

BOYS CLUBS STOCK SHOW TO HAVE MANY ENTRIES SATURDAY APRIL 19TH

The 4-H and FFA Boys Clubs Fat Stock Show, an annual event here and sponsored by the local Jaycees is being readied for exhibition Saturday April 19th, at their newly completed show barns in the County Park. Approximately 50 head of calves and around 125 hogs will be shown.

Ray C. Mowery of the Texas Tech agricultural department will judge the animals. County Agent L. H. McIlroy and Tom Neely, vocational teacher at the high school are co-managers. The show is

open at 10 a. m. The hogs will be judged in the morning and calves in the afternoon. Kenneth Bozeman will sell those that are for sale.

Prizes having been arranged so that each exhibitor gets one. In addition to prizes for the best fed animal, prizes for showmanship is 1st, \$5.00; 2nd, 2.50 and 3rd 1.00. For economical growth, \$7.50, \$5.00 and \$2.50. Prizes on hogs from 1 to 5 dollars. These are to be on animals fed by the boys. Among those showing will be

J. O. Adams, Bobby Bailey, Earl Brown, John V. Burnett, Cordell Green, Glenn Reed, Elwood Fox, W. H. Holleman, Ferrill Herring, Neal Barrier, Lee Bartley Jr., David Evans, Van Perry, Eddie Bingham, Billie Pendergrass, Bobby Stokes, Joe Covington, Kenneth Tuttle, Kenneth Wright, Welborn Bailey, Eddie Taylor, Billie Green.

This show has become well known over West Texas and a large crowd is expected to attend including several buyers of prime beef from Ft. Worth.

Action Taken On Cotton Insurance Claims

BY GEORGE MAHON

Congressman George Mahon reports from Washington that final payment of all approved cotton crop insurance claims is now virtually assured. He advises that the House of Representatives passed a bill early this week providing adequate funds to pay all outstanding claims on the 1946 cotton crop.

Mahon, a member of the Appropriations Committee, was able to get the money included in a deficiency bill which was approved by the Committee last Friday. Senate action must yet be taken, but the action of the House paves the way for early and successful termination of the matter.

In commenting on the situation, Mahon said, "The 20 million dollars for crop insurance which was placed in the bill on my motion and at my insistence will enable the Government to pay off all approved outstanding cotton insurance claims. There are 17 thousand such claims in Texas, a great part of which will come from West Texas, the heaviest insured area. About one-half of this money will be used in paying Texas claims. I do not have accurate figures before me, but I estimate that the 1946 insurance program will mean in excess of 10 million dollars to the cotton producers of our Congressional District.

"I realize that the cotton insurance program has been very imperfect and that it will be drastically modified for the crop year 1948. But the claims on the 1946 crop are obligations of the Government and ought to be immediately honored. The total net loss to the Government on the 1946 cotton crop insurance program will be 42 million dollars.

"Manager Gus Geissler of the crop insurance program advises that he wants to rewrite and greatly restrict the 1948 cotton insurance program, probably placing it in only a few counties and on an experimental basis. Congressman Clifford Hope of Kansas, the chairman of the House Committee on Agriculture, has begun work on a revision of the present law. However, producers who went into the 1947 crop insurance will undoubtedly be protected on their contracts."

Trailer House Destroyed by Fire

The trailer house and contents, belonging to a Mr. Bean, an employe of the Murphy Meat Co., was totally destroyed by fire early Wednesday night at the plant just west of town.

Origin of fire was unknown, as Bean was in the local hospital being treated for a severe cut on his hand sustained earlier in the evening while butchering a calf.

BROWNFIELD RE-ELECTS TWO TRUSTEES

H. L. Glenn and R. D. Jones, whose terms expired this time were drafted to serve another term as trustees of the Brownfield Independent School District in last Saturday's election.

They each received 133 votes. Five other trustees held over.

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS,

FRIDAY, APRIL 11, 1947

NUMBER 37

All Issues Carried In Election

SS Manager To Be Here April 17

Elliott W. Adams, manager of the Lubbock office of the Social Security Administration, will be in Brownfield at the U. S. Post Office at 9:00 a. m., Thursday, April 17, for the purpose of answering any questions regarding Social Security; discussing possible benefits and taking applications for Social Security account number cards.

Adoption by certain near relatives will no longer bar a child from receiving monthly social security benefits. This change was made in the 1946 amendments to the Social Security Act. Under previous provisions of the law, a child's monthly payments were stopped upon the child's adoption. Any children whose benefits have been terminated because of an adoption by a relative in one of these classes may begin getting their monthly benefits again provided a new application is filed. This is true if the child is still under 18 years of age and is otherwise eligible. Relatives should get in touch with the nearest Social Security Administration field office.

Another change eliminating the school attendance requirement for eligibility for social security benefits was also made. Under previous provisions, a child's payment were suspended after the child became 16 years of age if he was not in regular attendance at school. This provision was repealed by the 1946 amendments. Children may now receive their monthly benefits up to age 18, provided they are otherwise eligible, regardless of whether they are in attendance at school.

Noble Now With Great National Insurance Company

Robert L. Noble advised the Herald the first of the week that he was no longer connected with the Amicable Life Insurance Co., of Waco, Texas, with whom he has been associated since he came to Brownfield.

Mr. Noble is now representing the Great National Life Insurance Co., of Dallas, Texas both in the Loan and Insurance departments. In making this change, Mr. Noble advised the Herald he felt like he would be in position to render better service to his friends and customers through West Texas.

TERRY COUNTY SING SONG AT UNION

We are requested to announce that the Terry County Sing Song will meet at Union Baptist church Sunday afternoon, April 13 at 2:30 P. M.

Bernard Bishop Is Accidentally Shot While Plowing

Bernard Bishop, about 24, was seriously injured last Friday afternoon when he dropped a 22 target rifle from the tractor he was operating on the Watters farm in the Pool community. The hammer of the gun struck some part of the machine and was discharged. The bullet punctured his bowels requiring an intestinal operation at the hospital here, where he was rushed by the Watters boys who witnessed the accident. While his injury is serious, hopes are held out for his recovery.

Young Bishop and wife who live at Snyder were visiting her parents, Mr. and Mrs. Ray Barrier of the Pool vicinity at the time. His father, Carl Bishop, of Snyder is at his bedside this week.

County To Let Road Contract Monday

The Commissioners Court are to receive bids next Monday for construction of 22 miles of farm to market roads in the county. This includes stretches from the city out to the cemeteries, the same at Meadow, and from Meadow to intersect the Levelland-Brownfield road at the old Needmore school house and from the Roswell-Plains highway near Johnson school house north to Pool intersecting the Sundown road now under construction by the State, and one mile north of Tokio.

That section from west county line east through Wellman to the Forrester gin is about complete, ready for hot-topping. All these when complete, tie on to the several being constructed by the State and to our present highways giving the county a net work, fairly accessible to every community.

District Court In Short Session Here

District Judge Louis B. Reed held a one day session of Court here last Tuesday, disposing of several uncontested cases, mostly divorces.

He is to return on April 21 when the Culver murder case is set for trial. A special venire of 100 jurors have been summoned.

Many Street Lights Being Broken

City authorities complain, and estimate the loss of broken street lights amount to \$75 00 per month \$900.00 per year, besides loss of time of employees repairing them.

These are being broken out by boys throwing rocks at them. The city is planning civil suits against their parents for damages. It is the taxpayers loss.

Texas Jaycees Co-Operate In Safety Campaign

The Texas Junior Chamber of Commerce, cooperating with the Texas Motor Transportation Association and the American Trucking Associations, announced the opening today of a "Courtesy and Safety" campaign for Texas highways.

"The mounting toll of deaths, injuries, and property damage in traffic crashes is a matter of grave concern to all," said John Mangrum of Dallas, president of the Texas Junior Chamber.

J. B. Rasbury of Orange, chairman of the organization's Safety Committee, called on every local Junior Chamber to participate. He said:

"I am confident that this campaign involving trucks and buses will not only help to maintain their high standards of operation, but will also encourage better driving on the part of individual motorists."

Management of trucks and buses will be asked to pledge themselves for greater courtesy and safety on the highways, "in the hope that through our efforts the streets and highways of Texas will become a safer place for all Texans to enjoy."

Management agrees in signing the pledge to strive for "the development of a spirit or morale among our personnel that will entitle them to be recognized as 'gentlemen of the highway.'"

Drivers promise to "extend our best efforts to drive safely and to render courteous consideration to all other users of the streets and highways at all times, and to do our best to avoid accidents by practicing defensive driving."

A feature of the campaign is the selection of a "driver of the month" for each city monthly during the campaign. At a dinner in his honor, this driver will receive a citation for outstanding achievement in the promotion of highway courtesy and safety.

Local "drivers of the month" will be nominated for the title of "Texas driver of the month" during the campaign, and winners of the state citation will also be given a dinner.

Cash prizes of \$100, \$50 and \$25 will go to the Junior Chambers of Commerce who get the most pledge signers in proportion to the number of trucks located in their respective counties.

Mr. and Mrs. Lloyd Nelson and Mrs. Johnnie Barker and daughter of Lubbock visited Mr. and Mrs. S. J. Murry Sunday.

New City Councilmen Sworn In Wednesday

Mayor Frank Jordan stated to a Herald representative late Wednesday that the three new councilmen, elected last Tuesday the 1st, were on hand to be sworn in Wednesday at 2:30 and the old councilmen came to greet them and wish them well as they buckle down to the real job that lies ahead.

The new comers in the council are J. B. Knight, Willie McDonald, and Jack Benton. Retiring are Marion Craig, Cecil Smith and Bob Bowers. The holdovers are C. C. Primm and Troy Noel, who were elected a year ago.

So, the council, one might state is composed of a new set of men who are pledged to carry on the good work of our city.

County Health Unit Conducting TB Survey

The County Health department under Dr. Miller with Mrs. Griffith County Health nurse assisting has, since the middle of February been conducting a survey of tuberculosis in the county. With ready co-operation of teachers, films were shown at several school and other educational features, including pamphlets given to pupils.

They have given 801 patch tests of which 649 proved negative and 152 positive. Lately 116 food handlers and 70 others were given x-ray tests, results of which have not yet been received from the State department. It was pointed out, these efforts are largely educational for school children, as well as others.

D. Lang Succumbs To Long Illness

Dewey W. Lang, aged 51, well known resident here for the past several years, succumbed to a cerebral operation in a Temple hospital last Tuesday night. He had been confined in a local hospital here for two months previous.

Funeral services were conducted at the Church of Christ here Thursday at 3:30 p. m., with Elder Joe Chisholm officiating and burial followed in the Terry County Memorial Cemetery under direction of the Brownfield Funeral home.

Survivors are his wife, one son Claude, two daughters, Misses Doris and Pauline, all of Brownfield; one brother, Leonard Lang; a sister, Mrs. D. R. Smith, also of this city; five other sisters, Mrs. E. J. Jarret of Seminole, Mrs. H. T. Turnbow of Andrews, Mrs. A. A. Turnbow of Lorraine, Mrs. Dewey Evans of Moran and Mrs. J. B. Harris of Van Horn.

Show Barn Completed For Show Purposes

According to Buddy Gillham, president of Jaycees, sponsors of the Calf-Pig show here next Saturday the 19th, it is ready to go. As all probably know, this show is given by the 4-H and FFA boys who feed and exhibit the calves. The only part the Junior Chamber of Commerce is interested in is to encourage the breeding and feeding of better beef and pork.

However, this year, everyone will have to be content with caliche floors instead of concrete, and there will be no time to put in the concrete, according to Gillham and right here is where those who have not helped any on the show barn, come in.

Buddy is asking all those with trucks and pickups, both in town and on the farms in the area to come in Saturday 12th and help haul caliche to the barn, or in other ways, such as levelling it off on the floors.

The more that respond the quicker the job can be done. Remember the working date, this coming Saturday the 12th

Gantz With Cotton Marketing Assn.

Mr. H. L. Gantz, well known to Brownfield residents for his work as educational director for the Texas Cotton Cooperative Marketing Association from 1932 to 1935 has been appointed associate editor for Farm and Ranch magazine.

Mr. Gantz first won recognition as a leader of rural education. During his term of office as Comanche county school superintendent from 1920 to 1927, he published the first school paper in Texas.

Following his work with the Texas Cooperative Association, Mr. Gantz was named assistant chief of farm debt adjustment for the Texas and Oklahoma districts of the Farm Security Administration, and area specialist in rural rehabilitation for a large group of West-Central Texas counties.

From 1942 until March 1947, Gantz was chief of farm cooperatives situated in Texas, Oklahoma and New Mexico. During this time he was a member of the sub-committee of postwar planning for agricultural industries composed of a membership representing Texas, Oklahoma, Arkansas and Louisiana.

Shriner Tom May To Get Whole Day

This heading is not a limerick for Bob Hopes Brunette contest, but an announcement coming from Lubbock early this week. The South Plains Shriners club are honoring illustrious Potentate Tom May of Brownfield with an all day program, including a parade and banquet.

We did not learn whether the whole day is required because of his high position or because of his size. The band will likely play, the popular and appropriate hit: "A Huggin' and A Chalkin'."

Ed Mayfield and wife have moved back to Brownfield from Roswell, and he has taken the agency of the Amicable Life Insurance Co. They nearly all return to Brownfield sooner or later.

Congratulations 4-H And FFA Boys

Youth Of Today; Protectors Of Tomorrow

The priceless American right of free speech is like a safety valve, and a safety valve is a gadget placed on engines and such things to "blow off steam." It's a safety device to prevent explosions.

And so it is with us humans. As long as we are permitted to "blow our top," we can blow off mental and emotional steam. Difficulties can often be solved by permitting people to talk freely, to air their views, to put their thoughts and reactions into words. By "blowing your top," you may avoid dangerous explosions. Sometimes a way out of a complicated problem is discovered when every one concerned expresses himself on the question. The right to talk involves the obligation to listen, also to be courteous and tolerant.

In speaking your own mind you do not need to insult those who differ with you. There are those who oppose the free discussion of all sides of some of our problems. Which reminds me that we find in the book of all books these words, "and they feared the people." Who feared the people? Only those who are disposed to do wrong fear the people. We hear much said about Communists and we have heard a Communist defined as one who differs with you on political and economic issues. There are those who seem to think that a new dealer is a Communist, yet the fact is that Pappy O'Daniel and the other Republicans are making but a feeble effort, if any effort at all to abolish the new deal reforms. We had thought that the GOPers had a mandate from the people to abolish the new deal gravy trains, but it now seems that the gravy train will be sent to Greece to keep the Communists from taking over. Perhaps the American Indians made a mistake several centuries ago by not sending a gravy train to Europe to keep the Democrats and Republicans from coming over here and making a mess out of this country. Who ever heard of a telephone strike while the Indians were running this country?

The best way to combat Communism within the borders of our own country is not to re-enact the Alien and Sedition laws, but by seeing that our economic system does not break down, and by having a splendid public school system with well trained and highly paid teachers and if it takes an increase in taxes to have these things, then let us have an increase in taxes. Thomas Jefferson said: "open a school and you will close a jail."

