GRAHAM, TEXAS, THURSDAY, SEPTEMBER 2, 1920.

NUMBER 1.

## NEW SHRINE TEMPLE AT WICHITA FALLS

Wichita Falls, Aug. 31.—Tinged with the spirit of Hella, Moshah and Ben-Hur Temples, and bound by the time of Freemasonry, Maskat Temple, Ancient Arabic Order of Nobles of the Mystic Shrine, sprang into life at 11 o'clock this morning when Imperial Potentate Ellis Garretson of Tacoma, Washington, presented his official proclamation to Imperial Marshal Frank C. Jones of Houston, who read it to the Maskat members assembled at the Wichita Theater, and installed the first divan for Maskat. The ceremonies were marked with a degree of dignity that characterizes the inner life of a Shrine organization, especially that of one so young as Maskat.

During the institutional program, officers of Hella Temple of Dallas assisted the imperial officers in bringing it into existence.

Mayor Walter D. Cline of Wichita Falls was honored with the election as the first potentate of Maskat. At the close of the ceremonies, Potentate Cline made a short address in which he thanked the various temples of Texas for their support in the application of Wichita Falls for a Shrine temple, which was unanimously endorsed by the Imperial Council recently at Portland.

Potentate Cline asked permission of the members of Maskat that his first official act be to hear a motion that Maskat Temple presented to Imperial Potentate Garretson a check for \$5,000 to be used in some charitable cause to be selected by Mr. Garretson. This motion was made, unanimously adopted, and the check was given to the imperial potentate, who, in acknowledging its receipt, said it would be used for a worthy cause and would be given in Texas.

Mr. Garretson expressed his personal pleasure at being present to inaugurate Maskat Temple, the first to be organized under his administration as imperial potentate. He was, in proud of the baby temple of a, and predicted for it a long happy life of prosperity.

### FOOTBALL INTEREST RUNNING HIGH

With the start of practice only a few days, interest among the prospective candidates for the Graham high school football team is running high. During the week past as many as twenty students will be in school this fall have had on the prospective coach to let know that they are coming out to fall for all they are able to do. Several tentative games with excellent teams have added as a further incentive to the boys and no doubt at first for practice as many as thirty men will be in uniform.

A review of old material shows that experienced men will be more plentiful than was first thought. The field will have such men as Gordon Stewart, Paul Kidd, Malcom Williams, and Mayes. The line will be more lucky in that they will have more experienced men. Players Charles McLaren, Harlan, Stearns, Mayes, Garvin Johnson, Arlyons, are not to be lightly despised by any team no matter how strong.

Work is being done on the boys' athletic room at the school house and at the start of the season they will find themselves the possessors of showers and a room for their own use. Provisions are being made for uniforms and tackle and also a field for practice and playing of matched games. With the referee's whistle starting the first game, Graham High expects to go on the field with a team that is out for the Northwest Texas high school championship which was won by Plainview last year.

### SIMMONS COLLEGE OPENS

Unavoidable delay in the completion of the new Science Hall has caused the Trustees to postpone the opening of Simmons College from September 15, as announced in the circular, to September 23. Entrance examinations have, accordingly, been deferred to September 21 and 22.

Prospects are that there will be seven hundred students at the opening. That means from three to four thousand people are interested in or indirectly in the opening of Simmons College.

## TEACHERS FOR GRAHAM SCHOOLS ARE SURVIVORS

The Board of Education has announced that teachers here selected and that the factor Graham public schools will be complete.

The faculty consists of: H. B. Cogdell, superintendent; T. S. Glenn, principal; Miss Johnnie Agnew; Miss Lillie B. Pate; Miss Arrie Barrett; Miss Bess McWilliams; Miss Margaret Short; Miss Amy Newsom; Miss Attye Griffith; Miss Nell Sammons; Miss Winnie Hamilton; Mrs. Lucy K. Isaacs; Miss Jewel Drew; Miss Clara Lodal; Miss Ned Bond; Miss Virginia Hight; Miss Beulah Grimes; Miss Mary Reath; Miss Clara Bates; Miss Salie E. Jones; Mrs. Lois Manry, En.

### NEFF IS GRATEFUL TO HIS FUTURE

Waco, Aug. 30.—Pat M. Neff, who spent Sunday with his mother near Waco, returned to his office early this morning and late in the afternoon delivered the following statement for the record:

"The returns from my primary are now sufficient to assure my nomination as candidate for Governor of Texas on the next ticket. Words are inadequate to express my sincere appreciation of the confidence reposed in me by the high honor bestowed by my friends and fellow Democrats.

"In the files of my names of more than a thousand personal friends who are unflinching workers in my behalf with whom I have had no correspondence during the campaign is perhaps a greater number than those who have been equally fortunate with whom I have had the pleasure of a personal acquaintance, and with a number of whom I have had no correspondence.

"Never has any other or more loyal personal friends than mine have themselves to be in this. To them I give credit for the success of the campaign, for in a political battle ever better or truer friends than those who have been equally fortunate with whom I have had the pleasure of a personal acquaintance, and with a number of whom I have had no correspondence.

"I cannot justly answer all these, and I desire through the press to acknowledge receipt of messages of congratulation and will, but to sincerely thank my friends throughout the State for their kind words, their counsel and their confidence. To all who stood by me during this historic campaign and shall forever be debtor in of sincerest appreciation."

### ATTEND THE SCOPENING

The parents and friends of Graham are cordially invited to be present at the opening of Monday, September 6th. R. R. Taylor will conduct the exercises after which the program informal though similar to of former openings.

After the morning session and at the close of a few recesses, the students will go to classes where books will be issued, lessons assigned.

Mrs. Lois Manry veston has been secured to take place of Miss Phillips, who resigned.

H. B. (LL, Supt.

## SMALLER TEXAS CITIES ARE MORE PROGRESSIVE

Are the smaller cities of Texas more progressive, governmentally, than the larger cities? Sherman has had the city manager form of government for several years. Citizens of Graham have just voted for it. That form has proved its worth over the old systems, even over the commission system at its best, in many sizeable American cities, Dayton being a notable example. In Dayton the city manager regime has made for increased efficiency in handling the municipality's business for economy, improvement and progress.

It could be made to do as much for any other city in this country. But in Texas the forward step has been taken for the most part, by the smaller cities, those in the 100,000 class clinging tenaciously to a system which, if not outworn, has served its day. It is possible for any city of metropolitan size to employ a manager who is a man of proven business capacity, and by clothing him with proper authority, make him solely responsible for the operation of the people's business. It would be necessary, as it would be economy to pay such a man a salary commensurate with his ability, one that would induce him to remain in the public service—indeed would help make of city manager a profession which many going and ambitious Americans would ultimately enter.

