Local Heart Group Leader Boosts CVD Research Study

Statistics indicate that cardiovascular disease is this nation's number one killer and that cancer is number two. But, Laura Seales, president of the American Heart Association's Bailey County Division disagrees. "Cardiovascular disease is number one, but ignorance may be number two." Mrs. Seales explains that heart attack, stroke and other forms of cardiovascular disease (CVD) are responsible for over half of all deaths which occur in the U.S., 52.5 percent to be more exact. "Close to a million Americans die of CVD each year," Mrs. Seales states, "and I'm responsible for a large number of deaths."

what she calls the "cardiovascular problem." "Nobody's ever tried to solve a problem they didn't know existed. It's the same with preventing CVD. If you're unaware of the danger, it's unlikely you'll be motivated to do anything about it." This leads Mrs. Seales to another area of ignorance or unawareness, which she thinks is a contributing factor to the

CVD problem. "Among the people who know the magnitude of CVD, there's still too many people with an if-it-happens, there's nothing-I-can-do-about-it-so-why-worry attitude," she explains.

According to Mrs. Seales and the American Heart Association, there are preventative measures.

"Based on current death rates," she says, "I think it's appropriate to say that a person's chances of dying from a heart attack or stroke are 50-50. These are not very good odds. I've demanded better before risking a lot less."

She emphasizes three major ways to improve the odds:

- *Avoid cigarette smoking.
- *Eat foods low in cholesterol and saturated fats.
- *Control high blood pressure.

But Mrs. Seales "There's more to it than simply knowing the risk factors; you've got to follow them before your chances of dying from CVD are reduced. I wonder," she thoughtfully asks, "how many CVD deaths occur because folks don't know or weren't heeding ways to reduce the risk?"

But, Mrs. Seales adds another

NELDA MERRIOTT

Will The Real Nelda Merriott Please Show Up

In the Sunday issue of The Bailey County Journal, Nelda Merriott announced for re-election as District Clerk. The same issue carried the announcement for re-election for Hazel Gilbreath, County Clerk.

However, the pictures were mixed up at the printing plant, and Mrs. Merriott's picture was with Mrs. Merriott's announcement, and Mrs. Merriott's picture was where Mrs. Gilbreath's picture should have been.

Now, that isn't the first time such a thing has happened at the printing plants, not only in the Muleshoe paper, but in other papers.

But, to compound the story, each time Mrs. Merriott as announced for election as District Clerk, her picture has been transposed on the page and appears as someone else.

One time, her picture was shown with a man's name. But, this time, we hope the pictures are in the right place, as Mrs. Merriott seems to be resigned to looking at her picture with all kinds of names under it.

Jim Reese Announces Congress Candidacy

Reese called for an immediate across-the-board tax cut. Said Reese, "We must get the government off our backs and out of our pockets now by reducing personal income tax rates by at least 30 percent over a two-year period--no fancy double-talk, just a permanent tax cut for everybody."

Reese declared, "We should move now toward 100 percent parity for farmers by reducing the cost of production." A key proposal by Reese was his recommendation for immediate tax relief for farmers. Said Reese, "We may be seeing the last generation of family farmers if Congress doesn't act immediately." He continued,

Winter Snow Of 3 Inches Hits In Area

Winter finally sneaked into the Muleshoe area Tuesday, and smacked the entire area with a three inch blanket of white. After an early morning freezing mist, snow started falling around noon Tuesday, varying from very light, to heavy snow.

As it got dark, the heavy snow slowed traffic to a standstill as it silently created the heavy blanket. Only two fender-benders occurred during the storm.

Wednesday morning, the Bailey County Law Enforcement Center said a fender-bender had occurred around 1:30 p.m. Tuesday at the intersection of King Feed Lot and FM1760 and another fender-bender occurred Tuesday night about 7:20 at West Second Street and Avenue C. No injuries were reported with either accident.

As the snow got heavier Tuesday afternoon, school was released an hour early, to enable the school buses to make their routes. However, school was held Wednesday morning after the snow quite early Tuesday night.

Basketball games scheduled to be played Tuesday night were postponed to Saturday, and other activities slowed or stopped during the first major snow for this winter.

On Monday, the Parmer County Sheriff's office had checked with Muleshoe reference the guns, which were not reported stolen until Tuesday.

After Farwell was notified Tuesday morning of the theft, they took the two suspects into custody and they were returned in Muleshoe.

Telephone Reports 'Favorable' For Bill

Texas farmers and ranchers have joined with others from across the nation in one of the largest drives on Washington, D.C. since the nation was founded 200 years ago.

