Paper Mill Increases Its Prices
Southland Paper Mills of Lufkin, Texas has announced its \$5-per-ton increase in newsprint prices to all customers will be effective February 1, 1972. Company officials blame the increasing operational costs.

Area Library Qualifies For New System

Muleshoe Area Public Library is among 16 public libraries in the 29-county area surrounding Lubbock that have qualified for membership in the library system to be organized early in 1972 under the 1969 Texas Library Systems Act administered by the Texas State Library.

A grant of about \$3,300 will be made to the Lubbock-headquartered system. The libraries are among 168 in the state that met criteria for membership, Dr. Dorman H. Windrey, director of the Texas State Library, announced. Ten systems will be organized, Lubbock City-County Libraries will serve as the Major Resource Center and under the state legislation will have specified coordinating responsibilities for implementing the act.

Midland County Public Library, Ector County Public Library at Odessa, and Unger Memorial Library at Plainview serve populations larger than 25,000 and were designated as area libraries.

Designated as community libraries are those at Brownfield, Crosbyton, Kermit, Lamesa, Levelland, Littlefield, Monahans, Morton, Muleshoe, Post, Rankin, and Seminole. Lay representatives of the sixteen qualifying libraries will meet in Lubbock on February 29 to elect a six-member Advisory Council to determine policy for the system.

Dr. Windrey called the system organization a major step in the state's library development. In order to participate in the cooperative programs permitted under the legislation, a library must meet specific standards of local support. The Cont. on Page 7, col. 4

Car-Train Wreck Injures Two Sunday
A grinding car-train wreck at 6:45 Sunday morning sent two Muleshoe men to West Plains Memorial Hospital. Lawrence Fluellen was admitted to the hospital and released Tuesday afternoon. A passenger in the car, Richard Hayes, was treated for a leg injury and released.

The Fluellen car, a 1953 Chevrolet, was knocked off the tracks by the west bound train, pulling 35 cars, and landed in front of the L & H Grocery near the crossing, according to investigating officer, Chief of Police Harold White.

The Fluellen car was heavily damaged but the Santa Fe freight was not damaged and there were no injuries aboard the train.

1972 VEHICLE TAGS IN . . . Bailey County Tax Assessor Jean Lovelady is shown with the all new 1972 motor vehicle tags. The tags this year are white with green numerals and letters. Passenger car tags will begin with CBX50 and go to CCB824. Truck tags will go from IM 2600 to IM4999 and farm tags will go from 8D1450 to 8D2599. The tags will go on sale February 1 in the Tax Assessor's office in the Bailey County courthouse and citizens will have till April 1 to have them on vehicles. Mrs. Lovelady reported that renewal slips were mailed from Austin this week and the people should begin getting them soon.

Longhorns Put 3 On All-South Plains

Big Jimmy Noland headed the 1971 All-South Plains team. Noland, a 200 pound, six foot guard and linebacker was named to the first team at both positions.

Noland is a senior this year at Lazbuddie and was the only lineman to make this year's team both offensively and defensively. Noland was narrowly edged out for 'Player of the Year' by Matador's signal caller, Bill Barnhill.

Mark Barnes, six foot, 190 pound linebacker for the Longhorns this year, was given the honor at the linebacker position. Barnes is a junior this year and much of the leadership burden will fall on his shoulders next season.

Loy Dale Clark, Larry Cox and Arther Graves all received Honorable Mentions. Graves received tie honor at both his offensive and defensive positions. Cox was tabbed with an offensive honor and Clark with a defensive mention.

Muleshoe Boys Hosting Annual B-Ball Tourney

The Muleshoe High School Boy's Varsity Basketball team is hosting the third annual Muleshoe Invitational Basketball Tournament this week, Wednesday, and Thursday.

Eight teams are participating in this year's tourney. They are Muleshoe, Tulia, Canyon, Hereford, Idalou, Denver City, Lockney and Guyton, Oklahoma. This is the first year that an out-of-state team, Guyton, will be playing in the tournament.

Basketball coach Raymond Schroeder urges all local people to come out an support the tournament.

Entries Still Being Taken For OYF
Applications for the Outstanding Young Farmer award are still being taken by the Muleshoe Jaycees. Any farmer between the ages of 21 and 35 may enter. The winner will be named during Jaycee Week, January 16-22, 1972. This will be the 15th year that the United States Jaycees have conducted the national Outstanding Young Farmer program. Co-sponsor of the U.S. Jaycee program is the Chevrolet Motor Division of General Motors. Co-sponsor of the Muleshoe program is Crow

Community Expands, New Businesses Open

The Muleshoe City Council passed a new garbage ordinance pertaining to the use of new metal containers provided by the city and prohibited the disposing of garbage and trash on the streets and vacant lots.

Phase One, individual paint-up, clean-up and fix up, of the 1971 Muleshoe Clean Up campaign kicked off.

The "Summer School for Migrant Children" began June 14 in the Mary DeShazo Elementary School with classes for preschool through eighth grade.

Architect Bob Winger of Winger and Sharp, met with the members of the Bailey County Hospital Board to explain the hospital construction costs and avenues of acquiring funds.

The "Non-English Speaking Class for the Mexican-American Child (not migrant)" began June 7 at Mary DeShazo.

The Nazarene Church of Muleshoe acquired a new minister, James W. Humble. Longtime Bailey County Civil Defense Coordinator Earl Ladd resigned his post.

Clem Peden moved to Muleshoe and assumed the position of vice-president of Tri-County Savings and Loan Association. Fake \$20 bills turned up in Muleshoe at two drive-ins, the Marathon and Bill's.

