Ten Days Of Rain Soaks Muleshoe Area

Farmers Wishing For Letup In Downpour

Kirk Lewis Shows Grand Champion

Kirk Lewis, son of Mr. and Mrs. Leon Lewis, and a member of the YL 4-H Club, exhibited the Grand Champion Market Steer at the Tri-State Fair held in Amarillo last week.

His steer was a Char-

around  muleshoe with the journal staff

Chad Griswold, three year old son of Mr. and Mrs. Dale Griswold, was burned Saturday night about 9:30 p.m. when he pulled a pan of boiling water off the stove on him.

He was taken to West Plains Memorial Hospital for emergency treatment and transferred to Methodist Hospital in Lubbock.

Mrs. Austin Floyd, his grandmother, reported that Chad was improving and would possibly be transferred to Galveston later this week. He is suffering second degree burns over 25 per cent of his body. He is the grandson of Mr. and Mrs. Austin Floyd of Muleshoe and Mr. and Mrs. Leonard Griswold of Hart. His great-grandparents are Mr. and Mrs. Ted Allen of Muleshoe.

olais-Angus-Hereford Cross bred by Ky Lawrence Ranch at House, N.M.

The steer weighed 1290 pounds and was the first place winner in the Crossbred Division out of 72 steers.

This steer will be exhibited at the State Fair of Texas in Dallas during October.

Other local youths showing stock and placing in the fair were Jimmy Gleason, son of Dr. and Mrs. Jerry Gleason, who showed the fifth place light-weight Crossbred Feeder Calf. The steer weighed 870 pounds. Jimmy is also a member of the YL 4-H Club.

Jacinda Gleason, daughter of Dr. and Mrs. Jerry Gleason, showed the sixth place light-weight Crossbred. She also showed the eleventh place light weight Crossbred.

Greg Harrison, son of Mr. and Mrs. Donald Harrison, showed the sixteenth place light-weight Crossbred.

At Lubbock Panhandle-South Plains Fair this week, Lavon Rhodes, daughter of Mr. and

1975 Cars

Go On Sale

This Week

The new 1975 automobiles will be on display in Muleshoe this week at various car dealers.

John Crow at Crow Chevrolet reports that the new 1975 Chevrolets will be on display Thursday, September 26, during Show Day at Crow Chevrolet. Refreshments and favors will be given to the people who attend the show at Crow Chevrolet.

Town and County Auto will have their show date on Friday, September 27. Darrell Turner reports that Town and Country will also have a Sneak Preview on Thursday night, September 26, between 9 and 11 p.m. Refreshments will be served and the Crusaders Quartet will sing.

At Town and Country new Buicks, Pontiacs, Oldsmobiles and GMC trucks will be shown. Muleshoe Motor Company will have their show date on Friday, September 27.

There will be favors for the ladies and balloons for the kids.

New Fords and Mercurys will be displayed.

The Democratic State Convention was held on September 16 and 17 in Austin. Delegates attending from Bailey County were Gordon H. Green, Mrs. Lonnie Merriott, Jack Young all of Muleshoe, and Jack Furguson of Maple. Also attending were Mrs. Gordon H. Green, Mrs. Jack Young and Mrs. Fred Graham.

Lieutenant Governor Bill Hobb's West Texas Council on Water Resources will conduct a work meeting in Lubbock, September 27, to discuss proposed changes in Chapter 52, the State statute dealing with underground water conservation districts. The regional water council will entertain testimony from interested persons regarding necessary changes before the revised draft is submitted to the legislature this fall.

Anyone interested in attending the meeting is invited to present testimony, between 10 a.m. and 2:30 p.m., at the George and Helen Mahon Library, 1306-9th Street, Lubbock.

Jaycees Hear Highway Program

The Muleshoe Jaycees met Monday for their noon general membership meeting with the President Charles Moraw presiding. Invocation was given by Gene McGuire. Pledge of Allegiance was led by Bill Dale and the Jaycee Creed was led by Jack Hysinger.

Guests at the meeting included Danny Gozman, an employee of Fry and Cox Implement in Muleshoe; Loyd Kilough, foreman of the Texas Highway Department here in

Mules Face Littlefield Friday Night

The Muleshoe Mules will meet Littlefield this Friday night, September 27, here in Muleshoe.

Littlefield High School Head Coach Jerry Blakely reports that the Wildcats have 12 returning lettermen this year. Their record last year was 9-3 and they had a 4-0 district record.

Game time will be at 8 p.m. at Benny Douglas stadium.

Muleshoe for Bailey County; Dalton Jones, District Five Engineer for the Texas Highway Department; and Ray Bradley,

Hero Girls To Serve Supper Friday

The Hero Chapter of Muleshoe High School will hold a Fried Chicken Supper before the Muleshoe and Littlefield football game Friday night at the Muleshoe High School cafeteria.

Also, the menu will consist of Potato Salad, Sliced Tomatoes and green peppers, Green Beans, Hot Rolls and butter, Cherry Cobbler and tea or coffee.

The supper will be held from 6 to 8 p.m. and tickets are being sold by the Hero girls. Prices are \$2.25 for adults and \$1.50 for children, 10 years and younger. Tickets will be sold at the door. Call-in orders will be filled and delivery will be made for elderly and shut-in persons.

RAIN, RAIN, RAIN . . . An unusual scene for Muleshoe during the summer months has become quite common for the first few days of autumn. Water water everywhere creates problems for local motorists as streets become filled with water. The

dip on American Blvd. and 12th Street has always been a collector for water and on Tuesday morning, it was running full, providing a hazard for motorists.

Boxing Match Will Be Held Here Oct. 5

The Muleshoe Golden Gloves will host a Boxing Match in Muleshoe on Saturday, October 5, at 8 p.m. in the Mary DeSanzo Elementary School gym.

Local fighters will be boxing fighters from Hereford, Lovelland, Lubbock and Olton. Ringside seats are priced at

\$2 each, general admission will be \$1.50, students, 75 cents, and children under six will be admitted free.

A concession stand will be open at the match.

The matches are sponsored by the Muleshoe Kiwanis and Rotary Clubs.

There will be 12 to 15 fights during the matches. Local boxers are working out now at night at the old Johnson-

Cont. on Page 3, col. 4

1974 Texas Cotton Crop Is Previewed

Many of the speculations about the 1974 Texas cotton crop are beginning to take shape. According to an agricultural economist at Texas A&M University, the gross value of this year's crop should be around \$933 million, down considerably from the \$1.23 billion crop last year.

"An even more striking figure is that net income from the crop will total only about \$280 million. That's \$350 million

less than in 1973," points out Charles Baker with the Texas agricultural Extension Service.

Total production should be just over three million bales compared to 4.7 million last year.

"Although this year's crop is disappointing from a statewide standpoint, there are a few bright areas," notes Baker. "An excellent crop produced in the Rio Grande Valley and along the Coastal Bend, where harvest operations are almost complete. Production is expected to be up 47 per cent over last year."

On the other hand, production in the Plains will be down 44 per cent while the Blacklands of Central Texas are expected to show a drop of 24 per cent. "With a shorter crop not only in Texas but across the

Farm Bureau Meeting Set Tuesday

The Annual Meeting of the Bailey County Farm Bureau will be Tuesday, October 1, at the Muleshoe High School cafeteria.

A free Trift-Cake and sausage supper will be hosted by Bailey County Farm Bureau with serving beginning at 6:30 p.m. followed by the business meeting at 7:30 p.m.

All members and their families are urged to attend this annual meeting.

"Father Of The Year," But Not In "Time To Run"

In 1968, Ed Nelson, veteran movie and television actor, was chosen "TV Father of the Year" by the National Father's Day Committee. Now in World Wide Pictures' new film, TIME TO RUN, he plays the role of an insensitive father, alienated both from his rebellious son and his emotionally frustrated wife. The film will be shown in Muleshoe at the Wallace Theater, Oct. 2-5 with shows starting at 7 p.m. and 9:15 p.m. and a matinee at 1 p.m. on Saturday.

