## Defense Bond And Stamp Sales In Terry County Lagging

Chairman J. O. Gillham Makes Statement For Press. Mass Meeting Called for Friday Night, April 10th. Noted Speakers To Be On Hand.

Defense Bond sales in Terry county are lagging far behind, according to J. O. Gillham, County Chairman of Defense Bond Sales. The Terry County quota for the year 1942 is \$554,000.00 and with one fourth of the year gone, only approximately \$60,000.00 on bonds had been sold up to this week.

"We are expected to raise our quota and possibly more, but in order to do so, sales must be stepped up considerably," said Mr. Gillham. "We need to get more people to buy bonds out of current income every week or every month. The government does not want us to take all our savings and put into bonds, but they want us all to buy some bonds or some stamps every pay day. That is the only way we can ever get the job done. This is not a job we can push off on our neighbors and shirk the responsibility ourselves, but every man, woman and child in Terry county is expected to do their part. You may not be able to buy a bond every month, but you can buy some savings stamps every month. We will have to sacrifice perhaps to get this job done, but all Americans will have to sacrifice to win this war. We have a better chance to lose it than some of us realize and if we lose it, we have lost everything our forefathers fought for and what we, ourselves, have strived to preserve. I urge every citizen to go to your bank or postoffice today and start a systematic program of investing from your current income in savings bonds and stamps."

The local Bond Sales Committee has called a mass meeting for Friday, April 10th at the American Legion Hall for the purpose of discussing ways and means of stimulating bond sales. Every citizen of Terry county is urged to come. Several noted out of town speakers will be present, besides several local speakers.

Make your plans now to come to the rally. You will have the opportunity to review the local unit of our Texas Defense Guard which will give you some idea of just what some of our local boys are doing for the cause of defense.

## Merlin Adams Claimed By Death

Merlin Adams, about 65, who was a citizen of this county in the early days, passed away last Friday at Austin, and was buried in that city last Sunday. He was a son of Mr. and Mrs. Jake Adams, Terry county pioneers, now deceased, and a cousin of Will Adams of this city.

The Uncle Jake Adams family lived in the section now called the Wellman community before the railroad came here, selling out to the Santa Fe Land Department. Merlin first moved to El Paso, later to Houston, and some time ago to Austin.

He is survived by his wife, two boys and three girls.

## Teague-Bailey Sells To Lubbock Firm

Caught with twenty new cars on their hands, a new and expensive building, and thousands of dollars worth of parts, precision machinery, etc., when the freezing of cars came, was the direct cause of Teague-Bailey, popular car dealers of this city, selling to a Lubbock concern, all their parts, and we presume cars, and closing the place. The building, however, will be for rent.

Their splendid corps of mechanics are moving to the Chris Quante building, formerly known as the Brick Garage, where they will continue to give the same good service to owners of Chevrolet cars. The many friends of Buddy and Jack, will regret to see them closed even for a short while, but as it was, there is a tremendous overhead and no income from the sale of new cars.

However, these boys assured us that as soon as the war is over and the Chevrolet cars gets back into production, they will immediately reopen, and give their old customers the same good service they have been used to for years.

This war certainly has slapped the dealer of cars and tires in the small town a heavy blow. The towns and cities around which are located government plants and training centers are in the swim. They are allowed all the construction material they need to care for workers, officers, etc.

Perhaps the small town innings will come after the war, when these "centers" find after a lot of people have left for their real homes, and a lot of empty houses behind. We are not cursing our lot, understand, but we believe that the government will find in the next year or two, that they will have to rebase bond sale drives, not on population, so much, and more on where war production prosperity runs into high figures.

## School Census Drawing Near Close

The taking of the scholastic census in the Brownfield Consolidated Independent School District is drawing near the close. The entire district has been covered once and much "back-tracking" has been done to take care of those people who were not found at home on the first visit. No matter how careful the census taker may be, some will be missed unless we have the utmost cooperation from all parents.

Any parent who has a child of scholastic age—who will be six years of age before September 1, 1942 and less than eighteen years of age on September 1, 1942—should contact a school official at one of these three places as soon as possible: the office of the superintendent of schools, the principal of the Gomez elementary school or the principal of the Tokio Elementary school. The school district draws the set per capita apportionment money on each scholastic. The per capita apportionment for 1941 was \$22.50.