Street lights in Muleshoe came on before 5:30 p.m. in face of a blasting sandstorm, rain, hail, and numerous sightings of tornadoes. Another new business, Shook Tire Co., opened in Muleshoe with Bob Glass as manager.

Murder charges were filed in Muleshoe against Wille Lee Finch, 19, and his wife, Charlene, 17, following the death a week before of their four month old son.

Around 200 students enrolled in the summer migrant program in the Muleshoe School System.

The Muleshoe Post Office joined post offices throughout the United States July 1 in holding open house to celebrate the inauguration of the U.S. Postal Service. Mayor Irvin St. Clair signed a proclamation for the Muleshoe Fourth of July Celebration, held Monday, July 5. At the same time, the proclamation called for "Honor America Day".

State sales tax increased from 3.25 to 4 per cent. Blanche Lenderson was winner of the \$100 Lazbuddie purchase prize and Pauline Jamison was recipient of the \$100 Muleshoe State Bank purchase prize to take top honors in the Muleshoe Art Association's annual show.

The annual Fourth of July celebration drew a large crowd to Muleshoe, Monday, July 5. On the agenda was a ride-in, fly-in breakfast; pony relay race; air show; a barbecue; model airplane show; mule shoe pitching contest with Patty Pena, Ed Neutzler and Johnny Nowlin winning the championships; pioneer reunion; Muleshoe Junior Rodeo parade; and the annual fireworks display at the Muleshoe High School football stadium.

More than 200 contestants from varied locations in Texas and New Mexico competed for top prizes in the Muleshoe Annual Junior Rodeo.

Bailey County Tax Assessor Jean Lovelady received official notice from Texas Secretary of State Martin Dies, Jr., that persons 18, 19 or 20 years of age, who were registered to vote for federal elections only may now vote in Bailey County and other political subdivisions.

Around 4,000 people attended the first performance of the annual Earth Rodeo. A delegation of around 25 men from Lubbock were led into Muleshoe by Burl Huffman, J.T. King, Polk Robinson and Leete Jackson to officially begin Red Raider Day in Muleshoe.

Two Muleshoe banks and five area banks showed bank deposits to have accumulated a combined total of \$4,770,203.47 more in deposits than at the same time last year.

The Muleshoe Jaycees presented Milton Morris of the Opportunity Plan, Inc. in Canyon, a check for \$2,000 which was raised by selling chances for a beef and a hog.

Horse owners and horse lovers throughout the area joined wary south Texas residents in a guarded watch for the dread horse disease, Venezuelan Equine Encephalomyelitis (VEE) which destroyed hundreds of animals. Dr. Jerry Gleason and Dr. Jim Tucker, local veterinarians, had vaccinated approximately 600 horses in the Muleshoe, Bailey County and Farmer County area by July 20.

Muleshoe citizens, who had wondered if the tornado siren could be heard in various sections of town, got their answer when the siren was sounded after two tornadoes were spotted north of Muleshoe.

A new manager was named for the Commodity Food Distribution Center in Bailey County. Raymond Cabrera was named to replace Jane Morgan, who had been named manager when the center opened last year.

Area irrigated crops were termed "The best crop in years, and if nothing too bad happens between now and harvest time, the largest yields in years will be harvested."

Two Muleshoe Boy Scouts, Bill Wimberly and Tim McCormick, attended the World Scout Jamboree in Japan. Charles Lee Howard escaped from the Bailey County jail by threatening jail cook, Ken Martin, with a knife. He later turned himself in to law officers.

FUNDS FOR WATER QUALITY IMPROVEMENT RECEIVED . . . Gov. Preston Smith is shown presenting a check for \$51,168 from the Water Development Fund to Muleshoe City Manager Albert Field during ceremonies in Austin December 22. Assisting with the presentation are Hugh C. Yantis, Jr., left, executive director of the Texas Water Quality Board, and W.E. Tinsley, chairman of the Texas Water Development Board. The loan was made to the city under the water quality enhancement program.

Survivors include the wife, Evelyn; two sons, Road (Buck) Johnson of Muleshoe; Jim Johnson of Ft. Collins, Colorado; a sister, Mrs. Olive Watson of Chico, California; and five grandchildren.

Grain Sorghum Producers Association has received word from USDA that barley bases can be traded for grain sorghum allotments. GSPA and ASCS officials had been seeking this change. In a letter to GSPA from a USDA official, it was reported that, "For 1972, feed grain bases may be updated by the county ASCS committee if requested by the farm operator. Barley, as well as corn and grain sorghum, will be included in the updating for 1972 and such updating will be on an acre for acre basis. Thus, feed grain producers who have changed production from one feed grain to another since the base period and intend to continue this change may have their feed grain base updated. Requests for updating may be filed with the county ASCS committee after the producer receives his 1972 feed grain base notice."

STATE CAPITAL Highlights AND Sidelights

By Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, TEX.--Gov. Preston Smith is keeping everybody guessing on timing of the important 1972 special legislative session.

The Governor said he will wait "until the last minute" to call the session, primarily for passage of a 1972-73 state appropriations bill, hoping latest revenue estimates will curb the inevitable tax bill.

On the other hand, he said he could not rule out possibility of calling the lawmakers back to Austin smack in the middle of the primary election campaign--between the February 7 filing deadline and the May 6 first primary.

Smith did make clear he is giving little consideration to pleas by some state representatives for an early 1972 session on replacement of Speaker Gus Mutscher. Mutscher's bribery trail is set for February 23 in Abilene.

"It is my responsibility to call a special session because of an emergency," said Smith, "(Replacing the speaker) is not an emergency of that importance. The speaker has very little to do between sessions, anyway."

