Indorsement of Hon. A. A. Aldrich by Anderson County Citizens.

To the Democratic Voters of the Third Judicial District:

Many of us having written Judge Aldrich, of Houston county, urging him to become a candidate for district judge because of our knowledge of his splendid character, legal ability and reputation for fairness and impartiality, and believing that he would make an upright and just judge, and because of the importance of having this responsible office filled by a lawyer of great ability and unquestioned integrity, and it being now urged by Judge Aldrich's opponent that there should be rotation in the judgeship as between the counties of the district and realizing, as all thoughtful voters must, that it is not important in what county the judge may reside but that the judgeship should be decided on the question of who is, from experience and otherwise, best suited to fill the office, and knowing also that for many years the several counties in the district have each been honored with the judgeship and the district attorney, we beg to unite in the request that the voters of the district join with us in the support and election of Judge Aldrich, and cordially commend him to all of them, and feel sure that his election will result to the best interest of the several counties in the district, and we know that we will have an able, competent, efficient, fair and impartial judge on the bench for the next four years. Very respectfully,

Belott Picnic.

Editor Courier:

Glad to say we have some live, progressive people at this place. Our new school building is under way of construction, the trustees have employed the best equipped teachers they could find and it is no longer necessary to send the boys and girls off to get them educated. It can and will be done at home.

Our picnic will be in the beautiful grove at Enterprise on Friday, the 26th of July. This is the last candidate picnic of the season. Let us all make this the best one. Everybody come and bring those boxes well filled and let's enjoy the occasion to the fullest.

R. F. Hall, Precinct Chairman.

An increasing number of people report regularly of the satisfactory results from taking Foley Kidney Pills and commend their healing and curative qualities. Foley Kidney Pills are a carefully prepared medicine, guaranteed to contain no harmful or habit forming drugs. They can have only a beneficial effect when used for kidney and bladder troubles, for backache, rheumatism, weak back or lumbago. I. W. Sweet.

Hottest Place Is Kansas Town.

Washington, July 12.—The hottest place in the country today was Concordia, Kan., where the mercury climbed to 104 degrees. The entire central West sweltered. The hundred mark was reached at Wichita, Kan., and the temperature fell only two degrees short of that in Omaha, Fort Worth and Fort Smith.

George L. Higbie, Manton, Mich., used Foley Kidney Pills for kidney and bladder trouble. He says: "I find for my case no other medicine equals Foley Kidney Pills for beneficial effect." They are a safe and reliable medicine for kidney trouble and rheumatism. Contain no harmful drugs. I. W. Sweet.

FORMER SOCIETY MAN IN JAIL.

Man Who Gave Duck Dinner to Financial Heads of Joplin, Missouri, May Have to Go Back.

Dallas, Texas, July 13.—Alleged attempted swindler, wanted in Los Angeles, Cal., on a charge of felony, with a charge of breaking his parole from a Kansas State penitentiary hanging over his head, J. C. Burroughs, alias Dr. O. J. Beresford, a speaker of five languages and a skillful surgeon, lies in the Dallas county jail after a desperate legal attempt to recover his freedom.

Woven in with the story of the man is a pathetic letter from his mother in a little Iowa town in which she implores him to "be a better boy," and tells him that she and his father have spent all their money on his education, hoping some day to see him a famous physician.

Good work on the part of Lieutenant of Detectives Tanner and Detective Gunning resulted in the arrest of Burroughs some days ago. Friday he was allowed bond in the sum of \$500 by Justice of the Peace Corley on charges brought by Dallas officers. Once more the surgeon was arrested, this time on the charge of being a fugitive from justice. He was put in jail with a charge of being a fugitive preferred against him. His habeas corpus hearing is set for Tuesday afternoon. Meanwhile it is expected that Kansas authorities will arrive in Dallas. Chief of Police Webb of Joplin, Mo., presented requisition papers to Governor Colquitt today and if the chief executive signs them Burroughs may be taken back on a charge of theft.

Joplin papers declare Beresford cut a wide swath in society while he was there. Speaking five languages, intellectual, having a fine knowledge of surgery, he was welcomed by the doctors of that city. He was a free spender, and Joplin will long remember the occasion when he gave a duck dinner at which the financial heads of the city were guests.

Beresford posed as a buyer of mines, it is declared, while he was in Joplin. It is said the man was released from the Kansas penitentiary at Lansing, March 12, 1912, and was to report once a month.

It is alleged that Beresford operated in south Texas.

Ready to Contribute to Campaign Fund.

Seagirt, N. J., July 13.—Chas. R. Crane, who gave \$20,000 to LaFollette's campaign fund, came out this afternoon with a declaration that he would support Governor Wilson for the presidency and would contribute to the democratic campaign fund if the governor would permit him to do so. Mr. Crane was accompanied by President Vanhise of the University of Wisconsin, a former LaFollette leader, whose sympathies also are with Governor Wilson's candidacy. Both were the governor's luncheon guests.

N. J. Gorham, Cashier Bank of Woodville, Woodville, Ga., had a very severe attack of kidney trouble and the pains in his kidneys and back were terrible. "I got a bottle of Foley Kidney Pills from our druggist that entirely relieved me. I have more benefit from them than any other medicine." I. W. Sweet.

Meeting of the U. D. C.
The Daughters of the Confederacy held an interesting session on June 29 with Mrs. W. C. Lipscomb.

The meeting was called to order by the president, Mrs. John LeGory. Invocation was led by Mrs. W. A. Norris. In the absence of the regular secretary, Mrs. Fisher Arledge, the minutes of the last meeting were read by Mrs. Hal Lacy.

A letter from Mrs. A. R. Howard was read, asking for a donation for the educational scholarship, and upon motion it was agreed to take this up at a later date.

The regular routine of business was then carried out. The historical program was conducted by Mrs. W. B. Page. The treasurer's report was then read and dues paid.

A biographical sketch of Jefferson Davis was read by Mrs. Frank Craddock. Mrs. Willis Higginbotham delighted her hearers with a solo. Mrs. Higginbotham has a voice of rare sweetness and culture and her many friends who welcomed her presence enjoyed this opportunity of hearing her. Poem, "Jefferson Davis," by Miss Emma Craddock, was enjoyed by all. An attractive feature of the program was a violin solo by Miss Fan Bowman of Uvalde. Two very interesting letters from Judge Winfree were read by Mrs. Pinckney Hall.

The chapter voted to send to Miss Daffan a letter expressing love and sympathy on account of the misfortune which befell her during the Calvert reunion.

In conclusion Miss Alline Foster sang "A Crown of Love." This number was especially enjoyed—Miss Foster's first meeting with us since her return from school.

During a pleasant social half hour a delicious salad course was served by the hostess, assisted by her daughter, Miss Bella.

The chapter adjourned to meet with Mrs. R. E. McConnell on July 27, 1912.

Mrs. Jno. LeGory, President.

Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of wooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00.

To Go 150 Miles an Hour.

London, July 6.—English railway engineers are following with keen interest the development of the plans for the high-speed railway which is to link up Nice with Monte Carlo, and on which it is expected passengers will be able to travel at the rate of 150 miles an hour. It will provide a useful test of the practicability of the Kearney system, in which the trains are run on a single rail and maintained in a vertical position by an overhead rail or guide bar.

