VOL. No. 66

"Since 1890"

PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS

JUNE 28, 1957

No. 26

**THE SUPREME COURT** captured the headlines last week with three decisions that (1) restored John Stewart Service to a job with the State Department from which he was fired in 1951 for security reasons, (2) relieved witnesses before Congressional investigations of the obligation to answer questions unless they are "pertinent" to a definite legislative purpose, and (3) all told, reversed convictions of 14 communists.

The decisions were so sweeping that the full impact of their effect on the drive for exposure and conviction of subversives may equally far-reaching.

The work and usefulness of the Un-American Activities Committee is evidently retarded and the future justification for the Committee is brought into doubt.

This serves to bring the present Supreme Court into further public criticism, particularly when the recent decisions are added to a score of others that have had the effect of making it increasingly difficult for communists and other subversives to be exposed and convicted. Observers trace much of this trend to the period since Warren was made chief Justice nearly four years ago.

**THIS ALL CALLS** for a new look to see what can be done to improve the caliber of the Supreme Court. Some have even suggested the court be elected, rather than appointed, in order that the people may have a means of redress against judicial abuses.

Something certainly needs to be done. Autocratic power, whether wittingly or unwittingly exercised, can all but change the form of a government and impair freedom and security of people. History teaches us that.

Visitors on Capitol Hill this last week included J. T. Ratliff of Sonora; J. D. Riley of Millersview; Mr. and Mrs. W. E. Kinsley and two of their sons, Danny and Johnny of San Angelo; and Frances Richter of Hondo.

### Two Boys Caught for FBI

Two Michigan boys, Bryan Larry Larion and Carl Alvin Lauderman, were caught at Big Spring last week after abandoning a stolen car in the lane road leading to Lee Hunt's ranch. The boys were turned over to FBI agent, Ed Dorris, as much as car theft cross state lines is a federal offense.

### ALUMNI REUNION TO BE SATURDAY

The Sterling School Alumni Association will hold its annual reunion and picnic at the Nick Reed river park here Saturday, June 29. Plans have been completed for the barbecue supper and program.

Ancel Reed is scheduled to give the invocation. A welcome to the class of '57 will be made by Larry Glass and Lynn Glass will give the response. Historian Mrs. Bernard Petty and her committee will give a review of the activities of the honored classes (those ending in 7).

A committee is working up a memorial report along with a roll call. Mrs. Bill J. Cole, present vice-president, and her committee, are obtaining the assistance of local alumni with the food needs. On this committee with her are Mrs. Finis Westbrook and Mrs. Charlie Davis.

450 invitations have been mailed out to alumnae by a committee composed of Mrs. Joe Emery, Mrs. R. T. Foster, Jr., Mrs. Harold Emery, Mrs. Winn McClure, Mrs. Leroy Butler, Mrs. Don Martin, Mrs. Bill Brooks, Mrs. Hubert Williams and Miss Wanda Williams.

The nominating committee to select officers for next year is composed of Roland Lowe, Mrs. Chesley McDonald, Mrs. William Foster and Mrs. David Glass.

The barbecue committee for the supper includes William Foster, Billy Nelson McClellan, J. S. Augustine and Joseph Blank.

The grounds committee is composed of Neal J. Reed, treasurer, N. H. Reed, Ewing McEntire, Ross Foster and Finis Westbrook.

Members of the association are urged to gather at 7 o'clock that evening to visit with old friends and enjoy the barbecue supper.

### HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

- Mrs. W. O. Green
  - Mrs. J. O. Longshore
  - Mrs. Neal Reed
  - Neill Munn
  - Mr. and Mrs. D. P. Glass
- Dismissals since Thursday morning of last week include—
- Philip Corona
  - Willie Mason
  - Mrs. H. L. Bailey
  - Jack Mehl
  - Mrs. Rance Hord and infant son, Ronald Wayne.

### Mrs. Bruce Medford Visits

Mrs. Bruce Medford and her three daughters, Susan, Mary and Christine, were here Wednesday visiting the Roy Fosters and other old friends. Her husband, now pastor of the Methodist Church in Mercedes, was pastor of the Methodist Church here up until two years ago. The Rev. Medford was in Kerrville working with the summer Methodist camp this week.

