"Covering the County"

By Garlyn Hoffman, Co. Agent.

Some men along with a lot of ladies, turned out Tuesday night to see the Noratadata benefit style show, and found that the girls really did a fine job. They tell me that Tillerson was somewhat disappointed that they did not keep their promise to show bathing suits but I think even he will agree that all the clothes from the Fashion Shop in San Angelo were worth going to see. The Community Center never looked better, as their decorations were really nice. The music by John McMillan, of San Angelo, and his wife was fine, too. We would just like to have kept that piano he used.

The show was well-attended, and the Noratadata fund to furnish a hospital room should get a big boost.

The American Legion will meet Tuesday night, Oct. 3, at 8:00 p. m. This is just a reminder to the Legionnaires to be sure to attend.

Now to get back around to something to do with ranching. At present, William Foster, Riley King, Bill Bynum and Bubba Foster are planning to attend the dedication of the Beef Cattle Center at A. & M. I am going along, too, and know that we will see a lot of interesting features on the tour of the new center.

September—in other words, right now—is the time to plan for flowering bulbs in the yard. Any soil that will grow vegetables is suitable for growing bulbs. Many bulbs and roots planted last year are flowering now. Among these are cannas, crinums, rain lilies, Guernsey lilies, and dahlias. There have been some very fine dahlias in the county this year.

October is a better time than now for planting narcissus bulbs and Madonna lilies unless you are planting them in pots for indoor blooming after frost. In October you can have blooms from iris of varieties that bloom in the fall, and if you plant gladioli bulbs in the midsummer they bloom in the fall.

October is really the biggest bulb planting month. Hyacinths, lilies, narcissus, iris, daffodils, and mont-bretia can be planted in October. However, November is a good month for planting tulips, which do better in the colder parts of Texas. Daffodils and narcissus can be planted in November if not already done in October. Dutch iris may be planted in November and December.

Miss Sadie Hatfield, specialist in homestead improvement, suggests that you plant gladioli every two

DISTRICT COURT TO OPEN MONDAY

District Court will get underway here Monday, October 2, with the convening of the grand jury at 10 a.m. Judge John F. Sutton is the District Judge and Ralph Logan is District Attorney.

Grand jurors summoned are J.G. Bird, David Glass, Ralph Davis, Worth Allen, S. L. Augustine, S. M. Bailey, Jack Douthit, Clyde Everett, William Foster, Jim McCarty, Martin C. Reed, John Walraven, Virgil Brownfield, George Case, F. F. Westbrook and Jim Hinshaw.

Lions Club Luncheon

Guests at the Lions Club luncheon Wednesday noon were Mr. Dickson of Monahans, A. T. Bratton and Johnny Ozee of Sterling City.

Johnny Ozee talked on establishing a safety lane and safety patrol for the three points of school now on the highway. Such action was discussed briefly and President G. W. Tillerson appointed the following committee to look into the matter: Wm. J. Swann, Henton Emery, and George Blackburn.

Daughter to Murrells

A daughter, named Lynnette, was born to Mr. and Mrs. G. C. Murrell at a Big Spring hospital at 9 a.m. Saturday, September 23. The baby weighed seven pounds and two ounces.

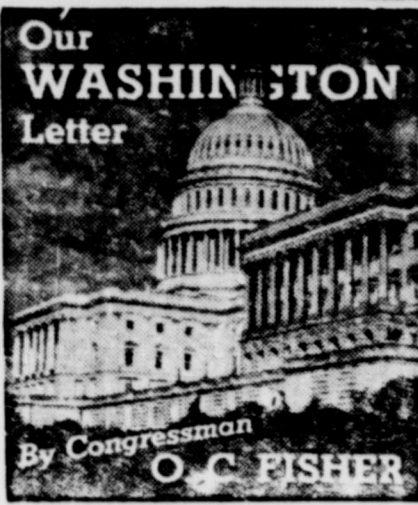

The Murrells have another daughter, Joanna.

Grandparents are Mr. and Mrs. J. H. Brizendine of Colorado City and Mr. and Mrs. T. H. Murrell of Sterling City.

or three weeks beginning in January or February if you want blooms all along. January and February are good months to fertilize the bulbs you have planted, too.

