Governor Establishes County Mobile Unit

Governor Dolph Briscoe announced Friday he will initiate a new Mobile Field Office as an extension of the Governor's Office sometime in July.

The Governor's Mobile Field Office will be located in every County seat in the State at least one day during the coming year and will be staffed on an alternating basis by the top members of the Governor's staff.

Governor Briscoe said whenever possible he himself will staff the Mobile Field Office.

Addressing the County and District Clerks Association in Corpus Christi, the Governor said, "We will be in the communities for many purposes. We will be there to listen to what the public has to say... to answer questions... and... to help inform the public on matters of special interest to their communities."

Governor Briscoe pointed out that "the doors to this office

will be open to everyone. The public will be encouraged to take advantage of this opportunity to communicate with their government."

Among other assignments, those staffing the office will help to inform the public of ways and means of conserving energy; will establish face to face communications with local governmental officials; and will search for ways of improving the overall delivery of government services to the communities, the Governor said.

"By establishing this close link to the people in the Governor's Office, it is my belief that the Governor's Office will be in better position to serve all the people. The Mobile Field Office will be an instrument which will make State Government more accessible and more responsive to the public we all serve," the Governor said.

TGSPB Election Set For September 15

Texas Grain Sorghum Producers Board will hold its second biennial election of directors on September 15, 1973. The terms of four present board members will expire at that time. Those directors are: E.C. Witten, Kress; John Gilbreath, Hart; Don Marble, South Plains; and A.W. Anthony, Jr., Friona. All four are eligible for reelection. The six year term is

non-salaried. Any person in the 29-county TGSPB assessment area who produces grain sorghum is eligible to vote, including owners of farms and their tenants and share croppers, if such person is required to pay the grain sorghum assessment. Any person who is eligible to vote in the election is also eligible for nomination as a director. The counties involved are: Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, O'Dham, Parmer, Potter, Randall, Sherman, Swisher, Terry, and Yoakum.

Any person wishing to have

Babe Ruth All-Stars Named

The Muleshoe Babe Ruth All Stars were named this week.

In the 14-15 year old division the All Stars are Terry Mick, Julian Dominguez, Robert Flores and Richard Eaves, PILOTS; Robert Shafer, and Ray Garcia, EAGLES; Ricky White, DUSTERS; Tony Vela and Steve Van zandt, COLTS; Larry Parker, Kyle Kimbrough, Cary Sudduth, Hector Posodas and Ricky King, CATS; Ricky Wall, LAZBUDDIE. Alternates are Gary Davis of the DUSTERS and Bobby Henry of the COLTS. The coach will be John Hays.

In the 13 year old division the All Stars are Terry Edwards, CATS; Rayburn Wenner, and Mark Foster, LAZBUDDIE; Dean Northeutt, Danny Wilson, Robert Toscano, and Martin Nowlin, PILOTS; Michael Griffin, Billy James and Mike Silquero, COLTS; Charles Briscoe and Johnny Estep, DUSTERS; Mark Phipps, Billy Vinson and Mark Washington, EAGLES. Alternate will be Mark Beaversdorf and the coach will be Weldon Stevenson.

The All Star Tournament will be held in Littlefield on July 10. The 13 year olds will play at 4 p.m. and the 14 and 15 year olds will play at 8:30 p.m.

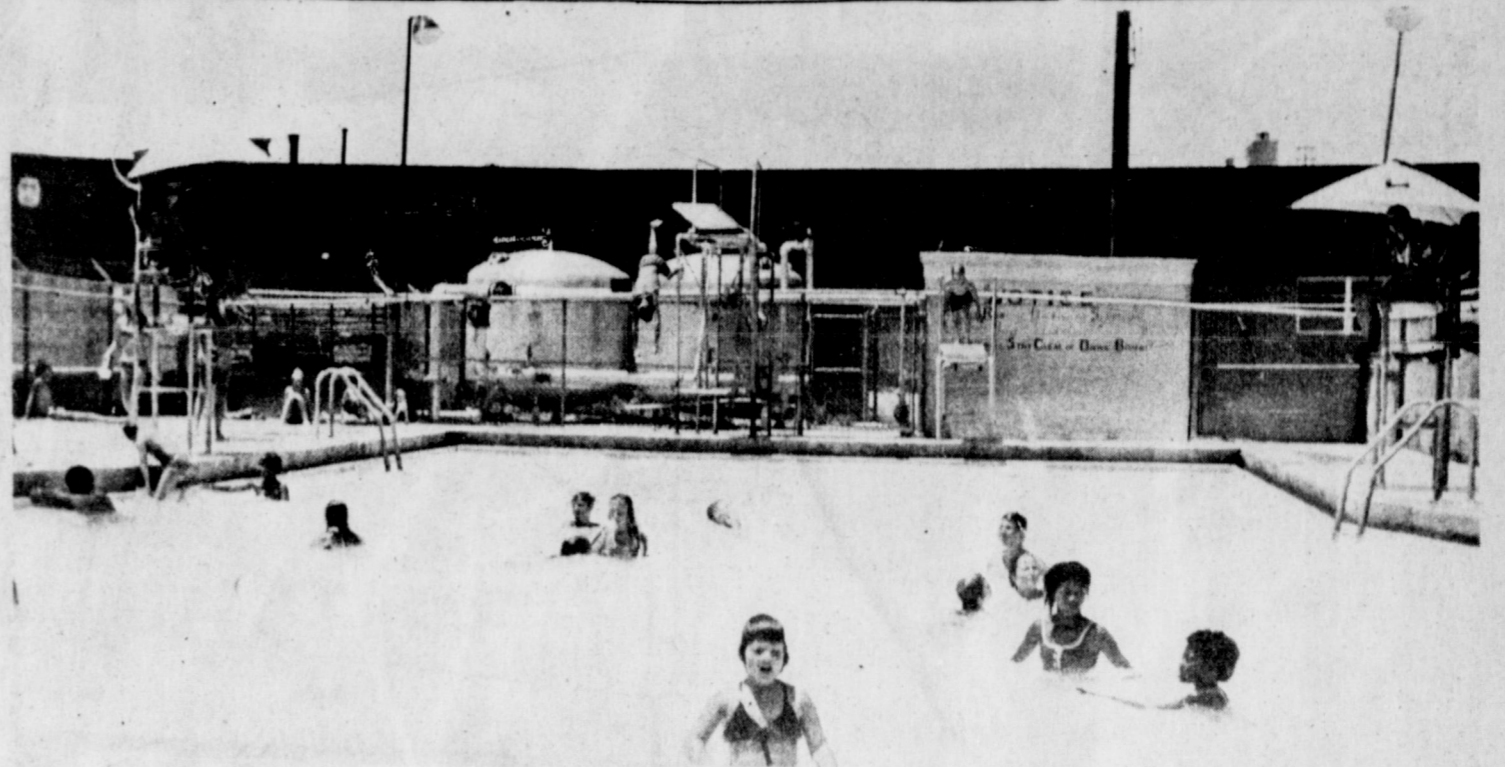

Purchase Of Muleshoe Elev. Announced

Texas Sesame Division of Paris Milling Company, through its Executive Vice President William F. Wimberly, today announced the purchase of the Muleshoe Elevator property owned by Kerns Grain and Seed Co. of Amarillo, Texas.