The purpose of the drive is to restore prosperity, not only to rural America, but the nation as a whole, said Jerry Glover, who is presently in Washington, D.C. from Lazbuddie.

He estimates that as many as 100,000 farmers and ranchers are swarming into the hallowed halls of Congress telling of inequities that exist in the prices farmers are receiving for their products.

Jerry Glover reported by telephone Monday night that most congressmen are receiving the program as suggested by the American Agriculture Movement very favorably.

He said, "there are a few, however, who still fail to realize the importance of a fair price for agricultural commodities."

"Several Senators have promised to help write a bill to sponsor it and fight for its passage in the Senate. Those who are assisting at this time are Senator John Tower, Texas; Senator Robert Dole, Kansas and Senator Adourezck from South Dakota."

He continued, "Some of the Congressmen who have promised to write and sponsor the bill in the house include Rick Noiland, Minnesota; Wes Watkins, Oklahoma and DeLaGarza of Texas."

Glover also reported their support for 100 percent parity laws being advocated by the American Agriculture Movement.

He asked that every citizen in Muleshoe and the surrounding vicinity send mailgrams and letters to all Texas Congressmen and Senators thanking them for their help thusfar and emphasizing the need of their continued support and help push the law through Congress as quickly as possible.

Presently in Washington are more farmers and businessmen from Muleshoe, who left Tuesday morning. They include R.L. Scott, Ben Roming, S.K. Flatt, J.R. Carter, Butch Vandiver, Kenneth Nesbitt, Terry Hutton, Don Seales, Tommy Little, Jim Crawford, Lloyd Haire and Hal

TERRY KITTRILL

On Wall Street

By Bob Hill

In 1949 two researchers accidentally discovered that small amounts of antibiotics when added to animal feed, proved to be a powerful growth stimulant. Ever since then, farmers and cattlemen have regularly fed pigs, cattle and poultry feed supplemented with the drugs. By slightly increasing the dosages of antibiotics a more healthy condition was created, enabling them to raise large herds in close confinement without disease epidemics. Farm experts estimate that for every \$1 spent on antibiotics, there is a payback of \$5 to \$10 due to better animal health and less feed required to get animals up to market weight.

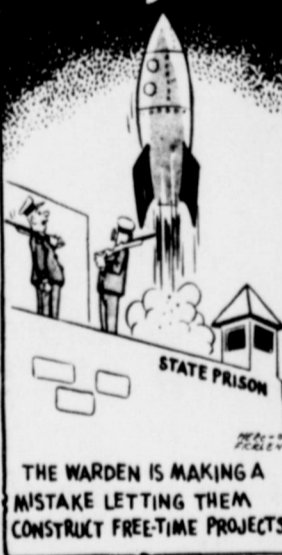

But now the Food and Drug Administration is proposing sharp restrictions on the use of penicillin and tetracycline in animal feed. This is due to the existence of a growing pool of antibiotic-resistant bacteria. Pharmaceutical industry spokesmen admit that animal handlers, butchers, and even housewives run the risk of exposure to some of this resistant bacteria.

The disagreement begins over the point of whether such resistant bacteria will colonize in the human intestine and also transfer the antibiotic resistance to human bacteria. Even doctors and biologist do not agree.

Hard facts are missing from both sides of the controversy. The Animal Health Institute claims that animals which have received sub-therapeutic doses of antibiotics in feed still respond well to therapeutic doses of antibiotics when they are sick, which indicates that no dangerous resistance levels have been reached. Others dispute his claim, saying that data on animals that die from untreatable disease is not adequate.

Their only point of agreement so far is that there is real disagreement and that the issue requires further study. Without the sub-therapeutic doses of antibiotics, farmers would have to buy 100 million more bushels of corn and 23 million more bushels of soybeans for swine and cattle alone, according to one expert. It could cost the consumer as much as \$2 billion in higher meat prices.

City Receives Tax Rebate From State

State Comptroller Bob Bullock said his office has mailed checks totalling \$18.5 million to 894 Texas cities as their January share of the one cent city sales tax.

Muleshoe's share of the tax rebate was \$5,403.82 according to the comptroller. Also, Littlefield received \$7,075.01 and Friona received \$23,401.97.

Bullock also reminded the 250,000 retail merchants who remit their sales tax collections on a quarterly basis that January 31 is the deadline for their next reports.

"If they haven't done so already, I'd suggest they put a big red circle around the date on their calendars because late reports can mean costly and time consuming problems for our merchants," he said.