H. F. DONALSON

### H. F. Donalson Installed As Lions President

Horace Donalson was installed as president of the Sterling City Lions Club at an installation and ladies night combined meeting here Tuesday night. The affair was held in the community center and Joe Pickle was the guest installing officer. Joe, a member of the Big Spring Lions Club, is editor of the Big Spring Daily Herald.

Other officers installed included Fred Igo, 1st vice-president; W. O. Green, 2nd vice-president; and Leroy Butler, 3rd vice-president; L. S. Dubberly, secretary-treasurer; Henry Bauer, tail twister; L. G. Petmecky, Lion tamer, and directors—J. T. Davis, Jack Douthit, Worth B. Durham, Jeff Davis, Dr. Wm. J. Swann, Rufus Foster and Delbert Haralson. Some of the mentioned directors are holdovers and some of them are new.

Billy Hull Barbee, accompanied at the piano by his mother, sang several numbers, much to the delight of the crowd.

Retiring president Delbert Haralson was master of ceremonies.

Out-of-town guests included Mr. and Mrs. Joe Pickle of Big Spring, the Harley Williamses of Golden, Colorado, and Mrs. Bill Barbee and Hull. Other guests were Mr. and Mrs. Finis Westbrook, Mr. and Mrs. Bill Brooks. A total of fifty-four persons were present for the affair.

The menu, which was served family style, consisted of fried chicken, roast beef, macaroni and cheese, tossed salad, fresh cucumbers, squash, hot rolls, iced tea and cake.

### Wimodausis Picnic Set For Monday Night

The Wimodausis Club met in a called meeting on Wednesday of last week. Plans were made for the annual entertainment honoring the husbands of the club members. A chicken barbecue will be held at the home of Mr. and Mrs. Rufus Foster on Monday, July 1.

The members voted to participate in the fly and mosquito spraying campaign being sponsored by the Lions Club.

Meeting at the home of the president, Mrs. Ray Lane, the members heard from the yearbook committee. The course of study for next year will be "Growth in World Understanding." The programs were discussed and the book copy is ready for printing.

Several outstanding speakers for next year are scheduled. Mrs. Joseph M. Perkins, State President, will meet with the joint meeting of three clubs for a tea October 23. Clubs include the Wimodausis, the Noratadata and Epsilon Zeta.

### Noratadata Club Has Year-End Picnic

The members of the Noratadata Club entertained their husbands and families with a chicken barbecue picnic last Friday night at Nick Reed's river park. This closed out the year's club activities and meetings will resume next September with the opening of the new club year. Mrs. Neal J. Reed is the new president.

Hostesses for the picnic were Mrs. Stan Horwood, Mrs. Martin C. Reed, Mrs. Alvie Cole and Mrs. Delbert Haralson.

### Colorado Visitors

Mr. and Mrs. Harley Williams and their son, Lee Roy, of Golden, Colorado, are visitors at the Marvin E. Churchills this week. They also visited a son in the Air Forces at Abilene while in Texas.

**LET'S TALK LIVESTOCK BY TED GOULDY**

### STOCKER DEMAND AGAIN BROAD, PRICES STRONG

**FORT WORTH**—Demand for replacement cattle and calves was again a dominant factor in the opening trade at Fort Worth Monday. The present scale of cattle prices which reflects replacement stock selling at higher prices than finished cattle in many cases, leaves room for a little doubt as to the optimism of feeders concerning the long-term prospects.

Efforts of the slaughter interests to weaken grass cattle and calf prices were largely unavailing, since the stocker buyers again took most of the two-way or borderline cattle at prices superior to packer values.

Fed cattle moved readily, with good and choice steers and yearlings at \$20 to \$24, and plain and medium butcher sorts from \$13 to \$19. Fat cows drew \$13 to \$15.50, and canners and cutters cashed at \$8.50 to \$13. Bulls scored \$11 to \$16. Good and choice slaughter calves sold mostly from \$19 to \$22, a few fancy calves to \$22.50. Common and medium butcher sorts drew \$14 to \$18, and culls cashed at \$10 to \$13.

