WEIGHT MACHINE IN LOCKER ROOM--A much-used piece of equipment at Muleshoe High School is the weight machine. The machine was purchased by funds obtained by the Muleshoe Athletic Booster Club for use of all athletes with the schools. The piece of

equipment can be used simultaneously by up to 22 boys. Incorporated in the machine are weight-lifting, muscle-building, bars, slat bars, and other work-out equipment.

MHS Varsity Students Win Third, Fourth At Friona

Competing in the Invitational Track Meet at Friona last Saturday were both the varsity girls

Muleshoe Fine Arts Booster Club will meet at 8 p.m. on Monday, March 20, in the band hall at high school.

Main item of discussion will be the upcoming dinner theatre and all parents have been urged to attend.

Muleshoe City Policeman Gary Burkhart broke an ankle while on a skating party Monday night.

He underwent several hours of surgery Tuesday at Methodist Hospital in Lubbock. He is in room 256 at the hospital.

Joe Yruegas, employed on the construction at Valley Grain Crop, east of Muleshoe, was injured Tuesday afternoon at work.

He was transferred to a hospital in Lubbock treatment of back injuries.

and boys. In the meet, the varsity girls finished in third among the 11 teams entered and the varsity boys were in fourth place in the nine teams entered.

Muleshoe varsity girls had 63 points.

Both Shelly Dunham and Glenda Rasco broke a school record established by Tammy Hicks in 1977. Tammy had a discus record of 81 feet, five inches. This was broken by Shelly Dunham, who had 100 feet, 10 inches, for a second and Glenda Rasco, who was fourth in discus with 89 feet, eleven and a half inches.

Shelly also had second in shot putt with 36 feet, one inch.

Frances Brown was sixth in the 100 yard dash with a time of 12.5 and Sandra Huges was fifth in the mile run at 6:45.4.

Muleshoe varsity girls' 44 relay team was second at 52.8. Team members included Frances Brown, Evelyn Grace, Debra Washington and Shelly Dunham.

The 880 relay team was third at 1:55.1. Team members were Kanetha Hysinger, Evelyn Grace, Debra Washington and Shelly Dunham.

Also in third place was the mile relay team, with 4:34.2. Team members included Frances

Brown, Lupe Pacheco, Shelly Dunham and Evelyn Grace.

Muleshoe's varsity boys had 66 points. First place Friona had 122; Olton, 115; Tulia, 77; Muleshoe, 66; Farwell, 57; Har-

City Planning Commission Sets Priority

During a meeting Monday night of members of the City Planning Commission, at least two items of priority were established.

Discussed was the extraterritorial jurisdiction, with no major changes anticipated at this time. Also given close consideration was the possibility of zoning the city. Zoning will be further discussed in future meetings.

Planning Commission members were given copies of the recent city traffic report to study, with plans to make recommendations for implementing traffic changes.

Jeff Smith Named New Golf Pro

Many of you will remember Jeff Smith, who moved to Muleshoe nearly two years ago as assistant to the golf pro. Most of you enjoyed his well-written golf stories he provided for publication to The Journals. Well, for those of you who have missed the former Des Moines, Ia. resident, he's back, and this time as the golf pro at the Muleshoe Country Club.

And with him, the 24 year old-bachelor pro has brought an assistant, another bachelor, and from Iowa. The new assistant is Gary Hayworth, 22, also of Des Moines.

Smith and Hayworth begin their new duties Sunday at the country club. Smith said, "I hope to have more small club tournaments than in the past, and the main thing I hope to accomplish is to try to promote golf."

He added that in a small club like the one at Muleshoe, he plans to institute the "one family concept" and get more people active. Also, he said women members don't get enough attention and he plans to golf with women members one day a week.

"Come out and have a cup of coffee and get acquainted," he concluded. "I will be open to ideas from anybody." For information call him at 272-4250.

they, 36; Littlefield, 12 and Nazareth, 12.

Jeep Shanks, Bones Norman, Felix Norman and Quincy Kirvin were members of the 440 relay team who were seventh with a time of 48.4.

Curtis Elder was fifth in the 880 yard dash; with a time of 2:14.9; Mae Norman had a time of 2:19.9 as did James Atwood.

In the 120 high hurdles, Terry Shafer had a time of 17.6 and Charles Walker had 18.0; Jeep Shanks had an 11.3; Felix Norman, 11.6 and Quincy Kirvin, 11.8 in the 100 yard dash.

Jerry Wheat had a fourth place in the 440 yard dash with a time of 57.7; Bones Norman had 58.3 and Pablo Gonzales, 60.3.

Terry Shafer turned in a 48.1 in the 330 yard intermediate hur-

Babe Ruth Meeting Set Today

All interested parents, prospective coaches and officials of Babe Ruth baseball are urged to attend a meeting tonight, Thursday, at 8 p.m. in the Tri-County Savings and Loan meeting room.

Plans for the 1978 Babe Ruth season will be discussed and formulated.

Civic Center Guidelines Are Discussed

Meeting with the Bailey County Commissioners Court Monday were three members of the Muleshoe Jaycees. Terry Gunter, Richard Kimbrough and Gene McGuire discussed with commissioners proposed operational guidelines for the Bailey County Civic Center and Coliseum.

It was announced that construction of the civic center is not expected to be completed before late in May or in June. Several minor problems remain to be worked out.

Commissioners approved a telephone line to be installed in Precinct Four in a right-of-way and approved an additional payment for Engineering Associates for the Civic Center construction.

They approved the purchase of a new typewriter for the Bailey County Tax Assessor's office, and approved hiring one more person to be daytime help in the Bailey County Law Enforcement Center. The new employee will be trained as a radio dispatcher for daytime radio.

John Hill Campaign Comes To Muleshoe

First scheduled to visit Muleshoe over a month ago, and finding her trip postponed because of snow and ice, Mrs. John (Bitsy) Hill was a smiling visitor here Tuesday morning.

Several persons greeted her at the Muleshoe State Bank community room as she is on the campaign trail on behalf of her husband, John Hill, the present Texas Attorney General and gubernatorial hopeful.

She said she is campaigning for her husband, as he cannot devote full time to campaigning as he is the Attorney General and that has to come first.

She said a major priority of her husband is in the field of education. Two major points of concern are to revamp the educational system and to see about revising the methods of tax assessments for property taxes which go into education.

"He feels teacher benefits should be raised to the national average," she commented. "He also believes in giving incentives to keep better teach-in the system. We can cure a lot of ills if we give our children a better

education when they are young to give them a better chance as adults."

"Mrs. Hill said her husband is also very concerned about law enforcement in the smaller communities. She said he thinks that certainly criminals are becoming more sophisticated than ever, and that it is imperative to continue to train law enforcement people to be the best of the state's ability."

