### CD Coordinator Resigns Position

Longtime Bailey County Civil Defense Coordinator Earl Ladd Sr., has resigned. In a letter to Bailey County Judge Glen Williams, Ladd cited 'personal reasons' for submitting his resignation.

Ladd stated in his letter that he did not feel he would be able to set up a Civil Defense Unit that would work in an efficient manner and asked that he be relieved of responsibility at the earliest possible date and in no event later than June 10, 1971.

He expressed his thanks and appreciation to everyone who cooperated with him during his years as civil defense coordinator of the county and said, "I feel that we in this community need and should have an active and efficient Civil Defense Unit and I offer my full cooperation to you or any one you appoint to continue this work."

Ladd, who has served as Bailey County Volunteer Fire Department Fire Chief for a number of years, indicated to The Journal that he would continue in that position.

When contacted, Judge Williams said that he had received a letter from Chief Ladd indicating that he would

like to be relieved as Civil Defense Coordinator and said that until he had talked personally with Ladd, he would have no statement to make. Judge Williams did say that if Ladd would no longer be the head of Civil Defense in this county, some one else would be appointed as soon as possible.

In Bailey County, the chief job of the Civil Defense Coordinator is to set up and maintain an effective weather warning system, especially during the spring months and early summer when tornadoes roam the countryside. Civil Defense workers, who are all volunteers, become 'weather watchers' when threatening or severe weather is forecast. Almost all members of the Bailey County Volunteer Fire Department serve as members of the local Civil Defense Unit, and most of the fire department members have radios in their private vehicles which are 'tied in' at the local fire department headquarters.

During severe weather, the civil defense workers track suspicious or threatening clouds, often surrounding the cloud with mobile units and

### Fake Money Passed At Two Drive-Ins

During a recent 'spree' by several persons, who have since been apprehended in Colorado, Muleshoe escaped bogus \$20 bills which turned up in a wide area, including Littlefield.

However, during the past weekend, Muleshoe did not escape the counterfeit bills, and at least two have turned up here. One of the bills was taken at the Marathon Drive In (formerly Pattie's) and the other at Bill's Drive In. Both of the drive in restaurants are located on West American Blvd.

First indication that phony money had been passed in Muleshoe came Monday when Sheriff Bob Stevens of Clovis (Curry Co.) called Bailey County Sheriff Dee Clements to check on a local merchant, Bill Collins, who owns and operates Bill's Drive In.

Collins had gone to Clovis to purchase some supplies and said the first thing he knew, the Curry County sheriff was tapping him on the shoulder and asking to see 'all his money.' Collins had taken the phony \$20 sometime Saturday from a customer. He had unknowingly paid for a purchase in Clovis with the bogus \$20.

Then, at 3:20 p.m. Monday, a local bank called the sheriff to report receiving a counterfeit \$20 in a deposit from the Marathon Drive In, located at 2100 West American Blvd. It was believed that the second counterfeit bill reported had also been passed sometime Saturday at the drive in.

Sheriff Clements issued a warning to all local business firms to watch carefully for the phony \$20s. All the identification numbers on the counterfeit money are reported to be the same, and are K29973226B. This is the same identification number on counterfeit \$20 bills reported from Clovis, Portales, Littlefield and Hereford who have been victimized by the counterfeit or his possible accomplices.

Four of the bogus bills turned up in Portales and at least two were reported in Clovis.

A search for a tall and stocky man, wearing western style clothing, has been underway in the area since the first bills were reported by Portales police Saturday afternoon.

Apparently hitting real fast, the man allegedly passed the four bills in Portales, then two

Clem Peden

### Vice President Assumes Office At Tri-County

Clem Peden, a native of Marshall, has moved to Muleshoe where he assumed the position of vice president of Tri-County Savings and Loan Association on Tuesday, June 1.

Peden and his wife, Jacqueline, have two sons, Mike, 10 and Mark, nine years of age. The two sons will be in Muleshoe late Friday after they play their final Little League game. In Muleshoe, the boys have already become members of two local Little League Baseball teams.

Mrs. Peden is a granddaughter of Mr. and Mrs. Oscar Barton of 902 South Main in Muleshoe. The Pedens are Baptists.

According to Don Harmon, president of Tri-County Savings and Loan Association, Peden has spent several years in the finance business and holds stock in the local association.

Harmon also said Tri-County will still have local ownership. Directors serving the association include Alex H. Williams, Frank Ellis, Linda Murray and Clem Peden, with Harmon continuing to serve as president and chairman of the board.

