Mules Final Game Friday Afternoon

The Permian Rangers will be out to beat the Muleshoe Mules Friday afternoon in the final football game for the season for 1970. Game time will be at 3 p.m. in the Perryton football stadium.

Perryton will be seeking their second district win of the season. Like Muleshoe, the Rangers' district tally stands at 1-3 for the season. Muleshoe has won a total of three games and lost six and Perryton has won three games and lost six.

The Mules lead Perryton by two points in all games in scoring; the Mules scored 132 points and gave up 157 points and Perryton has scored 136 points and has given 115 points to their opposition.

In district action, the Mules have tallied 54 points, giving up an additional 76 points and Perryton has scored 68 points, while giving their opponents 38 points.

Muleshoe's Bobby Hayes has led scoring in I-AAA all season and continues to lead the district although he has been playing in a 10-man and double-team football for the last several games and held scoreless.

Last Friday night, the Mules held Canyon to seven points in action in Muleshoe, while Perryton held Dumas to seven points in a tight defensive game at Perryton.

Ranger passing star Danny McWhorter utilized fullback David Flowers in an attempt to move the ball in for scores, but a costly fumble ended a Ranger scoring threat against Dumas. Perryton led the yardage figures as they pushed in 136 yards to 59 for the Demons. Three Perryton passes were intercepted by Dumas.

Much credit was given Ranger defensive players Doug Hale, Duwayne Armstrong, Steve Gobin and Rex Thompson.

Athletic Director Fred Hedgecock said the team is in "fine shape" and are completely ready for the Friday afternoon game. He said it is expected to be quite cold in Perryton, but the players are ready for it. Cont'd. on Page 2, Col. 3

GOLD STAR WINNERS—Terry Wheeler, left, son of Mr. and Mrs. George Wheeler; Tani Murrach, center, daughter of Mr. and Mrs. Gordon Murrach and Mrs. Aubrey Russell; Bobby Wheeler, right, son of Mr. and Mrs. George Wheeler. District Home Demonstration Agent of Lubbock are pictured immediately following the 4-H Achievement Banquet Saturday night. Tani and Terry were named Gold Star winners for the 4-H in this county.

Murrach, Wheeler Gold Star Winners

Numerous Awards Presented At Achievement Banquet

The Bailey County 4-H Achievement Banquet was held Saturday, Nov. 14 with Linda Head serving as mistress of ceremonies.

She recognized special guests Mr. and Mrs. George Wheeler, Mr. and Mrs. Loyd Stephens and Mrs. Aubrey Russell, district home demonstration agent from Lubbock.

Entertainment was by Veri Burris and his "Western Gentlemen." Included in the group were Veri and Randy Burris, Kenneth Ragland, Terry Kemp and Ricky Hamilton. The entertainment was in keeping with the theme of the banquet which was "western" portraying the "good old days" complete with kerosene lamps and covered wagons as the decor.

Speaker for the evening was Rev. Robert E. Harrison from Kingswood Methodist Church in Clovis, N.M.

Mrs. Aubrey Russell, District Home Demonstration Agent, presented the Gold Star Awards to Tani Murrach, daughter of Mr. and Mrs. Gordon Murrach and Terry Wheeler, son of Mr. and Mrs. George Wheeler.

J.K. Adams, Bailey County Agent, presented a special alumni award to Reuel Kirby and Mrs. Ernest Ramm presenting plaques to the outstanding 4-H boy and girl for 1970. They were Linda Mason and Larry Vinson.

Joe Harbin was presented a large plaque in appreciation to Bailey County Electric Cooperative Association for sponsoring the County 4-H banquet.

Mrs. Robin Taylor, Bailey County Home Demonstration Agent and J.K. Adams, Bailey County Agent, presented a number of awards to 4-H youths.

Included were Achievement awards to Bobby Henderson, Marilyn Black, Mark Dillman, Gary Lackey and Terry Gunter.

For agriculture, Rusty Whitl, Larry Vinson and Craig Kirby. Reuel Kirby was presented the alumni award, and Bruce Peterson, citizenship.

Broad awards to Nancy Ramm, Bennetta Roming, Vowery Throckmorton and Pam Cont'd. on Page 2, Col. 5

around muleshoe

A fire crew attended a meeting of the Bailey County Community Center Program at Hilltop Community Center Tuesday night.

A general session and answer session was held with no action taken other than accepting the resignation of the secretary of the board, Clara Williams.

The Y-4-H Club sponsored a turkey shoot on Sunday, November 8 and reported a very good turnout during the afternoon.

Turkey winners were Vowery Throckmorton, Robert Hunt, Gary Harts, H.A. Douglas, Cecil Hart, Jerry Engelking, Susan Head, Pat Vinson, Robert Shafer, Ben Weaver, Tommie Vinson and Steve Wright.

Les Smith and Dick Johnson of 38000th Avenue were in Lubbock recently to attend a study session on the retail selling sponsored by the Retail Merchants Association of the South.

Fred Clements of Muleshoe was among 30 winners of the Southern Division of the Southwestern Public Service Company honor at Tuesday night at a service in the Muleshoe club.

Clements received an award for 21 years' service from Roy Tolk, president of the company, who made all of the awards presentations for periods of service ranging from five to 30 years.

City Council Ends Highway 214 Parking

A lengthy meeting and full agenda took up most of the morning when the Muleshoe City Council met in regular session Tuesday morning. During the first part of the meeting, parking was discussed. Carefully discussed was the elimination of parking on the east side of Highway 214 between Highway 84 and Avenue B.

In other action, the Muleshoe City Council passed a resolution authorizing the mayor to execute copies of the contract between the city and federal government for \$25,000 in federal funds to help construct the new city park in Muleshoe.

A meeting with the Muleshoe Park and Recreation Board was scheduled for Monday, November 23 at 7:30 p.m. to discuss park plans. The proposed library building was also briefly discussed and payment to architect Bill Cantrell for the library building plans was approved.

The council also approved payment of the city's pro rata share of the West Texas Gas Committee in the amount of \$240 for a study conducted during the recent price raise request by Pioneer Natural Gas Company.

Payment for paving the alley behind the Muleshoe City Hall was deferred until Ralph Douglas, who acts as the city engineer, could appear before the council.

Cont'd. on Page 2, Col. 1

Local Groups To Sponsor Guest Speaker

The Muleshoe Support Your Local Police Committee and the Muleshoe Community Club will jointly sponsor a special meeting at the American Legion Hall at 1500 West Avenue B on Tuesday, Nov. 24, at 7:30 p.m.

Bob Frias of Odessa will be special guest speaker and will be speaking on "Community Relations."

The two groups sponsoring the special meeting are all interested citizens to attend the meeting. No admission will be charged.

Muleshoe Club Aids Destitute Local Family

When the Muleshoe Community Club was organized two weeks ago, it was formed for the purpose of maintaining local friendships, good relations with all groups and to help when and where necessary.

The club got their first opportunity during the past few weeks to help a destitute family made destitute by illness of the father and head of the household, Ramon Mendoza, married and father of six children, was taken to John Sealy Hospital in Galveston for treatment of a severe kidney ailment. This followed a lengthy illness in Muleshoe before he left for the specialized hospital.

Rev. Larry Henry made arrangements for the transfer of Mendoza to the Galveston hospital, but no provisions were made to support his family of seven left behind.

During the regular meeting of the Muleshoe Community Club last week, \$30 was collected for the family during the meeting. This was followed by a special collection handled Sunday 1 to 5 p.m. through the Nee Cont'd. on Page 2, Col. 4

Tax Collections Pass 65 Percent

Members of the Muleshoe Independent School District School Board considered and discussed a number of items pertaining to the schools during their regular meeting Monday night.

With President Carl Barnert absent, Vice President John Juffer was in charge of the meeting in the school administrative office.

BOARD members heard the current tax report and learned that 65.14 percent of the current taxes have been collected and heard a report that income from football is \$1,800 less than the same time last year, because of schedule changes and no income from Boys Ranch.

After paying current bills, the members considered and approved changing the accounting system for the school over to a new system in accordance with Texas Education Agency requirements.

According to a report given, students in the four Muleshoe schools have circulated a total of 16,372 books during the current year, with an upward swing of more than 2,000 books over the number checked out by students in September of this year.

In a textbook committee to consider and recommend new textbooks for the four schools was approved and a discussion was held on school personnel and some personnel who are in the retirement age bracket.

Maintenance projects discussed included approving installing acoustical material between classrooms in Mary DeShazo Elementary and junior high school; repairing dividers in boys' restrooms at high school; installing partitions in the school business office and painting and trimming doors at the vocational building at high school.

Continuing a downward trend, the enrollment at the four local schools is down 45 students from last year, according to a report given at the meeting.

The board approved re-estimating three new school bases for the 1971-72 school year and studied, discussed and approved a new free lunch policy, that will meet the new standards of the National School Lunch Act. The policy will be sent to the Texas Education Agency for approval before becoming effective.

In final action, board members decided to allow two band Cont'd. on Page 2, Col. 4

Veteran Forecaster Is Weekly Winner

Well, he finally did it! Veteran football forecaster L.C. "Shorty" Roddam came through with a winning football card at last. In previous years, he was sure to be up near the top, if not in the top spot for the weekly "Back The Mules" football contest, but had slowly receded into the background leaving the field wide open for new names.

He was the only person in the contest for the past week to miss only one football game and was 13 points off on the tiebreaker SMU-Arkansas game. He missed the South Carolina-Duke game.

Second place winner was Jim Small, who missed the UCLA-Washington and South Carolina-Duke games. He was six points off on the tiebreaker. The third place winner, Mrs. Cecil Durham was also off on two games. She missed the UCLA-Washington game and the Colorado-U-Oklahoma State game and was eight points off on the tiebreaker score.

