Hair Policy Becomes School Issue

Survey To Determine Boys' Hair Length Budget Hearing; Tax Rate Meetings Slated In August

In an effort for community input, the Muleshoe Independent School District School Board is putting it straight to the community and school district - "Do you favor the present hair policy for boys in the Muleshoe Independent School District?"

Turner also said the policy would have to be enforced at home, and reiterated that he felt it was the parents' responsibility to see that the hair was an acceptable length.

School board members, following lengthy discussion on the hair policy issue, have elected to let the community decide what they prefer in the local school.

Although a majority of members present were outspoken in support of the present hair policy in the dress code, they unanimously agreed that it should be left up to the community as a whole to decide what they preferred as a hair policy for the students.

In other school surveys made, and test cases, a decision by the participating community has proven to stand up in court, thus providing grounds for the survey which will be conducted for the next two weeks in Muleshoe, prior to Monday, August 2, the deadline for completing a survey form.

The present hair policy is: a. At least one-half inch above the eye in front, b. Trimmed in back so that hair does not lay on standard dress shirt collars, c. Trimmed on sides so that hair does not completely cover the ear. The bottom of the ear must be showing, d. Sideburns, trimmed no lower than in line with bottom of ear, e. Hair length may not be concealed with any artificial means, such as wigs, head bands, etc.

"Find out if the people want long hair or short hair," urged Board Member Carl Bamert. "Then we will have something to stick to 100 percent."

Second question on the survey form asks: "If this is the opinion of the majority in the Muleshoe ISD, and it remains a school district policy, will you support it?"

"Hair has to meet the standards of the community," con-

tributed Royce Turner, another school board member. "However, I think parents should have the responsibility to make their kids do what they need to do."

Building Cost 'Tops' Meeting

Ag Center Doubles In Proposed Size

Once again, the proposed agriculture center was in the spotlight at the regular meeting of the Bailey County Commissioners Court on Monday.

large enough for roping, and indoor rodeos. The steel company representative said that for the building to be double in size, the increased cost would be an additional \$65,000-\$70,000.

During a discussion about the proposed building, Judge Glen Williams asked Bennie Claunch, committee member for the center, "How much interest and need do you think there is for a roping facility?"

Claunch said that although most of his experience has been with the horse shows, he has talked to a lot of ropers and horse people, and it is the opinion of the area people that a building large enough to have the indoor roping and rodeos would pay for itself in not too much time.

"I had four county judges at a state hearing last week say they had never had a 4-H Club member appear before them," said Claunch, in support of the proposed building.

"The judges had from eight to 22 years experience each, and I think that in itself, speaks about how much good a facility would be for our kids," added Claunch.

It was brought out, that most of the county commission is in favor of the proposed larger building, however, it has been decided to sit down and figure out the financing to utilize on construction of the structure.

Meeting earlier with Bailey County Commissioners Court was Frank Ellis, operator of Singleton-Ellis Funeral Home, and operator of the local ambulance service. Ellis explained why he had requested a new ambulance for Bailey County and Muleshoe.

Ellis said, "The 1969 Pontiac ambulance needs to be replaced immediately because of the condition of the ambulance and maintenance costs."

"During the month of June, it stopped twice with patients on emergency trips to Lubbock. If something is not done immediately, it will be critical."

He also enumerated the high maintenance costs, including various problems which have not been satisfactorily solved with repairs. Ellis had figures on several ambulances with various equipment. No decision was made at the meeting.

Commissioners approved Scott's Acres, a tract of land out of the southwest corner of Section 33, Block X, located south of the cemetery. The new Scott Acres, proposed by Mr. and Mrs. Raymond Scott, has 16 individual tracts.

Also approved by commission-

ers was the 1969 Pontiac ambulance needs to be replaced immediately because of the condition of the ambulance and maintenance costs.

At midmorning Monday, Mrs. Mickey Sowder, who lives south of Stegall, told the Journal it was raining a slow, steady

groundsoaking rain. Tuesday afternoon, she reported a total of .9, the most that had been received at one time in the area since last October.

Around Bula, more than an inch and a half had been reported by Monday afternoon, with threatening skies in evidence all Tuesday.

Muleshoe, for once, was on the short end of the rain, with only .56 being received by late afternoon. Although the sun was noted breaking through at times, more rain was predicted throughout the evening and night.

For the first time since last October, general rains were noted in the area including eastern New Mexico counties which have also felt the impact of the drought for the past several months.

Flash flooding was reported in both the Lubbock and Plainview areas, as more than three inches fell in both areas on Monday, with the rain expected to continue.

