## Bank Robbers' Trials In Odessa This Week

### Peeples Gets 22 Years

The trial of Charles Peeples, 33, charged with the armed bank robbery of the First National Bank of Sterling, got underway at Odessa Tuesday of this week.

Questioning of the veniremen was delayed until 10 a.m. that morning and members of the 210-man panel were ordered from the courtroom as defense attorneys presented a motion to quash the indictment.

The motion was based on an allegation that an unauthorized person was permitted in the grand jury room during deliberations.

Prosecutors in the case are Dist. attorney Aubrey Stokes of San Angelo and Dist. Atty. Warren Burnett of Odessa.

Peeples is charged in the daylight armed robbery of \$7,800 from the First National Bank here on May 2. Also under indictment are Wallace Ray (Pete) Moulton, 34, and Percy Allen Warren, 30, both of San Angelo.

### Gets Twenty-Two Years On Guilty Plea

As the selection of a jury was getting underway, Peeples, through his lawyers, suddenly pleaded guilty and threw himself on the mercy of the court. The judge gave him a twenty-two year sentence in the state pen.

Pete Moulton came up for trial on Wednesday morning. Selection of jurors took all day. Moulton pleaded not guilty and was to fight the case—unless, of course, he did as Peeples did—change his mind.

Warren will be the third man to stand trial for the armed robbery.

Witnesses going to Odessa each day for the trial include J. S. Cole, Will Durham, Hubert Williams, W. R. Brooks, Thomas Earl Martin, Bill Green, Jake Martin, Mrs. Bill Cole, Mrs. Nan Davis, Hilario Rodriguez and Joe Longoria. Elton Mims from Water Valley is a witness in the case, too.

All three cases were transferred to Odessa from Sterling City by 51st Judge Joe L. Mays after efforts to obtain a jury failed.

### Baptist Pastor Ill in Hospital

The Rev. C. B. Stovall, pastor of the First Baptist Church here, is in the Big Spring Hospital suffering from a heart attack. Stovall had a light attack Thursday late and has had a worse one since, it was reported. No preaching was held at the Baptist Church last Sunday.

There will be a supply preacher from Big Spring to fill the pulpit Sunday in Stovall's absence, it was announced this week.

Typewriter Paper for sale at the News-Record.

### Lions Club Luncheon

The Sterling City Lions Club met Wednesday noon at the community center for the regular weekly luncheon. Delbert Haralson acted as president in the absence of Rufus Foster.

### No Meeting Next Week

It was announced that there would be no meeting next Wednesday, due to it being a holiday, the Fourth of July. Also, it was pointed out that there would be no day meeting on the next week—July 11 because the ladies night and installation of new officers comes on the night of July 12.

John Stuckwisch announced that the Ground Observer Corps station would begin operation on July 1.

Present at the luncheon were H. A. Chapple, Harvey Glass, Jeff Davis, Henry Bauer, G. C. Murrell, Tom Onstott, Harry Lawson, Jack Douthit, John Stuckwisch, W. L. Young, O. T. Jones, Delbert Haralson, Roland Lowe, Hal Knight, S. M. Bailey, R. P. Brown, Horace F. Donalson, H. L. Hildebrand, Arthur Barleyman, R. T. Caperton, M. E. Churchill, Jim Butler and W. D. Farnsworth.

### The Roy Fosters and the H. L. Hildebrands

### Off To Europe For Two Months

Mr. and Mrs. Roy Foster and Mr. and Mrs. H. L. Hildebrand are to leave this weekend on a two-month tour of Europe. They sail from New York on the Queen Mary July 5 at 3:30 p.m.

The itinerary of the group is as follows:

They will be in the Waldorf-Astoria in New York July 3 and 4. They will be in the Hotel George V in Paris July 10 through 15. On July 16, 17, 18 they will be in the Castellana Hilton Hotel in Madrid, Spain. They will be in Barcelona, Spain on July 19-20 at the Hotel Ritz. On July 21-22 they are to be in Nice, France at the Hotel Negresco. The remainder of July will find them in Naples, Rome, Florence and Venice, Italy.