It is recommended that you plant dahlia tubers and separate canna root sin March. March and April are good months to separate day lily roots and fertilize them. Late flowering bulbs such as tube roses and amaryllis can be planted in April also. Bulb care in June consists of fertilizing, mulching and watering. Start planting bulbs in July and August for flowering in the fall.

Now that I have outlined a whole year of work for the flower gardener without mentioning a thing besides root and bulb plants, I think I had better wait until next week to tackle some other project.

By Congressman O. C. FISHER

The Secretary of Agriculture is expected to announce, within the next ten days, the acreage-control situation as applied to cotton in 1951. Due to the 9½ million bale estimate for this year, which is lower than had been expected, it is likely that the Secretary will, in his announcement, tell farmers that there will be no marketing quotas applied in 1951, and that there will be relaxed acreage controls, if any, imposed.

In fact, the talk in recent days down in the Department has favored an additional five million acres next year more than the 21,000,000 acres that had been scheduled. In that case it is indicated there will be little, if any, need for acreage controls. In any event, the Secretary is expected to make a statement on the subject in the near future.

It has been determined that the Congress will be in recess until November 27, at which time we will reconvene for the purpose of dealing with the subject of taxes on excess wartime profits.

AS A MEMBER of the Armed Services Committee, I, along with Representative Clemente of New York and Representative Hardy of Virginia, have been designated by Chairman Carl Vinson to go to Europe during the recess period on official business pertaining to the Committee's work. We are to go on a regularly scheduled MAT (Military Air Transport) plane from Westover Field in Massachusetts to Frankfurt. The Army has a daily schedule of transport planes flying that route each day.

We will spend a little time in Frankfurt, Berlin, Munich, and will probably go into the Ruhr Valley while we are there. In addition, if conditions permit, we plan to go to Vienna, where we have military installations at present, and to France, the Scandinavian countries, Yugoslavia, Italy, Greece and Turkey.

With the world situation as it now is, we are called upon to spend billions to bolster the military preparedness of the friendly countries who compose the Atlantic Pact group. It is, of course, important that we keep ourselves as well informed as possible on what the situation is and just how successful the program is working out. There are, of course, matters pertaining to our occupation forces in Germany in which our Committee is particularly interested and about which we are from time to time called upon to legislate.

In my absence, my office in Washington will be kept open and my office staff will give prompt attention to all mail that is received. While I am overseas, I plan to send weekly reports back concerning conditions as we find them.

Mrs. Dr. Carver Buried

Mrs. Sara Ann Carver, 84, was buried in San Angelo Tuesday of this week following funeral services that morning. Mrs. Carver had died in Tucson, Arizona Sunday. She and her late husband, Dr. Carver, were former residents of Sterling. Dr. Carver practiced medicine here for a number of years.

Survivors include one son, Fred H. Carver of Tucson; and two daughters, Miss Cora Carver and Miss Rose Carver, both of Douglas.

Attending the rites from Sterling were Mrs. H. L. Hildebrand, Mrs. Ruth Allen and Mr. and Mrs. Walter Allen.

Miss Ethel Foster, who is touring Europe has been in Switzerland and middle Europe this week. She will leave Paris, France on October 2 and arrive in New York on the third. She is with a group of American clubwomen making this tour.

Fern Garrett and LaVerne King, freshmen students in Abilene Christian College, spent last week-end at their homes here.

STERLING EAGLES TO MERTZON TONIGHT

By Harry Blaneck, Sports Editor
The Sterling Eagles will meet the Mertzorn Hornets on the Mertzorn home field Friday night, September 29.

This is the first season Mertzorn has had lights on their field.

We feel like that with the backing we have had there will be a large crowd from here behind us again.

LONG RUN WINS FOR THE EAGLES OVER CHRISTOVAL

Two long runs broke the back of the opposition here last Friday night as Sterling City's Eagles downed Christoval 25-0.

Leroy Butler slid off right end and scampered 60 yards for a first quarter touchdown, and the Eagles were never headed.

It still looked like a close ball game when the second half opened with Sterling nursing its 6-0 lead. But Butler grabbed the kick-off and scooted 70 yards for another score. Elroy Butler, his twin brother, added the extra point.