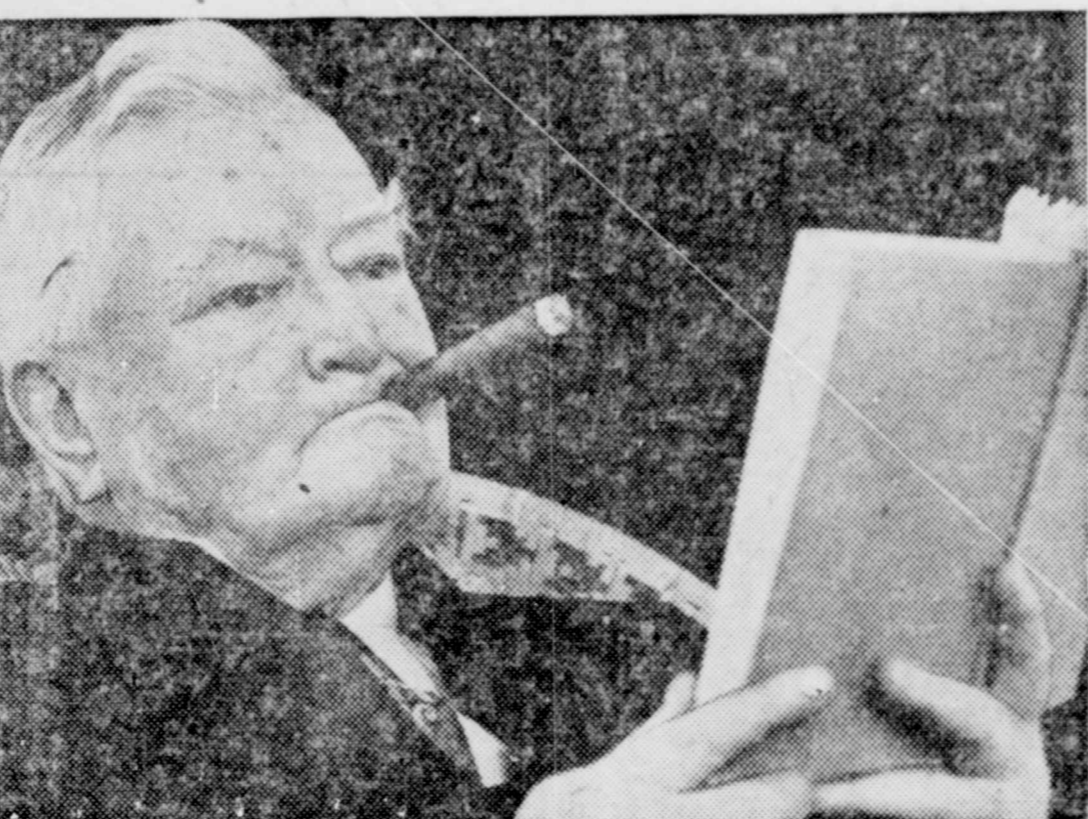

Give a professional politician enough rope and he will hang himself. Give the Texas boy enough rope and he will play cowboy.

We don't know how it is here, but in years gone by, if you gave a bunch of school girls enough rope back in the Ozarks, they would "jump the rope."

letter from "Campaign Headquarters of Jester for Governor," this week, and we wondered if Beauford was still running. But our governor seems to be a saving soul, and knows that paper is a scarce article, therefore his office help are using the carryovers to mail out the "results of the telephone strike investigation at Odessa," comprising a number of mimeographed pages we have not got around to reading up to this time. But one of these days when we are not writing to stall off a creditor, or paying some bills, we aim to go through that bulk of material and find out just how that Christmas candy was divided up down at Odessa.

Tuberculosis is still one of the deadliest enemies of Texas people despite all that a free and trained medical profession can do. Texas also has 2187 TB hospital beds, which is said to be far too short, but perhaps ahead of many states, and these hospitals are staffed with physicians and nurses trained to combat that disease. Negro physicians are also in the fight among their own people and they are doing a good job. But, with their late start, they are far behind white Anglo-American institutions and doctors in fighting the white plague. The negro death rate is now standing at 94 per 100,000 against a white death rate of only 30 per 100,000.

Dead Wrong

'OLE CACTUS' CONTENTED . . . After 54 years in politics, John Nance Garner, one-time vice president of the United States, now in his 79th year, puffs away on a favorite cigar, the picture of contentment, at his oak-studded Uvalde, Tex., ranch. With politics a closed chapter, the Texan may be seen every afternoon feeding his large flock of chickens and turkeys, at peace with the world and glad that he does not have to help solve the world problems.

GIRL SCOUT TROOP 1

Troop 1 of the Girl Scouts met Friday afternoon at the Presbyterian church to work on their folk dancing badge.

Those present were Glendola Stocton, Eleene Ball, Bernice Gross, La-Nell Morgan, Dorothy Abney, Margaret Todd, Margaret Wade, Bonnie Dean Lewallen and the leaders, Mmes Joe Hardin and Lewis Simmonds.

Mr. and Mrs. Sam Teague and daughter, Latrice and Mr. and Mrs. C. L. Truly and daughter, Patricia spent Sunday in Lubbock.

OXFORD HONORS . . . Dr. Harold Clayton Urey, professor of chemistry at University of Chicago, and one of the scientists who developed the atomic bomb, shown at left as he received honorary degree of doctor of science at Oxford.

IT'S PLANTING TIME

Herman E. Parsons, Maysville, Mo., who suffered a hearing impairment as a result of his war service, overhauled his corn planter for a busy season. Parsons purchased his farm through the aid of a Veterans Administration approved loan and has been attending a federally sponsored vocational agriculture class.

Reward Offered For B. E. Needles

A reward of \$5,000 for the apprehension of B. E. Needles, probable amnesia victim (dead or alive) who disappeared March 22, at Wichita Falls, Texas. When last reported seen, he probably

wore a square-cut, gold-mounted ruby ring on the ring finger of the left hand, and probably carried a silver pocket watch mounted in a tire and on back of which was engraved "B. F. Goodrich Rubber Co." Wore gold-rimmed glasses. Physical description: 57 years old, 5 feet 7 inches tall, 175 pounds, blue eyes, thinning gray hair that originally was reddish-brown, appendicitis scar, and two upper front teeth loose.

Claims must be filed in writing by July 30, 1947 and undersigned will be final judge of any claim and in his discretion may prorate between claimants.

Notify Grady Harrist, Sheriff, Lubbock, Texas, collect, phone 5555

MILITARY GOVERNOR . . . Gen. Lucius D. Clay, who has just been appointed military governor of the U. S. zone in Germany, relieving Gen. Joseph T. McNarney. General Clay will command USE.

Mr. and Mrs. Lee Lyon have just returned from a visit in Durant, Okla., with Mr. and Mrs. C. E. Hodges and other relatives. Mr. Lyon has some fish pictures to show part of the time was spent in fishing.

Mr. and Mrs. J. R. Payne, of Lamesa visited Mr. and Mrs. Dennis Lilly Sunday afternoon.

Mr. and Mrs. Lewis Simmonds and sons visited Mr. and Mrs. H. M. Hoerschler in Meadow Sunday.

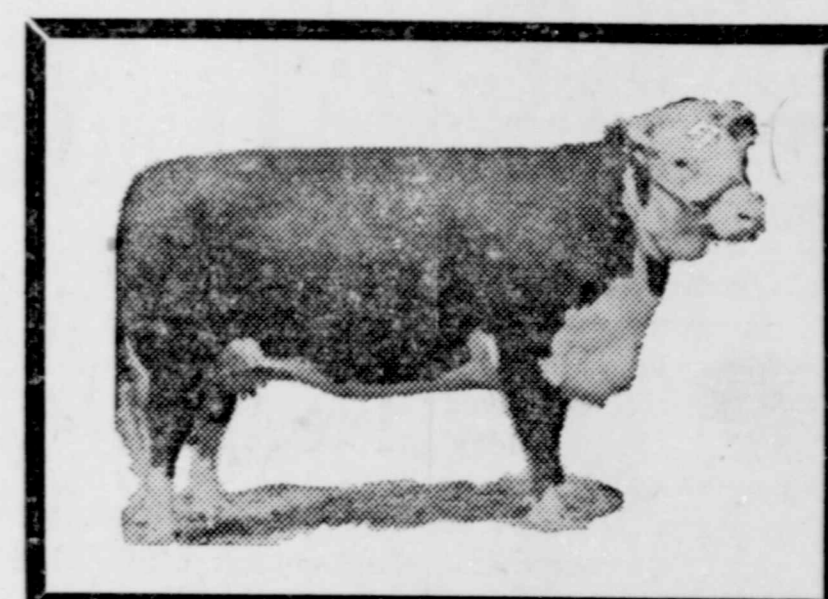

Mrs. Eunice Mathews and children, Linda Sue and Jimmy, of Throckmorton spent the weekend here visiting friends.

Mrs. Ralph Ferguson, Editor Phone 321-W

Dorothy Jean Knight, Bobby Glen Jones Wed In Methodist Church Ceremony Friday

In a ceremony performed Friday at 7:30 o'clock in the evening at the First Methodist church Miss Dorothy Jean Knight, daughter of Mr. and Mrs. John Bruce Knight and Bobby Glen Jones, son of Mrs. William T. Howze, were united in marriage with Rev. R. N. Huckabee reading a double ring service

A candle-lighted bridal setting of calla lilies, woodwardia fern and palms decorated the altar, with baskets of the blossoms placed on either side and myriad tapers marking the aisles.

Mrs. Ruth Huckabee, organist played Clair de Lune as Mrs. J. E. Smith and Mrs. M. J. Craig, jr., lighted the candles and accompanied Jack Shirley as he sang O Promise Me. The traditional wedding marches were played and Liebestraum was offered as the vows were pledged.

Miss Wanda Hahn was maid of honor. She wore a heavenly blue taffeta gown with wide crushed belt, bustle back, high cowl neckline, cap sleeves and full-flown net skirt over taffeta. A halo arrangement of flowers trimmed her taffeta and net hat and she wore lace-trimmed net mitts and carried pink cala lillies

Misses Evelyn and Earlene Jones, sisters of the bridegroom, Miss Joyce Dungan, Miss Grace Tarpley and Miss Christine McDuffie were bridesmaids. They wore pale pink frocks designed identical to the maid of honor and carried colonial bouquets of Dutch iris. Mrs. Craig and Mrs. Smith wore Jonquil yellow and shoulder corsages of sweet peas.

The bride was given in marriage by her father. She wore an original model of white slipper satin, fashioned with deep V-shaped sheer yoke outlined with French lace, fitted bodice and long sleeves tapering to points over the hands. The full tiered bustle effect skirt extended into a chapel length train and her fingertip veil of imported illusion cascaded in circular tiers from a tiara of pearls. The bride's bouquet was a shower arrangement of orchids, iris and white satin streamers. She wore a single strand of pearls, gift of the bridegroom, and pearl ear clips a gift from her parents. For "something old she wore a gold ring more than two hundred years old which belonged to her great great grand mother; for

"something blue," a garter made by Mrs. A. W. Turner. She carried a white lace handkerchief borrowed from Miss Hahn.

Sammy Jones was best man for his brother and Edgar Self and Kenneth Jones, cousins, Robert Knight, brother of the bride, Larry Miller and Robert Lee Craig were ushers.

The brides mother wore a champagne colored street length dress of crepe black straw hat with pink flower trim and black accessories. Her shoulder corsage was of pink camellias. The bridegrooms mother chose a navy blue dress of sheer crepe, a hat of multi-colored flowers and navy accessories. Her corsage was of Dutch iris.

A reception followed the wedding at the home of the bride's parents and assisting in hospitalities were Mesdames Joe McGowan, C. R. Lackey, B. W. Hahn, W. H. Collins, Jack Shirley, Leo Holmes and J. O. Gillham.

A three-tiered wedding cake encircled and topped with sweet-peas was served with punch from a table laid with ivory taffeta cloth and decorated with sweet-peas caught by satin streamers.

The couple will be at home in the city after April 18, following a wedding trip to Las Vegas, Nev., Last Frontier hotel.

For traveling the bride chose a dressmaker suit of brown and white worsted, sub-striped with a thin red line. The short cut bolero was worn with a red and aqua blouse, a hat of brown and white straw with cocoa brown trim and brown accessories. Her shoulder corsage was of white orchids.

The bride attended Southern Methodist university, Dallas, and Texas Technological college where she was a member of D. F. D. social club. Mr. Jones served in the United States Marine corps for two years 18 months of which were spent in the Pacific. He is an employee at the First National bank.

Out of town guests were Mr. and Mrs. J. R. McClanahan, of Graham, grandparents of the bride, Mr. and Mrs. Bill Collins, Mr. and Mrs. W. R. McDuffie and Mr. and Mrs. J. C. Powell, jr., of Lubbock, Mr. and Mrs. Tommy Hart of Abilene and Mr. and Mrs. Claude Gibson, of Odesa.

Lewis - Beck Vows Read In Stephenville

Mr. and Mrs. J. P. Lewis announce the marriage of their daughter, Mary Helen to Billy Joe Beck of Stephenville, Texas April 4 in the home of Rev. B. B. Huckabay.

The bride wore a white cutaway suit with black accessories and a corsage of blue Dutch iris, and the traditional "something old" a gold wedding band belonging to her grandmother, "something new" her suit, "something borrowed" a pair of gloves belonging to Mrs L. B. Forbus, "something blue" a pair of garters made by her grandmother and a penny in her shoe for luck.

The bride is a 1943 graduate of Brownfield high school and attended Wayland and Howard Payne colleges. She also taught two years at Gomez in elementary grades.

The groom is also a 1943 graduate of Brownfield high school and served two years in the Pacific as a 2nd class petty officer. He is now a senior in John Tarleton college.

The guests at the wedding were: Mrs. L. B. Forbus and Yvonne of Brownfield and Mrs. B. B. Huckabay of Stephenville.

The couple will make Stephenville their home.

CLEVELANDS ENTERTAIN EASTER SUNDAY

Mr. and Mrs. W. P. Cleveland entertained a large number of friends and relatives Easter Sunday.

Out-of-town guests included Mr. and Mrs. L. P. DuBose and family of Ralls, Mr. and Mrs. J. A. Hertel and family of Haskell, Mr. and Mrs. H. P. Nicholas and family of Lorenzo, Mr. and Mrs. Doug Schmidt of Idalou, Mr. and Mrs. C. M. Cleveland and daughter of Seagraves, Don and Devane House of Ralls.

Also present were many relatives and friends of Brownfield. The small children had an Easter Egg hunt, while the older ones went kodaking

Approximately 75 guests called during the day.

BETA THETA CHAPTER HOLD MEETING

Members of the Beta Theta chapter of Epsilon Sigma Alpha held their regular meeting Tuesday night at 7:30 o'clock in the home of Mrs. Minnie Hazel Bowman. A business session was conducted by Mrs. Gloria Kendrick, president.

The program consisted of a discussion led by Mrs. Bowman and Mrs. Ruth Huckabee, on the national and standard by-laws and regulations concerning the local chapter.

Members present were: Mesdames Bowman, Huckabee, Kendrick, Elsie Gore, Dorothy Gore and Misses Ruth Griffin, Margaret Goza, Bernadine Grabber, Bobby Newsom, Sue Jones, Mary Ballard and Elva Gillham.

Refreshments were served by the hostess

MRS. BURROW ENTERTAINS WITH BREAKFAST

Mrs. Crawford Burrow entertained with a breakfast Wednesday morning honoring her sisters, Mrs. Vance Tredway of Lubbock and Mrs. Joe Davis of Richmond, Calif. Following breakfast games of Bingo were enjoyed in which Mmes. Jack Benton, J. P. Miller and Andrew Cooper scored.

Guests were Mmes. Wayne Brown, Martin Line, N. T. House, Earl Anthony, Ted Hardy, Tom Crawford, Benton, Miller, Cooper and the honorees.

TIMMY HICKS, III HAS BIRTHDAY PARTY

Timmy Hicks III celebrated his third birthday with a party given by his mother, Mrs. Tommy Hicks, jr., Thursday afternoon of last week. After a series of games birthday cake and ice cream with color books as favors were served to:

Latrice Teague, Michael Black, 'ackie Sue Horn, Ann McBurnett, Ann Patterson, Kenny Kendrick, Becky Edwards, Terre Sue Redford, Lida Jean Brownfield, Becky Burnett, Buddy Patterson, Wade Hill, Ann Webb and Rita Stanley.

MRS WINGERD GUEST SPEAKER AT CLUB

The Alpha Omega club met with Mrs. Sam Teague Tuesday afternoon for a very interesting program on poetry given by Mrs. L. M. Wingerd. Mrs. Jack Hamilton was program chairman.

Refreshments were served to Mesdames P. R. Cates, Jack Ellis, Jake Gore, Jack Hamilton, Tommy Hicks, C. L. Horn, C. R. Lackey, Arlie Lowrimore, N. L. Mason, W. T. McKinney, Homer Newman, J. L. O'Dell, V. L. Patterson, Buel Price, Jerry Kirschner, Chad Tarpley and C. L. Truly.