The Governor pointed out that a U.S. Supreme Court ruling may invalidate political filing fees and create an emergency demanding a special session early in the year. A lawsuit attacking the old filing fee structure is pending in the Supreme Court. A new suit challenged the 1971 filing fee law last week.

"It is entirely possible we will have to call a special session soon after January 1 if the filing fees are held unconstitutional," Smith commented at a news conference.

July 1 (after the second primary) would be about the latest date for summoning a session that could pass a budget bill by September 1, start of a new fiscal year, Smith calculated.

CITY SALES TAXES CLIMB-- More than 420 cities levying local option sales and use taxes received over \$40.2 million from the source during the quarter which ended September 30.

Comptroller Robert S. Calvert said the take from the one percent levy actually was more than \$41 million from which was deducted the state's service fee before the money was returned to the cities.

Major cities, of course, received the biggest share of the total. Houston alone got \$8.1 million, Dallas \$5.7 million and San Antonio \$2.6 million.

ETHICS CODE CHALLENGED--Secretary of State Bob Bullock has questioned the consti-

of Pardons and Paroles, succeeding A.C. Turner.

Governor Smith named these new members of the state Advisory Hospital Council: Dr. Joseph T. Ainsworth of Houston; Larry B. Smith of Brady and C. Lincoln Williston of Austin. He reappointed O. Ray Hurst of Austin and Edward S. Reese of Gonzales.

Jim Hutcheson of Weatherford was named assistant counsel to the Texas Civil Judicial Council.

Marion R. Zetzman of Smith's Office of Comprehensive Health Planning has been named to the board of directors of the new American Association of Comprehensive Health Planning.

LIVESTOCK FACILITIES ON BORDER PLANNED--Bids are expected to be taken on two new facilities for use in export of Texas livestock at Eagle Pass and Del Rio.

Texas Department of Agriculture will operate the facilities. Previous bids exceeded cost estimates. Old pens along the border were condemned for livestock use last July by the U.S. Department of Agriculture and Mexican authorities. Agriculture Commissioner John C. White said the facilities are important to a \$12.5 million export business.

TRAFFIC SAFETY URGED--An all-out "safety blitz" has been signaled by the Governor's office and cooperating agencies to prevent a predicted Christmas-New Year's traffic death toll of 100.

Governor Smith viewed Department of Public Safety projections with "shock and dismay" but did not dispute them.

"Drive Friendly" material again is being distributed through news media, and law enforcement officials are urged to crack down on violators.

PENAL CODE STUDY STARTS--A committee of the Texas Criminal Defense Lawyers Association last week began a study of the proposed Texas penal code revision.

The revision is the result of six years of research and drafting by a State Bar committee.

Defense lawyers expect to make recommendations to protect individual rights adequately. Prosecutors began a similar study last September through the Texas District and County Attorneys Association, SHORT SNORTS

Some of the nation's top educators will participate in a symposium here marking the opening of education papers in the Lyndon B. Johnson Library. Three Houston area chemical

plants have been called on by Texas Water Quality Board to explain why barrels of industrial waste are turning up in the Gulf of Mexico.

Second State Bank of Clear Lake City and Second La Porte State Bank have been proposed in Harris County.

The Court of Criminal Appeals reversed Grimes County robbery convictions because the trial judge didn't tell defendants the range of their possible punishment before accepting guilty pleas.

Cigarette tax revenues increased \$5.4 million last month over the same period in 1970--to \$18.85 million during November alone.

Three judge federal courts will hear congressional and consolidated state legislative redistricting suits. A pre-trial conference on the legislative suits was held here Dec. 22.

Former Atty. Gen. Waggoner Carr filed a \$100 million damage suit against Houston promoter Frank W. Sharp.

Texas Water Quality Board approved an \$800 million, 20-year pollution quota plan for Houston Ship Channel industries and cities.

LETTERS TO THE EDITOR

Dear Editor:

I need to say thanks to a young couple in the Muleshoe community but I don't know their name.

A few weeks ago, I became ill while shopping in a Clovis, N.M. store and these two lovely young people helped me. It was very reassuring to have them when I needed someone. I thought perhaps they might read this in your column and know that I will be eternally grateful to them.

Sincerely,
Mrs. George McCormack
Portales, N.M.

tionality of the new code of ethics for state officials and asked for an attorney general's opinion.

Bullock noted the caption of the controversial law does not properly describe a provision requiring financial statements of income sources and investment by elected and appointed officials and state employees.

The Secretary also raised questions about makeup of the 12-member Ethics Commission, pointing out six members are legislators chosen by the House and Senate, even though the constitution prohibits legislators from voting for other lawmakers for offices.

STATE AID EXTENDED--Dallas received more than \$2.3 million and Muleshoe \$51,168 in state matching fund loans to help pay for new wastewater treatment facilities construction.

Cities were the second and third to benefit under the new state aid program approved by Texas voters last May which created a bond fund from which up to 25 per cent of a project's cost can be advanced by the state. The federal government will contribute 55 per cent of eligible project costs. Conroe received the first such aid--in the amount of \$443,000.

The Dallas project involves construction of a new sludge disposal facility at the White Rock wastewater treatment plant. Muleshoe plans a new treatment plant on Blackwater Draw south of the city, the first facility of its kind in the High Plains area.

MEXICO TIC CURB ADVISED--Texas Industrial Commission has been advised to take a careful look at its new Mexico City office results before it expands foreign trade efforts of the type.

TIC several other states tried trade offices in other countries during the 1960's but abandoned them as unsuccessful.

