Behind The 8 Ball

8—BALL

Dayton Barrett slid into home plate Tuesday night and in the confusion or "somepin" sat on his foot, breaking some bones in his foot. Last year, H. A. Chapple, got a broken collarbone during softball season.

8—BALL

The lights went out here Monday night. And a tom cat lost all nine lives in one sitting. A cat, hunting birds in nests, got up at the substation deal—and as he arched his back into the 13,000 volt wire—ker-floey. It burned a hole through his back about as big as a fist—plumb through him, as well as ruining all four feet—said Tom Onstott, utilities manager here. Tom said he thought it was Hal Knight's tom cat.

8—BALL

J. S. Augustine broke a shoulder three weeks ago in an accident on the ranch and Wednesday of this week he sprained the other one. This should keep him tied down for a little while.

THINGS ARE GOING TO THE DOGS!

May grand-dad, viewing earth's worn cogs,

Said things were going to the dogs;
His grand-dad, in his house of logs,

Said things were going to the dogs;
His grand-dad, in old Ireland's bogs,

Said things were going to the dogs;
His grand-dad, in his old skin togs,

Said things were going to the dogs;
There's one thing that I have to state,

... The dogs have had a good, long wait. Anonymous.

NEW CAT-AND-RAT RANCH FORMED!

GLORIOUS OPPORTUNITY TO GET rich... We are starting a cat ranch in Lacon, with 100,000 cats. Each cat will average twelve kittens a year. The cat skins will sell for around 30¢ each.

One hundred men can skin 5,000 cats a day. We figure a daily net profit of over \$10,000. Now what shall we feed the cats? We will start a rat ranch next door, with 1,000,000 rats. The rats will breed twelve times faster than the cats,

Monday To Be Holiday In Sterling City

Monday, May 31, will be observed by the merchants here as Memorial Day holiday. The bank, offices and stores will take the day off, giving employees a double deal—with Sunday.

Buyers of groceries and other items had better stock up.

Bryant-Hopper Wedding Here May 18

Miss Euna Lee Bryant became the bride of J. L. Hopper at the Baptist parsonage on the night of May 18, following the high school commencement exercises at the school. Baptist pastor Robert Ritchie performed the ceremony in the presence of friends and relatives.

The bride, a granddaughter of Mrs. A. G. Daves, was graduated with the high school class this month. Mr. Hopper is employed by the Texas Electric Service Company at the dam near Colorado City, and they are making their home there.

Present at the wedding were Mrs. A. G. Daves, Mrs. J. W. Daves, Clarence Daves, Bill Bryant, of Big Spring, Billie Nadine Green, Patsy Martin, Don C. Carper and Marshall Blair.

Presewski-Augustine Wedding May 19

Miss Martha Presewski and G. W. Augustine were married at the local Methodist parsonage on May 19 by Bruce Medford, pastor. The couple left immediately for Jackson, Mississippi, where they will make their home. Martha has been a registered nurse here with the Sterling County hospital since it opened. G. W. is the son of Mr. and Mrs. Will Augustine.

Hector Long, son of the C. A. Longs, is home from Sam Houston College, where he is a student. Hector, a major in the Army Reserve Officer Training Corps, will leave next week for a six-weeks training course at Fort Benning, Georgia.

so we will have four rats to feed each cat a day. Now what shall we feed the rats? We will feed the rats the carcasses of these skinned cats. Now then, get this—We feed the cats to the rats, and the cats to the rats, and get the skins for nothing—Dang near perpetual motion. Or somepin'.

8—BALL
H. A. Chapple said his grocery specials are good Saturday, May 29 and Tuesday, June 1, due to the Memorial Day holiday here next Monday.

The 1954 Seniors and chaperones returned from their senior trip Monday night. We failed to name four who made the trip in last week's account of the trip. They were Betty Dunn, Mr. and Mrs. Robert Foster and Judy Hamilton.

The trip took the group to Monterrey, Mexico.

Like a death in a family which everyone knows is going to happen but no one is quite prepared for, the Supreme Court knocked out segregation in public schools in a historic decision last week.

In reversing a half dozen prior decisions of that court on the subject, the Court held for the first time in judicial history the "separate but equal" doctrine no longer obtains. The courts in the past, going back to 1896, have uniformly held that equal treatment is accorded a student when the races are accorded substantially equal facilities even though these facilities be separate. Such eminent jurist as the late Oliver Wendell Holmes and Charles Evans Hughes upheld that doctrine.

