County Evaluation Shows Progress

City Accepting Bids On Three Projects

Three Local Projects Included For Bids

Jim Rankin, Muleshoe City Manager, reports that the city is inviting local contractors to make bids on three different city projects. Bids on all three will be received until 8:30 a.m. December 3.

The first project is for furnishing all plant, labor, material and equipment and performing all work required for a 50,000 gallon elevated storage tank.

Plans, specifications and bidding documents may be secured from the office of the city manager or at the office of Bill R. McMorries and Associates, Inc., 6300 Canyon Drive, Amarillo.

The second bid being received

at this time is for furnishing all plant, labor, materials and equipment and performing all work required for drilling and equipping two water wells.

The third bid is for furnishing all plant, labor, material and equipment and performing all work required for furnishing and installing 5,100 LF of 12 inch and 14 inch water supply lines and miscellaneous items.

Rankin also stated that plans for Highway 84 construction are available at the Muleshoe City Hall as well as at the Highway Department in Littlefield.

He also said that the blue prints of the construction include the drive way locations along Highway 84.

Gold Star Winners Receive Certificates

Two Bailey County youths, Ruth Ramm and Tim Wheeler, were among 40 outstanding teenagers receiving the coveted 4-H Gold Star award in Lubbock this week.

The Gold Star is the highest county award offered in 4-H, presented to a boy and girl from each county for their achievements, leadership and contribution to the county 4-H program.

About 400 parents, Extension Service and electric cooperative representatives, and special guests attended the annual event at Lubbock's Coronado High School. Winners were presented gold star certificates by

Bill C. Gunter and Catherine Crawford, district agents with the Texas Agricultural Extension Service.

Graddy Tunnell, attorney from Plainview, was master of ceremonies.

Dave King of KSEL Radio in Lubbock narrated the presentation of awards following an address by Jim Morris, Association Division Coordinator, Texas Electric Cooperative, Inc. Austin.

Several 4-H youths participated in the program, providing dinner music, leading in the invocation and 4-H Pledge and in ushering.

The special recognition banquet singled out the contribution of 4-H clubs, parents, leaders and the "dedicated men and women of the Agricultural Extension Service who provide leadership and training for 4-H Clubs."

Eleven area electric cooperatives joined in sponsoring the event. They include Bailey, Dickens, Lamb, and Lea (New Mexico) county electric cooperatives, as well as the CapRock, Lighthouse, Lone Wolf, Lyntegar, Midwest, Swisher and South Plains electric cooperatives.

Gold Star winners must be at least 13 years of age, must have completed at least three years of club work, must be currently active in 4-H, and can receive the award only one time.

Tiller Wins

Quilt Given

Away Saturday

The Needmore Thanksgiving Supper was held Saturday night at the Needmore Community Center with a large crowd present.

Charlie Tiller was the winner of the quilt given away by the Needmore Community Club.

All proceeds from the supper will go to the Community Building Fund.

Cotton Harvest Increasing This Week On South Plains

Cotton harvest increased on the High Plains this week, according to Paul R. Dickson, in charge of the USDA's Cotton Classing Office in Lubbock. "We opened the Brownfield office last Monday and will open Levelland and Lamesa next Monday," he added.

The USDA's Agricultural Marketing Service reported Lubbock and Brownfield classed 20,000 samples during the week ending Friday, November 22. This brought the season's total to 22,000. On this same date last year the total was 532,000 Dickson said.

The predominant grades this week were 51 and 52. Grade 51 accounted for 39 percent while grade 52 was assigned to 17 percent of the cotton samples. Forty-four percent of these samples were reduced one grade because of bark.

The predominant staples were 31 and 32. Staple 31 amounted to 21 percent, staple 32 was 24 percent of the samples this week.

Micronaire readings in the premium range of 3.5 to 4.9 accounted for 51 percent of the samples. This compares to 57 percent the week before. Micronaire reading below 3.5 ac-

BASKETBALL ACTION... Carey Sudduth, No. 14, is shown as he attempts a lay up in the Muleshoe Mules and Dimmitt Bobcat game last week. The Mules lost their season opener against Dimmitt by a score of 70-33.

T.L. Glasscock Leads In Football Contest

With only one more weekly contest to go in the Football Contest, T.L. Glasscock has taken the lead in the contest. He won second place this week and with his last week's first place win, this puts him into first place with 16 points.

Winning first place this week was Sam Whalin who missed one game, Harvard-Yale. He was off nine points on the tiebreakers.

Second place went to Glasscock who missed one game also, Purdue-Indiana and was off 18 points on the tiebreakers.

Gary N. Stancell missed one game, Harvard-Yale, to captured third place this week. He was off 24 points on the

tiebreakers. Several entries missed only two games this week. They were Ruth Malone, Irene Splawn, Dan McVicker, Francisco Torres, Joe Gutierrez and J. K. Adams, Danny Waggoner, W. E. English and Howard Splawn each have 12 points in the contest.

First place winner will receive \$5 and 10 points in the contest. Second place will receive \$3 and six points and third place will win \$2 and four points. With Glasscock in the lead,

he is followed closely by David Stevens with 15 points and Hugh Young with 14 points in the contest.

The winner of the contest this year will receive \$50 and two tickets to the Cotton Bowl game to be played in Dallas on New Year's Day.

The contest in this edition of the Muleshoe Journal will be the last contest for the year as the collegiate football season comes to an end for another year.

AT&T Statement On Anti-Trust Suit

The following statement has been issued by Leslie H. Warner, chairman and chief executive officer of General Telephone & Electronics Corporation, concerning the civil antitrust suit filed Wednesday (November 20, 1974) by the U.S. Department of Justice against American Telephone and Telegraph.

"We are shocked and appalled that the Department of Justice has decided to take this action against ATT.

"If the Department of Justice prevails in its attempt to break up ATT, it will seriously undermine the high quality and efficient telephone service which has contributed so much to the growth and development of this country and is the envy of the rest of the world. Obviously, this certainly would not

be in the best interest of the public which, after all, the antitrust laws of the country are primarily intended to foster and protect."

General Telephone of the Southwest, with headquarters in San Angelo, Tex., serves over 1,100,000 telephones in 400-plus exchanges in Texas, New Mexico, Oklahoma, and Arkansas and is a subsidiary of General Telephone & Electronics Corp. (GTE).

GTE telephone companies constitute the largest non-Bell telephone system in the U.S., serving nearly 12 million telephones in portions of 33 states including parts of Southern California, the West Coast of Florida, a number of midwestern states, the Pacific Northwest

County Evaluation Nearing Completion

Bailey County Judge Glen Williams reports that the team evaluating county property are making good progress in their job.

Doing the evaluation for the county is J. W. McMorries, Sr., of Hereford. He has two assistants working in the county at this time, Jake Williams and Mike Chitty.

Judge Williams states that at this time the team has measured and made reports on all commercial, residential and private property in the city and are now working on homes and tracts of land outside the city. McMorries met with the Commissioners Court on November 14 and reported at that time that over 1900 tracts of land had been evaluated.