In Dallas recently a capable member of the Board of Commissioners was offered a salary by an outside business concern which was practically twice as much as the city paid him for his services. More and more is outside business going to outbid for such men; more and more is the quality of public service going to suffer as a result of the outbidding.

There is but one prospective reform. Cities, large and small must get down to a strict business basis, if they are to compete with private business. That will compel adoption of the most modern system of conducting the city's business, which means elimination of a duplicative effort, removal of hangers-on, sound planning and intellectual execution, concentration of effort and responsibility and jam-up service. The city manager system is the last step in city government. If the system has operated poorly in certain cities, the fault has been with the people, not with the system. The people have the power to keep politics out of their most vital business, and should exercise it. They have the ability to rid themselves of inefficient public service and should prove it.—Sherman Democrat.

### IMPORTANT MEETING OF CHAMBER OF COMMERCE

A general meeting of the Graham Chamber of Commerce is to be held in the auditorium of the court house Thursday, September 9th, at eight o'clock p. m., according to announcements made Wednesday by officers of the organization.

Every member of the Chamber of Commerce and every individual desiring to become a member for the ensuing year has a right to attend this meeting.

Officers and directors will address the general body, telling of what has been done by the Chamber this year, and a discussion of things of vital importance to Graham will be carried on by, any and all members or prospective members who have points to make. Information regarding Graham's oil, railroad, gas and other prospects will be put before the body and discussed. It is expected that a large gathering will assemble.

### NOTICE OF ADMINISTRATOR'S SALE

Notice is hereby given that I will offer for sale on Wednesday, the 8th day of September, at 1 o'clock p. m. at the John Martin stock farm in Young County, about seven and one-half miles East of Graham, the following property:

61 head stock cattle, 9 head mules, 6 head horses, 5 hogs averaging 175 pounds, 10 pigs about 9 weeks old, 200 bushels oats, carriage, buggy, a few old farm implements, 3 sets wagon harness, and grass lease on 1000 acres to run until December 31st, 1920.

M. E. MARTIN,  
Temporary Administrator of Estate of John Martin, Deceased.

## ARTHUR MAULDIN RESIGNS FROM GUARANTY STATE

At a directors' meeting held August 26th, Arthur Mauldin, who organized the Guaranty State Bank of this city, resigned his position effective September 1st. As stated in a previous issue, Mr. Mauldin sold his interest in the Guaranty State Bank to Judge J. T. Coleman of Caddo. The deal was made in the latter part of March, but he has been remaining in the bank for Judge Coleman until Mr. Coleman made arrangements for an experienced bank man to take charge, and as was announced in last week's paper, Jno. R. Roach was elected vice president of the bank and will have active charge of the bank from September 1st on.

Mr. Mauldin in speaking of the bank said that the Guaranty State has a good business for the time it has been open, and he has every faith in the bank continuing to grow, as Mr. Roach comes highly recommended both as a good banker and good citizen. He has purchased a home here and comes to stay and build up Graham and the bank. The Guaranty State has some of as good people as there are in Graham and the Graham country as stockholders and customers, and he predicted that by January 1st, 1921, the bank's business will be much larger than it is now.

Mr. Mauldin in speaking of the people of Graham said that he had never lived in a town where the people were more friendly; they were just like one big family, everybody working for the best interests of the town and community. He also spoke very highly of his competitors, the Beckham National and the Graham National people, saying that no one in Graham had been nicer to him than his competitors and that he would always have a warm spot in his heart for Graham people.

Mr. Mauldin states that he hopes all the Guaranty State's customers will continue to remain with the bank as he is sure they will get the same cordial "personal service" they have been receiving.

He has not made any definite plans for the future, but he will likely be in Graham for the next thirty days. He has many friends here who would be glad for him to remain permanently in Graham. He is an affable and courteous gentleman and has been a valuable citizen, as well as a capable and efficient bank official. Graham will regret to lose him if he should decide not to remain a citizen among us.

### MRS. C. M. CRAIG DEAD

The many friends of Mrs. C. M. Craig were grieved when the word came this week that she was dead. She had been in failing health for some time and had gone to Jayton thinking that her health might improve. She was at the home of her daughter, Mrs. E. H. Wade, when she died.

Mrs. Craig has lived in Graham since 1887 and has a host of friends who regret to learn of her death, which occurred August 31, 1920.

She has been a consistent member of the Methodist church since early childhood. Her father was a Methodist preacher and she also had one brother who was a minister in the Methodist church. She has five sisters and two brothers living but only one sister, Mrs. J. G. Chear, Madill, Oklahoma, was present at the funeral.

She is survived by her husband, C. M. Craig, one son, Allen Craig, Graham; and five daughters, Mrs. E. H. Wade, Jayton, Texas; Mrs. Joe Mathis, Spearman, Texas; Mrs. B. P. Woody, Floydada, Texas; and Mrs. J. G. Flint, San Antonio; all of whom were present at the funeral except Mrs. Mathis.

She lived a quiet consistent Christian life during the more than thirty years she was in Graham and will be greatly missed by her church, her society, and her large circle of friends.

C. H. Smith has returned from a visit to Lubbock, where he formerly lived. He made the trip from here to Benjamin in his automobile but was compelled to abandon his car there on account of the heavy rains and make the balance of the journey by rail. He says he is better pleased with Graham than ever since making the trip.

## NEFF'S LEAD OVER BAILEY NOW 77,483

Pat M. Neff continued to hold his tremendous lead over Jos. W. Bailey for the Democratic nomination for Governor in Monday's returns received and compiled by the Texas Election Bureau. The Monday noon total gave Neff a lead of 77,483 votes, on returns from 226 counties.

The vote is: Neff, 244,445; Bailey, 167,962.

Lynch Davidson of Houston, and William Pierson, of Greenville, continued to hold first place for Lieutenant Governor and Associate Justice of the Supreme Court, respectively, over W. A. Johnson, of Hall county, and W. E. Hawkins, of Austin, incumbents.

The vote in these races follow:  
Davidson, 177,996; Johnson, 154,221  
Pierson, 185,674; Hawkins, 136,935.

### GRAHAM HAS NEW OFFICERS

The city of Graham installed its new officers this week. The officers were elected recently after the city had adopted a new charter.

The following are the new officers:  
E. S. Graham, mayor, term expires 1922.

A. A. Morrison, term expires April, 1921.

J. C. Vaughan, term expires April 1921.

L. A. Kayser, term expires April 1922.

W. A. Morris, term expires April 1922.

The new council will have their first regular meeting September 9th.

### DOVE SEASON OPEN

The open season for shooting doves began yesterday. Many nimrods have been impatiently waiting for the season to open. The doves are plentiful this year and will furnish much sport for those who enjoy hunting. The bag limit is fifteen and this limit should not be exceeded by any one hunter.

