Junior Livestock Show Sets Record

GRAND CHAMPION GILT . . . Jimmy Gleason shows his Hampshire gilt that took top honors at the Bailey County Junior Livestock Show held this past weekend.

Smith Elected State Jaycee Vice President

The Muleshoe Jaycee President Jeff Smith was elected State Vice-President in District 1 at the annual District Convention held in Odessa this past weekend, February 19 and 20.

Smith will serve a one year term, starting June 1, 1972. He will be installed at the State Convention to be held in Corpus Christi, Texas May 18, 19 and 20, 1972.

The new officer reported that he will be serving five chapters in this area with problems relating to state Jaycee business and will be traveling to each chapter regularly.

No Filings In City Council Election Yet

Two city councilmen will be elected this year to three year terms on the City Council. The terms of Frank Ellis and Kenny Heathington will expire this year.

At the present time no one has filed for either position on the council.

According to City Manager Albert Field, candidates have until March 1, 1972 to file for the positions. Candidates must file at the City Hall.

The City Council election will be held Saturday, April 1.

GRAND CHAMPION LAMB . . . Belinda Throckmorton is shown with her Grand Champion Lamb of the Bailey County Livestock Show. The lamb also won first in heavy weight Medium Wool Lambs. Miss Throckmorton also showed the Grand Champion Barrow of the Show.

Price Appears At Joint Co-op Meeting

The Bailey County Electric and the Five Area Telephone Co-ops had a joint annual meeting Saturday, February 19, at the Muleshoe High School Cafeteria.

According to J.W. Coppedge, manager of the Bailey County Electric Co-op, approximately 400 people were served at the barbeque.

After the barbeque dinner, Congressman Bob Price made a brief appearance and spoke to the group.

Beginning at 1 p.m., the Five Area Telephone Cooperative had their business meeting in which they elected directors and new officers.

New board directors are Jack Ferguson, J.C. Smith and Ray O'Brien. They replace retiring directors D.L. Tucker, Bill Boyles and Willard Henry.

New officers chosen by

Winn Speaks To Rotary

Rotary met at noon Tuesday in the XIT Steak House.

Pesky Winn, Manager of Pioneer Natural Gas, had charge of the program and he gave a talk on gas companies and gas reserves.

He pointed out that there had been two critical periods of gas consumption in this area, one last January and one last summer.

Winn said that Pioneer Natural Gas has an excellent gas reserve position based on 1971 consumption. At this time, Winn stated, Pioneer has an 18 year gas reserve and is actively acquiring new reserves.

He pointed out that the recent cut in gas depletion allowances that resulted in a loss tax advantage increased the cost of acquiring gas reserve.

Winn read two articles from the Wall Street Journal revealing drastic gas shortages in the eastern markets.

He further explained that plans at this time call for lines to be constructed from Plainview to Plant X, and from the Permian Basin to Plant X in order to insure adequate gas supply.

PING PONG CHAMPIONS . . . Taking top honors in the Muleshoe DeMolay sponsored Ping-Pong Tournament last week were left, Brian Nickels who won in the 14 and Under Singles Division; Stanley Robison, center, half of the winning Doubles team; and Max Glasscock, the other half of the Doubles team and the winner in the Adult Singles Division.

Muleshoe School Board Meets, Renews Personnel Contracts

The Muleshoe Independent School Board of Trustees met in regular session Monday night, February 21.

The board heard current financial reports on operating funds on each category, bank balances of all fund, income from football and basketball games for 1971-72, lunchroom fund, approved payment of current bill and heard reports on current tax collections and pay-

ments of current bills.

The following maintenance projects were approved after studying the needs and costs: replacing worn-out stage curtains and adding lighting fixtures in the High School auditorium costing \$942.00 for the curtains and \$438.75 for the lighting fixtures; the installation of an exhaust system in the auto-mechanics building to remove fumes while students are working on engines -- the state will pay 53% of total cost and local district will pay 47% -- total cost \$983.70; public address system for the junior high gym so that announcements can be heard by P.E. classes and for basketball games and programs that are held in the gym; the board heard and approved the bid by Region XVII Service Center to provide Data Processing Services for the new accounting system that is required by the state -- this will include payrolls and checks, monthly incurrence accounting statements and all other checks -- the total annual cost will be \$3700 and will start at the beginning of the 1972-73 school year.

The board reviewed the school board election dates, places and personnel. The election will be held Saturday, April 1, 1972, 8 a.m. to 7 p.m. at the Muleshoe Junior High school. Ernest Kerr will be the election judge and Jesse Leal, assistant judge. Mrs. Hazel Gilbreath, County Clerk, will hold absentee voting at the Clerk's office in the courthouse.

During the meeting, board members selected Carl Bamert and Aubrey Heathington to hand out diplomas to graduating seniors at commencement exercises to be held May 23, 1972 at 8 p.m. in the High School auditorium.

The school calendar for the 1972-73 school year was reviewed and approved. A report was read on Average Daily Attendance for the first semester of the current school year. ADA for the first

Jaycees Have Voter Registration Drive

The Muleshoe Jaycees met at noon Monday at the XIT Steak House for their regular weekly meeting.

This week, the Jaycees are conducting a voter registration drive and are encouraging everyone to get out and register and this year's elections are important to every citizen of Bailey County.

It was reported that 19 Jaycees went to Odessa this past weekend to the Winter District meeting where Jeff Smith, local president, was elected State Vice-President.

Attending the meeting were Mr. and Mrs. Derrell Oliver, Mr. and Mrs. Curtis Walker, Mr. and Mrs. Duane Seay, Mr. and Mrs. Wayne Peterson, Jeff Smith, Mr. and Mrs. Bill Dale, Mr. and Mrs. Glen Watkins, Mr. and Mrs. Max King, Mr. and Mrs. Ronnie Gustin, Gene Shaw, Joe Pattie, Clarence Christian, Mr. and Mrs. Leon Wilson, Bill Russell, Bob Finney, Gene Atkins, Gary Shipman, Mr. and Mrs. Ken Henry and Mr. and Mrs. Doyce Turner.

Jeff Smith reported at the meeting that there were 17 stu-

Cont. on page 3, col. 5

Arrests made by the Muleshoe Police Department in recent days included two for minor possession, four sleepers, two for having no registration, and one for no driver's license.

Arrests Logged By Law Officials

Over 200 Animals Entered In Show

The annual Bailey County Junior Livestock Show was held this past week with over 200 animals being exhibited. This was one of the largest stock shows and many say was the best ever for Bailey County.

Judging began Friday with the lambs, followed by swine and cattle.

Showing the grand champion steer was Kirk Lewis. Belinda Throckmorton had a double win, showing both the Grand Champion Barrow of the Show and the Grand Champion Lamb. Jimmy Gleason showed the Grand Champion Gilt of the Show.

Placing in the Swine Show were:

BERKSHIRE GILTS
Lance Tucker, first; Ricky Black, second; Ricky Black, third; Larry Hooten, fourth and Larry Hooten, fifth.

CHESTER WHITE GILTS
Billy Milburn, first; Larry Martin, second; Jimmy Gleason, third; Kim Black, fourth; and Rex Black, fifth.

DUROC GILTS
Lee Sanderson, first; Brian Kirby, second; Bobby Dodd, third; Craig Kirby, fourth; and bobby Dodd, fifth.

HAMPSHIRE GILTS
Jimmy Gleason, first; Paula Bickel, second; Mike Carpenter, third; Paula Bickel, fourth; Trey Stoneham, fifth; and Tommy Stoneham, sixth.

POLAND CHINA GILT
Kevin Tucker, first.

SPOTTED POLAND CHINA GILT
Joe Sinclair, first; Joe Smith, second and third.

The Grand Champion of the Gilt Show was shown by Jimmy Gleason. The Reserve Grand Champion was shown by Billy

Milburn.

DUROC BARROWS, light weight
Marilyn Black, first; Vowery Throckmorton, second; Steven Newton, third; Gary Hooten, fourth; Dee Sanderson, fifth; Danita Throckmorton, sixth; Gary Hooten, seventh; Lee Sanderson, eighth and ninth.

DUROC BARROWS, heavy weight
John Gunter, first; Curtis Buhrman, second; Marshall Pool, third and fourth; Craig Kirby, fifth; Kevin Tucker, sixth; Brian Kirby, seventh; Jimmy Wedel, eighth and ninth place.

HAMPSHIRE BARROWS, light weight
Rusty Whitt, first; Jeep Shanks, second; Jimmy Gleason, third; Vowery Throckmorton, fourth; Trey Stoneham, fifth; and Jeep Shanks, sixth.

HAMPSHIRE BARROWS, heavy weight
Belinda Throckmorton, first; John Bickel, second; Steven Bickel, third; Tommy Stoneham, fourth; Tommy Wheeler, fifth; Jeep Shanks, sixth; and Tommy Wheeler, seventh.

POLAND BARROWS, light weight
Lizan Gunter, first; Danita Throckmorton, second and Gary Gunter, third.

POLAND BARROWS, heavy weight
David Watson, first; John Gunter, second; Kevin Tucker, third; and Larry Clawson, fourth.

BERKSHIRE BARROWS, light weight
Rusty Whitt, first; Shelly McGlaun, second; Troy Scott, third; Gary Hooten, fourth; Roxana Street, fifth; David Pitcock, sixth; Keith Harp, seventh and eighth.

