WIFE Representative Speaker For Rotary

June Saylor of the local W.I.F.E. organization was guest speaker for the Muleshoe Rotary Club

Tuesday at noon. She discussed one of the upcoming amendments, slated for a statewide vote on November 6.

Mrs. Saylor reminded that the urban locations such as Houston and Dallas will be voting on the same proposition. According to all the information received on the amendment, called Proposition Three, it would "be an advantage for young people to get into agriculture," said Mrs. Saylor.

"The average age of persons involved in agriculture right now is 59 years," she added, "and with the present trend, the age increases each year as the number of young persons in agriculture is decreasing each year."

If approved, Proposition Three would authorize the legislature to provide for the guarantee of loans for the purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of

Littlefield Band Boosters will sponsor a Mexican Food Supper from 5-7 p.m. at the Lamb County Community and Agricultural Center in Littlefield preceding the Muleshoe-Littlefield game at Littlefield Friday night.

Tickets for the supper at the center on the Levelland Highway will be \$2.50 for adults, \$2 for students and \$1 for children six years of age and younger.

All Muleshoe football fans have been invited to attend the supper.

Mrs. A.G. (Toots) Taylor is home from the Methodist Hospital, Lubbock, is recuperating and reported to be receiving visitors at her home.

Frank H. Ellis III of Muleshoe, has enrolled in the Fall 1979 class of the Dallas Institute of Mortuary Science, President Robert P. Kite has announce.

The course of professional studies lasts for 12 months and includes embalming, restorative arts, mortuary management and grief psychology.

His father, Frank Ellis II, operates Singleton-Ellis Funeral Home in Muleshoe.

Mr. and Mrs. Sam Killebrew of Winterhaven, Fla. visited in the home of Mr. and Mrs. Joe King last week.

Plans are underway for Pep's 34th annual Thanksgiving Festival to be held on Thanksgiving Day, Thursday, November 22, at St. Philip's Parish Hall in Pep.

The traditional Thanksgiving meal, along with Pep sausage will be served.

David Watson was recipient of the Patrick Daugherty Memorial Scholarship, presented during the annual Parent's Day luncheon sponsored by the Texas Tech unit of the ATO Fraternity.

This scholarship is presented annually by the parents of Patrick Daugherty, who was killed while attending Texas Tech four years ago.

Watson is a senior Petroleum Engineering student.

School will be dismissed tomorrow, Friday, in order to allow local teachers to attend the District XVII TSTA convention at Lubbock.

Students will resume classes at their regular time on Monday.

Mules-Wildcats Slate Tough District Fight

What's black and purple, with a little white all over? That will probably be the story of the Muleshoe Mules and the Littlefield Wildcats following their contest in Littlefield tomorrow night.

When the two teams take to the field, it will be in a

Football Contest Rolling Along At Mid-Season

If you were one of the football contestants who missed more than two games in last weeks contest, you would have found yourself out of the competition for the week. Some upsets really 'upset the apple cart' for most contestants this week.

No more than two or three persons accurately predicted that Arkansas would defeat the tough Texas Longhorns by a 17-14 score and all the winners ultimately missed that game.

All winners missed the Texas-Arkansas game, and first place winner Morris Douglass also missed the Iowa-Minnesota game. he was 14 points off on the double tiebreaker score.

Taking second place was Mike Perez, who missed the same games, but was 20 points off on the tiebreakers. David Cox won third place, again missing the same games, but was 29 points wrong on the double tiebreaker.

Just out of the money (and the points) this week were Raymond Davenport, who missed the identical games, with a 30 point spread and Jerry Roddam, who was 31 points away on the double tiebreaker scores.

No trend in the contest has been established as yet. At this point in the contest, there are no duplicate or second wins.

bruising contest to determine once and for all and perhaps will make the big difference in who is the district champion this year.

In 1977, Muleshoe defeated Littlefield in a narrow win, 13-6, but had to share a three way tie for district honors as Friona had defeated the Mules. Littlefield represented the district in playoffs after winning a toss of the coin.

Then, in 1978, the Mules won a decisive 21-7 victory over the visiting Wildcats. In the first quarter, neither team managed to get on the board, although by halftime, the Mules maintained a 14-0 lead that the 'Cats never managed to overcome.

With the victory, the Mules became the 2AA district leaders and held on

Halloween Carnival Saturday

Saturday night, October 27, the Muleshoe Fine Arts Boosters plan the annual Halloween Carnival at the Bailey County Exhibition Center and Coliseum, beginning at 6:30 p.m.

Admission to the carnival is only 25 cents, which will also be a vote for the candidate of your choice for Halloween Queen.

Featured at the Exhibition Center will be various booths, including the ever popular dunking board, bingo, fun type booths, the bucking barrel and other activities.

At 9 p.m., the coronation of the Halloween Queen will be conducted at the Exhibition Center.

Activities have been planned by the Fine Arts Boosters to fit all age groups.

They urge everyone to attend the carnival and enjoy the fun.

to the title through bi-district and regional play-offs when the Mules were defeated by Childress.

This year, the Mules lost the first game of the season to Portales, won the next two games, then tied at 20-20 with Abernathy. They then defeated Idalou and came on to take a district opener from Friona with a score of 36-23 in an offensive show.

First Baptist Emphasizes Sunday School

"Great Day in the Morning" are five words which generate emotion, excitement and anticipation among the members of First Baptist Church and Southern Baptists in the State of Texas.

