A Fraud Exposed

### Five Hurt in Car Crash Here Saturday Night

Five persons were injured, two seriously, Saturday night in a two-car collision here at the city limits on Highway 87.

Admitted to Sterling County Hospital with serious injuries were Mrs. William David Matthews, 60, of Big Spring, possible neck injury Lenora Z. Gomez of Odessa, internal injuries; and Gilbert Gomez, 3 months, possible internal injuries and lacerations.

Admitted but not in serious condition were Mary Anita Gomez, 22, mother of the child, and Alicia Gomez, 11, daughter of Lenora Gomez.

Mr. and Mrs. Matthews were driving south when the accident occurred. He was not injured. Highway Patrolman Jim Cantrell said the other car was travelling toward San Angelo.

### Son to the James Craigs

A son, named James Richard, was born to Mr. and Mrs. James H. Craig Sunday morning at 1:35 o'clock in the Sterling County Hospital. The baby weighed seven pounds and five ounces.

"Papa" James is the Humble Oil pumper in the field north of Sterling City. He and Mrs. Craig have two other children, Jerry and Jamie Carol.

Grandparents are Mrs. Vera Harris, and Mrs. and Mrs. J. M. Craig, all of Zorzan.

### MOTHER'S MARCH GETS \$282.12 FOR POLIO DRIVE

The Mother's March for polio netted \$282.12, said Mrs. W. R. Brooks, who headed the drive for the Noratadata Club. Members of the Noratadata Club and two members from the Epsilon Zeta Club helped in the drive, said Mrs. Brooks.

### World Day of Prayer February 21

The World Day of Prayer will be observed here next Friday night with services at the Presbyterian Church at 9:30 a.m., said Mrs. L. G. Petmucky this week.

The program, written by Australian women, will be used this year. The program starts that day in Australia and as the day progresses the day will be observed in each time zone, lasting about an hour, it was said.

Mrs. David Glass will be in charge of the music said Mrs. Petmucky. Others helping from the churches of the town include Mrs. Roy Foster, Mrs. Tom Humble and Mrs. Horace Donalson.

### SLIDE RULE CLASS BEGUN AT SCHOOL

A slide rule class was begun Wednesday afternoon, February 12 at the Sterling high school. This class includes high school students with special science or mathematics ability. The new class is being taught by high school principal Weldon Snodgrass and the hours of the class are from 3:15 p.m. to 3:50 p.m., according to superintendent O. T. Jones.

Mr. Snodgrass has many courses in undergraduate and graduate science and mathematics. He attended the S.M.U. Science Institute last summer in Dallas and he believes a good basic background in the slide rule will be of great help to any student in college who takes physical science courses or mathematics. About 12 students are expected to enroll in the course, according to Jones.

### SCHOOL HOLIDAY MARCH 14

The next holiday will be Friday, March 14, 1958 to allow teachers to attend the Mid-Texas Association meeting in San Angelo, said school superintendent O. T. Jones this week. Classes will be resumed on Monday, March 17.

A DuBarry beauty specialist is to be at the Long Drug Co. cosmetic counter all next week to help women with their skin care, hair-styling and make-up. Miss Mary Voltz will be here, said Mrs. Cecil Long, and she invites all women of this area to drop in for an interview with Miss Voltz and a free gift.

Fred Warren of San Angelo visited Mrs. W. H. Sparkman and H. here last week-end.

### Snow and Drizzles Help Ranges

Slow drizzles here Sunday and Monday amounted to about .2 inch of moisture, but freezing drizzles and snow Tuesday and Tuesday night made it hard on lambing in this area. Some of the ranchers were lambing. The damage probably was greater than the small amount of moisture benefits to any rancher that was lambing.

Temperatures got down to 20 or lower both Tuesday and Wednesday nights. The half inch snow mostly melted during the day on Wednesday.

### Mrs. Joseph Perkins Reviews Book Here Tuesday Evening

Mrs. Joseph Perkins of Easland reviewed the book "Below the Salt" by Thomas Costain Tuesday night in a Wimodausis Club sponsored affair the home of Miss Ethel Foster and Mrs. H. L. Hildebrand. The members of the other two women's clubs, all had joined in the tea.

The affair was a Federation Day joint program. Mrs. L. S. Dubberly opened the meeting with a prayer. President of the Wimodausis Club, Mrs. Ray Lane, welcomed the guests.

Mrs. Stanley Horwood introduced the guests reviewer, Mrs. Perkins. Following the book review, Mrs. Perkins gave a short talk on the federation of clubs. Miss Foster made a short talk on past and present trends of club work.

Mrs. I. W. Terry furnished piano music during the tea hour.

Hostesses for the affair were Mrs. E. F. McEntire, Mrs. John Reed, Mrs. Lester Foster, Mrs. Finis Westbrook, Mrs. Chesley McDonald, Mrs. C. J. Copeland and Mrs. Billy Ralph Bynum.