BERKSHIRE BARROWS, heavy weight
Billy Milburn, first; John Street, second; John Street, third; Gary Gunter, fourth; Richard Stovall, fifth; Nicky Nickels, sixth; and David Watson, seventh.

CHESTER WHITE BARROWS, light weight
Marilyn Black, first; Brent Gunter, second; Belinda Throckmorton, third; Glen Harrison, fourth; Lizan Gunter, fifth; Larry Mitchell, sixth; David Pitcock, seventh; Joel St. Clair, eighth; Kim Black, ninth; and Jimmy Wedel, tenth.

CHESTER WHITE BARROWS, heavy weight
Mike Carpenter, first; John Street, second; Larry Ross, third; Nicky Nickels, fourth; Rex Black, fifth; Larry Ross, sixth; Rex Black, seventh; Ricky Smallwood, eighth; Rodger Williams, ninth; and George A. Mitchell, tenth.

CROSSBRED BARROWS, light weight
John Bickel, first; Larry Clawson, second; Paula Bickel, third; John Bickel, fourth; Jim

Cont. on page 3, col. 1

Crossbred: Jack Smith, second, Micky Powell, fifth, and Lisa Menefee, sixth, light weight; Dale Gallman, first, Rick Seaton, and Mike Windham, fifth, medium weight; Kenny Carter, fifth, and Micky Powell, seventh, heavy weight; Dale Gallman had the Champion Crossbred and the Grand Champion Barrow of the Show. Danny Clark had the Reserve Grand Champion.

The Swine Sportsmanship Award went to Micky Powell. In Sheep the following placed: The Champion Fine Wool was

EIGHTH GRADE ELECTS CLASS FAVORITES...Elected as eighth grade Class Favorites are Kyle Kimbrough and Cynthia Rogers.

Journalism Staff Begins Contest

By Tracy Buhrman
This week the Journalism Staff is introducing something

Snow!

By Cheryl Johnson
Last week, Feb. 15, out of the wild blue yonder, snow began to fall. It was about noon when the snow really began to fall. All the students, since it was fairly warm and the snow flakes were big, were hit with an "epidemic". It was the strangest thing, everybody seemed to be "jumping around," as if they had "ants in their pants", and all mouths were opened catching "snow flakes." Talk about FUNNY LOOKING! The snow certainly brought life into the students, their mouths, pants and all!

new, a cartoon contest. We will have a cartoon of the week every week.

To enter you must draw an original cartoon on typing paper, turn it into the Journalism room every Tuesday. The best picture will be put in the F.B.I. So get your pencil out.

Science Fair To Be Held In March

By Eddy Mardis
Science fair is to be held in early March. Science fair is when sixth, seventh, and eighth graders make projects dealing with science and these projects are judged by various people. Ribbons are given out to the winners, and they are excused from school to go to Lubbock.

Science Class Has Visitors

By Kim Small
Tuesday, February 15, the seventh grade Science class had visitors. They were two men from the Central Plains Comprehensive Community Mental Health Mental Retardation Center in Plainview, Mr. Roy Nickell and Mr. Bill Zecek.

Since the seventh graders didn't attend Drug Day activities, these two men visited each Science class and talked to them about drugs. Mr. Nickell and Mr. Zecek answered questions the students asked, and told them about their work. It was a very interesting class, and all the students enjoyed it.

Six Weeks Tests Again

By Tracy Buhrman
Uh-Oh, it's six weeks again and that means test! Once again all the little children in Junior High will be taking all their books home worrying to death. Hopefully most of them will pass, or maybe even better! This is the time when the students get to know their teachers! They begin to realize that if you are going to pass your six weeks test you must study all the rest of the time. GOOD LUCK!

SIXTH GRADE ELECTS CLASS FAVORITES...Elected as sixth grade Class Favorites are Curtis Carpenter and Morgan Pena.

Junior Mullettes Win Last Season Game

By Tammy Webb
The Jr. Mullettes won a double victory over Dimmitt, last Monday, February 14. This was an exciting victory for the Mullettes since the last time they played them, at Dimmitt, they lost by several points. The "A" team won by a score of 26-4. Highest pointer was Katie Pease, with 9 points. The "B" team won by a score of 16-8. Highest pointer was Vicki Griffin, with 10 points.

The boys ended their basketball season last week. They will start track this week and be working very hard. There will be shot puts, discus throwing, broad jumping, and relays. The boys hope to go to all of the track meets and take away some trophies.

Boys End B-Ball Season

By Trent Stewart

Historical Society Hears

Miss Harden 7th Grade Has Coke Party

On Monday, February 7th, the Historical Society met with a guest speaker bringing the program. The president of the Society, Rickie Claybrook, introduced the speaker, Miss Elisabeth Harbin.
Miss Harbin, one of the earliest teachers in Bailey County, spoke on Bailey County history. She gave a history of the early schools and told interesting stories about early life and habits in Muleshoe. Miss Harbin's first school had a complete enrollment of only 18 pupils.

Thursday, February 17, at activity period, the seventh graders had a coke party. The seventh graders got to have this party because they brought more than the sixth and eighth grade classes for the Toys for Tots campaign. The party was held in the hall of the gym. While the students drank their cokes, a band composed of Tony Vela, Mark Hartline, Ricky Norton, and Bruce Hartline played for the students' enjoyment.

semester was 72.76 more than the first semester last year.

The new financial accounting system that is to be implemented during the next school year was discussed. Staff members have attended two workshops and have another workshop scheduled for March 22 and 23 at the Education Service Center, Region XVII, Lubbock.

The following personnel were re-employed: Fred Mardis, High School Principal, two year contract; Wayland Ethridge, Junior High Principal, two years; Milton Oyler, Richland Hills Primary Principal, two years; Neal B. Dillman, Superintendent of Schools, three years; Ben Gramling, counselor, grades 7-12, one year; Kathleen Francis, counselor, grades K-6, one year; Fred Hedgecoke, Athletic Director and football coach, one year; Raymond Schroeder, Basketball Coach and assistant football coach, one year; Curtis Didway, assistant high school coach, one year; Charles Stout, assistant high school coach, one year; Robert Hayes, junior high coach and assistant high school coach, one year; Sam Payton, junior high coach and assistant high school coach, one year; Romy Clifton, junior high coach and assistant high school coach, one year; Sharyn Whittner, junior high girls coach, one year contract; Jim Harvey, High School band director, one year; Kerry Moore, High School speech director, one year; and Lon Briley, junior high band director, one year.

The board approved a request for the following curriculum changes: to reinstate World Geography in grade nine as a half credit course, alternative to Texas History, to back up Health Education; to add German to language department and offer Latin I and II in alternate years, German I and II the same way, and will continue to offer Spanish I and II each year as heretofore; add Industrial Crafts to the Art Department as one-half or one credit elective, open to all grades with no prerequisite.

The County Economic Index that is to be used for determining the Local Fund Assignment for the school year of 1972-73 was explained.

The Board set a special meeting of the Board of Trustees for Monday, February 28, at 8 p.m., at the School Administration Office to hold a hearing involving charges made against W.E. Young, Traunt Officer, at the special public meeting held February 17, 1972.

The next regular meeting will be held Monday, March 20, at 7:30 p.m.

Any city is a delightful place to live in if you're a delightful person to live by.

Cotton Council Chairman Speaks To Texas Cooperative

DALLAS, Feb. 14 (Special)-- Pointing to increased cotton prices as the principal factor in stimulating sufficient production to provide for expected offtake in 1972, the board chairman of the National Cotton Council said today that cotton's markets must be spotted or many of them will be lost.

In an address to the Texas Federation of Cooperatives, Dr. C.R. Sayre of Greenwood, Miss., said that although January plant-

ing intentions show an anticipated increase of seven percent more acres over last year, this probably will not be sufficient to prevent market erosion.

"The whole industry likes strong prices," Dr. Sayre said, "but there is a marked and dramatic difference between strong prices and runaway prices. Already the confidence of some mill customers at home and abroad is shaken. Many have begun to look elsewhere for substitute raw materials."

Dr. Sayre discussed several areas of concern to the cotton industry. He pointed out that exports last year probably would

have been greater but for work stoppages on the docks in this country. Dr. Sayre said it is of critical consequence that the President have more effective options in dealing with transportation disruption.

Another matter of top priority, he said, is improving public attitudes toward cotton and agriculture. "The lack of recognition and appreciation of contributions made by cotton-- by agriculture--threatens our very ability to provide the food and fiber needed by every individual," Dr. Sayre said.

He also said that "people in this country must be made to realize that no one has a

greater stake in a healthy environment than farm people." He hailed as a major breakthrough the recent announcement by Secretary of Agriculture Earl L. Butz concerning the expansion of research on chemical-biological-cultural means of pest control. "Increased application of scientific technology, while at the same time minimizing the possibility of hazards to the public, has been a policy long advocated by the Council."

Dr. Sayre noted that as a result of programs which provide government payments to farmers, "the consumer spends a smaller part of his dollar on food and fiber than anywhere else in the world. In the end it is the consumer who benefits" from these programs.

No greatness exists unless it's based upon principle and not upon profits.

Jones Farm Store

Vanguard's rubber gasket very seldom runs into a problem it can't handle.

What you see here is just about the only thing that will do it in. But this little demonstration also points out a very important fact. Vanguard's rubber gasket is extremely flexible.

Where an irrigation system is concerned that offers lots of advantages. Once the line is down, all the ground shifts and temperature changes you can imagine aren't going to bother our rubber gasket.

