Banquet To Be Held Tuesday, April 15th

Brownfield High School's district football champions will be feted with a banquet in the gymnasium next Tuesday night. Guest speaker for the gala occasion will be Dell Morgan, recently appointed head football coach at Texas Tech. Festivities are slated to begin at 8 o'clock. Ardent followers of the Cubs are invited to attend the banquet and honor the hard-driving Cubs. Tickets are on sale for \$1.

The banquet promises to be one of the best in local history in view of the fact that it is well-planned. Three different times the smart party honoring the Red and White gridders was postponed, but Tuesday night the victuals will be spread and in a number of courses. The banquet comes at an excellent hour because King Football regained its throne hereabouts when spring workouts got under way last week.

Morgan has stamped himself as one of the outstanding gridiron mentors in the Southwest and is equally good with his talks on the knife and fork circuit. The likeable Texas Tech coach formerly directed freshman pigskin teams at Tech before going to Clemson and Rice as assistant to Jess Neely. He also coached at Lubbock High School.

While at Clemson Morgan developed All-American Banks McFadden and a team that defeated Boston College, 7-6, in the Cotton Bowl. Then, Morgan went to Rice Institute where he put out a fine line with a scarcity of real material. He will give the sidelights of his football career in addition to offering a fine after-dinner talk. Following Morgan's talks moving pictures of the Colorado City-Brownfield game for the bi-district championship will be shown.

The football trophy for winning the district title will be presented to the Cubs. James Harley Dallas will be Master of Ceremonies.

Tentative Date For Calf Show Next Thursday

At the last minute we ran down a little item which appeared in the Board of Development Bulletin, that was news to us. It concerned the 4-H Club and F. F. A. calf show to be held here supposedly next Thursday the 17th. What place, is not known at this time, as arrangements have not been completed.

We understand that the County Agent R. N. McClain and a committee were to meet Wednesday night this week to arrange a place, and post prizes. And by the way, we understand that there will be no second and third prizes, but each division will have a prize. There was something like 90 calves being fed, but some have been sold, and there is no way knowing just how many will be in exhibition here. The calves will be shipped to Kansas City for sale, after the show, we understand.

MR. AND MRS. CLARENCE HUDGENS OPEN STUDIO IN NORTH HOLLYWOOD

Word received here recently from Mr. and Mrs. Clarence Hudgens, former Brownfield residents, states that they have opened a portrait studio at 5224 Lankershim Blvd., North Hollywood, Los Angeles. Mr. and Mrs. Hudgens lived here six years before going to the west coast. He was interested in the Hudgens Grocery during their residence here.

Go To Polls and Vote For Consolidation Plan, Sat., April 12

When you vote for the Brownfield Consolidation Plan, YOU VOTE FOR a solid, dependable basis for our educational system today and for the future.

YOU VOTE FOR the most economical school set-up possible for this area and for all people concerned.

YOU VOTE FOR a better learning-teaching set-up for every child and teacher in this area.

YOU VOTE FOR the only assurance left for believing that the tax load will become normal for all people concerned.

YOU VOTE FOR the only sensible way to achieve participation in cost as well as benefit in a school system.

YOU VOTE FOR the best possible way to create a basis for the best possible transportation system.

YOU VOTE FOR the only way for the children of this area to have the advantage of attending a high school with as many and varied departments as the Brownfield High School.

YOU VOTE FOR the best way to make possible the teaching of the same course of study for all children in this area.

YOU VOTE FOR security against all possible emergencies that might arise in the future as a result of change in our state or local educational set-up.

YOU VOTE FOR the democratic way of settling school problems.

Guard Unit Will Receive Uniforms Soon

Company D, 34th Infantry Battalion, local unit of the Home Defense Guard, was measured for uniforms last Friday night. At the present, they are to receive trousers, shirts and overseas caps. Officers of the unit are of the opinion that rifles will be issued at a later date.

Enlistment papers have been completed on 43 men. Full strength of 75 is expected to be reached without effort.

The 34th Battalion is made up of Companies A at Odessa, B at McCombs, C at Seagraves and D at Brownfield. Major A. B. Knickerbocker is commanding officer.

Mass Chorus Will Broadcast

A mass chorus, composed of choruses from all Parent-Teacher units in Fourteenth District of the Texas Congress of Parents and Teachers, will broadcast by remote control over KFYO, Lubbock, during the District Conference to meet here on April 25 and 26. Look for further notices concerning time and place.

The Brownfield P. T. A. chorus will meet for practice on Monday, Wednesday and Friday at 4:00 o'clock at the West Ward School. Mrs. A. L. Bruce is directing. All who will help make our chorus one of the best, please come.

Houston Man Visits His Brother Here

J. C. Phillips, of Houston, has been here for the past two weeks visiting his brother, M. G. Phillips and family. The Terry county brother has been in very poor health now for some time, but it is hoped that he will make some improvement soon.

A niece of M. G., and a daughter of J. C. and her children came up from Houston also, but they returned home a week or so ago. The Houston brother lived in Terry county during the twenties, and lost his wife while he lived here.

FATHER-DAUGHTER BANQUET TONIGHT

The Brownfield Girl Scouts will honor their fathers with a banquet Friday (tonight) at Hancock's Cafe. The affair is being held in observation of the club's first anniversary.

B. F. Lowrey was a shopper in the city Wednesday.

Easter Cantata At Baptist Church Sunday

Easter Cantata, "Our Living Lord," to be given next Sunday evening at the Baptist Church.

The attendance was fair but not large Sunday with one addition for baptism and two candidates were baptized at the evening service.

The Spring Revival has been in progress this week and will continue until next Sunday evening.

It is to be regretted that many people of the church do not count much on a revival conducted without outside assistance and do not give it their presence and support, forgetting that it is the Lord alone who sends a real revival and that they are not carried around by evangelists.

It is to be hoped that much good may be accomplished and the result is certain if the membership will give their full cooperation.

It is planned to close the meetings next Sunday evening with the Cantata, "Our Living Lord," by Ira B. Wilson, with twenty voices.

Much preparation has gone into this cantata and such music events are very seldom of occurrence in our community and it is hoped a large audience will greet these singers who have given so liberally of their time and effort in its preparation.

The morning service next Sunday will be in keeping with the theme of the resurrection of Christ and visitors are especially invited.

If you have friends visiting you bring them with you to the services. Certainly the Bible School should register more than four hundred at 9:45 Sunday morning. "I was glad when they said unto me let us go into the house of the Lord," Psalms 122:1.

Golden Wedding Celebration

The children of Mr. and Mrs. J. B. Huckabee honored them with a tea at the C. B. Quante home Sunday afternoon, in celebration of their 50th wedding anniversary.

Mr. and Mrs. Quante greeted guests at the door and presented them to the honored couple. Mrs. E. N. Eiche presided at the guest book. Gold colored roses and Easter lilies were used throughout the entertaining suite. The table was laid with lace over gold satin and a low crystal bowl of gold roses formed the centerpiece. White candles burned in crystal candleabra. The honoree's names were inscribed in gold on the white napkins.

Mrs. G. W. Warren and Mrs. Eldora White poured and Misses Daphne Huckabee and Dorothy Nell Eicke assisted them in serving. Refreshments of gold trimmed white cake squares, punch and green and white mints were served to the 97 guests, 27 who were unable to attend sent gifts.

All of the Huckabee children were present. They are Mrs. Quante, Mrs. Clyde Bond, Mrs. Eicke, Curtis Huckabee, Lewis Huckabee, O. D. Huckabee, and J. B. Huckabee, Jr., all of Brownfield and Lazelle Huckabee of Hagerman, N. M. Out of town guests were Mrs. U. D. Sawyer, Cross Roads, N. M.; Mrs. Glendora Smith, Clinton, Indiana, and Mr. Quante's brother, Joe Quante and Mrs. Quante of Weatherford.

Basin Convention April 13 and 14

The annual meeting of the Permian Basin Association will be held in Lubbock this year on April 13th and 14th. Registration will start at 1:30 P. M. on the 13th in the Hotels at Lubbock, at 2:30 P. M. there will be the West Texas Championship Horse Show at the fair grounds. Fine horses from all over West Texas will be shown. On Monday, the 14th, the meetings will start at 9:30 A. M. and continue throughout the day, closing with the inaugural dinner and dance at the Cotton Club that night. The officials of the Association extend greetings and welcome to everyone in Brownfield and Terry county to attend this meeting.

CUB SCOUTS GET LION AWARD

Robert Bowers (left), son of Mr. and Mrs. R. L. Bowers and B. W. Cruce Jr., son of Mr. and Mrs. R. W. Cruce, recently received the Lion award at a cub pack meeting. The Lion rank in cubbing corresponds to the Eagle rank in Scouting and is the highest rank a cub can attain. They are members of cub pack 45 which is sponsored by the Jaycees. Kyle Adams is Cub Master.

Community Dinner April 17th At Gomez

The first Community Farm Dinner that was to be held at Gomez on March 27th was cancelled because of inclement weather. The date for this dinner has been set as Thursday, April 17th at the Gomez School House.

People in the Gomez community should advise Mrs. Wes Key if they will be there for the dinner. The business men of Brownfield should advise the Terry County Board of Development if they plan to be present. It is necessary that we know how many are going so that preparations can be made for them. Please let us know by Monday, April 14th.

Every business house in Brownfield should be represented. These good-will meetings will be of untold value in building friendship and good will in Terry County. The people of Gomez will be the guests of the Brownfield business men, so when you get to the school house pick out the men that you want to be your guests and let's make sure that every one of them is invited to be some one's guest.

The wives are welcome and we think it would be a good thing to have them present.

Please make your plans now to attend and let us know as soon as possible that you are going. The time is 8 P. M. Price of tickets is 50c each.

Road Program In Full Swing

The Hockley county road program is in full swing, according to information obtained from Judge Ellis by the News this week.

Preliminaries have been completed and caliche is being laid on the south part of 51. Highway engineers have found the caliche to be of a very high quality, as it contains a high percentage of rock.

It is expected that this work will be completed and the road bed in shape for the asphalt with in 100 days, at which time the contract for hot-topping of both the south part of 51 and the lateral roads will be let. Rock for this work is being crushed in the County's pit in the northwestern part of the county.

Engineers are now drawing plans for grade, drainage, and base for 51 from Levelland north to the Lamb county line. These plans should be complete by April 15, and work laying the base will begin immediately thereafter. — Anton News.

MOVES TO STAMFORD

Eugene Barrett who has been employed at Cobb's Department Store here for the past thirteen months, left Monday for Stamford where he will be employed at the Bryant-Link store. Mrs. Barrett will join him there soon. Mr. Barrett was connected with the Stamford store before coming here.

There was a fire at the North Gin Monday, with slight damage. Clyde Dallas also had his car body burned the same day.

Mr. and Mrs. H. W. Fowler of Arkansas City, Kansas, spent last week end here as guests of his mother, Mrs. L. C. Wines and other relatives.

Mr. and Mrs. J. C. Hunter have recently moved to Roswell, N. M.

Workers in Rural Area Urged To Register

Register now with the local office of the Texas State Employment Service for your area, Mr. J. H. Bond, Director, urges workers in rural and remote communities in the State. He explained, that a Nation-wide registration of available workers is being conducted by the United States Employment Service through cooperating State services, as a part of the national defense program. Mr. Bond pointed out that in this registration, to insure needed workers to carry on the defense program, farm labor is just as important as industrial labor. Moreover, he said, that many workers located in rural areas also have training and experience needed in defense industries. The local employment office can refer workers to available jobs opening anywhere in the State or in other States, since it is in touch with all the State employment offices in the country.

