Elections, Constructions Dominate '76

DREAM COME TRUE... Since preliminary work first began in June on construction of the new addition to the West Plains Medical Center much work has been completed. The Bennett Construction Company of Brownwood has been aided by fair weather for work on the building. At this point, the year and a half deadline set at the beginning, seems entirely within reach. With completion of the addition, patients will be moved from the old part to the new and renovation of that part will begin. Doctors offices will be in a

different part of the hospital than the patients. There will be a modern operating suite, delivery suite, a recovery room and intensive care unit, complete with coronary care facilities. The hospital will have a 31 bed capacity. This is the result of a drive beginning in May 1975 and is truly a dream come true for many area residents.

Sudan Airport Ready For Use

Glen Cardwell announced this week that the runway at the Sudan airport has been rebuilt and is ready for use by light aircraft in the area. The runway

has a 210 degree SW-030 degree NE heading, is approximately 300 feet long and 32 feet wide and elevation is 3,778 feet. The roadbed was built from the accumulated sand dunes south

of the runway, leveled and packed and topped with five inches of caliche.

The work was contracted by Jake Diel Construction of Muleshoe for \$11,750.00.

Cardwell assumed full financial responsibility for the construction and upkeep of the runway after obtaining a lease from the City of Sudan. Cardwell said that he hoped they would give all visiting relatives and area pilots a safe place to

land. He further stated that the strip is limited to non-commercial planes.

While it is a federal offense to damage aircraft or property used by such operators of the

two and four wheel vehicles are asked to please help in the care of the runway. Residents are asked not to leave bottles or cans on the runway which might endanger the lives of pilots.

Congressman Mahon Warns Industry Of Dust Standards

Congressman George Mahon warned the cotton industry that it is threatened with the promulgation of cotton dust standards by the Occupational Safety and Health Administration which could drastically affect the ginning and processing of cotton. The proposed standards, covering cotton gins, cottonseed oil mills and textile plants, are to be published in the FEDERAL REGISTER on December 28.

Mahon met with OSHA and industry officials on December

22 in an effort to convince government officials that the submission of the proposed standards should be delayed. Representatives of cotton ginning, cottonseed oil and textile industries joined Mahon in the plea for delay, but agency officials refused to postpone publication of the cotton dust standard proposals, which

Cotton Prices Lower

The United States Department of Agriculture's Agricultural Marketing Service reported cotton trading was moderate to heavy during the week ending December 23, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

Growers sold mixed lots of mostly grades 42, 52, and 43; staples 30 - 34; mikes 3.4 and lower for \$4.00 to \$6.00 cents per pound, about 100 points lower than the week before.

Demand was good, Dickson said.

Prices paid growers for cottonseed ranged from \$85 to \$115 per ton, mostly \$95 to \$105.

Grades 42, 43, and 53 were predominant in classings at Lubbock this week. Grade 42 accounted for 17 percent, 43 was

would limit the amount of dust which would be acceptable in cotton gins, oil mills, and textile plants.

Hearings regarding the proposed standards will be held by OSHA beginning on April 4, 1977, and Mahon has called upon the cotton industry to

27 percent, and 53 made up 12 percent. Bark reduction was assigned to 49 percent of the samples classed.

Predominant lengths were staples 30, 31, and 32. Staple 30 was 26 percent, 31 accounted for 31 percent, and 32 was 22 percent.

Mike readings in the desirable 3.5 - 4.9 range amounted to 32 percent of the total. Mike 3.3 - 3.4 was 10, 3.0 - 3.2 accounted for 20 percent, 2.7 - 2.9 claimed 20 percent, while 2.6 and below was 16 percent.

Pressley tests indicated 69 percent of samples tested had breaking strengths 80,000 pounds per square inch or better. Average at Lubbock was

New grand piano

AUSTIN, Texas (Spl.)—The sounds of music emanating these days from The University of Texas Music Department are made richer by one of the finest musical instruments in the world—a new Steinway concert grand piano from Hamburg, Germany.

