Moraw Requests Ballot Recount

Write-In Candidate Wins By Four Votes

Democratic Candidate for County Commissioner of Precinct Four, Rudolph Moraw, of Needmore, has filed a request for a recount of the ballots in Precinct Four cast for the office of County Commissioner, Precinct Four during the Tuesday, November 3, general election.

He filed the request with County Clerk Hazel Gilbreath requesting the County Commissioners Court, as official body who canvasses the returns of the general election, to hold a recount.

In his official request, Moraw said the difference in his vote and that of Nolan Harlan, write-in candidate for County Commissioner of Precinct Four, was less than five percent and that he would gain the election if the recount showed he received a greater number of votes than Harlan.

Write-in candidate Nolan Harlan defeated candidate Moraw in the general election by four votes, 172-168.

Contestant Moraw challenged the ballots cast absentee, with Connie Dale Gupion, presiding judge; Voting Box One-A, Jeff Peeler, presiding judge; Voting Box Five, Needmore Community Building, C.G. Lewis, presiding judge and Voting Box Six, Bula, Alta Salyer, presiding judge.

During a meeting Tuesday, November 10, Bailey County Commissioner Loyd Stephens made a motion to allow the request and Commissioner Matt

Three Way School Sets Anniversary

Boy Scout Neighborhood Chairman Rev. Walter Bartholf reminds that the open Cub Scout meeting for all Cub Scouts, their parents and prospective Cub Scouts and their parents will be held tonight (Thursday) at the Richland Hills cafeteria.

He urged everyone with Cub Scout age boys to attend the meeting and hear the outstanding speaker lined up for the evening.

Bob Renfrow of Lamont, California, a former resident of the area, is in Muleshoe to attend the funeral of Doc Warner. He will be visiting with the Warner family, Dee Clements and Bob Harvey of Clovis.

A former Muleshoe resident, Roy Carney, now of Grants, New Mexico, underwent surgery last Thursday, November 5, in Albuquerque. He is in Room 303, Bataan Memorial Hospital.

Ralph Wenner of San Diego, California is returning to his home after a five day visit with his mother, Mrs. F.L. Wenner of Muleshoe, and other members of the Wenner family.

County Attorney Roger Gornell and County Judge-Elect Glen Williams have applied to the Texas Criminal Justice Council for a grant in the amount of \$356.00 to be used to travel to Dallas to visit the County Courts at Law to study treatment of Juvenile Cases.

The funds will be used to pay mileage of \$10 per mile and \$14.00 per day subsistence.

Marine Lance Corporal Jim D. Bryant, son of Mrs. H.M. Bryant, has gone to Washington where he will be in embassy school in Arlington, Va. He has been visiting in the Muleshoe area following a year in Vietnam.

Mrs. Buck Creamer and Clea Williams were in Paducah, Childress and Quanah the past weekend where they attended the funeral for an aunt of Mrs. Creamer, Mrs. Dessie Godbold of Quanah.

WRECKED VEHICLE--This small foreign car was heavily damaged in a late afternoon accident last Saturday. Driver-owner of the car, Neil King, is hospitalized in the West Plains Memorial Hospital for treatment of injuries received in the accident. A passenger in the car, Sonya Newsum, of Needmore, was treated at the hospital for her injuries and released.

Three Way Independent School is getting ready to hold a great celebration at the school Thursday (today) and Friday. Twenty five years have gone by since the school first opened its doors in 1945.

When the school opened, there were 10 seniors who graduated in 1946 and 219 children enrolled in the school. Vernon Baker was the first school superintendent and John Gunter, who now lives west of Muleshoe was senior class president.

The first school board included John Gunter Sr., George Tyson, R.C. Day, F.L. Medlin, Paul Powell, Donald Tucker and C.A. Bundrant, who will be

Tractor-Auto Collision Left Two Injuries

Neil King, son of Muleshoe Chief of Police and Mrs. Harold White, is hospitalized at West Plains Memorial Hospital receiving treatment for neck and back injuries received in an accident late Saturday afternoon.

The accident occurred around 6 p.m. Saturday when the small foreign car driven by King was in a rear end collision with a tractor-cotton puller rig approximately 11 miles south of Muleshoe on Highway 214.

King said he was driving north toward Muleshoe when he topped a small hill and was unable to avoid hitting the slow moving tractor rig on the highway. His car veered off to the right, narrowly missed a high line pole, snapped off a fence post and went through a fence and into a pasture.

The driver of the tractor was uninjured in the accident, but King and a passenger in the car, Sonya Newsum, daughter of Mr. and Mrs. Dale Newsum of Needmore, were brought to Muleshoe by Singleton Ambulance for treatment. Sonya was treated for lacerations and abrasions

honored during the celebration, as well as the first graduating seniors.

This year, in their 25th year of operation, there are 265 students enrolled and 15 of these students are seniors. Dan Ran-

Burglars Hit Maple Store Monday Night

A grocery store, owned by W. H. 'Bill' Eubanks at Maple, was hit by a burglar or burglars sometime during the night of November 9. The thieves escaped with an estimated \$1,700 in merchandise.

Eubanks, who is also County Commissioner of Precinct Three, called the Bailey County Law Enforcement Center at 8:10 a.m. Tuesday to report the theft.

He reported as missing ten Timex watches; seven serving spoons; one butter knife; three salad forks; a coffee pot; one electric iron; six boxes of shirts; ten pair of jeans; one pair of coveralls; one blanket; 100 cartons of cigarettes; \$100 in razor blades; three radios; one hand mixer; a bolt of fabric; four boxes of shirts; 48 towels; four boxes of T-shirts; 10 fancy lighters; six-\$1 lighters; three cartons of cigars and four boxes of bobby pins.

