Non-collision accidents killed and injured 270,000 persons in 1956.

Two meetings which should be of interest to a number of people are scheduled for the San Angelo area next week. One meeting concerns beef cattle performance testing and the other concerns the people who produce and sell eggs and the new egg grading-labeling law recently passed by the state legislature.

A meeting on beef cattle performance testing will be held on July 10 on the Gerald Hartgraves ranch in Schleicher County. L. A. Maddox, Extension Beef Cattle Specialist will demonstrate the methods used in the testing program on the Hartgraves ranch. All interested cattle men are invited. If you are interested, contact me for further details on the meeting.

The beef cattle performance testing program is relatively new in this area but is has been going on for some time in the Plains area around Canyon, Amarillo and northward. A number of ranchers in that section have been carrying on the program for some time in cooperation with the county agents and experiment stations. A registration association has been set up with national headquarters in Canyon for the purpose of registering herds that meet the specifications. Registration in the association is open to all breeds.

Purpose of beef cattle performance testing is to correlate all the factors found in beef cattle such as type, "doing ability", weight, and grade at weaning time into one useable scale to help the rancher select replacements for the breeding herd and weed out the "boarders" who do not produce enough beef to pay their keep. Many ranchers are already following this type of program on their places with variations of their own.

Aim of the program is to help produce the type of cattle that will do well under natural conditions, grade out high on the market, and weigh heavy without sacrificing the other inherent factors. We all know that many times the tatty, fat cow is not paying her way simply because she is not producing enough beef in the form of a calf to pay for her keep, much less show a profit. The old cow that is thin and doesn't look so good many times is putting her grass into milk for the calf and is weaning a calf that will show a profit. The same is true of bulls; it has been definitely shown that the bull transmits his own gaining ability to his offspring.

There will be a meeting in San Angelo on Thursday, July 11, to

discuss the egg law recently passed by the Texas Legislature. This law sets up certain regulations regarding grading and labeling of eggs that are sold to consumers. The law applies to producers, retailers, graders, handlers; in fact anyone who handles eggs for sale.

The meeting will be held in the Cotillion Room of the Town House Hotel in San Angelo beginning at 1:30 p.m. on the 11th. It is being sponsored jointly by the Extension Service and the State Department of Agriculture. The department has the responsibility of enforcing the law. They will answer all questions regarding the law and will give interpretations of the law. The Extension Service is interested in the law to the extent that they, as an education agency, want to get the information to all who are affected by the law.

All egg producers, retailers, dealers, and others who handle eggs are urged to attend the meeting. It will be to their benefit to learn the provisions of the law as soon as possible and to comply with the law. Anyone interested in the meeting should contact me.

Wimoudausis Members Honor Husbands With Picnic Monday Night

The members of the Wimoudausis Club entertained their husbands with a picnic at the home of Mr. and Mrs. Rufus Foster Monday evening of this week. Barbecued chicken, salads, beans, hot buttered bread, cake and tea formed the menu.

Mrs. Ray Lane, president, welcomed the guests. Bro. Marion Hays gave the blessing.

Present were Mr. and Mrs. John C. Reed, Mr. and Mrs. N. H. Reed, Mr. and Mrs. Jack Douthit, Mr. and Mrs. Foster Conger, Mr. and Mrs. H. L. Hildebrand, Mr. and Mrs. Roy Morgan, Rev. and Mrs. L. S. Dubberly, Mr. and Mrs. R. T. Foster, Mr. and Mrs. Ray Lane, Mr. and Mrs. Rufus Foster, Mr. and Mrs. Fowler McEntire, Mr. and Mrs. H. D. Glass, Mrs. Clyde Bowen, Miss Ethel Foster, Mrs. Sterling Foster, Mrs. Ruth Allen and Mr. Marion Hays.

Last week J. T. Davis attended a cottonoil oil mill meeting in Waco and the Texas Sheep and Goat Raisers directors meeting in Mineral Wells.