Few music departments in the U.S. have a Hamburg Steinway, says Dr. William Race, head of UT's keyboard division.

The glossy black piano will be used for recitals by faculty members, visiting artists and advanced piano students. Funds for its purchase came from a benefit recital by the piano faculty, private gifts and the UT president's office.

Miss Cammie Waggoner Turnbow Repeat Vows

Miss Cammie Carol Waggoner of Lubbock, formerly of Muleshoe, and Rodney Steve Turnbow of Lubbock, formerly of Muleshoe, exchanged wedding vows December 18, in the First Baptist Church of Muleshoe. Charles Murray, uncle of the bride, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Charles Waggoner of Red Springs and Mr. and Mrs. Bill Turnbow of Lariat.

A platform archway of 17 pink candles, complimented by two spiral candelabras of pink tapers, were on each side of the candle archway. Greenery and ribbons of pink and cranberry completed each candelabrum. A memory candle with greenery and pink tapers also adorned the archway. Mrs. W.T. Watson was accompanied by Mrs. Dean Spraberry, soloist.

Given in marriage by her father, the bride wore a gown of pearl white silk peau-d'ange' in a Victorian design with accents of Alencon lace and pearl accents. The molded bodice featured a dutchess neckline edged in Paint de Paris lace edging with pearl accents. From the molded bodice fell full lantern sleeves with garlands of Paint-de-Paris appliques flowerettes and were gathered to brief cuffs edged in matching lace. From the Paint-de-Paris lace encircled crescent waist line, floated the three circular skirts of silk Peau-d'ange', veiled over white silk crepe. Fullness was gathered to the back and the full skirt swept to form a full chapel train. The bride wore a Paint-de-Paris lace cone of capulet with pearl accents from which drifted her cathedral length bouffant mantilla of imported silk english illusion. The scalloped edges of the mantilla were edged in two rows of pearls and a Paint-de-Paris floral madillian accented the peaks between each of the scallops.

The bride carried a cascade of pink shades of roses with greenery and baby's breath completing the arrangement. Miss Cynthia Rogers of Muleshoe, cousin of the bride, served as maid of honor. The bridesmaids were Mrs. Dan Waggoner of Lubbock, sister-in-law of the bride; and Miss Perry Poyner. Their dresses were full length gowns of pink polyester crepe. The sleeves were of sheer chiffon and the dresses had scooped necklines complemented by an empire waist with cranberry velvet ribbons completing the waist and tying in a bow in the back. They carried small bouquets of pink and cranberry tinted carnations with baby's breath. Flower girl was Tammy Jones of Lubbock, cousin of the bride. Monty Black of Bovina, cousin of the bride, served as ring bearer. Keiva Black of Plainview, cousin of the bride, and Tina Turnbow of Lariat, sister of the groom, served as candlelighters.

Serving as best man was James Turnbow of Muleshoe, brother of the groom. The groom was attired in a black tuxedo and pink ruffled shirt. The groomsmen were attired in burgundy tuxedos with pink ruffled shirts.

Groomsmen were Ed Waggoner of Muleshoe, brother of bride, and Lance Shottenkirk of Lamesa.

Mrs. James Turnbow registered guests. Following the ceremony, a reception was held in the Fellowship Hall of the First Baptist Church. The bride's table was laid with a white lace cloth over pink centered by a gold candelabra decorated with four pink tapers and greenery. A three tiered wedding cake decorated with real flowers of pink carnations, roses and baby's breath was served with punch in a crystal punch bowl by Miss Jana Bruns of Muleshoe and Mrs. Matt Williams of Muleshoe.

The groom's table was decorated with an ecru tablecloth over pink and centered with an arrangement of five candles with greenery and pink carnations. A chocolate cake and coffee were served by Miss Brenda Scott of Muleshoe and Miss Judy Scott of Anton, both cousins of the groom. Hostesses at the reception were Mrs. J.D. Spurgeon, Mrs. Bob Gage and Mrs. Gary Skaggs.