In smaller communities, the law enforcement officers have disadvantages, she added. She said John Hill feels that the state should supply per diem pay for training people who carry guns.

"Anyone who carries a gun should be given all possible training," added Mrs. Hill. The candidate's wife said her husband was very disappointed during the last legislature when property tax revisions were not approved. The measure failed to pass by only one vote.

She emphasized that if the property tax relief bill had been voted on, the farmers would

Fine Arts Club Dinner Theatre Set March 31

Muleshoe Fine Arts Boosters annual dinner theatre will be presented Friday, March 31. Dinner will be served in the Muleshoe High School cafeteria from 6:30 p.m. and the play will begin at 8:15 in the high school auditorium.

The \$3.50 admission will include both the meal and the play.

Shakespeare's "Twelfth Night" will be the production this year. Four of the characters play a practical joke on one of their detested household members and the consequences are classic for fun and hilarity, according to a Fine Arts Booster spokesman.

Ernie Vela plays the Fool; Royce Clay, Tody Belch; Martin Nowlin, Sir Andrew; Lavayne Lloyd, Maria; Brad Baker, Malvolio and Lisa Redwine, the Countess Olivia.

Tickets for the dinner theatre are available at Williams Bros. Office Supply; Bratcher Motor Supply or from any member of the junior high school or high school art, band or speech departments.

3-Way School Board Will Hold Election

On Saturday, April 1, the Three Way School will conduct an election to choose new board members.

Candidates seeking election include Bobby M. Foley, Charles Latimer, J.E. Layton, incumbent; Dale Nichols, incumbent and Frank Stegall II.

This year, for the first time, elections will be in the classroom of the new ag building at the school, said Superintendent Bert Grimes.

Absentee voting, which begins Monday, March 13, will be concluded on March 28. Persons voting absentee may do so during school hours at the school tax office.

Two More Coaches Give Resignations

One major item on the school board agenda which was approved was the authorization to secure bids for a 60 by 100 foot metal warehouse to be located south of the tennis courts on the high school campus.

It was explained that his building is proposed to replace the old barracks building located south of the school bus

Incorporation Seminar Set Here March 30

For a minimal \$2 fee, the U.S. Small Business Administration, in conjunction with the Muleshoe Chamber of Commerce and Agriculture, plan a tax seminar in Muleshoe on March 30.

Tommy Black, executive director of the Muleshoe C of C, said the seminar would be of particular interest to small business owners who could decide whether or not to incorporate.

It will be pointed out during the seminar what legal and tax benefits are enjoyed by small business already incorporated or considering incorporating.

Included in the seminar will be both advantages and disadvantages of incorporating not only small businesses, but the possibility of incorporating farms in the area.

Also during the seminar, the steps to be used in the incorporation process will be discussed.

All interested persons are asked to attend the seminar at the Muleshoe City Hall on Thursday, March 30 at 7 p.m.

Credit Union Plans Supper For Members

Officers of the Muleshoe Federal Credit Union will fete all members of the local CU with a free chili supper and homemade ice cream Friday, March 17, at 7:30 p.m. in the Muleshoe High School cafeteria.

Instrumental music and Gospel quartet singing will be provided during the meal.

On the agenda will be election of new officers and reports on the credit union.

Credit union members attending the Chili supper will be drawing for a color television and other door prizes.

Members are reminded that the Muleshoe Federal Credit Union has moved to Bratcher Motor Supply at 107 E. Avenue B and the new treasurer is Mrs. Charles Bratcher. Office hours are from 9-12:30 on Monday, Wednesday and Friday.

garage. School officials explained that the present building is a fire hazard, much too small and beyond economical repair.

Superintendent Neal Dillman said, "The schools are in drastic need of more space for storage of student desks, bulk orders of janitor supplies, chemicals and paper. This will also provide space for maintenance personnel to do repair work on furniture and equipment."

During the meeting Monday night, teachers were re-employed for the 1978-79 school year and three resignations were accepted.

Resigning were Gary Goodin, teacher and coach and Lester Kirkland, teacher and coach. Both resignations are effective at the end of the present school year. Both will join Don Cumpston at Hereford High School.

Also resigning was Wanda Gramling, HECE teacher at high school. She is retiring from teaching at the end of the current school year.

Unemployment for teachers was discussed. Superintendent Dillman said local schools are forced to participate through state legislation. The unemployment benefits are to be paid by the school districts on a local level. The Muleshoe schools have joined the group sponsored by the Texas Association of School Boards.

According to one discussion, Civil Rights personnel from the Dallas Regional Office of HEW will be visiting the local schools

Holy Week Will Start On Monday

Plans are being finalized this week for the annual Holy Week Services scheduled for March 20-24.

Sponsored annually by the Bailey County Ministerial Alliance, the services are hosted by the First United Methodist Church of Muleshoe.

Different ministers from Muleshoe and the area will conduct the daily programs which will start at 12:05; and the services and meal will be concluded in time for working people to be back to work by 1 p.m.

"Sowing and Reaping" is the theme of the services this year.

Child care will be provided for the services, but parents are asked to feed their children just before bringing them to the nursery, or pick them up immediately following benediction and provide their meal.

NEW GOLF PROS--Jeff Smith, left, who was formerly assistant golf pro in Muleshoe has returned as the pro. His new assistant is Gary Hayworth, who is moving to Muleshoe from Des Moines, Ia. They assume their new duties this Sunday.

CANDIDATE'S WIFE VISITS--Mrs. John Hill, wife of Attorney General Hill and gubernatorial hopeful was a visitor in Muleshoe Tuesday. While here, she spent some time visiting with Harvey Bass, center, Democratic County Chairman and Corky Green, Bailey County Attorney. Mrs. Hill visited with several local and area residents while here.

Farm Bureau Supports Land Retirement Bill

The American Farm Bureau Federation supports the concept in a one-year, land-retirement bill that could put money into farmer's hands in the next few weeks, according to the president of the Texas Farm Bureau. Carrol Chaloupka of Dalhart said Thursday the AFBF Board of Directors has endorsed the concept of the Talmadge-Dole Bill (S.2690). The Board's recommendation also encourages Secretary of Agriculture Bob Bergland to use his discretionary administrative authority to proceed with this bill as a guideline to activate an effective set-aside program, the TFB president said.

Chaloupka is a member of the AFBF Board which met in the nation's capital March 6-9. The adopted proposal carries out set-aside recommendations made by the TFB and other state Farm Bureaus.

The proposal, introduced by Senator Robert Dole (R., Kan.) and Senator Herman Talmadge (D. Ga.), would pay farmers some \$2.3 billion to withhold from production not less than 31 million acres of cropland that otherwise would be harvested or planted in wheat, corn, grain sorghum, barley, cotton, and soybeans.