They have become synonymous with the highest Sunday School attendance of the year. "Great Day in the Morning" will happen on Sunday morning, October 28. Sunday school attendance goal is 350 for the First Baptist Church. Sunday School will begin 9:45 a.m. (C.S.T.).

Sam Harlin is the Sunday School Director of First Baptist Church. He and all the Sunday School department directors urge the members of the church and the Sunday School to be in attendance. They extend a special invitation to all who are not involved in Bible study to participate in "Great Day in the Morning."

The department directors are Sherman Inman, Adult IV, 60 years and older; Darrell Turner, Adult III, 41-59 years; Bob Graves, Adult II, 30-40; Linda Davis, Singles; Stephen Johnson, senior high

Bingo Slated Tonight

Tonight, Thursday, the annual Alpha Zeta Pi Bingo is expected to draw the usual large crowd to the Bailey County Exhibition Center and Coliseum.

Bingo will get underway at 7 p.m. at the Civic Center and tickets will be on sale by members of the sorority until gametime at \$1 each.

Tickets will cost \$1.50 at the door.

Prizes are contributed by area merchants and will range from blankets to gift certificates to car care products. All the prizes will be given during the evening.

Also available will be a concession stand, a table of baked goods and a white elephant sale, along with a fishing booth for children.

Proceeds from the bingo this year will be used to help construct a lane at the Muleshoe Area Youth Activities Committee Inc. miniature golf course adjacent to the Exhibition Center.

SBA Plans Meeting On Friday

Denton Hudgens, who along with Orena Crosno, are operating temporary Small Business Administration (SBA) offices in Muleshoe, has announced a special meeting for 7 p.m. Friday, October 26, in the district courtroom in Muleshoe.

SBA will be explaining the "SBA Disaster Loan Program for Farm Losses" and will be distributing loan applications for 1979 farm losses.

Coordinating the meeting with the local ASC office personnel will be Ms. Crosno and Hudgens.

This week, the office is remaining open all week at the Bailey County Court-house in the commissioner's courtroom. The office will also be open from 8 a.m. - 5 p.m. on Saturday.

Funds Are Sought For Light Bulbs

In Decorations

Because of the interest expressed in decorating Muleshoe's streets for Christmas this year, the Chamber of Commerce and Agriculture is coordinating an effort to repair the old lights for one more year.

On October 9, several interested citizens met to examine the old strings of lights and decided to use them once again. They will require some repairs, and people have volunteered their time to work on them.

Low Temperature Of 32 Recorded

Despite the area's first cold snap for 1979, where the temperature got as low as 33 degrees early Monday morning, causing ice on windshields of vehicles and down a degree further, to the freezing point of 32 degrees on Tuesday morning, crops have apparently suffered

no damage yet. Bailey County Assistant County Agent Jim Irwin checked crops north and west of Muleshoe on Monday and said he found no leaves wilting or beginning to dry.

He said as low as 32 degrees was reported at the West Camp Store, but the temperature apparently did not stay low long enough to inflict measurable damage to crops.

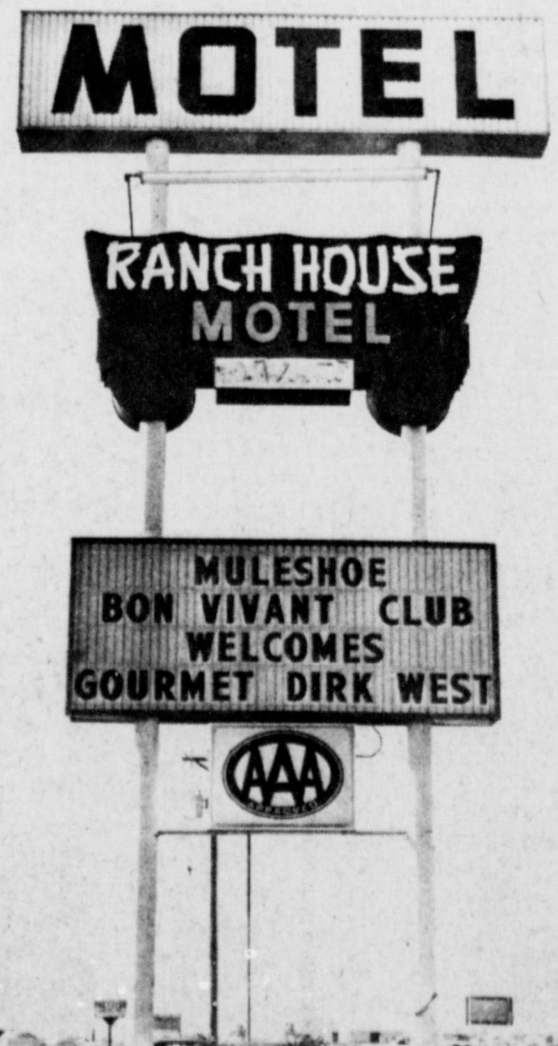

Irwin found minimal crop damage to the north of Muleshoe and predicted that if the expected low 40s to high 30s, followed by temperatures in the 70s last for another week to 10 days, average to better cotton can be expected in this area.

Late planted, hail-damaged cotton is reported to be responding well to the warm, dry fall and Irwin said some 70 to 80 percent of the cotton bolls are open now. Although the cotton had early setbacks as some cotton was planted late, some replanted following early hailstorms. A lot of the cotton has recuperated from an early September hailstorm and average crops are now expected in this area.