TIC inaugurated the Mexico City office October 1 as part of its \$150,000 a year international trade effort.

The privately-financed Research League recommended that TIC "carefully evaluate results of the Mexico City office before it becomes a long-term commitment and before any additional foreign offices are opened." First reports from the office indicate prospects for success are bright, TIC indicated.

APPOINTMENTS--Charles Shandera of Houston was named by Court of Criminal Appeals Presiding Judge John F. Onion Jr. to the Texas Board

of Pardons and Paroles, succeeding A.C. Turner.

Governor Smith named these new members of the state Advisory Hospital Council: Dr. Joseph T. Ainsworth of Houston; Larry B. Smith of Brady and C. Lincoln Williston of Austin. He reappointed O. Ray Hurst of Austin and Edward S. Reese of Gonzales.

Jim Hutcheson of Weatherford was named assistant counsel to the Texas Civil Judicial Council.

Marion R. Zetzman of Smith's Office of Comprehensive Health Planning has been named to the board of directors of the new American Association of Comprehensive Health Planning.

LIVESTOCK FACILITIES ON BORDER PLANNED--Bids are expected to be taken on two new facilities for use in export of Texas livestock at Eagle Pass and Del Rio.

Texas Department of Agriculture will operate the facilities. Previous bids exceeded cost estimates. Old pens along the border were condemned for livestock use last July by the U.S. Department of Agriculture and Mexican authorities. Agriculture Commissioner John C. White said the facilities are important to a \$12.5 million export business.

TRAFFIC SAFETY URGED--An all-out "safety blitz" has been signaled by the Governor's office and cooperating agencies to prevent a predicted Christmas-New Year's traffic death toll of 100.

Governor Smith viewed Department of Public Safety projections with "shock and dismay" but did not dispute them.

"Drive Friendly" material again is being distributed through news media, and law enforcement officials are urged to crack down on violators.

PENAL CODE STUDY STARTS--A committee of the Texas Criminal Defense Lawyers Association last week began a study of the proposed Texas penal code revision.

The revision is the result of six years of research and drafting by a State Bar committee.

Defense lawyers expect to make recommendations to protect individual rights adequately. Prosecutors began a similar study last September through the Texas District and County Attorneys Association, SHORT SNORTS

THE "EXTRA FLOATION" Pivot Irrigation System

LOCKWOOD 2100 LOCK-IN-LINE SYSTEM

The Lockwood 2100 teams up--

- LOCK-IN-LINE, the most automated tower alignment available, holds tower paths to essentially a single wheel width without frequent in-field adjustment.
- Totally enclosed final drive
- Electric drive for infinite watering speeds, wet or dry operation, forward and reverse pivoting.
- Safe, reliable 110 volt control circuits.
- Extra floatation of streamlined tower design and mainline cable suspension.
- Lockwood's engineering leadership, which has served specialized agriculture since 1935.

There's a Lockwood Irrigation System for every need and locale--the "Terrain Reading" 2200 Flexline System--the "Low Profile" 6 Mainline 2100 Unit and the 2300 Electric--a true competitor of oil and water units.

HUNGRY, ANYONE. . . Dillard Morris is consuming a platter of spaghetti in Naples, Italy, one of the many stops on the Morris recent European vacation trip.

Dillard Morris Vacation In Europe

Mr. and Mrs. Dillard Morris have recently returned from a 23 day vacation trip to Europe. The Morrises flew via New York to Paris, France, spending three days there sightseeing and shopping. In Paris they became acquainted with the 40 other members of their tour at an authentic 13th century atmosphere dinner in the heart of the Latin Quarter. After three days of sightseeing to such familiar places as Eiffel Tower, Napoleon's Tomb, Luxembourg Gardens and Notre Dame, the group began the actual tour by visiting Fontainebleau, one of Napoleon's favorite palaces.

The Morrises toured with the group by bus for over 3,000 miles, visiting 11 countries. People from all parts of the world were represented in the tour group. Mrs. Morris says that they made many friends during the tour, most of which they have corresponded with since returning.

Mr. and Mrs. Morris visited the French and Italian Riviera, having a chance to try their luck at the famed Monte Carlo Casino. The tour visited Genoa, the birthplace of Columbus, then traveled on to Pisa, and the famed Leaning Tower.

While visiting in Italy, the tour took a steamer to the Isle of Capri to visit the Blue Grotto, and traveled on by steamer to Naples for some brief sightseeing before arriving in Rome. Mr. and Mrs. Morris, along with tour members, spent three days in the Italian capital visiting familiar tourist sites.

The tour traveled from Rome to Florence where the Morrises visited Michelangelo's masterpieces at the Medici Chapel Cathedral and Baptistery of St. John.

The next stop on the tour was Venice, the ancient city where canals replace streets. There the Morrises spent a Venetian evening, complete with a gondolier serenade as they cruised along the Grand Canal.

The tour traveled from Italy to Austria and Liechtenstein, then on to Switzerland. Mrs. Morris reports that Switzerland was Morris's favorite country. They spent three days in Switzerland, where she reports that they had the best motel of any on the tour.

There was lots of snow in the Alps, according to Mrs. Morris, and it made for very picturesque scenery.

The tour entered Germany, traveling through the Black Forest and following the Rhine to Oestrich. Mr. and Mrs. Morris lunched with the tour in Trier, Germany's oldest town.

After crossing into Belgium and sightseeing in Brussels, the tour arrived in windmill-dotted Holland, the favorite spot on the tour for Mrs. Morris, according to her report.

Completing their stay in Holland, the Morrises flew from Amsterdam to London. Mrs. Morris reports that they both enjoyed London as it was a nice place and there was no language barrier. From London, the

Morrises flew to New York and returned to Muleshoe.