Other persons missing two games, and their tiebreaker scores included: Debbie Engelking, 12; Tracy Cowan, 12; Wayne Peterson, 12; Ricky King, 12; Ruth Brinson, 12; Mary Watkins, 12; Terry Pollard, 12; Harold Cowan, 12; Richard Engelking, 12; Mrs. E.E. Engelking, 12; Kenneth King, 12; and Richard Hawkins, 24.

All the rest of the contestants missed at least three games for the contest last week.

Beta Sigma Phi To Sponsor Drug Program

The Alpha Zeta Phi Chapter of Beta Sigma Phi will sponsor a drug program at Muleshoe High School auditorium on Thursday (today) at 7:30 p.m., according to an announcement by EC student Mrs. Tom Flowers.

Chief Bob Kerr of the United States Army Recruiting Service, stationed at Clovis, will present a water film entitled, "A Trip To Where." This film will depict various symptoms of drug addiction.

The same film will be shown to Muleshoe High School students, beginning during this week's class.

Mrs. Flowers said there is no admission charge and the public is urged to attend the timely meeting.

Cont'd. on Page 2, Col. 5

'Unity' Symbol Of Water, Inc. Growth Effort

Unity! That's the essence of the Water, Inc. trademark.

A symbol of four drops of water always appears with the organization's name. Three of the water drops are interconnected with a symbolic meaning, or meanings. In one of the meanings, the interconnected drops signify "local, state and federal" efforts combined in water resource development. The other meaning is symbolic of the three states involved in the area served by Water, Inc., Texas, New Mexico and Oklahoma.

The single drop standing to the right stands for unity and the combined efforts of the three in either meaning.

In the word, "Water," the "W" and the "A" are joined together, and the "T" and the "E" are joined, symbolic of canals linking the area served by Water, Inc., and the sources of fresh water.

The original Water, Inc., symbol, there was no comma between "Water" and "Inc.," and the period after the abbreviation was in the opening of the "C". These were design devices and had no symbolic significance. In fact, because of it being misread, recent reproductions of the trademark include the comma and the period has been moved to the normal position.

Rotary Sets Christmas Party Date

The Muleshoe Rotary Club has scheduled the Christmas program for the night of December 15. This announcement was made at the regular meeting on Tuesday.

Earl Harris had the program and discussed the Rotary Foundation. A special collection was taken.

It was reported that the Alley Cats are leading in guests and attendance over the Cat Nippers.

Guests at the meeting included Joe Jones, Hugh Mosely, Charlie Duval, Robert Blackwood, Morgan Norris, Curtis Walker, Dee Clements and Bennie Pacheco.

Annual Turkey Dinner Slated At Needmore

On Saturday night, November 21, the annual Thanksgiving dinner will be hosted by the Needmore Community Club at their club building in Needmore, according to Mrs. Lewis Wayne Shafer.

The popular dinner will feature turkey and dressing and all the trimmings, and tickets are selling for \$1.50 for adults and 75 cents for children.

Serving time will begin at 6 p.m. and will continue until everyone is served.

The Needmore Community Club members have especially invited anyone who likes good, homecooked food to attend the dinner.

such weather. According to the athletic director, the Perryton Rangers is the largest team the Mules will face this year and they are quite strong defensively.

Weather conditions permitting, the Muleshoe Independent School District School Board approved three buses to travel to the Perryton game Friday. In the event weather conditions are good, two band buses and one student booster bus will leave Muleshoe around 7 a.m. Friday for the game.

The Muleshoe Mule bus is expected to leave sometime today (Thursday) and the Mules will spend the night prior to the game somewhere enroute to Perryton.

Muleshoe School Superintendent Neal Dillman said excused absence slips will be given any student who wishes to attend the game, provided he or she has written permission from their home to attend.

We may give advice but we cannot give conduct.
-Benjamin Franklin.

Family...

Cont'd. From Page 1

Anzaldua program on the local radio station. An additional \$138 was collected for the family.

All proceeds were turned over to Aurelio Cuevas, treasurer of the Muleshoe Community Club, who banked the funds for disbursement to the family as needed.

The Club said Cuevas will still accept contributions for the Ramon Mendoza family. He can be contacted at the San Francisco Cafe.

According to a spokesman for the new club, this is just one of the functions of the new club, who say they believe that local problems can be handled on a local basis.

Tax...

buses and one student booster bus to go to Perryton for the final football game of the 1970 season, providing weather conditions permit.

Following other minor discussions, the board was adjourned shortly after 11:30 p.m.

Lethal gas found in silage from blighted corn.

Corn Borer Study To Produce Control

Certain cultural practices this fall can be effective in reducing overwintering populations of the Southwestern corn borer, one of the nemesis of corn producers on the Texas High Plains.

Shredding stalks combined with a thorough job of plowing or disking can greatly reduce the number of overwintering larvae and thereby reduce infestation next year, explains County Agricultural Agent J. K. Adams.

To go along with these cultural practices, Adams recommends early planting next spring plus the use of early maturing hybrids. This gets the crop off to a good start as well as providing for earlier harvesting in the fall, a big plus toward higher yields.

The county agent points out that research in other corn-producing states has indicated that cultural practices over wide areas can greatly reduce corn borer infestations. Several alternatives were used in preparing the land for the next season. By double disking after harvest and allowing the stalks

to weather, the larval mortality was greatly increased. In late winter the stubble was turned under which further reduced overwintering larval populations. This practice made it difficult for the adult moth to emerge in the spring.

In a recent survey one field was checked which had received minimum tillage the previous year. This field had a population of overwintering corn borer larvae of over 100 per cent. In other fields that received cultural practices similar to those mentioned above, infestations were relatively light. If the above research holds true in this area, corn borer populations could be greatly reduced by field disking and breaking later in the season.

The southwestern corn borer begins damaging young corn plants in late spring by feeding on the leaves, explains Adams. Early in the season, plants are often dwarfed or killed by the condition commonly described as "dead heart." Later the pest bores into the stalk, begins tunnel-

ing up and down the pith, and often girdles the stalk. This causes the stalk to weaken and lodge or fall, thereby inflicting heavy grain losses. The larvae spend the winter in the lower stalk and emerge in the late spring as moths to start a new generation.

In-season control has been used in the past with varying degrees of success. A number of in-season control de-

monstrations were conducted this past season in several counties in the area. After the plots were harvested, there was some yield increase but no significant difference between any of the treatments and the untreated checks. Further studies are planned using both chemical and cultural control practices for the southwestern corn borer.

Recent Tax Ruling Affects Land Owners

Frank Rayner, Manager of the High Plains Underground Water Conservation District No. 1, Lubbock, Texas, reported that a recent interpretation of 1959 Internal Revenue Service ruling (number 59-220) could be very important to some property owners in the Southern High Plains area. Basically the new determination deals with the "holding period" that the I.R.S. now recognizes as applying to the estates of the survivors of the decedent.

Rayner gave the following example to illustrate the importance of this interpretation to those inheriting real property in this area. "The I.R.S. holds that land acquired before 1948 did not involve a cost in the groundwater. Therefore a man and his wife who acquired property before 1948 could not claim an income-tax allowance for the depletion of the water beneath their land, that resulted from their using such water to create income. In the past, land

that was acquired before 1948, and belonging both to a husband and wife as community property, was granted a new holding period for the one-half of the estate that passed from the decedent to the surviving spouse. However, that half of the community property already belonging to the surviving spouse was not granted a new holding period, but retained the date of the original purchase."

Rayner noted that the new I.R.S. determination states, "For the purpose of determining the holding period, the surviving spouse's share of the community property would date from the date of the decedent's death." Rayner said, "this simply means that if a husband dies and the widow inherits the deceased's share of the community estate, that the date of the death will be considered as the new holding period for ALL of the land. Where land was bought before 1948, and a husband and wife have not been able to claim an income-tax depletion allowance on groundwater, then upon the death of either the husband or the wife, the surviving spouse can begin to claim the depletion allowance as of the date of the spouse's death. This same new holding period interpretation would also apply to community property now benefiting from the cost-in-water depletion, income-tax allowance program. This is to say that a new cost in water would be assumed for the property at the date of death of either spouse."

Gold Star...

Cont'd. From Page 1

Vinson, Lovetta Black, Sherrill Rasco, Ruth Ramm and Prynness Parkman, clothing awards.

Field crop awards were presented Jimmy Wedel and Dickie Hanks.

Deniece Harrison, Debbie Newman, Glenda Rasco and Diane Crawford all received awards for food and nutrition and Susan Head, Linda Head, Stephanie Brantley and Dan Damm received food preservation awards.

Karen Head was presented the home improvement award.

A number of horse project awards were presented to Terry Wheeler, Kathy Boren, Jimmy Henderson, David Head, Kenny Henderson, Lizan Gunter, Curtis Carpenter, Joie Carpenter, Tim Sooter, Brent Gunter, John Gunter III, Richard Meyers, Clifton Meyers and Danita Throckmorton.

Horticulture awards were presented Clayton Ramm, Mike Pool, Toby Tucker and Danny Jones.

Lisa Mason, Janice Head, Diana Vinson and Judy Layne all received dairy food awards.

Winning electrical project awards were Tami Murray, Benny Floyd and Belinda Throckmorton and Gayla Hooten and Jo Roming were presented dress revue awards. Winners for public speaking were Paul Harbin, Ed Mason and Linda Mason, while Robbie Green was presented a sheep award.

Swine awards went to Alta Ramm, Nicky Bamert, Ross McKillip, Gene Keith Bray, Steve Newton, Randy Pitcock and Kelly Head.

Presented beef awards were Tim Black, Sherman Presley, Ronnie Richardson and Connie Richardson and Kirk Lewis.

For judging, awards were presented Gene Rogers, Connie Floyd, LaVern Carpenter, Gary Hooten, Bryan Brady, Dan Ellis, and Tim Wheeler.

Receiving the tractor awards were Gary Gunter, Edwin Watson, David Watson and Kenneth Fender and a rabbit project award was presented Lusky Green.

One special award, a General Foods Cook Book, was presented Linda Head.

A large crowd of Bailey County residents and special guests attended the achievement banquet.