The store operator estimated his loss at least \$1,700. Investigating were Sheriff Dee Clements, Deputy Sheriff Pete Black and Deputy Sheriff Bob Renfrow of Bakersfield, Calif.

Gonzales In First For Weekly Contest

With the eighth football contest for 1970, another name has shown up in the winner column in first place. Sam Gonzales, who already has a third place win about two weeks ago, came out the winner in this week's contest after tying with Howard Splawn for first place. A toss of the coin decided the winner for the week.

Both Gonzales and Splawn missed identical games and had identical tiebreaker scores. They both guessed wrong on the Princeton-Harvard and Duke-

Martin Oliver Country Club Prexy For '71

Martin Oliver, who was a board member of the Muleshoe Country Club, was named president for 1971 last week.

The three members of the board who were selected included Earl Richards, Tim Campbell and Woody Lambert. No change has been announced by the officers at this time for the club for the coming year.

kin is superintendent and Gene Abbe is president of the senior class.

Beginning at 6:30 Thursday (today) a bon fire will be sponsored by the Three Way Senior Class.

On Friday, festivities will begin at 3 p.m. at the school with a pep rally. The classrooms and halls are decorated. Junior students decorated the halls and members of the FHA decorated the classrooms. Goal post decorations are being handled by Becky Perez and Anna Maria Solis.

Open house and registration will begin at 4 p.m. and conclude at 7:30, just before gametime, when the Three Way Eagles will tie in with Snyder in homecoming.

Junior Class To Sponsor Turkey Dinner

Both before and after the Muleshoe-Canyon game tomorrow night, the junior class of Muleshoe High School will be sponsoring a turkey dinner in the cafeteria at the school.

The dinner will be served from 6 p.m. to 10 p.m. and the menu will consist of turkey and dressing, giblet gravy, green beans, candied yams, fruit salad, hot rolls and butter, pumpkin cake, and coffee or tea.

Tickets for the turkey dinner will be \$1.50 per person and are available from any member of the junior class or at the door of the cafeteria.

Hunting Season Well Underway In This Area

With duck and goose hunting season well underway at this time, having started on Wednesday, November 4, area hunters will take to the fields and pastures again this weekend for the first day of quail season which starts Saturday, November 14.

Shooting hours will be one-half hour before sunrise to one-half hour after sunset for all game birds, which includes quail.

On December 12 through December 20, pheasant season will open in this area, with a bag limit of two cocks per day and a possession limit of four. According to regulations of the Texas Park and Wildlife Department the head and feet must remain attached to the birds.

Bailey County, along with 32 other Panhandle counties, will have a deer season, which begins Saturday, November 21 and concludes on Sunday, December 6.

Hunters may take no more than one mule deer, buck or antlerless and no more than one white-tail deer, buck or antlerless. Special permits will be required to take antlerless deer.

Hunting hours for deer season, like the season for game birds, will be one-half hour before sunrise to one-half hour before sunset.

Sandhill crane season began on Saturday, October 31 and will conclude on January 11.

Water Inc. Aids Importation Try

Water is not like the weather! Not only are people talking about it, but someone is doing something about it! In fact, more than 2,200 residents of West Texas, Eastern New Mexico and the Oklahoma Panhandle have joined hands to collectively lend their support to efforts to solve

the area's future water needs. They are combining their endeavors in Water, Inc., a unique organization dedicated to "Action Today for Water Tomorrow."

Water, Inc., is a membership-supported, non-profit entity whose uniqueness stems from the amalgamation of all economic interests, banded together in a common cause... the future water needs of all, agriculture, municipalities and industry.

Water, Inc., came into being on May 24, 1967, when 1,000 businessmen, agriculturists and professional men organized with an eye toward importation of supplemental water from

Northeast Texas and from out-of-state sources. Also included in goals and aims of the organizers were creation of interest and support for water resource development and conservation projects and to promote, conduct and participate in studies, surveys and research programs for the importation, distribution, reclamation, reuse, utilization and storage of water, and to make such programs available to the public.

Water, Inc., officials are aware that the scope of activities includes investigation of all sources of supplemental water, however, emphasis has been on import of water from the Mississippi River, principally because development of the Texas Water Plan places the emphasis there. The organization, incidentally, was instrumental in the inclusion of the

Rotary Club Meets Varsity Football Group

Jim Berry, Prentice Mills, Robert Blackburn and Jerry Hutton were special guests at the Muleshoe Rotary Club Monday when the Muleshoe High School varsity football team and coaches were feted at the luncheon-meeting.

Ben Gramling introduced Athletic Director Fred Hedgecock who in turn asked each player to introduce himself and give the position they play for the team. The trainers were also introduced in the meeting.

Coach Hedgecock said the boys have the 'mark of champions.' They are a group of boys who can get up and keep going, he added, especially during a game such as the one last Friday night. "This is a group I am proud to sit down with to eat," concluded the athletic director.

Muleshoe School Superintendent Neal Dillman expressed his appreciation for the way the football boys are playing.

He said the boys have their ups and downs, but they accept the responsibility and are working toward the objective of learning to work and cooperate with other people.

He said he would like to also express his appreciation for the support of the general public in the football season, and in all school activities.

SUBSCRIPTION SALES WINNER--For the second straight year, Monica Griffiths, right was winner of the \$25 prize offered the Muleshoe High School Mighty 'M' Marching Band for subscription sales to The Journals. She is the daughter of Mr. and Mrs. Herbert Griffiths and a twirler for the band. Presenting the check at the left is Peggy Williams, Journal employee.