WILLOW WELLS HD CLUB MET WITH MRS. BROWN

The Willow Wells Home Demonstration club met in the home of Mrs. E. E. Brown last Wednesday afternoon.

Mrs. Heafner and Mrs. Moore of Wellman brought very interesting demonstrations on frame gardens and rug making.

Refreshments of cake and punch were served to Mrs. Davis, Crowder, Kennedy, Sturdivant, Fockenberry, Hollifield, Morton, VaNess, Nelson, Lamp, Smith, Moore, Heafner and Miss Kenney.

NOTICE MAIDS AND MATRON CLUB MEMBERS

The club will meet in the home of Mrs. J. M. Teague, Tuesday April 15. Mrs. Al Muldrow will review the book Tempered Blade. Guests may be invited.

CRAWFORDS HOSTS TO 44 CLUB

Mr. and Mrs. Tom Crawford were hosts to the 44 Club Thursday evening of last week with supper and bridge. Mr. and Mrs. N. T. House scored high and Mr. and Mrs. Mike Blair, second high.

Guests were Messrs. and Mesdames Martin Line, Jack Benton, L. H. Dean, Crawford Burrows, House, Blair, Mr. Wayne Brown and Mrs. A. S. Mangum.

Mr. and Mrs. M. C. Motheral, of Pyote and Miss Jimmie Jackson of Roswell were week end guests of Mr. and Mrs. Jim Jackson. Mr. and Mrs. Glen Leatherman and family of Levelland, visited them Sunday.

WELCOME

FRIENDS AND VISITORS TO THE 4TH ANNUAL CALF AND HOG SHOW

April 19

This show, sponsored by the wide-awake Jaycees will be shown at their new barns, 1 1/2 miles northwest of town. If you enjoying seeing good stock, be sure and attend.

We invite you to dine with us in our modern, comfortable cafe. We feature quality foods and quick, courteous service.

"YOU WILL AGREE OUR FOOD IS TOPS."

THOMPSON'S CAFE

MRS. BLACK ENTERTAINS SEW AND SO CLUB

Mrs. Ross Black entertained the Sew and So Club Friday of last week and members spent a pleasant afternoon sewing and embroidering.

Refreshments were served to Mmes. Nannie Hamilton, Jim Nelson, J. D. Williamson, Bill Webb, T. Charchenko, of Denver, Colo., Bishop, W. H. Black and Roy Collier.

JESSIE G. RANDAL PTA ELECTS NEW OFFICERS

At the regular meeting of the Jess'e G. Randal PTA last month the following officers were elected to serve for the next school term: president, Mrs. Al Muldrow; 1st vice-president, Mrs. V. L. Patterson; 2nd vice-president, Mrs. John Butler; secretary, Mrs. Lewis Simmonds and treasurer, Mrs. Spencer Kendrick.

MR. BARRET HONORED WITH DINNER ON BIRTHDAY

Mr. Jay Barret was honored with a dinner Sunday noon by his wife in honor of his birthday. Places were laid for Mr. and Mrs. Charles Barret and children of Tokio, Mr. and Mrs. Claude Buchanan, Mr. Arthur Buchanan and Mrs. Barret.

Mr. and Mrs. George Gernany spent the week end in Plainview visiting relatives.

We learned this week that James Warren had sold his service station to R. L. Bandy.

Mr. and Jay Barret and Mr. and Mrs. Claude Buchanan spent the weekend in Corpus Christi.

Society

GORBY-FARROW VOWS READ EASTER SUNDAY

Miss Jo Nell Gorby, daughter of Mr. and Mrs. M. E. Corby and Paul G. Farrow, of Hamlin exchanged vows Easter morning at 9:30 at the First Baptist parsonage. Rev. A. A. Brian read the double ring ceremony.

Miss Nelda Brown was maid of honor and Akron Gorby, brother of the bride, served as best man. The bride wore a dress of aqua blue with white accessories and carried a white prayer book topped with white gardenias.

After a wedding trip to Dallas the couple will be at home here until May 1.

McILROY'S HOSTS TO BIRTHDAY CLUB

Dr. and Mrs. T. H. McIlroy were hosts to the Birthday Club Tuesday evening honoring Ted Hardy. The club members presented him with a sport shirt and tie.

In the games of bridge Mr. and Mrs. Marshall Loyd scored high. A salad plate and coffee was served to Messrs and Mesdames Johnnie Haynes, Frank Szydoski, W. O. Schellinger, Buck Andress, Kyle Graves, Ted Hardy, Marshall Loyd and Dr. and Mrs. E. C. Davis.

BRIDE-ELECT SHOWER HONOREE

Miss Jo Nell Gorby, bride-elect of Paul Farrow was named honoree at a coffee and personal shower in the home of Nelda Brown with Cynthia Black as co-hostess Friday morning. Coffee and sweet rolls were served.

Friday evening Mrs. Oliver Wheat entertained for Miss Gorby with a miscellaneous shower.

Refreshments were served from a table centered with sweet peas flanked with white tapers. Miss Nelda Brown presided at the punch bowl and Miss Cynthia Black was in charge of the bride's book.

Mrs. G. W. Graves is spending the week in Seminole visiting Mr. and Mrs. Jim Graves.

Mr. and Mrs. Paul Campbell spent the week end in Plainview with friends.

Cottonseed Treatment Crop Insurance

What the the advantages of treating cottonseed?

That's a question that E. A. Miller, Extension agronomist of Texas A and M College, believes cotton producers may be asking now. Miller states that cottonseed treatment can be looked upon as an inexpensive form of crop insurance, which costs only a few cents per bushel of seed, kills disease germs on seed, and protects seed and seedlings from diseases that may be in the soil.

The two worst cotton seedling diseases in Texas are angular leaf spot and soreshin, the agronomist says. In the Blacklands, angular leaf spot ranks next to root rot as the No. 1 hazard in growing cotton. It is found to some extent in nearly all the state.

Angular leaf spot usually shows up first on the seed leaves, and if damp weather prevails after the seedlings break through, the disease may kill many of the plants and injure others, unless the seed is chemically treated before planting. Angular leaf spot can also destroy buds on young cotton plants, and stunt the growth of early fruiting branches. Results: reduced yield, says Miller. The disease also carries through to the older cotton plants, where it appears as angular spots on the leaves and as bacterial rot on the bolls.

Soreshin is the disease that causes brown spots on the plants either below or above the soil surface. While many plants may recover from soreshin, they are often delayed in developing, which again can mean less cotton per acre.

Cotton producers have found seed treatment prevents much of the trouble resulting from these two diseases, says the agronomist. Furthermore, chemical treatment also helps produce a sturdy, vigorous seedling, which gives producers a chance for earlier and better cultivation.

At Texas A and M College Agricultural Experiment Substation at Temple, fuzzy cottonseed treatment with either two percent or five per cent cerasan, had 25 to 30 per cent better stands than untreated seed. The plants had one-third to one-tenth less angular leaf spot infection and made anywhere from 30 to 130 pounds more lint per acre than non-treated seed. Some of the chemicals used satisfactorily in cottonseed treatment are cerasan, yellow cupro-cide, spergon, arasan sydnamid 154-6-B.

Over long periods, Experiment Station tests have shown that chemically treated seed gives four-year average yield increases of 25 per cent at College Station, 15 per cent at Temple, 10 per cent in the Brazos Bottom near College Station and four per cent at Lubbock.

Judging from results like these says Miller, cottonseed treatment is definitely a part of cotton production. He invites producers to write the Texas A and M College Extension Service, College Station, Texas, and ask for USDA Leaflet 198, "Cottonseed Treatment." The leaflet contains full directions for treatment.

Mr. and Mrs. E. R. Anderson have been visiting with Mrs. Anderson's parents Rev. and Mrs. J. N. Hester for the last several days. They have been teaching in Superior, Wyo., for the last few months but gave up their positions there recently, as Superior is a coal mining town and the duration of the coal miner's strike seemed indefinite.

Mr. C. E. Anderson and her sister, Mrs. M. E. Broughton were dinner guests in the home of Rev. and Mrs. J. N. Hester on Easter Sunday. Mrs. E. R. Anderson, formerly Miss Lillie Hester accompanied Mrs. C. E. Anderson to her home in Big Spring, where she boarded a plane Tuesday night for Newark, N. J., to join her husband, who is employed in a Research Laboratory.

Ann and Peggy Lilly spent the weekend in Abilene visiting their grandparents, Mr. and Mrs. J. L. Tucker.

Jake Geron and Dennis Lilly attended a meeting at the experimental farm in Spur Wednesday.

Mr. and Mrs. Harold Jones spent the week end in Lawton, Okla., visiting relatives.

Barbecue Pit Under New Management

Last week, Mrs. Vida Allmon, widow of the late Bill Allmon and her brother-in-law, Bill Powers, announced that they had purchased the Bar-B-Q pit at the juncture of the Lubbock and Levelland highways, and after several days of cleaning and renovating, had reopened it.

They are prepared to serve good pit barbecue there, or if you bring your own container, you may carry it out. Bill Powers is not only a fine barbecue cook, but is an expert on preparing and serving Mexican foods, as well as other short orders.

They ask a share of your business.

J. W. McPherson, of Plainview spent Sunday here visiting his wife and children and his mother Mrs. Lillie McPherson. A farewell dinner was given for Mrs. Barton McPherson, who is leaving to join her husband in Trinidad. Guests besides the above mentioned were Mr. and Mrs. Ulee McPherson and Mr. and Mrs. Shorty Brown.

Agent For Latest Farm Machinery

Loyd Foster was in last week to get ads started on his Graun-Hoeme farm machinery, including tractors and everything that goes into farming equipment. Loyd is located with Red Newton for the present.

This new machinery is said to be the most revolutionary brought out in many years. Loyd stated that the Hoeme part of the name was pronounced "Hayme," why, he did no know.

Anyway, he says he has some good machinery and wants Herald readers to see it.

Mrs. John F. Dumas left Tuesday to visit her sister, Mrs. Margaret Payne in St. Louis, Mo.

Mrs. Bill McGowan and son returned the first of the week from a visit with her parents in New Braunfels.

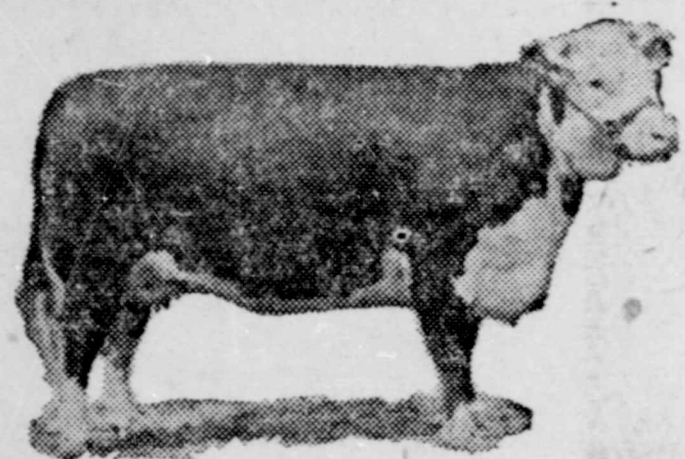

In a report of Special cotton census agent, R. O. Black, received this week which we take to be the final report, he reports 731 bales of cotton ginned from the Terry county crop of 1946. This probably the lowest amount since the first gin was built in Brownfield in 1919. If we remember correctly, some more than 800 bales were ginned that year.

Hugh Tucker Lilly, who has been in the Army Signal Corp and has been stationed at Ft. Monmouth, N. J. received his discharge papers last week and arrived home the latter part of this one.

Grady Echols and Johnnie Criswell attended a ginners convention in Dallas this week.

CONGRATULATIONS

4-H AND FFA BOYS

You are to be commended on your wonderful progress in breeding and raising better stock.

Welcome TO Brownfield

VISITORS TO THE 4TH ANNUAL CALF AND HOG SHOW PUT ON BY THE —

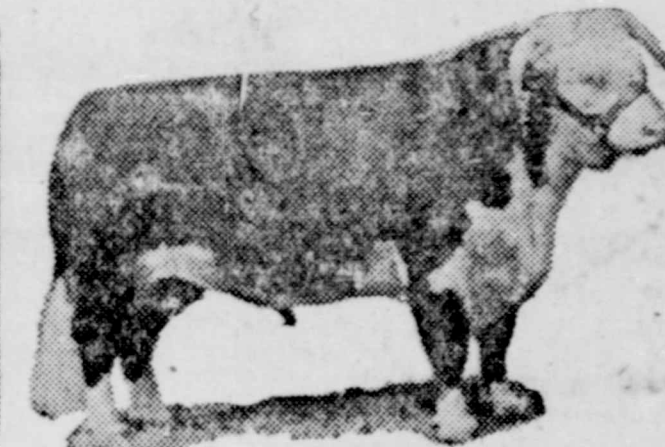

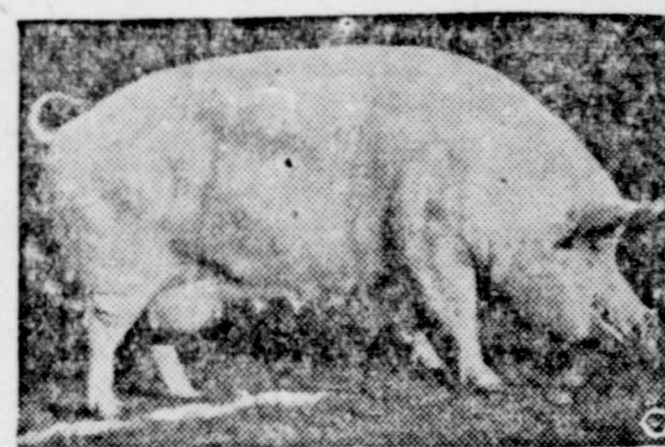

FFA AND 4-H CLUBS APRIL 19TH

Brownfield and Terry County are fortunate in having a livewire Jaycee Club. Let's back them and the Club Boys 100 per cent.

HIGGINBOTHAM - BARTLETT LUMBER COMPANY

We Salute: The Junior Chamber of Commerce ON THEIR SPONSORING THE 4TH ANNUAL CALF & HOG SHOW OF THE FFA AND 4-H CLUB BOYS SATURDAY APRIL 19TH

Boys we know you'll put on a bang-up good show this year and we're looking forward to an even better one next year! CALL ON US WHILE ATTENDING THE SHOW — YOU ARE ALWAYS WELCOME.

C. V. BALL Implement Co.

ANNOUNCING

Change of firm name and address.

The Gunn Bros. Plumbing Co., is now known as the J. L. Gunn, Sr., Plumbers and are using the Terry County Lumber Co., as headquarters.

Their friends and customers will be glad to know they can still get the qualified, efficient service as heretofore. Your continued patronage will be deeply appreciated.

Johnson News

Visiting in the W. M. Dubose home Sunday were Mr. and Mrs. Jack DuBose and family of Brownfield, Juanelle Thompson of Brownfield, Mr. and Mrs. Lee DuBose of Ralls.

Mr. and Mrs. O. A. Pippin and sons were guests of Claude, Merritt and family Monday night. The Pippins are returning to their home at Mountaineer, N. M. after spending several weeks in Terry county.

Mr. and Mrs. L. V. Alexander were Lubbock visitors Monday.

Mr. and Mrs. A. W. Fore visited their son and family, Mr. and Mrs. D. S. Carrol of Meadow, Monday.

Mr. and Mrs. C. D. Parker and children visited relatives in Central Texas over the Easter holidays.

Mr. and Mrs. R. D. Jones visited relatives at Ropesville and Morton over the week end.

Mrs. E. D. Gayle is home from Lingville after an extended visit.

Mr. John Gayle and Vonita of Wilson were guests of the E. D. Gayles Saturday.

Mr. and Mrs. Lowell Bench and son were visiting their parents, the J. A. Bench's and Barney Barney Greens over the week end.

James Neal Jones visited his parents Mr. and Mrs. J. J. Jones over the week end.