Mr. Bond made it clear that persons who register may not immediately find jobs waiting for them. He explained that the present registration has been undertaken so that national defense officials may know how many and what kinds of workers are available throughout the country for jobs or training in defense occupations, and therefore, how to plan necessary defense production. He said, however, that the registration serves two direct purposes. It enables the employment service to reach the unemployed workers as soon as there is a job for him and it makes it possible for defense industries and other enterprises in the country to get in touch with suitable workers when they need them.

The registration will also bring to the attention of the employment service men and women who may be available for training in one of the many vocational training programs which have been set up throughout the country, to help prepare people for jobs in defense industries. Complete information about these training programs can be obtained from the local State employment service.

The location and office hours of itinerant employment service points in Brownfield is courthouse.

Following are Counties Served, Itinerant Points, Day and Hour Served, Location of Service Points.

Cochran County, Morton; Mon., 9-10; Courthouse. Crosby County, Crosbyton, Tues., 1-1:30, Courthouse; Ralls, Tues., 2-2:30, City Hall. Dickens County, Dickens, Tues., 10:45-12, Courthouse. Garza, Post, Wed., 9-11, Courthouse. Gaines, Seminole, Thurs., 8:30-12, Courthouse; Seagraves, Thurs., 1:30-5, County Bldg. Hockley County, Levelland, Mon. 11-4:30, Courthouse. Lynn, Tahoka, Wed., 1-2, Courthouse. Terry, Brownfield, Friday, 1-4:30, Courthouse. Yoakum, Denver City, Fri., 8-11, Exchange Bldg.

The Lubbock office of the Texas State Employment Service is located at 1207, 13th Street.

Attend Funeral Directors Meeting

Roy Collier of the Brownfield Funeral Home made a trip to Abilene Tuesday to attend the quarterly meeting of the Central West Texas Funeral Directors Association. He reports that it was one of the most successful meetings in the Association as well as the best attended.

His daughter, La Verne Collier, A. C. C. student, and her room mate, Miss Willa Gene Bailey of Hale Center, returned with him.

JOHN BILL SPENCER TO SWAN ISLAND

Mrs. J. L. Randal and her daughter, Mrs. Percy Spencer of Lubbock, left Wednesday for Brownsville to join their son and grandson, John Bill Spencer, and go from there to New Orleans. John Bill, who is with the U. S. Weather Bureau, has been notified to report to New Orleans April 22 to sail for his new post on Swan Island.

Panhandle Press Association

And don't forget to visit the staff show here next Thursday. It will be over in plenty of time for you to make it to Gomez for the dinner.

It is said that automobile manufacturers will make a desperate move to remove a lot of ancient idiosyncrasies from the highways that endanger the lives of both the occupants and other travelers. The idea is to trade people new cars or at least well rebuilt used cars for them, and junk the jalopies.

In our issue of March 28, there appeared a Ford Motor Co. ad with more information about that company and what it is doing to help defense, put men to work with good wages, as well as much other information, than we have ever seen wrapped up in a 3 column by 10 inch package. We hope you read it, and enjoyed it as well as we enjoyed it.

Fifteen persons in Texas have already met death this year, starting fires with kerosene, while others have been killed in cleaning clothes with gasoline in a room where there was a fire. Will people never learn that such acts are suicidal? Even kerosene on hot coals creates a deadly and inflammable gas.

Lubbock has prepared a real good program for the Permian Basin convention this week end. The convention will start off Sunday with a real horse show, which in a way seems a bit strange, as one usually associates oil men with cars, trucks and tractors. Anyway, some men over the nation that really know the oil game will be on hand and lend their influence and efforts toward making the convention a real success.

Texas generally will regret the passing of that statesman and good man morally, Hon. Morris Shephard, U. S. Senator from Texas. For the past several years, his visits to Texas of Sen Shephard have become less and less frequent, and he rarely ever visited other than his home in Texarkana, which is on the line of Texas and Arkansas. But few believe that Morris Shephard was not true and loyal to Texas. Speculation is rife as to whom will take his place.

Senator Tom Connally of Texas, and George Mahon, congressman from this district, like their constituents, are getting a bit im-

patient as well as vexed the way labor and maybe some employers are stalling at production. Senator Connally says that production must be speeded up even if the factories have to be taken over. Mr. Mahon says we must have some action and that at once, as people are getting tired of spending billions for defense, while those in charge and laborers who get prime wages are passing the buck.

Next week, Brownfield members of the Terry County Board of Development will journey to Gomez, where the first of a series of get-together dinners or suppers will be put on by the ladies of that community. Of course the Brownfield business men, while visiting in that community, will nonetheless be hosts to the farmers of that community. The price of the meal will be very reasonable, and an hour or so together might be the means of cementing many friendships. Business talk will be taboo, and war talk should be. Yes, the ladies are invited to go to the same as the men, but the ladies of the Gomez community should be informed as soon as possible just how many to expect, so they can gauge their meals accordingly. Every business firm in the city should be represented by one or more members.

It seems that the isolationists think that every man, woman and child who believe in giving all out aid to Britain, must be a lover of the English. This is no more so than aid in helping the Slavs, the Greeks or the Chinese. What the people wish to do is plant democracy firmly, no matter what the cost. And speaking of some Englishmen who are propagandizing to get America in the war, there may be plenty of them. Can you blame them? Would not Germany like to have our aid, or Italy? Have we forgotten that some 150 years ago we sent a man by the name of Benjamin Franklin to France to ask aid, money, guns and soldiers, and got them? It was with the aid of France and Poland, perhaps, more than any other two nations that we won our freedom.

Some local people have called our attention to an article appearing in Sunday Star-Telegram under "The People's Column," in which a local man took that paper to task for criticizing the recent article by Lindbergh in Collier's Magazine. Of course all Americans have a right to their opinion, but like the Star-Telegram, we can't see that Mr. Lindbergh was consistent all the way through his article. In one place he tells us we'll never be attacked by Germany, but in another he admits that we must prepare as fast as machinery and money will permit to repel a foe. But he never tells us what foe we may expect. We have an idea that Lindbergh knew, but had already said too much to let the cat out of the bag.

Pappy John Powell failed to make his trip on account of mud and water about that time, and a car that decided that it would run no longer without a big repair bill.

Mr. and Mrs. M. C. Butler visited in the home of her sister, Mrs. P. R. Cates and Mr. Cates Tuesday evening.

SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF TERRY
BY VIRTUE of a certain Judgment issued out of the Honorable District Court of Bell County, on the 4th day of March 1941, by the Board of Pensions of the Presbyterian Church in the U. S. A., a corporation, against Emma E. Brown, a widow, and the Estate of Will C. Brown, Sr., deceased, for the sum of Seven Thousand nine hundred one and 53/100 (\$7901.53) Dollars with 10% interest from 31st day of January, 1940 and costs of suit, in cause No. 23887 in said Court, styled The Board of Pensions of The Presbyterian Church in the U. S. A., a corporation versus Emma E. Brown, a widow, and the Estate of Will C. Brown Sr., deceased and placed in my hands for service, I, Joe B. Price as Sheriff of Terry County, Texas, did, on the 7th day of April 1941, levy on certain Real Estate, situated in Terry County, described as follows, to-wit:

320 acres of land, lying and being situate in Terry County, Texas, and being all of the West One Half (W. 1/2) of Section One Hundred Fifty Six (156), together with all improvements thereon, in Block "T," patented to C. D. Moore on May 15, 1923, by Patent No. —, Vol. No. —, and 240 acres of which was conveyed to Will C. Brown by W. A. Brisbin and wife, as shown by the deed of record in Vol. 19, pages 145 et seq. and 80 acres of which was conveyed by L. E. Brisbin and wife, by deed recorded in Vol. 19, pages 143 et seq. respectively, of the Deed Records of Terry County, Texas, to which deeds and the respective records thereof reference is made for all purposes.

And levied upon as the property of said Emma E. Brown, a widow, and the Estate of Will C. Brown, Sr., deceased. And on Tuesday, the 6th day of May 1941, at the Court House door of Terry County, in the city of Brownfield, Texas, between the hours of ten A. M. and four P. M. I will sell said above described property at public vendue, for cash, to the highest bidder, as the property of said Emma E. Brown, a widow, and the Estate of Will C. Brown Sr., deceased by virtue of said levy and said Judgment.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.

WITNESS my hand, this 7th day of April, 1941.
JOE B. PRICE
Sheriff Terry County, Texas
By J. M. Telford, Deputy. 38c

Mr. and Mrs. Mike Blair and Mr. and Mrs. Ed Mayfield have returned from a sightseeing tour, which included Beaumont, Houston, Galveston and other Texas gulf coast points.

Mrs. Howard Hogue visited her father in Snyder recently.

Facts About The Permian Basin

The Permian Basin although a relatively new oil producing area has already yielded 1,249,000,000 barrels of crude oil which exceeds by 29 percent the total production of 966,500,000 barrels in Pennsylvania, the state in which oil was discovered in 1859, and which is spoken of as one of the most important oil producing states.

More than 5,000,000 tourists travel in the Permian Basin annually. There are 465 companies engaged in the production of oil in the Permian Basin.

The Permian Basin has a little over 15 percent of the oil wells in the state of Texas.

The Permian Basin has the largest known oil reserve in the world.

The Permian Basin has the brightest future outlook for a continued substantial growth and a range expansion program of development than any other known section in the world.

Dr. and Mrs. Elmer Moore and daughter, Christine of Lubbock were guests of Mr. and Mrs. Lee Fulton Sunday. Dr. Moore is Mrs. Fulton's brother.

HARMONY--

GARDEN REMINDER FOR APRIL

It is now safe to sow cockscombs, scabiosa, zinnias, morning glories in the open ground. Some annuals, such as nasturtiums and cockscombs, object to a rich soil. Continue to feed pansies and keep seed pods picked. Well-rotted cow manure may be used for feeding. You may begin to transplant annuals from hotbeds and boxes into your garden, weather permitting. If a late freeze should come, sprinkle your plants with cold water in the morning before the sun strikes them. Continue to set our gladiolas and cannas. Crysanthemums can be divided and reset. Pinch them back to 4 inches from the ground and give them a sunny location. Peonies should be well watered while buds are forming.

LEVELLAND TO HOLD OIL MEN'S BANQUET

On April 11th, at 8 P. M. in the high school at Levelland, the Hockley County Board of Development will hold their first annual Oil Men's Banquet. Miss Grace Lenore Tarpley spent last week end in Lubbock visiting Miss Ouida Merle Butler.

Mrs. Bob Brown, Miss Bernice Weldon and Mother Weldon were Lubbock visitors Tuesday.