Mrs. Morris reports that the entire trip was enjoyable, but that it was good to be home again. She also said that American food was really to be appreciated as sometimes in foreign countries, when served even a familiar dish like creamed potatoes, it might be seasoned with nutmeg.

Tops Hold Weekly Meeting

The Muleshoe Jenny Tops Chapter 34 met Thursday night, December 23 in the Bailey County Electric meeting room. June Vinson called the meeting to order. Tops members repeated the pledge and sang the friendship song. The roll call was by Anna McDonald, weight recorder. Twenty members weighed in. Queen for the week was Ann Newman, first runner-up was Leta Hehner and second runner-up was Linda Vinson.

Dellie DeLoach will give the pep talk for the next meeting, Thursday, December 30.

The Tops members closed the meeting with the singing of the goodnight song.

Youth of Trinity Baptist Church Carol

The teenage youth of the Trinity Baptist Church and their sponsors rode through Muleshoe caroling Thursday night, December 23. The group stopped and sang at the homes of many shut-ins and members of the church, or at the homes of anyone who requested them to sing.

1961 Graduating Class Holds Ten Year Reunion

Thirty-four members of the 1961 graduating class of Muleshoe High School attended a ten year class reunion Sunday afternoon, December 26 in the Muleshoe High School Cafeteria. This was the first reunion held by the class since graduation.

Several awards were presented to class members. Mrs. Jerry Smith, the former Donna Guin, was honored for having the most children. She has four, Pat Thompson Hicks of Douglas, Arizona, traveled the farthest distance. Curtis Walker was voted the baldest member of the class. Kylene Hodges Gentry won the door prize.

The class members decided to have another reunion in four years. It will be held Saturday evening, December 27, 1975, at The Muleshoe Country Club. Kay Landers Mardis was elected treasurer for the coming reunion.

Class members, families, and friends attending were Carolyn Martin Stancell, housewife,

Muleshoe; Zona Millen Gatewood, housewife, Muleshoe; Rex Miller, student at the University of Texas, Austin; Pat Brown, teacher, Muleshoe; Benzy Joe Moore, dispatcher for the Lubbock Police Department, and his wife, Sue, Lubbock; Kay Landers Mardis, Williams and Merriman, Muleshoe; Dorothy McMahan, Perry's, Muleshoe, and her fiancée, Jerry Mick; Pat Thompson Hicks, housewife, and her husband, Gary, Douglas, Arizona; Gary King, physical director, Lubbock YMCA, and his wife Mary

Add Zest To Daily Menus

COLLEGE STATION,--Cooking with spices and herbs can add zest and enjoyment to the daily menu. But the seasonings must be stored and used properly for best results, reminds Gwendolyn Clyatt, Extension consumer marketing specialist.

To preserve the fresh flavors of herbs and spices, store the seasonings away from heat and strong light and in tightly-closed packages, Mrs. Clyatt says. Stored properly, spices and herbs will keep for several months.

Date packages when purchased, she suggests, and test for freshness before using older seasonings by rubbing a small amount of spice or herb between your palms. If an aroma can be detected, the seasoning is still fresh.

The key to follow when cooking with spices is to use them with restraint; too much seasoning can be ruinous, the specialist reminds. Generally figure one-fourth teaspoon of dried herbs for each four servings. One teaspoon of dried herbs will usually equal to about three teaspoons of the fresh. Before adding a measured amount of herb to a recipe, crush it in the palm of your hand for quicker flavor release.

Cooked foods such as stews taste better if seasonings are added during the last hour of cooking, Mrs. Clyatt suggests. Uncooked foods as salad dressing require time for the flavor of seasonings to mix.

When combining whole spices, the specialist says to tie them in a cheese cloth or put them in an aluminum tea ball so they can be more easily removed before serving. The correct herb or spice combination to use is the one that tastes right to you. Seasoning is an expressive art and you are the artist, she adds.

There was one member of the class who is now deceased, Patsy Burkhardt.

Sponsors for the 1961 graduating class were Mrs. A. L. Stovall, deceased; Coach Lewis Powers, Portales, N.M., and Logan Moon.

Others attending the reunion were Bob White, Lubbock, 1962 Muleshoe High School graduate; Miss Jona Goucher; Mrs. S.E. Goucher and Gil Lamb.

Winter Ballet Classes Begin

Tutu's School of Ballet is now beginning winter classes. The instructor, Tutu King, has been on tour with the Lubbock Civic Ballet, presenting "Old King Cole" in Lubbock, Snyder, Plainview, Canyon and Amarillo.

She reports that ballet classes are 45 minutes long, with dance and jazz classes lasting an hour. There will be three five-week terms in the winter session, which is now beginning.

She will be offering classes in pre-ballet, for six and seven year olds, which offers form and technique without French terms; ballet I for eight to 10 year olds and ballet for 11 and over, offering the same techniques with the French terminology.

Dance jazz classes, featuring general exercising and basic modern jazz movements will be offered for teenagers and adults.

Modern jazz classes are designed for children who have had or are presently taking ballet.

All classes are limited to six to eight children per class for more personal attention, according to Tutu. All ballet classes are 45 minutes long, with dance and jazz classes lasting an hour. There will be three five-week terms in the winter session, which is now beginning.

DRIED FRUITS--Dried fruits offer several advantages, remind Extension home economics specialists at Texas A and M University. They need little storage space, are relatively light in weight, and pack well for lunches and trips. They can also be eaten without cooking.