The bill does not increase target prices or loan levels, but provides diversion payments to take 15 million acres out of wheat, 10 million acres out of feed grains, 3 million acres out of cotton, and 3 million acres out of soybeans, in addition to the existing set-aside requirements.

Estimated outlays are \$2.3 billion, but his could be offset by elimination or reduction in amounts paid for target price deficiency payments to wheat, feed grain, and cotton farmers. Deficiency payments—the difference between the government set target price and the market price—are now estimated at \$3 billion.

If price objectives of the additional set-aside are reached, there could be a net savings of \$700 million, Chaloupka said. Key features of the Talmadge-Dole Bill are:

- (1) The program would be voluntary. Each farmer would be free to participate or not to participate.
- (2) The 31 million acres to be set-aside would be in addition to the land that would be set-aside under the programs already announced for wheat and feed grains. In order to qualify for payments under the program, a farmer would have to participate in the set-aside programs the Secretary has already announced.
- (3) To prevent the benefits of the program going only to landowners, the Secretary would have to promulgate regulations that provide adequate safeguards to protect the interests of tenants and sharecroppers.
- (4) The payment limitation provisions of the Food and Agriculture Act of 1977 would not be applicable to payments under this program.
- (5) The acreage specified in the bill would only be a minimum. The Secretary could require that more land be set-aside to achieve reasonable price objectives.

(6) The Secretary would be required to administer the program in such a manner as to avoid the destruction of crops already planted to the extent possible.

(7) The Secretary would be required to limit the total acreage in any county or local community so as not to adversely effect the local economy.

(8) The amounts that would be paid to individual producers would be determined through the submission of bids. However, it is estimated that the national average of payments to producers would be about \$75 an acre.

(9) The Secretary would be required to make partial payments under the program immediately after contracts with the producers are consummated.

CIVIC CENTER CONSTRUCTION--Still continuing is construction of the Bailey County Civic Center and Coliseum. Workmen were busy Monday afternoon with the roof of the front portion of the building. It is not expected to be ready for occupancy until late May or in June.

Governor Briscoe Asks Farm Relief

Governor Dolph Briscoe has called on President Carter and the Congress to provide, with delay, relief to the agricultural community.

"Our agricultural producers in Texas and throughout the nation are caught in a vicious cost-price squeeze that requires immediate action," the Governor said in a letter to the President.

The Governor urged President Carter to consider:

- Requiring that all federal agencies to purchase only beef and beef products produced in the United States.
- Requiring that all imported agricultural products meet the

same inspection standards as domestically produced goods.

The Governor also asked President Carter to support legislation requiring imported beef to carry an identification label which would allow American consumers to differentiate between foreign, imported beef and domestically produced beef.

Presidential support also was sought by the Governor for legislation which would establish new target prices for wheat, upland cotton and feed grains.

"The Flexible Parity Act would allow individual farmers to determine what percentage of the target price they would receive while balancing that determination against the percentage of their acreage which would be taken out of production," the Governor said.

"Current federal efforts are not adequate to respond to the problems that threaten the very existence of the independent farmer," Governor Briscoe said in his letter. "I therefore recommend that you take immediate responsible actions to place agricultural products on a sound economic footing."

The Governor's letter, written March 7, pointed out that he, in 1975, signed into law requirements that all beef and dairy products purchased by Texas State-supported agencies be produced in the United States.

The Governor said that "in the interest of reciprocal trade, it is neither practical nor desirable to place an embargo on all imported agricultural goods."

"But, it seems fair and reasonable that all imported agricultural products must meet the same inspection standards as domestically produced goods."

"Not only would this requirement be in the best interest of the farmer, but it would also be in the best interest of better health standards," the Governor said.

County Agricultural Stabilization and Conservation offices are now in the process of figuring the "established" yield to be used on each farm in the 1978 government cotton program, following a new formula just in from Washington.

The results will affect potential producer benefits under the program, and this in turn may have some effect on producer planting decisions.

Producer payments under the disaster section of the program, and price deficiency payments, if any, will be based on each farm's established yield as opposed to actual yield. Disaster payments will be made to program cooperators at the rate of 17.3 cents per pound times the established yield when crops are destroyed or production severely reduced by drought, hail or other factor beyond producer control. Price deficiency payments, which will be due only if the national average price paid to farmers in 1978 falls below the 52-cent target price, will equal the amount of the short-fall times established yield.

In essence the new ASCS instructions call for basing established yields on the average actual yields for the past three years. However the average yield for the best four of the last five years will be taken, and if this average is below any one of the yields of the last three years, the four-year average will be substituted for that low year.

The three-year average calculated in this manner will be the farm's established yield, except that no farm's 1978 established yield will be lowered more than ten percent from 1977. Thus farmers at this reading can assume that their established yield for 1978 will be at least 90 percent of the 1977 established yield. And, since 1973 and 1977 were both good years, some farmers may have a higher established yield in 1978 than in 1977.

In forming an example of the new yield-computing formula, Plains Cotton Growers, Inc., Lubbock, used 1973 through 1977 average actual yields for the 25 High Plains counties in PCCG territory. The area average was 498.1 pounds per acre in 1973, 263.5 pounds in 1974, 278.8 pounds in 1975, 365.46 pounds in 1976, and is estimated at 445 pounds in 1977.

Thus the average of the best four of these five, leaving out 1973, comes to 396.8 pounds per acre. This figure substitutes for the low 278.8-pound yield of 1975, giving a three-year average, 1975 through 1977, of 402.4 pounds per acre.

This figure would be the 25-county average established yield, assuming that the ten percent reduction limit did not come into play.

Land Bank Officers Attend Meet

James B. Glaze of Muleshoe, has just returned from Houston where he represented the Federal Land Bank Association of Muleshoe at the annual stockholders meeting of The Federal Land Bank of Houston. The meeting, held at the Hyatt Regency Houston, was attended by members of 65 Federal Land Bank Associations in Texas. There were about 550 persons in attendance.

George W. Cunningham, President, in his report to the stockholders, stated that there was an increasing demand for new loans in 1977 and four of the last five years' loan closings have exceeded \$200 million.

Speakers for the meeting included Donald E. Wilkinson, Governor of the Farm Credit Administration, Washington, D.C., and Dr. Carl G. Anderson, Extension Economist in Marketing, Texas A&M University.

The Federal Land Bank of Houston makes long-term loans on farms and ranches throughout Texas and currently has 34,000 loans for approximately \$1.3 billion outstanding.

The Federal Land Bank Association of Muleshoe makes and services loans in this area. Members of the Board of Directors are Gordon Duncan, Morris Douglass, Jim Claunch, A.L. Hartzog and Gordon Duncan.