Wimberly says that this addition to its facilities which also includes cleaning, drying, and storage facilities at Muleshoe and Progress will be used at least for the present in handling and storing the huge corn crop that is presently being grown in the surrounding area.

It was further announced that Ben Yeager, who has managed the Muleshoe Elevator since 1963, has been employed as assistant manager of Texas Sesame Division of Paris Milling Co.

Cont. on Page 6, col. 5

COOLING OFF These children are shown taking advantage of the cool water in the City Swimming Pool. Hot weather has prevailed over the Muleshoe area for the past week with

temperatures soaring to the high 90's each day. July is starting out hot and dry this year and more hot temperatures are predicted for the remainder of the summer.

Pioneer To Start Construction Work

LUBBOCK, TEXAS June 27, 1973 Pioneer Natural Gas Company will start work immediately on a construction program designed to add approximately 100 miles of lines to increase the transmission capacity of Pioneer's present system, according to an announcement made here today by K. Bert (Tex) Watson, company president.

Speaking before a group of business and civic leaders from the Lubbock area, Watson said, "Upon completion, the total project will represent an additional investment of more than \$2 million company expenditure for gathering lines now under construction or planned for the near future in the Anadarko and Delaware bas-

ins." Watson pointed out that while, "Pioneer continues to enjoy a good position with reference to its gas reserves," the company must continue to seek aggressively new reserves and to improve its system to be able to serve adequately current customers as well as to be able to continue to offer service to new industrial customers as well as to be able to meet throughout its service area. He went on to say, "With the completion of this construction on our transmission system, we will be able to add about 100 million cubic feet of gas a day to our present deliveries."

"Work will start on the first phase of this system wide project as soon as the materials, which are on order, are delivered," Watson said. "The first portion of the project will be the paralleling of about 30 miles of 10-inch line with a like distance of 12-inch high pressure line from a point about 12 miles west of Pampa, Texas, to connect with Pioneer's 20 inch line just east of Amarillo. We will install about 2,100 horsepower of compressor capacity at this point, and the gas from this line will go south to our McSpadden Compressor Station just east

Mary Alaniz New Worker At Library

Mary Lou Alaniz is a part-time worker at the Muleshoe Area Public Library this summer. She is working through funds provided by The South Plains Association of Governments to aid young people to acquire jobs during the summer vacation. She is a student at West Texas State University majoring in Elementary Education and the money she earns this summer will

Mrs. Lee Embry Named Local CF Chairman

Mrs. Lee Embry has been named chairman of the Breath of Life Campaign to fight children's lung diseases, according to Frank Scott, president of the North Texas Chapter, National Cystic Fibrosis Research Foundation.

Mrs. Embry of Muleshoe, will lead Muleshoe volunteers in raising funds to support research and care programs for children affected by lung damaging diseases like cystic fibrosis, severe asthma, chronic bronchitis, bronchiectasis, and a condition called "childhood emphysema".

Cystic fibrosis, an incurable genetic disease, is inherited when both parents carry the recessive gene for C/F. It is believed that one in twenty persons or 10 million Americans may carry the C/F gene, usually without knowing it. Current research funded by the National Cystic Fibrosis Research Foundation is seeking a practical test to identify these carriers.

Because of improved therapy and constant research, many C/F patients are living beyond infancy to their teens and into young adulthood. That same kind of therapy is relieving and often curing children suffering from other respiratory afflictions whose symptoms resemble those of C/F.

"Most people don't realize that there are six million child-

Two Delegates Attend Heart Assembly

The American Heart Association, Texas Affiliate held its 38th Annual Assembly at the Marriott Hotel in Dallas, June 20-24. Representing the Bailey County Division as official Delegates to the Assembly were Dean Spraberry and Sandy Bass.

At the Annual Assembly, a full slate of officers were elected for the 1973-74 term which include John Read, M.D., President, from San Angelo; B.W. Jack Taylor, Chairman of the Board, from Dallas; Arvel Haley, M.D., President-Elect, from Dallas; and James Miles, Vice Chairman of the Board, from Taylor.

The business meeting followed the Annual Nurses Institute and Scientific Sessions which were conducted by the American Heart Association in cooperation with the University of Texas Southwestern Medical School and the Texas Nurses Association.

On Friday evening, at the Assembly Dinner, delegates heard Mrs. Luci Johnson Nugent, Campaign Chairman for Texas, report on the most successful Campaign in the history of the Texas Affiliate. Mrs. Nugent also accepted another term as the State Campaigner.

Cont. on Page 6, col. 5

around muleshoe with the journal staff

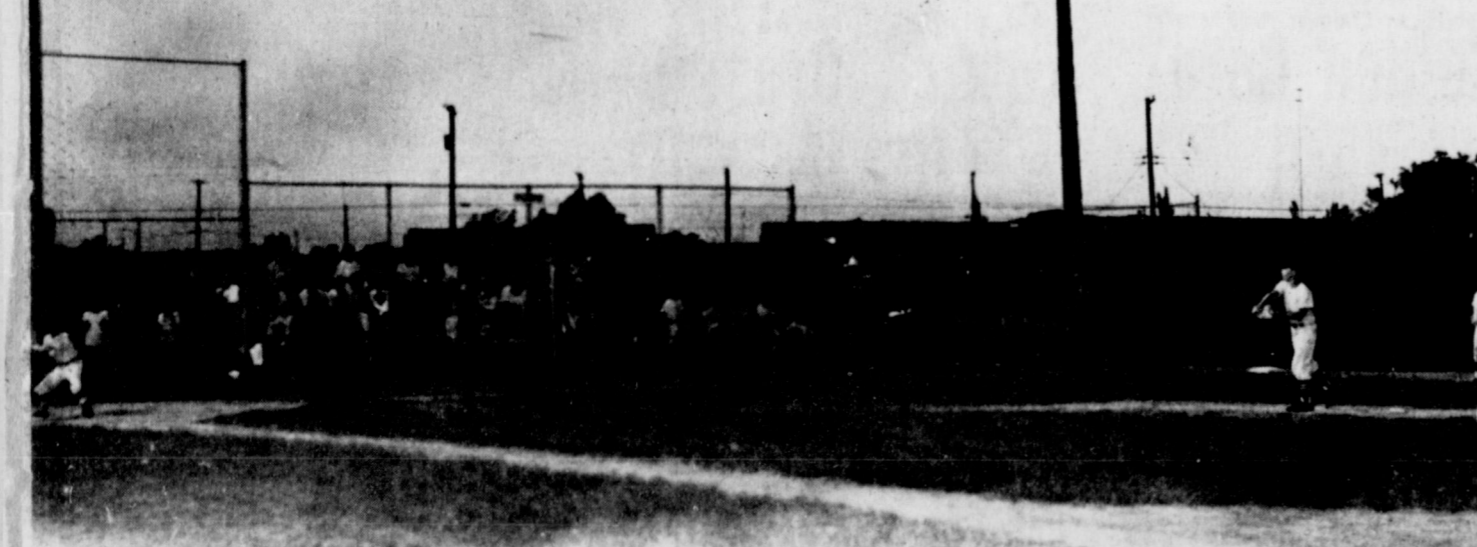

Miss Sue Pylant, daughter of Mr. and Mrs. Gordan Pylant of Muleshoe, was named to the Dean's Honor List for the spring semester at Texas Tech University.

