A GOOD BREAK for hundreds of drouth victims and feed dealers in our district and elsewhere was scored at the last minute of the session when the so-called Feed Dealers bill got final House approval. It will prevent the Government from reaping a windfall that could approximate a million dollars in our area alone.

This bill, authored by Congressman Poage and myself in the House and Senator Lyndon Johnson in the Senate, passed the House unanimously last May but has been blocked in the Senate by a Northern Senator. Johnson managed to get it passed the last day, and a minor Senate amendment was then promptly approved by the House.

This feed program, which allowed a credit of \$1 per hundred-weight on certain feed purchased, of which the Government owned a surplus, began in 1954 and the trouble which made the bill necessary resulted from misinformation and lack of information to the feed dealers in regard to time of sale and delivery of the feed in relation to the date of the Purchase Orders issued to drouth victims by county committees.

Our bill simply vadiates all such deliveries, if they were made within six months.

RED FACE! In one of our recent Newsletters we inadvertently reported that "Midshipman" Ronald Salter of Brady came by to see us, enroute home for a visit during recess from classes at Annapolis. I can never live that mistake down! The Report should have said Cadet Salter, from West Point, was enroute home. Anyhow, maybe it'll enhance my standing with the Navy.

RECENT VISITORS have included Dr. W. D. Anderson of San Angelo, with his daughter, Mrs. R.B. Hunton whose husband is stationed at Fort Lee, Virginia; Robert E. Lee of Coleman; John I. Moore of San Angelo.

This will be the last Newsletter for this year. Thanks to all of the newspapers which have carried them and best wishes to all of you. I'll be in the district during September, and again from about mid-November to Christmas. My office in Washington will remain open, and my staff will be able to handle all inquiries with dispatch.

A few more 4-H Club members have lambs ready to put on feed for their 4-H club demonstrations in addition to those named last week. James Latham, Crisp Williams and Bobbie Mae Hallford were the latest members to get lambs.

In addition to the fat lamb feeders, several members have registered breeding sheep or ewe lambs on feed for next spring. David Durham and his sister, Barbara, have 19 head of registered Rambouillet lambs on feed. Troy Murrell has one registered ewe lamb. Claudia Collins has a group of ewe lambs just about ready to start for the new class at the San Angelo show next spring. Several other club members will also have some ewe lambs for that class.

The lamb class at the San Angelo show is a new one for a major show. Lambs for this class cannot be registered nor can they be subject to registration; they will be judged on the basis of what constitutes the best commercial range type sheep. Judging will be done by selecting the top groups in the wool; the top ten groups in the wool will then be shored by crews furnished by the show; the boy or girl exhibiting the lambs will be required to roll and tie the fleeces for judging. The fleeces will then be scored on preparation, shrinkage, length of staple, uniformity, open faces, and other factors that make a good range ewe. Then the combined scores of the fleeces and the shorn ewe lambs will be added to determine the final placings of the ewe lambs. The wool is the property of the exhibitor unless they sell the lambs in the commercial sale which will be held. Exhibitors will not be required to sell their lambs but may do so if they desire.

There will be 15 places in the ewe lamb class. At present, the prize money is set up with \$250 for first place and graduating on down to \$10.

This looks like a very good class

for West Texas boys and girls. They can start themselves a pretty good flock of ewes in preparation for this class and when they are through showing they will have them to go on with. To Knott Tonight

The Sterling City Eagles 6-Man football team downed the Ackerly Eagles in the season's opener here last Friday night 32-18. The Sterling team, defending regional champs of 1956, had no trouble in winning the sortie from the Ackerly boys.

Wilbur Stone, Sterling back, accounted for 24 of the Sterling points and helped make an extra point by passing to Davis following a T.D. in the second quarter. Stone ran for 6 in the first quarter, following the initial score by Ackerly early in the game. In the second quarter he galloped 30 yards for a counter. Just minutes later, he ran 60 yards for another six points. Early in the third quarter he loped 50 yards downfield for his last 6 points. Melvin Foster ran over 10 yards for a T.D. in the final quarter and he had picked up an extra point in the second quarter with a run over with the ball.

Phil Wallace of Ackerly accounted for 12 of his team's points and James Savell got a T.D. in the second quarter with a 30-yard run.

First Game of Season

This was the first game of the current season for Coach Diddle Young's Eagles. Rev. Lewis Petmecky, pastor of the First Presbyterian Church here, gave the invocation just before the game opened.

Sterling kicked off to Ackerly as the game opened. Marvin Foster made the kick and also got down the field and made the tackle on the opener. Ackerly made a first down and then Phil Wallace got loose and went 20 yards for a T.D. Sterling blocked the kick for the extra point.

Ackerly kicked to the Eagles and play really got underway. Stone picked up a first down by taking the ball down to the 15-yard line. Jim Davis took a pass from Stone and got almost over for a counter. On the next play Stone ran over the score. Play see-sawed back and forth for the remainder of the first quarter with the score tied 6-6.