Others attending the meeting from this area were Mrs. James B. Glaze, Mr. and Mrs. Gordon Duncan and Mr. and Mrs. Ernest Kerr. Kerr is the manager of the Federal Land Bank Assoc. of Muleshoe.

Senate panel appears certain to add changes to treaties.

Farmers, Wives In Washington

Sixteen local and area farmers left Tuesday evening and Wednesday for Washington. This time, most of the group were accompanied by their wives, as farm and ranch women are beginning to organize.

Representing the local American Agriculture Movement in Washington, D.C. for a three day meeting will be Mr. and Mrs. Terry Wheeler; Mr. and Mrs. J.E. Layton; Mr. and Mrs. Royce Turner; Mr. and Mrs. S.K. Flatt; Mr. and Mrs. Jake Saylor; Mr. and Mrs. Wilcy Moore; Mr. and Mrs. Billy Gore; Gary Glover and Jerry Harrison.

Hearings on the proposed farm bills are expected to be concluded and the Dole-Bentsen bill, which is backed by the farmers, is expected to be considered for approval.

"When God Created Mothers..."
When the good Lord was creating Mothers he was into his sixth day of "overtime" when the angel appeared and said, "You're doing a lot of fiddling around on this one."

And the Lord said, "Have you read the spec on this order?"

She has to be completely washable, but not plastic. Have 180 movable parts...all replaceable. Run on black coffee and leftovers.

Have a lap that disappears when she stands up. A kiss that can cure anything from a broken leg to a disappointed love affair.

And six pairs of hands. The angel shook her head slowly and said, "Six pairs of hands...no way."

"It's not the hands that are causing me problems," said the Lord. "It's the three pairs of eyes that Mothers have to have."

"That's on the standard model?" asked the angel.

The Lord nodded. "One pair that sees through closed doors when she asks, 'What are you kids doing in there: When she already knows. Another here in the back of her head that sees what she shouldn't but what she has to know, and of course the one here in front that can look at a child when he goes up and say, 'I understand and I love you' without so much as uttering a word."

"Lord," said the angel touching His sleeve gently, "Come to bed. Tomorrow..."

"I can't," said the Lord, "I'm so close to creating something so close to myself. Already I have one who heals herself when she is sick...can feed a family of six on one pound of hamburger...and can get a nine-year old to stand under a shower."

The angel circled the model of a Mother very slowly. "It's too soft," she sighed.

"But tough!" said the Lord excitedly. "You cannot imagine what this Mother can do or endure."

"Not only think, but it can reason and compromise," said the Creator.

Finally, the angel bent over and ran her finger across the cheek. "There's a leak," she pronounced. "I told you you were trying to put too much into this model."

"It's not a leak," said the Lord, "it's a tear."

"What's it for?"

"It's for joy, sadness, disappointment, pain, loneliness and pride."

"You are a genius," said the angel.

The Lord looked somber. "I didn't put it there."

"When God Created Fathers..."

When the good Lord was creating Fathers He started with a tall frame.

And a female angel nearby said, "What kind of father is that? If you're going to make children so close to the ground, why have you put fathers up so high? He won't be able to shoot marbles without kneeling, tuck a child in bed without bending, or even kiss a child without a lot of stooping."

And when God made a father's hands they were large and sinewy.

And when God made a father's hands they made a father's hands, they were large and sinewy.

And the angel shook her head sadly and said, "Do you know what you're doing? Large hands are clumsy. They can't manage diaper pins, small buttons, rubber bands on ponytails or even remove splinters caused by baseball bats."

And God smiled and said, "I know, but they're large enough to hold everything a small boy empties from his pockets at the end of a day...yet small enough to cup a child's face in his hands."

And then God molded long, slim legs and broad shoulders.

And the angel nearly had a heart attack. "Boy, this is the end of the week, all right," she clucked. "Do you realize you just made a father without a lap? How is he going to pull a child close to him without the kid falling between his legs?"

And God smiled and said, "A mother needs a lap. A father needs strong shoulders to pull a sled, balance a boy on a bicycle, or hold a sleepy head on the way home from the circus."

God was in the middle of creating two of the largest feet anyone had ever seen when the angel could contain herself no longer. "That's not fair. Do you honestly think those large boats are going to dig out of bed early in the morning when the baby cries? Or walk through a small birthday party without crushing at least three of the guests?"

And God smiled and said, "They'll work. You'll see. They'll support a small child who wants to ride a horse to Banbury Cross, or scare off mice at the summer cabin, or display shoes that will be a challenge to fill."

God worked throughout the night, giving the father few words, but a firm, authoritative voice; eyes that saw everything, but remained calm and tolerant.

Finally, almost as an after-thought, He added -tears. Then He turned to the angel and said, "Now, are you satisfied that he can love as much as a mother?"

The angel shutteth up.

already have some relief, and not be facing the large taxes.

Traveling with Mrs. Hill was Carl King, Committeeman for the 21st Democratic District Committee, which encompassed 25 counties.

He stressed that he was traveling on a personal basis, and that he decided to back John Hill because "John Hill has helped the farmer. He has stuck his neck out for other than political reasons. I am firmly convinced that John Hill supports the farmer."

"He has leadership and expertise to put the state in proper perspective," said the Dimmitt farmer.

King said that in his campaign talks before being elected, Dolph Briscoe said he was going to put Texas as the number one state in agriculture. "How are you going to do with a bunch of broke farmers," asked King.

King also said the farmers wanted no handouts, they want the loan rate increased, and raise the world price of grain.

"Let's write a farm bill, not only good for American farmers, but also for American people," he stressed. "Let's send the bill to the President and if he so chooses to veto the bill, let the burden fall on his shoulders when there is no food available at any price."

Speaking briefly was Gordon H. (Corky) Green, Bailey County Attorney. He said he thinks General offices around the state. "By doing this he is able to bring the service of the offices to the people instead of the people having to go to Austin," commented Green.

"Purpose of the satellite offices is to help people with service complaints and people who can't afford to hire lawyers can go to the satellite offices to get something done with their complaints."

School...

It was approved to sell two old school buses by acquiring bids.

Easter vacation will be one day shorter this year. The board voted unanimously to shorten the Easter Vacation by one day in order to make up for the day lost due to bad weather. The board members decided this was a better alternative than extending the last day of school by one day, and forcing the schools to have the final day on Monday, May 29, which is Memorial Day.

School will be dismissed Thursday, March 23, Friday, March 24 and will resume on Monday, March 27.

Discussed during the meeting were the current financial reports for all departments of the school, and approval was given the 1978-79 athletic budget as proposed by Athletic Director Mike Wartes.

Board members adopted the new state textbooks as recommended by the local textbook committee.