Eagles Will Try To Flog Mules

Muleshoe is ranked third for all games and fifth place in the district by the Amarillo Globe-News. The Mules have won games against Friona, Boys Ranch and Tulia, and have lost to Dimmitt, Olton, Portales, Dumas and Levelland.

Turkey Shoot Slated Sunday By 4-H Youth

Youths in the Y-L 4-H Club have scheduled a turkey shoot for Sunday, November 15 behind the Y-L Methodist Church.

This is a fund-raising project and 4-H activity, according to officials of the 4-H organization.

The shoot will begin at 2 p.m. and ammunition will be available.

When the Canyon Eagles fly into the Muleshoe High School football stadium Friday night, the Muleshoe Mules will be in a desperate attempt to even up their district record for this year to 2-2.

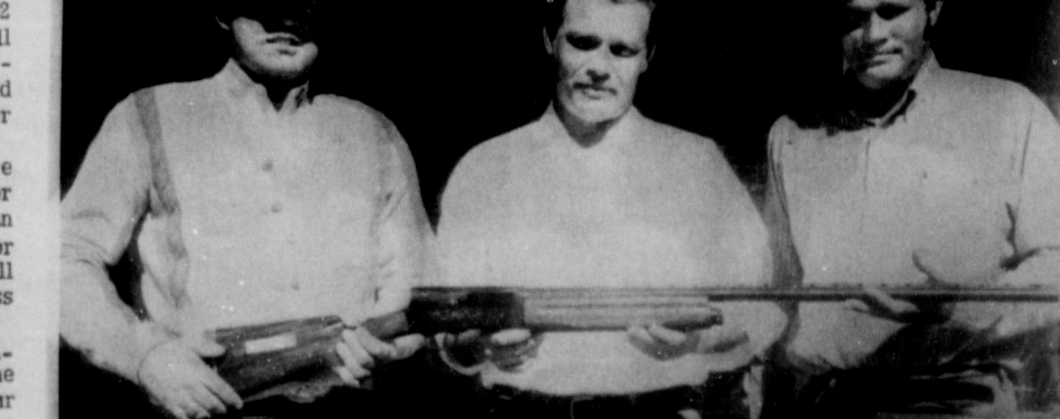

Following a 26-6 loss to the Levelland Lobos last Friday night, the Mules are now 1-2 in district 1-AAA, and stand 3-5 for the year.

Canyon has a big 2-1 record in district and is also 3-5 for this year.

Last Friday night, the Eagles eked out a 9-7 victory over the powerful Perryton Rangers who have dropped to fifth place in the district and fourth place for all games played.

By virtue of their win, the Eagles are riding high in third place in the district, yet remain at fifth place for all games played.

Congressman Says POWs Tragic Cost

"American POW's rank among the most tragic costs of the war in Southeast Asia", declared Panhandle Congressman Bob Price to a Veterans of Foreign Wars meeting in Amarillo Sunday, November 1.

Price, a former jet fighter pilot in the Korean War, said, "With each passing month the situation has become more tragic. The families of our missing servicemen live in daily torment and anxiety.

"The information they receive regarding the missing is skimpy at best and non-existent at worst", he said.

Price told the assembled veterans that actions he has undertaken in the hopes of obtaining a breakthrough on the POW issues include: introducing legislation, signing petitions, making speeches and appearances. He also recounted details of a recent trip he made at his own expense to Paris as part of his personal offensive on the POW problem.

The Texas Republican said, "I had an hour and forty minute meeting with the Deputy Chief of the North Vietnam delegation at the Paris Peace Talks. We discussed the possibilities for achieving peace in Southeast Asia and the POW issue".

Viewing the meeting in retrospect he said, "It is difficult to determine precisely what gains if any were made. I am pursuing this matter diligently because although my efforts may come to naught, they may prove to be the opening wedge in their blind resistance to U.S. peace overtures", he added.

Price also reviewed his major legislative actions on veterans' affairs. His proposal to provide a 10% increase in compensation rate for disabled veterans has been enacted into law; his proposal to provide a 10% monthly increase in veterans' payments and to increase current limitations on outside income has passed the House and is pending before the Senate.

The Republican lawmaker observed that no action has been taken on his proposal to prohibit individuals from using the name of a deceased serviceman in so-called peace demonstrations without first obtaining written permission from the serviceman's next of kin. He said he is still pursuing this matter because "not only does it tarnish the names of our fallen soldiers--it also is an insult to the valiant Americans who are daily risking their lives; to bring peace and freedom to the struggling people of South Vietnam".

Selfish individuals contribute very little toward a better world.

'70 Cotton Harvest Gains Momentum

The South Plains cotton harvest is gaining momentum daily as stripping operations increase in all counties, according to W.K. Palmer, in charge of the U.S.D.A. Cotton Classing Office in Lubbock. This great increase in harvest activity is reflected in the increasing number of samples being received daily at the four area U.S.D.A. classing offices. Approximately 33,000 samples were received at the four offices on Friday. This was the largest number of samples received any day this season and this volume is expected to increase daily if favorable weather continues.

During the peak of the harvest this volume usually reaches 50,000 to 60,000 samples per day. Classers from other areas are being transferred daily to the local classing offices to take care of this increased volume.

The U.S.D.A. classing offices at Lubbock, Brownfield, Lamesa, and Levelland classed 81,000 samples last week and had approximately 130,000 on hand Friday afternoon. Total classed so far this season now stands at 120,000. This is far ahead of the volume at this date last year when only 10,600 samples of the 1969 crop had been classed.

Strict Low Middling was the predominant grade at Lubbock last week with 35 per cent of all cotton classed. Low Middling made up 10 per cent, Middling Light Spotted 16 per cent and Strict Low Middling Light Spotted 26 per cent.

Staple length averaged between 15/16 and 31/32. Eighty-three per cent stapled 15/16 and longer.