LIONS HEAD SPRAY CAMPAIGN

Town To Be Sprayed Next Monday; Sprayers and Helpers Needed

Plans for spraying the town on next Monday, July 8, were told at the Lions Club luncheon Wednesday at the meeting. Ranchers who have sprayers are asked to come in and help with the fly and mosquito control job. Some ranchers have already volunteered their help.

The spray material has been purchased and since flies and mosquitos are extremely bad, it was thought to make a community affair out of the spraying. Some of the women's clubs in town are helping pay for the spray.

A group from the club had attended the U.S. Highway 87 Association meeting in Fredericksburg Monday afternoon. Attending the meeting from here were Earl Bailey, Judge G. C. Murrell, S. M. Bailey and Rev. L. G. Petmecky. They gave reports on the meeting. Representatives from Raton, N. M. to San Antonio were present—all along the Highway 87. Aim of the new association is to get a modern 4-lane super highway built on 87. Plans have to start early for action along that line, it was said. A director from each county was named to form the association. R. T. Caperton was named from Sterling County by the group.

It was announced that the softball tournament will not be held here as was once planned.

Scoutmaster Ancel Reed told of the summer camp for Boy Scouts that he took a group of Sterling Scouts to last week.

It was reported that the club's signs at the approaches to town are in bad shape and can hardly be read anymore.

James T. Kellis and Miss Joan McNarie Wed in Arizona

Miss Joan McNarie of Prescott, Arizona and James T. Kellis were married June 16 in Prescott in the First Congregational church. The bride is the daughter of Mr. and Mrs. M. J. McNarie and the groom is a son of Mr. and Mrs. Pat Kellis of Dewey, Arizona.

The couple will live in Tuscon, Arizona.

The bride is a graduate of the Prescott High School in the class of 1952 and a honor graduate of the Good Samaritan School of Nursing in Phoenix.

The groom received his degree in electrical engineering at the University of Arizona recently. He is a member of Delta Sigma Phi social fraternity and Tau Beta Pi, national engineering honor society. He is also a member of the Prescott High school graduating class of 1952.

A former resident of Sterling, the groom was known best as Jim Tom Kellis.

Good Turnout for Alumni Meeting Here Last Saturday

Over 150 persons attended the Sterling Alumni Association meeting last Saturday evening here on the river at Nick Reed's river park.

Especially honored were Vern Davis, who graduated in the first graduating class—that of 1908 and Miss Ruth Cole (class of 1927) for coming the longest distance. Her home is in Phoenix, Arizona.

The new officers for next year were named as follows:

Mrs. Leroy Butler—President
Mrs. Stan Horwood—V.-President
Mrs. Winn McClure—Secretary
Treasurer—Leroy Butler
Historian—Mrs. Billy R. Bynum
General Committeemen—Reynolds Foster, Jim Bob Clark and Billy Ralph Bynum.

Next Year Is Golden Anniversary

The officers of the association are looking forward to a big meeting next year—1958—which will be the 50th year of graduating classes. A big affair is planned for the observance.

Eight Boy Scouts From Here Attend Summer Camp

Scoutmaster Ancel Reed and eight members of the Scout troop here returned home last Saturday afternoon from a week's stay at the Buffalo Trail Scout Ranch in the Davis Mountains. The week was spent in camping, Scouting, nature study, conservation, archery, rifle, and first aid study.

Scouts going from here included Milton Reed, Johnny Augustine, Don McDonald, Jerry Craig, Billy Bauer, Jerry Payne, Danny Bailey, and C. L. King.

Over 200 Scouts from this area were present at the camp, said Ancel.