Mr. and Mrs. B. F. Foshee and Dan were transacting business in Lubbock Tuesday.

Mrs. Doc Foshee visited relatives over the Easter holidays at Munday.

Mr. and Mrs. Voris Myatt and son, Max and Miss Betty Dennison of Lubbock visited Mr. and Mrs. L. R. Pounds Sunday.

Babson Discusses Big Cities

Many letters have come to me saying—Knowing you do not like investments in big cities such as New York, Philadelphia, Baltimore and Pittsburgh, what would you suggest "as insurance" for those who do live in these or other big cities? My answer is very simple,—namely, to invest some of your money in small cities and well-diversified industries. Very big cities have reached their maximum of influence; their real estate will gradually decline in value; their workers will be less efficient; their cost of living will abnormally advance and their danger from communistic uprisings from within and attacks from without will continually increase.

Bullish On Small Cities
I believe it is safe to say that locally controlled businesses in rural self-supporting and self-contained areas will more and more flourish. What sort of businesses in these rural areas offer the best opportunities? Here are some suggestions—

(1) Locally controlled grain handlers to supply the staff of life, manufacturers of building materials, such as gypsum; lumber, cement, lead, copper;

(2) Bus, truck and airplane transportation companies which will be called on to handle a much increased business;

(3) Local oil producers and distributors in contrast to the larger operators with refineries in big cities; also coal and wood yards;

(4) Local hotels and restaurants which will be called on to accommodate the continual influx from large industrial centers destined to suffer from unemployment;

(5) Local trading companies in a position to either sell for cash or barter the valuables most easily transported such as silver, gold ornaments, platinum or diamonds, for living necessities;

(6) Automobile and farm machinery repair shops which should run to capacity plus;

(7) And well-located buildings of large capacity, which would be in demand for conversion for any of the above purposes.

Own Certain Real Estate

There should be added to this list existing homes and especially small farms over fifty miles from large cities. That is, cottages off the main line, which are not dependent upon the operation of a public utility. Merchants should carry a full line of wood, coal and oil stoves, kerosene lamps and candles as well as a big supply of canned goods. Don't always bank on others to supply garden produce, but each year plan enough of a garden to supply vegetables for sustenance and for canning in season. Remember that potatoes, beans and greens will furnish as good a diet as millions live on today.

It might be suggested that dollar bills, stored in a safe deposit vault would be a good hedge if another war or depression comes. That may not be true. Far better have some good jewels in your safe deposit box! What about local bank stocks? The business of small banks may become very profitable. But large holdings of depreciated securities might make their stocks of little value. However, banks with their chief assets distributed throughout the Central West and South should be safe.

Don't Be An Isolationist

We should continue to put forth our best efforts to make the United Nations a success and free the world from another war and depression even while re-shaping our investment and living program along the above lines. Because we take out fire insurance policy it does not mean that we expect our home to burn. Surely business should waste no time in decentralizing its operations; the military should be allowed its full budget estimates; and the Commerce Department should take precedence over the State Department.

Miss Dixie Redford, who is a student at Tech, spent the Easter holidays in Houston visiting in the C. A. Kebodeaux home.

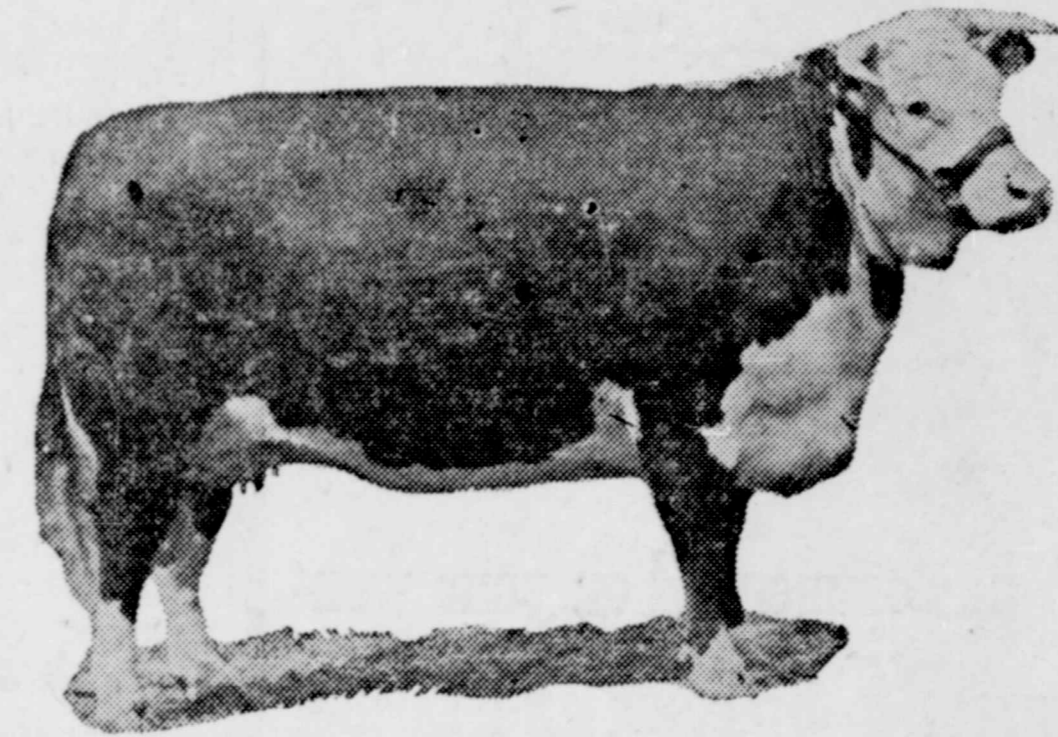

Mr. and Mrs. Dyar Oakley have purchased a new home in Kermit and Mrs. Oakley and children moved this week.

Mr. and Mrs. Buddy Gillham spent the week end in Ft. Worth visiting.

Our Best Wishes

TO THE JUNIOR CHAMBER OF COMMERCE ON THEIR SPONSORING THE 4th ANNUAL SHOW OF THE FFA AND 4-H CLUB BOYS —

SATURDAY APRIL 19th

We are proud of these three groups of progressive young men, THE JAYCEES, THE FFA AND THE 4-H BOYS — The future of this section rests with them and we are happy in the knowledge that it rests in capable hands.

Wade's Drug

CONGRATULATIONS

4-H and FFA BOYS

Again you have proved the value of quality breeding and feeding. We're proud of your efforts — Keep up the good work.

And thanks, JAYCEES, for sponsoring each year this fine group of youths. We hope this 4th annual show will be their best yet.

Copeland Hardware

CONGRATULATIONS 4-H AND FFA CLUBS ON THIS, YOUR 4TH ANNUAL SHOW

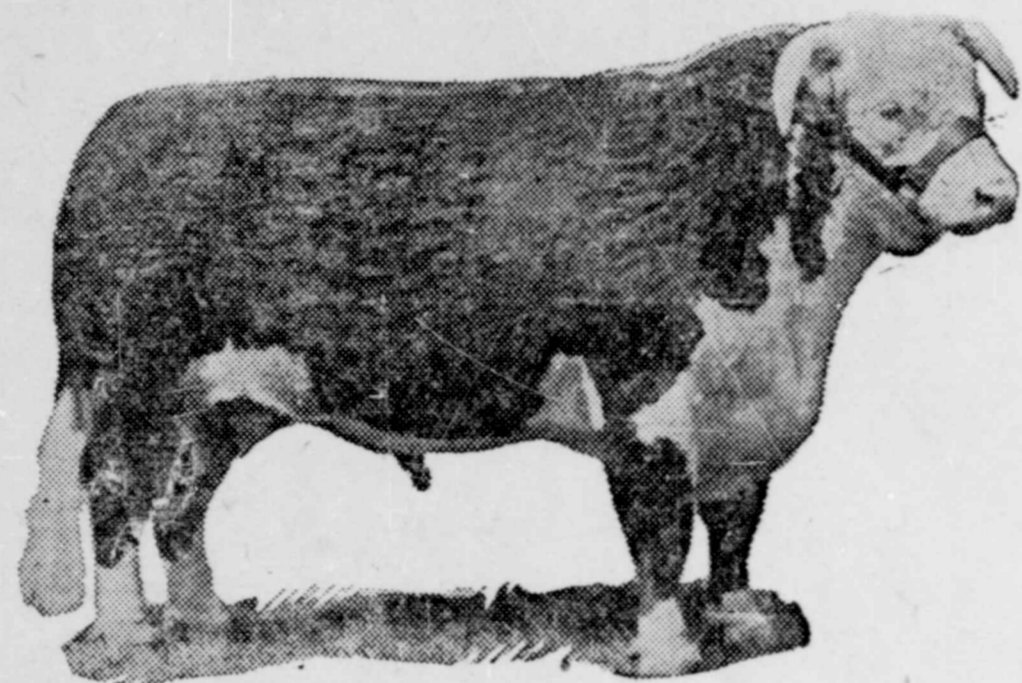

AND THANKS BROWNFIELD JAYCEES FOR YOUR CONTINUAL SPONSORING OF THIS FINE GROUP.

Amputee Vet Teaches Driving

JAMES W. REDDING (right) who lost both legs in the Ardennes campaign, now drives a car with such perfect skill and control that the Plymouth Motor Corporation has employed him to tour the country teaching other disabled veterans to do the same thing.

He is shown here instructing Melvin Lubarsky, a paraplegic patient at the Veterans Administration Hospital at Hines, Ill. Lubarsky lost the use of both legs as a result of spinal injuries suffered at St. Lo, France. Redding was a paratrooper who made his first combat jump seven hours before H hour of D day. He holds the Purple Heart, the Bronze Star and the ETO ribbon with three battle stars and two invasion arrowheads. Lubarsky, an infantryman, was awarded the Purple Heart, the

Combat Medal and the ETO ribbon with two battle stars.

The car which Redding uses is equipped with the simplified driving controls developed by Chrysler Corporation engineers in conjunction with Plymouth and which compensate for arm and leg disabilities up to the loss of both legs, as in Redding's case. Ingeniously, control of clutch, gas and brakes is centered in a single lever mounted on the steering column.

The new Plymouth, including its set of simplified controls, will be available at government expense to those veterans of World War II who have lost, or lost the use of, one or both legs at or above the ankle; provision for payment by the government, up to \$1,600, is made under Public Law No. 663.

Mr. and Mrs. Kenneth Purtil had as their dinner guests Sunday Mr. and Mrs. T. C. Young and family, of Andrews, Mr. and Mrs. Norvel Hulse and children, of Challis and Mr. and Mrs. Les Newberry. The children enjoyed an Easter egg hunt on the Newberry lawn during the afternoon.

NOTICE

If you have not yet mailed your contribution to the Girl Scouts please do as soon as possible. It will be greatly appreciated.

Mr. and Mrs. Bonnie Kay and children visited relatives in Sherman during the Easter holidays.

Mr. and Mrs. Earl Andress and family visited Mrs. Andress parents at Stamford Friday through Sunday.

Barbara Benton spent the week end in Seagraves as guest of her cousin, Betty Horner.

Mr. and Mrs. Cotton Neely and daughter Jan spent the week end in Sayre, Okla. visiting Mr. Neely's parents.

Mr. and Mrs. Jas. M. Chandler of Salem, Oregon and Mrs. W. P. Inman of Snyder visited in the J. W. Nelson home Monday night.

Bernice McIlroy and Melvina Nelson attended the OES friendship night program in Tahoka, Friday night.

Mr. and Mrs. J. W. Nelson and daughters, Peggy and Donna Sue visited relatives in Lamesa, Easter Sunday.

Pupils of the Primary Dept. of the First Baptist church enjoyed an Easter Egg hunt at the Rodeo Park Friday afternoon.

Mr. Dick Miller of Okla. City, who is district manager of the Goodyear Tire and Rubber Co. was here on business Tuesday.

Fletcher Hester, son of Rev. and Mrs. J. N. Hester, pre-med student at McMurry college, visited his parents during Easter.

The Sub Deb met in the home of Norma Jo Boyd on April 9th. at seven o'clock and a business meeting was held Refreshments were served to club members.

fishing bait business operator, magazine agencies, gift shops, trucking business, mechanics, musicians, clerks and tourist cabin operators.

Henry Ford Is Dead

BY G. W. N.

At the age of 84, Henry Ford, the world's greatest individual automobile manufacturer, and one of the leading and most progressive industrialists, died at his home in Dearborn, Michigan, last Monday night.

In early manhood, he worked alone in a crude outhouse workshop in his backyard just as the present century turned the corner. There produced a horseless carriage, a vehicle to run by a gasoline engine. The boys of today can not dismantle and re-arrange an old hoopy in a more crude manner. This he was one of the first to invent the automobile. He was also first to attach the shaft drive, and left hand steering and to make automobiles by mass production.

His car, sloganed the universal car, was just that. The old model T, because of its low price, high clearance, necessary for the high centers, in our crude rough, rutty roads of earlier days, and its simplicity, was the leading brand of the ranchman and rural users.

It was said one could, with a little baling wire and safety pins keep it in repair. When stuck in sand or mud, two men could lift it out. Others could pass it on the road, but couldn't run off and leave it. It was known as a "Tinlizzie," Flivver, and Jitney, the latter because in a wave over the nation, owners would pick up and haul-passengers for a nickle. Streetcar and taxi companies stopped this by law.

In the late twenties, in changing to the model "A" production ceased for a while. He advertised the new model soon. The public became impatient at other delays, when he advertised, "It won't be long now," coining a popular phrase in common use since. He has kept pace with more modern designs.