In heavier soils, nitrate nitrogen which is readily available to plants can accumulate so that less nitrogen fertilizer or sometimes none at all may be needed for the next crop. Looking at the other side of the coin, if the nitrate nitrogen level is extremely low and you have a high yield goal for 1971, the test will suggest a heavy nitrogen application rate.

In addition to nitrate nitrogen, seven other tests are made on each soil sample. If a soil test is to be meaningful, laboratory values must be interpreted by professionals who are familiar with the soils and management practices for the particular area.

County Agent Boosts 1971 Soil Tests

An ideal time to collect soil samples for analysis is at the end of the growing season, according to County Agricultural Agent J.K. Adams. If you wait until spring when other field work is pressing, you may not get around to it. And this could be a costly error.

Soil testing, like other technical agricultural techniques, has changed considerably in recent years with respect to laboratory facilities, explains Adams. For example, the Extension Service's Soil Testing Laboratory at Lubbock now determines nitrate nitrogen with special equipment.

In heavier soils, nitrate nitrogen which is readily available to plants, can accumulate so that less nitrogen fertilizer or sometimes none at all may be needed for the next crop. Looking at the other side of the coin, if the nitrate nitrogen level is extremely low and you have a high yield goal for 1971, the test will suggest a heavy nitrogen application rate.

In addition to nitrate nitrogen, seven other tests are made on each soil sample.

If a soil test is to be meaningful, laboratory values must be interpreted by professionals who are familiar with the soils and management practices for the particular area.

This Is The Age Of The Book

MULESHOE HIGH SCHOOL . . . Silhouetted against the windows of the Muleshoe High School library are Mrs. Judith Harlin, librarian, and Terry Gunter, a senior at MHS. For Book Week, the MHS library featured a streamer across the room stating: "This Is The Age Of The Book! November 15-21, 1970".

National Book Week Observed By Schools

The Muleshoe School Libraries are observing the 51st National children's Book Week, November 15-21. The theme for this event is "This Is The Age of the Book."

The idea of Children's Book Week is to promote the enjoyment and use of books. This idea originated with the late Franklin K. Mathews, Chief Librarian of the Boy Scouts of America, in 1919 the first Book Week was celebrated. Now it is observed by adults and children everywhere in the 50 states and overseas wherever the U.S. has service personnel.

Posters, bulletin boards and other media will be used by the librarians to make students aware of the many books, magazines, and reference materials that are available through the four central libraries.

Mrs. Judith Harlin, Muleshoe High School librarian, reports that 1279 fiction books, 3,291 non-fiction books and 2450 magazines were checked out during September and October of this year.

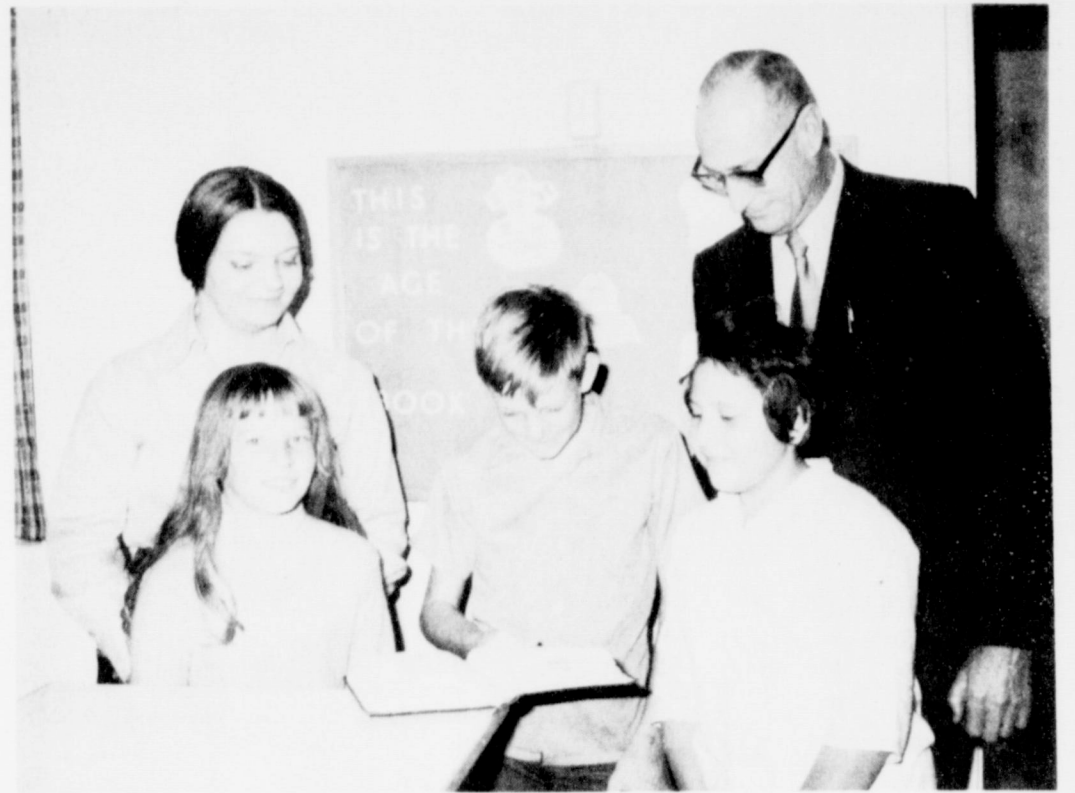

Mrs. Pauline Griffin, Muleshoe Junior High School librarian, said that 3178 fiction books and 1677 non-fiction books were checked out the first two months by junior high students.

In the elementary libraries Mrs. Sharron Jordan, librarian at Richland Hills Elementary School, reports that 1871 fiction books and 1323 non-fiction books were circulated.

Mrs. Esther Marie Dillman, librarian at Mary DeShazo Elementary School, reports that 2489 fiction books and 1210 non-fiction books were checked out.

The total audio-visual materials circulated in the two elementary schools were 198, which included tapes, records, filmstrips and films.

The total circulation for the four schools for September and October is as follows: 8,817 fiction books and 7,501 non-fiction books.

RICHLAND HILLS ELEMENTARY . . . Glancing at one of the many reference books in the Richland Hills library are left to right, Mrs. Sharron Jordan, librarian, Montaine Smith, Ross Feagley, Bonnie Pedroza and the principal, Milton Oyler. "This Is The Age Of The Book" was the theme used throughout the four school libraries.

MARY DE SHAZO ELEMENTARY . . . Admiring the bulletin board in the Mary DeShazo library are left to right, Mrs. Neal Dillman, librarian, Diane Morgan, Starla Block, Joey Blair, Kelly Harrison, Arnold Madrid, Rebecca Gatewood and Tammy Williams. The students are in Mrs. Finley's third grade class.

Mrs. Jones, Mrs. Free Form Own 'WPA Club'

Mrs. Ola B. Jones, a long time resident of Muleshoe, and now living in the Littlefield Hospitality House, still retains her well known sense of humor. She and her roommate, Mrs. Vera Free, call their room the "WPA Club Room", meaning "Will Piddle Around". Mrs. Jones recently had surgery to remove cataracts from one of her eyes and Mrs. Free is paralyzed in her right side and cannot use her right hand or walk without her left leg in a brace. But that doesn't stop their piddling. Mrs. Free, who was right handed before a stroke 14 years ago, became a "lefty" and does intricate embroidery and handwork. Mrs. Jones makes yarn and net covered clothes hangers in spite of the fact that prior to surgery on one eye she could not distinguish objects or colors.

The "WPA Club" is self-supporting as far as buying material to work with is concerned, and anything left over is used for personal needs, such as having their hair fixed and buying postage stamps or making "little donations to first one thing and then another".

One of Mrs. Jones' favorite projects is Lubbock Christian College. Last week Mrs. Robert Blackwood and Mrs. D.O. Burelsmith stopped by the "WPA Clubroom" to pick up

Mrs. Jones' and Mrs. Free's items they had prepared for the gift fair conducted each year by Lubbock Christian College Associates. They delivered three boxes of hangers, soap pillows and tree decorations to be sold at the gift fair.

Mrs. Jones taught school in Muleshoe for nine years, in addition to several years in surrounding areas. Mrs. Free moved to the home from Abilene. Mrs. Jones says she taught school 30 years before retiring in 1961. Her starting salary in 1918 was \$75.00 per month, the 75 year old woman said, adding "I've come a long way, baby."

MULESHOE JUNIOR HIGH . . . Pictured in front of the gaily decorated door of the Junior High library are L to R, Ricky Hayes, David Head, Max DuBose, Robert Martin, and Gary Gunter, kneeling, Mark Benedict, Billy Barry, and Kevin Smith. These students are all sixth graders at Junior High.

Sgt., Mrs. Mayer Have Daughter

Sgt. and Mrs. Richard Mayer are the parents of a baby girl, Sheila Janelle, born November 9. She weighed eight pounds and two ounces.

Mrs. Mayer is the former Doris Horsley and Sgt. Mayer is presently stationed at Royal Thai Ubon AFB, Thailand.

Grandparents are Mr. and Mrs. D.K. Horsley of Muleshoe and Mr. and Mrs. Jack Mayer of Pendleton, Oregon.

Young Homemakers Meet, Plan Projects

The Muleshoe Young Homemakers met Thursday, November 12, in the Muleshoe High School Home Economics Department with Mrs. Elmer Downing, president, presiding. She opened the meeting with a Thanksgiving poem and reported that Mrs. Robert Hunt was in Dalhart organizing a Young Homemakers chapter. This is one of the duties she performs as Area I second vice-president.

Mrs. Jay Harbin, substituting for the scheduled speaker, Mrs. Robin Taylor, who was ill, presented the program on the topic of management. She showed cartoon slides illustrating various areas of management in the home. She then concentrated on food management and menu preparations and passed out mimeographed sheets listing basic food groups and a check list for proper breakfast menus. A question and answer period followed.