Ed Nelson's previous movie credits include such important pictures as "Judgement at Nuremberg," "and Soldier in the Rain." He has also appeared on television in "Gunsmoke," "Dr. Kildare," "The Untouchables," "Alcoa Premiere," "Wagon Train," "Outer Limits," "Combat," and "The Fugitive". He is perhaps best known for his portrayal of Dr. Michael Rossie on the television series "Peyton Place."

Nelson's long acting career began when he enrolled at Tulane University in 1949 after serving a hitch in the navy. At Tulane he started out in pre-law, but soon his interests shifted to drama so he spent more and more time as a student actor and coordinator on a live TV show. By the time he left Tulane, he had appeared in 13 campus productions, and was married to Patricia Miller.

In 1952, the Nelsons went to New York City so Ed could study directing and production for a year. For the next four years, Ed's dramatic work was confined to backstage work as director, narrator, and assistant director. In 1956 Ed left his wife and three children behind and went alone to Hollywood to try for the big time.

Ten days after making the long drive alone, he sent for his family, even though he had only \$105.00 in the bank.

His first motion picture break came with "Attack of the Crab Monsters"! He continued to work his way up into leading roles in both television and movies. After his lengthy stint as Dr. Rossi on "Peyton Place," he emceed a 90-minute morning talk program, "The Ed Nelson Show." In 1970 he starred in the highly rated ABC television movie of the week "Along Came a Spider." The Nelsons now live in San

Dimas, California, thirty miles east of Los Angeles. Their family includes seven children, one adopted, ranging in age from nine to 19. In his spare time, Ed enjoys hunting and golf, in which he has a 14 handicap.

In "Time to Run," Ed Nelson plays Warren Cole, a hard-driving industrialist, who finds it impossible to understand his college-age son who has rejected the role his father has mapped out for him. After much soul-searching, the father realizes his own responsibility for the disintegration of his family.

TIME TO RUN . . . An argument of rights and who's right leads to a dead end, when Warren Cole, left, (Ed Nelson) flaily rejects his son's struggle for freedom. This scene opens the World Wide pictures release, TIME TO RUN, as Jeff (Randall Carver) leaves home to find his own place in the sun. The picture shows October 2-5 at the Wallace Theater in Muleshoe.

The rains came and stayed and stayed! Rain has become a fact of life in the plains of Texas for the past 10 days. Since September 14, measurable precipitation has fallen every day except one, Sept. 19.

The general rain has put a stop to all farming operations in the area. Over two inches of rain has fallen since the front moved through the area almost two weeks ago.

While flooding has been a major problem in South Texas, so far the Muleshoe area has seen little of flood waters. Some families living out of town have had problems with muddy, boggy roads and have found themselves "rained in." Many city streets were flooded in Muleshoe this week as rains continued. Small lakes have popped up over the area with runoff water.

Farmers, who needed rain so desperately during June and July are now hoping for an end to the rains for a while.

While farmers wish cotton, corn and grain sorghum are

hurting from the rain, wheat farmers and ranchers with range land are benefiting from the moisture. The rains are also returning some much needed moisture to the underground water supply.

Agriculturally speaking, the rains are hurting the cotton and corn crops as these crops need some hot, sunny and dry days to mature.

When the rains stop, it will still be almost another week before farmers can get back into the fields.

The corn harvest was just getting underway when the rains started and only about 10 to 15 per cent of the corn has been harvested at this time. Usually the corn harvest is about 90 per cent complete by the first of October. The corn now is just setting in the fields and some of it could be falling over due to the wet ground.

As a whole, the crops need a few days of open weather to fully mature.

Adult Education Classes Will Begin

The Muleshoe Independent School District will sponsor an Adult Education Program beginning Tuesday, October 1, 1974.

Level I, Level II, Level III, and GED classes will be offered if enough interest is demonstrated by local participation. A minimum enrollment of twenty (20) students per level must be maintained if a teacher and teacher aide are to be provided.

The classes will meet two to three times each week for two hours per evening session. Every effort will be made to provide each and every individual with the highest quality of instruction by professional educators. A minimum of 100 hours free instruction will be available to anyone interested in taking advantage of this opportunity, provided the minimum number of students are enrolled and attendance is maintained.

Registration for the Adult Education Classes will be held Tuesday, October 1, 1974, in Room 23 at Muleshoe Junior High School from 7:00 to 9:30 p.m.

For further information, call: Tom Jinks, Director of Special Programs, Muleshoe Independent School District, Telephone: 272-3311.

Millie May Wins Weekly Contest

Upsets in college football this past weekend upset some of Muleshoe's Football Contest entries.

The majority of the many entries submitted this week missed seven or more games. The winner of the contest, Millie May, missed three games. She will receive 10 points in the contest and \$5. Second place winner was Danny Waggoner who missed five games and was off 33 points on the tiebreakers. He will receive six points and \$3.

Mary Watkins, the third place winner, also missed five games, but was off 34 points. Cont. on Page 3, col. 3

Local Youths Win At Bovina Rodeo

The Bovina CowBells sponsored a Little Buckaroo Rodeo at the Bovina Riding Club Arena on September 14. There were 89 contestants entered in the rodeo. Three of the contestants

1975 Oldsmobile Story

LANSING, Mich. - Oldsmobile announced today that its 1975 model line-up includes 35 models with increased emphasis on the smaller car market. Four new entries in Oldsmobile's small car line give the division the widest range of models and the broadest market coverage in the automaker's long history. The nation's oldest existing manufacturer of aut-

omobiles now offers models with wheelbases ranging from the new small-size Starfire at 97 inches to the family size Ninety-Eight at 127 inches. In addition to the Starfire, three new entries in the compact Omega series have been introduced featuring luxury interiors and appointments not formerly available in this series.

STARFIRE
Oldsmobile's Starfire is an all-new car for the division and features comfortable two plus two interior seating and sporty exterior design. It is available in one body style, a sport coupe. The high-back front bucket seats are available with either soft velour or supple vinyl covering and are separated by a center console containing the

transmission shift control and parking brake lever. The rear seat back folds forward increasing the fully carpeted load floor area that is accessible from the hatch back door. A collapsible spare tire is stored in the right rear quarter well, hidden from view by a soft trim tire cover. Instrumentation includes a speedometer, tachometer, fuel

gauge, ammeter and temperature gauge. The exterior of the Starfire features dual rectangular headlamps and dual horizontal grille openings in the flexible front end panel. This soft material surrounds both front and rear energy absorbing bumpers allowing them to be blended into the overall car design while maintaining protection in minor impacts. Functional louvers with bright edges located in the rear quarter lock pillars exhaust air from the passenger compartment and

provide efficient flow-through ventilation. A 231-cubic-inch V-6 engine and four-speed synchromesh transmission are standard on the Starfire and a Turbo Hydramatic transmission is available. Power brakes with front discs and steel belted radial-ply tires are standard. **OMEGA**
The compact Omega series has been expanded to six models for 1975 with the addition of the Omega Salon available in the same three body styles as the base Omega --coupe,

hatchback coupe and sedan. All Omegas have received extensive body and chassis changes for improved appearance, passenger comfort and ride characteristics. Each model is built on a 111-inch wheelbase and is equipped with energy absorbing bumpers, front and rear.

DELTA 88 and NINETY-EIGHT
The Delta 88 and Delta 88 Royale continue to be offered in a hardtop coupe, hardtop sedan and town sedan body styles with a convertible available in the Delta 88 Royale.

Hardtop and town sedans feature new uppers with more side glass for better visibility. The hardtop sedans have a new triangular shaped window in the rear door.

New swing-away grilles with a cross-hatch design are mounted in a molded fiberglass reinforced front end panel with a four-opening variation of the traditional Oldsmobile dual grille design.

Standard engine on all Delta 88 and Delta 88 Royale models is the 350-cubic-inch four-barrel V-8 engine in standard.