Bullock said that the latest batch of rebate checks include two in excess of \$2 million for the cities of Dallas and Houston.

Houston, the state's most populous city, will get a check for \$4 million and Dallas will receive \$2.2 million.

San Antonio will receive \$984,163, Fort Worth, \$761,375, and Austin, \$600,346, and El Paso, \$507,051.

The local-option, one percent city sales tax is collected by merchants and other sales tax permit holders and remitted monthly to the cities by the Comptroller's office.

Bullock urged merchants who have questions or problems with preparing their sales tax reports to contact the nearest Comptroller's field office or call toll free 1-800-252-5555 for assistance.

Miss Noemi Anzaldua, Garza Exchange Vows

COUPLE MARRIED...Miss Tammie Diane Williams, daughter of Mrs. Mary Williams and Johnny Ray Vaughn, son of Mr. and Mrs. Johnny Vaughn, all of Muleshoe, were united in marriage Thursday, January 12, in Muleshoe. The couple will make their home in Muleshoe where the groom is employed by his father.

United in marriage in a candlelight ceremony Friday evening, December, 30, 1977, were Miss Noemi Dolores Anzaldua and Juan Francisco Garza. The couple were married in the Immaculate Conception Catholic Church in Muleshoe. Father Tim Schwartzner performed the double-ring ceremony.

Parents of the bride are Mr. and Mrs. Alias Noe Anzaldua of Muleshoe. Parents of the groom are Mr. and Mrs. Salvador Villarreal of Muleshoe.

Hanging palms flanked either side of the arc candelabras. Cathedral candelabras were on either side of the altar. Formal bouquets of white gladiolas, killion daisies, starburst and cushion pom poms flanked the spiral candelabras and formal arrangements were on either side. The aisles were highlighted by pew markers with arrangements of cushion mums, plumosus and white mums trailing from frosted globes. White mum plants bordered the embossed white aisle cloth. Organist was Miss Cynthia Isaac of Muleshoe. Alter boys were Eddie Perez and Lupe Rejino, Jr. Lura Leal gave the Bible Readings.

Escorted and presented in marriage by her parents, Miss Anzaldua wore a traditional gown of white poie de soie. The bodice was fashioned with a high stand out collar edged and scalloped with Chantilly lace. The see-through sleeves had lace flowers scattered and were cuffed with wide bands of lace. The A-line skirt was trimmed around the bottom with Chantilly lace. The tier held the layered veil and flowed into the chapel length train trimmed with flowers of Chantilly lace.

The bride carried the bouquet, "Mardi Gras" of pale pink to cranberry carnations and gypsophilia intermixed with porcelain flowers from Mexico.

Serving the bride as maid of honor was Miss Irene De La Cerda. She was attired in a formal length white dress of organza with gathered wide bands. The off shoulder effect sleeves extended to elbow length and gathered at the wrist. She wore a matching neck piece. She also wore a white shallow brimmed hat. The maid of honor carried "Cranberry Highlite" nosegay of pale pink carnations shading into

cranberry, accented by satin and lace bows.

Attending the bride as bridesmaids were Alice Lopez and Eva Gonzales. They wore dresses identical to those of the maid of honor. They carried "Delight" nosegays of carnations in shades of pink to dusky pink and gypsophilia. White lace and shades of satin streamers accented the nosegay.

Audry Ann Anzaldua served the bride as flower girl. She wore a long dress of white accented with a burgandy sash forming a bow in the back. The ringbearer, Irma Villarreal, wore a dress identical to the flower girl.

Serving as best man was Victor Leal of Muleshoe. Ushers were Roy Anzaldua, Hector Léal and Lionel Marroquin.

Mrs. Anzaldua, mother of the bride, was attired in a floor length dress of burgandy chiffon. The scooped neckline was accented with a chiffon rose pinned on the bodice. Sheer flowing sleeves and a pleated skirt completed the gown. Mrs. Villarreal, mother of the groom, wore a formal length dress of blue fashioned with a V-neckline. The gown featured three-quarter length sleeves and a sheer cape. Both the mothers wore a white orchid corsage.

Mrs. Josefina Garza, grandmother of the groom, wore a floor length dress of avocado and white. The dress featured a round neckline and fitted waist. The sleeves, fitted to the elbow, were a avocado chiffon. She wore a corsage of pink carnations.