Should the system prove as successful in actual practice as with the model it is proposed to construct two high-speed tubes for London. The stations will be just below the surface of the ground, and by such a railroad, where lifts and escalators are unnecessary and running speeds far greater than on existing systems, it is claimed that traveling in the metropolis will be revolutionized.

DECIDE YOURSELF.

The Opportunity is Here, Backed by Crockett Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Crockett endorsement. Read the statements of Crockett citizens.

And decide for yourself. Here is one case of it. James DeDaines, Crockett, Texas, says: "I certainly can give Doan's Kidney Pills a strong recommendation. My kidneys bothered me and I had a lame and weak back, together with pains across my loins. The kidney secretions were irregular in passage and unnatural. I got Doan's Kidney Pills from Sweet's Drug Store and they relieved my pains and aches, in fact, did me more good than any other medicine I had used in years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Auto Riding on Sunday.

Wickedness in Sunday automobile riding is a matter of time rather than deed, according to Dr. Sam R. Hay, pastor of St. Paul's M. E. Church, of Houston. In his sermon Sunday morning he gave his views and set down hours when to and when not to go riding on Sundays.

"It is positively wicked for persons who pretend to be Christians," he said, "to get in their automobiles and go off to the coast Sunday evenings."

"I am as broad and as liberal as any Christian minister should be in regard to Sunday amusements, and I believe that it is all right for you to enjoy yourselves in a quiet way on Sundays. If you care to take a ride in your machine Sunday afternoon, I do not object to that, but to deliberately go off riding at the hour of service is nothing short of wicked."

"There is plenty of time before and after service to ride. This church is about as cool a place as can be found in town, and you should be found there at the evening service."

A. M. Nason, farming near Canaan, Me., was badly crippled with sciatic rheumatism due he said to uric acid in his blood. "Foley Kidney Pills entirely cured me and also removed numerous black specks that were continually before my eyes." Foley Kidney Pills are a uric acid solvent and are effective for the various forms of rheumatism. I. W. Sweet.

A lame back or shoulder puts a man on the retired list temporarily. The time will be short if Ballard's Snow Liniment is rubbed in. It relaxes the muscles, relieves pain and restores strength and elasticity in the joints. Price 25c, 50c and \$1.00 per bottle. Sold by I. W. Sweet.

If you feel "blue," "no account," lazy, you need a good cleaning out. Herbine is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Price 50c. Sold by I. W. Sweet.

LORIMER EXPELLED FROM SENATE

VOTE OF 55 TO 28 RELIEVES HIM OF HIS SEAT IN SENATE.

Ending of a Long and Bitter Fight—The Resolution Adopted—Tillman Makes Plea.

Washington.—By a vote of nearly two to one, his colleagues dictating as judges, the senate Saturday stripped William Lorimer of his toga. It was the first time that the United States senate cast out one of its members for alleged corruption in obtaining his seat.

The first verdict of acquittal, obtained March 1, 1911, by a majority of six votes, was reversed by a majority of twenty-seven. Lorimer's dramatic speech in self-defense, his frenzied denials, his bitter allegations of conspiracy against him—a speech lasting three days and continued Saturday in sizzling heat until his greenish pallor and sunken eyes suggested grave danger of collapse—availed nothing. The exact vote was 55 to 28 for the adoption of the Lea resolution.

The Resolution Adopted.
The text is:
"Resolved, That corrupt methods and practices were employed in the election of William Lorimer to the senate of the United States from the State of Illinois, and that his election was therefore invalid."

Just as the roll call was to begin Senator Tillman of South Carolina asked permission for the clerk to read a statement which he himself was too weak to read. The South Carolina senator is no longer "Pitchfork Ben." He has suffered two strokes of paralysis, is much broken in health, and knows the fatal third stroke may come in any moment of excitement.

Tillman's Statement.
"I realize now that I have but a little time before I must meet my maker," the clerk read on behalf of Tillman. "I cast my vote today secure in the conviction that the senator from Illinois is entitled to his seat. If he is driven from it, I hope he will go back to Illinois and devote his time to that work for which he has proven himself so eloquently able, the uplifting and betterment of his fellowman."

Tillman bowed his head upon his hand and wept during the reading. Women in the galleries cried.

Tears rolled down Lorimer's pallid face.

During the ensuing roll call, however Lorimer seemed to regain his usual calm and self-possession.

When the vice president announced the result of the vote, Lorimer rose from his seat and walked into the republican cloakroom.

THIRTEEN PEOPLE KILLED IN RAILWAY WRECK

Fast Mail Crashes into Rear of Express—Ghouls Rob Dead of Diamonds—Fire Breaks Out.

Chicago.—Thirteen persons were killed and fifteen to twenty were injured in a wreck on the Chicago, Burlington & Quincy railroad at Western Springs, a suburb of Chicago, Sunday. Coming through a fog with supposedly a clear track ahead, the fast mail ran at full speed into the rear of a train known as the Overland Express, from Denver, which was standing still on the track, telescoping two of the Overland's Pullman cars.

Railroad officials refused to fix the blame until after the wreck has been investigated thoroughly. Mrs. F. A. Wilcox, who was in charge of the tower from which the block signals were controlled, said she was certain the block was thrown against both trains. She collapsed after the accident, and still is in a highly nervous condition.

The dead are: Francis A. Barclay, 29 years old, Billings, Mont.; George Bronson, 55 years old, Galesburg, Ill., engineer on train No. 8; Mrs. C. M. Hart, wife of a physician at Canton, Ohio; Mrs. E. G. Pohlmann, San Francisco; M. E. Stern, 40 years old, Chicago; G. W. Tudor, 40 years old, Lacey; Bunch, 30 years old, Chicago, negro Pullman porter; three unidentified women, two unidentified girls and one unidentified boy.

Among those injured were: H. A. Crain, Galesburg, Ill., fireman of mail train, left hand and right foot injured; Warren P. Dudley, 14 Oak street, Belmont, Mass.; Mrs. Bessie M. Dudley, wife of Warren P. Dudley, compound fracture of right leg; John W. Flach, Cincinnati, right leg lacerated, scalp wound; Mrs. Flach, Cincinnati, severe scalp wounds; Frank D. Hughes, Hinsdale, Ill., conductor on train No. 8; E. G. Phillmann, San Francisco, right arm and leg broken; Rev. Scholtz, St. Francis hospital, Columbus, Ohio, back injured and scalp wounds.

Ghouls are believed to have robbed the dead before they reached the morgue in La Grange. More than a dozen large diamond sets are missing from jewelry, and, although most of the dead appeared to have been in comfortable circumstances, a dime was the largest sum of money found on any of the bodies.

A WONDERFUL DISCOVERY.

In this age of research and experiment, all nature is ransacked by the scientific for the comfort and happiness of man. Science has indeed made giant strides in the past century, and among these—by no means least important—discoveries in medicine is that of Therapion, which has been used with great success in French Hospitals and that it is worthy the attention of those who suffer from kidney, bladder, nervous diseases, chronic weaknesses, rickets, skin eruptions, piles, &c. there is no doubt. In fact it seems evident from the big air created amongst specialists, that THERAPION is destined to cast into oblivion all those questionable remedies that were formerly the sole reliance of medical men. It is of course impossible to tell sufferers all we should like to tell them in this short article, but those who would like to know more about this remedy that has effected so many—we might almost say, miraculous cures, should send addressed envelopes for FREE book to Dr. Le Clerc Med. Co., Haverstock Road, Hampstead, London, Eng. and decide for themselves whether the New French Remedy "THERAPION" No. 1, No. 2 or No. 3 is what they require and have been seeking in vain during a life of misery, suffering, ill health and unhappiness. Therapion is sold by druggists or mail \$1.00. Fougere Co., 36 Beekman St., New York.

