## Area Youth Activity Discussion Held

### \*\*\* New Postal Rates In Effect Sunday

The annual Sinnacher reunion was held Sunday, July 18, at the parish hall in Pep, N.M. from 10:30 a.m. to 5:00 p.m. Every one brought a dish and the noon meal was served buffet style. There were about 65 in attendance.

Those attending from Muleshoe were Mr. and Mrs. Joe Sinnacher, Mr. and Mrs. Raymond Gonzales and children and Linda Jo Sinnacher; and Mr. and Mrs. Frank Sinnacher, of Pep.

Mrs. Floyd Haynes and daughter, Inez Haynes (Lt. Col. ret.) a former U.S. Army nurse, of El Reno, Okla., visited local friends Monday.

They visited in the E.E. Holland and Mrs. George Nelson homes before traveling to Crane to visit other relatives.

The Haynes said the Muleshoe Art Loft is becoming well known in Oklahoma as they toured the new facility on West American Blvd.

Princess Parkman won special honors at the Flight Into Fashion show at Lubbock for showing the best outfit constructed of fabric of cotton. She will compete in the state 4-H dress revue in San Antonio. Junior 4-H member Keava Ro-

Cont. on Page 3, Col. 8

### Senior BR Competing In Playoff

Muleshoe's Senior Babe Ruth has completed their year of play and won six games and lost 8. "It was a good season," said team manager Don Leak, "as most players were first year young men. They have two young men as All-Stars and they are playing in San Antonio this week in the state playoffs."

Muleshoe All-Stars in San Antonio are Kyle Kimbrough and Billy Vinson.

"We would like to express our sincere appreciation to all the businessmen and individuals who contributed to a fund in order for our young men to compete in the state playoffs," concluded Leak.

## Area Banks Show '76 Loan Increase

Local bank loans have increased \$6,187,036.47 to denote a sound economy according to figures released in the last bank call issued on June 30.

"Our economy is good," said Jimmie Crawford of Muleshoe State Bank, "and the crop outlook is good except for dryland crops where no moisture has been received. We're real optimistic about the future."

Although there was a decrease in deposits between the June 30, 1975 and June 30, 1976 bank call, loans were increased.

Deposits at the same time last year were \$16,732,830.99 as compared to \$11,051,000.00 this year. Loans during the same period of time were \$9,606,325.26 in 1975 and \$10,409,000.00 in 1976.

First National Bank had an increase during the past year of both deposits and loans with \$13,962,243.80 in deposits on June 30 last year and \$14,352,000.00 this year. Loans were increased by nearly two million, as loans totaled \$5,923,472.16 last year and \$7,821,000.00 this year.

Tri-County Savings and Loan shows an increase in both deposits and loans in the year period of time with 1975 deposits up from \$10,822,263.75 to the 1976 figure of \$14,141,402.01. Loans increased by three and a half million from \$10,191,142.27 in 1975 to \$13,677,976.16 in 1976.

First National Bank of Sudan shows deposits of \$5,027,660.

On Sunday, July 18, new postal rates on a permanent basis, which included 13 cents for first class mail, became effective, according to an announcement by the Postal Service.

This action followed approval by Postal Service's Board of Governors of the permanent rates recommended by the Postal Rate Commission on June 30.

While current first-class postage of 13 cents and the nine-cent postal card are not changed, there are a number of departures from the existing temporary rates and fees.

There are decreases for regular bulk third-class publications and most special service fees.

In third class the permanent

### Fieldhouse

### Theft Fund

### Reaches \$200

With the addition of a \$100 reward as offered by local businessmen through the Muleshoe Chamber of Commerce, the reward for last Friday night's Muleshoe High School burglary has reached \$200.

Sometime last Friday night, a thief or thieves broke into the fieldhouse at Muleshoe High School and took a new Catalina tape deck; three Wilson footballs; one and one-half dozen pair of tube socks; one kickoff tee; three football jerseys; five coaches' shirts; two pair of coaches shorts; two pair of football shoes; 12 gray t-shirts and one case of cokes.

The Muleshoe Independent School District immediately posted a \$100 reward for information leading to the arrest and conviction of the burglar or burglars, followed almost simultaneously by the additional \$100 offered by the Chamber of Commerce through the "Secret Witness" program.

Names will be held in confidence assured. CoFC Executive Director Tommy Black and anyone possessing information about the burglary is asked to contact Buddy Black or J.R. Carpenter at the Muleshoe Law Enforcement Center, or the Chamber of Commerce office.

bulk regular rates will be 7.5 cents per piece for the first 250,000 pieces and mailed in a calendar year and 7.7 cents per piece for more than 250,000. These minimum per piece charged contrast with the current temporary rates of 7.7 and 7.9 cents, respectively.

The pound rate for bulk third class regular advertising, and books and catalogs will be 36 cents and 30 cents, respectively, instead of the 41 cents and 32 cents under the temporary schedule.

For second-class matter, the average increase in the permanent step five rates will be two percent more than the current temporary rates.

During the month of July there will be two rate changes for those classes of mail entitled to a phasing of rates, such as second-class publications, books and records and the nonprofit classes. On July 6 the temporary postal rates were adjusted upward from step four to step five. On July 18 the permanent rates became effective.

For a typical weekly news magazine, postage will be 5.1 cents, on the average, after July 18. Under the former step five of the temporary rates the cost was 5.0 cents.

Postage for a single-piece, third-class letter will be 14 cents for the first two ounces instead of the old 13-cent rate.

The fees for nearly all of the Postal Service's special domestic services will also be increased. The charge for a Special Delivery letter goes to \$1.25 from 80 cents, the minimum

Cont. on Page 3, Col. 8

### Aerial Spraying

### For Mosquitos

### Slated Thursday

City Manager Dave Marr said aerial spraying for mosquitos will be done early Thursday morning in Muleshoe if the weather permits.

Persons who are susceptible to chemicals are asked to please make arrangements for the times the plane will be low flying over the city releasing the chemical for mosquito control.

## Area Banks Show '76 Loan Increase

First State Bank in Bovina said they are much more optimistic with the crops this year. Deposits in the First State Bank at Bovina are \$6,435,485.38 on

June 30 this year, as compared to \$5,134,739.90 at the same time last year. During the same period of time loans have also increased from \$3,859,031.53 in 1975 to \$4,101,701.10 this year.

In the banks checked, overall deposits were up by nearly five million and loans had increased by nearly 11 million. Locally, in the three Muleshoe Banks, deposits are down by nearly two million and loans have increased by a little more than six million.

Deposits in the Earth Bank were \$6,061,790.41 in 1975 and increased to \$7,576,266.32 by June 30, 1976. At the same time, loans increased from \$4,552,457.93 in 1975 to the 1976 figure of \$6,219,813.18.

According to Harold Branham of the Friona State Bank, "It looks like we have a real good, sound economy right now," as he released a comparison of 1975 and 1976 banking figures.

Deposits in 1975 on June 30 were \$20,842,645.42, compared to \$23,146,939.67 in 1976. At the same time, the 1975 loans at the Friona State Bank were \$11,821,056.03 in 1975 and \$14,823,432.62 in 1976.

"Things are looking up," said Cashier Darrell Bennett of the First State Bank in Morton, "We just got our first rains. There are no dryland crops, but the irrigated crops look real good."

Deposits in the Morton Bank in 1976 are \$13,251,000.00, compared to \$11,968,068.93 at the same time last year, while loans were down slightly from \$6,764,847.41 in 1975 to \$6,411,000.00 in 1976.

Steve Sherrill, cashier at the

NEW ROTARIANS INDUCTED... Harmon Elliott, left is shown as he issues a charge to two new Rotarians at the Tuesday noon meeting of the civic club. Shown accepting their responsibilities as Rotarians are City Manager Dave Marr, center and Muleshoe School Athletic Director Don Cumpton, right.

## City Council Endorses 'Impartial' Treatment

A motion "To support all law enforcement personnel in the impartial enforcement of existing laws as to the consumption and/or possession of alcoholic beverages and littering" was the first official reaction of the Muleshoe City Council following a lengthy meeting Monday night.

City Council members unanimously approved the motion during a meeting at the Council Chambers Tuesday morning. The motion was made in response to a question raised during the Monday night meeting as to a possible "double-standard" for enforcement practices by the local police. Councilmen said they wanted to make it very clear to the public that the Muleshoe City Council believed in and firmly backed an enforcement policy which was impartial regardless of the individual or individuals it may involve.

They also were unanimous in asking for youth input, wanting the local youths to express their opinion on youth problems and possible solutions. "The city council wants to hear what they have to say," said Council member Bob Finney, who asked that the youths call or see one of the local council members.

Members include, Mayor Kenneth Henry, telephone number 272-4581; Bob Finney, 272-4561; Max King, 272-4541; A.V. Wood, 272-4596 and Clarence Christian, 272-3998; or call the Muleshoe City Manager, Dave Marr at 272-4528.

Also during the Tuesday morning meeting, the Public Housing Authority Board was approved. They are Harmon Elliott, chairman; and members, Tim Campbell, Myron Pool, Jim Cox and Jesse Leal.

Four of the five member Airport Advisory Board were also approved. Approved for three year terms were Delbert Barry and Edwin Cox; and two year members are Sam Dameron and Don Harmon. A fifth member will be approved during another meeting.

Barry said repairs to the runway at the airport have been completed, although the repairs are not expected to last indefinitely. He added that the airport board is exploring funding through

state and federal sources to make needed repairs and additional runways at the airport.

Appearing before the council asking partial assistance in obtaining a new ambulance was Frank Ellis of Singleton-Ellis Funeral Home, who explained that the present ambulance constantly is in need of repair

and "the time has come that we will have to have a new car." Ellis further added that the ambulance problem is an immediate problem as the present ambulance has answered 122 calls through June and will not continue to operate much longer without failing at perhaps a critical time.