For travel, the bride chose a three-piece army green pant suit with matching scarf and beige accessories and a rose corsage. After a wedding trip to San Antonio, the couple will be at home in Lubbock.

The bride is a 1976 graduate of Muleshoe High School. The groom is a 1974 graduate of Muleshoe High School and has attended TSTI in Amarillo. He is now employed by Hall in Lubbock.

XIT Steakhouse was the scene for the rehearsal dinner for the members of the wedding party, hosted by Mr. and Mrs. Bill Turnbow on Friday evening, December 17.

Leftover Turkey Tricks

COLLEGE STATION -- Leftover turkey meat provides endless possibilities for future family meals, Marilyn Haggard, a foods and nutrition specialist, says.

She is with the Texas Agricultural Extension Service, The Texas A&M University System. "Cool cooked poultry quickly and stored, loosely wrapped, in the coldest part of the refrigerator. Cooked turkey meat can be stored in the freezer in moisture-vapor resistant wrappings such as glass, rigid plastic containers, freezer foil and freezer paper or plastic wrap.

"Cooked turkey covered with broth or gravy will keep for up to six months, but turkey not covered with broth or gravy will keep only one month.

"If the meat is removed from the bone before packaging and freezing, less freezer space will be used and the meat will be

ready for use. Defrost in the refrigerator before use," she advised.

Try the following recipes to make the best use of one of this year's best buys -- turkey.

Turkey Croquettes
2 cups turkey, cooked, diced
1 cup rice, cooked
1/2 cup celery, finely chopped
2 Tbsps. onion, finely chopped
1 teaspoon flour
1/8 tsp. poultry seasoning
1 egg, beaten
1/4 to 1/2 cup evaporated milk
2 cups breadcrumbs, fine, dry
2 quarts oil for frying
1 recipe turkey sauce
1/2 cup nuts, chopped or a few sprigs parsley
Combine turkey, rice, vegetable, flour and seasonings. Add egg and enough milk to moisten. Shape into 12 croquettes. Roll in breadcrumbs. Heat oil in a deep kettle or deep-fat fryer to 375 degrees F. Fry croquettes

until browned, two-five minutes. Drain on paper. Serve hot turkey sauce over croquettes. Garnish with nuts or parsley, if desired.

Note: To obtain one cup cooked rice, use 1/2 cup raw rice.
Calories per serving: About 360 if garnished with nuts; about 315 if garnished with parsley. Yield: six servings, two croquettes each.

Turkey Pinwheels
3 Tbsps. celery, finely chopped
2 Tbsps. onion, finely chopped
2 Tbsps. water
1 1/4 cups turkey, cooked, finely chopped
1 1/4 cups flour, unsifted
2 tsps. baking powder, double-acting
3/4 teaspoon salt
1/2 cup shortening
1/2 cup milk
1 recipe Turkey Sauce
Cook celery and onion in water until tender. Drain, reserving two teaspoons liquid. Combine turkey, vegetables and reserved vegetable liquid. Preheat oven

to 450 degrees F. (very hot). Stir flour, baking powder and salt together. Cut in shortening until mixture resembles coarse cornmeal. Add milk; mix just enough to moisten dry ingredients. Turn dough onto a lightly floured board. Roll one-fourth inch thick. Spread turkey mixture evenly over dough. Roll as for jelly roll. Cut into six slices. Place slices on a greased baking pan. Bake 20 minutes. Serve Turkey Sauce over pinwheels.
Calories per serving: About 275. Yield: six pinwheels.

Turkey Sauce
1 to 3 Tbsps. butter or fat
3 tablespoons flour
1/4 teaspoon salt
1 1/2 cups turkey broth or a mixture of 1 1/2 cups milk, whole or skim and 3 turkey-flavored bouillon cubes
Melt fat over low heat; blend in flour and salt. Heat and stir until bubbly. Add broth or milk and bouillon cubes slowly, stirring constantly, until thickened.

Note: Chicken fat adds extra flavor.

Calories per recipe: About 310 if made with turkey broth; 520 if made with whole milk and bouillon cubes. Yield: one and one-half cups sauce.