She Was a Duster.

Mrs. Sutton advertised for a woman to do general housework, and in answer a colored girl called, announcing that she had come for the position.

"Are you a good cook?" asked Mrs. Sutton.

"No, indeed, I don't cook," was the reply.

"Are you a good laundress?"

"I wouldn't do washin' and ironin'; it's too hard on the hands."

"Can you sweep?" asked Mrs. Sutton.

"No," was the positive answer, "I'm not strong enough."

"Well," said the lady of the house, quite exasperated, "may I ask what you can do?"

"I dusts," came the placid reply.—Everybody's.

RECORD OF TIME'S CHANGES

Surely Visitor to the Scene of His Boyhood Could Not Fail to Be Impressed.

"I reckon you see the old town looking some different from what it looked when you left it thirty years ago," said Uncle Eb Skinner to the native returning for a visit to the scenes of his boyhood. "All o' the back part o' Peevy's store is new since your day here, an' that bay window in the drug store was put in since you left us. The deepo used to be painted yellor instid o' red, an' the town hall is het by steam now instid o' with stoves, like it used to be in your time. Them two iron hitch posts in front o' the postoffice ain't been there more than ten years, and that stone watering trough instid o' the old wooden one you remember is another change. I reckon you've noticed that Hi Greene has raised his house a story an' added a summer kitchen. That plazy in front o' the hotel is another change in the old town, an', of course, you've noticed the new hoss sheds back o' the church, an' the broom shop wa'n't here when you was a boy with us. It employs five hands reg'lar, an' seven in the rush season. Time makes changes, as I reckon you have seen."—From Judge.

BROKE OUT IN HEAT RASH

823 Georgia Ave., East Nashville, Tenn.—"My baby was about two months old when he began to break out in small red pimples like heat rash, afterward turning into festers. They gradually spread until his little head, face, groins and chest, his head being most affected, became a mass of sores with a great deal of corruption. It became offensive and gradually grew worse. I kept a white cap on him to keep him from scratching, it seemed to itch so badly. It made him cross and his chest and groins would often bleed.

"Nothing seemed to help it, and I had almost come to the conclusion that my baby's case was hopeless, when hearing of the Cuticura Soap and Cuticura Ointment, I decided to try it. I noticed at once that baby rested better. I continued it for a few weeks and my baby was entirely cured by the Cuticura Soap and Ointment. They cured where all others failed." (Signed) Mr. E. O. NO TROUBLE EXPECTED ON BORDER SOON CHAFIN AT HEAD OF PROS FOR SECOND TIME

The Government Forces Can Not Repair Mexican Central Road in Less Than Two Months.

Juarez, Mex.—Departure of all rebel troops Saturday except a small garrison of 200 men was regarded as proof of the rebel intention not to attempt to fight at Juarez. Government forces, however, can not repair the Mexican Central railroad in less than two months, and no activity close to the American border is expected sooner.

With the exception of about eight hundred men scattered along the Mexican Central road, there are few troops in the path of the federals. The bulk of the rebel army now is stretched southwest from Juarez along the Mexican Northwestern railroad, preparatory to invading Sonora.

General Pascual Orozco, Jr., denied that there was any disaffection of consequence in his ranks. General David de la Fuente, who was reported to have gone to San Antonio, Texas, to resurrect the cause of Emilio Vasquez Gomez, was declared by the rebel chief to have gone to Baltimore, Md., to have his wound treated.

The rebel general Saturday issued the following statement of the status of the revolution:

"The revolution in Mexico will triumph because it is just and has the support of the Mexican people. That the forces of Madero occupy from day to day points of importance is not regarded as important since they never will be in control of more soil than that upon which they stand. A government which shamelessly violates the laws, which commits monstrous electoral frauds, as was done recently in the congressional elections, will have to bear the weight of national indignation. The Mexican people have a right to liberty and they will have it when they have a president who respects the law and who does not trifle with it."

Information from rebel sources was that the federal troops drove the Insurrectos Saturday from Sauz, thirty miles north of the city of Chihuahua, on the Mexican Central, and only a few days ago the headquarters of General Orozco.

Only a small force of rebels was at Sauz and retired in the face of more numerous government cavalry. Few shots were fired. Skirmishes are expected continually as the federals move north and the rebels retire back toward the American border.

Rebels Hold Americans at Depot.

Juarez, Mex.—Twenty-five Americans, including American Consul Thomas D. Edwards, were held in the office of the Mexican Northwestern railroad Tuesday for nearly two hours while an armed guard of rebels prevented them from leaving the building. Rebel officials had become angered at the officers of the Mexican Northwestern on account of the alleged worthlessness of a \$5,000 check payable to the rebels as an export duty on a consignment of gold by the American Smelting and Refining Company in Chihuahua.

Austin, Tex.—Eighteen horses were burned to death, several firemen, including Chief Leo Mueller, painfully injured by falling glass and debris, and property worth between \$15,000 and \$20,000 destroyed in a fire which broke out in the livery stable of W. L. Fisher Tuesday.

The Arizona Man Promised Not to Stand As a Third-Term Candidate. Texas Man Withdrew Name.

Atlantic City, N. J.—The National Prohibition Convention concluded its labors Saturday with the nomination of party standard bearers of four years ago—Dunne W. Chafin of Arizona for president and Aaron S. Watkins of Ohio for vice president. In each case the nomination was made by acclamation after a single ballot showed the preference of the delegates.

Four aspirants were placed in nomination against Mr. Chafin. They were: F. W. Emerson of California, Finley C. Hendrickson of Maryland, Aaron S. Watkins of Ohio and Andrew Jackson Houston of Beaumont, Texas. Each withdrew his name after the first ballot, Mr. Houston creating enthusiasm by the statement that he would rather receive the lowest vote in the prohibition convention than the highest in either the democratic or republican conventions.

The leading candidates against Mr. Watkins for vice president were F. W. Emerson of California and George E. Stockwell of New York.

Both of the party candidates were called to the platform and made brief speeches. Mr. Chafin said he regarded the nomination as the greatest political honor bestowed upon any man this year. He thanked the convention for his second nomination and promised not to stand for a third term.

The convention was forced to rush its business to a conclusion, as many of the delegates were leaving. Because of this the proposal to change the name of the party was not taken up. A. J. Orem of Massachusetts, in a brief speech, promised to pledge more money to the campaign funds should the name be changed.

"I believe we could make the campaign fund double if we should adopt a new name," said Mr. Orem. "We would greatly be aided in carrying our banner to success if we would adopt the name 'progress'."

There were many shouts of protest to this, as well as to the name "conservative party," suggested by Rev. S. H. Taft of California.

The convention adjourned after a wrangle over a proposed change in the national committee.

A poll that instead of each state having two representatives the representation be according to the size of the prohibition vote, one member for each 1,000 votes, aroused considerable opposition. The matter was referred to the national committee for settlement.

Brownwood, Tex.—More than 23,000 jack rabbits have been killed in Brown County during the past four months, for which the commissioners court has paid about \$1,100. When the court last March offered a bounty of 50 for pack rabbit scalps it had no idea there would be such a slaughter and since \$1,100 has been paid out in this manner the court finds it will have to discontinue the payment for the present, as there is no tax levy to cover such an expenditure.