She is a senior student majoring in Home Economics and attained a 3.80 grade point average to receive the honor.

Miss Susan Hensley of Carlsbad, the 17 year old granddaughter of Mrs. John Bensen of Muleshoe, is a member of Carlsbad's Troubadours who are on a two week Festival of Three Cities Tour in Europe. The Troubadours spent eight months raising funds to make the trip which costs approximately \$40,000.

They are one of 10 United States choral groups chosen to perform in the tour which will take them to Budapest, Hungary; Prague, Czechoslovakia; and Vienna, Austria.

Miss Hensley will sing a solo in Vienna.

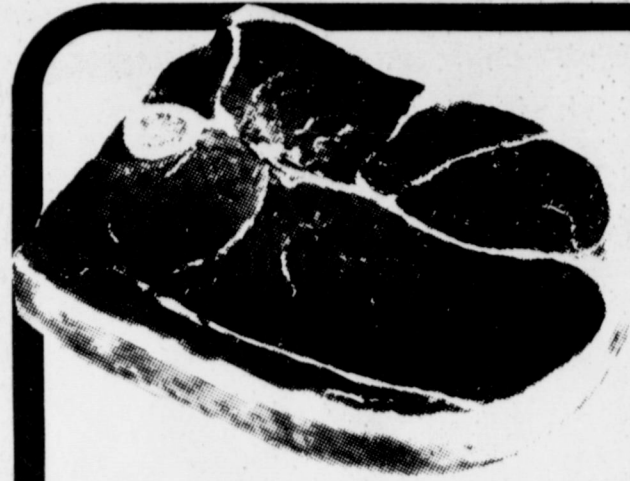

LITTLE LEAGUE ACTION With the Muleshoe Little League Season just about over for another year, most teams are now playing their play-off games. The All-Star teams for the 13 year olds and the 14 and 15 year olds have already been selected and they will play in the All-Star Tournament on July 10, 1973 in Littlefield. Pictured in action here are the Savers and the Soxs. The Soxs won by a score of 8-10.

WINS SADDLE Terry Boran, the 12 year old son of Mr. and Mrs. Wilford Boren of Muleshoe, won the saddle given away by the Muleshoe Roping Club. The drawing was held at the Sunday afternoon performance of the Muleshoe Junior Rodeo. The saddle is a \$400 roping saddle.

MISS SHARON HARRIS

Miss Harris Feted With Bridal Shower

Miss Sharon Harris, bride-elect of Billy Don Williams, was feted with a come and go bridal shower Monday evening, June 25, from 6:30 to 8:30 p.m. in the home of Mrs. Jay Harbin.

The serving table was laid with a white cloth edged in wide lace featuring a yellow bow at the center front. Centering the table was an arrangement

of daisies, yellow mums and white mums surrounding two candles. Pineapple punch and white cake decorated with yellow bells were served from crystal appointments by Mrs. Ivan Woodard of Muleshoe. Miss Vicky Redwine of Muleshoe presided at the guest register.

Special guests for the oc-

casions were Mrs. Wayland Harris, mother of the honoree; Mrs. Billy Williams, mother of the prospective groom; Mrs. Virgil Williams and Mrs. G.R. Scarborough, grandmothers of the prospective groom; all of Muleshoe.

The hostess gift was a teflon-coated electric skillet in avocado green.

Hostesses were Mrs. Homer Redwine, Mrs. Walter Sain, Mrs. Paul Poyner, Mrs. Haney Poyner, Mrs. Jay Harbin, Mrs. Joe Harbin, Mrs. Horace Hutson, Mrs. Shirley Platt, Mrs. Melvin Berry, Mrs. LaVerne Taylor, Mrs. Ivan Woodard and Mrs. Dan Throckmorton.

From the Journal

10 Years Ago 20 Years Ago

Anna Berta Elizarrarez was crowned queen of San Juan Fiesta in a ceremony held at the Immaculate Conception Catholic Church Monday evening. Coronation services were performed by Father Clifton Corcoran. Her escort was Joe Gonzales.

Herb Griffiths finished as runner-up in the fourth flight of the 34th annual Men's West Texas Golf Club tournament in Midland Sunday. He shot an 84 to win second in his flight.

Magann Lamb, daughter of Mr. and Mrs. Gilbert Lamb, left Tuesday morning from Clovis Santa Fe depot for Los Angeles where she will attend Los Angeles City College during the summer months.

Costume jewelry is quite popular this summer. Dead white beads and ear bobs are good with resort clothes. Wooden jewelry in large beads and designs are favored by many people.

The very short dresses are not as smart as those with skirts about knee length or longer.

Girls with fair skins have learned not to expose themselves to too much sun.

Wiley Baker received word from his brother, Jacque, last week that he had landed in Yokohama, Japan and was due to sail the 25th for South Korea.

Mr. and Mrs. C.W. Burford of Lawn visited their daughter and family last week. Mr. and Mrs. Joe Smallwood, and daughter, Shirley. Granddaughter Shirley returned home with them.

Mr. and Mrs. Julian Lenau and son and Mr. and Mrs. Rudolph Wiedebush and children spent some time last week in Cowles, N. M. at the Lenau cabin.

35 Years Ago

Mr. and Mrs. Rufus Gllbreath and son were Sudan visitors last Monday afternoon.

Mr. and Mrs. Irvin St. Clair and two sons returned home to Muleshoe the latter part of last week from a vacation trip of several days to various points in California, Arizona, Colorado and other states.

He that bestows his goods upon the poor shall have as much again, and ten times more.

-John Bunyan.

If children could name themselves, there would be some changes made.

Love Is Essence of Family

COLLEGE STATION --- A family is love, laughter, liberty, loyalty and learning together.

Using five "L's" to describe today's family unit, Jane Fleischer, family life education specialist, Texas Agricultural Extension Service, Texas A&M University System, said "love is the essence of family."

"It's the close personal blending of physical and mental togetherness--in privacy, intimacy, sharing, belonging, caring--with honesty and understanding, patience and forgiveness.

"People who show love for each other create security and happiness for themselves and for their children.

"Such love doesn't come automatically--it must be nurtured from day to day," she noted.

"Of laughter, the specialist explained that humor "is the escape valve for family tensions--seeing each other honestly and objectively as we grow and learn. Laughter and a positive attitude can be cultivated."

Miss Fleischer described li-

berty as freedom to grow "which means responsibility to others--and this responsibility increases as we seek our places in a complex world.

"Each family uses its own set of rules, based on the greatest understanding of one another--not on force. These are passed along firmly, but fairly, by example to its children.

Of loyalty, she said, "Although each individual is unique, the family sticks together--in sickness and health, in poverty and affluence, in failure and success.

"For every human being the family is a place of refuge against defeat, disease or death--a cheering section or a mourning bench when needed and insurance against loneliness.

"Learning together is the greatest fun of all," the specialist asserted. "The family is a continuing course in better living--everybody teaches and shares values, facts, ideas and experiences. Each family is a key 'institution of learning.'"

Play It Safe Indoors, Outdoors, Say 4-H'ers

These cartoons on water safety and safety in outdoor activities were created by a Minnesota 4-H'er. As part of new series of 4-H lessons on safety, produced through a grant from General Motors, 4-H safety program donor.

SPECIAL - With the advent of warmer weather Americans are moving out-of-doors to participate in all forms of recreational activities. Boating, camping, hiking, cycling, sports and other outdoor activities and just plain driving for enjoyment bring families into the recreation mainstream.