The reception and dance following the ceremony, was held in the Catholic Center. The traditional three-tiered white

wedding cake was served on a table covered in white. Finger sandwiches, nuts and mints were served from crystal appointments. A gold coffee service and a fountain of flowing champiagn were served by Mrs. Roberto Alaniz, Mrs. Jesse Leal and Mrs. Josefina Marroquin. A gold candelabra with burning tapers and flanked with pale pink, dusty pink, cranberry and elegance carnations and gypsophilia was used for the centerpiece. The reception was catered by Mrs. Camp Bakery of Lubbock. Playing throughout the entire dance and celebration were two orchestras from San Antonio for the approximate 600 guests.

Primee Padrino were Mr. and Mrs. Jesse Leal, Padrino De Lazo were Frank Pastell and Mrs. Lupe Anzaldua, Padrino De Cojines were Mr. and Mrs. Segundo De La Cerda, Padrino De Arraz were Mr. and Mrs. Tony Jaramillo and Padrino de Biblia y Rosario were Mr. and Mrs. Alfredo Anzaldua.

The bride chose a burgandy and soft pink pantsuit for her honeymoon trip to Ruidoso, N.M. The couple will return to Muleshoe to make their home.

Attending the wedding from out-of-town were Mr. and Mrs. Fernando Dominguez, Kalamazoo, Mich., Mrs. Josefina Marroquin, McAllen, Mr. and Mrs. Frank Carasco, La Feria, Mr. and Mrs. Francisco Domingues, Mercedes, Frank Garcia, Albuquerque, N.M., and Joaquin Garza, Monterrey, N.L., Mexico.

Texas Hospitals Honor Briscoe

Governor Dolph Briscoe was honored today by the Texas Hospital Association (THA) when he was presented with an award citing his outstanding contributions to hospitals and health care delivery in Texas.

THA Chairman Richard L. Epperson, Administrator, King's Daughters Hospital, Temple, said "never has a Governor done more to improve the quality and availability of health care delivery in Texas than Governor Briscoe. He has made himself and the prestige of his office available continually since 1973 to help in every way possible."

Participating in the presentation were THA Past Chairman Sister Louise Scheessel, President, St. Paul Hospital, Dallas; THA Past Chairman William R. Cotner, Glenview Hospital, Ft. Worth; THA President O. Ray Hurst, Austin; officers and trustees of the THA and a delegation of hospital leaders from across the state.

THA President Hurst said "without the leadership, support, and guidance of Governor Briscoe over the past four years, much of the progress in hospitals would not have been made."

Hurst listed some of the major areas of involvement by Governor Briscoe over the past four years. These are:

...health planning legislation to implement Federal law at State level.

...legislation to improve the quantity and quality of education of technically trained health care professionals, resolving the hospital and medical professional liability insurance (malpractice) dilemma.

...strong opposition to the Federal guidelines for health

planning that would have reduced the availability of hospital care, particularly in the rural areas of the State.

A plaque was presented to Governor Briscoe which reads

"Māzāpān, a mixture of almond and sugar, is known as the "Old World Confection," says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System. In the U.S., this confection is usually molded into flowers and fruits, but in Europe, it takes the form of vegetables and even pictures of children.

"For his outstanding contributions to Texas Hospitals, 1973-1978."

THA is the Austin based trade association for over 700 hospitals and health care institutions in Texas.

Beef Supplies,

Demand Will Be Up In '78

There should be plenty of fed beef on hand to satisfy consumers during the year ahead, and consumer demand should also be up.

"This points to a somewhat better year for cattle producers," says Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service.

The amount of fed beef will generally be larger than in 1977, at least through the first half of the year, although the amount of "other" beef from cows and non-fed steers and heifers will be down from a year ago.

"Demand should also be boosted in 1978 due to increases in Social Security payments, proposed tax reductions, changes in the Food Stamp Program, a substantial gain in minimum wages, and continued growth in the general economic activity of the country," contends Uvacek.

What should cattlemen expect in the new year?

"Fed cattle prices may weaken a bit during the first calendar quarter but should gather strength by the middle of the second quarter," believes the specialist. "Lowest prices could come by late March and highest prices in June or July. Feeder cattle should follow about this same price pattern. Plenty of rain this spring could cause producers to temporarily over-price feeder types."

Choice fed slaughter steers in Amarillo should average about \$41-\$43 per hundredweight during the first quarter, then push upward to about the \$43-\$45 level for the April-June period. Heavier feeders will be priced close to feds from January to March, but price premiums are almost certain by the second quarter.

"The picture is improving, therefore, for most cattlemen although we still have a long way to go," contends Uvacek.