Approved by the council was retaining Joe Smith of First Southwest as bond attorney for the city; a motion to paint a mule on the elevated water tank was turned down because of expense involved and is to be referred to civic organizations as a possible project; Scott Aeres, located south of the cemetery west of Muleshoe was approved and a request for a telephone rate hike by General Telephone was turned down again.

Other items discussed included

Cont. on Page 3, Col. 8

### Kentuckians

### Farm Tour

### Set Today

Some 80 farmers and bankers from Kentucky are expected to arrive in the Muleshoe area early this afternoon (Thursday) for a tour of county farms and agri-businesses.

They are making their annual tour of West Texas and they will start the 1976 tour in Bailey County at Protein Processors then travel to Carl Bamert's Seed Farm.

Following will be a drive-through on FM1760 through the West Camp Community into Farwell and Clovis.

Coordinating the tour is Jerry Wenmohs of the ASCS office and welcoming the group will be Harmon Elliott.

### Little League

### All-Stars Lose

### In Tournament

The Muleshoe Little League All-Stars were defeated by the Plainview Nationals Tuesday night and were eliminated from the District Tournament which is being played at Olton.

Final score was Plainview 6, and Muleshoe, 1, with the winning pitcher for Plainview Alton Jackson, who struck out 13 batters and also hit a home run. Pitching for Muleshoe were Shorty Sanchez and Ronnie Angeley.

Other members of the Muleshoe Little League All-Star team included Ruben Fabela, Ruben Reyna, Rene Sandoval, Sammy Gonzales Jr., Martin Mendoza, Terry Steinbock, Eugene Porras, Monty Hysinger, Kevin Howard, Lynn Moore, Rudy Orozco, and Michael Isaac. Manager was Terry Gunter and coach Sammy Gonzales Sr.

Little League President Eugene Howard said the Muleshoe Little League has completed their 1976 season with a deficit of over \$700 and donations are being accepted to help defray the heavy deficit and to pay current bills.

"Anyone who will help is asked to send their donation to Muleshoe Little League, Box 662 or to Eugene Howard, president, Box 486," said President Howard. "Donations received to date include Robert L. Sanders, Mrs. Matilda Slemmons, Janie Moraw, Radio Station KMUL, Fry & Cox, Inc., Mohawk Auto Parts and The Fair Store."

## Overflow Crowd Fails To Approve A Curfew

An overflow crowd which spilled out of the Muleshoe Council Chamber into the corridor and into an adjacent office Monday night had met to discuss a youth problem with drinking and littering in Muleshoe. General consensus of the entire group was that the problem is a parent problem.

With the City Council of Muleshoe playing host for the meeting, which was moderated by Mayor Kenneth Henry, various other governmental organizations were present, along with numerous parents, concerned individuals, ministers and a good representation of local youth.

Throughout the meeting, although many persons spoke, it was conducted on a low-key basis with varied reactions to the problems as posed.

Following opening remarks by the mayor, first speaker was David Smith, an 18-year-old recent graduate of Muleshoe High School. He emphasized the need for youth activities in Muleshoe and suggested that the officials and youths work together instead of against each other and said, "I am very concerned about the youth, yet I do not feel we should be burdened with a curfew."

"Why do minors and youth adults drink in Muleshoe? Young people want to escape pressures," he said, "and they have not had adequate training in the four areas that teach them; the home, school, church and community."

Smith added, "The responsibility of minors and their parents is evident, the churches may have failed somewhat in their teachings and perhaps there is not enough enforcement of laws. These are just possibilities."

"Why drink on the parking lots in Muleshoe?" he continued, "Why not? Where else is there to drink? The parental playgrounds provide them with a place to go but there is no place for young adults to go so they throw beer cans on the parking lots and make these problems we are talking about now."

He warned, "Trouble starts where there is lifeless activity and the lifeless activity here spurs the problem we have. Youth of Muleshoe are not as ignorant of the facts as they seem. Give them responsibility, with respect, make them earn it. You have to earn respect before we can receive it, so let's work together and solve the problem now and we won't have to face it in the future. We want to work with you to help make this community better. We need young response, older response and harmony in the community."

From the first youth response to the next speaker, Corky Green, Bailey County Attorney, gave juvenile laws and how they may be applied. Green said the laws change constantly, but gave the enforcement laws as they exist at this time.

There is a state law that controls drinking in public (for all ages) which prohibits drinking in Texas from 12:15 a.m. to 7 a.m. on weekdays and 1:15 a.m. to 1 p.m. on Sundays.

Age 18 youths have full majority rights, with the exception of public intoxication and littering laws; ages 17-18 youths are considered as adults for criminal purposes and minor in possession and/or consumption can be filed on as an adult. The law becomes slightly different for youths under the age of 17. He said there is no criminal law governing youths under the age of 10 years; from 10-14, no action can be taken on a first offense, however, with a third offense, the youth can be brought under juvenile laws.

Young people between the ages of 15 and 17 can be taken to J.P. court for possessing or consuming alcoholic beverages, however, their parents must be in the courtroom with them before they can enter a plea. If youths that age are judged a juvenile delinquent after three offenses, they can be imprisoned or confined in jail.

David Evetts, pastor of the Trinity Baptist Church, spoke strongly in favor of more control of the drinking problem among

local youth and formally petitioned the Muleshoe City Council to work to bring control to enforcement of laws concerning drugs and alcohol. And he added, "I believe with all my heart that what David (Smith) said tonight is true. Our youths are restless, but I also believe our youth are accountable for our laws."

Bailey County Judge Glen Williams explained that although counties could only enforce laws as passed by the state, counties are not allowed to pass or make any laws.

Chief of Police Buddy Black commented, "The police department knows what kind of problem we have. We realize the situation does exist and there is drinking and littering on the parking lots."

"Where the littering problem is concerned, we're just like anyone else, we have to see them throw them out before we can do anything. For the last two weeks, we have checked the cars, to find out where they are and how often they are on the lots."

"Basically, our young people in Muleshoe are very good. They mostly have good driving habits and a good attitude. We have spent a lot of time talking to our youth. Many have asked what they can do."

"What can they do? They can go to the show twice a week. Some go to church on Sunday, but during the week there is no church activity and right now there is no school with activity."

He also said, "We are going to work any way we can to enforce the laws we have. We can drive them to the boonocks, the county roads and to Clovis, and we're going to take a bunch to the courthouse. Our laws are not just for the juveniles, we have adults who violate our laws every day, every week. These adults are setting examples for our youth."

"Yes, we're concerned," he concluded, "whatever the people feel needs to be done will be done."

YOUTH SPEAKS... Unofficially acting as spokesman for youth during a Monday night meeting was 18-year old David Smith.

### TFB Sponsors

### Area Fireman For Training

Bailey County Farm Bureau and the Texas Farm Bureau Insurance companies will jointly sponsor Joe Bryan Jennings of Muleshoe to the 47th annual Texas Aifeman's Training School July 25-30.

Jennings, who is a volunteer fireman with the Lazbuddie Volunteer Fire Department, will study such subjects as firefighting, fire prevention, officer training, pump maintenance, specialized fire protection and disaster rescue operations at the school to be conducted on the Texas A&M University campus.

"The Farm Bureau Insurance Companies believe volunteer fire departments have been very effective in reducing the amount of loss involved by fire in rural areas," said Carroll Chaloupka, TFB president. "It is our hope in sponsoring this program that Jennings will help the Lazbuddie Volunteer Fire Department to better serve the residents of Bailey and Parmer Counties."

NEW SIGN... Workmen are placing a new sign at the large complex housing the Art Loft on West American Boulevard. The unusual sign was added to complement the art, painting and antique center.

**Enochs News**

By Mrs. J.D. Bayless

Mr. and Mrs. Alton McCallister of Anton, Mrs. Verna Eubanks of Odessa and Mrs. Ray Seagler drove to Spring Valley, San Diego, Calif., where they went to visit their sister, Rev. and Mrs. Gayler Bartlett. It was Mrs. Seagler's first trip to Calif. They returned home Thursday afternoon after a 10 day trip.

The rain in the southwest part from Enochs received as much as one and two tenths of rain. It was really needed.

Supper guests in the D.J. Cox home last Thursday were her parents, Mr. and Mrs. J.H. Chesshir of Levelland, and a sister, Mr. and Mrs. Bobby Cooper and daughter, Jan from Lovington, N.M. His mother,

Mrs. Harvey Whittenburg of Oklahoma Lane visited with them in the afternoon.

Friday the Cox's and daughter, Yvette and the Coopers went to Brownwood and spent until Monday fishing. Then the Coopers went to Arizona and Yvette accompanied them for a two week visit.

J.C. Snitker, C.C. Snitker and Rev. Charlie Shaw left early Thursday morning taking Snitker's trailer house to Lake Hubbard to do some fishing. They returned home Saturday.

Mrs. Blanche Cash of Muleshoe spent Thursday night with her daughter, Mr. and Mrs. Dean Waltrip.

Mr. and Mrs. E.C. Gilliam have been staying in Morton the past week to be with her mother, Mrs. Sarah Scillian. She was in the Morton hospital.

Melonie Roberts spent Sunday through Wednesday in the Littlefield Hospital.

Mrs. H.H. Snow of Muleshoe and Mrs. Edward Crume visited in the home of their sister, Mr. and Mrs. J.W. Layton, Tuesday.

Mrs. Harold Layton, Mrs. Johnny Cox and Mrs. Jerry Nichols spent Thursday in Lubbock. They visited with Mrs. Mark Derrington at Himp Hills Wells.

Visiting in the Dean Waltrip home is Beverly Kincher of Amarillo.

