## CALLAHANITES LAW ABIDING

### October Term Of District Court Does Little Business Either Civil Or Criminal

The citizens of Callahan County are, generally speaking, a law abiding lot of people. The late term of District Court proves that. The Grand Jury found but six true bills, and the criminal cases tried were few.

C. C. Baldwin, indicted for unlawfully transporting intoxicating liquor was acquitted.

B. E. Love, who stole an automobile in Clyde, was found guilty and given a penitentiary sentence of two years.

Oben Nichols, who stood two trials for assault with intent to commit rape, drew a hung jury on the first trial, but the second jury found him guilty and assessed his punishment at \$25 fine and sixty days in jail.

The only important civil case adjudicated was that of Adams vs. Hughes, suit on debt; judgment for plaintiff.

### JOHN CRAWFORD PROUD OF HIS MEDALS AND RARE RELICS

Merchant John Crawford is a proud man, but not in the offensive sense, however. He is proud that he is a Scot, proud that he received his mercantile training under the tutelage of that great New York merchant, Charles Broadway Rouse, proud of his fine Baird store, but particularly proud of the many gold medals won by his fleet-footed son, Robert Crawford, and of the quaint old world relics that are his.

During the late Callahan County Agricultural, Stock and Poultry Exhibit these medals and relics were on exhibition in the big display windows of his store and attracted a great deal of attention. There were ten silver cups won by his sprinter son that were not exhibited with the medals.

Young Crawford developed as a sprinter when he was a student at the Flushing, New York, High School, and the medals were won as follows:

From the New York University, Princeton University, Cornell, Pennsylvania, New York City High School, Columbia University, Johns Hopkins and last, but by no means least, the World Olympic Games in Belgium. In the latter event there were over one hundred entries of star sprinters from all parts of the world and young Crawford outdistanced them all.

Among Mr. Crawford's relics is a silver mounted snuff box, fabricated out of the polished horn of a Scottish Highland Black Bull, most beautifully mounted in hand chased silver. This snuff box is nearly three hundred years old, dating back to the early part of the seventeenth century. Attached to the "horn" are three tiny spoons, a "dipper" and a "snuffer."

John Walker of Admiral was in The Star office Saturday and renewed his subscription to The Star, the only Democratic paper in Callahan County now.

## HENRY J. CORDWENT HERE FROM ENGLAND

Mr. Henry J. Cordwent, whose home is in Newton Abbey, County of Devonshire, England, is here, looking after the property interests of his deceased brother, the late Richard Cordwent, who died suddenly early last month, while unloading cattle at Iatan.

Temporary Administrator Thos. E. Powell, Cashier of the First Guaranty State Bank, who has made diligent search for a supposed hypothetical will supposed to have been executed by the deceased ranchman and also for the little red leather satchel that the deceased always carried, welcomed the visitor from His Majesty King George's realm.

Mr. Cordwent, being informed of the death of his brother by cable, arranged his business affairs and, on Saturday, the 25th ultimo, booked passage on the S.S. Berangia, of the Cunard line, boardad that vessel at Southampton, and made a pleasant passage of the Atlantic and, reaching New York, was transported hither via the Pennsylvania, Iron Mountain and Texas & Pacific lines, arriving here day before yesterday. He left for Cottonwood this morning, where his deceased brother had landed interests.

This is Mr. Cordwent's third visit to Callahan County. In conversation with a Star reporter he said: "We had a very pleasant ocean trip and in mid-ocean exchanged radio greetings with the S.S. Majestic, which had the Prince of Wales as a passenger."

Mr. Cordwent is Honorary Secretary of the Rotary Club of Newton Abbott, Devonshire, England, and prior to his brother's death, had decided to attend the International Convention at Cleveland, Ohio. Just before receiving the cable announcing Richard Cordwent's death, he was on the point of notifying the latter to meet him at the Rotarian Convention.

### M. L. HAYS DIES SUDDENLY

M. L. Hays, well known citizen of Clyde, died suddenly at his home in that city yesterday.

Mr. Hays was a good man and a useful citizen. The Star regrets to learn of his sudden death. The funeral will be held some time Saturday.

### BEN F. WILLIAMS DEAD AT HIS GARLAND HOME

A phone message yesterday from R. J. Harris informs The Star of the death of Ben F. Williams last Saturday and his burial the day following at his home in Garland.

Ben Williams was for many years a citizen of this county, near Putnam. He was a straight-forward, honorable, upright man in every respect, and it is with regret that the editor of this paper chronicles his death.

Mr. Williams, since his removal to Garland, has for many years been in ill health, and his friends here would not have been surprised for several years to have heard of his death.

T. E. Hayden and John Taylor of Moran were pleasant callers at The Star office Wednesday.

## DR. BUTTE IS BUTTED OUT

### Of The Gubernatorial Ring And Pouts Like A Peeved Child Over His Late Defeat

Mrs. Miriam A. Ferguson won over Dr. Butte for Governor, but up to the time of going to press with The Star today her majority was not known; of the 292,733 votes accounted for, Mrs. Ferguson had a known majority of approximately 26,000. The final count will probably show a majority of 100,000.

Doctor Butte is a poor loser. He refused to concede Mrs. Ferguson's election, but she is elected, beyond a doubt and will be the Lone Star State's next Governor.

James E. Ferguson says that her majority will be over 150,000 and probably 175,000. The Texas Election Bureaus hopes to have the vote for Governor from every county in the State. This morning's Dallas News prints the returns from sixty counties, including Callahan's 1,566 for Ma and 573 for Butte, which is as follows, by precincts:

Precinct	Ferguson	Butte
Denton	63	10
Baird	354	47
Cottonwood	70	32
Eagle Cove	52	9
Dressy	48	25
Hart	18	1
Clyde	226	89
Erath	20	9
Eula	78	18
Putnam	168	79
Cross Plains	159	130
Admiral	44	4
Atwell	19	18
Rowden	36	1
Tecumseh	34	1
Caddo Peak	23	3
Oplin	100	42
Belle Plaine	26	3
Totals	1566	512

The proposed Amendment to the Texas State Constitution increasing the pension of ex-Confederate soldiers from five to seven cents on the \$100 was adopted by a large majority.

### THIRTY-FIVE ATTEND BAPTIST BIBLE CLASS AT SIGAL THEATRE

The Men and Boys' Bible Class held its first meeting at the Sigal Theatre last Sunday morning at ten o'clock. There were thirty-five present at this first meeting. This is a very encouraging beginning. We soon expect to have a regular attendance of fifty.

All classes were represented in the first meeting. Business men, who do not have an opportunity to go to the churches for Sunday School, mechanics from the garages and railroad shops and others, in their work clothes, were there. This is as it should be.