We tested the Vanguard rubber gasket joint under extreme conditions. Once it proved itself hydrostatically, we twisted it and turned it and even buried it in highly acidic soils. Nothing happened. The gasket still held a watertight seal.

Very simply, it's been through everything it could ever encounter on your farm. And more.

At this point, we would naturally expect you to run right over to the nearest Gifford Hill sales office and buy up all the Vanguard irrigation pipe you could get your hands on.

But if you really don't need an irrigation system right now, keep Vanguard in mind for the next time you run into a problem that takes a special kind of pipe to handle.

CURTAINS FOR HOSPITAL . . . Pat Bobo, a patient in the West Plains Hospital, has been inspecting the new curtains added to the room where he is now staying. Pictured with Bobo are, from left, Mrs. Calvin Embry and Mrs. Johnnie Prater, Auxiliary members, who did the sewing on the curtains for the 25 rooms.

Auxiliary Adds Curtains To Hospital Rooms

Fresh new curtains have been hung in 25 rooms of the West Plains Memorial Hospital to complete a project of the Muleshoe Hospital and Nursing Home Auxiliary. The curtains were made and hung by a committee composed of Mrs. Robert Hooten, chairman, Mrs. Calvin Embry, Mrs. Johnnie Prater, Mrs. Alex Williams and Mrs. Clinton Kennedy.

The Muleshoe Hospital and Nursing Home Auxiliary sponsored "Project: Christmas Card" in December, and some of the money raised through the project was used for the new curtains.

TOPS Hold Bingo Party

The Muleshoe Jenny TOPS Chapter 34 met Thursday night, February 17 in the Bailey County Electric meeting room. The meeting was called to order by June Vinson. Members repeated the pledge and sang the Friendship song.

It was reported that confirmation had been received from national TOPS headquarters on the yearly queen. She will be crowned at the TOPS meeting to be held on March 2. She will be presented with gifts from the members.

The Area Rally Day for TOPS will be held in Muleshoe in the fall. This meeting is now in the planning process.

A report was heard on the contest that will end next week. Winners of the contest will be announced at the February 24 meeting.

The weekly queen was Evelyn Moore. First runner-up was May Provence. Second runners-up were Ann Newman, Ann Vinson and Linda Vinson in a three way tie.

Members then played bingo, with the proceeds going into the convention funds.

The meeting was adjourned with the singing of the good-night song.

Buy bananas when on special. Mash; sprinkle with ascorbic acid powder. Freeze in measured amounts. Bananas are ready to use in any recipe.

March 17 the Auxiliary is planning a Bridge Benefit to be held in the Catholic Center at 7:30 p.m. Prizes for high score and second high score will be \$25 United States Savings Bonds. The Auxiliary hopes that many tickets will be sold, according to Mrs. J.E. McVicker, Auxiliary president. The Auxiliary has another project in the planning stage, that is, to add a Day Room to the Nursing Home to be used by the residents there.

Progress Vaqueros 4-H Club Meets

The Progress Vaquero 4-H Horse Club met February 9 in the Bailey County Electric meeting room.

Jimmy Presley reported on the boot tickets sales. Members discussed the horse show, play days and the play day practices. It was voted to start the practices on the following Sunday afternoon, if the weather permitted, and continue them from there. The Club decided to have only on Quarter Horse judging elimination this year. The point system was discussed. All members reaching the set number of points will receive a horse blanket. The person who collects the most points will be given a special gift or prize.

The monthly meetings were discussed. It was decided to have the meetings on the first Tuesday of every month. The next meeting will be March 7. Members present included Nicky Bamert, Mitzi Bass, Curtis Carpenter, Joie Carpenter, Connie Floyd, Brent Gunter, Gary Gunter, John Gunter, Bobby Henderson, Jimmy Henderson, Kenny Henderson, Danny Jones, Larry Martin, Robert Martin, Malinda Presley, Sherman Presley, Tim Sooter, Tommy Stoneham, Trey Stoneham, Curtis Wheeler, Terry Wheeler, Tim Wheeler and Tommy Wheeler.

Refreshments were served after the meeting was adjourned.

Parent Teachers Association Celebrates 50th Anniversary

One of the most significant anniversaries in the history of volunteerism occurs in 1972—the PTA celebrates its 75th year of working totally in the interest of children and youth.

Founders Alice McLellan Birney and Phoebe Apperson Hearst, who recognized the great need for such a volunteer movement, organized the first meeting of the PTA on February 17, 1897 in Washington, D.C. They expected some 200 persons at that meeting. One can imagine their elation when more than 2,000 attended.

The concept of PTA swept the nation, and now seventy-five years later, the organization has grown to one of almost 10,000,000 members. Since that time, scarcely a year has passed that the PTA has not implemented a project or involved its members in an activity that benefited children.

Fourteen years before the creation of the U. S. Public Health Service, the PTA was lobbying in Washington for a National Health Bureau. The first Pure Food Bill became law with the PTA's support. The organization has consistently

worked to raise minimum wages for teachers . . . campaigned for strict supervision of motion pictures . . . supported hot lunch programs . . . urged continuous health supervision . . . worked to insure quality living and quality education for all children and youth.

During PTA's diamond jubilee year, Mrs. Elizabeth Mallory, president of the National PTA, challenges all members to accelerate their efforts to implement the priority areas of the PTA's Action Program.

*To provide for children and youth the kind of family life, education, and experiences that will keep them from turning to mood-and-mind-altering drugs to fill the emptiness of their lives or to escape from tensions and pressures;

*To secure for every family dignity and freedom from hunger and discrimination in housing, employment, and education;

*To prevent plunder and pollution of the physical environment so that our fragile planet remains livable;

*To nurture goodwill, respect, caring and shared problem-solving among the diverse groups in our nation so that we can act together to meet the human needs and protect the human rights of all;

*To involve youth meaningfully in our efforts to improve the quality of living and learning for all Americans.

"These are burdensome tasks. But we can have no peace of mind unless we take up the burden," says Mrs. Mallory. "These are arduous tasks. But we have audacious faith that enough of us have courage and strength to undertake them and to recommit ourselves to the goals of PTA in our 75th year."

NEW ARRIVALS

Deanna Mae Widner
Mr. and Mrs. Everett Leon Widner of Muleshoe are the parents of a daughter born February 21 at 9:57 a.m. The baby weighed six pounds and has been named Deanna Mae.

Tonia Bennette Marley
Mr. and Mrs. Bobby Allen Marley, Muleshoe, are the parents of a daughter, Tonia Bennette, born at the West Plains Hospital at 11:06 p.m. February 20. Tonia Bennette weighed five pounds eight ounces at birth.

Chad Lyle Schroeder
Mr. and Mrs. Raymond Schroeder of Muleshoe are the parents of a son born at 6:42 p.m. on February 2 at the West Plains Hospital. The baby has been named Chad Lyle and weighed eight pounds three ounces at birth. He has one brother and one sister.

Mary Helen Garza
Mr. and Mrs. Narcisco Garza of Muleshoe are the parents of a daughter born at 4:30 a.m. February 18 at West Plains Hospital. Mary Helen weighed six pounds ten ounces.

Priscilla Granada
Mr. and Mrs. Antonio Granada of Friona are the parents of a daughter born at the West Plains Hospital at 3:10 a.m. on February 18. The baby was named Priscilla and weighed five pounds 13 ounces.

Juan Gonzales
Mr. and Mrs. Larry Sanchez Gonzales of Friona are the parents of a son, Juan Isabel Martin Gonzales, weighing six pounds nine ounces at birth. The baby was born February 19 at 3:03 a.m. in the West Plains Hospital.

It begins to look as if fashions are gradually getting back to normal. Men and women's clothes are tending more to the classic and neat rather than shocking and far out.

Knitted fabrics are used for men's clothes while, for evening, velvet is used but along classic lines.

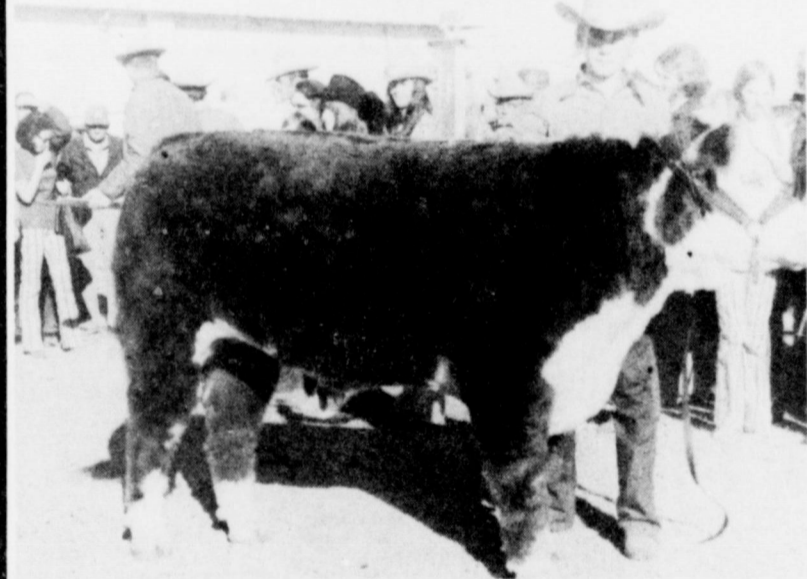

Congratulations!

Esther-Dorcas Circle Hears Book Review

The Esther-Dorcas Circle of the First United Methodist Church met Tuesday morning, February 22 at 9:30 a.m. The group met in the parlor of the Church with Mrs. Johnny Prater as hostess.