Stockers and feeders continued to move at the best levels since November, 1952. Choice stocker steer calves sold at \$24.50 and heifer calves at \$21.50 down. Late last week a new high for the year was reached as steer calves scored \$25.50 and their heifer mates sold for \$22. Stocker yearlings sold from \$22 down, and feeder heifers sold from \$20 down.

### HOGS REGAIN LAST WEEK'S DECLINES

The decline in hog prices last week, due to the heat wave in the northeastern states, was partially recovered at Fort Worth Monday. Choice butcher hogs topped at \$20.50 and advance of 50 to 75 cents over last week's low close. Sows at \$17.50 down, were 50 cents higher.

### SHEEP AND LAMBS OPEN ON STEADY BASIS

The bulk of the offerings in the sheep yards at Fort Worth were medium and lower grades, prices were fully steady with the previous close.

Good and choice slaughter Spring lambs cashed at \$18 to \$20, and some shorn Spring lambs sold at \$19. Cull to medium Springers sold from \$13 to \$17.50. Feeder Spring lambs sold from \$17.50 down.

Good and choice yearling lambs cashed at \$15.50 to \$17, and cull to

medium yearling lambs sold from \$10 to \$15. Feeder wether yearling lambs sold from \$15 down. Slaughter ewes sold from \$6 to \$7. Old wethers cashed at \$12 down. Some breeding ewes sold from \$9 to \$12 per head. Aged bucks sold around \$5.

### TWO SPECIAL FEEDER SALES SET IN JULY

The strong demand for stockers and feeders is expected to continue fairly well due to the improved pasture and water conditions and many commercial cattle men are looking forward to the special stocker and feeder sales at Fort Worth in July as an opportunity to market their cattle at the best July weights in many years. Currently strong prices will enhance the returns greatly, along with the added poundage.

First of the special sales will be for Angus or Angus cross-breds, on July 12. The sale is the third annual event at the Fort Worth market for the blacks, and in each of the previous sales new high marks for numbers and prices have been chalked up. This record is expected to be kept intact in view of the above mentioned factors.

The second July sale is for commercial Herefords and whiteface crosses. The sale is expected to attract some of the best quality commercial whiteface cattle in the Southwest this year, and competition for the championships will be keen between many of the "name" bunches of cattle.

Some intense interest from out-of-state buyers ranges from Clearwater, Kansas, for some light 300 to 400 pound calves, to a letter from Louisiana asking if some club calf prospects will be included. Cornbelt feeders are especially interested in the prospects for seeing some fleshy types of cattle which can take a quick turn in the feedlot and hit a high market early in the fall.

The sales are jointly sponsored by the Texas Angus Association, the Texas Hereford Association, and the Fort Worth Market Institute.

Mrs. Ray Fritts and her two children, Joyce and Sharon of Albuquerque, N.M. arrived here last week end for a visit with Mrs. Fritts' mother, Mrs. Carol Reed and other relatives.

Mrs. Witt Hines, sixth grade teacher here for several years, has resigned and accepted a place with a Big Spring elementary school, it has been learned.

Mr. and Mrs. Jack Norris of Battle Mountain, Nevada will be here visiting Mrs. Norris' parents, Mr. and Mrs. Marion Hays this week-end. Both Mr. and Mrs. Norris are school teachers in Nevada, and are attending Abilene Christian College this summer.

**How Inconsistent Can He Be?**

Shopping's Fun in a Hardware Store

It's fun to shop a hardware store—it has so many interesting things . . . all out where you can see them and get your hands on them . . . and always someone to answer questions.

Suppose you want to fix a faucet . . . or paint a room . . . or go fishing . . . or build a fence . . . or clean a wall . . . or plan a picnic or party . . . or find a gift for anyone for any occasion . . . or do almost any job of fix up or improvement around the home or farm!

Where's there to go but the hardware store?