For the December project, the club plans to adopt a needy family for Christmas. Mrs. Bobby Free and Mrs. Jimmy White are to present a list of names for consideration at the next meeting.

The next meeting will be the Christmas social which will be held with the Young Farmers December 10 at the Home Economics Department at 7:30 p.m. Mrs. LeRoy Hughes and Mrs. Willie James head the social committee which will plan the party.

Mrs. Jimmy Black reported that the finance committee had already received orders for 32 cakes to be baked by the members as the November project.

The Club voted to contribute \$10 to the Muleshoe Nursing Home Parlor Fund to buy tulip bulbs. Mrs. Downing represented the homemakers in helping to plant the bulbs November 6.

The FHA and Young Homemakers will work together in making a float for the Muleshoe Christmas parade.

Members present at the meeting were Mrs. Elmer

Downing, Mrs. Charles Hamilton, Mrs. Jimmy Dale Black, Mrs. Jimmy White, Mrs. Kenneth Powell, Mrs. Bobby Free, Mrs. Willie James, Mrs. LeRoy Hughes, Mrs. Kay Melton, and guests, Mrs. Jay Harbin and student teachers, Miss Kathy Waltman and Miss Kathy Hill.

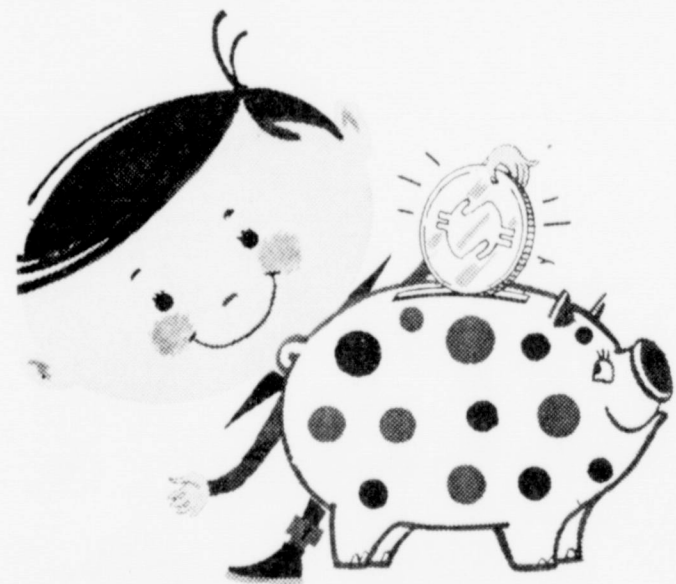

Past Matrons Attend Meeting

One hundred and sixty-eight members attended the meeting of West Texas Past Matrons and Past Patrons Association, of District 2, Order of the Eastern Star, in Plainview, Saturday evening, November 14. A Thanksgiving dinner was served, and an interesting program was given.

Mrs. Robbie Yates, past Grand Matron, of the Grand Chapter of Texas, Order of the Eastern Star, installed the following officers for 1970-71: President, Mrs. Ailene Tilson, Plainview; First Vice-President, Mrs. Studie Beth Hancock, Amarillo; Second Vice-President, Mrs. Janie Sims, Petersburg; Secretary-Treasurer, Mrs. Ada Jackson, Borger.

Attending from Muleshoe were: Mrs. Frank Hinkson; Mrs. Glenn Lust; Mrs. Willie Strong; Mrs. John Farley and Elizabeth Harden, all past Matrons of Muleshoe Chapter No. 792.

The next meeting of the Association will be in February, in Abilene.

TEACHER AIDES . . . Six teacher aides in the Muleshoe Independent School System are, left to right, Miss Connie Mora, Mary DeShazo, Miss Ofelia Garcia, P.E. aide, Mary DeShazo, Juanell Gable, Mary DeShazo, Miss Cordy Velasquez, Mary DeShazo; Frances Minckler, Mary DeShazo; and Joyce Puckett, P.E. aide, Richland Hills. These aides help the teachers in their classroom work, supervise children and give individual help to students.

Teacher Aides Of The Book

Since Muleshoe has the Migrant Program, teacher aides have been employed to assist in this program in Richland Hills, Mary DeShazo and Junior High Schools. Physical education aides have been employed for the two elementary campuses.

In Richland Hills Elementary School, three teacher's aides work in the Migrant Program.

Mrs. Rosella Gonzales, a bilingual person, assists Mrs. Ellen Glover in the migrant kindergarten.

Mrs. Manuel Balderas, also bilingual, assists the teachers who have migrant students and does supervisory jobs under the supervision of the teacher, Mrs. Balderas is beginning her third year in Richland Hills.

Mrs. Clarence Weeks works with children in the fourth and fifth grades.

Joyce Puckett is employed this year as a full time physical education aide, and works with all the children.

At the Mary DeShazo Elementary Miss Connie Mora, a Muleshoe High School graduate, assists Mrs. Donald Prather in the Migrant kindergarten.

Miss Cordy Velasquez who has worked in the program two years, works with Mrs. Raymond Schroeder in the second grade oral language stations. Mrs. Juanell Gable assists

RICHLAND HILLS AIDES . . . Assisting at Richland Hills Elementary School with the Migrant program are, left to right, Eddie Mae Weeks, who works with fourth and fifth graders; Rosella Gonzales, assisting in the kindergarten; and Janie Balderas, beginning her third year at Richland Hills doing supervisory work under the supervision of the teachers.

Enochs News

By Mrs. J.D. Boylston

Mrs. C.N. Byars visited a few days in Roaring Springs with her sisters, Mr. and Mrs. Avery Payne and Mr. and Mrs. Ira Hull, also her husband's brother, Mr. and Mrs. Gerald Byars.

Dward Price from Yuba City, Calif. spent Saturday night in the home of Mr. and Mrs. C.R. Seagler. He is a cousin of the Seaglers.

Mr. and Mrs. E.F. Campbell and Mrs. Gale Simpson left for Houston Tuesday to attend the funeral of Mrs. Campbell's brother, Ervin Bownds, of Houston. Funeral services were Wednesday, Nov. 11, at the funeral chapel at Rock Dale and burial was at Pleasant Hill Cemetery.

Mrs. Alma Altman spent a week in Kansas for a visit with her sisters, Mrs. Katie Isaac who is in a Rest Home at Mound Ridge, Kansas, Miss Agnes Toews at McParsion, Kansas; also a brother, Abe Toews at Wilton, Kansas. She visited her daughter, Mr. and Mrs. Kenneth Millsp in route home. She returned home Friday.

Mrs. Edd Autry is visiting with her son Mr. and Mrs. Gene Autry and children at Rocharon.

Guests in the home of Mr. and Mrs. J.B. Vanlandingham Saturday were her granddaughter and husband, Mr. and Mrs. Mike Dorman of Lubbock.

Mr. and Mrs. G.R. Newman visited Mr. and Mrs. Orbe Phillips last Saturday. He was in the Methodist Hospital for five weeks following a pickup accident and is now at home. They also visited Mr. and Mrs. M.L. Carpenter.

Mr. and Mrs. Earl Bryant, from Paradise, Calif., spent the weekend with his brother, Mr. and Mrs. W.M. Bryant, and attended church with them at the Enoch Baptist Church Sunday.

Mr. and Mrs. Claud Coffman and Mrs. W.L. Speck of Muleshoe

shoe accompanied by Mrs. J. D. Bayless drove to Lubbock Thursday to be at the bedside of a nephew, Jimmie Swanner who had surgery at 10:30 a.m. in West Texas Hospital. He was in surgery three hours and 13 minutes and is still in intensive care. He was in a one car accident in May of 1950 and was a bed patient for three years, and in a wheel chair for 17 years. He has a Camera Repair Shop at 4503-34th St. in Lubbock. He worked on Camera's, Projectors and Electric Flash. He is improving but will be in intensive care a few more days.

Mr. and Mrs. G.R. Newman visited her daughter, Mrs. Mildred Reasoner at Needmore Tuesday and also visited her son, Mr. and Mrs. Bobbie Joe Newman at Muleshoe, Wednesday.

Sunday guests in the home of Mrs. Alma Altman were her children and grandchildren, Mr. and Mrs. Kenneth Coats, Keith and Kim, of R.R. 2 Morton; Deanna Coats of Clovis, N.M.; Dwight and Steve Byrum and a friend, Karen Theoford of Tucuman, N.M.; Forest and Duwayne Baker of Morton; and Mr. and Mrs. Kenneth Millsp and Kenna Louise of Clovis, N.M. were guests Saturday.

Mrs. George Autry was admitted to the Methodist hospital in Lubbock, Sunday afternoon for tests and observation.

Mr. and Mrs. Chester Petree were in Lubbock, Sunday to visit their sons, Mr. and Mrs. Kenneth Petree and Mr. and Mrs. Dannie Petree and children.

The Enoch Baptist Women met at their regular time Tuesday for Mission Study. The meeting opened with a song, "America", led by Mrs. Chester Petree, a prayer by Mrs. W.M. Bryant and Mrs. B.B. King gave the book "Taiwan". Mrs. Tony McKinney led the closing prayer. There were 14 present, Mrs. H.B. King, Mrs. J.E. Layton, Mrs. Harold Layton, Mrs. L.E. Nichols, Mrs. Chester Petree, Mrs. J.O. Dane, Mrs. T.W. Layton, Mrs. W.M. Bryant, Mrs. Guy Sanders, Mrs. C.R. Seagler, Mrs. J.D. Bayless, Mrs. J.B. Vanlandingham, Mrs. Tony McKinney, Mrs. Dale Nichols, and one visitor Mrs. Clara Childers.

YL WSCS Meets With Mrs. Head

The YL WSCS met Tuesday, November 10, at 10:00 a.m. in the home of Mrs. D.B. Head for a special study presented by Mrs. Bobby Newman on communications.

