoe, has reported for duty at Kaneohe Marine Corps Air Station, Oahu, Hawaii.

McGovern favors changes in welfare bill.

Reflecting on the fourteenth annual meeting of Plains Cotton Growers, Inc., attended by over 400 people on September 29 in Lubbock, Executive Vice President Donald Johnson said "Comment indicates this was one of the most interesting, most thought provoking meetings we have had in years. And the 200 ladies who attended the luncheon which followed the meeting have been quite voluble in their praise of the program presented there, too."

Speakers for the annual meeting were J. Dukes Wooters, new Executive Vice President and General Manager of Cotton Producers Institute, and Charles G. Scruggs, Editor of Progressive Farmer magazine.

The program for the ladies luncheon was presented by Mrs. Meda Johnston, internationally known textiles author and lecturer; Miss Lawanna Walker, Home Economist with the National Cotton Council, and Mrs. Margaret Harden, Instructor and Research Associate with the Foods and Nutrition Department at Texas Tech University.

The 50-member PCG Board of Directors, made up of two directors elected from each of the organization's 25 counties, was certified by the membership and met immediately after the annual meeting to elect officers. Re-elected for one year terms were Donnell Echols of Lamesa, president; Ray Joe Riley of Hart, vice president, and Paul Bennett of Littlefield, secretary-treasurer.

Echols, accepting the organization's top office for the second year, said the need for a strong cotton producer organization on the Plains was an ever-increasing need. He went on to say "A strong organization requires strong support, and building support among the membership is a prime responsibility of PCG directors."

Wooters, calling attention to the Textile Research Center at Texas Tech University, the Tech farms, Plains Cotton Cooperative Association, Plains Cotton Congress, the Canyon Gin, USDA's Ginning Research Laboratory and the Texas A & M Research and Extension Center.

VETERANS Q's and A's

Q--I plan to enter college under the G.I. Bill, and carry 16 semester hours. How much will VA pay me, since I have no dependents?

A--The latest amendment to the current G.I. Bill provides that if you have no dependents and carry the load you anticipate, your monthly payments will be \$175 a month.

Q--Upon discharge from the Armed Forces, I received a lump sum disability severance payment. Will I have to pay this back to the government if I am awarded VA compensation for the same disability?

A--Yes, The law requires that VA monthly compensation payments be withheld until the amount received is equal to the amount of military severance pay you received because of the disability.

Q--May I pay more for a home than the VA appraisal with a G.I. loan?

A--Yes, provided you pay in cash the difference between the reasonable value determined by the VA and the price of the house.

Q--I entered military service last year before completing high school. When I get out of service, will the VA pay me an educational allowance while I am completing high school? If so, how much?

A--Yes, VA will pay you an educational allowance to finish high school, if you have more than 180 days active service. If you are a single veteran, you will receive a part-time allowance of \$81 a month for adult evening high school, with additional allowances if you have dependents. The law provides this assistance without deducting anything from any additional training you may want to take later on.

CPI successes in product development research in the past and outlining new plans for competitive merchandising, said "Cotton's opportunities in the market place have never been better, and it is our job to capitalize on those opportunities."

Scruggs suggested that cotton producers need to "deal themselves in" for a bigger piece of the industry through vertical integration. He said "Our opportunity lies primarily in greater control over the end product of our fiber and we should have a more active part in moving raw fiber from the raw stage to the consumer."

The ladies luncheon was attended mostly by members of 12 women cotton promotion groups organized in the High Plains area. The program covered methods of applying design to cotton fabrics, utilization of cottonseed flour in foods for human consumption, and a fashion address titled "Fall In With Cotton."

Typical of the comments on the luncheon is a letter from Mrs. J.C. Pointer of Ropesville, Mrs. Pointer wrote PCG "The food was wonderful and the program was just the thing to give us ladies enthusiasm and spirit. The speakers made me want to do more for the cotton industry."

Officials of Plains Cotton Growers, Inc. and the Lubbock Cotton Exchange joined forces September 28 and 29 in an attempt to sell the advantages of using High Plains cotton to 12 textile mill representatives from nine European countries.