Turkey-Kidney Bean Salad
1 cup turkey, cooked, coarsely chopped
1 1/4 cups kidney beans, cooked or canned, drained
1/2 cup pickle, sweet, coarsely chopped

1/2 cup celery, coarsely chopped
1 Tbsp. onion, finely chopped
2 eggs, hard-cooked, diced
1 teaspoon salt
3 Tbsps. mayonnaise
1 teaspoon mustard, prepared
1 teaspoon pickle liquid
Combine all ingredients. Toss lightly. Chill at least one hour to blend flavors.
Calories per serving: About 205. Yield: six servings, one-half cup each.

Modesty is usually only skin deep.

Couple Honored On Silver Anniversary

Mr. and Mrs. Ernest Pal Legg were honored Sunday, December 19, with a reception by their children in celebration of their Silver Wedding Anniversary.

The serving table was decorated with a candelabra holding yellow candles. A two tiered cake with yellow and a yellow fruit punch were served by Betty Muller, Velma Reasoner and Cindy Legg to 35 guests.

Mr. and Mrs. Legg were married December 15, 1951. They were presented a silver serving tray by his sisters and family pictures of their children as well as a group picture.

Out-of-town guests were Mr. and Mrs. Eugene Quesenberry and Mr. and Mrs. Jo Don Parrott, all of Amarillo; and Mrs. Key Harry and children of Shallowater.
Hosting the event were Mr.

and Mrs. D.W. Muller, Mr. and Mrs. Tony Reasoner and Amy of Levelland, Mr. and Mrs. Carroll Legg and Freddie.

John Connally, former Treasury Secretary under Nixon: "The Republican Party has to come up with some fresh ideas or die."

Johnny Reber Guest Of Sudan Lions Club

The Sudan Lions Club held their annual Christmas family night Monday, December 13, in the community center.

There were refreshments and games for everyone, with a special treat for the children as they received a visit from Santa Claus.

There were approximately 20 members and their families present. Among the guests were Mr. and Mrs. Johnny Reber and family of Littlefield. Reber has

been the Guiding Lion of the Sudan Club since its beginning. He presented a "past presidents" plaque to the club.

Sudan Lions appreciate Reber for his hard work and devotion, without which they would not have the strong organization they have now.

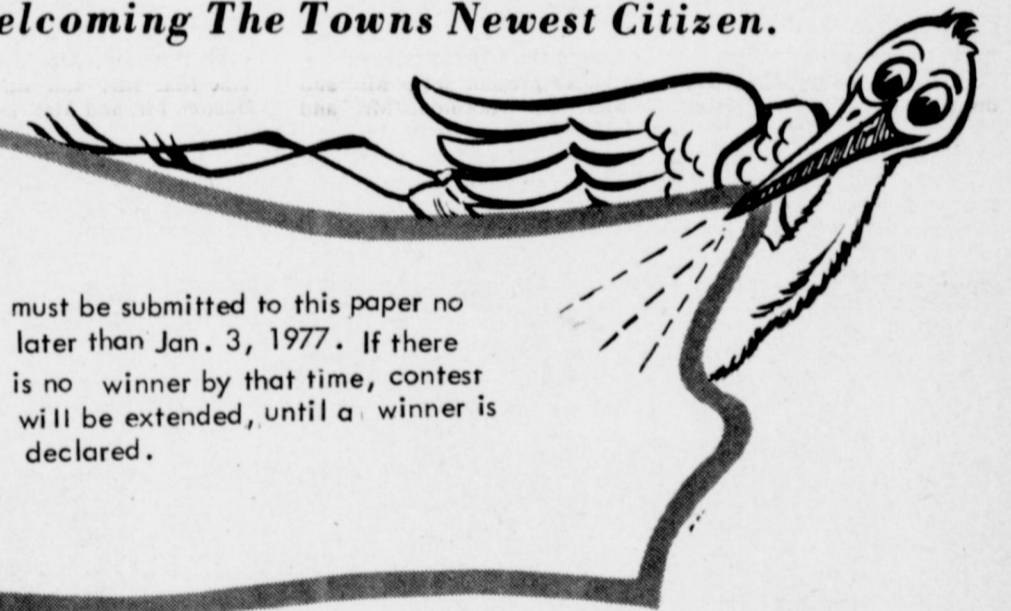

Leads remain slim in Hoffa disappearance.