The quail season does not open until December 1 and those hunting doves should not violate the law and kill the young and gentle quail. State Commissioner Jefferson has issued a warning from Austin against the shooting of quail saying that all violations will be vigorously prosecuted.

An effort will be made by local lovers of true sport to convict any one shooting quail out of season. They will give a reward of \$20.00 for evidence leading to the conviction of anyone violating the quail law.

### WATCH THE LABEL ON YOUR PAPER

The Leader will advance its subscription rates September 15th from \$1.50 to \$2.00 a year. Our readers can tell by looking at the label on their paper how they stand. If the label reads August 15, 1920, it means that the subscribers time is out. If the label has August 15, 1919, it means that the subscriber is already a year behind.

The advance in rates has been announced some time to give our readers the opportunity to renew. Only two more weeks to renew at the old price of \$1.50.

### AT THE METHODIST CHURCH

The opening of the school is the general signal for everybody to get to their places and to get down to business. Let's apply that to the church and its work. Wouldn't it be fine if everybody would make up their minds to start into Sunday School and church Sunday and keep it up all the year.

You will receive a hearty welcome to all our services.

T. E. BOWMAN.

## GUARANTY STATE BANK ROBBED IN BROAD DAYLIGHT

Three men, unmasked, walked into the Guaranty State Bank about 2:30 o'clock this afternoon (Thursday) and robbed the bank of about \$6,000.00. At the time we go to press the officials of the bank had not had time to check up the business to find out the shortage but it is thought that \$6,000.00 will cover the amount stolen. The bank is fully protected by insurance and the depositors are safe.

The robbers asked particularly for Liberty Bonds but the bank being new, had only a few on hand.

The three men walked leisurely into the bank as the band of the minstrel show that was in town began to play. The attention of every one was directed towards the band and there were no customers in the bank at the time the men entered. Mr. Mauldin, the cashier of the bank, was covered with a gun and told to hand out the money. Not taking it seriously he laughed but with an oath the man pointed his gun in Mr. Mauldin's face and said, "I mean what I say." About the same time a gun was thrown on assistant cashiers Simpson and Miss Price and they were made to go in the vault. John Horton came in about that time and he was ordered to lie down on the floor. Mr. McBrayer's stenographer and Attorney F. V. Hinson were brought from their offices in the rear of the bank and made to lie on the floor and later with the others ordered in the vault. M. S. Snoddy came into the bank for some change and he too was rushed into the vault.

Mr. Mauldin was forced to wait on the robbers. He was told that if he wanted to live to quit looking at the others in the bank and give his attention to orders. He was given a sack and made to sack the money. All the currency and nearly all the silver in the bank was taken, but Liberty Bonds were spared.

### ELECTION WAGERS PAID

A novel and amusing street scene was staged on the public square Tuesday. Graham had some ardent Bailey supporters who had the utmost confidence in the running ability of their candidate for governor. Two of these supporters were Sam Goldwater and Joe Johnson. They were so sure that the Hon. Joseph Weldon Bailey of Washington would win the gubernatorial nomination of the State of Texas that they agreed to push a wheel barrow containing a doughnut around the square if Neff received the nomination.

Likewise R. H. McFarlane and Henry C. Ranspot were so sure that Hon. Pat M. Neff of Waco, Texas, would be able to outrun Mr. Bailey that they agreed to push the wheel barrow around the square if Mr. Neff was defeated.

Mr. Goldwater and Mr. Johnson are both good sports and cheerfully complied with their agreement. After the wheel barrow had been properly decorated with our country's colors and a huge doughnut suspended so that it could be clearly seen a long distance Mr. Goldwater between the handles of the wheel barrow and Mr. Johnson at his side made the trip around the square. Then Mr. Johnson took his place between the handles and with Mr. Goldwater at his side they made the trip a second time around the square, thus proving their honesty and integrity in carrying out all agreements even to pushing a wheel barrow around the square.

### L. A. KAYSER ENDORSED FOR COUNTY JUDGE

At a meeting of the Young County bar recently Hon. L. A. Kayser, of Graham, was endorsed for County Judge. Every member of the bar was present except Judge Brown, of Newcastle.

L. Z. Timmons, of Olney, was nominated in the July primary but has tendered his resignation to the County Democratic Executive Committee in order to accept the superintendency of the Throckmorton public schools. Mr. Kayser has been a resident of Graham and Young county for some time and is qualified to make a good judge.

Miss Julia Logan returned Tuesday night from a two weeks vacation to Mineral Wells.

### THE LEADER HAS A BIRTHDAY

For more than ten days a great deal has been said in the state papers about birthdays—and ages. Some people may not get the correct age on their poll tax receipts or on their driver's licenses. A secretary might make a mistake in giving the age of his employer to an agent compiling a directory, but The Graham Leader knows how old it is. It had a birthday a few days ago and has started toward another mile post on its journey of usefulness.

The Leader is just one hundred years younger than the United States. It will not be necessary now to tell our readers that The Leader began its existence in 1876 for we have just stated that the United States is one hundred years older than The Leader, and we all know that the United States declared her independence in 1776.

The Leader is now forty-four years old and during these years has served many people. It has readers in many states who are anxious for its weekly visits. Some of these readers once lived here and impatiently wait each week to get the news from their old home about friends and loved ones.

The Leader has weathered many storms and passed through many droughts but it is still serving its many readers and trusts that it has merely begun its career of service.

It has been the policy of The Leader to stand for those principles and policies that make for good citizenship and it shall continue to strive to be of service to the community that sustained it through these forty-four years.

A Hillsboro man, who requested that his name be not given publicity, has filed for record with the county clerk of that place a deed conveying 181 acres of fine land to the Salvation Army, the sole consideration being that it be used for charitable and religious purposes.

Senator Harding states that he will turn his attention from the League of Nations in his speeches for the next two weeks and discuss other issues. It is stated that he will next outline his views on the reclamation of western lands. His views on the League of Nations are so different from those of the great majority of our citizens that we are sure he will have to discuss other issues to be able to get responsive hearings. He has not been able to cope with Governor Cox thus far in the two great issues which have been before the people, namely, suffrage and the League of Nations—and we are of the opinion that he will continue to find Governor Cox leading in other issues as he is clearly doing in these two.

American people who desire to get rich quick are easy marks. One of the most colossal frauds for many years was exposed recently in Boston. A man who is said to have gotten his start in Texas offered in Boston to make fifty per cent within six months on money invested with him, and as a result some ten or fifteen million dollars was turned over to him without question. To make a long story short, he landed in jail glad to be protected from his infuriated investors to whom he is indebted at least five million dollars. The safest plan is to let all these get-rich-quick schemes alone and make safe investments which will yield a reasonable income. Every proposition that promises abnormal profit has in it a very large element of chance.