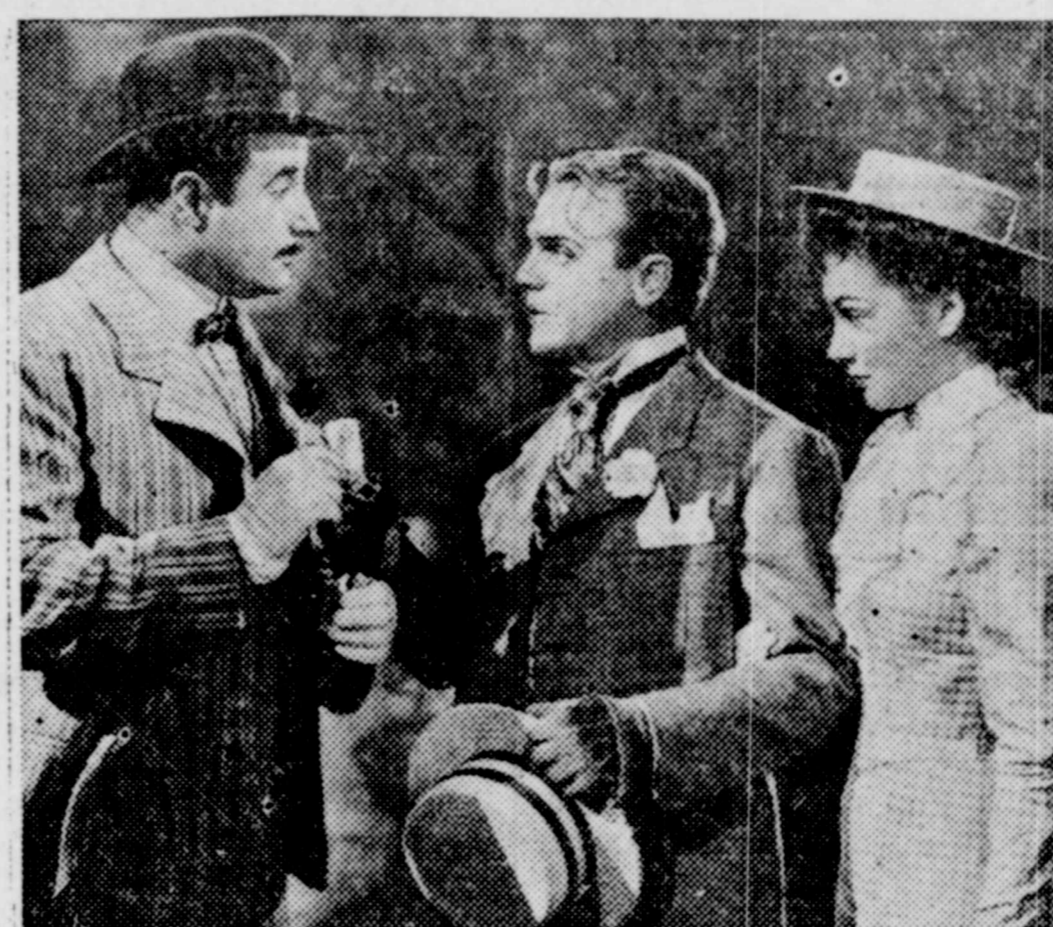

Give your lawn, shrubbery and flower beds a thorough soaking when needed, usually twice a week. Cultivate the soil weekly. When early flowering shrubs such as bridal weath, flowering crab, flowering almond and flowering peach finish blooming they may be pruned for shape if necessary.

Republic of Texas Constitution Found

AUSTIN, April 7—An original manuscript of the constitution of the Republic of Texas, the most complete draft known to exist, was found recently among the ancient documents of the Spanish Archives department of the General Land Office and is being exhibited this week by Land Commissioner Bascom Giles on the 105th anniversary of the signing of the instrument. Folded up with the constitution was another interesting memento of those stirring days the famous "Potter's resolution" which proposed to declare "nul, void and of no effect," all land grants of eleven leagues or more by Spain and Mexico.

The constitution consists of fourteen yellow pages, brittle and frayed at the edges, written in longhand with faded brown ink with numerous portions scratched out and corrections interlined. Miss Harriet Smither, archivist of the State Library and an acknowledged authority on the handwriting of early Texas statesmen, pronounced it to be written in the hand of H. S. Kimble, secretary to the convention which met at Washington-on-the-Brazos March 2, 1836, to draw up the Declaration of Independence and the constitution of the New Republic. Miss Smither also said "Potter's resolution" was in the hand of Robert Potter, stormy and turbulent member of the convention whose resolution caused a furore on the convention floor.

The mystery of the lost manuscript constitution of the Republic of Texas may or may not have been solved by the recent find, but the mystery of how these documents got into the General Land

CAGNEY'S GOT A DATE with Olivia deHavilland, but George Tobias has the wherewithal for an evening at Tony Pastor's. You'll find who won out when you see "The Strawberry Blonde," the screen treat scheduled to open Sunday at the Rialto.

Andrew Mellon's Gift To The Nation

Through the beneficence of the late Andrew W. Mellon, banker, industrialist, former Secretary of the Treasury and philanthropist, the new National Gallery of Art in Washington was presented to the nation March 18, and accepted by President Roosevelt.

Mellon's gift included the magnificent building, which is longer than the Capitol and cost 15 million dollars, and his celebrated collection of paintings and sculptures, valued at 50 million. At the same time S. H. Kress presented his collection of Italian paintings and sculptures, valued at 25 million.

It was also announced that the 50 million dollar collection owned by Joseph E. Widener of Philadelphia would be given to the National Gallery eventually, and that other valuable donations were in prospect.

This great collection of art treasures will be open free to the public every day in the year, except Christmas and New Year's Day. The gallery will be open from 10 to 5 on week days and from 2 to 5 on Sundays.

The Mellon and Kress collection contains a total of 501 paintings and 44 sculptures, but occupy only a small portion of the vast marble building, which has four acres of exhibition space.

In giving this splendid edifice and art collection to the people of the United States, Mr. Mellon stipulated that it should not bear his name, but that it should be known simply as the National Gallery of Art. His name will inevitably be associated with it, however, in the minds of his countrymen for generations to come.

IT DOESN'T COST TO FEED PULLETS RIGHT—It PAYS! A poorly balanced ration fed to growing pullets reduces the number of eggs as well as the weight per egg. Purina Chick Growers, an especially prepared ration, is built to help give you full, well-developed pullets, ready to lay lots of eggs in the shortest possible time. What's more, Growers is economical to feed. Actually it takes but 16 lbs. to carry a bird through the growing period. No matter how you look at it, it doesn't cost to feed pullets right—IT PAYS!

Come in to see us about your growing feed needs today.

PLAINS—

Wilren McAllister and Flossie Williams were married last Monday night in the home of Mr. and Mrs. H. B. Horn. This couple is at home in one of the Hogue houses. We wish them many years of happiness.

Mr. and Mrs. Ralph McClellan, Mr. and Mrs. W. L. McClellan and Mr. and Mrs. J. C. Cheek and Louise visited their sons who are in training at San Antonio, over the week end.

D. Walker of Pecos is here visiting her sister, Mrs. John McKee.

Mrs. E. S. Raymond of Roswell visited her parents, Mr. and Mrs. J. H. Morris a few days last week.

Mr. and Mrs. Carl McClellan and family were called to El Paso last week by the illness of a daughter.

Mr. and Mrs. Roy Elliott, Virgie Strawn and Frank Ferrell visited friends in Sundown Sunday.

Little Betty Sue Wheeler of Levelland is visiting relatives in Plains this week.

Office for safekeeping one of the two times the capitol building was burned.

It will be remembered that the convention broke up in great confusion, and there is little wonder. News of the fall of the Alamo had arrived on March 15. More and more of the members, hearing that their families were fleeing homeless and hungry before Santa Anna's army were leaving Washington in haste. The atmosphere of excitement and desperation was so tense that when the constitution was finally adopted, at midnight of March 16, no mention of the fact was made in the official journal. It is this haste, no doubt, that accounts for the peculiar sprawling penmanship on the last page of the document and for the lack of a period at the end of the last sentence.

GOMEZ GOSSIP—

Attention, Everyone! Friday night at Gomez a 3-Act Comedy entitled "Look Out Lizzy" will be given. Admission 5 and 10 cents. This play is presented by the local 8th grade students, and proceeds will go to help pay for the school annuals.

The Revival at the local Baptist Church closed Sunday with great results. There will be preaching services this week end. Everyone invited to attend. R. C. Guest.

BROWNFIELD DAIRY

THE RECORD... Facts That Concern You No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places.

Yet it is the once-in-a-while exception—the anti-social, law-violating tavern that everybody notices.

Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation, retailing abuses endanger your right to enjoy good beer, the beverage of moderation. They also endanger the benefits that beer has brought to Texas—31,165 persons employed since re-legal-

ization, an annual payroll of \$22,076,182 and \$2,273,968.64 taxes paid last year.

While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely.

You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violations you may observe to the duly constituted law enforcement authorities.

BEER...a beverage of moderation

**COMPLETION OF MUSEUM
HAILED AT TECH**

LUBBOCK, April 7 — Completion of West Texas Museum building, situated on Texas Tech campus, is the announced goal of the museum association at its annual meeting.

Dr. J. T. Hutchinson of Lubbock was named president. Other officers are: George P. Kykendall of Lubbock, first vice-president; Clarence Scarbauer of Midland, second vice-president; Ray F. Hinchey of Lubbock, third vice-president; A. B. Davis of Lubbock, fifth vice-president; and Mrs. A. G. Hinn of Plainview, sixth vice-president.

J. Doyle Settle of Lubbock was renamed treasurer and Dr. W. C. Holden, dean of archeological research at Texas Tech, curator. Mrs. W. G. McMillan of Lubbock was elected treasurer.

UNFAIRNESS IN DRAFT

Unwarranted confusion and, in some instances, hardship have developed in one phase of the administration of the selective act. Prior to his appearance before the draft board the selectee bids farewell to his family, his friends and his job. Yet he is not certain that he will be inducted until the army doctors are through with him.

It can be quite embarrassing for a rejected selectee to have to return to his ordinary way of life. His job may have been filled . . .

The remedy is obvious. The selectee should know definitely that he has been accepted before he says his farewells. This is possible if he is given several days' leave after the army's conclusive examination instead of being shipped off at once. There should be no delay in changing the induction procedure.—Boston Traveler.

Dr. and Mrs. T. H. McIlroy visited relatives and friends in Lamesa Monday.

Mr. and Mrs. Dock Kyle of Hobbs were guests of her parents, Mr. and Mrs. J. T. Lee, Sunday.

Mr. and Mrs. Otis Moore and small son, Jackie, of Lubbock visited Mrs. Ruth Moore Sunday.

Gay Seilar, Flem McSpadden and Grant Winston of the Arizona Chemical Co. were in Lubbock Friday evening to attend a chemistry lecture at Tech College.

We are glad to report that Tom May has recovered sufficiently to be at his office regularly.

**TECH STUDENTS RATE HIGH
IN CHURCH MEMBERSHIP**

LUBBOCK, April 7 — Ninety-five per cent of Texas Tech's 4,076 students are church members if not church goers, a recent check on religious affiliation shows. Methodists and Baptists lead in numbers, with 1,370 and 1,345 students indicating membership in these two churches.

Other churches represented with large membership are: Church of Christ, 357; Presbyterian, 216; Catholic, 86; Episcopal, 77; and Christian Science, 29.

Thirty-two Lutherans are enrolled, 7 Nazarenes, 7 belonging to the Church of the Assembly of God, and 7 Hebrews:

Others are as follows: Latter Day Saints, 4; Congregational, 3; Adventist, 2; Friends, 2; Church of God, 1; Christadelphian, 1; Four Square Gospel, 1; Greek Orthodox, 1; Pentecostal, 1.

A total of 225 students indicated no preference.

J. B. Burke and wife were in Tuesday shopping, and we noted that J. B. slipped back to town on some excuse Wednesday.

Mr. and Mrs. H. F. Heath and son, Robert, spent Sunday in Lubbock visiting Mr. Heath's parents, Mr. and Mrs. R. A. Heath.

Bill McGowan, University of Texas student, will spend the Easter holidays here with his parents, Mr. and Mrs. J. J. McGowan.

Mrs. Lewis Barkley is visiting relatives in Quanah this week.

Mr. and Mrs. Carl Swenson and children visited relatives in Bowie last week.

Mrs. Gertrude Anderson spent last week end with her mother in O'Donnell.

Borrow trouble and pay off in worry.

Mr. and Mrs. Clyde C. Coleman spent last week end with friends in Olney.

C. E. Ross was in Dallas on business the first of the week.

**DOUGHBOY SHOES OF
1918 SENT TO BRITAIN**

WASHINGTON, D. C.—Twenty-five thousand surplus U. S. Army shoes, made 23 years ago for the American doughboys, are being used to fight the battle of Britain — on the feet of Civil Defense volunteers.