Thirty-one club members were present and three guests, being the guests of honor—Mrs. Perkins, Mrs. Fred Barrett and Mrs. Lee Augustine.

### Noratadata Club Guest Day February 20

The Noratadata Club will have its guest day here on February 20, said president Mrs. Neal J. Reed. The affair will be held at 7:30 p.m. in the community center.

Mrs. Dean Chenoweth of San Angelo will review the book "Song of America" by George Mardikian.

Members of the Wimodausis and Epsilon Zeta Clubs will be guests as well as some other invited guests by Noratadata members. Hostesses for the affair will be Mrs. Neal J. Reed, Mrs. Joe Emery, Mrs. Forrest Foster and Mrs. Dean Johnson.

### Sterling Oil Discovery

Sterling County gained an unidentified Permian discovery with completion of Mid-Basin Oil Co. of Midland No. 1 Foster & Hildebrand 3½ miles southeast of Sterling City.

It was finaled for a daily pumping potential of 37.42 barrels of 38 gravity oil, plus two per cent water, through perforations between 1,662-1,702 feet in 4½-inch casing seated at 1,832 feet.

Top of pay was picked at 1,662 feet on ground of elevation 2,310 feet.

Location is 990 feet from the south line and 2,310 feet from the west line of 2-12-SPRR.

### Another Location

Stockade Drilling Co. of Albany will drill a 1,900-foot wildcat in Sterling County, three miles southeast of Sterling City. It will be drilled as the No. 1 Foster & Hildebrand.

Location is 2,310 feet from the north line and 1,650 feet from the west line of 21-12-SPRR.

The prospector is one location northwest of the Mid-Basin Oil Co. well, mentioned above. It is also 1 7-8-miles southeast of the Durham field, but separated by dry holes.

### Lions Club Luncheon

The Sterling Lions Club members met Wednesday noon for the regular weekly luncheon in the community center.

Action was postponed on the sponsoring of an independent basketball tournament here for awhile.

It was announced that the portable respirator was to be placed in the sheriff's department for that department of the highway patrolmen to have on hand at all times.

Fred Igo was just home from the San Antonio Livestock Show and he said the Sterling exhibitors had done well at the show, in his estimation.

Fire chief R. P. Brown told of meeting with the commissioner's court Monday in regard to the fire department matters. He said the court members were very cooperative and will cooperate in the future on such matters.

Secretary L. S. Dubberly said the date for the sale of the Blind Caravan products had been set for Mar. 12. On that day the club members will again sell brooms, mops, etc. for the blind workers organization as has been done in the past.

### Small Fire Monday

A small fire was put out before much damage was done at the Loyd Murrell home here Monday about 1:30 p.m. A clothes hamper was burned (and the contents) and a room of the house smoked and blistered. Mrs. Martin, mother of Mrs. Murrell, put out the fire before help arrived.

### Tunisian President Habib Bourguiba

Prime Minister Habib Bourguiba of Tunisia was born August 3, 1903, in Monastir, Tunisia. His father was a Tunisian Army officer, and his grandfather was one of the leaders of a rebellion in the nineteenth century against illegal taxes. Bourguiba studied at the College Sadiki and the Lycee Carnot in Tunis and at the Faculte de Droit in Paris. After his return from Paris he worked within the Destour party, representing nationalist opposition to the French, until, convinced that the party was not working for the Tunisian people, he formed the Neo-Destour party in 1934.

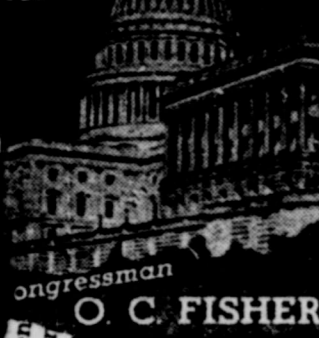

He spent the next eleven years working for Tunisian independence although often jailed by the French. After World War II, Bourguiba continued his efforts and in 1949 the Neo-Destour party sponsored a cabinet in Tunis after the French agreed to discuss "internal autonomy" for Tunisia. But in December, 1951, the French announced that they intended to keep Tunisia indefinitely under French rule. In January, 1952, the Tunisians appealed to the United Nations, and France retaliated with a series of repression and Bourguiba was again jailed. In 1954, Premier Mendes-France started negotiations with a new nationalist cabinet formed by the Neo-Destour party for internal autonomy in Tunisia.

Home rule for Tunisia was announced on June 3, 1955, and Bourguiba returned home in triumph. March 20, 1956, the independence of Tunisia was declared and on March 25, representatives were elected by the Tunisian people to a Constituent Assembly. Bourguiba was selected to serve as Minister of Foreign Affairs and Minister of Defense, as well as to hold the post of Prime Minister.