After the program, a salad luncheon was served. Mrs. D.B. Head read a letter requesting each member to donate 10 cents in order to get a gift for outgoing conference president, Mrs. Cecil Matthews. It was mentioned that Mrs. Matthew's husband, the Rev. Cecil Matthews, had once been pastor of the YL Methodist Church. It was his first pastorate after his seminar training. The Society voted to contribute to the gift.

Mrs. Bobby Newman read a letter from the Heart and Hand House Methodist Mission in the Appalachian area. Ladies voted to send two dollars apiece, which is the price of the customarily exchanged Christmas gift, to the house.

Mrs. Aaron Mitchell was elected as secretary of spiritual life following the resignation of Mrs. Leon Lewis.

The Muleshoe WSCS asked if the YL WSCS would like to help with the expenses of planting flowers or bulbs at the Muleshoe Nursing Home. It was decided to contribute five dollars.

The December meeting will be the Christmas social held December 8 at the home of Mrs. Bobby Newman.

Those present for the meeting were Mrs. Dottie Witterding, Nora McCormick, Mrs. Bobby Newman, Mrs. D.B. Head, Mrs. John Bickel, Mrs. Aaron Mitchell and Mrs. J.C. Gatewood.

Good judgment includes knowing the proper joke to tell on every occasion.

Muleshoe Study Club Has Program On Orient

The Muleshoe Study Club met Thursday, November 12, 1970 at 4:00 p.m. in the home of Mrs. R.O. Gregory with Mrs. G.L. Splawn as co-hostess.

The theme of the program was "Travel". Mrs. R.F. Wright, director, introduced Mrs. Frank Ellis who took the group on a tour of Japan, Hong Kong and other stops along the route in the Orient. She narrated while showing slides of the trip her husband and she took while on the tour to the Lions International Convention in Japan in 1960. Mrs. Ellis also had a display of things purchased on the tour which everyone enjoyed.

Mrs. G.L. Splawn, the president, announced that there will be a call meeting Monday, November 30, at 4:00 p.m. in the

Poetry Society Meets Monday

The Mule Memorial Chapter of the Poetry Society of Texas met in regular session on Monday night, November 16, at the Chamber of Commerce office.

The meeting was called to order by its president, Marion J. McDaniel. Discussion was held on the poetry booth which the Mule Memorial Chapter presented at the Fine Arts Festival held here in Muleshoe on November 14 and 15. One hundred and fourteen guests registered at the poetry booth which featured numerous poems by local poets.

A Christmas party was planned for December 21, at 8:00

Kappa Kappa Iota To Meet Thursday

The Iota Conclave of Kappa Kappa Iota will meet Thursday, November 19, 1970, at 7:00 p.m. in the home of Mrs. Eric Smith, 1810 West Avenue H., Muleshoe.

A Beautiful Balloon is the inspiration for this season's newest ideas in holiday decorations: the inflatable Christmas tree! The tree comes in various heights; is fire-resistant and lightweight; and folds flat for storage.

JUNIOR HIGH AIDE . . . Theresa Cabrera is the teacher aide for Muleshoe Junior High this year. She assists Mrs. Barbara Milburn and Mrs. Georgia Pena in the Junior High Migrant Program.

HARBIN PRESENTED PLAQUE—Joe Harbin of Bailey County Electric Cooperative Association, is pictured receiving a plaque from Bailey County Agent J.K. Adams. The plaque was presented 'in appreciation for services rendered' to the local 4-H groups. Presentation was made at the 4-H Achievement banquet Saturday night.

A comparative study of the "cotton margin" and "blend margin" realized by textile mills over a 38 month period has led an Arizona marketing specialist to conclude that "...arguments favoring a lower selling price for cotton are ignoring reality."

The study was made and published, respectively, by C. Curtis Cable, Marketing Specialist, and George Alstad, Editor, Extension Service and Agricultural Experiment Station, University of Arizona, Tucson. "Cotton margin" is defined as the difference between the price paid for a pound of raw cotton and the price received for the fabric obtainable from a pound of raw cotton. "Blend margin" in the study was figured as the difference between the price paid for a pound of blend fiber and the price received for the resulting 65 percent polyester and 35 percent cotton product.

Muleshoe FFA To Attend District Banquet

As of September, 1969, a pound of cotton fiber at the mill door cost 24.76 cents and the finished product from that fiber sold for 68.79¢ -- a cotton margin of 44.03 cents. On the same date a pound of blend fiber at the mill door cost 49.94 cents and the fabric value was 109.46 cents -- a blend margin of 59.52 cents.

Thus, according to the study, mills in September, 1969, realized 15.49 cents more gross profit from 65-35 blends than from all-cotton fabrics. The difference between the two profit margins over the 38 months was a great as 38.20 cents in January, 1968, and as small as 6.03 cents in June, 1967. But the margin disparity was 15.49 cents or greater in 26 of the 38 months studied, and was above 15 cents for all except one month of the last two years.

Cable and Alstad concede that "if during the last three years the difference between blend mill margin and cotton mill margin had been no greater than the 6 cents of June, 1967, efforts to 'reduce the price of cotton to mills and make it more competitive' might have had a reasonable chance of succeeding."

But with the margin difference of 15 cents or more that has prevailed for the past two years, "cotton growers would have to reduce their costs and selling prices by 15 cents per pound to make the all-cotton margin equal to, or as attractive as, the blend margin." Cotton fiber, then, would have to sell at the mill door for less than 10 cents per pound.

Schools included in the Lubbock FFA District are: Cooper, Crosbyton, Frenship, Idalou, Levelland, Lorenzo, Coronado, Estacado, Monterey, New Deal, Patton Springs, Ralls, Roosevelt, Ropes, Shallowater, Slaton, Smyer, Spur and Suldown. High Schools in the Littlefield District are: Amherst, Anton, Bovina, Bula, Farwell, Friona, Lazbuddie, Littlefield, Morton, Muleshoe, Pep, Spade, Springlake, Sudan, Three-Way, Whiteface and Whitharal.

Each chapter is expected to have two voting delegates and a sweetheart for the contest.

ON OCEAN DUMPING
President Nixon plans to ask the next Congress for legislation to control the dumping of waste in the oceans. Russell E. Train, chairman of the Council on Environmental Quality, which recommended this policy, said it was announced now to warn industry and municipalities of the proposed legislation.

Thermal pollution of Lake Michigan fought.

Harmon Highlights

Three Top Ranked Games Set Saturday

That triennial rivalry football Saturday has arrived. However, instead of one rivalry game, there are at least three big ones. The two undefeated powers, the Big Ten, fourth-ranked Michigan and fifth-ranked Ohio State, meet in Columbus for the conference championship. Notre Dame, rated third this week, faces another challenge as it hosts eighth-ranked L.S.U. And in the Big 8 Conference, with the title on the line, Nebraska, the nation's new Number Two team, tangles with Oklahoma. The Buckeyes say it won't happen again, referring to last year's upset loss to the Wolverines. Michigan is just as determined to make it two in a row. And, in spite of Ohio State's home field advantage and possibly the stronger motive for winning - revenge (which can sometimes backfire), we'll pick Michigan to win the big one by six points.

When the Mighty Irish kick off to the Mighty Tigers in South Bend, it'll be the first gridiron meeting in history between the two schools. Neither, however, plan any getting-acquainted niceties. Notre Dame should prove its higher ranking, winning by five.

The fur flies thick and heavy whenever the Cornhuskers face the Sooners. Regardless of the rankings, Nebraska will get a stiff test from Oklahoma. The Cornhuskers, dreaming of oranges and an undisputed Big 8 title, should clip the Sooners by 21 points.

A rivalry that sometimes defies all past records is the annual Tennessee-Kentucky fracas. Tennessee is sixth, Kentucky is ornerly. If the Wildcats don't get too out-of-sorts, the Volunteers will win by 22.

Stanford can wrap up its Pacific Eight title all by its lonesome with a disposal of California. The Indians, rated 10th this week, will bundle up the Bears and the title, winning by 12 points.

Rated just in or just out of our Top 20 all fall, the Red Raiders of Texas Tech will be at home against seventh-rated Arkansas. The R.R. of T.T. have been beaten only twice, and their raiding weapons are aimed to knock off the once-beaten Razorbacks. However, Arkansas should survive by 19 points.

Undefeated Arizona State, in our top ten for the first time this year - number nine, will stop New Mexico by 13 points. Washington (wow), number 15, will do a little bombing of Washington State . . . by 37 points. And finally, we're picking Colorado to upset the 12th-ranked Air Force by just a point.

Panhandle Cattle Feed Still Grows

COLLEGE STATION--Texas cattle feeders on last October 1 reported 1.4 million head on feed, 8 percent more than on October 1, 1969. The Texas Crop and Livestock Reporting Service in the same report said that nationally the increase was only 3 percent.

Ed Uvacek, Extension livestock marketing specialist, said the report showed that feeding continues to show the most growth in the northern part of the Panhandle with declines now developing in the northeast and Gulf Coast areas of the state. More than one million head were on feed October 1 in High Plains feedlots, he said.

Uvacek noted that Texas reported 264 feedlots with capacities of 1,000 head or more on October 1 and that they held 1.4 million head of cattle. These large feedlots have a total capacity of 2.4 million head at one time; thus, only 59 percent of their available capacity was in use on October 1.

The October 1 report, pointed out the specialist, showed that 80 lots were empty. Utilization of the 184 active feedlots was at 66 percent of capacity, Uvacek said.

Texas feedlots placed 788,000 head on feed during the July-September quarter, down 3 percent from the same period a year ago. Operators reported intentions to market 796,000 cattle during the last quarter of 1970, about 10 percent more than a year ago. Uvacek said that short-feds were excluded in both marketing figures.

Nationally, on October 1, 1970 there were 10,382,000 head of cattle and calves on feed in the 22 major feeding states, 3 percent above a year ago. Placements during the July-Sept. quarter were just over 6 million head or 7 percent more than for the same period in 1969. Cattle feeders in the 22 states plan to market 5.8 million head during the last quarter of 1970, 3 percent more than last year, Uvacek noted.