He also discussed with the court the schedules they are using including the grading systems that define the quality of houses and land and what the market value is.

When the project is completed the county will have the reasonable market value on every piece of property in the county including houses, farms and businesses.

The county will put a rate on the values. The evaluation reports will be made available to the city and the various school districts included in the county at a reasonable figure if

they desire to use these reports for their tax rolls.

The 1975 county taxes will be paid on this evaluation report.

Judge Williams reports that the team making the surveys reported that they have met with good cooperation from the people in Bailey County in making this survey.

Jaycees Have Meeting Monday

The Muleshoe Jaycees met Monday for their noon general membership meeting. The president Charles Moraw called the meeting to order. Invocation was given by Butch Duncan, the Pledge of Allegiance was led by Mike Armstrong and the Jaycee Creed was led by Monty Dollar.

Guest at the meeting was Kevin Tucker of Muleshoe.

A report was given on the Morton Social held Saturday night, November 23, for the Muleshoe Jaycees. Approximately 30 Jaycees from Muleshoe attended the event.

Charles Moraw reported that Lamesa will have their Charter Night Banquet on December 7 at Lamesa.

The Muleshoe Jaycees will have a Thanksgiving Social to be held Wednesday night, November 27 at the Muleshoe Country Club.

It was announced that Miss Muleshoe will be in the Christmas Parade.

The program was then turned over to Jim Rankin, chairman of the Speak-Up program. Hugh Young and Ken Ferguson gave their two minute speech.

Members present at the meeting were Royce Harris, Charles Moraw, Ted Barnhill, Bill Dale, Larry Goree, Ken Ferguson, Con't on page 3, col. 5

Basketball Season Begins At MHS

Coach Raymond Schroeder, Muleshoe High School Basketball Coach, reports that the varsity leagues have played one game this season.

The boys lost their season opener to Dimmitt, 70-33 last week.

Coach Schroeder stated that the Mules started the 1974-75 season with no returning seniors.

On the Mules' team this year there are six seniors, five juniors and one sophomore.

Water, Inc. Takes Stance On Importation

Water, Inc., officials have taken a positive stance the Bureau of Reclamation-Corps of Engineers study of an importation plan for West Texas and Eastern New Mexico. They have viewed the study as a giant step forward, a "poor press" notwithstanding.

On the positive side, the study found that a supplemental water supply is needed on the High

Plains of West Texas and Eastern New Mexico, that surplus water is available in the Mississippi River system and that from an engineering standpoint, facilities could be built to transport the water.

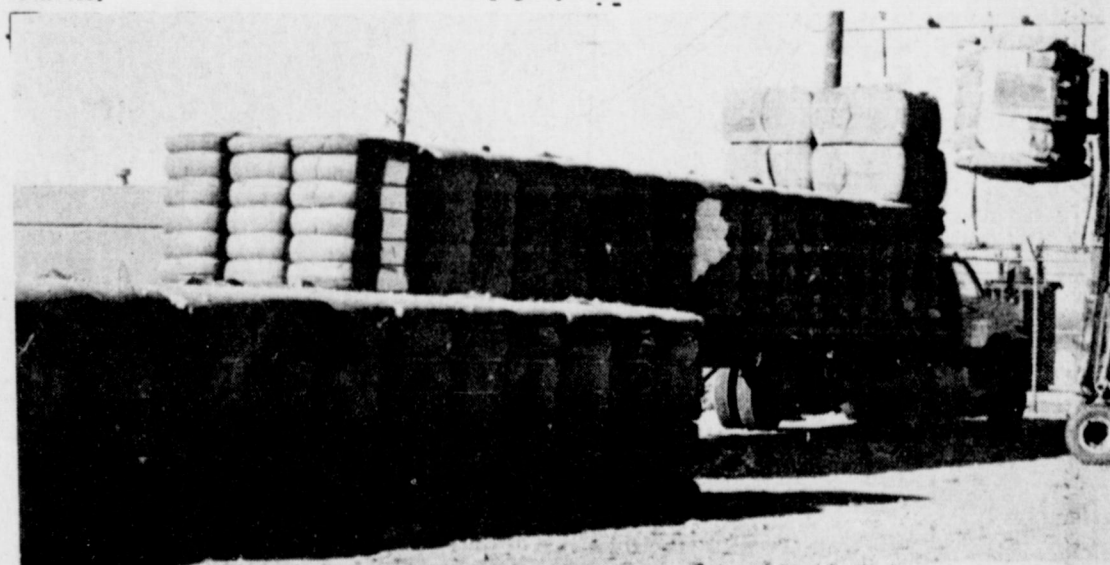

The single disconcerting finding was "the importation alternative cannot be economically or financially justified using present procedures." The key to this finding, however is "using present procedures". This phrase refers to procedures no longer in use which tabulated benefits only to the primary water user. Already, since the study was completed, procedures have changed which take into consideration some secondary benefits, and further procedural changes are anticipated within the coming year.

"All indications point to criteria revision by mid-1975 that will justify the feasibility of the import project," said Duncan Ellison, Water, Inc., executive director. "We continue to work Con't on page 3, col. 5

Basketball Season Tickets Now On Sale

Season basketball tickets for Muleshoe High School are now on sale here.

The tickets are \$5.00 for students and \$10.00 for adults. These season tickets may be purchased at the principals' offices in the Muleshoe public schools.

LOADING COTTON... Pictured above is a truck being loaded at the Muleshoe Co-op Gin in Muleshoe. The truck is on its way to the compress. At this time the cotton harvest is above 20 percent complete with several hundred bales being ginned in the county since the harvest got underway. Clear weather has been beneficial to the cotton farmers.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

The plight of U.S. cotton farmers, caught between low and declining prices on one hand and high and rising production costs on the other, dominated discussions of the Producer Steering Committee (PSC) of the National Cotton Council at a meeting November 21.

Gathered in Dallas from the 14 top cotton producing states, the 19 committee members expressed concern that a significant number of cotton producers across the Belt may be unable to obtain production loans in 1975. The committee tentatively agreed to ask the Secretary of Agriculture to take five actions pointed toward alleviating the situation.

High Plains committee member Don Anderson of Slaton emphasized that the PSC decisions were only tentative, and are expected to be finalized at another meeting in New Orleans on January 7. The ultimate PSC recommendations will be presented to the National Cotton Council Annual Meeting in Phoenix on February 3 and 4.

The current thinking of the PSC as reported by Anderson, together with comment, includes the following:

- (1) That the Commodity Credit Corporation loan be finalized by November 1 of the year preceding the beginning of the crop year. For 1975, USDA has announced a "preliminary" loan of 34.27 cents per pound, basis Middling Inch cotton at average U.S. location, and has reserved the right to review this level and possibly change it prior to the beginning of the marketing year on August 1, 1975.
- (2) That the loan period span 28 months unless the Spot Market price of cotton rises to 130% of the loan price. The current loan extends for 10 months from the first day of the month in which the loan is made, but the Secretary has authority to extend loans for a maximum of another 18 months.
- (3) That the resale price for CCC owned stocks be no less than 130% of the current loan plus carrying charges. Currently, CCC stocks may be sold at 115 per cent of the loan plus carrying charges.
- (4) That the 3-year average price of American cotton on the world market for purposes of determining the loan level be based on U.S. Spot Market averages. USDA now figures the 3-year average price from quotations on the Bremen, Osaka and Liverpool markets.
- (5) That USDA support the development of a program under which, with government assistance, farmers, buyers, and exporters would be insured or protected against default by parties to crop or sales contracts.

