Tillerson of Christoval coached the West team and could have ran the score up to 100 or more, according to Blondy Cross, had he chose to use his top boys—Pardee of Christoval in particular.

Bobby Blair of Sterling City was used in the game. He had been scheduled as a starter but a leg injury had kept him back.

## U.S. Marines Offer a Good Thing For Boys in Reserve

Hm/C John M. Stuckwisch of the U.S. Marine Reserves, reminds all young men that the Marines are offering a good thing for men of the younger group, and the offer will die in 60 days. He says that a young man (17 and up) can join the Marine Reserves in Angelo and attend weekly for three years of ready reserve. Then (as will be the case for all young men) they will serve two years of active duty at some Marine Base. Following their active duty they will be serving as a stand-by reserve, subject to call.

The young man of today has to serve his hitch in the services and be on reserve call for a total of 8 years (counting his active service.) If a boy wants to spend the first three in the reserves, he can join the Marine Reserves and get his 3 years reserves at the beginning. And this offer will die in 60 days, and only vets can join the reserve after that, said Stuckwisch.

## Have You Got Your Blood Type Card Yet?

If you have had your blood typed at the Sterling County Hospital and have not yet received your card, it is now ready. Just go by the hospital and get yours, reminds John M. Stuckwisch, administrator.

Henry Bliznak reported to Midland to the draft board Tuesday for induction into the armed forces. He did not know just where he would be sent, but said he would be sent to Abilene from Midland for the first phase of processing.

## 44 Cars of Feed For Sterling in Drouth Feed Program

A total of 44 cars of feed have been received here under the government drouth relief feed program, said Mrs. Roxy Brock, office secretary, this week. Six more cars of feed are yet to come in to fill the orders for the first 30-day period for this county. Mrs. Brock said her office is now taking orders for the second 30-day period, and those who need the feed may now apply for the second period.

A breakdown of the 44 cars received here is as follows: 4 cars of cottonseed meal, 4 cars of oats, 3 cars of corn, and 33 cars of pellets.

LET'S TALK  
LIVESTOCK  
BY TED GOULDY

Fort Worth—While Southwestern livestock movement held about level with a week ago at the start of this week, the clangor of late Summer shipments of cattle to market reached a crescendo of 123,300 cattle and 14,400 calves at the Nation's 12 major markets Monday. This was 28,500 more cattle and calves than a week ago, and 27,700 above the same day last year.

At Fort Worth, canners, cutters, bulls and choice stockers held firm. Most other kinds of cattle and calves were weak to 50c lower.

The strength of the canners and cutters and other boning types reflected to some degree the liquid condition of that portion of the market aided by government purchases of canned and ground meat. Latest reports indicated this program was taking five to six million lbs. a week (5,375,260 lbs. the week ended Aug. 10). Vast expansion of this buying is expected soon.

The government paid 38.76 per cwt. for canned beef, and bought nearly a million and a half lbs. of hamburger at \$33.34. (Fort Worth packers quoted hamburger to this writer at \$27.00 per cwt. the same week). Frozen carcass beef for Greece was bought at \$23.93 and frozen carcass mutton at \$14.70, delivered Port of New York.

While these prices may appear stronger than current wholesale levels, some of this is to be delivered in September and after, all it is bought in an effort to RAISE prices. This should do it.

Fort Worth's hog price Monday climbed back to the year's high of \$21.25-25.50 for top hogs. This was 25 to 50c higher. Sows were steady to 50 cents higher, selling \$18.00-21.50.

Sheep and lambs ruled steady at Fort Worth. Top lambs at \$20, indicated that strictly choice kinds could bring \$1 or \$2 more. Medium, good and choice fat lambs sold from \$14-\$20, cull to medium \$10-\$14. Feeder lambs were held around \$13-\$15. Old ewes \$5-\$6; solid mouthed ewes \$7-\$10. Old wethers \$7-\$10. Old bucks \$2-\$3. Two's \$10-\$12. Slaughter yearlings \$10-\$17.

Good and choice fed steers and yearlings \$18-23.50; common and medium grassers and shortfeds \$11-\$17; rany yearlings \$8-\$10.

Butcher and beef cows \$9.50-\$12; canners and cutters \$7-\$9.50. Bulls \$8-\$13; culls \$7-\$10. (Grassy calves and yearlings are at the lowest time since the third week in June.)

Good and choice stocker steer calves \$13-18, heifers \$15.50 down and good and choice stocker steer yearlings \$13-16. Stocker cows \$8-\$14.

Some criticism is being made of the feed-making industry because of their stand against certain practices in the drouth feed program. Feed men are being pilloried by some producers for trying to get a program set up whereby the feed making industry can participate.

Much of this is grossly unfair. After all this program will bankrupt many small businessmen (feed dealers) in its present form. We can hardly blame an important segment of our national economy for fighting for its life.

## Good Rains Over West Texas Drouth Area

Mrs. Malinda Mitchell.

Soaking rains cheered drouth-ridden West Texas in favored spots the first part of the week. Sterling County from Sterling to the North, South and East chalked up the best rains of many, many months. Areas to the west, Southwest and Northwest did not receive enough but cheered ranchers and left promise of more and perhaps a wet fall and winter. To the north east fall was perhaps the heaviest with some of the places receiving more than five inches. Over in Coke the fall was heavier, and Bronte got a cloudburst of ten or more inches, getting water into business houses and residences. To the south, ranchers started getting rain last Saturday with good showers ranging up to two inches and then receiving heavier rains this week. East of town got plenty moisture this week ranging upward of two inches, and up to four inches were recorded in Sterling City for the period.