You may not even know the name of the thingamajig you need but in the hardware store you'll see it, or the hardware man can tell you.

For work or play, at home or away,

there's no place quite like a hardware store for shopping. Hammers and saws, hand tools and power tools, hinges and screws, bolts and nuts, paints and brushes (or rollers) . . . these are only the beginning. In all, some 14,000 or more individual items, according to the National Retail Hardware Association. That's twice as many items as you'll find in even a giant supermarket.

Every time you go in there's some gadget you never heard of . . . and can't live without after you see it—housewares and giftwares, guns and fishing gear, toys and games, lawn and garden goods, lamps and leisure time trinkets.

There's an ever-fresh fascination in hardware stores that affects all ages and both sexes.

**AROUND THE COUNTY**  
by  
**ARTHUR BARLEMANN, JR. COUNTY AGENT**

On July 1, farmers and ranchers will be eligible to submit their claims for the refund of the federal tax on fuel used in the farming or ranching operation for the period July 1, 1956 through June 30, 1957. Claims must be filed prior to September 30 of this year.

Farmers and ranchers who filed claims last year for the refund which was for six months, will have the necessary forms mailed to them at the address they gave on last year's return. If a claim was not filed last year but you are eligible to file one this year, the claim form and instructions will be available from the county agent's office in the near future. At this time we have not received our supply of the forms but they should be available shortly.

According to information just released, the wool payment under the incentive plan will amount to 100% this year—or rather, the marketing year, 1956. This means that the producer will receive an incentive payment of \$40 on every \$100 worth of wool he marketed and signed up at the county ASC office.

Mrs. Roxy Brock of the ASC office has to figure all the payments and as soon as she can do this, the checks will be released. So if you don't get your check in the next couple of weeks, don't feel that it has been lost. There is quite a bit of work involved in the figuring and it's going to take the county office a little time to do and recheck all the papers.

Despite the fact that rains have set back shearing, especially in the Sonora area, the Sonora Wool show had its customary good dis-

play of wool and mohair last week. Entries were just about the same as last year though some drop had been anticipated because of the delayed shearing. Competition was keen in both the adult and junior show.

Two Sterling County fleeces were among the money winners at the show. David Durham, 4-H Club member, exhibited the fifth place aged ram fleece in the junior show. Clinton Hodges showed the third place yearling ewe fleece in the adult division. A yearling ram fleece entered by David was tenth in a class of about 60 fleeces but was not a money winner since the show pays on the top seven only. Other fleeces entered by Clinton and Foster S. Prices stood up well in competition.

David also took part in the judging contest while he was at the show. Contestants judged finewool sheep, Angora goats, wool, mohair, identified plants (40 of them), and judged range plots. This is an excellent contest for boys and girls as well as they are called on to judge all these classes and give their reasons on some of them.

The annual meeting of the Sterling County Game Management Association will be held on Friday, July 26. Cow Roberts as usual will do the barbecuing for the event. More details will be worked out by the officers of the association who are—Gene Alley-president, John Copeland, Finis Westbrook, Billy Ralph Bynum and Chesley McDonald, directors.

Jim Stotts, assistant district manager of the Winchester-Western Arms Corporation, will give a shooting exhibition. This will be his first

appearance here but he is well known for his shooting exhibitions.

Reynolds Foster has a crop of sorghums with which he plans to cut down his feed bill this winter. Part of the crop will go into a trench silo and part of it will be banded and used as bundle feed.

Last week he applied 60 pounds of nitrogen per acre in the form of anhydrous ammonia to boost the tonnage. This is a relatively new process but it has proven to be a cheap, effective way of applying nitrogen which is necessary to all crops. It is about 4 cents per pound cheaper for each pound of nitrogen than the ammonium nitrate. In addition, it is also more effective and gives longer lasting effect. Part of the ammonia is in the form of a nitrate which goes to work immediately in the soil. The remainder, about 50%, undergoes a chemical reaction and become available in two to three weeks. The ammonia is applied in the form of gas similar to that in the coils of refrigerators. A special machine is needed but these are rented for a small fee from the company that supplies the ammonia. This machine is equipped with stingers or chisels which put the ammonia about eight inches deep in the soil.