The Ninety-Eight line-up includes a Luxury Coupe, Luxury Sedan, Regency coupe and Regency sedan. The standard Ninety-Eight sedan has been discontinued.

Both engines are available with three-speed column shift or floor shift synchromesh transmission. The three-speed Turbo Hydra-matic is optional on the base Omega and standard on the Omega Salon.

Ninety-Eight hardtop sedans have a small vertical window in the sail panel and the coupes feature a large trapezoidal fixed window behind the door lock pillar. Padded full-halo and landau style vinyl tops are available on Ninety-Eight coupes and a full-padded top is optional on the sedans.

The 350-cubic-inch four-barrel V-8 with Turbo Hydramatic transmission is optional on all Omegas.

Salon models feature reclining front contour bucket seats covered in velour or perforated vinyl, a headlamp dimmer switch built into the turn signal lever, center console and a Salon steering wheel. A rear stabilizer bar gives the Salon sportier handling characteristics.

Wheel opening and protective body side moldings are standard on the Salon and optional on the base Omega models.

Two-way electric power seats, power windows, power steering and power brakes are standard on all Ninety-Eight models and the standard engine is the 455-cubic-inch four-barrel V-8 with Turbo-Hydra-matic transmission.

Variable speed pulse windshield wipers, power door locks, power windows, power trunk lid release and a headlamp-on reminder are all new accessories available on the Omega for the first time.

Center fold-down armrests and standard front and rear. Two-way electric power seats, power windows, power steering and power brakes are standard on all Ninety-Eight models and the standard engine is the 455-cubic-inch four-barrel V-8 with Turbo-Hydra-matic transmission.

CUTLASS
Oldsmobile's mid-size Cutlass line-up in 1975 offers 11 models in four body styles -- two colonnade hardtop coupes, a colonnade hardtop sedan and station wagon.

TORNADO
The front-drive Toronado has two models this year -- a Custom coupe and a Brougham coupe. Both have a new rectangular opera window in the rear quarter sailpanel for added luxury and more privacy for rear seat passengers.

The 1975 Cutlass series includes the base Cutlass, Cutlass S, Cutlass Supreme, Cutlass Salon and Vista Cruiser.

The Brougham features loose-pillow look interiors, standard 60/40 divided front seats with dual controls. The interior trim is available in a variety of velour coverings or doekin vinyl in white or silver.

For increased fuel economy, the 250-cubic-inch L-6 engine and three-speed synchromesh transmission with column shift are standard on all Cutlass models except the Salon and station wagons.

The Toronado taillamps have been placed in a horizontal position and combined with the backup lamps in the rear end panel above the bumper. New vertical chrome bumper bars with body color inserts extend above the lower bumper bar to provide added protection from minor impacts in those vulnerable areas. These vertical bars move with the bumper into flexible rear end caps on minor impacts.

The 260 V-8 and Turbo Hydramatic transmission are standard on the Cutlass Supreme Cruiser and Vista Cruiser and optional on all other Cutlasses.

Three new grilles identify the Cutlass models with specific designs for the Cutlass and Cutlass S, the Cutlass Supreme and Vista Cruiser, and the Cutlass Salon.

The 455-cubic-inch four-barrel V-8 engine and Turbo Hydramatic transmission are optional on all 1975 Cutlass models.

Tail lamps on the Cutlass and Cutlass S have a dual over-and-under theme while the Cutlass Supreme and Cutlass Salon feature dual vertical lenses.

Swivel bucket seats are available on the Cutlass S and Cutlass Supreme coupes and the latter includes unique removable, reversible, front seat cushion and back pillows with vinyl on one side and velour on the other.

Several new options are available on the 1975 Oldsmobile full-size models. A new remote controlled left hand outside mirror with lighted intergral temperature indicator is available on all full-size models. The intensity of the light can be controlled with the light switch in the same manner as the instrument panel lighting.

A new, wider, protective body side molding with a bright accent is available on all 1975 Cutlasses. Tempmatic semi-automatic air conditioning, introduced on Oldsmobile's full-size models in 1974, is also available.

Another new option is a theft deterrent system that features flashing exterior car lamps and rapid horn blowing in the event of an attempted forced entry. The system is armed by locking the door with the key and detects an attempted improper opening of the trunk, hood or doors.

CLOVIS HWY. MULESHOE

WASHINGTON REPORT BY
Lloyd Bentsen,
United States Senator

CONGRESS BITES BULLET
I am convinced that this year Congress will make substantial reductions in Federal spending as part of the effort to ease the threat of rising prices and restore economic stability. Cutting government spending is always difficult because of the importance of individual programs to different sections

Rodeo . . .

Cont. from Page 1

were from Muleshoe. They were Curtis Snell, six year old son of Mr. and Mrs. Bill Snell; six year old, Steven and three year old Chad Griswold, sons of Mr. and Mrs. Dale Griswold.

Curtis placed first in the stick horse race, second in the water bucket obstacle, second in the boot scramble and third in the goat ribbon race.

Chad placed third in the goat ribbon race and fourth in the stick horse race.

Steven won second in the goat ribbon race, fourth in the water bucket obstacle, and sixth in the egg and spoon race. He also won the greased pig contest in which the prize was getting to keep the pig.

of the country and to the nation as a whole. Despite the difficulties, however, Congress has already made some hard decisions on where our resources should best be allocated -- and where they could be cut.

Former President Nixon proposed a \$305 billion budget at the beginning of this year. To date, the Senate has reduced the appropriations in this budget by \$5.5 billion in approving seven of the 12 basic appropriations bills. Budget cuts will also be made in the remaining five appropriations bills, but until we can more closely examine the specific provisions of each measure we can't estimate what or how much will be trimmed.

Lions . . .

Cont. from Page 1

items are manufactured by Texas Blind Workmen in Texas Lighthouses.

All proceeds will go to buy eyeglasses for needy children and other community projects.

The Caravan Truck will be located at the Muleshoe State Bank Parking Lot and business will be canvassed.

Besides voting for the \$5.5 billion in budget cuts already approved by the Senate, I have personally voted to reduce spending even further, by almost one-half billion dollars more. And I am seeking further reductions.

This week I recommended that the Senate cut appropriations for the Federal Aid Highway Bill by some \$185 million, out of a total of \$716 million, through fiscal 1976.

As Chairman of the Senate Transportation Subcommittee and author of the measure, I am well aware of the need for completing our nation's Interstate System and adding new highways in urban and rural areas.

However, I am equally aware that restraint must be exercised in all areas of govern-

Cotton . . .

Cont. from Page 1

nation, prices should perk up in the coming months," believes Baker. "Furthermore, mills are exhausting their contracted supplies of cotton, so they will be in a buying mood before long."

World demand for cotton during the market year which began August 1 should exceed production by 1.5 million bales, notes the economist. U.S. exports should reach 5.5 million bales while domestic consumption is expected to drop 200,000 bales to the 7.3 million-bale level due to a weak textile market. Nevertheless, U.S. carryover stocks by August 1, 1975 will be at a 23-year low of 3.3 million bales.

Boxing . . .

Nix Implement building, courtesy of Mrs. Fred Johnson. Danel Reyna is the trainer and he is being assisted by Herb Whalin.

Muleshoe fighters will be attending out of town matches in the near future and there will be a Muleshoe Invitational Tournament held here January 10 and 11. Approximately 25 local fighters will be matched with boys from Levelland, Lubbock, Olton, Tulla and Plainview. Local fighters will have a year's experience behind them at this tournament and should have some good fights.

ment spending. In my recommendations, I attempted to defer projects which could be deferred and to scale down others. Among those which would be reduced are the program for access roads to Federal lakes and a special bridge replacement program. One project, to repair bridges leading to the Florida Keys, would be funded at a much slower pace than planned.

Congress is more than willing to bite the bullet in accordance with President Gerald Ford's call for reduced government spending. We have already made some substantial cuts, with more to come.

Jaycees . . .

ways of today. Keeping safety in mind, highways must be kept up in order to benefit the general public.