## Mrs. Line Takes Over Paper Distribution

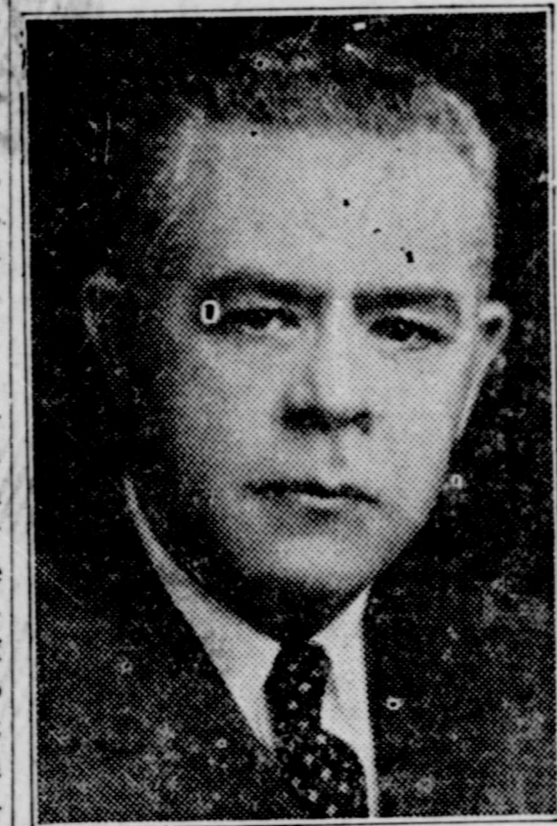

Mrs. Martin Line has taken over the circulation of the Lubbock Morning Avalanche and the Lubbock Evening Journal from Mr. and Mrs. Kenneth Moore. Mrs. Line began her first distribution Sunday morning, March 22, and seems to be giving excellent service.

Kenneth has been at San Diego, Calif., for some time, and returned in his car recently after his wife. He is employed by one of the large airplane corporations. We wish the Moores well in their new home.

## Texas Mid-Continent O. & G. Association To Collect Scrap

Industrial leaders here were today asked to co-operate in a southwest-wide industrial scrap collection campaign to help the War Production Board to "get in the scrap."

Announcement of the co-ordination of all southwestern industrial scrap collection activities and appointment of George C. Gibbons of Dallas as their regional

GEORGE C. GIBBONS

director was received here today from George T. Weymouth, chief of the WPB's industrial salvage section in Washington. The southwestern industrial scrap program will use chambers of commerce, trade associations and other bodies already prepared to help their members collect and move the scrap metals and rubber now needed for the nation's war problem.

Mr. Gibbons is executive vice-president of the Texas Mid-Continent Oil and Gas Association which has just sponsored a Texas petroleum industry scrap drive which netted over 65,000,000 pounds of scrap. Serving the government as a dollar-a-year man, he will continue his association duties in addition.

The campaign of local industries to collect the scrap from their own plants supplements the general domestic salvage drive now under way. Mr. Gibbons, emphasized in a statement accompanying the announcement.

"The shortage of scrap is so acute that we must get in more of it immediately if we are to keep the stream of tanks, ships and planes moving," Mr. Gibbons said. "For that reason, the War Production Board is asking Texas industrial leaders to co-ordinate the collection of their own scrap iron, steel, aluminum and other metals and rubber, in a southwestern drive conducted by themselves."

## Two Former Terry Boys Visit Home Folks

Last week, Irvin Burnett, wife and brother-in-law, whose name we do not recall, left for their home in El Centro, Calif., after a visit here with his parents, Mr. and Mrs. J. R. Burnett and other relatives. Irvin is running a vegetable farm out there, and is becoming an expert gardener.

He has been out there many years, having married there. Yet he dearly likes to come back here occasionally and gas with his old friends. He had a movie camera, and took a few shots at our office and the writer while we were busy fixing him up with a year of the Herald.

Last week, Lester Clements, from the San Francisco area, with his wife and two children, arrived to visit his parents, Mr. and Mrs. C. Clements of the Harmony community. Lester has been employed for several years in a box factory out there, and now holds a good paying and responsible position with the owners.

For some years, he worked with John Chosholm in the hardware business here, and when in town, you'll likely find Lester at this place of business.

Inez Chandler visited relatives in Lubbock over the weekend.

## Revolution In Cotton Production In Texas

A perusal of the ginning statistics for the various counties of Texas will show that a remarkable revolution in cotton production has taken place in Texas the past few years.

While production has been increasing in the West, it has been decreasing in a startling manner in the rich black-land counties of North, Central and South Texas.

Such counties as Ellis, Williamson and Nueces, which only a few years ago were producing from 100,000 to 140,000 bales annually, are now producing less than half that amount. Bell county, which formerly produced an average of 70,000 or 75,000 bales, last year produced only 18,730 bales; Hill county, which likewise was formerly a 75,000 bale producer, produced last year only 34,631 bales; and McLennan County, which was often found up in the 100,000 class up till ten years ago, last year turned out only 30,772 bales. These are typical of all the rest.

Of the forty-two counties in Texas which produced more than 20,000 bales last year, twenty-eight of them are West Texas counties.

This decrease in production in the east half of the state may be attributed to several causes. Among them are: the spread of the disease known as root-rot, the ravages of the boll weevil, the decline in the price of cotton, and the Government agricultural program involving cotton-acreage reduction.

Just to get an idea of the revolution that has taken place, one needs only to take a glance at the ginner's report issued recently by the Department of Census showing the production in each of the 42 counties producing more than 20,000 bales each.

