No. 31

THE FIRST SESSION of the 84th Congress, just concluded, was about the mildest one I have witnessed during my 12 years in the House. While there have been clashes here and there, in the main the tempers have been restrained and things have gone along rather smoothly. But next year it will be different, with their eyes on the national conventions both parties will, if history repeats, be weighing the effect of their actions on the approaching campaign.

BEFORE CLOSING for the year, the House passed by a 6-vote margin the Gas Bill, designed to keep the sale of natural gas at the well competitive. If enacted into law, this measure will help restrain the hand of the Federal Government in local affairs and reduce concentration of power in Washington.

THIS BILL applies to gas that goes into pipe lines for interstate shipments. Uncle Sam does not have, and up to now does not claim to have the right to fix gas prices at the well-head if the gas is to be consumed inside the state where produced.

A YEAR AGO the Supreme Court suddenly and very unexpectedly ruled that the Federal Power Commission in Washington had the right to fix the price that a producer of gas can get for his product, if it is to be sent by the purchaser across the state lines.

Many people wonder - if this power-grab trend is not checked - if the price of crude oil at the well-head will not eventually come within the price-fixing range of the bureaucratic guns on the Potomac. And, since lumber is often an interstate product, when will Uncle Sam want to set the price the producer can get for his lumber at the stump?

So, what the House did last week in passing the Gas Bill was to stop that trend and draw the line against unbridled exercise of Federal controls over problems that are local and not national in scope. The Senate will not act until next year.

THIS IS OUR LAST Newsletter for this year. Many thanks to some 20 papers that have carried it each week, and thanks to all the readers. I will return to the district at once and will visit in each of our 27 counties. In the meantime our office in Washington will be kept open.

Calendar Delay

The Senior Class has postponed their calendar deadline until September or October. This will be announced later. This is due to the many requests they have received to have the calendar start in January, 1956 instead of October 1955.

They urge you to place your orders as soon as possible. This can be done by getting in touch with any member of the senior class. Many orders have been made but more are needed before the calendar can be published.

The cook books which the seniors worked on this summer are expected to be in this month. You can start putting in your orders now. Just contact any of the senior girls. Wanda Williams

Cass County Reunion Set For West Texas

Residents and former residents of Cass County will meet at the MacKenzie State Park, Lubbock, Texas, on Sunday, August 21. Signs will direct you to the meeting place. Basket lunches will be served. A good program has been arranged for you. Prizes will be awarded those driving the greatest distance, for the oldest, the youngest, and for the largest family present. Come and renew old acquaintances and make new ones. Remember, regardless of where you live in West Texas you are urged to be present.

"BUGS" IN COURT HOUSE WATER WELL

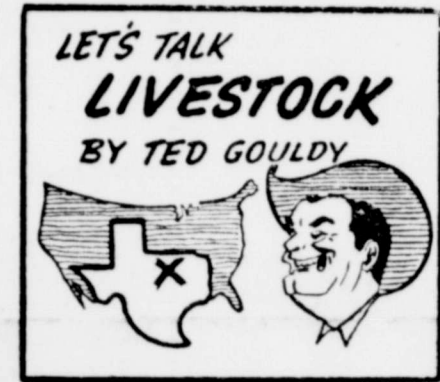

Some samples of well water in Sterling City were sent in to the State Health Department in Austin week before last for testing for purity. Judge G. C. Murrell and H. F. Donalson got the water and sent it in. They got samples of water from the courthouse well, Fred Hodges, John Brock's Store, Donalsons and Judge Murrell's house. The reports were received back here on Tuesday of this week and two of the wells showed contamination from sewage, the report read. Murrell said the courthouse well showed coliform organisms present, which was sewage germs (from the code) and the water showed a brilliant green bile in five different tests by the department.

Following a talk with Dr. Swann about the reports, Murrell said that the fountains were disconnected and signs put on the outside hydrants so people would not use the water - until a department official from Kerrville came and checked the supply with officials.

The well at Fred Hodges also showed contamination along with the one at the courthouse. The other wells (Brock's, Murrell's and Donalson's) tested all right, according to the reports.

Dr. Swann, upon being asked, said innumerable diseases could be caught from drinking polluted water, including typhoid fever.

Quite a number of other people are planning to send in samples of their water for testing. The reports give not only the biological content but the hardness, also.