**PRICE HIKE**  
PITTSBURGH--U.S. Steel Corp., the nation's largest producer, has announced a 6 per cent price increase on its major products that ranges from tools to iceboxes to automobiles.

Jimmy Carter, Democratic presidential candidate: "I believe I have demonstrated among all voters I can make a strong appeal."

**Texas Taxes**

By BOB BULLOCK  
State Comptroller

Austin--The Comptroller's Office is still seizing businesses that refuse to pay their state taxes.

A little more than a year ago, we started taking this drastic action to collect back

taxes from those businesses which have collected Sales Tax from Texas consumers but not sent it to the State. Some people think we've stopped, but we haven't.

When we started the seizure program, we got a lot of publicity. We wanted it to let those businesses which weren't paying the taxes they owed know that we would crack down on them if they kept cheating on their taxes.

The seizures were very successful. Between May, 1975, and December, 1975, the Comptroller's Office seized 205 businesses which owed a total of more than \$2 million in taxes.

The seizures convinced most other businesses which hadn't paid their taxes to settle up. We prefer it that way. We don't want to close down any business unless we

have to--unless there is no other alternative in order to collect back taxes.

As a result of our new, more effective collection methods there are fewer businesses in Texas today which won't pay back taxes. But it is still sometimes necessary for us to close down and seize businesses which have violated state tax laws.

Although some people seem to think we have stopped the seizures, we haven't. The seizures just haven't been getting as much attention in the news media as they did a year ago.

In fact, since the beginning of the year, we have had to close down 82 businesses whose owners apparently didn't quite understand that not sending in to the state the taxes they collect from their

customers means trouble--big trouble. The businesses seized this year owed almost \$800,000 in back Sales Taxes.

Thus far, direct collections of back taxes which have resulted from the seizure of 287 businesses have amounted to approximately \$1.2 million. That doesn't even count the businesses which paid up as we started to change the locks on their doors or the establishments which have become current in their tax payments because they became convinced the Comptroller's Office meant business.

People who don't pay their taxes hurt the vast majority of people who do. The Comptroller's Office wants to insure that every taxpayer pays his or her fair share of the burden, but that

no one pays more taxes than the law requires.

IF YOU HAVE ANY STATE TAX PROBLEM OR QUESTION, CONTACT YOUR LOCAL COMPTROLLER'S FIELD OFFICE OR CALL OUR TOLL-FREE TAX INFORMATION NUMBER, 1-800-292-9687 (AFTER AUGUST 1, 1976, THE NUMBER WILL BE 1-800-252-5555), WITHOUT CHARGE FROM ANYWHERE IN TEXAS.

**ASTRONAUT RETIRES**  
SPACE CENTER, HOUSTON--Astronaut Ronald E. Evans, command module pilot on the Apollo 17 moon landing, has retired as a captain in the Navy, the National Aeronautics and Space Administration said.

# Football Injuries Cause Of Regulation Changes

New NCAA rules may make schoolboy football safer this year. However, some coaches in their enthusiasm may accidentally overlook regulations that could decrease serious or fatal neck injuries, according to one prominent team physician. A UIL official has said the rules are hard to enforce.

Training begins August 11 for Class 4A and August 3 for other classes. Class 4A contact drills begin August 16; others start August 13.

Improperly using the head can result in cervical vertebrae (upper neck) injuries such as hyperflexion (vertebrae compression with possible spinal cord damage), hyperextension (slipped, dislocated vertebrae with possible spinal cord damage) or cervical plexus damage (injury of the nerves going from the neck to the upper part of the body), according to the Texas Medical Association. These conditions can result in paralysis or death. Other injuries such as pinched nerves can be very painful.

Ball carriers rammed with the top of the head can suffer bruised heart muscles, broken ribs and possible collapsed lung from the rib fracture, hip tendon injuries and liver, spleen, bladder or kidney damage, depending on where he was hit.

New NCAA rules permit using the hands and arms more in blocking. Hopefully players will use their heads less in the line and they will be less prone to use their heads in open field play where most serious injuries occur, said Bailey Marshall,

Ph.D., who is UIL athletics director. He said secondary backs in high-speed open field play most often get serious neck injuries, sometimes as a result of catching a knee in the head.

Ed Eter, M.C., TCU team physician and past president of the Texas Society of Athletic Team Physicians, says many serious neck injuries do occur in open field play but that most illegal use of the head occurs in the line. He said that the new rules on hand and arm use may cut down on head and neck injuries if coaches will follow them. Some coaches in their urge to win have been known to change a position slightly so legally it isn't spear tackling but it is still dangerous. They don't mean to endanger players. They sometimes just get overly enthusiastic, Dr. Eter said in an interview.

Even the widespread, legal "forehead hits the numbers" tactic is dangerous. "It's just less dangerous than hitting with the crown of the head," Dr. Eter said.

NCAA rules say a player cannot deliberately use his head to butt or ram an opponent. More specifically, it is illegal to strike a runner if the player uses the crown of the head. Spear tackling, which also is illegal, is defined as deliberately using the helmet in an attempt to punish an opponent. These acts carry a 15 yard unsportsmanlike conduct penalty. A player also could be expelled from a game, depending on the official's judgment.

The American Football Coach-

es' Association ethics code prohibits teaching use of the helmet as a weapon or as the primary point of contact. A coach found guilty of the practice by the association could be put on probation or expelled from the association.

However, it seems these rules are difficult to enforce in a game, said Dr. Marshall. An official must determine that a player intentionally used his head illegally.

Players tend to use their heads often and unintentionally. "If a player leads with his head, he's more likely to get part of a runner. If he leads with his head to the side, he may miss entirely if the runner dodges," Dr. Marshall said in an interview.

Dr. Eter says youngsters feel fairly secure about hitting with their heads since helmets are so sturdy. "What players don't realize is that the neck is virtually unprotected and can be severely injured when they use their heads unwisely," Dr. Eter said.

Properly fitted helmets and better educated coaches, trainers and athletes could cut down on these injuries. About the only way to design a safer helmet would be to make one where the athlete has to turn his whole upper body to look to the side. Manufacturers are studying other alternatives, Dr. Eter said.

Dr. Marshall said tackling below the waist may become illegal in certain situations in the future although no changes are foreseen soon. He said this regulation might cut down on head, neck, knee and ankle injuries.

## Tech Names Dr Cecil Mackey New President

Dr. Cecil Mackey was named today the ninth president of Texas Tech University and the Texas Tech University School of Medicine.

Clint Formby of Hereford, chairman of the Texas Tech Board of Regents, said that the 47 year old Dr. Mackey would assume his presidency on September 1.

He has been president of the University of South Florida in Tampa since 1971.

Dr. Mackey received the Bachelor of Arts degree in 1949 and the Master of Arts degree in 1953 from the University of Alabama. In 1955 he completed the doctorate of philosophy at the University of Illinois. Three years later he was awarded the Bachelor of Laws degree from the University of Alabama and then did a year of graduate study at the Harvard Law School in 1958-'59.

The newly designated Texas Tech president has previously been vice president for administration and professor of law and later executive vice president of Florida State University (1969-'71).

A frequent speaker, writer and consultant in the fields of economics, law and transportation, Dr. Mackey has taught at the Universities of Alabama, Maryland and Illinois. While on active duty with the U.S. Air Force in 1956-'57, he was one of four officers making up the original economics department at the Air Force Academy. His primary task was the planning and organization of the economics curriculum for the newly founded institution.

His government service has also been distinguished. Chairman Formby pointed out. Dr. Mackey served as Assistant Secretary for Policy Development and Director of the Office of Transportation Policy of the U.S. Department of Commerce in 1965-'69. He was also Director of the Office of Policy Development of the Federal Aviation Agency from 1963-'65. In 1962-'63 he served as Assistant Counsel to the Subcommittee on Antitrust and Monopoly of the U.S. Senate.

In 1967 Dr. Mackey was presented the prestigious Arthur S. Flemming Award as one of the ten outstanding young men in the Federal Service.

Dr. Mackey has been active in community and civic service as a member of the National Boating Safety Advisory Council, of the Greater Tampa Chamber of Commerce Board of Governors and several committees, of the board of directors of United Fund of Tampa and of the Gulf Ridge Council of the Boy Scouts of America. During this past year he served as chairman of the Governor's Advisory Committee on Transportation in Florida.

"We are honored to appoint Dr. Mackey to the presidency of this university," Formby said in making the announcement.

Texas Tech University was established in 1923 and its School of Medicine in 1969.

## Youth...

Cont. from Page 1

done, we'll do the best we can." He also emphasized that not all the kids who are on the parking lots are drinking and said that a lot of the kids who are there are just there to talk, with the majority of the drinking being among the 17-21 year old group.

Frank Ellis asked if there was quite a bunch of out-of-town kids coming in and the chief told him that a number of area communities are represented on the parking lots in town and council member Max King asked about bootlegging. The chief informed him that although they do make bootlegger arrests, the bootlegger pays a fine and goes right back into business.

Rev. H.D. Hunter, pastor of the First Assembly of God Church, spoke about an incident which happened on Friday, July 9. According to the story told by Hunter during the meeting, he received a telephone call shortly after 11:30 p.m. on that Friday night. The caller told him he should go downtown and see what is happening on Main Street.

Rev. Hunter said he dressed, and accompanied by his wife, drove down to the 100 block on Main Street. He said he could get no farther than the middle of the block or less because youths had the street completely blocked with vehicles.

He said, "As I got out of the pickup, I heard youths saying, 'Here's Brother Hunter', and I heard beer bottles crashing and saw beer cans being thrown. I also saw three very young minor girls who I personally knew, sitting in the middle of Main Street with beer bottles in their hand. I knew them and they knew me. I saw two boys from my church. I talked to them for a few moments and asked what do you mean by blocking Main Street?"