But with the fun comes the added danger of accidents and increased need for safety precautions, warns some 360,000 safety minded 4-H'ers.

Participating in the 4-H safety program, sponsored nationally by General Motors, these young people are learning and practicing safety habits wherever they are. They also are taking what they've learned and are sharing it with their families and other youth and adults in their communities.

Working individually and through their clubs, 4-H'ers use all kinds of activities and methods to spread their safety messages. And they enlist the help of community leaders, businessmen, law enforcement personnel and others to make their communities a safer place to enjoy.

Over 8,700 young people participated in a 4-H fire safety program in Oswego County, NY, which emphasized how to prevent home fires, and what to do in the event of a fire in the home. One 4-H'er who participated in the course was able to save his brothers and sisters from his burning home, because of the techniques he learned through the program.

Some 4-H groups have emphasized safety in water

sports. Others have stressed bicycle and motorcycle safety, proper use of chemicals at home and on the farm, and proper use of equipment such as power lawn mowers.

One group of 4-H'ers in Anne Arundel County, Md., participated in a program of roller skating safety. Safety practices, sportsmanship, skate maintenance and first aid were stressed.

Safety education is for all seasons, the 4-H'ers claim. A Payne County, Okla., 4-H group conducted a Community Halloween Safety Program, where reflective triangles were distributed to young "Trick or Treaters" to wear on their after dark rounds.

These and other efforts by safety minded 4-H'ers and 4-H groups are eligible for recognition provided by General Motors. Outstanding youths in the program, in each county, receive medals of honor, while state winners receive an expense-paid trip to the National 4-H Congress

in Chicago, Nov. 25-29.

At the annual 4-H event, General Motors awards \$1,000 scholarships to eight national winners.

In addition, GM awards certificates of merit to clubs with the most outstanding safety programs in each county and state. And for the county reporting the most outstanding 4-H safety program in each state the company offers a \$25 cash award.

For more information on the group and individual activities in the 4-H safety program, contact the county extension office.

New labels on frankfurters, bologna and knockwurst tell customers at a glance exactly what they're paying for, says Frances Reasonover, foods and nutrition specialist, Texas Agricultural Extension Service, Texas A&M University System.

For rich brown gravy, add up to a tablespoon of instant coffee. It will not leave any taste of coffee.

Collegians Eligible For \$11,500 In 4-H Agriculture Related Scholarships

SPECIAL - With demands for increased agricultural commodities at home and abroad, more young men and women are looking at careers in agriculture and agribusiness. And adding to their interest are college scholarships in a variety of agricultural programs arranged by the National 4-H Service Committee.

This year, \$11,500 in scholarships are offered to present or former 4-H members interested in pursuing agriculture related careers. Applications are available from the respective state 4-H leaders.

The 12 winners, to be selected by the Cooperative Extension Service, will be announced during the 52nd National 4-H Congress, Nov. 25-29, in Chicago.

Funds for the scholarships are made available by Allied Mills Foundation; Chevron Chemical Company, Ortho Division; Homelite, A Division of Tectron, Inc.; DeKalb AgResearch, Inc.; and Alpha Gamma Rho Educational Foundation.

Two college juniors, majoring in animal science, are eligible for \$800 scholarships offered by Allied Mills Foundation.

Four \$1,600 scholarships are offered to college sophomores planning to major or minor in forestry. These are awarded by Homelite, A Division of Tectron, Inc.

Chevron Chemical Company, Ortho Division, offers

two \$800 scholarships to college freshmen or sophomores planning to major or minor in plant or biological sciences.

College juniors interested in agribusiness careers can apply for one of four scholarships offered by DeKalb AgResearch, Inc. These include one \$1,000 and three \$300 scholarships and consideration for participation in a summer internship program with the company.

Currently active 4-H members, whether in college or not have numerous opportunities for scholarships in ag-related programs.

Alpha Gamma Rho Educational Foundation offers one \$600 grant.

Additionally, International Harvester Company offers \$1,000 scholarships to six national winners in the 4-H agricultural program.

Young people with outstanding records in 4-H beef, swine, and sheep projects are eligible for consideration in the awarding of \$700 scholarships -- six in each program.

Educational grants to be awarded in 1973 in some 40 different 4-H programs now total 268. Total value of the scholarships is \$186,300.

A new mailable steel bed frame fits twin to queen-size beds, and comes unassembled--in a box small enough for a person to carry, notes Patricia Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, Texas A&M University System.

A report on two history-making grain movements

Two "Backbreakers" BACK-TO-BACK

1. The huge export grain movement

(Santa Fe can report "mission accomplished" for moving its share of grain to Russia -- just one phase of the big export job!)

2. The largest winter wheat harvest in history along the Santa Fe

(Now getting underway)

Moving millions of bushels of grain is a big job. To move it in a limited time period while the economy is booming and all shippers calling for more cars and service, makes these huge transportation projects "BACKBREAKERS."

Santa Fe is setting records meeting current demands for service, but no backs are being broken. For example, since last August Santa Fe has moved over 150,000 carloads of grain, a 50% increase in shipments. That's a staggering amount, but it's only part of the story.

With no prior notice to the rail industry to make special preparations, the Russian grain movement of 400-MILLION bushels was announced last year with a completion deadline of May 31, 1973. At the same time even many more millions of bushels were also being exported to other nations.

What Santa Fe did. Starting with a transportation system in excellent condition, Santa Fe people put their "know how" and all facilities in full throttle position.

2,000 new jumbo covered hopper cars were added to bring Santa Fe's fleet to 12,000, the largest in the rail industry.

4,100 smaller covered hopper cars were drafted for use, too, as well as regular box cars. Open-top hoppers not normally used for grain were also employed. In addition 64 new diesels are now hard at work moving the record traffic volume.

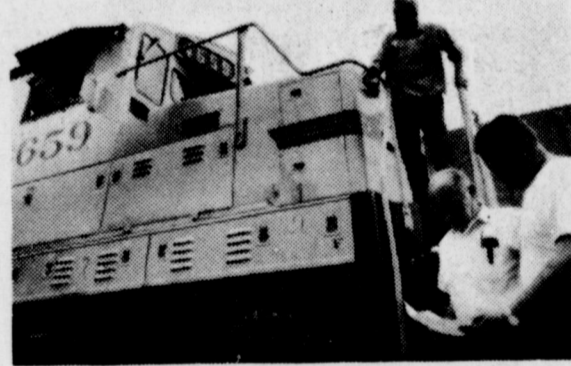

Even with all of this, special measures were worked out at considerable expense to the Santa Fe for handling cars to minimize port congestion and keep the railroad fluid.

Santa Fe can report "mission accomplished" for handling its share of the grain to Russia, and we still have other export grain to move, but the big job now ahead is moving this year's harvest.

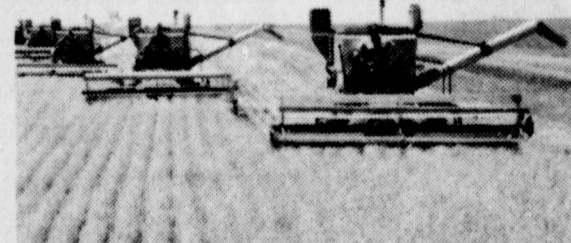

Largest wheat harvest along the Santa Fe, 687-MILLION bushels The harvest extends from Texas, across Oklahoma, Kansas, into Colorado and New Mexico. It is already started. It is a vast project and the Santa Fe job is to move the wheat to elevators during the brief period of harvest time.

