Henderson Wins Houston Calf Scramble

Jimmy Henderson, Bailey County 4-H Club member, was one of the 12 lucky boys who came out a winner in the calf scramble at the Houston Livestock Show & Rodeo held February 26.

Jimmy lives on Route 2 in Muleshoe. He received a \$200 gift certificate from J.H. Blades & Co. of Houston to be used toward the purchase of a registered beef calf of his own choosing. He will feed, raise, and care for this calf until next year's Houston Livestock Show when he will return it for judging in the Calf Scramble Division and the Junior Breeding Division. County Agent J.K. Adams will assist Jimmy in preparing his calf for next year's show.

The purpose of the calf scramble is to encourage and further educate 4-H Club and FFA boys in the raising, feeding, and breeding of high quality Texas cattle. Since the scramble's inception in the Houston Show in 1942, almost 6,000 calves have been awarded to boys participating in this program. Only half of the 388 boys taking part in this year's scramble will come out winners, however.

As the fourth event of each 1972 Rodeo performance, the calf scramble begins with 24 boys lined up within a square in the center of the Astrodome arena. After the signal is given, the boys race after 12 calves which have been turned loose nearby. Each boy's objective is to place his halter on a calf and return it to the square. The 12 boys who manage this feat receive gift certificates for the purchase of the calf of their choosing from arena businessmen.

In addition to the rampant excitement of the calf scramble, other events of the Houston Livestock Show & Rodeo prove equally exciting. The

5 File For School, 2 For City Council

In the city council election, Clarence Christian has filed for Place 3 and Max King has filed for Place Four. These are the only two positions open this year.

"Toklat" Will Be Shown In Muleshoe

Take a thousand-pound grizzly and put him in one of the few remaining wilderness areas of the country, the high Uintah Mountains of Utah; then add about 20 other North American wild animals, a fine performance by Leon Ames, and you have TOKLAT, an extraordinary new family film that will be showing at the Wallace Theater Thursday. Showtimes are 6:30 and 8:30 p.m.

TOKLAT has been in the making for over five years, and required 125,000 feet of footage to come up with the right 4,000 feet necessary for the picture. Now in 35mm Technicolor, it's ready for release.

The film is about a gigantic grizzly bear whose name, TOKLAT, is derived from an Indian tongue meaning ferocious.

The film follows the development of TOKLAT from a cub to a giant, during which times one enjoys rare glimpses of a grizzly living, thriving, surviving, in a natural mountain wilderness.

Enter Leon Ames, a mountain man, whose respect and understanding of animals, especially TOKLAT, is based on a lifetime's experience in the wilderness. His heart-rending task of seeking out the bear for the crime of self-defense, is a social statement of man's way and nature's way.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed TOKLAT'S growth for the years he knew him.

The picture also captures the natural beauty of the wilderness and its changing seasons.

In announcing, King stated "If a person is going to live and work in a community, he should be willing to work to make the community better. I would like to have the opportunity to work for the city of Muleshoe. Many good things have been done, but other good things can be done. I will give the job all the time and dedication I can to help make our town better for all."

Double Ring Vows Unite Miss Roberson, Puckett

Miss Brenda Joyce Roberson, Earth, and Charles Lance Puckett, Muleshoe, were united in marriage at 7 p.m. on Saturday, February 19. The double ring ceremony was performed in the First Christian Church of Muleshoe by Rev. Hartman, Earth.

Parents of the couple are Mr. and Mrs. Brett Roberson, Earth, and Mr. and Mrs. Richard Puckett, Muleshoe.

The couple stood before an altar that was flanked on either side by twin tree candelabra decorated with greenery and blue satin bows. A memory candle was at one side of the altar.

Becky Sain, organist, presented wedding music. Christy Ford, soloist, sang "The Lord's Prayer," and gave a reading; "How Do I Love Thee."

Attending the bride as maid of honor was the groom's sister, Miss Cindy Puckett. She wore a pants suit of white lace with embroidered blue and green daisies over white satin. The empire waist of the tunic top was accented with a blue velvet ribbon. The top featured full, sheer sleeves and a scoop neck. She wore a headband covered with white carnations trimmed with blue velvet ribbon and carried a white carnation corsage which was tied with blue and white streamers.