The shoes are the gift of the American Red Cross which purchased them at a fraction of their original cost from the Army Quartermaster Corps.

From the Chief Warden of Manchester, Red Cross headquarters here has received a letter of gratitude for an allotment of the shoes. "I had been rather troubled," he wrote, "as how to best help defense volunteers whom I know to be in poor circumstances. Notwithstanding their personal needs they turn out night after night, in all kinds of weather, ready to perform any task. These stout boots have been a great comfort to them.

Teacher—What is the meaning of the word matrimony, Robert? Robert—Father says it isn't a word; it's a sentence.

Minister—You know, Sambo, it's no disgrace to work for a living.

Sambo—Yassah! Dat's whut Ah always tells mah wife.

Grandson—Grandpa, were girls harder to kiss when you were young?

Grandpa—I reckon they were, but it wasn't near so dangerous. Old Dobin never smashed into a tree just about the time you got puckered up.

Hubby: I'm going to ask you a riddle. What makes my life so miserable?

Wife: "You've got me," Hubby: "That's right."

A Negro woman applied for relief in Florida during last winter's cold spell.

"Have you any children?" asked the investigator.

"Yas, sah, Ah's got foah."

"How old are they?"

"Well, now let's see—Ah's got one lap child, one creeper, one porch chile, and one yard young'un."

WEST WARD P. T. A.

The West Ward Parent-Teacher Association met in joint session with the High School Parent-Teacher Association on Thursday, April 3, at 3:30 o'clock in the High School auditorium. Mr. Aurora Nooncaster gave a highly interesting discussion on "Living By the Rules of the Group." Mr. Nooncaster showed how the child, a little autocrat by nature, gradually develops a democratic personality through experiences which encourage and direct his social impulses from allegiance to family to allegiance to society and to the nation. The school and the home work together to give the child a clear view of the strengths and weaknesses of the democratic way, and to give him experience in detecting and abiding by the opinion of the majority and also in helping to determine that opinion.

Membership cards were issued members of both organizations, and provision was made for the appointment of delegates to the District Conference to meet here on April 25 and 26.

Committees are at work carrying out plans for a successful Conference, and everyone will want to attend the Conference programs. Watch for announcements of these programs.

Byron Black, Tech student, spent last week end with his parents, Mr. and Mrs. B. O. Black.

Texas ranked third among all the states in the number of federal credit unions established in 1940. The Farm Credit Administration issued 131 charters in New York, 75 in Pennsylvania, and 55 in Texas.

Two workmen were eating lunch. One began unwrapping a long package at which the other stared in surprise.

"What's that?" he asked.

"Well, you see, my wife's away and I decided to make myself a pie."

"Bit long, ain't it?"

"Oh, I dunno, it's rhubarb."

"Shine your shoes, Mister?"

"No time, Sonny."

Well, to start the day right I'll do one for nothing."

"All right, go ahead."

"There, how does she look, Boss?"

"Fine."

"Well, for 10 cents I'll do the other one."

AND THAT'S TOO MUCH

"Why it is impossible for a woman ever to be President of the United States?"

"Because, to be President, a person must at least be thirty-five years of age."

Slaughter supplies in the fed lamb marketing season this season may show a moderate increase over last year's market during the December-April season, according to the Bureau of Agricultural Economics.

He: "I'm thinking of asking some girl to marry me. What do you think of the idea?"

She: "It's a great idea, if you ask me."

You Must Enjoy Your . . .

Easter Dinner

Educators, Journalists Sail to Latin-America On Carnegie Endowment Goodwill Tour

Sailing recently on the Grace liner, SANTA LUCIA, on a tour of several South American countries was this group of educators and journalists, guests of the Carnegie Endowment for International Peace:

(Top left to right): Malcolm W. Davis, representative of the Endowment; Eugene Butler, Editor, Progressive Farmer, Dallas, Texas; Roland Hall Sharp, Latin-American specialist, Christian Science Monitor, Boston, Mass.; Dr. Donald B. Brand, Head of Department of Anthropology, University of New Mexico, Albuquerque, N. M.; Clarence Roberts, Editor, The Farmer-Stockman, Oklahoma City, Okla.; and Lee Morrison, Columbia University Press, Executive Secretary for the tour.

(Lower left to right): William H. Hessler, Editorial and foreign news writer, Cincinnati Enquirer, Ohio; W. Earl Hall, Editor, Mason City Globe-Gazette, Iowa; Professor Graham Stuart, Stanford University, Palo Alto, Calif.; Professor Samuel Dale Myres, Jr., Southern Methodist University, Dallas, Texas; and Dr. J. L. Walster, Dean, North Dakota Agricultural College, Fargo, N. D.

The North American delegation will spend the majority of its time in Argentina, Brazil, Uruguay and Chile.

According to Dr. Nicholas Murray Butler, President of the Endowment, the purpose of the visit is "to offer to a small selected group of editors and scholars an opportunity to increase their knowledge of Latin-America; to exchange information and opinions with colleagues there, and to bring back to their professional work, fresh impressions gained in this way."

"CAUGHT IN THE ACT"

TEXAS PREDATOR CONTROL

The state's population of coyotes, bobcats and mountain lions is expected to be considerably reduced by 30 trappers the Texas game department has put in the field to trap and kill them, chiefly in southwest Texas.

The coyotes never was a popular "varmint" in the southwest, partly because his vocalization is poor, as well as monotonous when heard on the prairie in night hours, but mainly because the coyote is a predatory animal whose room is more desirable than his company.

The game department gets rid of several thousand predators every year, chiefly coyotes, with little cost to the department, although it furnishes traps and pays the trappers 50 cents for each predator captured. The trappers keep the pelts.—From Beaumont Enterprise.

Mr. and Mrs. A. L. Richardson and daughter, Carolee, of Abilene will spend Easter here as the guests of Mrs. Richardson's mother, Mrs. Lee Balfanz. Miss Lee Ellen Balfanz who has been visiting in the Richards home will return here with them.

GLAMOR ISN'T NEW—Olivia deHavilland, one of the loveliest of modern screen stars, proves it when she dons Gibson girl garb for her role opposite James Cagney in "The Strawberry Blonde," showing Sunday-Monday at the Rialto.

Progress of American Defense Program

Aid to Democracies
President Roosevelt announced he had released \$500,000,000 in equipment from present Army and Navy stocks for transfer abroad, had allocated \$1,580,000,000 for purchase of new defense equipment including shipyards and 212 cargo ships.

The President did not itemize the equipment released, but said the transfers were similar to the release of field artillery to Greece announced earlier in the week. The President also stated he is developing plans to aid Yugoslavia.

Ships Seized
The Coast Guard took into custody 28 Italian, 2 German, and 35 Danish merchant ships in American waters to prevent sabotage. Italian and German crews were arrested and charged with sabotage. Some were indicted by Federal juries and the U. S. requested the naval attaché to the Italian Embassy be withdrawn because of charges in connection with the sabotage.

Pan-American Relations
Congress passed a resolution warning aggressor nations the U. S. would not recognize the transfer of Western Hemisphere possessions to a non-American power, and providing joint hemisphere defense measures in such cases. The Senate ratified a State Department agreement with Mexico for joint use of existing air bases in the two countries.

Navy Secretary Knox invited Latin-American naval service chiefs to visit the U. S. as Navy guests.

Nelson Rockefeller, Coordinator of Commercial and Cultural Relations between the American Republics, said in a public speech that the four most important fields of action for individual American citizens in extending the good-neighbor program in the interests of defense are:

1. Popular education about South America in every U. S. community;
2. The teaching of Spanish and Portuguese to children and adults;
3. Community action to increase purchases from South America; and
4. Establishment of friendly contacts with South American groups.

CANCER HOSPITAL ASKED BY U. T.

A sub-committee last week had a house bill designed to appropriate approximately \$1,850,000 for the construction and maintenance of a state cancer hospital and laboratory.

The House Committee on Appropriations sent the bill to a sub-committee.

Under terms of the bill, introduced in the House by Rep. Arthur Cato of Weatherford, a state cancer hospital and research laboratory would be built at a place to be named by the University of Texas Board of Regents, and would be under the supervision of that board.

The Regents would select a staff of doctors for the hospital, Dr. John W. Spies of the University of Texas Galveston Medical School, told the committee.

Spies said that 4,000 Texans die of cancer each year.

Mr. and Mrs. Sam White and daughter, Miss Evelyn White, plan to spend Easter with their daughter and sister, Mrs. Harold Watson and Mr. Watson in Big Spring.

Mrs. Don Bell has returned to her home in Roswell after visiting her parents, Mr. and Mrs. J. E. Greenfield.

D. A. Thompson, Tech student, will spend Easter here with his parents, Mr. and Mrs. B. L. Thompson.

I bow on my knees before no man, Nor take orders at a tyrant's command. I live in a land of democracy, And not in the throes of autocracy! I am an American!

I worship God as my choice may be, And truthful news is free to me. All radio programs it is my right to hear, And trial by jury I hold most dear. I am an American!

I train for games and not for war, My home, the bombs shall never mar. I live not in terror nor fear for my life, Not in a land torn by dissension and strife! I am an American!

I live in a land respected by all, Where beauty and truth shall never fall. Love is our watchword, and peace is the cry, Where the Stars and Stripes forever fly high. I am an American!

(Written by Robert Moore, a patient at the State Sanatorium, whose home is in Brownwood; quoted in John C. Biedeger's La Coste Ledger).

Numerous newspapers are urging repeal of the chain store tax. "Most chain stores today are home-owned," says the San Antonio Evening News. The tax is called "a discriminatory penalty" by the Dallas News and the Fort Worth Star-Telegram asserts the levy is "punitive, not against the chains but against the consumer; the producer and business in general." Says the Austin American, "The consumer is the real 'goat' that are in such band condition as to make refinishing by varnishing impractical. A painted floor is easy to care for, and the modern floor enamels can be obtained in a variety of desirable colors. Only a good quality of floor paint should be used, as a floor gets hard treatment and a good paint is economical over a period of time."

FREE SPEECH AND FREE SPEECH

Nowhere else in the world, is there such untrammelled free speech as in America. As Americans we are proud of this attitude of liberty, and we would not agree for this privilege to be abridged, but there comes times in our national affairs when it is the duty of patriotic citizens to abridge their own "rights" in the matter of unbridled range of speech.

It appears to The News that such a time has come in the life and activities of Senator Wheeler; whose failure to stem the overwhelming national sentiment on the lend-lease bill, and to generally stifle American determination to give all-out aid to embattled Democracies, as the present most important step in national defense, seems to have embittered him to the point that his judgement is added. Following this bitterness the Senator announces his determination to go on a national radio look-up to "answer" President Roosevelt's address of last Saturday evening when he proclaimed American determination to furnish the sinews of war to Britain, Greece and China, that ruthless dictators shall be defeated in their program of world-enslavement. Senator Wheeler is on a lone trail that proves his lack of understanding of what Democracy really means, and marks him as a man exasperated out of natural poise and dignity.

America will hear Senator Wheeler with impatience. It will still stand for free speech, but it will render a verdict that Senator Wheeler's mouthings were best silenced—by Senator Wheeler.

Mr. and Mrs. R. L. Bowers and children enjoyed a fishing trip last week end down on the Rio Grande in the Big Bend country.

FARM PROGRAM NEWS

The AAA Committeemen will be at the following places for the purpose of signing up the 1941 Farm Plan Sheets and also Forms for participating in the 1941 Supplementary Cotton Program.

Precinct 1—Union Gin, 14th & 15th; Scuddy—16th; Foster—17th.