"I then asked the girls if they were drinking and they said yes. I saw college boys who I know personally and from knowing most of the young people involved, my estimate that more than one-third of the group was between the ages of 15 and 17.

"Some of the girls giggled and made comments that they thought it was real funny the preacher was talking to them. But, I was amazed that one boy walked up and took my hand and thanked me enough for caring and coming to see about them."

He continued, "By this time, I was concerned because I had not seen a police officer. After all, I had time to get a phone call, get dressed and drive to town from the Richland Hills Addition and spend 15-20 minutes talking to kids. So I got in my vehicle and drove to the police station. There I found one officer and asked him what he was doing there. I apologized when he informed me he was not on duty yet."

"I then asked the lady inside to call the officers and tell them I was there to talk to them. She asked where they were and they said St. Clair's parking lot. I knew that wasn't true because I had just come by there and they were not there."

"When they arrived some 15-20 minutes later, there were two patrolmen in one car. I asked why. They said they were in one car because the other one was a wreck, wouldn't run and the radio wouldn't work. One of the patrolmen also told me "There are some big people's kids involved, and if we arrest them we have problems."

He also advocated that a curfew was not feasible and said it seems that the problem goes beyond the kids and straight to the parents, and said, "This has to reach beyond the kids, we

GROUP LEAVING MEETING... Small groups of people went over some of the facts brought out during a lengthy meeting at the Muleshoe City Hall Monday night. In the foreground, Neal Dillman, superintendent of the Muleshoe Schools, leans over a table to check with Gil Lamb, while other people talk in the background.

reach the parents." This problem needs to be taken to the parents, added the minister, and said, "Tell them, this is your child and this is your problem."

Kenneth Precure asked how many of the kids who are drinking have parents who drink. David Smith replied, "I really don't have that much information about the parents, but if that kid has been taught right at home, in the school and in the church he will not be under the present double standard there is in Muleshoe. Not all kids can drink with their parents at home as they drink, so they drink on the streets."

A spokesman from the First Baptist Church was Kenneth Carter who said the drinking ordinance at Littlefield was a workable policy and presented letters to the council from James Cox, Littlefield Police Chief, who said they had made 277 arrests in an eight month period, less vandalism, less auto accidents and less domestic problems since the ordinance has gone into effect which curtails drinking on Littlefield Streets and parking areas and includes not only youth but adults.

It was reiterated over and over, that any ordinance designed to curtail drinking in Muleshoe should concern enforcement not only for the youth of Muleshoe but also the adult population.

Discussed was the lack of activity at the Youth Center, with Mr. and Mrs. John Clark and Bob Copeland all speaking in favor of the youth centers, but speaking strongly against parents who do not participate or assist in the activities.

Paul Harbin, another youth who spoke, said, "I feel sorry for the police here, they are between a rock and a hard place. They talk to us and try to help."

Youth present also were of the opinion that eventually, the youths will begin to police themselves.

Speaking against legislation was Gil Lamb, who spoke of his years as an alcoholic and said that regardless of all the legislation, any one who wanted a drink could find a drink. He also spoke against the liquor advertisements and said that it had been forced upon the youth that in order to feel manly, to be popular, drinking was the thing to do.

Another speaker in favor of the Littlefield drinking ordinance was Tom Lobaugh, who also referred to the problem here as an adult problem and commented, "It is our community, our town, and our kids, we need to have control of them. With my experience with the ordinance, I endorse it, but it should be for everybody."

"Right now, we need to take a good look at our own family situation and the example we are setting for our kids." Former Lubbock County Juvenile Officer Ronnie Holt gave

some of his experiences there before returning to a farm in Bailey County. He cited a main problem as "We are failing our young people when we pass a law and don't enforce it. I want my kids to respect the law."

Urging, "Let us live our lives ourselves, times have changed in our town," was Timmy Black, another young adult from the Muleshoe area.

L.F. McCormick interjected, "I don't think the sheriff or officers here have the obligation to raise our children. My father could close the generation gap faster than anyone I ever knew."

From Ray Precure, "If a young man is considered an adult at 18 years old, then he should conduct himself accordingly. My dad made me understand real quick that I wasn't old enough to make up my own mind." He also suggested jobs for young people and said that when young people worked 8-10 hours a day, they wouldn't want to sit on parking lots until late at night.

"I have never seen a generation of youngsters who have had so much thrown upon them," said Neal Dillman, superintendent of the Muleshoe Schools who said that a curfew could only be enforced by parents. "If there is a double standard," he added, "And if we have laws and don't enforce them, we are falling down on the job. A bunch of kids get together, and if there is nothing to do, something is going to happen. I know, when I was young, I got into some of those happenings myself."

"This is a community problem," he continued, "you can't legislate morals, but we can keep the problem from growing, from going to older kids to the younger kids. We need to make the community aware. I am very much afraid if we don't do something, a tragedy is going to happen in Muleshoe."

Jim Shafer, member of the school board spoke of his concern for young people and personally expressed his appreciation for the large number of concerned persons who attended the meeting. He commented, "I hope the meeting tonight will help show our officials we are supporting them in enforcing the laws we have. If our laws are not adequate, we need to make adequate laws. If our parents get involved and become as concerned about their own kids, and try to keep a respect for law at home we can contain the problem."

Councilman King reminded, "We can't make a law tonight that says, parents you have to do a better job with your kids at home."

Alfonso Posado spoke of his experiences with youth and told how he hopefully had curbed any drinking problem with his own youngsters and others as he said, "I'm real proud to live in this town. I work with the youngsters. Most of the time, I think I'm the only Mexican who

helps take care of the Mexican people. I am not educated, but it's my responsibility to take care of problems when I can."

"I used to drink some until one night my kids saw me drinking and laughed at me. I thought, I have to stop now, and I did. He also told of the youngsters who he took to see for themselves that people not drinking have more fun making fun of the drunk than the person who is doing the drinking."

"I work with the kids, talk to them, tell them the good and bad and I explain to them they are the ones who will be the leaders when we get old," he concluded.

Several other persons spoke during the three and one-half hour meeting, as everyone who wished to speak was given the opportunity by the mayor. The meeting was concluded with a statement that the city officials and others would take all the information, sift through it, and try to come up with a workable, acceptable solution.

## Postal...

Cont. from Page 1 money order fee will be 50 cents instead of 30 cents, and the address correction charge will be increased to 25 cents from the present 13-cent level. Certain international special service fees will also increase substantially.

MISS LADONNA CALDWELL

## Miss LaDonna Caldwell Fete At Bridal Shower

Miss LaDonna Caldwell of Muleshoe, bride elect of Terry Scott of Lazbuddie, was feted with a bridal shower in the home of Mrs. J.B. Wright. LaDonna is the daughter of Mr. and Mrs. Gene Caldwell and Scott is the son of Mr. and Mrs. Glen Scott.

The table was covered with a white cloth and an arrangement of white gladiolas and pink carnations, in a crystal bowl. Mrs. John Jones and Mrs. Nicky Nickels served pink and white petitfours and pink lemonade punch, from crystal and silver appointments, to the guests.

Special guests were Laverne Caldwell, mother of the bride, Mrs. Mabel Caldwell, grandmother, both of Muleshoe; Mrs. Glen Scott, mother of the groom and Karen Scott, sister, both of Lazbuddie; and Mrs. Juanita Stafford sister of the groom of Fritch.

Hostess gift was a card table and chairs. Hostesses for the occasion were Mrs. B.E. Loyd, Mrs. Morgan Locker, Mrs. Kenneth Nesbitt, Mrs. Bill Bell.

Mrs. Nicky Nickels, Mrs. J.B. Wright, Mrs. J.M. Wagnon, Mrs. W.B. Wagnon Jr., Mrs. Jess Pendegrass, Mrs. Lorene Wilson, Mrs. Evelyn Latham, Mrs. Calvin Mason, Mrs. John Jones, Mrs. Joe Embry and Mrs. Mack Hodges.

## Tops Had Twin Queens Thursday

TOPS met Thursday, July 15, at their regular scheduled meeting. There were 21 members to weigh in and one renewal, Dale Snell.

There were twin queens this week. They were Mrs. George Chambliss and Mrs. J.O. Parker. First runner-up was Mrs. Jeff Peeler and second runner-up was Mrs. J.J. McDonald.

Mrs. Dee Clements received the cancan. \*\*\*\*\*

For a breakfast treat, sprinkle a little flaked coconut on cream or on waffle batter before baking.

## West Plains Medical Center Briefs

### ADMISSIONS

July 16 - Mrs. Cruz Villalobus, Claude Brown, Lud Taylor, Mrs. John Moore, Ed Harp, Terry Phipps and Janet Ellis.

July 17 - Mrs. Jerrell Otwell and Mrs. Woody Goforth.

July 19 - Mrs. Gerald Carnes and Mary Spurlin.

July 20 - Mrs. Raymond Treider and Mary K. Corley.

DISMISSALS  
July 16 - Arthur Hayes, Horace Burris and Henry Smith.

July 17 - Mrs. Cruz Villalobus and Mrs. Raymond Mears.

July 18 - Benny Floyd, Byron Griffiths, Janet Ellis and Ed Harp.

July 19 - Mrs. Woody Goforth.

July 20 - Terry Phipps, Mrs. Pacheco and daughter and Mrs. Autrey and son.

TRANSFERRED TO NURSING HOME  
July 16 - Effie Mullinex.