Beverly Barnett, cousin of the groom, of Clovis was flower-girl. She was dressed identical to the maid of honor. She

carried a white basket of flower petals. The basket handle was tied with blue satin bows on either side.

Best man was Bill Bruns of Muleshoe. Greg Parks of Muleshoe was the ring bearer. Gary Ethridge and Larry Puckett, both of Muleshoe, were candle-lighters. They also served as ushers.

The bride, given in marriage by her father, wore a white lace over white bridal satin pants suit. The tunic top featured an empire waist and full lace sleeves with satin cuffs,

and a high neckline with a satin stand-up collar. The waistline was accented with a satin ribbon tying in a bow in front. The opening of the pant's top below the satin belt was trimmed with scallops. The bottom of the pant legs were also scalloped. The veil, held by a cluster of white satin roses, extended to chapel length. It was topped by a tier that was shoulder length. The bride carried a bouquet of gardenias surrounded by white feathered carnations and white and blue satin ribbon extending into streamers tied in love knots.

A reception followed the ceremony at Fellowship Hall. The serving table was covered with a white linen cloth edged with white lace. An arrangement of daisies and greenery in a gold and crystal epergne centered the table. The three tiered wedding cake, atop a blue lace ruffle, was trimmed with blue roses and a miniature bride and groom. Mrs. Dusty Thomas, Muleshoe, and Miss Donna Roberson, sister of the bride, Earth, served the cake and punch from crystal appointments. Miss Roberson also registered the guests.

For a wedding trip to points of interest in New Mexico and Colorado, the bride wore a blue knit dress with puff sleeves, trimmed in white lace.

The bride is at home in Muleshoe. The groom is attending submarine school with the U.S. Navy in New London, Conn. Mrs. Puckett will join him after graduation.

The bride is a graduate of Springlake-Earth High School and the groom is a Muleshoe High School graduate.

Out of town guests attending the wedding were Mr. and Mrs. Royce Berry, Seminole; Mrs. Jerry Hawkins, Midland; Mr. and Mrs. James Carter, Portales, N.M. and Mrs. Elizabeth Barnett, Clovis, N.M.

JUNE WEDDING PLANNED . . . Mr. and Mrs. Roy N. Wrinkle announce the engagement and approaching marriage of their daughter, Cynthia, to Terrell Dean Ott, son of Mr. and Mrs. Irvin Ott of Earth. Miss Wrinkle is a 1971 graduate of Muleshoe High School and is currently attending West Texas State University in Canyon as an art major. Ott is a senior at Springlake-Earth High School. The wedding will be June 3 in the First Baptist Church in Muleshoe.

Market Report

COLLEGE STATION -- "Look for 'specials' on canned sweet corn this week at the grocery store where you shop," advised Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service.

"Estimated to be the largest crop on record, supplies of canned corn remain available from the 1971 supply. And generally, an abundance of a food drops prices drastically. Canned corn is so easily kept and quickly prepared, you'll want to keep a good supply on hand."

Mrs. Clyatt said that the wise homemaker will include potatoes, dry yellow onions, hard shell squash, green cabbage, cooking greens, carrots and rutabagas on this week's shopping list. Prices also remain moderate on broccoli, suchini squash, eggplant, celery and cauliflower.

Canned peaches and fruit cocktail dominate fruit counters while supplies remain large. Excellent quality can be found in sweet juicy grapefruit and oranges, so enjoy them during this season of plentiful supply. Tangelos, lemons, bananas, apples, pineapples and pears are also good choices price-wise. Delicious fresh strawberries make their way into the market, mostly from Mexico.