Jones reported that work will begin maybe as early as December on the widening of Highway 84 which goes through Muleshoe.

Those attending Monday's meeting were Charles Moraw, Royce Harris, Hugh Young, James Brown, Larry Goree, Bill Dale, Richard Bennett, Ed Cox, Darrell Oliver, Carter Reed, Mike Armstrong, Ken Addison, Leon Logsdon, Ken Box, Joe Bob Stevenson, Gene McGuire, Monty Dollar, Bill Russell, Jerry Wenmohs, Ken Ferguson, John Fuston, Jack Hysinger, Butch Duncan and Larry Cason.

FIGHTING ON OTHER FRONTS

But this is only the first step we must take to curb spiraling inflation. The fight must take place on many other fronts if we are to succeed in restoring our economy to full health so that the lives of wage earners, housewives, small businessmen, farmers and all other Americans can be improved.

We need positive action. And we need action now. The Federal Reserve Board should ease its tight money policy and help bring interest rates back down to earth so we can increase production of items in short supply. We should also channel scarce loan money to such depressed industries as homebuilding and away from such non-productive enterprises as corporate take-overs.

We should promote research and development programs in such areas as food production and we should expand job training programs to boost productivity. I was pleased that President Ford endorsed my call for a task force to monitor wages and prices. Congress quickly responded by giving him authority to create the agency. It is needed to keep track of price increases and wage settlements and, even more importantly, to advise government when its actions are inflationary.

sense of direction. Congress has taken steps to cut federal spending as a vital first step in our nation's fight against inflation. Although it is only a first and single step, without it all the others would be meaningless.

There are always enough publicity-seekers to take on needed projects plus unneeded ones.

Gerald Ford, President, on Vietnam draft dodgers and deserters: "... I foresee their earned re-entry into a new atmosphere of hope, hard work and mutual trust."

George Wallace, Governor of Alabama, in Maryland: "Regardless of one's physical condition, if you have Christ in your heart, you are whole."

SEE OLDSMOBILE '75

Introducing Starfire—the little Olds you didn't expect. It's a sporty little four-seater that's smaller than a compact... easy on gas... but a bonafide Supercoupe in looks, features and spirit on the road!

Delta 88—our full-size family car never looked better—but it's more than just another pretty car. It's really built for the long miles. 7 models, including a convertible, with room and comfort for a growing family.

We raised the gas mileage in every 1975 Olds model. Every '75 Olds has a new Maximum Mileage System that helps make it a better car in several ways. Our best mileage in years. Smooth-running engines. Fewer tune-ups and less routine maintenance. And—better exhaust emission control. The System represents the most advanced engineering and technology we can build into a '75 Olds. It includes a new catalytic converter (see below)—and a lot more.

There's a new high-energy ignition, for a hotter spark and improved ignition performance.

Also, Olds engineers adjusted shift points in transmissions. Installed low-ratio economy axles. And made GM-spec steel-belted radial tires standard.

As you can see, we've done a lot to improve the gas mileage capability of every 1975 Oldsmobile.

New Catalytic Converter—designed for long life. This "pod" full of platinum-palladium coated beads provides a new way to reduce most emissions—after combustion, in the exhaust. It does a more effective job—and it eliminates some of the gas-robbing, combustion-stage controls of the past. Best of all, it allowed Olds engineers to re-tune the engines to run smoother and give better MPG than last year.

IT'S A GOOD FEELING TO HAVE AN OLDS AROUND YOU.

MRS. DICK CHITWOOD AND KRISTIN ANNE

Get-Acquainted Tea Honors Kristin Chitwood

Mrs. Dick Chitwood and infant, Kristin Anne were honored at a baby shower September 20, in the home of Mrs. Paul Wilbanks from 2:00 to 4:30 p.m.

The table was decorated with a centerpiece of pink sweetheart roses and baby's breath. The table cloth was a dotted swiss yellow cloth. Punch, cookies, nuts, and mints were served from crystal appointments.

Mrs. Dee Chitwood, mother-in-law of the honoree was the special guest.

The hostesses were Mrs.

Eastern Star Friendship Night

Friona Chapter Number 990, Order of the Eastern Star, observed their annual Friendship Night, with a salad supper and program, Saturday evening, September 21st. Area Chapters attended. Attending from Muleshoe Chapter were: Mr. and Mrs. Frank Hinson; Mrs. J.H. Clay, Worthy Matron, Elizabeth Harden and Mazy Farley.

Jerry Harrison, Mrs. Paul Wilbanks, Mrs. Charles Pummill, Mrs. Clifford Black, Mrs. Mike Miller and Mrs. Corky Green.

Mesquite Bean Jelly Recipe

Select beans that are beginning to turn, amber or light red. At this stage they are ripe but still juicy.

Wash and snap them, as you would Kentucky Wonder beans. Put them in a pressure cooker and add water, "not quite enough to cover them."

Boil the beans under high pressure about 20 minutes, then strain off juice.

Bring to a boil four and three fourths cup of mesquite bean juice and a fourth cup of lemon juice. Add one box of powdered pectin products that insure jelly will jell and bring mixture back to a boil. Add seven and a half cups of sugar and bring to a full boil for five minutes, stirring constantly. Then you have mesquite bean jelly.

WINNER OF THE \$50 GIFT CERTIFICATE . . . Pictured above are Roger Albertson and the winner of the \$50.00 gift certificate, Mrs. Richard Bennett of Muleshoe. The Muleshoe Jayceettes sold tickets for the certificate for their money raising project. Roger Albertson donated the \$50.00 gift certificate to the Muleshoe Jayceettes.

WHO'S THE WINNER . . . Darren Albertson, son of Doctor and Mrs. Gary Albertson of Muleshoe drew Mrs. Richard Bennett, the winner of a \$50.00 gift certificate at Cobb's. The Muleshoe Jayceettes sold tickets at 25¢ per ticket for their money making project.

Aftergame Fellowship

There will be an aftergame Fellowship, Friday, September 27 in the First Baptist Church at 10:00 p.m. All students are urged to attend.

Bridal Shower Fetes Miss Lynn Hanson

Miss Lynne Hanson, bride-elect of Curtis O'Donald, was honored with a bridal shower on Tuesday, September 3, from seven to eight-thirty in the evening, in the home of Mrs. George Ritter, of Canyon.

Guests were greeted by Mrs. Ritter, who presented them to the honoree, Lynne Hanson, her mother, Mrs. Walter L. Hanson, and Mrs. Cecil O'Donald, mother of the prospective groom. Lovely pink and white carnation corsages were presented to the honored guests. Guests were registered by Mrs. A. K. Goodman.

The serving table was laid with sequin-trimmed net over pink satin. The centerpiece was a beautiful antique crystal bowl containing pink roses and baby's breath. This arrangement was centered over an oval mirror and flanked on each side by crystal candleabra holding pink tapers. Miss Elaine Hanson, sister of the bride-elect, and Jeanie O'Donald, sister of the prospective groom, served pink slush punch, nuts, and an assortment of decorated cookies, from crystal and silver appointments.

The many gifts were dis-

played on tables laid with white cloths. A Toastmaster Broiler-Oven was presented to the honoree by the following hostesses: Mrs. D. A. Brown, Mrs. Elmer Cements, Mrs. A. K. Goodman, Mrs. Crosby Hammons, Mrs. Bill Hicks, Mrs. O. W. Parker, Jr., Mrs. Tom Platt, Mrs. Otto Samuelson, Mrs. Newton Richardson, Mrs. Art Roberts, Mrs. Christeen Rossi, Mrs. Bill Wilson, Mrs. J. T. Woods, Mrs. Juanita Ziegler, and Mrs. George Ritter.

INVENTIVE AMERICANS
There is always something new under the sun that shines on the U.S. Patent Office, which receives more than 100,000 patent applications and issues more than 70,000 patents every year.

HONG KONG & EXPORTS
The State Department has reported that Hong Kong will limit its exports of all cotton, wool and artificial-fiber textiles to the United States to 835 million square yards under a newly signed three-year agreement that goes into effect Oct. 1.

