DAVIS-GARRETT WEDDING SUNDAY

Miss Mary Ovalo "Betty" Davis of Bradshaw and D. D. Garrett of Sterling City were married last Sunday afternoon in the study of the Baptist Church in Bradshaw. A Rev. Fulton of Abilene performed the ceremony.

Mrs. Garrett is the daughter of Mr. and Mrs. T. G. Davis of Bradshaw, and has been operating a beauty shop in Bradshaw.

The couple will live at the Garrett ranch on the divide north of Sterling City.

Brannon Accepts Call To Presbyterian Church

Rev. Robert Brannon, now a student in Texas University, has accepted the call as pastor of the First Presbyterian Church here. He will begin his duties the first Sunday in June said Hal Knight.

The Rev. Brannon has preached here twice the past month. He is succeeding the Rev. B. B. Hestir.

Hestir, senior pastor of the town, and his wife plan to move back to Arkansas "where they came from."

Ever popular, the Rev. Hestir is retiring because of ill health. He has a heart ailment which prevents activity.

Brannon is a young bachelor.

Lt. Campbell Visiting Parents

Lt. Tommy Campbell, his wife and child arrived here last Saturday for a visit with Campbell's parents, Mr. and Mrs. Earl Campbell. Lt. Campbell is stationed at Ft. Hood with the 2nd Armored Division.

Lt. Campbell served in the last war in the European Theater, having been captured in the Battle of the Bulge and was later released by the Russians just before the war ended in Europe. He went two years to college and then re-enlisted in the army.

Pvt. J. D. Fowler Home On Leave

Pvt. J. D. Fowler, son of Mr. and Mrs. J. H. Fowler, is home on leave following his completion of basic training at Camp Chaffee, Ark.

Following his leave here, J. D. will go to Seattle, Washington, for a two weeks stay and then take off for Japan, and after further training of six weeks there, he will go to the fighting front, said his father.

Visitors at the Fred Allens this week have been Mr. and Mrs. O. B. Allen of Vineland, New Jersey. Fred and O.B. are brothers.

Lions-Faculty Volleyball Game Monday Night

There will be a volley ball game between members of the Lions Club and school faculty at 8 p.m. Monday night in the school gym. This announcement was made at the regular luncheon Wednesday. No admission will be charged but donations will be taken in at the door. The club plans to use the proceeds to fix up the inside of the Community Center.

Bill Cole and Cliff Haymes, heading the Lions players, announced that there would be a practice at the gym on Thursday night of this week.

There was a second reading of new officers that have been nominated by the committee at the luncheon. Voting will be next Wednesday. Dr. Swann is up for the presidency. Officers take office the last week in June.

The best citizenship award, that the club presents to some senior each year, was shown. The selection will be made by the faculty the latter part of this week, it was announced.

Allie Woolridge of San Angelo was a guest.

The prize went to Cliff Haymes.

Fay Cook Loses Left Arm in Accident

Fay Cook, well driller, formerly of Sterling City, lost his left arm in a rig accident Thursday morning near San Antonio. He was taken to a San Antonio hospital, where he was reported doing pretty good. Attending doctors thought he was to be all right, providing no complications set in, said his sister-in-law Mrs. Agnes Cole.

SUNDAY AT THE METHODIST CHURCH

Sunday is to be an extra special day at the Methodist Church. The morning service (10:50 o'clock) will be in honor of Mother. The sermon subject will be "Motherhood at Its Best."

Sunday evening (7:45 o'clock) will be in honor of our high school seniors. There will be several special features. This service will close with an excellent sound picture. The public is invited to these services.

W. J. Weimer, pastor

Mrs. Lee Augustine's father, J.I. Murtishaw, 90, of Robert Lee, has been seriously ill for the past several weeks, but is now better and it is planned to return him home from the hospital this week.

Mr. and Mrs. Horace Donaldson returned home from a vacation trip in Van Nuys, Calif., where they visited with Horace's brother. Horace Donaldson said the most outstanding place they visited was Forest Lawn Memorial Cemetery.

First Grade Pet Show Held Here

The First Annual Pet Show of the first grade of Sterling schools was held here last Friday afternoon. The school children brought their various pets for exhibition. The judges could not place a first, so all received a ribbon and a ticket good for refreshment at Chapples Food Store and Long Drug Co. The two firms donated these prizes. Lowe Hardware had donated a ball and bat for first place winner, but since no one got first the bat and ball went to the whole class for use at play periods.