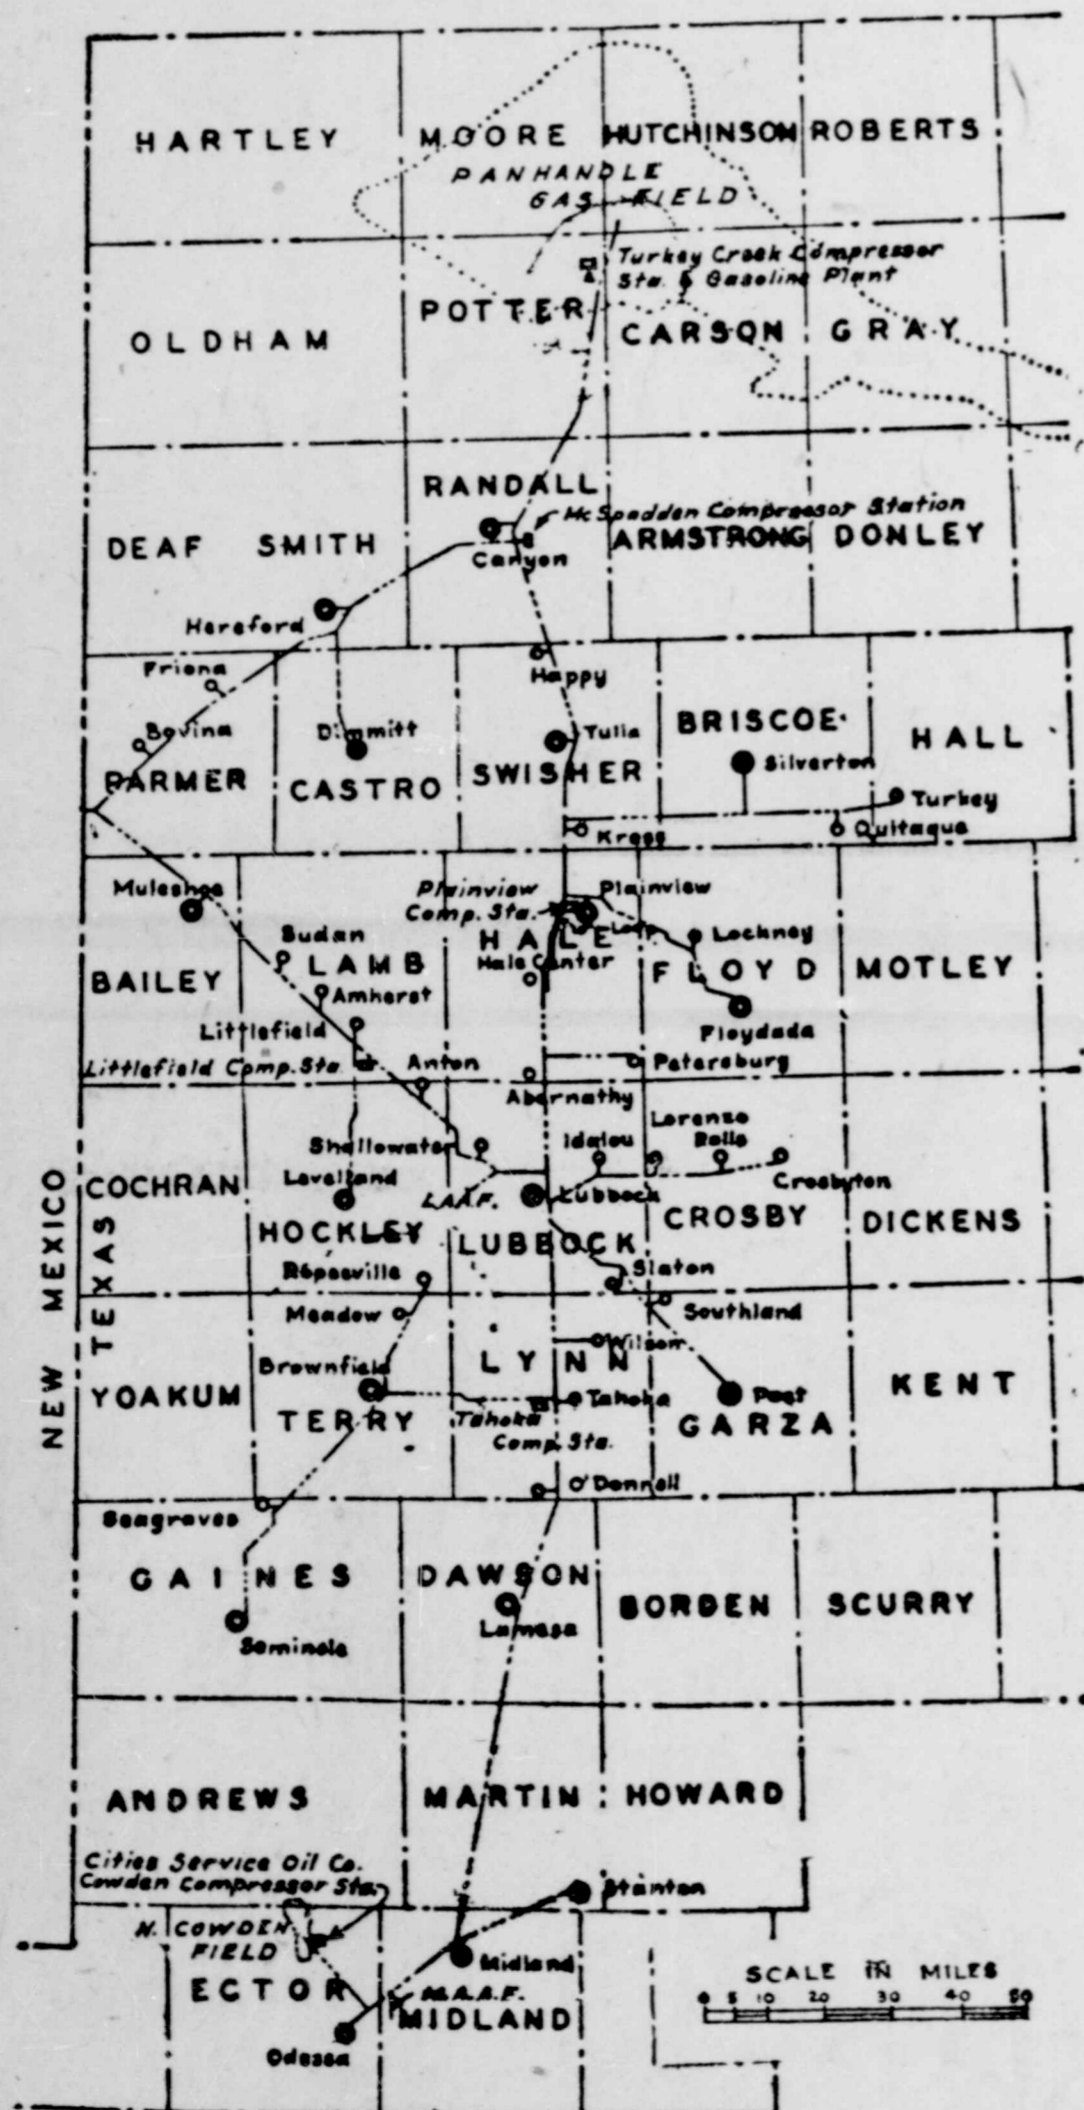

With his phenomenal industrial growth, after turning out millions of cars, he was reputed to be the first billionaire.

His only son, Edsell, died a few years ago, but who left three sons, one of whom is now president and manager of the vast enterprise. The family has and now owns, practically all, if not all of the stock.

Hal Bradley, pioneer auto dealer of Lubbock, now deceased was first Ford dealer in this area. He was succeeded by W. B. (Red) Tudor, who ran the Ford house here for thirty years, until it was changed about two years ago.

M. and Mrs. Frank Urban and family spent Sunday visiting her sister and family, Mr. and Mrs. Ben McMillin at Cedar Lake

This Month We Commemorate Our First

The above map shows the area we serve. "Fastest-growing section of the U.S.A."

Twenty years
in west Texas

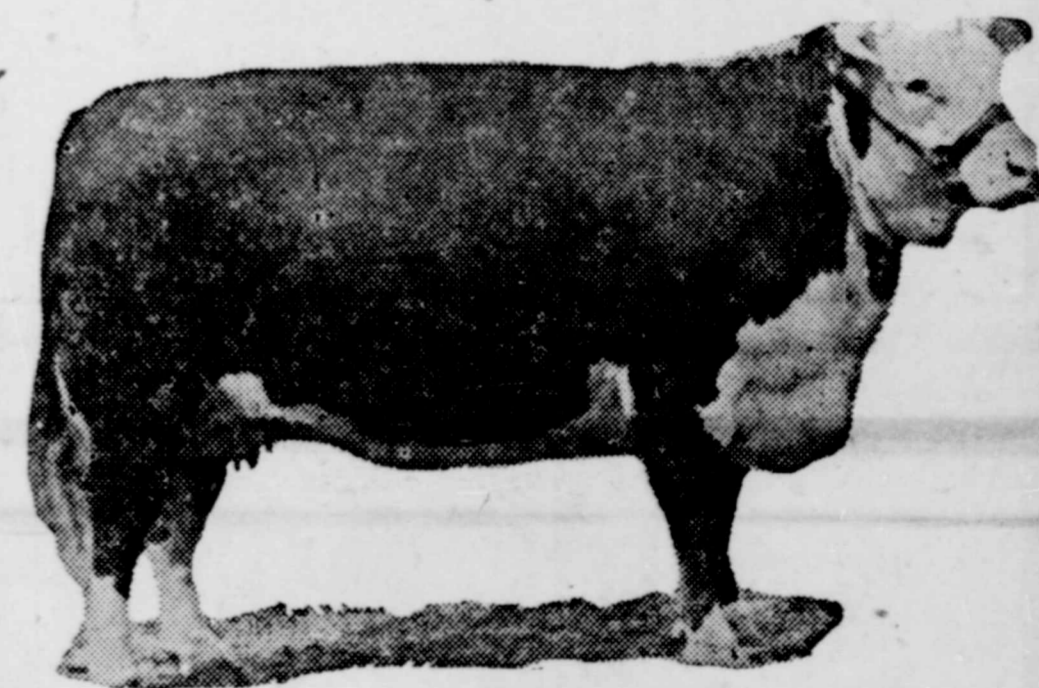

Counting from the founding of our company, we mark our twentieth birthday this month—on April 14, to be exact.

We mention our birthday, not because we feel deserving of any particular acclaim for having attained twenty years of age, or for having served well for nearly that long. Rather, we mention it because these twenty years have witnessed such a tremendous development of the territory we serve. We believe it's the fastest-growing part of the nation. And we sincerely believe, too, that the availability of good Natural Gas Service is contributing substantially to this rapid development.

We express our appreciation for the thousands of fine friendships that have grown up between us and the people of west Texas. We shall strive to hold and deepen these friendships, and to make many more, during our next twenty years.

West Texas Gas Company

GI Question And Answer Department

Q. Can the beneficiary of the family of a veteran make premium payments on his National Service Life Insurance of the veteran doesn't care to do so?

A. Yes, but the insured veteran has the right to change his beneficiary or beneficiaries at any time without consulting with or receiving the approval of anyone. He may also surrender his permanent NSLI policy for cash at anytime.

Q. I am drawing retirement pay at present. Can I receive subsistence allowance while going to school under the Servicemen's Readjustment Act?

A. You are entitled to draw retirement pay and still receive the full amount of subsistence allowance while in school or training. Retirement pay is not considered income from productive labor and therefore is not to be included by the veteran in his estimate of earnings filed with Veterans Administration.

Q. I obtained a G. I. home loan in June, 1945, and now would like to know if I may obtain a further loan under the amended G. I. Bill?

A. Yes. Evidently your guaranty under the original Servicemen's Readjustment Act was \$2,000; therefore under the act as amended in December, 1945, you are eligible for a further guarantee of \$2,000 on a real estate loan, or \$1,000 on a business or non-real estate loan.

Q. Will my 10 per cent World War II disability of \$13.80 be increased in event I marry?

A. No. Your compensation is based on the degree of disability

Home Grown Blankets Originate in Slaton

Judge C. Smith of Slaton was "forced" into the sheep business, made the best of it, and started something.

Jason O. Gordon, who was Lubbock county agricultural agent when all this began says that Smith became interested in sheep several years ago and started feeding out lambs. He did all right for awhile, and then along came a dry year and a feed shortage and Smith decided he better get out of the sheep business. So he sold his sheep.

That is, he sold all but five old ewes which the buyer wouldn't take, because he said "they would be dead before they reached the market."

After figuring awhile, Smith couldn't see but one thing to do. He turned around, bought a ram from the same buyer, took his six head of sheep home and got back in the sheep business.

Things came along nicely and Smith built his flock back up to 30 ewes. Then Mrs. Smith decided she wanted to be a partner in the sheep business. She voted against selling the wool clip, and Smith hasn't sold a pound of wool since. They ship it to a wool manufacturer and have fancy blankets made, which are very handy things to have when winter comes and not on the number of dependents.

Q. I am an ex-WAC with an honorable discharge. I am contemplating marriage to a non-veteran and would like to know if I lose any of my rights under the G. I. Bill?

A. No.

Mr. and Mrs. S. H. Holgate spent several days visiting in San Angelo. Because of Mr. Holgate's ill health they will move there to make their home as soon as they find living accommodations.

Mr. and Mrs. Jeff Farley had as their houseguests from Friday through Wednesday, Mrs. Farley's parents, Mr and Mrs. Frank Jemison of Temple, Okla. Monday the Farleys took them through the Caverns at Carlsbad.

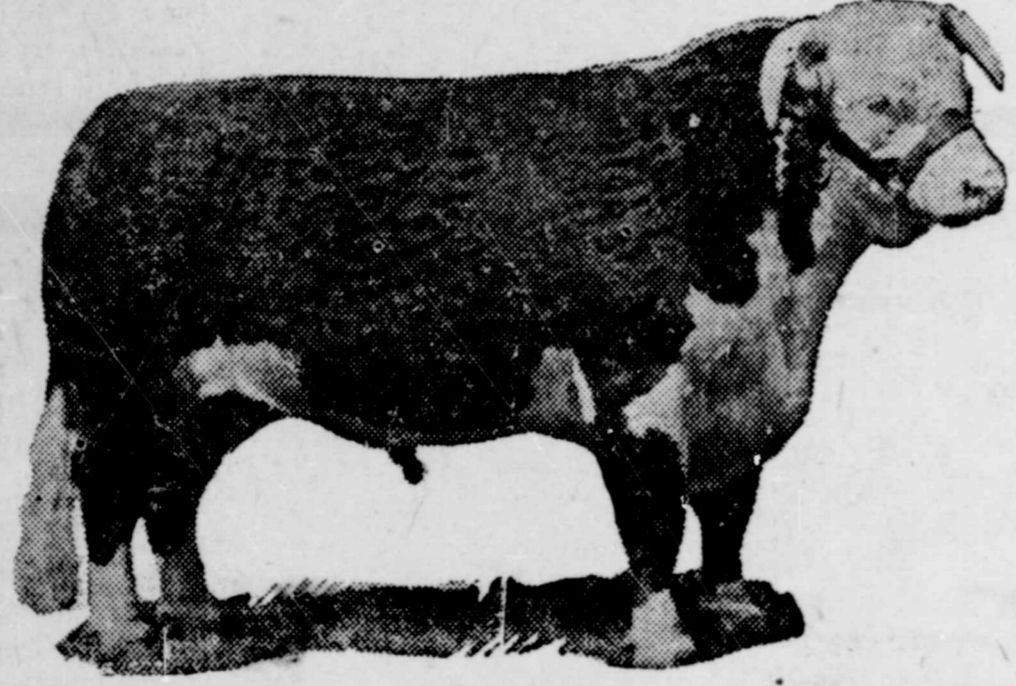

Mr. and Mrs. Kenneth Hill were hosts to the Couple's Club Wednesday evening with a buffet supper and bridge. Guests were Messrs and Mesdames Cotton Neely, W. O. Schellinger and Ted Hardy.

Mr. and Mrs. George Kinsman, of Demings, Montana were guests in the home of Mr. and Mrs. L. L. Bechtel Tuesday. The Kinsman's were enroute home from Mexico City

any obligation. White at once to Mack Hiatt, Branch Manager, Stanley Home Products, 2510 23rd St., Lubbock, Texas 38c

Congratulations Boys!

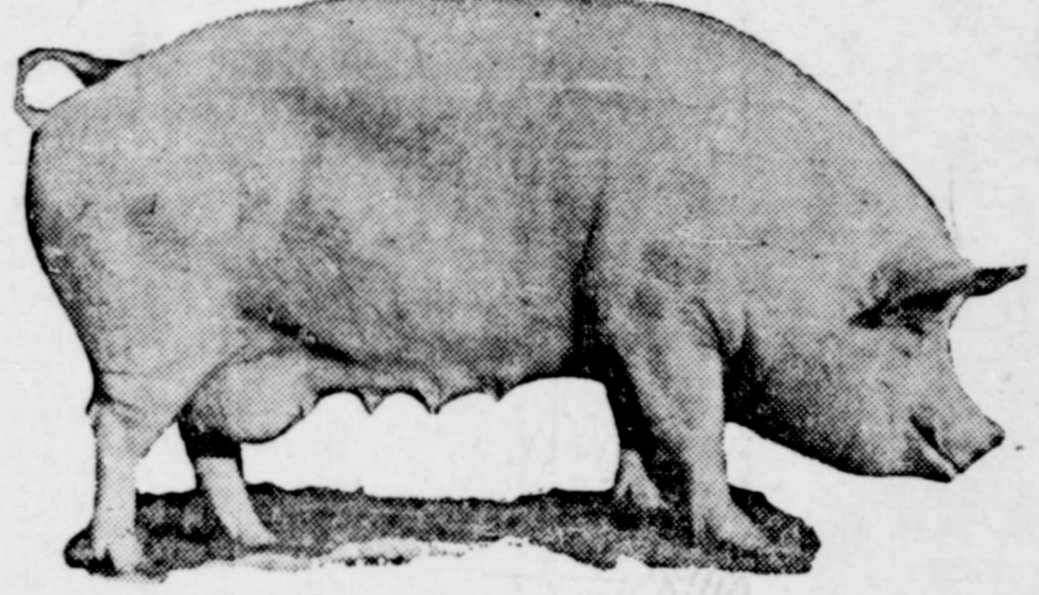

WHEN BETTER LIVESTOCK IS PRODUCED, OUR FFA AND 4-H CLUBS WILL PRODUCE IT!