AUTO BANDITS ROB AN ENGLISH AIRMAN

The Hold-Up Was Not in the Air, but Just Out of It.

ACCIDENT TO ENGINE

Young Bird-Man Has Thrilling Experience With Highwaymen When a Mishap to His Machine Compels Him to Land on Long Island.

Hempstead, L. I.—Harry Bingham Broun, the young Englishman who has been making practice flights near this city, called Sheriff C. F. Demott of Nassau county on the telephone early the other morning with a thrilling tale of a hold-up, if not in the air, just out of it, in which he had

"Throw Up Your Hands."

been relieved of \$200. When the sheriff had recovered from his surprise over the idea of a man going up in the air at 4 a. m.—with \$200 in his pockets he ordered his automobile and set out to chase the robbers.

Young Broun was in training for a race, and it had been his practice to go aloft in his machine every day at the crack of dawn, wind conditions permitting. At 3:50 o'clock, on the day of the hold-up, he left the tent which serves him for a hangar in the East Meadow, about five miles east of Hempstead, where he was quartered. He took the air nicely, but had not mounted higher than 100 feet before his engine began to miss, and he decided to alight.

"I was over another meadow, about a mile and a half from the hangar, and I came down all right"—this was Broun's story—"near a fence. I scrambled through and was walking along the Fulton street road, to get my mechanic, when I noticed an automobile standing a few yards away. I didn't think anything of it and walked on toward it.

"It was a shabby old gray car without a top, and there were two men in it who looked like chauffeurs—taxicab chauffeurs, I should say, because they wore no livery, don't you know, and were not smartly dressed. I fancied that these chaps had probably seen me come down and were waiting to find out what was wrong.

"But just as I came abreast of their car, out they jumped, one from each side, and stopped me. One of them had a pistol, and he pointed it straight at my head."

At this stage of the story some-

CHILD A SUICIDE BY FIRE

Little One Left a Note Saying That She Feared Punishment From Guardians.

Baltimore.—Leaving a note in which she bequeathed her toys to her little friends and stated that her act had been prompted by fear of chastisement for lack of study, Irene Winsor, ten years old, the adopted daughter of her uncle and aunt, Mr. and Mrs. Eugene I. Mitchell of North Chester street, ended her life the other day by setting her clothes afire after they had been saturated with a compound of benzine and another chemical.

Mitchell and his family live above his plumbing store, and while he and his wife were out the little girl ended her life. Neighbors heard screams and notified the boy left in charge of the store, but he was afraid to investigate. When Mitchell returned he found this note, signed by Irene:

"Dear Mother and Papa—I am glad I am dead and I do not want you to weep for me because I am dead, but you want to see my teacher and I

body suggested that it was on Hempstead Heath, not on Hempstead plains, that enterprising highwaymen used to stop stage coaches with a similar rude gesture. The British airman was not to be diverted by this reminiscence. He went on:

"The fellow with the pistol said: 'Throw up your hands and come across, or I'll blow you higher than ever you flew!'"

"I saw they had me, so I put up my hands, and the other chap went through my pockets and found the money. Then they walked backwards to the car, still keeping me covered with the pistol, and got in and drove off as fast as they could. I ran along the road to a farm house, where I knew there was a telephone, and called the sheriff."

The sheriff has not yet caught the motor car bandits. He said he didn't think this hold-up was prearranged. Perhaps the men in the car saw the mishap to the airman by chance and decided on the spur of the moment to hold him up. Perhaps, also there was another explanation—but, anyhow, motor car bandits had not got to be the regular thing about Hempstead yet awhile.

BIDS DEFIANCE TO JUDGE

Court Room Half in United States and Half in Canada Causes Dilemma.

Malone, N. Y.—Two chickens flew to the north end of a room occupied by a justice court the other day and bid defiance to the justice and his constabulary minions. Then a man accused of stealing the chickens did the same thing and American justice was in a dilemma, an "international episode" being imminent.

The court room is one-half in the United States and one-half in Canada and the prisoner, for himself and the chickens, claimed they were outside the jurisdiction of the court.

Francis Cantwell, a young Malone attorney who represented the people in the case, was summoning all his tact and diplomacy to coax the feathered and unfeathered bipeds back under the stars and stripes, when the former, unlettered in the law of jurisdiction, cackled their way across the line, followed by the defendant, who tried to shoot the chickens over into Canada again. He was unsuccessful

because he was grabbed and held to the bar on the American side until found guilty and sentenced to 30 days in jail.

Love Letters in Tomb.

Wilmington, Del.—Mrs. Elizabeth Sheppard, sixty-nine, a widow, was found dead from gas here. On a pile of letters was a note reading: "To whom it may concern: These are love letters from my late husband. Please have them buried in my casket."

thought you would be bad to me, so I killed myself, just because you saw my teacher. . . and Frank, this bat is for him and tell him to tell his sister that the book is for her, the one I got here.

"Goodby to all."

Before finishing the epistle Mitchell, shouting for his wife to assist him, rushed up the stairway. On reaching the third landing he was horrified to see the charred body of his little niece prostrate on the top step, the empty bottle near by and a book some feet away. The Mitchells say the child always cried when told to devote more time to her studies.

Pastor Catches Burglar at Church.

Lancaster, Pa.—When the Rev. W. Stuart Cramer, pastor of the First Reformed church, saw a dark lantern flashing at a window in the church, one night this week, he ran to a station house for aid. While several policemen searched the church, he stood on guard outside. Harry Adams, a burglar, ran from the door, but surrendered when covered by the preacher's gun.

NATIONAL CAPITAL AFFAIRS

Weather Is Decidedly Hot at Capital

WASHINGTON.—It is decidedly hot in Washington. There is nothing especially new or startling in this statement, may be, but it serves neatly as an introduction to the interesting narrative appended. During the summer months, it seems, when a Washington resident is not discussing the baseball team he occupies his time figuring reasons for the utter success of heat here.

"Numbers of perfectly reasonable reasons have been so figured. Humidity, for one; the discouraging, mushy asphalt; the white buildings; the wide streets—oh, any number of reasons.

"Well, I admit that the mornings in Washington are pretty hot. And toward noon it is hot. But again, we have the afternoon. Ah, then it is hot. Yet our wonderful evenings and toward midnight! What a pleasant

change the heat is!" said an old resident.

That's the sort of day it was. The visitor referred to was plodding along, attempting to be unconscious of his swinging doors on the other side of which, it is a matter of common report, most cooling beverages may be obtained.

The visitor noticed a tiny wagon. It was much after the order of the old fashioned "hokey pokey" cart. It drew up to the curbing. On the cart was the legend:

"Fried Cakes!"

One can scarcely imagine the effect of that sign unless it has confronted one through the quivering heat waves of Washington.

The walker staggered on. Came then another cart, fashioned in the manner of the first. A sign on its side proclaimed:

"Roasted Peanuts!"

The visitor's grew dry. The heat seemed to increase. But that was the error of a heat persecuted mind. As he swung there, around the corner came a third wagon. On it was a third sign:

"Hot Sausage!"

With a wild and despairing yell the Washington visitor fled.

"Black Hand" Rumor Disturbs Capitol

UNWANTED excitement disturbed the usual morning calm of the capitol, when it was whispered that a senator had received a message from the "Black Hand." Immediately there were visions of detectives tracing up every evanescent clue, for it had been stated positively over the phone by the senator that he was the victim of a Black Hand disaster.