DANCING AT THE LUAU . . . The E.S.A. had their annual Luau, Saturday, September 21, at the Catholic Center. Pictured above are a few of the couple's who were dancing to the music of the Electric Ear.

Local Women Attend Annual State Meeting

Two local women participated in convention activities at the Texas Home Demonstration Association 48th Annual State Meeting in Amarillo, September 17-19.

Delegates from Bailey County were Mrs. Gordon Murrain and Mrs. W.E. Meyers of Muleshoe.

They joined more than 700 members of Texas Home Demonstration Clubs throughout the nation workshops and special programs.

Local delegates attend workshops on delegate responsibilities, publicity, citizenship, family life, 4-H, health, cultural arts and recreation, safety and THDA itself.

Addressing the association as keynote speakers were Judge Mary Lou Robinson of Amarillo, Mrs. Wilmer Smith of Wilson, Texas, and Mrs. Florence W. Low, assistant director for home economics with the Texas

Agricultural Extension Service the Texas A&M University System.

Robinson discussed the role of women in a changing world, and Mrs. Smith spoke on "Home Life in Different Countries" Mrs. Low's topic was "Looking Forward with THDA."

Home demonstration clubs, numbering 1,195 in Texas with more than 20,000 members, are sponsored by the Texas Agricultural Extension Service, the Texas A&M University System and the U.S. Department of Agriculture cooperating.

Clubs are part of the Extension educational effort to bring the latest information on homemaking to all families in Texas.

A man who is superstitious isn't interested in the truth.

SEE THE NEW 1975 MONARCH AT YOUR MERCURY DEALER FRIDAY. THE DAY OF THE CAT.

Comet (with Custom Option). Who says gas economy comes only in plain little cars? Comet is stingy on gas. Generous on luxury. It's got a little Cougar in it.

Cougar XR-7. As unique in its own class as Continental Mark IV. And Cougar sets a rare standard in its class for being luxuriously equipped. It's like nobody else's car.

Montego MX Brougham. Roominess, luxury, and Mercury riding comfort. Plus mid-size car price, gas economy, and easy handling.

Monarch Ghia. For '75 Mercury introduces a new precision size luxury car. The Monarch 4-door is over one foot shorter than last year's average mid-size car. Yet it has more headroom, front and rear, and just 1.5 inches less legroom. The idea behind the new precision size Monarch is simple: design a moderately priced car trim enough to get good gas mileage. Yet roomy enough to seat 5 adults in comfort.

Grand Marquis, Montego MX Brougham and Cougar XR-7 shown with optional white sidewalls.

SEE ALL THE NEW 75's AT THE SIGN OF THE CAT.

GIL LAMB SPEAKER AT TAHA . . . Pictured left to right are Mrs. J.E. McVicker, Gil Lamb, Mrs. Dorothy Green and Rev. H.D. Hunter attended the TAHA luncheon at the First United Methodist Fellowship Hall. Gil Lamb was the special guest speaker at their luncheon.

TAHA Meeting Held In Muleshoe

In spite of rain, muddy roads and over-hanging clouds, Auxiliaries from 14 Hospitals were present for the District I Area 2 meeting of TAHA, held Monday, September 23 in the First United Methodist Church of Muleshoe. Ninety Auxiliaries and Administrators heard the President's message given by Mrs.

E.M. Kendall of Amarillo, TAHA President.

Councilwoman in charge of the plans and arrangements for the meeting was Mrs. J.E. McVicker, Mrs. Don Avery of Littlefield was co-council woman.

Coffee was served in the Recreation Room of the Church, from a table with brass and copper appointments. The centerpiece was a large hand-made wood windmill amid dried flowers in autumn hues. Home-made miniature saphyllas were served with the coffee.

The Auxiliary from Plains Memorial Hospital in Dimmitt presented an original skit.

Mrs. W.R. Scott of St. Anthony's Hospital Amarillo led the discussion for the "Show and Share" session. Several Auxiliaries brought hand-made gifts from their Gift Shops

to show at the meeting. Among the things displayed were demin shirts with handwork of embroidery and appliques, hand made rain bonnets, cookbooks, baby coverlets and other items.

The luncheon, served at noon in the Fellowship Hall of the Church, was served food that was all home-grown. Mrs. J.K. Adams, church hostess, served the luncheon, and most of the vegetables used were raised by the Adams. The home baked Trifalcate bread, made by Mrs. Arnold Alcorn, and served hot with butter. To add still more interest and to promote the Muleshoe area even further, door prizes of large baskets of fresh Bailey County grown vegetables were drawn for and given away to ten people.

Gil Lamb of Radio Station KMUL was the guest speaker and was introduced by Rev. H.D. Hunter. In Rev. Hunter's introduction, he said that Gil was a man who cared about his fellowman and about his town, and has gone far beyond the call of duty to help both. Gil Lamb's speech was entitled "One Man's Battle with Drug, Alcohol". It was a true story of his early life

and his struggle with the bottle. He stated that at one time alcohol was his glass crutch, and it had cut him up very badly. He told of the way he started, and the struggle to try to quit drinking and the degrading effect it had on his life and those he loved. He related some personal experiences and finished his inspiring talk with the poem, "The Touch of the Master's Hand". The group gave him a standing ovation.

Other people appearing on the day's program was Mr. Alex Williams, Mayor of Muleshoe, who gave the welcome to the group. He then presented Mrs. Kendall, the State President, with a pink ceramic mule with a bee on his nose. He explained that Mrs. Kendall's theme for the year 1974-75 was Enthusiasm, and

that he didn't know of any better way to create enthusiasm in a mule than to put a bee on his nose. The mule was given to commemorate her visit to Muleshoe. Mrs. John H. Bohmfalk of San Antonio, the TAHA President-elect, and Mrs. O.C. Caples, the TAHA Vice-President were also guests appearing on the day's program.

Mrs. J.E. McVicker stated that the Muleshoe Auxiliary

were very generously complimented on an excellent Area meeting, and she would like together and all the friends of the Auxiliary who donated the fresh vegetables for door prizes, decorations and their time. to thank all of her Auxiliary members who worked so hard and so diligently to get it all

Ford Introduces "Granada"

The Granada, a new automobile from Ford Motor Company with classic styling and five-passenger seating comfort, goes on sale September 27 at Muleshoe Motor Co.

The Granada is about half a ton lighter and two feet shorter than most standard-type cars. It is available in two-door and four-door models. Two series, the basic Granada and the luxurious Granada Ghia. "The Granada is a new concept for an American car," said Robert Hooten. "It is neither a small car nor a big car, but combines the best characteristics of both."

Standard equipment includes a 250-cubic-inch engine, three-speed manual transmission, manual front disc brakes, an all-new instrument panel, full

carpeting and vinyl-covered reclining front bucket seats.

Two V-8 engines, the 302-2V and 351-2V-V-8. Power assists are offered for steering, brakes, windows, driver seat and sunroof.

Extreme care and attention to detail set the Granada apart from other U.S. cars in its weight class.

Quality construction and precision engineering are the unseen elements that make the Granada a wise transportation buy. The body is protected against rust by 13 pounds of zinc-rich primer and chip-resistant baked enamel. Ninety pounds of insulation go into the Granada, nearly matching the sound-degener applied to the Thunderbird which is about 1,600 pounds heavier.

TAHA HONOREES IN MULESHOE . . . Pictured above are Mrs. O.C. Caples, TAHA Second Vice-President, McAllen, Texas; Mrs. John Bohmfalk, TAHA, President-elect, San Antonio, Texas; and Mrs. E.M. Kendall, TAHA President, Amarillo were special guests at the District I Area 2 TAHA.

Mrs. David Carpentier Graduates With Honors

Mrs. David Carpentier, daughter of Mrs. Ruby Edler was one of 49 students from the Department of Physical Therapy graduated recently at the Sixth Annual Commencement Exercises of the University of Texas School of Allied Health Sciences at the University of Texas Medical Branch.