Before the quarter was out, Henry Bliznak rounded left end for 11 yards and another tally. Charlie Davis completed the scoring with a right end skirt in the fourth quarter.

Sterling led in first downs 9 to 6, and in yards rushing 265 to 180. The Eagles flipped only three passes, aggregating 15 yards. Practically all the Chirstoval game was on the ground.

This was the second win of the season for the Sterling City charges of George Tillerson.

The starting line-up for the Eagles included Larry Glass, right end; William Blair, center; Elroy Butler, left in; Don Gann, quarterback; Henry Bliznak, right half; and Leroy Butler, fullback.

The district's standings are now as follows:

School	Won	Lost
Sterling	2	0
Forsan	2	0
Paint Rock	2	0
Rankin	2	0
Mertzorn	1	1
Water Valley	1	1
Christoval	1	1
Garden City	0	2
Courtney	0	2

O.E.S. FOOD SALE SATURDAY

Mrs. Horace Donalson, Worthy Matron of the O.E.S. reminds the public again of the food sale to be held in the Palace Theater lobby on Saturday, September 30 at 10 o'clock in the morning.

Back From South American Trip

J. T. Davis, president of the First National Bank here, returned on last Sunday from a 22-day trip to South America. He attended the International Cattle Show in Argentina, visited some of the huge ranches in the Argentine, and travelled 12,500 miles by air before he got back home.

Davis, local rancher, said he never so better horses than in Argentina. Ranches where thoroughbreds were raised by the hundreds with good blood lines impressed him. He said the horses that the ranchers use down there were quarter horses and could not be beat.

Davis said the Argentines have the best Durham cattle he ever saw; that their Angus cattle were about equal with the ones here, and the Herefords there were not as good as the ones here in the states.

J. T. said the money changing as they went through the various countries was somewhat of a problem, because the money could not be changed back into American money as you were leaving—you just had to spend it all, or else.

Stops included the Panama Canal Zone, Lima, Peru, Buenos Aires, Argentina, Rio de Janeiro, Brazil, Porto Rico and Miami.

DAUGHTER BORN TO THE BILL BROOKS

A daughter was born to Mr. and Mrs. Bill Brooks Wednesday just before noon in a Big Spring hospital. The baby weighed eight pounds and four ounces.

At the time this paper was printed the baby had not been named. Mrs. Brooks is the former Fredda Mae Hodges.

Hector Long, freshman student at Arlington State College, spent last week-end here with his parents, the Cecil Longs.

Weldon Phillips has been pinching for Joe Blaneck at the West Texas Utilities Co. her. Joe was on vacation.

Joe L. Snead, Jr., son of the Joe Long Sneads, has joined the Navy and is now at the Naval Training Center in San Diego, Calif. He took his physical in Houston Tuesday of this week.

Mrs. James McWhorter is in Marlin undergoing treatment for the light attack of polio she had last year.

BEDROOM to rent to two men. Two beds. Mrs. C. N. Crawford.

OUR DEMOCRACY—by Mac

THE NATIONS ARE UNITED

BECAUSE THE UNITED NATIONS EXISTS, THERE IS A FORUM IN WHICH THE VOICES OF FREE NATIONS CAN SOUND AS ONE.