Mrs. Lewis Wayne Shafer, chairman, called the meeting to order and led the group in the opening prayer.

Mrs. Prater announced that our local Women's Society of Christian Service are invited to Bovina for a luncheon with the Bovina and area Women's Society of Christian Service on March 8.

North West Texas MG Chapter Holds Annual Meeting

The North West Texas Chapter of the Myasthenia Gravis Foundation met in annual session Sunday afternoon, February 20, 1972, at the Hi-Plains Hospital, Hale Center, Texas at 2 p.m. J.E. McVicker, Muleshoe, and chairman of the Chapter, presided during the business meeting. Plans were discussed to invite Dr. J.D. Tether, Director of Research for Myasthenia Gravis at the University of Indiana, to this area for a session with the Medical Society and for an all day clinic for Myasthenia Gravis patients of this area. Methods for raising the necessary money to make a clinic possible were discussed. The date, place and time of a possible clinic will be announced at a later date. Dr. Tether, of Indianapolis, is a foremost authority on Myasthenia Gravis. He has written numerous textbooks and has developed tests and treatments used in controlling this rare disease.

From The Journal 30 Years Ago

Mrs. John Smith returned Wednesday from Lubbock, where she had been visiting her aunt.

Mr. and Mrs. Vance Wagon and children visited in Clovis Monday.

Mr. and Mrs. Lud Taylor visited in Clovis Sunday.

The Muleshoe Study Club met February 12 at the Muleshoe Coffee Shop with Mrs. Katherine Taylor as hostess.

The program subject was "Argentina," with Ella Ruth Williams as chairman. The following subjects were discussed: "Arrival in Buenas Aires," Ella Ruth Williams, "Current News on Latin America," Elizabeth Woodley, "Buenas Aires Peace Conference," Inez Bobo. Parliamentary Drill, Essa Lee Roberts.

Refreshments of ice cream and cake were served to the following members: Mickey Lewis, Marie Lenau, Melba Moore, Janet Wagon, Ella Ruth Williams, Elizabeth Gardner, Elizabeth Woodley, Blanche Lancaster, Mary Hart, Inez Bobo, Essa Lee Roberts, Jo Wood and the hostess.

20 Years Ago

Mrs. Leota Wilterding visited with her daughter and family, Mr. and Mrs. Russel Harmon of House, N.M., recently.

The Pleasant Valley Social Club met in the home of Mrs. Harold Allison Wednesday evening, February 6.

The meeting was called to order and the roll call was answered. A beautiful corsage was presented to the new member, Mrs. Jim Grizzle. Visitors present were Mrs. Leo Turner and Mrs. George Wolfen.

Members present were Mesdames O. Allison, J. Allison, F. Andreas, E.K. Angeley, J. Grizzle, J. West, R. Roubinek, J.L. Hicks and Harold Allison. Delicious refreshments were served to those present.

Mrs. J.B. Fowler gave the program for the morning Circle meeting. She reviewed "Appointment -- Congo" by Virginia Low.

Three guests attended the meeting. They were Mrs. Joel Nowlin, Mrs. Calvin Embry and Mrs. Mervin Wilterding. Members attending were Mrs. Lewis Wayne Shafer, Mrs. David Anderson, Mrs. J.A. Nickles, Mrs. J.E. McVicker, Mrs. Robert Hooten, Mrs. J.B. Fowler, Mrs. Sam Fox and the hostess, Mrs. Johnny Prater.

Girl Scout Cookie Sales Begin Friday

Muleshoe Girl Scouts, members of the Caprock Girl Scout Council, will begin their cookie sales, Friday, February 25.

Girl Scout cookies take on a new look and price when they go on sale Friday, it was announced today by Mrs. Felix Jones, Idalou, Council Cookie Chairman.

Girl Scouts in the 18-county Council will be selling the cookies through March 11, and the price will be \$1.00 per box, Mrs. Jones said. The cookies have traditionally been 50 cents per box, but this year a new family-size box is being sold and the larger boxes will provide more Council profits for building and improving Camp Rio Blanco northeast of Crosbyton, the cookies chairman explained.

Profits from the sale are divided between the troops and the Council. Camp Rio Blanco is for the entire Council and summer sessions begin in June. Each session will be based on the Girl Scout program for the out-of-doors, which includes crafts, hikes, swimming, songs, campfires, nature study and star gazing. Six sessions are scheduled for girls of various age groups.

Girls selling the five flavors of cookies, (mint, assorted sandwich, butter flavored shorties, peanut butter and pecanettes) will wear their Girl Scout uniforms or pins. A two-week campership for Camp Rio Blanco will be awarded to Girl Scouts who sell 180 boxes of cookies, or more.

COOKIE SALES . . . Pictured in front of the Girl Scout Hut ready to start the Girl Scout Cookie Sales Friday is Brownie Troop No. 407. The members of the Troop are third grade students. Pictured in the back row, from left, are Sylvia Lopez, Michelle Agee, Laurie Seay, Shelli Hawkins, Rachael Chavez and Tracy Webb. In the front row, from left, are Sandy Rojas, Sally Lunford, Angelia Davis, Hope Leyva and Wendy Stice.

READY TO BEGIN . . . Rachael Chavez, left, and Sylvia Lopez, members of Brownie Troop No. 407 are preparing to start Girl Scout Cookie Sales Friday. All Girl Scouts and Brownies will be selling the cookies February 25 through March 11. The girls will wear their uniforms or pins for identification.

ductible and are acknowledged with a special card, according to Mrs. Carlise. The money received through the Memorial Fund is used in extending scientific research in the field of Myasthenia Gravis in the hope that a cure will soon be found.

A film "Strength for Tomorrow" was viewed by the group. The film told of aids and treatment for Myasthenia Gravis. The medical version of this film is available through the National Headquarters for showing to Medical Societies, Schools of Nursing, Medical Schools, etc.

Officers for 1972-73 were elected. They are: J.E. McVicker, Muleshoe, president; Emory Hunter, Wellington, vice president; Mrs. Hardy J. Carlise, Plainview, secretary; E.E. Masters, Cotton Center, treasurer; and Mrs. Fred Hubbard, Hale Center, Memorial chairman.

Refreshments were served to 35 members, nine of which were Myasthenia Gravis patients from Oklahoma, New Mexico, Lubbock, San Angelo, Benjamin, Dalhart, Plainview and Muleshoe.

weakness in flexing the thighs at the hips, weakness in lower limbs, especially when trying to walk on the heels. No two patients have exactly the same variety and severity of symptoms.

Today physicians and basic scientists are actively much more interested in Myasthenia Gravis than in past years. New drugs to improve treatment of the Myasthenic are under investigation. The Myasthenia Gravis Foundation, Inc., with national headquarters in New York and it's Chapters in parts of the United States, support research, education, drug banks, clinics and the dissemination of public information concerning the disorder.

Gordon Russell, administrator of Hi-Plains Hospital, welcomed the group and introduced Dr. D.R. Foster, medical advisor for the chapter, of Hale Center. Dr. Foster conducted a question and answer session with the nine Myasthenia Gravis patients who were present. He also explained the use of the Erogaph -- a machine used in determining the strength or weakness in the arm, hand or jaw muscles of the victims. Dr. Foster stated that a local drug bank was available for Myasthenia Gravis patient's use, located at the Hi-Plains Hospital Pharmacy. Medicine used by people afflicted with Myasthenia Gravis is very expensive, and drug banks are provided as a savings to the individual patient.

Mrs. Hardy Carlise, secretary, announced that a Memorial Fund is maintained through contributions and gifts given by individuals to honor one living or in memory of one deceased. The gifts are tax de-

Phone 272-4578
Muleshoe Texas

Directors of Lubbock-based Plains Cotton Growers, Inc. met February 17 in Lubbock, elected six members to the 25-county commodity organization's Executive Committee and agreed on numerous actions aimed at bettering the lot of High Plains cotton farmers.

Elected to the Executive Committee were W.L. Edelman of Friona, Lloyd C. Miller of Morton, J.D. Smith of Littlefield, Don Anderson of Crosbyton, Joe D. Unfred of New Home, and Lloyd Cline of Lamesa. These join the organization's officers and past presidents, including Ray Joe Riley of Hart, President; Donnell Echols of Lamesa, Board Chairman; Paul Bennett of Lamesa, Vice President; Don Marble of South Plains, Secretary Treasurer; Roy Forkner of the Canyon Community and Wilmer Smith of New Home, past presidents, to make up the full committee.

Recognizing the damaging effects of dock strikes on cotton exports, which make up some 65 percent of the market for High Plains cotton, the Board resolved to "endorse and urge passage of permanent Federal legislation in the transportation industry whenever necessary to protect agriculture and the general public."

A resolution was also passed to commend and give support to Texas legislators attempting to correct the "inequities" in trailer lighting and braking requirements imposed by the 1971

State legislature. Riley said these requirements are causing undue and unnecessary hardship and expense to farmers "without compensating benefits to agriculture or the general public."

Administration of the Federal farm program came in for considerable discussion and Board members agreed to work for (1) a higher cotton loan, more in line with the "true" 90 percent of world market price stipulated in the Agriculture Act of 1970, (2) moving the final date for certification of cotton and feed grain acreage from July 15 to August 1, and (3) permitting farmers who grow wheat to designate set-aside acreage for cotton and grain sorghum at the same time as non-wheat growers instead of May 1 as now required.