Reviewed were upcoming workshops and meetings, along with current enrollment, library circulation and the upcoming election.

School children with behavioral problems or who are doing poorly in the classroom may be suffering from undetected hearing losses. Such students should have a hearing test to determine if that is the source of their problems.

MISS JUDY LAMBERT

Miss Lambert Feted With Gift Tea

Miss Judy Kay Lambert was honored with a gift tea, Sunday afternoon, March 12, in the educational building of the Community Church.

Many of Miss Lambert's furnishings were destroyed in a recent fire at Lambert's apartments. The serving table was covered with a floor-length polyester lace cutwork cloth. The centerpiece was a yellow silk flower arrangement, which was later presented to the honoree by the hostess. Dessert breads and pinapple from punch were served by Mrs. Joe Fahtrapp, and Mrs. Loyd Garlington.

A money tree was presented to the honoree, along with many beautiful gifts, replacing treasured items of Miss Lambert's that were destroyed in the fire. Guests were registered by Mrs. Dean Spraberry. Special guests present were: the honoree's father, Mr. Woodie Lambert, and aunts, Mrs. Lillie Simpkins, Mrs. Jim Lane, and Mrs. Victor Foss.

Hostesses were Mrs. M.C. Street, Mrs. Gary Mac Brown,

COLLEGE STATION-- Eggs, onions and potatoes highlight this week's most economical buys at Texas grocery markets. Other features include canned tomatoes and corn, along with dairy items, reports Mrs. Gwendolyn Clyatt, a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's shopping forecast is as follows:

POULTRY--Prices are up slightly on eggs, but they are still among the three least expensive among the three least expensive, widely available protein sources (dry beans and peanut butter are the others).

Fryer chickens have feature prices occasionally in some markets, especially the whole bird or mixed parts.

Bula News

By Mrs. J. Blackman

Mrs. Ben Pierce, and son, Jack, are now residents of the Jewell's Hospitality House, Littlefield. They were transferred there from a recent stay in the hospital. They would appreciate having visits from their Bula friends.

Brother Riley will be leading a study on lessons from the Upper Room. These will be on Sunday, and everyone is invited to attend.

Mr. and Mrs. Warner DeSautell, of Slaton, spent Sunday with her parents, Mr. and Mrs. John Latham.

Mrs. Fred Locker, and her sister, Mrs. E.N. McCall, of Enochs, attended the funeral of their cousin, Mr. Claude Hopper, Thursday, with funeral services held at the funeral chapel in Fort Sumner, N.M., and burial in the Tiban, N.M. cemetery.

Mr. and Mrs. Iris Redden of Cisco, visited Saturday afternoon in the home of Mr. and Mrs. F.L. Simmons. The Reddens lived at Bula several years ago.

Mr. and Mrs. Cecil Jones drove in Muleshoe after church

services, Sunday, at the Church of Christ, and had lunch with friends Mr. and Mrs. Gene Low. They attended the singing Sunday afternoon at the Church of Christ, in Muleshoe.

Mrs. Ben Davila is spending a few days with her parents, Mr. and Mrs. Quinton Tamez; in Mathis, Texas. She is also visiting with her brothers and sister in that area.

Mr. and Mrs. Fred Locker have recently returned from a two weeks stay at their lake home, at Falcon Lake. While they were there, their son and wife, Mr. and Mrs. Alvin Lee Locker, and son, Jeff, of Dallas, spent some time with them.

Fad diets which recommend severely limiting "carbohydrates" causes an imbalance in our diet by forcing our body to deal with very large amounts of both fat and protein for energy.

This may result in kidney damage and if carried to excess may increase the chances of coronary diseases. Nutritionists recommend that at least 50 percent of our calories (energy) be supplied by carbohydrate. Good sources are vegetables, fruits and whole grains.

DAIRY--Features most often available include sour cream, yogurt, butter, margarine and a variety of cheeses.

West Camp Family Night

Accessories Update Wardrobes

Fashionable accessories are an easy, fun and relatively inexpensive way to update a wardrobe, says Becky Culp, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

For spring and summer, women's accessories follow the overall feminine fashion lead. Flexible, charming and simple in soft colors and textures best describes the overall accessory picture, she explains.

Look for bags that are practical -- pouchy and unconstructed lines in nylon, cotton, canvas and leather. Choose from big or small size to best meet individual needs and compliment the figure.

Belts in glove leather, jute or

leather/string combinations are the perfect tie-on for loose tops, waisted dresses and blouse/skirt or pant combos.

Shoes vary from low-heel, sporty sandals to high wedges, platforms or slender heels. Canvas, leather, grosgrain ribbon, rope and pearlized looks that tie, wrap and strap the feet make for putting the best foot forward, the specialist continues.

Always an irresistible favorite, visualize jewelry with intricate finishes, feminine hearts and flowers and antique and arty influences. Neckline pins, bangle bracelets, drop necklaces, combs for the hair and dangle, button and stud earrings flatter the face.

NEW MEMORIAL CHAIRMAN--Mrs. Jack (Martha) Young served as memorial chairman for eight years, from 1970-1978. She is now resigning and Mildred Davis has offered her services as memorial chairman.

Wives Employment Has Small Effect On Marriage

COLLEGE STATION -- A wife's employment has little effect on the marriage relationship after spouses go through a short adjustment period, according to a study by Dr. Alan Booth of the University of Nebraska.

Booth's study was done following previous research that reported greater stress for husbands of employed women than for husbands whose spouses were housewives. Debby Johnson, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

The previous research indicated that husbands of women who worked outside the home face more stress, were in poorer physical health, and were less satisfied with their marriage than husbands of housewives, Miss Johnson explains.

However, Booth's more recent findings show the problems which stem from a wife's employment tend to decrease within about one year, Miss Johnson adds.

Booth reports that couples generally go through a period of adjustment immediately after the wife enters the labor force. During this time, couples must modify their way of living, as well as adjust to role changes, schedules and daily chores, he says.

Booth speculates that the advantages include added income and the wife's feeling of self-fulfillment, Miss Johnson continues.

In addition, dual-career couples reported that expression of love was unchanged and that there was a decline in the wife's criticalness after she became employed outside the home, according to the study.

FHA Attends Area Convention

The Lazbuddie FHA Chapter attended the Area I convention, this past weekend, in Amarillo. The chapter gave a workshop entitled "Show and Tell" to other area chapter members. Encounter III recipients, Pam McDonald and Sabrina Vincent, were honored, Friday night, with a special party. The group returned home, Saturday afternoon, with an abundance of new knowledge.