FORT WORTH - Several people recently have inquired of us as to how prices as we turn into the month of August compare with a year ago. Going back to our Weekly Livestock Reporter files we find most cattle enjoy considerable advantage over a year ago.

The market at Fort Worth Monday on most cattle and calves was around steady despite the offering here being 1,500 above a year ago, and the run around the 12 major markets being about 30,000 cattle and calves above the previous Monday.

We can credit improved pasture and feed conditions for the strength of the market at Fort Worth at this time in the opinion of observers here.

COMPARATIVE PRICES FOR CATTLE AND CALVES

A year ago a Fort Worth choice grainfed cattle were quoted \$20 to \$22, few \$23; common, plain and medium kinds \$10 to \$18. Recent sales of choice cattle at \$21 to \$23.50, and common, plain and medium sorts from \$11 to \$18, show a little better prices for top saddle than a year ago.

Other classes:
1954 - Fat cows \$9-12, canners and cutters \$6-9, a few under \$6.
1955 - Fat cows \$10.50-13; canners and cutters \$7-10.50.

1954 - Bulls \$8-13. 1955 - Bulls \$10-14.

1954 - Good and choice slaughter calves \$16-19; common and medium \$9-15; culls \$7-9. 1955 - Good and choice slaughter calves \$16.50-19; common and medium \$12-15.50; culls \$9-11.

1954 - Stocker steer calves, medium to choice, \$15-19; steer yearlings \$18.50 down; heifer calves and yearlings \$15 down; stocker cows \$8.50-10. 1955 - Medium, good and choice stocker steer calves \$16-21; steer yearlings \$19.50 down; heifers \$16 down. Stocker cows \$8-12.

SHEEP AND LAMBS SELLING WELL ABOVE 1954 LEVELS!

Slaughter Spring lambs were 50 cents to \$1 lower at Fort Worth Monday, and other classes of sheep and lambs ruled about steady. Top lambs scored \$19, and feeders sold at \$15.50 downward. Comparison of the various classes with 1954 shows:

1954 - Good and choice slaughter Spring lambs \$16.50-18.50; common and medium killers \$10-15.50; culls down to \$8. Feeder lambs \$10-

Lions Club Luncheon

The Lions Club met in the community center Wednesday noon for the regular weekly luncheon. Vice-president Delbert Haralson acted in the absence of Rufus Foster, club president. Guests present were Bill McRee of Big Spring and Vaughan Buser of San Angelo.

Others present were Horace Donalson, James Strong, Roy Morgan, Alvie Cole, S. M. Bailey, Claude Collins, Hal Knight, Roland Lowe, R. P. Brown, Delbert Haralson, M. E. Churchill, H. A. Chapple, Harold Shaw, Jodie Blanek, Jim Butler, Bill Loven, H. W. Smith, John Stuckwish, Dr. Baxter Greer, Dr. Wm. J. Swann, Earl Bailey, R. T. Caperton, Harvey Glass, Bill Durham, John Brock, Henry Bauer, Don Hodges, C.A. Long, G.C. Murrell, Boots Williams and Jack Douthitt.

DAUGHTER TO THE KELLYS

A daughter, named Carol Ann, was born to Mr. and Mrs. James Kelly last Friday in an Angelo hospital. The Kellys have another daughter, Linda.

Jim is with the Soil Conservation Service here. The paternal grandmother, Mrs. Kelly, from Ft. Worth, is here visiting in the Kelly home for a few days.

Gift Tea Last Saturday Honors Bride-Elect

Miss Patsy Martin, bride-elect of John Blair, Jr., was honored with a gift tea at the community center last Saturday afternoon.

Hostesses for the affair were Mrs. Loyd Murrell, Mrs. Taylor Garrett, Mrs. Bill Brooks, Mrs. C. T. Williams, Mrs. Bill Green and Misses Virginia McCarty, Glenda Lambert, Jenny Davis and Billie Green.

In the receiving line were the honoree, her mother, Mrs. J. K. Martin, Mrs. John Blair, mother of the groom-elect and Mrs. Brooks.

Virginia McCarty registered the guests. Billie Green served and Jenny Davis poured. Music was furnished by Mrs. W. R. Hudson, Mrs. Jeff Davis and Miss Jenny Davis.

About forty guests called during the tea hours.

Monday night of this week at the Ted Brown's house, Norvin W. killed a coral snake in the house. Norvin used a broom to kill the deadly snake. It was not known how a coral snake got out in this part of the country. They are not exactly native around here.