There was consternation when the senator was encountered at the golf links, and an excited group of players surrounded him to quiz about the alarming missive. "What about that 'Black Hand' letter?" they cried.

"What 'Black Hand' letter?" asked the senator absently.

"Why, the one you were talking about this morning."

"I think I threw it in the waste basket."

"We must have that letter, senator," put in a young reporter earnestly.

Your co-operation with the press and the officers of the law will mean much in—

"Say, young man," broke in the senator, "is this a joke?" He was culti-

rating the language necessary for use (with mules) in intensified farming, and indulged in a few epithets before he stated:

"That 'Black Hand' is nothing—nothing at all I tried to fill my fountain pen this morning with indelible ink, and I still have the black hand with me." For proof he held up an ink palm which liberal applications of pumice-stone had failed to whiten.

This was the newspaper rumor quieted. The disgusted golfers sauntered away to conceal their feelings, and the senator went back to his game, wondering why it was that a man could not even talk about his fountain pen without awakening reportorial energy and national attention.—Chapple's News Letter.

"Love, Not Larceny" Leads to Arrest

JAMES Harris Champion, reared on a farm in Alabama, the only other product of which was one bale of cotton a year, came to Washington the other day to earn a livelihood. Only one day of joyous freedom was enjoyed by Champion, and then his dream of world conquest was nipped in the bud by the police, and then James, looking from between the bars at the First precinct station, muttered:

"It was love, not larceny, that got me here."

And then Champion told the police

a story of a starved soul, a crippled body, and the first sight of a beautiful woman—the most beautiful woman he had ever seen—and how infatuation for Lee Chapman, whom the police well know, compelled him to live a lie and the consequences of it.

"Wednesday evening I met Lee Chapman on the street. She was the prettiest woman I ever saw."

"I didn't have any money and I saw I couldn't make much headway with her without money, so I went to the best jeweler in Washington and ordered \$4,000 worth of jewelry. I told them I was stopping at the Raleigh and I would send for the jewelry."

"When I met Lee I told her I was going to give them to her, and she threw her arms about my neck and kissed me."

Champion is held on a charge of larceny. The lavialer and ring were found on the prisoner.

Coreless Apple Alarms Pie-Eaters

WASHINGTON restaurant men and their customers were much disturbed the other day over the news from Georgetown, Del., that a man of that place, had succeeded in developing an apple that has no core.

"It's an outrage," said the proprietor of one restaurant, when he saw the dispatch. "Something ought to be done. Oh, Mr. Rigger!"

A wiry looking man of about fifty, who was lighting a cigarette at the cigar lighter, came over to where the proprietor stood.

"Mr. Rigger," explained the proprietor, "is one of the oldest customers I have. He has been taking his meals in this restaurant for 20 years. It ought to be of interest to get his views on the subject." Whereupon the contents of the dispatch were explained to the customer.

"I, for one, won't stand for it," declared Mr. Rigger, firmly. "I have been eating in this place so long that it would seem like breaking home ties to stop it, but if this restaurant ever serves pies made of these coreless ap-

pies I'll have to go somewhere else."

"Quiet yourself, Mr. Rigger," interposed the proprietor. "I intend to see that your rights are protected. I simply won't buy pies made of coreless apples."

"Thank you!" exclaimed Mr. Rigger. At the headquarters of the Waiters' union the news met with a chilly reception.

"What do you think of it?" one of the officers of the union was asked.

"Think of it? Well, I think there will be a waiters' strike if they try to introduce these coreless apples. If we served guests with apple pies that had no seeds in them, we never would get a tip, and without tips we simply couldn't make a living."

Mackinaw Steamer Coat Pretty and Convenient

The long coats have been found to be somewhat in the way, so the Mackinaw has become very popular. The various pockets are especially fascinating to the girl who never can have one even in her gown. The Bowler hat can be adjusted in many ways and on a windy day can be veiled.

GIFTS TO PLEASE BRIDESMAID

Originally Should Be Aim, and a Little Forethought Will Bring Desired Results.

Every bride likes to have something original, and as the ideal gift should be something in an endearing form and the tendency of the season is to have many bridesmaids, the question of expense has also to be considered.

It is now quite smart to give a pair of gold or enameled hatpins with intertwined initials of bride and groom and the date of the wedding. Equally appropriate are these set with birthstone of the bride or the different bridesmaids.

Small charms for watch or chateleine in bridal emblems are pretty. These might be a tiny garter in deep yellow gold, a weddingbell with initials of bride and bridegroom and date engraved on it, or any oval locket, plain or jeweled, containing pictures of the bride and bridegroom. On the right side should be a large monogram of the bride-twin initials of the bride and bridegroom.

Shoe buckles are attractive gifts, and particularly acceptable just now. Recently a bride delighted her wedding party by presents of oblong buckles studded with rhinestones.

Gold or silver card cases are popular gifts just now. The real gift is one that can be worn for the wedding ceremony itself.

SIMPLE COIFFURE LIKED

While elaborate pins and ornaments are worn in the hair now, the tresses themselves are arranged with simplicity. The coiffure for the evening shows a large knot, low on the head, encircled by a braid which is held in place by large rhinestone set pins and a barrette to match.

Cloth Top Shoes.

The wearing of cloth tops to match the gown with the varnished leather shoes seems to have gripped everyone's fancy just now to a surprising extent.

Women seem to have grown quite accustomed to the rounded toes of the shoes, and the heels which we would formerly have dubbed rather contemptuously as "sensible," but which are now distinctly fashionable, as well. The white cloth tops of the shoes give exactly the same effect as the white stockings, and seem to fit very neatly into the picture when the black skirt and white ecat are worn, a vogue which many of us are inclined to deplore, but which is certainly carrying all before it in Paris at the present moment.

Tired Eyes.

For tired eyes, try lying down for a half hour and putting cool compresses of boracic acid solution over them. Make the compresses by dipping pieces of sterile gauze into a pint of filtered water that has had a third of an ounce of boracic acid thoroughly mixed in it.

"I could not step on my feet"

"Not take anything in my hands, I was so sore from rheumatism."

There you see the hard case of Mr. Phillip J. Cormisky of East Mauch Chunk, Pa., as he explains in a letter to The Blood Balm Co. Your case cannot be worse than his.

"I suffered 3 years" he says. "I was run down so bad, the doctors told me I had no hope to be cured. I could find no place on account of my sickness. I wasn't fit for anything before I started to use B.B.B. Today I am well and happy, and able to earn a hundred dollars a month on a locomotive. Your medicine is so helpful I gained 25 pounds in two weeks. And I am still gaining. I will recommend B.B.B. to all my friends."

If the druggist can't supply you with B.B.B., write to The Blood Balm Co., Philadelphia or St. Louis.

Don't keep on suffering when real help is at hand.

Just ask for B.B.B.

When a man is down and out his friends are soon up and away.

The Moon's Offspring.

Looking out of the window one evening, little Marie saw the bright, full moon in the eastern sky, and, apparently, only a few inches from it, the beautiful Jupiter, shining almost as brightly as the moon itself. Marie gazed intently at the spectacle for a moment, and then turning to her mother, exclaimed:

"Oh, mother, look! The moon has laid an egg!"

SALLOW FACES

Often Caused by Tea and Coffee Drinking.