Mill representatives from Austria, Belgium, France, Germany, Italy, Norway, Sweden, Switzerland and England spent two full days touring cotton installations in Lubbock and the surrounding area. They visited the Textile Research Center at Texas Tech University, the Tech farms, Plains Cotton Cooperative Association, Plains Cotton Congress, the Canyon Gin, USDA's Ginning Research Laboratory and the Texas A & M Research and Extension Center.

THREE POINT LANDING--Taxing in for coffee and refreshments, one of the planes, represent-
ing 10 states and 55 cities comes in during the All Texas Air Tour Tuesday morning, Muleshoe's
red coat delegation of the Chamber of Commerce acted as official greeters for the more than
100 persons who visited Muleshoe briefly during the tour.

Tax Man Sam Sez

When the mailman brings your income tax Form 1040 early next January, it won't really help any to holler "Why does Internal Revenue keep changing the thing?" The answer on why is actually a simple one. You, the taxpayers, want Congress to change the law to make it more equitable and possibly to ease your personal tax burden just a little. The good tax folks have to change the form so it will comply with the law. They also try to change the form to cut down taxpayer misunderstanding of instructions on some particular item on the tax form. It is pretty obvious that Internal Revenue can't make a simple Form 1040 because the tax law is just too complex. Instead of hollering you might as well start to dig into those fine new tax instructions. Reading the instructions always makes the Form 1040 look a whole lot simpler.

WATCHING THE PLANES COME IN--Mrs. Horace Hutton, left, her granddaughter, Michele Parkman, daughter of Mr. and Mrs. Freddie Parkman, center and Mrs. Kenneth Glick of San Luis Obispo, Calif, watch some of the planes in the All Texas Air Tour land at Muleshoe Airport Tuesday morning.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm has been giving some thought you might say to the problem of airplane hijacking, his letter this week reveals.
Dear editor:
As everybody knows, the hijacking of airplanes has become a serious problem, especially following the hijacking and blowing up of those three big planes by the Mid-Eastern guerrillas and the holding of 400 hostages for two or three weeks out there in the burning desert, and as a result a lot of hard thinking has been going on trying to figure out a solution. But not enough.
For example, the latest plan is to put armed guards on planes, at a cost of millions of dollars a year. They'd function like the armed guard on a stage coach, the one who rides beside the driver gun in hand and is said to be "riding shotgun."
This won't work. Anybody who has ever seen a Western knows it won't work.
Invariably the outlaws pick off the guard first, I never have seen one successfully fight them off yet, he slumps over, and the driver reins in the horses with his hands up. Later, if the outlaws figure he has recognized them, they shoot him too, and generally he does recognize them, if he's been watching Westerns himself. They use the same outlaws over and over.
Another method being half-used is to make sure no passenger boards a plane with a gun, hand-grenade, dynamite, or other weapon, but it's not very successful. In the first place, to really eliminate all weapons you'd have to search every passenger from head to toe and then go through every piece of his luggage, including women's purses, something that would take so long air travel would be slower than train travel, there aren't many trains left, and as a result everybody would have to stay at home and you know how some people would go out of their minds doing that.
But there is a solution. Everybody seems to be overlooking the obvious, the simplest, the most effective, and the cheapest way to stop hijackings, which I now offer free of charge.
The thing to do is handcuff every passenger to the armrests on his seat. Everybody. Except maybe kids under six, and you'd better keep your eye on some of them.
The cuffs would be electronically controlled from the pilot's compartment. At a signal, while the plane is still on the ground, everybody places his arms in position, the cuffs close, and stay that way till the plane lands. It would even eliminate smoking. In case of an emergency landing, all cuffs could be released simultaneously by the flick of a switch.
It might be a slight nuisance but you can not get from one end of the country to the other in just a short time, three or four hours at the most and sooner than that when they get those bigger planes going, and it looks like nearly anybody would rather be handcuffed for a short time than kidnapped to Cuba or some lonely desert in the Mid-East for two or three weeks.
I guarantee this would stop all this hijacking. It might even bring passenger trains back. Yours faithfully,
J.A.