Also discussed in the committee meeting was the administration of disaster provisions in the current law, and plans were made for a subcommittee of the PSC to be appointed and work with USDA toward improvements.

Anderson is a past president and member of the Executive Committee of Lubbock-based Plains Cotton Growers, Inc., High Plains cotton producer organization which is also working for improvements in the 1975 cotton program. He was accompanied at the meeting by current PCG President Don Marble of South Plains, and Donald Johnson, PCG Executive Vice President.

The 38-cent target price for cotton was generally thought by the committee members to be too low, but no definite action was taken in that regard. However, Anderson said there was agreement that the "escalator clause" in the current law should not exclude 1974 price increases on production inputs when the cost of production is calculated.

As now written, the clause would calculate production costs increases beginning with 1975.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Now: Sterile Moths... Fair Practices Commended... Citrus Crop Down... Milk Production Up

STERILE screwworm flies are not the only sterile flies being raised in the Rio Grande Valley. Sterile moths that evolve into pink bollworms, the scourge of the cotton patches, are being mass reared at a laboratory in San Benito. The facilities are being expanded, and the goal of two million moths a week may be reached soon. On October 4, 65,000 sterile pink bollworm moths were flown to Florida and dropped on areas where wild cotton flourishes. Intentions of the USDA are to prevent spread of the pink bollworm from south Florida. Eventually, the pink bollworm, which was first found in Texas in 1917 in a Robertson County cotton field, may be brought under control in a manner similar to the way screwworms have been and are being controlled.

LIKE ANY INDIVIDUAL or any other agency, the Texas Department of Agriculture doesn't like to receive complaints and tries to do all that it can to avoid causing justifiable complaints. Department personnel were gratified recently to know that one effort is meeting with some success: The staff of the Public Employees Study Commission recently commended the Department's eight-member Equal Employment Practices Committee which was set up by Commissioner White to try to avoid any discrimination within the Department. In a letter to Deputy Commissioner Bill Pieratt, the Study Commission wrote: "It is encouraging to see such an impartial and effective means of handling complaints... The cross-section of management and employees, blacks, browns, and women who comprise the committee instills trust in the persons who might have complaints so that they might voice their dissatisfaction without fear of reprisal." All members of the TDA committee are employees of the Department. Two live in the Rio Grande Valley area, three in the Houston-East Texas areas, and three in the Central Texas area.

THE VALLEY citrus crop is expected to be almost a fourth less than the 1973-74 crop, according to Texas Crop and Livestock Reporting Service. In its November 1 forecasts, the crop now being harvested is expected to yield 13.3 million boxes, compared to 17.3 million boxes from the previous crop. That's a 23 per cent decrease. Grapefruit production is expected to be 7.8 million boxes, compared to 10.7 million boxes from last season. Early and mid-season oranges are expected to be 3.6 million boxes, down 14 per cent from last season; and Valencia oranges are forecast at 1.9 million boxes, down 21 per cent from the previous crop. Quality of the fruit is said to be the best in recent years. Harvest has been slowed by rains which have caused the fruit to grow large and, in some cases, to split.

TEXAS MILK production in October is estimated at 269 million pounds, which is the same as it was the previous month and six per cent more than for October, 1973. The average per cow was 765 pounds in October, 40 pounds more than the average a year earlier, and the price for all wholesale milk in Texas was estimated at \$8.90 per hundred. The dairyman's feed costs, however, were up considerable. The alfalfa hay he paid \$69 a ton for in October, 1973 was \$89 a ton in October, 1974; and 16 per cent protein mixed feed was \$155 a ton in October this year compared to \$129 a ton the same month last year... Texas broiler chicks placed during the week ending November 9 were estimated at 2,849,000, a decrease from a year ago of 13 per cent. Chicks hatched totaled 2,894,000, which was 12 per cent lower than at the same time in 1973, the Texas Crop and Livestock Reporting Service said.

NEWS NOTES

\$1,000 CHIPS OF GOLD

LAS VEGAS, NEV.--Big stakes gamblers at the baccarat tables of Caesar's Palace casino now use \$1,000 chips made of gold. The move is in line with a new state law requiring the use of chips instead of paper money at baccarat tables by Nov. 1.

HITS PAY DIRT

IDAHO SPRINGS, COLO.--David Mosch, 14, using old-fashioned prospecting techniques, discovered a rich vein of gold and silver ore on one of his family's old mining claims near here. It was 115 years ago when three major gold strikes within 25 miles of here triggered the gold rush of 1859.

CHILD ISOLATED

HOUSTON--A 3-year-old identified only as David has never felt the touch of a human hand. An inherited defect has robbed David's body of its ability to produce immunity against the billions of germs in the environment.

\$230,000 OVERLOOKED

LONDON--Abraham Cohen, 69, owner of a little tea and coffee stand was beaten to death for a few dollars and a carton of cigarettes. His killer overlooked \$230,000 stuffed in boxes, paper bags and cookie tins, police reported.

U.S. & SOVIET TOURISM

MOSCOW--Sergei S. Nikitin, chairman of the state administration for foreign tourism, has reported that more Soviet citizens will be permitted to travel to the United States and more hotels will be built in the Soviet Union to accommodate American tourists.

and Hawaii.

Warner continued, "We are particularly shocked by the timing of the action taken by the Department of Justice at a time when our country is in the midst of a recession, the stock market is in a shambles, and ATT and other telephone companies are already finding it almost impossible to raise the enormous amounts of new capital required to construct the facilities needed to meet their customers' service demands. The fact that the announcement was made at a time when ATT is involved in the largest debt financing ever undertaken by any company in this country is further evidence of the department's lack of awareness of the extremely serious economic problems confronting telephone companies and other utilities at the present time.

"Moreover, the department's action certainly is unwarranted in view of the currently active Federal Communications Commission investigation of the relationships existing between ATT, the Bell System operating companies, Western Electric and Bell Laboratories. It would have seemed for preferable to await the outcome of this investigation, rather than taking this ill-timed precipitous action especially in view of the fact that the FCC has primary responsibility for the regulation and surveillance of ATT and its affiliated companies."

MRS. MIKE TIBBETS

Mr., Mrs. Sain Honored At 25th Wedding Anniversary

Mr. and Mrs. Walter Sain were honored recently by a reception celebrating their 25th Wedding Anniversary in the Fellowship Hall of the Trinity Baptist Church.

Hosting the occasion were their five children, Debbie, an elementary teacher in Paducah, Texas, Beck and Bonnie, both students at Texas Tech. Tim a Fifth grade student at Mary DeShazo and Shelly a Second grade student at Richland Hills.