August 3-4 will find the group at the Hotel Ambassador-Krantz in Vienna, Austria. Aug. 5-6 the four will be in Salzburg, Austria at the Hotel Winkler. From Austria they will go to Germany and be at the Hotel Bayerischer Hof in Munich August 7-8-9. August 10-11-12 will find them at the Palace Hotel in Lucerne, Switzerland.

August 13 will find the group at the Metropole Hotel in Brussels, Belgium and on the 14th and 15th they will be at the Doelen Hotel in Amsterdam, Holland.

From the continent they will go to Stratford-on-Avon and be there at the Welcome Hotel on August 16; From the Shakespearean country they will go to London and be at the Savoy Hotel Aug. 17 through 21. On August 22 they will be in the Shelbourne Hotel in Dublin, Ireland, and on to the Great Southern Hotel, Killarney on the 23rd. On the 24th they will be in Cork, Ireland and from there they return to London, preparatory to the sailing for home on August 30.

The leave London on the 30th on the Queen Mary and arrive in New York on the morning of September 3.

Mail may be sent to members of the party by air mail (15c) allowing 5 days for delivery. It should be addressed to the person, % "Rainbow Trail Party"—Strain Tour 4, to the hotel and town listed and at the bottom the date that the party arrives.

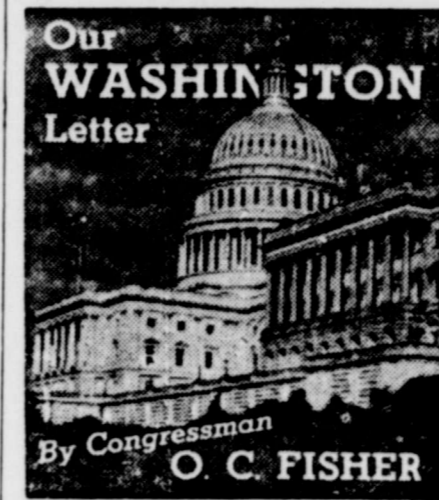

### MESQUITE ERADICATION DEMONSTRATION SET FOR SUNDAY AFTERNOON

There will be a mesquite eradication demonstration at the W. Y. Bengel farm Sunday afternoon at 2 p.m. said Mac Bengel this week. All interested persons are invited to witness the use of the newer chemicals in mesquite control.

The control procedures or demonstrations will begin promptly at the time set, it was said. The Bengel farm is just west of town.

O. T. Jones is helping in the bank this week while all other employees are out, mostly at the bank hospital in Odessa as witnesses. J. T. Davis, president, is in the local hospital having transferred to Sterling from the Shannon Hospital the first part of this week.

## 165 Persons Attend Alumni Reunion Here

A DOZEN TEXAS Congressmen send weekly newsletters to papers in their districts, giving bits of news of local and national interest. An old-timer at that is Wright Patman of Texarkana, elected to Congress in 1929. Bob Poage of Waco is another veteran newsletter-writer. Others in our delegation who send out the weekly releases include Omar Burleson of Anson. Frank Ikard of Wichita Falls, J.T. Rutherford of Odessa, Joe Kilgore of McAllen, and Jim Wright of Ft. Worth.

Poage, now winding up his 10th term in the House, sticks close to legislation in his reports, describing details of bills and then his analysis of whether they are good or bad, and why.

Burleson, following a similar style, also gives the folks at home facts and statistics on current news of interest. For example, in his current release he tells about a recent FBI report on crime. Major crimes, the report says, in the U. S. last year totaled over 2 million, that being the first year in 8 when the crime rate was not higher than the preceding year.

By robbery, burglary, theft, etc., total value of loss amounted to \$399 million last year. Police recovered 57% of that.