How many persons realize that tea and coffee so disturb digestion that they produce a muddy, yellow complexion?

A ten days' trial of Postum has proven a means, in thousands of cases, of clearing up a bad complexion.

A Wash. young lady tells her experience:

"All of us—father, mother, sister and brother—had used tea and coffee for many years until finally we all had stomach troubles, more or less.

"We all were sallow and troubled with pimples, bad breath, disagreeable taste in the mouth, and all of us simply so many bundles of nerves.

"We didn't realize that tea and coffee caused the trouble until one day we ran out of coffee and went to borrow some from a neighbor. She gave us some Postum and told us to try that.

"Although we started to make it, we all felt sure that we would be sick if we missed our strong coffee, but we tried Postum and were surprised to find it delicious.

"We read the statements on the pkg., got more and in a month and a half you wouldn't have known us. We all were able to digest our food without any trouble, each one's skin became clear, tongues cleared off, and nerves in fine condition. We never use anything now but Postum. There is nothing like it." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

No Social Tact.
At a club dance an enthusiastic member approached a rather dull member and said unto him:
"Say, for heaven's sake go over and talk to Miss Frye. She is sitting all by herself."
"But—but what shall I say to her?"
"Tell her how pretty she is."
"But she ain't pretty."
"Well, then tell her how ugly the other girls are. Ain't you got no social tact?"

AMERICANS LEAD AT STOCKHOLM

THEY TOOK EIGHT FIRSTS AND ONE SECOND IN THE TRIALS

And Five Firsts in the Semi-Finals. No New Olympic Records Were Made.

Stockholm.—The United States took the lion's share of victories in the Olympic games Thursday. The Stars and Stripes were again raised on the three flagpoles at the conclusion of the pole vaulting in honor of Harry S. Babcock, Columbia university, New York; Mark S. Wright of Dartmouth and Frank T. Nelson of Yale. The Columbia man beat the holder of the world's record, but was unable to equal the record. Wright and Nelson were tied for second place and will each receive a silver medal.

In the shot putting contest with right and left hand, Ralph Rose, Olympic A. C., and Patrick J. McDonald, Irish-American A. C., won first and second, respectively.

Although hopes of a new record were again not realized, the final heat of the 200-metre dash was the most exciting performance of the day. Ralph C. Craig of the Detroit Y. M. C. A. and Donald F. Lippincott, University of Pennsylvania, took the honors with the Briton, W. R. Applegarth, pushing them hard. The German Rau, who runs all distances, was fourth.

The Americans had counted on these points and they had expected to lose the 1000-metre walk, which they did to George Moulding of Canada, who outpaced the English crack, E. J. Webb, and beat him eighty yards at the end. The only American in the final of this event was Frederick H. Meiser, New York A. C., but the pace proved too fast for him and he dropped out after two miles.

Various nations were interested in the eleven trial heats and six semi-finals in the 100-metre hurdling.

Americans took eight firsts and one second in the trial and five firsts in the semi-finals. Thus Martin W. Hawkins, John P. Nicholson, James Wendell, Fred W. Kelly and John R. Case will run with the British representative, Powell, in the final.

George S. Jackson continues to reflect credit on West Point training. By his riding in the cross-country event at 5000 metres he gained fourth place in the modern pentathlon. Three Swedish officers led, but the Swedes had a month's practice and had studied the difficulties of the course, which included seventy-five jumps of various kinds. Patton had a fall at the start of the double ditch. This contest will conclude with a cross-country footrace of 4000 metres, in which the American officer is considered to have an excellent chance.

The swimming furnished a new world's record for the 400 metres, free style. Healy, the Australian, in his trial heat, covered the distance in 5:34. He is the popular favorite for the final.

The wrestling continues slowly. swimming draws a fashionable array to the water side nightly, the most popular feature being the women who do high diving and play polo in tightly fitting garments.

The score as officially announced were: United States 88, Sweden 62, Great Britain 51, Germany 23, Finland 20, France 19, Africa 11, Denmark 11, Norway 10, Italy 9, Canada 6, Hungary 6, Australia 4, Russia, Greece, Belgium, Austria, 3 each; Holland 2.

Hilles Selected Chairman.
Washington.—James B. Reynolds of Massachusetts, who was named as secretary of the republican National committee, and C. D. Hilles, President Taft's secretary, was selected for chairman of the National committee. The subcommittee announced the selection of Mr. Hilles and Reynolds after an hour session with President Taft at the White House, and a few minutes in conference at a downtown hotel. Both were chosen unanimously. Mr. Taft was plainly pleased with the committee's choice.

Alvin Drainage Bonds Carry.
Alvin, Tex.—An election was held Wednesday for the disposal of \$31,000 remaining from an original drainage bond issue in Alvin drainage district No. 3. The vote was 192 in favor of appropriating the sum for the furtherance of drainage in the district, including the city of Alvin, and 28 against.

Italians Victorious.
Rome, Italy.—Italian troops Tuesday captured the town of Misratah, 120 miles east of the city of Tripoli. The Arabs who fought under the guidance of Turkish officers, fled into the interior, leaving several hundred corpses on the field. The Italians lost nine killed and 121 wounded.

Liberty Girl Ended Life.
Liberty, Tex.—Miss Remie Stone, the 19-year-old daughter of Mr. and Mrs. J. B. Stone, died Thursday from the effects of a dose of strychnine. Desspondency is assigned as the cause for the rash act.

UNITED STATES AFTER REBEL CHIEF OROZCO

Warrants Have Been Issued Charging Him With Killing Leroy Fountain at Parral, Chihuahua.

San Antonio, Tex.—Federal warrant for the arrest of General Pascual Orozco, leader of the Mexican revolutionists, on the charge of murder, is known to have been issued and is now in possession of United States civil officers, who are watching Orozco, expecting to trap him on American territory.

The warrant specifically charges Orozco with the killing of Leroy Fountain at Parral, Chihuahua.

Fountain was a captain in command of a machine gun detachment in Madero's army during the siege of Parral by the rebels. When the garrison surrendered Fountain was made prisoner. He was tried by court martial, convicted and sentenced to be executed. On the appeal of Americans in Parral sentence was suspended and Fountain given the liberty of the city under rebel escort pending investigation. The following day he was shot to death in the street by his "escort." The rebel excuse for the murder was that Fountain was trying to escape.

Simultaneously with the knowledge of a warrant charging Orozco with murder, there has also leaked out information that United States secret service men are on the trail of the leaders of the new revolutionary junta here and at Brownsville, and will arrest them if they attempt to go to Juarez or cross the border at any other points.

NEARLY 4,000 CARS OF ONIONS SHIPPED

This Season From Laredo and Browns ville Points, and Over a Million and a Half Profits From Crop.

San Antonio, Tex.—The onion crop has been cleaned up. Nearly 4,000 cars were shipped and the growers realized over a million and a half dollars in profits. The total shipments broke all previous records. Not only was the production at Laredo increased, but a large number of cars came from the Brownsville country. The indications are for even a larger acreage next year if seed can be secured.

The reports are to the effect that the Canary Island seed crop is very short and it may be impossible for sufficient to be supplied to meet the demand in Texas. The Canary Islands is the only source of seed supply. Storms and wet weather reduced the crop of seed there more than one-half.

Replacing the onion shipments have been large shipments of cantaloupes and watermelons. Cantaloupes have become so cheap and plentiful as to be a drug on the market and many farmers are giving them away for the picking or feeding them to the hogs.