Producers said some farmers are expected to go ahead and plant and "hope" for enough

rain to make a small crop in some of the dryer areas, although many farmers had already filed prevented planting data and plan for next year's crops.

After apparently attempting to abate in recent weeks, the deep-seated problems at the Morton School has reappeared following appointment of a new school superintendent, according to an article in the Monday, July 12, Lubbock Avalanche Journal.

Frank Patrick, staff writer for the Avalanche Journal interviewed Morton school board member H.B. Barker, who openly criticized the new superintendent Marlin Dobbis and also claimed a capable administrator could have been hired for Morton at less money.

Although Patrick interviewed two board members for the school who reported that no tax increase was in the planning for the school, although a tax ratio would be discussed, Patrick had reported that the budget for the 1976-77 year would be more than \$100,000 more than the 1975-76 school budget. A follow-up story in the Tuesday, July 13 paper, following of the Monday night meeting of the school board, showed that the Morton School Board raised the tax ratio from 45 to 60 percent, reflecting an 18 to 20 percent increase in school taxes for the beleaguered school.

Patrick also interviewed Muleshoe area school personnel about incidents leading up to Muleshoe cancelling sports activities with students at the Morton schools.

According to the Lubbock reporter:

IT'S TALL CORN . . . Sheryl Bass is dwarfed by some of the tallest corn to date in the area, which is already tasseling and producing small ears. The corn is growing on the Horace Hutton farm north of Muleshoe and is a crop being produced by Jerry Hutton. Most corn is nearing the tasseling stage, although the Hutton corn is perhaps some of the most advanced corn at this time.

1976 Crop Outlook Brighter With July's General Rainfall

General rain, which deposited up to two inches in the southwestern part of Bailey County, and an inch or more in west and southwestern Bailey County, has done much early this week to put smiles on the faces of southern Bailey County farmers.

As most of the land in the southern part of the county is dryland, farmers had been unable to plant and watched the final date go by in June for corn planting. It is almost too late for the producers to plant any producing crop, however, there are farmers who will be planting "quick crops" to replace their normally more producing crops such as cotton, corn and grain sorghum.

On irrigated land, the crops perked up and corn, just beginning to tassel and produce small ears has received an additional boost from the general rains which started in the area Sunday afternoon with sporadic showers. Small cotton looked more promising with the gentle rains.

\$6,000 Goal Set For Heart Drive

A goal of \$6,000 was set for the 1976-77 Campaign Fund Drive by the Bailey County Unit of the American Heart Association during a meeting on July 2.

Coordinating the annual drive will be Betty Burelsmith and Diana Harrison, with Ben Yeager, Roy Whitt, Joe Harbin and Dr. Gary Albertson agreeing to be available as special speakers during the year.

Chairmen for the annual drive are Bill Moore, Clubs and Organizations; Elizabeth Watson, Schools and Colleges; Wilma Magby and Don Seales, Neighborhood and Marilyn Clark, Cardiovascular Nurses.

It was discussed about having employee CPR training and Tommy Black and Paul Wilbanks were nominated to con-

tact all businesses to enroll at least one employee in the Cardiopulmonary Resuscitation classes.

Joyce Burkholder, regional director from Lubbock, suggested to the Heart Association members that the local club might be thinking about helping with other local campaigns as the heart association is not in competition with other organizations, but is in existence to help in any way possible.

Attending the noon meeting were Dr. Gary Albertson, M.D. Gunstream, J.W. Coppedge, Betty Burelsmith, Don Seales, Laura Seales, Elizabeth Watson, Bill Moore, Joe Harbin, Dean Sprayberry, Marilyn Clark and Robin Taylor.

School Difficulty At Morton Aired

The Avalanche Journal has learned that part of the Better Schools Committee's displeasure is the result of a controversial series of events last fall and winter which led to the cancellation of scheduled games between the Morton and Muleshoe districts.

According to Muleshoe spokesmen, several members of the Muleshoe eighth and ninth grade basketball teams and their women coaches were subjected to vulgar comments by several Morton youths when they were leaving the gymnasium to board the bus after a game December 15.

Gail Bizzell, a male biology teacher from Muleshoe who was driving the bus, verified the incident.

"There was a group from Morton outside the gym, and our girls were scared to leave," Bizzell said.

He said he finally led the girls out himself, and was cursed by the gang outside.

Muleshoe schools Supt. Neal B. Dillman said he reported the incident to the Morton schools administration December 17, and that he later gave descriptions of the boys involved.

On January 5, he said, he canceled eighth and ninth grade games scheduled for February 2, and a girls game scheduled for January 27.