Even though crime never pays, more people, percentage-wise, are tempted into it. Since 1950 crime is up 26%, while our population rise is only 9%.

By age, it is distressing that more and more young people become law violators. There was an 11% increase in arrest of those under 18. In 1500 cities the FBI reports 42.3 percent of arrests were of persons under 18, and nearly half of that number was under 15. Isn't that alarming?

Take auto theft. Of all persons arrested last year for that offense, 62% were under 18.

The FBI also comments of law enforcement, and pays its respect to efficient, well-trained officials showing crime is relatively lower where that is the case. And also points to the community attitude toward enforcement as being a big factor in controlling lawlessness. In the final analysis (I know from experience) the best of law enforcement officers can't accomplish much without active, energetic public support and cooperation.

## GROUND OBSERVER CORPS TO BEGIN OPERATIONS HERE ON JULY 1st

### Schedule of Plane Watchers Listed By Chief Observer Stuckwisch

The Sterling Ground Observer Corps will begin operation as of July 1, 1956. It will operate daily from 8 a.m. to 8:00 p.m. with the following personnel having the watch on the date and time scheduled below. If anyone is unable to take the watch as scheduled please let me know so that I can have the watch covered.

July 1 '56 Jodie Emery 8 a.m. to 4 p.m.	Tom Onstott 4 p.m. to 8
July 2 '56 R. P. Brown 8 a.m. to 4 p.m.	Henry Bauer 4 p.m. to 8
July 3 '56 W.O. Green 8 a.m. to 4 p.m.	G.C. Murrell 4 p.m. to 8
July 4 '56 J. Stuckwisch 8 a.m. to 4 p.m.	Mildred Emery 4 p.m. to 8
July 5 '56 Ansel Reed 8 a.m. to 4 p.m.	Milton Reed 4 p.m. to 8
July 6 '56 W.D. Farnsworth 8 a.m. to 4 p.m.	M.E. Churchill 4 p.m. to 8
July 7 '56 Harry Lawson 8 a.m. to 4 p.m.	Evelyn Steward 4 p.m. to 8
July 8 '56 Jack Douthit 8 a.m. to 4 p.m.	Jodie Emery 4 p.m. to 8
July 9 '56 Tom Onstott 8 a.m. to 4 p.m.	R. P. Brown 4 p.m. to 8
July 10 Henry Bauer 8 a.m. to 4 p.m.	W.O. Green 4 p.m. to 8
July 11 G. C. Murrell 8 a.m. to 4 p.m.	J. M. Stuckwisch 4 p.m. to 8
July 12 Mildred Emery 8 a.m. to 4 p.m.	Ansel Reed 4 p.m. to 8
July 13 Milton Reed 8 a.m. to 4 p.m.	W.D. Farnsworth 4 p.m. to 8
July 14 Marvin Churchill 8 a.m. to 4 p.m.	Harry Lawson 4 p.m. to 8
July 15 Evelyn Steward 8 a.m. to 4 p.m.	Jack Douthit 4 p.m. to 8

It is evident from this schedule that there are too few who have volunteered to help with the watches. The Ground Observer Corps is not the responsibility of any one of us, but all of us. I would like to have as many volunteer to carry

The Sterling City High School Alumni Association held its annual meeting at the Nick Reed picnic grounds on the North Concho on Saturday, June 23. 165 high school graduates and guests registered for the occasion. Roland L. Lowe, president, conducted the meeting. After Jenny Ruth Davis had led the school song and Rufus Foster had given the invocation, the group settled down to a meal consisting of barbecue, beans, salads, ice tea and cake.

Jenny Ruth Davis welcomed the class of 1956 into the association. Wanda Williams gave the response to the welcome. Bonnie Ruth Alley, historian, gave a report on the activities of the members of the last two graduating classes.