New Memorial Chairman For Library

Martha Young, Memorial chairman for the library, resigned this past week, and Mildred Davis has volunteered her services in this capacity. Martha, who has served for many years, and done a beautiful job, receives many thanks and appreciation from the librarian, the Friends of the Library, and the City of Muleshoe. She was presented a certificate of appreciation for her fine work by Librarian Anne Camp, who said, "most people do not realize that this job involves keeping a set of books on the finances; listing all Memorials in the Memory Book; sending the families an engraved card listing all memorials given; and depositing the money in the bank." In the future Memorials may be given to Mildred Davis, as well as the library, whichever is more convenient. The books are ordered by Anne Camp, and a memorial plaque is placed in each book, before it is shelved for the public to enjoy. For Memorials of 100.00 or more, the library will continue to place an engraved brass plaque on the large display hanging in the main lobby of the library. To date there are 21 people whose names are on this honor roll; and hundreds of books have been placed on the shelves through the Memorial fund.

If you wish to place a book in memory of a friend or loved one, or want more information about Making a memorial you may call the library 272-4707. Recent Memorials given to the Muleshoe Area Public Library are as follows:

Arthritis Is Number One Crippler

What do Johnny Bench, Henry Fonda, and Lady Bird Johnson have in common? They all are victims of America's #1 crippling disease, Arthritis.

"Getting the facts straight about arthritis can help you or someone you love," recommends Robert Burbridge, chapter representative to the Plains Division of the Arthritis Foundation.

"The myths surrounding ar-

thritis can really hurt people when they are prevented from getting proper care," says Burbridge. "Those who put down arthritis as just minor aches and pains are just as bad as those who think nothing much can be done."

In fact, Burbridge pointed out that some forms of arthritis can cause constant pain, all over the body, and severe joint deformity if allowed to progress un-

checked. Over 3.5 million Americans have become handicapped in this way.

Yet, with proper modern treatment, a great deal can be done. Pain can be alleviated. Much and sometimes all crippling can be prevented. Crippling which already has occurred can be greatly reduced and corrected through surgery.

The patient who seems a qualified physician in the ear-

ly stages of the disease can expect to be saved from its most serious efforts. Only a trained physician can properly diagnose which of the nearly 100 types of arthritis a victim has and determine the best treatment.

To get all the facts straight, Burbridge suggested writing for a free booklet, "Arthritis-The Basic Facts," available from the Plains Division of The Arthritis Foundation, Box 3335, Lubbock, Texas 79410.

Buy Garden Seed And Fertilize

Don't wait until the last minute to buy seed and fertilizer needed for spring garden, advises Spencer Tanksley, county extension agent with the Texas Agricultural Extension Service.

The demand for garden goods and supplies increases sharply as the spring season approaches and may make some supplies short. This is particularly true for seed of some of the more popular home garden ve-

getables.

The county agent says that good viable seed for recommended vegetable varieties for Bailey County is one of the most important aspects of successful vegetable gardening. Proper varieties is one of the keys to a successful backyard garden. Many gardens are failures simply because poor seed of non-recommended varieties are used.

A list of recommended varieties for Bailey County is available at the county Extension office. Varieties recommended by the Texas Agricultural Extension Service are based on commercial as well as garden plantings and are the results of several years of testing.

With regard to garden fertilizers, Tanksley says that most gardeners could probably use less fertilizer and still do well.

However, fertilizer usage should not be cut back without taking a soil test. A soil test is the best basis for garden fertilization and will go a long way toward insuring the success of home vegetable garden. A soil test kit can be obtained from the county Extension office.

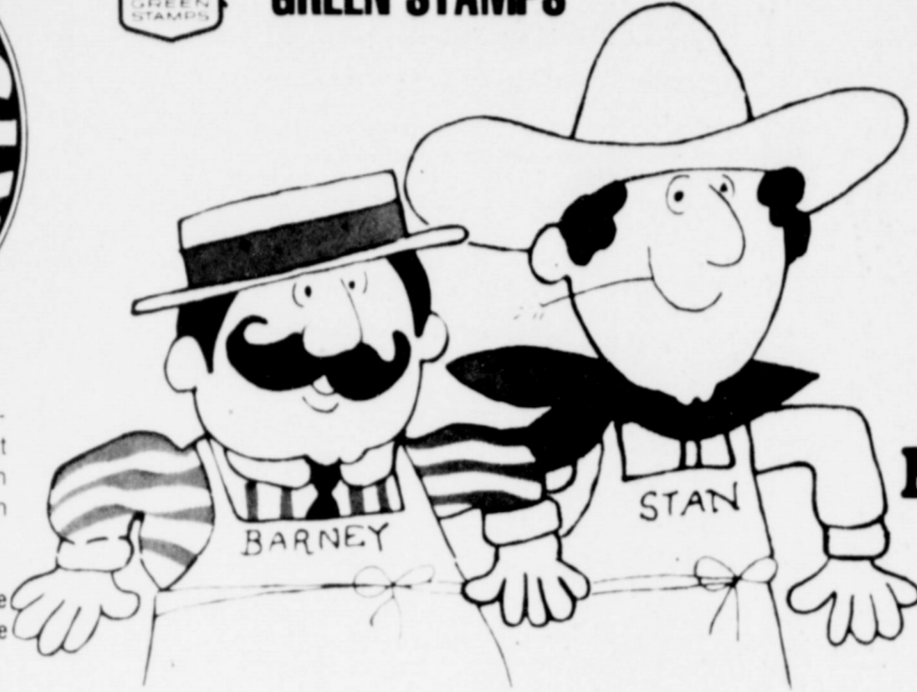

For a productive garden in 1978, fertilizer properly and plant recommended varieties, suggests Tanksley.

BARNEY'S BOILED DINNER

Now, here's a hearty, hot meal that can simmer slowly all afternoon while you run about and do your chores. Just start with delicious corned beef from Piggly Wiggly and our crisp farm fresh vegetables.

And the next day if you have any corned beef left over - it will make a super-tasty sandwich.

4 lbs. brisket
1 bouquet garni (a mixture of thyme, bay leaf and celery powder)
2 cups mixed chopped vegetables (onions, carrots, celery, white turnips, parsnips)

6 leeks
3 carrots, quartered
6 cabbage wedges
6 potatoes, quartered

1. Place brisket in large kettle. Add 3 quarts cold water, 1 T salt and bouquet garni. Bring to a boil, skimming frequently. Reduce heat and simmer, covered for four hours.
2. Add vegetables and simmer until tender about 45 minutes longer. Discard the bouquet garni and correct the seasonings.
3. To serve, remove the meat to a warm platter and surround with vegetables. Serves 6.