"We are truly sorry that this incident occurred, but we do not believe that our girls and boys or any other school's boys or

girls should be subjected to this kind of treatment," Dillman said in a letter.

"That's not the way we bring 'em up...it's just not worth it," he said when contacted about the affair.

A survey of other schools in the district unearthed no other cancellations because of basketball problems.

Lvelland schools Supt. Bill Vardeman did confirm that Morton games had been dropped from next year's schedule, however he declined to comment on the reasons.

Ronald Coleman, who was a Morton school board member at the time, said he personally "stood and heard" one member of the Morton team making lewd remarks to three Muleshoe girls at an earlier game.

"The incident was brought to the attention of the board and Mr. Travis more than once, and as far as I know, no action was ever taken," Coleman said.

When asked if any disciplinary action was taken as a result of the incidents, Dodds, who was high school principal then, said some students were called in and lectured.

"It was handled as adequately as we could handle it," Dodds said.

"It was not strictly a Morton caused situation -- it took kids from both sides to get involved."

Dodds also said it was difficult

Bids were approved for gasoline and milk for the upcoming school year. Approved was a bid of 39.5 cents for gasoline as submitted by Gulf Oil Co. and

9.5 cents per one-half pint of milk and 30 minute emergency delivery submitted by Borden Milk Co. representatives in Muleshoe, Odell Rasco. Insurance for the upcoming

year was also approved with J & J Insurance Co. in the amount of \$21,248 with a \$100 deductible. This includes increasing the coverage by six percent.

Resignation accepted was Mrs. Keith Bray as Special Education Teacher as she is moving to Kansas with her husband and family where he has accepted employment.

Two new teachers were approved for employment. Mrs. JoAnna Wrinkle was hired as English and Business teach in high school and Jamie Washington was employed as special

education in junior high school. In other action, the board heard current financial reports and the tax collection report; approved participation of the local school board in the Texas Association of School Boards' Policy services; discussed possible personnel changes because of the loss of three teachers and the loss of one teacher and seven aides from Title I Regular and Migrant programs due to a reduction in federal allocations. A further discussion was conducted on the funding allocations of the Title I Regular and Migrant Programs.

Also discussed was the meeting scheduled for Monday, July 19, between the Muleshoe School Board, school personnel, city and county government officials and law enforcement officials for the city, county and state.

Also, additional survey forms will be available in the School Administration office and the Tax office located at the Muleshoe City Hall.

maybe it was hard feelings about the game. Kuehler admitted some Morton students may have gotten out of line.

When queried about the incident involving the individual student allegedly witnessed by board member Coleman, Kuehler said he thought it had happened the year before.

But Coleman maintains the incident occurred during the past season.

Efforts to contact Coach Whillock, reportedly vacationing in Arkansas, about the alleged disciplinary problems were unsuccessful.

In an earlier interview, however, the 18-year Morton mentor had alluded freely to what he feels is a racial problem.

"We have a black-white problem here among a few people, but those few are in the right position, in my opinion, to cause a lot of trouble," Whillock stated.

"I feel the blacks on the basketball team did a super job of containing their emotions all year long."

Schools Committee heatedly deny they are motivated by racial bias. "All we want are decent standards to be lived up to by everyone, and a decent environmental climate for our children," the group's president, Bill Thomas, said.

Muleshoe Superintendent Dillman verified the above story, and said, "The ones I feel sorry for in the Morton School District are the kids. They are the ones having to suffer the penalty for the trouble there. We just have to live with it."

Letters To The Editor

Dear Mrs. Williams,
As past presidents of the Muleshoe Mighty "M" Band, we feel it imperative to speak in response to a statement made in your article "Celebration Termined A Success" (Bailey County Journal, July 11). A local businessman stated "When they need help, who do they come to? I, for one, feel we should not help them (the band) unless they participate sometimes in community activities."
Perhaps this man who voiced his objection was unaware of what it takes to be an effective member of the "Mighty M". For example, the band always marches in the morning. They have section rehearsals before that and night practices once a week plus a ball game per week during the season. To make money, the band sells maga-

zines, paints curbs and washes cars. They provide services for the money they get. Of course, they band has help. That help comes from the fine arts boosters, who also provide services and recreation for the money they make (ie. The Halloween Carnival).
As for community services, the band also does much. For example, our community concerts, the Christmas parade and U.I.L. competition, which also spreads the name of Muleshoe and "outs us on the mpa."
We believe that there should have been a band for the Fourth of July parade - a good band. However, it was impossible to arrange a group of adequate size. An effort was started when school was out to organize a group, but too many people were unable to make it to provide an effective sounding band. Rather than make fools of ourselves with 24 people, we terminated the idea.
The "Mighty M" does its part to support Muleshoe, and deserves support in return. All it

takes is community awareness of our activities. That awareness can be had if one will just watch the papers. Now that Mrs. Williams is editor of news, we are sure that the public will have the opportunity to realize just how active the "Mighty M" band is, because she has a strong sense of community responsibility and a "pro-school" attitude. (This was explained to me after a discussion over this subject with her).
All of the band members were hurt by the businessman's remark, yet there is nothing we can do. All we ask is that fair consideration be given to the band before passing judgement on them. We hope that the community will see the circumstances involved and continue their support of the entire Fine Arts Department.
Respectfully Yours,
George David Smith