Since all the classes in which the year ended in six were being honored, a report was made by a member of each of those classes. Lee Reed reported for the class of 1916 and Madeline Westbrook Berry for the class of 1926. Cecile Reed McDonald spoke for the class of 1936 and Mary Ann Bynum Turner for the class of 1946. W. N. Reed of the class of 1910 was presented a prize for being a member of the earliest class represented at the meeting. D. L. Hunt of El Paso received a prize for having travelled the farthest distance to come to the meeting.

Committees for 1957 were elected. Officers were named for next year as follows:

Mrs. Ross Foster—President  
Mrs. Bill Cole—Vice-President  
Neal J. Reed—Treasurer  
LaVerne King—Historian  
Worth B. Durham—Secretary  
A dance committee for 1957 was named, including William Foster, Joseph Blane, Billy Nelson McClellan and J. S. Augustine.

Mrs. John Boyd and her daughter, Forrestine, arrived here Monday from New Orleans for a visit with Mrs. Boyd's mother, Mrs. J.A. Revell and her sister, Mrs. N. H. Reed and family.

Mr. and Mrs. Ray Fritts and family of Albuquerque, New Mexico, brought Mrs. Carol Reed home from her stay in Albuquerque. They arrived here Saturday morning and left Sunday afternoon.

George Jones of Roanoke, brother of O. T. Jones, spent last week-end here visiting the O. T. Joneses. George is postmaster at Roanoke.

Mr. and Mrs. Lee Augustine returned home Monday from Nogales, Arizona where they had spent two weeks visiting Mrs. Augustine's sister, Mrs. C. B. Smith.

Doc Woods, now of San Angelo but formerly of Sterling, suffered a brain hemorrhage at his home in San Angelo last Friday night. He was hospitalized in the Shannon Hospital.

Mrs. Lee Augustine's brother-in-law, Charley Boykin of San Angelo, died in Angelo Monday night. The funeral was held Wednesday there.

## Hurry--Curried Chicken!

By BETTY BARCLAY

If you're looking for a versatile chicken recipe, search no longer! This Chicken Curry, served with the new coconut flakes, is perfect as a buffet dish... can be frozen, later thawed and served with rice or noodles. And it's so simply made, with chicken cooked at home, or canned chicken, and packaged pre-cooked rice, that it could be made outdoors. For a picnic, carry along the canned foods unopened (don't forget the can opener!). Slice the onions and garlic at home and carry in a covered jar with the cooking oil. Mix the spices in another jar to add all at once in the proper order. Wonderful idea for being different!

**Chicken Curry**  
 1/2 cup sliced onions  
 1 clove garlic, sliced  
 1/4 cup cooking oil, butter, or margarine  
 1 1/2 to 2 tablespoons curry powder  
 1/4 teaspoon ginger (optional)  
 1/4 cup flour  
 1/2 teaspoon salt  
 Dash of pepper  
 3 cups chicken stock  
 2 cups cooked chicken, cut in large pieces  
 1 1/2 cups (5-ounce package) pre-cooked rice

Saute onions and garlic in oil in large skillet until onion is lightly browned. Remove from heat. Add curry powder, ginger, flour, 1/2 teaspoon salt, and the