Eighty-seven per cent of all cotton classed at the Lubbock office last week had micronaire readings in the premium

a professional staff headed by the executive director. The staff includes an attorney, a director of public relations, and a director of field services.

One of the most important innovations in the Water, Inc., organization is the advent of county units. On the initiative of individual members living within any given county, a county unit may be formed. County unit activities center around three major categories . . . membership, education and publicity. The county units also serve as important "feedback" systems, alerting the parent organization to the water resource needs and desires at the local level.

Water, Inc., derives its principal financing from membership dues. Dues are set on a formula basis by directors with a \$25 annual minimum per member. The formula guidelines take into consideration the size of the business or farming operation of the member. At the present time, dues range up to \$5,000 per member for several larger businesses and organizations.

Ruth Sunday School Class Has Installation Ceremony

The Ruth Sunday School Class of the Trinity Baptist Church had its installation of officers Tuesday, November 3, at 7:30 p.m. in the church. Mrs. Charles Bratcher installed the new officers. Her theme was "Trees". She read the poem "Trees" and described the different meanings and symbols of the roots, trunk and branches of the tree. Each member then placed leaves and fruit on the tree. New officers installed were: Mrs. S.T. Stockard, president; Mrs. Chester Yorbly, vice-president; Mrs. Walter Sain, secretary; Eva Dell Carpenter, treasurer; and Mrs. Ed Harp, sunshine girl. The new president presented Mrs. Bratcher with a picture depicting the "Praying Hands". Mrs. Stockard then passed out the new yearbooks. Fudge cake, nuts, coffee and cokes were served by Mrs. Ed Harp to the following members: Mrs. Oscar Reed, teacher; Bonnie Carpenter, Eva Dell Carpenter, Mrs. Ansel Ashford, Mrs. Frank McCamish, Mrs. George Williams, Mrs. Chester Yorbly, Mrs. John Payne, Mrs. Ed Harp, Mrs. Walter Sain, Mrs. Charles Bratcher and Mrs. S.T. Stockard.

Caprock Girl Scout Council Has Dinner

The Caprock Girl Scout Council held its annual dinner in the ballroom of the Student Union Building at Texas Tech Monday, November 9, at 7:00 p.m. The Council represents 18 Texas counties, including Bailey, and sponsors 5500 girls in Scouting work and 1200 adult workers.

After the meal, entertainment was furnished by the Council Chorus, directed by Mrs. H. Alden Deyo. The chorus is composed of 100 Girl Scouts of the Caprock Council. They presented a program of Girl Scout songs and patriotic songs. Two Muleshoe girls are members of the chorus. They are Doris Bartholf, daughter of Rev. and Mrs. Walter Bartholf and Cindy Morgan, daughter of Mr. and Mrs. Dean Morgan.

During the business meeting, Mrs. W.O. Lockwood, Council president, introduced the incoming officers. They are Mrs. W.C. Griggs, Lubbock, president; and Mrs. Jimmy Wilson, Jr., Floydada, secretary. Members-at-large are Mrs. Wayne Carpenter, Post; Mrs. H. Alden Deyo, Lubbock; Mrs. Otis English, Crosbyton; Sister Regina E. Foppe, Lubbock; Mrs. Ted Forsythe, Lubbock; Mrs. W.G. Green, Olton; Mrs. Othell Meeks, Tahoka; Mrs. Marshall A. Pharr, Plainview; Dr. Ralph L. Sellmeyer, Lubbock; Dr. Margaret Sitton, Lubbock; Mrs. Lorenzo Wadley, Lubbock; Mrs. Darwin Ashworth, Lubbock; and Mrs. Gene Garth, Muleshoe.

The nominating committee includes Mrs. Arvil Lee Campbell, Ralls; Mrs. John J. McClure, Lubbock; and Mrs. Walter Riethmayer, Friona.

Girl Scout leaders were recognized for five, 10, 15, 20, 25, and 30 years of Scouting service. Speaker for the banquet was Dr. Beatrix Cobb, Professor of Psychology, Director of Rehabilitation Counselor Training Program at Texas Tech University. She spoke on "sparks that ignite".

Dr. Cobb stated that it is the parents responsibility to ignite the spark in the youth and that the challenge parents send to the youth must be picked up and carried through. The challenge must have the same meaning to the youth as it does to the parents. She also spoke on the generation gap and the three most pressing problems facing the younger generation. The problems are (1) nuclear weapons, (2) population control, and (3) environmental control and ecology. These problems must be worked out by today's youth as the problems of the older generation were worked out.

Approximately 200 persons attended the banquet, including the following from Muleshoe: Rev. and Mrs. Walter Bartholf, Mr. and Mrs. Joel Nowlin, Mr. and Mrs. Dean Morgan, Peggy Williams and Katie Foster.

Epsilon Delta Has Patriotic Program

The Epsilon Delta Chapter of the Delta Kappa Gamma Society met Saturday morning, November 7, in Sudan at the Homemaking Cottage for a 10:30 a.m. coffee.

Mrs. Kenneth Wiseman served coffee, fruit, and breads from a table with a fall arrangement. Napkins and favors noted the patriotic theme of the program.

Mrs. Kenneth Largent of Littlefield presented the program "This Is Our Country" and reviewed the history and significance of the symbols and shirines of our country including the Liberty Bell, the Statue of Liberty, "The Star Spangled Banner", Uncle Sam and the United States Seal, which are

sacred to the American Heritage. Mrs. Largent read two readings "I Am the Nation" and "Color Me American".

The members sang "God Bless America", "America, the Beautiful", and "The Delta Kappa Gamma Song" to close the program.