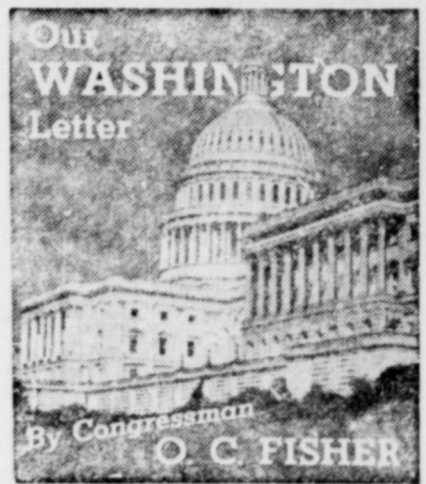

The Bluford Hestirs of Atlanta, Georgia visited friends here Tuesday. Bluford is connected with the high chuch Presbyterian organization in Atlanta.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. Neal Reed
Neill Munn
Mr. and Mrs. D. P. Glass
Dismissals since Thursday morning of last week include—
Mrs. W. O. Green
Mrs. J. O. Longshore
Cliff Carpenter
Corwin Collins

FOR SALE—Austra-White and White-Hamp Pullets, 10½ months old at a real bargain. Levi Martin. Phone 8-3141

REQUESTS FOR MONEY to pay for 28 additional Mexican bracero program compliance officers, costing \$205,000 per year, was deleted from the Labor Department appropriation bill recently. When the bill went to the Senate, Congressman E. C. Gathings of Arkansas and I testified before the Senate committee handling the bill for the Senate in opposition to the increase in funds for that purpose.

The measure has now been sent to the White House without the \$205,000. It means that 28 fewer snoopers will be assigned to see if braceros are housed according to fantastic regulations that were issued last January.

SPEAKING OF the bracero program, in my testimony I pointed out that the border area is seething with all sorts of enforcement officers, including 1,106 border patrolmen. This includes 622 assigned to Texas alone.

Much of this is completely unnecessary. The wetback problem is now of minor significance. I have urged the Commissioner of Immigration to drastically reduce this.

IT NOW APPEARS that the deferred grazing program will face further delay in being activated. Funds to begin it were included in a Senate bill, but were knocked out by a Conference committee because the Department allegedly had not set up a program for carrying out the provisions of the law. It appears likely the Department of Agriculture, which opposed the program when it was enacted, has been deliberately dragging its feet on the subject, and the conference committee did not appear to be very enthused. This may be revived, however, before the end of the session.

RECENT GUESTS have included Harvey L. Linebarich of Lampasas; Mr. and Mrs. J. T. Ratliff and son, Shannon, of Sonora; Gilbert Balch of San Angelo. Shannon Ratliff had been to Philadelphia where he was given a \$2,000 scholarship as a reward for winning in a nationwide contest in regard to the bi-centennial of the birth of Alexander Hamilton. Balch had been to Norfolk for a naval reserve refresher cruise.

F. F. A. ACTIVITIES

The Sterling F.F.A. boys are starting lambs on feed for next year. Wayne Drennan has two fine wool lambs on feed now, Tony Allen has 2 crossbred lambs and two finewool. Bill Davis has 2 finewool lambs on feed and Robert Quintana has 1 crossbred and 2 finewool lambs on feed.

Tony and Bill are continuing their registered Rambouillet flocks. Bill is really getting a nice size flock now—he has about 35 head in all. Tony has about 22 head in his registered flock now.

Tony Allen bought a stud ram at the ram sale last week. The ram was bred and consigned by L. F. Hodges. He was one of eight studs selected for the ram sale. Tony hopes that the use of this ram will improve his flock considerably, and help him to get a string of registered Rambouillets that will hold their own in the show ring. Tony paid \$290 for the ram.

Several other ag boys are waiting to get lambs to put on feed as soon as some are available. They want to be ready for the Odessa show, which starts with the new year.

Mr. and Mrs. Joe Blanek and family visited Joe's brother, Harry, in Houston last week-end. They also visited the Trinon Revells while there. They went to Galveston and several points of interest. Joe said Harry had had a nose operation (or his face lifted) and now was a right "pretty" boy.

THE AMERICAN WAY

Pity the Poor Congress!

The Behind 8 Ball

The rain has deserted us. It's hot and how. I thought the drouth was over—maybe. But, now this hot weather has cooked most the vegetation. Maybe it'll rain in July. It used to.

8-BALL

The fishing crowds on the Highland Lakes above Austin were not so crowded last week-end. But we bet they are this week-end—due to the 4th of July holiday.