Mrs. Nichols Demonstrates To Club

Enoch's Home Demonstration Club met at 2:00 p.m. on June 22, with Mrs. Elnita Key. In the absence of the president, Mrs. Winnie Byars acted. She read the minutes of the previous meeting and called the roll. The roll was answered by a good habit "I Want To Cultivate". "Our Emblem" was read by Bonnie Long. The emblem is composed of three circles which typify the home, the state and the nation.
The hearth fire in the center symbolizes the home and expresses the spirit of the fire; attributes of the home such as fellowship, hospitality, comfort, peace and protection.
The oak leaf on the left of the hearth fire symbolizes the strength of the home; above the hearth fire, the lamp of knowledge; the wisdom with which a home and family must be created; on the right, the wheat productivity and richness of

family and community life.
Around these symbols are the words, "Home, Family, Community," with "Cooperative Service" in the outer circle-designating the cooperation of the county, state and nation, in extension program.
Mrs. Rose Nichols gave a demonstration on decoupage. Everyone can make things of beauty, from something. It's just putting it together.
Those attending were Wilma Petree, Winnie Byars, Alma Altman, Lillian Fort, Bonnie Long. Guests were Linda Key and children, Claude Wayne and Vonna Ann; Paula Nichols and Teresa Autry. The hostess

was Elnita Key. The next meeting is to be July 13.

FIREPLUG WINNERS . . . The Muleshoe Young Homemakers sponsored a fire plug contest and during the week of the Fourth of July, they were judged. The winners were first, Mark Northcutt; second Rebecca Barber and third, Toni Beversdorf. Northcutt received \$25; Rebecca \$15 and Toni \$10, for their winnings and their talent. The contest was judged on a point system, by the young homemakers.

Northcutt Takes First In Fireplug Contest

Mrs. Wayne Copley, Mrs. Sandy Noble and Mrs. Randol Copley judged fire hydrants Thursday and Friday afternoon. The 38 fireplugs were selected on highest points. The point system was five points for neatness; five points for originality and five points for bi-centennial theme.

Wedding Plans Set For August

Mr. and Mrs. Jesus Casanova of Muleshoe announce the engagement and approaching marriage of their daughter, Gloria Casanova, to Ruben Acevedo of Crosbyton, son of Mr. and Mrs. Gaudalpe Acenedo of Seminole. The wedding will be held August 14, 1976 at 6:00 p.m., in the Immaculate Conception Church, in Muleshoe.

The bride elect graduate in 1973 from Muleshoe. She received her two year secretary degree from West Texas State University in Canyon, in the fall of 1975. She is now employed by the biology department of WTSU.

Acevedo graduated from Crosbyton in 1973. He is a junior at WTSU, majoring in Criminal Justice Administration. He is now employed at Iowa Beef processors in Amarillo. The couple will reside in Canyon after the wedding.

Club Members Attend Camp

Six 4-H Club members from Bailey County leave Monday, July 19, on a five-day trip to New Mexico's Camp Scott Able near Cloudcroft for training in leadership and electrical projects, according to County Extension Agent Robin Taylor.

Each year three boys and three girls, accompanied by an adult, are selected from each of the 20 counties in Texas Agricultural Extension Service District 2 to attend electric camp.

This year's delegation from Bailey County include Joie Carpenter, Sharla Farmer, Jo Ronda Rhodes, Curtis Carpenter, Kirk Lewis and Clayton Ramm. They'll leave Monday by bus, returning Friday, July 23. In all, some 128 youths and 18 adults are going.

The event, Mrs. Taylor says, provides leadership training and teaches 4-H members, leaders and county Extension agents how to conduct 4-H electrical projects and method demonstrations, and how to conduct recreation.

Citizenship training is also an important part of the camp, she adds.

The first place winner was Mark Northcutt, age 14. He received the total of 45 points. This was fifteen points for each of the three judges. His fireplug is on east Fourth and American Blvd., on the south side of the highway. The white hydrant has the American Flag and inscribed are the words, "One Nation Under God."