## RECIPE

By Sarah Anne Sheridan  
Peanut Butter Squares

- 1/2 c corn syrup
- 1/2 c sugar
- 1 t vanilla
- 2 T butter
- 1 c plus 2 T peanut butter (crunchy)
- 2 c corn flakes
- 1 c Rice Krispies

Combine syrup, sugar and vanilla in top of double boiler. Heat (do not boil). Mix well, add peanut butter, butter, corn flakes and Rice Krispies. Pack mixture in 8 inch square pan. Frost with icing and cut in 2 inch squares. Store in refrigerator.

### Icing

- 4 T butter
  - 6 T cream
  - 3/4 c brown sugar
  - 1 1/2 c confectioners sugar
- Melt butter, add cream and brown sugar. Boil vigorously for 1 minute. Add the confectioners sugar.

MRS. TERRY HILLIN AND REESE

## Bicentennial Baby Honored At Shower

A champagne shower was given July 15, at 10:00 a.m., honoring Mrs. Terry Hillin and Reese Hylton Hillin. The shower was held in the home of Mrs. Jim Crawford.

A red, white and blue theme was used honoring Reese, a July 4 baby. An arrangement of white and blue daisies and red carnations were centered on the table with champagne punch, fruit balls, finger sandwiches, mints and nuts.

Special guests were his great grandmother, Olive, of Las Cruces, N.M.; his grandmother, Mrs. Carl Bamert, of Muleshoe and Misty Hillin, sister of Reese.

Hostesses for the shower were Mrs. John Blackwell, Mrs. Mac Garrett, Mrs. Johnny St. Clair, Mrs. Terry Parham, Mrs. John Birdwell, Mrs. Jim Crawford and Mrs. Richard Kimbrough.

**Fish Story**  
Yeah, the fish was too small to bother with, so I got a couple of guys to help me throw it back in the lake.

-Bluejacket, Memphis.  
enough to withstand adequate pressure needed.  
--handles on lid and kettle that enable safe handling.  
--rack to hold jar off bottom of canner to allow for steam circulation.

**Different Branch**  
"My father's in the coal business."  
"Oh, what branch?"  
"He collects the ashes."

## Community Coffee Break Planned

All residents of the West Camp Community were urged to attend a community coffee break, Tuesday, July 27, from 9:30 to 10:30, at the community center. This is the first of monthly coffee breaks that will be held on the fourth Tuesday of each month.

It is hoped that all farmers, housewives, hired help and anyone else who takes a break

will come by the community center, Tuesday morning and drink coffee.

The check for \$75.00, won by the community for their record book in the Rural Community Improvement Program will be presented by the commissioner.

One of the best cures for optimism is a political race.

Wash Cloths Reg. 59¢ **2 for \$1.**

Many bright colorful 100% cotton terry 20" x 40" bath towels and matching 12" x 12" wash cloths.

## LOUISA'S LETTER

Dear Louisa,

I am a widow, fifty years old—have been for five years. Recently I met this man about ten years younger than I and we seemed to hit it off just fine. We seem to like the same things, base ball games, good movies or television. I am a good cook and have my own home but just enough money to get by with.

He has a good business and he has asked me to marry him. My daughter objects and says I am silly to marry a man younger than I. She can't say he is marrying me for money as I haven't any to speak of.

Do you think I should pay any attention to her or should I accept this man? Widow—III.

Answer:

If you two people are companionable and he has the money to run your house comfortably, while you cook delicious meals, I doubt if ten years difference in age will be a great handicap for a successful marriage. Some people have been old all their lives and others remain young until they die. It is a matter of attitude, health and optimism. I personally know two women who married younger husbands and neither of them are divorced. In fact, they seem very happy.

Louisa

Address: Louisa, Box 532 Orangeburg, S.C. 29115.

## Pressure Canner Safety Important

**COLLEGE STATION** -- Home-canning season is at hand, and consumers should be sure their pressure canner produces a product safe to eat. Frances Reasonover, a foods and nutrition specialist, reminds, "She pointed out that a temperature of 240 degrees F. is necessary to destroy bacteria spores present in low-acid foods, which include vegetables other than tomatoes and rhubarb and most fish and poultry.

"When selecting a pressure canner, look for features that assure adequate pressure can be safely reached and maintained," she said. Look for these features: --an accurate dial or weighted gauge that gives 10 pounds pressure at sea level and up to 15 pounds in areas of Texas with 2,000 feet and above sea level, --rubber gasket or lugs that

enable the canner to be airtight to help maintain pressure. --a vent tube or petcock for exhausting air from the canner prior to sealing. Air is a poor conductor of heat. --petcock or other safety device for allowing steam to escape automatically if pressure goes above the level for which the canner was developed. --metal used that is strong

# Northern Ireland Couple Attends Family Reunion

## Aaron Shaun Autry

Mr. and Mrs. Gilbert Autry of Texico are the proud parents of a new baby boy born July 19, 1976, at 12:25 a.m., in the West Plains Medical Center of Muleshoe. The baby weighed seven pounds, 12 ounces and was named Aaron Shaun. He is the couple's third child.

## Amy Louise Pacheco

Mr. and Mrs. Luis Pacheco of Muleshoe are the proud parents of a new baby girl born July 18, 1976, at 7:05 p.m., in the West Plains Medical Center in Muleshoe. The baby weighed seven pounds, three ounces and was named Amy Louise. She is the couple's second child.

The McKinstry reunion, which consisted of more than 107 descendants and relatives by marriage, gathered outside of Cloudercroft, at a campground, to become reacquainted and to catch up on many years of news. Host and hostess of the event were Mr. and Mrs. Loyd Edgar Harskey, long time residents of Alamogordo. They have been working on this project for six months. Those attending were from Oregon, Washington, California, Arizona, New Mexico, Texas, Kansas and Northern Ireland.

Mr. and Mrs. William Boyd of Ireland has been preceded to this country when their son and his wife, Mr. and Mrs. Harrison Boyd, decided to visit their relatives in the United States. While in California, they heard about relatives who lived in Kansas, and Hagerman, N.M. On quick notice, about 40 relatives traveled to Hagerman to meet the Boyds. Those attending were Mrs. Sam McKinstry,

her families. Mr. and Mrs. Harold Allison, Mr. and Mrs. Oscar Allison and Dr. and Mrs. Osborn of Lovington, N.M.

The Harrison Boyd relatives were told of their coming to the McKinstry reunion in the mountains. They returned to their home in Ireland and insisted that Harrison's mother and dad attend the event.

The Boyds were in the U.S. three weeks, visiting. Mrs. McKinstry and her families took pleasure in having them in their homes, in Muleshoe, for three days. William and Ada liked their rides on the Muletrain with Gil Lamb. Also, when Mrs. McKinstry had a few friends to come in and have afternoon tea with them (an Irish custom). Mrs. McKinstry recalled that no one ever visited in the James McKinstry home in Hagerman, N.M., without being served cake or cookies with a cup of tea before leaving.

William Boyd's father, and mother McKinstry (as she was affectionately called) were brother and sister. The Boyd's live very close to where the James McKinstry resided in Ireland; when Sam McKinstry was nine years old, they came to America by boat. Then the family settled in Illinois for awhile, where they farmed. Later in 1903, they moved to Hagerman, N.M., where they farmed and raised cattle.

The Boyds also farm and raise cattle in Ireland. McKinstry is a farmer and in the livestock auction business with his two sons. While visiting in Lovington, with the Osbons, they went to The Lee Co. Auction sales there. Boyd says his family comes from a long line of farmers. He is semi-retired. Boyd said he had no hobbies. "We were to busy working."

When asked about a typical Irish meal, Mrs. Boyd says, she would prepare a good thick country vegetable soup, a beef roast, baked in the oven, thick

Number Two "Let me see," said the minister who was filling out the marriage certificate and was uncertain as to the date, "this is the fifth, isn't it?" "No sir," returned the bride indignantly, "this is only my second."

brown gravy, mashed potatoes, carrots and cabbage. They do not make elaborate salads like the U.S. cooks. For dessert, they prefer ice-cream or fruit. The Boyds expressed their appreciation to all the people they met since their arrival in the U.S. Their shared opinion of New Mexico, Texas and the rest of the U.S. is that "the people are so friendly."

## From The Journal Files

### 20 Years Ago

Mr. and Mrs. John Smith and children returned to Muleshoe to live after having resided at Midland for some months. He is back on the job at Damron Drug and the couple is building a new home here.

Mr. and Mrs. Joe Damron are on a tour of California and the west. They were to visit relatives in California and do a lot of sightseeing.

Mr. and Mrs. Bob Wilson of Lockney visited here, Sunday with their daughter, Mrs. George Gross and family. Their son, Buddy, who spent the week with Johnny Gross, returned home with them.

Mrs. M. Alexander of Memphis is a guest this week in the home of her daughter, Mrs. John Thomson.

### 30 Years Ago

Mr. and Mrs. Buck Wood and Mr. and Mrs. Vance Wagon were visitors in Morton, Monday evening.

Before leaving Muleshoe, Mrs. Boyd was heard to say, "I will be so glad to get back and show the pictures of our wonderful McKinstry relatives; places of interest we visited; along with the 'mule memorial at Muleshoe' to our friends and church group."

Mrs. McKinstry recalled that they got out of the car so they could get a real good close up picture of what is said about "The Lowly Mule".

Mr. and Mrs. C.M. Osborne and two children, Weldon Panter of Muleshoe and Mrs. Orval Gray and two children of Canyon visited with friends and relatives last week.

Mr. and Mrs. T.W. Berry were in Lubbock Tuesday on business.

### 40 Years Ago

Lud Taylor and family left last Sunday on a ten day vacation and visiting trip to San Angelo and other Central Texas points.

Mr. and Mrs. Dave Stovall shopped in Clovis, N.M., Saturday.

Mr. and Mrs. O.M. Jennings spent the past weekend in Hereford visiting with relatives.