Mrs. David Carpentier received Bachelor of Science and Certificates of Proficiency in Physical therapy for successfully completing a 14 month professional curriculum.

A physical therapist uses her skill to restore movement to physically disabled patients and help them return to their families and communities with the highest degree of personal independence possible.

Mrs. Carpentier also achieved a 4.0 grade point average during the 1974 summer trimester and was named to the Dean's List. At Commencement she was graduated with Highest Honors. She is a 1969 graduate

of Muleshoe High School. She has her BA in Biology from UT, Austin in 1972.

Students Held Piano Workshop

Mrs. Sam McKinstry held a piano workshop and theory class on Saturday, September 21, at 4:00 p.m., at Mrs. Sam McKinstry's studio.

There were two pianos and were used by two to four students at a time demonstrating technical drills. Each student brought his or her "Music Staff Book" to learn how music is written and "Know your note" game was played.

Some of the students played a piece of music to entertain the mothers and other guests. Traci Hutton, John Wuerfler, a duet by Cynthia Isaac and Jana Oyler, Janna Wuerfler, Terry Baker, Deborah Washington, a duet by

MRS. DAVID CARPENTIER

Gary Cox and Steve Claybrook and a sonata by Jana Oyler.

Students who attended the workshop were Janna Wuerfler, John Wuerfler, Cary Cox, Jana Briggs, Joe Dan Briggs, Terry Baker, Steve Claybrook, Sherry Washington, Deborah Washington, Kay Washington, Lori Leak, Cynthia Isaac, Elizabeth Isaac, Christina Isaac, Traci Hutton, Mrs. Bethlene Harper, Maribeth Dillman and Jana Oyler.

Mothers who attended the workshop were Mrs. Pat Hutton, Mrs. Don Leak, Mrs. Jimmy Briggs and Mrs. Frank Wuerfler.

Nursing Home News

by Myrtle Guinn

Mr. and Mrs. Whitford visited his mother, Mrs. Whitford and her mother, Mrs. Goodin on Thursday afternoon.

Mrs. Harris who hasn't been very well is feeling better we are glad to report, her daughter Vivian comes often to see her.

Mrs. Birdsong came and visited Mrs. McDaniel on Thursday afternoon. She also visited Mrs. Hall and me for a while.

Hall and Mrs. Guinn on Friday afternoon. She has been their friend and neighbor for years.

Mr. Stemmons came to visit awhile with Mrs. McDaniels on Wednesday. She seems to be feeling better each day.

Mr. and Mrs. Kenneth Largent of Littlefield daughter of Mrs. McDaniel and Mrs. Jam Walker and little daughter Kraski, Lubbock visited here Saturday afternoon.

The Assembly of God church group came and sang & played for us the entire audience joined the singing, then scriptures were read and explained. We welcome them all.

Mrs. Dorot Green visited Mrs. McDaniels Monday morning for a visit with Mrs. Guinn.

Mrs. Stevens and Mrs. Johnson of the home are in the hospital apparently critically ill, we are hoping they are better soon. We haven't heard from Mrs. Lewis, at Lubbock, in the hospital there, how she is, we hope she is improving and able to come back soon.

I went to the home of my son, Allen and Pauline Guinn, Sunday afternoon and Mr. and Mrs. Jerry Smith and children. Their daughter, Donna, and Roy Johnson, from Odessa, was also a visitor there, we have known him for many years, he and Allen went to school at Friona during their school days.

Mrs. Hazel Guinn and daughter Cynthia visited me on Saturday afternoon. They live at Friona.

Mrs. Ora Martin of Littlefield, is going home today, Monday after several days staying here with Mrs. Perry, her mother, who is ill and bedfast.

Several ladies from the First United Methodist Church hosted a Birthday party for eight honorees having a birthday in September. Mrs. Fulcher being the oldest at a 101 years such happy years they must have been for she is such a pleasant happy person now. Mrs. Mary Young

at the piano and another lady at the violin, Mrs. Sladen. The music was beautiful, several visitors were present and we welcome them. Mrs. Fulcher had several children and grandchildren to come celebrate her century birthday. We thank all the ladies who had a part in the entertainment. Refreshments of white birthday cake, spudnuts and punch were served and were delicious.

Mrs. Perry is still about the same. Her daughters are so faithful to come in and stay with her each day and Mrs. Harris is better we are glad to report.

Mr. and Mrs. Cleo Auddell are here for a visit with Mrs. Blackman. Mrs. Auddell is her daughter and they are from Layton, Utah. They plan to be here several days.

The following is an article I read that is applying to me each day of my life. 'The Lord has belted me, my family and home, No matter how great the problem, no matter how tired I might be, he has been there, with just the amount the wisdom and strength - and always with love, overflowing love that heals and restores and makes us all a family of friends and loved ones.' I hope you will find it to be a blessing too, in your own life as you travel life's pathway.

Progress 4-H Elect New Officers

The Progress 4-H Club met Tuesday, September 17, at 8:00 p.m. at the Lutheran Church in Lariat.

The meeting was called to order by Chairman Alta Ramm, and the minutes were read by Jo Ronda Rhodes. The American Pledge was given by Steven Griswold, the 4-H Pledge by Clayton Ramm. The 1974-75 officers were elected and are Curtis Carpenter, President; Bill Hodnett, Vice-President; Jo Ronda Rhodes, Secretary; Connie Floyd, Treasurer; Clayton Ramm, Parliamentarian; Alta Ramm, Historian; Pam Davenport, Reporter; Jimmy Hodnett, Boy Representative to Council; Connie Floyd, Girl Representative to Council.

The meeting was adjourned at 9:00 p.m. and refreshments were served afterward.

Young Homemakers Present Program To Students

The Muleshoe Young Homemakers presented an assembly program to all of the Second Grade students in the Muleshoe Richland Hills School, September 20 at 2:00 p.m.

"Let's Conserve Energy" was the topic of the program they presented. Mrs. John Mann was the leader for the occasion. She presented a talk on different ways to save energy in the home. The methods of saving energy were illustrated by Snoopy posters made by members of the club.

The assembly program was given in observance of the Young Homemakers of Texas Week. The members participating in the program were Mrs. John

LET'S CONSERVE ENERGY... was the program for all students in the Second Grade. Pictured above are a few of the students listening to the Muleshoe Young Homemakers presenting the program, Friday September 20 at Richland Hills.

Harmon Picks Top Games

This is a "sidelight" rather than a "highlight" (because it's the one question we're asked the most): How do we get the scores of all 300 or more college football games that are played each weekend around the country? Because our service carries all of them, it's a real challenge! But thanks to some very special people in various parts of the country who either take the time to call us on the telephone with scores or who

send us "score-cards" from their particular states, all final scores eventually get to us. Then - and it usually takes at least two weeks for all this to happen - we're able to publish an accurate tally on the fortunes and misfortunes of our forecasts. Many of you have asked why we don't publish our average each week... that's the reason. It's the biggest hassle in this business of forecasting football. So, because of our secret ingredient - special people - we're able to say that through Saturday, September 14th we were right on 2:7 games, wrong on 69, and there were 8 ties. Our picking percentage is .760 - and we're not complaining!

Ohio State has moved into the number 1 spot in our Top Twenty, and on paper should destroy the S.M.U. Mustangs. The spread between the two is a rather horrendous 40 points. However, it's a bit of an understatement to say that some of the national powers have been falling on their respectable faces against so-called breathers.

Notre Dame and Michigan, our number 2 and number 7 teams, powered their way to big wins last week and are favored to win again this week. The Irish will breeze by Purdue by 29 points, and the Wolverines will whip upstomped Navy by eighteen.

Returning to action this week is our last year's regular season national champion, Oklahoma. The Sooners take on Utah State at home. If they fiddle around with the Aggies as they did with Baylor two weeks ago, they could be in trouble. However, Oklahoma will rebound and beat the Utes by 35 points.