Mrs. Joe Costen, president, presided during the business session and during the Executive Board Meeting at 10:00 a.m. Sudan members were hostesses and the Muleshoe members attending were Mrs. Joe Costen, Mrs. Clifton Finley, Mrs. E.W. Johnson, Mrs. Jack Obenhaus, Mrs. John Watson and Mrs. Wilson Witherspoon. The next meeting will be December 5 in the home of Mrs. Lenton Smith of Littlefield.

Lazbuddie News

Mrs. Richard Engelking

Everyone remember to eat dinner Sunday, November 10, at the Lazbuddie School Cafeteria and help the Lions Club pay for our ambulance and fire truck. A regular Thanksgiving feast is being prepared by local ladies with ham, turkey and home-made pie heading the menu. Tickets will be on sale at the door at \$1.75 for adults, children 5-12 \$1, and under 5 years are free.

Sincere sympathy is extended to the Leonard (Chuck) Smith family in the loss of their infant son and brother. Graveside services were held at Lazbuddie Cemetery in the family plot with the minister of First Baptist Church in Elkhart, Kansas officiating. The Smiths are now residents of that community after living here several years.

The baby was stillborn in a hospital in Gaymon, Oklahoma Monday, November 2.

All the High School students were invited to a party at the home of Mr. and Mrs. Raymond Treider, Jr. Friday night after the ballgame. The affair was in honor of Miss Audrian Martin's birthday. She is the local Home Economics teacher. A-raid the party didn't have the usual happy atmosphere after that ballgame!

Oh Boy! That Ballgame indeed! I think most of us are still in shock after seeing our Longhorns come out on the short end of the scoreboard for the first time this year. Yes, after watching our boys put their 'all' into each weekly football game by scoring 50 points and better and mostly holding their opponents scoreless, it was hard to believe we could be beaten in a crucial district contest which saw our lead go 'out the window' and more than likely 'down the drain'.

But, that's the way the 'Old ball houses' and it did seem to bounce out of our hands into the opponents quite a few times (six or seven, I believe) and near the goal line, too. That's the way things happen sometimes in any game, the game of life in particular. We are

knocked off our feet at the worst possible moments, but the important thing is to bounce back and 'I'm sure our Longhorns will 'sock it to em' in these last two games with Amherst and Turkey which are to be played away from home.

And so, Marador is now the leader in District play after their victory over us and it's the official record that counts but I've gotta add my two cents worth and say, Lazbuddie Longhorns are the best in District. So there!!!

Little Miss Delayne McGehee returned to her home in Clovis, Sunday after several days in the Clovis hospital and Lubbock's Methodist. Delayne is the two and one-half year old daughter of Mr. and Mrs. Gerald McGehee of Clovis and her grandparents are Mr. and Mrs. John McGehee of here.

Owen Broyles will possibly be confined to High Plains Baptist Hospital in Amarillo for three more weeks with more surgery due on his hand. Cards should be sent to him addressed as John O. Broyles, Room 465-B, in care of the hospital. That's an awful long stay and he has already undergone three surgeries previously in recent weeks.

First Baptist has selected a new pastor to replace Rev. Johnny Timms who moved to Casper, Wyoming. He is the Rev. Dale Cain from Plainview. Rev. Cain and wife, Lynn and daughter, Tracy, who is a fourth grade student will be moving into the parsonage shortly.

Lazbuddie Young Homemakers met last Thursday in the Home Ec. room for their regular monthly meeting. Dr. B.E. Sanderlin was the guest speaker and his topic was "Children's Allergies". Sixteen members enjoyed his most informative talk. Betty Gallman baked the gift and Joyce McGehee brought the refreshments. The Young Homemakers wish to thank everyone who came to their Hamburger supper of which they profited \$150 to help the children's home in Portales.

James Hammit Wins Shotgun For Crane Hunt

By Leroy Maxwell, Reporter
The Muleshoe Jaycees met Monday at Leal's and the meeting was conducted by Jaycee President Derrell Oliver.
A report was given on the crane hunt by Dick Johnson, Doyce Turner and Jeff Smith, co-chairmen of the project. There was an estimated 250 birds killed during the hunt. James Hammit was presented a Browning automatic shotgun for killing the largest bird, nine pounds, eight and one-half ounces. The hunter who traveled the farthest from home for the hunt was a doctor from Yuma, Ariz.
Bill Dale was awarded a diploma for completing a leadership and action course.
Duane Seay gave a report on the Jaycee social which is slated for Saturday, Nov. 14 at 8 p.m. at the American Legion

To get to know life fully doesn't mean that one has to get down into the gutter.

Plains Cotton Growers, Inc., Lubbock based cotton producer organization, is joining other producer groups in voicing strong opposition to lowering the level of non-recourse loans on the 1971 cotton crop.
Donald Johnson, PCG Executive Vice President, told USDA officials in Washington November 5 "There is much to be gained and little or nothing to be lost in maintaining the present or a higher level of the U.S. cotton loan for 1971."
The Agriculture Act of 1970, pending in the Senate but practically assured of becoming law later this month, states that the loan shall be at 90 percent of the previous two-year average of world market price for middling 1 inch cotton, 3.5 to 4.9 microns. The law also gives

the Secretary of Agriculture authority to adjust the loan level "following one or more years of excessively high prices" to keep U.S. cotton competitive. But an extremely active imagination on the part of the Secretary would be required before this latter provision could be a factor in setting the loan level for 1971.
Figuring 90 percent of the world price of Middling 1 inch cotton for two years, as stipulated by law, is not as simple as it might first appear. Nor does it result in a hard and fast figure that would greatly restrict the Secretary's latitude in setting the U.S. loan level. First, Middling 1 inch cotton as a quality is sold only by the U.S., so it is necessary to select a more uni-