## Fitzgerald Has Wash And Grease Rack

The Fitzgerald Service Station, 401 main street, is now prepared to do your washing, polishing and greasing jobs, and guarantee to please you.

Workmen that know their job will have charge of this department, and you are invited to send them your next job.

## T. E. L. BIBLE CLASS HAS SOCIAL

The T. E. L. Bible Class of the Baptist Church enjoyed a quarterly social at the home of Mrs. B. L. McPherson Tuesday night. A social hour was held and then a covered dish dinner was served, after which the members exchanged gifts.

## Texas Ginner To Meet In Dallas

Dallas, March 30—"What Texas Ginner Can Do to Aid the War Effort" will be the theme of the 33d annual convention of the Texas Cotton Ginner Association, to be held April 9-10 at Dallas with all sessions scheduled in the Municipal Auditorium at State Fair Park.

O. E. Jones, vice president in charge of sales and advertising for Swift & Co., Chicago, will speak on "America's Outlook." This in-

O. E. JONES

spirational highlight of the convention will be heard at 11 o'clock Thursday morning, April 9th. Mr. Jones has been with Swift & Co nearly thirty years. He was formerly in charge of all Swift gins and cottonseed oil mills and he is well known to the Texas cotton industry.

"Priorities and the War" is the subject of J. B. Joyce, Dallas, district manager Priorities Division, War Production Board. Ginner can be learned from Mr. Joyce what can be expected in the way of materials, such as repair parts and replacements. There will be many other prominent speakers in the program.

## School And City Election Shaping Up

Young youthful gents and ladies -- pardon, we should have had them reversed—who had to worry about spending your one, seventy-five for a poll tax receipt, will have the chance of exercising them both Saturday and Monday. At the first one, Saturday, you folks of the Brownfield Consolidated Independent School District (why can't that name be shortened) as well as others in the county will elect trustees and there are seven in the Brownfield district.

And then Monday comes up the city election, in which you are supposed to pick your choice for Mayor for the next two years from three mighty fine men. And, from five or six others you can have your choice of two councilmen, who will also serve two years each.

As for us, this is the first year we have ever had a free vote. We weren't in Texas a year when the first primaries came off just before becoming 21, and had to get a poll tax receipt to vote in 1902.

## Canning Expert To Visit This County

Homemakers of Terry County will learn the latest and best methods of canning fruits and vegetables next week when Miss Margaret Murphy, canning expert, gives a demonstration. Myrlene Cannon, Home Management Supervisor, announced today.

The demonstration will be given at Wellman at 2:15 on Tuesday, April 7 and at Union at 2:15 on Wednesday, April 8, and it is open to all who are interested in attending.

Miss Murphy, who will conduct the canning program, is a home economics graduate of the Iowa State College at Ames, who for the past several years has specialized in home canning and is now a staff member of the Educational Department of the Kerr Mason Jar Company. She has traveled widely and her lectures are very interesting as they are instructive.

It is expected a large crowd will attend the demonstration.

## Terry County Farm Produces 32,000 Bushels of Shelled Corn

Land That Would Probably Sell For \$10 To \$15 Per Acre, Shelled Out More Last Year Than It Is Worth On The Market. Expenses Very Low On Corn Crops.

Just at this time, the Herald is not privileged to give out the name of a well known Terry county farmer, who lives some 12 miles southwest of the city, who is making a bumper corn crop. In fact, since we got a hint of the extent of his crop, we just have not happened to contact him on the streets. But we have the report second hand from a man we have utmost confidence in. Later, if this farmer does not care if we use his name, then it will be up to him and the income tax collector. Right now, we'll keep his name under our hat.

Anyway, this farmer planted some 1700 acres in corn. His is the mixed sandy and real sandy land. Of course you know that this is the kind of land that corn does its stuff on in this county, and you also know that Mr. J. Pluvius was not a bit stingy with his moisture last year. The only fly in the ointment was the dogged C. C. Jobson, Lubbock county corn borer, but even they seemed to have taken a holiday to some extent, and as a consequence, Terry had the best corn crop in a number of years.

This farmer we speak of informed our informant about two weeks ago, that at that time, he had already shelled enough corn to guarantee at least 32,000 bushels. We waited around about a week to see him, to see how far he was along by now. Perhaps he has finished. But to say the least this farmer has been growing corn here for several years, and is hard to fool on amounts he will get.

As we understand it, shelled corn is now bringing some 85c per bushel, f. o. b., Brownfield. Now take your pencil in hand and you'll probably arrive at the conclusion that farmer's corn will bring him the neat sum of \$27,200. Not bad!

And now you strictly cotton farmers sit up and take notice that this man probably cultivated and gathered this 1700 acres of corn at one fourth the expense you had with your cotton. He didn't have to keep the kids, if any, out of school. In fact that corn was gathered with the regular force at odd times, we'll bet. At odd times, you can also figure that he made pretty good money off this ten dollar per acre land.