A real interesting game shapes up Saturday between Illinois and Washington State. The Illini just might be returning to national prominence after their huge win over Stanford. We're picking Washington State on the short end by 21 points.

Texas is ranked 8th... Texas Tech is un-ranked. And Tech has only beaten Texas three times in their 23 meetings. But it'll be close... the Longhorns by just nine.

New Arrivals

Rhyné Shay Rundell

Mr. and Mrs. Nickey Rundell of Rankin, Texas are the proud parents of a new baby boy born September 21, 1974 in the Mercy Hospital of Slaton, Texas.

The baby weighed six pounds and twelve and one-half ounces and was twenty inches long. He was named Rhyné Shay.

He has one sister, Rai Lynn, age seven and one brother Robby, age three. Grandparents are Mr. and Mrs. C.S. Coffman of Muleshoe.

A good joke is heard far and wide and for many years.

Chevrolet Features Three New Models

Chevrolet Motor Division marks one of the most significant years of product development in its history for 1975 with important break-throughs in vehicle design and an expanded lineup of 46 models in eight different car lines.

Pacesetters in the 1975 Chevrolet fleet are an all-new sporty sub-compact, the Monza two plus two and the completely re-designed Nova.

The new models are the culmination of one of Chevrolet's most innovative years in technical and mechanical advances that result in more efficiently operating automob-

bles. Compared with a year ago, three new models appear in the lineup . . . the Monza two plus two hatchback and the top-of-the-line Luxury Nova (LN) which is available in both two and four-door models.

The exciting addition to the Chevrolet family, the Monza two plus two, is a sporty sub-compact with a European styling flair and has two seats in front and room for two passengers in the rear. It unveils a new body and power train and features twin rectangular headlights.

The new Nova, representing one of its most extensive model year changes since being

NEW FLAIR FOR AMERICA'S FAVORITE—The standard Chevrolet, America's No. 1 car choice, offers a new level of luxury for 1975 and presents a different new look in front that gives separate identity to both the Impala (bottom photo) and the top-of-the-line Caprice Classic models (top photo). Styling changes include two new roof lines for four-door and sport sedan. The regular-size Chevrolets and station wagons are available in 15 models, in three series . . . Caprice Classic, Impala and Bel Air.

introduced as the Chevy II in 1962, spotlights new luxury models, new styling and important mechanical and structural revisions.

The Chevrolet passenger car lineup for 1975 will be unveiled in dealers showrooms from coast-to-coast on September 27, except Sportvan, Corvette and Vega models which will be publicly introduced at a later date.

Key developments throughout various lines are:
--Two new sedan roof lines, improved driveability and new front styling for the regular Chevrolet to enhance further its position as America's favorite car.

--New front and rear styling and ride and handling gains for the intermediate Chevelle.

--A sportier appearance, important equipment revisions and brake and other mechanical improvements for the Camaro.
--A broad range of "under-the-skin" refinements and design changes for the Vega, which retains its distinctive styling but has a total of 268 new parts and accessories covering product improvement and added convenience.

--New front styling, wrap-around rear taillights, greater interior luxury and improved operation to strengthen Monte Carlo's standing as a popular personal car.

--Chassis improvements, new toughness and improved operating efficiency that help the Corvette add to its luster as America's top all-around sports car.

--Development of a new small block 262-cubic inch V-8, featuring performance combined with fuel economy for use in the MONZA two plus two. The

engine is also teamed with the Nova as base V-8. (This engine will not be available in California at the start of production.)

--An improved 250-cubic inch six-cylinder power plant that features an integral cast inlet manifold and cylinder head design is base engine for Chevrolet and standard Camaro models and most Nova applications.

Heart of the extensive new vehicle systems design program for 1975 is a combination of mechanical advances designated as the "Chevrolet efficiency system." The system includes use of an underfloor catalytic converter and no-lead fuel for control of exhaust emissions in compliance with more stringent federal emission regulations.

Other features of the 1975 Chevrolet cars are:

REGULAR CHEVROLET—Two different appearances in the grille distinguishing Caprice models from Impalas and Bel Airs. Two new sedan roof lines with larger side viewing areas. A total of 15 models in three series . . . Caprice Classic and Estate.

CHEVELLE -- New front styling to provide different looks for Malibu Classic and Malibu models. Ride and handling gains from improved down-the-road tracking and other suspension refinements. Eleven models including top-of-the-line Malibu Classic and Malibu series. A

Lugano S-3 model is slated for introduction later in the model year.

CAMARO -- New look featuring wrap-around rear window, more luxurious interiors for the

LT model, new sport decor package. Line includes the regular sport coupe and the Type LT.

VEGA -- Popular styling retained but a list of 268 new parts and accessories ranges from engine and suspension equipment to new power brake and tilt steering wheel options. Lineup features standard notchback and hatchback coupes, wagon, LX notchback and Estate wagon plus such options as the GT Estate wagon, GT sport hatchback and wagon.

MONTE CARLO -- New appearance features re-styled grille, wrap-around taillights and luxury interiors with a choice of standard bench or optional 50-50 reclining passenger seat or swivel bucket seats. Line includes V-8 powered coupe or Landau coupe.

CORVETTE -- New soft-face front bumper with restorable honeycomb cell core. Rear bumper uses hydraulic energy absorbers, aluminum impact bar and urethane body color cover. Offered as two-door coupe and convertible.

MONZA TWO PLUS TWO—

Is it true that the best cooks cook by the weather? Yes, there is scientific basis for cooking by the weather. Experienced chefs know that there are certain cakes and icings which cannot be satisfactory made in rainy weather.

Cakes fall and icings turn out too grainy. Certain candies, like pralines, do not become creamy. This is due to the great amount of moisture in the air, which is picked up by the ingredients.

Because moisture has such a great effect on certain kitchen products many recipes are varied—are slightly different in the dry western states from those recommended in the other states, proof that the weather has a considerable effect on cooking.

CHEVROLET FOR 1975. CARS THAT MAKE SENSE FOR TODAY.

Nova LN Sedan

Monza 2+2

MONZA 2+2 The small car of tomorrow will probably be a little more powerful, handy and comfortable than ever. The 1975 Monza 2+2, shown above, offers this today. It has advances like rectangular headlights set in a soft front end, fold-down rear seat, and a new 4.3-liter V8 engine available.

CHEVROLET'S NEW EFFICIENCY SYSTEM FOR 1975 It's the key part of a program aimed at helping our new cars run leaner (more economically), run cleaner—and save you money every mile.

NOVA In the background above, our new Nova LN Sedan. A luxurious Nova with thick carpeting and wide-back reclining front seats. For 1975, all Novas have been emphatically refined along the lines of elegant European sedans. Nova's always been good. Now it's beautiful.

CAMARO Our sensibly sporty compact. It looks like a million and drives like it looks.

IMPALA America's favorite car continues to provide the room many families need plus plenty of quiet and comfort. Still the great American value.

WAGONS Big ones, small ones, in-between ones. Practical wagons that make sense for America. And you.

CHEVELLE Mid-size, easy to drive, room for six, mid-priced, strong reputation for value. America's most popular intermediate.

MONTE CARLO Its special ability: making you feel good. About the way it looks and drives. About your own taste and judgment.

**Back The Mules
All The Way**

**You Have Until 5:30 pm
Friday to Enter Contest**

**Enter Our Contest Each Week
...Nothing to buy - Just Pick Winners
HERE'S YOUR CHANCE TO**

WIN CASH WEEKLY PRIZES!

WIN FIRST PRIZE \$5
WIN SECOND PRIZE \$3
WIN THIRD PRIZE \$2

GRAND PRIZE \$50 For expenses and two tickets to the Cotton Bowl at Dallas, Texas. There will also be a contest and prizes for the Bowl Games!

**WINNERS TO BE ANNOUNCED
IN NEXT WEEK'S PAPER**

Please write FOOTBALL CONTEST
Muleshoe Publishing Company
Box 449 Muleshoe, Texas.
on envelope of mailed entry.