The show was under the sponsorship of the teacher and room mothers. Miss Ida Bell Bryant, their teacher until she had to return to her home on account of illness, was responsible for the show's origination, it was pointed out.

The affair was a huge success and a repeat is scheduled for next year.

Leroy Butler Named On All-District Team

Leroy Butler, ace back of the Sterling High Eagles the past season has been named on the All-Star 6-Man football team and will play against the eastern aggregation at the Texas 6-Man Coaches association meeting in San Marcos next August. Leroy was the only Sterling man to be named on the all-district team this year, said Coach Tillerson this week. His twin brother, Elroy, was named on the second team, however. Both boys were backfield men.

Leroy and Elroy are sons of Mr. and Mrs. Jim Butler of this city. They and Don Gann, another player, went to Sul Ross College in Alpine Thursday of this week to try out for a place on the college squad there. They will return Sunday.

Have You Been Killing Any Snakes Lately? Any Snakes For WTU?

(Reprint from the April Issue. Electric Times, employees publication, West Texas Utilities Co.)

Save the rattlers on the rattlesnake tail—They're Needed!

Along about this time of the year the deadly Texas rattlesnake crawls forth from his winter quarters to become a menace to all that gets in his path. Hundreds are killed each year, and are usually left on the spot. If he is a real large one the horny interlocking joints at the end of the tail known as rattles, are sometimes cut off and displayed as trophies of the kill, and sometimes as proof as to the size of the snake.

Of course, you are urged to kill all rattlesnakes you see this spring, but regardless of size, please cut off the rattlers and send them to the Electric Times in Abilene. We need hundreds of them, and will gladly accept each and everyone.

And there is a very nice prize awaiting the employees of any WTU office or department that sends in the greatest number of rattlers—just that end section of the tail—not the entire snake. Eudora Hawkins of the WTU public service department, will present to the winners a delicious devil's food cake covered with a half-inch coating of fudge icing.

What are we going to do with all the hundreds of rattlers we receive? They will be given as souvenirs to the delegates at the annual national convention of the General Federation of Women's Clubs which will convene at the Shamrock Hotel in Houston, Texas on May 13. There will be delegates from very state of the union and many foreign countries.

Eudora Hawkins will attend the meeting and present the souvenirs. She is the State Chairman of Rules and Procedure.

(Anybody killing snakes or having rattlers on hand that they would part with, could give them to Tom Onstott and help him and the local office win the prize.)

Mr. and Mrs. R. P. Brown visited Mr. and Mrs. Evan Jones in Fort Worth last weekend, and also Mr. and Mrs. Stanford Perrett and family of Arlington. Stanley Perrett returned home with them for a visit.

MY HOUSE for sale, furnished or unfurnished. Bob Harris.

"Covering the County"

By Garlyn Hoffman, Co. Agent.

All of you horse show men had better get your ole ponies in good order as Show Time is not far off. The first show in the area is Ozona on May 26. This is a quarterhorse show only. Mares, stallions and geldings will be shown in halter classes with entry fee of \$10. The performance classes include cutting horse and reining contest. Both the contest entry fees is \$25. The entry deadline is May 21.

A jackpot roping will be held in Ozona May 25.

The San Angelo Horse Show will be June 7, 8, 9, and 10. Entries close May 15, and the fees are \$5 per class and \$5 per stall. Quarterhorses, Thoroughbred and Palominos will be shown. A cutting and reining contest will also be held. Cutting contest entry fee is \$25. A rodeo will be held each afternoon and night.

The Sterling City Horse Show will be held June 2. Quarterhorses and Thoroughbreds will be shown. Each first place winner will receive a trophy and other places ribbons. The reining contest is open to all.

The 4-H Club judging teams will go to Abilene May 12 for district tryouts. Sterling will be represented with livestock and grass judging teams. If either team or both wins 1st or 2nd place, they will go to the state contest at A&M College June 25.

The county agent will be on annual leave next week getting things in shape to enter the Air Forces June 6 as a recallist.

For the cotton farmers that missed the April 27 meeting here are the highlights of it: Planting rates: Fuzzy seed 3/4 bu. P/A; Medium delinted seed 16-20 lbs. P/A; and heavy delinted seed 10 lbs. P/A. A seed treatment for cutworms is 2% B.H.C. or 1 lb. chlordane or 1 1/2 lbs. Toxaphene per acre. Just mix one of these insecticides in with the seed and plant it. This does not affect the germination if the proper amount is used. This same treatment is also good for grain sorghum seed.