### BAD CHECKS

A few days ago The Leader reporter was in one of our banks and saw one of our merchants with several checks which the bank had refused to accept. It seems that the legislative body of Texas ought to pass a law providing adequate punishment for persons who give worthless checks. There is a so-called law against giving worthless checks, but it is about as worthless as the checks, for the reason that it exempts from prosecution people who once had money in the bank on which they later gave checks. The man who had five dollars in the bank last year and drew it out may give a check on the same bank this year and escape prosecution.

The giving of fraudulent checks is now a daily transaction in every Texas town. Every merchant in Graham has checks which has been turned down at the banks, and is either trying to get his money on them or has given up in despair and charged the checks to the loss account. The tender of a check is the same as the tender of a five dollar bill, and the man who knowingly gives a fraudulent check is just as guilty of obtaining goods unlawfully as the man who tenders a counterfeit bill. To be sure the merchants can refuse to accept checks, but ninety per cent of the country's business is conducted with checks, and there should be a law with teeth in it for the protection of the public and the punishment of those who defraud in this way. Certainly no one desires to see anyone punished who gives a check believing he has funds to meet it, for those who do this are always ready and anxious to make their checks good, but a law against giving worthless checks would make all of us more careful in keeping our accounts. The merchants tell us, however, that a very large per cent of the worthless checks given are never made good.

### "TEN YEARS AGO"

Texas is the banner cotton state, the banner meat-producing state, the banner rice-producing state, and it bids fair to become the banner petroleum-producing state. Texas produced agriculture wealth of a value of more than a billion dollars in 1919, making it the first among the agricultural states of the union. Speaking of the growth of Texas cities and towns, the Dallas News says:

Ten years ago not a single city in Texas had a population of as much as 100,000; now four have. Ten years ago, those four had an aggregate population of 340,830; now they have an aggregate population of 546,842. A more impressive evidence of how rapidly Texas has been urbanized is in the fact that the ten largest cities of Texas have an aggregate population of only a little less than a million, which is probably a fifth of the population of the state. The complete count is likely to show that nearly if not quite half the people of the state live in towns of 5,000 or more population, and the life of the town of only 5,000 is more urban than rural. When one considers that Texas is chiefly an agricultural state and must rely on agriculture to provide the foundation of its material and social progress, one has reason for thinking that the growth of the cities and towns does not warrant the gratifications it gives to their enthusiastic citizens. Our organized energies have been given chiefly to promoting the state's industrial growth. That we need to devote a large part of them to the promotion of its agricultural growth and welfare ought to be made very plain to one who studies the figures which give the populations of our cities.

And now that the country has been saved again, on with the battle for the development of Texas' resources, the reclamation of waste places, the peopling of waste lands, the building of new homes, the organization of manufacturing enterprises, the encouragement of capital, the protection of labor and the supremacy of law and law enforcement.—Fort Worth Record

### WHY WE BOOST 'EM

Out of every three persons in the United States one goes to a motion picture show every week, or 52 times a year. The average weekly attendance at the movie theaters of the

country is now 35,000,000.

As this cannot include babies and old people too feeble to indulge in the pleasure; people in the mountains and on farms who have small opportunity; people in hospitals, asylums and jails (Although they have occasional chances to see pictures), it will be seen what a hold this form of amusement has on our public.

These figures were gathered by the New York Association of Motion Picture Advertisers direct from the theaters of the country, and may be relied upon as authentic.

**N**OW cars are everywhere. The horse-drawn carriage has gotten used to them and so has everybody. Think of it! This year the American people will spend nearly a billion dollars on tires alone.

Tires are one of the most important items on the car owner's bill.

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday, that one or more of them doesn't tell us something about the value to our business. Sooner or later it comes back to us in Service.

Service is what the owners of this community are looking for nowadays.

And especially the service of car owners, who put service

first in figuring their motorizing expenditures.

Just because a man has a moderate-price car is no reason why he should get any less service out of his tires.

We believe that the man with the small car is entitled to just as good tire service as the man with the big car—and both are entitled to the best tire service they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—large and small—are coming to us every day for U. S. Tires.

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

**RESTRICTED IN LEAGUE OF NATIONS THROUGHOUT COUNTRY**

Chicago, Aug. 29.—Franklin D. Roosevelt, Democratic candidate for vice president, reviewed the results of his nineteen-day tour through the West on his arrival here from Omaha today on his way to Indianapolis, where he will speak tomorrow night.

"Everywhere I found the keenest interest manifested in the League of Nations," he declared. "There is no question but that the citizenship of the states I have visited is overwhelmingly in favor of the League. Many told me that the interest today is deeper than it was six months ago. Particularly is thus true of the attitude of the women on the League."

"The West and Northwest demand that Governor Cox and Senator Harding come to them and let them choose for themselves what their votes shall be after they have listened to the candidates and had an opportunity of sizing up the issues involved."

**AIRPLANE POSTAL SERVICE TO CUBA**

Washington, Aug. 29.—Postmaster General Burleson announced today the conclusion of a contract with the Florida West Indies Airways Company for carrying mail daily by seaplane from Key West to Havana. The mail will be taken from Key West immediately after the arrival of the forenoon train and should be delivered in the business districts of Havana the same afternoon in time for a reply by the returning seaplane, which will leave Havana at 5 p. m. daily.

The mail train connection leaves New York at 9:15 a. m. daily with the night's accumulations of mail from New England, New York and nearby points. This is the first air mail contract made by the United States under the new law, which authorizes the Postmaster General to send foreign mail by seaplane. The mail is to be carried in an F-5 flying boat equipped to carry twelve passengers and also freight and propelled by two Liberty motors.

Major Geoffrey Harper Bonnell, vice president of the company, signed the contract on behalf of the company. He was in the British flying corps during the war and later in the United States Air Service, commanding flying squadrons in both armies at the front.

**GIRL WORKS CHANGE IN CHARLES RAY IN LATEST PHOTOPLAY**

Somebody said something once about the month of March, "coming in like a lamb and going out like a lion." Charles Ray is like that in his new Thomas H. Ince picture, "Alarm Clock Andy," which will be the attraction at the National Theatre Saturday, September 4.

At the beginning he's a mild-mannered auto truck salesman, who, if you stepped on his toes, would apologize for having toes at all. He couldn't help it. He was naturally shy, and he stuttered something fearful. So, despite his efforts to emulate the firm's star salesman, William Bunker, Charlie was rapidly falling by the wayside, when a pretty girl and kind providence straightened out his backbone. Then the fun began to fly.