The serving table was laid

with white lace over a pink cloth and decorated with a three tiered wedding cake trimmed with pink roses and silver leaves, and tipped with a traditional 25th Wedding Anniversary ornament. The centerpiece was an arrangement of daisy poms baby breath pink carnations and silver bells.

The gift table was covered with a white linen cut work cloth and one end displayed a wedding picture of the couple and the wedding dress of Mrs. Sain.

Debbie, Becky and Bonnie Sain presided at the serving table. Approximately fifty guests were registered in the silver anniversary book by Shelly Sain. Tim Sain presented the guests with thank-you notes.

Assisting in hospitalities were Mrs. Clarence Jones, Mrs. Leslie Milligan, Jr. and Mrs. Ed Little.

Out of town guests were Mr. and Mrs. Howard Fulbright and Lisa of Lubbock, Mrs. Leslie Milligan, Jr., Suzie and Sonya of Azel, Mr. and Mrs. Michael Harper, of Clovis, and Mr. Dan Harper, of Clovis, and Mr. and Mrs. Marshall Rawie, Chico.

Walter Sain and Rosa Lea Little were married September 10, 1949, in the Fundamental Baptist Church of Decatur, Texas. After a wedding trip to Carlsbad Caverns and the Ruidosa area they made their home in Muleshoe where they operated the Muleshoe Laundry for the first six months of their marriage. After being associated for several years with Les Blacksmith and Machine Shop in 1969 he became co-owner with R.O. Gregory of the business, which they still operate.

Infants found with type of high blood pressure.

Mrs. Tibbets Honored At Shower

Mrs. Mike Tibbets was honored at a bridal shower Saturday, November 16 in the home of Mrs. D.O. Burelsmith.

Receiving guests were the honoree, honoree's mother, Mrs. J. M. Eubank of Garland; and honoree's mother-in-law, Mrs. W.A. Tibbets of the Dodd Community, Miss Shelia Hunt registered the guests.

The table was laid with a green tablecloth with the centerpiece of yellow mum arrangement. Mrs. Don Seales served the guests.

Out-of-town guests were Mrs. Weldon McClintock, grandmother of the groom, Mrs. V.K. McClintock and Shelia McClintock of New Home; Mrs. Bertha Stewart and Mrs. Winford Ross of Lubbock.

The hostess gift was a set of cookware, cookbook and a steam iron.

Hostesses for the occasion were Mrs. Clarence Mason, Mrs. Eugene Shaw, Mrs. Johnie Prater, Mrs. W. F. Bartley, Mrs. Gerald Prater, Mrs. Don Seales, Mrs. Arnold Prater, Mrs. Robert Hunt and Mrs. Lloyd Haire.

Considerations In Selecting A Coat

COLLEGE STATION—As cold weather moves in and warm clothes and winter wraps come out, purchasing a new coat may be necessary.

Some thought before purchasing will help insure a serviceable and pleasing garment, according to Claudia Mitzel, consumer education: clothing and textiles specialist with the Texas Agricultural Extension

Service, The Texas A&M University System. "First consider how the coat will be used. If it will be worn throughout the day at work or school, the best choice is a well-constructed garment made with high quality fabric.

"But if an occasional or dressy coat is all that is needed, a more delicate fabric or a less expensive garment may serve," she advised.

Also, the climate and wearer's preference for warmth determine a great deal about which weight of coat to select, she said.

"Before trying on a coat consider its construction," Miss Mitzel suggested.

—Is the stitching straight and even?

—Is the hem inconspicuous?

—Are buttonholes well made?

—Do seams that may ravel have some sort of seam finish?

—Are plaids or stripes matched at the seam lines?

—Are all parts of the coat cut in the same direction, especially with a pile fabric or a one-way design?

"Sometimes garments can be reinforced if their construction is not up to par. Generally cost rises as construction quality improves. But the only way to know how well a coat is made is to learn what to look for and then examine each coat

Progress 4-H Has Meeting

The Progress 4-H Club met Tuesday night November 19, 1974. The meeting was called to order by the Predisent, Curtis Carpenter. The Pledge of Alligance was given by LaVon Rhodes, the 4-H Pledge was given by Kristi White and the 4-H Prayer was given by Delia Shaw. The minutes of the last meeting were read and approved, and the treasury report was given by Jo Ronda Rhodes. The new and old business was taken care of and approved.

Mary Alice Ramm introduced and explained the points system for the coming year. Robin Taylor spoke on the special projects program, the major projects are the Self-determined project where one sets goals of the things he wants to do and learn. He keeps records and in the end he evaluates to see if he has met his goals. The Achievement project is where one has excelled and kept records in his achievements.

Enrollment for the 1974-75 year was done, one could choose from many projects such as Leather crafts, photography, cake decorating, electronic safety, cooking sewing, hobbies, and crafts, rabbits rifery, record books, livestock showing etc. The motion for adjournment was made and seconded so the meeting was adjourned at 9:00 by the President.

Refreshments were served. Members present were: Darin Shaw, Curtis Hunt, Dusty Rhodes, Rena Snell, Melissa

Jones, Paula Snell, Kristi White, LaVon Rhodes, Delia Shaw, Lori Hunt, Starla Black, Marvin Davenport, Clayton Ramm, Tommy Wheeler, Michael Davenport, Sharon Carpenter, Curtis Snell, Steven Griswald, Curtis Wheeler, Donnie Gage, Wesley Rasco, Scott Saylor, Kevin Grant, Jay Pierson, Joe Pierson, Connie Puckett, Johnie Pucket, Jimmie Henderson, Jo Ronda Rhodes, Curtis Carpenter, Allen Harrison, Kelly Harrison, Melendia Presley, Sheila Hunt, Pam Davenport, Danny Seals, Trenia Seals, Casey Farmer, Kim Farmer, Sharla Farmer, Kenny Henderson, Larry Nowell, Greg Harrison, Colette Ogery, Chris Nolan, and Eliane Smith.

RECIPE

By Sarah Anne Sheridan

If your family has a sweet tooth and you are always looking for a different recipe, try this one. The Autumn Fruit Cake may suit your family even better than the overly rich Christmas fruit cakes.

Autumn Fruit Cake

- 2 sticks oleo
- 2 c sugar
- 5 eggs
- 1 lb. box Graham cracker crumbs
- 1 can coconut
- 1 can crushed pineapple (drained)
- 1 c chopped nuts
- 1 t baking powder

Cream butter and sugar. Add eggs one at a time, beating well after each addition. Add other ingredients except nuts. Mix thoroughly, add nuts. Bake in a greased tube pan for one hour and ten minutes at 325 degrees.

Myasthenia Gravis Clinic To Be Held

The North Texas Chapter of the Myasthenia Gravis Foundation is announcing plans for an all day patient clinic, to be held at the High Plains Hospital, Hale Center Texas, December 6, 1974 beginning at 8 o'clock in the morning.

