The Statesman and State Gazette are both truly representative organs of Coke. The Statesman represents the secret International Railroad conspiracy, by which Coke got his nomination, while professing to be tree from all railroad entanglements. It was by this double-faced trick of Coke and his secret International Railroad supporters, that the anti-subsidy majority of of the party was sold out, and the rivals of Coke, Ireland, G. W. Smith, Baylor, Pickett, Finlay, and others—were cheated out of all Staple and Fancy Groceries their chances. But Coke is also an unchanged secessionist, and has no use for any man calling himself a Democrat who does not hold to the the constitutionality of secession at the present day; and the State Ga zette is the representative organ of this side of the Coke canvass. One of the humors of the cam paign is the nomination of a Demo cratic State Treasurer. One of the greatest acts of selfstutification on the record is for a Democratic stump-speaker to assail Gov. Davis. For the sake of argu ment we will allow that he is guilty of all the outrages alleged. How is it then that the 13th Legislature not only failed to impeach him, but paid him the highest compliment ever paid a Governor of Texas-by sending him North with a million of State bonds to negociate?

The plea that there was not a Democratic majority in the Senate. cannot be entertained. Conceding that Republican representatives are as regardless of their oaths as Democrats, is that any excuse for their not doing their duty ? But the sub sequent endorsement of Gov. We do not refer to the crippling of the Immigration Bureau by making it impossible for the agents to effect anything worth mention, but we do mean that until there is a complete building up of all what the 13th Legislature has torn down there will be no more immigration to Texas. The German | them is a subject of Great Britain. government is anxious to keep its subjects at home, and is thoroughly posted what points to make to pre- don meraing journals, all of which express vent immigration. Again, there are no free schools, and there will be none as long as the Democracy can prevent it. We have no free schools, and the officers elected under the law have no hesitation in saying that no effec tive free schools can be established under it. No immigrants worth having will come to a state where there are no free schools. Mark

The Democracy has determined there shall be no more "Dutch" in Texas than there are there now, and this is the way they prevent more from coming.

While great states in the North-West are growing in wealth and prosperity, the Texas Democracy builds a Chinese wall around the State, and abandons our fertile soil to the cayote and the rowdy.

One of the vital questions to the people of this section is the position the next Governor will take in refe rence to the International road,

Gov. Davis favored one broad highway from the Red River to the Rio Grande. He favored subsidizing it, in his message, and he was about the only Republican in the had issued a writ of habeas corpus, to eastern roads, and he allowed it and Senator Dwyer failed to deny to become a law. PANCOAST & SON have just received latest style clothing, semething handsome, come and see them.

There is nothing like feeling at home when shroad. Those visiting St. Louis will find no hotel there with greater home infinences and finer accommodations than the Laclede Hotel. AN OLD LANDMARK GONE. - Judge Whitehead, an old citizen of San Antonio died yesterday morning at half past seven A. M. He was sixty-seven years old and had lived in San Antonio npwards of 30 years, was a man of great firmness and honesty well liked by all, and leaves many friends to mourn his decease. He had been confined to his bed for over six months with a disease akin to paralysis.

His funeral takes place this morning at 9 o'clock from his place of residence near the Convent.

RURAL PLEASANTRY .- When the ambu lance of Col. Shafter, with nobody in it except a corporal and a Winchester rifle, reached Turkey Creek, about 25 miles this side of Ft. Clark, six or seven of what the Democratic stump speakers mildly term "hard fisted yeomanry" surrounded the vehiele, and took the whip jokingly away from the driver, who reached for his gun. The yeomanry railled and fired into the ambulance, chasing the rash driver and vehicle into Bandera. Sheriff Dolan summoned a posse and carried the joke so far as to bring them into town, but owing to their having changed clothes, he was unable to identify them, and they were turned loose. We like to see people cheerful.

They done attack the very root of diseases, and their action is so prompt that in an hour or two after they are taken the patient is aware of their good effects. They may be taken at any time without restrain or diet or occupation; they produce neither names, griping or debility, and as a family medicine they have no rival.