The Roland Edwardses of Green Forrest, Ark. are here visiting Mrs. Edward's parents, Mr. and Mrs. T. H. Murrell. Son Billy Roland Edward is now in the U.S. Navy.

Luther Hallmark is now back in circulation following his appendicitis operation in Angelo and his convalescent period in Angelo and here. Luke says he is going to live now.

The Temp Fosters left Tuesday on a two-weeks vacation trip that will take them to Colorado Springs and the Yellowstone National Park. Mrs. Harold E. Tips and son of Tulsa are accompanying them on the trip.

PALMETTO POLO GAME HERE TONIGHT AT EIGHT O'CLOCK

There will be a polo game at the local field tonight at 8:00. The game is with the Eldorado team and admission prices will be 50c and 25c it was said.

Visitors at the Ted Brown's here are the Norvin Wayne Browns of Almgordo, N. M. and Mrs. Norvin Brown's mother, Mrs. Ruth Connolly of Cambridge, Mass.

Attend Masonic Meeting Near Crane

Attending the annual Hill Top Masonic Meeting in the Sand Hills near Crane last Saturday were W. H. Owens, Wynne McClure, Doug Farnsworth, Rev. L. S. Dubberly, Rufus W. Foster and Perry Matthews.

1955 - Good and choice Spring lambs \$17.50 - \$19; common and medium \$12-16.50; culls \$10-12; feeder lambs \$13-15.50; slaughter yearlings \$9-15; aged wethers \$7-12; slaughter ewes \$4-5; old bucks \$3-4; stocker ewes \$7-12.

Petition to Incorporate City To Be Circulated

Sterling Field Gets Third Well

The Jameson, Southwest (Strawn) field of Sterling County has gained its third producer and a 3-8 mile southwest extension with completion of Sunray Mid-Continent No. 1 R. C. Bynum, in 198-2-H&TC., nine miles northeast of Sterling City.

The project was finalized for a daily flowing potential of 182 barrels of oil, gravity and gas-oil ratio unreported.

Production was through a 12-64 inch choke and perforations between 7,372-80 feet, 7,386-7,402 feet, and 7,408-7,425 feet. Tubing pressure was 700 pounds; casing pressure, 50 pounds. Pay section was fractured with 20,000 gallons.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. Abbey Carlson
Manuela Rodriguez
Robert Foster
Muriso O. Perez
Mrs. Neal Reed
Mr. and Mrs. D. P. Glass
Dismissals since Thursday morning of last week include—
Condalario Medina
Fred Ribble

Jodie Emery, son of Mrs. Joe Emery, was transferred from the Shannon Hospital in San Angelo back to the Sterling County Hospital on Thursday evening of this week. Jodie underwent an operation on his hip a week ago and is in a cast for the present.

Mrs. Ruth Allen left Monday on a trip that will take her to Dallas and on to Bedford, Virginia where she will visit a brother, John S. Thompson.

ASC Election Notice

The Community Election Board, composed of Foster S. Price, Tommy Foster and Hubert Williams, serving as a nominating Committee has selected the farmers and ranchers listed below as candidates for county committeemen for 1956:

1. Billy Ralph Bynum
2. Aaron F. Clark
3. Ross Foster
4. William Foster
5. Clinton Hodges
6. Riley J. King
7. Roy Morgan
8. Ewing F. McEntire
9. Neal J. Reed
10. I. W. Terry

In addition to the nominees listed above, any name or names of farmers or ranchers submitted to this nomination committee by petition signed by 10 or more eligible voters in the county will be included on the slate of nominees.

These petitions must be received by Mr. Foster S. Price, Sterling City, Texas, Chairman, Community Election Board by August 12, 1955, to be included in the slate of nominees, if found to be eligible under the Regulations of The Secretary of Agriculture.

The date for the ASC County Committee election has been set for August 19, 1955. Polls will be open from 8:00 a. m. to 5:00 p. m. Ballots will be mailed to all eligible voters on August 12, 1955 and must be returned to the ASC County Office at the expense of the voter. Ballots returned by mail must be post-marked not later than August 16, 1955. Ballots may be returned in person, and if so, must be returned to the County ASC Office by 5:00 p. m. on Friday, August 19, 1955. Farmers and ranchers eligible to vote in the county election who did not receive ballots may obtain ballots from the County Office.