In some areas east and south of the county, cotton is being defoliated and harvested, although the local harvest getting off to a slow start. Southern Bailey County is just now beginning to defoliate and some cotton has been harvested and ginned.

The assistant county extension agent explained that in southern Bailey County, cotton loss from hail was less than in the western and northern areas, and the dryland crop will be ready and harvested before the crop

The Show Of Force

The show of force President Carter is staging in the Caribbean is an obsolete, almost ludicrous gesture. Does anyone really think the temporary visit of, and landing of, 1500 troops at our base in Cuba will accomplish anything?

It is an almost comic bit of miniature bombast which will primarily call attention to the fact that we maintain a big military base in that country. Especially in Latin America, our show of force will elicit only sour memories of the past.

It will not impress the Russians or Cubans. It is, in short, mostly a gesture to appease all those instant-experts in the Senate on questions of foreign policy, who have made so much noise over a Soviet brigade-which everyone now suspects has been in Cuba for years.

If the President and Congress want to do something to safeguard U.S. security, they can begin by balancing the budget, halting overspending and strengthening the military over a long-time period. This would also show the world that politicians in a democracy can-occasionally-muster the self-discipline to make democracy work, which is the best possible counter to communism.

Heritage Lost

The sorry plight of the U.S. dollar, caused by too much overspending in Washington, has now begun to cost the nation its architectural heritage. In recent days the birthplaces of two U.S. presidents have been bought by foreigners.

A German purchaser bought the home of President John Tyler, Greenway, in Charles City County, Virginia. The historian, Virginius Dabney, said in Richmond he was disappointed to see that happen.

On the same day of this purchase, an Englishman bought Montebello, reputedly the birthplace of Zachary Taylor in the beautiful hill country of Orange County, Virginia.

The worst aspect of these transactions is that present law doesn't prevent new owners from altering historic buildings or even tearing them down. This is expressly forbidden in most West European countries. Historical landmarks are protected by law, and changes can only be made with the approval of an architectural commission or a similar body.

The 96th Congress, or the States if this is deemed unconstitutional, should act to preserve the nation's heritage. Congress should also alter the law to require aliens to pay capital gains taxes on land sales in the U.S. Currently, U.S. sellers must pay this tax but non-resident aliens need not!

WASHINGTON NEWS REPORT

Florida's Caucus-What It Showed-Kennedy's Support-Carter Weak Nationally.
WASHINGTON, D. C. - There's much misunderstanding about results of the recent Florida Democratic caucuses, which President Carter won. It was not a reliable test of voter sentiment in that state, only a limited test among Democratic activists.

The Carter victory--in that most delegates chosen were for him--was helpful to the President, if only because, he rated so low in esteem anything would help. But the victory may mean little.

Florida polls showed voters were evenly divided between Carter and Senator Ted Kennedy when delegates to the state Democratic convention were chosen.

What the delegate selection showed was that Kennedy is getting almost-solid support from organized labor. His 1980 campaign is obviously based on victory from bloc and minority voters.

Ironically, Carter won key primaries in 1976, like Pennsylvania, by giving in to organized labor on such issues as repeal of right-to-work laws (one of which he had supported in Georgia).

But he has not favored organized labor's demands as obediently as union chiefs--particularly George Meany--expected. Also, he's looked upon by organized labor as an ineffective president.

Ted Kennedy's hope, therefore, lies in blacks, who vote as a bloc, other minorities who feel an affinity with Kennedy, such as Hispanics, who share Kennedy's Catholic religion, organized labor, and voters

The Sandhills Philosopher

Editor's notes: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek comes up with some more ideas this week perhaps.

I was just thinking, if interest rates, already at 14 1/2 percent, keeps going up, the time may come when you borrow money at one desk in a bank you'd better then race to the

nearest teller's window and pay it back before the interest eats you up.

In the face of the rising costs of everything you touch, financial leaders and government officials have been telling us the

only way to handle inflation is to tighten our belts. "We're in for a period of austerity and we've all got to clamp down," they say.

This probably is sound advice but they ought to get somebody else to tell us. A Congressman making \$57,300 a year with all utilities paid, coming out on the steps of the capitol after just voting himself a \$3,000 raise, is just not the person to deliver the message.

It's like a fat doctor prescribing a lean diet for a patient, and lighting a cigarette while telling him he's got to cut out smoking.

Let's change the subject. I understand Washington has now established a Department of Education, and why not? When we found out we had a shortage of energy Washington

created a Department of Energy, didn't it? If there's a shortage of education. You get the idea.

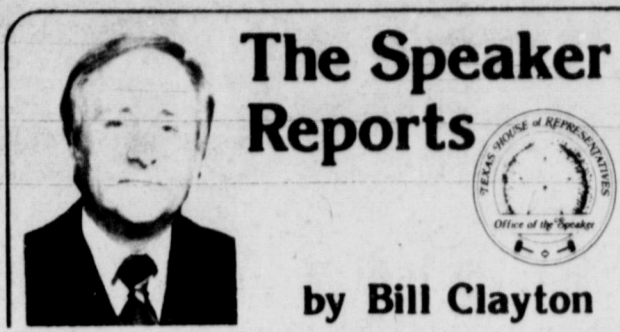

But the most fascinating new bureau--Washington has come up with is a Bureau to cut red tape, nobody having thought it might be simpler to eliminate the stuff at its source in the first place.