Cotton seed should be treated with ceresan, a seed disinfectant. It should be treated at least 24 hrs or longer before planting. You get from 15 to 30% better stand, 10-15% better yield, and reduce seed decay, damping off, angular leaf spot and boll rot. Use ceresan according to directions as it comes in different strengths. Amount of 2% ceresan to use for fuzzy seed is 9 oz per 100 lbs.; heavy delinted seed 4 ozs. per 100 lbs. If you get "ceresan" M, cut the above dosage in half. Other seed disinfectants for all kinds of seed can be purchased.

For insect control a spray is much better than dust because the weather conditions are not often ideal for dust. When the cotton is small use one nozzle per row; six to twelve inches use two nozzles, one on each side; and about 12 inches, use three nozzles, one on each side and one on top. It usually takes from 2 to 10 gallons of material to cover an acre. The tractor speed should not be varied, as you will not apply the proper amount per acre if it varies.

Thirteen colored slides of the various cotton insects were shown. They were boll weevil, bollworm, leafworm, fleahopper, grasshopper, spider mites, pink bollworm thrips, stink bug, lygus bug, rapid plant bug, and tarnished plant bug. The first six give this area the most damage.

Toxaphene is the most all-around insecticide as it controls all of the insects except aphid and red spider.

Attending Medical Technologists Convention in Dallas

Mrs. Valentine D. Melvin, hospital administrator, will spend all of this week in Dallas at the National Convention of the American Medical Technologists. Mrs. Melvin is the State Representative for Texas and is local chairman of the convention.

Mrs. Melvin will go from Dallas to Perryton to attend the Baccalaureate sermon on the night of the 13th. Her twin sons, Bill and Ed, who will be 18 years old on the 14th, are graduating from high school in Perryton.

Mrs. D. P. Glass was returned home from a San Angelo hospital this week. She is doing somewhat better.

FINAL SCHOOL EXERCISES SET

Final school exercises will be in the week of the 20th, it was announced this week.

The Baccalaureate Sermon will be held on the morning of May 20 with W. O. Batten, minister of the Church of Christ preaching. The place will be one of the churches, and exact place will be announced in next week's paper.

Commencement exercises will be held on the night of May 21 at 8 p.m. A speaker has not yet been definitely secured, said principal G. W. Tillerson.

The grade school graduating exercises will be held on the night of May 24 at 8 p.m. Place will be announced in next week's paper.

The senior class and their sponsors and chaperones will go on a senior trip to Austin and the Gulf Coast on May 23-24-25.

Two Hostesses At Bridge

Mrs. Wm. J. Swann and Mrs. James McEntire entertained their bridge clubs on Tuesday evening of this week. A salad course was served.

Mrs. W. S. Nelson received the high score prize for guests and Mrs. H. L. Hildebrand and Mrs. Fowler McEntire received the high score awards for club members.

Present were Meses. E. L. Butler, C. N. Crawford, Sterling Foster, R. P. Brown, Ralph Bynum, W. E. Allen, Rufus Foster, Temp Foster, Marvin Churchill, O. T. Jones, Ray Lane, Earl Bailey and Hal M. Knight.

American Music Program By Club

Mrs. R. E. Bynum was hostess when the members of the Wimodausis club met at the home of Mrs. Harvey Glass Wednesday afternoon. American Music was the topic for the day.

A chorus, composed of Miss Pam Sanderson, Mrs. V. E. Davis, Mrs. Garlyn O. Hoffman, Mrs. Harvey Glass and Mrs. Lester Foster, sang while Mrs. Bynum read the script.

The club voted to buy an oxygen tent for the new hospital. Ways and means of raising the money was discussed.

A report of the District Federation was made by Mrs. T. F. Foster.

A social hour followed the business session.

P.T.A. Sponsoring Health Round-Up

The P.T.A. is sponsoring a Summer Health Round-Up of the children entering school this fall. All parents who have not registered their children are urged to do so May 15, 16, or 17 at Dr. Swann's office after 3 o'clock or call Mrs. Henry Bauer, chairman.

The Summer Round-Up of the children is a health project sponsored by the National Congress of Parents and Teachers through its local units to arouse the interest of parents in improving the health of children entering school for the first time. It also aims to bring about continuous medical and dental supervision of children of all ages, especially those who are apparently healthy. It is carried on in cooperation with the community medical and nursing professions.