Dr. Bernard M. Patten, Assistant Professor, Department of Neurology, Baylor College of Medicine, Houston, will be present to conduct the clinic for Myasthenia patients. Dr. Patten graduated summa cum laude from Columbia College, New York in 1962, and from Columbia University, College of Physicians and Surgeons, New York in 1966. He is a Diplomate of the American Board of Psychiatry and Neurology, and holds memberships in numerous professional societies. He has participated as an invited guest speaker at various Myasthenia Gravis Chapter meetings all over the United States.

Myasthenia Gravis is a neuromuscular disease characterized by varying weakness of the voluntary muscles of the body. This weakness is abnormally increased by continued or repeated use of the muscles at any one time or partially relieved by a short period of rest or inactivity of the muscles. In the beginning, the symptoms

often come and go, making early recognition difficult at times. The symptoms may be any of the following, alone or in combination: drooping of one or both eyelids, blurred vision, double vision, loss of facial expression, difficulty in chewing or swallowing, and easily fatigued slurred voice, difficulty in breathing, difficulty in raising the arms overhead, weakness in arms and hands, difficulty in extending the fingers, weakness in flexing the thighs at the hips, weakness in lower limbs especially when trying to walk on heels.

J. E. McVicker, Chairman, states that the Northwest Texas Chapter is honored to have Dr. Patten coming for this all day patient clinic and urges all myasthenia gravis sufferers and their families to plan to attend. All the expenses for the clinic are being financed by the Chapter, with the exception of any extra tests such as x-ray.

Needmore's Annual Thanksgiving Supper

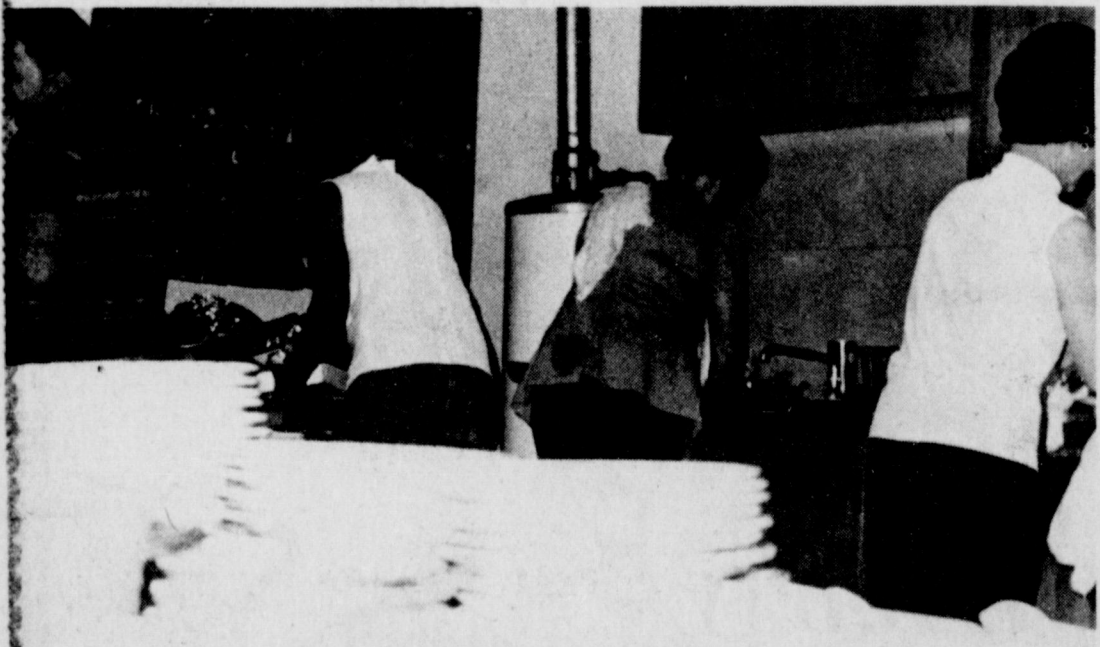

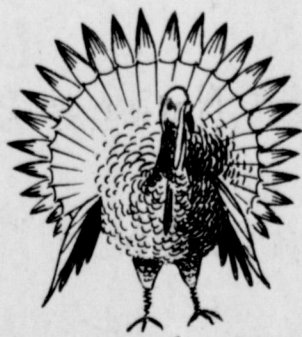

Needmore's Annual Thanksgiving Supper was held Saturday, November 23 at the Needmore Community Center beginning at 6:00 p.m.

Hundreds of people came to the Needmore Community Center to enjoy turkey and dressing and all the trimmings prepared by the ladies of the Needmore Community.