Changing the deadline for final acreage certification to August 1 was proposed by George Huds-peth, director from Brownfield, who said "It is going to be almost impossible for our county offices to provide measuring service to all farmers before July 15, and under this year's program virtually all farmers will request the service."

Don Marble brought up the fact that current rules call for growers of wheat to designate their set-aside acreage by May 1, which in almost all instances will be in advance of cotton planting and in some cases before grain sorghum or corn is planted. "This requirement

Former Area Resident Dies In New Mexico

Mrs. Opal Boothe, 60, died suddenly Monday, February 21, at her mother's home in Truth or Consequences, N.M.

She had lived in Truth or Consequences, N.M. for one and a half years, moving from Lubbock where she had lived one year. Prior to that she had lived in Muleshoe for 30 years where she operated a beauty shop for many years.

She was born February 15, 1912 in Colorado City. She was a member of the First Baptist Church of Muleshoe and of Eastern Star.

Funeral services will be at 10:30 a.m. Thursday in the Singleton-Ellis Chapel of the Chimes. Rev. J.B. Fowler, pastor of the First United Methodist Church will officiate. Interment will be in the Bailey County Memorial Park under the direction of Singleton Ellis Funeral Home.

Survivors include one daughter, Mrs. Don Etheridge of Rolla, Missouri and her parents, Mr. and Mrs. Jess Green of Truth or Consequences.

Swine Shortcourse Set For March 27-28

Two days of presentations on feeding, breeding, health and marketing will make up the 21st annual Swine Shortcourse at Texas A&M University, Mar. 27-28, in College Station.

West Texas producers, scientists and educators will take part in the conference and also the meeting of the Texas Pork Producers Association, according to Dr. Gilbert R. Hollis, area swine specialist for the Texas Agricultural Extension

Service. Dr. A.M. Lennon, assistant professor at Texas Tech University, will report on research on weaning pigs at one day of age.

Hollis will moderate a panel of pork producers composed of Elmer McLaughlin of Pampa, Don Gray of Snyder and Harold Ham of Dumas. Roy Poage, of Slaton, president of the Texas Pork Producers Association, will head up the annual Pork Banquet on Mar. 27. At that time, the winner of the master Pork Producer Award will be named, and the Texas Pork Queen Contest will be conducted.

In addition to West Texas people, the program will also feature some 15 other presentations on pork production, including a talk on Texas feeder pig production by Dr. Randall Grooms, area livestock specialist for East Texas.

71 Harvest Reaches Scrapping Stage

The South Plains cotton harvest reached the scrapping stage in most counties this week, as the harvest neared completion, according to W.K. Palmer, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Most of the remaining cotton to be harvested is in the Lamesa area.

Sample receipts declined to 1,500 a day at the Lubbock office as the harvest neared completion.

Total classed through Friday, February 11th was 1,105,000. This is about two-thirds of the estimated production expected

Alteration Tailor Course In Lubbock

An announcement has been made of the approval by the Labor Department and Department of Health, Education and Welfare, of a training project under the Manpower Development Training Act (MDTA) that an Alteration Tailor training course will be held in Lubbock beginning February 28 and last 16 weeks.

Anyone interested may apply at the Texas Employment Commission, 1602 16th Street in Lubbock Monday through Friday, 8 to 5 p.m. from now until February 18.

Any person unemployed or underemployed, 18 years of age or older, who has the desire to do alteration tailor work and is able to read, write, speak and understand English is eligible. They must have a sixth grade education and veterans will be given preference.

Trainees may be paid \$42.00 per week, plus \$5.00 per week for each dependent up to six dependents. Travel allowances are paid to trainees who commute to the training facility. Trainees must attend training classes eight hours daily 8 a.m. to 4:30 p.m. Training will be conducted Monday through Friday each week, except on holidays. Training will be given in skills and knowledge that will enable them to enter the occupation of alteration tailor at the entry level and progress efficiently.

The Texas Employment Commission will give job placement service to those trainees completing the course.

Members of the committees are to be appointed by the President.

Quality of the cotton was lower than last summer. Strict Low Middling Spotted was the predominant grade at Lubbock last week with 28 per cent of all cotton classed. Strict Low Middling Light Spotted made up 11 per cent, Low Middling Light Spotted 20 per cent and Strict Low Middling Spotted 11 per cent. Seventy-six per cent of the samples was reduced in grade because of bark.

Staples were predominantly 28 to 30. Sixteen per cent had a staple length of 28, 42 per cent stapled 29 and 27 per cent was 30.

Only four per cent of the cotton "miked" in the Lubbock office was in the premium range of 3.5 to 4.9, 3 per cent "miked" 3.3 and 3.4, 13 per cent 3.0 through 3.2, 33 per cent was 2.7 through 2.9 and 47 per cent was 2.6 and below.

The Consumer and Marketing Service of the U.S.D.A. reported a decline in trading of the Lubbock market as the harvest neared completion. Prices were \$5.00 per bale higher on the Lubbock market. Demand was strongest for cotton with micronaire of 3.0 and better and was fair for cotton with micronaire of 2.9 and lower.

Most of the cotton offered on the Lubbock market was the lower micronaire cotton.

Average prices for the most predominant qualities in the 2.7 to 2.9 micronaire range were: Low Middling Light Spotted, Staple 29-26.30, Low Middling Light Spotted, Staple 30-26.65, Strict Low Middling Spotted, Staple 29-26.30, Strict Low Middling Spotted, Staple 30-26.35, Low Middling Spotted, Staple 29-25.00 and Low Middling Spotted, Staple 30-25.35.

Weeds In Wheat

AMARILLO--Excellent ground moisture gives promise of one of the best wheat crops in several years, but this moisture may also result in weed problems, says Dr. Frank Petr, Extension area agronomist at Amarillo.

"Favorable moisture last fall resulted in the germination and establishment of large numbers of winter annual weeds in wheat and other fall-sown grains," Petr reports. The most common of these moisture-robbars are tansy mustard and pepper weed.

The agronomist warns that large amounts of stored moisture and plant nutrients are being used by these fast-growing species, and that producers should consider herbicide treatment if fields are infested. He suggests one-half pound of 2,4-D per acre in a low volatile ester or amine form. With ground equipment, the chemical should be mixed with five to ten gallons of water. For aerial application, two to five gallons of water is recommended.

Petr emphasizes that herbicides should be applied before March 15 to conserve moisture. Also, if application is delayed, there is more risk of wheat yield loss from the herbicide as the crop gets older. Spraying should not be done after the wheat reaches the boot stage.

Fields should not be grazed for two weeks after spraying with 2,4-D; which may cause some inconvenience on dryland acreage.

"But with irrigated wheat, the spraying can be done when the field is irrigated," Petr says, "herbicides are more effective on succulent weeds and it is usually desirable to keep cattle out of wet fields to prevent soil compaction."

The agronomist adds that tests have shown spraying to be economically justified. Research by Dr. Allen Wiese of the USDA research station at Bushland indicated that one tansy mustard plant per square foot can reduce wheat yields by ten per cent.

"On dryland wheat that has a potential of 20 bushels per acre, the extra two bushels would easily pay for the spraying," Petr Says. He adds that on irrigated land with an expected 40-bushel yield, spraying would be justified with one weed per two square feet.

icides should be applied before March 15 to conserve moisture. Also, if application is delayed, there is more risk of wheat yield loss from the herbicide as the crop gets older. Spraying should not be done after the wheat reaches the boot stage.

Fields should not be grazed for two weeks after spraying with 2,4-D; which may cause some inconvenience on dryland acreage.

"But with irrigated wheat, the spraying can be done when the field is irrigated," Petr says, "herbicides are more effective on succulent weeds and it is usually desirable to keep cattle out of wet fields to prevent soil compaction."

The agronomist adds that tests have shown spraying to be economically justified. Research by Dr. Allen Wiese of the USDA research station at Bushland indicated that one tansy mustard plant per square foot can reduce wheat yields by ten per cent.

"On dryland wheat that has a potential of 20 bushels per acre, the extra two bushels would easily pay for the spraying," Petr Says. He adds that on irrigated land with an expected 40-bushel yield, spraying would be justified with one weed per two square feet.

Southwestern Cattle Raisers Schedule Meeting March 13-15

Good cattle prices, good winter weather and a speaking program of national authorities of agriculture will set the stage for the 95th annual Texas and Southwestern Cattle Raisers Association convention scheduled March 13-15 in Houston.

More than 1,000 cattlemen and their wives from throughout the Southwest are expected to meet at the Shamrock Hilton Hotel for the three-day meeting of the world's largest regional cattle organization.

Secretary of Agriculture Earl S. Butz will headline the speaking program in his first official visit to Texas since being named to the post. Among other speakers for the program will be U.S. Senator John Tower, Texas Governor Preston Smith, Robert Overton, assistant director of the USDA Crop and Livestock Reporting Service in Washington D.C.; Dr. Charles W. Jarvis of San Marcos, James W. McGrew, executive director of the Texas Research League, and Claude Maer, National Livestock Tax Committee.

TSCRA President Frank H. Lewis of Bay City, Texas, predicted that this convention "will be one of the most informative meetings of cattlemen in the history of this organization."

A host of committee meetings will be held during the convention including agricultural research, legislation, tax, animal health, wildlife, brand, agricultural labor, marketing, water resources, soil conservation, field inspectors and Mexican border.

Lewis urges all cattlemen and persons in the agricultural industry to attend these informative committee sessions as well as the general membership meetings during the convention.