"Alarm Clock Andy" is declared to be in the boyish star's best manner. It was written by Agnes C. Johnston and directed by Jerome Storm. It's a Paramount Arctcraft picture.

**YOU ARE HEREBY COMMANDED** to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Young, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

**NOTICE**  
The State of Texas.  
To all Persons interested in the person and estates of Addie Fae Johnston and Hallie B. Johnston, minors, W. M. Johnston has filed in the County Court of Young County, an application for Letters of Guardianship of the person and estate of the above named minors, which will be heard on the first Monday in October, A. D. 1920, being the 4th day of said month at the Court House thereof, in the city of Graham at which time all persons interested in said minors may appear and contest said application, if they see proper.

Here Fail Not, under penalty of the law, and of this Writ make due return.

Given under my hand and seal of office, in the city of Graham, (L. S.) the 18th day of August A. D. 1920.

Attest: C. W. HINSON,

**COULDN'T LEAVE HOUSE IN FOUR MONTHS**

Delaney Takes Tanlac and Is Now Back at Work Again Feeling Fine

"When I began taking Tanlac I had been confined to my house for four months, but I never felt better in my life than now," said William Delaney, well known employee of the City Street Department and who lives at 427 Fairview Ave., Seattle, Wash.

"I had stomach trouble and indigestion so bad that everything I ate disagreed with me," continued Mr. Delaney. "Gas would form after meals and cause me to have the worst sort of cramping spells. I actually suffered so much I dreaded to eat at all and I never dared touch meat or anything heavy. I also had rheumatism all over my body and it was so bad in my arms and legs I could hardly get about at all; then my nerves went back on me and I could never get a good night's sleep."

"I heard so much about Tanlac that I decided to try it and it just seemed to be made especially for my case, for every one of my troubles left me so quickly it was really amazing, and I am enjoying better health now than I have in years. I have a ravenous appetite, eat anything I want and sleep like a log every night. I have gained a lot in weight, too, and put in a big day's work on the job every day. I feel like a different man in every way and Tanlac deserves all the credit for it."

Tanlac is sold in Graham by Sloan Drug Co., and in Newcastle by Leon Slaughter & Co.

## COAL MINERS GET \$85,000,000 RAISE

Washington, Aug. 30.—President Wilson today approved the majority report of the Anthracite Coal Commission, awarding anthracite miners wage increases aggregating \$85,000,000, and notified the miners that he expected them "to accept the award and carry it into effect in good faith."

Replying to threats from the miners that they would stop work September 1 unless the minority report of the commission, recommending a higher award than provided in the majority report, were accepted, the President definitely stated that the majority award would not be set aside.

The majority report of the commission, signed by W. O. Thompson, president of Ohio State University, representative of the public and chairman, and by W. L. Connell of Scranton, Pa., representing the operators, granted wage increases of 20 and 17 per cent above the present wage scale. The 20 per cent increase was awarded contract miners and the advance of 17 per cent was recommended for company miners, mostly monthly men, miners' laborers and consideration miners.

Neal J. Ferry of McAdoo, Pa., representing the miners, whose minority report the workers in district meetings have endorsed, recommended a minimum wage of \$6 a day for adult laborers and an increase of 31 per cent for contract workers.

In refusing the request of the miners for acceptance of the minority report, as made in a telegram sent through their local representatives, the President called attention to a resolution adopted by the miners in convention agreeing to accept the findings of such a commission as he appointed.

"By all the laws of honor upon which civilization rests," the President in his telegram to the miners added, "that pledge should be fulfilled. Any intimation that the anthracite mine workers will refuse to work under the award because it does not grant them all that they expected is a reflection upon the sincerity of the men who constitute the backbone of the community in which they live."

The President further told the miners that if their communication was intended as a threat they could rest assured that the challenge would be accepted and that the people of the country would find some substitute fuel to tide them over "until the real sentiment of the anthracite mine workers can find expression and they are ready to abide by the obligations they have entered into."

The commission refused the United Mine Workers' demand for a closed shop and the installation of a "check off system." It also referred part of the men's demands for the establishment of a uniform wage scale for various occupations to the existing board of conciliation for industrial disputes in the industry.

The commission's summary of the award shows that the workers' demand for a two-year contract was sustained; that the demand that individual contracts and agreements be prohibited was denied, the commission directing that the board of conciliation in reviewing complaints under such contracts act to protect the rights of all employes in the colliery; the demand that wages of the company shovel crews be equalized with those of contractors' crews

was denied; the eight hour day demand for inside and outside day labor was referred to the board of conciliation to work out shifts and rates, retroactive payment on that basis when arrived at being ordered. Dorothy Vaughan is visiting in Fort Worth.

Mrs. Clyde Haden is visiting relatives in Mcargel.

H. B. Street and family returned last night from Winslow, Arkansas, where they spent the summer.

Mrs. R. G. Hallam and daughters, Mary Louise and Frances, returned last Friday night from a pleasant visit to Italy, Midlothian and Fort Worth.

Sam Rogers, of Des Moines, New Mexico, is here visiting relatives and friends. He formerly lived in this county and has many friends who are glad to see him.

Mr. and Mrs. Lawrence Stephenson of Electra, are here visiting Mrs. Henry Axley. Mr. Stephenson is looking over the oil developments in the South Bend field.

Richard Williams returned to Dallas yesterday after a pleasant visit to friends and relatives in the county. Richard has a good position with the Western Union.

F. H. Barwise, of Iowa Park, passed through Graham on his way to Breckenridge. He is interested in oil developments and is favorably impressed with Graham.

Attorney Fred T. Arnold spent Tuesday night in Henrietta visiting his father, Judge R. F. Arnold, who recently suffered a stroke of paralysis and found his doing nicely, although not improving much.

Mr. and Mrs. E. H. Morrison are in Austin this week to attend the graduating exercises of the State University. Their daughter, Eloise, graduates at the close of the summer session.

William Teel returned yesterday from Bartlesville, Oklahoma, where he had gone for a few days while his arm was healing from a fracture received several days ago while working at the Sanitary Grocery. He was accompanied by Henry M. Rehder.

E. L. Howell is in the city this week looking after some business matters. He spent the summer in cool Colorado and is looking well. He has many friends here who regret that he is no longer in the school work.

**A BIG DOUGHNUT**  
Many Graham people and visitors saw the largest doughnut Tuesday that was ever seen in Graham. Mention is made elsewhere in The Leader of the doughnut being pushed around the square Tuesday by Messrs Goldwater and Joe Johnson as a result of having lost a wager on the recent Governor's race. Both of these gentlemen were Bailey supporters and as Bailey lost they pushed the doughnut around the square in a wheel barrow that had been artistically decorated by the management of the Mecca Cafe.