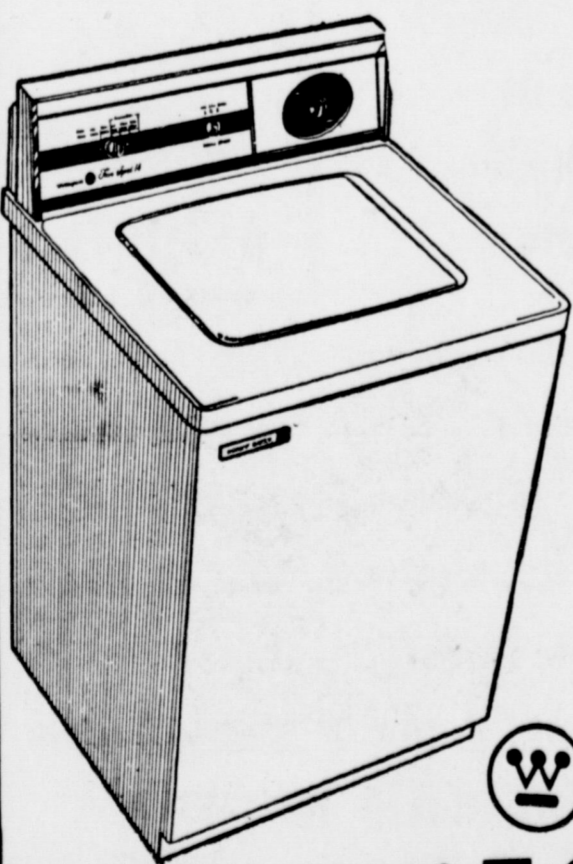

"A heavy demand continues for beef," the specialist said. "This demand and limited supplies keep beef prices up. Choose chuck roast and steaks, round steaks, ground beef and beef liver for your best meat buys." Many markets feature ham or ham portions, Boston butt roasts, shoulder steaks, quarter loin and sliced end rib chops.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.--State operation and funding of a food stamp program in all 254 Texas counties was proposed this week by Gov. Preston Smith.

Cost to the state is estimated at \$17 million to \$20 million, but Smith says the expenditure would generate over \$285 million of economic activity in Texas cities and counties and offer low income citizens opportunity for better nourishment than is provided by commodity programs in some counties.

Among problems with the proposal is lack of money available at the moment to the U.S. Department of Agriculture which funds a large portion of the food stamp program. USDA says it would have to ask for additional congressional appropriations to fund the governor's proposed state-wide program.

Smith says he believes the state's share of the cost would be money well spent and it would relieve counties of the

financial burden of administering the program and issuing stamps -- requirements under new federal guidelines.

Texas Welfare Commissioner Raymond Vowell said he doubts the statewide program could be initiated by the Sept. 1, 1972, start of the state's new fiscal year, as proposed by the governor, but he will talk to the governor about it.

Smith still says he wants to wait as long as possible before calling a special session of the Legislature this year to write an appropriations bill for fiscal 1972 and handle whatever other matters the governor chooses to submit -- including the food stamp proposal. He estimates cost of a special session at \$800,000 to \$1 million. Others claim his cost figure is far too high.

EDITORS' POLL MOVES WEST--Newspaper editors and publishers were polled on state political races last week at the meeting of the West Texas Press Association in Sweetwater.

Question one asked the editors was who they thought would carry their counties.

These were the results:
GOVERNOR: Smith, 15; Barnes, 11; Briscoe, 9; U.S. SENATE: Tower, 11; Yarborough, 10; Sanders, 7. LT. GOV.: Connally, 10; Hobby, 5; Christie, 3; Hall, 1 and Jones, 1.

Asked whom they would vote for, the editors said: GOVERNOR: Briscoe, 15; Barnes, 8; Smith, 6; Farenthold, 4. U.S. SENATE: Tower, 20; Sanders, 5; Yarborough, 5. LT. GOVERNOR: Connally, 11; Hobby, 7 and Christie, 3.

ELECTION FINANCING -- Still up in the air is the question of how state primary elections this year are to be financed.

Secretary of State Bob Bullock, the state's chief election officer, says the federal courts have clearly stated he has authority to use state funds for operation of the elections, just as state funds are used to conduct general elections. Other state officials say a special legislative session would be needed to provide the money.

HOG QUARANTINE LIFTED -- Texas Animal Health Commission removed 28 counties from the hog cholera quarantine list last week and placed them under restricted movement. Counties are Aransas, Bandera, Bastrop, Brooks, Caldwell, Calhoun, Colorado, Comal, Dimmit, Fayette, Frio, Guadalupe, Jim Hogg, Zapata, Jim Wells, Kendall, Kenedy, Kleberg, La Salle, Lavaca, Live Oak, McMullen, Matagorda, Medina, Nueces, Refugio, San Patricio and Wharton.

