General Ord's Command.

The Philadelphia Times, in commenting upon the situation in South-western Texas says that with a view to prompt and efficient action on the Rio Grande, the Navy Department is putting in order and commission all its lightest draught vessels, and orders have been issued that when upon the river they shall co-operate with the land forces in the department of Texas.

The people of Texas, however, have but little confidence in the good faith of the Mexican government, and have but little hope that it will permanently and effectively exert itself to prevent those outrages. They have become so common that they are regarded in that country as matters of course.

The Galveston Argus.

Since we have had charge of the Express we have not had an opportunity of paying our respects to this new and excellent weekly until now.

It is a Republican paper, but it is so courteous, just, disinterested, and moderate in tone that men of all parties can read it with pleasure and profit.

Our view is that Jefferson Davis today stands on the same plane with tens of thousands of other southerners who fought for the "lost cause."

REV. C. A. GROTE announces in the Fredericksburg Sentinel the establishment of a College in that place by the Texas and Louisiana Mission Conference.

REV. M. BUCKER, the new Pastor of the Reformed Episcopal Church in Houston, has been attacked by some parties, who are endeavoring to get him out of the city.

REV. DR. KAVANAGH, of the Methodist Episcopal Church, South, has taken up the cudgels in his defense, and quite a furious controversy is being carried on in the columns of the Houston Telegraph.

Coke and Lang.

Unless some compromise is effected the Wade Examiner will find itself on the fence, with Coke and Lang as candidates for Governor.

Mr. Democrat, you seem to be badly posted as to the inside dealings of your own party.

Then, by the same combination in the Legislature, Coke is to be elected to the United States Senate, and this will make Lang the Governor.

OUR AUSTIN LETTER.

AUSTIN, Sep. 8, 1875. The Convention has not a minority numerically strong enough, and such a minority as it has lacks a competent leader.

Already since the morning train is in it is manifest that nearly all of the delegates to our Constitutional Convention are on hand, and are consulting with each other as to who they shall elect President.

As it is reported that the Democratic leaders are to have a private caucus this morning, it is not at all probable that the Grangers, though in a majority, will be able to get one of their own number elected President.

The dominant element in the Convention will, from the very nature of the case, be the element, as persuasive. But, as to this, more will be known before this letter is closed.

Gov. Coke's last move—the appointment of Judge Ireland, the Chairman of the Democratic Executive Committee of Texas, to the Supreme Bench for the remainder of time remaining in his government—is much discussed in political circles.

Some of the faithful who regard Messrs. Coke and Ireland (and I might add Judge Devine) as being rivals for the U. S. Senatorship, say that Judge Ireland is too wary to exchange his chances for such a transient morsel of judicial potage.

Others account for the appointment on the ground that Gov. Coke wanted to get Judge Ireland off the Executive Committee, on account of his Senatorial aspirations, he stands in the way.

Yet others regard it as the part of an undeveloped bargain that Gov. Coke, who is conceded to be the best political trader on a capital in Texas, has made to secure the first and last end of his career—a seat in the U. S. Senate.

From this you can see the estimate put upon Gov. Coke by his own political friends. They regard him as narrow and grasping, as being intensely selfish.

If his friends speak the truth, and we have no right to disbelieve them, he must be considered to be the most promising Governor of his day.

The dedication of the Hebrew Temple, on Next Friday. The dedication of the Jewish Temple will take place next Friday evening, according to the following PROGRAMME:

The members of the congregation and their families, as well as all the invited guests, will assemble at five o'clock P. M., precisely, and will be conducted to their seats by the proper committee.

At half past five, the presentation of the key of the Temple to the President by the Hon. H. H. H. will take place, after which the Ministers bearing the "Scroll of the Law," preceded by ten young girls, and escorted by the President and Board of Trustees of the congregation, will enter, when the ceremonies will commence in the following order:

1. On arriving at the portals of the Temple, Rev. Alex. Roosevelt will speak, "Mah tovah oleloha Yacob." "How good are Thy Tent of Jacob, Thy Tabernacles of Israel, etc."

2. While the procession ascends the platform the choir will sing, "Lift up Your Heads Eternal Gates."

3. Introductory prayer by Rev. Dr. Gutheim.

4. Psalm C, in Hebrew and English, by Rev. Alex. Roosevelt.

5. On coming back to the Temple, there is some music, "Hear ye, O ye that love the Lord."

6. "Hear O Israel," (exhortation by Miss Johanna Koungheim).

7. "Shema Yisroel and Behod Elohem." "Hear ye, O our God is One, by the choir. After which the Scroll of Law will be deposited in the Shrine.

8. "Lecho sidonei hazedakah." "To Thee, O God, belong Greatness and Might."

Judge Ireland.

The Austin Statesman greatly rejoices that Gov. Coke has appointed Judge Ireland to the Supreme Bench in place of Judge Devine, resigned.

His many respects he is eminently well fitted for the honorable position. His intellect is judicial, and where his passions or prejudices are not involved, few men are better qualified by peculiar native endowments or intellectual attainments for the position.