The doughnut was made by the Mecca Cafe and was almost three feet in circumference. They have an experienced baker who can make anything in the baking line as was demonstrated by the doughnut.

The Leader does not know what became of the monstrous doughnut but it is reported that some of Neff's supporters secured possession of it and used it the following day with "Neff sauce" as a desert.

Mr. and Mrs. I. K. Parker are leaving this week for Beaumont where they will make their home.

R. F. Short, of Dallas, is in the city after business interests. He was in Graham several days.

Mr. and Mrs. J. R. Duke, El Centro, California, are here visiting J. E. Parsons and other relatives.

Rev. J. E. Evans returned last week from Odessa, where he had been at the bedside of Mrs. Evans, who was quite sick for some time with typhoid fever. She is convalescing and will soon be restored to her accustomed health. Everybody is glad to have Brother Evans at home and hope soon to see Mrs. Evans and children at home.

**J. W. HODGES DEAD**

J. W. Hodges, nominee for County Commissioner of Precinct No. 4, died suddenly last Sunday afternoon, August 28, 1920. His death was supposed to have been caused by apoplexy. He leaves a wife and several children to mourn his death.

Mr. Hodges came to Young county about fifteen years ago and has made many friends in the county. He was a good, upright citizen and will be missed by his community.

Mrs. Lois L. Manry, of Galveston, who has just completed a course in Chicago Musical College, will open a class here September 6th in Piano, Voice and Expression. Mrs. Manry, who received her musical education in Kidd-Key College, Chicago Musical College and Chautauquus, New York, will be quite an addition to the musical circles of Graham since she has had several years experience in teaching and in choral work.

Mr. and Mrs. A. D. Stewart returned Saturday night from many places in the North and East.

# LABOR DAY

September 6th, 1920

It is just and right and altogether fair that we should pay tribute today to the Cause of Labor a cause which is justly entitled to our earnest thought and thanks.

For the things which Labor has accomplished in the past, we are grateful; for the herculean tasks which have been undertaken and so speedily accomplished by the brain and brawn and sinew of the workmen of America, we are rendering this tribute today.

Now, there are new tasks to accomplish—tasks which call for added strength and fortitude. After destruction, reconstruction—moral and physical reconstruction—demanding much of the citizenship of America during the years to come.

With renewed spirit we must take up the work before us; looking always upward and onward, remembering that the well-being of our nation and the world itself depends upon the way in which we serve. Let us rejoice in our nation; in its principles, its freedom, its ideals, and in the blessed privilege presented to each of us—high and low—young and old—to serve and to toil, for the glory and the honor of our land, with all the strength of our bodies and the energy of our minds.

Gasoline will cost more than 40c a gallon at the United States by Sept. 15, Washington officials believe. Gas refiners succeed in persuading joy riders to curtail consumption, according to press dispatches from the national capital. Officials are now studying the tentative proposal of big refiners to cut down consumption through an informal system of rationing to apply in all forty-eight states. The system would be applied entirely by refiners and be without government authority, though it probably will have the moral backing of the government officials.

Under the system as now outlined big refiners would agree to limit to a certain amount their sales to each state. Dealers inside the state then would be compelled to adopt some informal plan of rationing gas among their customers.

Approximately 10,000,000 owners of automobiles, power boats, and airplanes would be affected by the rationing system.

The gasoline situation now is more serious than it has been for months the dispatch says. Consumption is reported as between 13,000,000 and 14,000,000 gallons daily. Production however, is running approximately 2,000,000 gallons below consumption. The difference represents the amount by which the reserve supplies are being drawn off. Reserves are now reported as lower than at this time last year, despite the fact that at the beginning of the year the stores were the biggest in years.

Gasoline now is selling at near 40c a gallon in some parts of the country. Part of California recently was totally without except for a small supply which was rationed among doctors, and trucks carrying food and milk.

Gasoline producers have told Washington government officials it is practically impossible to further speed up refining. Production now is being conducted at top speed and raw oil supplies are barely coming fast enough.

Many oil fields in the southwest are beginning to play out and parts of the Texas fields are making a showing. No new fields are being discovered, although thousands of prospectors are tapping "wildcat" territory.

**CITATION IN PROBATE**  
On Order to Appoint Permanent Guardian

THE STATE OF TEXAS  
To the Sheriff or any Constable of Young County—Greeting:  
YOU ARE HEREBY COMMANDED to cause the following citation to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year ready to abide the date of the citation in the State of Texas, and you shall cause said citation to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

**CITATION IN PROBATE**  
The State of Texas.

To all persons interested in the welfare of E. R. Holt, a person of unsound mind:

On the 24th day of August A. D. 1920, the Honorable W. P. Stinson, County Judge of Young County, Texas, made an order appointing J. A. Holt temporary guardian of the estate of the above named E. R. Holt, which said order is now recorded in the Probate minutes of said Court, said E. R. Holt having an estate of the probable value of \$4000.00, consisting of real and personal property.

All persons interested in the welfare of E. R. Holt, a person of unsound mind, are hereby cited to appear before the County Court of Young County, Texas, at the Court House in the City of Graham, Texas, on the 4th day of October, A. D. 1920, the same being at a regular term of said Court, then and there to contest such appointment if they so desire, and that such appointment is not contested at such term, then the same shall become permanent.

Here Fail Not, But have you before said Court on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at Graham, Texas, this 25th (L.S.) day of August, 1920.

C. W. HINSON,  
Clerk County Court, Young County Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original Writ now in my hands.

M. M. WALLACE, Sheriff.

**WONDERFUL MUSICAL REVUE FAIR EVENT**

Emile de Recat, Famous Producer, to Present Original Show.

Assuring the people of Texas and the southwest a wonderful and entirely original Coliseum show for the State Fair season by a daring adventure into the production game, the State Fair management will present, beginning October 9 and ending October 24, Emile de Recat's latest and most famous production. It will be in the nature of a musical revue, giving world events in song and dance. De Recat is a genius in costuming, stage decorations and effects. He will be given free rein to make the State Fair revue the most wonderful in the way of costumes and stage scenery that has ever been produced in the South.

"There will not be a dull moment in this great revue," says Secretary W. H. Stratton, who visited a week at de Recat's studio in Chicago. "The singing and dancing will be extraordinary, introducing as it will ten principals and a chorus of twenty-four beautiful girls. The costumes will make every scene one of dazzling, vivid beauty. In addition four unusual specialty acts will round it out."

Three carloads of scenery will be needed to stage the revue, which will be shown in Dallas for the first time making the State Fair rank with New York and Chicago for original productions.

**COX'S CATTLE MAY VISIT STATE FAIR**

Democratic Presidential Nominee is Owner of Fine Herd of Herefords.