Precinct 2—Pleasant Valley 11; Meadow—14th, 15th & 16th.

Precinct 3—Johnson 18th; Pool 17th; Brownfield 19th at Brownfield A. C. A. Office.

Precinct 4—11th & 12th Wellman Coop Gin; 17th and 18th, Gomez.

Cotton Order Stamps to be secured by farmers for participating in the Supplementary Cotton Program will be issued as soon as possible after performance is checked under the 1941 AAA program. The Cotton Stamps will be issued to farmers who make a voluntary reduction in their cotton acreage in 1941. This means the farmer will reduce from his 1941 allotment or his 1940 planted acreage which ever is smaller. Farmers may earn stamps at the rate of 10c a pound on the normal cotton yield of the acreage reduced. A farmer interested in only one farm may earn a maximum of \$25 in cotton stamps, except an operator with two or more tenants or sharecroppers may earn up to

MARKERS FOR GRAVES OF CONFEDERATE VETS GIVEN BY GOVERNMENT

Beautiful marble markers for unmarked and poorly marked graves of Confederate soldiers are furnished free by the government, advised R. E. Sparkman of Italy, Texas, in a letter received Tuesday by the Dispatch. Hundreds of these markers have been placed over graves that otherwise would have lost, said Mr. Sparkman.

The government provides these beautiful markers in either upright or flat design. They are made of white southern marble and furnished for the asking, said the writer. The government also pays the freight to the depot nearest the cemetery.

In applying for a marker the full name of soldier, state from which he enlisted, and name of cemetery in which he is buried must be given. If he or his widow received a confederate pension, this information is also requested, along with their address at time pension was received. His service record is also needed.

More than a dozen of these markers of were received last year for graves in the Snyder cemetery, according to Mr. Sparkman. Garza county residents interested in securing markers should write Mr. Sparkman at Italy, Texas.—Post Dispatch.

DOVE LIKES ITS HOME

For four consecutive years a dove has built its nest and reared young in a tree just outside the study window of Rev. F. L. Wilshire of the First Methodist church at De Leon, Texas. However, more unusual than that is the fact that the dove, or possibly it is an offspring of the dove nesting there the previous year, makes its appearance each spring on Sunday within a few minutes of the same time and builds a nest each season within a few inches of the same place in the tree.

Texas Game Department biologists believe, after preliminary study, that doves do return to the same vicinity to nest year after year. Too, doves hatched in one vicinity will often return there to nest the following year.

Don't get caught with your battery down. \$50, but not more than \$25 of this amount on any one farm.

Cotton Accessories

Important in the summer cotton wardrobe are many attractive accessories. Here mercerized mesh is combined with specially dyed and washable capeskin. The fine mercerized cotton fabric was chosen by Designer Merry Hull as ideal for summer gloves that combine smart, trim appearance with wear and washability. Harmonizing accessories, the National Cotton Council says, should include a bag of the mesh with cover removable for washing, and a belt adjustable to the waistline and with mesh removable from the capeskin buckled front section.

BIG MONEY

Even in these days when talk of stratospheric sums is commonplace, statistics relating to the life insurance industry are staggering to the imagination.

During the last year, for instance, life insurance companies paid American families an average of more than \$7,000,000 each and every day.

The assets behind the nation's life insurance policies now total more than \$30,000,000,000—about as much as we plan to spend over a period of years for defense.

Those figures mean that we Americans have far economic protection than any other people in the world.

Filth Liable To Cause Lot Of Sickness

AUSTIN, April 7—Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"Control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and individual in the State," urges Dr. Geo. W. Cox, State Health Officer.

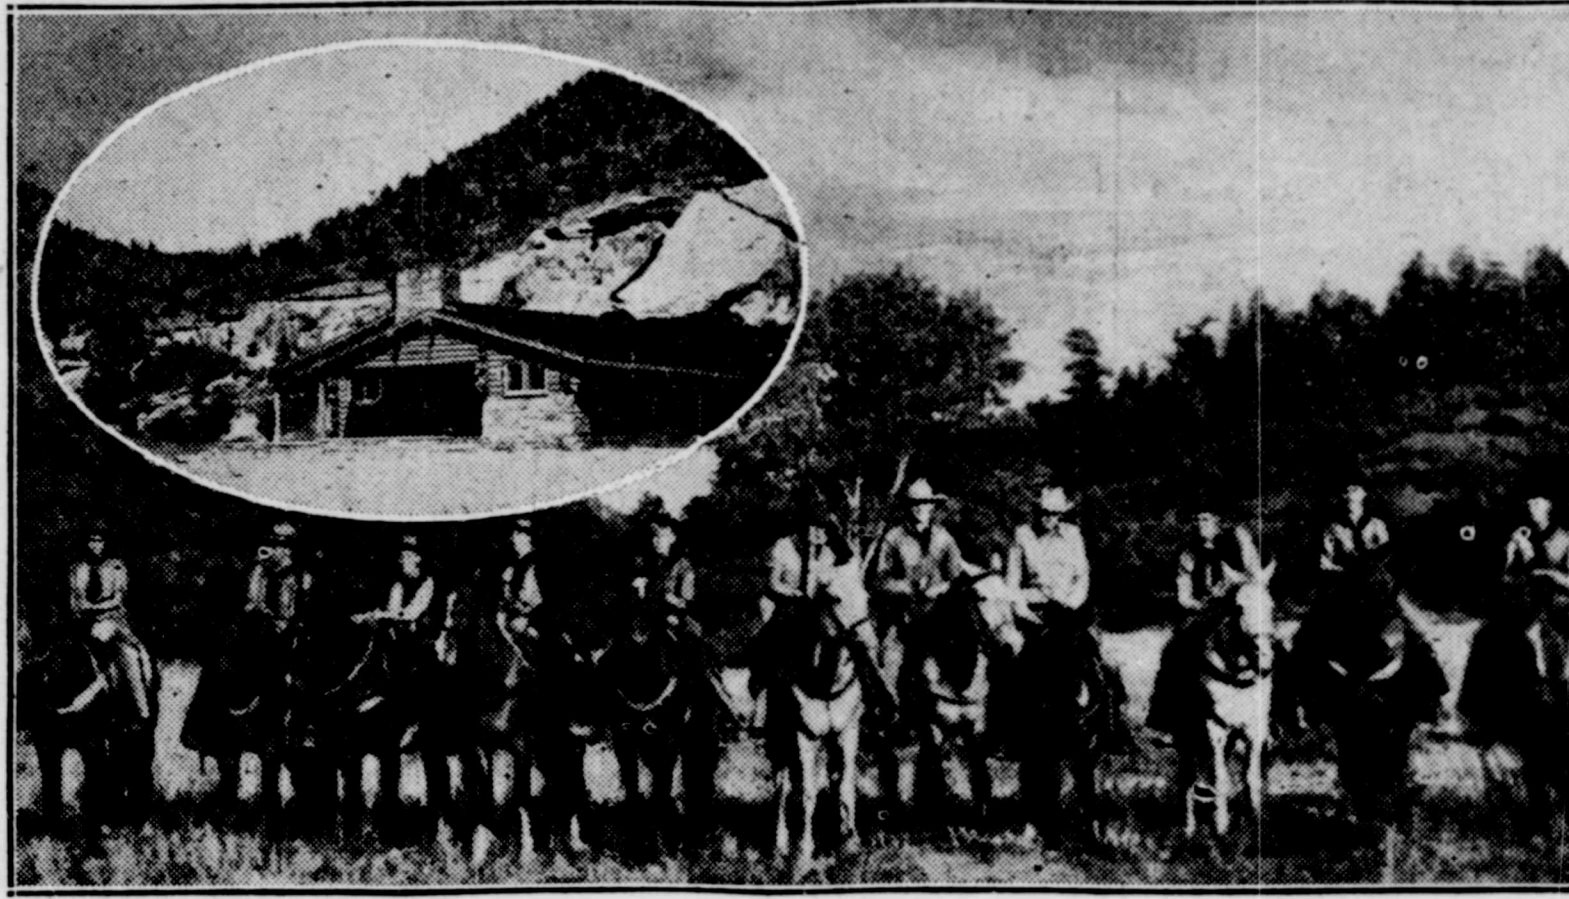

"Most effective measure for control is to prevent breeding," he said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her lifetime of several months one housefly lays from 600 to 1,000 eggs. Thus it can easily be seen that in a season, which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. The flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with food and drink and by unwashed hands and utensils. See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. Also, see that your grocer keeps his meat, vegetables, and fruits free from flies.

"Organized health measures to destroy the breeding places, control of flies' access to your home and food, and established standards of cleanliness in your community will eliminate the fly. The number of flies is an index to the cleanliness of any community, and they can be entirely eliminated."

Mrs. Spencer Kendrick and Mrs. Daniel Davis were called to Brady Sunday by the serious illness of their sister-in-law, Mrs. Jess Woolsley.

Boy Scouts Enjoy National Wilderness Camp

From all parts of the nation experienced Scout campers and leaders head for their Philturn Rockymountain Scout camp of 35,857 acres of mountain country near Cimarron, New Mexico for an unsurpassed wilderness camping experience. The camp, located in the land of Kit Carson's exploits, is developed and maintained by the National Council of the Boy Scouts of America who received the land in 1938 as a gift from Waite Phillips of Tulsa, Okla.

Many Texas Men Physically Unfit

AUSTIN, Apr. 1—Data released by the Texas State Headquarters for Selective Service reveal that out of the first 9,506 Texas draftees, 28.79 per cent, nearly one out of every three, were temporarily or permanently rejected for active service because of health effects. These figures show a slightly lower percentage of rejects than during the draft period of World War I, when 31.2 per cent of the men examined by local draft boards were rejected.

"On the basis of these figures, we find evidence of the tremendous task that lies ahead of us if the degree of physical fitness required for an all-out national defense program is to be attained. The professions of medical science and public health are utilizing every weapon at their command to improve the state of the Nation's health, but they alone cannot win."

Mr. and Mrs. Roy Herod and son, Billy Mack, spent Sunday in Lubbock.

WHAT IS AN INTERVENTIONIST?

In a letter addressed to Americans, Col. Charles A. Lindbergh registers himself as an "isolationist" opposed to "interventionists," the latter described vaguely as unidentified persons seeking personal advantage obtainable from war. His lengthy diatribe would glorify the isolationists who are eager to surround themselves with protection of every classification and take a purely impersonal attitude toward the other half hundred nations representing the centuries-old procession toward civilization. Over against that attitude is his purpose of non-resistance to international disruptions of whatever description. He agrees with Hitler that what Hit-

ler does is "none of the business" of the United States.

He proves to his entire satisfaction that it is impossible for a foreign nation to attack the United States by reflecting upon the "wastelands of the Arctic," the Atlantic on the east, the Pacific on the west, or with the aid of South American countries, the element of distance, the jungles and the suggestion that it is not worth Hitler's while to invade isolation, interventionists being his meat.

He treats those who would fight for the Nation's place in the world as something not quite All-American in its ingredients. Liberty is an abstract term in the Lindbergh lexicon and "playing 'possum" should be the national

64 CARS CHICKENS SHIPPED FROM TEXAS

AUSTIN, Apr. 1—Dinner tables in other states made a big haul on Texas poultry yards in February, taking 64 carloads of chickens and turkeys, the University of Texas Bureau of Business Research has discovered.

This total shipment was more than a third higher than in February, 1940, when 45 cars were "exported." The February, 1941, movement was made up of 2 cars of live chickens, 1 of live turkeys, 55 cars of dressed chickens, 6 of dressed turkeys.

Russell Day, Tech student, spent last week end with his parents, Mr. and Mrs. G. R. Day, at Union.