As the second quarter got underway, Stone went 30 yards for a 6 point score and then passed to Jim Davis for the extra point. Then Ackerly's James Savell galloped 30 yards for a T.D. but the pass for extra score was no good.

Ackerly kicked following the TD and Stone took the kick all the way for a score. Melvin Foster ran over the ball for the extra point.

Ackerly's Wallace made a pretty 35-yard run in the play that followed but no more scores were chalked up as play was somewhat desultory the remainder of the second quarter. The half ended with the score 20-12 in favor of the locals.

Following half-time, Ackerly kicked to Sterling. On the first play Melvin Foster fumbled the ball but on the next play picked up about 4. Then Stone took the pigskin 50 yards for a counter. The try for extra point was no good.

Play was somewhat desultory for awhile with Coach Young sending in his squad members so all could get some practice. Melvin Foster did brighten up things with a pretty, long run before the third quarter ended.

Sterling lost the ball on downs as the fourth quarter opened. Ackerly fumbled the ball and Wayland Drennan recovered for the locals. Melvin Foster showed his heels to Ackerly with a 35 yard run. Then yardage was picked up on a pass play by Wayland Drennan. Sterling then lost the ball in a fumble to Ackerly. Before the game ended Melvin Foster in two tries went over for the final 6 points for the Eagles.

San Angelo College Entertainment Association Announces the Attractions for the 1957-58 Series

The San Angelo College Entertainment Association has booked the costliest series of attractions in the twenty-seven year history of the Association, according to Weldon Surber, president. The growing demand for top-ranking programs by West Texans influenced the Association to book six outstanding and costly attractions. The San Angelo series is unique as all attractions are presented two nights in Municipal Auditorium. The auditorium has a seating capacity of 1850 which is not enough to present six entertainment features of high merit at moderate prices. By presenting the attractions two nights with 3700 members, the series can be sustained financially. The San Angelo College Entertainment Association is a non-profit organization and is underwritten by San Angelo merchants and civic leaders. Last year the series was self-sustaining. This year a few additional season tickets are available for new members and indications are that the full capacity of the auditorium will be sold.

Tickets are available by addressing the association at P.O. Box 1335 in San Angelo. Adult season tickets are \$14.75 and student season tickets are \$7.50.

The attractions in order of appearance are as—The famous Lincoln-Douglas Debates and presented in costume on October 10 and 11. The N.B.C. Opera Company will come next with a company of 118 and full orchestra will present La Traviata the first night and the

Marriage of Figaro the second night. The operas are in English. On November 7 and 8 will be the famed Paganini Quartette, one of the finest string ensembles ever assembled. Robert Merrill, the popular Metropolitan Opera baritone will be heard January 23 and 24.

On March 17 and 18 the National Ballet of Canada will be presented. A company of 70 with full orchestra accompanys the ballet. No Time for Sergeants, the Broadway hit comedy, with the present New York cast, will close the season on March 24 and 25.

Tickets can be bought by ordering from the association or by purchasing them at Hemphill-Wells Co. or Cox-Rushing-Greer Co. Tickets may be obtained through the local ticket chairman, Miss Ethel Foster.

Electric Cooking is COOL

It's truly an exciting thing when you have an electric kitchen. You feel so thoroughly modern with electricity to help with every task. Electricity keeps and cooks the food, does the dishes, makes the toast and coffee and even stirs the cake. It's dependable too! Night or day, whenever you flip a switch, you know electricity is there, ready and willing.

Cool, of course it's cool, because the heat cooks the food and not the cook. Electricity is so inexpensive you can use a lot of it.

BEHIND THE 8-BALL

Shades of Jefferson Davis and the Stars and Bars. Gov. Faubus of Arkansas is up a stump. He has a situation by the tail (at this writing) and he doesn't know for sure whether to hang on or let go. I admire his spunk in the matter, but I bet the federal government wins—in the end. It'll have to.

8-BALL
What if the nine (or rather 6 responsible) men on the Supreme Court became boozers, or bums or addicts of somekind. Would they be impeached? I'll bet Congress would impeach them. But, since they have only disregarded the venerable U.S. Constitution by repealing (on their own) some of its most important features. They now make school business theirs—when in fact such rights as not given to the federal government are reserved to the states. (School business has always been considered business of the state or area wherein located. Congress has the power to make or draft laws on matters, but the 6 men draw up the rules as they see them and say—Boys, the country as a whole has got to do this way.

I'm glad I'm not a big lawyer on constitutional law. I'd go crazy now, trying to figure out just what might or might not be constitutional in the future.

8-BALL
The human race either goes up to a higher standard or down to a lower level as time marches on.

I'd like to think our level was being raised.

8-BALL
Light Rains Tease Area
Rainfall interrupted the first football game here last Friday night. At least for the spectators. Four-tenths of an inch was recorded here in town and around an inch fell on favored areas. Sprinkles cooled off things at noon Tuesday and the promise of more hung on through out the day.