Visitors to the livestock exhibit of the State Fair of Texas—October 9 to 24—will likely have an opportunity of seeing some of the famous Hereford breed raised by Governor James M. Cox of Ohio. Plans are being made to bring the pick of the Democratic nominee's herd here during the Fair and enter them in the contest for the livestock awards.

Assurances that the livestock exhibit this year will far excel any previous exhibit held here are made by Secretary W. H. Stratton, who has just returned from a trip to Chicago, where he visited a number of prominent cattlemen whose prize herds will be seen here this fall. Mr. Stratton declares that the coming Fair is arousing more interest in the North and East than ever before and that scores of cattle raisers from the Chicago district alone are already making plans for the trip during October.

Cattle, swine and sheep will have a prominent place in the exhibit and entries for all divisions have already begun to pour in. Those in charge of this department of the Fair are fired with enthusiasm over the prospects of staging the greatest livestock show that America has ever seen.

**SCHOLARSHIP AWARDS EVENT FOR YOUNGSTERS**

The awarding of seven college scholarships will be one of the many features of the Boys' and Girls' Educational Encampment to be held at the State Fair of Texas, October 9 to 24. It is estimated that more than 1,000 boys and girls will attend the encampment and each will be given an opportunity to win a prize.

In addition to the six scholarships announced recently, T. B. Truitt & Son of Waxahachie, Texas, have offered an A. & M. College scholarship for the best acre of cotton grown by a member of a Boys' club.

The encampment, which has been organized now for several years, is a very important factor in keeping boys and girls of Texas interested in farm work.

**AUTO SHOW AT FAIR TO BRING NEW MODELS**

Though the exhibition season of the State Fair of Texas—Oct. 9 to 24—is several weeks away, automobile dealers of Dallas and of North Texas have practically all placed their orders for cars to be brought here for the automobile exhibit, which will be held on a larger scale than ever before. Already more than a hundred entries have been made by automobile dealers and many more will be made before the Fair is opened, taking up every bit of available space in the automobile building.

Late models of cars of practically every make will be shown here. In many instances the new 1921 models will be displayed for the first time.

**MEXICAN PAPERS STRONG FOR FAIR**

Herald Texas Exposition as Great Trade Opening.

Heralded by newspapers throughout Mexico as an event of national importance, the Mexican National Exhibit at the State Fair of Texas—October 9 to 24—promises to be a revelation to those who have overlooked the art, the romance and the beautiful traditions of the land of our southern neighbors. For the exhibit will abound not only with examples of Mexico's industrial and agricultural progress, but will contain relics and works of art that will be the center of attraction to hundreds of art-lovers who will visit the Fair. In fact, one of the big features of the entire State Fair program will be the band of the Estado Mayor. This band ranks high among the musical organizations of the entire world and is well known to readers of musical journals. Nearly a hundred highly trained musicians comprise this band.

From a standpoint of commerce, the papers of Mexico have devoted page after page to impress upon their readers the importance of this exhibit. It is pointed out that this is an opportunity which must not be overlooked to establish better relations with business men of the United States. A typical newspaper story devoted to this exhibit appeared in a recent issue of "Excelsior" of Mexico City. The article, in part, follows:

"The Mexican exhibition of natural and manufacturing products, to be shown in Dallas, Texas, at the State Fair this year will be more complete and interesting than any other shown in any foreign country."

"At present the Texas State Fair is one of the most important in the American Union. All producers in the United States, and merchants in general, exhibit their products, without omitting any effort to enlarge the market for their products. Every available space, where this great State Fair is going to take place, has already been taken and every indication is that this exposition will surpass all previously shown."

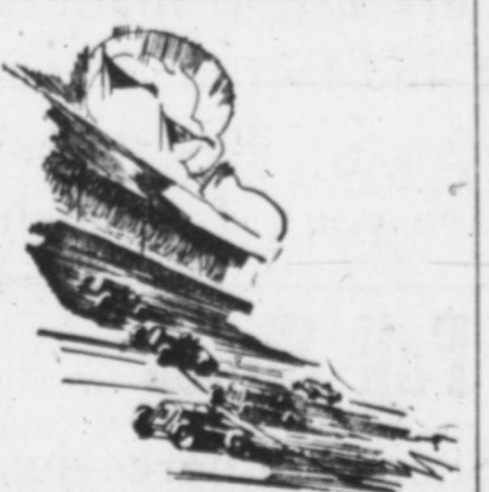

"The city of Dallas has become the large distributing center of great importance in the Southwestern section of the United States. Nearly all the leading American enterprises have branches in Dallas and transactions are conducted on the same line as at headquarters."

"The paper urges that Mexico send its very best products to the Fair, paying particular attention to the art collection which will be brought here."

"The importance of the exhibit to American industry can be readily seen when one realizes that it is through the medium of the Texas jobbing house that the majority of trade will be conducted with Mexico and it is expected that this alone will bring hundreds of Eastern manufacturers and industrial heads here during the Fair."

**SET DATES FOR BIG AUTO RACES AT FAIR**

Returning from Chicago, where he consulted with many automobile authorities, Secretary W. H. Stratton of the State Fair of Texas has announced

the dates for the auto races that will feature the State Fair season—October 9 to 24. These dates are:

- Tuesday, October 12.
- Saturday, October 16.
- Sunday, October 17.

On these dates the kings of the dirt track racing game will meet in competition, insuring some of the greatest sport Texas has ever seen.

In addition to this, plans are now being made to stage a great international sweepstakes race on some day during the last week of the Fair, when the winners of the three days will meet in competition. This will undoubtedly be the greatest automobile racing event ever staged in the south west.

**COUNTY EXHIBITS WILL BREAK ALL FAIR RECORDS**

With the co-operation of T. O. Walton, director of the State Extension Department at A. & M. College, assured, the State Fair of Texas is moving forward to a record-breaking season as regards county agricultural exhibits. Mr. Walton and Secretary W. H. Stratton of the State Fair, have had a series of conferences on this important department of the Fair, and every assurance is extended by Mr. Walton that the exhibits will be far more numerous, and far more select, than those of any previous year in Fair history.