For next Sunday the program will include a number of special musical numbers, in addition to the teachers' lecture and attributes of God. All men and boys, not now members of a Sunday School class are cordially invited to be with us in these meetings. We are trying to make the meetings both interesting and helpful. There will be no question asked; no collections taken. May we expect you next Sunday at ten o'clock?  
Teacher,

## CHILDREN ARE PLAYING THE "GAME OF HEALTH"

Children all over the country are playing the "Game of Health," and the Baird kiddies and the bright boys and girls all over Callahan County should join in this highly interesting and most beneficial of sports.

They have been started in this new game by the Junior Red Cross, which is the children's department of the American Red Cross, and they are very enthusiastic over the results. County Nurse Miss Stella Carter can tell you all about this new game and how to play it.

In the Southwestern Division of the American Red Cross, which includes Callahan County, many of the schools are working enthusiastically for advancement in this health game and some have reached a standard of excellence which is attracting wide attention. It is high time that the children of the Baird Public Schools and of every other school in the county enlisted, for, in the great battle of life, an ounce of prevention is worth several tons of cure.

The purpose of the game is to build strong and healthy bodies and, therefore, keen minds. The children are weighed and measured at regular intervals and their record is kept on a health chart. The credits are also kept on the chart with reference to observing the health rules, which are as follows:

Drink a glass of water before each meal and before going to bed; drink milk, no tea nor coffee.

Bathe twice a week.

Eat some vegetable and fruit every day.

Sleep long hours with windows open.

Brush teeth thoroughly twice a day.

Wash hands before every meal, keep finger nails cut short and clean them every day.

Keep fingers, pencils, money, and everything that might be unclean out of the mouth and nose; and at all times keep hands away from the face.

Use your own drinking cup at school and when away from home.

Cover nose and mouth with handkerchief when sneezing and coughing; take thirty or more deep breaths of fresh air a day; ten breaths in the morning, ten at noon and ten at night.

Try to sit up and stand straight, with shoulders well thrown back; to eat slowly, and to attend to toilet and each need of the body at the regular time.

Try to get father and mother and everyone in the home who does not go to school to play the game of health with you and keep each rule.

### SUNDAY PATRIOTIC MEETING HONORING ARMISTICE DAY

Next Sunday night, at 7 o'clock, there will be a special patriotic service at the Baptist Church in honor of Armistice Day. Appropriate music, decorations and sermon will be prepared.

All ex-service men are especially invited to be present at this service. We are always glad to have our friends worship with us. Pastor.

## COOLIDGE IS THE WINNER

### In The National Race By The Largest Popular Majority Ever Given President

The National Democratic ticket was badly defeated, worse than in 1920. Coolidge claims 350 electoral votes and may go to 400. Two hundred and sixty-six votes elect, so it is Coolidge and H.-M. Dawes for four years.

Some claim that the Republicans lack five votes of a majority in the House.

LaFollette-Wheeler third party, got a considerable vote in the Northwest and East, but few votes in the South. So far, Wisconsin, LaFollette's State, is the only electoral vote—13—that they have won, a hoodoo number, sure.

Over thirty million votes were cast in the National election. The Republicans claim nine million plurality over Davis.

The Democrats elected one Governor in the West, a woman, Mrs. Nellie Taylor Ross, of Wyoming, widow of the late Governor W. B. Ross, who died during the campaign. She was nominated to take the place of her husband, who had been nominated to succeed himself as Governor. She will go into office before Mrs. Ferguson, which will make her the first woman Governor to take office by election of the voters.

There are rumors that the Republican-Ku Klux Klan combination will contest Mrs. Ferguson's election, but it is not likely to amount to anything.

Br. Butte, in the face of all reports to the contrary, claims that he was elected. That is no doubt some more Klan bunk, to prevent the people from choosing their own Governor. They got the whey knocked out of them, but refuse to submit. However, they will have to submit, whether they want to or not.

The patience of Texas people has been sorely tried. The Klan and Dr. Butte are poor losers, but no one expected anything else from the unholy combination against the Democratic nominees.

### MARRIED

Mr. Alex Ogilvy, Jr. and Miss Juanita Bowls, both of Baird, were married at Abilene, Monday evening November 3, 1924 and left for the Cotton Palace, Waco. The bride is the daughter of Mr. and Mrs. W. G. Bowls, and is a charming and accomplished young lady. The groom is an energetic and enterprising young man and their many friends wish them many years of happiness. They will make their home in Baird.

Charley Barr and Cliff Westerman of Cross Plains, old friends of The Star editor made a pleasant call on him Wednesday. The editor knew Cliff Westerman and his wife, Miss Eliza Pentecost, in Brown County, before they were married. That was a long time ago and all of us are somewhat older than we were then.

Mr. and Mrs. Ernest Windham, of Clear Creek, were in town Wednesday.

## RED CROSS DUTY TO AID VETERANS

Spends Nearly Four Millions in Year to Lessen Burdens of Disabled Soldiers.

**SERVES 63,700 IN HOSPITALS**

Every Case Is Given Individual Service—Assists Families of These Men Everywhere.

Washington.—The need of individual assistance by ex-service men and their families from the Red Cross is as pressing today as it was immediately after the end of the World War. For six years this work has been foremost of all Red Cross services, and in emphasizing the steady public support of this work the Red Cross National Headquarters urges the largest enrollment this year during the membership campaign opening on Armistice Day, November 11.

Nearly four million dollars of Red Cross funds spent for disabled veterans and their dependents during the year ended June 30 last presents some idea of the magnitude of this work. The current year, it is estimated, will call for still further disbursements of funds for the reason that the Red Cross, through more than 3,500 Chapters in as many communities in the United States, has been called upon to help the ex-service men in making out their applications for the adjusted compensation granted in the so-called bonus law.

**58,767 Soldier Cases a Month**

The Red Cross work for the disabled soldier is designated "home service," for it gives individual attention to the man and his family approximating the interest and loving care of the home. Such service in the hospitals, camps, soldiers' homes and sanatoria, averaged 33,951 cases a month during the year. Assistance to ex-service men and their dependents averaged 58,767 cases a month. In addition, the Red Cross in the last twelve months provided 32,000 recreation and entertainment events in the hospitals and camps.

Thus the Red Cross, symbolized as the "Greatest Mother," still watches over these many thousands of men, comforts them, helps to lighten the tedium of their physical reconstruction, and in their homes lifts some of the burdens from their "own people."

**Work in Communities Increases**

The home service of the Red Cross was the most pressing duty of 2,609 Chapters, an increase of 182 communities where problems affected by the war veteran's condition required solution through immediate and intelligent assistance. The Chapters alone expended some \$2,000,000 in this work.

The transient disabled soldier, usually suffering from disability or tuberculosis, is almost everywhere a grave problem. From national funds the past year \$173,076.56 was expended in helping the Chapters to care for these wandering men.