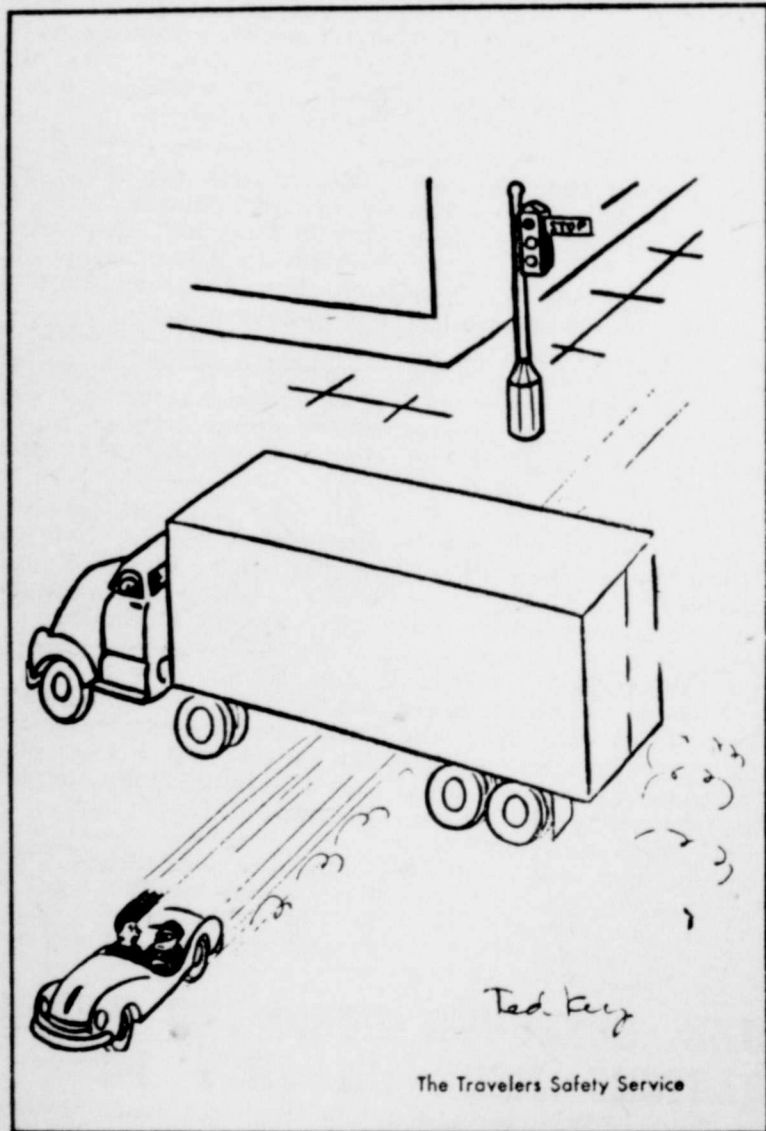

pepper and stir to blend. Return to heat and add stock gradually, stirring constantly. Cook and stir until slightly thickened. Add chicken and simmer 10 to 15 minutes, or until mixture is thoroughly heated and flavors are blended. Meanwhile, prepare rice as directed on package.

Serve the curried chicken over hot rice and sprinkle with coconut. If desired, serve with condiments, such as chutney, or toasted slivered blanched almonds. Makes 4 servings.

**Note:** Two 8-ounce cans chicken may be substituted for the cooked fresh chicken. For stock, dissolve 2 chicken bouillon cubes in 3 cups boiling water.

## HOW TO CLEANSE FRESH FOODS OF FALLOUT

1. Lift fruit, hands covered. 2. Remove peel with tissue. 3. Dispose of peel and tissue.

**TIP TO HOUSEWIVES** on how to cleanse fruits and vegetables of radioactive material if they became contaminated is provided by radiological expert and housewife Dr. Rosalind Yalow of the U. S. Veterans Hospital, New York. At a demon-

stration during a Radiological School sponsored by the Federal Civil Defense Administration, she showed how to prepare fruits or vegetables for eating when the outside is "contaminated" by fallout particles. (FCDA Photos)

Housewives might have to handle radioactively contaminated fruits and vegetables as gingerly as a newborn baby for a time if their food stocks are ever exposed to fallout.

Under those circumstances, radiological expert Dr. Rosalind Yalow, a housewife and staff member of the New York Veterans Administration Hospital, emphasizes that a housewife would have to take special precautions to avoid contact with radioactive particles in preparing food.

**FRESH FOODS** most likely to be exposed to fallout contamination would be those coming directly from home garden plots, open fruit stands, or left near an open window in a fallout area. Fruits and vegetables left on open pantry shelves would have more of a chance of being contaminated than those in closed cupboards or refrigerators.