LOUISA'S LETTER

Dear Louisa,

I wish you would give me some advice about a court that would take a dangerous killer from behind closed doors and turn him loose. My forty year old son was shot down by him for nothing and then the law did not try to find out the truth about the killing and they did not tell our lawyer or any of us when the trial would be. I know of two jurors who were there had a spite against my son. My son was married had four children and worked hard. More people have been killed the same way. I have tried to get the law to investigate some evidence I have picked up but they won't do it. My husband, brother and I just happened to go to the court house that day and we know what went on.

This man said he was going to kill me and he has threatened five others.

C. C. - Va.

Answer:

Your lawyer should certainly have known when the trial was to be and informed you. If things are as bad as you say they are in your community you must need a new district attorney and, if you can't get a proper trial by seeing the judge, it may pay you to write to your governor.

Of course I know nothing of this case or why your son was shot. The picture you sent of the family was very nice looking and I hope that your lawyer can do more than he has done for you in the past.

Louisa.

Witnesses Return From Assembly

Local delegates to the circuit assembly of Jehovah's Witnesses in Clayton, New Mexico, have returned home this week to resume their regular routine of activity, according to Boyd Lowery, local presiding minister.

A peak attendance Sunday of 759 heard E.R. Brandt, District Supervisor for Jehovah's Witnesses, discourse on the well-advertised topic, "Can You Live Forever?--Will You?" at Clayton High School's Wood Auditorium.

According to Lowery, all meetings at the local Kingdom Hall have returned to their regular schedule.

NEW COMMANDANT

Lt. Gen. Robert E. Cushman Jr. has been nominated by President Nixon as the next commandant of the Marine Corps.

Cushman led Marines in Pacific battles of World War II and at the present time is deputy director of the Central Intelligence Agency.

AN EXECUTIVE IS A MAN WHO HAS LOTS OF COMPANY TIME FOR HIS OWN USE.

ON ECONOMY CONTROL

The Senate has approved legislation extending President Nixon's unprecedented peacetime powers to control the economy until May 1, 1973.

Busted Democrats

The Democratic Party's deficit now totals well over nine millions, and has been in that area for some years. It's such a critical question the telephone company has told party officials the party must obtain a \$2 million bond if it is to get communications services at next summer's convention. Moreover, the company has demanded payment of the long-overdue bill of \$1.5 for 1968 by next July 1st.

Democratic Treasurer Robert Strauss says the party can't pay. He argues that no public utilities company would dare refuse communications to a major political party. The outcome may be determined in court.

Whether or not service will be terminated, it's obvious Democrats are in for more serious trouble next year. This dilemma is behind the recent Democratic congressional efforts to get federal funds for next year's presidential campaign, even though such funds could not have been legally applied to the current 1968 debt.

What concerns some is the comparative lack of concern, and effort, among many Democratic officials, to pay off the 1968 debt. Only shortly after the losing 1968 campaign, officials were contenting themselves with statements that the party could not possibly pay off the debt, that would be done in later years. The party now spends about \$160,000 a month, and Strauss says this cannot be reduced.

A party which incurs heavy debts should make monthly payments, even if small, to reduce the sum and in the four years between elections the debt should be, for the most part, paid. The attitude of Democratic Party leaders on this question has not been reassuring.

Non-Food Items

Housewives, husbands and other food buyers will be interested to know that one reason costs at the super-

Muleshoe...

market are going up sharply is because costs of non-food items are rising faster than food costs.

Figures show prices of non-food items jumped about 13 per cent last year. That's about double the rise in food-stuffs. The amount of money spent on paper items, soaps, cleaners, tinfoil, throw-away items, gimmicks and gadgets making clean-up, preparation and cooking easier is astronomical.

For those who like it that way, who are willing to pay almost a fourth of every food dollar (22.7 cents) for non-food items, fine. Those who must save can use less paper, tinfoil, bags, etc., and eat equally high on the hog.

CONGRESSMAN

Bob Price

18th Congressional District

THE AGING

This week I introduced legislation to establish a Joint Committee of the Congress to study and make recommendations on the problems of the aging.

When we realize that in the United States there are presently over twenty million citizens of retirement age, and that ten million of these live in poverty or near-poverty, it is sorely evident that we are faced with an intolerable situation. And yet, the answer cannot be more patronizing government panels, programs, and on the House floor to add fifty agencies which have spent great million dollars to the United States of time and money without accomplishing the desired goal of restoring and insuring the dignity and independence to our older Americans.

We must change our thinking about older citizens who resent to single them out or isolate them economically or socially from the rest of society.

and I hope my bill to establish the Joint Committee on the Aging can help bring about this change of attitude and direction.

Again this week the House debated our foreign aid program as the Congress continues to reassess America's long standing role as benefactor to the world. I have repeatedly spoken out against those types of foreign aid which have been costly to our taxpayers and have contributed little if anything to America's security. Last week, for example, an effort was made on the House floor to add fifty million dollars to the United Nations Development Program which was clearly above and beyond any legitimate need of that agency. Not only would our Treasury had to borrow the money (on which the American taxpayers would have to pay about older citizens who resent to single them out or isolate them economically or socially from the rest of society, bank account credited to the UNDP) whereby they would be

drawing interest on money we had borrowed to give them. I spoke in opposition to this amendment which was defeated by a vote of 119 yeas to 268 nays.

As the Congress has adjourned sine die today, final action on foreign aid spending will be postponed until after the Christmas recess. To be certain at that time I shall continue to push for a sound program of foreign aid and an end to the frills and foolishness which have been a costly waste to the American people.