## First Day City Delivery Pretty Good

He must have been a confirmed optimist that did not expect some mistakes the first day of city delivery, which was not only new, but further handicapped by not having the regular carrier's bags, and other equipment. Postmaster Dallas stated, however, that there were but few complaints.

They are telling it on the carriers that both, James King and Terry Redford, got lost and had to be located with a search warrant. One lady stated that she was so proud when the carrier got to her place that she came near inviting him in for coffee.

Only six of the street corner posts have been delivered and they have no posts. Everything will be working pretty in a few weeks, so have patience.

## MRS. BROCK AND MRS. PARKER ARE HOSTESSES AT BUFFET DINNER

Mrs. L. L. Brock and Mrs. Wayland Parker entertained the teachers of the Jessie G. Randal School with a buffet dinner at the home of Mrs. Brock Tuesday evening.

Teachers attending were Mesdames P. R. Cates, Wilhite, John A. Bost, Homer Newman, A. L. Bruce, W. L. Lee, Lee Fulton, Emmitt Smith, Vernon Brewer, and Misses Viola Brown and Edna Brock. Other guests were Mrs. Rupert Martin and Mrs. Jessie G. Randal.

## Junior Fat Stock Show At Lubbock April 6-8

LUBBOCK, April—A large collection of top quality livestock from 30 counties—27 in Texas and 3 in Eastern New Mexico—will be on exhibit at the twelfth annual Junior Fat Stock Show in this city, April 6, 7 and 8.

Entries received by Clyde C. Tatum, general chairman for the affair, indicates that a large number of animals which have been placed as champions in numerous county and community stock competitions during recent weeks, will be brought here for the regional show. In addition, other entries are being received from 4-H and FFA boys who have outstanding calves, pigs and lambs, which have not been first place winners in the local shows.

Chairman Tatum, together with C. C. Jobson, Lubbock county agent and general superintendent for the exhibit, and Vernice Ford, finance committee chairman, have a large number of Lubbock business and professional men working on various details of the affair for several weeks, and all arrangements for a successful show are complete.

Animals entered in the various divisions will be sold for top prices and cash awards will be distributed to the boys owning the winners.

On account of war conditions, the downtown parade heretofore a feature of the show has been cancelled. Several entertainments will be provided for the club boy exhibitors.

## Monday Visitors Day At Flying School

LUBBOCK, April 1—In keeping with the nation's observance of Army Day, the large new Lubbock Army Flying School here will hold open house for South Plains visitors from 1 to 3 o'clock Monday afternoon, April 6, Col. Thomas L. Gilbert, commanding officer, announced today.

The general public is invited, but because of the Army's normal war-time precautions, visitors cannot be permitted to bring cameras into the post, Col. Gilbert said.

During the afternoon flight training of the school's cadet classes will go on uninterrupted, and visitors may observe the training in progress. Several types of Air Corps training planes will be exhibited.

Col. Gilbert pointed out that in the near future there will be a formal dedication of the new field, to which the public will also be invited.

The large post here is an advanced flying school where the Air Corps is training heavyweight aviation cadets to fly its big twin-engine bombers and transport planes. Col. Gilbert, a long-time Texan, is a flying officer himself and has a record of more than 7,000 hours in the air.

## MRS. McCLAIN IS HOSTESS TO LAS AMIGAS CLUB

The Las Amigas Club met at the home of Mrs. R. N. McClain Thursday afternoon. Members and guests present were Mesdames W. R. McDuffie, Ord Sisco, Livett Latham, Wilson Collins, Grady Terry, Ray Christopher, Joe J. McGowan, T. L. Treadaway, Roy Wingerd, Glen Akers, J. H. Dallas and Carlos Ferguson.

An Easter motif was carried out, and the hostess served chicken salad, angel food squares topped with candy, Easter eggs, olives and ice tea.

An Easter Lilly was given for high score, and a double petunia pot plant for second high.

Mr. and Mrs. Joe Bailey and children of Lubbock visited Mr. and Mrs. Dick Brownfield and other relatives Sunday.

Texas Tech college has recently receive enough guayule plants from California to plant one experimental acre. This is the plant from which we may receive our future rubber supply, and the experiment will be watched with much interest.

We are going to let more worthy writers get up some of our editorials this week, and here's the first one: "We fight not to enslave, but to set a country free, and to make room upon earth for honest men to live."—Thomas Paine. That was written during the Revolutionary War, but still sounds modern, doesn't it?

Personally, this typewriter abuser doesn't resent the introduction of "cuffless" pants. While we wear them to be like the Joneses, we never have admired them especially here in Terry county. As a utility for catching blow sand, they are supreme, but as to looks—well, we'd prefer sugar in our coffee.