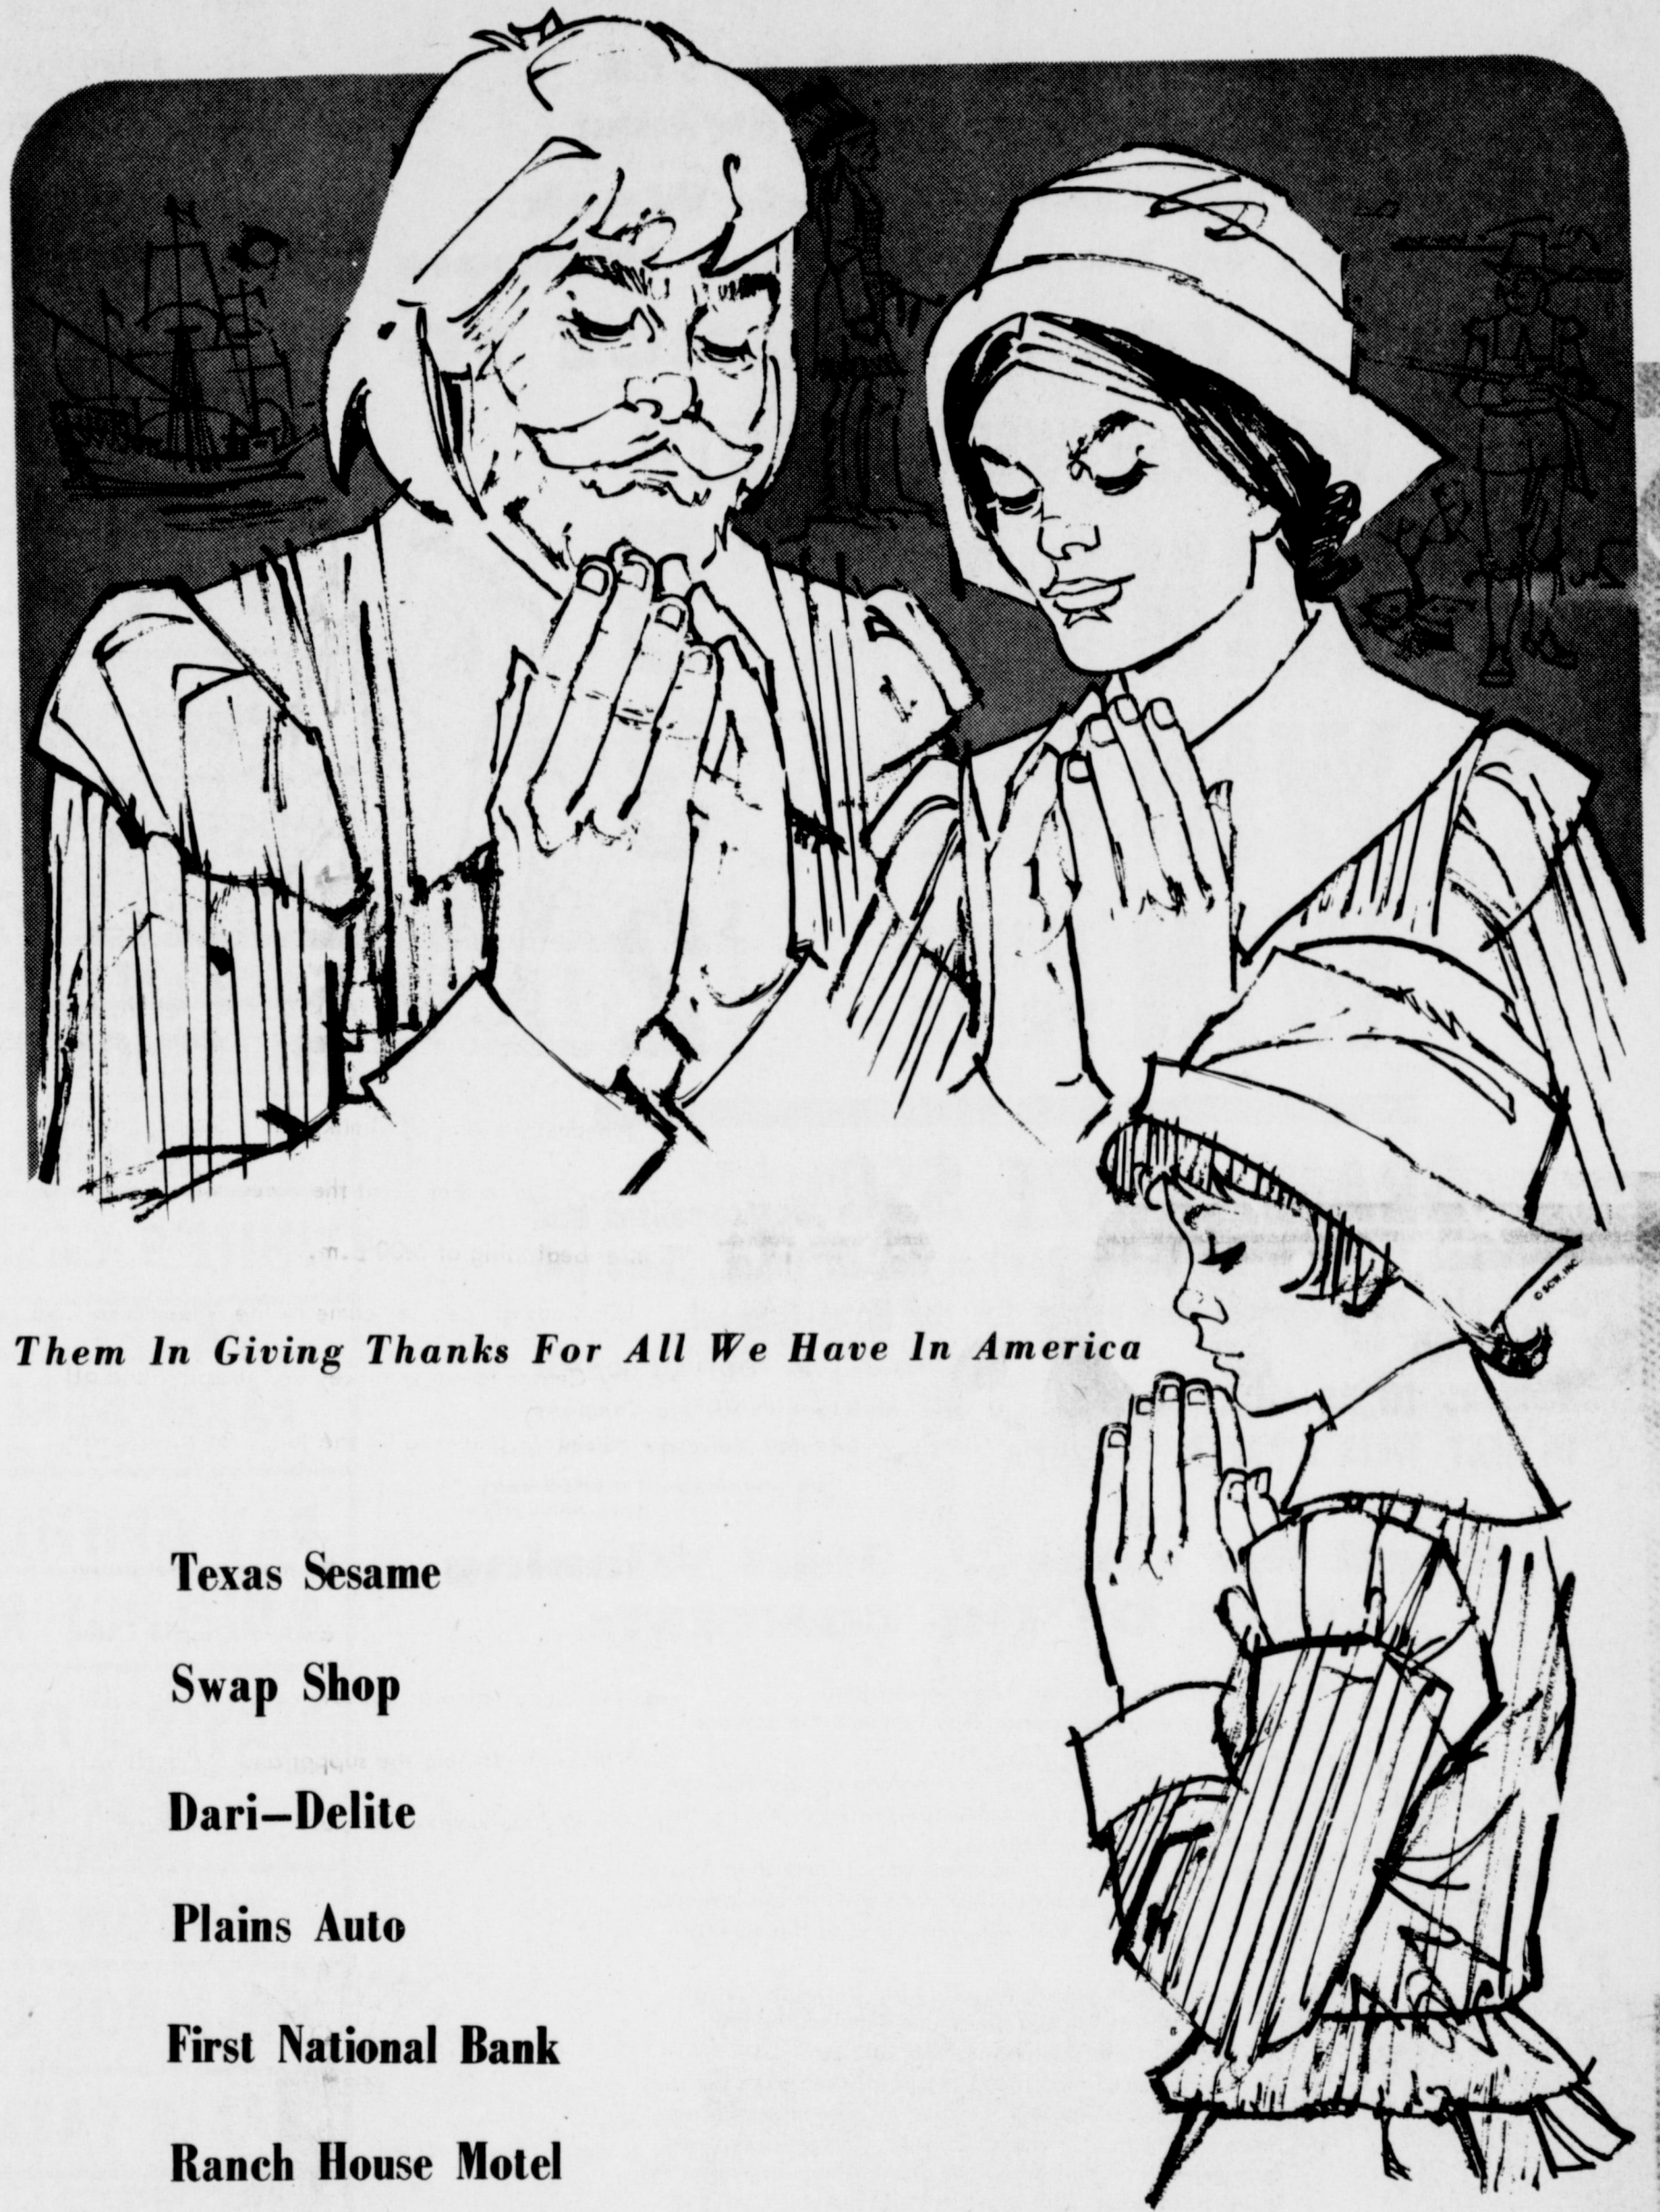

During the supper, a quilt, made by the ladies of the community was given away. Charlie Tiller was the lucky name drawn and received the quilt.

All proceeds from the supper and the quilt will go into the Needmore Community Center Fund.

Thanksgiving

Not many people realize that our first Thanksgiving in 1621 was not a celebration of a bountiful harvest. Our Pilgrim Fathers experienced a very lean harvest that year and had suffered many hardships. Their spirits were low, but rather than giving up in bitterness, they set aside a special day to rejoice in their meager harvest and to give thanks that they had made it for another year. America was created with that kind of determination...the determination that no matter how difficult the present might be, we still had a lot to be thankful for and we would go on to build a better future. Today, 353 years after our first Thanksgiving, we are the strongest, most powerful and richest nation the world has ever seen. We have our problems, we have difficulties and have experienced great crises, but the determination our forefathers had lives on in us. We still have a lot to be thankful for.

AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Legislative Budget Board heard warnings that spending demands and cost of school finance formula revision are fast eating up an anticipated \$1.4 billion surplus.

Lt. Gov. Bill Hobby said talk of tax cuts is "premature" until the board completes its spending recommendations next month.

LBB aides echoed earlier words of caution that spending all the fat surplus in sight would mean a record tax bill of \$1.5 billion in 1977.

They also calculated that state government agencies already have requested more than \$1.7 billion in increased general revenue appropriations for the coming fiscal period. That is 80.3 per cent over the current level—and \$300 million more than the anticipated surplus at the end of the next biennium.

Cost of overhauling the school finance formula—priority goal of the 1975 Legislature—was estimated at from \$570 million to \$873 million during 1976-77.

LBB figured it has recommended \$362 million in general revenue increases for the agencies. More agencies will have their appropriations requests reviewed and acted on December 9.

The Mental Health and Mental Retardation Department would receive under Board recommendations \$68.4 million in general revenue—an increase of \$227.3 million, but far short of the \$913.6 million requested.

Recommendations of the budget board will go to the legislature when it convenes next January to write the 1976-77 appropriations act and perform other biennial lawmaking assignments.

WIDE OPEN ALLOWABLE—For the 33rd consecutive month, the Railroad Commission ordered a 100 per cent statewide oil allowable in December.

Major purchasers of crude oil wanted slightly more than four million barrels a day produced. This is a slight decrease, of 33,912 barrels, from November.

Most purchasers asked for the same amount. One asked a substantial increase, and another decreased its nomination to buy slightly.