Among the special attractions for this year's convention, will be a meat cutting demonstra-

tion by a marketing specialist from the National Live Stock and Meat Board and a display of art furnished by the National Cowboy Hall of Fame.

The ladies' program for the 1972 convention will feature a style show and luncheon at the famed Galleria, Houston's most modern shopping complex, a tour of the historic home of Miss Ima Hogg and a visit to

Corn Fertilizer Studies

Timing of irrigation proved the most critical factor in corn production in the 1971 Corn Irrigation-Fertilizer study at the High Plains Research Foundation, Jim Valliant, research director, noted in the 1971 annual report.

"Yields were reduced significantly when corn was not irrigated until the tasseling stage as can be noted in the results of three irrigation methods studied in 1971", Valliant said.

In method one, corn received optimum irrigation at preplant plus seven weeks after germination and at tasseling, silking, milk, and soft dough stages of growth. A total of 44.3 inches of water was applied and yields averaging 5694 pounds per acre were obtained.

In method two, the irrigation at the tasseling stage was eliminated, and yields decreased to 3851 pounds per acre. A third method, in which the corn was not irrigated until the tasseling stage and 29.1 inches of water applied, produced only 1506 pounds per acre.

Corn was planted April 23 and stand counts showed that a plant population of only 17,000 plants per acre was obtained. "Yields were lower than expected and it is believed that this low plant population is the reason," Valliant said.

Forty-six pounds of phosphate was broadcast over the corn

the Houston Museum of Fine Arts.

Nightly entertainment during the Houston meeting will feature the traditional Western Dance on Monday night and the Cattlemen's Ball on Tuesday night. Jim Ed Brown and the Gems will provide the music for the Western Dance, while the Ed Gerlach orchestra will play for the Cattlemen's Ball.

1972 Wheat Programs

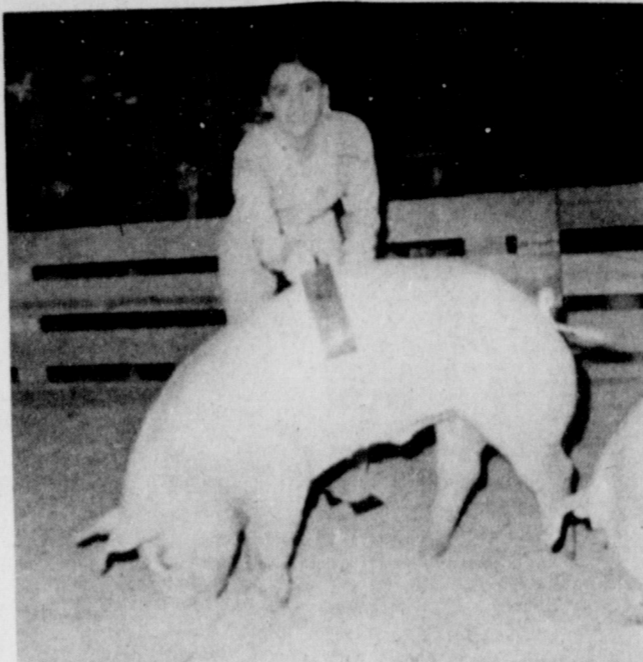

Because of the present supply situation for wheat, a change has recently been made under the 1972 Wheat Program that will be of interest to wheat producers.

Wheat producers will now have the opportunity to take additional land out of wheat production and earn additional set-aside payment on farms. They may elect to designate an acreage up to 75% of the domestic allotment for additional set-aside. This in addition to the 83% of the domestic allotment set aside to qualify the farm for certificate payments.

A wheat producer must designate land already planted to wheat. The acreage offered must be of average quality wheat and must be destroyed by the established disposal date. Spring wheat producers may designate additional acreage to the extent that the 1972 wheat plantings and the additional set-aside offered do not exceed the 1971 wheat acreage on the farm. If both winter and spring wheat are produced, the method that will be the most advantageous may be selected.

Signup for the 1972 Wheat Program will begin February 3, and end on March 10. Winter wheat producers offering additional set-aside will be required to designate the acreage at the time of signup. Both spring and winter wheat producers will have to follow through with the acreage specified as additional wheat set-aside.

For further details, contact the local ASCS office.

CONGRESSMAN

Bob Price

18th Congressional District

One of the most important rural and urban) directly and pieces of legislation of the 92nd Congress -- and one that will affect all of our district (both

In submitting it to Congress earlier this month, the President stated that one of the basic principles behind his program is to "reverse the flow of power to the Federal Government and return more power to State and local officials." I couldn't agree more. I have been working for the day when we can actually see more power returned to local officials, and I am encouraged by the common sense approach the President is taking to this problem.

Secretary of Agriculture Earl Butz, testifying before the House Agriculture Committee on the Administration's new rural development proposals, said "it is my firm belief that an injection of increased vitality to rural areas of our country is essential to the building of a stronger, better balanced nation. The task ahead must be to achieve balanced growth -- in population, in business activity, in the attainment of life's satisfactions -- as the United States moves toward the twenty-

first century. This requires, of course, that the present imbalances, which find 70 percent of our people jammed onto 2 percent of the nation's land, be changed in ways that will provide people with more room and better opportunities to live, work and raise their families."

I was particularly pleased to note that the Administration incorporated two of my proposals into its program. The first suggestion I offered was to increase the size of farm operating loans from \$35,000 to \$50,000, and the other was to convert farm operating loans from an appropriated funding to an insured loan basis. As I say, both these suggestions of mine are now part of the Administration's program.

One aspect of the Administration's rural development plan is to modify the organizational structure of the Department of Agriculture. I think it's important to know that the Department of Agriculture would remain as a separate department focusing on the needs of farmers but that a number of functions now being performed by the Department of Housing and Urban Development and the Department of Transportation would be consolidated with some of those in Agriculture, like rural housing, water and sewer programs of the Farmers Home Administration and the Rural Electrification Administration, under one department, to be called the Department of Community Development.

This department would both simplify and expedite the tasks of state and local governments, because fewer questions would have to be resolved in Washington between agencies. This step, it seems to me, is in the direction toward more de-centralization of the Federal Government.

DEPARTMENT OF AGRICULTURE ANNOUNCEMENTS the year 1971. These checks The most recent USDA were mailed to 1200 area beneficiaries of interest to our area was that the Department has authorized the extension of support loans on 1971 crops of wheat and grain sorghum stored in commercial warehouses. Also approved for continuation under loan is 1970-crop wheat in warehouse storage. For those crops continued in storage under extended loans, the program provisions are essentially the same as in prior years. The maturity date for 1971-crop grain sorghum loans is June 30, 1972, for our part of Texas.

This announcement is a positive indication that the Nixon Administration and Secretary Butz are making a determined effort to help the American farmer, and I can assure you that I will continue to work for 100% of parity to the farmers for his product.

CREATING AN OFFICE OF TECHNOLOGY ASSESSMENT-- I am pleased that legislation I have co-sponsored to establish

The Sandhills Philosopher

Editor's note: The Sandhill Philosopher on his Johnson grass farm apparently has become aware of the current literary news, his letter this week indicates.

Dear editor: I wish you'd help me out. I've just completed writing an autobiography of Christopher Columbus and need your help in finding a publisher who'll advance me \$650,000 with a check made out to C. Columbus. Once that sandbar is cleared it'll be easy sailing as I guarantee there'll be no telephone calls from him denying he ever heard of me.

I have a letter which I am now having a New York firm of experts confirm is in Columbus' handwriting, but despite this I don't intend to offer parts of the book to Life magazine as I have a feeling the people there at the moment would not be interested.

Speaking of handwriting experts, I am very interested in the reaction of the firm which at first reported that the letter from Howard Hughes to Clifford Irving was genuine, that unquestionably it was in the billionaire's handwriting.

Then when the whole thing started falling apart the firm announced it was "revising"

its first opinion and that maybe the writing wasn't genuine after all.

It seems to me this method of handling a situation ought to be available to others.

For example, think how many thousands of college students there are right now who'd like to "revise" some of the answers they gave on their last exam. Think of the politicians who on reading today what they said yesterday would like to revise their remarks in a hurry. I can't think of any off-hand but there may be some newspapers who'd like to get in on this, or at least have it ready just in case.

I don't know of anybody who, if he talks long enough, wouldn't like to revise in one direction something he said flat-footedly in the opposite direction the day before and I hope this New York firm of handwriting experts hasn't copyrighted the system. Yours faithfully, J.A.