## Weak Muscle Disease Goes Undiagnosed

around muleshoe with the journal staff

Weekend guests in the Cecil Davis home included J. A. Glenn and his daughter, Ann Glenn, Lubbock; Mr. and Mrs. Joe Van Ness, Slaton; Mr. and Mrs. Carl Guess, Farwell; Mr. and Mrs. Joe Jesko, Friona; Mr. and Mrs. Walter Jesko, Michigan City, Ind. and Mr. and Mrs. Arthur Askew, Muleshoe.

Miss Glenn was a schoolmate of Mrs. Davis.

David Dillman, son of Mr. and Mrs. Neal B. Dillman was among 18 history students who became charter members of the McMurry College chapter of Phi Alpha Theta this spring.

He was classified as a junior at the time of the organization of the honor society this spring and is majoring in history and minoring in English.

Mr. and Mrs. Johnny Schneider of Cozad, Neb. are visiting this week in the home of her parents, Mr. and Mrs. Buck Creamer.

Mrs. Clea Williams attended the graduation exercises of her son, Randy at Albuquerque last Friday.

He was one of 934 graduating seniors at Sandia High School.

Clarence Alubs, Jr., son of Mr. and Mrs. Clarence Alubs of Pep, and son-in-law of Mr. and Mrs. Tommy Galt of Goodland, was placed on the Dean's Honor Roll at Texas Tech University for the spring semester having maintained a 4.0 average for the term. He is doing undergraduate work in chemical engineering.

### Ethiopian Duo Visits Friends In Muleshoe

Avo Sevadjian and Mardig Sevadjian, both of Addis Ababa, Ethiopia, visited in Muleshoe last Monday.

They said Addis Ababa is the capitol of Ethiopia where Avo Sevadjian is in charge of a shoe factory, tannery and farm. Mardig Sevadjian is a student at Fresno State College where he is majoring in business and minoring in agriculture.

The duo are friends of Linda Logan and Jane Logan, daughters of former Bailey County Agent Sam Logan. In Muleshoe, they visited with F. W. 'Chief' Jones and Harold King.

The Logan sisters said their parents live in Zaria, Nigeria. Linda plans to work for six months in a veterinary parasitology department in Nigeria before entering veterinary school at the University of Georgia in January and Jane will return from a 45 day trip to Nigeria to Texas A&M in September where she will be enrolled as a freshman.

There are only two Myasthenia Gravis Chapters in Texas. One located in San Angelo, The Concho Valley Chapter, and the other in Hale Center, Texas, The Northwest Texas Chapter, of which J. E. McVicker is president. McVicker is an MG victim, having had the disease several years, but is currently in remission. There is also a drug bank located at the Hi-Plains Hospital Pharmacy

where the necessary drugs needed to treat MG can be bought.

A chapter member said much has been done in the field of research to try to find a cure for this mysterious disease, but more funds are needed. There is a Memorial Fund set up to honor loved ones still living, or those deceased. Memorials can be sent to Mrs. J. E. McVicker, Muleshoe or Mrs.

Fred Hubbard, Cotton Center, Texas. Memberships in this worthwhile effort are appreciated, and needed to further the search for a cure for Myasthenia Gravis.

Bettie Fruits, Associated Press news writer reports, "There are millions of women who suffer mild cases of myasthenia gravis and are crossed 'off as neurotics," said Dr. J. E. Tether, director of the MG Clinic at Indiana University Medical Center, who explained that MG means 'serious muscle weakness.'

According to Tether, "It's estimated that there are between 50,000 and 500,000 undiagnosed cases of myasthenia gravis in this country and perhaps many more people suffering from a frequently unrecognized, milder form of the disease.

"When the doctor told me I had MG, the words meant nothing to me, so I wasn't particularly worried," said Robert Church. "Then a friend looked it up in an old medical dictionary

### Industrial Advisor Speaks To Rotary

Tuesday, June 29, was set as officer installation night for the Muleshoe Rotary Club. The date was set at the Rotary meeting Tuesday at noon.

Guests at the meeting included Mike Spearman, Monte Spearman and Herbert Dyke. Jess Winn had the program and introduced Bob Mills, Amarillo, as guest speaker. Mills is with Pioneer Natural Gas Company and is in public relations agri-business and industrial development.

Mills spoke on the energy crisis that now exists and explained that gas supplies in the northeast are not adequate to supply gas to the north and east. He spoke of the brown outs, black outs and slowdown of power.

Adding that that section of the country is presently going through a transition period from coal, gas and electricity, Mills commented that it is due to new pollution laws and ecology regulations.

Mills further explained that an industrialist in New Jersey told of not being able to open up in that area due to a lack of natural gas.

As the agri-business specialist pointed out, Pioneer Natural Gas has a 20 year supply based on last years figures. "However," added Mills, "competition, in order to maintain this posture in industry has resulted in higher cost and an increase in gas rates.