don't always do a perfect job," contends Metzger. "Poor results are often the case on drought-stressed cotton or on cotton with regrowth due to moisture after a prolonged dry period. When these plant conditions are coupled with cool, cloudy weather, then harvest-aid chemicals often give erratic or poor kill."
A critical factor for good results from harvest-aid chemicals is to get good spray distribution over the entire plant. Best results are obtained when the plant has "cut out" (stopped vegetative growth), yet contains sufficient moisture.
Temperatures during and following application of these chemicals is also an important link to the success of the overall operation, the agronomist points out. All harvest-aid materials are most efficient and work faster when the day temperature is in the 80's and the night temperature stays above 60 degrees.
In addition to permitting earlier harvest, the use of harvest-aid chemicals also offers fringe benefits. In the boll weevil infested areas, early killing of the cotton plant deprives the boll weevil of a food supply needed to enter the diapause stage for overwintering. Insecticides may be added to harvest-aid chemicals to further reduce weevil numbers. However, care must be taken not to mix phosphate type insecticides with chlorates. Such insecticides may be added to paraquat, arsenic acid or phosphate compounds. Weed control is another fringe benefit from the application of harvest-aid chemicals.
Metzger cautions producers who plan to use harvest-aid chemicals to be sure to read the label on the material and to follow directions carefully. The same precautions hold true as with the use of any other chemicals. He adds that further information on the use of harvest-aid chemicals is available from local county agricultural agents.
An unusual teacher is one who realizes that all is not known.
"Harvest-aid chemicals

Pointers Aired On Harvest Chemicals

From William F. Braden, Texas Agricultural Extension Service.
LUBBOCK.--With the cotton crop on the South Plains moving rapidly toward maturity, producers will be looking to the use of harvest-aid chemicals to prepare for the upcoming harvest. The application of these chemicals can be a profitable step in speeding up the harvest operation, points out Dr. Bob Metzger, area agronomist with the Texas Agricultural Extension Service.
"The main reason for using harvest-aid chemicals is to condition the cotton plant so that harvesting operations can be speeded up," explains Metzger. "Lint grade and weight is often lowered when cotton is exposed to prolonged periods of bad weather in the fall."
The agronomist points out that proper timing when applying harvest-aid chemicals is of utmost importance for satisfactory results. Desiccants such as paraquat and arsenic acid kill the cotton plant rapidly and should be used only on cotton with 80 percent or more open bolls. On the other hand, defoliant which consist of chlorate and phosphate compounds such as DEF may be used earlier with about 65 percent open bolls.
"Harvest-aid chemicals should be applied only to mature the cotton," emphasizes Metzger. "Application before a sufficient number of bolls are open will reduce both yield and quality of the cotton and will especially affect the micro-naire."
Paraquat seems to be gaining in favor over arsenic acid as far as desiccants are concerned, adds the agronomist. Paraquat tends to be less corrosive to equipment as well as less toxic to humans. Producers have also obtained good results with spray mixtures such as one-fourth pint of paraquat and one-half pint of DEF per acre in sufficient water and a surfactant. Diesel oil is sometimes added to DEF to improve its action on drought-stressed cotton.
"Harvest-aid chemicals

THE FAMILY LAWYER

Slander, Unlimited
In the heat of political debate, Lawmaker A calls Lawmaker B a crook. B is not a crook. Could he make A pay damages for slander?
No, because the law grants a special immunity to all legislators, both state and federal. No matter what slanders they utter, within the legislative chamber, they cannot be held liable in court.
This may seem to be rank favoritism. But the rule is meant for the benefit of the public at large, not for the benefit of the legislators themselves. It frees

them to do a better job, unhampered by the lurking fear of legal liability in case they happen to say something wrong.
For similar reasons, immunity is granted also to officials of the judicial and executive branches of the government. Take this case:
A judge, while questioning an arrested man, scolded him as a liar and a disgrace to the community. As it happened, the man was guilty of nothing at all. After being released, he sued the judge for slander.
But the court dismissed his claim, on grounds of the judge's special immunity. The court said:
"How could a judge exercise his office if he were in daily fear of an action being brought against him?"
However, the less important the occasion, and the less important the official the less reason there is to grant him immunity.
Consider a case which grew out of a local council hearing on bus service. One of the council members, angered by a complaining citizen, denounced him wrathfully as a fraud. The charge was made simply out of malice, without the slightest basis in fact.
When the victim filed suit for slander, the councilman claimed immunity as a "lawmaker." But the court turned down his defense and held him liable. The judge said that at this lower legislative level, protecting an official was not as important as protecting an innocent person's good name.