Mr. and Mrs. C.E. Briscoe had company from Oklahoma last week.

Tuck a package of your favorite flavor stuffing mix in your supplies when you take off for camping, sailing, fishing or a weekend at the shore. Cook it over a kerosene stove, hot plate, barbecue grill or even a campfire.

If spaghetti and meatballs is your favorite fare, don't forget a big bowl of tossed greens. For the dressing, try Italian salad dressing mix and substitute red wine, white wine or vermouth for the water. Wonderful for salads and as a marinade for meats.

Only an intelligent man will recognize his own limitations.

Courtesy is too cheap for some people to be interested in it.

Most people devote too much of their time to non-essentials.

Life would be more enjoyable if more people tried to enjoy it.

**NORTHERN IRELAND VISITORS** . . . Mr. and Mrs. William Boyd from Northern Ireland were recent visitors in the homes of Mrs. Sam McKinstry and her daughters, Sammy Allison and Jean Allison. Boyd's father and Sam McKinstry's mother were brother and sister. The Boyd's were here to attend the McKinstry family reunion.

## Redwine Summer Reunion Held

The summer reunion for the family of Mrs. Minnie Redwine was held on Sunday, July 18, at the West Camp Community Center. A simple meal was served. There were 65 persons and one guest attending. The devotional was given by Dr. Jerry Redwine, taken from 2 Corinthians, 15 Chapter. The family played tables games and outdoor activities.

Those attending from Muleshoe were Mr. and Mrs. A.E. Redwine; Mr. and Mrs. Bobby Redwine and Jarah; Mr. and Mrs. Jerry Don Glover, Sharon, Susan and Brian; Mr. and Mrs. Homer Redwine; Mr. and Mrs. D.L. Redwine and Lisa; Dr. and Mrs. Jerry Redwine and Jason; Mr. and Mrs. Harrol Redwine, Susan and Russell; Mr. and Mrs. Elmer Downing and Twila; Mr. and Mrs. Robert Hunt, Sheila, Curtis and Tori; and Mrs. Marcia Henry, Kristi and Kacy.

Those attending from out-of-town were Mr. and Mrs. J.C. Redwine, of Hub; Mr. and Mrs. Redwine; Mr. and Mrs. Clyde Redwine, Denver and Randy; and Janette and Carolyn Red-

wine; all of Hub; Mr. and Mrs. O.R. Ashmore, Mr. and Mrs. Billy Boatman and Shelley, and C.B. Redwine, all of Lubbock.

Others present were Mrs. Selma Redwine, Hereford; Mrs. Bobby Morris, Amarillo; Mr.

### WHO KNOWS?

**STATE CAPITAL**  
*Highlights*  
**AND Sidelights**  
by Lyndell Williams  
LEARN PRESS ASSOCIATION

AUSTIN — Hard news at the Texas statehouse last week was about as difficult to find as a 10-cent cup of coffee. The reason, of course, was that almost every Democratic state official was in New York attending the Democratic National Convention.

The convention, packaged by National Chairman Robert Strauss, a Texan, offered few surprises and little suspense as former Georgia Gov. Jimmy Carter won the nomination by acclamation.

Gov. Dolph Briscoe, the state delegation chairman, and a majority of the 130-member Texas delegation expressed support for Carter's choice of a running mate, Sen. Walter Mondale of Minnesota. Gov. Briscoe, prior to leaving for the convention, said his choice for the vice presidential nomination was Sen. John Glenn of Ohio.

The Texas delegation cast 124 votes for Carter, four for California Gov. Edmund G. Brown Jr., one for Alabama Gov. George Wallace and one for Leon Jaworski, Houston attorney and Watergate prosecutor.

**Car Insurance Hike**  
Blaming spiraling inflation, insurance industry representatives have asked the State Insurance Board to grant a 27.9 per cent increase for the typical automobile insurance policy.

Staff recommendations will be made public Aug. 4, according to board chairman Joe Christie. Any rate increase, if granted, would take effect Oct. 1.

Statewide, industry spokesman asked for the following average increases:

- 30.3 per cent on combined bodily injury and property damage liability.
- 15.5 per cent for full comprehensive coverage for a private automobile.
- 36.2 per cent for \$100 deductible collision coverage.

The only reduction proposed was 4.2 per cent for uninsured motorist protection.

**Bullock Picks Robinson**  
Comptroller Bob Bullock has appointed former alcoholic beverage commissioner Luke E. Robinson as assistant director of the Sales Tax Division.

Robinson, 54, quit as ABC administrator three weeks ago under fire from his governing board. A state employee since 1950, Robinson previously worked for the State Employees Retirement System.

A 1949 graduate of the University of Texas law school, he is a former president of the Texas Employees Association.

Bullock said Robinson had done an outstanding job in the ABC post and other positions, adding that "if I had an appointed board over me I'd have been fired a long time ago."

**TDC Budget Hiked**  
Department of Corrections Director James Estelle says the TDC will be presenting a \$200 million budget request to its board, including funds to construct a 225-bed prison in West Texas.

Estelle termed the current \$54 million budget "terrible," and said something will have to be done soon to relieve overcrowding in the entire prison system, which had a 12 per cent increase in population last year.

**Bank Sues Yarbrough**  
East End State Bank of Houston has filed a suit against Supreme Court nominee Don Yarbrough alleging Yarbrough failed to repay a \$10,000 bank loan.

The bank claimed in the suit that Yarbrough signed a promissory note for \$10,000 in September 1975. The petition states Yarbrough has "failed and refused to pay" the debt.

It was the 16th suit filed against the Houston attorney.

Meanwhile, organizers of the "Texas Independent Party" are trying to field a candidate against Yarbrough. Elections chief Robert Lemons says the effort is a waste of time.

**UT Budget Unveiled**  
University of Texas regents have approved a budget of more than \$634 million for operating the UT system and its far-flung component institutions during 1976-77 fiscal year.

The budget, representing an overall increase of 6.6 per cent over the previous fiscal year, was kept secret until regents approved it in executive session.

An Austin daily newspaper requested, but failed to receive, a copy of the proposed budget prior to the regents meeting under the Texas Open Meetings Act. Attorney General John Hill has been asked for an opinion as to whether the regents were within their rights to withhold the budget.

The total budget for the system was set at \$634,756,153 and includes funds for educational and general expenses, sponsored research and other projects.

Regents voted 9-0 to reassign nursing faculty and staff to the six component institutions which previously were affiliated with nursing schools. The vote was designed to assure that their March 26 dissolution of the UT System School of Nursing will not be overturned.

The Texas Nurses Association has filed against regents, contending they overstepped their authority and failed to meet requirements of the open meetings law.

**Short Snorts**  
Lt. Gov. Bill Hobby has set Aug. 14 as the date for a special election to fill the vacated seat of State Rep. Kay Bailey of Houston. Rep. Bailey resigned to become vice-chairman of the Federal National Transportation Board.

The trial of two former State Senate print shop employees was delayed because of the absence of a witness for the state. Alex Martinez and Penni Stoner, charged with theft of paper from the print shop, will go on trial Aug.

**STRANDED WHALE DIES**  
NORTH MYRTLE BEACH, S. C. — An 800-pound whale washed ashore near the Cherry Grove section here recently and died several hours later despite efforts by North Myrtle Beach's amphibious "duck" to put it back to sea.

**TOURNAMENT WINNERS** . . . Winners of the 13-year old Babe Ruth All-Star tournament were these members of the Muleshoe team. They are from left, back row, Andy Rogers, Russell Windham, Curby Brantley, William Orozco and Raymond Cabrera;

middle row, from left, Mike Bland, coach, Greg Williams, Lupe Rosales, George Acosta, David Lust, Stephen Moore and sitting, from left, Bobby Perez, Greg Harrison, Brad Poyner, Todd Gregory and Ramon Guillen.

**Everyone Should Be Aware Of Bargains**

**COLLEGE STATION** — Despite claims and advertisements, waterless cooking isn't anything new or fantastic, one authority said this week.

"It simply involves cooking food by steam rather than water -- so great quantities of liquid aren't necessary," Mrs. Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Salesmen for "waterless cookware" have several sales pitches, the specialist cautioned.

Some include "reducing the amount of food needed" and "increasing flavor and nutritive value of food prepared."

"However, wise consumers know that cookware will not improve family health or decrease food bills."

Sometimes sales pitches offer additional temptations -- "discounts" or "free bonuses" such as glassware or silverware.

"However, prices are usually set very high to allow the salesman to offer such so-called bonuses.

"Prospective brides, single women on their first jobs and young people in school often make prime targets for zealous salesmen," Mrs. Chenoweth continued.

Actually, waterless cooking can be done in any heavy metal pan which has a tight-fitting lid,

she noted. "The tight lid allows only a small amount of steam to escape.

"Utilizing low heat is extremely important in keeping vapor losses to a minimum."

In general, waterless cookware is made of a heavier gauge metal than normally used in top-of-the-range pans.

However, it's usually sold in sets -- so use caution when considering a purchase, the specialist advised.

"Pots included in a large set may not come in sizes needed -- and buying a set that includes items you won't use is hardly a bargain," Mrs. Chenoweth emphasized.

"When purchasing cookware -- whether it's waterless or regular

-- a pan should possess several characteristics," the specialist contended.

A good pan is: --made of thick, durable, non-warping material

--constructed of a material that heats quickly and evenly

--designed with wide, flat bottom; wide, smooth rounded corners and straight sides

--complete with a tight-fitting lid, and

--made of materials and construction features which permit easy cleaning.

A "bare-bones" budget of \$196,900 has been earmarked to finance the 1976-77 research, market development, legislative activity and other services provided High Plains cotton producers by Plains Cotton Growers, Inc., Lubbock.