In 1925 the National Congress of Parents and Teachers inaugurated the Summer Round-Up of the children in the belief that the home, which is responsible for the health of the preschool child, can make no greater contribution to the school than to send a pupil physically ready to take full advantage of the opportunities that education has to offer. The Summer Round-Up not only brings about correction of defects and immunization against communicable diseases, but it provides a medium for giving parents valuable instruction in child health.

Henry Merrell, who underwent an operation in the Shannon hospital in San Angelo last week, is still hospitalized, and is recovering slowly.

Mrs. Bill Reed entered a San Angelo hospital this week for a check-up.

THE AMERICAN WAY

Waiting For The Kill

Our WASHINGTON Letter

THE ECONOMY BLOC IN the House whacked nearly a billion dollars in non-essential spending from an appropriation bill last week, including cuts below the President's budget made by the Appropriations Committee. The major floor cut was for Government owned housing, the House voting 181 to 131 to reduce construction of non-military public housing units to be begun during the next year from 50,000 to only 5,000. This has nothing to do with FHA housing projects.

The Interior appropriation bill also passed last week, was also cut by several million dollars as a result of an economy drive by a coalition of Republicans and Southern Democrats.

FOR MORE THAN A YEAR I have been protesting the shipment of scrap iron from this country across the Rio Grande into Mexico unless it is made certain that the movement is not unduly depleting our own needs and unless it could be made certain that some of it does not eventually get into the hands of Communist countries.

Recently Secretary of Commerce Sawyer wrote me a letter further explaining the situation. He said that all such exports out of Mexico are subject to export control by the Mexican Ministry of National Economy, which he says has "operated effectively to prohibit exportation of significant quantities of these

products to any destination." This, he says, has been confirmed to him by the Mexican Embassy.

"I might mention", the Secretary continued, "that requests for scrap licenses are handled in this Department and are carefully screened as to consignee and end use. In addition, it should be noted that we are familiar with the capacity of Mexican facilities for utilizing scrap and that the quantities shipped from this country are not excessive in relation to this factor. Further, our Embassy in Mexico City and the Consulates throughout the country are constantly on the alert and would report any transshipments promptly.

"Finally, I might add," the Secretary's letter said, "the Mexican authorities are keenly aware of the importance of U. S. scrap to Mexico's iron and steel industry and realize fully that permitting the re-exportation of significant quantities would adversely affect the country's position with reference to obtaining further supplies from the United States."

The major portion of scrap received from this country is used in Mexico to produce ingots from which various iron and steel products are produced, Mr. Sawyer pointed out. The remainder, he said, consisting of a moderate amount of baled and compressed scrap, is used by the lead smelters as a fluxing agent in the refining process. "Any reduction in scrap supplies for this purpose would, of course, affect U. S. receipts of lead" from Mexico, the Secretary added.

In a prior exchange of letters with the Secretary of Commerce, I was informed that average annual exports of such scrap from the United States to Mexico runs a little above 100,000 tons. Practically all of this is consigned to steel mills in Northern Mexico. According to this source, Mexico is traditionally an importer of American ferrous scrap, upon which it is largely dependent to make up its chronic deficiency between consumption and domestic supply. The Secretary

insists that the current movement is normal, and that exports that are permitted from this country are only sufficient in quantity to meet actual domestic needs in Mexico.

To further confirm this explanation, I have asked the Secretary of Commerce to obtain a statement from Mexico listing the amounts of any exports of scrap iron and steel and their products, from that country to other Nations.

One For The Small Fry

By Betty Barclay

SUMMER days will be here before you know it, and you'll be wishing you had more easy-on-you recipes for refrigerator deserts.

So, start a file now with this Chocolate Mousse. Nothing could be easier. As a matter of fact, this recipe is a perfect one to turn a youngster loose on when he or she wants to make something "all by myself" for Mother's Day or Dad's Day, coming up soon.

Chocolate Mousse

1/4 cup sweet cocoa mix; 1/4 cup sugar; 1/2 teaspoon salt; 1/2 teaspoon vanilla; 1 cup evaporated milk; 1 egg white, stiffly beaten.