versally traded quality and convert its price on world markets to middling-inch. Second, a given quality description in other countries of the world rarely ever conforms to the same quality description in U.S. markets.
For example, Strict Middling 1-1/16 inch cotton, a quality widely traded around the world, on the Liverpool market is roughly equivalent to Strict Low Middling 1-1/32 inch cotton by U.S. standards.
Johnson pointed out to USDA that the Liverpool Index, as quoted by the highly respected "Cotton and General Economic Review," shows the average world price of SM 1-1/16 inch cotton, August 1968 to August 1970, to be 28.39 cents per pound. Taking from this the two-year Spot Market differences between SLM 1-1/32 inch and Middling-inch (39 cent points), leaves the world average price for Middling-inch cotton, by U.S. standards, at 28 cents per pound. From that figure, it is then necessary to subtract the cost to land cotton in Liverpool from average U.S. location (5.75 cents), for

a two-year average world price for Middling-inch of 22.25 cents.
Ninety percent of 22.25 cents is 20.02 cents, which, when adjusted for net weight trading (84 cent points) as has been promised, would give a U.S. loan for Middling-inch in 1971 at 20.86 cents. The present loan level is 20.25 cents, basis gross weight.
There could be other ways to figure average world prices on a quality sold only by the U.S. However it is difficult at this point to see how the Secretary could devise a formula that would lower this figure by very much.
In further defending the position that the loan should not be lowered, Johnson emphasized that the greatest existing danger to cotton at present, both in the U.S. and in foreign countries, is the danger of inadequate supplies. Current world stocks of cotton represent less than five months expected consumption, and world consumption of cotton has exceeded world production in three of the last four years. The U.S. has failed to produce enough cotton

to equal market offtake in each of the past four years, and the same thing promises to occur in 1970.
"The U.S. has a golden opportunity to increase its share of world cotton markets in the next few years," Johnson stated, "if we produce the cotton. But if we are to produce the cotton producers must be given all possible incentive to plant acreage above base allotments under the coming program. And there is no provision in law for that incentive except in the level of the loan."
USDA's attention was also called to the fact that there is now wide agreement in the industry that the present 20.25 cent loan has given cotton a price fully competitive with synthetic fibers, and that a further reduction would not result in significantly increased U.S. cotton consumption.
Advocates of a lower U.S. loan give as one of their reasons the need to discourage expansion of cotton acreage and production in foreign countries. And this was once a valid argument. But it can be shown now that the 20.25 cent loan has

already resulted in declining cotton acreage outside the U.S. According to USDA's "World Agricultural Production and Trade," October 1970 issue, Mexico, Nicaragua, Brazil, Columbia, Greece, India and Turkey are among countries with less acreage planted to cotton in 1970 than in previous years. And of those countries where an increase in production is expected this year, almost all attribute the increase to higher pre-acre yields, not to increased acreage.
Johnson summed up his presentation to USDA by saying that the present or a slightly higher loan for 1971: (1) would to some extent protect producer income, (2) would prevent further erosion of the incentive to produce cotton above base allotments in the U.S., (3) would not result in a non-competitive selling price for U.S. cotton, (4) would not encourage cotton acreage expansion outside the U.S., and (5) would avoid the possibility of increased cost of the cotton program by reason of low market prices and higher price support payments.

AUSTIN, Tex.—Half a dozen new amendments have been added to the Texas Constitution, including one authorizing sale of liquor-by-the-drink.

Passage of Amendment 2, however, does not mean automatic mixed drink dispensing. Amendment merely repeals the ban on pen saloons and empowers the legislature to pass a law regulating liquor-by-the-drink.

Starting next January, lawmakers must first act to establish procedures, licensing requirements and regulations. Then, local option elections must be held to determine where mixed drink sales are wanted by voters.

Many observers feel there actually will be no legal sales of booze over the bar in public establishments before the end of 1971. Others think preliminaries will be disposed of in some areas by mid-year, but that would mean passage of the bill by a two-thirds majority to place it in immediate effect. More likely effective date of legislation is next September, with elections to follow.

Other constitutional changes would provide for:

- *Disciplinary action, including censure, of all judges.
- *Appointed (by governor) three-man State Building Com-

Ben Barnes--meanwhile, begin sizing up Tower for attack in 1972 election. Barnes said he is thinking about running against Tower himself, although he has not firmly ruled out the governor's race.

APPOINTMENTS
Governor Smith named Judge Louis T. Holland of Montague presiding judge of the Eighth Administrative Judicial District.

Smith also appointed Mrs. Bertha P. Huff of Amarillo to his advisory council on aging. E. Bruce Street of Graham was selected chairman of Texas Research League, Charles F. Jones of Houston vice chairman and Grogan Lord of Georgetown was re-elected treasurer.

BRINE HEARING ON
Railroad Commission conducted a hearing here on Parks and Wildlife Department complaints that oil companies are polluting bay waters with oil-field brine.

PWD contends that discharges are harmful to environment necessary to support marine life. Companies countered with witnesses that insufficient evidence of pollution and danger to salt water creatures was shown at the two-day hearing.

ATTORNEY GENERAL RULES
Texas Water Development fund loans may be used to build sewage treatment plants, Atty. Gen. Crawford Martin has said. He said the state also may own such plants.

In other recent opinions, Martin concluded that:

- *Federal technicians employed by the Texas National Guard have the right to belong to a labor union, but state-paid guard technicians have no such right.
- *Del Rio city councilman may not accept employment as executive director of Val Verde County Community Action Agency, although he has the right to select which job to keep, and may be ousted by legal action if he doesn't vacate one.