This so-called "contamination" would affect only the surface of fruits and vegetables unless, through careless peeling or washing, a housewife allowed the center of the fruit to become contaminated.

Dr. Yalow had the following tips to avoid this:

1. Use fruits and vegetables which were wrapped, or kept away from the open air such as they would be in a refrigerator.

2. When washing produce, use running water if possible, providing it comes from a covered source such as a well or a known uncontaminated supply. If running water is not available, be sure the water used to wash the vegetables is changed frequently.

3. Fruits and vegetables with thick skins, such as bananas, or those that may be easily washed, such as apples, would be preferable. A housewife would be wise to handle these foods with disposable towels during cleansing.

**WITHOUT SPECIAL "know-how"** and care, Dr. Yalow points out, it would be easy for a person accidentally to transmit radioactive contamination into fruits or vegetables by washing them with "contaminated" water, or simply by handling peeled fruits with "contaminated" gloves or towels.

With this knowledge, a farmer's wife, for example, could in most cases make the produce from her fallout-exposed garden safe and usable again by her family.

After an attack, housewives would find out by radio whether their homes were located in a fallout zone. Then they would learn whether to take these precautions or not.

Advertisements

From where I sit... by Joe Marsh

Junior Gets "Pinned" Down

Junior Baker and friends are all set for their circus. Look for their advertisements on neighborhood trees.

The kids have had problems in staging the event. The biggest was the admission fee. Junior wanted to charge five cents, Mrs. Baker thought it would be much nicer if they charged five pins.

So Junior held a meeting with his Directors—then told his mother they'd taken her advice. The ads now read: Giant Circus in Baker's Backyard. ADMISSION FIVE PINS PLUS FIVE CENTS TAX.

From where I sit, that's a cute example of a mighty important point—if you want things to turn out your way, then you had better let the other fellow have his choice, too. For instance, if your taste should happen to run to, say, iced tea... then you owe it to yourself to see that those who prefer beer, buttermilk or what-have-you get to enjoy their favorite beverages, too. After all, turn about's fair play.

Joe Marsh

Waiting For The "Go-Ahead"

**Most modern truck V8's  
...and the pounds prove it!**

Pound for pound, the most powerful truck V8's today are Chevrolets. That's one way you can tell they're the most modern V8's going!

Chevrolet's modern short-stroke V8 truck engines do more work for their weight than any other V8 in any truck today!

That means they carry around fewer pounds for power they develop. (They weigh up to 200 pounds less than other comparable engines!) It means, too, that less of the maximum truck G.V.W. consists of engine weight—and more is devoted to payload.

Stop by and let us give you the facts on Chevrolet's compact, super-efficient truck V8's.

**Weigh the facts...**  
and you'll choose today's most modern trucks

Wasted weight is engineered out of Chevrolet truck V8's! The ultra short-stroke of Chevrolet's truck V8's makes possible a rugged yet compact cylinder block. Modern design cuts down engine weight and increases engine efficiency.

More power per pound means more power for your payload! Since less power is used in moving engine weight, a bigger proportion is available for moving your payloads. You get hour-saving performance on the job. And modern V8 power saves dollars, too!

There's a modern V8 for every Chevrolet Task-Force truck! There's a powerful, deep-breathing V8—either standard, or optional at extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnage hauling.

Instant Cream Snacks- Quick and Good!

By BETTY BARCLAY

Congenial friends on chilly afternoons truly enjoy getting together for a steaming cup of coffee. Late afternoon is a wonderful time for a really relaxed visit. However, keep refreshments light so they will not interfere with the dinner hour.

Today, we are not catering to the guests with a sweet tooth. Instead we have selected some "quick snacks" that were created for people who prefer cheese and meat flavors. Hot snacks are so good with coffee or tea and this basic recipe may be employed with many variations.