An even cheaper way is to put the ammonia into the irrigation water where a system is in operation. Here again the necessary equipment is available from the fertilizer company. Many of the large irrigation districts have turned to this method almost 100%.

### A Right Pretty Economy Salad

By Betty Barclay

TOMATOES are plentiful . . . and there's always a cup or so of leftover vegetables in the refrigerator. So, here's a right pretty salad, that is right smartly economical, too—using as it does, both fresh tomatoes and leftover vegetables.

**Economy Salad**

8 firm, medium-sized tomatoes; 1 package lemon-flavored gelatin; ½ teaspoon salt; 1 cup hot water; 1 cup strained tomato juice; ¼ cups mixed cooked vegetables.

Wash tomatoes, remove a thin slice from top, and scoop out centers. Use tops and centers for juice. Place tomato cases upside down on plate and set in cool place until ready to fill. Dissolve gelatin and salt in hot water. Add tomato juice. Chill until slightly thickened. Fold in vegetables. Fill tomatoes with mixture. Chill until firm. When ready to serve, cut each tomato in quarters, using a sharp knife dipped in hot water. Arrange on crisp lettuce. Garnish with mayonnaise. Makes 8 servings.

Post binders and ledger sheets for sale at the Sterling City News-Record.

# The Big Job is under way

Santa Fe is now loading thousands of cars of grain and grain products on its lines

*Santa Fe has been serving agriculture since 1874, when we sponsored the migration of the Mennonite farmers who established the Kansas wheat belt, and brought with them from Europe the ancestors of the better varieties of wheat grown in America today.*

During harvest time, Santa Fe has a big job to do. At the country stations and terminal elevators along the line, as agriculture's "hired man," Santa Fe loads over 121,000 boxcars of grain a year—the total production of over 9,000,000 fertile acres. We also load over 34,000 cars of grain products on our line annually.

An important part of this job is done in advance by our own agriculture department, by collecting data on planted acreage, weather, crop damage and other factors that affect yield.

These statistics provide useful information for farmers, elevator operators and others interested in grain movements, and assist us in spotting grain-tight boxcars at strategic points at harvest time.

Our agriculture department works with the Federal and State agriculture departments, land grant colleges, and county agents in fighting destructive insects and plant diseases.

We are also privileged to award university scholarships annually to many farm youths in our territory.

We of the Santa Fe are proud of the part we have in serving the farmers of the West and Southwest in their essential task of feeding the Nation.

**Serve With Pride**

By Betty Barclay

FOR A BUSY day dessert, combine—quickly and deliciously—seasonal fruits, such as rhubarb and strawberries, in a creamy and light quick-cooking tapioca pudding.

**Rhubarb and Strawberry Delight**

4 tablespoons Minute Tapioca; 1/4 cup sugar; 1/4 teaspoon salt; 2 1/2 cups rhubarb juice and water; 1 1/2 cups drained cooked sweetened rhubarb; 1 1/2 cups sliced fresh strawberries.

Combine quick-cooking tapioca, sugar, salt, and rhubarb juice and water in saucepan. Cook and stir over medium heat until mixture comes to a boil. Remove from heat. Add rhubarb and strawberries. Cool, stirring once after 15 to 20 minutes. Chill. Serve garnished with whole strawberries, if desired. Makes 8 servings.

**REPRESENTATIVE OBIE BRISTOW HONORED WITH DINNER LAST FRIDAY**

J. Gordon (Obie) Bristow, representative from this legislative district, was honored with a testimonial dinner at the Cosden Country Club in Big Spring last Friday night. Over three hundred persons gathered to honor Obie. A new car was presented to him as a token of appreciation by his friends and constituents over the area.

**It's The Berries!**

By Betty Barclay

WHAT a pretty party dish to treat a little girl... or a big one, for that matter! Strawberry Ambrosia made of dainty pink Strawberry Instant Pudding (the latest, newest instant pudding flavor), snowy white coconut and the all-popular fruit — bananas. It's all so fast and enjoyable to prepare, too... no cooking, no waiting, no wondering what's going to happen!