LIQUOR BOARD HEAD QUILTS — O. N. "Newt" Humphreys resigned under fire as administrator of the Alcoholic Beverage Commission.

Hired in 1968 in a general cleanup move, Humphreys said he was quitting because a second member of the three-man ABC had asked him to step aside.

R. L. Thornton Jr. of Dallas had been after Humphreys' scalp since last May. Joe Burkett of Kerrville last week came over to Thornton's point of view, at least in part.

Humphreys shocked a House Liquor Regulation Sub-Committee by announcing his move at a meeting of the group immediately after a brief closed-door ABC meeting. He indicated he was caught in a cross-fire between Thornton and Burkett over whether or not to fire some of his employees.

COURTS SPEAK—The Supreme Court took under advisement lengthy arguments over whether the Railroad Commission has power to apportion natural gas among areas in accord with supplies and needs.

A Lower Colorado River Authority \$11 million contract suit against Coastal States Gas Producing Company has been transferred from Brenham to Bryan.

The Court of Criminal Appeals reversed a life sentence ordered for a Harris County man convicted of slaying three, and ordered a new trial.

Another sentence — 35 years for sale of heroin — was reversed by the same court on grounds of hearsay notations on the evidence submission envelope.

AG OPINIONS — A county mental health and mental retardation authority must post notice of meetings on a public bulletin board in the

courthouse under the open meetings law.

In other recent opinions, Hill concluded:

- When no fees are set by the legislature, district clerks can charge a reasonable fee for their services.
- There is no necessary legal incompatibility between the dual employment of independent school district tax assessor-collector and city commissioner, although such a conflict is conceivable depending on facts in each case. (Hill declined to pass definite judgment).
- A prison inmate on emergency reprieve is subject to Department of Correction rules and regulations and custody precautions.
- The Texas Air Control Board, while it has power to establish standards of performance for new stationary sources which have a practical possibility of emitting air contaminants, does not have authority to require permits for construction and operation of indirect sources of contaminants. Neither does it have authority to enforce federal regulations, although it can adopt and enforce its own, and monitor pollution activities.
- El Paso County can legally use a portion of its federal revenue sharing funds to contract with El Paso Hospital District for mental health and retardation services, public health units and clinics.
- A public employee can be reimbursed for expenses within his designated headquarters while using a public conveyance.

NEW SCHOOL FINANCE PLAN BACKED—The House sub-committee on public school financing endorsed the "weighted-pupil" concept of distributing school aid funds.

The proposal would provide money on the basis of individual student needs within districts.

The panel also approved determining state finance assistance in proportion to full market value of property in each school district.