The Morse bill, supported by numerous bar committees and civic organizations, is believed to have better than a fair prospect of adoption, if it can be gotten before house and senate before the final bell on the session is sounded. It is one of the two most far-reaching measures offered, and the other has been held unconstitutional by Mr. Mann. In addition to its endorsement by many Texans experienced in aiding the first one covering all phases of the loan shark problem to be held valid by the State's legal department. It also has the advantage of a "low number" having been the sixth bill presented in the House at the present session.

"I believe we can build a military and commercial position on this continent that is impregnable to attack and which will force other nations to trade with us, if through expediency alone," he states in connection with his belief that interventions want us to dominate the world. What "other nations" will be available for trade when Hitler rules and Nazifies the monetary systems of all except the isolated United States?

Colonel Lindbergh was a record making solo flier of the Atlantic. His recent services to his country are very much more to be appreciated by the Axis than by the people in whose government he has the privilege of a voice—however misguided may be his utterances.—Star-Telegram.

Delay Greatest Danger To Bills To Aid Borrowers

AUSTIN, April 7—With the legislative session in its last month, friends of bills to aid small borrowers are apprehensive that such bills may not be brought to floor tests in both houses in time for their enactment. Up to now, none of the half dozen measures aimed at usury in Texas has come to a vote in either house.

Delay is, very evidently, the strategy of the opposition. But hope for early action has been spurred by two recent events.

Attorney General Mann has ruled that the Morse small borrowers bill is constitutional and the neighboring State of Oklahoma has adopted a somewhat similar bill by sufficient majorities to put it into immediate effect.

The Morse bill, supported by numerous bar committees and civic organizations, is believed to have better than a fair prospect of adoption, if it can be gotten before house and senate before the final bell on the session is sounded. It is one of the two most far-reaching measures offered, and the other has been held unconstitutional by Mr. Mann. In addition to its endorsement by many Texans experienced in aiding the first one covering all phases of the loan shark problem to be held valid by the State's legal department. It also has the advantage of a "low number" having been the sixth bill presented in the House at the present session.

How LONG is a Gallon of Gasoline?

WELL, it's longer going downhill than up, longer going slow than fast—but the important new discovery of the year (or since Buick's Compound Carburetion* appeared) is that it's longer when you have two carburetors teamed like Buick's than when you have one!

Here's why:

In easy going like most of your travel, just one of Buick's smaller-than-usual carburetors thriftily handles all engine requirements.

Only when you want extra power does the second carburetor come in.

Then, momentarily, it adds extra fuel and extra power *only while it's needed.*

Result is that carburetion is *always* fitted to your driving need.

You're never driving with a carburetor that's bigger than you need for low-range travel, or one that's too small for top-range performance.

BUICK PRICES BEGIN AT

\$915

Large Percent Tech Students From Farms

LUBBOCK, April 7—Thirty-six per cent of Texas Tech's 4,078 students come from agricultural homes, a recent survey of parents' occupations reveals. Farmers, dairymen, ranchers, cattlemen, lumbermen, poultrymen and truck farmers are included in the list.

Approximately 22 per cent, or 891 Tech students, are children of business men; 9 per cent come from manufacturing and industrial occupations; 6 per cent from home of professional men and women; 5 per cent are children of parents in public service.

Parents of 84 students are engaged in extraction of minerals; either as drillers, geologists, mine or pipe line employees. Chemical positions occupy parents of 31, and domestic or personal service 27.

Ten forms of transportation furnish livelihood for families of 169 students. One engineer is the son of a ferry pilot.

Represented among the trades and businesses are advertising, amusement and automobile agencies; furniture, hardware, drug, grocery, jewelry, banking, theatres, newspapers, public utilities, service stations and warehouses.

Parents of 269 student are deceased, and of 169 are retired.

Supreme in Circulation

INSURANCE PAY-OFF

When a man has a fire and is insured, he naturally expects a business-like, prompt settlement. That's what he has paid premiums for. But in Texas he may or may not get it, depending on whether he has to settle through the Fire Companies Adjustment Bureau, owned by insurance companies; and upon whether that bureau chooses to act promptly.

In addition, he may be forced to battle long and hard with the Underwriter Salvage Company, also owned by the insurance companies, which removes all seriously damaged stock, reconditions it and sells it.

The situation is odorous, to say the least, in view of the fact that Texas fire insurance companies are permitted key rates that give them an enviable profit.

By controlling most of the fire loss adjustments, through their own adjustment bureau, they have the opportunity, if they choose to use it, to squeeze down on fire loss sufferers who are unable to fight back. By months of delay they can get lower settlements.

Small business men, especially, need prompt settlements to resume or continue in business. Often a prompt settlement is the difference between failure and survival. They need protection, and it is up to Texas to give it to them.

Likewise, home owners who are turned out, should be given protection against vexatious and undue delay.

The same insurance companies operating in Texas, and now in position to use tactics of pressure and delay, do business in other Southern cities subject to a law such as is now asked of the Texas Legislature.

If they can do business elsewhere under a penalty clause compelling them to make reasonable settlement with a reasonable time, they surely can do it in this state, where their profits are notoriously satisfactory. — Houston Press.

WHAT COTTON FARMERS SPEND FOR COTTON GOODS

College Station, Mar. —Texas farm families with a gross cash income of less than \$500 per year spend only \$23.53 for cotton goods in 12 months, despite the fact that most of them get the major part of their incomes from raising cotton.

This figure is based on a survey made this winter in 20 Texas counties. An average of 21 families in each of the counties responded to a questionnaire which was circulated in community-matress centers. Tabulations made in the Washington Office of the Triple-A and relayed to Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, showed that the average cash income during 1940 for those families of 5 persons was \$253.26.

Fifty-five percent of the reporting families take part in the Triple-A program, and the average AAA payment per family is \$79.71. This represents about 29 percent of these families' incomes.

Mrs. Barnes says the new supplementary AAA provision, which provides that cotton farmers may be compensated with stamps for further reduction in their cotton acreage in 1941, will tend to increase materially the per family consumption of cotton goods this year.

DEFENSE CONTRACT DISTRIBUTION

National Defense Advisory Commissioner Chester Davis told the Southern Governors' Conference, "Your area has been waiting for industry to come and use its manpower. Nothing short of the most vigorous and positive methods to achieve recognition of your labor reserves and labor resources will suffice."

Mr. Davis said 11 Southern States had received only 7 percent of new defense contracts up to January 31, and only 24 of 302 new plants up to March 1 were planned for these States.

GOOD IN WINDBREAKS

College Station, Mar. —The native flowering willow, which is often called desert willow, is excellent as a shrub or tree. Sadie Hatfield, Extension Service specialist in landscape gardening, says it is one of the best trees for the first or outside row of windbreak, since it can take an almost unbelievable amount of punishment from the mechanical action of the wind.

Spreading happiness over the Southwest, these eight charming girls represent Admiration Coffee and are travelling the Southwest contacting civic organizations in the promotion of the Admiration Happiness Club

Trees Can Be Grown Without Irrigation

Trees can be grown without irrigation in any county in Texas. That goes for shade trees, windbreaks, and trees grown as ornamentals, says Sadie Hatfield, specialist in landscape gardening for the Extension Service.

But she admits there's a trick in it. The secret of success is in properly collecting and storing rain water in the soil for the growth of trees. During the spring and summer terraces and contours should be made so as to collect and hold moisture which falls during the summer and fall months. "Soil is the natural, the best, and the easiest place to keep water for growing trees in the Panhandle, on the plains, and in all the drier regions of Texas," the specialist explains.

It is true that three or four

acres of soil may be needed to produce one acre of good trees, for it is necessary to divert water from nearby soil in order to give a tree or a group of trees the equivalent rainfall of a semi-arid region.

Terracing and contouring practices, long recommended by county agricultural agents can bring about diversion of water to almost any area selected for trees.

Among the trees which are being grown successfully (and have been grown for a decade) by landscape improvement demonstrators and others on the plains and in the Panhandle are black walnut, red cedar, desert willow, green ash, hackberry, honey locust, jujube, mulberry, bois d'arc, Russian olive, salt cedar, vitex, wild plum, lilac, and Chinese elms.

L. C. Sibley of Wink was the guest of his brother, V. N. Sibley and Mrs. Sibley Tuesday.

Mr. and Mrs. Tom Neely plan to spend the Easter holidays with his parents in Sayre, Okla.

The National Research Council's committee on food and nutrition says it will cost less than two-thirds of one cent more to produce "enriched bread" than ordinary white bread.

Maudine—What did the astrologer tell Julia when she asked him about the best time to get married?
Helen—He looked at her for a moment and then told her to grab the first chance she got.

Hiram—Do you think hair dye is dangerous?
Uncle Eli—I sure do. Cousin Wiggem had his hair dyed a month ago and now he's married.

MAILING "CHAIN LETTERS" VIOLATION OF LAW
The mailing of "chain letters" is a violation of postal laws. In the past few weeks the Rotan postoffice has been receiving "chain" post cards. It is evident that those mailing these cards do not know that they are violating the law. However, this does not excuse the from prosecution.
If you receive a "chain" letter or post card, throw it away or turn it over to postal authorities. The government exercises considerable interest in these nuisances and will go to extreme measures to suppress them. Don't take a chance with the law by mailing such cards or letters.—Rotan Advance.

Mr. and Mrs. H. W. Nelson and children visited his parents in Arkansas this week.

POPULAR DELUSIONS . . . by MacConachie

DELUSION: THAT HEAVY COFFEE DRINKERS ARE NERVOUS, JITTERY.
COFFEE IS A STIMULANT WHICH PICKS YOU UP—HEIGHTENS THE RESISTANCE SO NECESSARY TO GOOD HEALTH

DELUSION: THAT CAMEL HAIR BRUSHES ARE MADE FROM THE HAIR OF THE CAMEL.
CAMEL HAIR BRUSHES ARE MADE FROM THE TAIL OF THE SIBERIAN SQUIRREL.

YOU CAN'T BLAME THE WEATHER ON ME!

DELUSION: THAT THE MOON AFFECTS THE WEATHER.
THERE IS NO PROOF THAT THE MOON AFFECTS THE WEATHER OR THE WEATHER

DELUSION: THAT CIGARS STIMULATE THINKING.
IT ISN'T THE CIGAR THAT STIMULATES THOUGHT BUT THE MORE LEISURELY MANNER OF CIGAR SMOKING WHICH BRINGS ABOUT CLEARER THINKING.

DELUSION: THAT PLAIN GELATINE ITSELF CONTAINS NO FOOD VALUE.
PLAIN GELATINE IS A VALUABLE FOOD BECAUSE IT IS A PURE PROTEIN AND HIGH IN MANY OF THE AMINO ACIDS NECESSARY FOR GOOD HEALTH.

RECENT ARRIVALS...

Mr. and Mrs. John A. Bost are the parents of a 6 pound, 11 oz. daughter born at 9:22 p. m. Saturday, April 5. The infant has been named Linda Mae.

Mr. and Mrs. D. B. Blevins announce the arrival of a 7 pound 5 5oz. girl Sunday, April 6.

Mr. and Mrs. J. D. Pendergrass of Sundown are the parents of a 6 pound 4 oz. girl born Friday, April 4.

—Reported by Treadaway-Daniel Hospital.

CHURCH OF CHRIST LADIES MEET

The ladies of the Church of Christ met Friday, April 4 with Mrs. E. R. Steen for their monthly work day. A quilt was quilted and five dresses made.

The hostess served sandwiches, cakes and cookies to the twenty members present. The next meeting will be held at the home of Mrs. W. S. Boyett, Friday.

JOHNSON H. D. CLUB

Mrs. Grady Patton was hostess to the Johnson H. D. Club Tuesday, April 1st. Everyone enjoyed Miss Holloway's demonstration on framing and hanging pictures.