THREE WAY HOMECOMING FLOAT--The three way students had a float to take their homecoming queen contestants and football hero contestants out onto the field in cold, wintry weather last Friday night. Here the wind blown contestants are shown immediately prior to the coronation ceremonies.

At Muleshoe Junior High Why I Am Thankful

At Jr. High, the journalism class is sponsoring an essay contest. The essay is to be entitled "Why I Am Thankful." The contest started November 12th and will end Wednesday the 28th.

Grand prize is a free annual and first runner-up will get free F.B.I.'s the rest of the year.

The names of the winner and first runner-up with their essays will be in the paper next week.

The journalism class hopes everyone will participate.

Science Project Workshop Draws MJHS Teachers

Mrs. Eldon Page, Junior High earth science teacher, and Mrs. John Watson, Curriculum Director, attended a two day demonstration workshop November 11-12 at Estacado High School, Lubbock.

Joseph Hackstein, biological science consultant, and Tom Slater, science consultant, both from the Texas Education Agency, were the leaders.

Thirty science teachers from the Region XVII Area attended this workshop and constructed models of contour lines and fossils, classified rocks, and did several experiments as outlines in the new TEA "Eighth Grade Earth Science Guidelines."

HE FOUND A HOLE--Don West, with the ball, makes a good runback as a tough Mule downs a Canyon Eagle, James Boyce, on a kickoff return at the Muleshoe-Canyon game last Friday night. The Mules lost the game to the Eagles, 7-0, but the entire game was a defensive action thriller with two stubborn teams keeping the opposing team held back effectively.

Proof Positive
Never question your wife's judgment--look who she married.

No two people ever thought alike, and it takes some individuals a lifetime to find that out.

What has become of the ancient and respected doctrine that people should earn what they enjoy?

Farmer's Union Proposes Draft

A twelve-member Program Committee has completed its work on a proposed draft of the 1971 Policy Statement for Texas Farmers Union. The committee, meeting in Waco last week, wrote into the program draft some of the key issues which will be debated at the state convention in Amarillo December 3-5.

Some of the points of controversy which are expected to spark debate on the floor of the convention include the group's position on state legislation to limit corporate farming, Farmers Union's continued support for commodity checkoff programs to support research and promotion, limitations on federal farm payments, state regulation of utilities, state taxation, postal service to the rural areas, and recommendations relating to the administration of the Nixon farm bill, if it passes Congress.

Members of the Program Committee, who will present the new policy recommendations at the Amarillo convention are: Albert Krosta, Wharton, Chairman; Mrs. Larry Witton, Olney; Jim Wilson, Dalhart; Roscoe Morrison, Winters; Jerome Dorotik, El Campo; Harold Edwards, Silverton; Wayne Knox, Haslet; Joe Rankin, Ralls; Mrs. Max Carrier, Roby; Walter Wilde, San Angelo; Charles Maddux, Waco, and Henry Harnly, Pampa.

The Farmers Union state convention, the organization's 67th, will headquarter at the Holiday Inn West in Amarillo. The three-day meeting will feature speeches from state and national legislative figures and farm leaders. Those speakers who have accepted invitations to address the convention include: Governor Preston Smith, Senator Ralph Yarborough, Representative Bob Price, Rocky Mountain Farmers Union president Charles Hanavan, Canadian Union Farm president Paul Babe of Alberta, Canada, National Farmers Union communications vice president Stan Weston, and National Green Thumb director, Dr. Blue Cranstoun.

Other activities announced for the three-day convention meeting include the presentation of the annual Farm Press Awards to radio and press representatives. Membership achievement awards will be presented to individuals and counties that have accomplished membership requirements.

Young people attending the convention will hear from National Farmers Union director of education, Mrs. Flossie Nikkel of Denver, during a convention brunch, and will be entertained with special activities, including a fun party after the adjournment of the convention on Saturday night.

The ladies will be treated to an afternoon excursion, including a visit to a major attraction of the pre-Christmas sea-

The Muletrain Junior On Sale To Students, Others

It's annual time in Junior High. The Journalism class is forming the second edition of the Muletrain Juniors. The annual will have a padded cover and will contain 48 pages. These pages will have pictures of the students and their activities. The annual will cost \$3.50. Their will be an installment plan for the students who can't pay the full price all at once.

The journalism class consists of eight students and their sponsor. The annual and sports editor is Pricea Young, assistant annual editor is Linda Hernandez, activities editor is Judy Dearing, class editors are Jan Hartlin, Carey Suddeth and Trent Stewart, Administration editors are Debbie Millsap and Vicki Redwine and their sponsor is Mrs. H. Moore.

Speech Class Presents Own Patriotic Theme

By Journalism Class
M.J.H.S. attended an assembly Wed., Nov. 11th.

The assembly started with a prayer and the pledge to the flag.

Mrs. Davis' eighth grade speech class presented a story of how America got started. It was written by Mrs. Davis and her class. She had each of them write a poem or story of anything having to do with America. She also got some of the parts from her earlier experiences in teaching Speech.

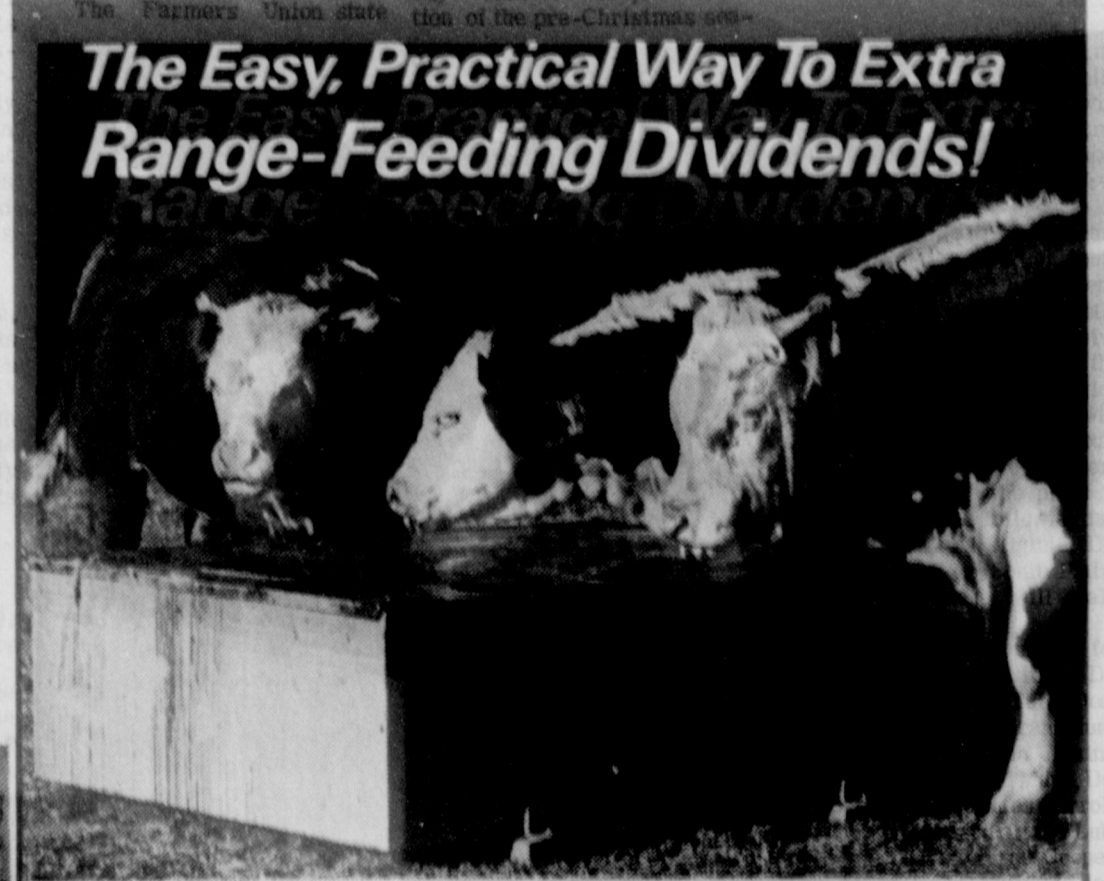

The assembly ended with everyone singing "God Bless America". This same assembly was also given to Richland Hills P-TA on Monday afternoon.

Shy of Gas
Dentist's Daughter--"Well, dear, have you asked father for my hand yet?"
Shy Sutor--"No. Every time I step into his office I lose courage. Today I allowed him to pull another tooth."

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- Freshman state legislators received some sobering news in their first orientation conference before the legislative halls open on January 12.

About 30 legislative newcomers turned out for the two-day schooling in the capital city. Major state officials and agency heads functioned in the role of professors.

In addition to warnings that money and legislative redistricting problems lie ahead, young lawmakers got word that welfare cuts are virtually certain early next year.

Welfare Commissioner Burton Hackney reported this grim news on the plight of his agency. He announced that "unless an emergency appropriation is made early in the upcoming legislative session, we still face the prospect of cuts in Aid to Families with Dependent Children and/or medical assistance in the first few months of 1971."

Commissioner Hackney added that "even with an appropriation that would take us up to the annual ceiling on state money for public assistance, we can predict the need for a cut in AFDC grants by June if the rolls continue to grow as they have."

Texas' constitution sets a ceiling of \$80 million for financial assistance to welfare beneficiaries. Hackney said he has asked \$96 million for fiscal 1972 just to cover the present level of public assistance checks.

House Speaker Gus Mutscher urged the freshmen to utilize the formula of "knowledge, cooperation and understanding" in the work ahead.

Further schooling for lawmakers is ahead at a University of Texas special orientation program.

COURTS SPEAK

State Supreme Court has agreed with the federal court's finding that three key sections of Texas' obscenity law are constitutional. But it skipped ruling on two other sections and ordered the Wichita Falls court to move ahead with its case against a theater showing "stag" movies.