Without the frills and furbelows, the Federal Land Bank at Houston is celebrating its 25th birthday. With the war on, they are not going to have any big birthday celebration, but through the press the officials are going to let the people know that they have not forgotten its birthday. The land bank has been a great thing for Texas and southwestern farms and ranches. In that time, they have made 99,000 loans for the huge sum of \$419,000,000, and at this time, the bank is in splendid condition with an overwhelming percent of the loans liquid.

Farmer friends, this is no joking matter. The U. S. Department of Agriculture as well as the A. & M. college, and the Texas Tech college are agreed that cottonseed as well as other seeds raised in this area last year are very low in germination tests. The tests are none too good in south Texas, or the El Paso section, but improve from Hill county north, reaching a point on the Red River, and east and west from Erath county to Fannin. In our area, they have run as low as 18 per cent, and few of them reaches the 80 per cent test required to

IT'S NO FUN riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

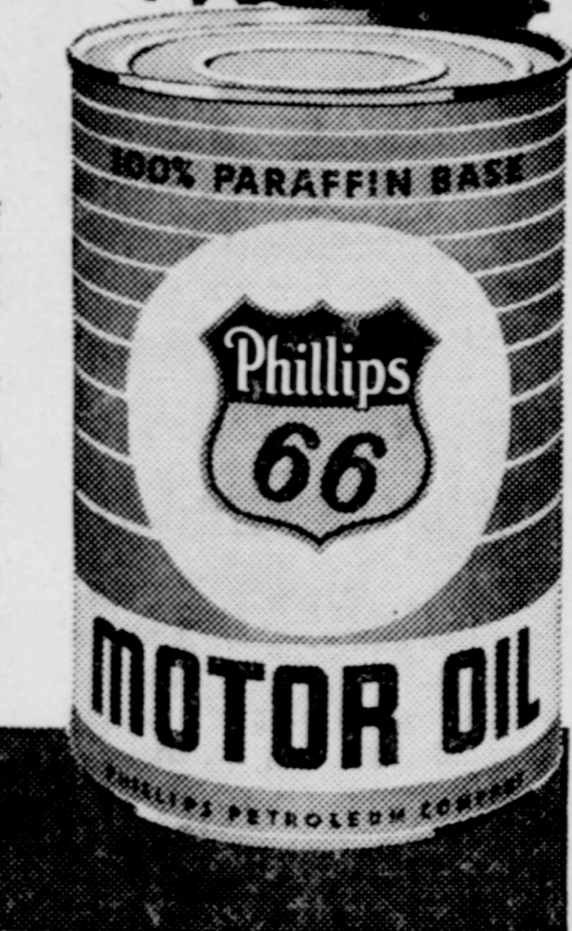

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our best oil, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

get good stands, unless you wish to waste tons of them in planting, then perhaps have to plant over. Neither the USDA, nor the colleges, nor the banks, nor this paper have a single cottonseed to sell. But we do want to see you get a good stand of cotton the first planting if possible, for we all know the consequence of late planting in this area. Have you had your planting seed tested?

Mrs. H. R. Pinkston and children visited her mother, Mrs. J. N. Hammett of Cotton Center a few days last week.

Mrs. D. B. Lamance of Houston is here visiting her parents, Mr. and Mrs. J. H. Morris.

Frank Dunaghe made a business trip to Dimmett Saturday.

John Rubin Houston who is in training in Louisiana spent a few days last week with his brother, Woodrow Houston and family.

Mr. and Mrs. W. H. Hague are visiting in Austin this week.

Mr. and Mrs. Hilburn Smith of Lubbock spent Sunday with Mrs. Frances Smith.

Mrs. Kit Morris and Mrs. J. H. Morris were shopping in Lubbock Saturday.

Mrs. H. B. Horn and son Joe have returned home after a three weeks visit with her mother in Throckmorton.

Earl Coke who is in training in Lubbock was home for the weekend.

**PANEL DISCUSSION BETWEEN LUBBOCK AND BROWNFIELD HIGH SCHOOL STUDENTS**

Another panel discussion is being planned for you—parents of school children. It will be led by Dean Dan Powers, dean of boys in Lubbock High School, and will include four Lubbock students and four Brownfield High School students, namely: Jacqueline Thompson, Jack Spence, James Regan, and Larry Miller.

This will be in the high school auditorium on April 9th, to begin at 8:30 P. M. Everyone is invited and urged to attend. A similar program last year proved to be one of the most interesting programs of the year.

The topic to be discussed will be on "Need for Vocational Guidance."

Ida May May spent the weekend in Lubbock with her sister, Jo Pete May.

Mr. and Mrs. Jimmy German and daughter left Tuesday for Louisville, Kentucky to visit Mr. German's parents.

Mesdames Jack Bailey, Wilson Collins, T. L. Treadaway, Joe J. McGowan and R. N. McClain spent Tuesday with Mrs. W. S. Brumage in Midland.

Mr. and Mrs. E. V. Tarbutton, Mr. and Mrs. Everett Dodson and son, Mr and Mrs. Bill Gore, Mr. and Mrs. Jack Bailey and Misses Imogene Rushing and Sally Ruth Mercer enjoyed a picnic at the road side park Saturday afternoon.