Refreshments of cake and hot chocolate were served to 11 ladies. The next meeting will be April 15th, with Mrs. Major Howard.

GOMEZ NEEDLE CLUB

The Gomez Needle Club was entertained Thursday of last week at the home of Mrs. Denver Kelly in Gomez. The afternoon was spent in doing needle work.

A refreshment plate of sandwiches, olives, potato chips, cookies and punch was served to the six guests. Mrs. Otis Kelly was a special guest.

MISS NEW BECOMES BRIDE OF CY FRANK ROANE

Miss L. V. New and Cy Frank Roane were married Wednesday, April 9 at 6:30 P. M. at the First Methodist church in Matador. Rev. Dallas B. Denison of Albany read the single ring service.

Miss Kitty Jeanette Jenkins, niece of the bride, was maid of honor and Roger Nevels of this city served as best man. Music was furnished by Miss Lyndell Glenn who played the Wedding March and also played "To a Wild Rose" during the ceremony.

The bride wore a blue afternoon dress with white accessories and carried a white Bible, which was a gift from her mother upon her graduation from high school. For "something old" she wore her mother's wedding ring and for "something borrowed" a gold bracelet belonging to Mrs. Arlie Lowrimore. The bride is the daughter of Mrs. Ellen Marie New. She is a graduate of Matador High School and Draughtons Business College in Lubbock. She has been employed as typist in the local Farm Security office since last October.

Mr. Roane is the son of Mr. and Mrs. F. M. Roane of Ruston, Louisiana. He is a graduate of Ruston High School. He is employed by the Magnolia Petroleum Co. The couple will be at home in Brownfield.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

Mrs. Randal led the fifth chapter of the book, "Jesus and Social Redemption," at the Methodist Church, Monday, April 7th. Mrs. House led the devotional.

Other members present were Mesdames Hanks, Webber, Arnett, Cook, Carter, Thompson, B. L. Thompson, L. Miller, Carpenter, Proctor, Johnson, Rives, Fitzgerald, Callahan, Lloyd, Downing, Glenn Harris, Roy Harris, Bates and Longbrake. Next Monday Mrs. Turner will lead the year book program.

MARRIAGE LICENSE

W. V. Duke and Miss Ruby Lee McKight, March 31.
Cy Frank Roane and Miss L. V. Marie New, April 7.
Raymond Robinson and Miss Grace Gray, April 8.

FLOWER EXCHANGE

The Maids and Matrons Club and the Garden Club are sponsoring a flower and shrub exchange Saturday, April 12th. All persons having plants to give are urged to bring them.

This exchange which has been sponsored for more than 20 years by Maids and Matrons club, is open for anyone in this trade territory regardless of whether you bring plants or not, but if you have plants to bring they would be appreciated.

In Randal building, former location of Taylor's Mens Store.

—Committee

JUNIOR MAIDS AND MATRONS CLUB MEETS

The Junior Maids and Matrons Club met in their regular meeting on Tuesday afternoon, April 8, in the home of Mrs. Wilson Collins with Mrs. W. S. Brumage as hostess.

A rather lengthy business session was held, as there are only two more meetings in which business can be discussed before the end of the club year.

The following program was given: "Do You Get Your Money's Worth?" Mrs. Jake Gore; "Are You a Victim of Fraud?" Margetta Montgomery; Professors Quiz conducted by Mrs. V. L. Patterson. This was a very interesting program concerning the consumer and the buyer. The quiz was along the same line and was held between the school teachers and the housewives. The housewives won.

The next meeting will be in the home of Mrs. Arlie Lowrimore with Mrs. Virgil Crawford as hostess. The program for that meeting is a Review of Short Stories by Mrs. P. R. Cates and Mrs. V. L. Patterson. Mrs. Hackney, the Club Critic, is to criticize the club's activities for the past year. Mrs. Lynn Nelson to read the History of the Club for the past year and Mrs. Bill Ed Watson to give a report of the Club activities. It is urged that all members be present at this meeting if possible.

A delicious refreshment plate was served by the hostess to the 19 members present.

SPEND EASTER IN SANTA FE

Misses Evelyn Jones, Vondee Lewis, Eleanor Gillham, Jane Brownfield and Joy Sawyer left Thursday for Santa Fe where they will attend the Easter services of the Ko Shari club which are held in the New Mexico City annually.

Mrs. Bill Glasscock and Mrs. V. N. Sibley drove to Big Spring Friday to meet Mrs. Glasscock's sister, Mrs. Dodd, who came from Thomas, Okla. to visit in the Glasscock home.

FEDERATED MUSIC CLUBS ASK FOR DEFENSE PROGRAMS

Responding to requests from National Federated Music Clubs headquarters, that National and State officers present several programs on "Music Plays a Part in National Defense," Mrs. Dallas presented a program at Plains, March 31 under auspices of the Fine Arts Club at the High School Auditorium.

Presenting the program were Misses Ola Belle Brown (honorary member of local music club), Wanda Joyce Finney and Claudine Garrett, high school piano students assisted. Mrs. Dallas prefaced the program with National and State information of what local clubs may do in music defense and played four piano selections.

Mrs. J. P. Robertson, President of Fine Arts Club and Mrs. Mollie Smith, sponsors, made the event very enjoyable.

Proceeds are to be used in purchasing song books and other needed supplies, for our boys in U. S. Camps.

The O'Donnell band will sponsor a program April 14th, when Mrs. Dallas will present talent at O'Donnell.

The National Federation of Music Clubs' Biennial Convention will be held at Los Angeles June 11-19. From a point of long active service, a breakfast will honor outstanding members when these members will have numbers on this breakfast program. Mrs. Dallas has been invited to play as she has been an active teacher in the cause of music more than 50 years. She appreciates this honor.

State Convention will be held at Dallas April 16-19. Headquarters at Adolphus Hotel. Mrs. Dallas plans to attend and give reports as Vice Pres. and Endowment Chairman.

EASTER MUSIC AT FIRST BAPTIST CHURCH

The Sunday evening service at the Baptist Church is to be given over to the Easter Cantata, "Our Loving Lord," by Ira B. Wilson.

The complete program follows: Prelude, Mrs. Horace Belew. Scripture Reading and Prayer, the Rev. Rogers.

Hail Day of Victory, soprano obligato, Mrs. W. R. Brown; Bass Solo, W. W. Price and Choir. The Entry into Jerusalem, bass solo, W. W. Price and Men's chorus; Women's chorus and choir.

The Last Supper, tenor solo, A. O. Webb.

The Crucifixion, Choir.

The Burial, contralto and tenor duet, Mrs. J. B. Huckabee and Alton Webb and Choir.

Night Within the Garden, contralto solo, Mrs. Gladys Green.

Offertory, Jimmie Green.

The Opened Tomb, Women's Chorus, Men's Chorus and Choir.

The Angels' Song, Two-part women's chorus.

The Women at the Sepulcher, Choir.

Now is Christ Risen, Choir.

I Know that My Redeemer Liveth, soprano solo, Marie Carter.

Our Lord Victorious, Choir.

Lift Up Your Heads, bass solo, Homer Newman.

The King of Glory, Choir.

Benediction.

The singers are: Mrs. R. A. Brown, Mrs. Arthur Tyson, Mrs. Lee Balfanz, Mrs. G. Z. Sherman and Miss Marie Carter, soprano; Mrs. Gladys Green, Mrs. D. P. Carter, Mrs. J. B. Huckabee, Jr., and Mrs. W. W. Price, alto; Alton Webb, A. O. Webb and J. K. Shepherd, tenor; W. W. Price, Homer Newman and Arthur Tyson, bass.

Clifford Horn is the director and Mrs. Horace Belew the pianist.

The service begins at 8 P. M. Everyone is cordially invited to attend.

HARMONY H. D. CLUB

Harmony Home Demonstration Club met Thursday, April 3, in the home of Mrs. T. E. Hobbs. This was an all day session and a quilt was quilted for Mrs. Hobbs during the day. Club was called to order about 2:30 by the president. 11 members and two visitors were present.

The subject of the program was "Eating Vegetables Every Day," and was discussed by several members of the club. Mrs. J. O. Hobbs demonstrated a good salad.

According to our yearbook we will meet with Mrs. John Gracey April 17.

—Club Reporter.

SHOWER GIVEN FOR MRS. AKERS

Mrs. J. D. Akers, the former Miss Jewel Edwards, was honored with a tea and gift shower at the C. C. Coleman home Friday afternoon when Mesdames Coleman, W. A. Bell, Lal Copeland, J. O. Gillham, J. H. Carpenter, Walter Gracey and James King were hostesses.

The honoree and hostesses wore white carnation corsages. The table was covered with yellow satin topped with lace and centered with an arrangement of lilies and gypsophila. The white brides book was decorated with streamers of white and pink satin ribbon and gypsophila.

Approximately 75 guests called. Out of town guests were Miss Margaret Bell, Miss Verlin Cook, and Mesdames B. Sherrod, J. Louis Muree, Jr., Bryan Edwards and the honoree's mother, Mrs. Corra Edwards, all of Lubbock.

GARDEN CLUB TO SEE ROSE CULTURE FILM

Mesdames C. C. Coleman, J. R. Turner and L. Nicholson will be hostesses to the Brownfield Gard-

MRS. STRICKLIN HOSTESS TO CLUB

Mrs. A. J. Stricklin was hostess to the Kolonial Kard Klub Friday afternoon of last week at her home.

Mrs. E. C. Davis scored high and was given a wall plaque. Mrs. H. F. Heath was given a pottery pitcher for second high.

A refreshment course of pressed chicken, individual lemon pie a la mode and coffee and tea was served to Mesdames Davis, Heath, Black, W. R. McDuffie, I. M. Bailey, L. M. Wingerd, Money Price, C. T. Edwards, J. M. Telford, Kyle Graves, W. D. Lane and C. M. Chatman.

SINGSONG

The Terry and Yoakum county Sing Song will be held jointly at the Nazarene church in Tokio Sunday, April 13, at 2 p. m. A number of out of county singers are expected to be present. Everybody invited. Mrs. H. T. Clark, Sec.

en club at the home of Mrs. R. B. Parish Friday, April 11 at 8 P. M. A film on rose culture and botanical Gardens will be shown.

WOMANLESS WEDDING AT JOHNSON APRIL 11

The "Womanless Wedding" which was postponed from a prior date, will be staged here Friday night, April 11 at 8:00 P. M.

The "Fat" vs. "Lean" ladies basketball game will also be played Friday night. The public is cordially invited to attend.

MOVE TO CHILDRESS

Mrs. Guthrie Allen and baby left Wednesday for Childress to join Mr. Allen who has been there for the past two months, since accepting a traveling job with Behrens Wholesale Drug Co. Mr. Allen was employed as pharmacist at the Corner Drug here for several years.

Mr. and Mrs. Lal Copeland and son visited Mr. and Mrs. Joe Bailey in Lubbock Sunday.

Mr. and Mrs. A. M. Brownfield transacted business in Dallas the first of the week.

Mrs. Flem McSpadden was a business visitor in Denver City Monday.

A Real Pioneer Passes Sunday

RICHARD DURHAM

At one o'clock Sunday morning at the home of his granddaughter Mrs. J. T. Cameron, who lives in the north part of the city, passed Richard Durham, 97 years of age, and without doubt the oldest person in Terry county. This aged man, while not in the best of health for the past year or so, had a clear mind and could tell one many things that happened back some 90 years ago in this nation, which was young at that time.

Mr. Durham was born at Beulah, N. C., Sept. 15th, 1844. He enlisted in the Confederate army at the age of 18 years, serving with the 67th North Carolina infantry regiment. Fifty years ago, or in 1891, Mr. Durham migrated to Texas, settling at Forrestburg. He has been living in Brownfield for the past eight years.