"Pipeline companies, in an attempt to acquire gas for eastern markets, have been making fantastic pay now, take later offers to Texas gas producers.

"Pioneer Natural Gas and Southwestern Public Service both have adequate supplies of energy for this area," commented Mills, "which in turn makes it attractive for new industry and energy users." He added that both the power and gas companies can supply industry as well as show adequate reserve figures.

"People up east," he stated, "have no conception of life in the Panhandle - South Plains

areas" as he described that it is common for people in metropolitan areas to spend two hours going to work each day and two hours returning from work each day.

Mills has done extensive work with both the Muleshoe Area Industrial Foundation and the Muleshoe Area United Fund.

### Rev. James Humble New Minister At Nazarene

The Nazarene Church of Muleshoe has acquired a new minister. On June 6, Rev. James W. Humble, preached his first sermon at the local Nazarene Church. He and Mrs. Humble are moving here from Clarendon.

The Humbles are the parents of seven children and have 13 grandchildren and said all of the children are grown and live away from home.

He was born in England and grew up in Canada. He and Mrs. Humble are both graduates of the Canadian National College of Winnipeg, Manitoba, Can. and said he has done graduate work since 1939 at Northwest Nazarene College in Nampa, Fla.

Rev. Humble said he has traveled extensively in evangelism in the United States, Canada and the British Isles.

### Library Gets Book Collection Through Grant

Muleshoe librarian Anne Camp has been notified that Muleshoe Area Public Library has been selected to receive a collection of 134 books plus an encyclopedia for use in its program to serve Spanish-speaking library patrons. The materials are being provided under a federal Library Services and Construction Act Title I grant administered by the Texas State Library.

Dr. Dorman H. Winfrey, director and librarian, announced that the collections were placed on the recommendation of Katherine Ard, director of the Library's Field Services Division.

One of fourteen libraries receiving the collections, Muleshoe Area Public Library was selected because it already has a program underway in which the materials can be utilized. In addition, a member of the staff participated in a workshop on service to Mexican Americans.

The first group of books included 67 titles. An additional 67 titles plus the encyclopedia will be sent later. Total value of the collection is \$715.

Books in the collection include both entertainment and information.

"Entrenamientos Radioelectricos" is included as well as Dr. Seuss's "el Gato Ensombrado." There are several books on infant and child care plus "Por Que La Guerra de Vietnam."

### Jaycees Boost Sale Beef, Pork Tickets

"Check your refrigerator and freezer very carefully," said Glen Stevens, "and see if your beef and pork supply isn't a little low.

"Then think of vacationing family and friends who will be visiting and will need to be fed. After that, check the price of meat in all the supermarkets and stores."

Stevens added, "Then wouldn't you like to be one of the four lucky winners of a beef half or pork half when the Jaycees hold their drawing for the winners on Saturday, June 19."

The drawing will be held in conjunction with the Businessmen Activities Committee drawing for the Dad's Day fishing or ski rig on the parking lot at the Bailey County Courthouse at 2:30 p.m.

Stevens, who is the Jaycee chairman of the project, said that approximately 1,000 tickets have been purchased to date for the beef and pork. The beef was provided by Gene McGlaun of Chow-Tex Feed Lot and Joe and Charles King of Western '66' contributed a swine. Vance Wagon of the Muleshoe Locker is processing the beef and pork. Wagon has the steer and said it appears to be a very good

### Safety Awards Are Presented Pipeline Crew

Awards for on-the-job safety performance were presented to employees of Natural Gas Pipeline Company of America, during a program Wednesday, June 9, at the company's Goodland facilities.

The awards are presented annually to employees and work crews in 10 states in recognition of individual and group achievement for having worked safely during 1970 without experiencing a disabling injury from a job-related accident.

The Goodland transmission department was honored for having no disabling accidents during 1970. This marks the third consecutive year the crew has worked safely.

quality meat. The pork will be processed Monday.

The tickets are \$1 contributions to the Stegall-Muleshoe Opportunity Plan, Inc. which is dedicated to Leroy Stegall, a former math teacher at Muleshoe High School.

The Stegall-Muleshoe Opportunity Plan was designed to aid local students in furthering their education beyond high school.

It was emphasized that all contributions to the Stegall-Muleshoe Division of Opportunity Plan, Inc. are loaned only to Muleshoe students according to their need, without regard to race, color, creed or their scholastic standings. A number of local youth presently attend college through the plan.

### Autopsy Result Not Available On Finch Baby

Results of an autopsy performed on three-month-old Johnny Ray Finch, infant son of Mr. and Mrs. Willie Lee Finch, were not available by press time Wednesday morning.