RECIPE

Caramels

3 c sugar
2 c white corn syrup
4 1/2 c cream
3 t vanilla

Mix sugar, syrup and 1 1/2 cups cream together until sugar is dissolved. Boil, stirring gently to soft ball stage or 234 degrees. Add 1 1/2 cups more cream. Boil again to 234 degrees. Add another 1 1/2 cups cream. Boil again to 234 degrees. Add vanilla (if sugary), add more cream and boil again. Pour into a lightly buttered pan so that mixture is about 1/4 inch deep. Let stand for 12 hours. Cut in squares and wrap in tin foil or plastic wrap.

STATE CAPITAL Highlights AND Sidelights
by Lyndell Williams

AUSTIN—Southwestern Bell is asking the Texas Public Utility Commission for authority to increase telephone rates in the state by \$214.3 million.

The increase if granted would raise one-party residential rates by 75 cents a month in small towns and up to \$1.20 a month in the largest cities—plus the gross receipts levies of most cities ranging from two to four percent.

One-party business charges would increase on the same basis by \$1.60 in smaller towns and \$3.80 a month in big cities, plus taxes.

Bell in September 1976 asked PUC for a \$298.3 million rate increase, but the commission granted only \$57.8 million of that. Bell's appeal has been unsuccessful, though the State Supreme Court has set a hearing April 5 on the company's request for clarification of how the rate base was determined by PUC and other related legal questions.

Company officials said inflation and a required \$1 billion a year expenditure to keep up with customer demands for expansions make present rates "grossly inadequate."

PUC Chairman George Cowden indicated a pre-hearing conference will be scheduled within 20 days and a full hearing in May.

Bell also is seeking increases in one-time charges for installations or rearrangement work done at customer request.

No increase was requested for long distance, pay telephone rates, directory assistance or WATS services. A slight increase was proposed—from \$1.60 to \$1.70 a month—for extension phones.

Gas Tax Up

Natural gas taxes have moved ahead of the oil production levy as the top energy-related tax source.

Soaring gas prices boosted state income \$474.3 million last fiscal year, according to Comptroller Bob Bullock.

The oil production tax of 4.6 percent of market value per barrel, at the same time, fell to third place among energy-related levies, still yielding \$426.4 million.

Motor fuel taxes, including the five-cents per gallon gasoline tax, climbed four per cent to \$444.1 million.

The utilities gross receipts tax, increasing 29 per cent, brought in \$58.5 million in fiscal 1976.

The sales tax remains the state's most profitable levy, climbing to nearly \$1.7 billion, about \$200 million more than in fiscal 1976.

Courts Speak

The U.S. Supreme Court ruled 6-3 that smaller political units which do not conduct voter registration are nevertheless covered by requirements of the controversial federal voting rights act.

The Court of Criminal Appeals reversed the death sentence conviction of a San Antonio man, holding a change of venue should have been granted in the case, moving trial from Bexar County.

A State Supreme Court decision found an insurance policy on a boy whose father failed to inform the company his son had a form of anemia did not cover him.

The high state court also determined school districts can force teachers to retire before age 65 under a 1969 law.

Once more, the State Supreme Court declined to reconsider its findings that state regulations apply to the homes for teenagers run by evangelist Lester Roloff.

An Orange county heroin case, resulting in a 25-year sentence was reversed, because the trial judge allowed prosecutors to introduce into evidence handwritten notations about the alleged crime.

Income Increasing

State deposits in banks are earning 41 per cent more than they were at the same time last year, State Treasurer Warren G. Harding reported.

Harding said February interest on the deposits totalled more than \$9 million, about \$2.6 million more than February 1977.

Nearly 90 per cent of funds were deposited in time (interest-bearing) accounts last month. Total time deposits were \$1.8 billion, compared with \$1.3 billion a year ago.

Letters To The Editor

Dear Friend: Because of the great interest expressed by you and your colleagues on the so-called Labor Law Reform issue, I am taking this opportunity to express my position on this legislation.

I have carefully studied the Labor Law Reform legislation reported by the Senate Human Resources Committee and passed by the House. I believe the legislation goes too far and, in my opinion, is not in our national interest. Therefore, I will vote against the Labor Law Reform bill because it is may best judgement that the proposal goes overboard in addressing problems which the National Labor Relations Board and the courts can remedy through existing channels.

Should you have any questions about Labor Law Reform or other matters to be considered by the Senate, do not hesitate to contact me or my staff. Sincerely, Lloyd Bentsen (s)

COTTON FARMER'S CORN...

So different from commonly grown corns we call it "the other crop."

- Yields more than grain sorghum for greater income potential.
- Early water use makes it an ideal companion to cotton.
- Dries fast to reduce harvest, hauling and moisture dockage costs.
- Requires less fertilizer and insecticide than commonly grown corn.

PIONEER BRAND 3780

Pioneer brand 3780 is an ideal companion to cotton because its peak water use comes early in the growing season... long before cotton's. And because of its unusual water use pattern, 3780 won't need water later in the season when wells begin to draw down, either. 3780 matures earlier, dries faster, and requires less insecticide and fertilizer than commonly grown corns. So it will be harvested and in the elevator long before your cotton is ready for harvest... and you'll use manpower more efficiently.

Looking for an ideal companion crop for your cotton? Consider "the other crop"... 3780, the cotton farmer's corn.

Farmer Jones

One night FARMER JONES was awakened by the strong BREEZE and so he turned on the lights but they went out. So they called the SAFEGUARD at the BELL'S house. But she couldn't make it. She had LONG AND SILKY hair. Since the SAFEGUARD was out they called the MORTONS and the PRINGLE residence. Because JoAnn VALELINE was afraid. And so she got sick so they called DR. PEPPER but he was busy and so they called DR. FORD and then they went home. FARMER JONES remembered about the WHITE SWANS and so he went and locked them up with LOVING CARE. Then the baby now knowing DIALED the telephone at the IVORY'S house and hung up. After that day ALL FARMER JONES family went to the COAST and drank KOOL-AID but were CHEERED up and JOYful. One of them had BABY MAGIC and though she had FREE SPIRIT and also thought she was a bird. So that night they ALL went to the HILLS BROTHERS farm in their new CHRYSLER and celebrated their rest of the day.

Beatrice Garcia
Cathy Guzman

Once upon a time MR. COFFEE went to MORTON to buy some FOLGERS. On his way back he walked along the COAST. He saw the WHITE SWAN. The swan swam towards the LIFEBOY. He was afraid of the TIDE that was coming in.

The next day MR. COFFEE met FARMER JONES and said it was a SURFING day. FARMER JONES said he would DIAL Mr. CAMPBELL who was one of his friends. The next day when MR. COFFEE got home, his little brother SCHWINN was happy to see him.

Louis Carrion

I was walking along in the BREEZE, and I heard MISS JOHNSON cry, "Call DR. PEPPER." I DIALED his office and no one was there, and my son MORTON is very ill. Go to the COAST and get the FREE SPIRIT, and ride to town and get the doctor. The doctor came and said, "Your son is a little SHOOL up."