It made no recommendation on what salaries teachers should be paid.

Portions of six different plans for school finance revision were reviewed and borrowed from.

APPOINTMENTS—Judge T. Gilbert Sharpe of Brownsville has been named by Texas Water Rights Commission to act as conservator for Duval County Conservation and Reclamation District.

Dr. Robert A. Montgomery and John R. Guemple will be new assistant deputy state commissioners of education. Charles Nix, Dr. Sergio Gomez and Dr. J. B. Morgan are associate commissioners. Dr. L. Harlan Ford will be deputy commissioner for educational program and personnel development and Alton Bowen deputy commissioner for administrative services.

SHORT SNORTS

First National Bank of Dallas and associates were successful bidders on a \$10 million "clean water" bond issue—at an effective interest rate of 4.75 per cent for 10 years.

Development of oil and gas resources on federal lands off Texas shores will cost state and local governments \$62 million a year, Land Commissioner Bob Armstrong estimated.

A Texas trade mission to Egypt and Kuwait is scheduled December 3-17 to explore new markets for Texas products.

A textbook publisher filed a \$30 million liable and slander suit against three Texas women who successfully protested adoption of the firm's book.

Gov. Dolph Briscoe was favored as chairman of the Texas delegation to the mini-convention in a telephone poll of delegates.

Garza, Lynn, Runnels and Somervell counties have been designated disaster areas for federal drought and storm aid.

Moscow to host Summer Olympics.

Public Notice

ORDINANCE NO. 133A
AN ORDINANCE AMENDING THE CODE OF THE CITY OF MULSHOE, TEXAS, BY REVISING THE CHARGES FOR WATER SERVICE AND DECLARING AN EFFECTIVE DATE.
THE CITY COUNCIL OF THE CITY OF MULSHOE, HEREBY ORDAINS;

A. That Article I of Chapter 17 of the Code of Ordinances, consisting of Section 17-10, is hereby repealed and supplanted, and shall hereinafter read as follows:

ARTICLE I, WATER SYSTEM SECTION 17-10, WATER RATES.

1. The following uniform monthly rates shall be charged all person, firms or corporations for the use of City water within the corporate limits of the City of Mulshoe.
1. For the first 2,000 or past thereof furnished during any calendar month, \$4.00, which shall constitute a minimum charge.
2. For all water furnished in excess of 2,000 gallons and not more than 20,000 gallons during any calendar month, being the next 17,000 gallons at \$0.40 cents per 1000 gallons.
3. For all water furnished in excess of 20,000 gallons and not more than 30,000 gallons during any calendar month, being the next 10,000 gallons at \$0.50 per 1000 gallons.
4. For all water furnished in excess of 30,000 gallons and not more than 40,000 gallons during any calendar month, being the next 10,000 gallons at \$0.60 cents per thousand gallons.
5. For all water furnished in excess of 40,000 gallons during any calendar month at \$0.75 per 1000 gallons.
B. That if any section, subsection, paragraph, sentence, clause, phrase or work in this ordinance, or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this ordinance, and the City Council of the City of Mulshoe, Texas, hereby declares it would have enacted such remaining portions despite any such invalidity.
C. That this ordinance shall be effective on and after the 1st day of December, 1974, and the City Secretary is hereby directed to publish the caption of this ordinance twice in the Mulshoe Journal within fourteen (14) days of the date of its passage.
PASSED AND APPROVED THIS 13th DAY OF NOVEMBER, 1974.

Tests Show Grain Unhurt By Discoloration

Nutritional value in grain sorghum is not affected by discoloration caused by weathering, according to Jack King, research director for Texas Grain Sorghum Producers Board.

"With prolonged rains we have had this year in the Texas High Plains area causing discoloration of grain, many grain producers and elevator operators have become quite concerned because the grain is not grading No. 2," King said.

"We felt discoloration had very little effect upon the nutritional value. Therefore, TGP-SPB collected samples of grain from grain exchanges in No. 2, No. 3 and Sample grades. We had a chemical analysis performed on each sample to determine nutritional levels. Results showed that all samples, regardless of grade, were equal in nutritional value when discoloration caused lower grades," stated King.

Tests proved that when all other factors are normal, discoloration alone does not change the nutritional value of grain sorghum.

The only test which showed a decrease in nutritional value was a batch which had been labeled Sample grade because of test weight as well as weathering.

No. 2 grain sorghum is the normal trading grade. The minimum test weight must be 55 lbs. per bushel, with maximum moisture content 14 percent.

Grade No.3 must weigh at least 54 lbs. per bushel and have a moisture level of 15 percent or less.

Sample is the lowest sorghum grade.

Dr. Robert Albin, animal nutrition specialist at Texas Tech University in Lubbock, stated after reviewing the samples he agrees that "according to these tests, there is no difference in nutritional levels due to discoloration."

Market Report

COLLEGE STATION--Poultry prices are on the move again--upward, one authority reports.

She's Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Chicken, turkey and egg farmers are being forced to curtail production because of high feed costs," Mrs. Clyatt explained.

The price hike follows an expansion of poultry prices, there is an accumulation of frozen turkeys in storage--and that should keep their prices from going very high, Mrs. Clyatt said.

"From an economy standpoint, now is a good time to turn to frozen turkey--buy the whole bird or parts."

There is more beef at meat counters with relatively low prices and more of the "Leaner beef"--good values appear on chuck roasts and steaks, round steaks, ground beef and liver.

Pork values are Boston butt roasts, quarter-loin, sliced and canned hams.

"Seafood in various forms is now a good budget stretcher--frozen portions, fillets and fish sticks, the specialist noted.

At produce counters, new-crop pecans are now available with prices close to those of last year. However, a price increase is likely, since this year's crop is a short one overall.

Other fresh fruits and vegetables in good supply at reasonable prices include apples, grapes, grapefruit, oranges, cranberries and tangerines.

Also, cabbage, carrots, cooking greens, hard shell squash, bulk turnips, rutabagas, dry yellow onions and potatoes.

Mrs. Clyatt predicted more price increases on processed fruits and vegetables--"which are already high--" as processors pass on to consumers the higher costs of sugar, cans, fuel, transportation and other items.

CONSUMER WATCHWORDS: Fewer shopping trips to the supermarket usually mean less temptation to impulse buying.

Vegetable bargains focus on cabbage, carrots, potatoes and rutabagas.

Also hard shell squash, cooking greens, sweet potatoes and dry yellow onions.

At meat counters, turkey is plentiful, but chicken prices have advanced, Mrs. Clyatt noted.

"Pork values include Boston butt, and chops, liver and quarter-loins cut into chops. Smoked items worth checking are semi-boneless hams, picnic, bacon, frankfurters and roll sausage.

Beef prices are down in general with bargains on chuck cuts, ground beef, sirloin steak, beef liver and stew meat.

CONSUMER WATCHWORDS: Nuts are half shell--and half nut meat, with few exceptions. It takes about two pounds of nuts in the shell to make one pound of nut meats.

So, if already-shelled nuts cost more than twice the price of unshelled nuts, the unshelled nuts are less expensive.