Bailey County Justice of the Peace Morris Nowlin ordered an autopsy on the infant after he was pronounced dead on arrival at 2 a.m. Monday, June 7 at West Plains Memorial Hospital in Muleshoe. He had been brought to the hospital by his parents who live on a farm nine miles east of Muleshoe.

The infant was preceded in death by his twin sister, Wanda Kay Finch, who died a month and a day after their birth. She died in Northwest Texas Hospital in Amarillo on Saturday, March 20, and hospital officials had ruled that she died of a brain hemorrhage.

The twins were born February 19, 1971 in Dimmitt. Funeral services are pending at Singleton-Ellis Funeral Home in Muleshoe.

Survivors other than the parents include a brother, Scotty Alexander, of the home; and grandparents, Mr. and Mrs. Marvin Lewis, Muleshoe and Mr. and Mrs. Robert Finch, Dimmitt.

DOING HER PART--Mrs. Howard Elliott does her part in the current Clean-up, Paint-up, Fix-up campaign. She is pictured mowing the sweeping lawn at their home. Local residents have been urged to help beautify Muleshoe and help keep it beautiful by chairman Gordon (Corky) Green, coordinator of the campaign.

keeping in constant radio contact with the base station until the cloud has moved out of the immediate area. When a tornado dipped down in the Lazbuddie community, 16 miles northeast of Muleshoe, in Parmer County, in April, 1970, members of the Bailey County Volunteer Fire Department Civil Defense Unit were the first persons in the area, and began checking storm torn farm homes. During the same night, when Whiteface, Whitharral, Plainview, Clarendon and other areas were especially hard hit by tornadoes which roamed the country, other Bailey County Civil Defense members were on hand to assist digging out the rubble and directing traffic.

The fake \$20 bills can be easily identified by persons who check them, according to law enforcement officials. Jackson's hairline is distorted, having smudges in the corners instead of bold and clear lines. The paper has printed marks to simulate silk threads of genuine bills and the seal is said to be too dark a color of green. Officers from the U. S. Treasury Department are expected to be in the area checking for the counterfeit or counterfeiters.

and I darned near fainted! According to the dictionary, my goose was cooked. Well, that was more than five years ago, and I haven't gone to Valhalla yet." Just a few years ago, Church's fears would have been valid, however, MG then was 90 percent fatal. But now the mortality rate is less than 10 percent if the disease is diagnosed

Time isn't so scarce. What is rare is the proper and intelligent use of time.

and properly treated. It can strike almost any age or sex, but it is most often found in women between the ages of 20 and 40 and in men after the age of 40.

The disease is difficult to diagnose, however, and its symptoms may resemble those of multiple sclerosis, muscular dystrophy, Parkinson's disease, brain tumor, drunkenness, malnutrition, epilepsy, vitamin deficiency, low-grade infection or emotional disorders.

One Indianapolis housewife spent a fortune seeking a diagnosis. She received massive doses of Vitamin B-1 to correct continued exhaustion, and eventually was taken to a dentist to

have her teeth extracted. She was still tired. She had her tonsils out - still tired. She then went through a complete hospital clinic workup and was stamped a psychosomatic. It was recommended she see a psychiatrist who finally established the MG symptoms.

"After the diagnosis has been made, the next frustration is dealing with well meaning friends and relatives," said Mrs. Richard Ogden, whose mild condition developed during pregnancy.

"Because people can't see any outward physical defects and I look perfectly normal, they say, 'Well, you look just great! Maybe it's only nerves?'"

There is a national Myasthenia Gravis Foundation, but a serious stumbling block to research and to those patients is a lack of donations. "We've accomplished a lot, but the MG foundation has been called a shoestring crusade," Tether said.

He also pointed out that drug purchases are a tremendous financial burden for many families. "We do have a Myasthenia Gravis Drug Bank at the L. U. Medical Center for mail distribution throughout the United States," he said.

Although the bank helps in cutting costs, physicians and patients agree that "more money is needed."

MR. AND MRS. JERRY RANEY, the former Miss Barbara Gray

## Miss Gray, Raney Exchange Vows

Miss Barbara Ann Gray and Jerry Wayne Raney were married Tuesday night, June 1, at 8:00 p.m. in the Trinity Baptist Church of Muleshoe. Rev. V. L. Huggins performed the double ring ceremony.

Parents of the bride are Mr. and Mrs. James Gray of Muleshoe. The groom is the son of Mr. and Mrs. George Raney of Muleshoe.

The church was decorated with blue and white carnations and white gladiolas.

Musical selections during the ceremony included the traditional "Wedding March" and "The Twelfth of Never". Solo-

ist was Miss Debbie Blaylock of Muleshoe.