STATE Capital NEWS

By BILL BOYKIN

AUSTIN, Tex.--Insurance a-bring a minimum cut of 25 per cent in bodily injury and property damage coverage rates. President Nixon's Phase 2 New homeowners' insurance inflating controls, the State rates are expected to be issued Insurance Board said, will mean May 1, effective June 1. A lower premium rates for home-federal price commission order dreeds of thousands of Texas of a 37.5 per cent cut in the homeowners. Board's "trend factor" (aimed *Lawmakers threatened to at keeping rates up with normal "put the state in the insurance inflation) may mean a reduc-"business" unless rates are reduc-tion of 2.1 per cent in the Cen-ued for a new catastrophe pool tral Inland Territory. Usual designed to protect hurricane rating formula would have and other disaster-prone areas, meant an increase of 5.9 per *An American Insurance cent there. While most fire and extended to "guarantee" that no-fault coverage rates will go up, the auto insurance in Texas would rise will be lower than expected

due to new federal limits. The State Insurance Board proposes to cut catastrophe pool rates for non-beach property about a third. Insurance companies strongly resisted. Leg-islators at a rate hearing re-ported that the state may have to get into the insurance busi-ness. Under the pool, authorized last year by the legislature, insurance companies are re-quired to join in providing coverage for areas of the coast which cannot buy policies in the regular market. The State Board of Insurance is studying effects of various

no-fault insurance plans which provide compensation from a driver's own policy regardless of whether he was at fault in an accident. MORE TIME SOUGHT--Tex- as is seeking more time to avoid loss of \$24 million in highway funds. Gov. Preston Smith has asked U.S. Secretary of Transpor- tation John Volpe to extend the deadline for adopting prohibi- tions against additional erection of billboards adjacent to inter- state and primary highways. A transportation department hearing officer proposed a May 31 deadline for the state act. Smith asked until September 1, start of the new fiscal year. The Governor noted a special session of the legislature must be called to enact appro- priations for the fiscal year beginning September 1. The session may be timed before May 31, Smith said, but a later date would be "prefer- able." Lt. Gov. Ben Barnes said the potential penalty of \$24 mil- lion for lack of a billboard act demands that Smith call an immediate special session of the legislature. BRINE DISCHARGES HIT-- Parks and Wildlife Department Executive Director James Cr- oss told a Senate study commit- tee the Railroad Commission overruled 100 P.W.D. objections to brine discharges into pub- lic waters last year. The Railroad Commission has authority to permit the dis- charges from oil field opera- tions, although P.W.D. has as- signed responsibilities to protect marine life. A Commission staff member could remember no case where an oil operator's application for a discharge permit had been turned down. He said the Com- mission attempts to "educate" operators to avoid oil spills or threatens to revoke produc- tion allowances where conditions appear likely to cause spillage. Cross suggested reviving of a bill to authorize the state to demand compensation for fish kills due to pollution. AG OPINIONS--Atty. Gen. Crawford Martin held the state cannot pay the cost of primary elections without legislative au- thorization and appropriation, but he went back to a Dallas federal court for guidance. In other recent opinions, Mar- tin concluded: *The Legislative Property Tax Committee can employ

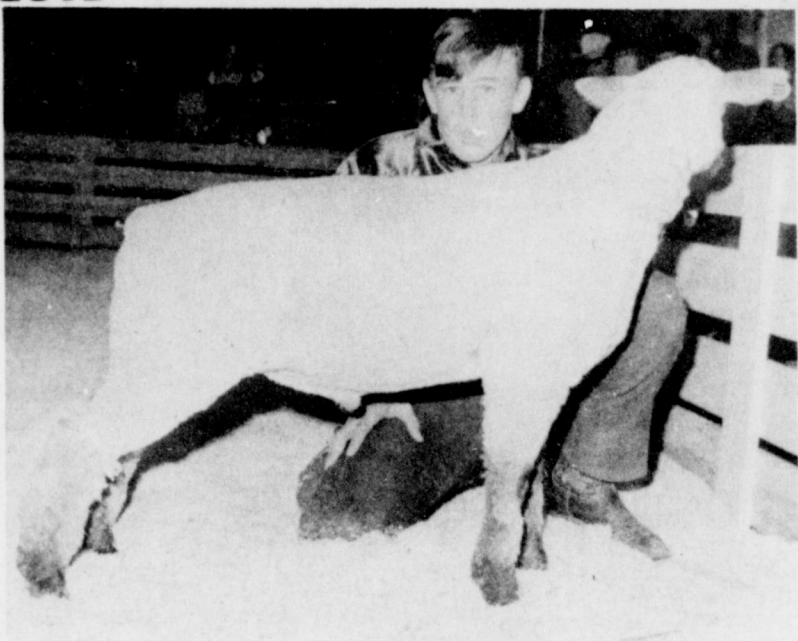

attorneys and purchase or rent a law library for its codifica- tion research. *The same committee, headed by Sen. James S. Bates of Edin- burg, must purchase its sup- plies, materials and equipment through the State Board of Con- trol as all other departments of state government do. *Texas State Technical Insti- tute has no authority to grant baccalaureate or bachelor de- grees in technical education or technology at its James Con- nally campus in Waco. *Texas Water Quality Board and Water Development Board must approve state loans to lo- cal governments for construc- tion of waste water treatment facilities. A private non-profit water supply corporation cannot re- ceive financial assistance from the state. OIL ALLOWABLE SOARS-- Texas Railroad Commission lifted the oil production allow- able to 86 per cent of poten- tial -- highest is 13 months and third highest since "wide open" days right after World War II. At the same time, Chairman Byron Tunnell warned that cr- ude oil stocks--at 87.9 mil- lion barrels--are the lowest since 1966 and 20.2 million barrels less than a year ago. Tunnell said pumping at the rate of a year ago would yield 100,000 barrels a day less oil. Highest previous allowables since post-World War II days were 87.3 per cent in Novem- ber 1970 and 87 per cent in October 1970. Maximum pro- duction for March is 4,074,850 barrels a day. FEED LOT RULE REWRITE ORDERED--Texas Water Qual- ity Board staff members have been ordered to rewrite a pro- posed regulation which would permit WQB Executive Director Hugh Yantis to issue or deny feed lot permits. Both ecologists and cattle and poultry raisers opposed allow- ing Yantis such authority without requirement of notice or public hearing. Cattle and poultry industry spokesmen expressed doubt they could comply and opposed defining agricultural wastes as "ecological contami- nants." COURTS SPEAK--Texas Sup- reme Court will consider March 22 whether Southwestern Bell Telephone Company was justifi- ed in building a parking lot at its Spring Valley office after the city said it couldn't.

The High Court heard argu- ments that Rusk Mayor E.H. Whitehead should be allowed to run for the legislature (from District 15, Leon, Houston, Limestone and Cherokee coun- ties). A decision is expected before February 28, when can- didates draw for ballot places. Sup- Supreme Court judges will hear March 15 an appeal over constitutionality of requiring a minor to conform to an Odessa city charter regulation on per- sonal injury damages. Conviction of a Corpus Christi film projectionist for exhibiting obscene movies was reversed by the Court of Criminal Appeals. APPOINTMENTS - First Texas Smith named as the first Texas student ever to serve on a state ANNOUNCES WITHDRAWAL President Nixon has made public that another 70,000 troops will be withdrawn by May 1, leaving the United States with the residual force of 25,000 to 35,000 men.

university board of regents Ri- chard Allen Moore III, a black law student at the University of Texas, Moore, 28, will be a regent at Texas Southern Uni- versity, Houston. Wells Stew- art of Houston was reappointed to the same board. Margarette E. Mayhall of Aus- tin, Dr. Aram Glorig of Dallas and Dr. Harold N. Williams of El Paso were reappointed to the Texas Board of Exami- ners in the fitting and Dispens- ing of Hearing Aids. SHORT SNORTS--State Secu- rities Commissioner Truman G. Holladay will retire effec- tive April 1 and will be succeeded by his deputy, Roy W. Mauer, 37. Parks and Wildlife Commis- sion is expected to review the Mustang Island purchase con- troversy at a Friday (Feb. 25) meeting. Sen. John G. Tower designated as his re-election campaign manager Mrs. Nola Smith of Austin, first Texas woman to run a statewide campaign.

Republican National Commit- teeman Peter O'Donnell Jr. of Dallas resigned his job; a suc- cessor will be named March 13. Guidelines for implementing a new quarter system for Texas schools were reviewed here last week. A record turnover in both the House and Senate is seen. April 2-8 is Environmental Education Week. Services Held For Jennings Boy Feb. 15

A Derren Jennings Memorial Fund has been established. The family wishes memorials to be given to the Pediatrics Research Fund, M.D. Anderson Hospital, Houston. Memorials will be received by Dean Sprayberry.

Services for Derren Lynn Jennings were held February 15, 1972, at DeKalb Methodist Church, DeKalb, Texas. Derren Jennings was born May 19, 1965, in Texarkana, Texas. He died of leukemia on February 13, 1972, at the age of six years at the Wadley Hospital in Texarkana.

He was the son of Mr. and Mrs. Derrell Jennings of DeKalb, Texas. He was the grandson of Mr. and Mrs. Joe Bates Jennings of Lazbuddie and Mr. and Mrs. James Robinson of Lazbuddie. Great-grandparents were Mr. and Mrs. O.N. Jennings of Muleshoe and Mr. and Mrs. C.C. Robinson of Moody, Texas.

Officiating at the services were Rev. Dan Bynum, Rev. E.M. Jennings and Rev. Al Ewing Jennings.

Pall bearers were Fred Gilliam, Don E. Moore, Guy Faris and Elwood Elkins. Interment was in Woodmen Cemetery at DeKalb.

DERREN JENNINGS

On-the-job locations so noisy that it is difficult to carry on a normal conversation at a distance of three feet or less, call for employees being supplied with protective ear devices.

Services Held Wednesday For W.F. Wagnon

Willie Frank Wagnon, 57, died at 9:30 p.m. Monday in West Plains Memorial Hospital. His home was in the Lazbuddie Community and he had lived there since 1929, moving from Comanche County, Texas where he was born October 21, 1914. He was a farmer and a veteran of World War II, serving in the U.S. Army.

Funeral services were held Wednesday, February 23, in the Singleton-Ellis Chapel of the Chimes, with Rev. Dale Cain, pastor of the Lazbuddie Baptist Church officiating. Interment was in the Lazbuddie Cemetery under the direction of Singleton-Ellis Funeral Home.