The second place winner is nine year old Rebecca Barber. She had a total of 44 points. Her theme was "From Slavery to Freedom." The fire hydrant is located on the northeast corner of the courthouse.

Third place and receiving 43 points was 14 year old Toni Beversdorf. Her fireplug is at the corner of Williams, Favor and Sudduth. It has the "Praying Hands" with words "In God We Trust."

Mrs. Sandy Noble announced the winners Monday night at the new city park. The first place winner received \$25.00; second place, \$15.00 and third place \$10.00.

CHEERLEADER CAMP . . . The Muleshoe High School cheerleaders attended a cheerleading camp at Eastern New Mexico University, July 5-9, at Portales, N.M. Back row, left to right are Jo Ronda Rhodes, Lauri Burgess and Becky Turner. Bottom row are Melissa Biggerstaff, Sandy Dunbar and Shelley Splawn.

Volunteers Needed For Family Night

The monthly community Family Night for West Camp residents was held Saturday night, July 10, with the host couples being Mr. and Mrs. George Wheeler and Mr. and Mrs. Robert Hunt. Homemade ice cream and cake was served after a short business meeting, conducted by the Community Chairman, George Wheeler.

A committee was formed to look into the cost of new floor covering for the large family room of the community center.

and discussion was held on the air conditioning system, and on community use of the building. Mrs. Ernest Ramm and Mrs. George Wheeler are to check the floor covering cost, and Barry Wilson is to check the air conditioning. Good summer visiting and outdoor horseshoes was taken in by the following community residents:

Mr. and Mrs. David Byrd, Mr. and Mrs. George Wheeler, Mr. and Mrs. Joe Simmacher, Mr. and Mrs. Barry Wilson, Mr. and Mrs. Ernest Ramm, Mr. and Mrs. Robert Hunt, Glenn Harris, and Mrs. Allene Bell. The next community family night will be held August 14. Host couples will be announced

later. Volunteers are needed for each month.

A West Camp Community Coffee Break will be held at the Community Center on July 27 from 9:30 - 10:30. The cash award of \$75.00 for the Community Improvement Program, in which West Camp won second place, will be presented from the Extension Service, Rural Electric Co-op's., and County Commissioners Court. All residents should plan to drink coffee on that morning, at the community center.

Beginning on July 27, a community coffee break will be held on the fourth Tuesday of each month.

Exotic Foods Good For Variety

COLLEGE STATION -- Nappa, bok choy, sunchokes and tomatoes -- not something exotic, but everyday foods available at most produce markets, Mrs. Gwendolyn Clyatt says.

"An ever-increasing variety of interesting foods is available these days, and they may spark the adventurous family's appetite," she added.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Nappa -- or Chinese cabbage -- can be used in salads and slaws, in stir-fry dishes and as a delicious vegetable by itself.

"Bok choy resembles both chard and celery and is generally used in chow mein and chop suey. Leaves should be prepared as spinach would.

"Sunchokes -- or Jerusalem artichokes -- aren't artichokes at all, but the tubers of a species of sunflower. Prepare and serve them as you would buttered beans.

"Tomatillos are commonly known as ground tomatoes or ground cherries. They resemble a small green tomato, but they taste like a slightly green plum in their raw state. Cooked, they may be added to Mexican dishes or served as a relish side dish," she said.

Blend 1/2 cup sour cream with 1/4 cup all-purpose barbecue sauce and stir into two packages prepared frozen lima beans, chopped spinach or cut green beans. Zesty vegetables indoors or outdoors.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Land Commissioner Bob Armstrong has issued detailed recommendations for better management of the state's coastal area resources through existing agencies and programs.

Outgrowth of a three-year study, the preliminary proposals will be submitted to public hearings beginning next month.

Hearings during August will be held in Brownsville, Corpus Christi, Victoria, Bay City, Houston, Galveston and Beaumont. Later hearings are scheduled in Dallas, San Antonio and Austin.

Main recommendations include: — Establishment of a process for assessing future economic, environmental and social effects of developments planned for coastal locations.

— Setting up an organized information system in the governor's office to help improve agency coordination on decisions for use of coastal resources.

— Restructuring the Interagency Council on Natural Resources and the Environment to review and coordinate coastal policies and activities.

— Focusing management processes on coastal waters

and shorelands closely associated with the waters. Only a fraction of each coastal county would be included in the management area.

Armstrong said recommendations provide a framework for coastal growth and development.

Briscoe Cool
The idea of a special session to curb utilities bills left Gov. Dolph Briscoe cool, in spite of support from House Speaker Bill Clayton and other lawmakers.