The July 1 to June 30 fiscal year budget, \$24,500 and 11 percent below the figure for the previous year, was adopted July 15 in Lubbock at the 25-county producer organization's quarterly board meeting.

PCG Finance Committee Co-Chairmen Lloyd Cline of Lamesa and Gary Ivey of Ralls presented the budget for the board's consideration, expressing regret that low revenue from the short 1974 and 1975 crops mandated substantial cuts in long-standing and productive PCG programs.

PCG's support primarily comes from producer contributions at the gin of 15 cents per bale, putting revenue in direct proportion to each year's volume of production. Unfavorable weather in the organization's 25 counties in 1974 and 1975 reduced the harvest 1.2 and 1.4 million bales respectively. The long term average for the area is almost 2 million bales per year.

"The Finance Committee worked long and hard to bring the board a budget as nearly as possible in line with expected revenue," said Ivey, "keeping in mind the need for minimum disruption of the activities which must be carried out to achieve our objectives."

Biggest cuts in the 1976-77 budget came in four areas—agricultural research, fiber analysis and reports, advertising, and publications.

Agricultural research expenditures, in the form of grants-in-aid to established research institutions in the area, were reduced from \$16,800 to \$9,700. Grants were limited, Ivey

told the board, "to those projects the research committee believes will yield the greatest producer benefits and would not otherwise be funded."

The comprehensive testing and computer analysis of fiber characteristics by PCG is to be suspended with the 1976 crop at a savings of about \$9,000. "We hope," said PCG Executive Vice President Donald Johnson, "to maintain our contacts and relations with U.S. and foreign textile mills by gathering from other sources and disseminating as much of this quality information as possible."

Advertising on area radio stations will be reduced under the new budget, ads in one U.S. textile trade publication will be eliminated, and the PCG Cotton Review will be published quarterly instead of every other month. Expenditures in these areas thus will be reduced by over \$5,600, Cline pointed out, adding that "these cuts were indeed painful, but unavoidable under the circumstances."

PCG President W.B. Criswell encouraged board members to "work harder in the country" to increase the level of dues participation, "to the end that the membership can be assured of benefits from a full range of PCG activities in the future as in the past."

The PCG budget for 1975-76 was \$221,400, as opposed to actual expenditures of only \$206,000. Criswell lauded the PCG staff for economizing to this extent in the past year, and expressed confidence that expenditures in the current year would be kept below budgeted figures wherever possible.

**CANCER ANSWER LINE**

American Cancer Society  
M. D. Anderson Hospital  
and Tumor Institute

**Skin Cancer Treatments Offering Positive Results**

"Like any cancer, the best time to treat skin cancer is the first time," says Dr. Don A. Gard, a surgeon at M. D. Anderson Hospital in Houston.

While superficial skin cancer remains the most common form of cancer in the country today, a number of treatment methods are available which make this form of cancer the most curable.

Common methods of treatment used alone or in combination include surgical removal, radiation therapy, chemical burning and "electric spark" techniques, cryosurgery (localized freezing) and use of drugs in the form of ointments, lotions or solutions.

"I don't think a new method of treating skin cancer is a particular need to us now," says Dr. Gard. "What is most important now is earlier diagnosis and better case followup once a cancer has been treated and the patient returns home," he notes.

Followup is important, he explains, because recurrent skin tumors tend to be a more serious problem and many times are more aggressive, often tending to spread widely.

He suggests that once a skin tumor has been treated, it is extremely important that the patient receive a routine, periodic skin check by his doctor. Any fair-complexioned person who has received extended exposure from the sun would also be wise, he adds, by having periodic skin checks and being observant

to changes in the skin such as scaly skin thickenings or pale, waxy, pearly nodules which may ulcerate and crust.

While superficial skin cancers are basically easy to cure when treated promptly, another less common form of skin cancer known as melanoma or "black mole" cancer is much more aggressive. Melanoma often spreads from the pigmented cells to other parts of the body through the blood or lymph nodes.

Although considered a skin cancer, melanoma can begin in any pigmented cells including the eye. Fortunately, it is considered a rare cancer, affecting only about 0.2 percent of the population.

The success record in treatment of melanoma is much lower than superficial skin cancers, with a cure rate of about 63 percent compared to the 95 percent for the more common skin cancers. The experts note that melanoma requires a very special treatment and must not be treated by "electric spark" or chemical burning techniques.

While changing moles—such as those exhibiting rapid growth, irregular pigment, bleeding or loss of hair—can be danger signals, it is important to remember that not every change in a mole means cancer, warns Dr. Gard.

## New Bill Would Reduce Taxes Paid For Schools

Rep. Dan Kubiak of Rockdale said Monday he will propose legislation when the next Legislature convenes that will save Texans almost \$1 billion in local property taxes.

Kubiak predicted a "taxpayers' revolution" because property owners and citizens across the State "have suffered not only continuous but dramatic increases" in local property taxes during recent years.

Under Kubiak's proposal, the state would begin picking up the portion of the Minimum Foundation Program for public education, a portion that is now paid entirely by local school districts. He said this local fund "share" totalled \$985 million for the current and the upcoming school years.

While transferring this local cost to the State, Kubiak told a Capitol news conference his bill would guarantee that local taxpayers in school districts across this State will see their taxes go

down. "My legislation will mandate that each local school district must reduce its local taxes by an amount equal to their local fund assignment," Kubiak said. He added that school districts could decide for themselves whether to cut their tax rate, assessment

ratio, or both but that "the bottom line that each taxpayer has to pay must be reduced." Kubiak said the legislation for this mandatory tax reduction would be effective for one year only and would be funded from a portion of the more than \$2 billion projected revenue sur-

plus. "About funding this plan in the future, beyond this surplus and beyond the next biennium, I would have every faith in the world that Texas' continued growing economy and its continued dollar volume growth in tax revenue can absorb this additional burden, providing the Legislature exercises restraint and good judgment in dictating the Minimum Foundation Program," Kubiak added.

Kubiak called criticism that the bill would destroy all local control of public education "hogwash".

"There should be and there will be a clear distinction between the actual allocation -- that is to say, funding -- and the controls on these funds," Kubiak answered. "Local school districts will still have the total authority and total power of the selection, retention and promotion of the most important person working in public education -- the teacher in the classroom."

Kubiak also said local ad valorem taxes could be levied to pay for buildings, capital improvements and all other amenities, including teacher salary supplements, just like they are now under local enrichment programs.

"That means if the Dallas School District wants to build a junior high school in downtown Dallas, then let Downtown Dallas taxes pay for it," he added.

Terming his proposal a "no strings attached, public education sharing program," Kubiak predicted some "nitpickers and naysayers" would call it a "temporary, cold patch on an old flat tire."

"That's fine," he responded. "The taxpaying public will buy that. But at least we've bought some time and can make some plans for the future."

## Area Wrecks Injure Three During June

The Texas Highway Patrol investigated five accidents on rural highways in Bailey County during the month of June, 1976, according to Sergeant T. Keffer, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and three persons injured.

The rural traffic accident summary for this county during the first six months of 1976 shows a total of 22 accidents resulting in one person killed and 14 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1976,

shows a total of 549 accidents resulting in ten persons killed and 336 injured, as compared to June, 1975, with 572 accidents resulting in 25 persons killed and 355 persons injured. This was 23 less accidents, 15 less killed, and 19 less injured in 1976 at the same period of time.

The ten traffic deaths for the month of June, 1976, occurred in the following counties: three in Jack; two in Potter; and one each in Deaf Smith, Hutchinson, Wheeler, Clay and Parker.

John C. White, Commissioner

### Up Three, Down Two, Up One... Summertime... Sheep Feeding Shows Increase.

If you're producing crops and livestock, there's good news and bad. Crop prices showed an advance of 3 per cent this past month, but livestock prices showed a decrease of 2 per cent.

And farm parity this past month showed an increase of one point. It now stands at 74 per cent; a month ago it was 73; a year ago it was a little stronger, at 75 per cent.

But all in all, farm prices in most categories showed very little change.

Cotton, however, is an exception. Cotton prices statewide averaged slightly over 57 cents; this is almost a quarter a pound higher than a year ago at this time. But it still is about 20 cents under parity.

Only one commodity, oats, is above parity according to the price average list from the Texas Crop and Livestock Reporting Service. And even at that, oats is only 3 cents a bushel above parity.

Wheat prices in Texas averaged \$3.43 per bushel, which is 56 cents a bushel above a year ago, but it still is more than \$1.50 under parity.

Sorghum prices averaged \$4.36 per hundredweight this past month; that's seven cents higher than a month ago. But parity for sorghum is \$5.50.

All categories of livestock are below parity. Hog prices averaged slightly more than \$48 per hundredweight. Beef cattle averaged \$34.50, which is more than \$20 below parity. Calf prices, averaging \$35.60 per hundredweight, are about \$30 under parity.

Sheep and lambs which for the past several months have been slightly above parity, slipped this past month. Sheep prices averaged \$14 while lambs averaged \$48.60.

Poultry prices continue below parity, too. Turkeys averaged 30 cents a pound. Eggs at 61.6 cents per dozen are 17 cents under parity.

**SUMMERTIME HARVESTS** are in full swing, and for the state as a whole it appears everything is about on target with the three-year average. Sorghum harvest is just getting underway with about 10 per cent of the crop now gathered. That's about in line with the three-year average for harvest at this time of year.

Wheat harvest is virtually complete, and that too, is about in line with the past three years. Some yields in the northern Blacklands of the state were much higher than expected.

Rice harvesting is underway, and prospects look favorable at this time. Some delay has been reported in peanut planting due to heavy rains.