In other rulings last week, the high court held that:

- *In spite of mandatory retirement provisions of the constitution, retired judges over 75 may be assigned to hear special litigation and be paid as "visiting judges."
- *Appeal of an Abilene attorney whose license was suspended after conviction for conspiracy to defraud should be turned down.
- *Judgment of \$600,000 favoring a Dallas bank in a loan dispute with a Denton County man is valid.
- *It should hear on January 13 the Getty Oil Company appeal from a lower court finding that the firm must lower its pumping units which are interfering with the irrigation system of a Gaines County farmer.
- *A Garland widow should get a hearing on December 16 on her suit to collect \$20,000 in life insurance on her deceased husband.
- *Court of Criminal Appeals refused to lower the 99-year prison sentence given a San Angelo man in a car-bomb killing.
- *A Dallas woman should not be jailed for contempt for not complying with a court order to deliver obscene film over which she had no control.

COURT APPOINTMENTS DUE

Gov. Preston Smith soon will have two appointments to make to the state's highest courts.

Judge Clyde E. Smith, 73, of Woodville has announced that he will resign his seat on the State Supreme Court on December 31.

In his letter of resignation, Judge Smith urged state constitutional revision of the judiciary system -- or at least thorough overhaul -- to make it possible for a central authority to force underworked judges to go where they are needed to equalize caseloads.

After January 1, the Governor also must name a successor to Judge John F. Onion Jr. of the Court of Criminal Appeals. Next year the San Antonio judge moves up to presiding judge of the Appeals Court, vacating the seat he held as a regular court member since 1967.

Two years remain in the terms of both these judges.

ATTORNEY GENERAL RULES

Atty. Gen. Crawford C. Martin has held that a person calling for a local option wet-dry election in a subdivision that has not held one in a year is not required to make a deposit with the county clerk, and any such deposit collected should be refunded.

In other recent opinions, Martin concluded that:

- *Banking corporation stock, in a firm not doing business in the state on January 1, 1970, is not taxable for ad valorem tax purposes for 1970.
- *Texarkana is not disqualified for an airport building grant from Texas Aeronautics Commission because it owns an airport facility jointly with Texarkana, Arkansas.
- *Current Texas Tourist Development Board chairman remains in office until the expiration of his term as a board member. Board will then elect a new chairman.
- *Harrison County Commissioners Court can pay for the defense of its sheriff and two deputies in a civil rights action filed in South Dakota.
- *A corporation doing business as a detective agency must file a surety bond or insurance policy with the Secretary of State.

DRAFT CALL

A December draft call of 489 was announced by Col. Charles M. Duncan, acting state Selective Service director.

Local boards will fill the call with men having random sequence numbers one through 160 -- as far as possible. Some with higher numbers may get called by some local boards.

Quota is Texas' share of the national total of 7,000 men, all for the Army. Inductions are set for December 1-17.

On December 31, all men in 1-A, 1-A-O or 1-O with numbers lower than the highest reached during the year by their own local boards will be assigned to an extended priority selection group for call during the first quarter of 1971. Those with a higher number than the highest reached will be assigned to the second priority group for 1971.

SCHOOL FOOD PROGRAMS NOTED

Governor Smith notified 1,182 school superintendents that he wants all Texas pupils to have full access to food programs.

He called attention to food services and equipment made available through the National School Lunch Act as mandatory on Jan. 1, 1971. Smith said that

Three Accidents In This Area Mar October

hungry children are vulnerable to malnutrition's effect on growth, ability to learn and general intellectual performance.

NEW JOBS ASSIGNED

Marvin F. London of Montague was named by the Governor as district judge of the 97th judicial district, succeeding Louis T. Holland, resigned.

Governor Smith appointed Dr. David Waid of Austin, commissioner of the Department of Mental Health and Mental Retardation, as administrator of Interstate Compact on Mental Health.

SHORT SNORTS

Outgoing Land Commissioner Jerry Sadler, who banned miniskirts and long sideburns, gave his official endorsement to pants suits as women's office attire.

This year's cost of the minimum school foundation school program will top \$1 billion, an increase of \$233.7 million over last year.

Governor's migrant task force will hold its first meeting here on November 23.

Criminal Justice Council has looked over 29 action grant applications totalling \$1.1 million.

Texas' personal income rose three per cent in September, University of Texas Bureau of Business Research reports.

injured in collisions with motor vehicles. Some of the attributing factors are: early hours of darkness, bad weather, drinking intoxicating beverages, holidays, and lack of drivers' and pedestrians' attention.

The veteran patrol supervisor listed some tips to aid both pedestrians and drivers. Always wear something light colored when walking after dark. If possible, carry some kind of light and walk on the left side of the road facing traffic. If you have a dark colored raincoat or overcoat, put a strip or two of reflectorized material across the back and front when walking on the street or highway.

SIGNS PUBLIC WORKS BILL

President Nixon signed a \$5.2 billion public works appropriation bill, but said "there was too much pork in this barrel!" He remarked that many of the projects covered would benefit some interested group while being of little value to the people generally.

NOVEMBER BIRTHDAYS . . . Celebrating birthdays this month at the Muleshoe Nursing Home were, left to right, Mrs. Nettie Wiseman, who is 79; Mrs. Leota Wilterding, also 79; and Mrs. Sarah Harris who is 80 years old this month. The November birthday party was sponsored by the Mary Martha Circle of the Women's Society of Christian Service.

Mrs. McKinstry Attends All-Day Piano Workshop

Mrs. Sam McKinstry spent most of Monday in Clovis attending the New Mexico State Music Teachers convention. The convention was held in Clovis this year with headquarters in the Holiday Inn.

The convention was hosted by the Clovis Music Teachers Association and co-hosted by Eastern New Mexico University in Portales.

Mrs. McKinstry met with Mrs. Dorothy Doll, the dean of the National Guild Cirriculum.

She attended the highlight of the convention - an all day piano workshop, conducted by Dr. William Gillock, well known for his contribution to music.

Helping The Police

In all modern societies which have broken down and suffered revolutions large segments of the people have been turned against the authority of the state. In a democracy this authority is represented in the persons of law enforcement officers, who enforce the laws of freely elected representatives of the people.

Law enforcement officers do not, of course, make laws; they are not responsible for them. They have the duty to enforce them and they must be enforced if there is to be order and progress in society. In recent years some of those discontented with the pace of progress or with American institutions, a minority, have resorted to attacks on policemen or the bombing of police stations.

Attorney General John Mitchell and twelve representatives of the nation's police chiefs recently agreed on recommendations to be submitted to President Nixon in an effort to combat terrorist bombings and attacks on policemen. They include among other things increased aid from the FBI to local police departments under terrorist pressure. They reportedly also include new laws in some areas providing stiffer penalties for attacks on policemen.

There should be no doubt about the seriousness of the campaign of attacks on law enforcement officers in this country. Respect for the law, and those who enforce it, are fundamental necessities for the functioning of a free society. Without it, that society is in mortal danger.

NEWS NOTES

APOLLO 14 READIED

Cape Kennedy--The Apollo 14 moonship has been mounted on its Saturn 5 rocket. The three-section spacecraft has been moved from the manned spacecraft operations building to the vehicle assembly building. Apollo 14 astronauts Alan B. Shepard, Stuart A. Roosa and Edgar D. Mitchell are scheduled for launch to the moon Jan. 31.

POPE ON CEASE-FIRE

Rome--Pope Paul VI has asked that "all must pray" for an extension of the cease-fire in the Middle East. The Pope warned that a resumption of fighting between Israel and Arab states might lead to the involvement of other powers in a test of strength.

NEW SPEED DEVICE

Woburn, Mass.--A camera tripped by a timing device to take pictures of speeding motorists as they pass is now being tested by the Massachusetts Registry of Motor Vehicles. The device, developed by LTV Aerospace Corp., Dallas, Tex., is claimed to be burglar-proof

and bullet-proof and uses a cassette capable of taking 1,000 pictures a day.

DIALS WITH TONGUE

Seattle--Dr. Glen E. Deer, told police he used his tongue to dial an operator for help after two men tied him up and robbed his home of \$11,000 in cash, guns and jewelry. Dr. Deer said after the men left he snaked across the floor, knocked a telephone off its stand, and tongue-dialed the "O" for Operator.

HAMSTERS AND DRUGS

Canyon, Tex.--Birth defects or malformations in the early embryonic development of the hamster is being used in research to show the dangers of drug usage. For the past year Dr. Prentice Alvin Caraway, 54, has been conducting laboratory tests at West Texas State University in an attempt to determine dosage effects of drugs used by the mother.

SERGEANT DRAFTED

Houston--Charles V. Hopkins received a letter recently from his local draft board in

"OKAY NOW LET'S WORK TOGETHER FOR TEXAS"

All letters to the Editor of reasonable length are welcome and will be published. Letters to the Editor must be signed, however, names will be withheld upon request.

NEWS REPORT FROM WASHINGTON

The Elections-- Standoff in Congress-- A G.O.P. Gain-- A G.O.P. Loss--

Washington, D.C.--A careful analysis of the November elections, taking into consideration claims of liberals that the Nixon Administration suffered a striking defeat, and White House claims of a major victory, shows the congressional outcome to have been a moderate G.O.P. triumph. This triumph was probably more than offset, however, by state house and gubernatorial losses, though it is difficult to measure the plus against the minus, for the effect of sizeable Democratic gains on the state level is a problematical measurement, pertaining largely to 1972. The White House was genuinely pleased with the result

in the Senate, where several G.O.P. seats were added at the expense of some highly irritating Administration opponents, such as Charles Goodell in New York and Albert Gore in Tennessee. And it is true that Democratic House gains (8 or 9 seats) were less than is considered normal, by historical measurement, in off-year congressional elections.

Thus the outcome in the congressional contest was a G.O.P. victory, if not a smashing victory a significant one because the Nixon Administration was seriously handicapped by the recent state of economy, primarily lower profits, higher unemployment and continuing inflation.