**Strawberry Ambrosia**

2 cups cold milk; 1 package strawberry instant pudding mix; dash of salt; 2 small bananas, sliced; 1/2 cup shredded coconut.

Pour milk into mixing bowl. Add pudding mix and salt. Beat slowly with egg beater just until well mixed, about 1 minute. Do not overbeat; mixture will be thin. Layer alternately with banana slices in sherbet glasses. Top with coconut and let stand to set—take 15 minutes. Chill, if desired. Make 4 servings.

Speaker of the House Waggoner Carr of Lubbock was chief speaker of the evening. Others included Dr. Dick O'Brien and Obie's Episcopal pastor was master of ceremonies. Jimmie Green, past manager of the Big Spring Chamber of Commerce, made the car presentation. A number of Bristow's colleagues in the House were present for the affair.

Bristow himself, at the last of the affair, was made to talk. Showing gratitude and pride at the kindness of his friends, he made a stirring talk to the gathering.

**NEIGHBORLY**

*is the word for Humble Service*

That's the way Humble customers describe Humble service.

It's the kind of service that takes a neighborly interest in your car . . . that has a neighborly understanding of the way you want things done . . . that's based on neighborly courtesy and neighborly friendliness.

It's service that Texans like and appreciate . . . that makes you feel *at home* the minute you stop on a Humble dealer's driveway.

Stop for service under your *neighbor's* Humble sign.

**HUMBLE OIL & REFINING COMPANY**

Rest rooms under Humble signs are extra clean!

### Crime Increasing, Says J. Edgar Hoover

Major crimes in the United States totaled over 2 1/2 million last year, said J. Edgar Hoover, FBI head. This was an increase of 13.3 per cent over 1955, he pointed out, being 300,700 more than the 1955 total.

A major crime was committed every 12 seconds last year and one major crime was committed for each 65 persons of our population.

Now here's what is getting bad. Forty-five percent of these crimes were committed by persons under 18 years of age. Yep, the kiddos accounted for 45 percent of the major crimes—nearly half of them.

Hoover points out that police enforcement officials are doing better each year solving crimes and clearing cases by arrests, yet crimes are increasing a lots faster than the enforcement squads are growing. In fact crime is up 4 times more than four years back, but there are only 1.6 percent more enforcement officers now.

The FBI head points out that the poor pay of officers, and more attractive offers of private business, is hurting the enforcement officials to get and hold efficient men.

### The Behind 8 Ball

At an appreciation dinner given Obie Brostow last Friday night in Big Spring, Speaker of the House Waggoner Carr said Obie was the type that would make an attempt at things that seemed impossible at the time. such as—this joke illustrates: A man was out on the treeless plains and he saw a big bear making out after him. He began to run and hunt for a tree to climb for safety. But there were no trees. At long last he spotted a big tree and made for it with the bear in close pursuit. In dismay as he got close, he saw the lowest limb on the tree was at least thirty feet off the ground. The bear was closing in on him. He made a desperate leap and missed the limb—on the way up, that is—but caught it on the way down.

8—BALL

Obie told a joke about a bank robber that had been chased out of Kansas into Oklahoma. Things got so hot for him there that he fled into Texas. Following his first bank robbery in Texas he was caught and hung for his crime. At the burial, a Texan said that it seemed a shame for no words of any kind to be said by someone. So an old cow poke got up and said these comforting words: Friends, this man, I'm sure, isn't going to heaven. But he has been going bad so long and was in such a state at his death, he probably won't even be aware of much change when he gets to hell. (Such were the words of comfort offered.)

8—BALL

Scoutmaster Ancel Reed took a bunch of Boy Scouts to the Boy Scout Camp near Toyahville this week. They plan to return home on Saturday.

8—BALL

Hull Barbee really had on a white sport coat when he sang the son **White Sport Coat and a Pink Carnation** at the Lions Club ladies night program here Tuesday night. He really entertained the crowd. Hull has the natural ability to put over a good show.