CIVIC RIGHTEOUSNESS: Proverbs 14:34 "Righteousness exalteth a nation: but sin is a reproach to any people." I am not a pessimist and I do not like to think along pessimistic lines - but I think we must all agree that we are called upon to face and solve if we can some very baffling problems. I'm thinking and talking about the problems that affect our personal lives - our homes, our community and our church. There is one thing of which we can be sure, 'No river can rise higher than its headwaters'. Just so a Nation reflects the nature of its citizens - and if that Nation solves its problems - it will be on the basis of the integrity, honesty and virtue of its individual members. Let me venture three things today which I believe share in the vexing condition and circumstance which we face.

FIRST OF ALL THE DESECRATION OF GOD'S HOLY DAY IS DISTURBING:

If the Bible is not a changed Book - and if God has not changed - then it is not sufficient to say that conditions and circumstances have altered our position before Him. However we may be able to phrase our language: we are witnessing some very strange decisions today made by the very people whom God holds responsible for the on-going of His Kingdom's work. People who once depended upon God - people who worshipped God - and who met God on Sunday - are spending their weekends, after a hard week of honest labor - as if God and Righteousness did not exist. These are not mean people - they are people who have ceased to care. Granted that we are living in a day of change - it still remains that the same God who

made humanity in the beginning - knows what is right and best and just for His creation regardless of conditions and circumstances. And God says: "Remember the Sabbath Day and keep it Holy". And again he says: "The Sabbath was made for man, not man for the Sabbath - and the Son-of-Man is Lord even of the Sabbath." Our greatest sin concerning the Sabbath Day is not doing the things that we know we ought not to do. And at this point we need to be very careful. But our great sin in Sabbath breaking is the loss or desire and the lack of spiritual integrity or worshiping God at the appointed place and the appointed hour. It seems that we have no compunction of conscience or conviction that Sabbath-breaking is wrong so long as it serves the interest of our carnal natures.

A CRUMBLING AWAY CAUSED BY THE DRINKING PROBLEM IS DISTURBING:

We are witnessing today a condition that is not only detrimental - but a condition that is going to bring death to our way of life. We are living in a day when the home has become a dispensary for all kinds of intoxicating beverages - and the children are following in the foot-steps of the parents. Listen to this: I hear someone say: "This is not so disturbing - has it not always been like this?" "We find it hard to remember when it wasn't like this." Well, I'm not very old as "Age" goes - but I can remember when it wasn't like that at all. I can remember when a man was found to be drunken on wine or whiskey he was severely dealt with the next time the church met in regular session. And I'm not at all sure that such a policy wouldn't be good today.

Did you know that of the 192 million Americans living in the United States today - 82 percent of them do not remember the "Stock Market Crash" in 1929. Sixty-eight percent of them do not remember that 10 percent of our working force was out of work in 1941. Sixty-three percent of them do not remember anything about the closing of World War II in 1945. Fifty-three percent of them know nothing of the Korean War. And that half of our total population today is under 28 years of age. And that nearly 90 percent of all the people who were ever born are still living today. If you were to talk to a person today under 30 years of age - he doesn't remember when we didn't have electricity, automobiles, radios, aeroplanes, decil-driven trains. Neither does he remember when it was counted sinful to drink liquor and keep it in the home. He doesn't know and apparently he hasn't been taught that it is wrong and against the teaching of God to get drunk or use it in the so-called moderate manner and custom of the day. Let me construct an imaginary ledger sheet and show you if I can the difference between the "Economy Minded" people of today and the "Teaching of the Bible". On one side put Liquor with its revenue and tax-money which go into the Federal and State Treasurers. On the other side put Broken homes, broken lives, physical wrecks, pauperous homes, orphan children, Hippocritical church members and economical program that is all out of focus. What conclusion can you reach? What have we gained? It might be better to ask: "What have we lost?" Whatever one may be able to say in defense of the Liquor Traffic - it's crime is a crime against the Laws of Almighty God. You will not find in anybody's history book where any Nation ever drank its way back to prosperity. But you will find in every history book that the way of prosperity is spiritual awakening and moral redemption.