There is still a good demand for watermelons, but the crop has been very large and melons are very cheap. Large ones are being sold on the streets here for 5 cents each. In some places these melons are also being given away to have them hauled from the fields.

The sorghum crop is being harvested now and the yield will be very large. Hay will be cheaper here than for several years past.

APPROPRIATIONS GO BACK TO SUNDRIES

As Reported by the Senate \$250,000 for the Tariff Board and \$20,000 for Waterways Restored.

Washington.—Appropriations of \$250,000 for the tariff board and \$20,000 for the inland waterways commission were restored to the sundry civil bill as reported by the senate.

Because of the bubonic plague situation the house appropriation for prevention of epidemics by the public health service was increased from \$100,000 to \$200,000.

The customs reforms proposed in the house bill were stricken out and an item of \$350,000 for collecting this revenue from customs inserted. Items of \$70,000 for additional land at Fort Sam Houston, Texas, and \$50,000 for a steel bridge at Fort Riley, Kan., were inserted.

The house bill was amended so as to continue the offices of register and receiver of public moneys for land districts.

Insurgents Select National Chairman.

Atlantic City, N. J.—After a day of almost constant wrangling, interspersed now and then with hymns and prayers, the National Prohibition Convention Thursday overthrew the existing administration and elected Virgil Hinshaw of Portland, Ore., national chairman of the party.

Over Million Eggs.

Temple, Tex.—A produce and commission house of Temple Tuesday shipped ten refrigerator carloads of eggs to the Northern markets, each car containing 400 cases with thirty dozen eggs to the case, making a total of 144,000 eggs to the car, or a grand total for the shipment of 1,440,000.

Ask Your Doctor About That

A Question of Names.

In some of the country districts of Ireland it is not an uncommon thing to see carts with the owners' names chalked on to save the expense of painting. Practical jokers delight in rubbing out these signs to annoy the owners.

A constabulary sergeant one day accosted a countryman whose name had been thus wiped out unknown to him.

"Is this your cart, my good man?"
"Of course it is!" was the reply.
"Do you see anything the matter wid it?"

"I observe," said the pompous policeman, "that your name is o-b-lith-er-ated."

"Then ye're wrong," quoth the countryman, who had never come across the long word before. "for me name's O'Flaherty, and I don't care who knows it."—Youth's Companion.

Shock for a Brother.

"John," said an eminent physician, wearily, entering his home after a hard day's work, "John, if anyone calls excuse me."

"Yes, sub," agreed John, the old family darkey.

"Just say," explained the doctor, "that the masseur is with me."

A little later the doctor's brother called—called and received the shock of his life.

"I want to see the doctor at once," said he.

"You can't do it, sub," solemnly announced the old darkey, turning up his eyes till the whites alone showed. "You can't do it, sub. The doctor, sub, am wid de Messiah."—New York Evening Sun.

They Are Overworked Now.

Four-year-old Dick had made an important discovery that his hair would pull out if enough force was exerted, and was absorbed in proving the fascinating find on his forehead. His sister—aged seven—noted the proceeding with round-eyed horror.

"Dickie! Dickie!" she cried, "you mustn't do that!"

"Why?" demanded Dickie, with the cynicism of childhood.

"Because the Bible says that all your hairs are numbered—and if you pull any out you'll make a lot of extra bookkeeping for the angels."

'Twas a Pretty Thing.

The young man produced a small square box from his pocket.

"I have a present for you," he began. "I don't know whether it will fit your finger or not, but—"

"Oh, George!" she broke in, "this is so sudden! Why, I never dreamed—"

But just then George produced the gift—a silver thimble—and it got suddenly cooler in the room.—Ladies' Home Journal.

Good Bait.

Aunt Sarah, cook in a Richmond family, took home a dish of macaroni from her mistress' table for the edification of her own family. When her children had been assured that it was good they proceeded to eat with great gusto. The next morning Aunt Sarah discovered two of her offspring in the yard turning over stones and soil and scratching vigorously in the earth.

"Heab, yo' chillun!" called out Aunt Sarah, "what yo' all doin'?"

"We's a huntin'," was the reply, "fo' some mo' of dem macaroni worms."

Making Cheese in Olden Days.

Cheese was made by the old-time farmers in the summer on the co-operative plan by which four cattle owners owning say 14 milch cows, received all the milk night and morning, according to the daily yield of their little herd. Thus given two families having five cows each, one with three and one with one, supposing that the average yield per cow was the same. In two weeks, two owners would make five cheeses each; one would press three, and one only one cheese, but this one would be as good and as large as any of the rest.—"Nobility of the Trades—The Farmer," Charles Winlow Hall, in National Magazine.

CROCKETT, TEXAS

-A slight change in train schedule went into effect on the I. & G. N. Sunday. The northbound morning train now gets here at 11:40 instead of 11:48 as heretofore and the southbound morning train now comes at 10:04 instead of 9:48 as under the old schedule.

Peaches are now going out from Crockett by the carload. C. A. Clinton shipped the first car last week and other carload shipments are following daily. We are informed that carload shipments are also being made from Grapeland and Latexo. The quality is fine.

A traction engine has been put to work on the Centralia road, beginning at the city limits of Crockett. The engine pulls road graders, scrapers and any other machinery used in road construction. It is claimed that the engine will be the means of saving much money and is being tried as an experiment.

The candidates met with the people at Porter Springs Wednesday, Creek Thursday, Lovelady Friday and Arbor Saturday. The Courier editor wanted to attend all these meetings, but on account of being short on help in the office was prevented from doing so. We are informed that everything passed off smoothly at all the meetings.

Card of Thanks.

We desire to express to those who were so thoughtful and attentive to our mother, Mrs. Sarah A. Moore, during her last illness our sincere appreciation of and thankfulness for their kindness and devotion. We shall ever remember with grateful hearts their many acts of kindness. Her Children.

The men attending the Methodist church are invited to come without your coats if you so choose. You will find it comfortable under the fans. Some may prefer to bring your coats on your arms and put them on after getting a comfortable seat under a fan. What we want you to do is to come to church and be comfortable after you get there. Let every man feel perfectly free to leave off his coat or wear it just as he likes.

Geo. W. Davis, Pastor.

In these days of high cost of living, a medicine that gets a man up out of bed and able to work in a few days is a valuable and welcome remedy. John Heath, Michigan Bar, Cal., had kidney and bladder trouble, was confined to his bed, unable to turn without help. "I commenced using Foley Kidney Pills and can truly say I was relieved at once." His example is worth following. I. W. Sweet.

Summer colds are hard to get rid of, and frequently lead to asthma, bronchitis and hay fever. Do not let your cold get a hold on you, but use Foley's Honey and Tar Compound for quick relief. W. H. Allen, Chelsea, Wis., says: "We prefer Foley's Honey and Tar Compound to other cough medicines because it quickly cures coughs and colds. It will ward off a cold if taken in time." Contains no opiates. I. W. Sweet.

A Dinner Party.