**Read the rules... Start Winning
RULES OF THE CONTEST:**

- The contestant must be 12 years or older.
- Only one entry per person may be made for any one contest.
- Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
- Mailed entries must be postmarked not later than 5:30 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest.
- Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
- The tie-breakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on envelope of mailed entry.
Decision of the Journal's scoring judges will be final.

**Watch for the Official
Entry Blank Each Week**

At Muleshoe Junior High

MJHS Has Its First Pep Rally

by Shari Harlin and Regina Burdan
On Thursday, September 19, M.J.H.S. had their first Pep Rally. All of the sixth, seventh, and eighth grade students went down to the gym for the pep rally. The cheerleaders, Shari Harlin, Gina Burden, head, Glenda Rasco, Shelly Splawn, and Sandy Dunbar led the student body in several yells. The Junior High band played the school song and the fight song while the cheerleaders did a pom-pom routine. Treena Bass made her first appearance as Junior High mascot. Ernie Vela talked to the student body about supporting the teams at their games.

Congratulations to the cheerleaders, Ernie, and the student body for a good job in boosting the boys on to victory.

**Student Council
Representatives
Elected**

On Sept. 17, 18, and 19 each class voted on class representatives. The results of the elections came out on Thursday. They were: Sixth grade, Clifton Watson, Shelly Hawkins, Curby Brantly, and Brad Poyner. The alternate is Nona Perez. In the seventh grade, the winners were Linda Shafer, Lauri Burgess, Sandy Dunbar, and Victor Leal. The alternate is Devrae Smith. The eighth graders that were elected were Regina Burden, Glenda Rasco, Donny Boone, Treena Bass. The alternate is Christine Vela. The Journalism Staff would like to congratulate these students.

**Student Council
Sells Fry Tickets**

by Debra Stevens and Lorena Martinez
The M.J.H.S. Student Council officers sold tickets for the Lions Club Fish Fry. They sold a total of 170 tickets. The officers that sold the most tickets were Mike Northcutt, first place, and Dave Poyner second place. Other officers selling tickets were: Mark Northcutt, Shari Harlin, Steve Turner, Benetta Roming and Keith Hawkins.

**"A" Team
Loses**

by Dickey Sudduth
Last Thursday, Sept. 19 the "A" team Mules were defeated by the Farwell Steers 12 to 6. The Steers started early in the first quarter and scored on a sweep. The conversion failed so they went ahead 6 to 0. In the middle of the second quarter the Mules scored on a 60 yard pass from Earnie Vela to Charles Williams. They also failed to make the conversion and the half ended with a 6 to 6 tie. The third quarter went scoreless but in the fourth quarter the Steers scored and again failed to make the conversion and the game ended with the Steers ahead 12 to 6.

**Seventh Grade
Football**

by Ezequiel Pecina and Mike Northcutt
Last Wednesday, September 18, 1974, the seventh grade had its first football game. The Steelers defeated the Vikings with an overwhelming score of 22-0. Thursday, September 19, the Dolphins scored a touchdown in the last few downs that won the victory over the Rams. The Dolphins failed to make the extra point. At the end the score was 6-0.

**"B" Team
Wins Second**

by Dave Poyner
Friday, Sept. 19, the eighth grade B team played the Farwell Steers on their home field. In the first half, the Mules dominated the playing, keeping the ball for all but four minutes and threatening to score once, but at halftime the score was still tied, 0 to 0. The only score came late in the game, with only two and a half left when Dickey Sudduth ran around the end for a 55 yard T.D. for the Mules. Sudduth also ran in the extra points. A minute later the game ended, the Mules undefeated and still not scored on. The final score was 8 to 0. Their next game is this afternoon at 5:00, here against the Dimmitt Bobcats.

**Market
Report**

COLLEGE STATION—
Grapes and prunes lead the "best buy" list at supermarkets this week, one observer says. "Bunches seem larger, and the grapes are very sweet," Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University system, said.
Texas oranges—selling by the pound or by the bag—also are on the market, and cranberry outlook indicates a six per cent crop increase, Mrs. Clyatt reported.
Vegetable counters currently show signs of fall with supplies of soft shell and hard shell squash, cabbage, carrots, dry yellow onions, rutabagas, potatoes, celery, green peppers, cooking greens and cushaw.
"Beef prices are about the same at the high level. In general, look for best values on round steak and roasts, calf liver, ground beef, arm and blade pot roasts and steaks. Although fryer chicken prices are up, specials on whole birds and parts still offer good values. "With the exception of pork chops, fresh pork is seeing few features at most markets—semi-boneless hams, canned hams, bacon and frankfurters remain the greatest value in smoked cuts."
CONSUMER WATCHWORDS: Homemade frozen dishes are more economical than commercially prepared frozen foods.

**Letter To
Editor Policy**

Letters submitted for publication in the Journal's Letters to the Editor column must bear the writer's signature and address. A phone number should also be included to facilitate confirmation of the letter and signature by the editorial staff. Names of letterwriters will not be withheld from publication. All letters printed will include the name of the writer. Letters to the Editor may not be published because of excessive length or because of statements considered libelous or in bad taste. The editor reserves the right to edit all letters for content or to reduce their length if necessary.

Card of Thanks
I want to thank everyone who
was so kind to remember my
husband while he was in the hos-
pital. Your visits, the cards
and flowers meant so much to
him and his family. Our thanks
goes out to Bro. Huggins, Bro.
Hawkins and Bro. Harlan for
their visits and prayers.
May God richly bless each of
you.
Mrs. Raumont D. Precure
and family

Letters To
The Editor

Retail Clerks International
Speaks for Itself.
The Law Provides That
"employees shall have the
rights to self-organization, to
form, join, or assist labor or-
ganizations - and shall also have
the right to refrain from any
or all such activities."
The Retail Clerks union has
petitioned the Board requesting
an election to determine whether
or not the Retail Clerks
International Union should re-
present the Muleshoe Nursing
Home employees.
The Retail Clerks Union has
no intentions of harming the
"Patients" of the Muleshoe
Nursing Home.
The most important Federal
Law dealing with Labor is the
Labor-Management Relations
Act of 1947 as amended by
Congress in 1959. It is usually
called the Taft-Hartley Act.
USED IRRIGATION
EQUIPMENT
Pivot systems; side roll sys-
tems; traveling volume guns;
tri-matics.
AVI INC.
Phone 806-272-3565

This Act is also called the War-
ner Act. The Wagner act pion-
eered in Federal Regulations of
Labor Management Problems.
It guaranteed the rights of work-
ers to organize unions, bargain
with employers, and choose their
bargaining representatives -
That is their Unions. It
defined a number of unfair
labor practices. These included
penalizing workers for be-
longing to unions, interfering in
the administration of a union by
employers.
In general, management does
not like union interference with
its workers, "It might hit their
pocketbook." In some areas
management has taken elab-
orate precautions to prevent union
organization. But in spite of
disagreements, management
and labor have seen that each
has a vital role in a free eco-
nomy.
The working person (man,
woman or young person) has
not broken the law when they
ask for organized labor. They
are only asking for their Rights
as a human being, or an Amer-
ican Citizen
You have the Right
To Self organization
To form, join or assist La-
bor organizations
To bargain collectively
through representatives of
your own choosing.
To Act together for purpose
of collective bargaining or
other mutual aid of protec-
tion.

To refrain from any or all
such activities.
The Union works for the em-
ployees. The highest wages
possible, overtime, regular pay
raises, better working con-
ditions, Retirement benefits, in-
surance and many more bene-
fits. "The Union Does"
It does not cost anything to
join, if you join the first month
after the business goes union.
If you fail to join within the

first month it will cost you
fifteen dollars initiation fee,
which will be paid in three
months at five dollars per month.
Every person who joins the union
will pay a fee from six to
eight dollars per month which
is called dues, and there are
no hidden expenses as you may
have heard. Also you don't join
the Communist Organization
when you join a Labor Union.
/S/Buddy W. Christ