**A 21 PER CENT INCREASE IN SHEEP FEEDING** in the state is reported as of July 1 by the Texas Crop and Livestock Reporting Service. Texas drylot sheep feeders with a capacity of 2,000 head or more had 91,000 sheep and lambs on feed. This is 10 per cent above a year ago.

## State 4-H Horse Show Set For July 21-24

More than 600 horses are entered in competition in the 1976 State 4-H Horse Show at the Tri-State Fairgrounds here July 21-24. Events will be held at both the Bill Cody Arena and the coliseum.

The show will feature open invitational competition as well as the regular show for qualifying 4-H youth, announces B.F. Yeates, horse specialist for the Texas Agricultural Extension Service.

Some 280 4-H boys and girls who have qualified through competition at the county and district shows will participate in the regular show classes which include halter, showmanship, Western pleasure, Western horsemanship, reining, pole bending and barrel racing.

An additional 150 youth are expected to compete in the open classes which include cutting, breakaway and judged roping, hunter hack, working hunter and jumping while another large group will compete in precision riding and drill team.

The open invitational portion of the show begins Wednesday, July 21, at 8 a.m. while the regular show begins with preliminaries in showmanship at 6 p.m. Thursday.

Horses will be judged at halter beginning at 8 a.m. Friday.

Preliminary competition in Western pleasure, reining and pole bending will continue throughout the day and evening.

Preliminaries in Western horsemanship and barrel racing will be conducted Saturday morning, and final competition in all classes of the regular show will begin at 2 p.m. An awards program will conclude the show.

Yeates and Doug Householder, also an Extension horse specialist, will serve as show managers.

Show judges will be Mike Ross of Pinehurst, N.C.; Bob Johnson of Santa Rosa, N.M.; John Trimmer of Hale Center; Marcy Stimmel of Midland; Mrs. H.B. Freeman of Wheeler; and Dwan Stoddard and Bob Middleton, both of Amarillo.

A horseman's handcrafts show will also be a part of the total program, adds Yeates.

AUSTIN--We are moving closer to a clear picture of market value estimates for the purpose of determining value of property in the state's school districts. Recently John Poerner, who heads the Governor's Office of Education Resources, reviewed findings of the study being made and established a time frame for its completion.

The methodology used in obtaining the information apparently has been adequate and seemingly is a thorough and fair approach to determining market value. Sources of the information will be scrutinized, I am sure, and there will be concerns to be resolved in this area.

ONE MINUTE SPORTS QUIZ 1. Name the winner of the Kemper Open golf tournament. 2. Who won the NASCAR Winston Cup Grant National stock car race?

Tilleez Processed CATTLE MANURE Great for this year's crop ... and the next and the next and the next. Unlike raw manure, Tilleez nutrients are available for plant uptake for this year's crop. And, it builds the soil and moisture-retaining capacity for future crops. Tilleez benefits your soil and gives it improved tilth. The bacterial mass developed in the Tilleez process makes use of the locked-up nutrients, already in your soil, by converting them to readily usable plant food. And, with all of these advantages, you still get a good supply of nitrogen... usable nitrogen! Tilleez is the result of a unique process of aerobic bacterial digestion that converts raw manure into a valuable soil conditioner and fertilizer. In the big million-dollar plant and Summerfield, aerobic microorganisms create the heat that kills weed seeds and changes the manure into a form that makes its natural nutrients readily available to plants. Tilleez is a product of the BioCon Division of Searle Agriculture. For more information call, collect. W. J. "Wop" Lueb, BioCon Division (806) 357-2252, Summerfield, Texas

**Bula News**  
By  
**Mrs. J. Blackman**

Mr. and Mrs. P.R. Pierce enjoyed having as their guests over the weekend, his cousin, Mrs. Vuna Henry, her son, Wesley, and her brother, Houston Jones, all of Abilene. Mr. and Mrs. Erwin Nieman of Muleshoe came down Saturday

night and visited with all of them.

Earl Hoffman of San Antonio came up Sunday to spend a few days with his grandparents, Mr. and Mrs. V.C. Weaver.

Sunday night guests in the home of Mrs. Rowena Richardson and Miss Vina Tugman were Mrs. Luville Richardson and her daughter, Mrs. Edna Worley from Bakersfield, Calif. They were enroute to Arkansas

to visit relatives.

Mr. and Mrs. Tom Bogard spent from Monday until Tuesday visiting in homes of their daughters and families, Mr. and Mrs. Delbert Roberts and Mr. and Mrs. Glen Gaston at Junction. Mrs. Roberts and boys, Rance and Kendon are coming home with them for a few days to stay.

The Girls in Action of the Bula Baptist Church and their counselor Elnora Peacock left for

G.A. camp at Plains Baptist Assembly, Monday, June 28. They returned July 1. The girls making the trip were Dora Black, daughter of Mr. and Mrs. Houston Black; Danene Cox, daughter of Mr. and Mrs. Jerry Cox; Glenda Peacock, daughter of Mr. and Mrs. Lewis Peacock. They were accompanied by Karen and Charity Riley.

The girls and their leaders have been working hard on the girls G.A. Steps. Elnora has also been working on matching gold and white T-shirts for camp.

They also have made pants of red and yellow to go with each T-shirt.

**ON RABIES**

ATLANTA--No human rabies deaths were reported in the United States in 1974, the first year since records were kept that none was reported, the national Center for Disease Control said.

**NEW CARDINALS**

VATICAN CITY--Pope Paul VI reached out to six continents and named 19 new cardinals, including Archbishop William Baum of Washington, D.C., a fighter against racism.

**BRITAIN'S DROUGHT**  
LONDON--French dairymen fed bananas to their cows recently and Englishmen learned some beer may be rationed when a torrid sun prolonged Europe's historic drought.

**The Consumer Alert**  
by John L. Hill  
Attorney General

AUSTIN--Texas consumers should be wary of a new type of deceptive trade practice involving the sale of "rights to manufacture" products such as small decorative items, wall plaques, coasters, and sailboats.

Reports of consumer problems with such promotions by a few unscrupulous companies have surfaced not only in Texas, our attorneys note, but in at least eight other states as well.

Our Consumer Protection Division recently filed lawsuits against two such companies alleging that they were selling Texas consumers the "right to manufacture" products for which there is no retail market. Since no market exists, we allege the sale of a "right to manufacture" the products is a deceptive trade practice.

Some promoters of this new "investment opportunity" exploit consumers' belief in the need to work hard to make a profit. Typically, salesmen of such manufacturing rights will tell prospects that they can only succeed in the business by spending long hours at the work of manufacturing and by being willing to invest their own hard-earned cash.

This type of approach strikes a responsive chord in persons who have no desire to "get something for nothing." And by using such an approach, salesmen for some companies throw consumers off guard, making them less cautious than they ordinarily might be.

Contracts used in these schemes appear to make the investment foolproof. For

instance, nearly all of the contracts have a provision by which the company will buy back all or most all of the products produced by each manufacturer. And the contracts usually say the company will refund the initial investment of the manufacturer as specified production levels are reached, so that by the end of a year the consumer is "assured of getting most, if not all," of his or her money back.

The problem with the agreements is that the money to buy back the manufacturer's production and to refund the investment is obtained from the sale of more "rights to manufacture" contracts, rather than from retail sales of the goods manufactured. As a result, the plan is an endless chain of sales of manufacturing positions with no money coming into the companies from any source other than the manufacturers.

Our attorneys say there is no guaranteed way to protect yourself against this type of scheme. The best advice is to try to find out as much about the company and its personnel as possible.

In particular, it's extremely important to demand details as to how and to whom the products manufactured will be sold, because unless there is a market for the product, you will be wasting your investment money.

If you have a consumer complaint about sellers of such "rights to manufacture," get in touch with the Attorney General's Consumer Protection Division.

**How to Avoid Pickling Problems**

AUSTIN--Commercially prepared pickles are convenient, but home canned pickles are highly prized for their fresh, delicious taste and crisp texture.

Texas cucumbers are doing well, thanks to spring rains, and they should be plentiful for cooks who want to "put by" their own pickles.

The Texas Department of Agriculture home economist says that it is important to learn to distinguish between spoiled pickles, which should not be eaten, and those which are unattractive but still edible.

She points out that cooks should learn to check pickles (and other canned foods) for the following signs of spoilage: broken seal; seepage around a seal; mold in the contents or around the seal or on the underside of the lid; bubbles in the contents; spurting liquid as the jar is opened; mushy or slippery pickles; cloudy or yeasty liquid; and off-odor, disagreeable smell or musty smell.

Canned foods exhibiting any of the above signs should be destroyed so that neither people nor animals can eat them. The jars and closures

should be washed in hot soapy water and then boiled for 15 minutes in clean water.

If jars have good seals and there are no signs of spoilage, but the pickles are hollow, shriveled, dark, or bleached, they are still edible.

Hollow pickles can result if more than 24 hours elapsed between the time the cucumbers were picked and the time they were pickled. Cucumbers that developed imperfectly on the vine can also cause hollow pickles; these may be culled out when washing the cucumbers since they float in water.

Shriveled pickles may be caused by too-hard water, or by too fast cooking in a sugar-vinegar solution, or by putting cucumbers into a salt, vinegar or sugar solution that is too strong to be absorbed gradually.

Dark pickles are caused by iron in hard water or by loose ground spices.

Bleached-out pickles sometimes are caused by exposure to light during storage.

He that respects not is not respected.  
-George Herbert.

**FARMERS**

if you have received adequate rainfall for planting... here's information you need to know.

The Sunflower people of West Texas are now offering a "Buy now - Pay later" plan on top quality hybrid sunflower seed.

There is no interest or caring charges. You pay for your sunflower seed when you harvest.

If you are planning to grow sunflowers this year then call:  
806/792-4418 for more details on this "Buy now - Pay later" plan.