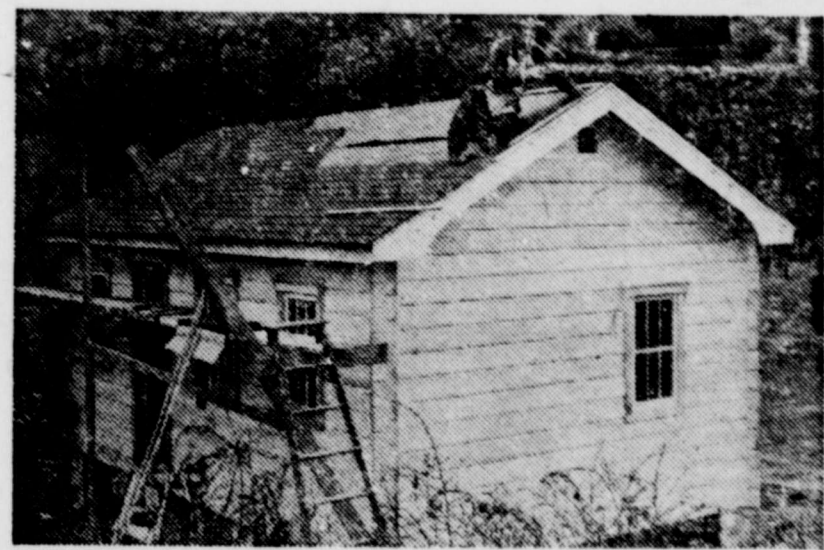

AND IN ONE VOICE THEY HAVE SPOKEN IN CONDEMNATION OF AGGRESSION.

Because the United Nations exists, not only the moral but the material and military forces of the Democratic peoples are combined to resist the aggressors. In times of peril, the United Nations is showing its force as the champion of a free world.

'Log Cabin' Comes in a Package

Asphalt shingles are applied conventionally to "log cabin" house. Decorative trim has been nailed to ends of the roof beams.

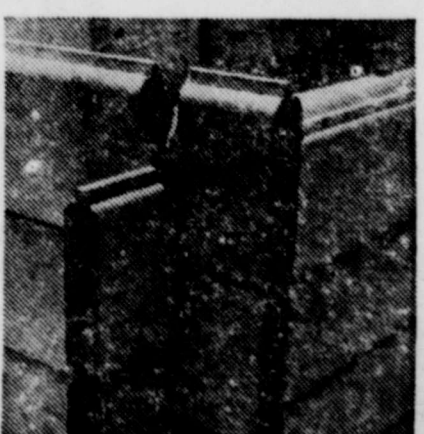

A modern version of the rough-hewn log cabin comes in a package and can be put in place in a day or two.

As reported in Popular Science magazine, all parts of the house are pre-cut to exact length. Practically the only tool needed for construction is a hammer.

The system of assembly was developed in Norway. Two-inch-thick planks form both exterior walls and interior partitions. Notched at their ends, the planks interlock to make tight, nailless joints. The upper edge of each plank has a wide tongue that fits firmly into a groove in the lower edge of the plank above, providing a weathertight seam.

Nails are used only for the floor and the roof. Asphalt shingles are the roofing material. Fire-resistant roofing of this kind is particularly advantageous for cabins in isolated areas that lack fire department protection.

Although intended primarily for use in warm climates or as summer cabins, the houses can be

Popular Science photos
Planks lock together in order indicated by stamped numbers.

winterized for year-round use. Introduced in the United States by the Norge Company, of Norway, the eight available models range from a one-room cottage to a three-bedroom house with garage and breezeway.

Milton Gibson, former butcher at Chapple's Food Store, has gone to Lorenzo where he is now market manager at Kincaid's Red & White Store there. He had been with the local store for the past two years.

For your home—use paper drinking cups. Cheap to use—cleaner, less work in dish washing. Don't spread germs in your home—use paper cups. Get cups and dispensers at the News-Record.

FARM FACTS

Don't Lose Pigs Your Sows Farrow

Pigs lost before weaning rob many hog raisers of their chance to make a profit

Results, both at the Purina Research Farm at Gray Summit, Mo., and on the farms of hundreds of good hog raisers in the South, show heavy pig losses are unnecessary when good management is followed.

At the Research Farm, approximately 75 sows are on a 2-litter-a-year farrowing schedule. They normally wean 8 1/2 to 9 pigs per litter. The good management practices followed so successfully there should result in low pig losses for other hog raisers, too.

First, a clean sow should be put in a clean, properly disinfected pen. Bring her in two or three days before she is due to farrow so she will be quiet and comfortable.

Two, plan to be with the sow when she farrows. Pick up each pig as it comes and wipe the mucus from around its nostrils and mouth. If it is necessary, spank the pig to start it breathing. Don't let pigs chill.

If necessary, spank the pig to start it breathing.

Three, at birth each pig has 8-needle-like teeth. They are useless,

irritate the sow's udder and make her restless. Clip them with side nipping pliers and paint gums with iodine to avoid infection.

Needle teeth are useless... clip and paint the gums with iodine.