Combine cocoa mix, sugar, salt, vanilla, and evaporated milk. Pour into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. Freeze 15 to 20 minutes. Then turn into bowl and beat with rotary egg beater until mixture holds its shape. Fold in stiffly beaten egg white. Turn into paper souffle cups. Place in freezing compartment of refrigerator and freeze 3 to 4 hours. Takes 9 or 10 minutes.

HAROLD A. SHAW IS COMPLETING AF BASIC TRAINING

LACKLAND AIR FORCE BASE, May 9—Pvt. Harold A. Shaw, 20, son of Mr. and Mrs. E. A. Shaw, Water Valley, is completing his Air Force basic airman indoctrination course at Lackland Air Force Base.

His basic training is preparing him for entrance into technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

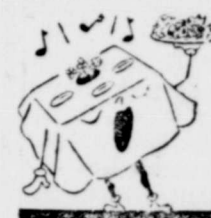

Harold was employed at the South Texas Lumber Company here before joining the army.

The Delbert Dearens brought the new baby boy home this week. He was named Patrick March, and is a "big-un".

A Salad Spring Song

By Betty Barclay

THE versatility and simplicity of flavored gelatin makes it fun to use. And remember, in addition to

luscious desserts, it makes wonderful salads. This Jellied Vegetable Medley, for example, is a complete and satisfying entree that will make your Spring luncheon table sing. It has all the color and freshness of a May day, yet it is substantial and nutritious. You can even serve it at dinner as a main course accompaniment to meat or fish.

Jellied Vegetable Medley

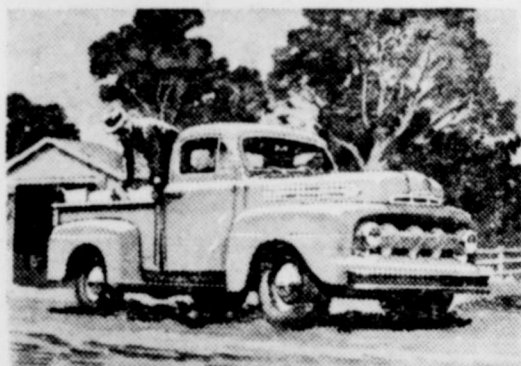

1 package lime-flavored gelatin; 2 chicken bouillon cubes; 1 cup hot water; 1/2 cup vegetable liquid; 2 tablespoons vinegar; 1/2 teaspoon grated onion; 1 tablespoon pimento strips; 1/2 cup thinly sliced celery; 1/2 cup mayonnaise or salad dressing; 1/2 cup cooked peas or string beans; 1 cup cooked rice*; 1/4 teaspoon celery salt.

Dissolve lime-flavored gelatin and bouillon cubes in hot water. Add vegetable liquid, vinegar, and onion. Measure 1/2 cup, add 2 tablespoons water, and chill until slightly thickened. Fold in pimento and half of the celery. Turn into 1 1/2-quart mold. Chill until firm.

Add 2 tablespoons water to remaining lime-flavored gelatin and chill until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in mayonnaise, then remaining ingredients. Season to taste with salt. Turn onto firm gelatin in mold. Chill until firm. Unmold on salad greens. Makes 6 servings.

*One package pre-cooked rice makes 3 cups cooked rice.

Whatever your loads, whatever your roads . . .

FEED, milk, poultry, grain—farmers in Economy Run found Ford's hauled 'em at mighty low cost per mile! F-1 and all Fords offer TWO new cabs!

FLOWERS get there quicker, fresher in nimble Fords! Economy Run drivers found Fords cut costs on stop-and-go jobs. F-1 has new fingertip shift!

GRAVEL travelled on tough off-road jobs in Economy Run—money saved every mile with the Power Pilot! F-5 is top heavy duty seller!

. . . the 48-State Economy Run points the way to **more miles per dollar** with the Ford **POWER PILOT!**

"3200-lb. loads . . . 2.3c a mile!"

Stockman Alex Forshage (address on request) drove his Ford F-5 Stake equipped with POWER PILOT in the Economy Run. He reports: "I drove 3778 miles in 6 months, with average load of 3200 lbs., made 1444 stops. Total cost of gas, oil and maintenance with no repairs was \$135.68—or only 2.34 cents a mile."

YOUR kind of truck job was represented in the big, nationwide Ford Truck Economy Run!

Some 5000 drivers in the 6-month Run hauled every kind of load from ice cream to pig iron—in every kind of Ford Truck from F-1 Pickups to mammoth F-8 Big Job tractor-trailers! They bucked city traffic, highballed cross-

country pushed through off-the-road mud . . . They kept daily records of every penny spent for gas, oil, maintenance and repairs.