Briscoe said ideas of House committees (including sales tax reductions and tax rebates) are "nothing basically new." He added he is not convinced they would substantially decrease bills or that they could be passed quickly by the legislature.

Meanwhile, Rep. Lane Denton of Waco came up with 14 recommendations which he claimed could reduce gas and electric bills 25 per cent if enacted. Denton proposed a ceiling on the wellhead price of natural gas, further restrictions on utility companies and tax adjustments or elimination.

He also recommended election of Railroad Commission members from six geographic districts.

Party Fight Due
Angelina County Attor-

ney John Henry Tatum of Lufkin set the stage for a state Democratic leadership tug-of-war with announcement as a candidate for Texas party chairman.

Tatum was the first to come out against Calvin Guest of Bryan, backed by Gov. Briscoe for a third term as state Democratic Executive Committee head.

Other liberals are considering the race which will be decided at the State Democratic convention September 18 in Fort Worth.

Texas Democrat leaders this week are attending the party's national presidential nominating convention in New York City.

Courts Speak
Texas Supreme Court will review a \$1.8 million judgment against General Motors in a suit blaming a fatal truck accident on a faulty carburetor. GM claims the verdict would discourage new products development and bring price increases.

The high court found error in a trial court dismissal of a Comal County couple's suit to prevent the State Highway Commission from taking 6.3 acres of land without adequate compensation.

Upholding lower courts, the State Supreme Court declared alimony judgments rendered in other states can be enforced in Texas.

The Supreme Court will review Houston court findings that part of the code of criminal procedure is unconstitutional.

A new trial was ordered by the Supreme Court in a \$200,000 Wichita Falls water district land condemnation case.

Court of Criminal Appeals reversed the 35-year prison sentence of a man who shot at a policeman in Snyder, because the jury was not charged on the issue of whether the defendant acted in self-defense.

An Austin district judge dismissed a University of Texas effort to throw out a suit to invalidate a decision by regents to dismantle the UT system school of nursing.

AG Opinions
The Public Utility Commission is not required to issue certificates of convenience and necessity to gas utilities, since the Railroad Commission or cities have jurisdiction over those companies, Atty. Gen. John Hill held.

In another recent opinion, Hill concluded the abstract of a personal judgment rendered against a defendant by a court in a tax suit should be issued as by civil statute even though the judgement additionally

forecloses a tax lien on property.

File of an attorney with the Board of Law Examiners is not available to the public. Hill stated in a third opinion.

Reconnection Allowed
Texas intrastate utilities which are members of the Texas Interconnected System can reconnect with interstate members without coming under Federal Power Commission Jurisdiction.

FPC allowed emergency reconnection of TIS without imposing its regulations on the system's intrastate members.

TIS provides electric utility member cooperatives emergency and peak-use energy capabilities. It was disconnected in early May when one member extended its system across the Texas-Oklahoma border, engaging in interstate business.

Public Utility members said the FPC decision to permit reconnection will be an increased factor of reliability to Texas electricity.

Short Snorts
Gov. Briscoe expressed opposition to a National Governors' Conference task force recommendation for a national minimum welfare level with regional variations funded by the federal government.

Speeding and alcohol were blamed for most of 48 Texas traffic fatalities over July 4 weekend.

Texas school districts will share a \$7.2 million federal grant earmarked for innovative programs.

State Rep. John Newton of Beville reported spending \$478,178 on his Democratic race for Railroad Commissioner — outspending opponent Jerry Sadler about 50 to 1.

Enochs News

SEMINAR ON PROCESSING PLANT WASTES
A seminar on the management of wastes from slaughterhouses and processing plants will be held at the Ramada Inn in Waco July 29. Beginning at 8:30 a.m., the seminar will deal with such concerns as water and air quality problems and requirements, reducing waste loads, energy use, wastewater treatment for small plants as well as treatment for larger plants by sand filtration and land application, and land disposal of blood and paunch manure. An agricultural engineer in animal waste management for the Texas Agricultural Extension Service invites all slaughterhouse and meat and poultry processing plant managers as well as consulting engineers to attend.

Cotton, Corn Acres Increase... Sorghum, Barley, Soybeans Down... Hog Inventory Up... Meat Production Rises.

Texas cotton and corn acres for 1976 are up substantially from levels of a year ago, while sorghum, barley, and soybeans show significant declines, the Texas Crop and Livestock Reporting Service notes.

Much of the reduction in acreage was caused by drought conditions last fall. In the dryland areas of the High Plains, a substantial number of acres of cotton and sorghum did not get planted because of short moisture conditions.