When instant powdered cream is used "quick snacks" can be made in a matter of minutes. This product which provides the new way "to cream" your coffee, is equally as good in modern recipes. We are giving a recipe for

"quick snacks" and we suggest that you divide the dough in half—vary one batch with ¼ cup grated sharp cheese and the other batch with two tablespoons deviled ham. And this is the basic dough.

Quick Snacks

- ¼ cup instant cream
- ¼ cup margarine or butter, softened
- ¾ cup sifted all-purpose flour

Mix ingredients together with fork or pastry blender. Roll into 1-inch balls. Place on baking sheet and bake in a hot oven (450° F.) about 6 minutes. Makes 2½ dozen snacks.

If desired, mixture may be chilled in refrigerator several hours, rolled on floured board, about ¼-inch thick, then cut with 1-inch cutter.

The story of the Motor Car  
**THE COMFORTABLE RIDE - YESTERDAY AND TODAY**

Autos faced the problem of comfortable riding from the beginning: first there were poor roads, and the typical 'carriage' frame giving no comfort at all.

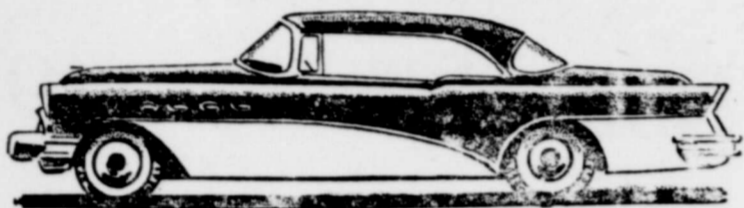

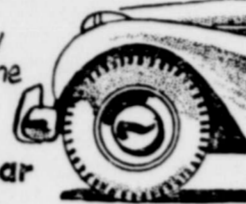

As engines and car bodies developed, riding comfort was sought. Solid rims were replaced by solid rubber tires, then with pneumatic tires.

With better roads, better tires, and better springs (but still carriage-type springs) riding got smoother...

It wasn't until the late twenties with hard-surfaced roads, the new balloon type tire, better frame construction, that cars started on their way to real comfort... reached finally in the 'million dollar ride' as exemplified in BUICK'S coil-spring, X-frame ride.

**HEREFORD STOCKER SALE JUNE 22 SETS RECORDS**

The special stocker cattle sale at the Stockyards in Fort Worth June 22, sponsored by the Market Institute and the Texas Hereford Association set a record for entries and gross earnings.

A record 6,306 head sold for a gross of \$544,827.38 and an average of \$86.40 per head.

Grand champion steers were a 20-lot from John R. Black Estate, Granbury. Reserve Grand Champions were the 40-lot consigned by Bonds Ranch, Hicks, Texas. Champion 10-lot was from Shaw and Beard of Montague County.

Top price was the 10-lot from Shaw and Beard which brought \$23 and they had another 10-lot at \$22. The champions and reserve champions sold at \$21.

Grand Champion heifers were shown by McKay Cattle Company, from Graham and were a 10-lot. Reserve Grand Champion heifers were from John Murrin, Tarrant County, a 20-lot. The 40 head champions were from John R. Black Estate.

**FIRST ANGUS STOCKER SALE SET JULY 13TH**

First-of two stocker and feeder sales for Aberdeen-Angus, cross-breeds, and black and whites, will be July at the Fort Worth Stockyards. Judging starts at 6:00 a.m. and the sale at 8:00 a.m.

Texas Aberdeen-Angus Association is jointly sponsoring the sale with the Market Institute.

**FORT WORTH**—Cattle trade was slow at Fort Worth Monday. Fed steers and yearlings were fully steady, and cows sold mostly steady to weaker, with some sales unevenly lower. Bulls were steady to 50 cents or more lower.

Stocker and feeder cattle and calves were slow and weak, with some of the plainer kinds unevenly lower. Slaughter calves were weak to 50 cents or more lower, some of the low grade slaughter kinds on the low side.