The survivors are two sons, Simon Durham of Forrestburg, Texas, Harvey of Sweetwater, and three daughters, Mrs. Zephia Honeycut and Mrs. Delphia Byrd of Tucumcari, N. M., and Mrs. Anne Reed, Olustee, Okla., also around one hundred grand and great-grand children.

The body was carried to Whitesboro, Texas by Brownfield Funeral Home. Services were held at the Primitive Baptist church at that place, Monday afternoon at 3:00 o'clock. Burial in the Whitesboro cemetery.

M. Y. Bennett of the Needmore section was in Wednesday.

IF YOU LIVE IN **West Texas** YOU'RE IN THE OIL BUSINESS

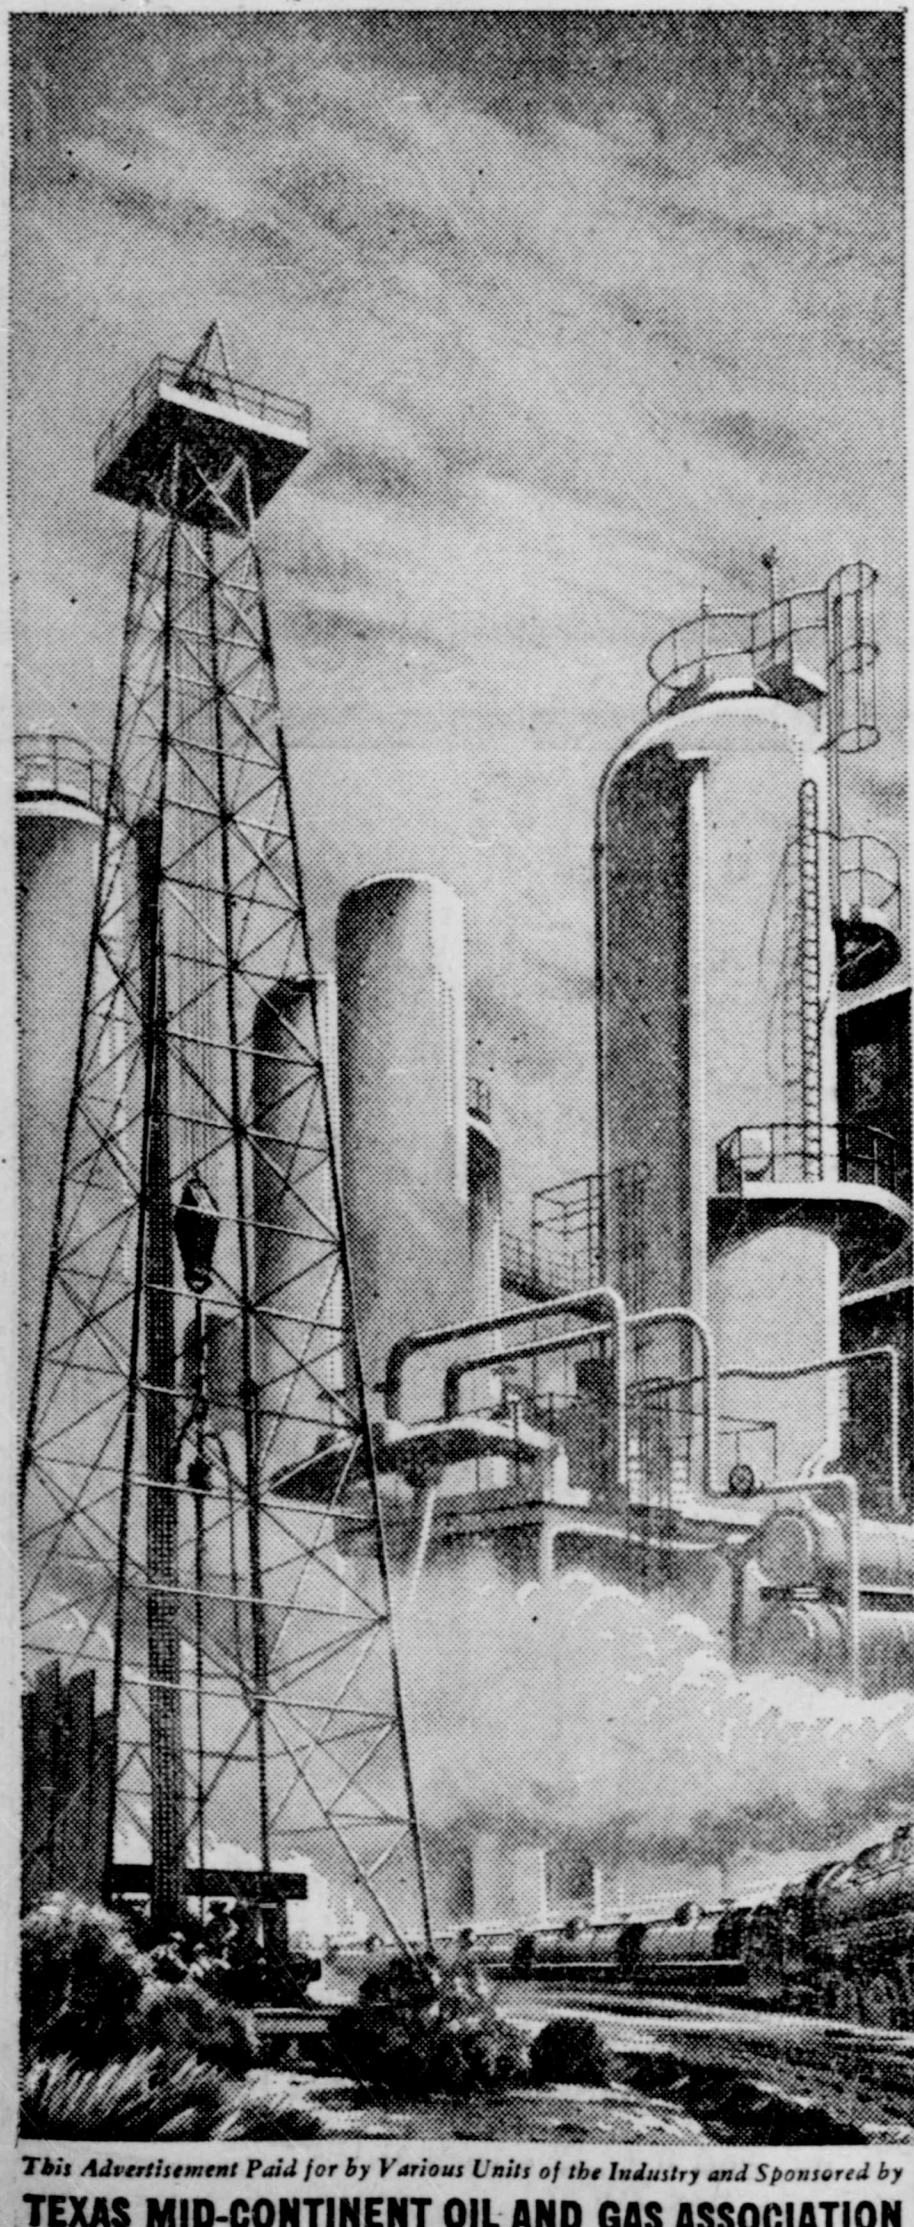

I am a rancher who knows what oil means to West Texas.

Each year, West Texas ranchers and farmers get from the oil man nearly 27 cents extra for every dollar we receive for our livestock and crops. Over 12 million acres of West Texas land are now under lease and nearly one million already produce oil. Our income from this source alone amounts to 28 million dollars a year.

Over 50,000 West Texans, including oil workers and their families, get their entire living from oil. The wage earners of this group are paid 16 million dollars a year. Tax collectors receive an additional 10 millions. All told, this industry pays out 86 million dollars a year in West Texas.

This money is spent and repent until every merchant and business and professional man... in fact everyone... in our section gets his share of it.

Every West Texan has an important stake in the oil industry and its future in Texas.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!
 Because We Treat Constipation at the Onset, While We Neglect Our Kidneys Indefinitely
 No other organ in your body is of more importance than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.
 It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Nervous Headache, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.
 KIDANS is Safe and Reliable. Thousands report entire satisfaction. Take according to directions. KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.
 If your local druggist cannot supply you, send \$1.00 to the The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee. 3c

Careers in Engineering

By R. T. Strohm

Dean, International Correspondence Schools

THE engineer has a most important place in industry. Today sixty per cent of all engineering is in manufacturing or governmental work. The bulk of engineering work, therefore, is not in the production of new things, but the enlargement and adaptation of existing mechanisms, factories and public works. A new battery of machines is added to the production line, a factory wing is enlarged or built, the capacity of a plant is increased; all these projects are directed by the engineer.

The past 100 years saw the great development of the civil engineer. The machine age has made greater and greater demands upon the engineer. The marvelous development of engineering in this period has grown beyond the work of the military or civil engineer until now there is a need for a wide variety of engineering specialties.

The hand of the engineer is to be seen in many places. From coal, air and water he produces the thread of nylon, finer than silk and more durable. Out of giant retorts he builds dazzling colors; from resins or skimmed milk he fashions new plastics. With corn-husks and sugar-cane stalks he renders buildings more livable in winter and summer, conquering weather. From by-products such as sawdust and beet pulp he creates cattle foods. These are but a few instances of his handiwork, but the list grows endlessly. The engineer's future is as brilliant today as it ever was.

TRADITIONAL FRIENDSHIP EXISTS BETWEEN BRITISH AND U. S. NAVIES

During the heat of the debate on aid to Britain, a leading isolationist Senator is reported to have said, "It's idiotic to say we depend upon the British Navy. We never have received any aid from the British Navy or Government." Lest someone take these words too seriously, it might be well to recall some of the instances when Britain and its Navy performed vital service to the United States.

The Monroe Doctrine was proclaimed at a time when the United States alone was in no position to uphold it. Britain's prompt acquiescence and guarantee of the proposal protected the Americas from further colonization by European powers during the critical days before the United States became a strong world power.

Britain's service to this country during the Spanish-American War was no less important. When Germany tried to form a coalition to intervene on the side of Spain, Great Britain served notice that, in event of such action, it would enter on the side of the United States. The British consulate at Santiago notified this country when the Spanish fleet started its dash for escape, which resulted in an overwhelming United States victory. Further, the British Navy contributed 400 expert gunners to the United States fleet, transferring them in mid-Atlantic. They served throughout the war.

The classic example of British friendship came during Dewey's blockade of Manila harbor. While there are several versions of the story, it is evident that British Admiral Chichester refused to let the German warships intervene, indicating that to fire on a United States ship would be the same as firing on a British ship. In consequence, Germany was kept on the sidelines throughout the war.

Friendship between Britain and the United States is of long standing. Despite the troubles that have arisen between the two countries, they have stood by each other in times of stress for more than a hundred years. Together they have exerted a powerful influence on the side of liberty and justice.

Twist and turn as the isolationists will, one always arrives back at the same point — the British Navy. If it is defeated, the United States must support a two-ocean navy and face an inevitable war with no strong ally at its side.

THE RADICALS ASKED FOR IT

Reports to the effect that the Federal government is planning to establish some sort of a new labor mediation board, with wide powers, should not come as a surprise.

Certain segments of labor have shown themselves completely irresponsible. They have delayed the defense drive. They have stopped production in important factories. They have, in short, taken advantage of the nation's need to "demand the moon."

There seems to be no other solution that aggressive governmental intervention in labor disputes. About all the radicals in labor have achieved is to place the labor movement in disrepute in the minds of millions of Americans. Rochester Reporter.