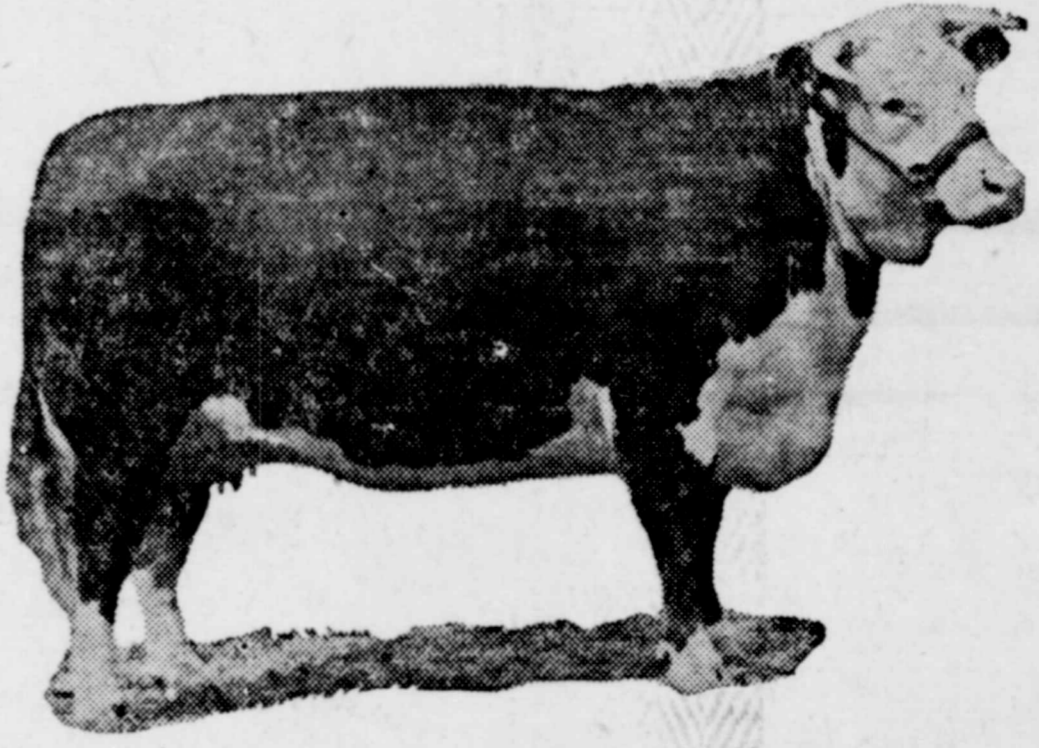

Be sure to see the good work the FFA and 4-H Boys are doing under the sponsorship of the Jaycees and too, get good pointers on feeding and breeding fine show animals

COLLINS

Congratulations On Your Fourth Annual Show

You 4-H and FFA Boys

THE FACT THAT THE JUNIOR CHAMBER OF COMMERCE IS STILL BACKING YOU PROVES YOUR INTEGRITY. WE'RE MIGHTY PROUD OF YOU AND HOPE THIS WILL BE YOUR BEST SHOW THUS FAR.

Brownfield State Bank

Down Where The Bluebonnets Grow

If you visited the Herald office Saturday afternoon and found it closed tight as a jug, Sheriff Murray didn't order it that way. It just happened voluntarily. The Old He, wife and grandson, Jack Taylor took off Friday morning for Brownwood, to visit the other two kids, Herman and Sallie Trigg and Buddie, the dog, but we found the latter enamored of a girl friend of the canine variety, and was not as friendly as common. To cap it all, the girl friend must have turned him down, as he went across the street and mule wallowed in the pool of oil where they drain cars.

We were accompanied as far as Brownwood by Mr. and Mrs. Carl Ming and baby daughter. They were on their way to Austin to visit his family and show them the new offspring. Mighty pretty and green down in that section. Even the wooded pastures are as green as a wheat

field. But we saw very little crops up, but some planting. In fact we believe we saw about as much stuff up in Scurry county, as down there. The fish were biting some, but Friday and Saturday were so windy that few were caught, but Mrs. Graves had some on storage in the refrigerator she had caught a day or two before and so we didn't miss out.

But we did have a fine time with the folks, and got lots of extra sleep through the day, as it was cool and nice for naps out there at the lake where there was no more noise than the song of birds, and that is lulling when Mr. Winking, Blinking and Nod get a hold on you. It is then that you forget your old frame as well as your dignity, if any, and just nap and nap and nap.

It appeared to us that Herman was not quite as boat fanish as usual. In fact, he aims to sell at the opportune time, and as his Ma lets him drive her new Oldsmobile a bit, think that is what he is hankering at the present writing. Yet he made quite a bit of change Sunday out at the 36th

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

NUMBER 37

Division Park, where many were gathered to fish, ride in boats and otherwise enjoy the spring weather.

On the other hand, the three of us from Brownfield, accompanied by Sallie and Herman's mother, Mrs. Graves, made a trip to Austin. We had been through Austin by both bus and railroad, but had never actually visited the capitol city. Austin is only about 150 miles from Brownwood, an easy Sunday drive, some sightseeing and back home before the chickens have been to roost too long, providing you don't spend too much time there, and don't have any tire trouble. But that

is another story—next week perhaps.

Yes, of course most of you have been to Austin, but maybe we saw something you failed to see; a cat of another color in some other alley. So, we're going to tell our story, and you can read it or leave it.

To conclude this article, we had a most wonderful trip and visit, with lot of good victuals and an abundance of sleep as per the above mention. But after that 300 mile Sunday drive, with another 270 miles home Monday, stacked on for good measure, we needed rest and not a lot of mail piled up to greet us Tuesday.

Gene Autry To Appear In Lubbock Rodeo

The South Plains will have the opportunity of seeing Gene Autry and his horse Champ, jr., appear with Everett Colburn's Rodeo at Lubbock June 11-14, in the same RCA approved show presented each year in Madison Square Garden.

The rodeo is an annual event sponsored by the Lubbock American Business Club for the purposes of raising funds to finance the building and expansion program of the Lubbock Boys Club.

Autry's Lubbock appearance will be one of the seven he will make this year outside of California. The western screen and radio star will also make his regular weekly broadcast over the Columbia Broadcasting System from Lubbock following the rodeo.

Colburn, whose headquarters are at Dublin, Texas, is widely known in rodeo circles as the producer of top-notch performances with the best hands in the business.

The Rodeo will probably be held in the present football stadium at Texas Technological College.

Mr. and Mrs. James King left Sunday for a business trip to Waco.

But what about the Herald office being closed Saturday afternoon, you ask? Well sir, the Old He not being around to hold the lines, the whole crew hit the road for El Paso, spending Saturday night and part of Sunday in the border city. Their excuse was to carry Elmo Baird's wife home. Elmo is a new GI trainee at the Herald office, whose wife still holds her job at the airport in El Paso. She visited Elmo from Thursday to Saturday.

ROYAL BENGAL TIGERS: These two are but a fraction of the dozens of rare wild beasts which are to be seen in the Mammoth Men-

agerie of the C. R. Montgomery Wild Animal Circus, which comes to Brownfield Saturday May 3.

NO INCREASE IN LICENSES

Tax Collector Herbert Chesshir, reports 3100 automobile registrations as of April 1 for the ensuing year. Of these 2442 were passenger cars. It was about the same as for 1946.

Mrs. Tommy Zorns and daughter, Norma Jo, are in Perryton with Mrs. Zorns father, Mr. Elmore, who is very ill.

Messrs. Jot Akers and J. B. Worsham attended the furniture market in Galveston this week. This is the first to be held in Texas.

Mr. and Mrs. Vance Spears of Houston, Texas were the week end guest of his parents, Mr. and Mrs. J. W. Spears, sr.

Mr. and Mrs. Fred Jones spent the week end in Ft. Stockton with Mrs. Jones mother.

Mesdames Bill Marshbanks, J. B. Worsham and Ray Hailey were Lubbock visitors Wednesday.

Mrs. Madison Weaver and her sister, Miss Gerry Gaither spent the week end in Slaton with their parents, Mr. and Mrs. Herbert Gaither.

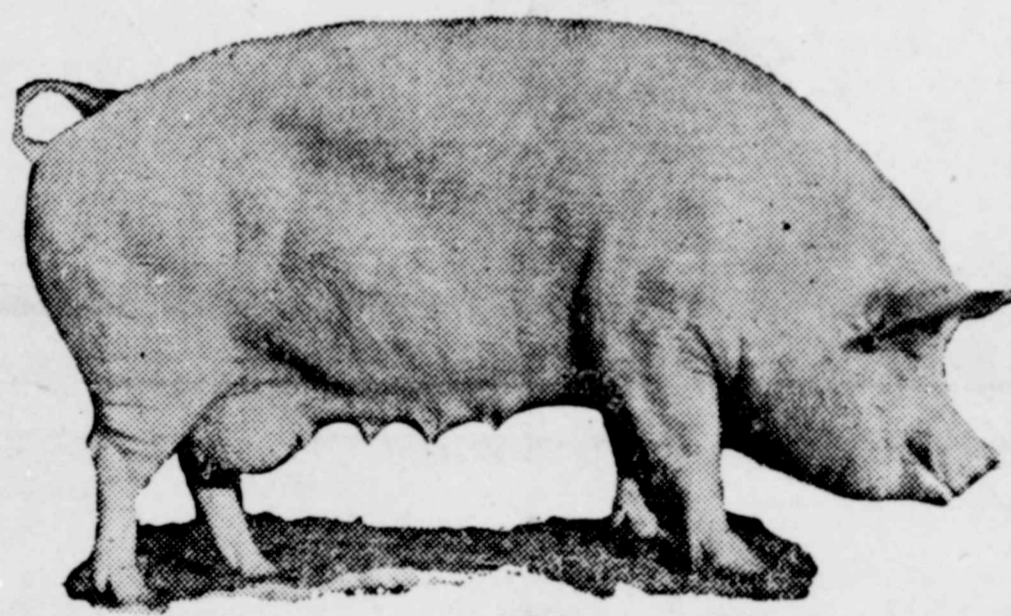

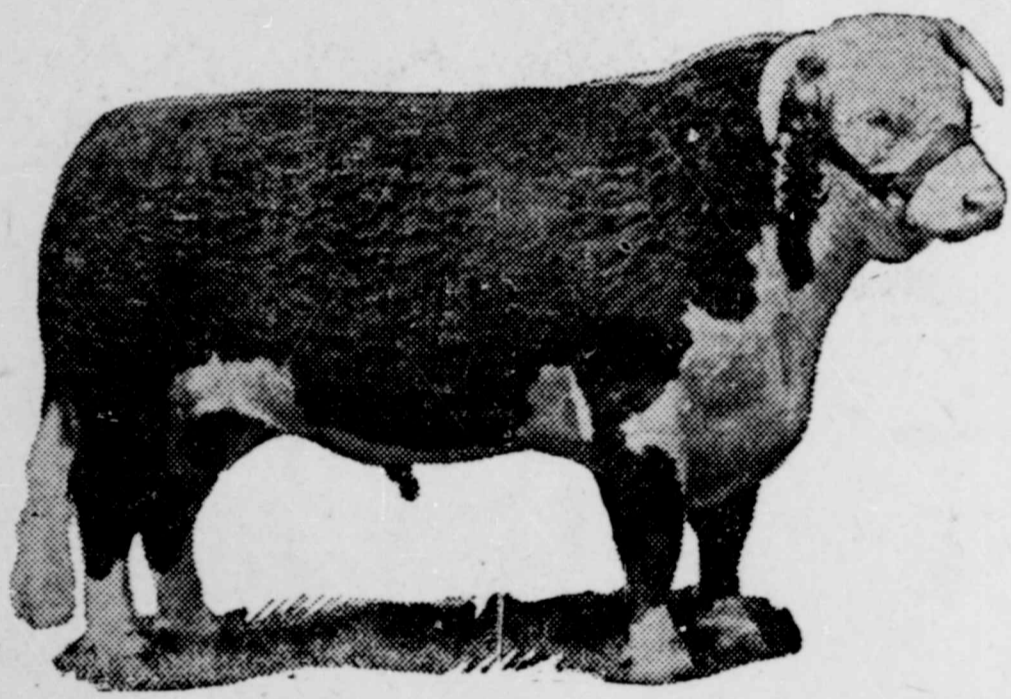

WELCOME

PONTIAC

A fine car made finer

Drive a Pontiac - and envy no one!

ONLY PONTIAC OFFERS THIS ALL-AROUND VALUE

- TRU-ARC SAFETY STEERING**—More positive control with less effort.
- DUPLEX REAR SPRINGS**—Mechanically compensate for light or heavy loads; liners eliminate squeak.
- ALL-WEATHER ENGINE TEMPERATURE CONTROL**—Peak efficiency of operation under varying climatic conditions.
- PERMANENT OIL CLEANER**—Highly efficient, positive protection, no replacing.
- MULTI-SEAL HYDRAULIC BRAKES**—Protected against dirt and water for smoother stops, longer life.
- L-HEAD ENGINES**—Six or eight cylinders; smooth, powerful, long lasting.
- BODY BY FISHER**—Big and roomy, with famous Fisher No-Draft Ventilation, custom-type interiors, luxurious trim.

Always Drive Carefully

We sincerely believe that no car is more generally satisfactory to its owners than a Pontiac.

Year after year, Pontiac offers the fullest measure of quality—plus outstanding economy of operation and upkeep. It really leaves nothing essential to be desired—in performance, in comfort or in handling ease. And, always, it is one of the most beautiful cars to be seen on the streets and highways.

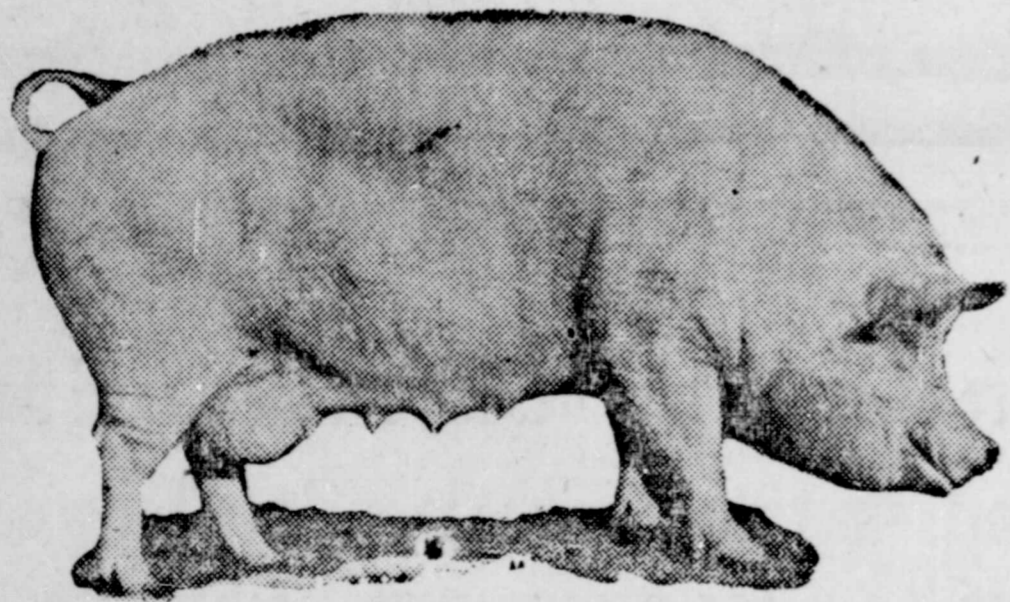

The 1947 Pontiac Silver Streak is an example of what we mean. People who get it need envy no one—and the same will be true of those who get their Pontiacs in 1948, 1949 or 1950. Year after year, Pontiac is a fine car—in every respect.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

BROADWAY & 8th BROWNFIELD, TEXAS

DO ATTEND

THE CALF AND SWINE SHOW
April 19th.

This show promises to be one of, if not the very best, sponsored by the Jaycees. Lots of animals on display.