According to government report there are 4,800 veterans in civilian institutions, and in the national homes for soldiers the complications are increasing. The large groups of patients whose claims have been disallowed, of veterans of foreign wars, and the great number of men permanently resident in these institutions call for Red Cross work which cannot be avoided nor denied.

**Definite Service to 73,700**

Of a total of 84,500 ex-service men in hospitals and other institutions 73,700 were rendered a definite and specialized service by the Red Cross. In a single month 4,185 new cases were presented and a total of 20,125

was acted upon—figures which serve to illustrate the magnitude of the information and claims service engaging the attention of Red Cross workers. New veteran legislation amending the War Risk act which extends many additional rights to disabled ex-service men will reopen thousands of cases and require still greater Red Cross service.

When Congress granted a charter to the American Red Cross it charged the organization with the duty to act as "the medium of communication between the American people and their Army and Navy." This responsibility to the enlisted men and their families is met every year without restriction.

**Serves Men on Active Service**

The extent of this Red Cross activity during the last year embraced a total of 195,246 cases. There were 36,995 separate soldiers' and sailors' claims; 20,316 investigations of home conditions; 11,421 cases related to discharges, furloughs, etc. Assistance was given in 39,658 instances for personal, business or family problems; 744,220 visits were made to the sick or disabled, and nearly 40,000 letters and telegrams dispatched to the homes of enlisted men.

From June to September at the numerous military training camps the Red Cross provided information and home service to the trainees, also instruction in First Aid and Life-Saving. The entertainment and recreation events at the various Army and Navy hospitals reached nearly 9,500 during the year, and occupational therapy in nine Naval hospitals gave constructive and beneficial results and occupied the time of patients in the making of useful and ornamental things.

Allotment from current river and harbors appropriations of \$750,000 for work on the channel from Arkansas Pass to Corpus Christi, Texas, has been announced by Brig. Gen. Edgar Jadwin, acting chief of the army engineering corps.

Major General William G. Haan, retired, who commanded the Thirty-Second Division in France, died at Mount Alto Veterans' Hospital here after an illness of several months.

Howard M. Gore, Assistant Secretary of Agriculture has returned to Washington to assume the duties of acting Secretary as a result of the death of Secretary Wallace.

The capital has been furnished with a new crime mystery, when Coroner Nevitt formally announced that Russell Shore, a sentry, found dead on post at Walter Reed Hospital recently had been murdered.

The War Department announces the assignment of Captains Samuel G. Fairchild and William J. Eagan, Fifteenth Field Artillery, as assistant professors of military science and tactics at the University of Oklahoma at Norman, Oklahoma.

Four United States District Attorneys have been asked to resign and six others have resigned since last July as a result of failure, in most instances, to enforce the prohibition laws. Attorney General Stone said in reference to charges of lax prohibition enforcement.

Proposed new schedules revising rates for the interstate transportation of commodities in southwestern territory were ordered resuspended by the Interstate Commerce Commission from Oct. 25 to Feb. 22. The commission assigned the case for hearing Nov. 11 before Examiner Cassidy at St. Louis.

The President will probably take no action until after the election regarding the appointment of a successor to the late Judge Smith of El Paso as Federal Judge for the Western District of Texas. It has been announced by R. B. Creager, Republican national committeeman from Texas, following a visit to the White House.

The War Department plans an expenditure of \$23,000,000 on the air service next year, Secretary of War Weeks announced. This would be an increase of \$10,000,000 over the amount spent last year. Of the total contemplated expenditure, Weeks said at least \$10,000,000 would be used for improvement of types and for construction of new airplanes.

Reorganization in the Bureau of Engraving and Printing to provide "business principles" to the biggest plant of its kind in the world has been announced by Secretary Mellon. Two additional assistant directors, making three in all, have been appointed to aid Director Kirtland and the work of the bureau has been divided into three groups, each to be under the supervision of an assistant director.

Third-degree methods were condemned by the Supreme Court of the United States in a decision which ruled the alleged confession of Ziang Sung Wan, a Chinese accused of murder, was forced and could not be used as evidence. Wan, convicted here in 1920 of the slaying of Ben Sen Su on the strength of a confession extorted from him by local police when he was seriously ill, was granted a new trial by the Supreme Court.

## BRITISH LABORITES PLAN TO CARRY ON

To Follow Precedent Set by the  
Baldwin Ministry After the Last  
General Election.

London.—The Conservatives will have more than 400 members out of a total membership of 615 in the new House of Commons. That is the startling outcome of the third appeal to the country within two years. The exact figures can not yet be given, because in the universities and some outlying Scottish islands the counting will not be completed for another week.

Because of this astounding Conservative victory it is expected that Premier MacDonald, who has returned to London, will call an immediate Cabinet council to consider the Government's position. This may quite possibly prove to be the last meeting of a Labor Cabinet in England for the next five or more years.

The expectation here is that the MacDonald Cabinet will decide to resign forthwith, thus making way for the Baldwin ministry.

There is, however, another alternative—to follow the precedent set by the Baldwin ministry after the last general elections—meet Parliament and wait for defeat on the address from the throne. One strong motive for following this course would be that Premier MacDonald has declared his intention to investigate to the roots of the Zinovieff affair, and thus he would be in a position to do effectively only while he retained the Foreign Secretaryship, with access to all departmental documents.

In the face of such stunning defeat as the Government has suffered at the polls, however, it is generally thought that even the investigation of the Zinovieff affair would not justify the Cabinet in carrying on until Parliament meets. When J. H. Thomas, secretary for the Colonies, recently declared that the Government would await defeat in the Commons, he had in mind undoubtedly a future position in which it would require the combined vote of the Conservatives and Liberals to

overthrow the ministry, and not a position where the Conservatives would command an absolute majority over all parties. Under these circumstances the chances strongly favor the immediate resignation of the ministry.

Next to the tremendous success of the Conservatives, who gained approximately 159 seats and lost something under 10 to the other parties, the most striking thing is the submergence of the Liberal party.

When Herbert M. Asquith, the Liberal leader, announced a bare two months ago his intent to move a censure motion on the Government's Russian policy he could not possibly envisage the fate which has overtaken his old and respected party, that now sees itself faced with extinction, its leaders, including himself, routed, and its numbers in the new house reduced to one-tenth those of the conservatives.

The view at Conservative headquarters is that should the ministry resign and the King send for Mr. Baldwin, a new Government could be completed before Parliament meets. At Labor headquarters naturally much disappointment is felt. One of the leading officials said: "It was the Liberal intention to put the Conservatives in power and they have succeeded at the cost of what virtually is their extinction."

## WILL USE CAMERAS TO CHECK IRREGULARITIES

Efforts will be Made to Have One  
at Every Precinct in the Larger  
Cities of the State.