You'll be surprised how little it will cost you to have us go over your John Deere Tractor thoroughly . . . tighten up all loose parts . . . replace old, worn ones with Genuine John Deere Parts . . . give the engine a thorough tuning up . . . clean the tractor thoroughly . . . and repaint it. It will come back looking and working just about like new with power, pep, and performance for additional seasons of hard work. When the busy season comes, you'll be ready—no delays . . . no lost motion . . . no expensive breakdown. Let's talk it over the next time you're in town. The price is so low it will surprise you.

The dedication service was a success as there was a nice crowd out.

There were people in attendance from Post, Grassland, Denver City, Seagraves, Brownfield, and Lubbock, Texas, and Hobbs, and Lovington, New Mexico.

Dr. Williams preached a great message on "We Are Laborers Together With God." Then in an appropriate prayer, dedicated the house with its furniture to God.

We desire to express our sincere thanks and appreciation to all who have helped by their money or labor to make this service possible.

The regular services next Sunday will be as follows: Sunday School at 11:00 A. M.; Preaching at 12:00 M., war time.

Subject for the morning serv-

ice will be "Jesus Went a Little Farther."

J. W. Cox, Pastor.

**RUNNING ON MY OWN MERITS—NOT ON ANYONE'S DEMERITS**

**Strictly Independent**

**Fair Treatment to All . . . Special Favors to None**

**I Believe In Strict Economy**

**Taxes and Utility Rates**

I deeply appreciate the many things which have been done in my favor during this campaign and will be deeply grateful for a continuation of this kind of support and cooperation. If elected I pledge that I will be the Mayor for every citizen and every part of Brownfield.

(POLITICAL ADVERTISING PAID FOR BY FRANK JORDAN)

**Frank Jordan's Original Statement In Race For Mayor**

TO THE CITIZENS OF BROWNFIELD:

This is to announce to you my candidacy for the office of Mayor of the City of Brownfield, Texas.

I wish to state in the beginning that I am strictly an independent candidate, being under no obligation whatever to any group or organization, and running for the office because I want it and believe I am qualified to fill it in a manner which will be profitable to the tax payers of the City.

Fair treatment to all and special privileges to none is my creed, and if elected, I can guarantee the most humble citizen or the most influential, a fair and equitable treatment in all dealings with their Mayor.

Off and on for nearly 30 years I have been in a number of businesses for myself and have experienced fairly satisfactory results by practicing principles of sound economy. I believe in this time of National Emergency, there is an urgent need for strict economy in local governments in order that every penny possible will be left free for the vital war effort. My aims in running the business of the City of Brownfield will be the same as they have been in the operation of my own business here—all the economy possible without sacrificing efficiency.

I promise to each and every voter that, if elected, I will make a special study of the tax and utility rates and in so far as it is possible for me to do so, I will earnestly strive at all times for the reduction of these rates.

I have been a resident and business man in Brownfield the past four years, and am known to most of the people here. I invite investigation into my character and ability as a business man, because I propose to conduct the city government as a business, and in the same straightforward manner I have my own.

I plan to make an active campaign and will make a special effort to see every voter. If, however, I should fail to see any of you, please consider it an honest oversight and remember I want and will appreciate your vote and influence just the same.

Sincerely,  
FRANK JORDAN

Authorities insist: **CHANGE OIL FOR SPRING.** And you can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

Down where the desert slew gold-hunters—down where 100° heat is "cool"—down in Death Valley six cars streaked. All were alike . . . all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That was Conoco N<sup>th</sup> motor oil, which can refill your crankcase today with the N<sup>th</sup> degree of mileage and engine endurance. Changing from weakened Winter leftovers to Conoco N<sup>th</sup> gives your engine OIL-PLATING for Spring. And OIL-PLATING is closely fastened all over inner engine parts as if "magnetized" against all draining back down to the crankcase. Bonded in place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco N<sup>th</sup> oil—a popular price—comes to you with Thialkene inhibitor . . . the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

An Easter motif was stressed in the home of Mrs. J. M. (Buster) Moxley when she was hostess to the Pleasure Club Wednesday afternoon. Pink and green candles and flowers were beautifully arranged, and the hostess served strawberry mousse, salted nuts and pink and green cookies.

The following members were present: Mesdames Roy Ballard, Mike Barrett, Bruce Zorns, E. L.

Sturges, Milton Bell, Jack Hamilton, C. C. Primm, and Miss Sue Jones.

Defense Stamps were given for high and second high score.

Virgil Bynum and Bull Stinson went to Dallas this week to bring Uncle Bart Stinson home. He will be in the hospital here. He has been in poor health for some time.