Butcher hogs were 25 to 50 cents higher and topped at \$16.25 to \$16.50. Less desirable weights and grades sold from \$13 to \$16, and some pigs sold around \$10 to \$12. Sows cashed at \$10.50 to \$13.50.

Slaughter lambs and yearlings were around \$1 lower and some sales were \$1 to \$2 under last week's late sales. Choice Spring lambs and yearlings were around \$1 low-

er and some sales were \$1 to \$2 under last week's late sales. Choice Spring lambs topped at \$18, and old crop yearling lambs sold from \$15 down.

Good and choice slaughter steers and yearlings sold from \$16 to \$20, with some high choice and prime heaves held above that range. Common to medium slaughter steers and yearlings cashed at \$10 to \$15.

Fat cows bulked at \$9.50 to \$11.50, a few young smooth cows to \$12 and above. Canners and cutters cashed at \$6 to \$9.50. Bulls were reported from \$9 to \$14, mostly from \$13.50 downward.

Good and choice slaughter calves cashed at \$15 to \$17.50, a few fancy heavyweights to \$18. Common and medium slaughter calves \$10 to \$14 and cull sorts cashed at \$8 to \$10.

Good and choice stocker steer calves cashed at \$16 to \$18 and and stocker and feeder steers and yearlings sold from \$16.50 downward. Stocker and feeder heifers sold around \$3 under similar steers. Common to medium grade stocker calves and yearlings bulked at \$10 to \$13.50.

Good and choice Spring lambs cashed at \$16 to \$18, and cull to medium lambs sold from \$10 to \$15. Stocker and feeder Spring lambs cashed at \$10 to \$15. Shearling lambs of good and choice grades sold from \$13 to \$15, and cull to medium kinds cashed at \$8 to \$12.

Slaughter ewes sold from \$4 to \$5. Old bucks sold around \$4. Stocker yearlings cashed at \$9 to \$11.

**CARD OF THANKS**

We want to express our thanks to our many friends for the flowers, acts of kindness, food and expressions of sympathy at the death of our loved one.

For engraved announcements, cards, letterheads and envelopes, see the News-Record. Prices are reasonable.

**Reversible Machine Enables Dam To Store Surplus Energy**

Lowering a rotor weighing 300 tons into position was one of the final steps in the installation of a powerful machine recently placed in operation at TVA's Hiwassee dam in North Carolina. The machine, developed and built by Allis-Chalmers, is called a pump-turbine. During periods of greatest demand for power, usually daytime hours, it uses water to generate electricity (left insert); it is then operating as a turbine. When the demand for electricity falls off, usually at night and when surplus power is cheap, the machine can be reversed to serve as a giant pump and force water back through the dam to be stored in the reservoir (right insert). The unique machine in this way makes possible the storage of surplus energy.

**PLEASE** — Change your new phone directory to have Leroy Butler Gulf Station number to read 8-3401 instead of 8-9231 which is the one listed for Brown Station.

For that tire repair work, bring your flats to Hamilton's Col-Tex Station. Tubeless Tires repaired.

**He won America's first 2-party presidential campaign!**

Thomas Jefferson, born on the 13th of April, 213 years ago, ran for office on the Democratic-Republican ticket. He was the first President to be inaugurated in Washington, D. C. — and the first to start his term in the new White House.

He was also the chief thinker and writer among the men who fought against the belief that people need to be protected by the rich or the powerful.

"Give the people light," said Jefferson, "and they will find their own way."

And almost 200 years of history have proved him right.

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

For example, over 40 million Americans are providing for their financial futures through the purchase of Savings Bonds. More than 8 million are investing in U. S. Series E Bonds regularly on the Payroll Savings Plan. That's the easiest way to save — the foolproof, guaranteed, independent way to financial security.

To see that you and your family are taken care of tomorrow, invest in United States Savings Bonds today — either on the Payroll Savings Plan where you work or by regular purchases of Bonds where you bank.

**For the big things in your life — be ready with U. S. Savings Bonds**