COURTS SPEAK -- A \$50 monthly expense allowance as mayor of Rusk does not bar Emmett Whitehead from running for the legislature, the Texas Supreme Court has ruled.

A federal district judge granted a government motion to dismiss an indictment of a San Antonio bank for making a loan to a gubernatorial campaign in 1970.

A Galveston district judge held the board of the rich Moody Foundation should be increased from three to seven members.

APPOINTMENTS -- Governor Smith named six persons to the Texas Board of Private Investigators, Private Security Agencies, effective immediately. George W. Bichsel, Assistant City Manager of San Antonio, and Capt. Robert A. Crowder, director of a Dallas private investigation firm, will serve two-year terms. Robert C. Taylor of Houston, regional manager of a detective agency,

and Morris A. Ruetbright, former Houston Crime Commission member, will serve four-year terms. Serving six-year terms will be J. Mason Lankford Jr., security administrator for a Fort Worth firm and J.W. Golden, Richardson police chief.

Bob Alcock, special assistant for Congressional Relations of the National Governors' Conference Staff, has been appointed Associate Director of the Office of State-Federal Relations, to take office March 1. He replaces former State Rep. Randy Pendleton of Andrews, who resigned his position to run for the Democratic nomination for Texas Comptroller of Public Accounts.

Reps. Jon Newton of Beeville and Richard Slack of Pecos have been appointed to an interim legislative committee to study the state's land vacancy statutes and recommend revisions to the laws.

Governor Smith reappointed Mrs. Jimmy (Annie Laura) Day of Brookshire and Dan R. Eddy Jr. of Dallas to the Good Neighbor Commission of Texas.

CRIME TAX -- Houston and Harris County led the state during the first four months' collection of the new "crime tax", a court cost levied for use by the Texas Criminal Justice Council to upgrade local law enforcement planning.

The Legislature enacted the tax in 1971 to provide money for CJC. Under the tax, additional court costs of \$2.50 are levied for misdemeanor convictions in city, county and justice of the peace courts, \$5 for conviction on a misdemeanor in district courts and \$10 for felony convictions.

Houston collected \$210,387 during the period, said State Comptroller Robert S. Calvert. Totals for other major cities

included Dallas, \$117,266; San Antonio, \$83,479; Fort Worth, \$57,014; El Paso, \$29,935; Austin, \$34,098; Corpus Christi, \$24,429; Amarillo, \$18,453; Lubbock, \$31,608; Beaumont, \$23,811; Wichita Falls, \$9,049; Irving, \$13,582; Waco, \$15,756; Arlington, \$12,492 and Abilene, \$12,639.

County collections reported by Calvert included: Harris, \$42,623; Dallas, \$21,076; Bexar, \$6,267; Tarrant, \$7,811; El Paso, \$9,168; Travis, \$4,878; Jefferson, \$6,553; Hidalgo, \$7,184; Nueces, \$5,116; Lubbock, \$6,458; Galveston, \$7,049; McLennan, \$4,768; Cameron, \$4,717; Wichita, \$2,957 and Brazoria, \$6,565.

SHORT SNORTS -- The Governor's Criminal Justice Council has received notice it will be funded \$58,640 to provide four-year courses of study in criminal justice at four Texas colleges. The grant, from the Law Enforcement Assistance Administration, U.S. Department of Justice, will be granted by CJC to the Texas Commission on Law Enforcement and Officer Standards and Education. Participation colleges are University of Houston; Wayland Baptist College, Plainview; Christian College of the Southwest, Mesquite and University of Texas at El Paso.

Twelve additional Texas counties have been approved for participation in the food stamp program of providing low cost stamps to low income persons for use in buying groceries. New counties with U.S. Department of Agriculture and State Welfare Department approval are Bowie, Cameron, Castro, Crosby, Dallas, Floyd, Hale, Hidalgo, Jefferson, Jim Wells, Swisher and Willacy.