This clearly calls for another Bureau. It'll be called the Bureau of Forethought. They may have a hard time getting qualified members.

Yours faithfully

J. A. TALMAGE DENOUNCED

The Senate found Sen. Herman Talmadge (D-Ga) guilty of "reprehensible conduct" in his personal and financial affairs. The vote to "denounce" Talmadge, a powerful 20-year veteran, ended the 16-month Ethics Committee investigation into his tangled finances.

AUSTIN--On Nov. 6 the voters of this state will consider three amendments to the Texas Constitution. Amendment No. Two, if adopted, would establish "legislative review" of the state-agency rulemaking process. This would be implemented through committees of either or both houses of the legislature. The reviewing committees would prescribe conditions for rules and provide for repeal, suspension or expiration of existing rules.

Proponents of the amendment suggest that more responsive state government will be achieved with the close and constant supervision of the state. Also, if legislative committees are given the responsibility of review of rulemaking, the legislature will continue to be careful and precise as they delegate power to state agencies.

Advocates also say that the rulemaking authority was given to state agencies by the legislature, so it should be able to review agency rules which have the same effect as laws. Just as the governor's veto is

necessary check on the powers of the legislature, legislative review of agency rules can serve as an important check on the executive branch.

Adversaries of the proposed amendment say it is an infringement upon the government separation of powers. If legislative committees became involved in the daily rulemaking process of state agencies, special

ON OIL PRICE CONTROL

The House voted to uphold the President's decision to permit a phasing out of government price controls on crude oil.

ON SYNTHETIC FUELS

The Senate Energy Committee has given a push to another big piece of President Carter's energy program by voting 14 to 1 to approve a \$20 billion effort to develop synthetic fuels.

ON DEFENSE SPENDING

Defense Secretary Harold Brown said the administration may seek an increase in defense spending of more than 3 percent in fiscal 1981. This will give the Senate a look at its plans before a vote on SALT II is taken.

interest groups would impose their will on people. Opponents believe if the amendment is adopted, legislative committees would be "in session" a year-round basis.

It has also been suggested that the legislative committee and staff members would review agency rules could not provide the same level of expertise as agency officials. Furthermore, the length-of-time legislative committee would take to review and make decisions would postpose the effectiveness of important regulations.

In conclusion, each registered voter has a most important means of involvement with the government process. I truly hope every one will express a choice on Nov. 6.

LIVING LONGER

At least 11,000 Americans are 100 years old or older, the Social Security Administration said. But the government agency isn't sure who is the oldest because the agency did not have a master list of the recipients according to age.

TO KEEP FORT DIX

The Pentagon has reversed itself and decided to keep open the Army training center at Fort Dix, N.J., for at least 12 to 18 months. Both S.C. Democratic Sen. Ernest F. Hollings and Republican Sen. Strom Thurmond said they consider the decision a political one.

A system meeting was held in Lubbock on October 15 at the Lubbock City, County Library, with Anne Camp, librarian and Lorene Sooter, Bookmobile Librarian attending from Muleshoe. A Film Showcase was held with Librarians previewing some 15 new films that may be spot-booked with the System. A representative from McNaughton was there to explain some new features of the McNaughton Book Service, and to get input from the librarians. A business meeting was held to transact old and new business for the system. Both the Muleshoe Area Library and High Plains Bookmobile have been notified that they qualified for System membership for 1980.

Each library received many Young Adult paperback books with posters and bookmarks for their collection. These are very popular with the young people. The Muleshoe library for the first time circulated more paperbacks than hard-back books in September.

Added to the best sellers this week are: The World according to Garp; The Bronx Zoo by Sparky Lyle; and Ashes in the Wind by Kathleen Woodiwies. If you would like to reserve one of these, or any other book, call 272-4707.

Hazards Existing To Haunt Halloween

In recent years Halloween has been scarier for adults than children. Children can imagine a world of spooks and goblins. Adults must face the very real threats of poisoned candy, vehicle accidents, dangerous costumes and other hazards endangering children. Seeking ways to avoid these problems and decrease vandalism, parents increasingly are steering their children toward organized activities such as school carnivals and parties.

Such efforts have been at least partially successful - or maybe children simply are forbidden to go out on Halloween. In any case, the number of trick-or-treaters in many places has declined dramatically.

Yet Halloween is too well established to die out completely. Since people probably will continue celebrating it in some form or other, here are some tips from the Texas Medical Association (TMA) to cut down on Halloween hazards.

When buying pears, select those that are clean, bright and the right color for the variety. The Bartlett pear becomes yellow with a red blush, d'Anjou turns greenish and the Bosc turns a yellowish-brown.

Avoid damaged, soft or wrinkled fruit. Don't buy the cooking variety (Kieffer) to eat fresh -- it will have a gritty texture.

Pears are usually picked when slightly immature and allowed to mature at room temperature. Ripening pears on the tree can cause a coarse or rough appearance to the fruit.

Ripeness is indicated by softness at the stem base. Calorie-wise, pears are relatively low, varying from 60 to 100 calories. They are also a good source of vitamins A, B and C along with some of the minerals -- calcium, phosphorus and iron.

Fresh pears are low in sodium which makes them an excellent addition to a low sodium diet. They also serve as an ingredient for fruit salads, preserves or jellied fruit, cakes and pies.