FARMER JONES

Once upon a time FARMER JONES woke up at DAWN. There was a quiet BREEZE outside. He got dressed and went outside to see if the CAMPBELL boys were awake, so FARMER JONES asked one of the CAMPBELL boys to DIAL to the SAFEGUARD station to see when the TIDE would get to the COAST. So one of the boys called the SAFEGUARD station. They said that the TIDE would not get to the Coast until 7:00 o'clock. FARMER JONES waited, and while they were waiting they saw a LONG AND SILKY thing coming out of the water. They didn't know what it was so they decided to call DR. PEPPER to see if he knew what it was. By the time DR. PEPPER

FRESH VEGETABLES -- Onions and potatoes are readily available with reasonable prices, but carrot and cabbage prices are slightly higher due to adverse weather.

Other economical choices include cucumbers, Peppers, eggplant and broccoli.

The
Sandhills
Philosopher

Editor's note: The Sandhills Philosopher on his Johnson Grass farm on Sandy Creek takes a look at the international money system this week but it's hard to tell what he sees.

Dear editor:

According to half a dozen news stories lately, the entire world is worried over the value of the American dollar.

"If the dollar's slide on international money markets continues, it could undermine economies throughout the world,"

monetary experts said.

The rest of the world must be made up of a lot of easily scared people. Shucks, the value of the dollar has been dropping for years but people around here are still chasing it as hard as they ever did. Years ago you could buy six hamburgers for a quarter, not it takes about four quarters to buy one, but the American people's answer to that is go out and buy ten times more hamburgers. I'm not sure I follow this, but it seems to be a fact.

Another thing I don't understand is the international money market and I don't think there's any use in anybody's trying to explain it to me. For example, in trying to "bolster" the value of the dollar, Japan recently bought 200 million dollars worth of dollars. Don't tell me how you buy a dollar. I don't think I want to know.

Although if anybody around here wants to sell me some at 75 cents a piece, I'm in the market. Fundamentally, I'm told, money, like effective government leadership, is based on confidence.

This may explain the whole situation with the dollar, although on the other hand, who's to say those Congressmen accepting money from wheel-dealer Tungstun Park didn't have considerable confidence in the stuff?

It'll be time to worry about the value of the dollar when politicians running for office refuse to

accept any.

Your faithfully, J.A.

above mentioned election shall
 be in writing and signed by the
 candidate and filed with the
 secretary of the Board of Trust-
 ees at the superintendent's
 office not later than 30 days
 prior to the date of said election.

All candidates shall file with
 said application the loyalty affi-
 davit required by Art. 6.02 of
 the Election Code.

The Secretary of this Board of
 Trustees shall post on the
 bulletin board in the building
 where the Board of Trustees
 meets the names of all candi-
 dates that have filed their applica-
 tions in accordance with the terms
 and provisions of this Order,
 and said Secretary shall other-
 wise comply with the terms and
 provisions of Art. 13.32 of the
 Election Code.

3. That said election shall be
 held at the following places, and
 the following named persons are
 hereby appointed officers for
 said election:

(a) In election precincts num-
 bered ThreeWay Independent
 School District at Three Way
 Vo. Ag. Building, in Maple,
 Texas, in said School District,
 with R.T. Newton as Presiding
 Judge and Joe Sowder clerk.

The polls at the above desig-
 nated polling places shall be
 open from 7:00 a.m. to 7:00 p.m.

Joyce Risinger is hereby ap-
 pointed Clerk for absentee vot-
 ing, and Maxine Ragsdale and
 Bert Grimes are hereby ap-
 pointed Deputy Clerks for ab-
 sentee voting. The absentee
 voting for the above designated
 election shall be held at Three
 Way School Tax office with in
 the boundaries of the above
 named School District and said
 place of absentee voting shall
 remain open for at least eight
 hours on each day for ab-
 sentee voting which is not a
 Saturday, a Sunday, or an
 official State holiday, beginning
 on the 20th day and continuing
 through the 4th day preceding
 the date of said election. Said
 place of voting shall remain
 open between hours of 9:00 a.m.
 and 3:00 p.m. on each day for
 said absentee voting. The above
 described place for absentee
 voting is also the absentee
 Clerk's mailing address to
 which ballot applications and
 ballots voted by mail shall be

On Wall Street
By Bob Hill

If you are wondering why it is
 difficult finding an apartment,
 then consider these facts. The
 apartment shortage around the
 country has reached a crisis
 stage, bringing calls for govern-
 ment action and enticing specu-
 lative money into the field.

The national vacancy rate is
 now 5.1 percent, the lowest it
 has been in 24 years. The
 vacancy rate in cities such as
 Washington, Chicago, Los An-
 geles and Detroit is 2.5 percent
 or less. Anything below 5 per-
 cent is considered by govern-
 ment officials to be at the
 shortage level. Only five years
 ago the vacancy rate in these
 and other cities was running at
 10 percent.

Construction costs is a key
 factor with land acquisitions the
 primary culprit. Prime apart-
 ment-zoned land in California
 sold for \$90,000 an acre three
 years ago. Now it goes for
 \$250,000 an acre. Apartment
 construction is now running 23
 percent of total residential con-
 struction in California, down
 from a normal level of 40

percent. Florida apartment con-
 struction is just one-tenth of the
 construction level of 1972-74
 and apartment vacancies in
 Palm Beach have dropped from
 over 13 percent to less than 1.5
 percent.

Many apartments are being
 converted to condominiums
 which drains off existing rental
 units. Over 20,000 apartments
 in Chicago were converted to
 condominiums last year and
 virtually no new apartments
 have been constructed in that
 city in the past two years.

Apartment projects have be-
 come a favorite investment for
 foreign money. Canadian funds
 have purchased apartment
 complexes in Denver, Houston
 and California. Speculators are
 moving out of the single family
 dwellings and investing in
 apartments which they intend to
 convert into condominiums or
 hold for higher prices.

The apartment shortage has
 encouraged landlords to raise
 rentals sharply. A one bedroom
 apartment in California's San
 Fernando Valley which rented
 for \$185 four years ago now
 rents for \$300 a month. But the
 fear of rent control and tenant
 resistance has kept rent in-
 creases from keeping up with
 rising costs.

COACHES STUDY STRATEGY AND TIME--Track season is here, and the Mule-
 shoe coaches find themselves very busy teaching the boys the right way to
 run, to jump and to work with weights. From left, Coach Gary Goodin is
 looking at one of his runners; Coaches Ruben DeLeon and Lester Kirkland
 study the time book and Coach Randy Crook glances around at the camera,
 and all are busy with the nearly 60 boys in high school track.