Given in marriage by her father, the bride wore a floor length blue dress, overlaid with white lace, featuring an empire waistline. Her veil was floor length. The bridal bouquet was of white carnations.

Maid of honor was Miss Lela Hughes of Muleshoe. She wore a floor length blue dress featuring a square neckline and carried a bouquet of white carnations.

Best man was Tommy Gray of Muleshoe, brother of the bride. Ushers were Ronnie Barrett and Daryl Sprayberry.

Following the ceremony, a reception was held in the fellowship hall of the church. Miss Joyce Raney, cousin of the groom, registered the guests.

The bridal table was centered with an arrangement of gladiolas and candles. A floor arrangement of white gladiolas also decorated the hall.

Serving the guests were Miss Joyce Raney, Miss Debbie Blaylock, Miss Beverly Gray, sister of the bride, and Miss Lela Hughes, all of Muleshoe.

For a wedding trip to New Mexico, the bride wore a street length blue dress with yellow trim. After the trip, they will be at home at 305 West 8th Street, Plainview.

The bride was a sophomore student at Muleshoe High School where she was a member of FHA. She will be a junior at Plainview High School next fall.

The groom is a 1970 graduate of Muleshoe High School where he was a four year member of FFA and the Art Club. He is employed by Wes-Tex Nursery in Plainview.

## Couple Repeat Vows In Enochs

Miss Carolyn Ann Turney of Enochs and Delwin Thomas Newton, also of Enochs, were married Saturday, June 5, in a double ring ceremony read at the Enochs Methodist Church by Rev. Ben Day of Spade.

The bride is the daughter of Myrna L. Turney of Enochs and the groom is the son of Mr. and Mrs. R. T. Newton of Enochs.

The decorations at the church included an archway covered in greenery and centered with carnation bouquets.

Pianist, Mrs. Beverly Turney, sister-in-law of the bride, and soloist, Mrs. Patricia Newton, sister-in-law of the groom, provided musical selections "The Twelfth of Never" and "Whither Thou Goest".

Given in marriage by her brother, Dennis Turney, the bride wore a formal length gown of embroidered lace over wedding white peau de soie. The empire waistline was accented by a white bow of matching peau de soie. The rounded neck line and the wrist length sleeves were both accented by ruffles of embroidered lace. At the back, the dress formed a short train of white lace. The veil of bridal silk illusion was attached to a tiara, covered with seed pearls. She carried a bouquet of white carnations with greenery and white satin streamers.

Miss Sharon Turney, sister of the bride, was maid of honor. Bridesmaid was Iva Noble of Sudan. They were attired in street length empire waisted dresses fashioned of green and white embossed double knit. Headpieces were clusters of white satin roses with an attached veil of matching green net. They each carried a single long-stemmed white carnation with green streamers.

Serving as best man was Steve Newton, brother of the groom. The groomsmen were Dennis W. Newton, brother of the groom, from Bryant, Texas. Seating the guests were L. D. Holt of Littlefield, and Kenneth Turney, Enochs, brother of the bride.

Following the ceremony, a

reception was held in the church. The serving table was covered with a white lace tablecloth over a green cloth. Candles were featured on either side of the bride's bouquet in the center of the table. Streamers with "Carolyn" and "Tom" were also placed on the table. A four-tiered wedding cake, mints, nuts and punch were served to the guests by Terry Claunch and Sheila Medlin.

For a wedding trip to Carlsbad, New Mexico, the bride wore a mint green dress with a white and mint green vest, white shoes and purse. After the trip, the couple will be home at 104 Club View Drive, Levelland, Texas.

## Bailey 4-H Girls Win Second Place At State

Union Goof

At the 1971 Texas 4-H Round-up held at Texas A&M University at College Station, two Bailey County girls won second place in their divisions.

Miss Linda Mason, won second place in Public Speaking. She is the daughter of Mr. and Mrs. Clarence Mason of Muleshoe and has been active in 4-H work for seven years.

Miss Tani Murrah won second place in her division of Clothing Education Activity. For her contest she gave a method demonstration on how to pack a suitcase in order to arrive at a destination without wrinkles. She also discussed how to pack within a minimum weight, and how to choose clothes to be able to be dressed properly at the destination. Miss Murrah is the daughter of Mr. and Mrs. Gordon Murrah and has

been active in 4-H for seven years.

This is the first time for either girl to go to state although Miss Mason was selected last year but could not attend because of illness.

The girls were competing with the first and second place district winners from 12 districts in Texas.

Also going to state this year were Miss Ruth Ramm and Miss Connie Floyd who competed as a team in vegetable preparation. They presented a demonstration of freezing carrots.

Traveling with the girls to College Station were Mrs. Robin Taylor, Bailey County Home Demonstration Agent, Mrs. Clarence Mason, Mrs. Floyd and Mr. and Mrs. Ernest Ramm.