Mr. and Mrs. J. D. Woodson gave a dinner party Monday evening at 7 o'clock, complimenting their sister, Miss Alline Foster. Six couples enjoyed the hospitality and the dinner was beautifully served in courses. The hostess was assisted in serving by her sister, Miss Totsie Foster. The guests were arranged around the table as follows, place cards designating where each guest was to sit: Miss Edward Keene and Gee Clark, Miss Fannie Rose Robinson and Downes Foster, Miss Bella Lipscomb and Lee Foster, Miss Hallie Ellis and Jim Lipscomb, Miss Otice McConnell and Will Lipscomb, Miss Alline Foster and W. W. Aiken. An after-dinner dance was enjoyed, other young people having been invited to share the remaining pleasures of the evening. The affair was a most delightful one.

A Double Surprise Party.

Some of her young friends surprised Mrs. C. L. Edmiston, in a way that was pleasing to them, Tuesday evening. Mrs. Edmiston was visiting in Galveston and Houston, but reached home at 9 o'clock Tuesday evening. To her surprise she found that a party of her young friends had taken possession of her home for their own enjoyment and were enjoying it to the fullest. Finding herself greatly outnumbered, there being about fourteen couples present and no officers within calling, there was nothing to do but retreat to the seclusion of her own bedroom. Mrs. Edmiston is one of the most hospitable and charming entertainers of the town, and nothing affords her more pleasure than to have her friends in her home and those who receive invitations from her consider themselves fortunate. Those of her friends who were not present Tuesday night must not hold Mrs. Edmiston responsible for it, for she had nothing to do with that party and is in no wise responsible for anything that was done. In fact, the real surprise was in her coming home Tuesday evening instead of Wednesday evening, as had been anticipated. Miss Seawillow Johnson of Marlin, a cousin of Mrs. Edmiston, acted as hostess in a most charming manner and the event was one of the most delightful.

The fine baskets of peaches offered for sale by local dealers and grown by local growers is ample proof that Houston county belongs in the greatest peach belt on earth.

The wagon loads of fine peaches that one sees around Crockett strengthens confidence in the fruit industry of Houston county. No finer peaches can be grown anywhere.

Any attempt at coercion by public officials should meet a just rebuke at the polls. The boycott is the worst form of coercion and is in violation of every principle of good government.

Judge Ramsey said in a speech at Waco, before the Texas Bar association, that since he had been on the bench he had at least done his country some good in ruling that baseball could be played on Sunday and that a social club could

dispense liquor to its members. He may have tracked the law in his ruling, but as to whether he had done his country some good is the question. However that may be, he ought not now to be berating Colquitt for carrying out the platform on which he was elected governor of Texas.

That boycott by the commissioners' court is still running against the Courier. This is for the information of those who may not know, and who do not believe in the boycott, especially when the money of the taxpayers is the weapon used. The boycott as a means of coercion ordinarily is indefensible, but when the money of the people is put to that use by public officials it becomes a stench in the nostrils of all good citizens.

The city council is to be commended by every citizen who has the pride of his town at heart for its efforts to remedy the water situation, and no less commendable are the efforts of those citizens who have joined with the council in raising the necessary funds. Many of our citizens have signed a note at the bank guaranteeing the payment by the city of necessary expenses incurred in installing an air-pressure pump and enlarging the reservoir service.

Inasmuch as Judge Ramsey, in his speech at Crockett and elsewhere, has asked that a legislature in sympathy with his policies be elected, it does not seem unreasonable that voters should want to know who the candidates for the legislature propose to vote for. The Courier contained an inquiry from Lovelady last week and another from Augusta this week seeking this information. If Ramsey is the choice of Houston county, he should have a Ramsey legislature in order that his hands may not be tied. If Colquitt is the choice of Houston county democrats, he should be given a legislature in sympathy with his views. And it is but natural that democrats should want to know whether candidates for the legislature are going to support the candidate for United States senator who receives the plurality vote of Houston county.

In order that no one may be misinformed, the Courier will state that Governor Colquitt did not attend the convention of governors of cotton growing states held at Atlanta last Friday, held for the purpose of advising in regard to needed legislation looking toward the protection of cotton farmers. It was the governor's intention to go, but he afterward gave out a statement to the effect that his official duties and the duties of the campaign precluded his attendance. This is to correct a statement, appearing in the Courier last week over a nom de plume, to the effect that the governor was then on his way to Atlanta. It is to be regretted that Governor Colquitt was prevented from attending this convention, not only because of the good that might result, but because the first convention of the governors of cotton growing states was suggested and its purposes outlined by him.

About one hundred citizens of Terrell will visit Waxahachie in the near future to inspect the roads leading into that city. Kaufman county, of which Terrell is the county seat, is desirous of following the same system of construction as used in Ellis county, whose roads are considered the finest in the state.—Lufkin Chronicle.

Augusta Wants to Know.

Augusta, Texas, July 14, 1912.

Editor Courier:

Will you kindly permit a subscriber, who is also a Colquitt man, to say a word in endorsement of the letter from Lovelady in last issue of your paper? The Colquitt supporters hereabouts are in favor of all candidates for representative expressing their sentiments on the race for governor, and also for senator. The democrats have a right to know who the legislative candidates are going to support for governor and for senator. Will they vote for the man for senator who gets the biggest plurality vote in the primary in the county? Judge Ramsey, in his speech at Crockett and other places, appeals to the democrats to give him a legislature who are in sympathy with him, and not one opposed to him. Colquitt hopes his friends will treat him the same way and give him a legislature in accord with his views, and not send men to the legislature who will oppose his policies and try to defeat his plans. He had to contend with just such the last time. It would not be right to vote for Colquitt and elect him governor and then elect a legislature opposed to him and all he proposes to do. I hope the Colquitt supporters (and at least two-thirds of the people, especially the farmers, are for Colquitt) will call for an expression from the candidates for the legislature. They propose to represent the people and the people would like to hear from their legislative candidates how they feel towards Colquitt and Ramsey. If Houston county goes for Colquitt, as it most certainly will, Governor Colquitt has the right to ask the same favor that Judge Ramsey did in his speech—that is, send a man to the legislature who will support the governor in his policies, and not fight him. What good to elect Colquitt governor and fail to elect a legislature who will back him up? I hope all four candidates will show their colors. Are you for Colquitt or Ramsey? Are you for Wolters, Randall or Sheppard? If elected to the legislature will you support Colquitt and his policies, or will you oppose them? In other words, what is the use to elect Colquitt and give him a Ramsey legislature?

Many Voters.

The Last of a Pioneer Family.

Last Wednesday night witnessed the passing of the last member of one of Crockett's pioneer families. We have reference to the death of Mrs. Sarah A. Moore, whose funeral occurred Thursday afternoon. Services were held at the Methodist church and were conducted by the pastor, Rev. George W. Davis. Interment took place in Glenwood cemetery.

Mrs. Sarah A. Moore was 79 years old and had been a resident of Crockett for 59 years, coming here with an uncle, a Mr. Downes, when she was a girl 20 years of age, and uniting with the Methodist church here by letter. She married William H. Moore, whom she survived. She leaves six children, who are as follows: Mrs. J. L. Chiles of Reynard, this county; John H. Moore of Montgomery, Ala.; Mrs. A. J. Frick of Normangee, and J. C. Moore, Miss Mollie Moore and C. W. Moore of this city.

Mrs. Sarah A. Moore was a sister of Major J. C. Wootters and Captain J. H. Wootters and was the last member of that family. She came to Crockett from Maryland, the same state from which her brothers came and at about the same time, although she came with an uncle. She was a life-long member of the Methodist church and a devoted christian. During her fifty-nine years of residence in this city, she witnessed many stirring events, more than falls to the lot of the average life. Her death is widely mourned.