What Santa Fe is striving for principally is more efficient car utilization, faster yard operations and the best possible use of locomotives to move the grain while keeping all freight rolling.

It's a job that can't be done without the help of everyone in the grain industry and cooperation of all shippers. With everyone working together, two of the greatest moves ever recorded in the history of rail transportation will be accomplished. . . the huge multi-million bushel export grain movement and the largest harvest in history along the Santa Fe. Two "BACKBREAKERS," back-to-back, with Santa Fe putting its best efforts into getting the job done.

Santa Fe employees who have worked long and hard on the export wheat project, are now focusing all efforts on the new harvest.

The harvest moves at a record pace with Santa Fe kept busy hauling the new grain to elevators and milling centers.

2,000 new jumbo covered hoppers bring Santa Fe's fleet to 12,000. These giant cars are ideal for moving grains, polish and other bulk commodities.

Miss America, 1972, Terry Anne Meeuwsen, knows the value of wearing both the lap and shoulder belts as she demonstrates an easy method for making sure the shoulder harness is properly adjusted. The American Safety Belt Council urges everyone to buckle up both lap and shoulder belts so that all traveling over the summer holidays will have a happy homecoming.

SAFETY TIPS FOR SAFER TRIPS

Whoever first said "safety begins at home" was probably not thinking about recreational vehicles. But he could have been! Because the first step toward safe traveling in or use of recreational vehicles begins before they ever leave your driveway.

The U.S. Department of the Interior reports that more than 40 million Americans—one out of every five—are expected to go camping this year. According to industry statistics, these modern-age frontiersmen will be equipped with a record number of recreational vehicles (RVs) including motorhomes and travel trailers, smaller campers, boats both sail and motor, and all terrain vehicles (ATVs).

To make certain your vacation is all the fun you're counting on, you should plan ahead on RV safety. According to Foremost Insurance Company, the nation's largest specialty insurer of recreational vehicles, there are three important steps to take before taking off.

Check the mechanical condition of your equipment. Make certain that everything about your RV works like it should. For motorhomes, make the same checks you'd make on your automobile: transmission in order, air in the tires, lights working, repair kit along. Since

you'll be living in it, too, check out the electrical, gas and plumbing systems, making especially sure that your water lines are clean and your supply is fresh.

For other RVs, mechanical checks are also required. Ignition and power systems, especially directional signals and lights, are important. And don't forget safety equipment. A small fire extinguisher, warning lights or flares for use if you stop for repairs near a traveled area, and specific equipment such as helmets or life preservers should be checked for condition and accessibly packed.

Know how to operate your RV. Make certain you've read the operating instructions for your equipment, that you understand them, and that you've taken a few "dry runs" to check them out in action. A motorhome is much larger than an automobile; do you know how much distance you'll need to pass another vehicle on the road safely? Can you successfully park your travel trailer

in the restricted space of a popular campground? Do you know how to switch gas tanks in your motorboat without spilling flammable fuel? Do you have a feel for the balance of your sailboat or the turning radius of your ATV? You'll need to know.

Have the right insurance. In spite of precautions, accidents can happen. So be prepared with the proper insurance for your particular type of RV.

In addition, it will make a difference whether you own your vehicle or whether you are borrowing or renting. If it's your own, make certain that you are covered by your own policies. If you are borrowing or renting an RV, check out the lender's or renter's insurance as well as your own. For example, not all of the owner's personal protection can be passed on to the borrower of the travel trailer, but a good portion of it may be able to be passed on. It must be remembered, however, that the owner's protection will be supplemental to the auto coverage retained by the borrower.

Safety doesn't end at home, of course. But that is where it should begin for a vacation that's all you want it to be: fun, refreshing and worry free.

Changes, Over-Expectations Accompany Child's Third Year

COLLEGE STATION --- A child's third year brings many new and exciting changes in his development -- often accompanied by over-expectations from parents.

"During this period, a child gains awareness of the world around him. At the same time, his personality expresses itself in several ways," says Jane Fleischer.

The family life education specialist, Texas Agricultural Extension Service, Texas A&M University System, pointed out that "the child's increasing ability to be sociable--plus his great pleasure in being with his parents--prompt them to love and enjoy him even more."

"However, parents and others must realize the child is still very young--so don't expect him to have good judgement yet."

"A two-year-old still needs guidance and protection to keep him happy, healthy and safe."

"Also, refrain from making comparisons between your child and others his age," the specialist added. "Of course he's different--every child is different from every other."

"More than anything else at this point, the child needs a chance to be himself, to gain in independence and feel secure."

Although understandably anxious for each new word and fresh evidence of his progress, keep in mind that he isn't entered in a race, Miss Fleischer emphasized. "He grows, develops, learns and achieves at his own pace."

Concerning manners, she pointed out that young children develop good manners from observing consideration from others being practiced within his own family.

"Although too young to be taught rules of etiquette, a two-year-old is old enough for learning to say 'thank you, hello and goodbye.'"

"Even so, don't force him. Instead, simply show pleasure when he makes the right response."

"Also, show your pride in the child--and don't hesitate to let him know your feelings."

Some children go through a shy or timid stage. During this period, Miss Fleischer advised using caution when in-

volving the child with strangers. "Don't feel you must immediately introduce him to someone he doesn't know or seldom sees. Instead, let him take the lead. When he's at ease, probably he will want to be noticed--and will offer to enter the conversation," the specialist concluded.

Golden Gleams
Wherever there is a human being there is a chance for a kindness.
--Seneca.

Kindness in women, not their beautiful looks, Shall win my love.
--Shakespeare.

A kindness of which one is reminded always seems a reproach.
--Jean Racine.

A part of kindness consists in loving people more than they deserve.
--Joseph Joubert.

I hate nobody; I am in charity with the world.
--Jonathan Swift.

TV COMMENTARY

By John Smiley

AMERICAN BANDSTAND recently celebrated its 20th anniversary with 90 minutes of "golden oldie" music, dance, and dress from the '50s to the '70s.

SINCE ITS BEGINNING, some 80,000 records have been played and more than 8000 acts have appeared on "American Bandstand." There have been over 5000 three-minute interviews on the show. An attempt to count the commercials might tilt our adding machine.

FANS of old-time Hollywood musicals will have a smorgasbord treat during the week of July 9. "CBS Late Movie" is scheduling five musicals in a row: "An American in Paris," "On the Town," "I Love Melvin," "Damn Yankees," and "Seven Brides for Seven Brothers."

AFTER EIGHT YEARS, "The Dating Game" is going off the air in July. It will be replaced by "The Girl in My Life," an audience participation show hosted by Fred Holliday.

THE Bureau of Social Science Research reports that in-depth interviews with 1900 Americans in 1970--compared with a similar study made in 1960--reveal that people are watching TV more now than was the case 10 years ago, but enjoying it less.

SOME OF THE BEST music on television is background arrangements to set the mood for the action one views. Sound-track releases, minus dialogue and sound effects, might find a ready market among discriminating viewers.

Rarely does anyone take the trouble to thank anyone for anything.