Oklahoma City, Ok.—Cameras will be employed in the general election of next Tuesday, in an attempt to check possible voting irregularities in the State, it has been announced at Republican State headquarters.

The Republicans intend to station men with cameras at all voting precincts, if possible. The photographers preferably will be placed in the precincts in which they reside, to insure their familiarity with voters, and will be instructed to "snap" electors with whom they are not acquainted. Thus a photographic record of "repeaters" is expected to be established.

The Republican headquarters said

that, although it was probable that there would not be enough photographers to have one stationed at each precinct, efforts would be made to have one at every precinct in the larger cities of the State.

## Quarantine Modified by New Mexico.

Santa Fe, N. M.—Gov. James F. Hinkle modified the foot and mouth quarantine against Texas to admit live stock and products heretofore prohibited from that part of Texas west of the 100th meridian, north of the Texas & Pacific Railroad and west of the Pecos River on a special permit from the Cattle Sanitary Board, provided the live stock or products have been in that part of Texas since Aug. 1.

## WASHINGTON

Charges made recently before the New York State Federation of Women's Clubs that the Veterans Bureau had draped the coffins of soldiers with cheap and shoddy flags and had contracted for 300,000 which were found to be minus a row of eight stars have been answered by Director Hines with an assertion that of all flags purchased since August, 1922, only 2,400 in number were examined and met with Federal requirements.

Recovering from the slump of 1922 farm equipment manufacturers last year far surpassed 1922 with an increase of 74 per cent, and were 11.2 per cent above the 1921 production. Census Bureau statistics announced for the annual canvass of manufacturers of farm equipment places the value of the output at \$364,701,537, as compared with \$29,639,897 for 1922 and \$328,040,783 in 1921.

President Coolidge received at the White House the Duke of Alba, who was presented by the Spanish Ambassador. After the visit the Duke said he had a most cordial interview with the President.

The Comptroller of Currency of the Treasury Department has announced the receipt of applications to organize the First National Bank of Raymondville, Texas, with a capital of \$25,000, and the City National Bank of Houston, with a capital of \$200,000.

## CREW SHANGHAIED INTO RUM RUN FLEET CAPTURE TWO-MASTER

Captain Gilland Declared He Knew  
Nothing of the Shanghaing or  
How His Crew Got Aboard.

New York.—Four starving sailors, who said they had been shanghaied into the rum row service, compelled a reluctant skipper to surrender to the coast guard cutter Gresham the natty two-master Dorothy H. Smart of New Foundland and her cargo of brandy.

Michael Gillan of Halifax was the skipper. His crew was Louis Cocini, mate, and Albert Edward Burgo-master, cook, both of New York, and Henry A. Gillis of Perth Amboy, N. J., and Carl Jaeger of Boston, seaman.

Scouting between the rum fleet and shore, the Gresham's searchlights picked out the glimmering top-lights of a craft that seemed abandoned. Her decks were deserted, her anchor chain slapped against the pitching bows, her rudder swung at the will of the waves, her masts were bare of sails.

A British ensign hung upside down from a lanyard—the sign of distress.

The Gresham hailed the little two-master and four despairing sailors answered. They said that they were prisoners aboard, that they had been without food and water for several days, that their skipper refused to put them ashore.

Captain Brockaway consented to tow the craft and thus the cutter and its prize arrived at the Battery, where it was boarded by agents of the Department of Justice.

"We shipped out of New York twenty-three days ago," was Cocini's tale. "We were told we were signed up for the brick carrier Enterprise, sailing between New York and Cape May. They took us out at night in a speed boat and when we woke up next morning we were on the Dorothy H. Smart, surrounded by casks of rum and in the midst of the rum fleet."

Ordered to hoist sail for a voyage to Halifax the sailors countered with a demand that they be set ashore at once, they said. The skipper refused and so they drifted about for twenty-two days with sails furled. The anchor was lost and a week ago the food and water ran out and distress signals were run up. The sailors said they might have taken command of the craft and sailed her into port, but the skipper warned them that would be mutiny and piracy, so they watched and drifted until at last the Gresham came to the rescue.

Captain Gilland declared he knew nothing of the shanghaing or how his crew got aboard.

## PRESIDENT CALLES CALLS ON COOLIDGE

Says Relations of Mexico With  
U. S. and England are  
Cordial.

Washington.—The relations of Mexico with both Great Britain and the United States were discussed by Plutarco Elias Calles, President-elect of Mexico, at a conference with newspaper correspondents after he had come to Washington from New York for a visit of several days.

Received at the Union Station upon his arrival by representatives of the State Department and the Mexican Embassy, the President-elect called upon Secretary Hughes and then President Coolidge at the White House. He was the guest at an official dinner tendered by Secretary Hughes at the Pan-American Union and was the guest of President Coolidge at luncheon later.

Discussing conditions in reply to questions by correspondents, Gen. Calles declared there exists no enmity between the people of Great Britain and Mexico, and asserted that what unpleasantness has occurred is due to the "dishonesty, falsehood and misrepresentation of one of Great Britain's representatives in Mexico."

The President-elect added that by this he did not refer to H. C. Cummins, the British Charge d'Archives, whose expulsion from Mexico caused the interruption of diplomatic relations between the two countries.

The Cummins case, he said, was a closed one, as Mexico would never yield to Great Britain on it.

## Acquit Adelard DeJorme.

Montreal.—Adelard DeJorme, former priest, has been acquitted of the charge of having murdered his half brother in January, 1922, by a jury in the Court of the King's Bench. It was his third trial on the same charge.

## TEN KILLED, FORTY HURT WHEN TRAIN HITS CROWDED CAR

FREIGHT TRAIN BACKS INTO  
CROWDED TROLLEY; MANY  
TRAMPLED IN PANIC

## BOTH CREWS RELEASED

Women and Children Are Among  
Victims; Police Say Watch-  
man Careless.

Chicago.—Ten passengers were killed and two score injured, some seriously when a Chicago, Milwaukee & St. Paul Railroad freight train, backing into the yards here, wrecked a crowded street car crossing the tracks. Most of the victims were neighbors returning from a Halloween party and many wore masquerade costumes.

Mrs. Garrity and her daughter were suffocated and trampled in the panic which ensued when the street car was shunted across the street and crashed into a watchman's tower, coroner's physician said.

Police squads and firemen who rushed to the scene found the passengers screaming and fighting in the darkness for the exits. Rescuers used saws, axes and crow bars to break away the wreckage and extricate the victims.

Joseph Brahe, 59 years old, crossing watchman, was ordered held for the coroner's inquest after policemen found the gates which protect the crossing, intact after the accident, indicating, they said, that they had not been lowered to warn the car crew. Two physicians who examined him shortly after the wreck said he had been drinking and detectives said an empty bottle, smelling of whiskey, had been found in the tower.