In 313 A.D. the preaching of Paul the Apostle converted Constantine and transformed the Roman Empire from the worship of many Gods to the worship of one God. Christianity found Rome in slavery - but the preaching of the Gospel and its teaching loosed the horrors of depression and finally struck the shackles from 60,000,000 slaves.

FINALLY, THE MOST DISTURBING FACT TODAY IN OUR SOCIETY IS THE HOME:
I read an article recently which stated that the reason our homes are in such a deplorable condition today is because we have gotten away from Tradition and Cultural Backgrounds. And he was right as far as it goes. Our traditions and our culture certainly mean a great deal and we have every right to stand proud. But tradition and culture are not enough - they can not do for us today what needs so desperately to be done. I believe that tradition and culture plus a Godly consideration is a combination that we must find if we are to win our fight in this battle of death. We need a revival of the old-time Christian Religion that will awaken us to the needs of the hour. And encourage us to give our first love to the one who made us - who keeps us - and who still loves us.

Rites Held For Rev. Jennings

Services for Rev. Ernest M. Jennings, 78, of Lubbock, the brother of Finish Jennings of Muleshoe, are pending with Sanders Funeral Home of Lubbock. Jennings died at 11:45 a.m. Friday in Methodist Hospital after a lengthy illness. He moved to Lubbock in 1934 and served as pastor of the First Cumberland Presbyterian Church until 1941 when he moved to Kansas City and served there for three years. He served in Berminham, Ala. the next three years and four years in Springfield, Mo. He helped organize the Modern Manor Cumberland Presbyterian Church in Lubbock where he was pastor from 1952-1954. Jennings then moved to Austin where he was pastor for six years and then to Mansfield, Mo. where he served for six years and retired as an active minister. At the time of his death, Jennings was pastor of the First Cumberland Presbyterian Church in Lubbock. He married Gladys Ragle at Cone in 1918. Survivors include his wife; two sons, Cecil E. of Lubbock and Homer E. of Detroit, Mich.; six grandchildren and five great-grandchildren.

ational and Cultural Backgrounds. And he was right as far as it goes. Our traditions and our culture certainly mean a great deal and we have every right to stand proud. But tradition and culture are not enough - they can not do for us today what needs so desperately to be done. I believe that tradition and culture plus a Godly consideration is a combination that we must find if we are to win our fight in this battle of death. We need a revival of the old-time Christian Religion that will awaken us to the needs of the hour. And encourage us to give our first love to the one who made us - who keeps us - and who still loves us.

Services Held For E.L. Downing

Services for Elmer L. Downing, Sr., 83, were held at 3 p.m. Sunday in the Richland Hills Baptist Church with the Rev. Jimmy Hardy of Lubbock's Melonie Park Baptist Church officiating.

Assisting was the Rev. Danny Curry of the Progress Baptist Church. Services were under the direction of Singleton-Ellis Funeral Home.

Downing died at 11 a.m. Friday in the West Plains Medical Center after a lengthy illness.

Downing was born September 13, 1893 in Comanche County. A retired farmer, Downing had been a Bailey County resident since 1950 after he moved here from Amherst. He married the former Nancy Henry on August 10, 1927, in Paducah.

Survivors include his wife; a son, Elmer Jr. of Muleshoe; two daughters, Mrs. Maxine Farmer of Clovis, N.M. and Mrs. Betty White of Dalhart; a sister, Mrs. Dora Bohanon of Childress; three brothers; W.L. of Amherst, Horace of Newcastle and V.V. of Roseburg, Ore., and 10 grandchildren.