University of Texas President Stephen H. Spurr was named to a new National Board on Graduate Education, a body which will investigate such things as oversupply of Ph.D.'s in certain fields and increasing costs of higher education.

Governor Smith has proclaimed March, April and May official Bluebonnet months.

Lt. Gov. Ben Barnes drew crowds totaling 17,000 on a three-day train campaign trip from Amarillo to Houston. He called for cabinet level officers to administer welfare and urban affairs.

A new Council of State Governments study shows 12 states undertook major reordering of departments 1965-71.

There is general agreement that contracting for the sale of cotton prior to harvest, a long time on-again-off-again practice in the industry, will play a significant role in cotton merchandising for the years immediately ahead. And with this in mind Plains Cotton Growers, Inc., Lubbock-based cotton producer organization covering 25 High Plains counties, is now laying groundwork for a "Forward Contracting Seminar."

Date for the seminar has not been set, but the aim is to have the format completed in time for late March.

Discussion at a recent meeting of the PCG Board of Directors was to the effect that producers and merchants alike need answers to a number of questions if forward contracting is to work smoothly. "We think we can perform a useful service to the industry by sponsoring a seminar which will air the problems connected with contracting and wherever possible suggest solutions," says Donald Johnson, Executive Vice President of PCG.

"Contract performance," Johnson continued, "is important to both producers and to buyers, and we hope by calling upon legal authorities and marketing specialists we can obtain suggested contract provisions and means of guaranteeing performance which will avoid disagreements and disappointments to the maximum extent possible."

Questions that will be under consideration at the seminar include:

How can the acreage and production under contract best be described so as to promote complete understanding between buyer and seller?

How can producers and buyers best be protected against non-performance of contracts? Are letters of credit, performance bonds or escrow accounts preferable? Or is there a better way to provide effective protection at minimum cost?

How can contractors be protected against failure to deliver,

under-delivery or over-delivery on the part of producers?

What provisions should contracts contain with respect to quality, cultural practices and processing?

These and many other issues will be explored, Johnson says, to the end that forward contracting will work better as a merchandising tool for both merchants and producers.

On the High Plains in 1971 Norman Sloan, Market News Specialist for USDA's Cotton Division in Lubbock, estimates that over 40 percent of the crop was sold before harvest, and he thinks "there's a good possibility now that even more than that will be contracted before the beginning of the 1972 ginning season."

Some areas of South Texas and the Rio Grande Valley of Texas already report that 70

percent or more of 1972 crops are committed. And the same is true of the Mid-South and Southeastern states of the Cotton Belt.

Sloan estimates that only from 50,000 to 100,000 acres of High Plains cotton is under contract for 1972, but points out that planting time in this area is still some two months away, leaving plenty of time for increased contracting activity.

Problems that tend to impede contracting on the Plains and are either non-existent or of lesser concern in other parts of the Belt include wide variations in both quality and quantity from year to year and, comparatively speaking, the greater number of growers in the under 300-acre category. Too, the fact that the Plains is the latest harvesting area of the Belt tends to place it last in the contracting plans of buyers.

Johnson explicitly points out that PCG is neither "for" nor "against" the forward contracting of cotton, and adds, "It simply appears that this merchandising practice is becoming commonplace, and the seminar we plan is designed to provide needed information to those who may want to utilize it."

people. Ribbons are given to the winners, and they are excused from school to go to the Lubbock Science Fair. The other projects are usually graded by the Science teachers. A lot of work goes into these projects which are usually thought up by the students. The projects range from colored posters to smoking machines. The biggest projects aren't the one's that always win; but the ones that have had the most work and thought put into them. Some students spend months reading their projects. All Junior High students who have not started Science Fair projects should now start, because the Science Fair will be coming soon!

Teachers Have In-Service Day

by Eddy Mardis
All students got off Friday, February 18, because it was a teacher's in-service day. In service day is when all teachers go to a school of their choice, and watch the activities that are being carried out in a regular school day. They got to go and watch a class that deals with the subject they teach. The teachers are to try to learn some new techniques on teaching or improve their teaching methods. The idea of an in-service day was approved by the Texas Education Agency and our local Schoolboard.