The crews of the street car and the freight train, also questioned, were released after railroad and city company officials promised Coroner Oscar Wolff they would have them present at the inquest. Carl Olson, conductor, and Robert Glenn, motorman, of the car, said the crossing gates were up as the car started across the railroad right of way.

Physicians expressed doubt of the recovery of six of the injured, among them two small children and several women. The unidentified woman was clad in a masquerade costume.

Coroner Wolff and Morgan A. Collins, chief of police, took personal charge of the investigation. John Gaskett, a railroad switchman, told questioners the crossing gates had been raised when the freight train was about fifteen feet from the crossing.

He said he shouted to the towerman to lower the gates and signaled to the engineer of the freight train to stop, but the collision occurred before he made himself heard.

Olson, the conductor, said he saw the towerman raise the gate. He ran to the crossing, looked in both directions, he stated, saw no freight train approaching and signaled the motorman to proceed. The first two cars of the train were gondolas and bore no lights, investigation found.

## MILITARY INQUIRY INTO NILES RIOTS

Infantry Withdraws Gradually as  
Klan Trouble Subsides in Ohio

Niles, Ohio.—An investigation into Saturday's rioting between the Ku Klux Klan and Knights of the Flaming circle, an anti-klan organization, in which thirteen persons were wounded, two probably fatally, has been started by the military intelligence corps.

No disturbances having been recorded since late Saturday night, the gradual withdrawal of the 145th Infantry, Ohio National Guard, under command of Maj. Gen. Benson W. Hough, ordered out by Gov. Donahay when trouble started, began Sunday.

The list of wounded was increased to thirteen when sentinels found the body of Owen Skully, 63 years old, of Niles, early Sunday. On being revived, Skully said he had been assaulted by three men. He was taken to a Warren hospital suffering from lacerations and a fractured hip.

About twenty men have been rounded up by the militia, most of them on charges of intoxication. Several were charged with carrying concealed weapons. Persons arrested, Gen. Hough said, will be tried in civil courts. Although the military authorities are in command, he said, Niles is under qualified military law, which means that the civil authorities are still functioning. The streets are nearly deserted.

CARD OF THANKS

We wish to thank all of our friends and neighbors for their assistance, kindness and sympathy in the illness and death of our beloved daughter and sister, Leah. We especially thank the Drill Team of the Rebekah Lodge.

We sincerely appreciate every kindness shown us and we are deeply grateful for the many beautiful floral offerings.

Sincerely,

Mr. and Mrs. G. L. Albin, Hilda Albin, Grady Albin and other Members of the Family.

FUNERAL OF MISS LEAH ALBIN

The funeral of Miss Leah Francis Albin, who died last Friday morning at 10 o'clock, following an illness of two weeks with typhoid fever, was held at the Presbyterian Church Saturday afternoon at 2:30 o'clock, services being conducted by Rev. P. B. Henderlit, pastor of the church. Interment was made in Ross Cemetery.

Miss Leah Albin was the youngest daughter of Mr. and Mrs. G. L. Albin. She was born at Fleming, Comanche county, Texas, December 30, 1904, died in Baird, Texas, October 31, 1924, age 19 years, 10 months, 1 day. She is survived by her father, mother, two sister, Miss Hilda Albin, of Baird, and Mrs. R. H. Lewis, of Comanche; three brothers, Grady Albin, of Baird, J. D. Albin, of Fort Worth, and Sergeant L. B. Albin of the Air Service of the United States Army, stationed at Marfa, all whom were here to attend the funeral. Sargeant Albin made the trip from Marfa to Baird in an army airplane. Other relatives and friends who were here to attend the funeral were: Mrs. Henry Little, sister of Mr. Albin, Mr. and Mrs. Clarence Albin, Mrs. Zeke Lewis, all of Comanche; Miss Jessie Hayworth, of Eastland, and Miss Eva Reed, of Putnam.

Many friends attended the funeral and the grave was covered with many beautiful flowers. Miss Leah was a young lady with a lovable disposition, and loved by all who knew her. She was never strong physically and the fond parents, sisters and brothers were ever mindful of her comforts and pleasures. Everything possible was done for her in her last illness, but nothing could stay the ruthless hand of death, and she closed her beautiful eyes and quietly sank into a sweet sleep to awake in the beautiful beyond, where she will await the coming of her loved ones, who are made so sad at her going.

We tender sincere sympathy to the bereaved family.

BIRTHDAY PARTY

Mrs. Ford Driskill entertained Tuesday afternoon, Nov. 4, 1924 from 3 to 5 o'clock, honoring her son, Sam Driskill's fifth birthday. Games were enjoyed for a time then all-day suckers were passed around to the delight of the children. All were asked to be still for a few minutes while a snap shot was taken.

The birthday cake was brought out decorated with five candles. The candles were lighted and Master Sam blew them out. In cutting the cake Ellen Louise Nunnally got the dime; Robert Hayes the ring and D. D. West the button. Master Sam received many nice gifts from his little friends, who wished him many happy returns of the day. Ice cream and cake was served to the following guests:

Lois Bell, D. D. West, Ellen Louise Nunnally, Helen Fulton, Carlisle Hensley, Carline Hearn, Jess Newton, Atrell Estes, Robert Estes, R. L. Griggs, C. G. Bloom, Jack Hays, Robert Hays, Maxine Williams, Genevive Hancock, Ruth Ray, Randall Jackson, Beryl Owens Tom Stanley, Willie Verma Dallas, Kathryn James, Clifton Hill.

Rev. W. J. Mayhew comes back another year as pastor of The Methodist Church. The Star, and we feel sure all the members of the Methodist Church and other churches as well as the public, is pleased that Brother Mayhew will be with us another year, because he has made a faithful and efficient pastor and for the first time in many years our pastor could say at the annual conference all assessments were paid in full. Easy to say but not so easy to be able to say truthfully as the total sum amounts to one thousand dollars more this past year than ever before.

A REAL GOOD SHOW

COMING TO BAIRD

Cole Bros' will visit Baird Saturday November 15, for two performances. With each successive season one looks forward to the visits of the various tented aggregations that travel the country for the amusement of the people and no show is ever more heartily welcome than Cole Bros.

They have made a reputation for themselves by giving the people a good high class entertainment which appeals to all as interesting, amusing and instructive.

Everybody loves horses and ponies. More especially does this apply to the ladies who, with the little ones, are the most loyal patrons. They are assured of the highest form of entertainment, free from everything at all calculated to offend the most sensitive.

In addition to the trained animal features, Cole Bros. have the very best of lady and gentlemen performers. The performing elephants and rare wild beasts, Banty Bunty, the cute little baby elephant, the good night pony, together with the many prancing ponies in military drills and marches are especially pleasing to the little ones.