Here are three tempting dishes, all a snap to prepare. Clockwise are: Pizza Hash Browns, Hash Browns with Bacon, and Hash Browns Parmesan.

Grill A Platemate--Outdoors!

Shredded hash brown potatoes are the Platemates of the month. Here are three decidedly divine dishes which can be prepared in a skillet on your outdoor grill, starring these convenient frozen spuds.

With hamburgers, hot dogs or a more elegant entree such as steak, kabobs or a roast, hash brown potatoes save time since all the preparation chores are done for you. Also, frozen potatoes are economical because there is no waste from peeling, trimming or spoilage.

After you've tried these three, you may be inspired to create a potato Platemate of your own. There's plenty of time for creative cookery when you use ready-to-go frozen potatoes.

Pizza Hash Browns
1 package (16 ounces) or an equal amount of bulk frozen shredded hash browns
1/2 cup catsup or pizza sauce
1/2 cup grated Mozzarella cheese

Place potatoes in fry pan on grill and fry as package directs; top with catsup and cheese and cover with lid until cheese is melted. Serve immediately. Makes approximately five servings.

Hash Browns With Bacon
1 package (16 ounces) or an equal amount of bulk shredded hash browns
6 slices bacon, diced
Celery Salt
Pepper
1/4 cup sliced green onion

Fry bacon in fry pan on grill until crisp. Remove from pan and drain on paper towels; reserve. Pour off all but 1/2 cup bacon fat. Put potatoes, in single layer, in hot fat in pan. Fry about 20 minutes, breaking up slightly and turning once so potatoes are crisp and brown on both sides. Season with celery salt and pepper. Sprinkle with onions and bacon bits. Serve at once. Makes approximately five servings.

Hash Browns Parmesan
1 package (16 ounces) or an equal amount of bulk frozen shredded hash brown potatoes
1 teaspoon prepared mustard
Grated Parmesan Cheese
1/2 cup butter

Place potatoes with butter in fry pan on grill and brown according to package directions; season to taste. Remove to warm platter; spread with mustard and sprinkle with cheese. Serve hot. Makes approximately five servings.

Little deeds of kindness,
Little words of love,
Help to make earth happy
like the Heaven above.
--Julia A. F. Carney.

BIBLE VERSE

"Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

- Who is the author of the statement?
- To whom was he speaking?
- Of what famous discourse is this verse a part?
- Where may it be found?

Answers to Bible Verse

- Jesus, as recorded by Matthew.
- His disciples and the multitude gathered around him.
- The Sermon on the Mount.
- Matthew 5:16.

help her to continue her education in the fall.

Mrs. Bernis Camp, librarian, reports that many boys and girls have already read the 12 books required to receive a Texas Reading Certificate, but that there is still time to join the Summer Reading Club at the Library and complete the number of books. There have been 5,840 books checked out this past month, most of them to children.

The Artist of the Month at the Library this month is L.W. Champman of the Goodland Community. The display is sponsored by the Muleshoe Art Association.

The Library will be closed on Wednesday, July 4.

John Tower United States Senate COMMITTEE ON ARMED SERVICES

With current restrictions under the Social Security Law, literally hundreds of thousands of our older citizens who very well could easily take care of themselves financially find it very difficult in these days of high prices to get by. The restriction that is blocking them from being able to make it is the severe limitation on the amount a Social Security recipient can earn.

I have just introduced a bill in the Senate to increase the retirement test under Social Security to \$3,000. This means a retired person drawing Social Security could earn up to \$3,000 before his outside earnings would cut into his Social

Security checks. The present limitation is \$2,100, and this was raised only last year from \$1,680.

I also sponsored legislation during the past session to hike the earnings allowable to \$3,000. When this proposal was debated in the Senate last year, more than three-quarters of the Senate sponsored the amendment to raise the allowable to \$3,000. Additionally, the bill which the Senate passed provided that for every two dollars earned above \$3,000, only one dollar in Social Security benefits would be deducted.

Unfortunately, the House of Representatives disagreed with the Senate version of the bill last year and cut the earnings ceiling back to \$2,100.

Again this session, we will attempt to raise this earnings ceiling to \$3,000 under the bill which I am sponsoring. In addition to the ceiling, the bill would reduce the age where the retirement test is not applied from age 72 to age 70.

The retirement test has been applied to the Social Security program virtually from its outset. Such restrictions may have been justified in the 1930's, but their validity is certainly called into question because of the economic and social conditions of the 1970's. Changes which we made last year represent a positive step forward, and the legislation which I am sponsor-

ing now represents still a further step.

The Advisory Council on Social Security said in 1965 that these benefits are designed to furnish a partial replacement of earnings which are lost due to death, disability, or retirement in old age. The important point to remember is that the American worker pays into the Social Security trust fund throughout his or her working life. As a result, it seems only fair that the worker should feel secure as a matter of right that upon retirement he will receive benefits in relation to his contribution. These are earned benefits, and should not be based on whether he is still actively employed.

There is yet another factor to consider in this matter. It has been the policy of the federal government to encourage our senior citizens to stay in the work force. I support this policy because I think that unlike the depression years of the 1930's, our expanding economy can certainly afford the active participation of senior citizens. Moreover, we are convincingly told by gerontologists and others that working is one of the most healthy activities for senior citizens to do.

It seems hypocritical that Congress considers and has approved categorical grant programs to employ senior citizens but at the same time will not allow them to retain their Social Security benefits that they

are rightfully entitled to.

As I said at the start, there are millions of Americans that are adversely affected by the retirement test. The test affects Social Security recipients who have part or all of their benefits deducted, and those who purposely work shorter hours to limit those deductions. Naturally, their dependents also are adversely affected.

Passage of this proposal to hike the earnings ceiling will measurably improve the economic position of many Americans.

While this new legislation does not totally eliminate the retirement test, it would insure many senior citizens of living in a more secure economic environment. The provision reducing the age when the retirement test will not apply from age 72 to age 70 is not a novel suggestion. The cutoff age used to be 75 until the Congress lowered it to 72 nearly a decade ago.

Our Social Security program has grown over the past 40 years to where it now covers 90 percent of the American population. It is the sole income of many of our retired elderly citizens. To allow them to earn a small amount above their Social Security benefits without having to lose some of these benefits will permit them to have a few of the essentials of life which they have earned. I intend to push for early passage of this legislation in the Senate.

Governor Awards Grant To SPAG

AUSTIN -- Governor Dolph Briscoe today awarded one action grant and a planning grant for improving law enforcement and crime prevention in the region served by South Plains Association of Governments, Lubbock. Total was \$71,712.

The money will come from the Criminal Justice Council, which administers the state's block grant from the Law Enforcement Assistance Administration under the Omnibus Crime Control Act.

The Action grant, \$42,512, is for continued support of the Lubbock County Adult Probation Project, which presently is supervising 494 felons and 515 misdemeanants. Efforts of the six professional probation officers and five assistants are aimed at reducing the rate of recidivism among the probationers, and hence at

reducing crime. The funding provides for two additional probation officers.

The \$29,200 planning award will continue to provide a full-time Criminal Justice coordinator, staff support and operating expenses for SPAG. The award is conditional on a new congressional appropriation for fiscal 1974.

Counties served by SPAG are Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum.

The South Plains applications were among 71 for action and planning funds considered by the CJC Executive Committee June 8. Requests totaled \$4,565,876.