Here is a recipe for including this autumn favorite in your menu:

PEAR PIE
1 1/2 cups sugar
1/4 to 1/3 cup flour
1 teaspoon cinnamon
1/2 teaspoon nutmeg
4 tablespoons butter or margarine
2 uncooked pie crusts
Peel, core and slice or dice pears. Mix together sugar, flour, cinnamon and nutmeg. Add to pears and toss.

Put bottom pie crust in pan, and add pear mixture. Dot with butter. Moisten edge of pie crust, add top crust and slit for steam vents. Bake for 10 minutes at 425 degrees F. then lower heat to 350 degrees F. and bake for about 40 to 50 minutes until well browned. Serves six to eight.

giving balloons, pencils, coins or other small, inexpensive items probably will please children as much as receiving candy. Some inedible treats may even be cheaper than candy and will not be wasted by parents who have to throw away treats that might be poisoned.

Adults can decrease the possibility of poisoning by giving only treats in their original wrappers that could not be poisoned and then re-wrapped. Parents should use the same standards when inspecting treats. Parents also should throw away fruit and other treats that could be injected with dangerous substances because they easily could overlook the pinhole a needle would make.

Costumes are another responsibility parents have. They should avoid costume masks that could slip and block a child's vision or breathing. Painting a child's face with cosmetics,

grease paint or burned cork can be a good substitute. The costume itself should be light-colored to help motorists spot children, flame resistant and not so loose or long it could trip a child or catch on obstacles. Costumes also should not include sharp objects, torches or candles. Adults can improve safety by putting reflective tape or luminous paint on costumes and objects children carry.

People can make their property safer and cut down on vandalism several ways. For instance, keep the property well lighted and put away hoses, lawn furniture and garbage cans. If possible, put cars in the garage and lock them. Bring pets inside to protect them and children from each other.

Simple preparations such as these can help both children and adults survive the season, TMA says.

Members of the three sororities were dressed as what their children want to be when they grow up or, as they themselves wanted to be when they were children. Members came dressed as doctors, teachers, football players, cowboys, dancers, and one as Miss America 1957. The prize for the best costume was given to Mrs. Stan Black who came dressed as Scarlet O'Hara.

The special guests of the party were the new pledges from Alpha Zeta Pi. These guests were introduced to the members of the other two sororities. The pledges that were present were, Mrs. Richard Hawkins, Mrs. Ken Kelly, Mrs. Micky Nickles, Mrs. Nick Nichols, Mrs. Mike Riley, Mrs. Perry Stockard.

Local Youths Have Winners

At State Fair

Several county youths took cattle to be exhibited in the stock shows at the Texas State Fair in Dallas last week, and came home with several winners.

Third places were awarded Jerry Gleason in the Heavy Hereford class; Kelly Harrison for a heavy middleweight Cross and Alan Harrison for a heavy weight Cross.

Others winning were Jimmy Gleason, 12th with a light middleweight Cross; Jay Gleason, fifth in the light heavyweight Cross; Shane Claunch with a ninth place for his light heavyweight Cross and Jacinda Gleason with a 19th place for her light weight Cross.

Each calf exhibited received a blue ribbon for the carcass quality. The judges explained that the calves were Good Choice with a high yield grade and were excellent or above.

Starving Artist Sale

The works of local artists, as well as artists throughout Texas and Oklahoma, will be featured at a Starving Artist Sale November 16-18. Sponsored by the Lubbock Jayceettes, the exposition will be held at the former TG&Y Building in Monterey Center. Nancy Morgan, publicity chairman for the sale, said "many kinds of art, such as jewelry, oil paintings, ceramics, macrame, and wire sculpture will be featured."

The sale will be open Friday, November 16th, and Saturday, November 17, from 10:00 A.M. until 8:00 P.M. and Sunday, November 18th, from 12 noon until 5:00 P.M. Proceeds from the sale will go to charities. Last years proceeds from the sale went to the March of Dimes, Multiple Sclerosis Society, Family Services of Lubbock, Lubbock Area Foster Parents Association, Lubbock Area Children's Shelter, Lubbock Jaycee's Children's Shopping Tour and the Texas Jaycee Campus.

This will be the eighth annual sale the Jayceettes have sponsored.

GILBERT LOPEZ

EDDIE PEREZ

Players Of The Week

This week the player of the week for the 8th grade was Gilbert Lopez. Gilbert is the son of Mr. and Mrs. Marcos Lopez. He plays linebacker for the Mules, and he consistently played excellent defense throughout the game. Coach Jones was very pleased with his performance. Congratulations!!!!

Eddie Perez, son of Mr. and Mrs. Robert Perez, was chosen as player of the week for the Friona game. Eddie caught a touchdown pass and was the receiver of another long pass. He also played well on the

defensive team intercepting three Friona passes. The Annual Staff congratulates Eddie for receiving this honor.

MRS. NORTHCUTT

Teacher Of The Week

Mrs. Evelyn Northcutt was selected teacher of the week at M.J.H.S. this week!! She teaches 6th and 8th grade math and said that the 6th grade kids are great and it will be a good year. She has taught in Muleshoe for seven years.

She went to high School in Loveland, Oklahoma, where she met her husband, Ed, who is office manager at King Grain Company. They have lived here for 15 years and have three sons. Mark and Mike, who are both seniors, and Dean, who

with his wife Cherylee are both sophomores at Texas Tech. Mrs. Northcutt graduated from Tech.