The funny clowns, the many beautiful lady artists, the feature acts by the world's greatest gymnast, Mile. Roberts, in her death defying act in mid-air, the like of which has never been witnessed, will live long in memory, when many other shows have faded away into forgetfulness.

Don't fail to see the grand free street review. Two complete performances daily.

CHEVROLET MOTOR COMPANY  
CELEBRATES 13th ANNIVERSARY

The Chevrolet Motor Company, of Detroit, Michigan, celebrated its 13th anniversary this week. The company was founded on November 3, 1911.

From that date down to last Monday, the company has produced nearly a million and three quarters vehicles, with one exception, the greatest production record in the motor car industry in this period. To be exact, there have been produced 1,744,870 Chevrolet motor cars and light delivery trucks.

It is in the last three year, however, that Chevrolet has had such phenomenal growth. More than 1,000,000 Chevrolets have been produced since January 1, 1922 to November 3, 1924—a 34 month's period.

It was on November 3, 1911, that the Chevrolet Motor Company of Michigan was organized, with Louis Chevrolet, William H. Little and Edwin R. Campbell as incorporators. The plant at that time was located in Detroit but was moved to Flint in August 1913.

In 1914, Chevrolet plants at Flint and New York City were in production on the "Baby Grand" touring car and the "Royal Mail" roadster, both of which enjoyed a large sale for these days. In 1915, volume production of the "490" car, so called because of the price of \$490 was begun.

On May 2, 1918, General Motors Corporation purchased all assets and assumed all liabilities of the Chevrolet Motor Company (Delaware).

The production in 1912 was 2,999 vehicles. The tremendous expansion of facilities for manufacturing the enormous output of the Chevrolet Motor Company today from a few pertinent statistics.

Chevrolet today occupies 167 buildings, with a total floor space of 6,555,227 square feet and 345 acres are covered by the Chevrolet plants. The dollar and cents volume of this company's business in 1923 was \$229,319,867. There are 12 Chevrolet plants located in the following cities: Detroit, Mich., Flint, Mich., Toledo, O., Bay City, Mich., Buffalo, N. Y., Tarrytown, N. Y., Cincinnati, O., St. Louis, Mo., Janesville, Wis. and Oakland,

## RED CROSS YEAR'S COST \$21,366,255

Nearly \$12,000,000 Devoted to Helping Victims of Great Japanese Earthquake.

OVER 3,000 BUSY CHAPTERS

Aid to Disabled War Veterans Paramount and Reaches Nearly \$4,000,000.

Washington.—More than \$21,000,000 was the total of funds expended in all activities of the American Red Cross during the last fiscal year, ended June 30, says a statement issued by the National organization. This expenditure was almost one-sixth of the amount of money disbursed by the Red Cross in the war year, July, 1917, to June, 1918. Of this extraordinary sum \$11,631,303 was America's contribution to the Red Cross for relief of the Japanese earthquake victims. This was increased to \$11,768,803 by appropriations from general funds of the Red Cross, and it represented probably the largest spontaneous outpouring of beneficence of a single nation in the history of the world.

Over 3,000 active Chapters expended during the year \$4,869,000, the National organization disbursed \$16,497,255.35, making the total \$21,366,255.35—all for humanitarian work which reached practically around the world. In announcing the year's record of American Red Cross industry the executive officials at Washington emphasize the fact that the extensive and never-halting work of the Red Cross depends almost wholly upon the nation-wide support of the organization from the memberships enrolled during the annual roll call which this year will be in progress from Nov. 11 to 27, when everyone is asked to join or renew their membership in the American Red Cross.

**Soldier Service Paramount**  
Service in behalf of the disabled veterans of the World War and their families is a paramount obligation of the Red Cross. The organization, through its Chapters, is constantly in touch with this duty in 2,609 communities throughout the United States—the Chapters alone during the year expending in service for veterans about \$2,000,000. The National organization expended \$1,735,825—a total of \$3,735,825 applied to assisting war sufferers toward recovery from disability and distress.

This work is constant in hospitals, sanitariums, camps, soldiers' homes, in the community. For example, in helping disabled men and women in places where they were transient residents \$173,076 from national funds alone was required to help solve their problems. Every Red Cross service is ever at hand ready to meet the individual need of these men and women.

The enlisted men in the Regular

Army, the Navy, and the marine Corps, with their home ties, mean a never-ending Red Cross service which figures cannot fully interpret. In this work a total of \$635,285 was applied in meeting an obligation under the Red Cross charter which has been fulfilled for over 20 years.

**Domestic Operations Extensive**  
In the past year Red Cross operations were almost wholly confined to continental United States and the insular possessions. Relief work following disasters called for immediate activities in 192 places and a total of \$737,603.87 was spent in this service alone. In 33 major disasters trained workers were kept at the work of rehabilitation for many months.

In carrying on the health activities a total of \$444,886.66 from Red Cross national funds, and \$808,000 from Chapter treasuries—approximately \$1,252,886 in all—was applied, giving some idea of the extent of Red Cross service in the fields of public health nursing, nutrition instruction, and spreading knowledge of personal hygiene and care of the sick in the home.

For advancing the cause of human safety, the First Aid instruction, locally by Chapters and over extensive national territory by the Red Cross instruction car covering trunk line railroads, and in teaching water-safety and increasing the membership of the Red Cross Life-Saving Corps, the total cost was \$288,234.71, of which \$216,234.71 came out of national funds.

**Army of Over 5,500,000**  
The Junior Red Cross in the schools—with over 5,500,000 in its "I Serve" ranks—was aided with \$233,510.78 to which it is estimated the Chapters added some \$277,000—a total of \$510,510.78. In various other domestic activities the Red Cross spent \$283,473.19, and the Chapters in their numerous voluntary services expended an additional \$1,048,000 during the year.

Foreign obligations, aside from Japan, were met with national funds as follows: Relief of refugees in Greece, \$200,887.18; Junior Red Cross projects, \$99,579.75; League of Red Cross Societies, \$165,000; other insular and foreign work, \$221,855.31. The American Red Cross budget for 1924-25 is \$4,647,790.85, or \$868,286.96 less than the budget for the year ended last June 30.

In good deeds for all peoples in time of distress the American Red Cross never rests. Help this work with your membership dollar—join on Armistice Day.

## BURN CATTLE IN INFECTED DISTRICT

Hundreds of Cars of the Birds Tied Up in Texas by Quarantine.

Houston, Texas.—Smoke of a giant barbecue arose recently near Alvin, where Government officials burned the bodies of 242 head of cattle and twenty-seven sheep which had been shot in an effort to stamp out the new outbreak of the foot and mouth disease in this district.