But the Statesman has special reason, in this matter, for self-gratification. We have again and again declared that the distinguished Judge, however great his virtues as a jurist, was wholly unqualified by his temper and qualities for the chairmanship of the Democratic Central Committee.

His abolition in action and dogmatism in temper and language were wholly intolerable.

We submit that the qualifications and characteristics of Judge Ireland, as enumerated by the Statesman, are anything but evidences of a "judicial intellect." They are the qualifications of a demagogical and tyrannical leader of a fierce party faction, not of the leader of a party, much less those of a Supreme Judge.

But, with all his faults, we think much better of Judge Ireland than the Statesman does, and also credit him with qualities much better befitting the Supreme Bench. But we have not as yet learned that he will accept the position tendered him, and the Statesman's rejoicing may be premature.

GEN. WM. H. PARSONS, we candidly think, had better resign his position as Commissioner of the National Centennial for Texas. We say this without regard to any opinion as to the truth or falsity of the charges made against him.

He is not a citizen of the State and has not been for several years. He does not represent the people of Texas, either Republicans or Democrats. He has had no communication with them in any way in all those years of absence, not even with the men who elected him State Senator, nor those who supported and defended him in that position.

They regard him as narrow and grasping, as being intensely selfish. The promise that he made when he obtained his nomination for the Governorship, which remains unperformed, quite reprehensible, as being the weight he derives from his official position.

If his friends speak the truth, and we have no right to disbelieve them, he must be considered to be the most promising Governor of his day.

FINANCIAL SITUATION IN SAN FRANCISCO.

San Francisco, Sept. 4.—There is nothing new to report in financial or commercial circles this morning. Quiet and confidence prevails, and business is moving along in the usual manner.

D. G. Mills authorizes the statement that the defalcation of the late President of the California Bank amounts to \$3,000,000, and that no other issue of stock has been discovered. "It is not supposed that this will in any way prejudice the arrangements now being made to rehabilitate the bank."

It has been reported that the Bank of California was largely indebted to the United States Mint here. The bank has been reformed for the Mint and it was supposed the indebtedness was forgiven through that channel. The Superintendent of the Mint states to-day that the Mint owes the Bank \$125,000, payable on demand.

WASHINGTON.

Washington, Sept. 4.—The Indians in Southern Colorado, have manifested an unfriendly spirit for sometime on account of the many people attracted to their country by the San Juan mines, and they earnestly protest against encroachment on their territory. This was developed in their recent attack upon Prof. Hayden's party, who are making a geological survey of Colorado, and expect to finish their work in the present season.

The coinage of gold has been resumed at the San Francisco mint.

MARINE.

San Francisco, Sept. 4.—The ship Isabella struck on Belona reef the night of July 4th. Seventeen Chilean passengers were left on board with a boat. The officers and crew left in a boat. Six men remained on the island. The Captain, mate, and eighteen of the crew, pulled for the Australian coast till picked up by a schooner and taken to Bowen.

San Francisco, Sept. 4.—The emigrant steamer Collingwood arrived at Oakland, New Zealand, for London, with several cases of fever. Twenty are dead; 50 were placed in hospital.

A DUEL.

St. Louis, Sept. 4.—Major John N. Edwards, one of the editors of the St. Louis Times, and Colonel Emory Foster, editor of the Evening Journal, left here last night for Winnebago county, Illinois, to fight a duel. Major Edwards was accompanied by Colonel H. M. Branch, and Colonel Foster by W. D. W. Barnard, as seconds. The affair grew out of an editorial in the Times, of August 25, on the action of the citizens of Winnebago county in refusing to allow Jeff. Davis to speak at their Fair, and a rejoinder by Foster in the Journal next day, in which he cast severe strictures upon the writer of the Times article. The point at which the duel was to be fought is not known here, as that was left to be selected by the seconds after entering Winnebago county. Nothing has been heard so far to the result. It is thought a hostile meeting has been prevented.

Later—After one fire, without result, the matter was settled.

THE CLINTON HORROR.

Jackson, Miss., Sept. 6.—During a Republican barbecue at Clinton, near here, on Saturday, a white man pulled out a bottle of whiskey, and a negro said to him: "It was understood there was to be no drinking on these grounds." Some words passed, and the white man insisted on taking a drink, when the negro dashed the whiskey out of his hand. The friends of both, attracted by the quarrel, rushed up, and in an instant pistols were drawn and firing began. This occurred some distance from the speaker's stand. The innocent crowd scattered like sheep, and ran pell-mell, leaving the barbed-wire fence, horses and vehicles behind them. About three hundred shots were fired. Three whites were killed, two mortally and several others severely wounded, and ten or twelve negroes were killed and as many more wounded, several of whom will die. Much excitement prevailed in this and neighboring towns yesterday and to-day, but everything is now quiet. Two of the white men who were killed were horribly mutilated, their heads being beaten to stumps with fence rails. This savagery greatly enraged the whites, and several negroes who were known to have engaged in it were shot by the friends of the dead men.