When we asked her what it was like having twins she said it was "double trouble." The Northcutt's attend the First Baptist Church of Muleshoe. **CONGRATULATIONS!!**

MJHS Coaches Comments

Friona and Muleshoe both played well in their opening district games Thursday night. Player of the week for Muleshoe's 8th grade Mules was line backer Gilbert Lopez.

There were several good blows struck on defense by both teams in both grades. The 7th grade victory was very enjoyable and the 8th grade loss very tough. Hopefully, both teams can maintain the proper spirits and enthusiasm to compete with Littlefield at Littlefield next Tuesday.

Seventh Grade Downs Friona By 12-6 Score

The 7th grade Mules won their first game of the district over Friona with a score Mules 12, Friona 6. The Mules first touchdown was on a dive by Smiley Orozco from 4 yards out. This touchdown was set up when Eddie Perez caught a pass from Mark Moton and sprinted to the Friona 5 yard line. The second touchdown, which clinched the game for the Mules, came on a 60 yard pass and run completion by Eddie Perez, receiving from Moton. This broke the 6-6 tie and set up the Mules' victory.

Perez, the 7th grade player of the week, intercepted 3 passes for the night. According to Coach Jones, the 7th graders played aggressive defense and this game showed probably their finest effort of the season. They will meet Littlefield, there, next week for their second district game.

Meet Your Principal

One of the most familiar faces around the Junior High campus is Mr. Fred Mardis, our principal. Mr. Mardis has lived in Muleshoe for 14 years, and for five of those years he has been the principal of M.J.H.S. Mr. Mardis commented

Eighth Grade Falls To Friona In 9-6 Game

The 8th grade Mules started their district season with a loss from Friona with the score Mules 6 and the Friona Chieftains 9.

On the Chieftains first possession of the football

they marched the ball down the field for a touchdown. The conversion failed and that concluded the scoring for the first half. In the third quarter the Mules marched down the field and Hector Garcia caught a 30 yard pass from Darin Shaw to set up the first Muleshoe touchdown. A few plays later Dennis

Ruthardt ran the ball 15 yards, crashing into the end zone for the touchdown. The conversion failed and the game became tied at 6. The Mules fumbled a punt and Friona recovered and moved the ball down the field and with less than three minutes left in the game the Chieftains kicked a field goal to give them the lead. This was followed by an interception by Friona to secure a win of Chieftains 9 and Mules 6.

Houston, Arkansas Take Spotlight

Texas and Arkansas stole center stage in the Southwest Conference last week, and still another match-up of powers takes place in the conference this Saturday night. The Houston Cougars invade the lair ("pen" might be a better word) of the Razorbacks of Arkansas who are going from the frying pan to the fire. Houston, the defending champion of the conference, is coming off a meeting with league rival Southern Methodist, last year Arkansas finished in a tie for second place in the conference with the Longhorns, but Houston and Arkansas had the best over-all records in the league at 9 and two. The Cougars beat the Hogs 20-9 on the road to the championship last fall. This year: Arkansas will edge the Cougars by one point. Undefeated Florida State may be tossed into a real frying pan as it meets Louisiana State in football's genuine hot-box, Tiger Stadium in Baton Rouge. The Seminoles with just four games remaining after the encounter with L.S.U. would be heavy favorites to finish undefeated if they can get by the Tigers. After losing in the final seconds to Southern California late in September, L.S.U. was surprised by Georgia just two weeks ago. However, we think it may be the Tiger's turn to shock: L.S.U. will upset Florida State by two points. Elsewhere among the nation's football elite, Pittsburg returns from the West Coast from the Washington Huskies in particular to host the Naval Academy. The Panthers were the second straight major test for the Huskies, and they'll be the toughest competition Navy has had to date. Pitt will win by a big 20 points. Brigham Young, that noisy ranking power in the Rocky Mountain area, is a heavy 17 point favorite over New Mexico, and Penn State is favored by 25 points over West Virginia, a team the Lions have beaten 36 times in 45 meetings.

should be an excellent crop this year, and said the crop in the southern end of the county looks very good.

By the end of next week, Bailey County should be through with the 1979 corn harvest, with even corn severely damaged by the Labor Day hailstorm showing yields far above what had earlier been expected. Most vegetable harvest is virtually complete and is expected to wind up in the next few days.

One crop suffering, according to the assistant county agent, is the winter wheat. Although the irrigated wheat does not have the moisture stress of the dryland wheat, both are suffering from the unaccustomed heat and growth has been retarded. Dryland wheat, which was planted late in August, is having to fight both the heat and lack of moisture, and only cooler weather and moisture combined will cause any growth in the crop.

Tomorrow night, Friday, will be the big test as Littlefield will be coming into the game, on their home field with a 6 win, one tie record for the year. Their last loss was to Muleshoe in action last year. The state-ranked team is expected (by the big news media) to take the district this year.

But, the 'Kardiac Kids' also hold a few surprises themselves. They take the game in stride and when the going gets tough, they seem to manage to come through with the big play; the defensive action; the completed pass, or whatever it takes to take a victory.

It is expected that when the Mules take to the field, they will be properly geared up, knowing that if they lose to Littlefield, they may be the district losers this year, and after having a taste of a district, then bi-district title last year, will be going for the bigger titles, such as regional and then on to state this year.