When Mike was fired from his job as a mechanic, the company cited "incompetence" as the reason. But Mike thought the real reason was prejudice. At his request, the union started a grievance machinery in motion. Eventually, the arbitrator ruled against him. But Mike, still not satisfied, decided to file a damage suit against the union itself.

## Hospital Auxiliary Installs Officers

The Muleshoe Hospital Auxiliary met for a luncheon and installation of officers at the XIT Steakhouse Wednesday, June 2.

The luncheon was in honor of Mrs. J. E. McVicker, the new Auxiliary president, and for Mrs. Doyce Turner, the outgoing president.

Following the luncheon, Mrs. Don Harmon installed the new officers: Mrs. J. E. McVicker, president; Mrs. Calvin Embry, first vice president; Mrs. Paul Poyner, second vice president; Mrs. Haney Poyner, third vice president; Mrs. Johnny Prater, treasurer; and Mrs. Gordon Wilson, corresponding secretary.

## Bailey County Horse Clubs To Go To District

The Bailey County 4-H Horse Clubs finished district eliminations on June 6. Those qualifying to go to district on July 7 at Tulsa in their divisions are: halter gelding, Terry Wheeler; halter mare, Tim Wheeler; western pleasure, Curtis Carpenter and Jimmy Henderson; reining, Lavern Carpenter and Bobby Henderson; poles, Benny Floyd and Sherman Presley; and barrels, Connie Floyd and Joie Carpenter.

The vending machines need to be filled several times a week as they are one of the major sources of income for the Auxiliary. The nursing home volunteers are needed to read letters, visit, and help shampoo and style the hair of senior citizens. These are a few of the things the Auxiliary does and they would welcome new members as the service is greatly needed. "You give but little when you give of your possessions. It is when you give of yourself that you truly give" (Kahlil Gibran). For more information call Mrs. Robert Hooten, 272-4829, or Mrs. Haney Poyner, 272-3136. Those attending were Mrs. Robert Hooten, Mrs. Ivan Woodard, Mrs. Don Harmon, Mrs. Dan Cornett, Mrs. Gene McGuire, Mrs. Horace Hutton, Mrs. Harold Allison, Mrs. Calvin Embry, Mrs. J. E. McVicker, Mrs. Haney Poyner, Mrs. Paul Poyner, Mrs. Charles Flowers, Mrs. Royce Turner and Mrs. Richard Chitwood.

**LIBRARY RECEIVES CHECK** . . . Beta Sigma Phi sorority presented the Friends of the Library with a check for \$150.00 to be used to purchase a specific piece of furniture for the new library. Shown are, left to right, Jeff Smith, FOL vice president; Mrs. Wayne Gregory, of Beta Sigma Phi, Mrs. Joyce Shaffer, treasurer of the Friends of the Library, and Mrs. Tom Flowers, past president of Alpha Zeta Phi chapter of Beta Sigma Phi.

## Lazbuddie Young Homemakers Have Family Social

**ENGAGEMENT ANNOUNCED** . . . Mr. and Mrs. J. R. Johnson of Muleshoe announce the engagement and approaching marriage of their daughter, Marsha Jo, to Dennis Wayne Morgan, son of Mr. and Mrs. H. D. Morgan of Muleshoe. The bride-elect is a 1971 graduate of Muleshoe High School. Morgan is also a 1971 graduate of Muleshoe High School and is employed by Tide Products at Clay's Corner. The couple is planning a July 31 wedding at the First Baptist Church of Muleshoe.

## From The Journal's Files

10 years ago, 1961  
Ralph Douglass, Muleshoe city engineer, was employed Monday by Bailey County commissioner court to supervise construction and repair work on paved roads in District I-A.

Olan Burrows, recently of Lovington, has come to Muleshoe to become manager of St. Clair Department Store, Lowell Irvin St. Clair, owner, announces.

Whirlwind political campaign wound up at Muleshoe High School Wednesday with the election of members of the Student Council and cheerleaders. Elected president of the student council was Robert Garlington. Other officers chosen were Dick Allison, vice president; Sylvia Pool, secretary; Wayne Malone,

reporter; Maria Reed, historian; and Barry Lewis, parliamentarian. Cheerleaders elected were seniors, Rhonda Johnson and Jim Bryant; juniors, Karen Jones and Donnie King; and sophomore, Rhonda Wagnon.

NEW YORK . . . The individual Bailey County resident spent more money for food in the past fiscal year than did people in most parts of the West South Central states. On a weekly basis, food expenditures locally were at the rate of \$5.07 per person per week. This was solely for food purchased for home consumption. It does not take into account the amount spent in restaurants. By way of comparison, the outlay in other parts of the West South Central states was \$5.05 per

person weekly. In Bailey County, the total amount of food consumed in 1960 is estimated at 13,541,000 pounds.