WATER POLLUTION

In testimony before the House Public Works Committee this week I called for action on my bill to clean up the Nation's waters. The fouling of the Nation's water resources must be regarded as a most urgent problem and should merit the highest priority for legislative action. However, we must be careful to adopt a program that is both comprehensive and yet attainable. We must avoid pie-in-the-sky notions that passing a few laws and spending so many billions of dollars will simply make our problems disappear. That philosophy has been tried many times before and has too often resulted in high costs and disappointing results.

My bill would create a mechanism by which sources of

water pollution would be identified and subject to control through the establishment of minimum water quality standards and a system of permits which would be required of those making discharges into the water supply. In addition the bill would maintain the present 55% level on Federal financing of waste treatment facilities, thereby insuring realistic and responsible participation by state and local governments through joint financing of projects.

Enochs News

By Mrs. J.D. Bayless

Larry Bates, son of Mr. and Mrs. Linsey Bates, arrived in Lubbock by plane Thursday December 16, from Ft. Rucker, Alaska, where he was stationed in the Army. Mrs. Bates, Mr. and Mrs. J.O. Dane and Gerald Bates were there to meet him. His leave will end December 29.

L.G. Harris had his 76th birthday Wednesday December 15. He and his family were residents of the community for many years as his family grew up. His wife, Mrs. Harris, died about 8 years ago. He was in the chicken business for years. Due to bad health, he sold all of his hens about two years ago. He lives alone at his home just north of Enochs.

Mr. and Mrs. J.B. Vanlandingham celebrated their 59th Anniversary Wednesday December 15th. We want to wish them many more happy anniversaries.

Mrs. L.E. Nichols drove to Lubbock Tuesday afternoon and spent the night with her daughter, Myrlene Nichols. They went Christmas shopping Wednesday.

We wish to say congratulations to Mrs. Brenda (McCa) George of Lubbock, a graduate from Bula School, who finished at Tech Friday, December 17th. She will start her teaching career at Slaton January 10.

Mr. and Mrs. Gene Autry have moved into the Graves house north of Enochs last week.

Guests in the G.R. Newman home Friday were their son and family, Mr. and Mrs. Bobbie Joe Newman and daughter, Lanett, and son, Jo Bob, of Muleshoe.

There was a fellowship at the Baptist Church Sunday night after training union and worship service. Church members gave their pastor and wife a love offering and a pound of coffee. Refreshments were cookies, cake, candy punch and coffee.

Keith Coats visited his sister, Deanna Coats, in Clovis, N.M., Friday night.

Edd Autry was able to return to his home from the Littlefield hospital Saturday after spending the week there.

Mr. and Mrs. J.C. Pearson Sr. had their family Christmas gathering Friday night with a supper and gift exchange. Those present were Mr. and Mrs. Bobbie Don Henderson and family, Mr. and Mrs. James Pearson and children, Mr. and Mrs. Derrill Nowell and children and Mr. and Mrs. J.C. Pearson Jr., all of Muleshoe.

Mr. and Mrs. Kenneth Millsap and children visited her mother, Mrs. Alma Altman, Thursday night. They also visited her sister, Mr. and Mrs. R.H. Baker and family, at Morton.

Ronnie and Mitzi Altman of Three Way spent Saturday night and Sunday with their grandmother, Mrs. Alma Altman.

Mrs. Debbie Wallace from Las Vegas, Nevada, spent Saturday night and Sunday visiting her grandmother, Mrs. Olive Angel, and other relatives, the Harold Laytons and the Junior Austins. Mrs. Austin took her to Lubbock Sunday afternoon to catch a plane for Florida, where she will meet her husband to visit his parents.

Exotic Birds Released In West Texas

SAN ANGELO--The Texas Parks and Wildlife Department recently released 300 Afghan white-winged pheasant in Terry County.

The release is a part of the long-range program of supplying a new bird for the hunter without interference or competition with native game bird numbers. Hopefully, if the aliens establish themselves and reproduce, a new huntable species will be added to the growing list of desirable upland types available for hunters in the West Texas area.

1972-3 Duck Stamp To Feature Geese

The 1972 - 73 Federal Duck Stamp will show two emperor geese landing in overcast Arctic surroundings, the Interior Department's Fish and Wildlife Service announced today. The winning entry, a full color wash drawing, was created by artist Arthur M. Cook, 40, of Bloomington, Minn.

Cook, an industrial art director and long-time resident of the Minneapolis area, had never finished higher than second in several previous tries in the duck stamp contest.

Second place this year was a tie between Lee LeBlanc of Iron River, Mich., who drew spectated elder, and Stanley Stearns of Stevensville, Md., who also drew emperor geese.

The latter species will be appearing on the duck stamp for the first time. The bird inhabits Alaska and the Aleutian Islands and has occasionally been seen along the coasts of Washington, Oregon and California. "I was particularly pleased when I learned of the judges' choice," said Interior Secretary Rogers C.B. Morton, "because 90 percent of the world's emperor geese come from the Yukon Delta, and one of our major priorities right now is to protect the Alaska habitat that is vital to millions of wild waterfowl."

Bureau officials said 213 entries were received in the 23 Federal Duck Stamp Event. Artists from 33 States and the District of Columbia competed in this year's contest. Minnesota had the most entries--33, Maryland was second with 26.

Selection was based on anatomical accuracy, artistic composition, and suitability for engraving. The winner receives no financial prize--just the honor and recognition of having his drawing appear on the duck stamp.

Judges were Larry Jahn of the Wildlife Management Institute, Fred Evenden of the Wildlife Society, Tom Kimball of the National Wildlife Federation, Carl Schee of the Smithsonian Institution, and Richard Bower of the Treasury Department's Bureau of Engraving and Printing.