Ranchers in the more favored spots of the fall were jubilant and think perhaps the rain portend a wet fall and winter season. Drouth and its consequences have put most of the ranchers in a mood that only a wet, wet year will cheer them up and stop costly feeding and the leasing of grass land for pasturage.

On Thursday prospects still looked good for more rain, and the long range weather forecast calls for moisture in the coming days.

### 100 MILLION SOCIAL SECURITY ACCOUNTS

More than 100 million accounts of the earnings credited toward social security are now maintained for the nation's workers and self-employed. George Clark, manager of the San Angelo social security office said today.

Clark said that every worker and self-employed person must obtain a social security account number. An individual wage record for each holder of an account-number card is established by the Social Security Administration. Thereon a cumulative record of earnings is kept for the remainder of the worker's lifetime.

Every employer engaged in a business or trade who hires one employee or more—whether steadily employed or part time—must report the earnings of the worker once every three months. In addition, he must give the full name of the employee and his correct social security number. Self-employed individuals report their net earnings each year in connection with their regular income tax returns.

When these reports are received by the Social Security Administration, the wages or the self-employment income are credited to the individual's own wage record. This record is used as a basis for determining the amount of future benefits.

### Private Piano Teacher at School

She played many recitals and tours both as a pianist and harpist. She will teach on Mondays and Thursdays coming from San Angelo at 8 a.m.

Mr. and Mrs. Joe Hunt of Saratoga visited the Lee Hunts last Friday. Joe is Lee's brother. The Hunt's granddaughter, Delores Hagerity of McCamey, spent last week with the Hunts.

Mr. and Mrs. Fred Allen and two children, Freddie and Ronnie, have been here visiting relatives and friends since last Friday. They moved to Las Vegas, N. M. last month to be nearer their ranch at Shoemaker, N.M.

The Benny Greens of Everton, Arkansas, are here this week visiting relatives and friends.

### Miss Darlene McEntire And Oscar Dorsey Wed In Abilene

Miss Darlene McEntire and Mr. Oscar L. Dorsey were united in marriage last Saturday evening in single ring ceremony at the Elmwood Baptist Church in Abilene. The bride's father, Rev. C. D. McEntire, performed the rites. The groom is the son of Mrs. Hayden Conine of Midland.

Mrs. Oran Teal sang "I Love You Truly" accompanied by Mrs. Anna Lee Johnson. The church was decorated with a greenery-covered archway flanked with candelabras holding pink tapers, baskets of pink shasta daisies and fern.

The bride was given in marriage by her grandfather, C. O. Welch. Her white taffeta gown was topped with imported organdy and white silk lace. It was designed with a scalloped neckline and long pointed sleeves of lace trimmed with seed pearls. The lace peplum extended into a chapel-length train. Form a seed pearl crown fell a fingertip veil of silk illusion. Her white Bible was topped with a bouquet of gardenias and carnations.

Mrs. W. O. Spence of Midland, a sister of the bride, was matron of honor. Bridesmaids were Miss Sue Lowe of Sterling City, Miss Nan Welch of Midland, aunt of the bride, and Miss Barbara Burkhart of Fort Worth.

Sharron Kaye Chambers of Midland, cousin of the bride, was flower girl. Candlelighters were Miss Beth Welch of Midland, aunt of the bride, and Miss Nita Faye Welch of Denver City, cousin of the bride. Another cousin of the bride, Rickie Caudle of Midland, served as ring bearer.

The matron of honor wore a gown of ballinera length pink embroidered organdy over taffeta. Her bouquet was yellow daisies. The bridesmaids were dressed in yellow or gandy and wore pink sprays of flowers in their hair. They carried nosegays of pink daisies. The flower girl wore a blue ruffled organdy dress.

Hugh Reynolds of Midland was best man. Ushers were John Fred Phillips, Steve McEntire, brother of the bride and William O. Spence, brother-in-law of the bride. Junior ushers were Woodie Carrol of Bronte and Kenneth Welch of Midland. A reception was held at the church. A wedding candle surrounded by the bridal flowers centered the table. The three-tiered wedding cake was topped with a miniature bridal couple. Assisting in the house party were Misses Sarah Duke, LaVerne King of Sterling City, Troyce Elland of Midland and Sue Guess.

After a wedding trip to Colorado, the couple will be at home in Sterling City. The bride chose a dark gold suit with brown accessories for travel. Her corsage was a white gardenia.

Coach Dorsey will begin his second year of coaching and teaching here when school opens in September. The couple have an apartment at the Rufus Posters.

**The Cool Look Is Starched!**

By Betty Barclay

BE cool in crisp cotton . . . and be cool, even when you iron those cottons! It sounds next to impossible, but the fact stands: there's a specially made starch that makes ironing a quick, smooth job.

You can make this starch yourself—as simply as A B C! And, oh, the value you receive from the few minutes it takes. The satiny starch mixture works magic on your cottons. The lovely, smooth finish it gives your clothes makes them actually dirt-resistant, and stands between you and your next wash-day.

Here is the "recipe": mix to a paste a quarter cup of dry starch with an equal amount of cool water. Drop in one of those little bright blue cakes of wax ironing aid. Pour in a quart of boiling water—give a few quick stirs—and you have a perfect cosmetic base for summer cottons. That is the basic recipe. Now measure out a pint of the beautiful blue mixture and add two quarts of warm water. Squeeze this well into the garments to be starched, then thoroughly squeeze out all excess starch. Dry, sprinkle, roll up tightly and let stand at least an hour. Ready to iron? Prepare to be amazed at the ease and speed with which your iron flies over the fabric. Then, too, you will be delighted with the crisp, perky beauty of the finished garment . . . and now you'll love wearing cottons more than ever!