County Committeemen for 1955 are: Ewing F. McEntire, Chairman
William Foster, Vice-Chairman
Clinton Hodges, Member
Riley J. King, 1st Alternate
Ross Foster, 2nd. Alternate
Roxy A. Brock, County Office Manager

The ASC County Committeemen administer in the county such programs as Payment on Agricultural Conservation practices, Price Supports on crops, Emergency Feed Program, Wool Incentive Payments and many others.

Board of Community Development Acts on Incorporation Measure

The Sterling Board of Community Development met in a called meeting Monday night in the community center. Thirty men and women were present.

Chairman John Stuckwish called the meeting to order and called for a reading of the test of water pumping on the Jeff Davis well just west of town. Mr. Dickson of the engineering firm read the report that had been compiled by the Colorado City pump firm that made the test. The report said the well pumped about 400 gallons per minute. Mr. Dickson said he had gathered samples of water from that well, the park well and others and had sent them to the State Board in Austin for testing as to hardness and to biological content.

Dickson told of the work involved by an engineering firm on a job of the nature of the one here—that of forming a water and sewage plant.

A discussion of proceeding with matters toward possible incorporation of Sterling and then of a bond issue for a water and sewage plant took some time. Some members urged caution and careful approach to the matter.

PETITION FOR INCORPORATION

Bill Green made a motion to circulate a petition to ask for an incorporation vote. John Walraven seconded the motion. The procedure is that a petition bearing the names of 50 land owning property taxpayers may be presented to the Sterling County Commissioners Court asking that an election be held in Sterling City to vote on the matter of incorporation. Then the court would call such an election. Following incorporation and the election of city councilmen or aldermen, then a bond issue could be called on voting bonds for the water and sewage plants, said Ransom Galloway, bond man present at the meeting.

Galloway said a petition would be prepared and ready for signatures by Friday of this week.

Nothing was said at the Monday night meeting of the formation of a water district, dealing with the problem from that angle. Incorporation of the city was the only phase discussed.

Formal Opening of New Conoco Station Saturday Free Gifts All Day Saturday

The new Conoco Service Station located at the intersection of highway 87 and the Big Lake road will have the formal opening here Saturday, August 6. Such announcement was made this week by the operator Boots Williams and the Conoco Agent Vaughn Buster, of San Angelo.

Free gifts will be given away to callers Saturday, the formal opening day. There will be pot plants for the ladies, cigars for the men, and lollipops, bubble gum and balloons for the kiddies. Boots said all customers that day would register for free prizes of tires to be given away at the close of the day's business. One does not have to be present to win.

Buster and Williams both cordially extended an invitation for all persons of Sterling City and surrounding area to visit the new station Saturday.

SON TO THE HENRYS

A son, was born to Mr. and Mrs. Lloyd Henry in the Cowper Clinic and Hospital in Big Spring Monday at 3:30 a.m. The boy weighed seven pounds and four ounces and was named Ernest Clifton.

Mrs. Henry is the former Shirley Cole. Grandparents are Mr. and Mrs. C. E. Henry of Big Spring and Mrs. Agnes Cole of Sterling City. Mrs. Purvis Anderson is a great-grandmother.

Mrs. James McWhorter, member of the Odessa Gem and Mineral Society, went on a field trip with that organization near Balmorhea last week.

LONG-TIME PRESIDENT OF WTU NAMED CHAIRMAN OF THE BOARD MONDAY

Abilene, Aug. 1—Price Campbell, West Texas Utilities Company President since March, 1930, today was elected chairman of the board of directors and chairman of the executive committee. C. L. Young, vice president and assistant to the president since 1953 was elected president.

F. W. Schroeder, vice president and superintendent of operations, was promoted to executive vice president and general manager of district operations. J. F. Longly, superintendent of production and transmission. T. V. Grayson, rate, contract, and cost analysis engineer, was named as a new member of the board of directors.

The WTU executives were elevated to their new positions by action of the board of directors at a meeting Monday night.

Acknowledging the congratulations of his associates, Campbell said, "In this rapidly growing West Texas, it just isn't the style for a man to decrease his activities." In assuming his new duties as chairman of the board and executive committee, Campbell stated that he would be less concerned with the day-to-day operations of the company and will have more time for the broad general supervision of company affairs mainly as to general policy affecting company welfare, corporate finance, organization, expansion programs, territorial development, public and governmental relations.

Advertising Doesn't Cost—It PAYS

Nothing GOES like a Chevrolet V8!

Drive with care . . . EVERYWHERE!