A new duck stamp is issued

each year by the U.S. Postal Service. The 1972-73 stamp will go on sale July 1, 1972. Every migratory-waterfowl hunter 16 years of age or older must purchase this stamp with a State hunting license. All revenue from duck stamps, except the cost of printing and distribution, is used for acquisition of wetlands for waterfowl.

Registration Changes For Boat Owners

AUSTIN--When Jan. 1 rolls around, boat owners will find some changes have been made in boat registration procedures.

Renewal notices will be sent out as usual, according to Texas Parks and Wildlife Department officials, but because the department is shifting to a staggered system of renewals, different registrations will expire at different times, and the registration rates will be prorated accordingly.

All water craft powered by any sort of machinery must be registered with the department. This includes canoes with trolling motors as well as cabin cruisers. Even if the machinery is not the principal source of propulsion, the boat must still be registered.

The new Certificates of Number will be a plastic card which can be carried in the boat owner's wallet. Two decals in shape of the state will come with each Certificate of Number and are color coded with the expiration dates marked on the face. They are to be placed on a line even with and three inches to the right of the registration numbers on the boat so that game management officers can check the current registration status of the boat without boarding it.

Rates for registration are: up to 16 feet, \$6; 16 to 26 feet, \$9; 26 to 40 feet, \$12, and over 40 feet, \$15

Economic Stabilization

Questions and Answers

This column of questions and answers on the President's Economic Stabilization Program is provided by the local office of the U. S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about wages and prices.

Q. Are longevity increases counted as part of the 5.5 percent standard on wages and salaries set by the Pay Board?

A. No. Longevity increases are allowed to go into effect according to the terms of plans, agreements, or established practices in existence prior to November 14, 1971, without regard to the 5.5 percent general wage standard.

Q. Under what conditions are sales of real estate exempt from coverage under the economic stabilization program?

A. Sales of the following categories of real estate are exempt from coverage under the economic stabilization program: (1) unimproved real estate; (2) real estate with improvements completed prior to August 15, 1971; and (3) real estate with improvements completed on or after August 15, 1971 if the sales price is determined after the completion of construction or the wage rates are known to the bidder and are not altered by actions of the Pay Board after the sales price is established.

Q. Are profits controlled under the economic stabilization program?

A. Price increases are not allowed to raise the rate of profit per dollar of sales above what it was in the profit margin base period. The term, "base period," in this context means the average of any two of a person's last three fiscal years that ended prior to August 15, 1971. The person may select which two fiscal years will apply.

Q. Where can I obtain the economic stabilization regulations issued by the Pay Board, Price Commission and the Cost of Living Council?

A. All rulings and regulations issued under the economic stabilization program are published in the Federal Register. Subscription rates are \$25 yearly, \$2.50 per month, or \$20 per issue. Any specified yearly period may be requested (e.g., August 1, 1971 to August 1, 1972, which would include Register entries from the beginning of the price and wage freeze period). You can subscribe by submitting a written request with your check or money order to the Department of Public Documents, U.S. Government Printing Office, Washington, D.C. 20402. Make checks or money orders payable to the "Superintendent of Documents."

Stabilization rulings and regulations have also appeared in many newspapers throughout the country.

Q. In determining whether the allowable 5.5 percent standard for wage and salary increases set by the Pay Board is met, are there any restrictions on the amount or frequency of increases that may be paid to any one employee or group of employees?

A. So long as the 5.5 percent annual aggregate limitation is not exceeded, the amount and frequency of wage or salary increases is not restricted.

Q. I am retiring from my job this month. During the August 15-November 13 freeze, I was scheduled to receive an increase in retirement benefits. Will this increase now be allowed to take effect retroactively?

A. Yes. Employees who would have become eligible for a new or increased benefit during the freeze and who otherwise cannot become eligible for the benefit may be granted the benefit retroactively.

The Sandhills Philosopher

Dear Editor:
No telling what the situation will be by the time this shows up in the Journal, but right now India and Pakistan are fighting and what puzzles me about it is that both sides have already claimed to have won.

This is a strange new turn to modern war. If you'll recall, Israel whipped Egypt a few years ago in six days, and two months later Egypt was back on its feet threatening to invade Israel, and even today both are glaring at each other and offering to fight again if somebody will furnish the planes.

By the time you read this, still more wars may have broken out, again with both sides claiming victory. Quick, who won the Jordanian war year before last?

I have been thinking about this and it seems to me that the United Nations is missing a bet. Instead of trying to prevent wars by the only means is has, namely wringing its hands and imploring each side to lay off, the U.N. should merely regulate them, like the commissioner of football regulates the professional teams.

division winners, and finally come on down to the super bowl to determine the world champion for that year.

The U.N. should step in and set up some rules. For example, wars ought to have a definite time limit. Even though 50 million people are tuned in to a Sunday afternoon football game, how many would still be tuned in if the game didn't stop at two and a half hours but ran on through the evening and night and was still going Monday morning? Look what's happened to interest in the Viet Nam war. Nobody can kill the clock that long and expect to hold an audience.

I'll tell you, these wildcat wars, fought helter-skelter with no regular schedules, everybody fighting when he thinks he has the material and nobody ever knowing who won, are getting so frequent that if they keep on going people are going to lose interest and the networks will never be able to sell any commercials on such a program. Can you tell me the name of a single player on the Bangla Desh team?

If the U.N. doesn't know how to stop war, at least it ought to organize them so a man could check his local listings to see who's scheduled.

Of course, there was a way proposed a couple of thousand years ago to end wars but nobody has paid much attention to it.

Yours faithfully,
J.A.