Miami closes judicial books on conventions.

"Shower Of Stars" Set For Lubbock Fair

LUBBOCK -- "A Shower of Stars"--featuring two former Lubbock residents--will help the Panhandle South Plains Fair inaugurate its first eight-day exposition here Sept. 22-29.

"It's the biggest package ever put together for the fair," general manager Steve L. Lewis said in announcing the star-studded card, which includes singer-composer-musician Mac Davis and Falna English, the ex-Lubbockites.

"There'll be music and fun to suit every taste," Lewis added, pointing out that a free daredevil act also has been scheduled as the fair run has been extended to include two Saturday dates and a Sunday card this year.

The slate of entertainers includes:

Sept. 22 -- Lobo and The Earl Scruggs Revue.
 Sept. 23 -- Fiesta Mexicana, featuring Vicente Fernandez, El Mariachi Tenampa, and Graciela Flores. Oscar Zamora will emcee the show.
 Sept. 24-25 -- Mac Davis and Donna Fargo, "The Happiest Girl in the Whole U.S.A."
 Sept. 26-27 -- Lynn Anderson and The Statler Brothers.
 Sept. 28 -- "Dawn", featuring Tony Orlando, and Ralna English and Guy Hovis.
 Sept. 29 -- Mel Tillis and Jody Miller.

on the same show with him will be the "little girl (5-2)" with the "big voice"--Jody Miller. Jody has recorded numerous hits for various labels, including "Silver Threads and Golden Needles," "Home of the Brave," and "Queen of the House."

Scruggs' revue features banjo rock and religion. Scruggs, who started picking the banjo at 4, has perfected his three-fingered style on a five-string banjo and has appeared in scores of concert halls and auditoriums around the country as well as dozens of college campuses. Lobo rounds out the opening day card.

Vicente Fernandez one of the top names in Mexico will headline Fiesta Mexicana on the first Sunday opening in history.

Tickets for all shows will be \$2.50, \$3.50 and \$4.50. Show times will be at 5:30 and 8:30 p.m. daily. Mail order requests for tickets may be mailed to the fair at P.O. Box 208, Lubbock 79408, after August 1st.

Several new attractions are being arranged for the 56th annual exposition. In addition, grounds and facilities are being given a facelifting.

Fair officers for the year are: Lemnis Baker, president; Joe E. Baldrige, vice president; and Homer E. Hunt, treasurer. Directors include Charles L. Adams, Jr., Charles R. Bacon, R.E. "Bob" Gee, Chas. A. Guy, E.K. Hufstader, Jr. and John E. Vickers.

Following passage June 28 of a "clean" Agricultural Appropriations Bill, the running wrangle over what payment limitation will be applied to farm programs in 1974 and thereafter shifted back to the House, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc.

"Had the Senate taken a \$20,000 per person payment limit onto the appropriations bill, as did the House," Johnson said, "the battle as far as this particular issue was concerned would have been over."

The respective Senate and House appropriations bills will now go to conference committee where farm leaders have high hopes the Senate version, without the payment limitation, will prevail.

The House on its money bill not only attached a low-level payment limit but also adopted amendments that would have prohibited sale and lease of acreage allotments from farm to farm and would have blocked the already authorized annual transfer of \$10 million from Commodity Credit Corporation to Cotton Incorporated for cotton research and promotion.

The Senate's action in voting an appropriations bill without such amendments, Johnson continued, "doesn't get us out of the woods by any means," but does leave the door open for further efforts toward a more acceptable program.

Soon after the July 4 Congressional recess, probably on July 10 or 11, the House is expected to take up the omnibus farm bill reported from the House Agriculture Committee. The committee bill carries a payment lid of \$37,500 per crop per farmer under each of the cotton, feed grain, and wheat sections. Maintaining this limit level against anti-farm program forces on the House floor is the next big hurdle for agricultural interests.

The Senate on June 8 voted a farm bill limiting total payments under all three programs to \$20,000.

"Assuming the no-limit aspect of the Senate appropriations measure is upheld in conference, and if we can pass the farm bill in the House with a limitation higher than the \$20,000 per person imposed by the Senate," Johnson reasons, "we will have a fair chance to salvage something in the farm bill conference committee."

There are other differences in the act passed by the Senate and that proposed by the House Agriculture Committee. The "target price" for cotton in the Senate bill is 43 cents per pound, with payments equaling the difference between that price and the average spot mar-

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
 John C. White, Commissioner

National and International Leader... Poultry Declines Noted... Vaccinate Horses Now.

Texas, already recognized as a giant in agricultural production in the nation, will become a major factor in international agriculture in the years ahead. With exports becoming an increasing part of this nation's agriculture, Texas will be a key state in supplying farm products as well as providing facilities from which commodities will be shipped.

Texas has excellent port facilities along the Gulf Coast. The Port of Houston was utilized in shipping the 400,000,000 bushels of wheat to Russia. Texas now has excellent export livestock pens which will increase the state's dominance in the livestock industry.

The pens are already in use in Houston, Del Rio and Eagle Pass. Additional pens are to be built soon at Brownsville, El Paso, and Laredo.

The pens have specially designed loading and inspection chutes, concrete floors throughout, offices and laboratory space, a new hydraulic-type multi-vat for dipping animals as well as other accessories which exceed federal regulations. The pens are also covered.

"Through use of these pens, you can be assured Texas will be a leader in the world in international agriculture affairs," Texas Agriculture Commissioner John C. White said.

The Texas Department of Agriculture is responsible for operating the pens. Texas livestock export business this year is expected to exceed \$40,000,000.

Throughout the nation, Texas continues to be the number one livestock state. Texas has more than twice as many cattle and calves than the second place state. It has almost three times more beef cows than the second ranking state.

The cattle and calf production population for Texas as of Jan. 1 this year is 15,350,000 head; this is an increase of about 2,500,000 head from 1972.

Beef cows--the factory of the livestock business--numbered 6,320,000 in Texas; this compared with second place Oklahoma's 2,283,000 head.

Texas is also first in the nation in cattle on feed and first in the nation in numbers of sheep and lambs.

THE MAY hatch of egg-type chickens in Texas is down nine per cent from a month ago. The May hatch of broiler chicks is down two per cent from a month ago. The total turkey poult hatch was up eight per cent from a month ago.

Egg production in Texas during May was seven per cent below a year ago, but four per cent above a month ago.

Nationwide, egg production during May was three per cent below a year ago. Layers on hand declined four per cent from May a year ago and two per cent below April.

VACCINATE your horse now for the three types of equine encephalitis. The types are Eastern and Western equine encephalitis (EE and WEE) as well as Venezuelan (VEE) which ravaged horses in Texas in 1971.

The three diseases are caused by different viruses that are carried by mosquitoes, and can be transmitted to humans. Effective vaccines are available for all three. However, vaccines for EE and WEE do not protect against VEE; likewise, VEE vaccine does not protect against the other two.

Outward signs of the three diseases include depression, lack of appetite, and drowsiness. Animals may frequently grind their teeth and stagger when moving. Death is common.

TRITICALE PRODUCTION CONTRACTS
 Now Available

Acreage allotments for Triticale have been established for Bailey County. We are pleased to accept grower applications on a first come first serve basis for the 1973-74 grower year. Minimum acreage per grower is 20 acres. For further information on contract terms and acreage allocation contact Cooper Young, at Triticale Foods Corporation. 272-3461.