LEND ENCOURAGEMENT BY ATTENDING

J. C. JONES, Co.

Better Hams From Research

Spoilage of hams during curing, formerly a big headache of the packing industry, has been greatly reduced as a result of research conducted by the U. S. Department of Agriculture.

In a report received by the Texas A and M College Extension Service, USDA's Agricultural Research Administration states that research on meat processing show that ham spoilage can be reduced by rapid and thorough chilling of the meat to a temperature of 35 degrees Fahrenheit, promptly after slaughter. This quick chilling is then followed up by an initial curing temperature not exceeding 38 degrees, keeping the hams cold enough to prevent growth of spoilage bacteria until the curing mixture can take over and hold the bacteria in check.

Artery-pumping, another USDA research development, aids quick curing of hams, which also cuts down spoilage. The curing mixture is forced into the arteries and reaches all parts of the ham more quickly. The new process has cut down time required for curing a ham from 40 to 20 days or less—definitely a practical business advantage. USDA believes that from a "practical standpoint," ham spoilage problems on a commercial scale are solved.

Cancer Control Week Proclaimed By President Truman

By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signal and secure medical advice at the first symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation.

One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The fact concerning heredity do not justify them.

At the first warning sign recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump of thickening, especially in the breast, lip or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals.

Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

Better Health For Children Stressed

Better nutrition for the child of the future was stressed by experts in the field at a recent conference held by the State Nutrition Council at the University of Texas.

Suggestions for better nutrition included improving food preparation methods; more knowledge of nutrition in the home, and that the school lunch program can be a means of improving the health of the entire community.

Knowledge of nutrition should be stressed from centers of higher education to every individual home. Dr. Arild Hansen, chairman of the department of Pediatrics at the University of Texas Medical School, Galveston, said. He stated that nutrition frequently plays a fundamental and usually a contributory role in causing death of children.

A windbreak of Texas trees around farm buildings gives protection to livestock and poultry in the winter, and plenty of good shade in the summer.

About 30 per cent of all fires that destroy homes are caused by careless use of matches and smok-

Poultry Pastures Cut Down On Feed Bill

Green pastures for poultry? Yes, says Ted Martin, poultry husbandman of the Texas A and M College Extension Service. While chickens and turkeys are not ordinarily put in a class with grazing animals, explains Martin, tests have show that when they get the chance, poultry will get as much as 20 per cent of their feed requirement from green feed. Since feed can generally be produced most economically in the form of pasture than in any other way, cutting down feed costs is reason enough to provide pasture of poultry, Martin says, and fresh are other advantages to be had from growing green poultry feed.

All poultrymen agree that there is no question about the value of vitamin A in the feed of all classes of poultry, Martin says, and fresh green feed is probably the most dependable and economical source of vitamin A. Barley, oats, sudan grass and similar crops can be grown for year-round grazing in nearly all parts of Texas. These pastures will need mowing often, however, to keep the plants from becoming hard and woody.

There is a precaution to take in poultry grazing too. Martin explains that too much green feed in the ration of laying hens may cause discolored yolks and watery whites in eggs. But if the birds are started gradually on the green feed, and offered more each day, no harm will result. Martin says poultrymen may begin by turning birds on pasture for 30 minutes to an hour before roosting time, and lengthen the period each day until they stay on pasture all afternoon.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our friends and neighbors for their gifts and help after our house burned.

Mr. and Mrs. Sam Day and family.

Mrs. Ray Hailey is a new employee at Collins, replacing Mrs. Rudolph Gracey who has gone to California to meet her husband. He is being discharged from the service.

Mrs. A. S. Mangum left Wednesday to make her home in Trinidad, Colo. Her son Alfred is a student in the junior college there.

Mr. and Mrs. Homer Nelson and children spent the week end in Prescott, Ark., visiting relatives.

Marketing eggs at least once a week will help reduce the loss in quality due to thin egg whites.

Mrs. J. K. Applewhite and daughter, Dot and Mrs. Ben Peak, of Lampasas visited the Sam Privitts and the Prentice Walkers Sunday.

Mr. and Mrs. Virgil Crawford announce the birth of a son April 2 in the Lubbock Memorial hospital. The baby weighed 7 pounds and 10 ounces at birth and is named Joseph Virgil.

Mr. and Mrs. Roger Curry of Lamesa were in town the first of the week. Mrs. Curry was a patient in the local hospital.

Mrs. Irene Black was in Carlsbad attending to business Monday.

Mr. and Mrs. Jack Griggs and children spent the week end in Abilene visiting relatives

Mr. and Mrs. Clyde Andrews and daughter, Donna, of Dumas were weekend guests in the home of Mr. and Mrs. Sam Privitt.

Biggest apple and pear insect pest in Texas is the codling moth, which can now be controlled by spraying with four pounds of 50 per cent DDT in 100 gallons of water throughout the growing season.

Timely Advice To Vacationists

Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are open, was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and sometimes without the usual life-guard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in spirit of fun; never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is always desirable," Dr. Cox said. "It is by no means advisable to eliminate these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

Vina Fed Old He On Country Ham

Mrs. Money (Vina) Price was in one day last week, and casually asked if we were getting hungry for some old country ham. That was just like holding fresh meat in front of a bunch of lion cubs. After we licked our chops a bit and asked what she was waiting on, she said we could come out most any night, and she'd fry the ham.

So, the Old He and wife hit the trail out to the Challis section and the home of the Prices, which includes Money and Vina and son Bill. Soon that table was laden with slices of country ham just a small size less than the platter they were on, red streaked gravy, corn, Irish 'taters, and red beans, and biscuits that would melt in your mouth. Then there was banana pie and maple syrup and good country butter for the farewell, and some extraordinary good "koffey" to wash it all down.

To start with, there is not a lady in Terry county that can discount Vina Price as a cook in the second place, old Money provides the stuff to cook. It's great to have such friends.

The Davises Get Blizzard Bound

Dr. and Mrs. E. C. Davis returned last week from a visit with relatives and friends in Pennsylvania and Ohio. The primary occasion for their trip up there at this time of year was to attend the Golden Wedding celebration of Dr. Davis' parents.

Just the same, while visiting in the home of a sister of the doctor's in Cleveland, Ohio, one of the worst blizzards in years hit that section, blocking roads and streets. They stated that the first day they could travel, they only made 78 miles, but that got them far enough south to get going the second day out.

But byjingo, they got back with some of that genuine old maple syrup, and we know we'll get a supply of them, as the Davises never pass us up.

Miss Gertrude Jones has opened a public office for bookkeeping and typing in room 2 of the Brownfield building.

Poultry And Egg Shipments, Receipts

Rail shipments of chickens and eggs doubled in February to recover January's sharp decline, according to The University of Texas Bureau of Business Research. Shipments of eggs were brought upward by the 129 per cent gain in frozen eggs shipped and the 45 per cent increase in shipments of dried eggs. Shell eggs saw shipments rise 25 per cent from January to February.

Compared to February 1946, however, shipments of poultry and eggs reflect a decline. Only exception was the 119 per cent gain in egg shipments resulting from the 383 per cent hike in shipments of dried eggs over February a year ago.

Interstate receipts of eggs by rail at Texas stations slumped in February, as the total dipped 70 per cent below the January level. The 14 carloads received, however, were 133 per cent above receipts in February 1946.

Mr. and Mrs. Logan Redford spent the week end in Amarillo visiting Mrs. Redford's parents.

Mr. and Mrs. J. C. Cifswell and Mrs. Edna Blankenship attended the Easter pageant in the Wichita mountains near Lawton, Okla.

Electric Power Consumption Rises

Taking into consideration seasonal adjustments, the index of electric power consumption in the State of Texas rose to an all-time high in February, according to the University of Texas Bureau of Business Research.

Previous high was registered in January, when the index stood at 274.1 compared to February's 287.8. (Base: 1935-39, 100.)

In actual totals, however, February consumption fell 3 per cent below January's but rose 11 per cent above February 1946. When adjusted for the seasonal variation, this amounts to a 5 per cent rise in February over January.

Residential consumption fell 7 per cent to register the greatest slump.

Nancy Weir spent the week end in Lubbock as houseguest of Cynthia Tankersley.

The size of eggs a hen lays is largely a matter of inheritance. Insurance against small egg production is buying baby chicks from stock known to have individual ability to lay large eggs.

Mrs. Jaspas Moore and son Donald spent the week end in Comanche visiting her mother.

What do you think railroads make?

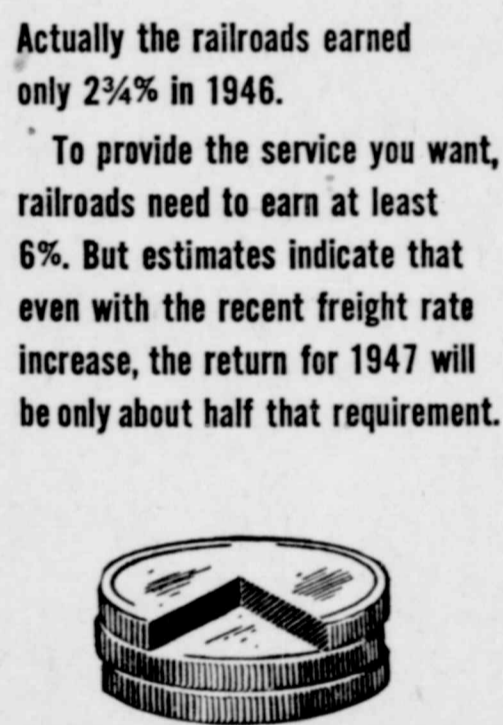

15%

What do you think they should make?

10%

What are the facts?

2 3/4%

Why it takes 6% to make the grade...

Impartial research polls show that, on the average, people think we make 15%. They also think a fair return would be 10%.

What We Make

But for the year 1946, with the biggest peace-time traffic in history, the railroads earned only . . . 2 3/4%. This is less than one-half the comparable earnings for other industries.

The reasons for this low return are not hard to find. Since 1939 railroad wages have increased 52 2/10% and the prices of fuel, materials and supplies have gone up 61 1/10%.

But freight rates have just recently been increased an average of only 17 1/10%—a year after the effective date of the last big wage increase.

What About This Year?

It is estimated that the return for 1947, even with the recent freight rate increase, will be only about half the 6% minimum return required to provide the improvements and service needed. This will be because of increased costs of materials and supplies; because certain wage increases granted in 1946

were in effect for only part of 1946 but will be in effect for all of 1947; because of increased special payroll taxes on railroads; and because of a decline in passenger business.

What Does This Mean To You?

The answer is "Plenty!" Your standard of living is the highest in the world because of MASS PRODUCTION. But mass production would not be possible without MASS TRANSPORTATION, which the railroads provide at low cost.

Why 6% Is Needed

The kind of service you standard of living requires takes a lot of money for new equipment and improvements. To carry out the post-war improvement program for better equipment, tracks, terminals and modern safety devices, a minimum return of 6% is needed.

So when the railroads make only 2 3/4 cents on each \$1.00 of their net property investment, it concerns you.

The funds for future new equipment and improvements must come from railroad earnings and also from investors. They will furnish money on reasonable terms only if they have confidence in the future earnings of the railroads.

You Have Another Stake In This

Even if you do not own any railroad stocks or bonds, insurance companies and savings banks do. So you still have a special interest in seeing that the railroads are allowed enough to do a good job . . . for you.

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

*On total property investment, the railroads made only 2.19%.

Greetings

Britain Open To CARE Food Packages

Great Britain today became the fourteenth European country to which CARE food packages may be sent as the result of successful conclusion of negotiations with the British Government, Paul Comly French, General Manager of CARE, announced.

The latest expansion of CARE (Cooperative for American Remittances to Europe, Inc.) a non-profit, government approved organization, will bring to families in England in England, Wales, Scotland and Northern Ireland substantial improvement in their hitherto severely limited diets.

The food package now available for Americans who wish to send this form of assistance to Britain contains two pounds each of meat, sugar, vegetable shortening, dried whole milk powder and dried fruits; 2 pound of chocolate; seven pounds of flour; one pound of coffee; half a pound of dried egg powder and six ounces of soap. Orders should be sent to CARE headquarters, 50 Broad St. New York 4, N. Y. accompanied by check or money order of \$10 for each package.

Retail Sales Up In February

February retail sales of independent stores in Texas stood 14 per cent above sales in February a year ago, according to the University of Texas Bureau of Business Research, but sales slumped 3 per cent below the January level.

Department and apparel store sales were up only slightly from sales a year ago. All sales are sharply down from the peak reached last summer. When adjustment is made for increase in prices, the physical volume of goods sold shows a definite decline from a year ago.

Cities in the two smallest population groups turned in declines of two and one-half per cent for the January-to-February comparison as larger cities (above 50,000 population) recorded greater slumps in sales.

Behind The Scenes In American Business

BY REYNOLDS KNIGHT

An increase in the volume of some hard-to-get basic materials may reduce rather than raise manufacturer's inventories. Business circles have expressed concern over the recent steady increase of inventories in the hands of manufacturers to a post war high. However, a substantial part of this rising total, especially in the so called durable goods field, could move out of storage rooms tomorrow, if one or two missing part were available. Manufacturers of refrigerators, radios, railroad passenger cars and a long list of other items find their inventories boosted to undesirable heights by nearly finished products for which they have a backlog of orders, but which must be held in factories or storage rooms until odds and ends of small parts are received. This condition, however, does not exist in most of the so-called soft goods lines such as textiles. There, buyer resistance has slowed down the flow of materials through retail outlets. Even in textiles, there are some hard-to-get items, but the overall picture in the soft goods field indicates that production is about caught up with demand.

BUYER'S MARKET—At least one manufacturer is preparing realistically for the day when goods will go to market and fight for buyers' attention on a competitive basis. Although an unprecedented demand for glass brought peak peacetime sales of a large glass manufacturer, the firm is looking ahead to a buyers' market by providing market research service to its distributors.

THINGS TO COME—Waterproof matches. According to their manufacturer, they will light after repeated drenchings or after a few hours of complete immersion—Venetian blinds, which roll up like a window shade. The slats are curved aluminum and fit snugly on the roller—A machine which does year breathing for you. Similar to the iron lung used for paralysis victims, it is designed to help tuberculosis sufferers, by supplying oxygen, while giving the lungs an opportunity to rest—Magnesium ladders and suitcases. The metal weighs a third of that of aluminum and one-fourth that of steel—Synthetic fur, made by applying plastics to sheepskin. The plastic gives the finished product the feeling and look of fur—A new soap which washes the hands merely by rubbing it on and off. No water is required.—A new self service push cart which will make it easier for mothers to handle junior in the super-markets. It is of the basket type, but includes a built-in chair into which the baby may safely be placed.

U of T Gets Valuable Van Zandt Papers

Valuable additions to source material of Texas history have been presented to the University of Texas Archives by Edwin E. Bewley, Jr., of Fort Worth, great-grandson of Isaac Van Zandt, pioneer Texas statesman.

Van Zandt was Texas charge d'affaires in Washington, D. C. from 1842 to 1844, and before that was a representative to the Fifth Congress of the Republic of Texas from Harrison county in 1940. At the time of his death in 1847 he was a candidate for governor of Texas.

The gift from Bewley included copies of 250 documents, and the most informative are those concerning Van Zandt's experiences in Washington.

Mr. and Mrs. W. D. Storey, of Littlefield visited in the Bob Bowers and Earl Anthony homes Sunday.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Low Cotton Balance Reported

The United States cotton balance sheet show a March 1 balance of 8,311,000 running bales on hand, one of the lowest March 1 balances on record, according to The University of Texas Bureau of Business Research in its monthly publication, Texas Business Review.

Balance on hand at the same time during the 1945-46 season totaled 13,557,000 running bales. The August 1 carryover is 7,522,000 bales, lowest since the 1937-38 season when it dropped to 4,498,000 running bales.

Dr. A. B. Cox, professor of cotton in the College of Business Administration, stated in the Review that the buying power of cotton is very substantially above all commodities, since parity price is now about 27 cents and the actual price is about 34 cents.