Survivors include one sister, Mrs. Ernest Nowell of Lazbuddie.

India Gandhi, Prime Minister of India:

"Luck comes only to those who have the character to attract it and who have the character to hold it."

John Tower United States Senate COMMITTEE ON ARMED SERVICES

On Monday, January 24, the Senate Committee on Agriculture and Forestry held hearings on H.R. 1163, The Strategic Storable Agriculture Act of 1971. Then, on Wednesday, January 26, by a vote of 10-4, this measure was defeated by the Committee. The vote on this bill was as follows: (In favor) Hubert Humphrey (D-Minn); George McGovern (D-S.D.); Carl Curtis (R-Nebr.); and Milton Young (R-N.D.). (Opposed) Herman Talmadge (D-Ga.); Allen Ellender (D-La.); James Eastland (D-Miss.); Everett Jordan (D-N.D.); James Allen (D-Ala.); Lawton Chiles (D-Fla.); Jack Miller (R-Iowa); George Aiken (R-Vt.); Robert Dole (R-Kan.); and Henry Bellmon (R-Okla.).

I offered two amendments to H.R. 1163 which I felt were needed to ensure that the farmers of Texas and the nation would not be the ones to bear the expense of the bill. Both amendments, one to allow for on-farm storage, and the other to allow for the release of the grain at only 100% of parity, failed in the Committee. Since defeat of the bill, Senator Humphrey has proposed a measure very similar to H.R. 1163 but adding cotton to the 25 percent loan rate increase. He is attempting to by-pass the Agriculture Committee by having the proposal added as a Senate amendment to a House bill. Should the Secretary of Agriculture decide to raise the price supports on his own, however, Senator Humphrey assures me that he will withdraw his measure.

I welcome the decision by the Department of Agriculture in their recent notice regarding warehouse resale. I had written the Department on October 26 and again on November 23 urging that this program be initiated.

The resale provision, effective for the 1970 and 1971 wheat crop and the 1971 feed grain crops, will allow the individual farmer freedom to decide when to redeem his loan, rather than

being forced to sell on the date of its maturity. With the oversupply of feed grain during 1971, it is important to regulate the flow of feed grain onto the market to prevent its being flooded at any particular time.

There has been an additional option added to the feed grain program for 1972 -- an increase in the payment rate for voluntary set-aside acres. The higher payment rate will be 80 cents per bushel for corn and 76 cents per bushel for grain sorghum. To qualify, a producer will agree to lower his planted acres in 1972 (over 1971 planted acres) by two acres for every acre that he designates as additional set-aside. The previous option, at a payment rate of 42 cents for grain sorghum and 52 cents for corn, still remains. Details of the program may be obtained at local ASCS office.

The Rural Telephone Bank created May 7, 1971, has announced its first five loans, and I am pleased that Texas was selected to receive one of these loans. It went to the Eastex Telephone Cooperative, Inc. of Henderson, Texas, in the amount of \$2,206,050. The bank will operate in conjunction with the Rural Electrification Administration to help provide additional financing for the telephone loan program.

The Department of Agriculture has announced a new program to expand research into the control of insects with less use of pesticides and insecticides. On the Federal level, the program will be jointly administered by USDA, the Environmental Protection Agency, and the National Science Foundation. The State Agricultural Experiment Stations and Extension Services of the State Department of Agriculture will operate the program on the State level. While there is increasing concern over the dangers of using insecticides, it is necessary, nonetheless, to control the spread and damage

of pests. It is expected that the research under this new program will provide new means of control without the need for extensive use of DDT and other pesticides.

During the month of January, the highest prices in history were recorded for beef, breaking a record which had stood for nearly 21 years. The number of cattle on feed for slaughter is up 9 percent from a year ago, and it is predicted that cattle prices will remain above \$30.00 all year.

There has been considerable discussion of late regarding the possibility that attempts will be made in the coming year to lower payment limitations. You may be assured of my vigorous opposition to such proposals. The American farmer depends upon price supports and his

ON WATERBEDS
Washington -- The Department of Housing and Urban Development told the managers of public housing projects and other federally assisted housing around the country they may ban the use of waterbeds on all but ground floors if they feel the buildings will not support the weight.

entire financial operation is set up around the government payments he will receive in a given year.

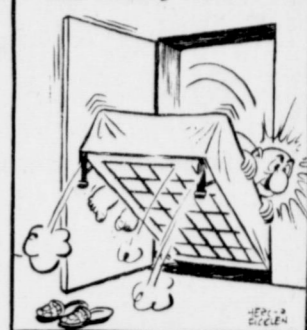

There would be no need for price supports if the farmer were allowed to buy and sell in a completely free market. Instead, they are forced to buy at prices paid in America and sell at prices established by a world market. As long as this is the case, it will be necessary for the Government to "make up the difference." Agriculture is by far the largest single industry in the United States, generating jobs for nearly forty percent of the employed workers in our nation. We can not afford to let our agriculture industry be slighted.

The President has recently recommended a \$1.3 billion Rural Revitalization Program. This recommendation is to allow the federal government to guarantee loans made by local lending institutions to be used for the financing of farm operations, attracting business to the rural areas, improving water and sewerage plants, extending rural telephone and electric services, and over-all measures to make rural America a more desirable place to live and work. The program is designed to help

the flow of people from our rural areas to the cities. S. 2800, which I co-sponsored, incorporates a number of the President's proposals.

The Food and Drug Administration of the United States Department of Health, Education and Welfare announced on February 1 that all interested parties will have 60 days to comment on proposed regulations to limit the use of antibiotics in animal feed. Unless manufacturers agree to prove safety and effectiveness, FDA will prohibit use of tetracyclines, streptomycin, dihydrostreptomycin, sulfonamides, and penicillins in feeds. It is feared that animals will build up an immunity to the drugs and this immunity will then be transferred to man.

at the Quality Motel. Dinner speaker will be Dr. F.G. (Doc) Harbaugh, a retired professor at Texas Tech University, who taught veterinary science and was in charge of the Tech horse program. He will speak on "Horse Sense and Horse Laughs."

The afternoon program will continue at the motel with a discussion of economical horse nutrition by Larry Kasten, a WTSU assistant professor of animal science and in charge of the university horse program.

He will be followed by Dr. R.M. Boss, a veterinarian from Amarillo who specializes in horses. He will speak on "Horse Health Management."

At 2:30 p.m., Tremmier and Yeates will be in charge of a cutting horse demonstration. Debbie Stemmer, a WTSU student and horse program instructor, will then give a demonstration on "hunter, hack and working hunter." She will be followed by Sally Schwartz, who will lead a discussion and demonstration barrel racing and pole bending. She is a senior at the university and also an instructor in the horsemanship program.

After supper, Yeates will give a presentation at 7:30 p.m. on the newly-formed Texas Horse Council, including its purpose and how it can benefit Texas horsemen.

The conference will conclude with Bankston, the horse photographer, showing video tapes of the National Cutting Horse and National Reining Horse futurities, along with various clinics conducted by noted trainers.

"This conference should be especially interesting to all area trainers."

Bob Feltman, a WTSU student, will demonstrate showmanship at halter. He is past president of the Nebraska Junior Quarter Horse Association and is a leader in youth showmanship contests. Potter, the Extension horse specialist, will conclude the morning session with a roping demonstration.

A dutch lunch will be served

Poetry

The Journalism Staff takes pleasure in presenting for the next weeks some examples of original poetry being created in Nancy Pewitt's Sixth Grade Reading classes.

Black
Black is no color
unless with blue.
It may be something
that happened to you.
Black is so peaceful
alone in the night.
Some say it's graceful
but not very bright.
Black is so pretty
like a green winter day.
It's just a pity
it can't always stay.

Tammy Macha

A Team Boys Finish Season

The A team boys finished out the season Monday by losing to Levelland 46 to 23. They finished with a 3-13 record. High scoring honors went to Larry Richardson with 100 points and a 6.6 average in 15 games. Carey Sudduth had the highest average with 94 points and a 6.6 average in 14 games. Rene Torres had 89 points for a 5.5 average. Larry Puckett had 29 for a 2.1 average. Gene Bray had 21 in 23 games for a 1.8 average. Bryan Nickles had 14 for a 1.6 average. Ricky Grogan, Trent Stewart, Gary Wrinkle and Joe Bell also contributed to the scoring. The team ended with a 30 point average to the opponents 41.2.

Almost everyone enjoys some type of music, according to the Beltone Crusade for Hearing Conservation. But officials urge that music be listened to at reasonable volume levels, pointing out that highly amplified music can present a hazard to hearing ability.

Talent Show

The Mulshoe Jr. High will have another Talent show this year. It will be in March. The students will be participating in the show. These students will be singing, doing skits, and some playing the piano. The Student Council will sponsor this show.

4-H Club members, their parents and adult leaders," says W.W. Grisham, Jr., district agent for the Texas Agricultural Extension Service.

Poetry

I am a snowflake all white,
soft and wet.
I fell to the earth all siimey
with sweat,
But now I am here, and I feel
so cold.
All the other snowflakes are
coming very slow.
It's like falling from a plane
except I have no chute.
The ground looks so far away,
I say, "How do you do?"
He answers me with a soft
breeze, "Come on down, I'll
have a look at you,"
Joe Rutherford

Have you ever paused to
reflect upon what you spend
most of your time thinking
and talking about?