STATE Capital NEWS

By BILL BOYKIN

AUSTIN, TEX.--The last of 19 public hearings by the Texas Constitution Revision Commission were held in Waco and Austin last week.

It was the largest meeting with 34 out of 37 commissioners attending.

Witnesses in Austin before the full commission and committees made recommendations for changes in the 98-year-old document.

Speakers, legislators and commission members agreed that it is going to be a tough job to write a new constitution that will be approved by the voters of Texas.

"You must write an intelligent document that can be understood by the man on the street," one speaker said.

Representative Bill Clayton, Spring Lake, reviewed his constitutional revision plan that was introduced in the last legislature. Clayton said that we need a short, concise document similar to the federal constitution that would also leave the present constitution intact until changed by two-thirds vote of the legislature.

"There's going to be some knock-down, drag-out battles over sacred cows in the present constitution." Right-to-work, dedicated funds, the judicial article, state government financing, public school financing are some of the controversial topics which must be considered by the commission and then the legislature.

Bill Gray, Texas Manufacturers Association, spoke for budget execution authority for the governor.

Other speakers during the final two days of public hearings in Austin and Waco spoke for: removal of sections that are statutory in nature, continuation of pay-as-you-go plan, stronger county government, fewer elected officials and more appointed officials, more power for the governor, life appointment for all judges, and many other major changes in the existing constitution.

ARTESIA HALL PROBE CONTINUES--The spreading investigation of Artesia Hall, a private institution for troubled youth near Cleveland, is receiving close attention of top state officials and legislators.

The institution June 21 was ordered by a court at Liberty turned over to the state for operation. Many students already had been withdrawn.

The facility has been the center of controversy after its founder and director, Dr. Joseph Farrar, 56, of Houston, was charged with murder in connection with the death of a 17-year-old girl. The girl died after allegedly drinking rat poison. Farrar was charged with refusing medical aid for 36 hours. He denies the accusation and another of beating a boy.

Central to an investigation by the attorney general, Department of Public Safety, a House sub-committee and the Welfare Board is why the school was licensed in November 1971 despite unanimous objections by welfare case workers who inspected it.

At a meeting here last Friday, the State Board of Public Welfare ordered licensing of child care and placing institutions transferred to the state offices and made subject to board approval. Licensing is now handled at regional level.

Welfare Commissioner Raymond Vowell confirmed that numerous complaints were received about Artesia Hall over the last couple of years, and that welfare staff members were dispatched there "every other week."

However, the commissioner said, the complaints could not be substantiated.

The Board set another meeting for July 6 to further explore the case and possible recommendations for personnel changes.

CITY TAX REVENUE BOOMS--Nearly 700 Texas cities levying local option sales taxes collected \$45.9 million during the quarter which ended March 31.

Comptroller Robert S. Calvert's newest report shows a total of \$46.6 million collected, before auditing expenses and the state's service fee deduction.

Houston alone got more than \$9 million from the levy and Dallas \$6.3 million.

COURTS SPE/K--The State Supreme Court agreed to review a case involving closing of a portion of a street which a hotel operator claimed cost him loss of business.

The High Court agreed that a Bexar County district court should try a \$294,943 damage suit brought by the State Insurance Board receiver on behalf of two defunct San Antonio insurance firms.

In still other cases, the Supreme Court ruled:

*That a single guaranty agreement can apply to all bank notes a borrower may have.

*A Matagorda County tractor driver who had his leg crushed on the job can't collect workmen's compensation because he didn't file his claim in time.

*Damages awarded an Abilene truck driver can be reduced because of a showing that he had opened a sliding door of his truck before the accident in which he was injured.

*A new trial should be held in a damage suit resulting from death of a Houston man crushed between two trucks.

*A nearly-six-months' delay has been granted for appeal of former House Speaker Gus Mutscher's conspiracy-to-accept-a-bribe conviction.

*A U.S. Supreme Court decision striking down state aid to parochial schools prompted a request for an attorney general's opinion as to the Texas

THE FAMILY LAWYER

Rights of Unwed Father

Does an unwed father have any right to the custody of his child?

As a rule, in case of dispute, the law gives preference to the mother. Two arguments are generally cited in her favor:

- 1) that mother's love is a more powerful emotional tie than father's love; and
- 2) that the mother's kinship to the child is more certain than the father's.

But suppose the mother is out of the picture--perhaps uninterested in the child, perhaps unfit, perhaps dead. Then, may the unwed father insist on custody if he so chooses?

The question arises in conflicts with the mother's relatives or with a community agency. The tendency in recent years--perhaps reflecting greater attention to the role of the unwed father--has been for the courts to rule in his favor.

For example: In a custody fight between an unwed father and the maternal grandmother, the court awarded the child to the father. The court felt that, other things being equal, the closer relationship should make the difference.

Of course, the father himself may be disqualified by his own failings. In another case, an unwed father filed suit to gain custody of his two young daughters. They had been entrusted by their mother to her aunt.

However, the court decided that the children were better off where they were, with the aunt. The court pointed to evidence that, on several occasions, the father had been guilty of "cruelty and depravity"--hence, was not likely to provide a proper home for the girls.

As one judge put it: "The polar star for determining the custody of children is what serves the best interests of the children."

A public service feature of the American Bar Association and the Texas State Bar Association. Written by Will Bernard.

AG OPINIONS--A prison sentence to be imposed and the manner it is to be served is determined by statutes existing at the time of the crime, and any effort to invoke statutes later enacted is imposition of an unconstitutional ex post facto law, Atty. Gen. John Hill held.

In another recent opinion, Hill held abolition of the office of county school superintendent in a county may not be accomplished by a special

or local law.

SAFETY DRIVE LAUNCHED--City and county officials were urged by the Governor to give top priority to a cooperative all-out attack on the rising traffic toll.

The \$1 million joint effort, to be known as Project SAVE, will be launched July 1 in San Antonio, Dallas, Denison, Garland, Grand Prairie, Greenville, Irving, Mesquite, Plano, Port Arthur, San Angelo, Sherman, Texarkana and Tyler, and counties of Harris, Cameron and Hidalgo.

Traffic safety coordinators will be employed in participating communities, paid by funds provided by the governor's office of Traffic Safety Administration. Funds will also go to deployment of traffic officers on an overtime basis in selected areas at selected times to police selected violations with original emphasis on alcohol-related offenses.

FOOD STAMPS EXPANDED--All 254 counties will be brought under a statewide food stamp program for welfare re-

ipients November 1, though the U.S. Postal Service has declined to handle issuance in Bexar, Harris and El Paso counties immediately.

At present, all 31 counties authorized for pilot food stamp programs are operating under a new computerized "Authorized to Purchase" card system of identification. As of August 1, the Postal Service will begin post office issue of food stamps in all existing food stamp counties except for Bexar, Harris and El Paso.

APPOINTMENTS--Robert R. Shelton of Kingsville was named vice-chairman of Texas Criminal Justice Council.

Governor Briscoe named as new judges Raymond Justice of Houston (domestic relations court, effective January 1), and Sam M. Paxon of El Paso (210th district, effective January 1).

He selected David D. Adams of Nacogdoches as 145th district attorney.

Briscoe placed Fred Wulff of Brady on the Legislative Property Tax Committee.