Upland cotton acreage for the state is up 13 per cent from a year ago, but probably more would have been planted had the weather conditions been better.

Corn, a crop which is now getting more attention from Texas farmers than in recent years, increased in acreage by 29 per cent from a year ago. A large part of the state total is grown on the High Plains and is under irrigation. As a result, Texas has had an average per acre yield exceeding 100 bushels.

Sorghum acres are down this year for two reasons: cotton and unfavorable planting weather. Acreage seeded by the state's farmers to sorghum this year is down 10 per cent from a year ago.

Soybean acreage is down almost a fourth from a year ago; rice acreage is down 5 per cent; oat acres are down 5 per cent; peanut acreage is about the same as a year ago. Wheat acreage is about the same as last year, but yields are 40 per cent under the records set in 1975.

HOG PRODUCERS in the state are following the actions of others throughout the nation and are increasing hog and pig numbers. As of June 1, there were 880,000 hogs and pigs in Texas, up 10 per cent from a year ago.

From now through August, hog producers intend to farrow 50,000 sows; they intend to farrow 42,000 from August through November. If these intentions are realized, this would be a 19 per cent increase in farrowings.

Nationwide, producer intentions from now through November would indicate a pig crop of 42.1 million, up 18 per cent from a year ago.

RED MEAT PRODUCTION during May in Texas is up 14 per cent from a month ago. For the first five months of this year, red meat production was 1,441,000 pounds compared to 1,169,000 pounds a year ago.

The number of cattle slaughtered during May is 65,000 head above a year ago; the calf kill for May is 500 above a month ago.

Hog slaughter at 75,000 was down 17,500 from a year ago.

BACK WHEN THEY PROVED THE EARTH WUZ ROUND IT WUZ IN LOTS BETTER SHAPE TO JUDGE!

Cotton Crop For Texas Looks Good

Cotton farmers in Texas could produce a billion dollar crop this year if market conditions continue strong and good harvest weather prevails.
"A billion dollar cotton crop is very likely," points out Charles Baker, economist for the Texas Agricultural Extension Service. "This would make the crop second only to that produced in 1973 which tipped the scales at \$1.2 billion."
The entire cotton situation has blossomed this year due to a strong domestic as well as foreign demand, explains the Texas A&M University specialist.
"Cotton prices are reaching new heights," notes Baker, "and it's difficult to say just where they will stop. Cotton already reached the pinnacle of 88 cents per pounds for October futures on July 1. This trans-

lates roughly to 83 cents per pound on the Houston spot market and 78 cents to South Texas farmers for grade 41, staple 34."
This year's Texas cotton acreage is up some from last year but down sharply from the 1973 crop. Baker cites U.S. Department of Agriculture figures in noting that planted acres in Texas on June 30 totaled 4.9 million. Texas cotton farmers planted 4.3 million acres last year while in 1973 the cotton acreage totaled 5.4 million.
In addition to the rising price for lint cotton, farmers are also hoping to receive a better price for cottonseed this year. Baker feels that cottonseed prices for 1976 will be around the \$120 per ton level after a rather dismal market last year.
"All in all, the market picture looks good for cotton farmers,"

notes Baker. "However, they must stay attuned to changing conditions to reap the highest profits from both lint and seed as the season progresses."

MEAT CONSUMPTION UP
Consumption of red meats in the U.S. is maintaining a relatively high level and may increase even more if the slaughter level keeps up at the present rate. The average American consumed 181 pounds of red meat last year but this was 39 pounds less than the per capita meat consumption in Australia. However, a livestock marketing specialist for the Texas Agricultural Extension Service contends that livestock production restrictions need not be based on consumption levels. Americans will consume all the red meat produced in the U.S. The question is, at what price will they consume it?

Bula News
By
Mrs. J. Blackman

Mr. and Mrs. John Latham attended the Rodeo in Spur Saturday night. Their two grandsons, Chris and Cliff DeSautell participated in the rodeo. Both boys did bullriding. Chris won a belt buckle in bareback horse riding.

After the rodeo, they drove to Seymour for the night and on Sunday attended the Latham family reunion, held in the city park, at Seymour. Ninety relatives were in attendance. John Latham has five sisters and all were present but one, Mrs. Clara Fort, of Justin, Calif. Sisters attending were Mrs. Rosie Doty and Mrs. Martha Vincent, of Seymour; Mrs. Bertie Clawson, of Littlefield; Mrs. Beulah Wardlaw, of Hobbs, N.M., and a niece, Grace Latham, of Wichita Falls.