Littlefield will be tough going, and the game is expected to generate a lot of interest in a wide area, being an undefeated team, the Wildcats will be digging in to try to protect that record. Their record for the year, if it falls, may possibly mean the loss of their chances to advance to the playoffs again this year.

The Muleshoe Mules are expected to be in good shape by gametime, and the defense, which gave up 23 points last Friday night, has been working overtime to protect what they know will be an overpowering offense by the neighboring team.

How has Littlefield scored? They downed Lockney with a 42-14 win; Levelland fell 28-14 to the Wildcats; they opened the season with a 35-14 victory over Frenship; Slaton and Littlefield battled to a 0-0 tie; Floydada was defeated by the 'Cats 31-21 and for the season's district opener, they downed Dimmitt, 24-6.

At the same time, Muleshoe lost 2-7 to Portales; got by Floydada, 9-7; blasted Tulia, 24-0; tied with Abernathy, 20-20; kicked Idalou, 21-13 and rolled by Friona, 36-23.

Get to Littlefield early, seats may be at a premium with all the interest in the game.

It would authorize \$10 million in general obligation bonds, the proceeds of which would be administered by the commissioner of agriculture without appropriation.

According to Mrs. Saylor, the money would be advanced by private lending agencies to cover 90 percent of the cost. Thus, the young farmer, wanting to establish his own farming operation, would not be forced to make such a large down payment.

If approved, a review board would be set up to establish the actual market value of the land. It was stated, that the state would not advance nor guarantee a loan for more than the actual value of the land. The board would be set up by appointment by the governor of Texas.

Speech Group Will Kidnap Businessman

Saturday morning, at 9:30 a.m., the Muleshoe High School Speech Department has announced they will kidnap Johnny St. Clair.

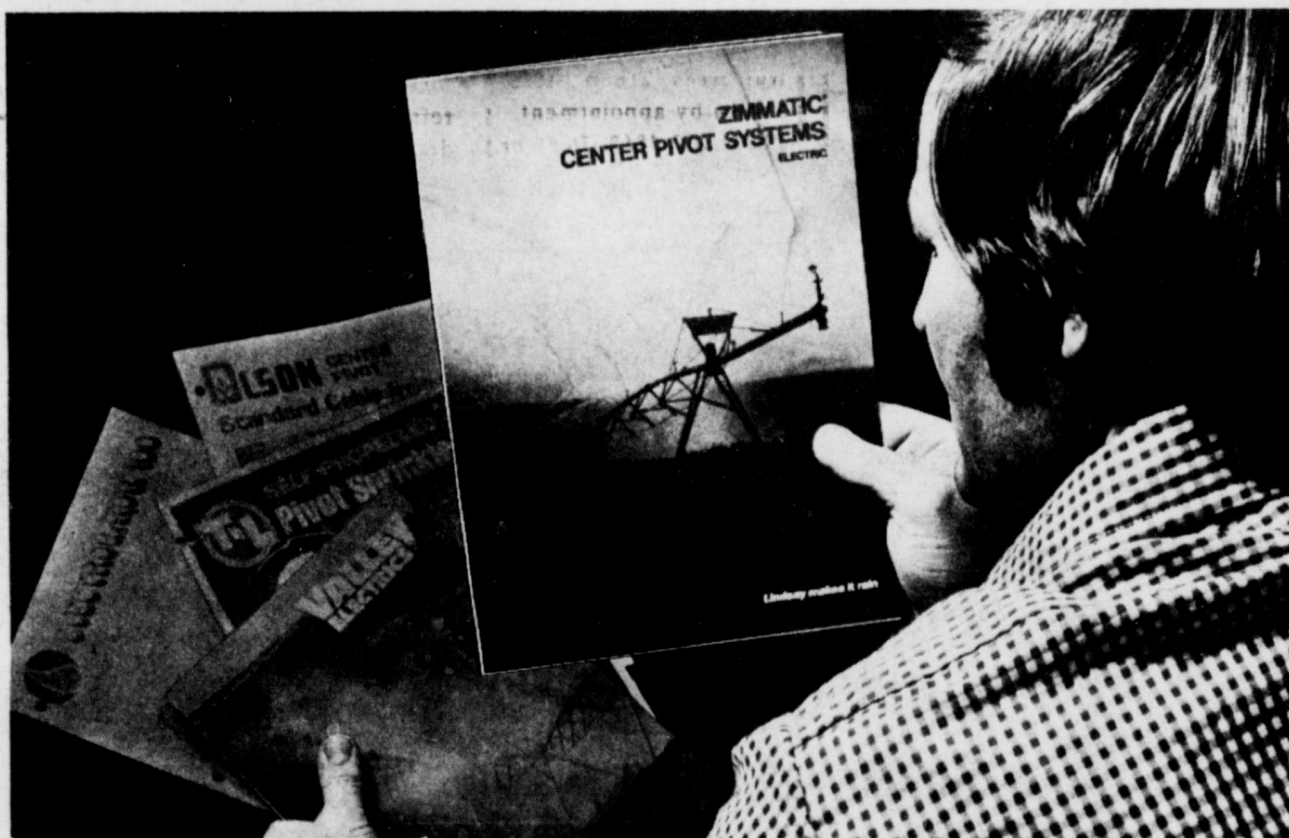

He will be restrained and held for ransom at the Mule Memorial.

A spokesman for the speech department said local businesses may contribute funds toward his release. The funds will be used for the Speech Department Halloween Queen contestant.

Candidate for Halloween Queen this year is Lauri Burgess, and her escort is Rodney Unrein.