Quarantine enforcement officers were unable to secure a ditch digger immediately with which to prepare a trench to bury the cattle, as the 7,000 head killed the first of the month had been buried. It was imperative that the infected herds be disposed of at once. A natural ditch was found near the dairy farm where the infected cows were discovered. A corral was built around this ditch and ties from a railroad were borrowed. Piles of dry cordwood were laid in the ditch and saturated with oil, which was procured from the railroad. The ties were then laid across the ditch. Then the cattle were driven into the corral and the firing squad shot them down. The bodies were then piled on the ties, three deep, and saturated with oil. The funeral pyre was lighted and the dead cattle were entirely consumed by the fire in a few hours.

The herds destroyed included 239 dairy cows and twenty-seven sheep belonging to J. M. Tacquard, and three cows belonging to Will Booth, both of whom live three miles north of Alvin. Dr. Marion Imes, J. E. Boog-Scott and other officials of the Federal forces and the State Live Stock Sanitary Commission went to Alvin to watch the burning of the cattle.

Definite determination to kill the "contact" cattle near the Tacquard dairy farm has not been reached. For the next few days these contact cattle will be closely watched to see whether they will develop any symptoms, such as lameness or sore mouths. Should such symptoms develop it is likely that another 1,500 head will go in the trenches.

The turkey men are in a bad fix, they told Dr. Imes. It is fast approaching the season when turkeys are most in demand and they can not move any of the birds from their ranches. One man told Dr. Imes that he has sold 142 cars of turkeys to a Northern produce firm and the birds

can not leave Texas. Last fall approximately 1,700 carloads of Texas-grown turkeys were shipped out of the State to Northern markets, the quarantine officials were told.

Nothing can be done by the Texas quarantine officials, Dr. Imes said. The bans were laid by other states, and they will have to be lifted by these States. It was suggested that the men who want to use such Texas products be asked to use such pressure as they can to get the ban lifted.

## JUDGE JOHN L. TERRELL CLAIMED BY DEATH

Former Grand Master of Masonic Grand Lodge Dies at Brownsville.

Brownsville, Texas.—Judge John L. Terrell, past grand master of the Masonic Grand Lodge of Texas, and one of the outstanding leaders of Masonry in this State, died Wednesday morning at 8 o'clock at the home of his daughter, Mrs. R. B. Creager, with whom he had made his home for the last two years. Judge Terrell had been in failing health for some years and the end was not unexpected.

The body has been forwarded to Terrell, his former home, where funeral services were held under auspices of the Masonic Grand Lodge of Texas.

Judge Terrell is survived by his daughter, Mrs. Creager, who accompanied the body to Terrell, and two brothers.

New York.—Lew Dockstader, famous minstrel and black face comedian, died here at the home of his daughter, Mrs. Warren Palmer. Death resulted from a bone tumor in the left leg, suffered in a fall two years ago. He was 68 years old.

**Application Refused.**  
Austin, Texas.—Application for writ of error has been refused by the Supreme Court in the case of Henry Thompson vs. Houston Chronicle Publishing Company from Galveston County, which sustaining the Court of Civil Appeals in reversing and rendering judgment in favor of the publishing company. Thomas sued for \$10,000 damages for alleged libel and was given judgment in the trial court.

## TEXAS PUPILS COME CLOSE TO STANDARD

Students Older Than Their Grade, But Enter School Later.

Austin, Texas.—The volume of the Texas Educational Survey Report treating of the achievement of the pupils in certain school subjects has been completed and is in the hands of the State Printer. The survey Staff has made the following summary of the results of the tests that were given in reading and arithmetic:

The results obtained in the fifth grade of five-or-more-teacher rural schools show achievement in reading equivalent to about two-thirds of a year's progress beyond that of the corresponding grade of the one-to-four-teacher school. For the same groups of schools the corresponding superiority in the seventh grade is the equivalent of about one year's progress. In interpreting these statements it should be borne in mind that the pupils of the one-to-four-teacher schools are about two-thirds of a year older than those of the five-or-more-teacher schools outside of cities. The pupils of the former group of schools are in reading achievement then, when consideration is taken of ages, from a year to a year and a half behind the pupils in five-or-more-teacher schools outside of cities.

**Give Speeders Thirty Days in Jail**  
Atlanta, Ga.—To rid Atlanta of reckless automobile drivers, Judge Murphy Holloway announces that all persons convicted of speeding will be given thirty days in jail. The only alternative is to stop driving an automobile for six months and pay a fine of \$50. "I am determined to stop this speeding and recklessness," Judge Holloway said. "I believe my latest plan will put an absolute end to speeding and reckless driving in Atlanta."

Provisional Cabinet for China.

Pekin.—A provisional Cabinet under General Huang Fu as acting Premier has been mandated here. It was said in official circles that General Feng Yu-Siang, whose coup d'etat recently placed him in control in Peking, wanted Dr. W. W. Yen, former Premier, to head the provisional Cabinet. Dr. Yen, however, was said to have pledged that his association with the old Cabinet would militate against his success with the new Government.

Lion, the highest decoration within  
the bestowal of Queen Wilhelmina  
of the Netherlands.

In Pennsylvania the child labor  
laws include child actors or those  
in any way employed for pay on the  
stage and a vigorous effort is being  
made to keep the children of 14  
years old and under off the stage  
and away from the theater.

There is no clause in any of the  
Louisville or Kentucky codes pro-  
hibiting a blind man from driving  
an auto. But the police traffic head,  
who brought up this point, has de-  
cided to arrest such drivers on the  
charge of "breach of the peace."

Plans to construct a Zeppelin of  
5,000,000 cubic feet, twice as large as  
the ZR-3, the largest yet designed,  
have been announced by Paul W.  
Litchfield, vice president and Gen-  
eral manager of the Goodyear-Zep-  
pelin Corporation. The ship will be  
designed especially for trans-Atlantic  
service.

Farm property in this country,  
within the last five years has gone  
down from nearly \$80,000,000,000 to  
less than \$60,000,000,000, according  
to official government estimate. The  
farmer's own capital investment has  
gone down during the same time  
from 61 per cent to 56 per cent of  
the total property value.

Wool growers have so far received  
\$44,574 returned to them from the  
excess profits collected by the U. S.  
Department of Agriculture from deal-

Department.

With the Muscle Shoals power  
plants due for completion next July,  
Secretary Weeks indicated, in answer  
to inquiries, that he would take steps  
to make temporary use of the power  
to be produced if Congress had not  
by that time acted on the various of-  
fers now before it.

Withdrawal by Henry Ford of his  
offer for Muscle Shoals clears the  
way, Representative Kearns (Rep.)  
of Ohio declared after a visit at the  
White House, for disposition of the  
plant through a commission as sug-  
gested by President Coolidge in his  
message to Congress last December.