In thus throwing overboard prior uniform decision on the subject, the question of further encroachment by the judicial upon the legislative prerogatives is raised, and the decision, based upon "psychological" reasons, raises the inevitable question of further encroachment upon States' rights in dealing with matters pertaining to education.

But the Supreme Court, the Court of last resort, has spoken, and we must now operate under what the law is and not what we may think it should be. In some of the Southern States public schools will be discontinued and replaced by private schools. Perhaps more generally, made easier by segregated areas of population, there will be "segregation by choice" as a practical solution.

RETURNED questionnaires from our district have now been tabulated. Many thousands of returns give a fairly accurate barometer of public opinion on a dozen current issues before Congress and the American people. Every return has been read and all comments have been carefully considered. I wish to express my appreciation for the generous cooperation that has been accorded in this undertaking. Copies of the results are being sent to each person who returned the questionnaire and to any others who request them.

PRESIDENT Eisenhower continues to command widespread confidence in our area. On the question of "Do you think that, in general, President Eisenhower is doing a good job?" 83 percent answered "Yes" and 9 percent said "No".

Sixty-three percent favor flexible as opposed to rigid 90 percent support for farm commodities, while 23 percent favor the 90 percent level. Fourteen percent either favored no supports at all or had no opinion on the subject.

Midland Rodeo Opens June 2

Midland--Bulls wild horses, dogging steers and fleetfooted calves from the Lightning C Ranch at Dublin, Texas will arrive in Midland this week-end in preparation for the 20th Annual World Championship Rodeo to run from June 2 thru 6.

The famous Lightning C Quadrille will be seen in each performance and Buddy Heaton, one of the nation's foremost Bull Fighting Clowns will thrill kids and grown-ups alike with his antics.

Everett Colborn, Arena Director, promises the toughest stock ever seen in Midland's all-steel arena during the show's 20-year history. World Champion Cowhands will be all over the place and the competition between man and beast promises to be at its thrilling best this year.

A mile long parade, featuring gigantic balloons depicting familiar characters, bands, clowns, mounted drill teams, floats and specialties will begin at 2:30, Wednesday afternoon, June 2, in downtown Midland.

Midland Fair, Inc., sponsors of the show, expect the 1954 rodeo to be the biggest ever staged in West Texas.

THE POET'S ENIGMA

The head-like object held in the lap of poet Wallace Havelock Robb, Abilene Dawn Museum of Archeology, near Kingston, Ontario, has so far baffled experts. That it has been "worked" is agreed but how and by what primeval race they do not know. Any person with a theory to advance is invited to contact the Ontario Department of Travel and Publicity, Toronto or poet Robb himself.

"High-Priced" Mistake

Maybe you noticed the big "ad" Red Smith's Furniture Store ran in *The Clarion* last week.

One item caused some embarrassment around here. It read: "4-piece Bedroom Suite, regular price \$119.50, bargain price \$149.50." Guess I didn't "proof-read" too well, and when our pressman asked for the go-ahead, I yelled, "Let 'er go."

All kinds of jokes about the mistake. One fellow asked if Smith's was holding the price line so tight it just snapped. Turned out fine in the end—Red

sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a *bargain* to be more careful in the future.

R. P. BROWN, 73 on Thursday
BIRTHDAY PRESENT
 By Mrs. Stanford Perrett
 A tribute I'd like to pay one who
 is respected and admired—
 Yet my limited vocabulary leaves
 much to be desired.
 On his birthday I do congratulate;
 My good wishes are sincere, tho'
 a little late.
 He's a business man and sports-

man, too.
 His successes many, his errors, to
 mention too few.
 Heeding the charges of progress,
 he's grown with them.
 Yet none can mark a change in
 him.
 You will find him busy some-
 where, even atop a windmill.
 But one thing is certain, you'll
 never find him still—
 He will always be young in heart
 and his ways.
 His silver hair only incidental to
 the role in life he plays.
 When tolerance was passed out,
 he received more than his share.
 We who love him know he has
 kindness to spare
 Indeed, a credit to his family,
 friends, and home town,
 I present with pride, my uncle,
 R. P. Brown.