Prime Minister Bourguiba has said of Tunisia, "the liberty of individuals and of nations is sacred in our eyes." A part of Tunisia's foreign policy is the end of the Algerian-French war. Bourguiba has said frankly that a weakness of the West is that it includes colonial powers who are trying to maintain their rule over other peoples by force.

### County Agent's Column

By Arthur Barlemann, Jr.

The San Antonio Livestock Show is enjoying the usual uncooperative weather which seems to plague stock shows. On arriving here last Wednesday the temperature was in the high 70's—too hot. Today—Wednesday, a week later—it's hovering around 31 or 32 at noon.

During the night there was an inch of snow. The tent housing the wool and mohair show collapsed during the night from the snow accumulated on top. Everything else is in barns with the exception of some horses. As long as the doors remain closed and the wind kept out, it's almost bearable.

Saturday at the show was devoted to judging fat livestock in the junior division. This included lambs, calves and hogs. On Monday the open class fat lambs were judged.

Sterling County 4-H club members who placed were LeRuth Reed, 7th and 9th in the finewool lamb class; Mitsy Davis had a 9th place finewool crossbred lamb. Others who exhibited were Cecilia and Jeanie McDonald.

David Durham showed his registered Rambouillets in the junior Rambouillet show which was a "hot" show with better than 100 entries in the lamb and 2-tooth ewe and ram classes. Many good sheep went back to the pens without a ribbon since there are only 12 places in each class.

David's ewe lamb won 10th in her class. His get of sire group won 5th place. Noel Fry, Del Rio rancher, judged the show.

L. F. and Clinton Hodges took home a sackful of ribbons in the open Rambouillet Show Tuesday afternoon. Fry also judged the open show.

In the ram lamb class Mr. Hodges took 1st and 2nd places; Clinton took 5th and 6th. In the 2-tooth ram class Clinton was 3rd and 6th; Mr. Hodges took 4th and 5th.

In the ewe lamb class, Clinton was 1st and 3rd; Mr. Hodges was 2nd and 6th. In the 2-tooth ewe class Mr. Hodges took a 2nd and 8th while Clinton took 4th and 7th. Mr. Hodges took 2nd in the 4 to 6-tooth ewe class while Clinton took 3rd and 4th.

Mr. Hodges had reserve champion ewe of the open show with his 2-tooth ewe.

In the Exhibitor's Flock, Mr. Hodges was 1st and Clinton 2nd. The order of placing was the same in the get-of-sire class but was reversed in the pen of lambs class where Clinton was first and his father second.

**Prize Winning Picture**

"Bullfight" was judged best black and white photo by an amateur in the fifth annual World Travel Photo Contest sponsored by the magazine Saturday Review. Paul Affelder, of New York City, used a Leica camera and Panatomic X film to get this "bull's eye view" in Juarez, Mexico.

Top honors in the color category went to Otto Lang, of Los Angeles, California, for a photo of a blind beggar taken in Ceylon with Leica camera and Kodachrome film.

Affelder won an expense-paid trip to Europe, while Lang's prize will take him to Japan next summer. The 1958 contest starts soon. Rules are simple: You must be an amateur; pictures submitted must be taken while on a trip.

WILL TODAY'S "SACK" LOOK BE TOMORROW'S "SCHNOOK" LOOK? According to health authority Raymond A. Wilson, the girl on the right may be tomorrow's "Miss America" unless present fashion trends are altered. Wilson, founder of the world's largest health organization, American Health Studios and Silhouette Figure Form, International, charged that this country's designers are ruining the health and beauty of

American women and that the healthy, All-American girl is a "Vanishing American." Wilson, who presently has more than 2,500,000 studio members in his national health program, said, "While our organization helps make women more curvaceous these so-called fashion stylists try to cover them up with bags and sacks — it's unnatural, unhealthy, and Un-American!"

J. GORDON (Obie) BRISTOW

Obie Bristow To Run For Reelection as State Representative

J. Gordon (Obie) Bristow of Big Spring this week announced that he will submit his name for reelection to the Texas House of Representatives from the 101st legislative district.

The district includes Glasscock, Howard, Irion, Martin, Reagan and Sterling Counties.

Bristow currently is serving his third term in the Texas House, and through his experience and seniority, has been named to some of the major committees. He serves in committees for congressional and legislative districts, education, motor traffic, revenue and taxation and state affairs. The latter two panels are among the most influential in the state government.

Bristow, independent oil operator, said in a statement to voters in the district:

"I feel that my experience in the Legislature in Austin makes me of more value to the people of the 101st district than ever before. I have made friends with members of the Senate and the House, am in position to work with them on matters that are for the best interest of West Texas and all the State. What I want to do is put this experience to work for the good of our state.

"I am grateful for the unflinching support that this district has given me, and to help express this gratitude, I want to be of further service."