My New Citizenship

By Bill Kiser

No, I am not a recent immigrant to the United States. But I am beginning to experience the joys and responsibilities that a new citizen often feels. A native-born American might well ask the reason for my elation. As I have had a severe cerebral palsy involvement from birth, I have often doubted that I had full citizenship in these United States. While I was taught as a child to respect the law, my parents did not impart to me the fact that I was a political being with rights and responsibilities. To them, as to most people, the government was a reality with which one lived.

In early childhood, the nearest contact I had with politics was through one of my neighbors who was a clerk of the court. Every four years he would solicit the support of the neighborhood in his re-election, and listening to his children, I was led to believe that the world would surely come to an end if his sorry opponent ever won.

Shortly after high school, I shocked the neighborhood and the voting official by pushing five or six blocks in my wheelchair to register to vote, and thereafter raised a few eyebrows on each election day by working my wheelchair into the line at the polls. My local voting

architectural barriers prevent many handicapped people from exercising their rights to full citizenship.

How can elected officials hope to improve the lives of handicapped people? Our efforts to gain better rehabilitation services, more employment opportunities, the elimination of architectural barriers and the establishment of other human rights has given the elected official a new role.

While we still hope that doctors and scientists will discover new ways to alleviate our physical difficulties, we know that this is often dependent on government-sponsored research and treatment programs. My future, and the future of other handicapped people, depends upon understanding political leaders.

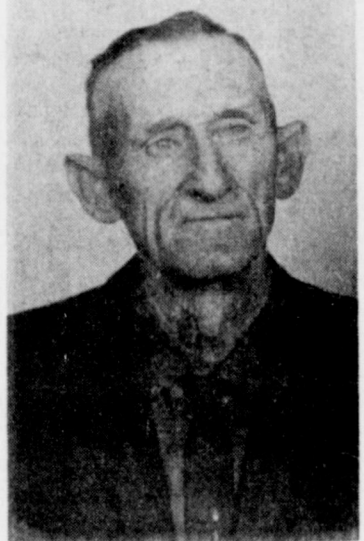

It is very significant that both major parties included special planks in their 1976 platforms with respect to handicapped people. The first White House Conference on Handicapped Individuals, to be held May 25 to 29 at the Sheraton Park Hotel in Washington, D.C. promises to be another important milestone in the political advancement of America's handicapped citizens.

I, for one, feel that I have gained a new citizenship in the past decade. It is so easy to forget, though, that citizenship is not a one-way street. Now that I am working, it's easy to think I do not have to go to the polls on election day. It is only natural that the first thrill of voting wears off, but we handicapped people should remember that voting is not only a privilege; it is an obligation as well.

I realize that laws are the result of bargaining and compromise. I do not consider myself a radical activist, but I know that handicapped people must work together to achieve the things we want and need. My limited contact with public officials in recent years has, on the whole,

been most encouraging. With few exceptions, these elected men and women have made me feel like a citizen whose opinions and vote they consider important.

Recently, I witnessed an immigrant's excitement in obtaining her citizenship. I regret that native Americans miss this thrill. It will not go unmarked, however, by handicapped people who are finding cause for celebration in the full citizenship we are now slowly but surely attaining.

TAX SHELTERED RETIREMENT PLANS

DO IT THE SAVINGS WAY

New Pension Act Enables Millions of Working Americans Currently Not Covered By Any Retirement Plan to Set Up Their Own Tax-Favored Retirement Account.

I.R.A. The \$1,500 Tax Break

KEOGH The \$7,500 Tax Break

If you're employed and not participating in a private or governmental retirement plan (Social Security doesn't count) you are eligible to start one of your own.

This new plan is known as the individual Retirement Savings Account. You are entitled to contribute up to 15 percent of your annual salary, or \$1,500 (whichever is less).

If you are self-employed and do not have a retirement plan, then you can start a tax-sheltered plan of your own.

This new plan is known as Keogh HR 10. You may contribute up to 15 percent of your earned income or \$7,500 (whichever is less).