*County clerk does not have authority to issue a marriage license to those presently legally married to each other under common law unless they meet age and/or parental consent requirements and waiver of "I am not presently married" oath is obtained from county judge.

*Texas State Board of Examiners in Fitting and Dispensing of Hearing Aids has no authority to conduct educational seminars; Board rule requiring all license applicants to furnish a home and business address in Texas is void and unenforceable.

*Texas Water Quality Board can make a lump sum payment to Gulf Coast Waste Disposal Authority of the remaining por-

tion of \$100,000 appropriated to the Board for the current fiscal year.

*Parks & Wildlife Department has authority to contract with Texas Highway Department for construction of a bridge over the proposed water exchange pass through Mustang Island.

*A County Commissioner does not vacate his office automatically when he moves to another part of the county.

TAX BURDEN LOWER
Texans may be tax-shy after reading what is going to happen to them in the next legislative session, but they are better off than most industrial state residents, according to a new study.

Only Ohio among 10 most industrial states has a lower state and local tax burden, Texas' 1969 burden amounted to 8.5 per cent of personal income, Ohio's was 8.2 per cent, study showed.

Louisiana and Oklahoma had 10.7 and 9.4 per cent, respectively.

League's study found that a Houston family of four with gross income of \$10,000 would have paid \$510 in 1968, excluding city sales tax. Same family would have paid \$545 in Cleveland and \$891 in Boston.

In the \$5,500 income class, Texas ranks 10th among the 12 states in tax burden, while in the \$50,000 class, Texas is 12th.

Rich or poor, said the League, Texas' burden is relatively low.

BOUNDARY DISPUTE STUDIED
Attorney General Martin met with city officials in Orange and Port Arthur to view the area in boundary dispute between Texas and Louisiana.

More than 30,000 acres in Sabine Lake are involved in the lawsuit. This includes 3,000 acres of reclaimed land, plus submerged lands in the western half of Sabine River. Louisiana claims ownership of water boundary to the western shore, while Texas claims to the middle of the Sabine. Texas has taxed submerged lands and has given leases on lands, as well as jointly financing bridges across the river with Louisiana.

EMPLOYMENT DOWN
For the first time in more than 20 years, September unemployment figure for Texas exceeded joblessness for August. Texas Employment Commission reported a tenth of one per cent hike in the jobless rate.

Just three times since 1947 has the September rate ever been as high as August. Last September's total climbed 3,000 to 179,500; but overall the state average was just 3.8 per cent. High was in Laredo with 8.5 per cent unemployed, and low

New Chemical Used For Borer

A new chemical may hold promise for control of the Southwestern Corn Borer, the primary nemesis to High Plains corn production.

Results from a pilot study of the chemical use at the High Plains Research Foundation at Halfway indicates that 'Furadan', a product of Niagara Chemical Company, reduced corn stalk lodging and increased yields as much as 16 bushels per acre.

According to Dr. Douglas Owen, oilseeds scientist at the Foundation, the experiment was a pilot test including a no-treatment check, the recommended 10 pounds per acre, and 20 and 40 pound rates applied as a sidedress application in the furrow when corn plants were 18 to 24 inches high. A fifth treatment was 40 pounds per acre applied over the top in the whorl of the corn plants.

Dr. Owen said that in the control plot 21 per cent of the corn crop was lost due to lodging. At the recommended 10 pounds of material per acre, lodging was reduced to 6.1 per cent.

Dear Editor:

Dear Editor:
Why would you want to support other people—that is someone who doesn't have any ambition TO WORK for his family and way of life?

WELFARE! This in my opinion is one of America's biggest faults.

I sure hope no one gets me wrong, but I am not against welfare to those who really need it, and that is to people who are unable to work for reasons of age, widows, children, and people who are under a doctors care.

Why should someone work to buy food when he or she can just go down and get free food? All they have to do is just convince someone that they don't have a job or money to buy what they need in the way of food. This is very damaging to self-respect and ambition.

Listen to the news and read your newspaper, seems as if someone is always talking about unemployment, or how these people are being mistreated. But who wants to do anything about it? Seems they just want to talk.

Now if you would like to check this out to see what I'm talking about, just go out and try to get someone who will WORK for an honest days pay and see how it turns out. As you may have guessed, I'm especially speaking of farm jobs so at times it becomes necessary to hire ready and willing "wetbacks."

I have never seen as many people fighting each other or trying to put each other down as they are today. I wonder what it would be like if we all got together and worked for a good cause, or just tried to help each other.

I have heard Presidents, Senators, Governor's, stand up and tell all the good things that they are going to do to help people and change the bad things in life and sometimes it seems that they are just for on a job, prestige, or their own gains.

I think that these people are

given one of the greatest gifts in life and what do they do with it. I can't understand why anyone would come up with some of the ideas and laws that we have today - the present Welfare law.

You know that someone has to work or this machine that we Americans have just won't run. This has been tried so many times down through history - what does it take for people to decide that these giveaways - laws we have just won't work.

(s) J.C. Gatewood
Dear Editor:

I have been amused this past week, reading the comments and listening to the news analysts discussing the general election. They cannot figure out what the voters are trying to say. In some races Doves were sent to Washington; while in others Hawks were sent. In some races the biggest spenders of all time won while in others the winner still has 95% of the first dollar he ever made. The Republicans gained a little in Washington, but the Democrats swept the Governorships.

No one should have any trouble figuring out what the residents of Precinct four in Bailey County are saying. We don't want in your hospital district and we can win an election. This one was just practice for the big one.

I am also amused at the reaction from the "Court-house crowd". I hear rumors that they will do all possible to prevent our elected representative from taking office. The shoe sure must pinch on the other foot. Just last May we were told to accept the "will of the majority". Don't contest the election, but I understand that they are planning to contest this one. I don't think that they will have any more success than we have had so far.