A. A. Sawyer, Oscar Sawyer and Tom May were in Lubbock on business Sunday.

**BROCK MAGEE**

Miss Edna W. Brock, daughter of Mr. and Mrs. L. L. Brock of this city, and Lawrence Magee, son of Mrs. Pat Magee of Lubbock, were united in marriage at 9:30 P. M., March 29, in the Chapel of the College Hill Methodist Church in Wichita, Kansas. Rev. H. W. Hanks of this city read the single ring ceremony.

The bride wore a lace gown over white satin and carried an orchid bouquet. For something old she wore a locket which is an heirloom in the Couchman family.

Mozelle Brock, the bride's sister, was her only attendant. She wore a sheer blue dress and carried an old fashion bouquet of cut flowers.

Miss Bruce Benson of Wichita played "Oh Sweet Mystery of Life" and soft music throughout the ceremony.

Guests were the bride's parents, Mr. and Mrs. L. L. Brock of this city, Mr. and Mrs. Carmen, and Mrs. Root of Wichita, Kansas.

The bride is a former teacher in the Brownfield Public School, and has attended Texas Tech in Lubbock.

Mr. Magee is a graduate of Texas Tech engineering school, and is now a draftsman for the Boeing Aircraft Factory.

The couple is at home at 1432 1/2 South Broadway, Wichita, Kas.

Mr. and Mrs. Ollie Bruton and children and Mrs. Cecil Casey and son of Lubbock spent Sunday with Mr. and Mrs. Crede Gore.

### IRVIN NELSON IS PRESENTED IN RECITAL

Irvin Nelson, son of Mr. and Mrs. Homer Nelson, was presented in a recital at his home Tuesday night by his teacher, Miss Gertrude Rasco. Jerry King and Graves Nelson, tonettists, played a duet and Miss Rasco played a marimba solo, accompanied on the piano by Irvin.

His program was: Variations in C Major (Mozart); Minuet in G Minor, and Hymn (Bach); Solbesque (Burgmuller); Joyous Peasant (Schumann); Bee and die's March (Schumann); Ara-Clover (Geibel); Slumber Song (Manna-Zucca); Castanets (Revel).

### LADIES AID SOCIETY OF FIRST CHRISTIAN CHURCH MEETS

The Ladies Aid Society of the First Christian Church met Monday, March 30 with Mrs. J. O. Brown and Mrs. Daisy Moses. Mrs. E. W. Hemmie gave the devotional, and Mrs. J. A. Dennis led the study.

Members present were Mesdames Dick McDuffie, S. T. Veasey, C. S. Scheaffer, A. A. Sawyer, T. W. Bruton, F. E. Walters, R. N. McClain, E. W. Hemmie and J. A. Dennis. Mrs. S. H. Holgate of San Angelo was a visitor.

The next meeting will be with Mrs. E. W. Hemmie in Meadow.

### MAIDS AND MATRONS ARE AWARDED PRIZE AT CONVENTION

At the Seventh District Convention of the Texas Federated Women's Club in Lubbock last Friday, the American Citizenship Department of the Club was awarded the Senior Maids and Matrons of this city the first prize for the outstanding work they had done in American Citizenship. The prize of three dollars in Defense stamps was presented by Mrs. W. B. Carter of Canyon.

Mrs. Roy Wingerd won first in the poetry contest of the seventh district. Her poem, "War Mothers '42" will be entered in one state contest.

### M. E. CHURCH TO GIVE EASTER CANTATA

The Methodist Church Choir, along with some visiting singers from other churches in Brownfield will present the Easter Cantata, "He That Liveth," in the local Methodist Church on Easter Sunday night starting at 8:30 o'clock. The cantata was written by Ira B. Wilson, a well known composer of religious music. Mrs. C. M. Chapman will be featured as guest soloist. The pianist is Mrs. Roy Herod and the director is Emmitt Smith. The public is invited to attend.

Walter G. Alderson, manager of the Kuykendall Chevrolet Co., Lubbock, called this week after finishing the purchase of the new cars and trucks and other stock of the Teague-Bailey Chevrolet Co., of this city. Mr. Alderson seemed to be a very pleasing and agreeable gentleman, and we feel sure that any business with them will be very pleasant.

### MRS. PETERMAN IS HOSTESS TO IDEAL CLUB

Mrs. O. L. Peterman entertained the Ideal Club at her home Wednesday afternoon. Members present were Mesdames Lee O. Allen, Glen Akers, Bob Bowers, J. H. Dallas, W. R. McDuffie, Joe J. McGowan, H. M. Pyeatt, L. O. Meyers, Herman Heath, Roy Herod, L. L. Bechtel, and Bill Lane. Tea guests were Mrs. Howard Johnson and Mrs. Morris Chapman.

The hostess served a salad plate and ice tea.

Defense Stamps were given for high and second high score.

C. T. Edwards has been holding off, says he, to pay his subscription, till there are a few others, so his name on the honor roll will stand out BIG. But he'll find he is in some mighty good company.