1976 TAX BREAK DEPOSITS CAN BE MADE THRU DEC. 31st.

You can claim your contribution to either plan as deduction on your federal and state income tax returns. In the meantime, the money in your account will grow tax sheltered. No income tax will be due until the funds are paid out to you, and FIRST FEDERAL pays the highest rate for which the amount qualifies.

FIRST FEDERAL offers both these plans without charging fees or commissions. Call or come in and talk it over with the Savings Counselor at the FIRST FEDERAL office nearest you... or send in the coupon below.

Good health isn't something to envy in other people. You can do many things to maintain your own health -- or better it. And now is the time to come to grips with yourself by making some good-health resolutions, says the Texas Department of Health Resources. Texas would be a much healthier state if everyone worked toward these goals, and you and your family can contribute to your own well-being and that of your community. Promise during 1977 to give your body at least as good care as you give your car. Periodic

examinations are the best way yet devised to detect bodily disorders while they can still be treated successfully. It might be considered preventive maintenance. So let your doctor look you over thoroughly once a year whether you're ailing or not. Make it twice yearly if you're middle-aged. Your physician can give you the proper schedule. Dental troubles may not kill you, but sometimes they can make you wish you were dead. Check in once yearly with your dentist to make certain your teeth and gums are in good

shape, and let him teach you the proper way to maintain your dental health every day. Do your clothes seem to fit a little more snugly these days? If so, it could mean you're putting on weight, which is a lot harder to take off than it is to put. It's difficult during the holiday season to pass up the goodies which come your way. But if you've overdone it, resolve to start passing up the candied yams, gravies and cream-filled tidbits which almost invariably spell extra pounds and perhaps an early grave. Too much weight contributes to high blood pressure, and may be associated with hardening of the arteries and various forms of heart disease. Also, it means impaired vigor, greater surgical risk and greater danger from other wise minor illnesses. On the other hand, if you've noticed an unusual loss of weight, you should consult your physician. A good, physician-prescribed exercise regimen will keep your

body in shape, tone up your heart muscles and put the spring back into your step. There are many pursuits which people of all ages may undertake in order to get the needed exercise. While jogging might be all right for some people, brisk walking or other forms of exercise may be recommended for others. Statistics linking smoking to cancer and heart disease continue to pile up, and it is tougher and tougher to rationalize the smoking habit. If you still smoke, now's the time to quit. Tomorrow could be too late. Safe driving is a habit everyone should get into. Drive and walk defensively, and you'll be less apt to wind up as one of the state's traffic statistics. And don't forget that the 55 mile-an-hour speed limit saves gas, saves lives, and applies to everyone. While disease in Texas continues to be relatively low, the threat of epidemics hasn't subsided. Check the immunization

records of your entire family -- not just the children -- as a safeguard against diseases and their complications. Getting plenty of sleep is another resolution which will be of benefit -- especially during the cold winter months when the body's defenses should be at their peak. Nutrition goes hand in hand with proper rest. To provide your body with the essential nutrients to make it function properly, proper diet is necessary. Resolve to put tasty and nutritious foods to work for your body. Don't overlook fresh fruits and vegetables. People living in towns and cities owe it to themselves and their neighbors to obey local and state laws pertaining to health protection. For example, if your town has a dog leash law, adhere to it. Keep your animals in good health and protected from rabies, which is still a threat -- especially in rural areas. There's another good resolu-

tion you can make. Resolve to give an occasional thought to such awesome problems as water conservation, pollution abatement, juvenile delinquency, newspaper, 133-years-old, found in Tennessee. Black women contributes to family income.

drug abuse and the growing number of elderly people in our society. Lend your support as a responsible citizen to community efforts to solve them. After all, they affect you, too. Your health should be of great concern to you. So get the good health habit by putting some healthful resolutions to work. You'll live longer and enjoy

life more, believes the Department of Health Resources, which wishes you a happy ending to 1976 and a health year ahead. Soviets still bombarding embassy with microwaves.