We fished on the Llano portion of Granite Shoals Lake last week-end. The catfish bit some, and the kids enjoyed fishing and swimming. You know, kids can't seem to get enough swimming. But it's always been that way. I can remember.

8-BALL

We used little hop toads for bait on our trot lines. The way we caught 'em was to wait till after dark and drive along by the lighted signs at the fishing camps or filling stations. You could get a minnow bucket half full in a few stops. Catfish were biting the frogs on the lines.

8-BALL

Staying on the Llano portion of the lake, one could see many summer homes along the river front. It was said that most of them belonged to retired people. They lived there the year round. Lake-site lots were advertised for sale at \$495-\$10 a

month on a long-term pay. Some of the sites on the lake front itself were a lot higher.

8-BALL

The trade that fishing tourists bring to that region is probably enormous. In all likelihood, the economy of that area depends now on the fishing and hunting trade. All the cabins in the place where we stayed (Ike's Place) was full up on the week-end.

Yessir, lakes pay off in many ways—water conservation, power generating, fishing resorts, retired people's homes, nice summer cabins and homes for some, and the businesses that serve such trade.

8-BALL

LOOK—Now is your chance to buy a good used Bendix 10-foot electric refrigerator box at a bargain. Call 8-2691 for information.

For engraved announcements, cards, letterheads and envelopes, see the News-Record. Prices are reasonable.

The Worth Durhams left early last Saturday morning for Antonita, Colorado, where they will vacation at their summer cabin.

Mrs. Carol Reed and son, Milton, left last Saturday for Albuquerque, New Mexico, to visit with a daughter of Mrs. Reed's, Mrs. Ray Fritts.

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY... ITS BEST SHOWROOM IS THE ROAD.

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, are only part of the story. The big bonus is its remarkable *roadability*, the crisp precision handling that has posted an entirely new standard for cars in every price class. You can't read about that... but you can *feel* it in one minute on the road!

Good drivers know roadability is the single thing that means more

driving satisfaction for more thousands of miles than anything else. More *safety*, too, for it grants greater stability on curves, greater traction on wet roads, better "bite" under hard braking, more accurate steering. There are reasons for all this, of course: Chevrolet's balanced weight distribution that takes excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's

a car specifically designed for beautiful motion—you have to *travel* in this one to know just how terrific it is. Try it, this week!

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

Attends Methodist Pastors School at Georgetown

Georgetown, June 28—The Texas Pastor's School held the 57th annual session at Southwestern University June 24-27.

Included among the 350 attending the conference was Rev. L. S. Dubberly from Sterling City. He is pastor of the First Methodist Church there.

The meeting was sponsored by the Board of Education of the Methodist church and the six annual conferences of Texas Methodism. This annual session offers an opportunity for inspiration, fellowship, study, exchange of views, discussion of methods, and to hear outstanding lectures and addresses.

Outstanding lecturers included Bishop Eugene M. Frank, resident bishop of the Missouri area of the Methodist church; Dr. John Pater-son, professor of Hebrew and Old Testament Exegesis. Drew Theological Seminary; Dr. Merrimon Cunningham, dean of Perkins School of Theology at Southern Methodist university; Bishop A. Frank Smith of Houston, resident bishop of the San Antonio-Houston area; and Bishop William C. Martin of Dallas, resident bishop of the Dallas-Fort Worth area.

Bobby Plum of Scott City, Kansas who is a grandnephew of Mrs. Roy Carter's, visited the Carters here last week end.

METHODIST CHURCH

The pastor, the Rev. L. S. Dubberly, will preach Sunday for both morning and evening services. The sermon subject for the morning worship service will be "The Fellowship that Binds." The Lord's Supper will also be a part of the service. The sermon subject for the evening service will be "The Unpardonable Sin."

The official board will meet at 5:15 in the evening. Following the evening meal that will be served by several of the board members, there will be a business session and also the pastor will hold the First Quarterly Conference. The District Superintendent has directed the pastor to hold the conference in his absence.

The Methodist Youth Fellowship will meet Sunday evening at 6:30. Next Tuesday there will be Youth Night at the church.

Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job . . . save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum.

A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck.

A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.