Representative Box of Texas ad-  
dressed a rally at Lynchburg, Va.,  
in support of the Davis-Bryan ticket.  
He was introduced by Senator Glass,  
Secretary of the Treasury under  
President Wilson. Next week Con-  
gressman Box will make an extended  
tour through the "McKinley district"  
of Ohio.

President Coolidge will call a con-  
ference on agriculture as soon as pos-  
sible, it was said at the White  
House recently. He has not yet been  
able to see one of the leaders with  
whom he wants to discuss the pro-  
posed conference, it was said, but  
hopes to have all arrangements com-  
pleted soon.

Acknowledging the formal with-  
drawal by Henry Ford of his offer  
for the Government properties at  
Muscle Shoals, Ala., President Cool-  
idge wrote Mr. Ford that he "trusted"  
the latter would renew his interest  
in the property should Congress de-  
cide to dispose of it to private in-  
terests.

President Coolidge is determined  
to cast his own vote in the national  
election on November 4 and hopes to  
be able to go to Massachusetts to  
do so. Mrs. Coolidge will accompany  
him to cast her own ballot. The  
President told friends that the pres-  
sure of Government-at business might  
force Mrs. Coolidge and him to vote  
by mail.

The Indian population of the  
United States numbers 346,962, a  
gain of 2,619 during the last fiscal  
year, as announced by the Bureau  
of Indian Affairs. Indians are found  
in every state in the Union, the  
greatest number being in Oklahoma,  
119,989. The Texas Indian popula-  
tion is 2,110. In arriving at the In-  
dian population account is taken of  
the deaths and births, but the depart-  
ment says it is probable that the  
number of reported births is far be-  
low the actual number.

Mexican Foreign Office seeking an-  
nullment of President Obregon's or-  
der of expulsion, issued recently  
against eight of the most prominent  
foreign merchants of Puebla City be-  
cause of their refusal to comply with  
the new income tax law.

Twelve-year old flappers are to be  
treated as "ladies" according to reg-  
ulations issued by the Berlin Street  
Car Company to its employees. Gen-  
erally, children are to give up their  
seats in favor of persons of age,  
and are to be asked to do so by the  
conductors if their parents do  
not. "Girls of more than 12 years of  
age, however, are ladies, and need  
not give up their seats," say the  
regulations.

## GOING OUT OF BUSINESS

### THE BARGAIN CLIMAX

Taking into consideration the magnitude of the stock of merchandise involved in this sale, the tremendous mark down in all prices, together with the timeliness of the event, and you will realize that this is, beyond doubt, our greatest achievement in value giving.

This is no ordinary sale for the purpose of ridding the store of a quantity of hard stock, but on the contrary, it is a well intentioned effort to close out an entire stock—one of the largest and finest in West Texas today. In other words, it is the culmination of plans that have been under way for months—the closing out of our stock and the discontinuance of business.

We fully realized from the start that to convert this large

### TERRIFIC UNDERSELLING

stock into cash, in a limited time, was a stupendous undertaking. And that its accomplishment would be possible only by offering overwhelming values throughout the store. The results of the first three weeks selling have fully demonstrated the power of low prices to move merchandise in a large way and to move it quickly.

Drastic and sweeping price concessions on Women's Apparel, Men's Clothing and Furnishings, Boys' and Girls' Apparel, Shoes for Men, for Women, for Children, Winter Bedding, Piece Goods, Notions, Millinery—Everything in the store must go. So with this information at hand, your self-interest will suggest to you to buy here and now, and buy liberally too, for once this stock is sold, it will be impossible to duplicate such savings under any circumstances.

So great is the glut of agricultural horses in County Clare that useful 6-year-olds worth \$100 some years ago have been sold for \$15 or \$20 and some fairly good animals have changed hands at \$2.50.

Rito Mogge, Francisco Ruiz and Alejo Garcia are formally held by Judge Gamboa on a charge of having participated in the assassination of Mrs. Rosalie Evans near her hacienda in the State of Puebla Aug. 2. Garcia and Trinidad Espinosa, who were under arrest in connection with the killing of Mrs. Evans, were set free.

President Cosgrave of the Irish Free State government is reported to have warned the English Government that the Irish Republicans may attempt to seize the Free State if there is further delay in adjusting the Ulster boundary dispute. President Cosgrave wants a boundary commission created at once in conformity with the terms of the Anglo-Irish Treaty.

#### ARMISTICE DAY WILL BE FITTINGLY OBSERVED

Armistice Day, next Tuesday, will be fittingly observed in Baird, by the American Legion Post and the citizenry generally. The members of the Post, headed by the Baird Municipal Band, will parade at 10 o'clock, and there will be public speaking.

There will be many free entertainments during the day and scientific boxing bouts and a band concert at night.

The Directors of the band request ex-members who have uniforms or uniform caps, either of blue serge or white duck to turn them in to John Hildreth at Roy Williams's.

For further particulars see the big descriptive handbill.

The Chicago, Rock Island & Pacific Railroad has asked permission of the Interstate Commerce Commission to construct an extension from Owens to Ponca City, Ok., twenty miles, for the development of the new agricultural and mineral resources of that region.

Your dollar now buys just 69c worth compared to what it bought before the war, the Department of Labor finds. The dollar reached its lowest value in May, 1920, when it dropped to 40c. Late in 1921 it rose to 70c and has remained around that level since.

A call has been issued for the fourth Pan-American Labor Congress to be held in Mexico City on Dec. 5 pursuant to an agreement between the executive committee of the Pan-American Federation of Labor and delegates representing the Confederacion Regional Obrera Mexicana.

The Panhandle and Santa Fe Railroad has applied to the Interstate Commerce Commission for authority to acquire control of the Pecos and Northern Texas Railroad by lease. At the same time, the Gulf, Colorado and Santa Fe sought authority to gain control by lease of that part of the Pecos and Northern Texas

running between Coleman and Sweetwater, Texas.

Earl J. Davis, of Detroit, former Assistant Attorney General, employed as special counsel by the Couzens Committee to aid in the investigation of the Internal Revenue Bureau, arrived in Washington recently and plunged into work. Davis refused to disclose any of his plans or procedure. He will make his headquarters at the offices of Senator James Couzens, chairman of the committee authorized to make the probe.

The pale blue racing colors of the late Richard Coker, Tammany chieftain, will again be seen next year, as it is the intention of his widow to reopen the training stables at Glencairn next year.

Unemployment in Great Britain has been steadily growing worse during the last few weeks and last week the total was estimated at 1,123,000, an increase of 30,000 over the previous week's total.

The Irish Free State, by virtue of its membership in the League of Nations, has become a member of the International Labor Office at Geneva. As documents are printed in the languages of all countries which are members, copies have been issued printed in the Irish language.

Germany has made her initial payment of 20,000,000 gold marks under the Dawes plan. The payment was received by Leon Frazier, assistant to Owen D. Young, agent general ad interim for reparations payments.