Fifty-five graduates of Muleshoe High School will receive their diplomas, signifying successful completion of 12 years of study in the schools here, in commencement exercises in the high school auditorium at 8 p.m. Friday. Valedictorian of this year's class is Mary Ann Greene and salutatorian is Virginia Hickman. Diplomas will be presented by Dr. B. R. Putman, school chairman, Supt. Neal Dillman and principal H. W. Callan.

Mrs. Horace Blackburn, teacher in the Muleshoe schools since 1948, is the recipient of the first "Outstanding Teacher" award originated this year by the MHS Future Teacher organization. Following the award, Mrs. Blackburn was further honored upon the announcement that the group had selected the name "Blackburn Chapter of Future Teachers of America". The Lazbuddie Longhorns of District 2B Thursday romped past Darrrouzette, 25-2, to win bi-district in baseball.

20 years ago, 1951  
Muleshoe High School will graduate 47 seniors this year. The man who recently said "it will rain in time" was as right as he could be, for ample planting moisture fell nearly everywhere during the last few days. In Muleshoe, weather recorder, R. J. Klump, measured 5.25 inches for Tuesday and the total for the spell to Thursday morning was 6.09 inches, also the total for May. Cashway Grocery moved into its new building early this week and now about have everything straightened out. Mr. White, the manager, has issued an invitation for all to come in and see the new store.

**TO BE INSTALLED** . . . Miss Debbie Kerr will be installed as Worthy Advisor to the Order of Rainbow at a public installation ceremony to be held Friday, June 11, at 8:00 p.m. in the Masonic Hall. Miss Kerr is the daughter of Mr. and Mrs. Ernest Kerr and will be a junior student at Muleshoe High School this fall.

**COTTON TALKS**  
 FROM PLAINS COTTON GROWERS, INC.  
 Directors of Cotton Incorporated (formerly Cotton Producers Institute), five of them from the Texas High Plains, met June 1 and 2 in Raleigh, N. C., to plan for maximum utilization of approximately \$20 million in cotton research and market development funds for the 1971-72 year.  
 The \$20 million for this year is almost exactly twice the amount available to Cotton, Inc. annually since passage of the Cotton Research and Promotion Act in 1966. Under that act cotton producers each year have invested \$1 per bale in production and utilization research, advertising and promotion of their fiber. The average per year has been around \$10 million.  
 This year an additional \$10 million is to come from Commodity Credit Corporation under provisions of the Agriculture Act of 1970, culminating an industry dream that originated with producers on the High Plains and became reality after more than two years of work in Washington by Plains Cotton Growers, Inc., the Texas Association of Cotton Producer Organizations and others.  
 Until recently there were widespread doubts as to how, when, and even if, the authorized money would be forthcoming. But the course of events in Washington over the past few days virtually assures that the CCC Board will approve procedures for transferring \$10 million of Federal funds to the Cotton Board for each of the years 1971, 1972 and 1973. The Cotton Board contracts with Cotton, Inc. for the planning and operation of research and market building programs.  
 The way has now been cleared for CCC to approve a plan advanced by the Cotton Board and Cotton, Inc. officials whereby up to \$10 million per year will be used to finance Cotton, Inc. projects as payment comes due.  
 J. D. Smith of Littlefield, a director and past president of PGC and one of five Cotton Incorporated's work simply doubles the power under the hood of the vehicle through which we are striving to become truly competitive in the fiber market with synthetics and foreign-grown cotton. And all of our efforts to make this money available no doubt will be repaid many times over."  
 Howard Alford of Lubbock is President of Cotton, Inc. Roy Forkner of the Canyon Gin community, Joe Pate, Jr. of Lubbock, and L. C. Unfred of New Home are the other three directors from the Plains.

**Bob Price Opens Office In Plainview**  
 Congressman Bob Price announced Thursday the opening of a third District Office, this one in Plainview. Mrs. Sherri Elkins will manage the office which is located in Rm. 317 of the Skags Building at 701 Broadway.  
 "I am constantly looking for ways to improve communications with people of the 18th District," Price said. "Because of the distance of my Amarillo and Pampa offices from the southern part of the District, I have decided to open this office in Plainview at my own expense."  
 "Residents of Hale, Lamb, Bailey, Farmer, Castro, Hall, Swisher and Briscoe counties are especially encouraged to contact Mrs. Elkins if they have problems with the federal government which cannot be handled by mail," the Congressman added.  
 The office will be open from 8:30 a.m. to 5:30 p.m. Monday through Friday, and the telephone number is 293-5501.