Four, unless the navel cord sluffed off at proper length, clip it back about one and one-half inches. Dip the stump in an iodine solution to minimize the danger of infection and profit-robbing ruptures.

Have guard rails in place... keep bedding dry.

Five, have guard rails in place. As each pig comes, put it in a basket or crate. It is best not to let any pig suck until farrowing is completed. Then let the pigs nurse every 2 or 3 hours. Keep bedding dry.

Finally, keep the pigs clean and dry and don't let them chill. Where electricity is available, it is easy to make a pig brooder. You need only a light bulb, a bell-shaped reflector, and a box. Be sure to destroy the runts.

Advertising Doesn't Cost—It PAYS

NOW! ANYONE CAN HAVE HOT WATER QUICK!

NEW "POCKET-SIZE" PORTABLE WATER HEATER COSTS LESS THAN \$2.50

Heats One Gallon Cold 59° Water to Hot 100° in Less than 3 Minutes

Merely place a FAST-WAY Portable Water Heater in a receptacle containing water. Plug into nearest socket... get HOT WATER QUICK! Thousands use for bathing, scrubbing, washing, cleaning milk separators, etc.—the speed depending upon quantity. Compare with gas! No fires to build or hot water to carry—no running up and down stairs. No dirt, no muss, no top-heavy fuel bills. Handy! Inexpensive! Read directions before using. Now costs less than \$2.50. Two Are Bridge Hostesses

Mrs. E. F. McEntire and Mrs. Ruth Allen entertained members of their bridge clubs and guests with a bridge party at the Community Center recently. Fall flowers decorated the party rooms. Refreshments were served to 32. High score for guests was awarded to Mrs. W. S. Nelson. High score for one club went to Mrs. T. F. Foster, and high score for the other club went to Mrs. N. H. Reed. The high cut award went to Mrs. R. L. Lowe of Colorado City. Out of town guests included Mrs. Lowe and Mrs. E. H. Richardson also of Colorado City.

METHODIST PASTOR'S SCHEDULE

Rev. W. J. Weimer, pastor of the First Methodist Church reminds the people of the town again of the schedule of the church. He goes to Water Valley the first and third Sundays of each month. On the first Sunday he preaches here before going to Water Valley. He has his sermon here 9:45 a.m. to 10:30. Then he goes on to Water Valley. On the third Sunday, James Miller, layman of the local church, fills the local pulpit for him. Weimer reminds that the preaching hours are 10:30 a.m. and 7:30 p.m.

CARS CARRYING SCHOOL PUPILS TO BE EXAMINED WEDNESDAY

A State Highway Patrolman will be here Wednesday, October 4, to examine all cars carrying children on private transportation. Car owners must have their operator's license with them. The cars will be inspected as to headlights, brakes, lights, windshield wipers, exhaust and steering.

The school is hoping that all such cars will be examined on that day so the report will be in Austin on time. The Board will again take out a blanket bond on all drivers.

Economical for the home! Use cone-shaped paper drinking cups 2,500 for only \$6.50 at News-Record

EIGHTH GRADE CLUB NEWS

President Patsy Martin called the meeting to order. The secretary read the minutes. Robert O'Dell and Truman Kenemer served cake, ice cream and cold drinks. Mr. Ozee bought the refreshments at auction that were left over. The drink he bought was too much for him so he sold it to Robert for 11c, a cent profit to himself.

TEXAS, OUR TEXAS

Texas, Our Texas.
All hail the mighty State,
Texas, our Texas!
So wonderful - so great!
Largest and grandest, withstanding every test,
O Empire, wide and glorious,
You stand supremely blest.

CHORUS

God bless you, Texas!
And keep you brave and strong
That you may grow in power and work
Throughout the ages long.

Texas, our Texas!
Your free-born single star
Send out its radiance
To nations near and far,
Emblem of freedom!
It sets our hearts aglow, with thoughts
of San Jacinto and glorious Alamo.

CHORUS

Texas, our Texas!
From tyrant grip now free,
Shines forth in splendor
Your star of destiny!
Mother of heroes!
We come, your children true,
Proclaiming our allegiance—
Our faith—our love for you.

CHORUS