Considering the fact that it was an off-year election with the economic picture against them, Republicans were fortunate not to lose heavily. Obviously the law and order theme and deescalation in Vietnam worked for the President. On the state level, on the other hand, G.O.P. losses might prove to be serious in the 1972

Congressman And Farmers To Stage Meet

Congressman Bob Price said today that he has made arrangements for several Panhandle area farmers to meet with Secretary of Agriculture on November 20 to discuss the feed grain sales policy of the Department's Commodity Credit Corporation (CCC).

"I have been greatly disturbed by the effect of the announcement that the sale of CCC feed grain stocks will be made has had on the prices received by farmers of our area," Price said.

"For this reason, I have asked Secretary Hardin and his principal assistants to meet with a group of farmers from our Panhandle region," he added.

Price noted that he has been assured by Secretary Hardin that it is not the purpose of his department to drive down the price of feed grains.

"I hope this meeting on November 20 will result in solving the problem of disposing of government-owned grain in a manner which is satisfactory and fair to all parties."

"I want to assure all farmers and businessmen of the Panhandle that I share their concern with the ever present threat of government grain disposal and will be exploring means of changing the law to alleviate this problem if it cannot be solved by administrative action," the Panhandle congressman said.

election, when Mr. Nixon is expected to run for reelection. Apparently the Democrats gained eleven governorships, which leaves Republicans with only 21 chief executive posts for the 1972 race, rather than 32.

By any measurement, this is a blow, because state administrations can do much between now and election day in 1972 to help a presidential candidate. The Democrats also registered major gains in state legislative power. This means that redistricting in many states will follow a pattern favorable to Democratic candidates--redistricting necessitated by the 1970 census. This will mean an edge for some Democratic congressional candidates in 1972.

In the South the G.O.P. campaign was something of a failure, partly because of the entrenched strength of Democratic machines in many Dixie states. The success of Democratic moderates in this area will

special article--

Democrats Ponder The 1972 Question In Electoral Wake

One result of this month's elections is to boost the hopes of Democrats for 1972. Ed Muskie's supporters are seizing upon the good reception of the Maine Senator's television reply to President Nixon on the law and order theme at the end of the campaign as a lever to push the lanky, likeable New Englander into the front-running spot. They have had some success.

Former Vice President Hubert Humphrey also won reelection and by a good margin. He is saying little about the 1972 race except that he would accept the call if it came again. He must be seriously considered in speculation about 1972 because he served as Vice President and because he made a surprisingly strong race, in tough circumstances, in 1968.

There are Democratic newcomers to Washington who will be watched closely, Adlai Stevenson of Illinois and John Tunney of California among them. Since the Democratic Party is the traditional nominator of Catholics (though each party has its appeal in this field), Tunney would never be considered a potential running mate with Muskie, Ted Kennedy or any other Catholic, since two Catholics on the ticket would be politically unsound.

Stevenson could be a potential second-spot choice with a Muskie or Kennedy and Tunney might eventually be considered with Humphrey or someone else. Ted Kennedy and Gene McCarthy, other Democrats, are also Catholics, so at the top level of nomination speculation (though neither Kennedy nor McCarthy appears to be a major contender in 1972) there are few strong and promising Protestant potentials.

Religion, of course, has historically been a major political consideration and is still not overlooked but is not as important as it once was.

Of the Dixie Democrats who might be considered potential second-spot nominees, the handsomest is South Carolina's Ernest Hollings, who has the charm and personality to make a national television appeal, though he is currently involved in a divorce. But divorce like religion has not hurt candidates in recent years--witness the success of Nelson Rockefeller in New York.

Hollings could eventually run on a Kennedy ticket. And if economic troubles continue to plague the Nixon Administration and the outlook for Mr. Nixon in 1972 becomes grim, great pressure could be brought to bear to get Kennedy into the 1972 scramble by his supporters--pressure resulting from the fear that another leader was about to emerge victorious in the 1972 election and thus have the party standard won for the next eight years.

likely mean pressure to put a moderate southerner on the 1972 ticket.

WHO KNOWS?

1. Who was known as "Mr. Republican"?
2. What did the term "52-20" mean to G.I.'s of World War II?
3. What ex-President organized the University of Virginia?
4. What city in the United States is referred to as "the birthplace of the nation"?
5. How many of Joe Louis' 68 boxing matches were knock-outs?

6. What is the difference between translucent and transparent?

Answers To Who Knows

1. The late Senator Robert A. Taft, of Ohio.
2. A term used by G.I.'s for the \$20 per week unemployment compensation which they were entitled to for 52 weeks after demobilization.
2. Thomas Jefferson.
4. Philadelphia, Penna.
5. Fifty-five.
6. Translucent is transmitting light without diffusion.

'CAR CAPITAL OF THE WEST PLAINS'

Nikita's Memoirs

As Moscow reports were telling of the confinement of Nikita Khrushchev to his bed because of what was said to be a heart condition recently, Time Incorporated announced it was publishing the former Russian Premier's reminiscences in serialized form, later this month.

Because considerable secrecy and speculation surrounded the announcement, interest in the memoirs is great; it is generally believed, however, that publication of the book in the west has the approval of the Soviet Government, or at least a major faction of the Russian leadership.

If that be true, the book might be almost wholly typical propaganda, perhaps intended as a source of foreign exchange. There is a chance, of course, that the book will contain revelations, as some who have read the manuscript claim.

It is rare to read the memoirs of a former Russian Communist leader and while the book must be read keeping in mind its propaganda purpose, it will be of value in several ways in analyzing the Soviet Union and the flamboyant leader who launched Russia on the path of peaceful coexistence with the West, though with bombastic words and threats.

All persons having claims against said estate, which is being administered in the County below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law.

My residence and post office address is: 209 West Ave. E., Muleshoe, Texas.

Dated this 16th day of November, A.D. 1970.

(s) C.R. Farrell, Independent Executor of the Estate of Hazel Farrell, deceased No. 931, in the County Court of Bailey County, Texas.

LEGAL NOTICE

ORDINANCE NO. 94A

AN ORDINANCE PROHIBITING THE PARKING OF VEHICLES ON A PORTION OF STATE HIGHWAY 214 (SOUTH 1ST STREET) IN THE CITY OF MULESHOE, BAILEY COUNTY, TEXAS, PRESCRIBING A PENALTY, AND PROVIDING FOR PUBLICATION.

WHEREAS, The City Council finds that for the preservation of public peace, property, health and safety requires that parking should be prohibited on the East side of Highway 214 (South 1st Street) from U. S. Highway 84 to East Avenue B; NOW THEREFORE:

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

SECTION 1. THAT it shall hereafter be unlawful for any

THE FAMILY LAWYER

"No Pets Allowed"

When the Scotts rented a new apartment, they took it for granted that their dog Rover would be as welcome as they were. But soon after they moved in, the landlord called their attention to the "No Pets Allowed" clause in their lease.

Unwilling to give up either the dog or the apartment, the Scotts

person, firm, or corporation, to park any vehicle within the area hereinafter defined at any time of the day or night.

SECTION 2. THAT portion of street restricted to the regulations mentioned in Section 1, is as follows:

East side of State Highway 214, also known as South 1st Street, between U.S. Highway 84, also known as American Boulevard and East Avenue B. This will include that part of State Highway 214 abutting Lots 1 and 22 in Block 5, Original Town Addition of the City of Muleshoe.

SECTION 3. Any person, firm, or corporation violating any provision of this Ordinance shall upon conviction, be fined in any amount not to exceed \$200.00.

SECTION 4. The City Secretary is hereby authorized and directed to cause the publication of this Ordinance in the Official Newspaper of the City of Muleshoe at least twice within fifteen (15) days after its passage.

AND IT IS SO ORDERED, PASSED AND APPROVED THIS 17th DAY OF NOVEMBER, 1970.

(s) Irvin L. St. Clair, Mayor, City of Muleshoe.

ATTEST:

(s) Brenda C. Ballew, City Secretary, City of Muleshoe.

(s) Norman Bays, City Attorney, City of Muleshoe. -471-2ttc

determined to fight. In a court hearing, they offered this argument to the judge:

"Rover happens to be a quiet, well-behaved animal who never bothers a soul and never does any damage. Of course, if he should

cause trouble, we would gladly take full responsibility. But in the meantime, enforcing this no-pets rule against us would be arbitrary and unfair."

Nevertheless, the court held that a landlord may reasonably be concerned not only about noise, and not only about damage, but also about the likelihood that other tenants might want to keep pets too.

Generally speaking, the law gives a landlord broad discretion with regard to pets on the premises. In fact, even if no restrictions are spelled out in the lease, he may still be able to take legal action.

Thus, another landlord won an eviction order against an elderly woman who harbored no less than 25 cats in her small apartment. Even though pets were not mentioned in the lease, the court said 25 cats were simply a matter of common sense—23 cats too many.

On the other hand, a landlord may lose his enforcement rights by "going easy" on a tenant for a substantial period. In one case, a landlord tried to evict a tenant after permitting him to keep a parrot for almost four years.

In these circumstances, the landlord was held to have waived the rights he had under the lease. The court said that, even though the lease plainly said "No Pets Allowed," the landlord's inaction spoke louder than words.

GIFFORD-HILL'S 360 SPRINKLER SYSTEM

Beautiful days oft times come at the wrong time. You might just as soon see a gentle, soaking, half-inch rain. But because Mother Nature isn't always as dependable as she might be, Gifford-Hill has stolen some of her thunder.

The electrically powered 360 sprinkler system lets you schedule your own rain. The exclusive sprinkler spacing concept applies the same amount of water at one end of the system as it does at the other. No puddling. No runoff.

The 360 goes in either direction, uphill or down. It will water a quarter-circle, a half-circle, any portion of your field with the exact amount needed. And the positive gear drive motor lets it move only when you want it to.

You should have a 360. On those beautiful sunny days, you'll have everything going for you, including the rain.

Gifford-Hill & Company, Inc.

rounds out a beautiful sunny day