The result: overwhelming new evidence that Ford Trucks with the POWER PILOT *save you money every mile!* The POWER PILOT gives you the *most power from the least gas!*

FORD trucking costs less

Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longest!

because . . .

LUMBER and all building materials were hustled in the Economy Run—at low ton-mile cost! F-6 gives choice of three great truck engines!

CATTLE went on wheels for less per mile in the Economy Run. F-6, like all Fords, has new Free-Turn valves, other advancements, V-8's or Sixes!

LOGS moved to mills at lower cost, more profit in Economy Run. 145-h.p. engines power these F-8 Big Jobs. Ford offers over 180 truck models!

Behind
The
8 Ball

I have set the stage for a good rain. Pat Boatler washed my car all pretty and shiny on Tuesday of this week. If this doesn't work—somebody better get some of the cloud seeders up and give that a try.

8—Ball

A barber would have thought he was living in a community peopled by the House of David kind of folks around here the past three weeks. With Henry Merrell out of his shop due to illness, people acquired that "long-haired" look and some of them were in desperate circumstances till Levi Garrett opened up Henry's shop. He was swamped the first day.

8—Ball

With the long drouth period and the high price of feed, the ranchers are "up a stump" now. Maybe a rain will ease the tension. As one rancher put it—there won't be any milk fat lambs this year. No rain to speak of has fallen since last September.

We can hope, can't we?

8—Ball

The shrubs and grass plantings around the new hospital have been attended to and it won't be long before the place looks like a permanent place and not so "brand new." The hospital is to be opened "sometime in the NEAF future.

8—Ball

Mrs. Anna Lee Johnson, postmaster here, attended the postmaster's convention in Houston last week-end and the first part of this week.

This gave Pete Easley a real workout down the P.O. way.

8—Ball

West Texas, in spite of the occasional drouthy spell, high wind hot sunny days, is still the best place to live—from a healthful, wealthful, and contented point of view.

East is east and west and west is west, and never the twain shall meet—said Kipling. But here we take them all and mix them up good and soon they all think so highly of the high, dry western climate that they would have no other, really. This comparison may be odious, but after a few years all residents are dyed in the wool West Texans and would not be called by any other.

8—Ball

"Tempus is Fugiting"—and we really do need a good rain, in fact several of them.

8—Ball

Charley Drennan and Elmer fishing on the Kiowa last week end and caught a number of fish—they were perch and bass, mostly, said Kennemer.

8—Ball

Miss Jorene Shinn, homemaking teacher in the high school and Patsy Davis and Charlene Drennan attended the Future Homemakers meeting in Fort Worth last week-end.

8—Ball

Mr. and Mrs. Claude Collins went to their New Mexican ranch last week for a few days.

"YOU'RE NEVER TOO OLD" * * * In his seventies, Dr. Benjamin Duggar refused to believe that age limits usefulness to man. Instead, he went on to discover the golden wonder drug, aureomycin. Read this timely article in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

America's
Largest
and Finest
Low-Priced
Car!

LARGEST! with all the extra riding ease that comes from its extra size and weight

LONGEST in the low-price field—a full 197 1/2 inches—with the added measure of comfort and style that its length provides.

HEAVIEST in the low-price field—a solid 3140 pounds*—with that big-car feel of road-hugging steadiness!

WIDEST TREAD in the low-price field—a road-taming 58 3/4 inches between centers of rear wheels—for stability on curves and turns.

Most length. Most weight. Most width where it counts. They all add up to extra comfort and riding ease... extra value for your money. And here's the surprising fact! The Chevrolet line actually costs less than any other in the low-price field... Costs least, gives most!

*Styleline De Luxe 4-Door Sedan, shipping weight.

The Fleetline De Luxe 2-Door Sedan
(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

First and finest in the low-price field
TIME-PROVED
POWER *Slide*
Automatic Transmission

FINEST! with all these features and advantages found in no other low-priced car

BODY BY FISHER • UNITIZED KNEE-ACTION • VALVE-IN-HEAD ENGINE
• JUMBO-DRUM BRAKES • SAFETY-SIGHT INSTRUMENT PANEL •
PANORAMIC VISIBILITY • POWER *Slide* AUTOMATIC TRANSMISSION

Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