According to Dr. Cox, "present prices are a product of three factors mostly: a relatively short supply of cotton in this country, a very strong demand in this country and a strong demand abroad for American cotton due to United States loans and the export subsidy."

The belief is growing now that the tight spot situation will continue into the fall because of the home and abroad demands and that this year's crop will have to exceed 12 million bales to warrant lower prices.

We learn that R. J. Purcell and Ross Black have purchased the Phillips wholesale business here, and have taken charge.

C. E. Ross Attends M M Conference

C. E. Ross of Brownfield spent several days the week of March 30 in Minneapolis, Minn., and Moline, Ill., visiting the home office and the various plants of the Minneapolis-Moline Power Implementation Company and conferring with officials of the company.

With over 100 other farm implement dealers from Texas, New Mexico, Oklahoma, and Kansas, he observed first hand the production methods of the huge Minneapolis plants of the company and discussed with company officials and engineers the production outlook for the coming year on farm machinery.

Following the Minneapolis conference, he spent the latter

part of the week in Moline, Ill., observing work carried on there and discussing with officials the problems of meeting the unprecedented demand for modern farm equipment.

Robert Bowers, Orren Peterman spent the weekend in San Angelo visiting Orren's sister, Miss Marie Peterman.

Home gardening calls for a constant fight against insects. Local county Extension agents can explain details on spraying and dusting to combat garden pests.

Mr. and Mrs. L. M. Wingerd returned last week from Salinas, Kansas where they visited relatives. Their daughter, Marion, who is a student in Stevens College met them there and will visit with her aunt during the Easter holidays.

Mrs. Eunice Matthews, former resident here and whose husband died here last Christmas day, spent last week visiting friends here.

Home Demonstration And 4-H News

BY HELEN DUNLAP

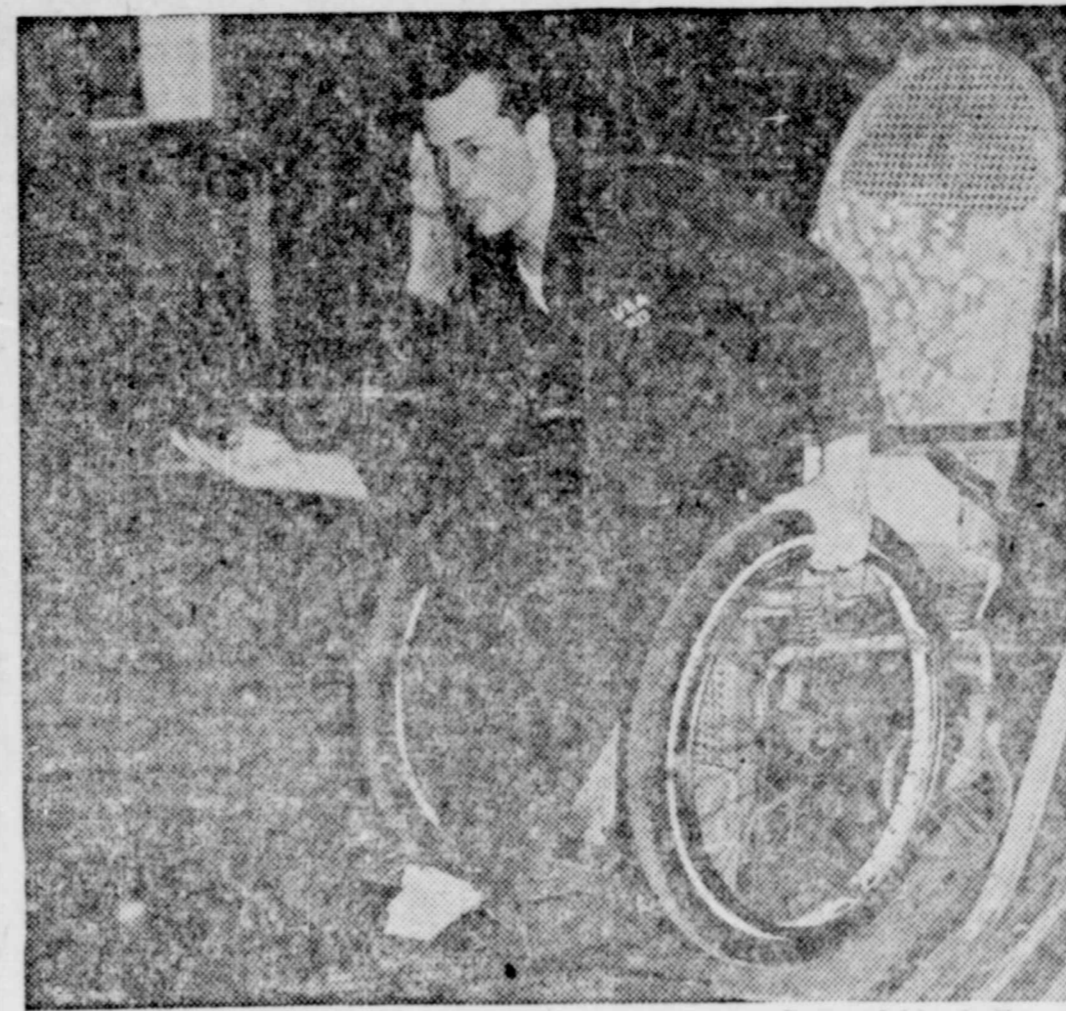

Theresa Mason, ten years old, member of the county-wide 4-H club that meets in the courthouse twice a month is kept busy getting her work completed. She manages to do it, by putting into action the demonstrations she attends, just as soon as possible. Recently, she and her family made a frame garden with the frame made of the sides of a worn out tin tank, and scrap lumber picked up about the farm. She has it planted with earlier vegetables such as radishes, lettuce and they are up and now growing. Her field garden is also planted and partly up. In addition to these two types of gardens, Theresa is planting a tub garden for later vegetables such as tomatoes, sweet peppers and vining types, which usually have a struggle during the hot dry season. She will sink in the ground, a worn out tub, half a barrel, half an oil drum or five gallon cans, in which she has cut several slashes along the sides. She will put barnyard fertilizer and some soil on the container. By filling the container with water two or three times a week, the surrounding ground will be kept moist and enriched to help in the growth of plants growing there. By the use of this type of garden, she hopes to harvest vegetables through the hot weather and until frost.

Not only does Theresa do production work; but she is doing home improvement as well. Recently she and her mother together, made three rugs, which they made on a small loom. In the weaving, they used dyed knit rings, they obtained from a manufacturing company. They have two of these rugs in their own home and made one for a neighbor in exchange for some work she did for them.

Pressure cooker clinics to be given this month by the home demonstration clubs will be done in afternoon meetings, beginning at 2 as follows:

- Gomez, Thursday April 10.
- Seudday, Wednesday, April 16.
- Union, Thursday, April 17.

Wheel Chair Bowler

Although paralyzed from the waist down, Jim Tomlinson of Corning, Kans., has developed into a star bowler at Winter Veterans Administration Hospital in Topeka, Kans. Here he demonstrates how he brakes his wheel chair at the end of his approach to the alley. Several other paraplegic patients at the hospital bowl regularly.

Knowing Fred Harvey chefs, Irene Schulte is not worried about too many cooks spoiling soup or baby formulas, as she starts on the re-inaugural trip of the famous Santa Fe Railway courier nurse service. This service was halted during the war years due to emergency military need for

registered nurses. The corps, under supervision of Miss Norma H. Thompson has been augmented and now comprises 26 registered nurses, mostly World War II veterans. They serve on The Scout and El Capitan between Chicago and the Pacific Coast.

Mrs. Ocie Murry will entertain all the members and their families of the Harmony club Friday April 11 at 7:30 p. m. at Coleman Park. The members are asked to bring enough sandwiches and drinks for her family. The next meeting will be with Mrs. John Gracey.

A garden fence will do double duty when pole beans are planted against it.

When a garden is watered, a deep and thorough soaking, as by a fairly heavy rain, is better than more frequent light sprinklings.

Wellman, Friday, April 18 at the school lunch room.

Pool, Tuesday, April 22 Meadow, Wednesday, April 23 at the school lunch room.

Other clinics will be announced later, and one will be held in Brownfield for people living near. People may contact the home demonstration women in regard to the place of meeting, in cases when it is not mentioned.

All people having pressure cookers are urged to have their gauges tested before the canning season starts to be certain they are registering correctly and thus help prevent spoilage in their canning.

HARMONY HD CLUB HAS ALL DAY MEETING

The Harmony HD Club met in the home of Mrs. Gill, Thursday of last week for a luncheon and all day meeting. Eleven members and four visitors were present.

The program was on health and Mrs. Bell gave a talk on medical discoveries. After the business hour a quilt was pieced for the hostess.

The Needmore ladies plan to organize a home demonstration club April 11th and will meet in the home of Mrs. Lee Bartlett. The Harmony club has been invited to attend.

LOYD'S
SHOE SHOP

Who says you're only young once?

Take a look at this trim, new Buick — or better, take its wheel — and see just how wrong that old saw is!

One look at these sleek lines, the long, taste-of-tomorrow fenders — and just watch yourself start getting young ideas.

Find an open road, gun this beauty just a bit — and see how the spirit of springtime wells up in your soul and sets the red blood coursing.

Good road or bad, on these soft all-coil springs you take everything with youthful zip and zest, quite freed from jar or jolt.

City street or country road, with all this poised and husky roadweight beneath you, you travel your level course, steady and non-swerving even on curves.

Pull up somewhere — and see how people turn to note the Very

Important Person who's arriving.

Take it through the tangle of traffic and see how nimbly it maneuvers — check it at a boulevard stop and see how sure and positive its controls are.

In all truth, here's a car that's any man's darling, every man's pride. A car that not only meets your needs for transportation, but satisfies your every hankering for size and power, style and room, solid worth and top-dollar value.

Naturally, it's a much wanted car. America's most wanted automo-

bile, in fact. Definitely not the number to be picked up off the counter any time, anywhere.

That's why forethought pays and prompt decision gets results. You are simply playing safe when you get your order in now!

Wellman HD Club Meets April 4

The Home Demonstration club held the regular 1st Friday afternoon meeting April 4th.

House was called to order by the president.

Recreation, practice singing. Mrs. Clyde Heafner gave an interesting talk on what little Janice did when she carried her gifts of what 4-H club girls had made for her. The HD club also sent some things. She was very happy.

A report of Extension work. Mrs. Heafner and Mrs. Roy Moore went to Willow Wells Wednesday, April 2, and put on two helpful demonstrations.

The program was on health. God's own medicine by Mrs. Horace Fox.

Does the weather make you sick by Mrs. Harmon Scales.

New hope for the allergies by Mrs. J. D. Roberts, all parts were interesting and helpful.

Don't forget that each member is to bring a dozen of eggs to Mrs. Clyde Heafner before Saturday.

Our next meeting will be the 3rd Friday afternoon. There will be demonstrations given on curtains and the testing of pressure cookers. Everyone, including non-club members bring the register off of your cooker if it will come, if not bring your cooker.

Everyone is invited to our club.

Five Ways To Remove Ink From Textiles

Scarcity and high prices of textiles have made the use of bagging material in many instances a wise economy for housewives, says Mrs. Bernice Claytor, Extension home management specialist of Texas A. and M. College.

Rural homemakers have long used the sturdy cotton fabric of many flour and feed bags for making everything from tea towels to bedspreads, draperies, luncheon cloths and napkins. Mrs. Claytor says that often the big problem in using the bagging is removing the black printed letters that label the bags, and that textile specialists of the U. S. Department of Agriculture have outlined five methods which have been used successfully in taking print from sackcloth.

1. Scrub bags with hot water and laundry soap. This often removes nearly all the ink and the rest usually disappears if the bags are boiled in soapy water for half an hour and rinsed. Then a chlorine bleach may be used to take out the last traces of black.

2. Wet a bar of laundry soap and rub on the dry bag until it is entirely covered with a thick layer of soap. Roll up the bag and let it stand several hours. Then wash and boil if necessary.

3. Soak the bag in kerosene overnight. Then wash—first in lukewarm water, then in soapy water—and rinse thoroughly.

4. Cover the black print with lard or soft petroleum jelly, rubbing the grease into the fabric thoroughly. Leave overnight to loosen the black, then wash in soapy lukewarm water and rinse.

5. Boil bags in water with sodium hydrosulphite or some other dye remover, which may be purchased at drug stores. Always follow directions given on package, and rinse well afterward.

Mrs. Claytor suggests that the homemaker try the one method from these five that seem to suit her best.

YOUNG MOTHER SUCCUMBS TO LONG ILLNESS

Mrs. Laura L. Wilson, age 19, died last Saturday morning at the local hospital, following two months illness. Her husband Q. J. Wilson, an employe of the city, moved here only three months ago.

The body was taken by Farley Funeral Home, to Duster, in Comanche county where funeral services were conducted at the Baptist church.

Survivors are the husband and 17 months old son, Kenneth. Her parents, Mr. and Mrs. H. E. Bingham of Duster, two brothers and three sisters. An uncle, Kirk Bingham and an aunt, Mrs. Ivy Malar reside here. Mr. Alton and Oscar Green, Leonard Maler and Charley Foster and wives, Kirk Bingham and Oueda Manning, attended the funeral.

WELLMAN GIRLS CLUBS HOLD MEETINGS

The regular meeting of the WWW and WAC 4-H Clubs of Wellman was called to order by the president of the WW club, Tuesday morning April 1.

After reading of the minutes, and roll call, Betty Zo Dean, recreation leader of the WAC club lead the group in playing "My Ship Goes Sailing."

The little adopted girl was discussed. All of the girls had brought something to put in the box which was to be sent to her before Easter.

Arrangements were made for raising money by donations from club members to buy her an Easter Bonnet.

Miss Dunlap told the club about a tub garden. Showing by an illustration on the blackboard how to make it and explaining its use.

The Dress Revue to be held in a few months was also discussed. Qualifications were described and many of the girls hope to enter.

The demonstration which was given by Miss Dunlap was on good grooming. The importance of good grooming was stressed. The

GI Question And Answer Department

Q. Why is it that National Service Life Insurance premiums are so low, yet there are no restrictions as to occupation, travel or residence?

A. Premiums are kept at a minimum because all operating expenses and all excess costs resulting from death or total disability traceable to the extra hazard of the military or naval service are borne by the government and paid from separate appropriations.

Q. I would like to reinstate my National Service Life Insurance term policy which lapsed in 1945, and would like to know how to go about it?

A. Through Aug. 1, 1947 the requirements to reinstate a term policy up to and including Aug. 1, 1947, regardless of the date of lapse, are the payment of only two monthly premiums and a signed statement that you are in care of the hands and nails was demonstrated.

as good health as you were on the date of such lapse. Such statement of comparative health ordinarily will be acceptable. You can obtain an application for reinstatement at any Veterans Administration office.

Q. What is the due date of my premium on my National Service Life Insurance policy?

A. The date on which a premium is due is the same date in the month as that on which the insurance originally was made effective. This date is on the insurance certificate.

Q. My National Service Life Insurance premiums have been

waived due to a total disability. Can I convert my term insurance to a permanent plan and still have my premiums waived?

A. You have the privilege of converting to ordinary life, 20-payment life, or 30-payment life and the waiver of premiums will remain in effect as long as you are totally disabled.

Safety in your tires lies in the strength of the cords under the tread.

Autocrats give you 6-ply rating. This is achieved by Raytex Fortified Cords of a military truck type, far stronger than those used in ordinary rayon automobile tires.

You get a smooth, easy-chair ride since only 4 plies of this super-strength cord are needed to give Autocrats this 6-ply strength.

Quick straight-line stops. Toe-action tread with hundreds of cogs, bites through road film for positive control of your car.

WELCOME

TO THE

4TH ANNUAL CALF AND SWINE SHOW

Saturday, April 19th.

SEE THE PROGRESS OUR FFA AND 4 H BOYS ARE MAKING. This Show Is Being Sponsored By The Energetic Jaycees For The Improvement Of Livestock In Terry County.

Through the effort of the Jaycees, the club boys now have a building for their stock show, at which both calves and swine will be shown.