# The **BANKER** in **WARTIME**

THE BANKS of the United States have a major role in the war. They are the principal channel between the Treasury and the investor. They themselves are large buyers of government securities. They are a contact point between government and war industry. Their machinery is used at almost every step in the great war program. Fulfillment of this great responsibility will be aided by a clear definition and wide recognition of the banker's duties. That is the purpose of this statement.

## FINANCING THE WAR

To avoid inflation the government must draw the funds it borrows primarily from the current income of individuals and institutions and only secondarily from commercial banks. It is the duty of banks—

1. To encourage thrift and discourage spending so as to accumulate funds for war.
2. To push vigorously the sale of defense savings bonds and stamps and tax anticipation notes.
3. To subscribe for Treasury issues suitable for banks.
4. To help maintain a broad and dependable market for government securities.
5. To advise with the Treasury and the Federal Reserve System in planning government fiscal policies.

## AID TO WAR PRODUCTION

Business large and small alike must be mobilized for war. The banker can help through his knowledge of business and government, and ability to lend. It is his task—

1. To lend to the farmer and distributor for the "Food for Freedom" defense program.
2. To scrutinize non-defense loans with care and to discourage expenditures which might compete with war production for materials or labor.
3. To cooperate in the regulation of consumer credit under Regulation W.
4. To advise with business customers in all war problems.

## KEEPING THE ECONOMIC MACHINE RUNNING

The country's whole economic machine must be put in high gear, to run as it never ran before. Almost every business transaction involves banking, the use of checks or money for buying materials or meeting payrolls; transferring funds; handling securities. The banker's ordinary job has become a war job. It is his responsibility therefore—

1. To provide for business and government deposit, checking, transfer, and payroll facilities, on a new, larger scale.
2. To sell and distribute vast numbers of defense bonds, stamps, tax anticipation notes, and handle tax checks.
3. To cooperate with the Treasury in dealing with foreign funds.
4. To offer special services to men in the armed forces.
5. To help interpret government to business and business to government that they may work together with understanding and unity.

These tasks must be carried through swiftly and accurately while many bank workers are entering military services. This means harder work for bank staffs from top to bottom.

## A HOUSE IN ORDER

The nation faces years of great industrial and financial expansion and severe readjustment. To play his part effectively the banker's own house must be kept in order. It is his duty—

1. To maintain the quality of his bank's assets. To do this it is necessary to refrain from making capital and "down payment" loans. It is more important now than ever before to be extremely cautious in making all types of loans.
2. To husband his resources through a prudent policy of reserves and dividends.
3. To practice as well as preach the gospel of work and save.

## —AND IN THE COMMUNITY

As a citizen of his community the banker who is not himself called into the armed services has special obligations:

1. To share with others the responsibility for the success of Red Cross, United Service, and civilian defense.
2. To make local, state, and national bankers' organizations effective agencies in the Nation's service.
3. To help the public understand war taxes, war restrictions, rationing, price controls, and other war measures which depend for their success upon public cooperation and public morale.

### TOKIO H. D. CLUB

The Tokio H. D. Club met in the home of Mrs. T. R. Busby March 24, for our regular meeting.

Nine members were present. The president presided. Miss Rhinehart was present and gave a very interesting talk on "Home Nursing."

At 2:30 the roll call was answered by each member telling of "One Improvement I Intend to Make in My Bedroom This Year."

After electing Mrs. Merritt to represent our club at council as a possible delegate to the District Meeting to be held at Lubbock April 11th, Miss Blanton gave a demonstration on Furniture Arrangement, which was interesting.

Eleven Red Cross garments were made at this meeting. Two visitors were present.

### Baptist Church News

There was about average attendance at all services of this church last Sunday with the pastor preaching at both hours.

Deacon Lyman Wren of Snyder returned to his home after speaking Saturday evening and his messages were well received by the men who heard him through the week as he emphasized the responsibility of the men in the religious life of the family as well as the church. He placed the church where it should be and where the Master placed it after he had organized it himself and gave His life for it and promised that it should prevail against Satan in the world.

Next Sunday is celebrated throughout the world as the Lord's resurrection day and our choir will bring to us a special cantata, "Our Living Lord," under the direction of Mr. Horn, at the evening service. They have cantata in order to present it acceptably and it is hoped they will have a good hearing at that hour.

At a meeting of the teachers

and officers of the school on Wednesday evening after refreshments had been served they gave a report of the school for March and discussed plans for increased attendance throughout April and their goal is at least 500 present each Sunday morning for Bible study. Children especially are invited to come dressed as they are in the day school and bring their parents with them as there is a class for every one. Dear reader this is your invitation to worship with us.

Mrs. M. B. Sawyer, Mrs. Aut Graham and Mrs. Cye Tankersley and children left Sunday for Oklahoma City where they will spend a few days.

Mr. and Mrs. Dudley Repp of Lubbock and Mr. and Mrs. W. R. McDuffie visited Mr. and Mrs. Ben Cooksie in Seagraves Sunday.

Mrs. Lala Shaw and Minnie Hazel Gore were Lubbock visitors Sunday evening.