It's the new winner in stock car competition . . .

and it's winning new, young-minded friends faster

than you can say America's hottest V8.

Because of its liveliness, its looks, and because it holds the road like it loves it—which it does.

Come try it, won't you, if only for the fun of it!

NOTHING
(not even the
high-priced cars)
HAS GOT SO MUCH
TO GO WITH!

The most up-to-date V8

So advanced in design and so efficient in operation that it needs only 4 quarts of oil instead of the usual 5. Shortest stroke of any V8 in the industry. Delivers more horsepower per pound than any engine in Chevrolet's field. Take your choice of the 162-h.p. "Turbo-Fire" or the 180-h.p. "Super Turbo-Fire," optional at extra cost.

V8

Two Sizzling 6's

6 6

They're the most powerful 6's in Chevrolet's field—And like the V8's, they give you the extra punch, performance and reserve power of the only 12-volt electrical system in Chevrolet's field.

Powerglide,
Overdrive or
Synchro-Mesh

Chevrolet gives you the drive to suit your driving. A new and finer Synchro-Mesh transmission, or as extra-cost options, oil-smooth Powerglide automatic transmission or Touch-Down Overdrive.

New engineering advances on steering, springing, suspension

Special ball bearings in the steering gear roll with the turn of the wheel to reduce friction. Glide-Ride front suspension rolls the bumps smooth. Outrigger rear springs straighten the curves.

For Summer Fun

By JANE ASHLEY

Summertime is the season for picnics in the back yard and parties on the porch. These recipe suggestions are just right for hot weather fare. Serve them to your family and friends at any kind of get-together in the months ahead.

Pineapple Refresher

1 cup Karo Syrup, Red Label
1 cup pineapple juice
¼ cup fresh lime juice (about 2 limes)

1 pint ginger ale
1 tray ice cubes
Combine all ingredients. Mix well. Serve with a thin slice of lime, orange or lemon or a chunk of pineapple. Makes 1½ quarts.

Note: Lemon juice may be substituted for the lime juice.

Nut Drop Cookies

2½ cups sifted all-purpose flour
2 teaspoons baking powder
1 teaspoon salt
1 cup shortening
¾ cup sugar, granulated or brown
½ cup light or dark corn syrup
2 eggs
1 teaspoon vanilla
1 cup nuts, coarsely chopped
¼ cup milk

Sift together flour, baking powder and salt. Cream shortening. Add sugar gradually and cream until light and fluffy. Add corn syrup; blend thoroughly. Add eggs, one at a time, beating well after each addition. Stir in vanilla and nuts. Add sifted dry ingredients, alternately with milk. Drop by teaspoonfuls on greased baking sheet. Bake in moderate oven (375° F.) 12 to 15 minutes. Makes 4 dozen cookies.

Frosted Peanut Squares

1½ cups sifted all-purpose flour
1½ teaspoons baking powder
¾ cup shortening
¾ cup brown sugar
¾ cup light or dark corn syrup
2 eggs, beaten
1½ teaspoons vanilla
½ cup milk
1 cup salted peanuts, chopped

Sift together flour and baking powder. Cream shortening; add sugar and cream until fluffy. Add corn syrup; beat well. Add eggs and vanilla; mix well. Add sifted dry ingredients alternately with milk, stirring just until smooth after each addition. Stir in peanuts. Turn into 2 greased 8-inch square pans. Bake in moderate oven (350° F.) about 30 minutes. When cool, frost with a creamy butter frosting. Cut into squares. Makes 32 squares.

Candy Krunchies

½ cup sugar
½ cup dark corn syrup
¼ teaspoon salt
1 cup peanut butter
6 cups corn flakes

Put sugar, corn syrup, and salt into saucepan. Place over low heat. Cook, stirring constantly, until sugar is completely dissolved (180° F.). Remove from heat. Add peanut butter. Stir until blended, quickly mix with corn flakes which have been slightly crushed. Press into lightly buttered 8-inch square pan. When cool and almost set, cut into small squares. Makes 36 squares. Store in covered container.

HOT SUMMER WEATHER

sure keeps me busy!

Hot summer weather means longer and longer working hours for me... and added jobs. For when the temperature soars there's much, much more work for me to do in addition to my regular chores... work that I'm glad to do so long as it's helping you.

My hours and wages, as shown on your electric service bill, may be larger during this hot weather, but I believe you'll agree that a few extra pennies a day for the extra hours I've worked is a real bargain in more comfortable summer living.