Mr. and Mrs. David Williams and children, Pam and JEFF* OF Slaton spent Friday night with his parents, The C.A. Williams. Saturday for lunch they had with them another son, Mr. and Mrs. Darnell Williams, and son, Dewayne and Donnie Young, of Enochs.

The Farmers Union District II meeting was held Monday evening in the Furr's Cafeteria in Lubbock. Those attending were Mr. and Mrs. Cecil Jones, Nolan Harlan and Mr. and Mrs. John Hubbard.

Paul Young has been a patient in the Lubbock Methodist Hospital since Monday.

Mr. and Mrs. Garlon Cannon of Amarillo visited Sunday in the home of Mr. and Mrs. Clarence Cannon.

Matthias Jonas and his friend, Erwin Ewald, from Rintelin, Germany, who have been guests of Mr. and Mrs. Bill Sowder and son, Jerry, for the past three weeks enplaned from the Lubbock air terminal Wednesday

for their home.

Mr. and Mrs. Bobbie Cooper of Lovington spent the weekend with the D.J. Cox family. Saturday, they all went to Brownwood skiing and fishing.

Mr. and Mrs. John Blackman visited Sunday evening in Littlefield with friends Mr. and Mrs. J.P. Morris.

Mr. and Mrs. L.L. Clawson had with them several of their children and grandchildren. They were Mr. and Mrs. Allen

Jones and children, Greg and Mellisa, from Kansas; Mr. and Mrs. Bernie Brown and children, Robyn Russell, Eric and Allyson, from Levelland; Mr. and Mrs. Bryan Noble and son, Steven, of Muleshoe; Mr. and Mrs. Larry Clawson of Bula, Edward and Michael of the home, and Mrs. Clawson's mother, Mrs. I.J. Rice, of Littlefield was with them.

Mr. and Mrs. J.D. Rowland, Mr. and Mrs. Gene Bryant, Mr. and Mrs. J.C. Withrow and Mr. and Mrs. Nolan Harlan and son,

John David, attended the graduation exercises Sunday evening, at 6:00 p.m. at the Sunset Church of Christ, Lubbock. It was for the senior students of the School of Preaching. The minister for the Bula Church, Ed Scott was among the graduates and also the Harlan's son-in-law, Rhodney Marshall from Whitharrel.

Following the graduation exercises, Mr. and Mrs. Harland, John David, Mr. and Mrs. Keith Marshall and daughter, Yovanna from Big Lake, and son Tim, student at L.C.C., and Mr. and Mrs. Rhodney Marshall all met at the home of Mrs. Agnes Weaver, in Levelland for a get-together.

Mrs. Perry Spell of Chattanooga, Tenn. left Thursday for her home after a two weeks visit here with her mother, Mrs. A.M. McBee and brother, Darwin McBee.

Mr. and Mrs. John Gunter of Muleshoe; Mr. and Mrs. W.R. Adams, Mrs. Perry Fort and Miss Bonnie Long, were all Sunday dinner guests with Mr. and Mrs. Bobby Adams of Morton. In the afternoon the Gunters and W.R. Adams visited with another friend, Mr. and Mrs. A.P. Fred. Fred hasn't

been feeling too well here lately.

The P.R. Pierces had all their daughters and part of their grandchildren to be with them Sunday. They were Jean Jackson, Mellie Baker and daughter, Donna, and Miss Alma Lou Pierce, all of Lubbock. Others were Mr. and Mrs. Jim Carpenter and boys, Joey, Jeff and Jeremy, of Muleshoe. Miss Alma Lou, who works at Dillard's in Lubbock, will be spending a few days with her parents.

A large group of friends and neighbors of the Bula-Enochs community gathered at the community center Saturday night. They enjoyed a feast of barbecue, salads and sweets, followed by a group singing of folk songs, led by James Sinclair, with Mrs. Sinclair at the piano. A game of "42" was played by some, while others just visited. Later home made ice cream was served. Mrs. Sinclair accompanied by J.D. Rowland on the guitar played and sang several songs.

Saturday night, July 31, will be the next date for a community get together.

Mr. and Mrs. M.J. McDaniels (former superintendent of Bula Schools) were among friends that came for the golden wedding reception for the J.W. Laytons, Sunday at Enochs. They also visited with friends in the community.

Miss Ida Davila, daughter of Mr. and Mrs. Bernie Davila, has just returned from a months visit with her grandparents, Mr. and Mrs. Quinton Tamez, of Matis. She also visited in the home of her aunt, Mr. and Mrs. Joe Ruiz and uncle, Mr. and Mrs. Abel Tamez of Corpus Christi. Some of the interesting places she got to visit was Port Aransas, Port at Corpus and Padre Island.

Poor health is an alibi more often than a fact.