I was asked to be a write-in candidate for County Judge, but I declined since my family has some expensive habits, like eating. There was little chance for me to be elected, but if I could have polled one third of the total vote (I was assured by several that I could have won) this would have been some indication of the county's feelings. O well, I blew my big chance.

In an attempt to further explain our reasoning and to try to ease relations within the county, I would accept any sincere request to speak to any group that should ask.

(s) Richard E. Black

I Thank You All!
I would like to express my appreciation for the support given me in the General Election for the office of County Clerk. I am grateful to all the people for the support and cooperation given me and in this way extend my most sincere thanks for your expression of confidence. I will continue to administer your County Clerk's office in a businesslike manner and, as always, will have the best interests of Bailey County foremost.

People who cook with pride cook with GAS. Mrs. Cecil Burke does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Burke and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking. So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Burke's favorite recipes.

JEWEL CHEESE PUFFS
Mrs. Cecil Burke, 2426 Walnut, Amarillo

2 cups sifted	1/4 teaspoon salt
all-purpose flour	1 cup butter
2 teaspoons	1 package (8-oz.)
baking powder	cream cheese
2 tablespoons sugar	2 eggs, beaten

Preserves or jelly

Sift together dry ingredients. Beat butter and cream cheese until fluffy. Add beaten eggs and beat well. Blend into sifted dry ingredients. Chill dough one hour. On lightly floured board, roll dough 1/4 inch thick. Cut individual rounds with floured biscuit cutter. Make an impression in center of each round with thumb. Fill imprint with preserves or jelly (about 1 teaspoon). Bake on an ungreased baking sheet in moderate gas oven (375 degrees) for 15 minutes or until delicately browned. Serve warm. Makes about 24.

Top Ten Maintain Powerhouse Spots

Those top ten powerhouses just refuse to be budged! All of them won, held their lofty spots on the national football ladder, and continue to challenge all comers.

And three challengers in particular will answer the call Saturday. Sixteenth-ranked Georgia Tech will be the first non-breather for Notre Dame since they met Missouri four weeks ago. The Irish finally moved into the Throne Room of college football... they are Number One, and should beat back the Yellow Jackets by 22 points.

Another challenger will come from the 17th-rated Air Force as they host sixth-ranked Stanford. The Indians will be the favorite by 13 points, but the Falcons will be tough after dropping their first game of the season last week.

Number three challenge battle will be within the Southeast Conference. The Georgia Bulldogs tackle 10th-ranked Auburn, still ranking over their upset loss to L.S.U. a couple of weeks ago. Georgia has been beaten four times, but will only be a 14-point underdog to the Tigers of Auburn.

After another vigorous polishing of the crystal ball two weeks ago, the season's forecasting average bounced just a bit higher. 1,145 winners and 349 losers through games of October 31st make for a rather happy 766 percentage.

The rest of Saturday's underdogs will really have to become Super Dors to knock off other members of the Top 20. Texas, back in the Number 2 position, will tie into T.C.U., winning by 24 points. Third-ranked Ohio State, with only two hurdles remaining for that trip to Rose-lane, is favored over Purdue by the same difference... 24 points.

And, though a strong 16-point favorite to win, fourth-ranked Nebraska might have to keep peering over their collective shoulders at Kansas State. The Wildcats can be very troublesome. Fifth - ranked

Olton Downs Eighth Grade In Two Games

By Prisca Young

The B Team played their eighth game of the season last Thursday night. It began with a good start with Olton kicking to the Mules. Mike Hunt received the kick. On the 3rd down Scottie Burton ran for about a 70 yard touchdown. The extra points were stopped. Olton then got the ball and went over for a touch down to tie the game. The Mighty Mules tried but could not stop the extra points.

The second quarter went bad for the Mules. They fumbled and Olton recovered. On the next play Olton went over for another touchdown. But Muleshoe proved they weren't going to be put down and stopped the extra points. When the Mules got the ball they again fumbled but managed to recover it. They were then forced to punt. Olton took the ball over again but lucky it was called back. Mules got the ball and put it in the air. It was intercepted by Olton. Again Olton made a touchdown and (thank goodness) again it was called back. The Mules left the field behind 14 to 6.

The third quarter started with the Mules kicking to Olton. Nothing happened in the third quarter so on to the fourth.

In the fourth quarter Olton made a touchdown and the Mules blocked the extra points. Mules got the ball and had it intercepted by an Olton player. Olton again made a touchdown and also the extra points. Mules got the ball and fumbled and Olton recovered. Olton then fumbled and an unidentified player recovered for Muleshoe. The final score was Muleshoe 6 - Olton 28.

A TEAM

The A team played last Thursday night also. The first quarter went like this: Roy Lee Wilson made the first TD of the game. Sammy Harris went over for the extra points. Olton got the ball and Robert Stovall for the Mules recovered.

In the second quarter Mike Bland went over for another Muleshoe touchdown. Extra points were stopped. Olton then went over the line to put them on the score board. The Mighty Mules stopped the extra points. Muleshoe got the ball and fumbled. Olton then recovered. At the half the Mules were ahead 14 to 6.

In the third quarter Wilson again ran for a touchdown but it was called back. Mules, when they got the ball again, fumbled and Olton recovered. Olton then punted but the receiver fumbled and Olton recovered.

In the fourth quarter Olton made a touchdown but not the extra points. The Mules then got the ball and made another TD by Wilson but it was called back. Mules again got the ball, but fumbled and Olton recovered. Olton in the last 36 seconds went over for a touchdown and the extra points. The final score was Muleshoe 14, Olton 20.