**OUR TRADE WITH LATIN AMERICA**

As a measure of the progress that has been made in the effort to increase our trade with Latin-American countries, the figures given out the other day by John Barrett, Director General of the Pan-American Union, are somewhat delusive. Mr. Barrett showed that our commerce with Latin-America—exports and imports—had increased 441 per cent since 1905, or from \$456,621,111 to \$2,927,167,732. Within that time the price of virtually all commodities has doubled at the least, so that to find the increase in the volume of our Pan-American commerce—and it is volume that is the true criterion—we should have to cut the figures for 1919-20 in half. The increase would then be the difference between the \$456,621,111, which was the total for 1905, and something like \$1,500,000,000. Even then the difference would not mark the progress our commerce has made in Latin-American countries, since the period of that increase includes four years during which we had virtually a monopoly in those markets. Great Britain, France and Germany had practically no access to those markets, Germany none whatever, while even now those countries are only beginning the resumption of trade with Latin-America. We shall have to wait a while yet to get figures which will measure, or even suggest, what progress has been made in the effort to increase our trade with Latin-America. That we shall retain a considerable part of what has been gained may be reasonably expected, but that our trade with Latin-America will be as large during the next four or five years as it has been during the last four or five could not even be hoped. We shall encounter a competition made more strenuous because of the practical monopoly that we have had in those markets since the war began.—Dallas News.

\$125,000 IS NOT ENOUGH TO APPEASE CHAPLIN'S WIFE

Los Angeles, Aug. 27.—One hundred and twenty-five thousand dollars, it became known here yesterday, is not sufficient to appease the feelings of Mildred Harris Chaplin. The offer was scorned by her attorneys who are said to have asked the film actress to avoid her husband or any one representing him. The \$125,000

which Mrs. Chaplin is said to have refused would represent, according to her attorneys, a final settlement of community property. As an inducement to accept, it is said, Chaplin offered to make no attempt to evade service of divorce papers. The film comedian is now reported on his way to New York in the hope of meeting his wife and adjusting their difficulties.

In her divorce application Mrs. Chaplin said the community property was valued at \$1,000,000. Soon after was valued at 1,000,000. Soon after the filing of the complaint Mrs. Chaplin had issued a restraining order against her husband disposing of any such property. Chaplin is said to have instructed his representatives to close the Chaplin studio for a year. This would indicate he does not in-

tend to accumulate property, half of which would be awarded to his wife. In the meantime until Chaplin can be served with the papers his wife's divorce suit is at a standstill.

**IVAN**  
 The weather continued showery two days ago.  
 Mr. W. W. Simpson, of Duran, Mexico, spent several days last week visiting relatives and friends in the vicinity of Ivan.  
 Grandpa Hunt, of the Cedar Creek community, has been very sick for several days but is said to be better today.

Elza F. Lisle and family, of Newcastle, recently spent a couple of days visiting the Steele family of Ivan.  
 Mrs. Annie Stearns, of Dallas, is visiting her mother, Mrs. R. W. Wyatt, and other friends of the Cedar Creek community.  
 Elder Fitzgerald of the Christian order began a series of meetings at Ivan last Saturday night, which will probably continue throughout this week.

Quite a number of individuals from this place and from Cedar Creek attended the Trinity River Association of Predestarian Baptists at Komo Saturday, Sunday and Monday.  
 Elder Lloyd Hanks left Friday afternoon to assist in a meeting at Bryan, Oklahoma.

Several new rigs have gone up lately in the Ivan oil field.  
 Grandma Jackson was quite sick last night but is better this morning, and her husband, W. N. Jackson, lately returned from Arkansas to this place.

You will know before you go that this show is worth while and you are getting the best in minstrelsy and don't judge from other minstrel shows you have seen. This show is clean and dignified, of a high order, proudly sustaining a good reputation for many years of effort. The best of them all. This promise you can absolutely depend on, and here is your real joy opportunity. Now be wise and be there. Remember the date, Graham Thursday, September 2.

**SOME MORE REASONS**  
 Theater admissions in the United States during the last fiscal year reached the staggering total of 1700,000,000. The war tax on these admissions would pay for one-half of the first Liberty Loan. Four-fifths of the pictures manufactured for these theaters were filmed at Los Angeles. The scenery of Los Angeles and Southern California are better known than any other scenery in the world.

**Notice of Hearing to Appropriate Public Waters of the State of Texas**  
 No. 507  
 Notice is hereby given to whom concerned, that the Roxana Petroleum Company, the postoffice address of which is Tulsa, Oklahoma, did on the 21st day of August A. D. 1920, file its application in the office of the Board of Water Engineers for the State of Texas, in which it applies for a permit to appropriate the unappropriated waters of the State of Texas from the Clear Fork of the Brazos River, in Young County, Texas, for oil well drilling, drinking and sewerage purposes, said water to be diverted by means of a pumping plant to be located on Survey No. 1111 of the Texas Emigration and Land Company Surveys in Young County, Texas, on the right or south bank of the Clear Fork of the Brazos River, at a point which bears N. 83.3 feet; thence E. 722.2 feet from the South corner of the Sarah Tankersley Survey, about two miles Southwest of the town of South Bend and about eleven miles Southwest of the town of Graham.

You are hereby further notified that he said Roxana Petroleum Company proposes to appropriate not to exceed 83 acre-feet of water per annum for the purposes herein stated, and to be diverted by means of a pumping plant.  
 A hearing on the application of the said Roxana Petroleum Company will be held by the Board of Water Engineers for the State of Texas, at the office of the Board at Austin, Texas, on Monday, October 4th, A. D. 1920, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board, in Austin, Texas, this 23rd day of August, A. D. 1920.

KS GRAHAM CITIZENS

ater, Texas, Aug. 29, 1920.  
Chamber of Commerce,  
ham, Texas.

Commanding Officer of the  
nscontinental Convoy, Major John  
Franklin, has directed me to ex-  
press to you on behalf of the officers  
and men of the Convoy our apprecia-  
tion of the hospitality shown by your  
city.

Your kindness will be remembered  
as one of the bright spots of the trip,  
and it is hoped that at some time in  
the future some of us may again meet  
you and be able to reciprocate your  
kindness.

Cordially yours,

**Vampire**

**THE LEGENDARY VAM-  
PIRE** was said to suck the  
life blood of sleeping men. The  
Fire Vampire is not legendary.  
Its menace is ever present.

Are you awake to this danger?  
Is your property insured and  
protected?

Without extra cost, the **HART-  
FORD FIRE INSURANCE COMPANY**  
offers special Fire Prevention  
Service together with its sound  
fire insurance, which means  
double protection. To fully un-  
derstand and obtain this effective  
protection, phone or write this

Well since the  
gubernatorial con-  
troversy has been  
disposed of and  
all the bets paid  
off you might say  
we ain't got much to worry us 'reptin  
quite a number of summer colds and  
possibilities of a hard winter. You  
got to feed a cold to get rid of it and  
you got to eat lots in the winter to  
keep warm. Eatin' means food. Food  
means good groceries. Good groceries  
mean The Sanitary Grocery. First  
in quality, first in economy and first  
in the point of service—that's us.  
Just ask a customr.

Grocerially,  
SAM.