The speech department reminded that they are asking for support of Kerry Moore and his students, and for the poor, unfortunate kidnap victim.

Buying a center pivot is serious business.

There are no cheap solutions. Only intelligent choices.

On October 8th, the Manhattan Bank raised their prime rate to 14.50%, the highest in history. On October 6th, the Federal Reserve raised their discount rate to 12%, an all time high. Lindsay traditionally has shared the risk with the farmers, and now, with the "Second Generation Z", we share the risk of rising rates by a 8.95 APR equivalent. Again, we are the leader in the industry with equipment and financing.

Western Sprinklers, Inc. now offers Lindsay's "Second Generation" of 'Z' Leases.

"Z" Lease II: Advance Payments, 10 year term, 8.95% implicit rate.

"Z" Lease III: Payment in arrears, 10 year term, 8.95% implicit rate.

"There is no better lease on today's market"

Offer expires November 15, 1979.

Naturally you want the most for your money. But a few dollars either way on the cost of a center center pivot isn't as important as the quality and service of the product. Buying a Zimmatic Center Pivot is one sure way of getting the most for your money. Zimmatic names you can trust for

dependability and service. Zimmatic is a center pivot system built to last. It's backed by the best warranty program in the industry and a full-time dealer-service network unmatched for professionalism. With a Zimmatic Center Pivot you also get a custom-design service that tailors the system exactly to the irrigation needs of your farm. A custom-designed

Zimmatic is the most cost-efficient system going around. A system that'll save you money and energy for many years to come. Come in and see us today. We have financing and lease programs to help put a custom-designed Zimmatic to work on your farm. Increase your yields and your income with a Zimmatic Center Pivot... a smart move.

Letters To The Editor

The HECE STUDENTS WOULD LIKE TO THANK EACH AND EVERY MOTHER WHO HELPED WITH THE HECE supper. Many helped by cooking pinto beans at home and others helped by serving. We also appreciate the cooperation of Bob Stovall in printing the tickets. A big thanks to the Community for making the supper such a big success. Most of all we would like to thank our Coordinator, Mary Furgeson because without her the HECE program wouldn't run so smoothly.

thank you very much

Senator Price Says U-S In Hostile World

Texas State Senator Bob Price in a keynote address to the Hereford American Legion Post No. 192 said the United States lives in a hostile world and the American people should ask the reasons for the Soviet arms buildup including the world's largest navy and four strategic missile systems and an adventurist foreign policy. Price said U.S. strength depends on the awareness of the Soviet's aggressive foreign policy and that 'we need to strengthen the free enterprise system and resist the temptation to become socialistic or its near equivalent.

"Under the present administration, American military strength has been

eroded by the cancellation of the B-1 bomber, the Minute Man Three and the neutron warhead. In my opinion, the SALT II Treaty now before the Senate Armed Services Committee is seriously flawed because, according to Senator Humond, it allows the Soviets to have more missiles than the United States."

Price, who has just returned from a month long fact-finding trip of Eastern Europe and the Soviet Union, said that a near total concentration on amassing massive military might, conventional and atomic, is what has made the Soviet Union the world's other super power. Russia is a super power by virtue of raw power. Only

by keeping abreast of vast atomic capabilities are we able to maintain the military status quo that insures freedom's survival. The other great strength we have in America is the unquenchable desire for freedom. Communism as an ideology is a millstone around the Soviet's neck.

Linking the problems of energy and national defense, Price said insufficient energy means insufficient military preparedness, hence a weak nation. Senator Price reviewed some of the legislation that was proposed and passed by the 66th Legislature including law enforcement, taxes, education, water, agriculture and senior citizen proposals. Senator Price urged all of

those in attendance to correspond with him or call any one of his three offices with suggestions they might have regarding changes in state government which they would like to see pursued, or with any problems they feel he could assist them with.

The three offices are as follows:

AMARILLO - Rm. 209 Bank of the Southwest, Amarillo, Texas 79109 806/353-5548

AUSTIN - P.O. Box 12068 Capital Station, Austin, Texas 78711 512/475-3222

PAMPA - Rm. 264-A Hughes Building, Pampa, Texas 79065 806/665-1866

Texas Tech Rodeo Finalize

Billed as the "World's Largest Indoor Collegiate Rodeo," the 35th annual Texas Tech Rodeo will test the skills of more than 350 contestants Oct. 25-27.

This year's event will provide western pageantry complete with nationally known vocalists and clowns.

Sixteen rodeo teams from around the Southwest will compete in a wide variety of events for men and women. Men's teams will vie in bareback riding, calf roping, saddle bronc riding, steer wrestling, team roping and bull riding. Women's teams will test their skills in break-away roping, goat tying, and barrel racing.

Topping entertainment headlines for Friday night will be Jody Miller, one of the top female country and

western singers in the nation. Saturday night will feature country and western singer Larry Mahan, whose past rodeo achievements carried him to six all-around cowboy titles.

George and Kathy Taylor of Cleburne will entertain the crowds with their clown and comedy acts throughout the rodeo performance. Bob Romer, "the Bull-Dancer," and former National Finals Rodeo clown, will demonstrate his skills during the wild bull riding.

Rodeo stock will be provided by Harry Vold Rodeo Co. of Fowler, Colo.

Each performance will begin at 8 p.m. in the Lubbock Municipal Coliseum Oct. 25-27.