Dear Gabby
The cracking of paper is like the gentle rain falling on the window pane. It is like the crashing of thunder. It is like the crunching sound of eating popcorn. It is like stepping on leaves after they've fallen off the trees. It reminds me of the sound of waves splashing against the rocks.

Lazbuddie News

Mrs. Richard Engelking

Mrs. Je Don Gallman accompanied her father, A.L. Black of Friona, to Washington, D.C. where they attended the National Soil Conservation Districts Convention, February 13 through 17.

They made extensive tours of the Capitol Building, Lincoln Memorial, Arlington National Cemetery, Kennedy's Grave, the Grave of the Unknown Soldier, Iwo Jima Memorial, the Smithsonian Institute, the town of Alexandria, George Washington's hometown, and his home, Mt. Vernon, the National Archives, Library of Congress, the Supreme Court Building, Washington National Cathedral, the Sam Rayburn building and the Senate office building.

Also a special candlelight tour of the Custis-Lee Mansion was conducted for members of the convention. The ladies attending were entertained with a tea at the White House where they were received by Julie Eisenhower and were each privileged to meet and visit with her. The White House was thrown open to the members with the exception of the Presidents family's private rooms.

Another highlight was visiting the offices of Rep. Mahon and Rep. Poage and Senator Benton and meeting these respective gentlemen.

Mrs. Gallman says Washington is truly an inspiring place and after visiting these historic monuments it makes one realize that we, as Americans, do indeed, have a wonderful heritage.

Thirty FHA girls and their dates journeyed to Herford for their annual Sweetheart Banquet held in the Caisson House Restaurant.

After the meal, Mistress of Ceremonies, Debbie Engelking, introduced guests: Supt. and Mrs. Sam Barnes; chapter parents, Mr. and Mrs. Raymond McGehee and Mr. and Mrs. Richard Engelking; and advisor, Mrs. Hayes, who introduced her husband, and her parents from Midland.

The program consisted of a Mental Fashion Show conducted by Lissa Brown as Courage, Melanie Davison as Prejudice, Diane Coker as Despair, Cynthia Johns as Hope, Karen Cargile as Hate, Susan Mimms as Pride, LaRita Wenner as Love and with appropriate musical selections by Jeane McGehee at the piano.

Mr. and Mrs. Gene Smith, Mr. and Mrs. Joe Moore, and Mr. and Mrs. Jimmy Briggs were among those from this area who accompanied a group on a tour of Spain.

With Stateside stops in New York and Pittsburg most of the sightseeing was conducted in Ronda and Grenada, Spain.

There they visited the oldest bullfighting arena in Spain as well as attending the fights, and saw the Rock of Gibraltar, Alahombra Castle in Grenada. The tour was concluded in Tangiers, Africa.

Mr. and Mrs. John Neil Agee, Michelle and John David and Mr. and Mrs. Jerry Don Glover, Sharon and Susan enjoyed a recent ski outing in Ruidosa. This was the children's first try on the snow skis.

Mr. and Mrs. E.E. Engelking report from their camp home at Lake Falcon that the fishing and weather were very unfavorable the past month. They had visited with the John Littlefield's and the Owen Broyles'.

Recent meetings of the Willing Workers Bible Study of the Methodist Church have been at the homes of Louise Engelking, Edna Oglesby, and Mylinda Hinkson. Next meeting will be with Marlene McDonald, March 14.

Mr. and Mrs. J.J. McDonald, Pam and Kim drove to Kamay, Texas Saturday night to visit in the home of former Supt. and Mrs. J.G. Ward. While there they attended the wedding of the Ward's son, John to Miss Mona Szenasi.

John and Mona will make their home in Dallas where he is associated with Delta Airlines.

Richard and Marilyn Engelking made a tour out west recently, hitting the high spots of San Francisco, Reno and Las Vegas.

Frisco was warm and beautiful compared to Vegas and Reno's cold weather. There in Golden Gate Park they saw hydrangas growing wild. Mrs. Engleking reported that sitting amongst them were other wild looking characters which she guesses is why they are called "flower children".

It was nice to ride the trolley cars again as she had ridden them in St. Louis at the age of nine and it was still just as much fun!!!