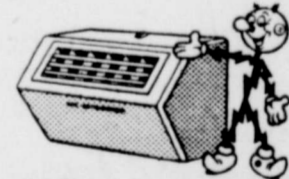

Reddy Kilowatt
Your Electric Servant

P. S. I like to work for you!

West Texas Utilities Company

I operated your refrigerator longer hours supplying extra ice cubes, cold drinks, and keeping your food fresh and wholesome.

To keep you cool and comfortable, you've had me on the run operating your room coolers and air conditioners.

To keep food freezers and frozen storage units safe through the hot, hot days, I've worked more hours day and night.

And your fans, big and little, kept me hopping, bringing you cooling breezes 'round the clock.

Easiest & Best For Summer

By Betty Barclay

THE easiest way is the best way in the good old summertime. So try the new instant cake mix which require only one mixing step. Use it to make a peach upside down cake that will look and taste like a labor of love to your guests!

Peach Upside Down Cake

1 cup firmly packed brown sugar; 2 tablespoons peach juice; 24 slices canned peaches, drained; 1/2 cup chopped nuts (optional); 1/2 cup butter.

1 package Instant Swans Down Yellow Cake Mix; 1 cup water; 2 eggs, unbeaten.

Spread sugar evenly in 13x9x2-inch pan; sprinkle with peach juice. Arrange peach slices on sugar mixture. Sprinkle with nuts, if desired, and dot with butter. Set aside.

Empty cake mix into bowl. Add water and eggs. Beat 3 minutes, until smooth and creamy. Pour batter carefully over fruit mixture in pan. Bake in moderate oven (350° F) 50 to 55 minutes. Cool cake in pan 5 minutes. Then invert on serving plate or tray and let stand 1 minute before removing pan. Serve cake warm or at room temperature.

"It's A Pleasure---"

By Betty Barclay

A pretty color combination this recipe suggests — chocolate brown and raspberry pink. A sprightly flavor combine, too. On a warm evening it's a pleasure to eat a smooth, chilled chocolate pudding; and "dressed-up" with a fancy garnish of whipped cream splashed with fresh raspberries, it's fun to serve to company, too.

Chocolate Raspberry Dessert
1 package chocolate pudding and pie filling mix; 2 cups milk; Raspberry Whipped Cream.

Combine pudding mix and milk in saucepan. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat. Pour into bowl. (To avoid surface film, place waxed paper directly on surface of hot pudding.) Chill. Garnish with Raspberry Whipped Cream. Makes 4 servings.

Raspberry Whipped Cream. Combine 1/2 cup heavy cream, 1 1/2 teaspoons confectioners' sugar, and 2 tablespoons sweetened raspberries in small bowl. Beat with egg beater until fluffy and thick. Makes 1/2 cup topping.

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean. That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get...

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team... New Gulf NoNox Gasoline and

New Gulfpride H.D. Select Motor Oil

The only motor oil super-refined by the Alchior Process for modern high-compression engines.

- Controls carbon
- Combats corrosive acids, rust and deposits

- Assures lower oil consumption
- Provides the toughest protective film ever developed in a motor oil

Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.

M. E. CHURCHILL, Consignee

GET YOUR SHOES SHINED by Milton Reed or Danny Bailey. On duty all week by Bailey's and the domino hall. Cracker-jack, up-to-date shines. Try Us. (adv.)

The Wayne Zucks returned home Monday from a vacation trip that took them to North Dakota to visit with Wayne's parents. Returning home they visited Mrs. Zuck's mother in Montague.

Try Carter's Cafe & Grocery for your favorite style steaks, plate lunches. Open all day Sunday—5c coffee. (adv.)

Pat McWhorter, son of the James McWhorters, has been promoted to Builder 3-c in the U.S. Navy. He has been in the Navy three years and is now in French Morocco, North Africa.

Mr. and Mrs. Pat Boatler left Saturday on a vacation trip that will take them to the northwest park area of the country. Mrs. Boatler's parents of Cisco are accompanying them.

Quality Job Printing, News-Record.

CARD OF THANKS

Thanks a million for the magazines, visits and other kind deeds shown me by my friends, nurses and doctor during my stay at the hospital.

Lewis Blackman

CARD OF THANKS

I want to thank my friends for the visits, flowers, cards, etc while I was sick. Also the nurses for their kind treatment and Dr. Swann for his efforts.