United States Senate  
COMMITTEE ON ARMED SERVICES

Many of you had the opportunity to see and hear the President make his recent dramatic televised statement reporting that the deadlock in our negotiations with the Soviet Union at the Strategic Arms Limitation Talks has now been broken. I am delighted with this breakthrough. Heretofore the Soviets have shown little disposition to talk about anything but defensive weaponry. The agreement to discuss offensive and defensive weaponry is a major manifestation of the success of our current foreign policy.

My enthusiasm for this development is diminished somewhat by the history of our relations with the Soviets since World War II, but we cannot make progress without concessions on both sides, and I am optimistic that SALT, as it is called, may eventually prove to achieve the success which we hope.

It would be an achievement of the highest magnitude if the world's superpowers could reach a broad agreement limiting the deployment of weaponry on both sides. This goal is still far from reality, but I view the recent U. S.-Soviet joint statement as a step in the right direction.

The statement reported that the two nations have agreed to concentrate this year on working out an agreement for the limitation of the deployment of anti-ballistic missile systems and that they have also agreed to resolve certain issues with respect to limitation of offensive strategic weapons. Both sides said they believe these negotiations will create more favorable conditions for further negotiations to limit all strategic arms.

As ranking minority member of the Senate subcommittee on Strategic Arms Limitation Talks, I have maintained a deep interest in the progress of these talks. They are understandably complex. Every detail demands the greatest attention. The delicacy and precision of the negotiations cannot be over-emphasized.

The announced recess in the talks, which have been taking place in Vienna, indicate no breakdown in negotiations, for they have already been scheduled to reconvene in Helsinki in July.

The four rounds of talks which have been concluded have exposed sizeable areas of agreement and disagreement. They have served to educate both sides as to their differing strategic perspectives. They have cleared the way for compromise.

Compromise is the basis for any successful negotiation.

The policy which will be most effective in achieving compromise and in achieving an arms limitation agreement with the Soviets is one in which our negotiators will be dealing from a position of strength. There will be no incentive for the Soviets to compromise on their side, unless our position is a strong one. We must continue to offer a willingness to negotiate and to reach compromise while simultaneously demonstrating our resolve to continue our strong defensive position in the absence of a compromise agreement.

This is the issue which concerns me at this stage of SALT. The Soviets have demonstrated a willingness to reach agreement. The joint U. S.-Soviet statement indicates the possibility for future success. But no negotiator will concede points on his side if he believes that in time his opposition will simply dissolve without his having to make his concessions.

It is vital that our negotiators at SALT be capable of dealing with a full stack of chips on our side of the table. This is why I am working in Congress to see that our negotiators not be denied legitimate bargaining chips which are theirs.

We would then find ourselves at both a military and an economic disadvantage, unable to recover the position of leadership which is now ours.

The other nations of the world would then be forced to make their accommodations with the Soviet Union. We would find it increasingly difficult to compete on world markets. And the high standard of living we strive to provide for all our citizens today would rapidly dissolve into poverty for most in the future.

But if we maintain a position of strength, and negotiate the complexities of a Strategic Arms Limitation agreement, then SALT can be a success. The goal is achievable. We must make the most of the opportunity.

NOTE: Since the Senator's report last week, the following additional federal assistance has become available:

The Agriculture Department has ruled that the new hay bank program can be effective now in that farmers growing forage on irrigated set aside lands may put up hay from 25 percent of their set aside acreage or 25 acres, whichever is greater, and may use or sell that hay immediately without penalty. The hay must be grown, put up, used and sold within the drought-designated counties. This program is eligible in the same counties as mentioned under the hay and feed grain program mentioned in the last report.

USDA designated 11 more counties in which farmers and ranchers are eligible for federal hay transportation assistance and for purchase of Commodity Credit Corporation-owned feed grains at reduced prices, bringing the total number of counties eligible for these programs, plus the hay bank described above, to 138. The 11 new counties are: Collingsworth, Crane, Floyd, Glasscock, Lynn, Shackelford, Somervell, Taylor, Terry, Wise and Young.

USDA designated two more counties, Hansford and Nueces, among those in which farmers and ranchers are eligible for grazing and haying privileges on non-irrigated set aside lands without penalty. This brings the number of Texas counties so designated to 155.

USDA designated two more counties, Clay and Hansford, to those in which farmers and ranchers are eligible to share in federal funds made available to the State ASC Committee to assist the costs of deep plowing and other conservation measures designed to reduce wind erosion. USDA also added \$2,450,000 to the federal funds made available to the State ASC Committee. These actions bring the federal funds made available to the committee to \$5,450,000, and the number of counties in which farmers are eligible to 69.
